Chapter 4831

"Master, I will."

Ye Chen clenched his fist, the real body of Tianyou Zen woman. Naturally, he would try to save it.

The farewell of samsara cemetery only happened in a flash.

With the disappearance of Tianyou Zen woman, ye Chen feels a burst of emptiness all over her body, belonging to the energy of Tianyou Zen woman, and instantly withdraws.

Ye Chen's cultivation has returned to the four layers of heaven and earth, and just after the war, his breath is still floating.

"Cut off the roots!"

Ye Chen's eyes are cold, and he knows that he can't support it for long. He must immediately kill Yu Wenji.

As long as you have a chance to breathe, no matter how serious the injury is, you can recover.

Therefore, he must not be given any chance to breathe.

"The magic shield of eternal night, I have suppressed it!"

Ye Chen suddenly drinks, and the dark source symbol urges him to form a huge shield. He takes a hard shot from the sky to smash Yuwen Ji.

Yuwenji is shocked. If he uses the magic shield, he can resist it with his fingers.

But now, under his serious injury, he could not resist.

"The door of the nose, come down!"

At the critical moment, Yu Wenji offered a paper Fu Zhao to urge the magic weapon.

Before leaving, Chen Cangsheng lent him a Bi GUI Wai door, which was really a lifesaver.

The imperial edict is burning and the spirit is blowing out.

All of a sudden, in Yuwen's body, infinite ghost Qi and infinite black gas burst out. All of a sudden, it turned into a towering and simple black gate, suspended in the air, which was the gate of a nose.

Bang!

Ye Chen's magic shield, severely slapped in the past, but was blocked by the door of a nose, and even the whole shield was swallowed up.

Ouch, ouch

In the air, there appeared the howling of thousands of evil spirits, one after another of ghosts, a head of fierce ghost, rushed out of the door of a nose, instantly covered the whole sky, like the haze of doomsday.

"The door of the nose?"

Ye Chen's face changed slightly. He had seen the door of a nose before, but it was all empty shadow. But now, what appeared before him was the real body of the door of a nose, and it was no longer a virtual shadow.

This door with a nose is full of ghosts. The breath is really magnificent. I don't know how many years Chen Cangsheng has refined and spent many talents and treasures.

As soon as the magic weapon is sacrificed, the heaven and earth will cry, and the Yin wind will be miserable and touching.

"Reincarnation Lord, fortunately I still have a backhand, otherwise I will really capsize in the gutter."

Yuwen's fuselage trembled, turned into a human figure and stood up unsteadily.

Ye Chen's sword hurt him deeply. Fortunately, at the last moment, there is a Bi's door to help him.

Chuckle!

Yu Wen Ji's whole body gave out Teng teng white smoke, the wound quickly recovered.

As long as he takes a breath, he can recover quickly.

"You want to recover? That's not possible! "

Ye Chen snorted coldly, and his body burst out. A jade pot dripped and whirled and flew out of his body. Wisps of blue and pure spring water flowed out of the jade pot like a star river, turning into water dragons and pouring into the gate of a nose.

"This is Jinglongquan? How could there be so many? "

Seeing this, Yu Wen Ji's look suddenly shocked.

At this moment, the spring released by Ye Chen is Jinglong spring, which is said to be a sacred thing from the supreme world. It has been cut off as early as ten thousand years ago.

He didn't expect that ye Chen would flow out so many net dragon springs all of a sudden. It was just like a river of stars.

These clean dragon springs have a very strong purification effect against calamity Qi and the ghost Qi of the dragon clan. They also have certain restraint on the blood of the Dragon God.

Whoa, whoa, whoa.

The vast jinglongquan, covering the sky and earth, poured into a Bi's door.

Ah ah ah!

A shrill cry suddenly rang out.

Many demons and evil spirits surrounding the gate of a-nose evaporate and melt like snow under the scouring of jinglongquan.

Deep in the door of a nose, Chen cangsheng's real blood of the Ming dragon, which has been deposited for tens of thousands of years, is also disintegrating, washed away by jinglongquan and thoroughly purified.

