

Physician 4491

Chapter 4491

After Zhou Hong's death, he was accompanied by several bodyguards of the city Lord's mansion. All of them wore swords and swords. They were extremely fierce.

Xia Ruoxue and Xiaobai, a big beauty and a little beauty, Zhou Hong looked at her eyes with a greedy smile and sent out an invitation:

"the entrance of Xingyue tomb mansion has been found in our city Lord's house. If Miss Xia wants to go, I can take you there."

Summer if snow cold voice way: "no need."

With that, she took Xiaobai's hand and wanted to leave.

"Ah, Miss Xia, there are so many treasures in Xingyue tomb mansion. As long as you listen to me, I don't mind giving you a little bit. You can choose any other treasure except Binghuang Xingyan."

Zhou Hong takes a step to stop Xia Ruoxue and looks at Xia ruoshueman's wonderful body.

"No, I don't need it."

Xia Ruoxue shakes her head and bursts out with a ray of bright moon. She forces Zhou Hong back and leaves quickly.

Zhou Hong is a master in the middle of Shiyuan realm. Xia Ruoxue doesn't want to entangle him. If she fights hard, she is not sure.

She is looking for the tomb of Xingyue to capture Binghuang Xingyan. It is impossible for Zhou Hong to give her such a precious thing.

"Ha ha, interesting woman."

Zhou Hong looked at Xia Ruoxue's back and flashed a trace of resentment in his eyes.

"Young master, do you want to take her to the mansion with a hard one?"

A guard came over, quietly asked, trying to use tough means to catch Na Xia Ruo Xue.

In any case, Yueshang ancient city is the site of the city Lord's house, which is enough to suppress Xia Ruoxue.

"No, send someone to stare at her, and wait for Bing Huang star flame, and then slowly clean her up."

Zhou Hong's eyes flashed. Although he coveted Xia Ruoxue's beauty, he was not stupid enough to delay the event because of her beauty.

At present, the most important thing is to capture Binghuang Xingyan. After all, all the experts gather in Yueshang ancient city. If Binghuang Xingyan is taken away by outsiders, it will be in trouble.

Although the city Lord's house can defeat Xia Ruoxue, Xia Ruoxue's own strength is not so good. If he starts by force, the city Lord's house will surely suffer losses.

"Now my father has gone to the palace of emperor yuan to prepare for the assembly of slaughtering saints. The affairs of the whole city are up to me. I can't capsize the boat in the gutter. I'll prepare a good man to sneak into Xingyue tomb house tonight and capture Binghuang Xingyan!"

Zhou Hongfeng told him that he was very clear headed and did not disturb his mind because of the existence of Xia Ruoxue.

"Yes

They all respond in unison. They return to the city master's house and prepare for the capture of Binghuang Xingyan. Two other people are sent to watch Xia Ruoxue quietly.

Xiaobai and Xia Ruoxue are walking in the ancient city of Yueshang.

"Sister snow, we are being followed."

Little white ear moved, but found someone tracking.

"It's OK. Just get rid of them."

Xia Ruoxue still, pulling a small white pocket around, went to the woods on the outskirts of Yueshang ancient city.

The two bodyguards of the city Lord's house followed quietly.

"You want to follow me? Bright moon light blade, kill me

Summer if snow see four no one, more have no scruples, beautiful eyes suddenly a cold, suddenly backhand wave a ray of moonlight.

Hiss!

The moonlight cuts through the air, splits the light into shadow, turns into two half moon shaped sharp blades, and cuts forward fiercely.

The two city Lord's house guards didn't expect Xia Ruoxue to be so fierce. In a hurry, they pulled out the saber grid.

However, Xia Ruoxue's Mingyue Tianshu has a very profound cultivation. The moon blade that is issued casually also has the power to break gold and break iron. In an instant, he cuts the two guards, even the people with knives, into two pieces.

Xiaobai clapped and cheered and said, "sister Xue is so powerful!"

Xia Ruoxue shook his head and said, "it's nothing. Compared with Zhou Hong, it's far worse."

Zhou Hong is a master in the middle of Shiyuan realm, and he holds ten killer hooks. Xia Ruoxue is not sure to win.

The most troublesome is that Zhou Hong also wants to capture the ice yellow star flame, and Xia Ruoxue has not even found the entrance.

"Xiaobai, let's go. Let's continue to look for the entrance of Xingyue tomb mansion."

Xia Ruoxue presents the book of heaven of the moon and deduces the secrets of heaven silently, hoping to find the location of Xingyue tomb mansion.

At that time, the God of the stars and moon was the first generation master of the Mingyue Tianshu. Therefore, taking the Mingyue Tianshu as the carrier, there is a great chance that the location of the Xingyue tomb mansion can be calculated.

However, it will take time.

Xia Ruoxue and Xiaobai, the two women are walking in the mountains and forests. There is no vision of Mingyue Tianshu. It is obvious that Xingyue tomb mansion is not nearby.

Until the evening, the setting sun shines in the west, the night is coming, and the world is lonely, and summer is like snow without harvest.

Xiaobai suddenly said, "sister snow, lend me the moon letter."

Summer if snow good strange way: "what do you take to do?"

Xiaobai said, "you borrow me."

Xia Ruoxue "Oh" a, will Mingyue Tianshu to Xiaobai, do not know what she wants to do.

Xiaobai got the letter of the moon, and suddenly a trace of determination passed in his eyes. He drew a moon blade on his fingertip and cut his wrist. Suddenly, a large amount of blood, from the small white wrist wound, gurgling out, dyed in the moon on the sky.

Xia ruosheton was shocked and said, "Xiaobai, what are you doing?"

Xiaobai smiles and says: "sister snow, with my blood as the guide, should be able to temporarily enhance the power of the moon heavenly book."

While speaking, Xiaobai's blood was constantly surging and his face was pale.

Xia Ruoxue was shocked and wanted to break away. She quickly recaptured Mingyue Tianshu. She put her arm around Xiaobai, and her palm was shining. She pressed Xiaobai's wound to stop bleeding for her.

"Sister Xue, I feel dizzy..."

Xiaobai weakly depends on the chest of summer if snow, the long eyelashes tremble for a moment, and then faints.

She has lost too much blood, has fallen into weakness, even can not maintain the human form, the body light flash, turned into a Taiyin jade rabbit again.

"Xiaobai!"

Xia Ruoxue called out. She was extremely worried. Xiaobai shed so much blood and was completely weak. Even if she recovered later, I'm afraid the foundation would be damaged.

It's a pity Ye Chen is not here. Otherwise, with Ye Chen's cultivation of Bagua Tiandan technique, even serious injuries can be cured.

Buzz!

However, the book of the bright moon is stained with a lot of blood, and its energy is improved in an instant. The moonlight floats continuously, as if it runs through countless mystery clouds.

All of a sudden, Xia Ruoxue captured the location of Xingyue tomb mansion!

Xiaobai paid such a high price, but it was not in vain.

"Xiaobai, wait for me!"

Xia Ruoxue's silver teeth clenched, with the guidance of the Mingyue Tianshu, quickly rushed to Xingyue tomb mansion.

If you can capture the ice yellow star flame, Xia Ruoxue's strength, will certainly be able to advance by leaps and bounds, then, she can rely on her own strength to recover Xiaobai's injury.

Along the way, through a few woods, several barren mountains.

Night falls, the moon is bright and the stars are thin.

Finally, Xia Ruoxue found the entrance of Xingyue tomb mansion in a mountain stream!

This entrance, however, is a layer of green light curtain, with the fluctuation of the law of space transmission.

Obviously, as long as through this piece of light curtain, you can step into the Xingyue tomb mansion!

Chapter 4492

Xia Ruoxue stares at everything in front of her, of course, she finds the entrance.

However, near the entrance of the light curtain, there were twenty or thirty guards guarding the city Lord's house like iron barrels!

On the ground around, more than a dozen corpses were scattered, and the blood was not dry. It was obvious that someone wanted to break into the place, but they were all killed by the guards.

"Damn it, it's from the Lord's house."

Xia Ruoxue bit his teeth, and Zhou Hong did not lie. The city Lord's mansion did find the entrance to Xingyue tomb mansion.

After all, in Yueshang ancient city, the city Lord's house is the most powerful and familiar with the terrain of Yueshang ancient city. Once there is any abnormal phenomenon, they can detect it at the first time.

"When will the young master come?"

"Wait a little longer. The little Lord is still offering sacrifices to the emperor. He wants to ask him to give him a few protective talismans."

"The young Lord is so cautious that he still asks for the imperial edict to protect his body?"

"Of course, there is a golden armour in Xingyue tomb mansion. Be careful. It's right to avoid capsizing in the gutter."

A group of guards murmured, guarding the entrance, and no one entered.

They are all waiting for Zhou Hong to come.

Now Zhou Hong hasn't appeared yet. He is offering sacrifices to the emperor to release heaven, hoping to seek the protection of Fu Zhao.

Xia Ruoxue holds Xiaobai in her arms, and her pretty face is extremely dignified. Once Zhou Hong appears, she will not have any chance to enter the Xingyue tomb mansion again.

