

Physician 4781

Chapter 4781

Why, Zhou Tianqing has refused to use his own strength?

That is because he has been doubting that the demon emperor Tai Yi has not really disappeared!

If its early use of power, by the demon emperor too one found, even if the Xuanyao people also absolutely can not enter the Wuji tomb palace!

Therefore, Zhou Tianqing decided to lurk, not personally, but to provoke Ye Chen and Xuan Jiuji to fight against each other!

Never use the power of noumenon until you have to!

Can not expect, ye Chen unexpectedly has the blood soul order to see through his identity!

After being hit by the light of extinction, if he doesn't exert his own power, even he can't bear the power of this blow!

And now, after he used the power of noumenon, he really attracted the spirit of the demon emperor Taiyi!

The demon emperor Tai Yi didn't speak, but his body flashed, and instantly integrated into Ye Chen's body. Ye Chen's eyes were full of God, and he only felt that an incomparable force poured into his body!

At the same time, in his mind, a voice sounded: "into the valley."

Immediately, ye Chen did not hesitate to fly towards the valley!

Zhou Tianqing snorted coldly, his face was gloomy. In fact, he was not afraid of the spirit of the demon emperor Taiyi. After all, he had a body, but the demon emperor had no one!

Both sides are soul bodies. In the case of dead spirits, there is no physical body gap too big!

What he worries most is to let the demon emperor Taiyi own the body!

Therefore, if ye Chen really killed Xuan Jiuji, then Zhou Tianqing could devour xuanjiuji recklessly. At this time, even if the demon emperor was too soon to wake up!

But who would have thought that ye Chen saw through it, and gave Ye Chen the chance to use the light of extinction!

The next moment, the sky suddenly appeared, endless evil spirit in Ye Chen's whole body formed a big array!

Ye Chen's face changed wildly. The array was so terrible that he felt trapped in the ancient Jedi!

However, at this time, the power of the demon emperor in his body suddenly flourished. At the same time, a flash of light in his eyes instantly locked a corner of the array, where was the eye of the array!

The demon emperor Tai Yi once again said: "attack with all one's strength there."

Ye Chen took a deep breath and concentrated his mind on the control of the body, and the trace of the practice road appeared. At the same time, the body of the heavenly demon, the formula of burning blood, the transformation of soul and body, and the great starry sky of Hongmeng were all used. A brilliant star river suddenly burst out from the sword edge and cut out towards the eye!

With a roar, this extremely frightening array was smashed under this sword, and ye Chen's figure also instantly entered the deep valley!

Zhou Tian tilted his face and sank. When he got up, he wanted to chase Ye Chen. But at this time, a white light suddenly burst out from the entrance of the deep valley!

Zhou Tian tilted his hand to strike, and the big array appeared, which was immediately printed on the white light. A huge earth shaking sound broke out in this small world, and countless green mountains collapsed!

However, this extremely terrible slap, not only did not break the white light, but also Zhou Tianqing himself received a strong anti shock force and flew backwards!

Zhou Tianqing's eyes twinkled, staring at the white light reluctantly and yelling: "Wuji Tiangong? There is still a trace of power left? "

.....

After entering the deep valley, the scenery in front of Ye Chen is another change. He comes to a palace in an instant.

And enter this palace, ye Chen is pupil one shrinks!

First of all, there are tombstones!

And on that tombstone, there are countless names of demon people. It's all written by one person!

Ye Chen's eyes flashed for a moment, as if to see a scene in which a very sad king personally buried the dead people in this palace and engraved tombstones

This Wuji tomb palace is not so much the tomb palace of the demon emperor Taiyi, but the tomb palace of these dead demon soldiers!

Soon, ye Chen fell in front of a stone pillar under the guidance of the demon emperor Taiyi.

With a flash of light, the demon emperor Tai Yi flies out of Ye Chen's body.

Looking at the man with only a wisp of soul left in front of him, ye Chen couldn't help raising a wave of respect in his heart, and sincerely saluted: "younger Ye Chen, have seen the demon emperor!"

Too a smell of speech, the surface appeared a wry smile: "demon emperor? What kind of demon emperor can't even protect his subordinates? "

Ye Chen hears the speech, also can't help silence.

The demon emperor said: "boy, don't be too happy too early. Although you have entered the tomb palace, the remaining power of the tomb palace can't stop the sky tilting for too long. It's not easy for you to survive."

Ye Chen looks a congealed way: "please demon emperor to point out! How to overcome this Sunday tilt

When the demon emperor heard this, he saw a strange color in his eyes and laughed: "boy, you are really a strange person. Most people think about how to protect your life, but you want to defeat Zhou Tianqing?

Do you know what a horrible person this Sunday Qing was? Even if you have the blood of the heavenly demon, the blood of the mysterious demon, the body of the heavenly demon and the holy body of the heavenly demon, and the blood of the reincarnation, you are still too far away from the whole world! "Ye Chen face color slightly changes, this demon emperor is too one eye to see through him?

However, soon, the demon emperor Tai Yi laughed and said: "however, your idea, I don't hate it. Moreover, if you want to survive, you only have to overcome zhoutianqing this way to go!"

Demon emperor too one gaze at Ye Chen way: "want to defeat Zhou Tianqing, there are two methods."

Said, his face, appeared a touch of evil smile way: "one, let the emperor take away from you, although I can be integrated into your body, the power to borrow you, but can only play a part of it, if you let me seize the house, relying on this reincarnation blood, I can easily kill that Zhou Tianqing!"

Ye Chen smell speech, complexion a change way: "I choose the second method!"

If you are robbed, you are all dead. What's the use of defeating Zhou Tianqing

The demon emperor laughed and said, "boy, don't be so anxious. You may not know how terrible your constitution is. Even if the emperor kills your spirit and takes it away, you will have a chance to regenerate your spirit and take back your body

However, I think you will not choose this method... "

Said, he pointed to the stone pillar beside him and said, "look, what is on this stone pillar?"

Ye Chen looked at the stone pillar, but his eyes flashed. On the stone pillar, there were countless runes engraved in the book. Moreover, each Rune was blood red, obviously written in blood!

In addition, there is a rolling Demon power in the rune, even he is shocked!

The words on the stone pillar are written with the blood of the demon emperor Taiyi!

Chapter 4782

The demon emperor's face was pale and said, "this is the orthodox inheritance written down by the emperor with painstaking efforts."

Ye Chen's eyes brightened, but soon he asked, "what's the relationship between this inheritance and the victory over Zhou Tianqing? I'm not going to study now, will you

The inheritance of demon emperor Taiyi must be a top-level existence, but it does not seem to be of great help to the decisive battle of Zhou Tianqing.

Although the power of linhuang can be improved, it's not like that

Even with his qualifications, it will take months or even years for him to master the inheritance of this rank!

Even if Zhou Tianqing really has to wait until he has fully mastered the inheritance before he can enter the tomb palace, he still has to return to the holy city before the battlefield is closed

However, to Ye Chen's surprise, the demon emperor Taiyi was staring at Ye Chen very seriously and said, "yes, this emperor is going to let you practice the inheritance I left behind now."

"Ah?" For a moment, ye Chen is a bit silly. Do you really want to be on the brink?

Looking at Ye Chen's puzzled appearance, the demon emperor Taiyi once again said, "do you know the origin of this emperor?"

He shook his head.

The only memory he had about the demon emperor Taiyi came from Xu Tianming.

"In fact, this emperor is not a pure blood demon family, but a mixed race of three races!" he said

"Mixed race Ye Chen's face flashed a touch of shock.

You know, the demon clan extremely repels the alien race, let alone the three race mixed race, even the ordinary two race mixed blood is extremely rare

The most important thing is, this kind of mixed blood in the demon clan in general very low status, how can it become the demon emperor?

