

Physician 4761

Chapter 4761

Ye Chen looks down at the green fog under his feet. If there is no accident, the remains of dark ice will be at the bottom of the green fog cave!

The next moment, ye Chen's body moved and jumped into the green fog cave. His figure was soon completely submerged by the green fog!

I don't know how long, a huge bang, ye Chen finally fell to the bottom of the cave.

He looked around, and what appeared in the blue light was a very broad underground world!

Ye Chen took out the map, according to the mark of xuanxuexin, and moved towards the place where the ice fell. However, this is only a general position.

In fact, xuanxuexin did not see xuanbingbing die.

At that time, xuanxuexin and xuanbingbing participated in the demon heaven ceremony together, and fortunately met in the ancient battlefield. They went deep into the main battle area and finally came to the green fog cave.

According to the information left by our predecessors, there are many bone beasts with high blood vessels in Qingwu cave!

Although they knew that there might be unknown danger in the cave, they decided to take a risk!

After entering the green fog cave, at the beginning, the two men also had a small harvest. In the green fog cave, not only the blood vessels of bone beasts were quite high in the main battle area, but also

some rare spiritual herbs were growing. After tasting the sweetness, xuanxuexin and xuanxuexin were not willing to leave easily and kept going deep into the cave. However, an accident happened

When two people collect a ten thousand year old spirit grass, a demon suddenly pounces on Xuanxue heart!

Seeing, Xuanxue heart is about to be invaded by the demon, but xuanbingbing is in front of xuanbingbing!

After being put into the body by the demon, xuanbing was controlled by the demon and fought with xuanxuexin. The evil spirit in the green fog cave was much stronger than that in other places in the main battle area. In this environment, the strength of the demon also soared. It manipulated the body of xuanbing and quickly injured xuanxuexin.

As a result, xuanxuexin had to escape from the green fog cave.

However, the ghost demon did not pursue it. After that, xuanxuexin also entered the green fog cave several times to search for the whereabouts of xuanbing ice. At least, he also had to find the corpse

However, nothing has been achieved.

Until the day when the battlefield was closed, xuanxuexin had to leave, which became her eternal regret!

Ye Chen walked carefully in the blue light of the plants at the bottom of the cave. All of a sudden, he looked a little moved. His sword in his hand cut to a stone wall. With a loud noise, the stone wall was broken in an instant. However, behind the wall, there were some ores like black gold!

After ye Chen saw the ore, his eyes were filled with joy!

Green fog cave, in addition to the spirit of grass, there is a special metal!

This metal is called Sha Jin!

What is Shajin?

Sha Qi can cause harm to the general warrior and even the demon clan. However, it is a powerful killing Qi. Sha Jin is a kind of natural material and treasure born in the place with extremely strong evil spirit!

There is a very refined evil spirit in Sha Jin.

And the weapon blade is the main attack! The two complement each other!

Therefore, Shajin is also an excellent material for refining utensils!

For example, ye Chen's Sha sword is made of Sha gold!

After entering the green fog cave this time, ye Chen also plans to collect some high-level Sha Jin. If it is integrated into the Sha sword, it can enhance the power of the Sha sword!

Immediately, ye Chen hands to dig down that evil gold.

But at this time, I don't know whether he was stimulated by Ye Chen's sword just now. There was a roar of beast under the ground!

Ye Chen's eyes congealed and looked in the direction of the roar. What appeared in front of him was a skull beast, but the appearance of the bone beast made Ye Chen's face appear a touch of shock!

The skeleton beast, with its feet on the ground, is quite similar to that of human beings. However, a pair of bone arms are much longer than that of the human race. There are a pair of tusks on the skull, and the skeleton is several times thicker than that of the human race!

It looks like a gorilla skeleton!

In the face of the earth shaking ape, ye Chen's face appears with incomparable dignified color, and his heart is full of warning signs. This earth shaking ape is a bone beast that surpasses the three levels of heaven's strength in Huanzhen! Ye Chen can be sure that the strength of this bone beast is stronger than xuanjiuji!

If not with the help of Shuo Lao's power, he is not even sure that he can defeat the gorilla like bone beast in front of him!

Ye Chen takes a deep breath and is preparing to borrow Shuo Lao's power. An old voice suddenly rings out in Ye Chen's mind: "boy, the body of this bone beast is a earth shaking ape. Your chance has come!"

It is Shuo Lao who is talking!

"Chance?" Ye Chen hears the speech, but can't help but show the color of doubt.

Old Shuo said: "boy, after these days of fighting, you have a faint sign of breakthrough in your heavenly body, holy body, Xuangong and even your physical body. This earth shaking ape is your chance to break through the bottleneck!"

This speech a, ye Chen is eye big bright!

It was inherited from the founder of Shengxuan. Ye Chen named it after Shengti Xuangong! If there is a breakthrough in holy body Xuangong and taishangtian magic body, the power can rise to a higher level!

However, why is this earth shaking ape's chance to break through the bottleneck?

Old Shuo continued: "the earth shaking ape is one of the ancient strange animals. The most famous one is that it has extremely heaven defying talent along with the body. Moreover, this strange beast has an instinct that if you fight with it and use body skills only, the earth shaking ape will only use body skills to fight with you!

Boy, this is the best chance for you to hone your body. If you fight with the earth shaking ape, you will surely get a lot from the flesh! "

Ye Chen smell speech, the face appears excited color!

Although this earth shaking ape bone beast is terrifying, if only fighting with flesh, ye Chen is confident that he will fight with him without the help of Shuo Lao!

At this time, the earth shaking ape gave out a roar. The evil spirit of the whole body rolled into two black whirlpools, condensed on the fists, and was about to rush towards Ye Chen!

Ye Chen stares at the earth shaking ape, and suddenly puts away the evil sword in his hand. He has a strong sense of war in his eyes, the transformation of soul and body, the body of heavenly demon, and the formula of burning blood. At the same time, he concentrates on the operation of the skill and controls every trace of power in his body with great precision!

In a flash, with pure physical force, he gave a blow to the earth shaking ape!

The earth shaking ape was stunned for a moment. Then, the evil spirit on his hand dissipated instantly!

In the face of Ye Chen's fist, the earth shaking ape also roared and raised his bone hand to hit Ye Chen!

In the two fists, there is also infinite force, just like two planets, crashing into each other!

The moment of fist collision, it is a gust of wind, the force of terror erupted at the bottom of the green fog cave!

At the same time, ye Chen's eyes lit up a very hot light, just this fist of the earth shaking ape made him have some new discoveries in the flesh!

Chapter 4762

He looked more and more excited!

After the loud noise, ye Chen and the earth shaking ape's bodies are rapidly backward. Ye Chen takes a look at his bloody fist and some broken hand bones of the earth shaking ape, and his eyes flash

The blow was even!

Originally, if you fight with the flesh, you can crush most of the existence in the early stage of huanzhenjing. Even the martial arts in the middle of Huanzhen are not the enemy of his moves!

But now, he found himself wrong!

In fact, ye Chen's power has surpassed that of the earth shaking ape, and even such strange beasts famous for their strength can't surpass Ye Chen!

But why is it that the fight is even?

The reason is very simple, because the earth shaking ape is more powerful than ye Chen in the body!

This result is fantastic, but this is exactly what ye Chen wants to see!

This shows that the earth shaking ape has the possibility to make progress!

For a moment, ye Chen's fighting spirit is boiling, and the earth shaking ape bone beast seems to be quite excited. With one blow of his fists, he rushes up again!

Ye Chen runs the skill to the extreme and punches again, but this time it's not a punch

It's a punch, a punch, a punch!

The earth shaking ape was not willing to be outdone, and he also punched again and again!