At present, these guards are not large in number and their strength is not too strong. If they break out with all their strength, Xia Ruoxue is confident to kill them.

But the problem is that if Xia Ruoxue breaks out with all her strength, she will inevitably fall into weakness after the battle.

It will be dangerous when she enters the tomb of Xingyue again.

After all, there is an archaic beast in Xingyue tomb mansion, which is guarded by Jinjia Taotie!

In the past years, the goddess of heaven enjoyed the talent of the God of the stars and the moon, and created a guardian beast for her, which was the golden jiaotie.

Compared with the top ten wild animals, the golden jiaotie is much more powerful and powerful.

In the battle of Archean, the God of stars and moon fell, and Jinjia Taotie was seriously injured, but he did not die. He continued to perform his duty of guarding and guarding the tomb house of Xingyue in silence.

If an outsider wants to inherit the God of stars and moon, he must first pass the test of Jinjia Taotie!

The peak strength of the golden armour's Taotie is even more powerful than the ten source beasts. Even if there are serious injuries in the body, it is absolutely difficult to deal with.

If you fall into a weak state, Xia Ruoxue is not sure to face it.

"No matter, kill it first!"

Xia Ruoxue looks cold. If she waits for Zhou Hong to arrive, she will have no chance. She can only go to Xingyue tomb mansion and try to solve other problems.

At the thought of this, Xia Ruoxue suddenly appeared, and the moon was floating, and endless source gas broke out.

"Bright moon and sky wheel, up!"

An extremely bright, extremely holy full moon light wheel, emerged from Xia Ruoxue's hand, slowly ascended to the sky, releasing endless bright moon source light.

"Xia Ruoxue, it's you!"

"Be careful!"

One of the city's main house guards, see Xia Ruoxue suddenly appear, all people are shocked and pale.

The full moon in the sky, bright and bright, with the overwhelming pressure of the bright moon.

All the guards felt stiff and sluggish in their movements.

"Kill her!"

Aware of this scene, all the guards changed their looks. They immediately used their spiritual power to resist the suppression of the light of the moon. At the same time, they pulled out their swords and slashed towards Xia Ruoxue fiercely.

"Kill God sword to cut!"

"Huohuang crazy sword!"

"Heaven kill and rob gas!"

In an instant, endless swords and swords, covering the sky and the earth, came to kill Xia Ruoxue.

These city Lord's house guards are not weak in strength. Twenty or thirty people join hands to attack with great momentum.

"The letter of the moon is suppressed by me!"

Xia Ruoxue chided, but he did not fear at all, offering sacrifices to Mingyue Tianshu.

Originally, there is no word in the Mingyue Tianshu, but now there are words. If a Zun character contains the road of heaven and earth, the source gas and pressure are very heavy.

Buzz!

In the sky, the bright moon suddenly blooms, constantly humming and shaking, emerging the Moon Palace, fairy palace, Jade Rabbit pounding medicine, osmanthus blossom weather, a revered text around the moon, like the ancient god chain, releasing the bright light.

The majestic moon wheel of heaven was suddenly suppressed.

The power of the book of heaven on the bright moon broke out to the extreme at this moment.

Puff, puff, puff!

After a while, the bodyguards of the main mansion of the city were suppressed by the moon wheel. They were bleeding from the seven orifices, and the blood gushed from their mouths. They fell on the ground in confusion, and their vitality quickly passed away.

Just also incomparably fierce swords, instant by Xia Ruoxue suppression, no one can get close to Xia Ruoxue's body.

Many bodyguards of the city Lord's mansion look at Xia Ruoxue with great horror. They didn't expect Xia Ruoxue's strength to be so powerful. "Little Lord, help!"

A guard pulled the signal bomb, the signal bomb banged, and a fireworks exploded in the sky.

Xia Ruoxue's face changed slightly. If Zhou Hong arrived here, it would be in trouble.

"Reincarnation star flame, burn!"

Between the electric light and flint, Xia Ruoxue's body, there are wisps of reincarnation star flame whistling out and sweeping around.

Although Xia Ruoxue's reincarnation star flame is just a trace, it is not the noumenon, but after a long time of cultivation, the power of this reincarnation star flame is quite terrible.

"Ah

The remaining bodyguards of the city Lord's house were burned by the reincarnation star flame, and suddenly gave out a shrill scream, all over the body crackled, and instantly turned into fly ash.

In an instant, under the suppression of Mingyue Tianshu and reincarnation star flame, all the guards died, leaving no one alive.

"Sister Xue..."

Xiaobai's fight is startling.

Xiaobai opened his eyes with difficulty, looking at the messy picture, weak eyes with a trace of worry.

Although Xia Ruoxue killed the whole audience, he also offended the city Lord's house. I'm afraid it's not easy to deal with the aftermath.

What's more, Xia Ruoxue consumes a lot in this battle. Even if he can enter the Xingyue tomb mansion, how can he face the golden jiaotie?

"Go

Xia Ruoxue gnaws her teeth, makes a decision, embraces Xiaobai, and directly passes through the transmission light curtain.

She didn't hesitate. In any case, the soldiers would come to block it, and the water and earth would cover it up. She would go ahead to the Xingyue tomb mansion. Otherwise, when Zhou Hong arrived, the consequences would be unimaginable.

Whoa.

After a space shock, Xia Ruoxue was transported to a mysterious palace.

The palace is full of stars and moons. It doesn't look dark, but shows a trace of elegance and simplicity.

Inside the palace, carved beams and painted pillars, one side of the wall, is engraved with ancient murals. On the mural, there are pictures of ten thousand ice Phoenix facing the sky, which are vividly depicted, as if only ice Phoenix were going to break through the wall.

"This is Xingyue tomb mansion?"

Xia Ruoxue looks around and feels weak and unsteady.

Just broke out the battle, Xia Ruoxue consumed a lot. Now it is the critical moment of weakness and has not recovered.

In the dark, Xia Ruoxue felt the change of Mingyue Tianshu, indicating to the depth of the palace.

Chapter 4493

The legendary god of stars and moon seems to be buried there!

However, Xia Ruoxue dare not act rashly.

Because, when she was weak, she would have no resistance in case of an accident.

"Xiaobai, let's find a place to rest first."

Xia Ruoxue gasped, her chest fluctuated, holding the same weak Xiaobai, and went to a dark and remote corner of the palace to hide and rest.

Inside the tomb house, it was terrifying and silent, but vaguely, in the depths of the tomb mansion, it seemed that there was a roar of beasts, which shocked people.

Xia Ruoxue steadies her mind and silently crosses her knees to regulate her breath. She just wants to recover her strength as soon as possible.

.....

Outside, a man in robes, with a dozen guards, arrived at the entrance of the tomb.

"Damn it, Xia Ruoxue, if you dare to kill the people of my city Lord's house, I will tear you into pieces!"

The man in the brocade robe has fierce eyes. He pulls out the machete he wears around his waist, which is very murderous.

This man with brocade robes is naturally the young master of Yueshang ancient city, Zhou Hong.

When Zhou Hong saw the signal bomb, he quickly brought people to come, but he was still a little slow.

All the people were killed by Xia Ruoxue.

In the air, there was the source light of Mingyue Tianshu. Zhou Hong only looked at it and determined that Xia Ruoxue was the murderer.

In Zhou Hong's heart, he was extremely angry. He didn't expect Xia Ruoxue to be so fierce that he killed the whole audience.

Now he just wants to catch Xia Ruoxue immediately, humiliate her severely, and then kill her for revenge.

"Well, she must have gone into the grave

Zhou Hong, holding the ten square killer hooks, strides through the transmission light curtain and steps into the Xingyue tomb mansion.

A dozen guards followed him in.

.....

Inside the tomb mansion, Xia Ruoxue was breathing. Hearing the sound of footsteps, she knew that Zhou Hong was coming. Suddenly, she did not dare to breathe, and her breath was restrained.

Zhou Hong with more than a dozen people stormed into the tomb mansion. Looking around, he did not see Xia Ruoxue.

Xia Ruoxue hides in the corner, the bright stars and moon in the tomb mansion can't shine into the corner. She hides in the dark, and is not exposed.

A guard asked, "little Lord, do you want to disperse and look for it?"

Zhou Hong snorted and said, "no, this tomb house is very dangerous. Once scattered, there will be danger. Xia Ruoxue, that bitch, can't hide it."

While speaking, Zhou Hong took out a Fu Zhao and said, "the Sun Fu Zhao shines on all sides."

The Fu Zhao in Zhou Hong's hand is actually a Fu Zhao evolved from Xiri Tianshu, which is obviously given to him by the emperor.

Although the emperor Shitian had already given the Xiri Tianshu to xuanjiyue, he had already understood the source of the Xiri Tianshu. It was easy to forge a Fu Zhao.

Zhou Hong did not crush the Xiri Fuzhao, but relied on its own light to shine on all sides.

Xiri Tianshu and Mingyue Tianshu are both one of the four volumes of "sword, sun and moon". Their breath has something in common. If Xia Ruoxue hides here and is illuminated by Xiri Fuzhao, there will be no escape and exposure.