The demon emperor Tai Yi held out some illusory palm, stroked the stone pillar and said, "my mother is a demon clan, and my father is a mixed race of human and demon. After I was born, I was also ostracized and criticized among the demon clan, and the reason why I was able to ascend the throne of demon Emperor..."

Said, the demon emperor too one eyes suddenly burst out a incomparable cold God awn, ye Chen heart and mind a swing, as if the suppression of a clan of the emperor came again!

The demon emperor Taiyi gazed at the stone tablet in front of him and said, "it's because of the three yuan Tai Yi Gong I created! In this way, I can crush countless demon talents and let them know that my blood is better than them

For a moment, even ye Chen could not help being curious and said, "what are the special features of this skill?"

The demon emperor swept Ye Chen and said, "boy, do you know why I chose to save you, instead of another pure blood Xuanyao people?"

Ye Chen smelled the speech, his eyes flashed for a moment, he knew what the demon emperor said was xuanjiuji!

The demon emperor Tai Yi said: "first of all, you are the master of the reincarnation blood. Moreover, the heavenly demon blood and the Xuan demon blood essence in your body are extremely powerful. You have cultivated the heaven demon body. Only you can give full play to your power to a greater extent

However, this is not the most critical reason, the most important thing is that you have a very strong evil spirit and Aura!

Only you are the most suitable for practicing the inheritance of the emperor! "

He looked at Ye Chen with bright eyes and said: "the inheritance of the emperor is actually the method of smelting spiritual power, Demon power and magic power, melting these three different attributes of energy into more powerful energy!"

When ye Chen hears the speech, he can't help but look shocked!

In fact, there are advantages and disadvantages for mixed race.

Take the mixed race of Terran and demon clan for example, the advantages are that the physical body is far more than ordinary Terrans, with strength, vitality, especially powerful, etc. However, the disadvantage is that when such a hybrid cultivator practices, the energy in his body is extremely complex, both demon spirit and spiritual power, which makes them not as good as pure blood demon clan or Terran in practice speed and energy quality!

However, ye Chen is an exception. His demon power is not cultivated. Moreover, it comes from the blood of the heavenly demon and the blood of the mysterious demon. These two blood lines are extremely powerful and terrifying, which surpass the summit of the universe. Therefore, the quality of the Demon power brought by these two blood vessels is also extremely pure!

However, ye Chen can't mix Demon power and spirit power!

For a moment, his eyes could not help flashing. Why was the power of Xuanling so powerful?

It is precisely because of the high quality of the Xuanling power. If he can melt the Demon power and the spiritual power into one, to some extent, his energy will be closer to the Xuanling power, and then his strength will soar!

However, ye Chen knows very well that it is not easy to practice such a rebellious method!

In this way, can we really defeat Zhou Tianqing?

As if seeing ye Chen's idea, the demon emperor said in a deep voice: "boy, in a short period of time, it is impossible for you to practice the three yuan Tai Yi Gong to a great accomplishment. What you have to

do is to cultivate the three yuan Taiyi skill to the entry level before Zhou Tianqing enters the tomb palace, so that your spiritual power and Demon power can be initially integrated!"

Ye Chen frowned: "is only the preliminary integration, how can defeat Zhou Tianqing?" "Demon emperor too a smile way:" boy, you don't want to rely on your own strength to defeat Zhou Tianqing? "

When ye Chen heard the words, he said with a look: "the meaning of the demon emperor is..."

The demon emperor said: "just now, I said that you can't exert your real power. The main reason is that you can't combine the Demon power and spiritual power in your body, and your body instinctively repels the energy that I give you!

If you want your demon power and spiritual power to be able to initially integrate, the first thing is to make your body adapt to this mixed energy through the three yuan Tai Yi Gong!

In this way, with the help of the emperor, you may not have the strength to fight against Zhou Tianqing!

This is the second method that the emperor said!

Well, boy, try your best to understand it. I will try my best to buy you more time! "

Ye Chen smell speech, look a vibration, nodded the head way: "thank the demon emperor!"

As soon as the voice fell, he sat down in front of the stone pillar and concentrated his mind on the understanding of the three yuan Tai Yi Gong, and soon entered the realm of forgetting both things and me!

At the same time, outside the Wuji tomb palace, Zhou Tian tilted his mouth and raised a sneer. At the entrance of the deep valley, a large array was set up. The whole ancient battlefield seemed to tremble for it, and the endless law gathered around it!

Zhou Tianqing sneered: "demon emperor Taiyi, I'd like to have a look. How long can you block me with the remaining power of Wuji Tiangong?"

Zhou Tian poured his whole body into the big array. A red light burst out in the array, which turned into a red claw and grabbed the entrance of the valley!

Chapter 4783

With a loud bang, the magic claw collided with the white light curtain at the entrance of the valley. A red magic flame rose from the claw, burning fiercely, and there was a faint tendency to melt the white light curtain!

In the Wuji tomb palace, the demon emperor's mother saw Ye Chen enter the state of enlightenment, and his eyes showed a deep color. He drank a low voice, and the energy in his body gushed out and poured into the Wuji tomb palace under him. The valley was originally burned by the magic flame, and some trembling white light curtain instantly solidified!

On Sunday, the two sides were in a standoff for a time!

.....

At this time, ye Chen is into a kind of mysterious and mysterious state, he followed the three yuan Tai Yi Gong, running the spirit power and Demon power in the body.

At the same time, it seems that the two forces are incompatible with each other!

Even with Ye Chen's constitution, there are countless cracks in his meridians and elixir fields. His whole body is dripping with blood and his breath is unstable!

That is Ye Chen. If you are an ordinary demon clan, even if you have two or more energy, I'm afraid that you will be too injured to continue to cultivate!

And ye Chen is hard to rely on that terrible life force to support down!

However, ye Chen's heart is extremely dignified. If you want to introduce the three yuan Taiyi skill, you should at least run this skill completely. However, today's Ye Chen has only operated about 5%, which is already the case

Think about the far to 100 percent, what kind of situation will be, even ye Chen heart is not help some uneasy up!

His body is constantly changing, but his ability to repress his body changes rapidly!

This seems to have something to do with the supernatural devil!

Is it possible that the supernatural demon body also has a magic effect on the three yuan Tai Yi Gong?

The demon emperor too one gazes at Ye Chen, in the eye appeared a touch of surprise color!

In fact, he didn't Tell ye Chen that it was almost impossible to make his body really bear the fusion of the two spiritual powers before Zhou Tianqing attacked the Wuji tomb palace!

But now it seems that ye Chen has hope!

.....

Three days later, at this moment, ye Chen's whole body has been covered with blood. However, at the same time, a very mysterious meaning comes out from his body!

As soon as the demon emperor looked at Ye Chen, his eyes became more and more bright. In a short period of three days, ye Chen almost had to be able to run the complete three yuan Tai Yi Gong again!

If you succeed, although the distance between Dacheng and Dacheng is far away, it can also be regarded as an introduction!

In this way, ye Chen can really bear his power!

Can, at this time the demon emperor too one's face actually did not have the slightest joy!

In the whole Wuji tomb palace, now it has turned into a red color, and the air is filled with a very hot breath!

Bursts of roaring sound, constantly from the outside of the valley!

Even the calm man who once commanded the whole family was worried. He knew that Wuji tomb palace would not be able to support it!

After all, the tomb palace only has a little power left. In the past three days, Zhou Tianqing has been attacking with the array, which has reached the limit of Wuji tomb palace!

But ye Chen hasn't recovered yet!

At this time, there was a huge bang, and the whole tomb palace was shaking violently. The demon emperor's face changed, and the barrier at the mouth of the valley was broken!

Outside the deep valley, Zhou Tianqing uttered a fierce drink, manipulated his magic claws, carried the rolling flames, and bombarded the white light curtain with cracks all over the place. The already crumbling light curtain finally turned into nothingness!

