

Physician 4621

Chapter 4621

According to the information in the golden beads, this strange beast is a monster similar to a giant centipede!

This centipede, with twelve pairs of wings, is called undeniable flying centipede. Like the Immortal Dragon, it is born with the power of destruction to protect its body.

In fact, the most powerful force is just the peak of the origin. In rare cases, it is not a big problem for ye Chen to break through to the true state.

As for the biggest dependence of not destroying feiwu, destroying Daoyun is not a problem. Ye Chen can see the beginning of heaven and earth, plus the mark of Daogu and the seal of destruction of quadruple sky, which is enough to crush feiwu!

Soon, ye Chen came to a long purple River, following the river forward.

A cave appears in front of Ye Chen.

Outside the cave, there is a lot of evil spirit and white bones. It is obviously the nest of some kind of creature!

Ye Chen's eyes flashed a happy color, a flash of body shape, then entered the cave!

The cave is very deep, but at Ye Chen's current speed, it doesn't matter. Soon, he turned it once, but

His brow frowned slightly, and his face was somber. The cave was empty, and there was no sign of flying centipede!

Is it true that feiwu has already moved?

In fact, after so many years, it is a question whether the wumie feiwu is alive or not

After the search was fruitless, he went out of the cave and began to look for the trace of the immortal flying centipede around the long purple river.

In a jungle, ye Chen's eyes suddenly brightened, and with a wave of his hand, he wiped out the lush grass, and saw a broken leg falling from the long grass!

Broken legs of insects!

However, the broken leg is nearly five meters long!

Such a huge insect is not common!

Ye Chen eyes a bright, this broken leg and Centipede's long is quite similar, very likely, is that does not extinguish the flying centipede left!

On the ground, in addition to the broken leg, there is a clump of green blood, extending towards the distance!

The most important thing is that the blood is fresh. The owner of the broken leg must have just been injured!

Immediately, ye Chen followed the blood and went to the depth of the jungle!

Not far ahead, ye Chen heard a scream!

His look moved, instant acceleration, under the foot of destruction road rhyme agitation, directly step into the space, blink of an eye, appeared in the place where the scream came!

I saw a huge centipede with 12 pairs of wings. A pair of forceps on its mouth was picking up a soldier with strange appearance, half human and half beast, dressed in armor. Blood flowed from the soldier's waist and abdomen!

That centipede is the flying centipede!

The soldier screamed, while holding a Tomahawk, frantically attacked the immortal flying centipede!

Ye Chen's eyes twinkle. On the Tomahawk, there is the rhyme of destruction. This man is also a practitioner who has mastered the way of destruction?

Unfortunately

The destruction of this Orc warrior is obviously very superficial. After falling on the head of the centipede, a burst of black light comes up, and its power is completely destroyed.

This power is very similar to the new words of the six exterminations true formula practiced by Ye Chen!

The next moment, with a click, the soldier was directly twisted into two pieces by the Centipede's tooth forceps, and he could not die any more.

There are hundreds of corpses all over the body of this immortal flying centipede. Among the remains, a very young Orc is sitting shivering in a pool of blood with his head in his arms

Ye Chen looked at the young Orc and saw that most of the bodies were concentrated around him, apparently to protect him.

At the moment, the centipede, with a pair of green bean eyes, looked at the orc child, and made a roar, and was about to rush towards the child.

At this time, a shadow of his youth appeared in his eyes!

The green light in Bu Mie Fei's green bean eyes flashed for a moment, but he didn't stop. His whole body was destroyed, and the road rhyme was surging towards Ye Chen. He rushed away wildly!

Under the huge force tumbling, brought up the storm, even the flying Centipede's whole body space, faintly appeared the crack!

Ye Chen stares at the impending flying centipede, with a light look. In front of him, the immortal flying centipede turns out to be half a step away from the real world!

It's the ultimate breakthrough!

If ye Chen came here when he had only the strength of the original territory, it could be said that he might have met with danger.

But now, this does not kill flying centipede, in Ye Chen's eyes is just a big worm!

The young man holding his head suddenly looked up at Ye Chen. The light of hope appeared in his eyes, as if he had caught a life-saving straw!

However, when he found that ye Chen was motionless in the face of the immortal flying centipede, his face turned pale in an instant and exclaimed: "get out of my way! This flying centipede is very powerful

However, ye Chen did not seem to hear the young people's reminder, without the slightest Dodge, defensive meaning.

The half animal boy closed his eyes and didn't seem to want to see ye Chen smashed into pieces by the immortal flying centipede And at this time, ye Chen faced the flying wubu, a blow out.

This fist, simple and unadorned, ye Chen only used the soul body transformation, but it was enough!

In the green bean eyes of the flying centipede, a touch of joy flashed over!

The strange creature in front of him gave him a rather dangerous feeling, but he did not expect that this creature should be so stupid?

Directly collide with yourself with your body?

It has a strong destructive charm, and is born to display the magic power of protecting the body. Can a fist hurt it?

Bu Mie Fei Wu's eyes become more and more ferocious. He wants to smash Ye Chen in an instant!

At this time, on top of the fist peak, the black light was shining, and the destruction of Daoyun accompanied, a rune appeared on the top of the fist peak!

The moment the rune appeared, the color of panic appeared in Bu Mie Fei Wu's eyes!

It turns its head and seems to want to escape!

But it's too late!

In a flash, ye Chen's fist has fallen on its head!

With a crack, the carapace of his head was broken in an instant. His huge body also flew backward and fell heavily on the ground. His mouth gave out a shrill hiss, and the green blood fell like a fountain.

The reason why it is not dead is that ye Chen left his hand.

At the next moment, ye Chen takes out the golden bead, which has a kind of blocking power. Ye Chen bends his finger and flicks the bead to the immortal flying centipede. With a flash of golden light, the immortal flying centipede, who has lost the resistance ability, is imprisoned in the golden bead.

Ye Chen waved and put away the beads. The task of this line was completed.

Now, what we have to do is to find the powerful monster with the destruction of Daoyun!

Just as he was about to leave the place, the child around him suddenly reached out and held him.

The child opened his eyes when he heard the loud noise, and then he saw a scene which was very shocking!

That does not extinguish the flying centipede, unexpectedly is in front of this strange looking elder brother, one fist second kills?

Immediately, the color of ecstasy appeared in his eyes, the joy of the rest of his life!

But soon, he found that ye Chen was going!

So he quickly pulled Ye Chen.

Chapter 4622

Ye Chen looks at the child. The child in front of him is about ten years old. He is one meter tall. He has a pair of sharp horns on his head. It looks like he is looking at himself with big black eyes.

The child began to beg, "brother, I come from the horned bear family in the field of exterminating animals. My father is the owner of the family. This time, I came back from the place of practice and was ready to go home, but because of an accident, I lost touch with the elder of my family

Originally, it was not a big event. Along the way, there was no powerful exterminator. But who would have thought that bumiefewu, who was supposed to be in dormancy, woke up and launched an attack on us! What's more, the strength of this flying centipede is actually a breakthrough to half a step!

The soldiers tried their best to protect me, but they could only cut off one leg of the immortal flying centipede, and the whole army was destroyed

Big brother, I thank you very much for saving my life. If you can escort me back to the house of the horned bear, I will ask my father to give you a generous reward! "

"Horned Bear house?" Ye Chen eyebrow tip a pick way, "this exterminates the animal domain, still have the family power?"

He thought that there were only a variety of strange animals in the field of extermination.

The child nodded and said, "there are orcs living in the domain of extermination, and the orcs are divided into various families by race. Our horned bear family is one of the few big families in the field of extermination! If elder Xu is here, the immortal flying centipede is not enough to fear! "

Ye Chen's eyes flicker slightly. It seems that these dead soldiers are just the existence of the horned bear family similar to the servants, not the real combat power.