Whoa, whoa, whoa.

Wisps of sunlight shine around.

Xia Ruoxue tried to hide her figure, but she couldn't hide under the sunlight.

The darkness broke and Xia Ruoxue's figure was suddenly exposed in front of Zhou Hong and others.

"Ha ha, Xia Ruoxue, I found you."

Zhou Hong smiles coldly and stares at Xia Ruoxue.

At the moment of summer snow, curled up in the corner, a pale face.

Even if she is in full swing, she is not Zhou Hong's opponent, not to mention her weakness.

"Sister Xue..."

Xiaobai also despair to the extreme, want to protect Xia Ruoxue, but she is also weak, can not lift the slightest strength.

"Grab her and take off her clothes!"

Zhou Hong licked his lips, showing a look of fierce salivation.

"Yes, little Lord!"

Two guards came out and strode close to Xia Ruoxue.

Now Xia Ruoxue is so weak that she doesn't need Zhou Hong to do it. Any guard can subdue her.

"Ye Chen, I'm sorry..."

Xia Ruoxue looks at Zhou Hong's grim figure. Tears are swirling in her eyes. Her whole body is filled with Qi and blood. She is ready to use the devil to disintegrate Dafa.

Even if she blew herself up and died, she would not be insulted by Zhou Hong.

Xia Ruoxue had already learned the skill of disintegrating demons. Once she was put into practice, she would disintegrate and explode. She would not even leave her corpse and give Zhou Hong a chance to insult her.

What's more, if you explode yourself, you can bring a little damage to Zhou Hong.

Just think of death, Xia Ruoxue heart is extremely sad, she still has many wishes, has not been realized, she still wants to continue to accompany Ye Chen, but it is a pity that she can't.

"Roar!" When Xia Ruoxue is ready to disintegrate and explode, a terrible roar of beast suddenly rings out.

Boom!

The palace floor cracked, a bloody curse, incomparably ferocious claw, from the bottom of the ground, a grasp of the two guards, directly pinch explosion!

"Ah

The two guards only had time to send out a scream. They were pinched and exploded into splashing flesh and blood on the spot.

"What!"

Seeing this scene, Zhou Hong was terrified. The guards around him were also shocked and pulled out their weapons one after another.

Boom

A huge beast came out of the ground.

The beast is shaped like a tiger with a big mouth and teeth like a sword halberd. It looks like a legendary gluttonous beast, but it is covered with a layer of gold armor, and its breath is extremely ferocious.

"Ancient giant beast, golden armor gluttonous!"

Zhou Hong's pupils shrank and her scalp felt numb. Empress Cang stepped back three steps.

This giant beast is actually the legendary golden armour gluttonous.

Jinjia Taotie is not a natural beast. It is made by the goddess of heaven and is given to the God of stars and moon as a guardian animal.

If ye Chen was here, he would surely feel that this golden armour was full of gluttonous food. It was obviously made by the Empress Dowager. There would be no fake.

"Are you the master of the moon in this life? Sorry, I'm late. "

Jinjia Taotie looks back at Xia Ruoxue with an apologetic voice.

"You..."

Xia Ruoxue is stunned. She didn't expect that Jinjia Taotie would protect her.

"Sister Xue, it must be you who are in charge of Mingyue Tianshu and have been recognized by the God of stars and moon!"

Xiaobai escaped from death, exclaimed surprise.

Summer if snow suddenly realized, murmured: "so it is."

The God of the stars and moon is the first person to hold the book of heaven on the bright moon, and is the original master of the moon. Now Xia Ruoxue is in charge of the book of heaven of the moon, which is obviously recognized by the God of stars and moon. Therefore, Jinjia Taotie comes out to protect her.

"Master Mingyue, please go quickly. Go to the deep of the tomb mansion where there is my master's inheritance. As long as you get my master's inheritance, you can ascend to the sky one step at a time and transform completely!"

Jin Jia Taotie urges Xia Ruoxue to leave. He is panting for breath and seems to be a little weak.

Chapter 4494

Xia Ruoxue noticed that the golden armour Taotie was scarred all over, and the armor covered with it had a lot of damage and destruction, and wisps of incantation continued to spread from the cracks in the armor.

Jinjia Taotie's wound, under the erosion of the curse, is still flowing with blood, and there is no sign of healing.

Xia Ruoxue's face is startled. It seems that since the ancient times, he has been haunted by the curse of Qi, and his wound has been bleeding for thousands of years.

That wisps of curse gas, the curse breath is so strong, Xia Ruoxue can be sure, even if ye Chen is here, using the holy water of the yellow spring, it may not be able to wash away!

Even the holy water of the yellow spring can not completely purify the mantra Qi. We can imagine how terrible it is.

"Ha ha, evil animal, get out of my way, or I'll kill you!"

After a short period of astonishment, Zhou Hong quickly regained his composure and saw the serious injury of Jinjia Taotie.

"If I'm not wrong, the mantra on you should be caused by the eight mantra keel lock? The eight mantra keel lock is said to be the most precious treasure in the past thirty-three days. The mantra is the most powerful and can't even be washed out of the yellow spring. You're haunted by the mantra Qi, and you're too busy to protect yourself. Do you want to stand out for others

Zhou Hong takes a step forward, in his hand ten square kill God hook, burst out the dazzling edge.

If it was the golden jiataotie in its heyday, Zhou Hong might be extremely afraid.

But at the moment, Jinjia Taotie is haunted by the curse and is seriously injured. His strength is not as good as before. Zhou Hong is sure to kill him.

"You are not welcome here. Get out of here, or don't blame me for being merciless."

Jin Jia snorted, and his fierce breath broke out. Although he was haunted by curse and was seriously injured, he still had a chance to kill Zhou Hong in the tomb mansion.

"Oh, come on."

Both sides recognized that they had a better chance of winning, and Zhou Hong did not talk nonsense. The ten side killer hook was suddenly cut out, and the curved hook blade was extremely sharp, cutting into the weak points of the golden armour Taotie's wound.

"Star God destroys evil spirits array!"

The golden armour's gluttonous claws were slapped on the ground. Suddenly, a large array of stars shining suddenly emerged, with a trace of strong atmosphere of destruction and Exorcism, and went directly to kill Zhou Hong.

Jinjia Taotie is very clear about the sharpness of the ten side killing God hook. Instead of hard connection, it uses the array in the tomb mansion.

This Xingyue tomb house is decorated with large arrays everywhere. As a guardian beast, the golden jiataotie is naturally aware of the usage of each array. When the land is occupied, it is sure to kill Zhou Hong.

Chuckle!

One after another, he killed Zhou Hong in front of him.

Zhou Hong's face sank, and he quickly waved the ten square killer hook to resist. His skin was illuminated by the starlight, and there were signs of cold cracking, as if he had been attacked and killed in the severe winter.

"Evil gate!"

Zhou Hong gnaws his teeth. If he hits hard, Jinjia Taotie is not his opponent, but Jinjia Taotie is in danger by using the array.

"Broken!"

Between the lightning and the flint, Zhou Hong grabbed two guards and threw them into the array without mercy.

Chuck!le!

Bursts of starlight burst and shot like crossbows. The two guards screamed "ah", and their bodies were pierced immediately, splashed with blood and died on the spot.

Zhou Hong takes advantage of this opportunity to dodge the array and cleave to the body of gold Jia Taotie.

"Not good!"

Gold Jia Taotie suddenly changed color. Unexpectedly, Zhou Hong was so fierce. He directly used two guards as a cover to break through the attack and kill of the star array and cut it with a fierce sword.

Puff!

Zhou Hong's blade is very fast. He can't avoid the golden armour Taotie. He is cut and injured immediately, and his blood flows directly.

The gold armour Taotie is covered with battle armor, but Zhou Hong's blade is precise. He cuts into the gap between his armor and cuts his flesh and bones. He is extremely fierce.

It's a black curse that can't stop the wound.

This is the most precious treasure of the thirty-three days, the curse of eight mantras on the keel lock.

The eight mantras on the keel lock have a strong curse breath, which can curse people's life span, Qi, marriage, Dao Xin, physique, Feng Shui, relatives and friends, and future.

Eight curses, all of them will die.

The eight mantra keel lock was later refined by the empress dowager, and became a witch's true treasure. It is said that it has been obtained by the emperor yuan palace.

Jinjia Taotie's body has been cursed for a long time. Once the wound appears, it will never heal. It can only bleed until death!

"Ha ha ha, you are full of Qi. How can you be my enemy? Just die

Zhou Hong laughs up at the sky and looks at the bloody situation of Jinjia Taotie. His eyes are even more ferocious. He cuts out with a knife.

"Lord Mingyue, go away!"

Seeing Zhou Hong so fierce, Jinjia Taotie tears out a strong wind with a claw on his backhand, and sends Xia Ruoxue off first.

Xia Ruoxue "ouch" was blown by the strong wind, and seemed to be involved in the turbulent flow of space. He could not help but fly to the depth of the tomb house."Want to go? Chase me

Zhou Hong snorted, and slashed the golden armour Taotie with a knife. At the same time, he ordered his men to pursue Xia Ruoxue.