Zhou Tianqing leaned forward, his face was ferocious in an instant, and he burst into the deep valley with a laugh!

At the moment, ye Chen is in a wonderful state.

His consciousness, suspended in a void above, overlooking the two rivers under him!

These two big rivers, one red and one blue, are fierce and turbulent. They seem to drown everything in the world!

And the blue one is delicate and exquisite, and it seems to be able to blend into all rivers and streams between heaven and earth!

At the moment, the two rivers are pounding each other, as if they want to swallow each other!

Ye Chen's eyes are constantly flashing. There is a kind of enlightenment in his mind. He suddenly reaches out his hand to the two rivers, and a rune appears in the center of his palm!

This rune is shining, and a mysterious wave comes out!

In this wave, the two rivers, which were attacking each other, seemed to have some kind of induction, and suddenly stopped!

Ye Chen appeared on the face of a touch of joy, but, the joy soon dissipated!

After a moment of silence, the two rivers burst out in an instant, becoming more and more violent, as if struggling, unwilling to be controlled by Ye Chen! Ye Chen's face was hard, and his whole body was shaking wildly in the surging force when the two forces were struggling, as if the flesh were to be crushed and crushed in this force!

However, in his eyes, there was also a look of ruthlessness, not only without any convergence, but a roar. The rune in the palm of his hand became more and more bright!

.....

In Wuji tomb palace, Zhou Tianqing came to the palace almost in an instant.

He looks at Ye Chen, who seems to be practicing, and his pupil shrinks. Then, he looks at the demon emperor Tai Yi who is blocking Ye Chen's body. He looks sarcastic!

"Taiyi, after so many years, it's me who wins," he said coldly

His whole body was full of evil spirit, and his eyes locked on Ye Chen. He raised a cruel smile and said, "do you want to rely on this boy to turn the tables? Hehe, if I kill him, do you have any means to compete with me? "

As soon as the voice falls, Zhou Tian tilts toward Ye Chen, and blows out a fist, which makes Daoyun exciting!

When it comes to the state of Zhou Tianqing, it can be said that every action is the supreme law!

Although its strength is now greatly reduced, but this attack is still extremely terrible!

Don't say ye Chen is now in the process of understanding. Even if he is in full swing, he can only turn into blood mist under this attack!

The fist array appeared in front of Ye Chen in an extremely frightening speed!

At the moment when the fist seal is about to touch Ye Chen's body, a white light suddenly erupts!

The demon emperor's face was still and coagulated, and blocked Ye Chen's body. With a loud bang, the fist seal was broken. However, the demon emperor's face changed slightly and even stepped back a few steps. Even his body looked more unreal!

Obviously, just to block the casual blow of Zhou Tianqing, he has been extremely hard!

Chapter 4784

Seeing that the demon emperor Tai Yi was so miserable, Zhou Tian couldn't help laughing and said, "Tai Yi, are you sure you want to resist for this boy? Hehe, maybe, before I kill it, you'll be out of your wits, right

As soon as the words fell, Zhou Tianqing made a series of moves. For a moment, the fist array and palm array were flying in the palace, and the powerful forces were surging in the space. The ground and walls of the most precious tomb palace were filled with Taoist cracks!

As if the whole tomb palace was going to collapse in that terrible force!

At first sight, he frowned. When he saw that kind of attack was about to fall, he had a very lonely look in his eyes. He sighed: "old guys, it seems that I still want to disturb you to have a rest..."

As soon as the words fell, the numerous tombstones in the tomb palace suddenly burst into dazzling white light. At the next moment, the figures of the powerful demon clan appeared on the top of the tombstone!

Zhou Tian tilted his face and changed his face. These are the soul of the demon clan who died in those years!

That famous demon clan strong person, suddenly opened his eyes, issued a roar: "fight for the demon emperor's majesty!"

For a moment, the roar shocked the world, and a breath of incomparable cruelty filled the tomb palace!

And at this moment, the originally cynical demon emperor Taiyi also changed his temperament, as if the emperor who was in charge of the demon clan came again!

His eyes flashed. Under his command, facing the most powerful attack from the sky, these demon soldiers launched one after another, and the roaring sound was continuous!

The power of these souls is not too strong, but the victory lies in the large number. Moreover, the demon emperor Taiyi's command is extremely exquisite, which is to completely block Zhou Tianqing's attack!

Zhou Tianqing's face was a little ugly, and said with a grim smile, "Tai Yi, to now, do you still have to stand up? With all this crap, you want to stop me from dumping

"Zhou Tianqing, don't be too happy too soon. Who will win is still unknown!"

Zhou Tianqing's face sank and his body danced wildly. The Taoist array gathered around him, and countless fierce attacks roared towards Ye Chen's place!

The demon emperor's eyes sank and his mind turned. He mobilized the army to meet the enemy. He knew that he could not make any mistakes. Otherwise, the fragile balance would be broken immediately!

He looked at Ye Chen and murmured, "boy, you are the one to decide the victory or defeat of this war that has lasted since ancient times."

The fight between the two sides was a dark battle, but gradually, the army of the demon emperor Taiyi was showing a decline!

After all, they are just souls, and there is an insurmountable gap between them and Zhou Tianqing, who owns the entity!

Three hours later

The demon emperor Tai Yi watched that road dissipate in the power of terror, turned into wisps of white gas, and reintegrated into the spirit of demon soldiers in the tombstone. His eyes were constantly shaking, which reminded him of the scene of being trapped in the Wuji tomb palace

Does he want to repeat the same mistake this time?

For a time, even the eyes of the ancient emperors were darkened

Finally, Zhou Tianqing smashed the last hundred soldiers, leaving only the demon emperor Taiyi, the Emperor Zhou Tianqing, and ye Chen who had not yet recovered!

Zhou Tianqing was panting violently, but his face was full of ecstasy. His hands were full of rolling rhymes, and the evil spirit ran at a high speed. It turned into a roaring dragon and roared out towards Ye Chen!

The demon emperor moved and blocked Ye Chen's body. A wry smile appeared in the corner of his mouth. Maybe Zhou Tianqing's attack could really wipe out his spirit. However, when countless soldiers died in front of him, he was no longer willing to see his companions die in front of him

This is the last thing he can do

Zhou Tian tilts to see form, is a gloomy smile, full of sarcastic color way: "stupid."

In fact, if the demon emperor too one just uses the army to stop himself, regardless of Ye Chen, he may not be able to keep Tai Yi!

But this guy is obviously as stupid as he was!

In fact, in those days, the reason why the Terrans were able to fight against Taiyi and other elite demon clans in today's unknown area was not that the Terrans forced the demon clans into a desperate situation, but because the elite forces of the demon clan were trapped by Zhou Tian!

If they annihilate this part, although they can gain advantage in the battlefield, it is still far from the end of the war!

Because the core of the two sides is the king of two clans!

As long as the king does not die, elite damage, and can not bring real victory!

However, Zhou Tianqing didn't expect that the demon emperor Taiyi was alone and killed in the array to rescue the trapped people!

It is precisely for this reason that the two kings will die together and end this long-lasting war

Zhou Tianqing's smile is becoming more and more strong. Seeing Tai Yi's figure gradually engulfed by his attack, his eyes bloom with incomparable bright light! He has been looking forward to this victory for many years!

Today, finally realized!

He Zhou Tianqing is the ultimate emperor!

It's the real supremacy of the whole territory!

When the light is exhausted, the body shape of the demon emperor Taiyi has completely disappeared. In the palace, only he is left, and Ye Chen, who is as dead as a dead man, has no breath at all!

Zhou Tianqing laughs and says: "Taiyi, the winner is the real one after all!"

Then, he licked his lips, looked at Ye Chen, eyes appeared thick greedy color.

