Chapter 4371

Ye Chen feels the thunder and lightning breath in the field of elixir and is extremely excited in his heart.

With his current strength, he can compete with the experts in the early stage of Shiyuan territory, but he can't do it with one stroke and one second.

But if, the thunder and lightning that accumulates in the elixir field, all erupt, wanlei destroys the world release, ye Chen has the confidence to kill second!

Even in the face of the source of five days, also do not need to rely on anyone's strength can crush!

This is the horror of wanlei's extermination!

It's terrible to accumulate thunder and lightning, to explode thunder, and even to smash the starry sky.

"Lord."

Ye Chenzheng practice, suddenly the rain Secretary night rushed over.

"Something?"

Ye Chen sees Yu Si night facial expression is dignified, immediately eyebrow a frown.

Rain Secretary night way: "Xiao water cold come."

Smell speech, ye Chen a Leng, still think oneself hear wrong, ask: "what do you say?"

Rain Secretary night way: "Xiao shuihan came, waiting for you outside."

Ye Chen could hardly believe his ears. He almost jumped up and said, "what do you mean, Xiao shuihan is outside? Is his memory restored? "

Ye Chen has made it clear to Yu Si ye and others what happened in the prison. Therefore, Yu Si ye and others also know that Xiao shuihan is lost and has no possibility to return to Ye Chen for the time being.

Yu Si's face was extremely dignified at night, and said: "no, Lord, Xiao shuihan is full of murderous spirit. It seems that his intention is not good. We'd better go out and have a look, or he will be killed in the underground city, and the consequences will be unimaginable."

Ye Chen's face changed and said, "OK, go out and have a look."

In the dark, ye Chen has seen clearly the intention of Xiao shuihan.

Xiao shuihan is here to kill him!

Ye Chen couldn't believe and could not accept this natural cause and effect. He wanted to see Xiao shuihan in person and find out the truth of the matter.

Ye Chen takes yusiye, qinxingyun and qinzhennan to the surface along the transmission array.

The surface world, it is early morning.

A wisp of warm sunshine, from the distant sky of the clouds, shining on the ruins of the former Yuantian yuan.

The old and desolate ruins, covered with a layer of sunshine, seem to have revived.

A piece of green vegetation, growing in the ruins, business is flourishing.

This is not an illusion. Yuantian courtyard seems to be really full of vitality. The smell of green wood here is very strong. It washes people's heart and is full of source gas.

It's the origin of green wood!

Ye Chen's eyes vibrated, and he saw a figure in black standing in front of the stone carving of the reincarnation Lord on the ruins square.

Ye Chen only saw the back of the figure in black. He recognized it.

It's Xiao shuihan!

Xiao shuihan stood silently in front of the stone carving of the reincarnation master. His body trembled slightly, and his whole body was haunted by green wood runes. A trace of source gas turned into grass and vine, climbing up the statue of the reincarnation master.

"Who is this statue? Why do I feel so sad when I see him?"

Xiao shuihan's face showed a painful color, and his mood was in chaos again.

"Damn it, I'm in a mess, and I'm ruined!"

Xiao shuihan gnaws his teeth, and the green wood suddenly surges. Countless vines and green plants seem like monsters. In an instant, they devour the statue of the reincarnation master. The whole stone carving is twined by the giant python like vines, and finally turns into stone.

"Xiao!"

Ye Chen's heart vibrates and calls out.

Xiao shuihan turned back and saw Ye Chen. When he saw Ye Chen, he burst into a murderous breath and said:

"Ye Chen, it's you! You've come just in time. You dare to offend my prison spirit Pavilion. I've come to take your dog's life today under the command of the emperor of God

Bang!

Having said that, Xiao shuihan pulled out his sword and pulled it out of the scabbard, and stabbed at Ye Chen's heart.

Ye Chen is shocked. He didn't expect Xiao shuihan to be so fierce. He would kill him as soon as he met him.

"Protect the Lord!"

Yu Si flies out in the night and pulls out his long sword to hold the sword.

Ding!

The two swords fight each other, and the rain Secretary night and Xiao shuihan each step back.

But Xiao shuihan looks self-contained, but the rain Secretary night is pale, obviously injured.

Yu Si night and Xiao shuihan's strength gap is too big! Although they belong to the same era.

But the problem is that Xiao shuihan has been killed for a long time, and his fighting spirit is very strong. With his towering ideas of killing, he is able to surpass the rain Secretary night.

"Lord, Xiao shuihan has lost his way. Please step back and let the three of us catch him and then give him to you to deal with!"

Yu Si Ye quickly makes a good judgment, and Xiao shuihan is lost. This time he comes to Yuantian court, he shows that he is under the order of Tianyu God Emperor to kill Ye Chen himself.

Ye Chen is the reincarnation of the Lord, rain Secretary night naturally can not see his accident.

Between the electric light and flint, Yu Si Ye has made a decision. He plans to join hands with Qin Zhennan and Qin Xingyun to catch Xiao shuihan first.

No matter how strong Xiao shuihan is, the three of them are still sure to win. "Well, don't hurt his life."

Ye Chen retreats a few steps and looks at Xiao shuihan's murderous eyes. He feels a faint pain in his heart. For today's plan, he can only control Xiao shuihan first and then try to restore his consciousness.

"Ha ha ha, you want more people and bully less people? It's not that easy! "

Xiao shuihan looks up to the sky and laughs. Although he is lost, his will to fight is still sharp and sober.

He is very clear, if the rain Secretary night three people unite, he is very difficult to win, not to mention the possibility of killing Ye Chen.

Whoa, whoa!

In a flash, Xiao shuihan took the lead in pushing Qingmu Yuanfu.

A continuous stream of green light, constantly flowing out.

The whole ruins of yuantianyuan are shrouded in green vitality.

But behind this vitality, there is a killing intention.

The snake like vines, twisted trees, thorn cages, and blade like grass burst out.

The whole yuantianyuan ruins, instantly became a green world.

Numerous vines and trees, grass and thorns separate Ye Chen, Yu Si ye, Qin Yun Yun and Qin Zhennan.

Rain Secretary night and others want to join hands, that is absolutely impossible.

"Not good!"

Yu Si's face suddenly changed at night. He didn't expect that Xiao shuihan could cope so quickly. He was worthy of being a strong man out of the prison. His judgment of fighting on the spot was really admirable.

It's no wonder that the emperor of heaven prison is so relieved that he only let Xiao shuihan come.

Because a small cold water, enough to let yuan Tian Yuan into disaster!

"Heaven prison phantom sword, kill!"

Xiao shuihanling drinks, suddenly a sword dance, dance out a piece of sword spirit phantom, straight stab the rain Secretary night.

He is very clear that Yu Si Ye is the most powerful person. If you kill Yu Si ye, the remaining Qin Yun Yun and Qin Zhennan are not enough to fear.

Yu Si's night breath suddenly stagnates, and his sword shadow is dancing in front of him, which makes people's eyes dazzled.

"Yuantian Feiyu sword!"

At the critical moment, Yu Si night also launched his sword technique, ready to resist.

But, one by one vines, suddenly ghost like attack and kill, entangled his feet, mercilessly pulled.

"Damn it!"

Yu Si bit his teeth at night, and his feet suddenly became unstable. He almost fell down. He managed to break the vines by exerting his power. However, his sword technique was also disordered. He could not stop Xiao shuihan's attack, and his beard was cut off by a sword.

Fortunately, he responded quickly and took a step back at the last moment. Otherwise, Xiao shuihan's sword had already cut his throat.

Chapter 4372

"Dean, I'll help you!"

Qin Zhennan, the vice president over there, stabs out his sword and wants to help.

"It's not your turn yet."

Xiao shuihan grinned, endless green wood source gas burst out, hard to create a large area of thorns, blocking the pace of Qin Zhennan.

Relying on the origin symbol of green wood, Xiao shuihan can control countless flowers, plants and trees, create a world full of thorns, and prevent Yu Siye and others from joining hands to let him break through one by one.

Yu Si ye, Qin Zhennan and Qin Xingyun have changed their faces. If they drag on like this, they will be killed by Xiao shuihan one by one.

"Burn the sky in heaven, open it!"

Next to Ye Chen, see rain Secretary night three people are in danger, naturally will not sit idly by.

A burst of drink, ye Chen step, immediately released from the sky.

Boom!

The magnificent and Blazing World of burning heaven, with Ye Chen as the center, suddenly explodes.

Burning in the world.

Ye Chen in the body of Xuan Yan, Zixiao cold flame and other divine fire, all poured out.

There is also dragon flame pulse, also in this moment to open!

Roar

The roar of the Dragon roared wildly.

A fierce fire dragon, mixed with the breath of all kinds of divine fire, is flying in the world of burning the sky.

Blazing fire, sweeping everything, burning everything.

Around the vegetation, in the fire swept, quickly turned into ashes.

Although Xiao shuihan's green wood source talisman is extremely changeable and full of vitality, it is afraid of fire and should be restrained by fire attributes.