In the twinkling of an eye, the whole door of a nose is washed out of ghost, revealing its simple and clean texture. It is an obsidian carved gate. On the gate, countless ancient patterns surround it, setting off three totem like characters.

These three characters, very old, seem to be the words of the supreme world, almost no one recognized them.

But at this moment, ye Chen, relying on the memory of the reincarnation master of the previous life, recognized that it was "Hong Tianjing".

"Hong Tianjing? Is that a person's name? Why is it engraved on the door of a nose

"This man is also a superior one?"

"Does he have a grudge against the queen mother?"

Ye Chen in a flash, the pupil of the extreme devil runs through the dense fog, which seems to have seen many secrets. These three words, no doubt, are engraved by the goddess of heaven, which has her breath of cause and effect.

Indistinctly, ye Chen feels that Hong Tianjing is the real superior, and the existence of fighting with the supreme heavenly daughter in the past.

"This superior, in heaven and man?"

Ye Chen feels extremely dangerous in the dark, and seems to have a knife hanging on his head.

This guy named Hong Tianjing is definitely a superior person, and the reincarnation master is extremely afraid of the existence of the previous life.

Ye Chen, under the eye of the devil's pupil, seems to see that the superior named Hong Tianjing is sealed in the heaven and man realm, bound by countless chains and suffering a lot.

Even vaguely, ye Chen also captured the cause and effect of Yan Changsong!

Yan Changge, the master of the previous generation of heart demons, was crushed to death by a finger of the superior.

It was Hong Tianjing who crushed Yan Changsong!

Ye Chen's extremely evil pupil and his insight into the natural mechanism is very powerful. Now when he sees the three words "Hong Tianjing", he can see countless pictures and understand countless causes and effects.

"Boy, you dare to destroy my magic weapon!"

Seeing that the door of a-nose was purified, Yu Wenji was angry and vomited blood. This was a magic weapon lent to him by Chen Cangsheng. Now all the ghost Qi and blood gas have been washed away, which means that it is completely destroyed. He can't tell Chen Cangsheng when he goes back.

Many of the powerful men of the netherworld were also completely shocked. They didn't expect Ye Chen to have so many clean dragon springs, and all of a sudden they cleaned the door of a nose.

The door of a nose was purified, and Yuwenji was also implicated. The internal organs were swallowed back, and the blood gushed wildly. The pain spread all over the body.

"Die for me!"

"Star soul chop!"

Ye Chen's eyes suddenly sharp, fight all the last aura, a sword burst out infinite starlight, straight cut Yuwenji.

He just wanted to kill Yuwenji and rob the door of a-nose.

This door with a nose, actually engraved with the name of the superior, is really very important.

If can snatch over, Ye Chen may be able to find the position of the superior.

This person named Hong Tianjing seems to have been sealed in the heaven and man domain by the emperor's heavenly daughter. He has no strength at all. If ye Chen can find him, he can be beaten down.

Even if you can kill Hong Tianjing, you can use his flesh and blood to irrigate the Wild Magic Sword seeds, which can germinate instantly!

Ye Chen never thought that he would have the chance to contact the superior person so soon, and he was still a strong man who was sealed off. It was just great luck.

Chapter 4832

Yu Wen Ji saw Ye Chen sword light kill, immediately pupil a shrink.

Seeing that he was about to be killed, all of a sudden, ghost gas exploded between heaven and earth, and countless ghosts and spirits fell from the sky and condensed into a grim and gloomy figure.

"The Lord of reincarnation, why should we kill all of them?"

This figure, as soon as it fell, and pointed to a clip, easily caught Ye Chen's long sword. As soon as the strength vomited, ye Chen was shaken back.

"Uncle Chen!"

Yu Wen Ji escaped from death, his face blue and white.

"Dad

Chen Qingrou outside the battle circle, looking at this figure, is also calling out.

"See the gods of all living beings!"

The powerful men of the Ming dragon clan bowed down and saluted one after another, with a very humble attitude.

"God of life, Chen cangsheng!"

Ye Chen's face changed and he looked at the figure in front of him. The latter had white hair and green robe, and his face was sinister and fierce, but his eyes were extremely clear, and his essence was Zhan ran, which was obviously of high cultivation.

