

Physician 4661

Chapter 4661

"I prayed and worshipped under the spirit of the sword when I was young, and finally got the blessing of the sword spirit. This blessing Fu Zhao contains the cause and effect of the body of the dragon Yuan Heavenly Sword. As long as you go to the heaven man domain, you can sense the position of the body of the dragon Yuan Heavenly Sword."

Ye Chen's eye pupil shrinks and says, "is the body of Longyuan Tianjian in the realm of heaven and man?"

Su Huazheng said, "Well! You are the Lord of reincarnation. Only you can be worthy of the dragon Yuan sky sword. You can't miss it when you go to the heaven and man realm. "

Ye Chen's heart is pounding. He has a fragment of Longyuan Tianjian on his hand, but he doesn't know where the body is.

Now Su Hua Zheng says that the body of Longyuan Tianjian lies in the heaven and man realm. As long as ye Chen holds the Fu Zhao given by the sword spirit, you can find the body.

If you can get Longyuan sky sword, ye Chen's strength will surely step up a big ladder.

As you know, Longyuan Sky Sword is one of the eight heavenly swords. It is the legendary supreme source soldier and is as famous as Shenluo Tianjian.

Xuanjiyue gets the Shenluo Tianjian and changes her life against the sky at one stroke, shaking the world.

If ye Chen can take charge of the sky sword, he can fight against xuanjiyue!

"If you get lucky, I will fight for the fate of the dragon, if you don't get it, I will reward you

Ye Chen is so excited that even in his previous life, he did not get the supreme source soldiers.

If this life had a chance to take charge, it would have been better.

Su Huazheng said: "I don't need your reward. If I can, I hope you can help me find my sister."

Ye Chen said, "your sister?"

Su Huazheng said: "well, I have a sister named Su Chenyu. She disappeared a year ago and I don't know where to go. Unfortunately, I can't leave the tribe to find her. You travel around the world. If you have news about my sister, you'd better tell me."

"Su Chenyu Well, I remember that if I find your sister, I'll send her back to see you

Ye Chen meditated for a moment and immediately agreed to come down.

"Thank you!" Su Huazheng said gratefully

Ye Chen said: "don't mention it. I'll leave first. Goodbye."

Su Huazheng said: "well, if there is a chance in the future, I hope we can see you again."

"I will. Goodbye."

Ye Chen arched his hand and said goodbye to Su Huazheng, leaving Jintian grassland immediately.

Su Hua Zheng gave Ye Chen the sword spirit Fu Zhao of Longyuan Tianjian. Ye Chen would naturally repay such a great kindness.

"Su Hua Zheng's sister, but I don't know where."

"Well, if the cause and effect comes, we will know."

"Now I've got the sword spirit Fu Zhao. If I can find the body of Longyuan Tianjian, it would be better."

"However, the dragon Yuan Heavenly Sword is the legendary supreme source of soldiers. If you want to be in charge, you need the Qi and strength of Tongtian."

Ye Chen secretly thinking, heart blood turbulence.

He knew very well that he was not qualified to take charge of Longyuan Tianjian with his current cultivation.

"First capture the magic stele in the xuanbei of reincarnation."

Ye Chen clenched his fist. If he could get the magic stele, his blood and strength could be improved by leaps and bounds. At that time, he would be able to grasp the dragon Yuan sky sword.

At present, ye Chen tears the void and goes to the mausoleum of the previous life, intending to trace the cause and effect and lock in the location of the magic spirit Palace first.

If you don't know where the devil's palace is, it's absurd to capture the magic tablet.

On the way, ye Chen thought of what, a pat on the forehead, immediately took out the blue and white spring map, into the world of the yellow spring map.

Woo Hoo Hoo!

In the picture of the yellow spring, the sound of the wind is sad and desolate.

The once magnificent world is now in ruins.

One by one abyss has buried the whole world of huangquan. The vast holy water of huangquan, like a dying dragon, struggles and roars in the endless abyss and is constantly swallowed up.

In the endless ruins of the yellow spring abyss, ye Chen sees Yan Kun, Mei Lan, Zhu Ju and others, huddled in a corner.

"Yan Kun, suffering."

Ye Chen flies past, looking at Yan Kun's whole body scar appearance, a sigh.

At that time, Yan Kun was seriously injured in the Tu Sheng assembly. During this period, ye chenni Bodhisattva crossed the river and was unable to protect himself. He had no way to take care of him. He could only let them recover slowly in it.

As time goes by, I forget.

Now, ye Chen can finally get out. After the

massacre conference, he didn't bring any news back. Now, for so many days, the eye liner of Xuan Ji and Emperor Jie Tian should be relaxed.

Just let Yankun take the news back.

"Big brother..."

Yan Kun was scarred all over, and he was dying. Fortunately, Qiankun's blood was so strong that he was still alive.

"Lord dust night."

Mei Lan, Zhu Ju and others, shivering, salute Ye Chen.

During this period of time, they have been hiding in the picture of the yellow spring. Seeing that the abyss is constantly collapsing and their living space is becoming less and less, they still think that ye Chen has fallen, so they should be buried with them."I'll get you out of here."

As soon as ye Chen's eyes coagulated and his big hand waved, he offered the Wu Tu Yuan Fu: "Wu Tu yuan Qi, a world of its own!"

With the fall of Wutu Yuanfu, a solid and thick earth was created immediately in the endless yellow spring abyss to stabilize the last trace of the yellow spring.

The magic weapon of the chart of the yellow spring is related to the foundation of Ye Chen's qi movement. Naturally, it can't be given up easily.

Now ye Chen urges Wu Tu Yuan Fu to evolve a world of Wu Tu, which can temporarily stabilize the earth vein of huangquan world.

With the protection of Wu Tu Yuan Fu, Yan Kun and others finally did not need to be affected by the collapse of the abyss.

"Bagua Tiandan skill!"

Ye Chen's palm then releases wisps of eight trigrams Dan Qi to treat the injuries of Yan Kun and others.

Although Yan Kun was seriously injured, as long as he had one breath left, he could recover under the treatment of Bagua Tiandan.

The pure eight trigrams Dan Qi poured into Yan Kun's body. Yan Kun's severely injured body recovered quickly, and the skin wound healed rapidly at the speed visible to the naked eye.

In an instant, Yan Kun turned over and jumped up from the ground and said happily, "elder brother, your cultivation is more and more powerful."

Ye Chen's one-hand treatment shows a very profound source of cultivation, much more exquisite than before.

Ye Chen tiny smile, way: "Yan Kun, you go back to tell the blood dragon they, I'm ok, I'm still alive."

See Yan Kun recovery, ye Chen is also very happy, want to call him back to report peace.

Yan Kun said: "elder brother, don't you go back?"

Ye Chen shook his head and said: "there is a reincarnation xuanbei named" demon ". It is occupied by the magic spirit palace. I am going to seize it. Time is urgent. I have no time to go back. The magic stele has a great cause and effect. If I talk with you here, you and I may be detected by the magic spirit palace. We must fight and make a quick decision."

Yan Kun heard that the magic tablet came out, but his eyes shrank. He said, "brother, do you need my help?"

Ye Chen said: "you give me back to report peace on the line, don't let the blood dragon they are too worried."

Chapter 4662

Yan Kun thought for a while, gritted his teeth and said, "OK, big brother, I'll go back first. The reincarnation xuanbei was born. It's a big deal. I'll go back and gather people to help you!"

Ye Chen nodded his head and said, "well, more people, more strength."

After the negotiation, Yan Kun leaves the world of huangquan and prepares to return to Yuantian yuan. He tells Xuelong, Wei Ying, Xia Ruoxue and others the news that ye Chen is still alive.

Mei Lan, Zhu Ju and others also bid farewell to Ye Chen and return to mount Leisheng.

Before the butcher's meeting, the wild rock devil fell down, and the wild thunder hall was afraid that the sky would change. They had to go back to prepare.

When all the people left, ye Chen looked around the ruins of the world of the yellow spring. His eyes sank and he thought, "I don't know what kind of natural materials and earth treasures should be taken to restore the map of the yellow spring?"

After a pause, ye Chen shakes his head, and the matter of repairing the yellow spring map can be considered later.

After all, ye Chen couldn't fight xuanjiyue and Emperor Shitian in a short time.

The Qi foundation of the chart of the yellow spring is not the most important to Ye Chen.

Now the most important thing is the magic stele!

Only by seizing the magic stele and ye Chen's reincarnation, can there be a chance for further recovery!

Chuckle

Ye Chen tears the void and rushes to the mausoleum of the previous life.

Ye Chen in his previous life sent people to decorate a lot of tombs to confuse the enemy.

In every mausoleum, ye Chen, more or less, will leave something, true or false, confusing people's ears and eyes.

Now the mausoleum Ye Chen is going to is located at the edge of the dark and dry magic land!