Boom, boom, boom!

The sound of two fists hitting each other is endless. The terrible shock almost collapses the whole green fog cave!

Ye Chen has bright eyes and pays attention to every action of the earth shaking ape. Although there are only bones left, there is still a lot to learn about the manipulation of power!

Every time you fight, ye Chen will get something!

The realm of body training is rising rapidly!

.....

I don't know how long it took to smash the giant stone!

Until now, ye Chen and the earth shaking ape have been fighting for a day and a night!

Ye Chen heavily panting, his whole body blood, many broken bones, muscle tears, almost all look like adult shape!

However, the earth shaking ape bone beast is no better than that. Its bones have been covered with countless cracks, which seems to be on the verge of collapse!

Ye Chen and the earth shaking ape bone beast looked at each other, and both sides seemed to have no idea what death was. They rushed to each other again and fought to death with physical strength!

Crash, again!

I do not know how long, ye Chen eyes suddenly appeared a wipe of light, the moment of a punch, the power in the fist seems to have some strange change!

This fist, bang on the bone fist of the earth shaking ape, the blue fire light in the eyes of the earth shaking ape flickered for a moment, and its whole bone arm turned into a smash under Ye Chen's fist!

In Ye Chen's mind, he suddenly turns and surges up with a sense of enlightenment. There are some obscure things in the body of the supernatural devil, which can be understood in an instant!

In his eyes, the color of ecstasy appeared, and the body was refined and broke through!

The earth shaking ape, with one arm broken, seemed to be more furious and attacked with one arm!

Ye Chen looked at the earth shaking ape, his eyes flashed for a moment, and suddenly said, "you have taught me so much, now rest in peace..."

After all, there is only one skeleton left for the earth shaking ape. What ye Chen can learn is extremely limited. Now he has basically learned what he can learn!

In the face of the shock to the ape, ye Chen waved a fist.

However, even ye Chen's face changed slightly even with this simple punch. Even he felt threatened by his fist

This holy body Xuangong and taishangtian magic body are indeed the inheritance left by the ancient strongmen who became saints of the flesh. They are extremely powerful. Just breaking through the bottleneck once, ye Chen's strength has been greatly improved!

The next moment, two fists collide, time seems to freeze!

All of a sudden, the powerful earth shaking ape with the flesh body was completely broken into pieces under Ye Chen's fist!

Looking at the pile of bone pieces on the ground, ye Chen smiles, so that he enters the death zone and has more protection!

With a wave of his hand, he refines the bones again.

Then, move on.

After a while, ye Chen came to the place marked on the map where the ice fell.

Can, here, empty, no one at all!

Ye Chen carefully searched around, but he never found any remains of Xuanyao people!

Ye Chen can't help frowning. Logically speaking, since xuanbingbing was devoured by the ghost demon here, the corpse should be nearby. However, he has searched all the corners around him and never found anything!

What the hell is going on here?

Can the body still run away by itself?

It's impossible for a corpse to be engulfed by a bony beast.

Xuan Bing Bing died if he was possessed by the devil, then the flesh and blood essence had already been swallowed up by the demon monster, which was unattractive to the bone beast. It was just a pile of bones. This is even more bizarre!

Just when ye Chen is ready to continue to go towards the depth of the green fog cave, his pupil instantly shrinks, and a cold light flashes, bombarding Ye Chen at a very fast speed!

I saw that the object was a black gun!

The whole body of this spear is made of Sha Jin. Its power is extremely powerful. The evil spirit is surging on it!

Ye Chen's face was filled with suspicion. He was not surprised by the power of the gun. Although the gun was strong, it did not threaten Ye Chen today. What surprised him most was that someone used weapons in the green fog cave!

Is it one of those demons who enter the battlefield?

At the next moment, many skills are running. Ye Chen shoots down the Sha Jin spear with a sword. At the same time, he looks in the direction of the long gun flying.

In front of his eyes, a delicate figure appeared. Ye Chen's eyes flashed. He was indeed a Xuanyao clan!

However, when he saw the other side's face, it was an instant change in his face!

His wrist a time, a skin scroll appeared in his hand, ye Chen unfolded the scroll, on the scroll painted a beautiful woman portrait!

This painting is the best friend of xuanxuexin, xuanbingbing!

The reason for ye Chen's portrait is that after finding the remains, ye Chen can distinguish whether the regretful skeleton belongs to ice

After all, xuanbingbing is not the only one who died in Qingwu cave!

If it is not easy to bring back a corpse, but bring the wrong one, it will be funny

It's even a waste of effort!

However, what makes Ye Chen a little unbelievable is that the appearance of the woman in front of him is the same as that painted on the scroll!

Xuanbingbing, not dead?

Besides, I have lived in this ancient battlefield for so many years

However, at the moment, the state of dark ice is obviously not normal!

Chapter 4763

The black ice on the portrait has beautiful appearance and cool temperament. Although it is worse than xuanxuexin, it is also a top beauty!

But now, his whole body is full of evil spirit, his face is extremely thin, and the whole person looks like a number of corpses. Moreover, the pure eyes like ice and snow are now turned into pure black, which is extremely strange!

Ye Chen slightly frowns, how is this to return a responsibility in the end?

At this time, xuanhanyu's voice rang out in Ye Chen's mind: "Ye Chen, if I'm not wrong, this is what happened to the demon when he was swallowing the flesh and blood of the dark ice. He was trapped in the body of xuanbing ice, or It wants to take the body of ice

Ye Chen looks to move a way: "what meaning?"

Will the demon capture the body?

Don't they just plunder flesh and blood?

Xuanhanyu said: "in fact, demons and bone beasts belong to a kind of ghosts. Taking possession of them is also an excellent way to recover their strength and even revive!

However, although most of the demons have wisdom, they are not able to take it away! After all, it's very complicated to take it away! "

Ye Chen frowned and said, "so, Xuan Bing is still dead?"

Xuanhanyu said: "if the hell demon really completed the capture, it should not send out such a strong evil spirit. Now, although it is the demon who controls the body of xuanbing ice, the spirit of xuanbing ice should not be dissipated. The body still repels this demon, which will lead to its evil spirit unable to be restrained!"

Ye Chen's pupil shrinks. Just when he wants to ask something more, xuanbingbing is a flash of body shape, and has already rushed towards him. At the same time, with a move of his hand, he takes back the Sha Jin long gun in his hand. When he dances, he releases his gun intention!

A frightening spear is rushing towards Ye Chen. Ye Chen sees it, but he snorts coldly. The dark ice ice in the demon possessed state has the strength comparable to the existence of the three layers of heaven in the real world. However, it is nothing to Ye Chen now!

Ye Chen's long sword swept across the sky, and the supernatural power of the holy body and the heaven's magic body were running. The ancient method of Hongmeng and the transformation of soul and body were displayed. A sharp sword light was surging out, and the spear was chopped to pieces in an instant. At the same time, xuanbingbing screamed and was blown upside down by the sword. Obviously, I didn't expect Ye Chen's power to be so terrible!

After breaking through the bottleneck, ye Chen's physical strength is even more rebellious!

With a roar, xuanbingbing smashed one side of the mountain wall, and all the bones seemed to be broken. If ye Chen hadn't worried about hurting xuanbing's body, I'm afraid one sword would have completely suppressed it!

Ye Chen's eyes flashed. Instead of using his sword technique, ye Chen used the transformation of his soul and body. From the center of his eyebrows, a force of incomparably condensed divinity surged towards xuanbing!

After the breakthrough of Shengti Xuangong and taishangtian magic body, ye Chen's strength soared, and his soul body transformation means that his soul power will be more powerful!