Ye Chen pondered for a moment and then said, "OK, I'll take you back."

He is not so kind, but instead of blindly searching for powerful exterminators in the field of extermination, he should collect some intelligence from the horned bear's house!

The child clapped his hands and cheered: "big brother, my name is Xiong Qi. What's your name? You look different from us. Are you an outsider? "

Ye Chen said, "Ye Chen, I am a human race."

Then, with a flash of lightning all over his body, he released the flying thunder Jiao, took Xiong Qi and sat on it. Then, according to Xiong Qi's guidance, he controlled Feilei Jiao and flew in the direction of Xiong's house.

After they left, the space in a corner of the jungle was distorted. A middle-aged man with double horns showed his figure. He looked at Ye Chen and Xiong Qi's direction of leaving. At this time, he moved his face and took out a stone engraved with runes from his arms.

Among the stones, a voice rang out: "Xiong Xu, how are things going?"

Xiong Xu hesitated and said: "originally, the progress is very smooth, but No one thought, suddenly, a foreigner appeared, saved Xiong Qi and took him away It seems that he is going to return home... "

After a moment's silence, the voice said, "in that case, what should I do? Don't I teach you? If your plan fails, you can only make up for it yourself. "

Xiong Xu's eyes trembled for a moment. Then he put the stone away and looked at the direction of Ye Chen's departure from the sky and said, "boy, if you want to blame, you should be responsible for your meddling However, this person's strength is a little strange, which seems to be far beyond the realm. He also has a demon beast in the real state to be a mount? I must make all the arrangements and start again. This time, there must be no mistakes! "

If Xiong Qi is here, he must be able to recognize him. He is the elder Xu who treated him very well in the past!

.....

The place where the horned bear's home is called the horned bear forest is quite far away from here.

In the field of exterminating beasts, the monsters with the power of destruction are called exterminators.

Along the way, ye Chen also asked Xiong Qi if he knew where the powerful exterminator existed. Xiong Qi was young and could only give some general information about the specific strength of those exterminators.

In addition, we also asked for a lot of information about exterminator and orc family.

To his surprise, the strength of the horned bear family is not weak at all. Xiong Qi's father, Xiong Wu, the owner of the horned bear family, is a real three-tier existence!

Ye Chen, while on his way, practises the magic power of transforming animals, and at the same time understands the field of killing animals with Xiong Qi, but he is quite leisurely.

But all of a sudden, ye Chen, who is understanding the magic power of animals, suddenly stops the flying thunder Jiao under his seat.

Xiong Qi's face showed a puzzled color: "brother ye, what's the matter?"

Ye Chen did not answer, but his eyes swept over the empty surroundings and said: "several, have you been waiting for me for a long time? Why don't you come out and see you? "

Xiong Qiwen was surprised and looked around in a flustered way, but he didn't find anything.

After a moment's silence, a deep man's voice rang out: "this young master, I have good eyesight. Now, I can give you a chance to leave. What we want is just the horn bear's children."

As soon as the words fell, four figures appeared, faintly encircling Ye Chen and Xiong Qi. All of them were wearing a black robe and masks, which covered their faces. However, we can see that they are all orcs!

Four pairs of eyes, dead lock Ye Chen, at the same time, four such as the ocean breath, surging out, toward Ye Chen pressure. Ye Chen's eyes flashed slightly. All of the four were strong in the real world. Among them, three of them were really one layer of heaven, and one was really two layers of heaven!

It's a powerful situation!

The first one is really two layers of heaven, staring at Ye Chen and saying: "this child should be a wise man. This child is not related to you, and it is not worth your risk. Should we wait for him?

So, within a breath, if you want to go, we won't stop you. "

Hearing this, Xiong Qi was shaking with fear!

He is not stupid, knowing that he has fallen into the hands of these people is tantamount to death!

Xiong Qi holds Ye Chen's sleeve tightly for fear that ye Chen will really leave!

At this time, a man in black, who was a little short and fat, snorted coldly: "elder brother, I thought you came to us for something, just for an alien boy who could not be found in heaven and earth? We need to do it, too?

What about this kid with a real monster? Can it be our opponent? Why talk nonsense with him? Just kill him

The head of the people, eyes flashing, but, did not say anything, just quietly looking at Ye Chen.

Ye Chen is silent for a moment, then, under the gaze of all, he slowly pulls out the sleeve from Xiong Qi's hand!

Bear strange to see, the whole person seems to have been frozen by the Arctic wind, tears from his eyes, full of despair

Ye Chen, the big brother he has been impressed with for a few days, is really going to give up himself

However, Xiong Qi doesn't blame Ye Chen. As the man in Black said, they are not relatives. Even if they give up themselves, it's normal

Chapter 4623

Seeing this, the four men in black flashed a smile in their eyes. Some of them were happy, others were sarcastic.

They know that ye Chen is leaving.

Normal people will choose to leave!

But all of a sudden, ye Chen took out the hand, but suddenly turned over, a dark sword fell into the hand!

In an instant, pangran's evil spirit gushed from ye Chen's body. In his eyes, the cold light was surging, and his eyes were locked on the dwarf who was just talking. The soul and body were transformed and displayed, and the strong starlight broke out on the blade!

Burning the sky, there is a dark sun, and the shadow of the golden sky, engraved on the body of the sword!

The next moment, ye Chen did not hesitate, no Billy fell to the place where the short fat man was, and cut out a strong sword!

The most terrifying destruction of Daoyun, accompanied by it!

All the people are face to face the color of incredible, they did not dream, ye Chen not only did not leave, on the contrary, burst into trouble!

One has not yet completely entered the universe, and even dare to take the initiative in the face of the siege of the existence of the four realms!

This is completely out of the minds of the people!

Unless it's a madman, who's going to do that?

However, what shocked them most was not ye Chen's madness

But ye Chen's strength!!!

The power of this sword is beyond description!

As if, can annihilate all things in general!

With a sword, even the world of exterminating beasts is in turmoil!

The man in black, the first one, yelled in an instant: "third brother, be careful!"

The short fat man, known as the third brother, seemed to have regained his mind at the moment. With a roar, he had a huge hammer in his hand. On the huge hammer, there was a red flame burning on it. At the same time, there was also a rhythm of destruction, which broke out from the dwarf body!

A startling hammer shadow appears in an instant, towards the sword light chopped by Ye Chen, and bombards away!

This hammer is also extremely powerful. It brings the power of the existence of the real world into full play, and integrates thousands of laws into one hammer!

Under this hammer, the law of importance is perfectly integrated with the way of heaven!

Therefore, this hammer is extremely heavy, strong to the extreme!

Ye Chen saw this and flashed a strange color in his eyes. It seems that there are many ways to master the God of destruction in the field of killing animals!

However, even this person's level of destroying Shinto is relatively shallow.

These orcs' destruction gods, it seems, are more like those who destroy beasts, relying on instinct to drive the force of destruction!

Several people in black were relieved.

The pudgy man's hammering skill is extremely powerful. If he uses this hammer, it should be considered safe

Blink of an eye, that hammer shadow and starlight, finally had a collision!

There was a big bang and strong aftershock, sweeping around. The eyes of those people in black were full of blood, full of disbelief and shock. Almost, they would stare out of their eyes!

One of the most unlikely of them to appear!

From the light of Ye Chen's sword, the fierce power rushes out, like an invisible hand, squeezing everything into nothingness!

I saw that the shadow of the strongest hammer from the short man was broken under Ye Chen's sword

Even a breath of time, no, even a moment of time, have not resisted, then under the impact of the Star River, suddenly broken ah!!!

How could that be possible?

The other side, is just a sky mending peak, has not stepped into the existence of heaven and earth?