It's a pity that the owner of samsara's blood is killed like this. It's a pity that he must swallow up all his flesh and blood!

Zhou Tianqing slowly walked to Ye Chen's body. The whole body was full of evil spirit, which turned into a root tentacle and stretched out towards Ye Chen!

At this time, ye Chen suddenly opened his eyes!

Ye Chen, who was just like a dead man, suddenly blew out a fist in front of Zhou Tianqing!

Zhou Tian tilts his pupils, but he soon relaxes. Taiyi is now dead. Although this boy is the master of reincarnation, what kind of storm can he set off by himself?

Even, for ye Chen to hit a punch are completely ignored, with Ye Chen's strength, this fist has no threat to him!

Zhou Tianqing's mouth appeared a disdainful smile, evil spirit tentacles, continue to extend.

In a flash, ye Chen's fist will be blasted on the chest of Zhou Tianqing!

Time, as if there is a moment of stillness, everything in this tomb palace is fixed for it!

The next moment, the disdainful smile on Zhou Tianqing's face was broken rapidly and turned into a lingering color of shock!

How could that be possible!

Chapter 4785

Then, there was a huge bang, which broke out in the tomb palace. Zhou Tianqing's body actually flew backward under Ye Chen's fist. His sternum collapsed and his mouth overflowed with a trace of blood!

There was another roar, and Zhou Tianqing's body hit the wall of the tomb palace severely, which was almost broken!

In the rubble, Zhou Tianqing looked at his chest, and stood up in disbelief and looked at the indifferent youth in front of him.

Ye Chen's face, appeared a smile, issued a voice similar to the demon emperor Taiyi: "you win? Zhou Tianqing, I said, don't be happy too soon

Zhou Tianqing hears the speech, the complexion a change, exclaimed: "did you take away this boy?"

Just now, the reason why the demon emperor Taiyi disappeared was not because it was destroyed by Zhou Tianqing's attack, but at the last moment, he dived into Ye Chen's body, and then, relying on his own strength, he blocked the blow just now!

However, soon, Zhou Tianqing shook his head and said, "no, even if it is to seize the house, your strength can not be so strong?"

Just like him, he can't give full play to his own strength after taking xuanzilong away!

Can, just that fist, he is faintly actually feeling, demon emperor too one's strength seems to match Ye Chen's body very much?

At the moment, Tai Yi, who entered Ye Chen's body, flashed his eyes. The reason why he chose to merge with Ye Chen at the last moment was not to protect his life or take away his house, but because, at the last moment, he felt that ye Chen had successfully practiced three yuan Tai Yi Gong!

Although it's just an introduction, it's enough!

Now ye Chen's body has been able to almost perfectly bear his strength, which is far from being compared with that of Zhou Tianqing!

At the next moment, ye Chen's wrist turned over and a long sword appeared in his hand. With a movement of his body, he rushed out towards the sky. The light of the sword in his hand was everywhere. Bursts of ancient ideas roared out of the spirit of the sword. It seems that the laws of heaven and earth have changed!

What he did was obviously a kind of sword against the sky in ancient times!

At this moment, the surface of the tilt of the Sunday, which there is a bit of disdain, ecstasy?

Feeling the terrible power, his face was completely pale!

"No way! It's impossible! The winner is me

In the roar, the Taoist array reappears all over the body. In the big array, the light flashes and turns into countless fierce and extreme attacks. It bombards Ye Chen!

Ye Chen, to be exact, is the demon emperor who controls Ye Chen's body. At first sight, he flashed a look of disdain in his eyes, and with a cold hum, he was cut out with a sword!

A sword seems to be able to split heaven and earth into two, and it blooms in an instant. As soon as the sword comes out, the whole ancient battlefield land splits into an abyss in the surging sword spirit!

This is the ultimate sword!

In a flash, the thousands of arrays are broken one after another!

Zhou Tianqing exclaimed, and his whole body broke out. He turned into a black armor to protect his whole body. With a loud bang, the armor was broken, and Zhou Tianqing's body flew backward again. A very ferocious sword wound appeared on his chest!

At this moment, Zhou Tianqing's eyes finally showed the color of fear!

Too cold a smile, body shape again flash, sword after sword, not to give Zhou Tianqing any breathing room!

After a hundred moves, Zhou Tianqing's whole body has been covered with sword marks. I don't know how much blood has been shed. It seems that it is extremely miserable!

He looked at the young man in front of him with great fear, as if he had seen the man who used the Wuji tomb palace to launch the extreme strike, which made him tremble from the bottom of his heart!

The shadow of death comes again!

Zhou Tianqing screamed, and he was about to fly out of the palace!

The emperor of the ancients is going to escape!

At this time, the demon emperor's eyes suddenly appeared a touch of fun. Zhou Tianqing, who was running away at a high speed, suddenly shrank her pupils and her body was still in the air!

He looked down and saw a red chain on his waist!

The voice of demon emperor too one, slowly ring out a way: "Zhou Tianqing, that day demon God rope taste, good?"

Zhou Tianqing's face twisted in an instant. He suddenly turned around and almost begged: "Taiyi, don't kill me. I promise that from now on, the Terran will respect the demon clan. Please..."

However, before he finished his words, a sword light appeared in front of him, drowning his body completely in his scream!

Xuanzilong's body disappeared in the light of the sword, revealing a black figure. It seemed that the figure was struggling to escape from the sword light, but eventually it turned into smoke

The king, the peak of the ancient people, has finally fallen completely!

At the same time, the light on Ye Chen's body flashed, and the demon emperor Taiyi left from his body.

Ye Chen's eyes flashed for a moment, and his eyes were filled with joy! Being able to witness the battle between the two clans in ancient times is of unparalleled benefits to its martial arts!

Just like he saw the exchange between Ren Feifan and the reincarnation Lord not long ago!

The demon emperor stood still, silent for a long time, looked back at the row of tombstones, and said in a low voice, "guys, I finally avenge you..."

Then, he looked at Ye Chen and said, "boy, follow me."

Ye Chen looks moving, following the demon emperor Tai Yi back to the palace.

With a wave of his hand, the wall of the palace split into two. Behind the wall is a crystal coffin.

The coffin is engraved with countless runes, which is obviously a treasure!

In the coffin, there is a handsome and strange man

It's the demon emperor Taiyi!

Ye Chen eyes a bright, this is the corpse of demon emperor Tai Yi!

However, looking at the corpse, he hesitated and said, "master, this..."

The demon emperor helped him kill Zhou Tianqing. With Ye Chen's character, he doesn't want to take away the corpse. After all, relying on this corpse, the demon emperor Taiyi may be resurrected

Demon emperor too a sprinkle ran a smile way: "kid, take it, this corpse already useless to me."

With that, he raised his hand to the corpse in the coffin. The flesh and blood of the corpse gathered quickly and quickly turned into a fist sized blood essence!

Too a hand a wave, this group of blood essence did not enter the body of Ye Chen.

Ye Chen looks a change, seems to want to say something, but the demon emperor is a wave of his hand: "don't say more."

Ye Chen heard the speech and looked at the emperor's soul in front of him. He could not help but pay homage to him. He said earnestly: "master demon emperor, one day, if the younger generation finds a way, he will help you revive!"

Chapter 4786

When Tai Yi heard the speech, she showed a smile on her face. She pointed to the tombstones in the palace and said, "if you really have any way, you can help my brothers to revive first. The reason why I stayed in this tomb palace for so many years is to accompany them..."

Although the spirits of those demon soldiers were scattered by Zhou Tianqing, they were not completely destroyed. This tombstone is also a kind of treasure, which has the effect of containing and nourishing spirits. After those spirits are dispersed, they are absorbed by the tombstones again. After many years, they can be reconstituted and formed.

Ye Chen smell speech, the respect in the eye is more thick, solemnly nod a head way: "younger generation, be sure to do one's best!"