This is the principle that fire conquers wood and the five elements extinguish each other.

"Good chance!"

Yu Si ye, Qin Zhennan and Qin Xingyun look at each other and see the destruction of the vegetation world of the origin symbol of green trees. Immediately seize the opportunity and the three people quickly lean together.

"Kill!"

The three men have sharp eyes. They all wield their swords and kill Xiao shuihan.

They are very aware of the power of the green wood source rune. Even if it is suppressed by Ye Chen's burning sky world, they can recover quickly. Therefore, they did not hesitate to wait for Qingmuyuan's death and ashes to recuperate, then they joined hands to attack, and the three swords were in one, and they wanted to create a new world. Obviously, they wanted to take Xiao shuihan's life.

Although Ye Chen's order is to capture Xiao shuihan alive, don't hurt his life.

However, when a master is fighting, his life and death are fired, and his sword has no eyes. How can he take so much into consideration?

If they can move forward and retreat freely, they will not have to be so embarrassed and nervous.

Ye Chen sees that Xiao shuihan is trapped in a tight encirclement and is in imminent danger. His heart suddenly shrinks. He takes a step forward and clenches his sword to rescue him.

But in a second thought, Xiao shuihan is now lost and is the enemy of Yuantian courtyard. If he is saved, what can we do here?

Between the electric light and flint, ye Chen bit his teeth, and finally took a step back.

Xiao shuihan is surrounded and killed. Whether he can survive or not depends on his nature.

If Xiao shuihan is really killed, ye Chen will not blame Yu Si ye and others.

After all, where is the reason to keep hands?

If you have any hesitation, you will be killed.

"You three old guys, you want to kill me?"

When Xiao shuihan saw the three men killed with swords at night, he only felt that the sword was so fierce that his hair was on his back, and he was in extreme danger in an instant.

However, Xiao shuihan's eyes are full of unyielding will.

After years of fighting in the prison of heaven, his mind was as cold as steel.

Ding!

Three swords.

Xiao shuihan held up his long sword and blocked a sword.

Then move sideways to avoid the second sword.

Move as fast as lightning!

But unfortunately, what he has to face is the sword killing of three ancient masters.

Puff!

The third sword, the sword of Yusi night!

The cold water can't be stopped or avoided.

The sword stabbed straight through his chest!

Blood splashing!

Xiao shuihan's whole body is shocked, and his vitality is constantly passing away. His facial features are slightly distorted, and he stands in place like a sculpture.

Yu Si night palms tremble slightly, release the sword hand, back three steps.

He clearly felt that the cold body of Xiao Shui in front of him, life was rapidly passing away, and all the crazy and fierce flame was gradually extinguished.

"Sorry."

Rain Secretary night looked back at Ye Chen, deeply sorry.

He can't help it. Xiao shuihan is too terrible. If he doesn't kill the killer, the Yuantian courtyard will be destroyed.

They even burned blood essence.

I'm afraid that if these three people strike together, they may not be able to survive.

Ye Chen is silent, looking at Xiao shuihan's chest penetrating and the appearance of life passing away. His heart is hit by a huge hammer and his head is buzzing.

Qin Xingyun and Qin Zhennan look at each other. In their eyes, there is also a sense of regret and helplessness. It can only be said that nature makes people. However, they did not hesitate to see that Xiao shuihan was not dead. They thrust their swords through Xiao shuihan's heart and his throat.

They are all very cautious. Yuantian academy has been established for tens of thousands of years, so they must kill Xiao shuihan and eliminate any possible threats.

The three swords run through Xiao shuihan's elixir field, heart and chest.

Blood gushed out.

Ye Chen don't go over, can't bear to look closely, the heart is already a despair of cold.

"Lord, I will take you back to rest."

Rain Secretary night bow head to Ye Chen side.

Ye Chen is speechless. He never thought that his most important apprentice in his previous life died in front of him today.

And still killed by Yuantian yuan!

What a coincidence!

Ye Chen's body trembled, under the sadness, even the steps of walking were shaking.

Yusi night helped him to return to the sky courtyard of the underground source.

Qin Xingyun and Qin Zhennan stay in place, ready to deal with Xiao shuihan's body.

Whoa, whoa!

But suddenly, Xiao shuihan gradually cold body, but suddenly burst out a layer of bright green light.

Endless vitality, mixed with the majestic green wood source gas, constantly surging out.

Under the influence of endless green wood's vitality, Xiao shuihan seems to be a dead wood in spring. All the three swords running through his body were shaken off. The wound stopped bleeding and quickly recovered.

Xiao shuihan, who was just dying and was about to become a corpse, burst out of vitality in an instant, his spirit was crazy, his eyes opened, and his killing intention condensed.

"Old man, you are not qualified to kill me!"

Xiao shuihan's whole body is bursting with rage, and his hair is flying one by one. The whole person is like the God of war in the sky. Behind him, there are wisps of green wood runes flashing, green light and flame, full of vitality, showing incomparably abundant vitality.

"What!"

Seeing this scene, Yu Si ye, Qin Zhennan and Qin Xingyun are all stunned.

"It's the origin of green wood!"

Ye Chen saw Xiao shuihan recovery, but also a burst of shock, heart also surged a burst of joy.

Green wood source talisman, with strong vitality, can nourish people's body lifeline, but also heal and return to Qi. It is very mysterious.

But ye Chen never thought that the vitality of the green wood source Fu was so strong.

Xiao shuihan was pierced through the heart, and Dantian was also pierced. This is a fatal injury. He can recover!

The legendary green wood source talisman has a strong healing effect, which is greatly beyond Ye Chen's expectation.

Yusi night three people, also is astonished, obviously did not expect the green wood source Fu so powerful.

"I can't believe it. I have a green wood source talisman in my hand. You can't kill me unless you break me to pieces and frustrate my bones and ashes."

Xiao shuihan grinned, and his eyes showed incomparably sharp edge. He suddenly held up his sword and pointed to the sky and said, "one sword dominates, and the devil incarnates!"

Chapter 4373

Boom!

In the sky of nine days, suddenly there is endless magic Qi floating.

The towering evil Qi, like a waterfall, flew down and rolled toward Xiao shuihan's body.

"Damn it!"

Seeing this, ye Chen's look changed. Xiao shuihan's sword is ready to be possessed by the devil and become the master of the demon.

If he is successful in his enchantment, Yuan Tian Yuan may be destroyed. Even ye Chen may be killed.

And Xiao shuihan once again into the devil, he will be more and more deep, it is difficult to have the opportunity to wake up.

"Nine Yi sunset bow, through!"

Ye Chen suddenly turned out the nine Yi sunset bow, holding the bow like the full moon, the destruction breath condensed, and the Gengjin source gas burst out.

Bang!

A gold arrow of Geng, like a flying rainbow, rips through the void, with a terrible wave of destruction, and shoots hard at Xiao shuihan's head.

We must stop Xiao shuihan from becoming a demon!

Ye Chen's arrow is very terrifying. He has used all his strength as if to penetrate the starry sky.

He wants to force Xiao shuihan to defend and interrupt his obsession.

However, Xiao shuihan's eyes were resolute. Looking at the arrows, he actually stood in place like a sculpture, still pointing at the sky, without the slightest intention to resist.

Puff!

Ye Chen fiercely shot through Xiao shuihan's eyes.

But it doesn't work!

"Xiao!"

One arrow shot, ye Chen was scared to lose color. Unexpectedly, Xiao shuihan was so crazy that he didn't make any defense. He was determined to be possessed.

"I am the master of the demons. I have been ordered by the emperor to step down the Yuantian courtyard today!"

Xiao shuihan roared up to the sky, and the rolling evil Qi finally broke out on him.

Behind him, a giant emerges.

It is a towering God, majestic and magnificent, full of ten thousand feet high, towering, as if holding up the whole sky.

All over the sky, has been swept by the evil spirit.

Rolling evil Qi such as prison, the sky appeared out of the devil's palace, hell of Shura, ghosts howling vision.

There are countless skeletons, countless ghosts, countless ghost soldiers, singing in Qiqi, sending out loud and clear prayers, as if to celebrate the birth of the demon God.

Xiao shuihan's master sword technique is more powerful than the last one!

At this moment, Xiao shuihan completely incarnated as the master of demons, and his power was terrible to the extreme.

Puff!

Xiao shuihan raised his hand and pulled out the golden arrow inserted in his body.

Along with the blood, also pull out!

"Father's sperm and mother's blood can't be wasted."

Xiao shuihan grinned and swallowed the eyes alive.

Eat your eyes!

Ye Chen's sword contains the breath of destruction. The wound can't be recovered even by the green wood source rune.

Therefore, Xiao shuihan simply plucked his arrow to eat his eyes, even swallowed his eyeballs, and fought to lose an eye. He also wanted to incarnate the demon master and stabilize Yuantian yuan!

"This guy is crazy."