That xuanbing ice is exactly the ghost demon attached to the xuanbing ice. In an instant, a scream was sent out. Even under the impact of the soul force, the body was emitting wisps of green smoke, which looked extremely miserable!

However, lurking in her body, the demon's resistance to soul skills was greatly strengthened. She roared, and her whole body was full of evil spirit. She broke away from the shackles of Ye Chen's soul power. Her figure flashed and she hid in the bottom of the cave!

Ye Chen's eyes flashed and went after the demon. Soon, he came to a deep cave!

All of a sudden, the originally frantic demon of the underworld suddenly stagnated, suddenly turned his head, and showed a strange smile to Ye Chen!

Ye Chen could not help but feel a heavy complexion. At the same time, xuanhanyu and Shuo Lao opened their mouth at the same time: "Ye Chen, be careful!"

Just listen to a loud bang, at the entrance of Ye Chen's cave, there is a black iron gate falling down!

Ye Chen looked at the iron gate, and his face became more and more gloomy. It turned out that the iron gate was made of pure gold!

Since this Sha Jin is a top-level weapon refining material, even if it is not used to forge weapons, it is extremely tough. Even if ye Chen wants to blow it away with his strength, it will take a lot of effort!

He was very clear that the demon trapped himself in this cave, and naturally he did not want to fight him alone!

Sure enough, at this time, there were a few roars from the deep of the cave. A number of bone beasts with huge body and terrible breath rushed out of the ground and came to Ye Chen. These bone beasts gave Ye Chen a feeling similar to that of the one horned wolf king. Obviously, they were all controlled by the ghost demon!

Ye Chen's eyes appear a touch of horror color!

Although the demon can control the bone beast, it is not so easy. Most of them can only control for a short period of time. Moreover, after the bone beast is controlled more, it will have resistance to the control of the demon!

However, these skulls are different, as if they are completely under the control of the demon!

Thinking of the smile that xuanbing showed, ye Chen has a very bad premonition in his heart

These demons, it seems unusual!

There are five bony beasts in front of Ye Chen. One looks like a giant tiger, one looks like a dragon, one looks like a roc, one looks like a rhinoceros, and the last one looks like a human! However, ye Chen was most frightened by the human body, which was the corpse of a Xuan demon clan!

All of these five skull beasts are still in the real world. The evil spirit of the mysterious demon beast is much stronger than that of other bone beasts. In fact, it is more powerful than the general bone beast!

And add black ice, ye Chen is to face six alone, at least three layers of heaven exist!

Even now, his strength has improved, this battle is not sure to win!

At the same time, the five skull beast and xuanbingbing are rushing towards Ye Chen together!

Ye Chen murmured: "Shuo Lao, Xuan fairy, borrow strength from me!"

Now, it's not the time to keep your hands!

With a roar, a strong prestige burst out of Ye Chen's body in an instant. Under the impact of this pressure, all the six figures that had rushed to him could not help but get a meal!

Ye Chen's eyes were extremely cold to look at these opponents, and instantly locked the Xuan demon bone beast. He roared, a sword flew out, and slashed toward the Xuan demon bone beast!

The power of the sword was extremely frightening. Even the mysterious demon bone beast could not resist it. However, to Ye Chen's surprise, those bone beasts actually shot at the same time!

For a moment, the Dapeng bone beast's wings fluttered, and the golden wind blade came out. The giant tiger also roared and waved a crack sky claw shadow. The Dragon roared, and the mouth spat out blood color. The rhinoceros bone beast was full of earthy yellow light, and the whole body was wrapped up and hit the sword light, and the black ice was also shot!

Chapter 4764

Seeing ye Chen's startled appearance, the flame in his eyes flashed, as if in sarcasm. At the same time, his whole body evil spirit formed a whirlpool. In his hands, he also held a gold sword and cut out a very sharp evil spirit sword!

An earth shaking sound broke out in the cave in an instant. The wind blade, tiger claw, aura, gun shadow and so on all disappeared under the sword light of Ye Chen. The Yellow rhinoceros was also cut upside down, and there were cracks on the bones. However, the sword light of Ye Chen was also dim for several minutes!

Finally, when they collide with the evil spirit sword, they are dissipated together!

For a moment, ye Chen's face was a little ugly

Equal share!

The blow was even!

These bone beasts, no, should be said to be demons, under the cooperation, they are extremely tacit!

Will each other's strength to play out perfectly!

For example, the last sword of the Xuan demon bone beast is very strong, but it needs to be ready, and the obstruction of rhinoceros bone beast creates a chance for him to be ready!

This is not a good news for ye Chen. With the help of Shuo Lao and Xuan Hanyu, the strongest is explosive force!

Therefore, he should be as fast as possible to break these bone beasts one by one, but now, he seems unable to do it!

If the battle is delayed too long, Shuo Lao and Xuan Hanyu's strength are exhausted, he will lose the chance to win completely!

However, ye Chen's combat experience is extremely rich. Even in the face of such a weak situation, his mind is not wavering. Soon, his eyes fell on the rhinoceros bone beast!

He snorted coldly: "like to block? I'll see when you can stop it! "

Next, he rushed to the rhinoceros bone beast, holding a long sword, and cut down wildly!

Only if the rhinoceros bone beast is killed first, can he have the chance to defeat the mysterious demon bone beast!

The rest of the demons looked at each other. This time, they did not give any help to rhinoceros bone beast. Instead, they attacked Ye Chen crazily!

Boom! Boom!

The blood gushed wildly, and several ferocious scars were blown out of Ye Chen's body. Especially, the sword of Xuanyao people left a huge blood hole in his chest, which directly penetrated his heart!

However, ye Chen seems to have nothing to do with it, regardless of the attack of those demons, and frantically attacks the rhinoceros bone beast!

Rhinoceros bone beast all over the earth yellow light, constantly compressed, condensed, has almost become the point of essence, but, under the destructive power of Ye Chen, it is still crumbling!

The whole skeleton has been blasted out of countless cracks!

For a moment, these demons seem to be a little creepy

Such abnormal physical quality is extremely rare even among those damned demon clans in those years!

But soon, the horror will be turned into desire, into greed!

If ye Chen is swallowed up, the benefits can be imagined!

For a moment, several demons were excited, extremely excited!

If you can swallow up Ye Chen, you can even directly break through to the top?

And the stronger the strength, the more powerful they can control the bone beast!

They are full of evil spirit and attack Ye Chen harder!

And ye Chen, like an immortal body, bears the attack of these demons, only the rhinoceros bone beast in his eyes!

Soon, a terrible howl sounded. The rhinoceros bone beast, under Ye Chen's fierce attack, broke into pieces of bone, and a black shadow flew out of the pile of bone fragments in an instant. It was the demon hiding in the bone beast!

Ye Chen in the eyes of a flash of fierce color, devour the soul all over the sky, instantly kill that ghost demon!

This rhinoceros bone beast has extremely strong defense, and even faintly surpasses the realm. However, it can not withstand Ye Chen's fierce attack. It is only in Ye Chen's hands that it can support less than a stick of incense!

At the moment, ye Chen bathed in blood all over his body, just like a sea of blood Shura. He swept all the demons with a fierce look, and roared, he was carrying his sword!

Half an hour later

The whole cave has turned into blood red, which is covered with broken bones!

At the moment, there are only three figures standing in the cave!

Xuanbing ice, Xuanyao bone beast, and ye Chen!

The remaining several demons have been killed by Ye Chen!

Xuanbingbing and the Xuan demon bone beast are all covered with scars. Their bodies are on the edge of being broken. Xuanbingbing looks at Ye Chen in disbelief. They did not expect that ye Chen could fight to such an extent!

But

Ye Chen's state seems to be even worse!