This man is Chen cangsheng in the twelve deities, a senior elder of the Ming dragon clan, and the magic master of the a-nose gate.

"I'm worthy of being loved by tiannu. I'm sure that I'm a man of martial arts and good fortune."

Chen cangsheng narrowed his eyes and looked up and down at Ye Chen, showing appreciation and a trace of amazement.

The situation that ye Chen is facing today is absolutely a dead end, but he killed him. Although part of the reason is that Yu Wenji underestimated the enemy, it has to be said that ye Chen's ability to support this situation is an act against heaven.

"Uncle Chen, I'm sorry..."

Yu Wenji apologized, this time he was defeated by Ye Chen, and even the door of a nose was purified. His sin was not light.

"It doesn't matter. Winning or losing is a common matter in the military family. You are not wronged if you are defeated by the reincarnation master."

Chen cangsheng waved his hand and did not blame him.

Yuwenji bit his teeth and was full of remorse. If he could be cautious, he might not be defeated.

Chen cangsheng said faintly: "you still underestimate the power of the six ways of reincarnation. This is the Hongmeng ancient method which is the crown of all the heaven. Be careful in the future."

"I see, Uncle Chen." Yu Wen Ji said with a gloomy smile, "but, it should not be next time? If you do it today, the reincarnation master will die! "

Now that the war is over, ye Chen's aura is almost exhausted, and there is not much combat effectiveness.

As long as Chen cangsheng started, ye Chen would surely die.

"So it is."

Chen cangsheng smiles and squints at Ye Chen, as if he is looking at a corpse and says:

"reincarnation master, you can't escape the fall today. Although tiannu has always wanted to cultivate you, I'm sorry, you're a great threat to the Ming dragon clan, so you must be removed!"

"I'll give you a chance. As long as you tell me what those three words mean, I can release your woman and kill you only."

Chen cangsheng looked at Wei Ying and Ji Siqing, and suddenly offered a condition.

"Uncle Chen, what are you talking about?"

Yu Wen Ji is at a loss. I don't know what Chen cangsheng's condition means.

As soon as ye Chen's face shook, he understood in an instant that Chen cangsheng wanted to know what the three words carved by the Empress Dowager at the gate of a nose actually meant.

Those three words, Hong Tianjing, are the name of another superior person!

Wei Ying and Ji Siqing did not understand Chen cangsheng's words. They looked at each other and felt that today's situation was a dead end.

Even if ye Chen defeated Yuwen Ji, there was a Chen cangsheng behind him, and he couldn't resist.

"You want to know, wait for the next life."

Ye Chen grinned and stepped back slightly. He adjusted his breath and recovered his aura.

Now Chen cangsheng wants to know about Hong Tianjing. This is Ye Chen's opportunity.

The three characters of Hong Tianjing are a huge chip.

If ye Chen died, Chen cangsheng would never know what the secret had been left by the Empress Dowager.

"If you don't say that, well, I'll arrest you two women one by one, ravage them heartily, and then cut off their hands, hands, feet and feet. I think you still want to say it!"

Chen cangsheng's eyes suddenly cold, the whole person became murderous, but he didn't mean to bargain with Ye Chen, staring at Wei Ying and Ji Siqing.

Hiss!

At the next moment, Chen cangsheng's palm turned into a dragon claw, and Hongmeng's source Qi burst out. Unexpectedly, he used the "ghost's hand", and the rolling evil gas burst out, and caught Wei Ying and Ji Siqing.

"Dare you

Ye Chen's face changed greatly, and he wanted to stop it, but Chen cangsheng waved his hand. Infinite evil spirits came out of the void and rushed to Ye Chen.

All of a sudden, ye Chen is surrounded by tens of thousands of evil spirits. Countless evil spirits, white bone ghost claws, want to tear him up.

"Damn it!"

Ye Chen was forced to fly back to the side of Alsophila spinulosa tea tree. With the breath of Alsophila spinulosa tea tree, ye Chen reluctantly resisted the invasion of ghost gas."Uncle Chen, have you become a ghost in heaven?"