"Yes, little Lord!"

A group of guards are carrying weapons and go after Xia Ruoxue.

"Our territory is not up to you

The scarlet pupil of the golden Jia Taotie suddenly became fierce. He was hacked by Zhou Hong. With his own blood as the guide, he madly urged the star God to kill evil spirits.

Whoa!

Under the blood perfusion of golden jiaotie, the light of the star God killing evil array broke out to the extreme, and the stars continuously released and twinkled.

Under the endless starlight penetration, immediately several guards were shot.

The rest of the guards were quick to react and dodge quickly, but they were also frightened into a cold sweat.

"Evil animal, do you want to fight hard?"

Zhou Hong's face changed slightly. Jin Jia Taotie was killed by him. It was hard to resist the pressure control of the divine sabre. Unexpectedly, he burned blood essence now. He said that he was going to fight hard.

Jinjia Taotie mantra is full of Qi and is seriously injured. If you burn blood essence again, I'm afraid it will fall.

"Fortunately, I offer a memorial ceremony to Emperor Shi, and invite some Fu Zhao."

"The light of the sun has been suppressed by me!"

When Zhou Hong saw the starlight surging around him, he did not dare to neglect it. At the moment, he crushed the Xiri Fuzhao.

Jinjia Taotie wants to work hard, but he doesn't want to die.

Fortunately, he was cautious, and had prayed to the emperor Shitian and asked for several Fu Zhao before he stepped into Xingyue tomb.

At this moment, Xiri Fuzhao smashed, a round of brilliant sun, suddenly appeared in the air, releasing the incomparably blazing light.

In the light of the sun, the stars around, suddenly dim down.

Jinjia Taotie's eyes are cracked, and he is still burning blood essence. Even if he loses his life, he should protect Xia Ruoxue and inherit the mantle of the God of stars and moon.

It has been guarding Xingyue tomb house for tens of thousands of years in order to find a suitable successor.

And Xia ruoshue, no doubt, is the most suitable successor to the God of stars and moon!

Chapter 4495

At the moment, Xia Ruoxue and Xiaobai have been sent to the depths of Xingyue tomb mansion.

There are innumerable natural materials, earth treasures, various medicinal materials, minerals, weapons, magic weapons and so on.

Most of the medicinal materials have been passively refined into pills and piled up into hills.

Jinjia Taotie was seriously injured and could not be healed. He lived for tens of thousands of years relying on the medicinal materials here.

If not waiting for the successor of the God of stars and moon, Jinjia Taotie might have chosen to die.

Xia Ruoxue clearly saw that, surrounded by countless natural materials and treasures, a Fuzhao was suspended in the air, releasing a series of bright stars and moons.

In addition to the brilliance of the stars and the moon, there were layers of cold flames covering the Fuzhao.

Unexpectedly, the flame turned into ice.

"Is this the ice Phoenix star flame?"

Xia Ruoxue took a breath of cool air, only to feel that there was a tremendous amount of good luck in this Xingyue Fuzhao.

Obviously, this Xingyue Fuzhao was left by the God of stars and moon. It contains the life-long inheritance of the God of stars and moon, even the legendary ice Phoenix and star flame.

As long as you refine this Fu Zhao, you can inherit the mantle of the God of stars and moon, and even get ice yellow star flame!

It's very special. It's also a special flame from the sky.

If you refine the ice yellow star flame, Xia Ruoxue's reincarnation star flame is enough to upgrade instantly, and even shake xuanjiyue's reincarnation star flame!

"Sister Xue, refine this Fu Zhao quickly."

Xiaobai urges him to jump down from Xia Ruoxue's arms and finds several pills to recover his breath.

However, even if all the pills here add up, they are not as precious as the star moon Fu Zhao.

The energy contained in this star and moon rune is enough to make people change their lives against the sky and completely transform!

Even if you swallow the star and moon Fu Zhao, you can recover instantly.

But for tens of thousands of years, Jinjia Taotie did not touch the imperial edict. He would rather bear the pain and wait for the real successor.

And Xia Ruoxue, who is in charge of Mingyue Tianshu, is obviously the most suitable successor of the God of stars and moons!

Boom

In the distance, there were bursts of fighting.

The fierce battle between Jinjia Taotie and Zhou Hong has entered a white heat.

"No time, Xiaobai, protect the Dharma for me!"

Xia Ruoxue bit her teeth, and immediately stopped hesitating. She immediately reached out to capture the star moon Fu Zhao. She only wanted to absorb refining as soon as possible, and then save Jinjia Taotie.

The star and moon Fu Zhao seems to be made for Xia Ruoxue. Holding it in her hand, she only feels the aura coming from her body. Her heart and lungs are fresh.

Endless stars and moons, ice and Phoenix flame interweave, Xia Ruoxue knows the sea concussion, seems to have a glimpse of an ancient picture.

An amazing woman, proud of the sky, the whole body evolved into endless stars, bright moon wheel, the breath is magnificent to the extreme.

"I am the God of the stars and the moon. Today you inherit my mantle. Don't forget my long cherished wish."

The astonishing woman seems to be watching Xia Ruoxue.

"Elder, what is your long cherished wish?"

Xia Ruoxue asked in a hurry.

However, the picture of recognizing the sea is rapidly collapsing.

Summer if snow only feel the whole body burning pain, very uncomfortable!

Her hands of the stars and moon Fu Zhao, has been completely melted, a continuous stream of stars into the meridians, bringing bursts of cool.

At the same time, the snow made a huge impact.

The ice Phoenix star flame, falling from the ice Phoenix Sky Sword, contains the energy of ice and fire.

Xia Ruoxue absorbs the ice yellow star flame, suddenly feels the ice and fire interweave, a burst of burning pain all over the body, and a burst of cold.

"Bright moon, heavenly book, guard!"

Xia Ruoxue quickly sat down on his knees and offered the moon heavenly book. He stabilized his mind a little and began to absorb the aura of ice yellow star flame.

Xiaobai sees Xia Ruoxue in the state of cultivation, and quickly wakes up and guards her side.

Fortunately, Jinjia Taotie there, fighting to block Zhou Hong, no one can break in.

Although there are many strong men in Yueshang ancient city, they can't find the entrance to the tomb house, and no one bothers Xia Ruoxue.

That is to say, the summer snow now, at least is safe!

As time goes by, the outside world is already dawn.

"I am the master of the moon and the stars shine!"

At this time the summer snow, suddenly opened his eyes.

After a night of practice, Xia Ruoxue has completely absorbed the aura of Xingyue Fuzhao.

Xia Ruoxue's letter to the moon, at this moment, actually burst out a wisp of starlight, no longer a pure moon, but with the smell of starlight.

Obviously, she has got the inheritance of the God of stars and moon!

Whoa, whoa!The pages of the book of Mingyue Tianshu are constantly turning, and the words appear one by one. Each text has the light of stars and moon, and the source gas bursts out in bursts. It is very beautiful.

In the past, Mingyue Tianshu was only a small source skill, but now, it has absorbed the energy of Xingyue Fuzhao and transformed into Dayuan Shu directly!

In terms of power, the moon heavenly book is even more powerful than the ten source runes!

"Sister Xue, did you succeed?"

Xiaobai was stunned. He didn't expect that Mingyue Tianshu had been upgraded. Xiaoyuan was changed into Dayuan, and it was more powerful than the ten source runes.

The inheritance Fu Zhao of the God of stars and moon is really extraordinary.

Xia Ruoxue did not answer, the mind was immersed in the wonderful enlightenment of breakthrough.

Upgrade is not only the moon, but also reincarnation star flame!

Chuckling

Wisps of white flame, surrounded by summer snow, is the purest reincarnation star flame, with the breath of reincarnation and stars.

In the past Xia Ruoxue, there was only a trace of remnant in the reincarnation star flame, and the breath was very weak. But now, she has refined the Fuzhao left by the God of stars and moon, absorbed the ice yellow star flame, and her reincarnation star flame is also completely transformed.

Boom

Xia Ruoxue Jiao body, the eruption of a volcanic roar like sound, obviously the blood is strong to the extreme.

Her cultivation, at this moment, made rapid progress, fully reached the origin of the three levels of heaven!

Around the body of the reincarnation star flame, the fire is blazing, actually turned out a head of ice Huang virtual shadow, flying wings, evil is good-looking.

Xiaobai, on one side, was completely shocked.

Inheriting the mantle of the God of the stars and the moon, today's Xia Ruoxue is simply flying into the sky.

Mingyue Tianshu upgrade, reincarnation star flame upgrade, even Xia Ruoxue himself, also broke through to the origin of the three layers of heaven, this is simply incredible progress!

"Xiaobai, protect the Dharma for me. Give me a little more time. I want to practice steadily."

Xia Ruoxue bit her silver teeth, pinched a training handprint, and entered the cultivation state again.

After getting the star moon Fu Zhao, Xia Ruoxue couldn't bear such a big chance. Her muscles and bones were shaking, and Daoxin was also a little unable to bear it, showing signs of collapse.