Yu Si's face was full of terror at night, and the cold water was cold, which was dominated by the demons. It was so powerful that it could almost cover the sky and cover the sun. It was so brilliant that it was invincible.

Qin Zhennan and Qin Xingyun, looking at Xiao shuihan's demon God, are also thoroughly shocked.

Xiao shuihan, who became the master of demons, was too terrible for them to match.

"Lord, the situation is urgent. Send out the God's army, or we will die today."

The rain Secretary asks Ye Chen for instructions in a hurry.

Now Xiao shuihan incarnates as the devil, and only by sending out the yuanshenjun and forming the anti heaven battle, can Xiao shuihan be able to defeat him.

Yuan Tian Shen army is composed of dozens of strong men from the source area, and there are tens of thousands of servants behind it.

These guards are usually scattered and hidden in yuantianyuan, Qin family and underground city. Although the single combat effectiveness is not as powerful as that of zhenzhengyuan Tianshen army, tens of thousands of people are assembled into an array, which is also a terrible force.

This is the bottom card of Yuantian court!

Against the bottom card of emperor yuan hall!

As long as the source Heavenly God army moves out, there is no doubt that Xiao shuihan will die.

"No! This card can't be used easily

Ye Chen refused directly. If the yuan Heavenly God army went out and threatened heaven and earth, it was likely to be detected by the emperor yuan palace.

Once this card is exposed, the consequences will be disastrous.

Ye Chen won't use it easily, and he still has the last trace of hope in his heart. He doesn't want to kill Xiao shuihan.

Xiao Yuan, who is in a hurry to suppress the water god

"Let me do it!"

Ye Chen suddenly angrily drinks, pulls out the falling dust falling dragon sword, a sword points to the sky.

The ferocious master's sword Qi bursts out from ye Chen's body and goes straight to the immortal dome.

Boom!

The sky split.

There is a gap in the sky.

A continuous stream of purple clouds, bright flame of immortal gas, from the nine days above the fall, with a myriad of auspicious gas color light, to Ye Chen body convergence and go. At this moment, ye Chen's eyes are determined, ready to incarnate the immortal master and suppress Xiao shuihan!

His strength is completely defeated by Xiao shuihan!

But now Xiao shuihan has weaknesses!

And ye Chen is his weakness!

"How can you master the sword?"

Xiao shuihan over there is just about to make a move, but he is completely stunned to see ye Chen's sword pointing at the sky and dominating the appearance of the explosion of immortal Qi.

To master the sword technique, there are two supreme mysteries of killing the immortal and the devil.

Xiao shuihan's swordsmanship is exquisite. He has only practiced to be a devil, but he has not yet reached the level of incarnation of Xianzai.

But now, ye Chen actually wants to incarnate the immortal master, which is really beyond his expectation.

In the dark, Xiao shuihan has severe pain in his brain, which seems to recall some ancient memory.

But it's a pity that at the moment, he is possessed with evil spirit and can't think of any details at all.

Boom!

At the time of the cold, the Narcissus has already broken out.

Boom!

Nine sky sky sky, immortal gas burst.

Filled with colorful auspicious clouds, golden flame of immortal gas, occupied half of the sky.

The other half is the evil Qi of Xiao shuihan.

One immortal and one devil, two kinds of weather, confrontation in the sky, clear-cut, such as Yin and Yang delivery.

A huge shadow of the Immortal Emperor emerges from behind Ye Chen, and it is also ten thousand feet high, which is in opposition to Xiao shuihan's demon master.

Yu Si ye, Qin Xingyun and Qin Zhennan were completely shocked.

The picture in front of them is very spectacular.

Above the sky, the delivery of the immortal and the devil, the fairy hall and the devil Kingdom fight, the air flow constantly collides, sends out the terrible roar.

On the earth, ye Chen and Xiao shuihan face each other, one immortal and one demon, two masters, as if the ancient enemy.

"Where did you learn the master sword from?"

Xiao shuihan roars and stares at Ye Chen.

The former masters and apprentices are now like old enemies. They are not allowed to fight with each other.

"Villain, I taught you the sword skill. Have you forgotten it?"

Ye Chen roars up to the sky and sends out a piercing cry. Finally, he can't help but scold Xiao shuihan.

Suddenly, Xiao shuihan felt a light shining in his heart. He thought, "who did I learn from my master swordsmanship?"

This problem, as if in a nightmare, will not go away.

Xiao shuihan thought deeply, as if he had caught a great figure.

But in the next moment, the figure of the great bank was crushed by the boundless evil gas.

In the incarnation of the state dominated by demons, Xiao shuihan's thoughts can not be stable at all.

Chapter 4374

"Forget it, kill it, kill it!"

The boundless evil Qi brings endless killing intention. Xiao shuihan's consciousness is finally swallowed up. In his eyes, there is only endless killing thought. He suddenly wields his sword and stabs at Ye Chen's heart.

The evil Qi swallows the Lord, which is the malpractice that the devil dominates the profound meaning.

There are two great mysteries that dominate the sword technique. The disadvantages of the supernatural and demonic mysticism are too great to be compared with the brilliant righteousness of Xianzai aoyi.

For example, ye Chen, the incarnation of the immortal master, although the body also bears a huge burden, but at least the spirit will not be affected, there will be no danger of being possessed by the devil.

At this moment, Xiao shuihan has been possessed by the devil.

It's as if he wants to pierce the sky.

Ye Chen's eyes are pitiful, and he sidesteps away.

He taught Xiao shuihan how to master the sword technique. He knew all the moves of Xiao shuihan.

Xiao shuihan failed to hit the target with one sword. He made his sword again and wielded it like splash ink.

However, ye Chen is fully aware of his sword moves and avoids it easily.

"Can you see through my sword?"

Xiao shuihan's eyes were shaking. Although he was mentally lost, his fighting instinct was still there. After tens of thousands of years of training in the heavenly prison, he was very rich in combat experience.

Hiss!

Xiao shuihan stabbed again. This time, he had no definite move.

Only sword power, no moves.

No move is better than no move!

Since ye Chen could see his sword skill clearly, he simply gave up his sword moves and killed people with his sword power.

Ye Chen's eyes are a little gratified. Compared with tens of thousands of years ago, Xiao shuihan is completely transformed, and has reached the realm of no fixed sword moves and returning to nature.

If Xiao shuihan goes to the upper world, some of them may be qualified to challenge xuanjiyue.

Unfortunately, now Xiao Shui is cold, and his sword is pointing at Ye Chen.

"Suppress, give me the sword!"

Ye Chen suddenly drinks a sound, astringes the mind, the war intention condenses, mercilessly kills out with a sword.

Xiao shuihan has been possessed by the devil. If you want to save him, you must first defeat and suppress him!

The domineering spirit of immortality surges out from ye Chen's long sword.

At the moment, ye Chen seems to be really the nine heavenly immortals, with golden light and flame, divine haze blooming, and countless auspicious colors flying in succession. One sword brings up the rainbow, which makes Xiaoshui cold.

"The devil rebelled against chaos, and blood washed the heaven!"

Xiao shuihan was fearless, and his blood essence seemed to be burning. He rushed to the demon house, and the evil spirit in the sky rolled in and gathered on his sword.

One immortal and one devil, two long swords containing the supreme dominant breath, collided and fought continuously.

Ding Ding Ding!

The dense sound of the sword's front blows out continuously.

Ye Chen and Xiao shuihan, an immortal and a demon, are like the old enemies who are not allowed to fight.

Immortal Qi and devil Qi, the two dominant breath, collide violently.

Heaven and earth tremble, the road collapsed, countless immortal rain devil tears, rolling down from the nine days above.

The old enemies of one immortal and one demon seem to make heaven and earth weep and the road wail. The vision burst out is extremely shocking.

Yu Si ye, Qin Zhennan and Qin Xingyun are totally stunned.

Even if they want to help, they can't help.

The collision between the gods and the demons is simply not something that ordinary people can get involved in and can only look up to.

At this time, Qin Tianyu, Qin Wufeng, Yu Yingxue and other younger generation of disciples also rushed out after hearing the news. When they saw that the immortal devil was dominating and the old enemies were fighting for each other, they were shocked.

They finally see clearly, ye Chen's real strength, how terrible.

Even Xiao shuihan, who is the master of demons, will be subdued by Ye Chen.

"Lord, you'd better send out the source God army! You can't hold on to it

However, the rain Secretary night but see ye Chen's difficulty.

After all, the gap between the two is too big.

Even if all these are created by the reincarnation master, ye Chen also knows all the weaknesses of Xiao shuihan, but the longer the time, the more difficult it will be!

Although at the moment Ye Chen, occupy the upper hand, such as the vast Xiandi, town demon Fu demon, pressure Xiao shuihan repeatedly retreat.

However, ye Chen's own cultivation, after all, can only mend the sky and forcibly incarnate into Xianzai, which is difficult to last.