No matter how bad the weather is, there must be a limit!!!

In fact, these men are quite rich in combat experience. The main reason why Ye Chen didn't prevent his outburst was not because ye Chen took out his hand, but because they paid attention to the flying thunder Jiao!!!

But now, these people found that they were wrong!

It's very wrong. It's not Feilei Jiao that should be on guard against, but the foreign youth who is in front of us, who will make their brains evaporate!

Ye Chen's sword is so powerful that it can startle the world and cry ghosts and gods!

At this time, several people want to support, but it is too late!

The little man had a look of terror in his eyes, and reluctantly took back the sledgehammer and blocked it in front of him!

The big hammer of the short man's hands and feet flew out

To be exact, it was the orc's hands that evaporated in the light of the sword!

A gray light, suddenly shining from its body, obviously, is some kind of body protection magic weapon!

A bone made pearl flew out of his arms and met the sword light of Ye Chen!

However, even this defensive weapon is also smashed, but somehow it offsets most of the power of star soul chop!

A scream sounded, Rao is so. The body of the short and fat man was almost cut into two pieces under the sword of Ye Chen. There was a ferocious big cut in the waist. The blood and internal organs of the whole person were blown out. A man in black helped the short man stop his body! For a moment, the world is quiet down!

As if, into the black hole general silence!

Everyone is like a statue looking at Ye Chen, as if they haven't quite understood what happened just now!

Ye Chen took a look at the short fat man in the distance, and said with indifference: "I heard that you want to kill me?"

Very close to tyranny!

Ye Chen is a man who likes to speak on credit. Since he has promised to escort Xiong Qi home, he will escort him!

No matter how strong and many people come, he will not leave a child like this!

This sentence, like a thunderbolt, exploded in people's minds!

Too powerful!

At the moment, ye Chen, just relying on a sword, will make these people fear!

Now it seems that what a stupid and ridiculous remark the short fat young man said!

Directly?

Who to kill?

Yourself?

The short and fat man is dying at the moment. He is seriously injured and dying!

However, ye Chen didn't exert all his strength in this sword. He just wanted to practice.

After the strength soars, the martial arts generally have to practice to adapt to their own body!

These people are not sandbags delivered to the door?

That is the head of the second layer of the true state of existence, eyes flashed wildly, suddenly burst out and said: "hand, attack together

Although Ye Chen's attack just now was shocking and powerful, he could see clearly that the power of the sword was not more than a layer of sky. That is to say, even if the short and fat people lost their fighting power, the advantage still belonged to their side!

These men in black are also very rich in combat experience. They are full of spiritual power and have their own weapons in one after another. The breath of destruction is swirling over the weapons. In an instant, they will launch a joint attack on Ye Chen!

Xiong Qi's heart was raised in an instant!

Ye Chen looks light, to fly thunder Jiao way: "protect him well."

Although Feilei Jiao is still mentally retarded, he can understand his master's meaning to a certain extent after he is taken over by Ye Chen. After getting Ye Chen's instructions, he sends out a dragon roar. A layer of thunder light covers his body surface, protecting himself and Xiong Qi under the thunder light!

And ye Chen, is a footstep move, stepped out of the thunder light range, proud standing in the air!

Chapter 4624

One person alone to fight three really strong, but there is no intention of retreat, style peerless!

Even the men in black were shaken by the young men who looked like the God of war!

The real Orc roared, "don't hesitate, kill me!"

He had a long halberd in his hand. On the long halberd, the evil spirit was rolling. Obviously, he didn't know how many creatures he had killed!

The man in black, as the leader, danced wildly his halberd in his hands. With the infusion of spiritual power, Daoyun was surging. With his dancing, the power of the long halberd was rising wildly!

But Xiong Qi on Fei Lei Jiao's body, seeing this scene, turned pale in an instant. His pupils trembled and murmured: "crazy bear divides Morinda This is the wild bear's Halberd of our horned bear family Why do you use my unique family skills of the horned bear family? "

In fact, he already had the answer in his heart, but he didn't want to admit it!

But ye Chen's face is not unexpected.

A real situation exists, how can it be so easy to get away from people?

Originally should have been sleeping, but also happened to be separated from the elder, wake up and attack people?

Now, on the only way to the house of the horned bear, we are ambushed again

All this shows that there is an internal ghost in the horned bear family, and this person is the elder Xu who should have escorted Xiong Qi!

At this time, the strength of that halberd seems to have reached the extreme!

The other two people, one using a epee and the other using a stick, have already displayed their martial arts skills!

At the same time, the three people yelled at each other:

"the wild bear divides the Euphorbia!"

"Sun and moon falling star sword!"

"Shake the world and hit the magic stick!"

The three attacks, mainly the most powerful wild bear points to the halberd, supplemented by the other two attacks. The wild bear divides the Euphorbia and bombards Ye Chen directly, while the sword awn and stick shadow fall towards Ye Chen's back and around, blocking all directions of Ye Chen's hiding!

Of course, it is not without flaws. The stick shadow is weak because it is too scattered. This is because the short fat man who should have been fighting together is seriously injured at the moment!

These people obviously cooperated with each other for many times. Even if there are flaws in this joint attack, they will be hit by the wild bear's Halberd to make the opponent injured!

In this way, the three can fully grasp the rhythm of the battle!

They are all deducing Ye Chen in their hearts, how to deal with this joint attack, and are ready to make another move!

But, very quickly, these three people all are the eye a quiver!

Look at the scene in front of you in disbelief!

They have deduced countless possibilities, such as ye Chen's forced breakthrough, ye Chen's defense and so on

However, no one thought that

At this moment, ye Chen, in the face of the three people's joint attack, is actually standing still in place, as if, with his own body, hard to resist the terrorist attack under the other party's joint efforts!

Xiong Qi's face changed dramatically. If he had not been in the defensive thunder light of Feilei Jiao at the moment, the slightest fluctuation of the three men's strike would have shaken him to death!

Even if ye Chen is strong, he can't be safe and sound under the joint efforts of these three people, right?

And those people in black, after shock, is ecstasy!

Although they don't understand why Ye Chen wants to do this, the end of Ye Chen is doomed in their eyes!

At this time, the three attacks have come to Ye Chen!

And ye Chen's body surface suddenly covered with a layer of bloody brilliance!

Four men in black, their pupils shrank, and the blood was shining. It seemed that they were some kind of defensive means

However, their mouth is raised a sneer, now, just want to defend?

Late!

There was a loud noise and three rays of light, and ye Chen's body was drowned, and ye Chen's place was also wildly annihilated. However, the space for killing beasts was quite stable. Under this attack, although it was broken, it was not annihilated!

They can see each other's strange color, but they can't see each other so well!

The next moment, they aimed their eyes at Xiong Qi standing on the back of Feilei Jiao. It was freezing down.

Bear strange see appearance, complexion is white, the color of despair appears in his eyes.

In a few people ready to fly Lei Jiao, the previous injury of the short fat man, but suddenly exclaimed: "you see!"

Yeah?

The color of doubt flashed in people's eyes. I don't know what the man is panicking about. Isn't that weird boy all dead?

They subconsciously follow the short man's fingers to see, in an instant, everyone seems to be completely frozen, turned into ice sculpture!

I saw that the light of the attack converged. It was not the blood mist and the corpse that appeared in front of them, but a young man with a plain face and almost intact! Only the trace of blood on the clothes proves that the attack of a few people just now once existed!

Ye Chen has a smile on his mouth. The reason why he stands in the same place and bears several people's attacks is to test the effect of huaxueshensha, as well as his current vitality and defense level!

The result, let him very satisfied!

It's not bad for the three to strike together, but for ye Chen, it's just some flesh and skin injuries. Under the vitality of the three people's promotion once again, when the light disappears, the wound also heals together.