Shuo Lao and Xuan Hanyu's strength, has begun to fade, and more terrifying is, ye Chen's injury!

Now ye Chen, a blood hole, looks very pale, even the vitality is a little unstable, he was originally vitality against the sky, but now he is like a dying old man, the fire of life is like a candle in the wind! All of a sudden, ye Chen's body shakes and seems to be about to kneel down on the ground. Shuo Lao and Xuan Hanyu's strength completely fade away

The flame in the eyes of the mysterious demon bone beast seemed to be extremely happy. When he danced the sword in his hand, he slashed at Ye Chen. In his opinion, ye Chen had completely lost the ability to resist. As long as he gave him a final blow, he could eat his flesh and blood in peace of mind!

However, at this time, ye Chen suddenly raised his head and looked at the mysterious demon bone beast. There were two extremely fierce lights in his eyes, and a dazzling starlight burst out on the sword in his hand!

The mysterious demon bone beast saw this and sent out a scream!

How could this happen?

Isn't Ye Chen weak enough to die?

But the power of this sword is extremely powerful!?

Why can he still use such a terrible sword!

But now he has lost the chance to dodge!

The sword and the Star River collide, a roar, that Xuan demon bone beast is also blown into pieces, at the same time, the soul devours the sky, will lose the body protection of the ghost demon on the spot!

After killing the skull beast, ye Chen's eyes finally darkened. Just now, the reason why he was able to cut out the extremely powerful sword was because he used the power of Xuanling and Hongmeng big star sky!

Now, he is really running out of oil and the lamp is running out

But xuanbingbing, to be exact, is the demon in her body, but still alive!

Ye Chen is half kneeling on the ground, trying to maintain his consciousness and staring at the demon who occupies the body of xuanbing ice. He desperately wants to stand up and continue to fight, but he can't do it any more

At the moment, xuanbing seems to have not recovered from the fright of killing the Xuan demon bone beast. However, when she noticed that ye Chen seemed to have reached the extreme, she could not help but lift a smile of great joy from her mouth!

The spear in her hand, a flash of cold light, it turned into a streamer, shot out, instantly hit Ye Chen's body, blood light flickered, poop, pierced his chest, nailed on the stone wall!

Chapter 4765

At this moment, ye Chen finally can't support, and completely faints in the past

Xuanbingbing sees this, almost all want to cheer, she forcibly suppress the excitement in the heart, keep vigilance, slowly toward Ye Chen close, soon, will come to Ye Chen's body!

See ye Chen, really lost consciousness, Xuan ice finally smile, incomparably satisfied smile!

She raised Ye Chen's chin and opened her lips slightly. She was about to kiss Ye Chen!

This scene, looks extremely fragrant, but is extremely fatal!

With Ye Chen's present state, if it is invaded by the demon, I'm afraid, it will really be plundered by its flesh and blood!

Does Ye Chen really want to fall here?

In the dark ice is about to meet Ye Chen's lips, the cave is suddenly spread out a very gloomy breath!

After feeling the breath, xuanbingbing's movement stopped suddenly. She was slightly stunned. Her eyes showed a very unwilling look. For a time, she stood in the same place and hesitated

Just then, the breath rose again, and it was stronger!

There was a touch of pain on her pretty face. Finally, she nodded reluctantly.

The breath dissipated, and xuanbingbing also pulled out the spear inserted in Ye Chen's chest, held his body, and went towards the deep cave.

I don't know how long it took, the ice finally came to the end of the cave.

In front of her eyes, there was a very shocking scene!

I saw a very large crystal, suspended in the air, surrounded by rolling evil spirit, at the same time, out of the crystal, a bloody tentacle, the end of the tentacle, connected with a skull beast, this tentacle seems to be absorbing the strength of the bone beast, and from time to time there is a skull beast, the strength is exhausted, broken into a piece of bone.

Xuan Bingbing looks at Ye Chen with some reluctance. In her opinion, ye Chen is the most delicious meal in the world!

Now, it's going to be a feast

She put Ye Chen's body in front of the crystal stone, knelt down and said, "master, I have brought what you want."

This demon can speak!

What's more, what's more, she called the crystal master!

All of a sudden, a very low voice of a man sounded out of the stone: "Hansha, I know that you have dissatisfaction in your heart, but this boy is extremely important to me. If it's just ordinary blood food, I won't fight with you."

"What?"

Cold evil smell speech, dark eyes, emerged a touch of joy: "is it to say..."

The voice in the Crystal Stone said: "yes, the boy's physical strength is the only one I've ever seen in my life. His body is a container that can hold me. After I take it away, I won't have to rely on this blood crystal and bone beast to survive!

Hansha, I will remember that after we leave this ghost place and conquer foreign countries again, I will never treat you badly! "

The cold evil spirit heard the words and became more and more happy. Although the boy's flesh and blood is good, it can't compare with the reward given by the future master after conquering foreign countries!

At this time, the voice in the Crystal Stone said again, "now, you will practice the blood essence from the body of several skull beasts."

"Yes

At the tentacle of the crystal, there are more than ten skull beasts connected. Hansha kills these bone beasts one by one. From the bone fragments, the demon blood essence is condensed and placed beside Ye Chen.

A few drops of blood essence from powerful bone beast can be trained into a demon pool, which shows how powerful the demon blood contains.

Han Sha couldn't help asking, "master, what are you going to do?"

The voice sounded again: "my Lord, will use this demon blood to set up a red heaven sealed spirit array in his body, to ensure that there is no risk!"

When the cold evil spirit heard the words, his face moved. This red heaven sealed spirit array was very famous in that era. It was originally a unique method of blood cultivation sect to display its blood. It could imprison any power in the body of the warrior, and it was almost impossible to break through it!

It is said that there was once an existence who was about to break through the realms. After being planted with the red heaven Fengling array, he had no resistance at all. In order to humiliate him, his opponent actually let some wild dogs bite him to kill him!

The existence of this crystal is extremely cautious, not to give ye Chen a little chance to turn the plate!

At the next moment, a figure full of black gas appeared in front of the crystal. The shadow seemed extremely weak and unstable, as if it would dissipate at any time

However, at the same time, it exudes a kind of terrible pressure!

This is so powerful that it has even surpassed the reality!

This demon is an existence beyond the real world!?

What's more, it's still a ghost state. How terrifying is its noumenon!

Such existence, once recaptured, said to conquer the territory, and even heaven and man domain, is not exaggeration! The next moment, the ghost moved, then rolled up the demon blood on the ground and turned it into a bloody evil spirit. He said to the cold evil spirit: "it may take several days for me to capture this boy's body. Next, protect the Dharma for me."

Hansha some excited way: "yes!"

That bloody evil spirit flash, then drill into Ye Chen's body!

For a moment, the demon felt the incomparable power of flesh and blood!

even he has a little heart, almost instinctively driven to start plundering the flesh essence!

But he managed to resist the impulse.

The demon whispered, "reincarnation blood! A reincarnation not yet awakened! Ha ha ha, stupid cold evil spirit, if you swallow this flesh and blood, its benefits are unimaginable. Even if you swallow him up, I will no longer need to rely on those garbage to survive, but... "

"In the long run, if I can capture the body of reincarnation, even if it is the universe, I will submit to the feet of the Lord in the future," he said

Think of here, even if this is the supreme existence of the powerful, are a little excited, unable to own!

The most powerful demon calmed his mind and began to run in Ye Chen's body. The demon blood splashed was actually in his body, weaving a demon blood array!

It's the red heaven sealing array!

He is very clear, reincarnation blood in this world how terrible, want to take away Ye Chen, can not have the slightest carelessness, so, to be well prepared!