As long as a moment later, ye Chen's immortal spirit is broken, and he becomes a mortal again, and he will surely die.

Even, Xiao shuihan doesn't have to do it. The side effect of incarnation of Xianzai will also cause a huge physical burden to Ye Chen, and make him in danger of falling down!

At this juncture, we can solve everything only by sending out the army of God and using the strength of the people and the skill of array.

"No, there is another way."

Ye Chen bit his teeth and felt that he couldn't hold on.

After all, Xiao shuihan is too strong!

However, he still refused to send out the yuanshenjun.

He has another way.

Wutu secret land!

Ye Chen thinks of his previous life. In a secret place, he teaches Xiao shuihan the master of swordsmanship.

This place, called Wutu secret place, is a world made with Wutu source symbol. If Xiao shuihan is introduced into the secret land of Wutu, he may be able to use the breath of the place of previous life to awaken his memory.

Even if the awakening fails, ye Chen can also borrow the breath of previous life to prolong the incarnation time of Xianzai, thus suppressing Xiao shuihan.

"I'll lead him away. Go back quickly!"

Ye Chen looks at the rain Secretary night and so on, orders one, immediately flies to the sky but rises, runs to the distant place to plunder.

"Want to run?"

Xiao shuihan, trapped in the devil's robbery, has nothing but killing in his eyes and is completely lost. As soon as he sees Ye Chen leaving, he quickly pursues him.

Soon, they left Yuantian courtyard completely.

On the ruins of Yuantian courtyard, Yu Si ye and others stood in a daze, looking at each other, at a loss.

The former masters and apprentices have become enemies today. They are completely shocked.

The supernatural and demonic Qi between heaven and earth gradually dissipated and disappeared,

while Yu Siye and others were still deeply shocked.

.....

Ye Chen flies all the way, Xiao shuihan chases after him.

They were like lightning. In a flash, they flew over many mountains, rivers, stars and countless places, and finally came to the secret land of Wutu!

Ye Chen didn't know the location of Wutu secret place before, but after awakening to dominate the sword technique, he used this clue to push back the mystery of heaven, and naturally and clearly captured the coordinates of Wutu secret place.

This secret land is hidden between the folds of the sky, like an island floating in the void. Its location is very secret.

If ye Chen did not deduce the mystery of heaven, he would not have known the secret place of Wutu.

Even xuanjiyue doesn't know the coordinates of Wutu secret place.

In the previous life, ye Chen and Xuan Jiyue created four guardian animals of "the wildness of heaven and the earth" in order to guard against the attack and killing of the master of heart demons. However, ye Chen was cautious and created a secret land of the earth alone.

This Wutu secret state is made of Wutu source rune. The Wutu flavor is very thick and can resist the attack of heart demons.

This place can be regarded as a small card of Ye Chen's previous life. If he is attacked by the Lord of the heart demon, he can hide here to escape the attack of the heart demon.

Wu Tu yuan Qi has the effect of suppressing evil spirits and calming the mind.

Ye Chen is the first to step into the secret land of Wutu. This place is completely a desolate loess plain, with endless views. The essence of the earth is very heavy.

Chapter 4375

In the middle of Wutu secret place stands a stone tablet.

The legendary Wu Tu Yuan Fu is sealed in the stone tablet.

This stone tablet was erected by Ye Chen and Xiao shuihan together. At first, it was engraved with the words "Wutu secret place", which was used to suppress the territory of Wutu secret place.

But now, ye Chen is surprised to find that the original inscriptions on the stone tablet have already been erased, and six large characters have been re engraved:

the tomb of reincarnation and respect for teachers!

"After my previous life, Xiao shuihan came here?"

Ye Chen heart a shock, that tombstone in front of, there is a mausoleum.

The tomb of the Lord of samsara!

In a flash, ye Chen pierced the fog of innumerable opportunities and vicissitudes of life.

It turns out that after his previous life, Xiao shuihan did come to Wutu secret place and set up a tomb for him.

Naturally, there are no corpses in the tomb, only the clothes left by Ye Chen in his previous life.

Xiao shuihan set up this tomb to commemorate the memorial ceremony.

"Ye Chen, where do you want to run?"

The shrill sound of cold water came from the distant sky.

He chased him all the way. Seeing ye Chen stepping into the secret land of Wu, he did not hesitate and came down directly.

"The earth source light, suppress the demon God!"

Ye Chen saw the arrival of Xiao shuihan, and immediately pinched the magic formula, which aroused the spirit of the earth, and bravely poured it towards Xiao shuihan.

Xiao shuihan's whole body is full of evil Qi, and his momentum is very fierce. Even if ye Chen releases the holy water of the yellow spring and wants to purify the evil Qi, he may not be able to get close to him.

But the secret land of Wutu is full of Wutu essence. Xiao shuihan can't avoid it.

The earth essence Qi, the earth is thick, has the effect of suppressing the evil Qi.

All of a sudden, Xiao shuihan was oppressed by the endless smell of Wutu, as if the top of Mount Tai was covered.

The evil spirit of his body suddenly weakened a lot.

This land secret place, the residual breath of reincarnation, constantly poured into his head.

"Xiao, take good care of it. This sword is called master

"I don't believe in xuanjiyue. This place is a secret place built by the Lord of my heart."

"I've called the emperor Ziyang of Yinling painting saint to investigate the trace of the heart Demon Lord. You can also help to check if you have time."

"If you learn the master sword technique, don't be possessed easily. It's very dangerous."

"Do you want Wu Tu Yuan Fu? If you don't want it, I'll stay here and guard the territory. "

"There is a drop of blood essence left on the Liangyi dragon tiger sword. You can check the whereabouts of the dragon and tiger sword for me. Maybe we can push back the mystery of the superior one."

All of a sudden, pieces of memory, as well as an ancient picture, emerged in the sea of cold brain.

Ye Chen's previous life, lingering in the secret land of Wu, greatly impacted Xiao shuihan's mind.

"Ah, ah!"

Xiao shuihan gave out a heartrending roar, and his head was in sharp pain, as if to burst. The whole person knelt on the ground, very painful.

"It works!"

Ye Chen sees Xiao shuihan this pair of appearance, immediately the heart is very happy.

His judgment is right, bring Xiao shuihan to the place of previous life, and it is really effective.

It seems that the residual breath of the past life here can really awaken the cold of Xiaoshui.

Xiao shuihan is crying bitterly. Under the recovery of memory, his head seems to be torn apart.

Ye Chen step forward, want to help, but think carefully, or no random action.

This is the disaster of Xiao shuihan.

Only by relying on Xiao shuihan himself can he recover his memory. Any help from outsiders will harm him.

Under Ye Chen's intense gaze, at last, the evil spirit on Xiao shuihan's body gradually faded, and the painful color in his eyes gradually calmed down.

"Teacher Master. "

Xiao Shui stood up shivering, dazed, looking around everything, and finally staring at the figure of Ye Chen, like a dream.

"You What do you call me

Ye Chen was shocked and thought he had heard something wrong.

"Master!"

Xiao shuihan's memory recovered. He knelt down in fear and kowtowed.

"Master, I I'm so crazy that I offended you and tried to kill you. I deserve to die! "

When Xiao shuihan thought of the whole journey, he was sweating. He even forgot the existence of Ye Chen, forgot the old master, and wanted to kill his teacher. It was a great treason!

"It's OK. It's better if you can restore your memory."

Ye Chen was shocked. The good news came so fast that he felt like a dream, as if everything was not true.

Moreover, he did not feel any auspicious omen, also did not have any auspicious omen, this time Xiao Shui cold recovery, dreamlike unreal.

"I misunderstood you in my previous life and expelled you from the school. It was my fault. I also shot you through one eye. I apologize to you."

Ye Chen walks over and picks up Xiao shuihan, remembering the regret of his previous life, and looking at Xiao shuihan's empty right eye, he apologizes quickly. "Master, it's my fault. You don't have to apologize."

Xiao shuihan is terrified. At this moment, his master and apprentice are reunited. He is also a dream. He always feels that everything in front of him is a bubble shadow, and is about to die in an instant.

"After you were wounded by xuanjiyue, you spent tens of thousands of years training in the heavenly prison?"

Ye Chen asks, want to know Xiao shuihan's experience in the prison.

"Yes, master, I want to go through the killing and fighting in the heaven prison, break through the sermon, and kill xuanjiyue for nine days to avenge you!"

Xiao shuihan clenched his fist, and the flames of revenge beat in his eyes.

He used to have a battle with xuanjiyue, but his strength was not enough and he was defeated.

This time, he just wants to kill another nine days to challenge xuanjiyue's edge.

"Over the past tens of thousands of years, I have been training in the heavenly prison. The emperor of the heavenly prison has been very kind to me. He wants to train me to become his successor and solve a problem for him."

When Xiao shuihan talked about the experience of Tianyu, he didn't have any hatred when he talked about the God Emperor of Tianyu.