The reason for such a shocking result, on the one hand, is because of the power of huaxue shensha; on the other hand, it is because ye Chen's physical body has advanced to a new level, and has crossed the threshold of becoming a saint of the flesh body, which makes his physical toughness incomparable!

This is still in the case that he did not display the great stars and the six exterminations.

With the destruction of his strengthened rhyme, I'm afraid he can be really harmless!

And those people in black are cold hearted!

The soul is freezing!

What kind of monster is this?

Can heaven and earth resist the joint attack of the three realms?

Unimaginable, there must be a limit!?

For a moment, everyone lost the desire to fight ye Chen

The outsider in front of them, gave them an extremely mysterious, strange feeling!

Just like, there is an alien who can't kill you, and can easily crush you into flesh foam with one hand, appears in front of you. Do you still want to fight against it?

In my heart, I just want to escape!

These people are no exception!

At the next moment, the four men in black, including the one who was seriously injured before, all cast their secret methods one after another, preparing to flee in different directions. The leader, who was really two layers of heaven, was extremely depressed in his eyes. Although he had a task in his body, he could not die in vain for the task, right?

At this time, a word that let their blood coagulate sounded in the ear!

Ye Chen said faintly: "since you have dealt with me, you can stay here and want to escape? Did I allow it? "

Voice a fall, ye Chen suddenly hand!

Chapter 4625

His eyes, the first lock is the previous seriously injured dwarf!

A cold Star River, suddenly from ye Chen's long sword, roared out, with the destruction of Daoyun, almost instantly, reached the dwarf in front of him!

"No

The short fat man uttered a shrill cry, and in vain raised the sledgehammer in his hand to resist it. However, when he was in full bloom, he was seriously injured by Ye Chen, not to mention now?

At the next moment, the strong man in the real state turned into a blood mist under the sword light, and even the spirit was swallowed up by the evil sword!

Several other people saw this, and their eyes flashed with fear. In an instant, they turned into several evasive lights and fled in different directions.

In Ye Chen's eyes, the cold light twinkled, and suddenly he said: "the soul body transforms, swallows the soul to the sky!"

Today, ye Chen's physical fitness has been greatly improved, and under the effect of the transformation of soul and body, it represents that the power of his spirit and soul is also soaring!

A very strong, almost viscous soul power wave, surging out, under this soul force, the space seems to be distorted!

A giant holding an ancient sword, surrounded by a fire dragon and as majestic as a deity, appeared out of thin air. The ancient sword in his hand came out of the first battle. The turbulent soul power instantly turned into three soul sword swords, which appeared directly under the three people's heads and cut into the sea of knowledge!

No matter how fast you escape, you can't be as fast as soul skill!

"Ah, ah, ah

Three screams sounded, the three most powerful, under the impact of Ye Chen's soul skills, blood gushed wildly in the seven orifices. Two of them died in an instant and were devoured by Ye Chen. The only one who survived was the leader of the real two layers of heaven. His body was shaking, and he fell heavily on the earth!

At first, the cultivation of martial arts has entered the real state, and the body and mind are in harmony with the way of heaven. It is extremely difficult to kill them with soul skills!

We can see how powerful Ye Chen's soul power is! What's more, he is proficient in the spirit of extermination, which fits in with this place!

His strength will soar here!

It's impossible to be so relaxed outside.

After using the transformation of soul and body, even the warrior in the later stage of Huanzhen state may not have stronger soul power than ye Chen!

Don't exaggerate. It's hard to imagine the blessings brought by the three Heaven level soul seal, soul body transformation and ye Chen's constant devouring the spirit of the warrior. This result is reasonable!

However, this does not mean that ye Chen is invincible. Now he can only be seriously injured. He can really exist one or two layers of heaven, rather than a second kill. Then, in the face of really stronger existence, ye Chen's soul skill can only slightly hurt his spirit, and there is a possibility of being defended.

Even if Xiao shuihan is a man of this strength, when he doesn't borrow Shuo Lao's power, his soul skill can barely shake the other party's spirit at most.

The more consistent with the law of heaven, the worse the effect of soul skill!

In short, the other party's spirit and the way of heaven merge, just like wearing a piece of armor. If you want to hurt the spirit, you must first break the armor!

The higher the fusion, the stronger the armor!

Xiong Qi looked at the scene in front of him, and was completely dull

What is hell to heaven?

This is called from hell to heaven!!!

One moment ago, he also thought that ye Chen was dead, and he was going to die. The next moment, he directly reversed?

Not only intact, but also instantly killed these killers in black?

This kind of feeling, cannot describe!

Can only say, at this moment Ye Chen, in his eyes is the true God like existence!

Ye Chen controls Fei Lei Jiao to fall, and takes Xiong Qi to the person in black who falls to the ground.

At the moment, the black man is dying

Xiongqi came to the man in black and opened his mask

Sure enough, this man is the elder of the horned bear family, Xiong Xu, who was separated from Xiong Qi!

At the moment, it seems that Xiong Xu doesn't want to face Xiong Xiong.

If he had not felt guilty and couldn't bear to do it himself, he would not have arranged for the flying centipede to wait.

Xiong Qi asked Xiong Xu, "elder Xu, why Why What have I done wrong, you want to do this to me? "

He didn't understand why the elder who accompanied him since childhood should hurt himself!

Xiong Xu was silent for a moment and sighed: "Xiaoqi, you didn't do anything wrong. If you say that you are wrong, your fault is born in the house of horned bear."

As soon as the voice fell, a flash of red light suddenly appeared in his eyes, which quickly faded down and completely lost its vitality.

Ye Chen frowned slightly, but he was engraved on his spirit?

At the moment, the power in the engraving breaks out, and the spirit disappears instantly. Even if ye Chen's spirit is strong, there is no way to stop it.

Xiong Qi seems to be extremely lost, full of dispirited color, trusted by himself, betrayed by his elders as his relatives. It's hard to imagine how hard it is for a child. Ye Chen did not say much, perhaps, in the ordinary people's world will comfort, will tell him, the world is still beautiful, do not give up hope.

But ye Chen can't.

Because, he knows, this is the world of martial arts, this is the cruel reality, there is nothing beautiful, there is no room for you to be vulnerable, there is only endless darkness and cold!

If you want to survive, you have to learn to be strong in the dark. There is no other way!

No one will take care of you, pity you, everything can only rely on themselves, any injustice, any pain, is not an excuse for you to fall down, because, falling represents death!

Even if you are a new born baby, it is the same, the world will not have any pity and tolerance for you!

Ye Chen light way: "go."

Then he sat down and said to Leiqi.

Xiong Qi lowered his head and asked Ye Chen powerlessly, "elder brother ye, why are all these things?"

Ye Chen's eyes flashed slightly: "I don't know, but when you go home, it should be clear."

After that, he took control of the flying thunder Jiao and went on towards the house of the horned bear.

.....

The house of horned bear is located in a deep mountain forest in the area of exterminating animals. The trees here present a kind of purple red, which is exactly the horned bear forest!

The residence of jiaoxiong family, covering an area of more than ten thousand square meters, has a very rough architectural style!

In a spacious room, there lies a middle-aged man. His eyes are closed and his breath is high and low. He is the owner of the horned bear family, Xiong Wangwu!

In front of Xiong Wangwu's bed, there is still a fierce looking ORC. At the moment, the orc is carrying a bowl of medicine, carefully feeding medicine for Xiong Wangwu.

He is the eldest son of Xiong Wangwu, and the most outstanding genius of the horn bear family, Xiong Li.

Just in these days, when Xiong Wang practiced martial arts, he fell into a coma because of an accident. Up to now, he has not recovered!

At this time, a servant walked into the room and said to Xiong Li, "big young master, a foreigner has come back with the young master."