At that time, Feng Xingqiu, the leader of the magic spirit palace, once sent someone to dig the tomb and steal a large number of treasures of the reincarnation Lord.

"The bones of my past life should have been stolen, too?"

The closer Ye Chen was to the tomb, the more he felt a strong cause and effect.

Ye Chen of the previous life, in that tomb, left a section of bone, as well as many Tiancai Dibao.

That section of bone, with the breath of samsara law, can urge the reincarnation xuanbei.

In order to thoroughly urge the magic stele, fengxingmeteor did not hesitate to offend the reincarnation heavenly power and steal the tomb and bone. His method was extremely despicable.

Finally, the void is torn, and ye Chen sees a lonely tomb standing at the end of the plain.

The tombstone of this mausoleum has been destroyed, surrounded by weeds and filled with desolate and desolate atmosphere.

Around the mausoleum, there is a layer of forbidden shield floating, which is actually guarded by array.

"There are still people here!"

Ye Chen is suddenly surprised and approaches the mausoleum. The forbidden shield seems to resonate with Ye Chen's blood and opens automatically.

Ye Chen strode in and saw the entrance of the tomb. There was an old man guarding it.

The old man was walking on crutches. He was in his old age. He was blind and bent. He was in rags and looked very decadent.

"Reincarnation Lord, you are here. I know that one day, you will come here."

When the old man saw Ye Chen, there was a trace of tears in his turbid eyes.

"You are Devil? My former servant? "

Ye Chen looked at the old man guarding the tomb, his head roared, and many memories of his previous life revived violently.

Ye Chen in his previous life has cultivated six servants. These six servants, known as "the six spirits of reincarnation", respectively hold the secrets of the six ways of reincarnation.

The six ways of reincarnation are heaven humanity, humanity, animal way, hungry ghost Road, Asura road and hell road.

In charge of heaven and humanity, it is called the God of heaven and man.

In charge of humanity, he is called the five emperors.

In charge of the animal way, it is called the mysterious female demon.

In charge of the hungry ghost Road, called the devil.

In charge of the Asura way, it is called the God of Shura.

In charge of the hell Road, it is called the hell devil.

If the reincarnation master wants to establish the order of reincarnation, he can not rely on his own strength alone. Just like Yan Changge, the first master of the heart demon, has seven saints and eight servants.

Ye Chen is no exception. He has trained six demons to take charge of the order of reincarnation and maintain the dignity of the law of reincarnation.

After the fall of the reincarnation master, the six demons were scattered in all directions and disappeared.

Every demon has the strength to return to the real world, and can also borrow the heavenly power of the law of reincarnation. It's very terrible.

In the previous life, neither emperor Shitian nor xuanjiyue dared to provoke the six reincarnation demons or challenge the reincarnation master.

Their strength is too far away from the reincarnation master. Even the servants under the reincarnation master are extremely afraid.

Finally, they can only use dirty means to jointly assassinate and eradicate the reincarnation Lord.

What's more, their so-called assassination is also part of the layout of samsara.

It can be imagined that the reincarnation master in the peak period is so powerful that the edge of reincarnation is enough to crush the fate and deter the demons.

"Lord, you finally remember."

"Your layout is too dangerous."

"I think you really fell."The body of the evil spirit trembled and knelt down toward Ye Chen.

Ye Chen is silent, his head is torn like pain, and his memory of previous life is constantly restored.

"Hard work for you."

Finally, ye Chen sighed, looking at the decaying body of the evil ghost and demon God, and felt extremely sorry.

In the past, the evil spirits and demons, who were in charge of the hungry ghost path in the six samsara, were the embodiment of nightmares. The king of hell told people to die at the third watch, and they did not dare to stay at the fifth watch. In the territory ruled by the reincarnation master, some people would dare to commit crimes, and the evil spirits would move out, incarnate as fierce ghosts, draw people's souls, eradicate the traitors, and maintain the right path of reincarnation.

In the old days, the evil spirits and gods were fierce, and no one dared to provoke them.

But today, but reduced to a frail old man, haggard.

"I'm sorry, it's really hard for you."

Ye Chen is silent again. The layout of the reincarnation Lord, the six reincarnation demons, knows that they have also dissuaded them.

However, the reincarnation master knows the horror of the superior, and the layout must be carried out. Even if he risks dying, he will not hesitate.

After the layout of the reincarnation masters fell, the six demons lost their dependence and no longer had the edge of the past. The evil spirits and Demons guarded the tomb for the reincarnation master, but suffered all kinds of disasters and fell to the present situation.

"It's all right. It's my duty to serve the Lord. I only hate my humble cultivation. I can't resist the invasion of Fengxing meteorite, and my Taoist bones are robbed!"

The devil still knelt on the ground, and at the end, his voice was filled with hate.

At that time, fengxingqiu sent someone to steal the tomb, and stole a section of the reincarnation master's bones, as well as all kinds of natural materials and earth treasures. Although the evil spirits and Demons tried to stop them, their strength was not enough, and they could not stop them. They were also severely injured, completely destroyed and even blinded.

Fortunately, fengxingxiao is afraid of reincarnation and Tianwei. He is afraid that cause and effect are too heavy to kill.

"It's OK. You try your best. Get up."

Ye Chen didn't blame him. He raised his hand in the air, and a spirit power was released and lifted up the evil spirits and demons.

"Lord, it's the old slave who is incompetent. The old slave deserves to die. Please punish him!"

In the voice of evil spirits and demons, there is still a sense of shame.

Ye Chen said in a deep voice, "it doesn't matter. Take me in and have a look."

He would like to know how many things fengxingmeteor stole from the tomb.

"Yes."

The evil ghost and the demon God walked into the mausoleum with a crutch and trembling with Ye Chen.

Chapter 4663

Inside the mausoleum, there are signs of broken walls everywhere. Many walls have collapsed and are covered with spider silk, a scene of dilapidation.

Ye Chen's eyes sank around, insight into the natural mechanism, layers of cause and effect opened, and the pictures in the former mausoleum suddenly appeared in front of him.

At that time, a group of strong men broke into the mausoleum, burning, killing and robbing everywhere. The evil spirits and demons with a group of reincarnation believers worked hard to support.

Unfortunately, the strong were numerous and powerful. The evil spirits and demons were finally defeated. All the believers were killed and he was severely injured.

The bones of reincarnation worshipped in the tomb were also robbed by robbers, and all the heavenly materials and earth treasures were also taken away.

"Fengxing meteorite, what a cruel means!"

Ye Chen captured the picture of the past, suddenly angry, fist clenched.

In the past, the bandits who broke into the mausoleum were led by Emperor Wuqu, the younger brother of the greedy wolf emperor and one of the Seven Saints. Fengxingxiao did not steal the tomb himself.

However, what ye Chen hates is not the emperor of Wuqu, but Fengxing meteorite!

Because the emperor of Wuqu is only employed by people. The real behind the scenes is the wind star meteorite!

If you want to completely activate the magic tablet, you need the keepsake of the Lord of reincarnation. Therefore, Fengxing meteorite, at all costs, offends Tianwei, but also wants to seize a section of the reincarnation Lord's bones!

Now a section of the reincarnation Lord's bones has fallen on Fengxing meteorite's hand.

Ye Chen sighs.

Gu Xuan, the master, is really similar to his own fate.

The only difference is that Gu Xuan was robbed of Daogu bone in his life, while he was robbed after falling.

Evil spirit demon God way: "respect Lord, wind star meteorite robs the corridor bone, how should we deal with it?"

Ye Chen bit his teeth and said: "blood debt, blood compensation! He wants to take my things, it's not so easy! "

The evil spirit was shocked and said, "Lord, but the wind star meteor has got your Dao bone, and then the magic stele's spiritual power has been infused, and the cultivation has reached six levels of the true state. How can we be enemies?"

At present, ye Chen's cultivation is only one layer of heaven and earth.

This cultivation surprised the evil spirits and gods.

There is no doubt that the foundation of Ye Chen's martial arts is too deep. He wants to cultivate and break through, which is a hundred times more difficult than ordinary people. Therefore, there is only one layer of heaven and earth.

Ye Chen said: "my Dao bone, only I can inherit, even if emperor Shitian comes, he is not qualified! There is no such luck! "

Only Ye Chen, who has the samsara blood, is qualified to inherit and merge. Other people do not have this Qi at all.

Fengxingmeteor forcibly seizes, that is blasphemous reincarnation Tianwei, pure seek death.

Although Fengxing meteorite's strength has reached six layers of heaven, ye Chen doesn't feel any dangerous natural chance. His opponent's Qi foundation is too shallow. If he forcibly seizes his bones, he will be punished by heaven.

As long as ye Chen, the right Lord, comes to the devil's palace, there will be a disaster immediately, punishing Fengxing meteorite.

Therefore, ye Chen is not afraid at all. He only has hatred in his heart. He just wants to kill Fengxing meteorite quickly and regain his own Dao bone and reincarnation magic stele!