Yuwen Ji is very happy and says.

Chen cangsheng laughed but did not speak. He looked at Ye Chen with his eyes and said, "Lord of reincarnation, look carefully. How can I torture your woman?"

While speaking, Chen cangsheng's ghost dragon claws have already reached the top of Wei Ying and Ji Siqing.

Chen cangsheng's strength is as good as that of xuanjiyue and Emperor Shitian. This record of the ghost dragon claw is just like blocking the sky and the sun. If you want to cover a world, you can kill it with one paw. If you want to cover a world, you can kill it with one paw, like stars falling down and countless natural disasters will explode.

Wei's face and enemy's hands are too strong to breathe.

In the eight trigrams furnace, ye Luo'er also felt the external affairs. A heart suddenly felt painful, full of guilt and sadness.

"If it wasn't for me, brother Ye and Wei Ying, they wouldn't have fallen to this level."

Ye Luo'er's eyes are red. If it is not for protecting her, Ye Chen may not be so embarrassed.

Now that the situation has reached the most critical juncture, Wei Ying and Ji Siqing are about to be caught and suffer the most severe torture, and Ye Chen can not have a chance to survive.

"No!"

"You are all going to die!"

"I will kill you all!"

Ye Luo'er looks at Yu Wenji, Chen Cangsheng and others outside. His eyes are ablaze with hatred and anger.

Stimulated by absolute hatred, something seems to have revived in the depths of Ye Luo'er's blood.

"The divine power of the dragon, heaven and earth are upside down, Dawei is desolate, heaven and earth are in disorder..."

In the dark, Ye Luo'er seems to have sensed something. His eyes are full of bright golden light, and infinite source gas bursts out.

Click, click, click.

The whole eight trigrams furnace is also cracking up, a series of terrible golden light, with incomparable majestic source gas, constantly exploding.

"This is..."

Chen Cangsheng was shocked when he saw the change of the furnace.

Chapter 4833

The majestic golden light, surging everywhere, dissipated all the evil Qi and all the dark air. The heaven and earth were one of the clearness, and filled with the ancient atmosphere of famine.

"What a magnificent source gas! Is this legendary..."

Chen Cangsheng retreated again and again. The wisps of golden light were invincible, which seemed to contain the will of the supreme gods, sweeping the universe and conquering the enemy.

Yuwenji and many powerful men of the netherworld dragon, also aware of the bad, retreated and dodged one after another.

"Luo Er..."

Ye Chen looked at the constant cracking and concussion of the furnace, and was completely stunned.

He felt that the breath of yelol seemed to soar wildly to the point of horror.

Wei Ying and Ji Siqing also felt that the golden light was vast, the supreme source gas burst and the pressure continued. They had to retreat and fly to Ye Chen.

"Luo'er seems to have awakened some supernatural power. It's the supreme power!"

Ye Chen's pupil shrinks and looks at the golden light that explodes all over the sky. He only feels vast and magnificent and invincible.

This is the breath of supreme art!

"No! It's the nine divine arts

"Damn it, she's going to wake up the Dragon God and break the sky code! Let's go

Chen Cangsheng roared loudly. When he realized that something was wrong, he immediately flew back, his face full of horror.

"What, the nine gods? Ye Luo Er that bitch, unexpectedly wants to awaken the nine heaven divine arts? It's impossible! "

Yuwen Ji also looks terrible, I can't believe it.

The nine heavenly deities are the most top nine Supreme source techniques, each of which comes from the supreme world.

After practicing any of these nine divine arts, you can sweep all over the heaven and earth, with extremely terrifying lethality.

Judging from the value, the value of the nine divine arts is not inferior to the eight heavenly swords.

The eight heavenly swords are all from the highest source. They are extremely fierce. Once they are born, they will definitely shake the foreign countries.

And the nine heavenly gods technique is also a very terrible technique. From a certain point of view, it is even more terrible than the eight heavenly swords.

After all, it takes a lot of luck and cultivation to be in charge of Tianjian, and there is also the risk of being eaten back.

However, there is no danger in practicing Jiutian Shenshu. On the contrary, it can constantly improve the martial arts and make great progress.