Bear Li smell speech, look move, immediately put down the medicine bowl, toward the house out.

Chapter 4626

.....

In the living room, sitting a human youth and an orc child, it is Ye Chen and Xiong Qi.

Ye Chen holds a cup of lavender drink in his hand and tastes it curiously. This is the unique spirit tea of Mie animal kingdom.

At this time, a burst of rapid footsteps came. Ye Chen looked out of the door and saw a handsome and generous young Orc leading a group of powerful orcs into the living room. As soon as he saw Xiong Qi, his face was filled with joy and cried, "Xiong Qi! You're OK, that's great! "

Huaixu, his elder brother, ran into the beast and cried, "the young man ran to the beast Elder Xu, he... "

Xiong Li gently patted Xiong Qi's back and comforted him: "don't worry, you're home. It's all right now. No one can hurt you!"

His look suddenly sharp, cold drink: "come on, order to go down, give me in the shortest time, find out who dares to attack my brother, my brother."

Behind him, several orcs immediately took orders and said, "yes!"

At this time, Xiong Li looked at Ye Chen, and his eyes flashed slightly: "is it you who saved Xiong Qi? I'm Xiong Li. I'm Xiong Qi's elder brother. Thank you very much. "

Ye Chen light way: "Ye Chen, bear childe is polite."

His eyes twinkled. Xiong Li's martial arts ability is quite adverse. He is already in the real world when he is less than 2000 years old. He is not much weaker than the owner of the bear family?

After some conversation, Xiong Li invited Ye Chen into an elegant room and offered Lingcha. He asked curiously, "Mr. Ye, I heard that it's hard for foreigners to bear the destructive atmosphere of exterminating the animal kingdom. However, I think it seems that child Ye is acting as usual without being affected at all?"

Ye Chen's eyes flashed: "I practice the God of destruction, so the destructive breath of the exterminator domain is harmless to me."

When Xiong Li heard the speech, his eyes lit up and said, "Oh? Most of the orcs born in the extermination area can master the spirit of destruction under the influence of this destructive atmosphere. However, they can't be profound and superficial. They have heard the rhyme of destruction of foreign people. They have their own merits with our orcs. I wonder if Mr. Ye can compete with me? It's also good for each other to prove their own martial arts! "

Ye Chen facial expression moves, after pondering for a moment, nod a way: "also good."

He was also curious about the destruction of the orcs.

Xiong Li hears the speech, quite heartily smiles, and then leads Ye Chen to the arena of the horn bear family.

After hearing about this, people of the jiaoxiong family came to the martial arts arena to watch the battle. They were also very curious about the strength of the foreigner who defeated elder Xu!

Ye Chen and Xiong Li stand in the martial arts arena, while the audience is full of discussion.

A young ORC was quite expectant and said, "you say, who will win this contest?"

His companion replied with some disdain: "this kind of question, still need to ask? The eldest young master is the most outstanding evil spirit of our horned bear family. In particular, he has the ability to resist heaven in destroying Daoyun. How could he lose? "

Many people are nodding, agree with this statement!

It can be seen that fan Xu is not satisfied with the strength of the elder, but he is not the same! I don't think it's that simple! "

His companion sneered: "defeat elder Xu? Don't you find that this person is just close to heaven and earth? Do you think he can really beat elder Xu? Even if it does, I'm afraid it's not strength that counts! "

Around everybody hears speech, one after another echo, obviously, no one is optimistic about ye Chen!

Ye Chen didn't care about people's words. He looked at Xiong Li and asked, "how to compare?"

Xiong Li said with a smile: "you and I each release a destructive force, mutual erosion, first of all, the other party's destructive power is eroded, then as a victory, OK?"

Ye Chen nodded his head and said, "yes."

In fact, he wanted to compete in a real way, but it was too easy to get hurt in the competition.

At the next moment, two extremely powerful destructive forces burst out in the martial arts arena, and the orcs around them all changed their faces!

Even if most of them can control the power of destruction, but their destructive power can't be compared with the two people in front of them!

The destruction of Ye Chen and Xiong Li's rhyme is just like a dark ocean. We should completely annihilate their spirits!

At the moment, no one dares to look down on Ye Chen any more. They are all concentrating on the martial arts arena. In their opinion, a wonderful war is likely to be staged today!

Even ye Chen was a little surprised. Xiong Li's attainments in destroying Shinto were quite high!

And Xiong Li's eyes flashed a touch of horror!

In a flash, the rolling force of destruction, instant illusion, behind Ye Chen appeared a big black hand toward bear Li to grasp.

And Xiong Li's destructive power is turned into a bear's paw with sharp claws! Soon, the dark hand and the dark bear's paw, just like a planet hitting the earth, crashing into each other!

Time, as if there is a moment of stillness!

All people are open eyes, some can't believe that they see a scene!

The result of the two men's destructive power was far beyond everyone's expectation!

In my imagination, the wonderful war between you and me did not appear

Even, the contest ended in an instant!

I saw that the bear's claw, which looked fierce and incomparable, was actually under Ye Chen's dark hand, and instantly turned into a smash

How terrible the foreigner is!

It completely refreshes people's understanding of the destruction Shinto!

Xiong Li's face is dull. It seems that he hasn't reflected what happened

There is a big gap between their attainments in destroying Daoyun!

He never dreamed that he would be defeated by Ye Chen in this competition?

Ye Chen's eyes flashed slightly, and he slowly dispersed his dark hand. There were some unique features in his power to destroy the orcs in the beast kingdom. Although he won the contest very easily, ye Chen still got some gains. If he understood it thoroughly, his destructive charm could be improved.

At this time, Xiong Li suddenly burst out laughing and said, "what a wonderful destruction of Daoyun, Mr. Ye, thank you for your advice!"

He looked as if he was very happy, and he was not angry at being defeated in front of the crowd!

He clapped his hands and said, "at once, go to prepare a rich banquet. Mr. Ye rescued Xiong Qi. I want to take care of him in person."

People were stunned, and then, a burst of cheers broke out in the martial arts field!

The strong will be welcomed wherever they go!

.....

At the banquet, ye Chen asked Xiong Li, "to be honest, Mr. Xiong, I came to the field of exterminating animals to find powerful exterminators and eggs with high blood. Do you have any clues?"

After all, even if he can take over the demon beast that is really two layers of heaven, but if he wants to have this life monster, he must start from the animal egg!

Xiong Li's eyes flashed: "powerful exterminator? What is the actual strength? "

Ye Chen said: "it's really more than two layers of sky, the higher the better!"

Chapter 4627

As soon as he said this, Xiong Li's face appeared a touch of shock!

A moment later, he said with a wry smile: "I really have some clues about this level of extermination..."

Ye Chen's eyes lit up and said, "Oh? Can you tell me? "

Xiong Li asked: "Mr. Ye, my family is one of the eight big families in the field of exterminating animals. Do you know what the eight families are based on in the field of exterminating beasts?"

Ye Chen shook his head, some doubts, bear Li said this to do what?

At the next moment, Xiong Li said: "in fact, the reason why the horned bear family can be called one of the eight big families is that there is a exterminator in the family!

Among the eight families, each of them accepted a very powerful exterminator, which was called holy beast by each family!

Every one of them has the strength of two layers of heaven! "

Xiong Li said with a bitter smile: "it can be called the holy beast, which shows that such powerful exterminators are extremely rare in the field of exterminating animals. Even if there are wild exterminators with real strength, they are rare."

Ye Chen smell speech, a little frown, he can't go to the eight families of the sacred beast to subdue it?

It seems that he can only look for it by himself, and even, it is likely that he will come back in vain

Thinking of this, ye Chen can't help but flash a look of disappointment in his eyes.

At this time, Xiong Li said again, "but I know how to get the eggs of powerful exterminators."