Outside, Hansha looks at Ye Chen's spiritual power, which has been almost exhausted, to weaken again. Her eyes twinkle with expectation. She seems to have seen her own peak in the world, even in heaven and man, and her future under one person and above ten thousand people!

Chapter 4766

This red sky sealed spirit array is terrifying. However, it is also extremely complex. I'm afraid it will take several days for the complete arrangement of the red sky sealing spirit array. If you were an ordinary person, I would have been unable to wait. For people who know the value of reincarnation, ye Chen is the biggest treasure in the world!

However, the ghost demon in Ye Chen's body was obviously a very deep-seated existence before, and actually completed the red heaven sealing spirit array meticulously!

He knew it was better to slow down than to capsize in the gutter!

At the same time, in Ye Chen's sea of knowledge, a young man with an indifferent expression is frowning tightly and sitting in the middle of which is the spirit of Ye Chen!

At this time, two days after ye Chen's coma, his whole body was almost recovered. Originally, he should have recovered

However, because of the red heaven seal spirit array under the demon cloth, it is actually imprisoning its spirits in the sea of knowledge!

Moreover, he can clearly feel that his spiritual power, physical strength and even soul power are rapidly dissipating!

Ye Chen can't help but say: "xuanxianzi, Shuo Lao, what does this guy want to do?"

Xuanhanyu's tone was incomparably dignified: "if I didn't guess wrong, he would take the house..."

"What?"

Ye Chen face color a change way: "can have stop his method?"

Now, his power is completely confined by the red heaven sealed spirit array, and he can't resist this demon's taking

But this time xuanhanyu and Shuo Lao were silent

Ye Chen's heart can't help but sink again!

Old Shuo said: "if this man is going to take the house directly, we may still have a way. However, he has set up an ancient strange array in your body. Moreover, its essence is extremely powerful. I'm afraid we can't compete with it. Sorry, boy..."

Ye Chen looks gloomy. Is he really going to plant this time?

Time, minute by second, another day has passed

On this day, ye Chen's spirit suddenly trembled, his face showed a color of horror, and the last trace of strength that could be felt in his body was also dissipated!

The red sky sealing array is completely arranged!

At this time, a dark figure suddenly appeared in Ye Chen's sea of knowledge, and the black air surged. A moment later, the figure turned out to be a middle-aged man with elegant face and handsome looks like a Confucian scholar!

Ye Chen's face appeared a look of incomparable panic, and subconsciously retreated to the rear. The middle-aged man actually exuded enormous pressure. Even, the existence of the middle-aged man has made the whole sea of knowledge slightly distorted!

However, the middle-aged man at the moment does not seem to be very good, it seems that the figure is some illusory!

Generally speaking, the ghost demon is the result of the blood essence and resentment of the warrior of the human race. It is impossible to have the master's memory, mind and so on. After all, the spirit of the master has completely disappeared

However, ye Chen is very clear that for those who are the most powerful, they are not the same

It is said that as long as one drop of blood contains enough energy, it will be able to reach a certain level!

In front of this man, obviously is such a existence!

Even the incarnation of demons can have self, but it is not without cost

Obviously, the man in front of him will consume enormous energy just to maintain his own existence!

At this time, the man said with a smile: "little friend, my lord Xu Tianming, this time, I'm afraid I'll ask you to borrow this body with me. I hope you don't resist, so as not to suffer in vain."

At the moment, he is extremely relaxed. Under the suppression of the red heaven seal array, Xu Tianming is confident and invincible even in the face of reincarnation!

Ye Chen looks white, just want to talk, but feel the samsara cemetery in vibration.

Soon after, ye Chen lost communication with the samsara cemetery. He raised his head, and his eyes were filled with panic. He looked at Xu Tianming and said, "this Master, please let me go. I'm willing to follow the elder. If the elder needs a body, I can also find a more suitable person for him. Bring it here. Please don't attack me! "

For a moment, xuanhanyu and Shuo Lao were shocked!

Originally, although they knew it was useless, they were ready to fight for ye Chen

But now, ye Chen begged for mercy!?

A feeling of incomparable disappointment surged into their hearts, and they could not accept it. Could ye Chen, a young man who had been favored by them, was also a greedy and afraid of death?

Did they look away?

Is it, before ye Chen's fierce not afraid of death, ye Chen's never yield, are just pretending?

Is it all because he knows he is not in a desperate situation?

And at this moment, only finally exposed the true face?

Xuanhanyu couldn't help but say, "Ye Chen! You What are you talking about? In pursuit of the road, death is normal, but even if you want to die, you should die standing! Why shame yourself? What's more, if we fight hard, we may not have a chance of survival! "Old Shuo also almost roared: "ye Xiaozi, cheer up!"

But ye Chen didn't seem to hear it. He said to Xu Tianming eagerly, "master Xu, don't kill me. I won't let you down..."

For a time, xuanhanyu and Shuo Lao's heart, completely cool, hate iron is not steel cool!

They really misjudged people!

Ye Chen was just a common man

This is even more devastating than fighting Xu Tianming!

Hearing the speech, Xu Tianming said with some interest: "did someone else talk to you just now?"

Xuanhanyu and Shuo Lao are shocked when they hear the speech. Xu Tianming can even sense their existence!?

At the same time, xuanhanyu said anxiously: "Ye Chen can't say! He may be just bluffing you and hiding our existence. This is the last chance to turn the tables! "

However, ye Chen seems to have been scared to death. In order to survive, he did not dare to hide anything from Xu Tianming. He immediately said: "report back to Mr. Xu, yes, I still have two spirits in my body. One is the dragon spirit. I call him Shuo Lao, the other is the sword soul. I call her xuanxianzi..."

On hearing this, xuanhanyu and Shuo Lao are completely desperate for ye Chen. They can't even believe that the cowardly, disgusting and disgusting guy in front of them is the young man who once appreciated and was willing to follow him all his life!

After ye Chen finished this sentence, xuanhanyu and Shuo Lao were completely silent.

Although, they will still fight for ye Chen, but it is only out of the last loyalty and their own faith. Ye Chen is dead in their eyes.

Chapter 4767

When Xu Tianming heard the speech and was silent for a moment, he could not help it any longer. He looked at Ye Chen and laughed wildly. His eyes were filled with sarcasm and said, "is this the reincarnation blood? Hahaha, it seems, it's just so! "

At the moment, he has no vigilance to Ye Chen. He knows that ye Chen is really desperate and can only pray for his mercy!

"You are very honest, I admire you very much!"

Ye Chen hears the speech one Xi way: "so, elder generation is to agree..."

However, at this time, Xu Tianming was angry and said with a cruel smile: "it's a pity that your body is unique in the world. You can't give up!"

As soon as his voice fell, Xu Tianming turned into a black evil spirit and rushed towards Ye Chen to completely eliminate the spirit of Ye Chen!

Looking at Ye Chen's extremely frightened expression that seems to be about to scream, Xu Tianming's smile becomes more and more strong!

At this time, two rays of light suddenly flashed into a cold looking woman, and a dragon soul appeared in Ye Chen's sea of knowledge!

It is xuanhanyu and Shuo Lao who attack Xu Tianming in an instant!

Xu Tianming sneered. If we say a sneak attack, maybe the attack of the two people will have a trace of effect, but when he already knows that they exist, will he still attack?

Hehe, just looking for death!

What's more, after xuanhanyu and Shuo Lao helped Ye Chen before, their strength has almost been consumed. At this moment, they are not in full swing!

With a roar, the rolling black gas turned into two towering hands and beat hard at xuanhanyu and Shuo Lao!

The sword light cut by xuanhanyu and Longyan vomited by Shuo Lao suddenly turned into nothingness. At the same time, their spirits were blown upside down!