Chapter 4496

Once again, she felt the magic method of upgrading and breakthrough, and consolidated her cultivation.

All of a sudden, she has to lay a good foundation, firmly consolidate, in order to completely stabilize the heart of the Tao, otherwise, she is likely to be possessed by the devil!

The inheritance Fu Zhao of the God of stars and moon is of great significance. Xia Ruoxue dare not be careless. She feels that there is even thunder robbery coming!

If you can't cross the thunder robbery, everything will be a bubble!

"Sister Xue..."

Xiaobai is a little flustered. She is really flustered.

The Fu Zhao of the God of the stars and the moon is so powerful and powerful that she is afraid that Xia Ruoxue can't bear it.

On the other side, the battle between Zhou Hong and Jinjia Taotie is fierce.

However, Zhou Hong was not afraid of the destruction of the big array because of the Xiri Fuzhao and the ten square killer hooks.

However, Jinjia gluttonous burning blood essence, breath is too fierce, in a short time, Zhou Hong can not win.

The two sides fell into a standoff and fought all night without winning or losing.

"Damn it! This evil animal is so hard to deal with

Zhou Hong's face was very ugly. He thought he could make a quick decision. Unexpectedly, he delayed it all night!

Although the blood essence of Jinjia Taotie was burning, he took out a lot of pills to Nourish Qi and blood and hang his life. Zhou Hong didn't expect that he would survive until now.

Zhou Hong's guards have died in the war.

"Oh, man, you are still too young."

With a grin and claws, the light of the star God killing evil array spreads out.

In this big array, there are many arrays, such as killing array, soul destroying array, corroding array, freezing array and so on.

It is relying on the many arrays in the tomb mansion that the golden armour's gluttonous food is enough to support the whole night.

Boom

When one man and one animal were fighting each other, the shock came from the depth of the tomb.

Summer if snow break through again and again, the weather, also spread here.

"Did you succeed?"

Gold Jia Taotie eyes a bright, only feel a burst of bright moon source gas, as well as the majestic breath of reincarnation star flame, constantly surging.

In its mind, it actually appeared an illusion, as if to see a world shaking woman, holding the flame of the stars and moon, standing high in the sky, arrogant and invincible.

"Damn it, Xia Ruoxue, that bitch, swallowed the ice yellow star flame?"

Zhou Hong was shocked by the source gas of the moon, and his mind was also full of illusions. He saw a spectacular picture of thousands of snow and ice phoenix flying in the sky.

The outside world, also appeared the astonishing vision.

Xia Ruoxue inherited the Xingyue Fuzhao, she is the new generation of the God of the moon, Mingyue Tianshu upgrade, reincarnation star flame also upgrade, so divine power, enough to shake the sky.

The day and the day turned into night.

A bright moon, hanging in the sky, shining on the earth.

The bright moon was surrounded by flames. The white flames turned into a head of ice Phoenix, flying and dancing. It was very beautiful.

In the outside world and in the upper world, countless people have seen this amazing vision.

Day into night, the full moon hanging in the sky, surrounded by flames, ice Phoenix wings, this scene is too magnificent, shocking.

"Where can we be born?"

"This is Reincarnation star flame? Did the queen break through again

"No, this reincarnation star flame has the divine radiance of the moon and stars. Has anyone inherited the mantle of the God of the stars and the moon?"

In the ancient city of Yueshang, countless powerful people look up at the pictures in the sky, and their hearts are full of amazement.

The flame surrounded by the bright moon is the legendary reincarnation star flame. The sky fire is very domineering, and it also has the inside flavor of the God of the stars and the moon. It is obvious that some people have been inherited by the God of the stars and the moon, and the atmosphere has moved the heaven and the earth, causing such strange phenomena.

The source of the vision is in Yueshang ancient city!

"The tomb of the God of the moon and stars may have been found!"

Countless people speculated, full of jealousy.

The inheritance of the God of stars and moons is extremely precious. If anyone can get it, he will have great luck.

Looking at the visions in the sky, many people in Yueshang ancient city are ready to move and rush to the source of the vision, hoping to fish in troubled waters.

.....

Yuan Tian Yuan, surface ruins.

Ye Chen is sitting in a deserted courtyard, quietly practicing.

He is feeling the mystery of the great starry sky!

After a few days of closure, ye Chen has a preliminary grasp of the practical skills of Hongmeng big starry sky.

If you want to take Hongmeng big star sky and apply it to actual combat, it's better to combine it with burning the sky!

Burning the sky starts from the sky, and then releases the great starry sky. Then, ye Chen's self heaven world will span an incomparably old starry sky, greatly increasing its lethality!

This is Ye Chen thought of the actual combat method!

"When the assembly of Tu Sheng begins, the great stars of Hongmeng come to the palace of emperor yuan. I don't know what kind of scene it is."Ye Chen licked his lips and could not help but look forward to it.

But at this time, the sky vision, day instantly turned into night, a moon shining on the earth, even more magical, the moon was surrounded by layers of flame!

"This is..."

Ye Chen opened his eyes and looked up at the vision in the sky, and immediately felt incomparably shocked.

Because, this flame is not other, but reincarnation star flame!

Looking beyond the realm and the upper world, only Xia Ruoxue controls the reincarnation star flame except Xuanji moon!

Moreover, the full moon in the sky has a strong aura of Yuanshu, which is obviously the evolution of the book of heaven on the bright moon, which is consistent with Xia Ruoxue's cultivation skills!

"Is this the vision of ruoshue's breakthrough?"

On the moon, he was surprised by the great momentum of the moon.

Obviously, Xia Ruoxue has made a breakthrough in his cultivation, and the Mingyue Tianshu and reincarnation star flame have been upgraded.

Judging from the breath of the moon wheel in the sky, Xia Ruoxue's Mingyue Tianshu obviously reaches the level of Dayuan technique, even surpasses the ten source symbols!

There is also reincarnation star flame, at this moment, the vision of ice phoenix flying into the sky has been completely transformed, the light is extremely dazzling.

"Such a great vision, this is to challenge the authority of the queen of the upper world! If snow is dangerous! "

Ye Chen's face changed slightly. The moon's reincarnation star flame was extremely bright and brilliant. Even ice Huang was flying. The weather was so magnificent that it challenged xuanjiyue's authority!

After all, the body of reincarnation star flame is in the hands of xuanjiyue.

Xia Ruoxue's reincarnation star flame is just a wisp of remnant. Now it is so transformed that it can shake xuanjiyue's noumenon, which is equivalent to blasphemy of empress Tianwei.

This is xuanjiyue absolutely can't tolerate!

Xuanjiyue absolutely saw the vision on the sky. She couldn't let go of Xia Ruoxue!

You know, when she was in the kingdom of God, Xuan Jiyue decided that Xia Ruoxue was a guilty woman. She sent people to arrest Xia Ruoxue many times, but they all failed. She must bear a grudge.

Seeing the vision of reincarnation star flame again, xuanjiyue will definitely send someone to catch Na Xia Ruoxue!

"No, I'm going to help ruoshue!"

Ye Chen's face is dignified. If Xuan Jiyue sends someone to come, Xia Ruoxue is likely to have an accident. He can't sit back and watch.

Chapter 4497

Xia Ruoxue has just broken through, and the foundation may not be stable. If there is an accident, the consequences will be unimaginable.

Ye Chen did not hesitate, immediately tearing the void, quickly rushed to the source of the vision.

Ye Chen has sensed the source of the heavenly vision.

If you can help Xia Ruoxue tide over the difficulties, ye Chen can also help her when the butcher's meeting begins!

.....

The upper world, the Queen's palace.

"This is Reincarnation star flame

"It's the guilty girl!"

Xuanjiyue also found the bright moon hanging in the sky, and her face suddenly changed color.

She knew that there was a remnant of the reincarnation star flame, which fell into the hands of some lower bound guilty woman. She had always wanted to recover it, but she never succeeded.

Now, seeing the vision of reincarnation star flame again, xuanjiyue is naturally extremely angry.

Even, xuanjiyue feels that the reincarnation star flame in her body is shaking!

At that time, Xuanji moon was terrified and threatened by the sky.

"That sinful woman, blasphemous, wants to turn away from the guest?"

Xuanjiyue is terrified. The reincarnation star flame surrounded by the bright moon in the sky is no longer a remnant of the past. It has completely upgraded and degenerated, and even poses a threat to her original Star flame.

"Once the guilty woman turns away from the guest and gives her enough time to grow up, I'm afraid that I will lose my status and even the Queen's palace will change her ownership."

The strange phenomenon of reincarnation and flame in the sky is very special, and it has evolved into ice Phoenix. Xuan Jiye can see at a glance that Xia Ruoxue has been inherited by the God of the stars and the moon, and the reincarnation star flame absorbs the Fuzhao of the stars and the moon and completely transforms.

The legendary god of stars and moons is a strong one in ancient times.

In the past, the goddess of heaven also added green eyes to the God of stars and moon.

The inheritance of Fu Zhao left by these great figures is naturally extremely precious.

Xuanjiyue didn't expect that Xia Ruoxue could inherit the spirit of the moon and stars.