The Dragon God breaking the sky formula is one of the nine heavenly divinity skills. It is the highest profound meaning of the dragon family. Once it is practiced, it can turn over the world and sweep the starry sky.

If you reach the highest level of cultivation, you can even break through the gate of heaven and fly to the world.

Many powerful men of the Ming dragon clan were shocked and shocked to hear that ye Luo'er wanted to awaken the Dragon God and break the sky formula.

In the legend, the nine heavenly divinity technique is as mysterious as tianwu Wolong Sutra, and almost no one in the world can see it.

There is still a trace to be found in the eight heavenly swords, but the nine heavenly divinity is really mysterious. For tens of thousands of years, there has never been any cause and effect in the world.

"The nine heavenly divinity skill, the Dragon God breaks the heaven formula? Is there such a powerful power hidden in Luo'er's blood? "

The legend of Jiutian Shenshu is very secret. It only spreads in the heaven and man region, and ye Chen has never heard of it before.

However, ye Chen now has the pupil of extremely evil, and his deduction method is very powerful. When he hears the words such as the nine heavenly divinity technique and the Dragon God breaking the heaven formula, many pictures appear in his mind.

However, the picture is vague, it seems to be deliberately hidden, even the pupil of the extremely evil, it is also difficult.

From the picture, when ye Luo'er was not born, a man in black was buried in her blood. Once the time came, the skill would wake up.

As for the origin of the black robed man, ye Chen did not know, let alone why the other side wanted to do so.

But one thing is certain, the origin of Ye Luo Er is more terrible than he imagined!

Now, with anger and hatred, ye Luo'er clearly awakens the mystery of the Dragon God's breaking the heaven formula.

Roar!

A startling dragon roar suddenly rings out.

Ye Chen's eight trigrams cauldron, completely burst, countless golden lights bloom.

Surrounded by layers of golden light, ye Luo'er turns into a dragon and breaks the void. The whole world of the yellow spring is shaking violently, and the mountains and rivers seem to be cracking.

One hundred million trillion trillion space-time was smashed in an instant. In the sky of the world of the yellow spring, there appeared a black hole like extinction space. Countless starlight and metamagnetic Aurora rolled down.

Ye Luo'er, the Dragon God, broke through the sky, which caused a startling atmosphere. The Dragon roared and shook the sky.

"What a terrible breath!"

Chen cangsheng and yuwenji looked at each other, only to feel that ye luo'er's breath at the moment was so powerful that it was so powerful that it was like the supreme Dragon God himself. Every dragon scale was shining with bright golden light, and its sharp claws were soaring. It seemed that he was going to crush the sun and the moon, smash the outside world, and the dragon tail swung and the air waves exploded into the Star River, which was magnificent to an incredible extent.

"Damn it, this female dragon is against the sky, move quickly!"

Chen cangsheng's face turned white. Just after he came here, the wind was light and the wind was light and the victory was in hand. His face was high. But now, seeing ye luo'er incarnate as the supreme Dragon God, he was completely flustered and did not have the arrogance just now. With a whoosh, Chen cangsheng became a ghost dragon and fled away.

"Uncle Chen, wait for me!"

Yuwenji is also flustered and turns to run away.

"Roar!"

Ye luo'er dragon roars and startles the sky. With a wave of its paw, it smashes the void and creates a river of annihilation. Any living creature falling into this long river of annihilation will fall and die.

Chen cangsheng and Yu Wenji, when they reached the river, did not dare to move any more. If they went one step further, they would be completely buried in the oblivion.

Many powerful men of the underworld dragon were also in panic and felt the crisis of doomsday.

"Is this the power of the nine divine arts?"

Ye Chen stares at ye luo'er's figure. At this moment, ye luo'er, incarnated as the supreme Dragon God, is simply invincible. Even ye Chen can't look directly at her figure, and is almost blinded by the golden light.

"No, I can't escape!"

Yuwenji looks at the long river of annihilation lying in front of his eyes and falls into despair completely.

"Blood sacrifice of living creatures, bridge on the other side!"