Two muffled hum rings, xuanhanyu and Shuo Lao's bodies are somewhat illusory. They are seriously injured by Xu Tianming!

However, Xu Tianming did not continue to pursue. At present, it is urgent to eliminate Ye Chen, the master of his body. As long as he controls Ye Chen's body, and then unties the red heaven seal spirit array, Xuan Hanyu and Shuo Lao are in this body, are they still left to be slaughtered by him?

In an instant, the rolling black gas will completely submerge Ye Chen's body!

Xu Tianming stares at Ye Chen, and his smile is about to open to his ears. The spirit of this samsara clan is also a great tonic!

Just when he drives the evil spirit and starts to devour the spirit of Ye Chen, his pupil shrinks suddenly!

I saw, this moment, just as scared silly, almost urine out of the general Ye Chen, but smile, very cold smile!

Xu Tianming's face was stiff, and he said, "not good!"

He was about to leave, but ye Chen said with some relish: "master Xu, it's too late to leave now?"

Is struggling, ready to stand up to Shuo Lao and xuanhanyu smell speech are slightly a Leng, ye Chen is not afraid, beg for mercy?

What does that mean?

In this moment, infinite evil and evil Qi suddenly gushed out of Ye Chen's consciousness sea!

Xu Tianming suddenly raised his head and looked up. His face finally showed a look of panic. The countless evil and evil Qi seemed to be his nemesis, making his body begin to flicker!

Xuanhanyu and Shuo Lao are also looking up, eyes are flashing shock color!

I saw, a gate suddenly opened in Ye Chen's consciousness sea, that gate, was that hundred evil gate!

The endless evil Qi in the gate of hundred evils comes from the supernatural devil body!

Ye Chen combines the two?

And in front of the door, standing a figure!

The figure that appears in Ye Chen's sea of knowledge

Surprisingly, ye Chen was imprisoned in the reincarnation cemetery after he defeated Gu Han!

Evil old man!

At the moment, the gate of hundred evils is actually connected with the evil old people, which makes its power soar in the sea of knowledge, just like the evil god in the world!

Xu Tianming exclaimed, "you It's the ancient witch clan, and is it a great wizard? Why are you here? Isn't it true that all the sorcerers have already risen to the top of the world? "

The evil old man did not answer, but sneered and said, "I have caught you."

With that, he rushed to Xu Tianming!

Xu Tianming roared wildly. He was going to be crazy. In an instant, he had to leave Ye Chen's body directly!

If we say, what are the ghosts in this world, the existence of a class of natural enemies of Yin spirit, it is absolutely witch clan!!!

The sorcerer clan has a tradition of soul eating from ancient times to today!

The power of the evil old may not be stronger than Xuan Hanyu and Shuo Lao. However, he was born in the Wu clan. At the moment, in this sea of knowledge, he has received inexplicable blessing. For Xu Tianming, it is a god killing existence!

However, at this time, Xu Tianming suddenly felt that his body was tight!

He suddenly turned his head. He saw that ye Chen, at the moment, had a fierce light in his eyes and was laughing like a madman. Regardless of the evil spirit, he was holding on to Xu Tianming with both hands!Swallowing, in fact, is similar to assimilation. When Xu Tianming begins to devour Ye Chen's spirit, it also means that ye Chen has the possibility to influence Xu Tianming!

Generally speaking, this kind of resistance can be resolved in an instant by Xu Tianming's running a little evil spirit. Ye Chen's doing so will only accelerate his own death

But now, what he needs is a moment of time!!!

Xu Tianming yelled: "boy, let me go! I promise I won't give you any more ideas. Even, I'm willing to untie the red sky sealing spirit array and let me go

Although he said so, he was cruel in his heart. Once he escaped this robbery, he would devour Ye Chen's flesh and blood!

He knew that as long as he did not appear in the sea of knowledge, the great wizard would have no way to take him!

Although, the flesh and blood of devouring Ye Chen is not as good as taking away the house, but it is also a great harvest!

I'm afraid you can't lick the soul of death completely if you can't even lick my lips? I can't give up such an opportunity. "

"No!!! My God is the supreme existence, how can I die here! "

Xu Tianming roared and struggled wildly. He was about to break away from ye Chen's bondage. But at this moment, the evil old man had already jumped on his body!

Under the erosion of that evil spirit, Xu Tianming's power actually began to fade away quickly!

However, when the evil old man suppressed Xu Tianming, ye Chen grinned grimly. He bit Xu Tianming's body with a mouth. His teeth pulled hard and violently. He pulled a piece of flesh and blood from Xu Tianming's soul. After chewing for a while, he swallowed it!

For a moment, the sound of screams was heard in the sea of knowledge!

Chapter 4768

At the moment, in the cave, the cold evil spirit is guarding Ye Chen's side, frowning slightly, and a touch of anxiety appears in his eyes

Seven days have passed. Why hasn't the owner succeeded?

What's more, the breath of the body has been rising and falling in recent days, and even the effectiveness of the red heaven sealing spirit array seems to be slowly disappearing

There's no accident, is it?

At this time, ye Chen's eyes suddenly opened!

The cold evil spirit startled, the body shape moves, then retreats, faintly some guard tunnel: "master?"

Ye Chen's eyes surged up a burst of black gas, looking at the cold evil, some weak way: "cold evil, you did very well, now come and help me up."

Cold evil smell speech, appeared on the surface of a surprise color, the master really succeeded!

She hurriedly came over and helped Ye Chen up. She asked strangely, "master, why are you so weak?"

Ye Chen light way: "that guy is more difficult than I imagine, devour it, paid some price."

Hansha nodded, but soon, he frowned slightly and said, "master, the red heaven sealing spirit array in your body seems to have not completely dispersed. Since you have succeeded in seizing the house, why not disperse it? You are so weak now, and limited by this battle, are you more powerless? "

Speaking of this, Han Sha's face changed suddenly. It seemed that he would push Ye Chen away in general!

Ye Chen is a smile: "after killing you, I will concentrate on breaking the battle."

As soon as the voice fell, he suddenly hugged the black ice, and his expression was coagulated. A soul power that was even surging several times more than before was poured out from his eyebrows and disappeared into the sea of knowledge of cold evil spirit!

"Ah!!!! Damn boy! What do you do? Master, where is my master? "

Bursts of black gas from the ice body out, and soon the black in his eyes will quickly fade.

The whole body evil spirit is also dissipated.

She fell into a coma as soon as her eyes were closed.

Ye Chen put the ice on the ground, and now the demon in his body has been killed by him. If the spirit of xuanbing still exists, he will wake up soon.

After finishing all this, ye Chen finally took a breath and sat on the ground. This time, it was extremely dangerous!

At this time, xuanhanyu's voice rang out in Ye Chen's mind: "boy, is it time to explain with us?"

In her voice, there seems to be some embarrassment

After all, when facing Xu Tianming, she and Shuo both suspected Ye Chen, but now it seems that ye Chen is just luring Xu Tianming to devour his own spirit and seize it

In other words, ye Chen never gave up from the beginning to the end!

Ye Chen said with a smile: "in fact, since Xu Tianming began to set up an array in my body, the evil old man contacted me quietly. He said that he could help me kill the usurper

Of course, there are conditions... "

On that day, ye Chen is meditating on the countermeasures, but suddenly feel that the reincarnation cemetery is shaking.

At first, he thought it was the great power of the samsara cemetery, but Tianyou Zen woman had entered a certain state of Zen not long ago and did not wake up.

He thought that there was a great power to wake up, but when his consciousness approached the samsara cemetery, he frowned slightly, because it was not the signal of the power of the samsara cemetery, but someone was attacking the samsara cemetery. Although it was impossible to have any impact on the samsara cemetery, let alone get rid of the bondage of the samsara cemetery, he still integrated the spirit into the samsara cemetery.