If you can integrate the Dao bone of the past life and refine the reincarnation magic tablet, ye Chen estimates that his strength can go to a higher level!

"Lord, do you want to go to the ghost palace and find Fengxing to avenge you?" said the evil spirit

Ye Chen said: "yes! Evil ghost and devil, your cultivation has been completely destroyed. After suffering for years, you should go to my world to have a rest, and I will try to help you recover later. "

Ye Chen offered sacrifices to the yellow spring. Now, in the chart, there is a world of earth, which can let evil spirits and Demons live.

The evil spirit and the devil gave a wry smile and said, "no, Lord, thank you for your kindness. But I'm exhausted. Please forgive me that I can't accompany you any more. If there's an afterlife, I'm willing to follow the Lord again, establish reincarnation rule, and dominate the world in the eight wastelands."

At the end of the day, there was a strong flame burning in the turbid eyes of the evil spirits.

Boom!

The flames burst out, enveloping the body of evil spirits and gods.

"Lord, in the deepest part of the mausoleum, there is something that can't be taken away even by Fengxing meteorite. The old slave opened the forbidden area at the cost of his life. Go and have a look. The old slave is gone."

The evil spirits and demons were completely burned and finally turned into a blood light and escaped into Ye Chen's body.

"The devil and the devil!"

Ye Chen shouts, but the evil spirit burns himself and has fallen completely. A trace of reincarnation law left in his blood turns into blood light and melts into Ye Chen's meridians.

Hum!

In the palm of Ye Chen's palm, the reincarnation pattern suddenly lights up, and there is a virtual shadow of reincarnation disk behind, which is blooming violently.

In the shadow of this reincarnation disk, it represents the star position of the hungry ghost Road, which bursts out bright light.

The law of reincarnation in the body of evil spirits and Demons belongs to the hungry ghost way in the six reincarnations.

At this moment, the evil spirits and Demons burn themselves and return the law energy given by the reincarnation Lord to Ye Chen.Boom!

Ye Chen's body, suddenly burst out of the figure of thousands of evil spirits, such as the master of the ghost of the devil, ferocious terror, domineering cruel.

It seems that in the world, if someone dares to offend Ye Chen's majesty, ye Chen's reincarnation method will be dragged into the path of hungry ghosts, which will be doomed.

Thank you very much

Ye Chen clenched his fist and felt that his martial arts had improved a little, and the six ways of reincarnation became more powerful. He was very grateful to the evil spirits and demons.

Boom!

With the fall of evil spirits and gods, the whole tomb seems to have lost its backbone and is constantly collapsing and destroying.

In the deepest part of the mausoleum, there is a forbidden area, which seems to have been opened.

"What's left for me in that forbidden area?"

Ye Chen's heart moved and flew away to the deepest part of the tomb.

Here, there is an ancient tomb.

At the entrance of the tomb, there are thick prohibitions. This layer of prohibition is connected with the blood of evil spirits and demons. If you want to break the prohibition, you must first kill the evil spirits and demons.

Even the former Fengxing meteorite did not have the courage to kill the evil spirits and gods, so the things in the tomb room were not taken away.

Now, the evil spirits and gods have given their lives, and the forbidden tombs have been opened.

Ye Chen can see clearly that there is a crystal ball worshipped in the tomb.

This crystal ball seems to record something.

Boom!

The tomb is collapsing, pieces of rubble are falling.

Ye Chen goes up quickly, palm presses on crystal ball, spirit power infuses in.

Whoa.

The crystal ball is infused with spiritual power, and a picture suddenly appears.

A picture of fighting!

In the sky of nine stars, two figures stand against each other.

These two figures are actually the reincarnation master of the previous life, and Ren extraordinary!

"Lord of reincarnation, master!"

Ye Chen sees these two figures, pupil shrinks suddenly, concentrate on looking up.

Reincarnation of the Lord and Ren extraordinary, obviously in the exchange of martial arts.

Chapter 4664

On the head of the reincarnation master, there is an inexplicable force, roaring in the rush, the wheel of reincarnation, click click to turn.

A long yellow spring river revolves around the body of the reincarnation Lord. It seems that the river is longer than the Milky way. It can't see the end at a glance, and I don't know how many layers of emptiness flow through.

In this long river of the yellow spring, there is the heavenly power of reincarnation. It seems that all the people in the universe can see their own shadow and are shrouded by reincarnation and have no escape.

Every star in the universe seems to be sinking in the Yellow River, constantly flashing. Traces of the past and pictures of the future seem to be flashing, constantly evolving.

"What a powerful reincarnation breath! Your way of reincarnation is superior to the thirty-six ways of Taishang. No wonder the superior is so afraid of you. "

Ren Feifan looked at the figure of the reincarnation Lord and sent out praise.

"Ren, how is my cultivation compared with you?"

When the reincarnation master smiles, the yellow spring river is spinning, capturing the stars in the void of the universe.

With the energy of the stars in the sky, the whole yellow river burst out a more magnificent breath, such as landslides and tsunamis.

"Your blood, has not grown up, is not my enemy now, the blood moon butcher day cuts, gave me to suppress!"

Ren Feifan shakes his head. Although the energy of the law of reincarnation is superior to the sky, the Lord of reincarnation, whose blood has not yet fully grown, is not his opponent.

Between the words, Ren extraordinary drew out his sword, and nine rounds of blood moon evolved in the starry sky.

Each blood moon is deeply imprinted in the dark sky of the universe, as if to penetrate the laws of the whole universe. Even the flame of the sun and stars can not match the light of the nine blood moons.

The sword power of rolling blood moon, mingled with the breath of killing the sky, is mercilessly cut down.

Hiss!

The holy river of the yellow spring, the Lord of samsara, has been cut off in two. Countless powerful laws of reincarnation have been continuously dispersed, scouring the universe and annihilating the stars. The picture is very terrible.

Ye Chen watched the duel between them. He was shocked. He only felt that he was a mole ant. He would be crushed in a moment.

"Good sword technique!"

"But if you say I'm not your enemy, that's not true."

"Let you see, my new understanding of the supernatural power, the Supreme Master's way!"

The reincarnation Lord looked at Ren extraordinary blood moon sword spirit, also praised, but he did not shrink back, burning fighting spirit in his eyes.

Hum!

A huge seal is offered from the main body of samsara.

This seal, with its majestic immortal spirit, is exactly the purple ribbon thousand machine seal!

When the master of samsara pinches the formula, the immortal spirit adds to his body. There is a thread of Dao that floats out from the purple ribbon thousand machine seal.

With the arrival of the purple ribbon fairy Road, the reincarnation master's whole body was full of immortal Qi, and turned into a sky blue Taoist robe. All around him, there were layers of fairy symbols around him. The sword in his hand also burst out immortal light, which was like a dragon and a tiger. He kept roaring.

"The Supreme Master? Do you dare to ask for the Taoist Dharma left by the goddess of heaven? "

Any extraordinary appearance, a little step back, concentration alert.

The goddess of heaven refined the twelve true treasures. In each treasure, there is a purple ribbon thousand machine seal of the Lord of the return of the Lord of the supreme way. It is the magic weapon of the twelve true treasures. There is also a method of the Supreme Master in it, which is called the supreme master's way.

As soon as the Supreme Master's way is put into practice, people will turn into masters of dragon and tiger. They will have a great immortal spirit. They will be majestic and powerful, and can suppress all kinds of demons.

Now, the reincarnation master makes the Supreme Master of heaven, and immediately becomes the dragon and tiger Heavenly Master. If he wants to subdue demons and subdue demons.

"Why not? The heavenly daughter wants to raise pigs, but if one day, I will kill her to the supreme world, I will tell her that what she raises is not a pig, but a dragon! "

The master of reincarnation is full of vigor and vitality. He smiles freely and freely. He becomes the master of dragon and tiger. He is surrounded by aura. The spirit of immortal is added to his body. The six samsara methods are transformed into sword Qi. The six sword spirits are mixed with the reincarnation heavenly power, and they can be cut into extraordinary straight.

"Good come!"

Ren Feifei roared up to the sky and roared. The powerful force of the blood moon haunted the body of the sword and cut it out with one sword. If he wanted to destroy the void of thousands of trillion yuan, he met him without fear.

Boom!

Dragon and tiger master, six sword techniques.

The blood moon slays the sky and breaks the void.

The sword spirit of the two great masters collided fiercely. In the space, the sky was blown up, the endless stars burst and smashed, and layers of space collapsed, as if even the road had been worn out. The picture was very terrible.

Originally, in the vacuum of the universe, the sound could not be transmitted, but their swordsmanship was really terrible. They crushed all the rules, reversed the stars, disordered the universe and overturned the universe. They were invincible.

Ye Chen witnessed the whole process and was shocked beyond measure.

It turns out that the reincarnation master of the previous life, as well as Ren extraordinary, is actually powerful to this point.