After all, the heavenly prison God Emperor treated him with great kindness. Although the emperor wanted to kill Ye Chen, it was only because of his different position that he could not say that he was a traitor and villain.

"What trouble?"

Ye Chen is a little curious. The God Emperor of the heavenly prison is so tough. He is one of the Twelve Gods in ancient times. He was once the servant of the superior. Is there any problem he can't solve?

Xiao shuihan said: "a hair."

Ye Chen said, "a hair?"

Xiao shuihan said: "well, it's the hair of the superior. Once upon a time, there was a woman from the upper world who cast ten source symbols in the heaven prison. She left a hair in the heaven prison. She said that whoever could cut her hair could take who to the upper world."

"It is said that this hair is still the love of the woman in the upper position. If anyone can cut it off, he will be favored by her."

"The woman's twelve servants, the legendary twelve deities, all wanted to cut off their feelings and get the mistress's heart. Unfortunately, the feelings were hard to break and no one could cut them off."

"In the end, everyone gave up. Only the God of heaven prison wanted to set up his own door and step into the world of the superior. He always stuck to it."

Chapter 4376

"He needs the superior to lead the way, so he wants to ask me to cut off his love feelings for him, and then give him the credit, let him go to the upper world, and I can get the inheritance of the prison spirit Pavilion."

After listening to Xiao shuihan's words, ye Chen immediately frowned and said, "the superior's love?"

I didn't expect that the hair of the superior one was left in the prison for a day.

No wonder the law in heaven prison is so terrible that there is a supreme love behind it.

"Heaven prison God Emperor..."

Xiao shuihan still wanted to go on, but suddenly, he covered his head, a face of pain, kneeling on the ground.

"What's wrong with you, Xiao?"

Ye Chen is startled and vaguely catches a strange fluctuation of soul power.

Xiao shuihan bit his teeth and said, "master, something happened! You go

Ye Chen's face sank and said, "what's wrong? Don't scare me."

Xiao shuihan said: "before I left, the God of heaven prison gave me a pill. Damn it, this pill has been used! There is a spirit of heaven prison law inside, which can affect the memory of gods and spirits! I'm about to get lost. Once I get lost, my memory will be confused. I'll treat you as xuanjiyue. I want to kill you. Go away

While speaking, Xiao shuihan tightly covered his head with both hands, presenting great pain, and his eyes once again had black gas emerging.

However, this time, the black air is not the evil spirit, but the law breath of the heaven prison.

The memory of his spirit is about to be tampered with by the God of heaven prison!

At that time, his memory is disordered, and he will mistake Ye Chen for xuanjiyue. He will not have the idea of master and apprentice, but just want to kill him.

"What!"

Ye Chen's face suddenly changed. He didn't expect that there was such a change behind him.

It's no wonder that Xiao shuihan recovers, and ye Chen doesn't catch a trace of good fortune. It turns out that things are not so simple at all. The emperor of heaven prison has left a move behind him. He must control Xiao shuihan and kill Ye Chen thoroughly.

Buzz!

At this time, ye Chen is also head violent, whole body weak.

The spirit of the master immortal in him was completely darkened and finally dissipated.

He returned to the original appearance, endless fatigue, crazy surge up.

"Not good!"

Ye Chen is greatly shocked. It's true that the house leaks, and even the night rain. Xiao shuihan is in danger of memory disorder, and his incarnation of the master of immortality has reached the time limit.

Master immortal Qi disappeared, ye Chen every bone, every muscle, every inch of skin, are in severe pain, spirit is also full of fatigue.

With his body to fill the sky and forcibly incarnate the master, the consumption is still too large.

Ye Chen feels that he is going to faint. Even if he doesn't use Xiao shuihan's hand, he is in danger of falling down!

"Black bear blood pill, refining!"

At the critical moment, ye Chen quickly took out a blood pill and took it.

This blood pill is extracted from the blood essence of the black cloud bear. It has a great tonic effect.

Ye Chen is just weak. This pill can save your life!

Gulu.

After taking the black cloud bear blood pill, ye Chen immediately felt that the powerful medicine was in the body.

The original weak body was immediately nourished and restored a lot of vitality.

"Fortunately, I kept it before, otherwise I would be in trouble this time."

Chen Yun, at least, can kill the black cloud beast, which can relieve the bear's Qi and blood.

"Ah, ah!"

However, ye Chen's danger has not been relieved.

In front of his eyes, Xiao shuihan howled loudly and fell into extreme pain. There was an explosion of evil spirit in the heaven prison on his body.

"Xiao..."

Ye Chen step back, face immediately incomparably ugly.

"Xuanjiyue, I will kill you!"

Xiao shuihan suddenly gets up and stabs Ye Chen with his sword.

"Damn it!"

Ye Chen's face changed greatly, and his body moved quickly to avoid it.

"Xuanjiyue, die for me

Xiao shuihan, thundering and angry, seems to be crazy and crazy. Every sword has the law of heaven prison.

Even, ye Chen captured a trace of the upper class breath!

It seems that the emperor of heaven prison has taken Xiao shuihan to see the supreme love.

Even, Xiao shuihan should have tried to cut off the love, although he did not succeed, but he did have a trace of upper class breath.

This is too much of a breath, it's really insignificant.

But the pressure of the superior is too terrible. A little breath can evolve into a towering law and crush the starry sky.

Every sword of Xiao shuihan has the supreme rule, and the heavenly power is rolling.

All of a sudden, ye Chen only felt suffocated by breathing, and had no strength to fight back, so he could only keep dodging.

Fortunately, this is the secret place of Wutu, with the breath of reincarnation master's previous life. Ye Chen can play more agile skills in this place. Otherwise, he will be killed by Xiao shuihan. The law of supreme being is too terrible. A little breath can crush people.

Constantly dodging, ye Chen evades the assassination of thousands of swords. Looking at Xiao shuihan's ferocious appearance, his heart is also extremely frightening.

He can only passively avoid, time delays, sooner or later will be killed.

"Master xuanhanyu, Xiao shuihan looks like this. Can we solve this problem?"

At the critical moment, ye Chen asks Xuan Hanyu.

Xiao shuihan's spirit was affected and his memory was disordered. I wonder if xuanhanyu has a solution.

Xuanhanyu said: "his memory is influenced by the law of heaven prison, and there is even a trace of the supreme law behind him. With your strength, you are not qualified to crack it. He can only rely on himself."

"Damn it, can't I help it?"

Ye Chen bites his teeth and is in a mess to avoid the sword killing of Xiao shuihan. Several bloody wounds have been drawn on his body.

Xiao shuihan's sword has the supreme rule. If he was an ordinary person, he would have died if he had been scratched by his sword spirit.

Ye Chen is also strong and can barely bear it.

But it is not the way to delay.

"Go, to the central place!"

Ye Chen's heart is turning, and his eyes fall on the middle of the secret land of Wutu, where there stands a tombstone.

The tomb of the reincarnation Lord is in the central place.

Tens of thousands of years ago, Xiao shuihan built a tomb for the reincarnation master himself, and also depicted the words on the tombstone. If you take him to the tomb, maybe he can wake up his memory again!

Ye Chen made a decision and quickly flew to the central place.

"Xuanjiyue, stop for me!"

Xiao shuihan's eyes are red with blood. He looks like a mad devil and pursues him regardless of everything.

Soon, they came to the central place.

Xiao shuihan saw the tombstone and looked at the six words of "the tomb of reincarnation and respecting teachers" on the tombstone, and he was stunned.

Ancient memories, once again.

"Ah, ah!"

Xiao shuihan roared loudly, the ancient memory wanted to revive, but it was suppressed by the supreme law, so that he suffered a lot and could not bear to suffer.

"Xuanjiyue, I will kill you!"

Xiao shuihan shouts and stabs Ye Chen with a sword.

But in the middle of his sword's journey, there seemed to be a force in his memory.

Chapter 4377

No matter what, it doesn't go down.

Ye Chen didn't speak, just looked at Xiao shuihan in silence.

Now he said any words, may stimulate Xiao shuihan.

Therefore, ye Chen kept silent.

On the other hand, the fighting law of Xiaoli, and even the law of Weitian, is the law of recovery.

He suffered a lot.

Ye Chen is waiting silently. Now Xiao shuihan has no killer again. This is a great progress.

He hoped that Xiao shuihan could tide over the difficulties and recover completely.

.....

At this time, Tianyu, a very remote canyon.

Deep in the canyon stands a stone carving.

This stone sculpture is a woman with picturesque features. The statue is full of horror.

An old figure, standing in front of the statue of a woman with a hand in hand, has a vicissitude of vision, with a trace of ancient sadness, admiration and worship.

"Lady of heaven, how can I cut off your love feelings?"

This old figure is the God of heaven prison.

This is his real body, not a phantom.

The statue in front of the heavenly prison God Emperor is the legendary goddess of heaven, the caster of the ten source runes and the mistress of the twelve deities.

This statue, in fact, is a hair of the goddess of heaven.