Too a smell of speech, smile seems to be clear a minute, then, he turned around and said: "boy, leave, you should have something to do, that Xuan demon family woman has been waiting outside the palace."

Ye Chen is facing the demon emperor Tai Yi, solemnly salutes, and then, he turns and goes toward the palace.

But at this time, the demon emperor Tai Yi seems to think of something in general, and says to Ye Chen, "wait a minute."

Ye Chen turned around and said, "master, what else can I do for you?"

"You know, my three yuan Tai Yi Gong is a combination of Demon power, spiritual power and magic power. Although you have been able to integrate Demon power and spiritual power, and your strength has been greatly improved, if you plan to practice this skill to Mahayana, you will have the chance to get magic power!

Although your supernatural demon body is powerful, it only targets at the physical body, not the internal magic.

But since you practice this body, you must also have the power of the devil.

In this way, you can become a real Reiki! "

He said, looking at Ye Chen strangely, he said: "if someone else, you may not be able to do it, but you boy has reincarnation blood, which is very suitable for the three yuan taiyigong! I'm going to make a wedding dress for you

"What's more, there seems to be something wrong with the supernatural devil in your body. You should know about looking for the demon blood stone."

Ye Chen hears the speech, in the eye essence light flash!

At this time, the Demon power and spiritual power in his body have completed the integration, and turned into a more condensed energy. Ye Chen called it Tianhe Lingqi!

The word Tianhe symbolizes the two rivers he saw when he was practicing three yuan Tai Yi Gong!

If you have the chance to have some magic Road, and become a real Taiyi Reiki, in fact, I'm afraid there will be a lot of improvement!

Of course, ordinary evil Qi is useless. It must be extremely pure. The quality is not under his spiritual power and Demon power!

Maybe the reincarnation stele is the key?

Unfortunately, reincarnation magic stele has consciousness, which is more difficult to obtain than previous reincarnation xuanbei.

As for Taiyi's blood stone, he is bound to get it!

Ye Chen said: "thank you for your advice."

With that, a flash of body shape, he came to the palace. At this time, there was a woman waiting outside the deep valley with anxious color. It was xuanbing ice!

Although the barrier of the deep valley has been broken, in order to prevent the ice from being injured by the aftershock of the battle, the demon emperor Taiyi still used the last silk strength of the Wuji tomb palace to block it out of the valley.

Xuanbingbing saw Ye Chen, and a very happy color appeared on her pretty face: "Ye Chen, you're OK!"

Ye Chen smiles, is about to say something, its whole body scenery is a burst of distortion, was the demon emperor too a transmission out of this small world.

At this time, a door of space suddenly opened in the sky. At the same time, the voice of the master of the holy heaven mansion rang out again, which filled the whole ancient battlefield: "the battlefield is about to close. The demon heaven ceremony is officially over. Please return to the ceremony as soon as possible!"

Ye Chen and xuanbing look at each other, immediately, the body moves, then flies toward the door of space in the sky.

Soon, after a whirlwind, they returned to the holy city, where they entered the ancient battlefield.

At the scene, see the black ice around Ye Chen, are slightly a Leng, the face is puzzled.

And one of the women is to send out a exclamation!

This woman is naturally xuanxuexin!

Xuanbingbing heard the cry and looked at Xuanxue heart. There was a very excited look in their beautiful eyes!

Xuanxuexin couldn't believe his eyes and asked Ye Chen, "Ye Chen, am I dreaming?"

Ye Chen smiles and tells the story of xuanbing ice one by one in the battlefield. Xuanxuexin looks very happy when he hears the words. The two women embrace each other and can't help crying.

And at this time, one after another in this place.

Ye Chen's eyes flashed slightly and said something to the master of the holy heaven mansion.

The master's face sank in an instant!

When all the living geniuses returned, the master of the holy heaven mansion suddenly let out a violent drink. A terrible wave of soul power suddenly enveloped the whole audience!

A few of them are crazy change of complexion, send out extremely painful hiss and roar, blue smoke bursts on the body surface!All of them were shocked and didn't understand what happened!

The master of the holy heaven mansion saw this scene, and his eyes showed a look of incomparable anger. He immediately killed the demons who were attached to the body of the Xuan demon family!

Looking at Ye Chen, he said with a wry smile: "this time, it's thanks to Ye Gongzi. Otherwise, we may be mixed into our family by these demons, and the consequences will be unimaginable. In the future, if there is any problem in the holy city, you can come to me as soon as possible..."

Ye Chen politely said, "you are welcome."

Then, they left the place and returned to the holy city.

This session of the demon day ceremony, can be said to be officially ended!

Ye Chen went back to Cangxuan's home, and after a few days' rest, he followed Xuanxuexin to the bloody heart battlefield!

Ye Chen in the eye God awn twinkles, on the surface appeared a touch of expectation color!

Now, he has got the blood essence of the demon emperor Taiyi. After rebuilding the demon pool with this blood essence, he should be able to let the chaotic animal eggs hatch successfully!

Blood heart battlefield in the chamber.

Xuanxuexin and Ye Chen stood in front of the now empty demon pool, and a slight dignified color appeared on her pretty face. Looking at Ye Chen beside her, she nodded and said, "send the demon emperor's blood essence into the demon pool."

Ye Chen rushes to that demon pool, reaches out a little, the essence blood of a regiment fist size then falls into demon pool.

Xuanxue's heart was pinched, and the Demon power was surging in his body. An array appeared at the bottom of the demon pool. In the array, the light was shining. The blood essence of the demon emperor seemed to be stimulated by the light. With a roar, the whole blood exploded and turned into boiling blood, filling the whole demon pool!

Xuanxue heart beautiful eyes flash, continue to stimulate the array, the forehead gradually has a fine sweat exudation

Chapter 4787

At the moment, at the moment, the blood essence of the three evil spirits could be sent to the sky, and then the blood essence of the three evil spirits could be sent to the sky

Ye Chen nodded, and there was a dark animal egg in his hand. A look of expectation flashed in his eyes, and he threw the egg into the demon pool.

Xuanxuexin is ready to activate the demon pool, but at this time, the sudden change!

In order to the chaos of the blood demon, the blood was poured into the blood pool, and the blood was poured into the blood!

Ye Chen and Xuan Xue Xin are both stunned. Ye Chen looks at Xuan Xue Xin and says, "Xuexin, this is..."

Hearing this, xuanxuexin was shocked and said: "it seems that the animal's egg has already possessed a strong spirit before hatching, and it can devour the essence of the demon emperor by itself. However, it's better to swallow up the essence of the demon emperor by itself, which is better than the effect of my urging the demon pool..."

Ye Chen's face shows a trace of surprise. Generally speaking, monsters are deficient in intelligence, not to mention the period of incubation!

Can, this chaos animal egg actually already had such intelligence?

It's just a little weird.

For a moment, he became more and more curious about what kind of creatures the eggs could hatch!

But at this time, ye Chen's face changed. Because the void around him was torn, a huge egg full of runes rushed out!

It's Xiao Huang!

Big egg small yellow looked at that animal egg, as if cold hum, rushed in the past, even began to swallow the demon emperor blood essence!

"Xiao Huang, you are..."

Ye Chen is really confused!

What is Xiao Huang doing?

It's not the same as animal eggs. It doesn't need to hatch like this! Don't need to absorb blood essence!

Xuanxue heart's expression is also extremely strange. She has accepted the strangeness of the animal egg. Now how can ye Chen have a more strange Rune giant egg!

The key is that this Rune giant egg gives her a feeling that is no more terrifying than this beast egg!

Is this huge egg and animal egg going to fight?

When ye Chen and Xuanxue are worried, Xiaohuang releases the essence of the demon emperor that he devours again!

It seems that I am not interested at all!