Chen cangsheng bit his teeth, but he was very decisive. He used the method of blood sacrifice, and a group of blood lights appeared in his dragon claws.

Chuckle!

Chen cangsheng grabs another dragon's claw and grabs all the strong men around him for blood sacrifice.

"Ah

Many powerful men of the underworld dragon suddenly screamed bitterly and were sacrificed in blood on the spot, reduced to a group of flesh and white bones.

Click, click, click.

All flesh and blood, gathered together, built into a long bridge, frame in the annihilation of the long river.

This is the secret skill of the Shenzu of the Ming dragon. Through sacrificing the flesh and blood of the living beings, it builds a bridge on the other side and surmounts all adversities.

"Dad, you even killed me?"

Chen cangsheng repeatedly caught and photographed, one did not pay attention to his daughter Chen Qingrou, also arrested.

Looking at Chen Qingrou's pitiful eyes, Chen Cangsheng's heart trembles, but Ye Luo'er over there has already killed him, and he has no time.

"I'm sorry, daughter. See you next life."

Chen Cangsheng is ruthless, will Chen Qingrou also blood sacrifice, into a group of flesh and blood, to build a bridge.

In the twinkling of an eye, the other shore bridge was completely formed, and Chen Cangsheng strode across the other bank and fled quickly.

Chapter 4834

Seeing Chen Qingrou dead, Yuwenji is shocked, but soon he wakes up and runs away with Chen Cangsheng.

The strong men of the Ming dragon, who were still alive, were extremely frightened and ran away.

Hiss!

Ye Luo'er's Dragon claws burst to pieces, tearing up all the strong Ming dragons who ran slowly.

Under the fear of Chen Cangsheng and Yu Wenji, they quickly fled the yellow spring map.

Although they are still alive, their losses are too heavy. The strong men of the underworld will lose more than half. When they return to heaven and man, they will be greatly damaged.

"Uncle Chen, where's your magic weapon?"

Far away from the world of the netherworld, yuwenji is still lingering fear, but found that the door of a nose did not come out.

Chen cangsheng waved his hand and said, "forget it, it's good to be alive. What kind of magic weapon should I take care of? Anyway, I've become a ghost in heaven with your father's blessing. Don't forget the door of a nose. It's a pity that I can't decipher the secret left by tiannv."

Yu Wen Ji a Leng, way: "my father?"

It's a pity that you don't have to worry about my father and I'm willing to protect God's law for me. It's a pity that you don't have to worry about my father and I'm willing to protect God's law for me this time

"Thousands of calculations, this ye Luo Er unexpectedly so has the future, it seems that all of us have ignored her!"

"What, my father actually..."

Yu Wenji was shocked. The Empress Dowager still has a trace of will in the world. If Chen cangsheng dares to fight against the reincarnation master, he will be punished by the will of tiannu, and the consequences can be large or small.

Now that yuwenji's father is punished on his behalf, Chen cangsheng is naturally relaxed, but Yu Wenji's family is not very easy.

Yuwenji bit his teeth and felt great pressure. This time he killed the reincarnation master, not only did he not get any benefits, but also damaged so many experts. His father also had to bear the punishment of God. He was so angry that he vomited blood.

"Ye Chen, ye luo'er, sooner or later, I will kill you two!"

Yuwenji is extremely angry in his heart. He just wants revenge.

In the world of the yellow spring, the golden light gradually disappeared, and the weather of the Dragon God breaking the sky dispersed, and ye Luo'er recovered his human form and fell from the sky.

"Lo!"

Ye Chen is startled, flies in a hurry and hugs ye Luo'er.

"Brother ye..."

Ye Luo'er opened his eyes slightly and looked at Ye Chen with a bitter smile. Then his head was crooked, but he fainted completely.

Ye Chen holds ye Luo'er's body, only feels her whole body is cold, does not have a little heat.

Obviously, ye Luo'er exhausted all his strength and even injured his blood base when the Dragon God breaking Tianjue broke out. It took a long time to recuperate.

Wei Ying and Ji Siqing, shocked in situ, speechless.

The legend of the nine gods, the power is too terrible, but also out of their expectation.