He looked at Ye Chen with a sincere look on his face and said, "Mr. Ye, this time, you saved Xiong Qi. I've been trying to repay you. Since Mr. Ye wants to get the eggs of killing animals, I can make the decision and give Mr. Ye a chance in the name of the horned bear family!"

As soon as this was said, the noisy banquet suddenly quieted down. The elders and children of the horned bear family all looked at Xiong Li with disbelief!

Xiong Li continued: "our orcs have a holy land in the field of extermination. It is said that when this domain was opened, our ancestors of orcs conquered all the exterminators in the domain!

And, captured these exterminators, the most powerful animal eggs sealed in the Holy Land!

If there are excellent clansmen, they can get an animal killing egg after passing the trial!

The sacred beast owned by the eight families is also the ancestor of the eight families. After passing the trial, they got it!

What's more, according to the records of our koala family, when the ancestors of the koala family passed the trial, they were extremely reluctant to obtain the animal eggs, which were also the lowest existence!

Rao is so. The sacred beast of the horned bear family also has the terrifying power of the three layers of heaven in the real world!

That is to say, as long as you can pass the trial, at least you can get an animal killing egg with three layers of potential in the real world!

Three days later, it is the time for the opening of the holy land. We have a place for the horned bears to enter the holy land. I want to give this quota to Mr. Ye! "

Ye Chen hears the speech, the light in his eyes is great!

If ordinary people get the eggs, it may be of little use in a short time, because it takes a long time for the eggs of powerful monsters to hatch!

Let alone grow up gradually!

However, xuanxuexin has a demon pool, which can accelerate the growth of monster cubs!

This Orc holy land is very suitable for him!

However, at the hearing of the speech, the faces of the people at the scene changed greatly. The elders of the family of the horned bear even more directly said, "young master, this can't be done!"

"The holy land is opened once a thousand years. This is our chance to get the second holy beast. How can we give it to others?"

"Please think again, young master."

"Shut up!"

Xiong Li murmured, his cold eyes swept over the elders and said, "Mr. ye saved Xiong Qi. What's a place to enter the holy land? Do you mean that Xiong Qi's life is not as good as a holy beast

When the elders heard the speech, their eyes trembled and they stopped speaking

Xiong Li looked at Ye Chen solemnly and said, "however, there is one thing I want to remind Ye Gongzi that it is very difficult to test in this holy land! It's not easy to pass! Moreover, there are only two results to participate in the trial, one is to obtain the best animal eggs through the trial, and the other is to die!

There is no possibility of any compromise! "

"In fact, all the eight families have to send one of their children to take part in the trial. Otherwise, it will be regarded as disrespectful to their ancestors. What I should have participated in was just that I failed to pass the test. If Mr. Ye is willing to accept it, it may be a good thing for our horned bear family.

Of course, the risk is borne by Mr. Ye. Then, everything that Mr. Ye gets in the holy land belongs to Mr. Ye, and my horned bear family won't care about it! "

Those elders also flash their eyes when they hear the speech!

This holy land trial, although it is a great opportunity, but also accompanied by unimaginable risks!

The horned bear family has been one of the eight big families for 100000 years. In the past 100000 years, the family has sent dozens of talents. However, no one has passed the test except the ancestor of the family! Fall in this trial one after another!

You can imagine how low the probability is!

Ye Chen smell speech, is also slightly frown way: "do not know this trial, what is the main test?"

Xiong Li said: "destroy Daoyun! The ancestors of the orcs are known as the great God of extermination of beasts. Their attainments on the destruction of Taoist rhymes have reached a peak. The test for later generations is mainly focused on destroying Daoyun! "

Ye Chen hears the speech, in the eye God awn one Sheng, he has the confidence above destroying Dao Yun!

Immediately, ye Chen said: "this trial, I am willing to take part in for the bear family!"

Xiong Li nodded his head with a smile on his face and said, "well, these days, Mr. Ye will have a good rest. After three days, I will take you to the holy land."

.....

At night, Xiong Li stood by Xiong Wangwu's bed with a medicine bowl in his hand, but he was not taking medicine.

He looked down at the middle-aged Orc in bed, and there was a sarcastic smile at the corner of his mouth!

At this time, a sound of foot steps sounded.

Xiong Li looked back and saw that a middle-aged ORC was coming.

This man is one of the elders of the horned bear family. He is also Xiong Li's confidant!

Xiong Feng gave Xiong Li a salute and said, "eldest childe, this plan was destroyed by the boy named Ye Chen. How should Xiong Qi deal with it?"

If the rest of the koala family heard this, I can't believe it!

Xiong Li is the behind the scenes assassinating Xiong Qi!

Xiong Li's smile, with a trace of coldness, gazed at the Bear King Wu and said, "father, if you want to blame, you don't want to pass on the position of master to me, but leave it to the little beast? In this case, I, the elder brother, have to send him on the road with my own hands! "

Xiong Li and Xiong Qi were not born by the same mother!

They are half brothers!

Chapter 4628

Although Xiong Li is an elder brother, in fact, Xiong Li's mother is just an ordinary Orc woman. She has a dew marriage with Xiong Wangwu, thus giving birth to Xiong Li!

Therefore, from the identity point of view, Xiong Li is just an illegitimate son!

And Xiong Qicai was born by the wife of Wu Ming, the king of bear!

Therefore, a few days ago, when King Xiong was possessed by the devil, he told him that if he had any accident, he would let Xiong Qi, who was still a child, take over the position of master of the family!

This command completely angered Xiong Li!

Over the years, he has been extremely hard to practice, everything to achieve perfection, is to get the recognition of his father!

However, even if he has become the first evil spirit of the horned bear family, and even among the young generation in the whole animal killing field, he is a super genius who can rank in the top three. In Xiong Wangwu's eyes, he can still see the ordinary little beast!

Xiong Li's eyes flashed a thick color of resentment, but he soon recovered his calm.

With a cold smile, he put down the medicine bowl and turned to bear Feng and said, "don't worry. Let Xiong Qi live a few more days first. Wait until the holy land is opened."

Hearing this, Xiong Feng's eyes twinkled, and he could not help saying, "young master, there is one thing I don't know. Why should the foreign boy participate in the holy land test? With Childe's qualification, at least 90% of them will be able to obtain animal eggs!

It's not for nothing, boy

Xiong Li smelled the speech, with a smile on his face, but his eyes were even colder. He said: "Feng Lao, you can see from the competition in the martial arts arena. From the guy named Ye Chen who defeated Xiong Xu, I noticed that this guy's martial arts qualification is extremely adverse to the sky!

Therefore, he intended to test his attainments in destroying Daoyun!

Sure enough, as I expected, I can be sure with you that his spirit of destruction is far more than the orcs today! "

When Xiong Feng hears the speech, he looks puzzled. In this way, shouldn't Ye Chen take part in the trial?

Xiong Li's eyes narrowed slightly and said, "Xiong Qi is really my lucky star. He brought back such a demon to me. Feng Lao, even if I took part in the trial, I could only get the same animal eggs as the horned bear family beast at most, and risked his life!

But what if ye Chen was allowed to participate? With his qualifications, I'm afraid, it's not surprising that he has the potential to grow beyond the real world, isn't it

It's the wind in his eyes!

If they can get this kind of animal eggs of the same rank, they will rise up completely!

As for the agreement?

In front of the real interests, the agreement has no meaning!

In Xiong Li's eyes, a poisonous snake like light appeared: "Ye Chen, do you think that with your strength, I Xiong Li can't help you? Ha ha, you like saving people? Then, go to death with the garbage

.....

Three days later, many people gathered in the courtyard of the horned bear.

Xiong Li, Xiong Qi and all the elders are among them!

In front of them, there is a huge flying boat!