That hair is also a love story.

The God of heaven prison insisted on cutting off the love, but instead he was trapped by love. His real body was trapped in this valley and could not leave forever unless he could cut it off.

To cut off the feelings, we need not strength, but determination, will, courage and so on.

The spirit of heaven prison God Emperor has declined. It is impossible to cut off the love by himself. Therefore, he places all his hopes on Xiao shuihan!

As long as this time, Xiao shuihan can personally kill Ye Chen and bring back his head.

That shows that Xiao shuihan's mind has reached the point of breaking everything and cutting heaven and earth in reverse.

When the time comes, Xiao shuihan has the qualification to cut off love and kill everything!

Once the love is broken, the heavenly prison God Emperor can get rid of the lock, and he can get the favor of the supreme goddess, step into the world of the superior at one stroke, and become the backstage chess player beyond the heaven and the myriad worlds. He ignores the reincarnation and the shackles of fate. He is carefree and carefree, and enjoys immortals and blessings forever. I don't know how happy he is.

In the heart of the God Emperor of the heavenly prison, his blood was boiling for a long time. In his dreams, he wanted to go to the world of the superior and compete with the most powerful ones in the sky, and achieve remarkable hegemony.

Cutting off love is the first step to achieve hegemony.

Xiao shuihan is his most important chess piece, which can't be lost.

Buzz!

All of a sudden, the heavenly prison God Emperor was in a state of mental shock and caught a trace of law fluctuation.

The fluctuation of this law, originated from the outside world, is uploaded from Xiao shuihan, with a trace of unknown.

"What's going on?"

The emperor of heaven prison frowned, and he gave Xiao shuihan a pill. The pill was used as a hand and foot, which implied the law of heaven prison. It could tamper with Xiao shuihan's memory and make him mistakenly think ye Chen was xuanjiyue.

This is the successor of the God of heaven prison.

He was afraid of Xiao shuihan's defection.

At this moment, pills play a role, and there is endless breath of cause and effect.

The God Emperor of the heavenly prison pinched his fingers and immediately caught the hidden secrets of heaven.

"What happened? Is Xiao shuihan reluctant to kill Ye Chen

The heavenly prison God Emperor's face changed slightly, and suddenly felt that the nature was dangerous. Xiao shuihan seemed to be affected by something. He was not decisive enough to kill Ye Chen.

The emperor of the heavenly prison pinched his fingers and tried to thoroughly understand the cause and effect behind it.

But unfortunately, the secret land where ye Chen and Xiao shuihan are located is too heavy to even block the natural mechanism.

Under the constant calculation of the heavenly prison God, he could not see through the whole picture, and there was always a lot of fog in front of him.

He only knows that Xiao shuihan has been affected and has no killer under pain.

Ye Chen is still alive!

"Somebody

The God Emperor of heaven prison is a little flustered. Ye Chen is dead or alive, but he doesn't care much.

What he was most afraid of was that Xiao shuihan, after recovering his memory, gave up his old kindness and left him completely. Then he was finished.

He also needs Xiao shuihan to cut off his love for him.

If Xiao shuihan runs away, he will be trapped in love all his life, and he will suffer from loneliness forever. Moreover, his long cherished wish to become the supreme leader and compete with the superior will be ruined.

Xiao shuihan, absolutely can't lose!

After tens of thousands of years of hard cultivation, the heavenly prison God Emperor could not afford this terrible loss.

Brush, brush!

Ten strong men came down in the canyon, knelt down in front of the heavenly prison God Emperor and said in unison:

"Lord God, what can I do for you?"

These ten strong men are all dark saints in the heaven prison. In the prison spirit Pavilion, their identities are similar to those of Xiao shuihan. They are also the dark saints of heaven prison. Their individual strength is far less than that of Xiao shuihan.

But ten people united, enough to crush everything, Xiao shuihan no matter how fierce, can not be their enemy.

"You go to Wutu secret place, kill Ye Chen and bring Xiao shuihan back!"

The heavenly prison God ordered him to go on. He was extremely magical. He had already captured the coordinates of the secret land of Wutu. He also guessed that he could not look at the whole picture. He was influenced by the essence of Wutu.

"Yes

All of them answered in unison, without any nonsense.

The emperor's orders are like mountains. The emperor's orders are unquestionable and disobeyed. They only carry out them.

"By the way, bring back Wu Tu Yuan Fu by the way."

"Wu Tu Yuan Fu has not been found for tens of thousands of years. I can't imagine that it was used to create a secret place. I don't know who did it."

"If you don't grasp the source of virtue, you will lose your mind."

The heavenly prison God Emperor ordered again. He didn't know the cause and effect behind the secret land of Wutu, but he had deduced the origin of Wutu.

This Wutu source rune is one of the ten greatest source runes of heaven and earth. Naturally, he will not miss it.

"Yes

They accepted the order respectfully, and then, according to the instructions of the heavenly prison God Emperor, they left the heavenly prison, tore up the void, and went to the secret land of Wutu.

They have three tasks:

first, kill Ye Chen!

Second, bring back Xiao shuihan!

Third, capture the Wutu source Rune!

.....

At this time, Neijing.

Ye Chen and Xiao shuihan are no longer fighting.

Xiao shuihan's memory churns and falls into pain. Even if he wants to reach Ye Chen, he will be stopped by the deep memory.

Under the pain, Xiao shuihan simply sat cross legged and sat under the tombstone, quietly regulating his breath and regulating his mind's memory.

And ye Chen, also quietly standing in the Xiao shuihan not far away, quietly waiting.

He only hoped that Xiao shuihan could survive the disaster and return to him.

As for the feelings in the prison, let the God Emperor solve it slowly.

Before ye Chen's eyes, there are xuanjiyue and Emperor Shitian.

If these two people are not solved, he is not qualified to challenge the edge of the superior.

Chuck!e!

Ye Chen is waiting, suddenly bursts of sharp broken wind, suddenly spread.

Ten powerful figures, ferocious come..

Chapter 4378

Every figure, with the breath of heaven prison blood, has the strength of the original environment in the early stage!

as like as two peas, they are also dressed in the same fashion as Xiao Shui.

"Prison spirit Pavilion, heaven prison dark saint! Found out! "

Ye Chen's pupil shrinks. The location of the secret place of Wutu is very secret. It is impossible for outsiders to find it.

But now, with the arrival of the people of the heavenly prison, the cause and effect of this place is obviously revealed, and has been detected by the God Emperor of the heavenly prison.

Ye Chen's insight into the natural mechanism immediately made clear the intention of the heavenly prison God Emperor.

The heavenly prison God Emperor wants to kill him, take away Xiao shuihan, and then try to seize the Wutu source Rune!

Ten dark saints of heaven prison are all experts in the early stage of Shiyuan state. How strong their breath is, ye Chen almost suffocates.

"Hey, are you ye Chen?"

People look at Ye Chen, eyes inside when the emergence of killing intention.

All people clearly feel that ye Chen's breath at the moment is rather weak and worthless.

Ye Chen's face is extremely dignified.

He just incarnated as the master of fairyland, and his consumption was too large. Even if he took the blood pill of black cloud bear, his vitality could not recover so quickly.

He's in bad shape!

"The tomb of reincarnation and respecting teachers? Is this the tomb of the Lord of samsara? "

People looked around and saw the towering tombstone. They were shocked.

It is said that in ancient times, the master of reincarnation was killed by xuanjiyue, and his body was not survived. The law of reincarnation was annihilated, and even no dregs were left. How could there be a mausoleum here?

"Why, why are the inscriptions on the tombstone so familiar?"

"It seems to be the handwriting of Xiao shuihan!"

People looked at the inscriptions on the tombstone and looked at each other, vaguely feeling that something was wrong.

Xiao shuihan is sitting under the tombstone, feeling the strong breath of the ten Heavenly prison dark saints. He opens his eyes, slowly stands up, scans the audience, and says in a deep voice:

"how did you come?"

His right eye was shot through, leaving only an empty eye socket and a left eye. His expression was more cold and gloomy, and his spirit was pressing.

The crowd shivered, and one said, "Lord Xiao, we have come to help you to kill Ye Chen, and then welcome you back."

"Kill Ye Chen..."

Xiao shuihan heard this sentence, the head again pain, inner struggle, cover the head pain unbearable.

"Mr. Xiao, what's wrong with you? Have you forgotten the cultivation of the emperor? Cut off the feelings, step into the world of the superior, we still need your hand

The voice of a dark saint of heaven prison is fierce, like a sword, penetrating the mist in the cold heart of Xiaoshui.

"Yes, it's my mission to kill Ye Chen and then go back to cut off love!"

In Xiao shuihan's eyes, the murderous spirit suddenly condenses, and there is no trace of struggle.

Bang!

Pulling out his sword, Xiao shuihan stabbed at Ye Chen's heart without any mercy.

A group of dark saints of the heaven prison, also surprised, took out their swords and stormed up.