Ye Luo'er wakes up the nine heaven divinity technique, unexpectedly with own strength, shakes back Yu Wenji and Chen Cangsheng. It is conceivable that the nine heaven divine technique is so powerful.

Ye Chen calms down a little, takes ye Luo'er's pulse, and finds that the poison of the netherworld dragon's poison in her body has been completely eliminated.

Obviously, when the Dragon God breaks the sky Jue, all the poisonous insects and disaster Qi disappear in smoke and clouds, and the power of the nine heaven divination cannot be stopped at all.

Ye Chen also breathed a sigh of relief, the crisis is temporarily lifted.

"The gate of a nose, Hong Tianjing..."

Ye Chen's eyes fell on the door of a nose.

Chen cangsheng fled in a hurry, and the magic weapon was not taken away.

Above the door of a nose, the three ancient and complicated characters still have a mysterious atmosphere.

"Hong Tianjing, in addition to taishangtiannu, I finally know another superior. This news is very important and must be discussed with senior Ren."

Ye Chen thinks, want to close the door of a nose, slowly ponder the natural mechanism.

Hiss!

But all of a sudden, the magic light flashed.

A figure flies out of the oblique stab as fast as lightning, seizing the door of a-nose.

"The Lord of the magic tablet, it's you!"

Ye Chen's face changed. This figure is the master of the magic stele!

Ye Chen has known for a long time that the master of the magic tablet reported to yuwenji that he wanted to take advantage of the fierce battle between the two people to fish in troubled waters and play the trick of "yellow sparrow in the back".

Ye Chen was on guard at first, but he was very nervous because of the fighting and convulsions. Now the battle is over and he is relaxed.

But here, after all, is the world of the yellow spring map, and ye Chen's own territory. If the master of the magic tablet wants to attack and kill people, it is impossible. Ye Chen can resist by relying on huangquan River and Alsophila spinulosa tea tree.

But now, the master of the magic tablet is not to kill, but to seize the door of a-nose!

This time, it is beyond Ye Chen's expectation.

Because the master of the magic stele is not a murderer, so there is no murderous spirit. Ye Chen doesn't notice at all."Reincarnation Lord, I am not your enemy, but someone can take care of you."

"As long as the superior hands, you are dead."

The master of the magic stele grinned fiercely. In one thousandth of an hour, the voice reached Ye Chen's ear.

While speaking, the master of the magic tablet grabs the door of a nose and receives it directly into his own world.

"Do you know the secret of the door of a nose?"

Ye Chen's face changed greatly.

"Yes, there was a superior person who was suppressed by the supreme goddess and sealed in the heaven and man domain. As long as I can rescue that superior person, you will die!"

"I will be able to decipher it sooner or later."

"When I decipher it, you will die!"

The sealed superior, the master of the magic stele, does not know who it is, but he knows that the clue is above the door of a nose.

As long as he deciphers the characters on the door of a nose, he can know the name of the superior person, deduce the cause and effect, find the trace of the superior person, and successfully rescue him. With the hand of the superior person, he kills Ye Chen.

Ye Chen's luck is really magnificent.

You can't kill him.

Master of the magic tablet, you can't kill him.

You can't kill him.

Now the master of the magic stele is very clear. If you want to kill Ye Chen, you have to ask the superior to do it!

Only the high-ranking people in the legend, the legendary supreme gods, can crush the outside world and kill Ye Chen.

As soon as he captured the door of a-bi, the master of the magic tablet immediately left without any intention of staying.

"Damn it!"

Ye Chen wants to catch up with him, but his aura has not recovered. He can't catch up with him. He can only watch the master of the magic tablet take away the door of a-nose.

"If the Lord of the magic tablet breaks the secret of Hong Tianjing, I will be in trouble."

"Once Hong Tianjing breaks the seal, I can't stop 10000 of them."

Ye Chen felt a deep crisis. Even if he was lucky enough, he could not have the slightest room to turn around in the face of the real superior.

Chapter 4835

That is the extraordinary re-election, there is incomparable fear!