The two people just fight each other, not the fight between life and death. There is such a big atmosphere. If it is a fight between life and death, how terrible will it be? Ye Chen could not understand the battle between the two men. In his eyes, the battle at this level would spread to the void and crush the stars, which was invincible.

But in the world, there are more invincible beings than reincarnation Lord and Ren extraordinary!

The gods!

Those in charge!

"I don't know when I will be able to reach the realm of the reincarnation master of the past life, and Ren senior."

Ye Chen was stunned and distracted, and the picture of fighting in front of him gradually disappeared.

Whoa.

The samsara is the way of reincarnation!

The shadow of the reincarnation Lord is suspended on the crystal ball and looks at Ye Chen silently.

This crystal ball has the mark of reincarnation.

"Boy, how do you feel after watching this competition?"

The Lord of reincarnation looks at Ye Chen and makes a profound sound. The tombs around him are collapsing and falling stones.

The voice of the Lord of samsara is more penetrating in the collapse of chaos.

"The blood moon slaughters the sky, I seem to understand the next blood moon."

"And the way of the Supreme Master, I also seem to understand a little bit."

Ye Chen is slightly absorbed, feeling the benefits of just watching the war.

Ren Feifan's nine rounds of blood moon are branded with emptiness. Ye Chen sees the sharp edge of the real blood moon and Tu Tian, and his swordsmanship breaks through faintly. If at this time, he makes the bleeding moon kill the sky, which is enough to burst out a stronger blood moon!

Hum

After a long time, there was no movement in the purple ribbon.

The whole seal is full of immortal light, and the hidden supreme Taoist Dharma is understood by Ye Chen.

"The Supreme Master's way, incarnated as a dragon and tiger Heavenly Master, suppressed all demons, crossed into living creatures, and was invincible!"

Ye Chen felt silently that he had seen the power of the supreme Taoism at the butcher's meeting.

Whether it's the Wanjie Tianyuan of the emperor yuan palace or Wei Ying's Taishang Heavenly Sword, the lethality is very terrible.

Now, ye Chen has also understood a method of the Supreme Master, which is derived from the purple ribbon thousand machine seal, called the Supreme Master's way.

Chapter 4665

Between the realization of Taoism, ye Chen was permeated with immortal light. He was also transformed into a Taoist robe in sky blue. He was flying with aura and roaring with dragon and tiger weather. He was very domineering.

"Very good. Your martial arts foundation and talent have surpassed me. You can break through the blood moon and butcher the sky so quickly, and understand the mission of the Supreme Master of heaven to fight against the wanxu temple. I can trust you."

The reincarnation master looked at Ye Chen and nodded with satisfaction.

"Wanxu temple..."

Ye Chen in the heart silently recites, in the heart inexplicably has a kind of boundless fear, unceasingly tosses up.

The four characters of the temple of wanxu represent the unspeakable law and the majesty of the supreme gods.

According to Ye Chen's current strength, when he mentions the temple of wanxu, he has an instinctive fear, just as ordinary people see poisonous snakes, tigers and beasts, and their instincts are creepy and their scalp is numb.

"Hongmeng starry sky, guard the soul!"

Ye Chen pinches a formula, releases the great star sky, only then dispels the instinct fear, the mind recovers.

The four words "Temple of wanxu" are really terrible. Ye Chen feels boundless pressure when the reincarnation Lord mentions them.

"Hongmeng big star sky? Good, good. "

The Lord of samsara saw the starry sky released by Ye Chen, and his eyes suddenly brightened.

Ye Chen of this life, the foundation of martial arts obviously surpasses him.

In his previous life, he did not understand the starry sky.

"Boy, you have a bright future! Maybe you have a chance to fight against wanxu temple

"I founded the Yin and Yang Temple to fight against wanxu. When the time comes, the strong men of the Yin and Yang Temple will appear in front of you."

"In the past, the reincarnation of the six demons has been exhausted. In this life, you want to rise up, and you can no longer rely on them. You need to rebuild the power of yin and Yang temples!"

The reincarnation master followed the instructions, and the empty shadow body gradually faded away.

Boom!

The whole mausoleum collapsed completely.

"Broken!"

Ye Chen with a palm, broken open heavy gravel, fly out, fly to the air, overlooking below.

Looking at the ruins of the tomb, ye Chen looks slightly dignified.

This time, ye Chen clearly saw the top duel between the reincarnation Lord and Ren extraordinary. The strength of those two people was so terrible that they could not fight against wanxu.

We can imagine how terrible the influence of the temple of wanxu is.

"There is still a long way to go."

Ye Chen's eyes twinkled, shook his head, and no longer thought, tearing the void, leaving here.

It is Ye Chen's ultimate long cherished wish to fight against wanxu and kill the people behind him. But now, ye Chen's strength is not enough, so it is impossible to fight against it.

In front of Ye Chen, the most important thing is to kill Fengxing meteorite, recapture the reincarnation Dao bone, and then seize the magic tablet to revive the blood!

"Fengxing meteorite, you wait for me!"

Ye Chen clenched his fist and continued to tear the void, and went to the dark and dry land.

During his visit to the mausoleum, ye Chen traced the cause and effect and found out the location of the magic spirit palace.

Next, it's time to pay blood debts and revenge!

The evil spirits and spirits are exhausted and tragic. Fengxing meteorite should bear the greatest responsibility. Ye Chen naturally will not let him go.

The void was torn, and ye Chen soon came to the dark and dry land.

His mausoleum in his previous life is on the edge of the dark and dry magic land. It is very close, so he will arrive soon.

The dark and dry magic land is located at the junction of the Yangzhen region and the heaven and man realm. I don't know how big the area is. The whole boundary is covered with a layer of black gas, which seems to be forbidden to prevent outsiders from entering.

"It's the smell of the magic stele!"

Ye Chen's pupil shrinks, and the black gas suppression over the dark and dry magic land is actually the breath of magic stele.

Obviously, the magic spirit palace buried the magic stele under the ground, combined with the earth veins, evolved into a layer of boundary, blocking the footsteps of outsiders.

"Star soul chop!"

In a flash, an incomparably bright star river surged on the Sha sword.

One sword!

The evil sword was cut down fiercely, and the sword awn was torn. In an instant, he cut a crack in the black gas border shield.

Chuckle!

The black Qi was cut by the sword, and the evil Qi actually fell back on him. He climbed up to Ye Chen's arm along the body of his sword to devour him.

"Tianxian Koi copy, disperse it for me!"

Ye Chen looks the same, a wisp of Koi Xianqi is released. At the moment, there is Koi to protect the body and disperse all the evil Qi that has climbed over.

Brush!

At the next moment, ye Chen's body shook and went into the world of dark and dry magic.

Whoa.

After ye Chen's death, that black gas boundary crack, heals again.

As long as the magic stele is still buried in the ground, the evil spirit here will not disperse and will never die out.

"What a strong evil spirit!" As soon as ye Chen stepped into the world of dry and dark magic land, he felt that the evil spirit was surging. The sky and the earth were a dark color, and the clouds were always gray. If there was evil spirit around the flowers, plants and trees, the wind would blow and howl.

"In this kind of world life, I am afraid that the magic tablet will erode the mind and become a walking corpse."

Ye Chen frowns. In the xuanbei of reincarnation, the breath of the magic stele is very fierce, which can erode people's spiritual will. Just like the heart demon, it can brainwash people and control them into puppets.

If this kind of treasure falls into the hands of the magic spirit palace, it will only bring disaster to all directions and cause endless poison.

Whoa.

Ye Chen pinches the Jue with his fingers to protect the body from being eroded by evil Qi.

Make full preparation, ye Chen just slowly forward, he has captured the location of the demon spirit palace.

Fengxingqiu dares to seize the reincarnation Dao bone, which is an act of offending the reincarnation Tianwei. Although the reincarnation master falls, Yu Wei is still branded in the heaven and earth. If anyone dares to offend, he will be punished by heaven!

Therefore, although fengxingxiao is a master of the six layers of heaven in the real world, ye Chen is not too afraid. As long as he comes to the demon spirit palace, the rolling scourge will fall down and flatten all the enemies.

This is the majesty of reincarnation, no offense!

Only Ye Chen can inherit the Dao bone of the reincarnation master. Other people don't have the qualification, and the emperor Shitian can't do it.

Looking around, ye Chen saw the gray sky and earth, occasionally some zombie like figures, slowly shaking.

In the past, there were many sects, families and forces living in qiandark magic land. However, with the entrance of the demon spirit palace, everything changed.

Fengxingmeteor uses the smell of magic stele to block the heaven and earth. He wants to control everyone and let others be his sacrifice to sacrifice the magic stele.

In the past, there were tens of millions of people in the dark and dry land of the past, but today, only one million people are left.

Some people refuse to yield to the spirit palace, and can only hide in the dark and support.

"The source of darkness, hidden!"