In the Queen's palace, countless people were shocked to see the sky's reincarnation and flame.

Reincarnation star flame, is the Queen's thing, no one can touch, but at this moment, actually someone dares to violate the majesty of the empress, is simply looking for death!

Today's Xuanji month, the division of the supreme source of soldiers, how overbearing.

Her majesty will not allow any blasphemy!

"Oh!"

There was a long cry of piercing clouds and cracking stones, and the sky was startled.

a golden winged ROC flew in and fell to the ground to become a powerful man. He was holding a treasure stick and his Dharma was solemn. He was the old Buddha Jinpeng in the "land of heaven and earth"!

"Your Majesty, if someone offends your majesty, it must be the guilty woman!"

"I ask to go out to war and take the guilty woman back to the upper world."

The old Buddha, Jin Peng, had a solemn tone, but he volunteered to take Xia Ruoxue and bring it back to the upper world to solve xuanjiyue's troubles.

"Very good, but don't catch it alive. If you see that guilty girl, just wipe it out and take back the reincarnation star flame!"

Xuanjiyue nodded with satisfaction when she saw the old Buddha Jinpeng asking for her tassels.

However, the most important thing in front of us is the assembly of slaughtering saints.

Xuanjiyue doesn't want to waste too much time on Xia Ruoxue. She just wants to wipe it out and take back the reincarnation star flame!

"Yes

The old Buddha Jinpeng obeys the order with respectful voice. He is a master in the early stage of Huanzhen state. Moreover, the treasure stick in his hand, called the three treasure Vajra stick, is one of the top ten source soldiers.

With his strength at the early stage of his return to the real world, and with the three treasures of Vajra stick, it is easy to kill Xia Ruoxue and regain the reincarnation star flame.

"Be careful, don't capsize in the gutter. You are the defense line against the heart demon's curse sword. If you have an accident, I'm afraid it's not easy to guard against the emperor Shitian."

Xuanjiyue follows her advice. In the long run of time, the old emperor's mandrill has already fallen. Now there are only three people left. Their defense against the heart demons is greatly weakened. If even the old Buddha Jinpeng has an accident, it will be a little tricky.

Although xuanjiyue is now in charge of Shenluo Tianjian, she is extremely sharp, but she can't give full play to her power after all. However, the heart demon curse sword of emperor Shitian is too unpredictable, so she naturally dare not be careless.

"Don't worry, empress. I'm here. The guilty girl will die."

The old Buddha Jinpeng looks solemn. He has the strength at the beginning of the real world, and there are Dayuan soldiers in his hand. Is Xia Ruoxue his enemy?

After the negotiation, the old Buddha Jinpeng immediately took more than a dozen empress's attendants to quickly tear up the void according to the source of the vision, and rushed to the ancient city of Yueshang near the Sunmoon sea.

.....

At this time, the ancient city of Yueshang is very lively.

Many strong men are looking for the entrance of Xingyue tomb mansion. They are not willing to see the treasures in the tomb mansion, and they are all swallowed by others.

However, the entrance of the tomb house is quite hidden, and people can't get a clue for a moment.

"If snow is nearby."

At this time, ye Chen also came to the ancient city of Yueshang, mixing in the crowd, others could not feel the smell of Xia Ruoxue, but he did.

"Xuanjiyue's people have not come yet. I want to take ruoshue away as soon as possible to avoid unnecessary fighting!" Ye Chen eyes concise, immediately quietly, left the crowd, along the smell of summer snow, quickly find.

The eruption of Xia Ruoxue's reincarnation star flame will certainly alarm xuanjiyue, but fortunately, xuanjiyue's hands have not arrived yet.

If ye Chen moves quickly, he may be able to take Xia Ruoxue away in time to avoid fighting.

After all, the day of the festival is getting closer and closer. If we can avoid consumption, it would be better.

All the way through several forests.

Finally, ye Chen saw the entrance of Xingyue tomb mansion!

But near the entrance, there were 20 or 30 corpses, all dressed in the clothes of the city Lord's mansion. The blood had just dried up, and it was obvious that they had not died long ago.

Ye Chen's Magic Cave opened, and immediately penetrated through layers of fog, and saw what had happened here.

"City Lord's house, Zhou Hong, ten ways to kill God hook!"

"The God of stars and moon inherits Fuzhao and the flowing flame of ice Phoenix Sky sword!"

All of a sudden, ye Chen saw the whole story of the matter.

The corpses on the ground were all guards of the city Lord's house, and were killed by Xia Ruoxue.

Zhou Hong, the young master of the city Lord's house, is not kind to Xia Ruoxue.

And behind the city Lord's house, there is even the shadow of emperor Shitian!

Zhou Yue, the city master of Yueshang ancient city, has already gone to the Diyu hall to prepare for the massacre.

"If snow, don't have an accident!"

Ye Chen clenched his fist, but he didn't expect there was another Zhou Hong.

Zhou Hong is the sharpest killer hook among the ten source soldiers. If Xia Ruoxue is caught by Zhou Hong, the consequences will be unimaginable.

Ye Chen immediately passes through the entrance and steps into Xingyue tomb mansion.

Boom!

Ye Chen stepped into the tomb of the moon, but saw a very fierce battle.

Zhou Hong and Jinjia Taotie are fighting fiercely.

The battle of one man and one beast has come to an end.

Jinjia Taotie is struggling to support, the whole body's Qi and blood are on the verge of exhaustion, the body shrinks a circle, and the incantation gas bursts more and more intense.

Zhou Hong is holding on to the ten ways of killing God hook. After fighting for so long, he is able to kill Jinjia Taotie. His eyes are filled with sharp and angry murderous spirit:

"evil animal, die!"

It's a sharp hook knife. It's hard to cut it out.

Chapter 4498

The battle armor covered by the golden armor Taotie has already peeled off, and the array in the tomb mansion does not have enough energy to motivate it.

Zhou Hong is in a desperate situation.

"Five elements star ring, broken!"

When ye Chen sees this scene, he can see the cause and effect of each layer in an instant. He knows that jinjiataotie is the guardian animal of Xingyue tomb mansion and is standing over Xia Ruoxue.

Seeing Jinjia Taotie in danger, ye Chen immediately offered his hand to sacrifice the five element star ring.

The five elements of the star ring, like a legendary hidden weapon of blood drops, glides in the air and spins directly to cut Zhou Hong's head. It's very terrifying.

Zhou Hong's ten ways of killing God hook is too sharp. Ye Chen is in a hurry. If he collides with each other, something may happen.

Between the electric light and the flint, ye Chen decided to surround the Wei Dynasty to save Zhao. The five elements star ring cut Zhou Hong's head straight. He wanted to force him to save himself.

"What!"

Zhou Hong's face suddenly changed. He looked back at Ye Chen. Unexpectedly, someone broke in at this critical moment.

Gold Jia Taotie looks at Ye Chen, and his eyes are slightly stunned.

It from ye Chen body, capture and summer if snow connected breath.

Obviously, ye Chen and Xia Ruoxue are together!

Chuckling

The five elements of the star ring cut sharp, straight to the head.

Zhou Hong bit his teeth and had to draw back the hook knife and raise it to block it.

Ding!

The ring of five elements stars collided with the ten square killer hook, sending out a crisp sound and sparks splashing everywhere.

"Seven layers of sky" in the sky

Zhou Hong's face showed a strange look. At this confrontation, he immediately saw that ye Chen's cultivation was only to mend the heaven and seven layers of heaven, and even heaven and earth had not yet reached.

However, ye Chen's majestic momentum, but let him fear.

"Damn it."

Zhou Hong feels extremely dangerous. Ye Chen's strength is obviously not as simple as it seems on the surface. Moreover, there are five elements of the star ring, which can not be underestimated.

"Xiri Fuzhao has been suppressed by me!"

At this juncture, Zhou Hong didn't talk nonsense. He even offered a piece of Sun Fu Zhao. A round of brilliant sun suddenly rose into the air, suspended in the middle of the tomb, releasing the incomparably intense divine power.

Around the temperature, suddenly soared, bursts of heat waves came, the air exploded in the wisps of sun god flame, crazy toward the leaves burning.

"Well, it's a small skill."

"Nine Yi sunset bow, through!"

Ye Chen is awe inspiring and fearless. He turns into a lot of Koi to protect himself. He turns over the nine Yi sunset bow in his hand and shoots it out with a fierce arrow.

The immortal spirit copied by Tianxian Koi has a very good body protection effect. The wisps of sun and God flame rolled in, and they were all swallowed by the koi, and did not hurt Ye Chen.

At the same time, ye Chen's arrow of setting sun, with a terrible breath of destruction, shoots at the sun in mid air.

"There are big source soldiers

When Zhou Hong saw this scene, he was shocked. He didn't expect that ye Chen had a nine Yi sunset bow besides the five elements.

This is how much luck it takes to be in charge of two big source soldiers.

Bang!

The speed of the setting sun's arrows was so fast that Zhou Hong could only see a flower in front of him. The sun, which evolved from the Xiri Fuzhao, was immediately shot up and turned into countless tiny flame sparks.

"Die for me!"