At this time, a celebrity youth also came to the boat, it was Ye Chen!

In the past three days, ye Chen was not idle, but he was understanding the magic power of transforming animals all the time!

Now, his distance has broken through to the third level: the state of the combination of animal blood, only one foot short of linmen!

Xiong Li saw that all the people had arrived, and immediately he said, "let's go!" So he took the people and set foot on the boat.

He took out a token and waved it at the boat!

The boat made a roar, the whole body of light a Sheng, then toward the distance, shooting away!

.....

In the field of extermination, seven Orc men and women stood on a high mountain.

This mountain, seemingly ordinary, has been covered by an extremely powerful array!

If you want to intrude here, the end will never be too good!

This is the holy land of orcs!

And these seven men and women are the heads of seven families besides the horned bear family!

These seven people's breath is extremely strong, all people's strength is above the true situation!

Even, a few people breathed terrible things.

The holy land will be opened once every thousand years, but only one family can enter it every time!

In addition to the eight families who are eligible, there are still some families which are not among the eight families, but whose inheritance is quite long and can participate in the trial!

Therefore, although the holy land has opened for a thousand years, these families often have to wait for thousands of years to participate in a trial!

Every time the holy land is opened, the patriarchs of the eight families are present to preside over and supervise the trial!

Just then, in the sky, the light flashed, and a flying boat entered the big array without hindrance and landed in front of the seven men.

An orc youth led the people down the boat.

The horned bear's house is here at last! A red haired Orc stares at Xiong Li, and says sarcastically, "Li boy, are you going to participate in this test? Hehe, it seems that the horned bear family will lose a genius? "

There are requirements to participate in the Holy Land trial, one of which is the age of the participants, under 2000 years old!

Besides Xiong Li, only Xiong Qi is under 2000 years old. It is impossible for Xiong Qi to take part in the trial?

But to everyone's surprise, Xiong Li shook his head.

What does Xiong Li mean?

Xiong Li said faintly: "this holy land trial, ye Chen, ye Gongzi will take part in the jiaoxiong family for me!"

The seven orcs followed Xiong Li's fingers, but in an instant, their pupils shrank!

In front of them, there was a young man whose appearance was completely different from that of the orcs!

This is an outsider, and his cultivation is the peak of mending the sky! Break through heaven and earth!

The red fur Orc who had opened his mouth earlier said with a smile: "Li boy, it seems that you are afraid? Yes? Did you find an alien to take part in the trial for you

The rest of the orcs also shook their heads. Xiong Li is also a high-profile evil spirit at least. It's disgraceful to do so!

Xiong Li did not pay any attention to the red fur Orc at all. He took out a token carved with an orc face from his arms. At this time, the sky above the whole mountain appeared gorgeous Aurora, and a kind of ancient and wild breath was floating on the top of the mountain!

Xiong Li's eyes congealed and said, "everybody, the time is almost over. Please lift the forbidden holy land together!"

The orc men and women looked at each other, took out a token and muttered.

At the next moment, the eight tokens each emit a spiritual light!

Under the intersection of aura, there is a seal, gradually broken, a huge black gate appeared in front of everyone!

This gate is the entrance to the Holy Land!

Incomparably strong breath of destruction, from the gate, permeated out!

Xiong Li looked at Ye Chen and said, "Mr. Ye, please!"

Chapter 4629

Ye Chen gazed at the gate, his eyes flashed slightly, and his body moved into the door.

Xiong Qi secretly clenched his fists. He was nervous and worried about ye Chen!

The rest of the eight families, however, looked sarcastic, as if they had seen the end of Ye Chen's death.

Sometimes, the children in the family, when their strength is too poor, they will find such a substitute.

Xiong Li's eyes flashed, and he said in secret, "Mr. Ye, don't let me down..."

After ye Chen enters the gate, the first feeling is cold!

Behind this gate is a cemetery like place, and in this cemetery, there is a smell of destruction!

Even if he was standing here, he felt a chill, which was not physical but from soul!

A kind of cold for which the soul must die at any time!

Ye Chen has a dignified look in his eyes. Even he feels chilly. Ordinary orcs from the exterminator domain enter here. It must be very difficult to breathe just standing?

The animal God's trial is really extraordinary!

At this time, his eyes fell on the only statue in the cemetery, and moved towards the statue.

This statue is the image of an orc man. It is massive and majestic. It also exudes a kind of extremely arrogant temperament!

This Orc man must be the ancestor of the orcs, known as the existence of the beast God!

Ye Chen to the statue, respectfully line a ceremony: "younger Ye Chen, come to participate in the trial."

The statue seemed to sense the existence of the experimenter. The light flashed, and a virtual shadow appeared in front of the statue, which seemed to be a wisp of God left by the animal God!

The spirit incarnation glanced at Ye Chen and said, "the cemetery here is divided into seven layers. When you get to the end of the cemetery, there will be an exit, and there will be different numbers of killing eggs. The blood strength of each layer will be greatly improved. Of course, the higher the cemetery is, the more difficult it is to pass. What you have to do now is in three days If you stay in the cemetery three days later, you will die. "

After that, the incarnation of the mind flashed and disappeared.

The rules are simple and clear!

At the moment that the shadow disappears, a blue halo appears on the top of Ye Chen's head. Part of this aura is slowly turning black.

Ye Chen looks moved, this aura should be the timing effect, after the halo completely blackened, three days time is coming!

He didn't waste his time. There was a huge force surging under his feet, which was to spread out his body and gallop towards the front of the cemetery!

The atmosphere of destruction is becoming more and more intense. If ordinary orcs are unable to move, they will have tried their best to resist the erosion of this destructive atmosphere. However, the blessing of the destruction seal of yechen's four heaven, the mark of Daogu, the chaotic sun in the burning sky, and the great starry sky, have no influence at all. They can easily cross the first layer cemetery.

At this time, his eyes flashed, and a door and a square stone table appeared in front of him.

This gate is the entrance to the second floor cemetery.

On the stone table, there are nine killing eggs!

Nine animal eggs, has existed for many years, but it seems that after special treatment, until now, still exudes a strong vitality!

Ye Chen looked at the nine animal eggs and his eyes flashed slightly. At this time, the virtual shadow of the beast God appeared again and said: "if you choose the animal egg, it will be directly sent out of the cemetery. If you want to continue to challenge, you can go through this gate and go to the next graveyard. The quality of the animal eggs there is higher!

Among the nine eggs, although the gap is not too big, there are also advantages and disadvantages. How to choose depends on yourself. "

Ye Chen's eyes flash slightly. From the perception of breath, he can't tell which animal egg is more powerful. It seems that the test not only depends on strength, but also has a part to do with luck.

However, how to choose is not the problem he has to consider now. Ye Chen's goal can only be the first layer of animal eggs!

In his eyes, God mang Yisheng, he always does things or not, to do the best, so, before reaching the end of the seventh floor, ye Chen will not stop!

With a movement of his body, he went directly into the gate and challenged for the purpose of the second level!

At this time, ye Chen didn't notice that in the samsara cemetery, a huge egg surrounded by countless Ancient Runes shook slightly.

And then it's the beginning of the three blood droplets.

Once the cocoon is broken, it is a nightmare in the world.

It is said that in the ancient times, there were nightmares dominating the world, and the Terrans could only be covered with nightmares.

.....

At the same time, outside the cemetery, the red haired Orc who had spoken earlier sneered: "an hour has passed, and this boy is not dead yet? I was a little surprised. "

If the experimenter dies, the door will disappear directly!

The gate still exists, which means Ye Chen is still alive. Xiong Li didn't pay attention to the other party's ridicule. He suddenly appeared a smile on his mouth, and said: "everybody, there is something I want to ask you to help."

"Well?"

When the seven men and women heard the speech, they all looked at Xiong Li strangely.