Ye Chen knows very well that this is the territory of the magic spirit palace. If he is too blatant, he may cause unnecessary trouble.

Therefore, ye Chen sacrificed the source of darkness, with the help of a trace of dark atmosphere, the whole body of Koi immortal Qi, all hidden.

On the surface, ye Chen is also like ordinary people. His body is like a zombie. It seems that he is under the control of the magic spirit palace. No one knows that ye Chen is burning the anger of hatred in his heart!

Chapter 4666

"It seems that this dry and dark magic land has been cast into an array by the spirit palace!"

Ye Chen keeps moving forward. Every other section of the road, you can see the mark of the array, and he is suddenly shocked.

The magic spirit palace obviously uses the method against the sky to rebuild the mountains and rivers, casting the whole dry and dark magic land into an array.

In this array, the breath of the magic stele is driven to the extreme. The warriors living here are eroded by the magic stele, and sooner or later they will become walking dead.

Vaguely, ye Chen even feels that fengxingxiao has integrated his own self-consciousness into the magic tablet array. If anyone dares to rebel, he will be crushed by his world law in an instant.

"It seems that it is not so easy for me to recapture the xuanbei and Daogu safely."

Ye Chen frowns slightly. Fengxingxiao offends samsara Tianwei. It's not difficult to kill him, but the difficulty lies in that the whole world of dry and dark devil land is controlled by Fengxing meteor. Once Fengxing meteor is killed, the world collapses and lives are ruined, which will lead to blood evil cause and effect.

As Xuanji learned from the past, ye Chen doesn't want to be full of blood evils, bearing great cause and effect.

"Well, settle down first."

Ye Chen shakes his head and plans to have a rest first, and then comprehend some wonderful methods, such as Tianyou abyss technique, the Supreme Master's way, blood moon butchering the sky and so on.

Then ye Chen came to a small town and stayed in an inn.

This small town is filled with a very terrible atmosphere. Everyone's faces are blue. You can't see any anger. It's obviously eroded by the magic stele.

"Fengxing meteorite, I will kill you sooner or later!"

Ye Chen bit his teeth, never seen such a bleak scene, as if this is not a small town in the world, but the nether hell, all people are zombies and monsters.

All this is caused by the wind star meteorite!

In Ye Chen's eyes, there is also a murderous spirit. If you can kill Fengxing meteorite, it's a great merit.

That night, ye Chen stayed in the small town inn.

At night, the wind whimpers, ghosts cry and howl all over the dry and dark devil land, and the shrill screams come from afar.

Ye Chen knows that it is the scream of the devil spirit palace, which is used to refine the magic stele.

I'm very sincere.

Ye Chen tossed and turned unable to sleep, but someone knocked at the door in the middle of the night.

In the world of miserable Yin Feng and wailing ghosts and wolves, there is a sudden knock on the door, which really makes Ye Chen a little creepy.

"Who?"

Ye Chen holds the sword in his hand and pushes open the door.

In the moment of opening the door, ye Chen was stunned.

Outside the door stood a young girl, dressed in shepherd's clothes, fair skin and gentle features. In this hellish world, it is really a Datura blooming in the dark.

Ye Chen took a look, suddenly felt relaxed and happy, relaxed spirit, pressure for one empty.

This girl, not to say how beautiful, how amazing, but in this ghost place, can suddenly see a living, vibrant, white red girl, it is very happy.

"Brother, help me!"

As soon as the girl saw Ye Chen open the door, she suddenly grasped Ye Chen's hand and pleaded.

"What?"

Ye Chen Leng Leng Leng, a face surprised.

"My name is Su Chenyu, and my sister's name is Su Huazheng. You have my sister's breath. You must be sent by her to save me, aren't you?"

The girl's eyes were slightly red and her voice was very low, as if she was afraid of being heard.

"Are you su Chenyu?"

Shocked, ye Chen stepped back and looked at the girl's face. As expected, it was similar to Su Huazheng in three parts, but it was still more tender and beautiful.

"Come in and talk."

Ye Chen probe looked at the left and right sides, afraid that there was a ghost in the inn, and immediately pulled the sunfish into the room and locked the door tightly.

"Brother, what's your name? Help me out quickly. I'll be sacrificed in a few days."

Su Chenyu has bright eyes and a warm, pure and kind nature. She has been trapped in the dark and dry land for a long time. She still keeps her aura, unlike the zombie like appearance of those people outside.

"My name is What's the matter, Huang Chen? "

Ye Chen didn't expect that when he first came to qiandark magic land, he could meet Su Huazheng's sister. He was really lucky.

If he doesn't come here, he can't reveal his name.

"A year ago, I was grazing on the grassland. As a result, a sheep was lost, so I went to look for it. Then I accidentally fell into a space turbulence vortex and was transported here..."

Su Chenyu tells the reason. Ye Chen listens quietly and frowns slightly.

In the land of wrath, there are natural disasters every month, which leads to the instability of the space and the turbulent flow of time and space. Once people are involved, they don't know where they are going to be transferred, or even fall into the space of different dimensions.

At the end of the assembly, ye Chen was involved in the turbulent flow of space, and finally fell into the land of Wrath because of the special space law here. When Su Chenyu was not careful, he was carried by the turbulence of time and space, and was transported to dry dark magic land.

"The mysterious female demon in the magic spirit Palace said that I have the sword spirit of the dragon Yuan sky sword, which is a good material for the blood sacrifice to the devil stele. He intends to raise me for a year, so that I can absorb the evil spirit in my blood and sacrifice me. Now it's almost time. Brother, how can we escape?"

Su Chenyu is a little afraid, because in a few days, she will be sacrificed to the devil's stele by blood.

As soon as ye Chen's face sank, he grabbed Su Chenyu's wrist and took her pulse. As expected, he found a ray of evil Qi lurking.

As time goes by, people living in the dark and dry land will be influenced by the smell of the magic stele, and eventually become puppets of the magic spirit palace, and even become the material of blood sacrifice.

"This magic tablet, the breath is really terrible!"

Ye Chen is shocked. The energy of this magic tablet is much more powerful than he imagined. It can actually erode a mountain and river and invert all living beings. It is a weakened version of the heart demon trial.

"You say the man who wants to kill you is called the mysterious female demon?"

Ye Chen calmed down and suddenly noticed the character mentioned by Su Chenyu.

Su Chenyu said, "well," this mysterious female demon is said to be a great demon in ancient times. It's very terrible. Brother, do you have any way to take me away? As soon as I saw you in the inn, I knew you were here to save me

As soon as Su left her hometown, she was too angry.

However, Su Chenyu was trapped in the dark and dry land for a year, and there was already evil Qi in her blood, so ye Chen could not see her cause and effect for the first time.

"Mysterious female demon God, you say he is the ancient great devil?"

Ye Chen laughs. Under the insight of heaven, he immediately determines the identity of the mysterious female.

Su Chenyu said, "isn't it?"

Ye Chen said with a smile, "if I said that the mysterious female demon was my servant, would you believe it?"

Chapter 4667

In ancient times, under the reincarnation master, there were six demons, all of whom were servants of the reincarnation master.

This mysterious female demon, one of the "six reincarnation demons", used to be in charge of the animal way.

"Brother, don't you talk nonsense? How can you be your servant? Let's find a way to escape! When we talk about the name of the mysterious female demon God here, he will be aware of the mystery

Su Chenyu looked around, but he was very nervous.

During one year in the dark and dry land, she experienced the horror of the mysterious female devil.

If someone dares to offend him, he will point out that the animal law will be released, and people will be transformed into mice, pigs, dogs, cattle and sheep. It is very terrible.

This is a kind of supernatural power that demoralizes human beings and animals, and it is the means of the ancient reincarnation master.

Ye Chen said that the mysterious female demon God was his servant. Naturally, Su Chenyu did not believe it. Did her sister have such a great face that she could ask the reincarnation master to save herself?

"Where is the mysterious female demon? Take me to meet him. "

There is a trace of murderous spirit in Ye Chen's eyes. The mysterious female demon, who was his former servant, actually turned to the demon spirit palace and betrayed him. Naturally, he could not tolerate it.

"It was also the mysterious female who led the way to steal the tomb and steal the bone."

Ye Chen pinches a finger to calculate, the day machine hole bright, suddenly discovered more startling fact.

It turns out that there is a Dao bone hidden in Ye Chen's tomb. This news was also told by the mysterious female demon God to fengxingqiu.

Even if fengxingqiu wants to steal the tomb, she still leads the way!

It's an unforgivable crime for the former slaves to disobey the Lord and help the tyrants!

Although the mysterious female devil did not personally participate in the tomb robberies and was afraid of offending the reincarnation heavenly power, the act of betraying and leading the way was already heinous, and ye Chen did not forgive him.

If it was not for his betrayal and leading the way, perhaps the evil spirits and demons would not be reduced to a miserable situation, and ye Chen's Dao Gu would not be stolen.