Under the leadership of Xiao shuihan, he killed Ye Chen.

The sword spirit of killing the sky is like a tsunami.

Ye Chen's eyes widened and his breath suddenly suffocated.

It is impossible for him to survive in the face of Xiao shuihan and the encirclement of ten powerful men in heaven.

Chuckle!

Crazy sword spirit, madly come.

Ye Chen opens the pulse of the red dust God, and the golden bell jar appears. The Rune of Geng gold flashes and resists.

However, Xiao shuihan and others are all strong in the original environment. How overbearing they are.

His golden bell jar was crushed almost instantly.

The terrible sword power is shrouded in the sky.

Ye Chen dodges in confusion, but there are too many people on Xiao shuihan's side. He only dodges a few swords, and all the remaining sword Qi is chopped on him.

Puff! Puff!

All of a sudden, ye Chen's body blood spatter, instant heavy damage.

If it was not for his strong constitution, this round of sword killing would have killed him.

"Why, it can stop us from a round of sword killing."

A strong man of the heaven prison made a voice of surprise.

You know, they are all the strong men in the original territory. How fierce they are when they join hands to make swords.

Although they did not use their full strength, but so many people fight together, ye Chen can actually survive, it is incredible.

"This guy is weird. It's better to kill him as soon as possible."

A group of heaven prison strongmen looked at each other and nodded with tacit understanding.

Ye Chen's details surprised them. No wonder Xiao shuihan's Daoxin was also disturbed by Ye Chen.

It's better to kill this kind of strange existence as soon as possible.

All of them put out their swords again. The sword Qi was like a rainbow, and they cut Ye Chen.

At this time, ye Chen was seriously injured. He could not deal with so many strong men. Even there was a Xiao shuihan in it!

"Wu Tu Yuan Fu, guard!" When it comes to life and death, ye Chen shouts and waves.

Boom!

The nearby tombstone suddenly vibrated and made a click sound.

The whole tombstone burst in an instant.

A piece of light filled with loess, with the great land heavy potential implication of the aura, suddenly flew out.

It's Wutu Yuan Fu!

After stepping into the secret land of Wu Tu, ye Chen has already awakened the memory of the previous life about the origin of Wu Tu.

This Wutu source Rune was originally a treasure of his previous life, and he could naturally summon it to use.

However, ye Chen did not summon before, because he was afraid that the secret place would collapse.

During these tens of thousands of years, there was no one guarding the Wutu secret place, but it has been able to maintain forever because of the existence of Wutu source talisman.

Wutu Yuanfu holds the central position and stabilizes the territory of the secret place. Once it is pulled away, the whole secret place will collapse and destroy.

Once the Wutu secret place is destroyed, ye Chen loses a barrier.

The barrier against the heart demon curse sword!

At present, life and death are in danger. Ye Chen doesn't care so much about it. He directly calls on Wu Tu Yuan Fu.

Whoa, whoa!

All of a sudden, wisps of Wutu source gas burst wildly and burst into the sky with yellow light. In an instant, it evolved into nine giant swords, each of which was as huge as a carved dragon beam column. The town fell to the ground and surrounded in a circle like a sword wall, guarding Ye Chen firmly.

Zhentian Huangcheng sword!

This magic power is a technique evolved from the Wutu source Fu. It is not a sword of killing and cutting, but a sword of guarding. It transforms the sword with the essence of Wutu to protect itself.

Bang bang bang!

A group of strong Tianjue people joined hands to kill them and cut them on the nine sword pillars.

Boom.

The sword pillars collapsed and fell into pieces of loess.

Although the sword was destroyed, ye Chen survived without being killed.

"Damn it!"

"When did this kid refine the Wu Tu Yuan Fu?"

"The legendary Wutu source talisman is really powerful in defense."

"Take this treasure and give it to the LORD God!"

When they saw Ye Chen could use Wu Tu Yuan Fu, they were shocked.

The defensive power of Wutu source rune is really beyond their expectation.

Fortunately, however, the defense of Ye Chen's imperial city sword has been destroyed.

They all look at each other and kill Ye Chen again. They want to kill Ye Chen thoroughly before the essence of Wutu is condensed.

Chapter 4379

"Eternal night, the devil!"

Ye Chen suddenly drinks and waves his hand. The source of darkness is presented. The boundless darkness covers the whole world in an instant.

All the light is cut off.

The sky and the earth are in darkness.

Boom!

In the dark, there is the sound of the collapse of the earth.

The Wutu source rune is pulled away, and the whole Wutu secret place is collapsing.

The earth cracked and the sky shook.

This place is going to be destroyed.

In the darkness of the collapse of the earth, ye Chen steps a flash, and quickly fled away.

His physical recovery ability is very strong. The wound just cut by the powerful men of the heaven prison has healed rapidly. He is nourished by the Wutu source talisman, and his spiritual vitality gradually recovers.

The ten strong men of the heaven prison fell into the eternal night, as if they had become blind and lost the trace of Ye Chen in an instant.

"The boy wants to run!"

"Get him!"

"The blood of heaven prison, crush the darkness!"

They all cried out and drank. In the darkness of the great devil's day, they could not see any light, nor could they see where ye Chen was.

At the critical moment, some people burn blood essence.

A wisp of blood light, like fire, suddenly broke the darkness.

The blood of heaven prison has the cause and effect of the superior behind it. It is extremely powerful. Even the world of eternal night created by the source of darkness can be penetrated.

This blood light runs through, the darkness is torn, and ye Chen's figure suddenly appears in front of everyone.

"Chase!"

All of them are chasing and killing, and ye Chen can't escape.

Ye Chen's face changed, and he only felt the pressure behind him, which was hard to resist.

"Who dares to hurt my master?"

But at this moment, an earth shaking roar suddenly rang through.

See a black gas rolling, sharp figure, suddenly flying out, guard in Ye Chen side.

It's cold in the water!

"Lord Xiao, what do you do?"

A group of heaven prison strong people, see Xiao shuihan's figure, immediately stunned.

"Xiao..."

Ye Chen is also a face surprised, but see Xiao shuihan's eyes, the color of confusion has faded, unexpectedly recovered sober.

It's the effect of Wu Tu Yuan Fu!

Ye Chen is aware of this scene and is immediately overjoyed.

Under the insight of the natural mechanism, he immediately understood that the original Wutu source talisman was the treasure given to Xiao shuihan by the reincarnation master of the previous life.

This treasure has the breath of reincarnation Lord and Xiao shuihan.

Although Xiao shuihan didn't accept it at last, after all, Wu Tu Yuan Fu had his breath.

Ye Chen smashes the tombstone, leading to the collapse of Wutu secret place, but it also accidentally activates Xiao shuihan's breath, which makes him awake.

"Master, I can only keep awake for a quarter of an hour. I can make a quick decision!"

Xiao shuihan looked back at Ye Chen with a resolute look in his eyes.

Although he recovered to sober up, but the emperor of heaven prison in his mind is too strong, he can not support for long.

After a quarter of an hour at most, he will fall into the boundless darkness and be lost again.

"A quarter of an hour..."

Ye Chen heart a jump, thought Xiao shuihan has been completely recovered, unexpectedly can only maintain a moment of soberness.

The law of heaven's prison, the cause and effect of the superior, is indeed fierce.

"Xiao shuihan, what did you just ask Ye Chen to do?"

"Master? Is he your master? "

"Ye Chen is your old master?"

"Damn it, you are a traitor indeed

"Report to the LORD God first!"

When they heard Xiao shuihan's words, they were shocked.

From the address of Xiao shuihan, ye Chen is obviously the old master of Xiao shuihan.

Xiao shuihan, as expected, has the mind of betraying heaven prison!

People only feel that the situation is serious, so they quickly burn their blood essence and communicate with the heaven prison. They want to send all the causal information back to the heaven prison.

"Want to send a message? No way

When ye Chen's handprint is concluded, the essence of the earth is surging, and the law between heaven and earth is suddenly strong. If there is a wall besieged, all causal fluctuations are blocked.

People want to send information unless they kill him first.

On the other side of the heavenly prison, the heavenly prison God Emperor wants to deduce the cause and effect, which is impossible.

Wutu source talisman has a powerful and heavy breath. The earth is of great virtue. It can suppress cause and effect and block the natural mechanism.

"Kill him!"

A group of heaven prison strongmen, trapped in the battle of trapped animals, now no longer hesitated, resolutely attacked and killed.

As long as you kill Ye Chen, you can take the intelligence back to the heaven prison.

"Master, please step back and I will deal with them."

"A quarter of an hour, that's enough!"

Xiao shuihan's eyes were sharp and he ran up with his sword.

In front of us, there are ten strong people in the sky prison. Each of them is a dark saint in the sky prison. His strength is very strong. Ye Chen is obviously not an opponent. Therefore, Xiao shuihan is determined to guard Ye Chen!

In his eyes, the killing intention is surging, as if he is arrogant over the world, but there is no fear at all. It seems that many powerful people in front of him are all local chickens and dogs.