The little yellow of the giant egg shakes slightly and floats in front of Ye Chen. After watching Ye Chen carefully for a while, she finally returns to the reincarnation cemetery.

Everything returned to calm.

Although Ye Chen doesn't understand what Xiaohuang's action means, he guesses that this guy is too boring in it and brushes his sense of existence.

Fortunately, it doesn't fight with the animal eggs, otherwise it will be a problem who he will help.

Ye Chen looks at the animal egg, smiles slightly, now waits for this animal egg's performance!

One day and one night later, the black light on the surface of the chaotic animal egg has almost turned into substance, and the essence of the demon emperor in the whole demon pool has been devoured by it!

Ye Chen and Xuanxue heart gaze at the animal egg, and a touch of tension appears on the surface!

At this time, there was a light click, echoing in the secret room. Ye Chen and xuanxuexin were all looking at each other. A tiny crack appeared on the surface of the animal egg!

The two people looked at each other and saw the joy in each other's eyes. This will swallow all the demon emperor's blood essence and blood, and the chaotic animal eggs will finally hatch!

At this time, there are more and more cracks on the ears of lacquer animals!

At this time, ye Chen two people pupil one hand, saw, a small head suddenly drill out from the animal egg!

Then, the whole animal egg is broken in an instant!

A young creature appeared in front of them!

However, the moment they saw this creature, they could not help but look strange

At the moment, the new life is picking up the eggshell on the ground and eating it. Soon, it will eat the eggshell.

He patted his stomach, then raised his head, big round eyes, toward Ye Chen and xuanxuexin. When his eyes were on Ye Chen, a touch of intimacy immediately appeared in his eyes!

Its mouth issued a "squeak" call, then rushed into the arms of Ye Chen.

The creature is dark, with wings on its back, a slender tail, and a pair of curved horns on its forehead

But its appearance is very similar to the ape!

It has to be said that this pair of appearance is far from ye Chen's imagination!

The dark ape seemed to understand Ye Chen's dissatisfaction with his image. A touch of anger appeared in his big eyes. He screamed. Then, he raised his fist. A strange black flame appeared on his fist. The next moment, he smashed it at Ye Chen's chest.

At the next moment, there was a huge bang. Ye Chen was knocked upside down by the ape and hit the wall hard. The whole wall collapsed!

Xuanxue heart see this, can't help but exclaim: "Ye Chen!" Then, she looked at the dark ape and couldn't help but look at it!

How powerful is Ye Chen's power? She knows very well that it is not a simple thing to hit Ye Chen with one fist!

The strength of this ape is incredible!

More importantly, the ape has just been born!

A newly born monster has such a strength. Once it grows up, what will it reach?

Just think about it, the spirit of Xuanxue heart is shaking!

At this time, a laugh came, a roar, ye Chen flew out of the soil and gravel, came to the ape, eyes, full of excitement!

He picked up the ape again and said with a smile, "look at your whole body is dark. I'll name you Xiaohei."

Xiao Hei, Xiao Huang The two names correspond to each other.

At the moment, his face is already a satisfied color!

The power of the dark ape really shocked Ye Chen, but the most important thing is the dark flame on his fist just now!

This flame actually makes Ye Chen feel threatened. Moreover, it is quite similar to the chaotic atmosphere on the eggshell!

As soon as he was born, he had such strength. The origin of Xiaohei is absolutely not simple!

Ye Chen secretly asked Shuo Lao, "Shuo Lao, do you have any idea about Xiao Hei's blood?"

Old Shuo pondered for a moment and said, "I once saw in an ancient book the introduction of those chaotic demons at the beginning of heaven and earth. Although it is only a few words, it just mentions a demon named Zhen prison demon ape, which seems to be quite similar to the image of Xiaohei

Maybe, Xiao Hei has some origin with the devil ape in this town. "

Ye Chen's eyes are flickering. If Xiaohei is a monster, his strength will be improved at a higher level!

When the blood leaves the chamber.

Ye Chen returns to the room and can't wait to start using the magic power of transforming animals. He wants to practice Xiaohei into his body!

Chapter 4788

In addition, the process of turning the blood vessel into the black one is very smooth, and the process of turning the blood into black is very fast!

With a roar, the moment Xiaohei was trained into his body, a black gas burst out from ye Chen's body, but soon, it dissipated.

Ye Chen froze for a moment, then, the face appears the color of ecstasy!

He held out a finger, and suddenly, a black flame came out of it!

It's that little black's air of chaos!

Ye Chen named this black breath as chaotic flame!

In Ye Chen's perception, this chaotic flame is not much, but its effect is extremely frightening!

The most obvious one is the increase!

If all the chaotic flame in his body is integrated into the attack, his attack power can be doubled instantly!

This chaotic flame comes from Xiaohei's body. Even if it is consumed completely, the energy source will continue to generate. According to the estimation of the speed of generating the chaotic flame by Xiaohei, it will take about a day to fully recover!

Of course, if Xiaohei has grown up, the chaotic flame that he can possess in his body, as well as the recovery speed, can also be greatly improved!

However, let Ye Chen some disappoint is, after he practices small black into the body, small black then fell into a deep sleep.

In addition, ye Chen's strength, even vitality, physical strength and other aspects have been improved to a certain extent!

On the whole, ye Chen now has the power of World War I even in the face of the existence of the four layers of heaven!

Now, he has enough strength to enter the sky.

However, on that day, after he seriously injured the son of Chu family in Tianren domain, now, how to enter Tianren domain has become a problem.

The next day, ye Chen did not practice, but played with xuanxuexin and xuanbingbing all day.

The next day, ye Chen came to the transmission of the holy city, ready to leave.

Xuanxuexin looked at Ye Chen and said, "Ye Chen, be careful outside..."

Ye Chen smiles and nods. He stares at Xuanxue heart and says: "blood heart, thank you."

Now, there is too much responsibility on him.

The stone tablet of reincarnation is still outside. If he doesn't recover the stele, he can't rest for a day.

When he was outside, he went to the stone for the first time.

Xuanxue heart heard the words and nodded heavily.

At the next moment, ye Chen's figure flashed back to the Red Star holy land.

After that, he returned to the Guijia family of the hundred barren mountains from the Red Star holy land.

In Guijia and jinlengyan and Guilin cloud get along for half a day, ye Chen immediately set off!

This time, he is going to the wild devil sea!

Magic tablet is the biggest key now!

He set off for the wild devil sea area, ready to look for the Lin family people, get the legendary demon blood stone.

The closer to the sea area, the more Ye Chen feels the strong natural mechanism, and all kinds of causal atmosphere of yin and Yang Temple roll on.

"The strong one of yin and Yang Temple is nearby!"

Ye Chen continued to fly, and the cause and effect of the sky became more and more intense. He looked down at the lower part of the sky and saw a barren mountain.

In the barren mountains, there are obscure Rune prohibitions, which are stained with blood!

The bans of these runes are extremely fierce. However, once Ye Chen is met, all the forbidden runes are darkened and there is no difficulty.

This prohibition seems to be very friendly to the reincarnation in the body!

Ye Chen's heart vibrates and moves forward along the rune blood.

Finally, in the depths of the barren mountain, ye Chen saw an old man with white hair and blood all over his body. He was dying. He was sitting on his knees and healing in silence.

"The Lord of reincarnation You're here. I shouldn't die... "

The old man opened his eyes and looked at Ye Chen's figure. The old man's body trembled violently. He was very excited. Under serious injury, he coughed and vomited blood violently.

It seems that in the dark, the old man is aware that his Qi is not finished, and ye Chen will come to save him.

But when ye Chen really appeared, he was still surprised and excited. He almost fainted and could not keep calm.

"Master, are you from the Yin and Yang Temple?"

Ye Chenda was shocked, so he quickly applied the eight trigrams heavenly elixir, and released the eight trigrams' Dao Qi one after another, trying to cure the old man's injuries.