It was the evil old man who appeared in front of him.

Ye Chen said coldly: "what are you doing?"

The evil old man said with a smile: "boy, I advise you to be polite. You are not in a good situation now, are you? I'm the only one who can save you! "

Ye Chen frowned: "what do you mean?"

The evil old man gazed at Ye Chen and said: "boy, you should have noticed that you have cultivated all kinds of evil bodies. Our Lich family has many restraint measures against spirits. No matter what you enter into your body, you and I can kill them together!"

Ye Chen's eyes flickered and asked after a moment, "why do you want to help me?"

Ye Chen has no good intentions towards the evil old man. Now he has not killed him, just because he has not swallowed up his evil spirit. Will evil old man return good for evil?

The evil old man shrugged his shoulders and said, "boy, after you die, I'm afraid no one will be able to use this samsara cemetery, and I will be imprisoned in the samsara cemetery forever. This is not what I hope to see..."

The next moment, he looked a congealed way: "of course, there are conditions. After I save you, you should return my freedom and let me leave here!"

Ye Chen smelled the speech, his eyes flashed, and he didn't answer immediately. Instead, he opened his mouth and said, "first, how do you deal with the usurper?"

The evil old man's eyes twinkled and said, "first of all, he must stay in your knowledge sea. This usurper is very powerful. I can't deal with him unless he is in your knowledge sea."

Ye Chen frowned and said, "why must we be in the sea of knowledge?"The evil old man said with a smile: "little boy, do you know that the hundred evil bodies you practice are one of the holy skills of our sorceress family? It's just that you don't know its real usage. Although the usurper has set up a red heaven sealing array in your body, it doesn't affect me to obtain extremely powerful evil power through the hundred evil gate. Only in this way can I be sure to suppress it! "

Ye Chen's eyes flashed slightly: "what else do you need?"

Evil old way: "then, you have to find a way to gather energy in the hundred evil sects with the supernatural demon body. Finally, you can't disclose this matter to anyone, including the dragon soul and the sword soul. If I guess correctly, this person should have the strength to perceive the dialogue between you and them in the sea of knowledge. Only by talking in this reincarnation cemetery can you completely avoid the exploration of their divine thoughts!"

Ye Chen nodded his head and said, "what else?"

Evil old deep voice way: "next, also the most important! You must tempt him to take away your property and devour your spirit. Only in this way can I avoid being escaped from the sea of knowledge after I put my hand!

Boy, there is only one chance. You can't show any flaws. If you are escaped by him, you will die even if you don't get robbed!

Now, will you agree to my terms? "

Ye Chen's eyes flashed wildly. To tell the truth, he doesn't trust Xie Lao, but there seems to be no better way for him now

But, out of the expectation of the evil old man, ye Chen shook his head at the moment and said, "no way."

The evil old man is so stupid!

He looked at Ye Chen with some disbelief and said, "boy, you are crazy. This is your only chance to live. You will not die with me, will you?"

Ye Chen said faintly: "naturally, I will not die, but..."

"You can leave the samsara cemetery, but I want this evil spirit," he said with a sudden smile

Chapter 4769

The evil old man hears the words, and his eyes are almost falling out!

How big is the heart of this boy? Do you have to bargain at this time!?

He just can't stand it!

However, at the moment, the corner of his mouth can not help but show a smile, looking at Ye Chen, he seems to see his own

Therefore, after a dispute in the samsara cemetery, they finally decided to let Ye Chen go after swallowing the evil spirit of the evil old man

After ye Chen finished speaking, xuanhanyu and Shuo Lao were both stunned. Especially when it came to bargaining, even they couldn't help laughing.

After explaining the causes and consequences clearly, ye Chen began to dissolve the red sky sealing spirit array. The real red sky sealing spirit array is not so easy to crack. But, fortunately, the painting with demon blood is not the original version, and the effect is not so good. Even if it is left alone, as time goes by, its strength will gradually dissipate.

One day and one night later, ye Chen cracked the array thoroughly.

A smile appeared on his face. Although this crisis is extremely dangerous, it also benefits a lot!

Ye Chen completely engulfed Xu Tianming's spirit in the sea of knowledge. According to Xie Lao, the spirit of this man is extremely tough, even he may not be able to completely annihilate it

When ye Chen "eats" Xu Tianming's spirit, even the evil old can't help feeling abnormal!

If you change people, even if you have the help of evil old people, the final result is really hard to say.

However, after swallowing Xu Tianming, the power of Ye Chen's spirit soared several times in an instant!

At the same time, he also inherited part of Xu Tianming's memory after he became a demon!

This is why he knows the name of Han Sha!

Ye Chen recalled a place in Xu Tianming's memory. He could not help but feel the light in his eyes. He whispered, "is the unknown area It seems that we are going to make a breakthrough... "

At this time, a whining rings, ye Chen looks moving and looks at the black ice.

I saw the dark ice slowly opened his eyes, the beautiful eyes are full of confused color.

Ye Chen asked, "how do you feel?"

When xuanbing heard this, her face suddenly changed. She suddenly retreated towards her back. Subconsciously, she had to take out the weapons in the storage bag. However, after touching her waist, she found that her storage bag had already disappeared, and even her clothes were in tatters

A look of doubt appeared in the beautiful eyes of xuanbing. Then, with a cold look, he looked at the only man in the cave and said, "who are you? Did you steal my storage bag? What have you done to me? "

Ye Chen said faintly: "my name is Ye Chen. Don't you remember what happened? It has been many years since you were taken away by the demon of the underworld. I came here to look for your bones under the entrustment of xuanxuexin. However, I didn't expect that you didn't die... "

When Xuan Bingbing heard the name xuanxuexin, her face suddenly changed, and all kinds of memories came to her mind, including those after her body was occupied by the ghost cold evil

After a moment, she calmed down and said to Ye Chen gratefully, "thank you..."

At the same time, xuanbingbing can't help but feel frightened. Ye Chen is just the cultivation of heaven and earth, but his strength is beyond imagination!

Ye Chen said with a smile: "don't be polite. I'm going to a very dangerous place now. You'd better stay in this cave first. When the battle field is closed, the portal to the holy city will be opened again. Then you can leave."

Xuanbing ice is ready to nod, but, as if suddenly think of something in general, pretty face a white, exclaimed: "Ye Chen, and so on!"

"What's the matter?"

Xuanbing's beautiful eyes trembled and said: "Ye Chen, I remember that over the years, there are more and more demons who can seize their homes in the battlefield, far more than what you have seen. They have already planned to seize the houses of Xuanyao people who participated in the ceremony. Now it is extremely dangerous outside. Moreover, they seem to have to go to a place after taking the house Remains A relic in an unknown area... "

Speaking of this, a touch of pain appeared on her pretty face and said, "what's that place called? I can't remember... "

Ye Chen, however, was a heavy complexion, and said in a coagulant voice: "the infinite tomb palace of the great one demon emperor!"

Xuanbing smell speech, beautiful eyes a bright way: "good, it is Wuji tomb palace!"

Then, she looked at Ye Chen with some surprise and said, "how do you know?"

Ye Chen didn't answer, but asked with some solemnity: "how powerful are those demons? Do you know?"

After trying to recall for a moment, xuanbingbing's eyes flashed: "I'm not sure At least, there are five levels of underworld

Ye Chen slightly frowns, things are a little tricky!

The reason why he knew the existence of the Wuji tomb palace was that he got part of Xu Tianming's memory!