"Do you still want to see the mysterious female demon? Brother, you don't want to die! "

"The mysterious female demon is said to be the servant of the reincarnation master in the past. Although the reincarnation master has fallen down and his cultivation has fallen greatly, now there are only two layers of heaven in the real world, but the strength is absolutely beyond your ability."

Su Chenyu was shocked when he heard Ye Chen was going to see the mysterious female demon.

"Ha ha..."

Ye Chen burst into a sneer, the murderous spirit in the eyes is more and more intense, treat traitor, he can not have what benevolence.

Bang bang bang!

Just then, there was a fierce knock on the door outside the inn.

"Su sunfish, do you want to run away?"

"How dare you, you want to murder the mysterious female demon lord?"

"Get out of here

Waves of anger and irritability came from the outside.

"No, brother, the men of Xuanwu's house are coming!"

Su's pretty face suddenly changed color.

The veins of the dark and dry magic land are contaminated by magic steles. In this place, whether it is about Fengxing meteor, the master of the demon soul palace, or the high-level figures like xuanfemale and demon God, they will touch the natural mechanism and attract attention.

Xuanfemale mansion is a branch of the magic spirit palace, which is under the charge of the mysterious female.

"Hehe, it's just in time. Go out and have a look."

Ye Chen sneers and strides out of the inn with Su Chenyu.

The night was dark, and there were more than a dozen people outside the inn, holding torches and looking murderous.

These people, very strange looking, or bull head horse face, or lion body human face, or green face fangs, look terrible in the dark, no one is normal.

Obviously, they were all under the command of the mysterious female demon God, and they were the disciples of the mysterious female mansion.

The mysterious female demon was in charge of the animal way. He didn't like the human race, but only liked the animals. All the disciples in Xuanmu's house were transformed into half human and half animal.

"Boy, who are you, sneaky and dare to hide your breath?"

"Show up quickly, or we won't be polite!"

"Is it you who are plotting against the demon lord?"

All the torches shine on Ye Chen's face and yell.

The distance is so close, they have already felt that ye Chen used some means to hide the breath on his body, without exposing the details.

"Where is the mysterious female demon?"

Ye Chen has a cold look in his eyes, sweeping the audience.

"Why, do you want to see the devil?"

"With your simple heaven and earth, you are not qualified to carry shoes to the demon lord!"

"This boy is sneaky. He must have no good intentions. Kill him!"

People look fierce, no longer nonsense, one after another pulled out their swords and cut toward Ye Chen to split his body.

"Ouch

Seeing this, Su Chenyu suddenly exclaimed and hid behind Ye Chen with a look of fear.

These people are half human and half animal monsters. They understand the magical power of brute way. When the swords are dancing, there is a terrible natural disaster and murderous spirit, which constantly bursts out. The endless black fog rolls and sinks, crushing the void, as if to drag people into endless reincarnation and bear the disaster of materialized animals forever. Su sunfish's face was already pale.

She has seen with her own eyes that anyone who offends Xuanwu's house will become a beast even if she is not killed by a random knife. If she gets caught in the evil spirit of the beast's way, she will become a beast. It's very terrible.

This is not a simple martial art, but a curse of the law with six samsara!

"I'll show you what the real terror is

Ye Chen snorted coldly, and suddenly the whole body exploded into a circle of fierce spirits. If there were tens of thousands of evil spirits, he rushed out of Ye Chen's body.

Ye Chen's whole person is like a legendary ghost king, with black hair flying all over his head, and layers of evil ghost shackles on his body, which makes a sound, and evolves the disaster spirit of six reincarnations.

"What! Hungry ghost way! The hungry ghost in the six samsara, how can you do it

They were shocked beyond measure.

Now ye Chen is using the method of hungry ghosts in the six ways of reincarnation, such as the incarnation of ghost king. In every move, the ghosts roar and the earth shatters.

This is just a trace of the experience of the tomb.

The dark night sky, suddenly emerged a layer of ghost clouds, nine days above the sky, it seems that there are some terrible demons, in peeping at the world, to devour everything.

This is the towering weather of hungry ghost road!

The evil spirits and gods fall down. Before dying, they will belong to the law of reincarnation of the hungry ghost road and return them to Ye Chen.

Ye Chen gets this part of the law, and the cultivation of the six ways of reincarnation greatly soars, and the ferocious power of the hungry ghost road is revealed. He is the real great terror.

Everyone in the audience, completely shocked.

Su Chenyu is also completely shocked. Behind the towering ghost weather, she seems to see the figure that dominates all living beings and determines the world.

That is the figure of the reincarnation Lord!

"Is it true that the elder brother is reincarnated?"

Su Chenyu covered her mouth and was shocked to the extreme. On her body, there were virtual shadows of Koi, which kept floating, blocking the impact of the fierce ghost breath.

Ye Chen did not forget her, a hand Tianxian Koi copy, timely protect her.

Chapter 4668

Ye Chen's appearance is extremely terrible, but it is also one of the majesty of the six ways of reincarnation.

The six ways of reincarnation is not a kind of magnificent Taoist method, but contains complex changes in the heaven and humanity, the hell way, and the animal way. It uses the great terrorist means such as the impermanence of life and death, the netherworld and the eternal reincarnation, etc., to control the world and suppress all enemies.

Without great terror, there is no great order.

Thunder means to show Bodhisattva's heart.

This is the way of reincarnation!

Jie, Jie, Jie, GA, GA, oh, oh!

Ye Chen all over the body of thousands of evil spirits, found a series of sharp terror howling, crazy impact around.

The surrounding space, like fragments, is torn up and swallowed by the endless evil spirits.

One by one, the disciples of the mysterious female mansion, torn by thousands of evil spirits, also gave out sharp screams. Their flesh and blood were torn to pieces and finally swallowed by the evil spirits.

In the blink of an eye, ye Chen killed the whole audience, without any effort, and even did not leave a living.

"Brother..."

Su Chenyu was dazed, completely shocked and speechless.

"Come on, I'll take you to Xuanwu's house."

Ye Chen licked his lips. With a strong murderous look in his eyes, he immediately took Su Chenyu's arm and went straight to xuannianfu.

Just after killing the whole audience, ye Chen has captured the location of Xuanwu's house.

The former traitor is over there, and ye Chen will not miss it.

After killing the traitor and solving the hidden danger, ye Chen can consider the matter of seizing the reincarnation magic stele and the Taoist bone of the past life.

When the void is torn, ye Chen pulls Su Chenyu, and in an instant he wanders tens of miles to a mansion.

The mansion was full of monsters, half human and half animal, patrolling constantly.

In the depths of the mansion, there were shouts, and it was obvious that some living people were sacrificed in blood, which became the material of the stele for refining demons.

Su Chenyu is frightened and shrinks behind Ye Chen. If ye Chen doesn't help him, it will be her turn to die in a few days.

"Who is it?"

The appearance of Ye Chen and Su Chenyu attracted the attention of the patrolling disciples below.

One by one patrolling disciple, suddenly alert, looking at the sky.

"Ask the mysterious female devil to come out and see me!"

Ye Chen was as loud as thunder, rolling down from the sky, almost breaking the night.

"Who are you?"

"Bold, how dare to offend the Lord devil!"

When they saw this, they immediately pulled out their swords and sacrificed their magic weapons. They were ready for battle.

"Die to me!"

Ye Chen offered a sacrifice to Sha Jian, which was driven by Geng Jin Yuan Fu, thunder source Fu and Guangming source Fu. All kinds of golden lights, holy lights and thunder lights appeared on the sword

body. Layers of sword Qi were constantly surrounding. The Sha sword turned into a huge sword and fell in front of the gate of Xuanwu mansion with a roar.

The giant sword fell to the ground, the thunder of Gengjin, the bright sword spirit and other sharp points were constantly exploding and killing. All the patrol disciples and guard disciples around were killed by the sword spirit. They immediately screamed, their bodies were broken, and their blood spattered, and they were killed on the spot.

With Ye Chen's current means, it is not too simple to kill ordinary soldiers. One shot can kill the whole field.

Even the star soul chop and the road seal do not need to be used.

"How wonderful! Brother, are you really a layer of heaven and earth? "

Su Chenyu looks at Ye Chen sweeping the whole scene. He is very surprised. Is such a domineering power really a layer of heaven and earth?

Ye Chen laughs but does not speak, holding the sword, looks at the gate of Xuan female's house.

He felt that there was a smell of terror brewing wildly.

"Who dares to make trouble in my territory?"

A burst of angry shouts came from the mansion.

Bang!

The gate of the mansion was kicked open and completely broken.

A huge Qingyang monster, with a dozen bodyguards, appears in front of Ye Chen.

This green goat monster has a goat's head, but its body is human's body. It is three feet high, and its muscles are curly, showing the color of metal bronze. On its head, two sharp and curved horns are surrounded by a layer of black gas, and a pair of long and weird eyes are flashing Brown light, constantly looking at Ye Chen.