But the old man's injury was so serious that he could not even cure the eight trigrams and heavenly elixir. It seemed that there were layers of supreme Taoism on the wound, which tormented people and was very terrible.

"Lord of reincarnation, I have been injured by the taishangtiancandao method of wanxu temple. I am seriously injured and can not be cured in a short time."

"Take me away quickly, or the people in the temple of wanxu will be killed in a flash."

"Then, you and I will fall!"

The old man's hand trembled and took out a jade pendant of yin and yang to show his identity. He was really the strong man of the Yin and Yang Temple!"Wanxu temple!"

Ye Chen's body is shaking. I didn't expect that he would come into contact with wanxu temple so soon!

When his eyes were closed, it was as dangerous as a sword.

There is a strong one in wanxu temple. It's nearby!

It's coming!

"How can it be that those who are superior can not come at will?"

Ye Chenda was shocked and hard to believe.

The strong men in the temple of wanxu are all the masters in the legend. One thought can annihilate the existence of the starry sky!

Even more terrifying than the demon emperor Taiyi and the emperor! But now, there are masters of wanxu temple. They are going to kill them immediately!

Ye Chen only feel fantastic, back a root hair inverted, feel unprecedented danger, scalp numbness.

He also wanted to ask the old man what was going on.

However, the old man was seriously injured and excited and fainted.

"Master!"

It's as if the animal's teeth are biting, and the muscles are pounding.

He knew very well that the coming strong man of wanxu temple was very terrible, and he could not fight against it.

Must leave as soon as possible!

Ye Chen helped up the old man and wanted to leave.

But just then, in the void, there was a very strong wave.

A circle of vast and majestic rules, surging from afar.

The law of space is blocked here!

Ye Chen wants to tear the void away, but he can't do it at all.

Even, the air flow around is suddenly solidified.

The air becomes as heavy as steel.

It's very difficult!

"Lin Xize, where do you want to run?"

The roar of thunderous roar came from the sky thousands of miles away.

Lin Xize?

Ye Chen takes a look at the old man. The strong man in the yin-yang temple is called Lin Xize?

Boom!

Many void, constantly burst to pieces, the strong man of the temple of wanxu, killed in a flash from thousands of miles away.

Vaguely, ye Chen has been able to see a cold and terrifying figure, emerging in the sky.

"Damn it!"

Ye Chen gnaws his teeth and feels the pressure from the sky.

Chapter 4789

Under the influence of the powerful man, ye Chen could not even breathe. He could not escape with Lin Xize.

If you want to escape, you must lose Lin Xize and live on your own.

However, the other side is the strong one of yin and Yang Temple, and he is the hand of the former reincarnation Lord. How could ye Chen lose him and escape?

But with Lin Xize, ye Chen could not escape.

Suddenly, the situation became extremely critical!

In this critical moment, ye Chen's body "hum" a sound, floating out of a mysterious stone!

This stone is the mysterious stone related to the samsara cemetery.

The mysterious stone hummed and vibrated, releasing a series of dark light. Ye Chen and Lin Xize were absorbed into the samsara cemetery.

Boom!

Just after they were inhaled into the samsara cemetery, the powerful man of the wanxu temple came like thunder and fell on the place where they had just stood.

"Why, where is the man?"

"It's just here. How did it disappear?"

This is an old man with curly muscles, white hair and a tiger like beard. Although he is old, his face is full of red light, without a trace of wrinkles. On his skin, there are wisps of dragon lines, which have the majestic momentum of a dragon soaring.

Ye Chen in the samsara cemetery, see the old man, heart beat.

The cultivation of this old man is very strong. On the surface, he has reached the peak of the true state. His real strength may have to surpass. He is at the same level as xuanjiyue and Emperor Shitian.

The appearance of the old man is a little familiar. Vaguely, it is similar to the master of ZuLong temple, dasimang Fengao!

"Who is this man? Is he the brother of Fengao, the commander of ZuLong temple?"

"In his body, there is the cause and effect of the supreme heavenly daughter, which must also be one of the Twelve Gods!"

Ye Chen looks at this incomparably powerful old man, brow locks tightly.

When ye Chen clearly felt that the old man's cultivation level was the same as xuanjiyue and Emperor Shitian, he was relieved.

Since it is xuanjiyue and Emperor Shitian, it is at least possible to look up to it.

"Cough The Lord of samsara, named fengwuji, is the elder brother of Fengao, the commander of ZuLong temple, the servant of the supreme heavenly daughter, and one of the twelve deities. He is a registered disciple of wanxu temple. "

"Feng Wuji, who has never been to the supreme world, is not a superior person."

"However, he is a registered disciple of wanxu temple. He has been blessed by the law of wanxu. His cultivation is extremely strong. You should be careful."

At this time, Lin Xize woke up, coughed violently, vomited blood, and issued a reminder.

"Named disciples of wanxu temple?"

Ye Chen heard the identity of the wind Wuji, and was immediately stunned.

It turns out that Feng Wuji is only a registered disciple, not a real superior, and has never been to the supreme world.

Ye Chen immediately breathed a sigh of relief, not the superior is good, with his current strength, the face of the superior is far from enough to see.

Although the wind is extremely powerful, it is not lost to xuanjiyue and Emperor Shitian, but at least, with Ye Chen's current strength, we can look forward to it.

"Cough Cough... "

After Lin Xize finished his speech, he coughed violently and fainted completely. His old face was pale. The situation was even worse than just now.

"Master!"

Ye Chen called, want to treat, but no matter with medical skills, but with Bagua Tiandan, there is no effect.

"He's in a critical condition. There's only one breath left."

At this time, Tianyou Chan woman, who had never made a sound, suddenly appeared and saw Lin Xize dying. Her voice was slightly heavy.

Ye Chen's face sank, and quickly used the reincarnation Dao bone to stabilize Lin Xize's injury and hang his last breath.

"Lin Xize, get out of here!"

Outside, the wind roared loudly, the thunder was furious, the palm waved, and the golden light flickered. It turned into dragon claws and tore the void violently.

Boom!

The surrounding layers of space are collapsing and smashing.

However, ye Chen and Lin Xize are both hiding in the samsara cemetery. Even if the higher authorities come in person, they may not be able to have insight.

This wind has no pole, although angry, but also can't explore Ye Chen two people's place.

"What a strong breath."

Ye Chen looks at the wind Wuji, opens and closes, and the dragon claw is about to tear the sky. He can't help but feel frightened.

Such a strong man, if he fights, is not sure to win.

This wind Wuji is the elder brother of Feng Ao, who is the grand Secretary of the ancestral temple. He has the blood of the dragon family.

At that time, Feng was not very qualified to fight for the supreme throne of ZuLong temple. However, he had no interest in the power of the human world. He preferred to be a servant under the throne of the goddess of heaven, rather than take charge of the power of the ancestral temple.

Better be a running dog than an emperor!

It can be imagined that the supreme world, how magnificent, how attractive. Now Fengwuji is a registered disciple of Wanxu temple. Although it is still a thousand miles away from the real Wanxu strongman, it is a great chance to get the blessing of Wanxu.

Naturally, Ye Chen is not able to defeat such a strong man.

Ye Chen convergence mind, and Lin Xize hiding in the Samsara cemetery, not exposed.

Boom!

However, Ye Chen and Lin Xize could not be found.

"Weird, weird."

The wind does not frown greatly, only feel fantastic.

Just before he arrived, he had blocked the void and cut off all escape routes.

But now, people just disappeared, not even a trace left.

"Lin Xize is a remnant of the Yin and Yang Temple. You can't let him run away."

Wind Wuji murmured indignantly and doubted, but when he explored the surroundings, the Dragon claws were tossing and searching for a hundred thousand li, there was no sign of a human being.