Ye Chen is successful and pursues the victory. He turns out a big hammer, which is the four pole heaven shaking hammer. He hits Zhou Hong with a hammer to smash him into meat paste.

Zhou Hong breathed and suffocated. He felt that the power of the hammer was very domineering, and he could not resist it.

Although his ten square killer hooks are extremely sharp, they will be suppressed if they encounter the super heavy weapon of quadrupole Zhentian hammer.

"Eight mantras, keel lock, up!"

At the critical moment, Zhou Hong actually offered another Fu Zhao in his hand and crushed it in the air.

This Fu Zhao is gray and gloomy, with layers of incantation and strong curse.

As soon as the Fu Zhao was crushed, it turned into the shadow of a magic weapon.

This magic weapon is a lock carved from a keel. It's full of mysterious Hongmeng runes. It's simple and gloomy. It's soul shaking. It's extremely weird to have endless mantra.

"Ah, it's eight mantras. Be careful!"

Jinjia Taotie exclaimed. In those years, it was injured by the eight mantra keel lock. His heart was full of shadows about this magic weapon.

The eight mantra keel lock is the most precious treasure of the three hundred and thirty-three days. After being refined by the supreme goddess, it has become the true treasure of witchcraft and has the power of sorcery and curse.

Once a man is cursed, life is worse than death.

What Zhou Hong offered was not the body of the eight mantras and the keel lock, but a wisp of empty shadow Fu Zhao, which was obviously given to him by the emperor Shitian.

The real eight mantra keel lock is in the hands of the emperor Shitian. This kind of magic weapon has a strong curse. It can be used with the heart demon's big mantra sword. It has a fantastic effect."I curse you, life is dry, old and decadent!"

"I curse you for your bad luck and bad luck!"

"I curse you, no marriage, lonely life!"

"I curse you, Dao heart breaks down, deep resentment!"

"I curse you, you are weak and injured!"

"I curse you, Fengshui does not turn, eternal experience difficult!"

"I curse you, relatives and friends, childless, sad old!"

"I curse you, the future is dark, and there is no light in the sky!"

Zhou Hong sent out a desolate chant, endless curse breath, crazy toward Ye Chen.

The immortal Koi on Ye Chen disappeared in an instant under the pressure of endless mantra.

Eight mantra keel lock, with eight curses, can curse people's life span, Qi Yun, marriage, Daoxin, physique, fengshui, relatives and friends, future and so on.

This time, ye Chen was cursed, and suddenly felt weak and lost. His heart also showed signs of collapse. He seemed to see his lonely life and gloomy future.

"Hey, how about my curse?"

Seeing ye Chen's curse, Zhou Hong immediately laughed grimly and killed him with a knife.

The most terrible curse brought by the eight mantras is the curse against the body. Once the body is entangled by the curse, it will not heal for a lifetime. It can only bleed to death, just like the golden armor Taotie.

Zhou Hong seems to have seen that ye Chen was killed by his own knife, and the blood was not only dead.

"You want to curse me? Purple Ribbon thousand machine printing, fairy brocade carp copy, give me disperse

Ye Chen looks at the mantra that surrounds the whole body. He is not in a hurry and offers a thousand machine seals of purple ribbon.

Hum!

Suddenly, an immortal seal suddenly flew out of Ye Chen's body, surrounded by layers of purple light, which was the purple ribbon thousand machine seal.

This purple ribbon thousand machine seal is a magic weapon of Ye Chen's previous life. It took a lot of energy for the two old men of Jianfen to break the ban imposed by xuanjiyue and let Ye Chen get it again.

This time, ye Chen released the purple ribbon thousand machine seal, and immediately there was a magnificent immortal spirit.

Chapter 4499

Under the nourishment of Zishou Xianqi, ye Chen once again displays Tianxian Koi copy, and a line of Tianxian carp emerges again.

The celestial Cyprinus carpio around Ye Chen was infused with purple ribbon immortal Qi, and almost evolved into a solid body with golden scales. If you want to leap over the dragon's gate, the atmosphere will cover Ye Chen's whole body.

That wisps of lingering mantra gas, was immediately dispelled by the immortal carp, ye Chen also recovered Qingming.

"What, how many magic weapons do you have?"

Zhou Hong was terrified. Ye Chen repeatedly displayed the five elements of the star ring, the nine Yi sunset bow, the four pole Zhentian hammer, the purple ribbon thousand machine seal, and the immortal brocade carp copy. The Dayuan soldiers, the most precious treasures of Hongmeng, and the ancient methods of Hongmeng were endless and shocking.

"Four pole earth shaking hammer, smash it for me!"

Ye Chen snorted coldly and broke the curse of the eight mantras on the keel lock. He immediately carried the four pole earth shaking hammer and smashed it to Zhou Hong.

Zhou Hong's whole body was covered with sweat and fell back in a hurry. He was the master of the five layers of heaven in the original state, but under the hammer of Ye Chen, he had no resistance.

Ye Chen's combat effectiveness is really terrible. It's not so simple on the surface. Even the strong one in liuqilientian is not his enemy.

Boom!

The four pole earth shaking hammer fell on the ground, and the floor cracked suddenly. The whole tomb house was shaking and seemed to collapse.

"Run!"

Zhou Hong saw Ye Chen so brave that he didn't dare to fight, so he ran away in a hurry.

"Where can I go? Five star rings, cut

Ye Chen sees Zhou Hong's back, completely exposed in front of his own eyes, backhand sacrifice five elements star ring, cut to Zhou Hong's head.

However, Zhou Hong ran away so fast that he couldn't chase after him.

If Zhou Hong dares to expose his back, he naturally has the confidence to escape.

His cultivation has reached the five levels of heaven in the original state. Even if he can't beat Ye Chen in the front, but if he wants to escape, he believes that he can still escape.

"Naive."

Ye Chen shakes his head, also see Zhou Hong's idea, at the moment not slow, pinch out the Wutu Yuan Fu.

Boom!

At the next moment, the spirit of Wutu erupted, and a huge wall suddenly appeared in front of Zhou Hong's escape route.

"Not good!"

Zhou Hong was so shocked that he didn't expect such a change. He was caught off guard and hit the huge wall of Wutu, which made his nose swollen, his face blue and his head dizzy.

However, the feeling of dizziness only lasted for a moment.

The next moment, Zhou Hong felt a chill in his neck, then his head whirled around. Finally, the whole world was dark.

Ye Chen's five elements of the star ring came in a flash, just like a blood drop in the legend. When the sharp edge was twisted, Zhou Hong's head was cut off.

This time, ye Chen nodded with satisfaction and took back the five element star ring. He took another picture of his hand and seized Zhou Hong's ten side killer hooks.

"Ten ways of killing God hook, I have another big source soldier!"

Ye Chen is happy in his heart. It seems that his luck is so good that he can't help it.

In particular, after practicing Tianxian Koi copy, there will be more adventures in the future.

"It's so powerful, so overbearing, so strong!"

One side of the gold Jia Taotie, the whole process witnessed Ye Chen's means, can not help but be shocked and praised.

Ye Chen was so relaxed that he killed Zhou Hong. This is a fantastic strength.

"Jinjia Taotie, are you the guardian animal here?"

"Turn to me later."

Ye Chen looks at Jinjia Taotie, vaguely catching a trace of the cause and effect of the Empress Dowager.

Obviously, this golden tortoise is not a beast born and bred by heaven and earth, but made by the goddess of heaven. Its blood is quite good.

If you can take it down, ye Chen will have another help when the assembly of Tu Sheng begins.

In the meantime, ye Chen uses the celestial brocade carp copy, and then cooperates with the eight trigrams Tiandan technique and huangquan holy water. One by one, the golden scale carp surround the golden jia taotie, and there are strands of huangquan holy water to continuously purify the curse and resentment of it.

The curse caused by the eight mantras on the keel lock is hard to purify even the holy water of the yellow spring. However, if you use the holy water of the yellow spring and mix it with the fairy brocade carp, no matter how severe the curse is, it will not be able to turn the waves.

The golden spring, the golden spring, and the golden lotus are all over the body.

Under the treatment of Bagua Tiandan technique, Jinjia Taotie's injury was also quickly recovered.

Seeing this scene, Jinjia Taotie was completely stunned.

It's absolutely shocking!

The curse that has troubled him for tens of thousands of years has disintegrated as quickly as ice and snow melt under Ye Chen's hand.

Plop.

Jinjia Taotie was extremely grateful and knelt down and said, "Lord, I am willing to surrender!"

"Good."

Ye Chen nods with satisfaction and takes Jinjia Taotie back to the chart of the netherworld to have a good rest. Jinjia Taotie's previous curse was too deep, the injury was too heavy, and the essence blood was burning too seriously. Even if it is now treated with purification, it will take some time to recuperate and recover completely.

After solving Zhou Hong's problem, ye Chen rushes to the depth of the tomb.

Xia Ruoxue is over there!

The battle just now, said to be fierce, actually took place in a flash, so ye Chen did not delay much time.

Soon, ye Chen came to the depth of the tomb, and saw Xia Ruoxue dressed in white, sitting cross legged on the ground, and Xiaobai was guarding her.