"Barbarian, do you still know me?"

Ye Chen looks at the green sheep monster and laughs coldly. The latter is his former servant, one of the six reincarnation demons, who is in charge of the animal way!

"You You are... "

The mysterious female demon God looks at Ye Chen, and her eyes are filled with shock and horror.

He found that his blood had been suppressed, and his early accomplishments could not be brought out, and even the whole person was suffocating.

Who can suppress his blood besides the reincarnation Lord?

"Damn it! You Did you make it? You're not dead yet? "

The mysterious female demon God took a breath of cold air, and her scalp was numb.

The bodyguards at the back looked at each other. They didn't know how the mysterious female demon had such a big reaction. The young man in front of him looks just like a layer of heaven and earth. Even if he is more powerful, how can he be the enemy of the mysterious female demon God?

"I didn't expect you to betray me."

Ye Chen's eyes are bleak and cold, and his tone is like the ice that will never change, with a chilling intent to kill.

After tens of thousands of years of vicissitudes, he did not expect to see the reincarnation master again.

"It's impossible, your layout can't succeed! Those who are at the top can't give you a chance to survive! "

The mysterious female demon God's eyes cracked, hissed and roared, and did not dare to accept the facts in front of her.

He betrayed the Lord of reincarnation. In these tens of thousands of years, what he was most afraid of was the rebirth of the reincarnation Lord, and he started to clean up the door.

Now, the reincarnation Lord of this life appears in front of him. Can he not be shocked or afraid?

"Brother, what's going on?"

Su Chenyu pulled Ye Chen's sleeve and couldn't figure out what was happening.

The mysterious female demon, who was in charge of the animal way, was an expert at the early stage of Huanzhen state. However, he shivered in front of Ye Chen, which was just unthinkable.

Ye Chen hehe smiles and doesn't answer. He looks at the mysterious female devil and says, "the traitor's fate, you know."

The mysterious female demon was trembling all over her body and her face was blue and white. She suddenly turned around and ran away. She cried out, "master Fengxing meteorite palace master, help me quickly!"

"Still want to run?"

Ye Chen's eyes are cold. It seems that after the mysterious female demon God has joined the magic spirit palace, his strength and blood have gone down completely. There is no spirit of reincarnation in

the past. When ye Chen sees that ye Chen wants to clean up the door, he doesn't dare to resist. He just wants to run away.

"Zhentian imperial city sword, I have suppressed it!"

Ye Chen was not in a hurry. When the map of the yellow spring was sacrificed, a continuous stream of Wutu runes turned into nine giant swords. They fell from the sky and burst into the ground, forming a sword prison, trapping the mysterious female devil.

For such people, Zhentian Huangcheng sword is more useful than TIANYAO Shensuo!

"Lord, spare your life, I know I'm wrong!"

With panic on her face, the mysterious female demon immediately knelt down and did not dare to resist.

Ye Chen said: "why betray me?"

Chapter 4669

"Master, when you fell, I was lonely and homeless. But xuanjiyue and Emperor Shitian wanted to wipe out the roots. I had to prevent them from chasing after them all the time. I couldn't hold on, so I had to take refuge in fengxingqiu. It's not my fault. I can't help it because of the current situation."

Ye Chen laughed and said, "well, if it's really forced by the times, I don't blame you, but why do you betray me and tell others the location of my tomb? If it wasn't for you, my bones would not have been stolen. "

"This This... "

The mysterious female demon can't speak, and can be explained by changing the gate. However, it's hard for nature to dig the tomb of its master.

"I'm too lazy to talk to you, traitor, die for me!"

Ye Chen's eyes are empty and sharp. The nine Handle Sword of emperor's city is roaring and whirling. Layers of earth essence are squeezing the mysterious female demon.

Hiss!

At the same time, ye Chen pulls out the dragon Yuan Sky Sword and records a seven star dragon Yuan chop, like the roar of a flying dragon, and directly cuts the mysterious female demon.

Although the dragon Yuan Sky Sword in Ye Chen's hand is only a fragment, it has evolved into the embryonic form of the sky sword. The sky sword of this hand is suddenly cut, and its sharp edge reaches the extreme, and layers of emptiness are constantly broken.

"Longyuan sky sword! You are so lucky

The mysterious female devil suddenly suffocated. The legendary supreme Heavenly Sword can not be held by non air carriers. Although the sky sword in Ye Chen's hand is only a fragment of embryonic form, it can be mastered. It has already represented the foundation of Ye Chen's qi movement, surpassing the previous life. All kinds of opportunities and adventures are rolling in and out of the way.

Seeing that the dragon Yuan Heavenly Sword was killed, the mysterious female demon was completely stunned and waiting to die. Under the absolute suppression of reincarnation, he had no idea of resistance at all.

This is the terrible reincarnation blood, suppress all traitors!

"Some things are either not done or done absolutely."

"Since you have betrayed the reincarnation Lord, there is no room to turn back!"

"Killing the Lord and testifying the truth is today!"

"I'll give you a wisp of magic tablet aura. Kill the reincarnation master quickly and seize the reincarnation blood. There must be no mistake!"

Seeing that the mysterious female demon was about to be killed, in vain, there was a strong voice in the distance.

As soon as the sound came out, the heaven and earth were shaking and the law was roaring. The sky was dark, but the weather of the sun, moon and stars appeared.

"Fengxing meteorite!"

Ye Chen's heart is shocked. In an instant, he penetrates the cause and effect. He knows that the master of the voice is actually the master of the magic spirit palace, Fengxing meteorite!

Dry dark magic land is the territory of Fengxing meteorite. Here, he is the absolute master. If a word comes out, the sky and earth are in shock.

"Lord of the palace!"

The mysterious female demon God woke up like a dream, as if he had been beaten by someone, and suddenly came back to his senses.

A stone tablet appeared in the sky.

This stone tablet, surrounded by layers of samsara breath, engraved with a huge "magic" word, as soon as it fell into the sky, it immediately sent out a terrible roar.

Between the sky and the earth, there are clouds, thunder and lightning, constantly exploding, and then there is a pouring rain, falling down, blowing the vast mountains and rivers, between the sky and the earth, the wind and rain in all directions, the sky is shaking.

There are even layers of purple and black magic thunder rolling on the stone tablet, if you want to blow out the world.

"Reincarnation magic stele!"

Ye Chenyi saw the stone tablet in the sky, and was shocked.

That stone tablet is the stone tablet of reincarnation!

"Lord, you are right. I am confused."

"Either don't do it or you can't do it!"

"Killing the Lord and testifying the truth is today!"

The mysterious female demon God's eyes cracked, looking at the magic stele in the sky, her muscles burst, and her majestic strength was breaking out.

This magic tablet is not the noumenon, but a shadow evolved from a wisp of aura.

It's just a wisp of shadow, but the weather burst out, wind and rain, thunder and lightning, shaking the world, magnificent to the point of terror.

I don't know who made it or what material it was made of. If all the energy is exerted, it will shake the world of heaven!

The value of this treasure is unimaginable.

Ye Chen can not give full play to the power of reincarnation xuanbei because of his lack of cultivation.

Now, when ye Chen sees the shadow of the magic stele, his heart is full of blood and turbulence. If he also has the cultivation of the true state, he can also have such a shocking power.

Under the protection of the shadow of the magic tablet, the mind of the mysterious female demon God was completely awake and was no longer suppressed by Ye Chen's blood.

"Break it for me!"

With a big hand and a fist, the mysterious female demon God pounded out. With the fist shaking, countless spaces were broken and smashed, and hundreds of black holes emerged. These black holes were constantly tearing, and ye Chen's Zhen Tian Huang Cheng sword was completely destroyed into powder.

"Barbarian, you are a slave, and you want to kill the Lord?"

Ye Chen holds the sword in his hand, and his eyes are full of murderous spirit.

"Lord, you forced me, don't blame me! I'll leave you a whole bodyA Xuan female's face showed a fierce look. The black air of two sheep horns was rolling, echoing with the shadow of the magic tablet, and then she hit Ye Chen's head.

The mysterious female demon God did not use the six samsara, animal Taoism and other magical powers, because these magic skills were completely taught by Ye Chen, and the class was completely seeking death.

Therefore, the mysterious female demon God only uses his fist to break ten thousand dharmas with one fist. He has to crush Ye Chen alive with the strength of the early stage of the real world and the power of the magic stele.

Ye Chen suffocates, and the magic spirit of the mysterious female tears out black holes. This is the power of the reincarnation magic stele. Even if it's just a shadow, it's earth shaking.

"It seems that over the past tens of thousands of years, Fengxing meteorite has been refining the magic stele, and it has been almost completely successful."

Ye Chen's eyes were dignified, and his steps swept away from the fist of the mysterious female demon. At the same time, he pushed Su Chenyu to a distance, so as not to be affected.