Helpless, the Wind Wuji curse, can only turn away.

Ye Chen is aware that the wind has gone, but he is still not careless, left in the Samsara cemetery, and not easily exposed.

Whew!

Suddenly, a dragon's claw came out of the void.

Wind endless figure, go back and come down again.

"Really not here?"

The wind looks around and frowns deeply.

It turned out that he just did not go far away, just quietly hidden, hoping to lead the enemy out of the hole.

"It's close."

Ye Chen pinched a sweat in his palm. Fortunately, he practiced the three yuan Tai Yi Gong and Tai Shang demon body. He was more sensitive to the fate and good fortune in the world. Just now, the fate was hazy and the future was dangerous. He didn't show up rashly and finally avoided a fierce fight.

"Damn it!"

Wind Wuji bit teeth, helpless, turned to leave, this is really far away.

Ye Chen and wait for a while, to make sure that it is completely safe, just come out from the samsara cemetery.

"The elder of the Yin and Yang Temple is so seriously injured that it seems that he can only take a step and take a look."

Chapter 4790

Ye Chen's eyes slightly coagulate, Lin Xize is still in the samsara cemetery, seriously injured and unconscious.

Ye Chen's medical skills can't treat each other. The latter's injury is too heavy, so he can only rely on the reincarnation road bone and temporarily suspend his life.

"Maybe there is a solution to go to the wild devil sea area."

Ye Chen meditates secretly and continues to tear the void.

According to the Lord of Lanling, the magic blood stone is the treasure handed down by the Lin family, and the Lin family was a great family in the heaven and man realm in the past. After some changes, they were expelled from the heaven and man domain and hid in the Wild Magic sea area in the west of Yangzhen region.

And the strong man of the Yin and Yang Temple, named Lin Xize, happens to be Lin.

Ye Chen vaguely feels that there is a trace of causal connection between Lin Xize and Lin family.

Maybe you can find the answer by going to the wild devil sea area.

Whoa, whoa, whoa.

The void is torn.

Finally, ye Chen came to a vast sea area.

This sea area, blue and blue, boundless, waves billowing, seagulls flying, a school of quiet air.

But indistinctly, ye Chen catches in the bottom of the sea, seems to suppress something terrible!

"Wild devil sky sword, Sky Sword seed?"

At that moment, I saw the shadow of the sky!

Eight heavenly swords, wild demons and heavenly swords!

"The legendary wild devil sword is suppressed here?"

Ye Chenda is shocked. Three of the eight heavenly swords in the supreme world have fallen down. One is Shenluo Tianjian, the other is Longyuan Tianjian, and the last one. Ye Chen has never heard of it and doesn't know what it is.

But now that he comes to the sea, ye Chen's mood is clear, he has an insight into the mystery of heaven, and he looks forward to the trace of the last Heavenly Sword!

This third Sky Sword is called the ghost sword!

Among the eight heavenly swords, the wild devil sword is a very special one.

This sword was not made in an oven, but "planted".

The most primitive state of the wild devil Sky Sword is a seed!

This seed, full of evil Qi, is the most primitive and the most magnificent of all.

At that time, when the sky of the supreme emperor collapsed, a powerful man collected the remains of the sky and forged eight heavenly swords. The primitive evil Qi in the remains of the sky was cultivated into this wild devil seed.

planted this seed, using the heaven and earth to create, the sun and moon mysterious, the essence of the universe, the flesh and blood, and constantly watering, this seed can germinate and grow, and finally transform into a sword, that is, the legendary wild devil sword, representing the supreme killing of the devil's way, the highest edge!

In the dark, ye Chen felt the seeds of the wild devil Sky Sword and suppressed them in the depths of this sea area!

"I'm really lucky and lucky. I came into contact with the cause and effect of the third Sky Sword so quickly!"

"Will this sword be effective against the three yuan Taiyi skill of demon emperor Taiyi?"

Ye Chen's heart vibrated, and his body swept violently. Like thunder and lightning, he swept across the sea, and flew away quickly along the place where the breath of the heaven sent out.

Soon, ye Chen came to the depth of the sea.

A huge island appears in front of Ye Chen.

On the island, stands a piece of simple buildings.

But now, all the buildings, all the mansions, all the pavilions, they are all destroyed, the fire is burning, the ruins are in ruins.

Among the ruins, countless corpses lay on the ground and turned into charred corpses in the fire.

A plaque, falling to one side.

On the plaque, there are two words "Lin family"!

This is the residence of the Lin family!

The Lin family is destroyed!

"Damn it, who did it?"

Ye Chen bit his teeth and shook his face.

From the breath of those corpses, ye Chen felt the cause and effect of Lin Xize.

These people are the descendants of Lin Xize!

Lin Xize is the ancestor of the Lin family!

Whoosh

Ye Chen flies down, searching in the sea of corpse mountain fire, hoping to find survivors.

Step on step.

Just then, deep underground, there were footsteps.

A dozen men in black, surrounded by a young man in Golden Dragon Robe and elegant temperament, walked out of the underground road of the Lin family.

These people, with black dragon lines on their skin, obviously have dragon blood.

"Young master, we can't find the magic blood stone, we can't break the seal, we can't get the seeds of the wild devil sky sword."

The tone of a man in black is respectful, with a trace of helplessness.

"No harm, uncle Feng Wuji is nearby. If you ask him to do it, you may be able to break the seal."

The man wearing the Golden Dragon Robe always looks elegant and indifferent, with a calm calm.

"Heaven and man, hell dragon clan!"

When ye Chen saw these people, he immediately caught a very familiar breath.

The blood of these people, actually with the fluctuation of the Dragon God, are obviously the people of the Dragon God. The man wearing the Golden Dragon Robe, ye Chen saw him, inexplicably surged up a burst of towering fear, towering hatred.

Almost for a moment, ye Chen's insight into the nature of the man knew his identity.

This man, ye Luo Er's fiancée!

Ye Luo'er is forced to marry the Dragon God family. This man in Dragon Robe is the son of the Dragon God family, Yuwenji!

Yuwen machine's cultivation atmosphere is very powerful.

This kind of big man is the supreme pride of heaven and man, and the existence of the ancestral dragon temple has always wanted to win over marriage.

Ye Chen is extremely vigilant. As soon as he hears the sound of footsteps, he conceals himself immediately. The source of darkness covers his whole body, as if turned into a black shadow and pastes it on the ruins without being exposed.

Click!

Yuwenji came out, as if aware of something, and looked around.

"What's the matter, young master?"

Asked his disciple.

"Nothing. Maybe I was wrong. Let's go and contact uncle Feng Wuji and let him break the seal."

"The seal of heaven talisman left by the reincarnation Lord is too strong. I can only ask Uncle Feng to do it."

Yuwen's body shook and turned into a dark dragon. Every scale in his body was as dark as ever. It seemed that every dragon scale contained a dark world, and its breath was extremely terrible, and it flew to the distance.

The more than ten disciples of the Ming dragon family also showed their dragon shaped bodies and followed them.

There is no doubt that the Lin family is yuwenji and they killed it!

Ye Chen looks at the figure of Yu Wenji and others leaving. He is angry and ashamed in his heart.

Enraged, Yu Wenji is cruel and ruthless. In order to capture the seeds of the wild devil sky sword, he destroys the whole Lin family.

I'm ashamed that I didn't come in time and finally let the tragedy happen.

"There should be someone alive!"

In the dark, ye Chen feels that heaven has not been cut off. There should be survivors in the Lin family.

Ye Chen quickly rushed to the depth of Lin's residence, where there is a secret Road, and there are footprints just left by yuwenji and others on the ground.

Ye Chen goes down along this secret Road, which leads to the bottom of the sea!

Going deeper and deeper, ye Chen gradually came to the underwater world, surrounded by a layer of light prohibition, isolated from the sea water.