However, this memory is not complete, so he does not know that there are other ghosts in the battlefield who have extremely high intelligence and can seize the house! However, if Xu Tianming's memory is correct, ye Chen must go to the Wuji tomb palace!

As for why this Wuji tomb palace is so important?

This will start with the war in ancient times.

At that time, it was Taiyi demon emperor who led the war between the demon clan and the Terran.

It is said that this war lasted for ten years. The two sides fought in darkness and darkness. At the end of the battle, only the elite of both sides were left. The decisive battle was now called the unknown area!

Among them, there are Emperor Zhou Tianqing and demon emperor Taiyi!

At that time, Taiyi had a treasure named Wuji Tiangong!

This treasure is a real palace! Far beyond the thirty-three days of Hongmeng treasure!

This palace is extremely against the heaven. It is said that it can resist all kinds of invasion. Once you hide in it, you will be invincible!

The demon emperor Taiyi led the elite of the demon clan to fight with the Terrans. Once injured or in danger, he released the limitless heavenly palace to let the clansmen enter into it to recuperate. Relying on the demon clan's adverse vitality, it can be recovered and killed again!

At that time, the Terran actually had the upper hand in that war. The reason why the demon clan and the Terran could almost die together at the end of the war can be said to be attributed to the Wuji heavenly palace!

However, the Emperor Zhou Tianqing is also a rare extreme evil spirit. He not only has the ability to resist the heaven on the martial arts, but also has the supreme talent in the array, Dan Dao, talisman and so on!

In order to crack down on this Wuji heavenly palace, it combines several ancient big arrays and talisman Dan Ding, and creates a killing array against the heaven!

At the time of the decisive battle between the two sides, the Terran elite forced the demon clan elite into the Wuji heavenly palace, and then set up the killing array!

Chapter 4770

The power of this killing array is so powerful that it can't be completely blocked even in Wuji Tiangong. The demon clan is in a desperate situation!

The demon family in the heavenly palace died one after another under the killing array. The only one who could resist the power of the killing array was Tianyi demon Emperor

Seeing the good friends, one by one, they left their own, too a demon emperor is also grieved, and hates Zhou Tianqing and others to the bone!

Zhou Tianqing and others have won at this time. Although they have not killed the demon emperor Taiyi, it is only a matter of time.

Although Wuji Tiangong is a treasure, it has reached the limit after several months of killing array!

Just as Zhou Tianqing and others were about to win, the demon emperor Tai Yi appeared in front of everyone!

All people think that Wuji Tiangong is a defense treasure, but no one knows that this treasure can also be used to attack!

A deadly attack!

At that time, if the emperor wanted to attack, he had to pay the price of life!

At the same time, there is no difference in the attacks caused by the Wuji heavenly palace. Except for the master of the Wuji heavenly palace, all the nearby creatures will be involved in it!

This is also the reason why the demon emperor Taiyi didn't kill Zhou Tianqing and others with this Wuji Tiangong at the beginning!

Now, the demon emperor Taiyi knows that the war is impossible for the demon clan to win. At present, the best ending is to die together!

So, finally played this last card!

The attack of the heavenly palace directly wiped out the elite of the human race, and ended the battle between the two clans

Zhou Tianqing, in the end, also detonated the killing array. Although it did not change the fate of the Terrans, it also made the Wuji heavenly palace, the most precious treasure against heaven, almost destroyed

As for why did the demon emperor Taiyi hide in Wuji Tiangong for several months?

Legend is to stay and inherit!

Since then, the Wuji temple has been known by a small number of people as the Wuji tomb palace

The reason is very simple. It is said that after the death of the demon emperor Taiyi, his body is still intact in this Wuji tomb palace!

This is also the reason why Ye Chen must not miss this Wuji tomb palace!

If you can get the whole body blood essence of demon emperor Taiyi, then, 100% can hatch the chaotic animal eggs!

Similarly, there is another reason. Although the Wuji tomb palace is almost destroyed by the self explosion of the killing array, it still has some power left!

However, even if it is the residual power, ye Chen's strength can never break into it. Even, it may be life-threatening!

However, according to Xu Tianming's memory, the remaining power of the Wuji tomb palace has been weakened a lot recently!

However, these ghost demons, or bone beasts, can not enter it. If you want to enter the Wuji tomb palace, you must have the blood of demon clan!

The reason why Hansha knew this was that Xu Tianming had sent her to Wuji tomb palace!

According to the investigation of Han Sha, if you take away the demon people, you may be able to enter the Wuji tomb palace!

However, she has not completely occupied the body of xuanbingbing, so she can't do it!

After the news came out, those demons with the ability to seize the house in the battlefield decided one after another that when the next demon day ceremony was held, the Xuanyao people who participated in the ceremony would go to the Wuji tomb palace!

Ye Chen took a deep breath: "I have to go to the Wuji tomb palace, even if those demons have been staring there, I must go to fight!"

Xuanbing smell speech, beautiful eyes twinkle for a moment, mouth way: "that, I also want to go with you!"

Hearing this, ye Chen said in an unexpected way: "not to mention those powerful demons who have been staring at the Wuji tomb palace. Even if they don't, they have to go through the death zone to enter the tomb palace. It's dangerous. Can you imagine that you are also interested in the remains of the demon emperor or the inheritance?"

Xuanbing's strength is not weak, but to be honest, if you want to compete with those monstrous demons, this strength is not enough

Even though ye Chen has made great progress after swallowing Xu Tianming's spirit, he can hardly win the battle with those guys, but he has no chance to win

Xuanbing smell speech, but a smile: "I have no interest in these."

Ye Chen some puzzled way: "then why do you still want to go?"

Xuanbing stares at Ye Chen and solemnly says: "you have saved my life, how can I hide here alone? If it's a general dangerous place, my strength will only drag you back!

However, if you want to go to Wuji tomb palace, I can definitely help you! So, naturally, I can't ignore it!"

Ye Chen hears the speech, can't help but glance tiny flash way: "can you help?"

Xuanbing said with a smile: "you forget that once Hansha used my body to explore Wuji tomb palace. You know the strength of Hansha. Don't you wonder how she passed through the death zone?"

Ye Chen looks moving. Although the bone beast won't attack the demon, Han Sha went to investigate under the condition of taking away the black ice! The flesh and blood of xuanbingbing is the most exciting killing signal for bone beast!

However, Han Sha successfully crossed the death zone?

Ye Chen to interest, he looked at the ice, waiting for her to go on.

Xuanbing said: "bone beasts are lurking in the ground. When they sleep, they are like dead things. They have no breath. It's very difficult to feel the spirits. However, many people don't know that they generally have territory!

Only when the fiends pass through the frigid regions can they find out

With that, xuanbing looked a little lonely and said with a smile: "I've been taken away for so many years. It seems that it's not without any benefits. I remember the territory of those bone beasts clearly!

Moreover, the unknown area is not small. Among them, there are many terrible bone beasts and demons. Without my leadership, it is not easy for you to find the endless tomb palace! "

Ye Chen at the moment has some heart, but, he still asked: "that demon how to do?"

Xuanbing said: "although the demons are good at hiding, the demons without the ability to take away will inadvertently leave a kind of spirit fluctuation. In the air, through this fluctuation, we can roughly judge the location of the powerful ghost demon. Ordinary people can't feel this fluctuation. However, I have been robbed for so many years, and it can be said that no one is more familiar with me

As for the demons whose intelligence is so strong that they can take over the house, if they can suppress this fluctuation, there is nothing I can do

But on the whole, I'm your best guide to Wuji tomb palace! "

When ye Chen hears the speech, he has to admit that xuanbingbing is very helpful for him to explore Wuji tomb palace. However, he still hesitates. After all, this will put xuanbing in danger!