Hum!

Xiao shuihan's long sword vibrates violently. It's a terrible rule.

Supreme law!

The breath of the superior!

"What!"

"The traitor has understood the supreme law!"

"It's impossible. How can the law of the superior be understood by him?"

"He hasn't cut off that tragic love?"

People feel the pressure of the law on Xiao shuihan's sword, and their faces suddenly change.

Originally, Xiao shuihan once fought with the supreme love. Although he didn't cut off the love in the end, he understood a trace of the supreme law in that war.

In the constant soberness and confusion, he constantly struggles to rise and fall, in great pain, blooming the most brilliant flower of law.

At this moment, Xiao Shui is cold, and his sword technique has the attainments of the supreme law.

He seems to be a superior. He kills with one sword. The road of heaven and earth roars, rumbles and vibrates, and his sword spirit is boundless.

Even with one enemy and ten, they still have the upper hand.

"All defense!"

"The supreme rule is too powerful to be an enemy."

"Lord Xiao is lost. Please wait for him to recover."

They were all smart men of the first class. After a brief shock, they quickly judged the situation.

Xiao shuihan has understood the law of the supreme emperor. His sword is so powerful that he can never be an enemy.

They decided to delay time and wait for Xiao shuihan to recover!

Now Xiao shuihan is standing on Ye Chen's side. In their eyes, it is actually a mental loss and a bewitching act.

Only when Xiao shuihan returns to the heaven prison and becomes a ruthless dark Saint killer, can he be regarded as a real sober!

Chuckle

Xiao shuihan killed him fiercely with his sword. His divine power was like a prison.

However, many of the strong in Tianjian only do defense, and the atmosphere of ten people is closely linked and unbreakable.

Although Xiao shuihan understood the supreme law, he had at least half an hour to break through the defense and defeat the enemy.

"Damn it!"

Xiao shuihan's face is very ugly. He can only keep awake for a quarter of an hour. After a quarter of an hour, he will fall into the boundless darkness again.

"Master, go away!"

Xiao shuihan urged Ye Chen to go. Now, it is impossible for him to make a quick decision.

Chapter 4380

Although the strong men of the heavenly prison pursue the ultimate killing and cutting, when it is time to defend, there will not be any rash advance and guard strictly.

As long as the ten people in front of him are not flawed, Xiao shuihan can't kill them in a quarter of an hour.

"No, my teacher will help you!"

Ye Chen's eyes were determined. Hearing Xiao shuihan's words, he did not escape, but pulled out his sword and flew across the air.

Now, although he has the chance to escape, his identity has been revealed. If he does not kill people, he will have endless problems in the future.

"Master!"

Xiao shuihan is in a hurry. What can ye Chen do to mend the four layers of heaven?

"Back soil giant wall, up!"

Ye Chen stimulates the Wu Tu Yuan Fu, and the essence of the earth is rolling. With the loud sound of "boom", there is a huge wall rising from the ground!

This huge wall is ten feet high and extremely thick. There are pieces of runes on it.

The ten strong men of the heaven prison were immediately separated by the huge wall.

Ten people, split in two.

Half of them, on one side of the huge wall, are facing the cold water.

The other half, on the other side of the wall, faces Ye Chen.

"Not good!"

People's looks changed greatly. Ye Chen's hand has divided the battlefield with great lethality.

In this way, Xiao shuihan had to deal with only five people.

Xiao shuihan's strength is enough to kill in a quarter of an hour.

"Master, what are you doing?"

Xiao shuihan's pupil shrinks, ye Chen does this, although it is convenient for him, but also makes himself in trouble.

With Ye Chen's strength, it is simply impossible to deal with the five powerful Tianjian.

"Break the wall, quick!"

The five powerful men in the heavenly prison did not have the mind of Guan Ye Chen. They just wanted to break the wall and reunite.

They are very clear that Xiao shuihan is the biggest threat, and ten people must join hands to resist it.

As for ye Chen, after a quarter of an hour, he fled to the ends of the earth.

"If you want to break through the wall, kill me first."

Ye Chen grinned and stopped in front of the five people. Wu Tu Yuan Fu was constantly blooming with yellow light, showing a strong defense.

If it is in other places, he certainly can't hold on to these people for too long!

But here, ye Chen still has a chance!

He has to rely on his own body to fight for a quarter of an hour for Xiao shuihan.

"Kill him!"

The five men's eyes were murderous, and they went up with swords.

Although there are only five of them, none of them is a strong person in the original environment. Even if ye Chen has Wu Tu Yuan Fu, it is impossible to block them.

"Thunder Tianwei, listen to my orders."

Ye Chen looks at the five people who rush to the sky and sends out a big drink. All over his body, he explodes with purple electricity.

In his elixir field, the magnificent thunder and lightning essence is surging out madly.

That's the energy of Lei Yuanjing!

Ye Chen used to refine thunder source crystal. All the energy is stored in the elixir field. Now it's all released.

The continuous thunder and lightning communicate the law of heaven and earth.

Nine sky sky sky, thunder roar.

Layers of thunder clouds interweave in the sky.

All around Ye Chen's body, countless purple lights are like snakes, leaping and jumping.

"This is Thirty three Tianhong Mongolian law? "

"What a mighty thunderbolt!"

"Be careful, get out of the way!"

Those five days prison strong person, see ye Chen whole body beat purple electricity, facial expression suddenly changed.

They feel a trace of the magic power of the hongmengfa, but the power of the supernatural power has surpassed the ordinary ancient Hongmeng method.

"Wanlei, come down!"

Ye Chen suddenly drinks, countless thunder and lightning from the sky, as if to destroy the world.

At this moment, he broke out to the extreme.

All the energy accumulated by leiyuanjing is released.

The sky is full of thunder.

Countless purple lightning, converged into the ocean, such as a waterfall rolling, from the sky fell, mercilessly bombarded the five Heaven prison strongmen.

Boom!

The thunder suppressed, the electric dragon roared.

The five heavenly prison strongmen want to escape, but how can they escape as fast as thunder and lightning?

Endless thunder and lightning, hard bombing on them.

Ye Chen's skill of ten thousand thunder is enough to instantly kill the experts in the early and middle stages of the large-scale source environment.

Although there are five enemies, Lei Wei is shared, and the lethality is greatly reduced, it can not be underestimated.

All of a sudden, the five heavenly prison strongmen were greatly impacted.

Even, there was a person with the weakest cultivation, "Puff Chi", who was directly bombed to vomit blood, seriously injured his internal organs and lost his combat effectiveness.

"Cough..."Ye Chen's appearance is also a little embarrassed.

Although the magic power of wanlei exterminates the world, the power of thunder and lightning will stimulate the meridians and bring heavy burden to the body.

Ye Chen only felt the pain of the meridians, a burst of prostration.

"It should hold up!"

Ye Chen gnaws his teeth, he is not good, the five days prison strong, also not good.

One of the five has lost its combat effectiveness.

The remaining four people, also by the big and small impact, no longer just arrogant.

As long as we stick to it, ye Chen is confident of supporting a quarter of an hour.

"Ah "Ah

On the other side of the wall, two screams came out.

Obviously, there are two Heaven prison strongmen who have been killed by Xiao shuihan.

In a quarter of an hour, Xiao shuihan must be able to kill the five first, then break through the huge wall, come to help Ye Chen, and finally kill the whole audience!

"Boy, do you think you're the only one who can lead thunder?"

"Build a heaven prison thunder array!"

Ye Chen in front of the four people, only feel that the situation is grim, if further delay, will be Xiao shuihan killed all of them!

The four men joined hands to form the four heavenly pole formation, each occupying one position.

Hum!

An array emerges in an instant, twinkling with bright thunder light.

"The life sacrifices the heaven, thunder disaster comes!"

A strong man in the prison of heaven, with a cold and merciless look, catches the lost fighting companion and drops into the array.

"Ah

The companion screamed, and was instantly drowned by lightning and became a sacrifice to heaven.

Boom!

After the sacrifice, the whole sky prison thunder array, thunder light suddenly bright.

Nine days above, there are innumerable thunder rob breath, crazy surging.

At this moment, the four heavenly prison strongmen, as if incarnated in charge of thunder robbery gods, breath incomparably fierce.

"Not good!"

Ye Chen's face changed. The thunder array formed by the four men was more powerful than the ten thousand thunder skill he had just performed.

Even, compared with Ye Chen's thunder robbery in Yuan Tian Yuan before, he had to be strong!

"Hey, boy, you're going to die when the thunder disaster comes."

"I'll see how you can resist the thunder robbery which is summoned by a dark saint of heaven prison."

"You think you're the only one who knows Rafa? Today, let's show you what the real heavenly thunder Dharma is

The four people stare at Ye Chen and laugh grimly.

This sky prison thunder array has very strict restrictions on its use. Only by offering sacrifices to a master from the original state can it trigger the thunder robbery.