Xiong Li is very proud. Is there anything worth talking to?

Xiong Li said faintly: "you should also know that in the trial of the animal God, you can't snatch the animal eggs, because doing so would violate the dignity of the animal God. Therefore, the animal eggs Ye Chen took out from the animal God's tomb can only be owned by jiaoxiong's family or Ye Chen himself, isn't it?"

A female ORC with lavender fur frowned slightly and said, "Xiong Li, why do you know why you ask? What do you want to say

In Xiong Li's eyes, there was a flash of cold light and said: "I hope that you will join hands with me to kill Ye Chen after he leaves the cemetery, so as to snatch the animal eggs he has obtained for our horned bear family! Ye Chen is not a member of our family. Therefore, if you don't protect him from the protection of the beast God, you will not be punished if you attack him! "

Several people smell speech, are pupil a shrink, some incredible looking at Xiong li

Isn't Ye Chen the ghost he brought? How, still want everybody to hit Ye Chen?

The key is to snatch the animal eggs from ye Chen?

The Terran kid should be dead, right?

It's impossible to leave the cemetery!

But Xiong Li seems very sure that ye Chen can come back alive

And the most frightening thing is not them, but Xiong Qi!

He looked at Xiong Li with trembling eyes and yelled: "brother, you What do you want to do? Brother ye, but my benefactor

"Benefactor?" Xiong Li smelled the speech, but he burst out laughing. He looked at the dull Xiong Qi coldly and said, "don't worry. After your benefactor comes out, I will send you down to see him soon."

Xiongqi shivered and looked at Xiong Li as if he were a demon. How could he have imagined that his elder brother, whom he had always admired and respected, was to kill himself!

Xiong Li doesn't pay attention to Xiong Qi. Before ye Chen dies, he will leave Xiong Qi alive and let this younger brother watch his benefactor die because of himself!

Chapter 4630

Xiong Li continued to say: "if you can kill Ye Chen for me, I will take out the horn bear clan, nearly half of the savings as a reward!"

The eyes of the seven orcs were bright!

The koala family is relatively weak among the eight big families, but even so, nearly half of the family's savings are not to be underestimated!

Even for the eight families, it's a piece of fat!

The red fur Orc came from the red wolf family, named wolf Yin. He gazed at Xiong Li and said, "are you serious?"

Is there such a good thing in the world?

You can get such a huge reward for killing just one trash?

Xiong Li took a look at the wolf, suddenly turned his wrist and took out a scroll of animal skin!

The moment they looked at the scroll, their faces changed slightly!

This scroll is the scroll of the beast God. It is said that the seal of the beast God is printed on the scroll. It is a treasure used by the orcs for signing the contract! It's called the beast scroll!

Moreover, the animal God scroll has a very high level, otherwise, it will not have binding effect on the existence of the real world!

Xiong Li even took this out!

It can be seen that he is serious!

Immediately, the five Orc men immediately agreed and signed the contract on the scroll!

Those who did not attend were two Orc women who seemed to have some doubts about this

The most important thing is, why does Xiong Li have to find several other people to join hands when dealing with a person who does not exist in heaven and earth?

What's more, it costs so much!

This makes them have a bad premonition

It's a woman's intuition.

Among the eight families, those who cooperate with Xiong Li are the red wolf family, the wolf Yin family of the red wolf family, the lion flying family of the mad lion family, the Yingtian family of the White Eagle family, the tiger letter family of the green tiger family, and the ape family Xing of the black ape family!

All of them are real! Although not higher than three days!

But, this is an extremely powerful force!

Xiong Li's eyes also showed joy. He said with a sneer: "Ye Chen, no matter what benefits you get in the graveyard, you will die when you come out! And the benefits you get will also be my child's

.....

"Star soul chop!"

Ye Chen murmured, waving his sword in his hand and chopping out a starlight. At the moment, the starlight has become a pure black color, containing a strong sense of destruction!

And this dark star river is sweeping towards a tiger full of black gas!

The black tiger roared, and the destructive power on his body surface ran wildly. He actually displayed the magic power similar to Ye Chen's six true secrets of extermination!

The dark star river and the black gas on the surface of the black tiger are pounding each other. Although the destructive power in the black gas is strong, it is obviously the power of the star river that is even better!

The next moment, the black gas collapsed, and the black tiger was also exposed to the starlight. The strong black light immediately shrouded it, and a miserable roar sounded.

I saw that the huge head of the black tiger rolled down and completely lost the breath of life!

Ye Chen took a breath and walked towards the front. Here is also a square stone table and a gate.

This time, there are only five eggs on the stone table, and the breath of each one is very strong and full of vitality, just like the ocean!

This is the sixth floor of the cemetery!

With Ye Chen's destruction rhyme, the first six layers are quite easily passed!

And time, even less than three hours!

Ye Chen looks at the several animal eggs, and his eyes twinkle. Each of these eggs is estimated to have the potential to grow to the later stage of Huanzhen!

However, he still did not stop and walked towards the gate!

The next moment, ye Chen will come to a place, a very broad wasteland.

There is nothing in the sky of this wasteland, only a statue which is the same as that seen on the first floor!

However, this statue is indeed covered by a lot of runes, emitting a very strange breath!

All of a sudden, two rays of light burst out from the eyes of the statue. One of the runes was actually on the body of the statue and slowly flowed up. There was a surge of spiritual pressure on the whole statue!

Resurrection!

The statue of the beast God, in an instant, seems to have a life like resurrection!

In his hand, he held a very generous sword. On top of the sword, the sword spirit was surging wildly, and the endless destruction of Daoyun was endless. The twinkling red eyes instantly locked Ye Chen!

Ye Chen's face sank, and the statue gave him great pressure!

It must be the test of the seventh cemetery to defeat this statue!

A roar came from the mouth of the statue of the beast God. The next moment, his sword swept through his hand, and a large space disappeared under his blade. The destructive force condensed at the edge of the sword and turned into a black line. This sword seemed to cut the test space into two directly! Ye Chen's pupil shrinks, and his soul and body are transformed into each other. When his steps move, the whole person will face the rear and shoot away!

With a loud bang, at the next moment, the sword of terror fell on the place where ye Chen stood just now, and the destruction of Daoyun broke out. It was an instant that the space was turned into a silent darkness!

At this time, a bright star river was beheaded towards the statue. It was the star soul chopping!

Ye Chen, who avoided the sword of the statue, fought back!

But an incredible scene appeared!

The extremely powerful star soul chop, the moment it hit the statue, actually seemed to be offset by some force. The rune on the surface of the statue flickered, and then the star river cut by Ye Chen was turned into a little light and dust!

And the part of the statue hit by the star soul is intact!

In this way, ye Chen has no chance of winning?

Even if such an attack can't hurt the statue, how can we fight it?

Keep hiding? There are always mistakes when you get hit!

What's more, the reason why Ye Chen can avoid Fangcai's sword is that he has been on guard for a long time, and the statue has just started, and there has been a momentary stagnation!

Beast god statue, the speed of the hand is very fast, even ye Chen can't escape the attack of the other side!

This is absolutely the existence of despair for any warrior!

However, it is incredible that ye Chen has always kept calm!

Because, as a result, he was not surprised.

The beast God is investigating the destruction of Daoyun. The star soul chopping is not the martial art of attacking with destroying Shinto completely. The first strike is just for testing!

His eye God light explodes, want to defeat this beast god statue, must rely on the destruction Shinto to to its damage completely!

"The world is beginning to open, the original biochemistry!"

Ye Chen murmured and unfolded the burning sky. A dark sun was suspended in the golden sky. With the blessing of the sun, ye Chen only felt a rhyme, which was several times more pure!

A rune appears in front of Ye Chen, which is the destruction seal of the four heaven realm!