"If snow..."

Ye Chen saw Xia Ruoxue, and his mind was extremely excited.

At the moment, Xia Ruoxue, with her eyes closed, her whole body reincarnated with stars and flames, her wings spread and her moonlight floated. Her breath was cold and elegant, like a fairy in the Moon Palace.

Summer if snow long eyelashes, trembling for a while, obviously know ye Chen came, the heart is also incomparably excited.

However, she was still in the critical moment of practice, unable to be distracted, so she did not open her eyes.

"Brother Ye Chen, you are here!"

Seeing ye Chen coming, Xiaobai almost can't believe his eyes. He is like a dream. He almost cried and strode to Ye Chen's arms.

"Well, it's OK."

Ye Chen rubbed Xiaobai's head and calmed down a little.

He felt that Xia Ruoxue's breath was very strong, and had reached the origin of three layers of heaven.

Mingyue Tianshu upgrade, reincarnation star flame upgrade, this luck is too big, there will be thunder disaster.

Ye Chen's wild sky thunder body, are ready to move, smell the smell of thunder robbery.

"It's a little tricky..."

Ye Chen's face sank. He wanted to take Xia Ruoxue away quietly to avoid fighting with xuanjiyue.

But now it seems that Xia Ruoxue is ready to cross the river. He can't move, and he can't take people away.

Once the thunder robbery comes, the danger is not the thunder robbery itself, but the thunder rob, Xia Ruoxue's position will be exposed, will be disturbed by outsiders.

In Yueshang ancient city, there are strong people from all walks of life who want to seize the treasure of the God of stars and moon. They can't wait to see all the treasures fall into Xia Ruoxue's hands, so they will definitely grab them.

At that time, ye Chen will not only face the people of the empress palace, but also many strong people.

Chapter 4500

"Xiaobai, you stay here. I'll go out and watch."

"Zhentian imperial city sword, guard!"

Ye Chen quickly made a decision to sacrifice the Wu Tu Yuan Fu and nine huge Wu Tu Epee swords. The town fell and surrounded Xia Ruoxue and Xiaobai, forming a circle to guard the two men.

Do all this, ye Chen strides away, he wants to go outside the tomb mansion, block the enemy's invasion, must not let people disturb Xia Ruoxue.

"Brother Ye Chen..."

Xiaobai also knows Ye Chen's mind and wants to resist the enemy outside the gate. But the strong men from all walks of life gather in Yueshang ancient city. Once they swarm in, how can ye Chen resist it?

"Don't worry, just stay here. I won't have any trouble."

Ye Chen touched Xiaobai's head, and affectionately looked at Xia Ruoxue, took a deep breath, and immediately left the tomb house and returned to the entrance.

Boom

As soon as ye Chen got out of the tomb, he heard thunder from the sky. The night had dissipated, and the vision of the moon and the reincarnation star flame had completely disappeared.

In the sky, there is only one heavy and deep thunder cloud, which condenses rapidly.

Among the thunder clouds, there are endless thunder storms, brewing rapidly.

Ye Chen's wild thunder body is ready to move. He wants to absorb the thunder in the sky, but he knows very well that the coming thunder robbery is a disaster, but it is also a chance for Xia Ruoxue.

If ye Chen devours the thunder robbery, it can avoid the disturbance of outsiders, but it will also rob Xia Ruoxue's chance, and the gain is not worth the loss.

Therefore, ye Chen waited quietly, and did not act rashly.

Crackle!

Thunderbolt sound move, a bucket thick thunder and lightning, fierce split from.

At the next moment, thunderstorm storm, countless terrible lightning, gathered into a natural disaster, crazy down.

Ye Chen bit his teeth, and did not use the great waste of thunder body absorption, but to avoid to one side.

Boom!

Numerous thunderbolts have been killed, and the transmission entrance has been destroyed. The earth has also been split by thunder and lightning. It is indistinct that there is an ancient palace at the bottom of the earth, which is the tomb of the God of stars and moon.

Thunder robbery came, directly broke the earth, let the Xingyue tomb house exposed.

Ye Chen clearly saw, rolling thunder, falling into the tomb of the moon.

Xia Ruoxue's thunder robbery finally came and broke out!

Although the thunder robbery is turbulent, ye Chen believes that Xia Ruoxue can get through it. After all, he has the protection of Wu Tu Yuan Fu. It is not difficult to cross the robbery.

The difficult thing is to stop the enemies who have heard the news!

"Thunder robbery is coming!"

"The location of thunder robbery must be the location of Xingyue tomb mansion!"

"Go to Xingyue tomb house and divide up the treasure!"

In the ancient city of Yueshang, many powerful people also saw the thunder robbery in the sky, and suddenly they were moved.

They wandered around and searched for a long time, but they could not find the location of Xingyue tomb mansion. But now, the thunder robbery comes, it seems that someone is crossing the robbery in Xingyue tomb mansion.

Once they are successfully robbed, all the treasures and opportunities will be robbed. This is what people can't tolerate.

Countless strong men, along the breath of thunder robbery, Qi Qi rushed to Xingyue tomb mansion.

Ye Chen is just above the Xingyue tomb mansion. He can already hear the footsteps coming from all directions. There are a large number of strong people who want to kill here.

"Poison source rune, turn into array!"

Ye Chen waved his hand and offered the poison source talisman. He quickly arranged a big killing array, and the endless poisonous gas was raging.

Dense footsteps, quickly approaching, the next moment, ye Chen saw countless heads, appeared around the mountain forest of Xingyue tomb.

"Watch out for poison!"

"Poison array has been set up here!"

Many strong men, as soon as they were close to Xingyue tomb mansion, felt the poisonous breath, and all of them were shocked and stood still.

Ye Chen stood in the poison array, looked around at the black heads around him, and said, "heaven and earth are lucky. Those who have virtue live in it. The treasure of Xingyue tomb mansion has been owned by me. Please go back."

The voice fell, and a burst of laughter burst out around him.

"What are you, boy?"

"How dare you be presumptuous even if you have seven layers of sky

"Where is the star moon Fu Zhao? Hand it in as soon as possible!"

"Get out of my way and get out of our way!"

Thunder robbery split the earth, all people through the cracks in the ground, all saw the location of the Xingyue tomb house, one by one showed his burning eyes, no one was willing to leave.

"If you are determined to take the treasure, don't blame me for being ruthless."

Ye Chen's eyes are cold, holding the ten side killer hook in his hand.

Buzz!

There are also Liangyi dragon and tiger sword, four pole Zhentian hammer, five elements of star ring, eight wild God halberd, nine Yi sunset bow, all ye Chen sacrificed.

One by one, the big source soldiers were flying up and down around Ye Chen, and the killing gas of endless heavenly soldiers was pouring out madly, which shocked people's mind.

"What!"

"There are so many big soldiers!""Are all the treasures in Xingyue tomb mansion?"

When they saw Ye Chen's explosion of Dayuan soldiers, they were shocked and greedy. They thought that ye Chen had obtained these Dayuan soldiers from Xingyue tomb mansion.

"Kill him and rob the Dayuan soldiers!"

I don't know who called out, and then the dark crowd around him suddenly made a move, and the light of endless magic weapons and magic arts instantly exploded, killing Ye Chen crazily.

"Looking for death!"

Ye Chen's face changed. He offered a sacrifice to Dayuan soldiers. Originally, he wanted to rely on the power of Dayuan soldiers to frighten the enemy, so that they could retreat in the face of difficulties.

But did not expect, these people are so fierce, not only did not retreat, but also want to rob Ye Chen's source soldiers.

Among these people, most of them were masters in the later period of Qiankun state and even the peak, and a few of them were masters in the middle of the original state.

If you fight alone, ye Chen can easily crush and kill.

But this time, with the help of a large number of people, they flocked to each other, and the breath became one. Ye chendun felt the pressure of a tsunami, and the highly toxic killing array was crushed before it had any effect.

"Eternal night, great devil, come!"

Ye Chen hums a sound, unhurriedly, sacrificing the source of darkness, and suddenly displays the magic heaven of eternal night.

The number of enemies is so large that ye Chen is not stupid enough to hit hard, but skillfully uses the magic heaven of eternal night.

Sobbing

Inspired by the dark source rune, the dark atmosphere of the eternal night demon sky broke out to the extreme.

In a moment, a piece of eternal darkness, such as the cover of a big pot.

All the light around disappeared in an instant, even the lightning of thunder robbery was also submerged by darkness.

Boom

Around heaven and earth, only thunder was heard, but no thunder and lightning could be seen. It was very strange.

Even the magic weapons and magic lights of the people were all covered by darkness, and could not give out any light.

As soon as the big devil came, all the lights were swallowed up. The four fields were pitch black and could not see five fingers.

"Ah

"Who's hitting me?"

"Damn it! Is this the eternal night? Why is the darkness so strong? "

"Be careful, don't fall into the enemy's trick!"

All of a sudden, all of them were startled.

In the absolute darkness, they can no longer see ye Chen. Instead, in the chaos, they cut and trample on each other and kill each other.