There is no doubt that Fengxing meteor, who has been refining blood sacrifice for tens of thousands of years, is about to completely take charge of the magic tablet and stimulate all the magic Qi energy.

"Lord, don't struggle. You only have the strength of heaven and earth. You are not my enemy. I will send you on the road!"

With a grin on her face, the mysterious female demon had the idea of killing the Lord to testify the truth. Then, without any taboo, she burst out with one fist. She no longer cared about the relationship between the master and the servant, and just wanted to kill Ye Chen.

"If you're a slave, it's up to you? It depends on who sends them on the road

"It's just time to try the new way of the Supreme Master!"

"The Supreme Master, come down to me!"

"The reversion of life and death, boundless and boundless, long singing and crying, sun, moon, longitude and latitude, Qingming dangling, sword coming!"

Ye Chen uttered an ancient chant. Since the mysterious female demon wanted to kill the Lord and testify, he would not show any mercy.

Hum!

Purple Ribbon thousand machine seal, majestic, from ye Chen's body floated out.

A wisp of ancient Yellow, mysterious and mysterious Taoist Dharma, released from the purple ribbon thousand machine seal, rolled down on Ye Chen.

This is the mystery of the Supreme Master's way!

Chapter 4670

Ye Chen used the way of the Supreme Master of heaven. In an instant, he became a Heavenly Master of dragon and tiger. The immortal light floated and became a Taoist robe in sky blue, covering his body. There were layers of talismans floating all over his body, which were constantly floating. In his hands, the dragon Yuan Heavenly Sword was also surrounded by the Heavenly Master's Dao Qi, which evolved the weather of the dragon and tiger.

"The Supreme Master! You only have heaven and earth, how can you understand the Supreme Master's way so quickly

When the pupil of the mysterious female devil shrinks, the Supreme Master of heaven's way is the way of the reincarnation master of the previous life. Once it is used, it can be transformed into the dragon and tiger Heavenly Master, and can resist all kinds of demons.

He didn't expect that ye Chen had not even reached the origin of heaven. He realized the Supreme Master's way so quickly.

As soon as ye Chen incarnates as the dragon and tiger Heavenly Master, there are Sanqing immortal, Fengyun Dianmu, tianbingtianjiang and other strange Taoist meteorology in the void, constantly ups and downs.

The wind and rain in all directions, rolling evil Qi, were dispelled.

Even the dark and dry evil spirit, which has not been dispersed for thousands of years, has been dispelled. The sky seems to be a polar day, without any dark color. Even the night has passed, and it will always be the blue sky, as if guarded by the immortal Celestial Master.

Woo Hoo Hoo!

The shadow of the magic tablet was constantly shaking, and almost collapsed under the impact of the Heavenly Master's Dao Qi.

The power of the supreme Taoist method is terrible enough to shake the universe. If the real reincarnation magic tablet comes, ye Chen may not be able to shake it, but this magic tablet is just a shadow, which can be suppressed by Ye Chen's Taoism.

"The supreme Taoist method is really powerful."

Ye Chen looks at the picture full of celestial spirit and eternal blue sky, and is pleasantly surprised.

Su Chenyu, the bodyguards of Xuanwu's house, and people from all over the dark and dry land were completely shocked to see the sky turn blue and the appearance of a celestial being displayed in the sky.

Dark and dry, it is always dark and overcast, but today, it is incredible that the sky is so clear.

Those who were soon under the control of the spirit Palace are now recovering quickly.

"The magic fog is dark, the darkness is coming again, the reincarnation magic stele, kill the gods and cut the immortals, break them for me!"

Seeing that the breath of the Heavenly Master's way was so powerful, the mysterious female demon was a little flustered. She bit the tip of her tongue and spewed out a pool of essence and blood, and constantly urged the reincarnation magic tablet.

Hiss!

Urged by the mysterious female, the shadow of the magic stele blooms again, and the wisps of magic gas roll out to cover the blue sky and break all the light.

"Slave, I'm a celestial master. Are you still going to be captured? Look for death

Ye Chen's eyes are sharp, and the dragon Yuan Sky Sword is cut out, like a fierce tiger catching sheep, an evil dragon catching a shark. His body leaps forward, and the tip of the sword stabs into the head of the mysterious female demon God to kill with one sword.

Sobbing

Under the concussion of Ye Chen's sword Qi, the breath of the magic stele is constantly collapsing.

After all, this is only a virtual shadow, completely unable to rival Ye Chen's majesty.

Although Ye Chen's apparent strength is only one layer of heaven and earth, his real combat effectiveness is enough to compete with the experts in the early days of the real world.

Now that the Heavenly Master's way has come, it is not so simple to fight, but to kill!

Even if the mysterious female demon God has a magic tablet in his hand, it is impossible to block Ye Chen's attack.

"No! You only have the cultivation of heaven and earth, you can't kill me! "

The mysterious female demon God didn't recognize the situation and thought that he was a master at the early stage of the real world. He had the shadow of the magic tablet in his hand, which could really kill the Lord and testify the truth.

"Millions of demons, blood soul sacrifice to heaven, trolls face the dust, kill and kill!"

The mysterious female demon God's eyes were cracked, and he frantically urged the magic tablet. The blood shadow of the demon spirit flew out from the magic tablet, and he looked up to the sky and howled and roared, making a sound of tearing heart and lung, as if suffering from the great suffering.

The next moment, the wisps of ghost blood were all sacrificed, turned into rolling blood light, rushed into the sky.

Boom!

On the sky of nine days, the blood was surging, and a huge blood demon, which was ten thousand feet high, fell from the sky.

This demon God is majestic and fierce. If he wants to catch the stars and get the moon, his eyes will move through thousands of layers of parallel time and space. The laws of rolling space, time, and the world are constantly flowing and shining.

"Ants like people, you dare to offend the majesty of the reincarnation xuanbei, I want you to fall into the infernal hell and suffer forever!"

The God of blood and shadow, staring at Ye Chen, sent out a mighty curse. With a big hand, it roared down from the sky. Its powerful power seemed to be enough to blow up hundreds of stars, to create a new world, and to establish the universe.

"It's the watcher of the stone tablet of reincarnation!"

Ye Chen sees this blood shadow demon God, immediately pupil shrinks.

Every stone tablet of reincarnation has its own watchers.

There is no limit to the strength of the people who guard the stele. The stronger they are, the stronger they will be. The strength of the people who are guarding the stele has almost reached the level of emperor Shitian, which is just ridiculous.

Obviously, over the past tens of thousands of years, the magic spirit palace has been continuously refining the magic stele by taking the blood of the living creatures, which makes the energy of the magic tablet more and more terrifying, and the strength of the people guarding the monument has also been brought into full play.

Seeing that ye Chen could not be defeated, the mysterious female demon called out the stele keeper and wanted to beat Ye Chen to death with one hand. Looking back at the spirit of the sword, it seems that the spirit of the master of the sword is so terrible.

Now, the stele keeper puts pressure on Ye Chen as much as Xuan Jiyue. With one blow, the void of heaven and earth is collapsing, which is almost unstoppable.

"The blood moon butchers the sky, break it for me!"

Ye Chen gnaws his teeth, looks sharp, and cuts out with a sword, facing the huge palm of the stele keeper.

Ye Chen knows very well that the stele keeper is only a virtual shadow. His real body is in the body of the magic tablet. As long as ye Chen can block a blow, the stele keeper will dissipate, because the energy can't be maintained.

One hit, one block is enough!

Hum

A light of blood moon explodes from Longyuan sky sword.

In his mind, ye Chen recalled the picture of the master of reincarnation and Ren Feifan's exchange. With a sword, the universe was rumbling and shaking. The dragon and tiger Heavenly Master's divine power came, and the sky turned into night, and five rounds of blood moon appeared!

Each of these five blood moons is branded with emptiness, as if to run through countless layers of space, full of bloody, weird, domineering, brilliant, invincible, and so on.

As soon as the five rounds of blood moon came out, ye Chen seemed to be the sword God who slaughtered the sky and cut the earth.

Hiss!

The tyrannical blood moon butchers the sky, and mercilessly cuts the huge palm of the stele keeper. The space of thousands of weights is constantly bursting and smashing. It's as if the sky is going to be annihilated.

Click!

The palm of the stele keeper was cut off in an instant. It was cut by the endless sword spirit, and reduced to a broken streamer.

And ye Chen, also feel a burst of huge shock force, hard to spread, on the spot "poop" sound, blood spurt wildly, all of a sudden seriously injured.

"This This is the bloody moon butchering the sky. It's the man's martial art! "

"Supreme master, five rounds of blood moon, boy, I underestimate you, you win."

The shoubei man's voice was astonished and shocked. Although he was evenly matched in this round of confrontation, he was so much higher than ye Chen that he could not suppress it. Naturally, he was defeated.