And Yan Changge, who presided over the sage road in those days, was so powerful that Hong Tianjing crushed him to death with only one finger.

With Ye Chen's current strength, facing Hong Tianjing, there is no possibility of victory. Once encountering him, he will be crushed to death by a finger.

Unless, taking advantage of Hong Tianjing's seal and weakness, ye Chen can capture Hong Tianjing's position and join hands with Ren Feifan to beat the dogs in pain. There may be a chance to fight back.

But unfortunately, the door of a bi was taken away by the master of the magic tablet. Based on the current clues, ye Chen can't deduce all the causes and effects even if he opens the pupil of extreme evil. He can't find Hong Tianjing's position at all, only knows that he is in the heaven and man realm.

"The Empress Dowager is in the layout. Hong Tianjing and I are both her chess pieces..."

Relying on the existing clues, ye Chen pinched his finger and continued to deduce. Although he did not find the location of Hong Tianjing, he also saw a trace of secret.

Jinglongquan, a bi gate, Hong Tianjing, these three moves are obviously connected step by step.

Jinglongquan is the natural material and treasure left by the supreme goddess, which can be used to purify the door of a nose.

Once the door of a Bi is purified, ye Chen can see the name of Hong Tianjing.

"The Empress Dowager wants to use my hand to kill Hong Tianjing..."

Ye Chen's back is inexplicable a burst of coolness, peep at the intention of the Empress Dowager.

At that time, the Empress Dowager suppressed Hong Tianjing. Due to the pressure from the outside world, she could not kill him. Therefore, she left this layout, which was a test of Ye Chen.

If ye Chen can kill Hong Tianjing, it will solve a hidden danger of the Empress Dowager and prove that he is qualified to challenge her.

If ye Chen fails, he is not qualified to see the Empress Dowager. He can only fall.

Ye Chen's scalp felt numb. Unexpectedly, the little jinglongquan was involved in the layout of the Empress Dowager.

Now the layout of the reincarnation master and the layout of the supreme heavenly daughter have come to their utmost. The real road is competing.

Ye Chen is ready to face Hong Tianjing, but his current strength is not enough.

Once Ye Chen fails, he will lose all his value, and the goddess of heaven will not train him again. All the evil gods in the past, such as the devil God, the Lanling devil, the Wolong God and the flying Thunder God, will show their ferocious features and will not give him any chance to live.

.....

At the same time, in the deepest part of heaven and man, a powerful man in wanxu Temple who was trapped by countless chains woke up from his deep sleep and opened his eyes.

This is a haggard man with gray hair. He has been imprisoned for thousands of years. His eyes have become muddy and full of vicissitudes and resentment.

"Is it the last time..."

"You are too naive to kill me by the hand of the reincarnation Lord."

The man grinned and seemed to notice something.

If ye Chen is here, he can definitely feel the strong cause and effect from this man.

This is Hong Tianjing! Legend of the superior!

"Well? The Dragon God breaks the sky

"How could there be such a thing?"

"How could the nine divine arts fall into the hands of a mortal?"

In vain, Hong Tianjing's face changed. It seemed that he had discovered something incredible.

Obviously, the Dragon God of Ye Luo'er breaks through the sky, which is greatly beyond his expectation.

This is not even within the scope of the layout of the goddess!

In this world, if there is anything that can threaten the lives of the superior, one is the supreme source soldiers, the second is the nine heavenly divinity!

Moreover, compared with the supreme source soldiers, the threat of the nine heavenly divination is much greater.

After all, there is still room to resist the sharp weapons, but the nine heaven divinity is really an anti heaven magic power, sweeping all over the world.

Hong Tianjing is not afraid of the reincarnation of a reincarnation master, but with the nine heavenly divinity technique, it will be troublesome.

The legendary Dragon God's broken heaven formula, if cultivated to the peak, will not only threaten his life, but also threaten the plan behind the temple of wanxu.

"Ye Luo Er? This female dragon must be killed when it is weak! Otherwise, ten thousand years later, it will be my death. "

"Fortunately, you have awakened the Dragon God breaking the heaven formula. The weather is too big, and you have exposed the position of the reincarnation master, which just solved my problem."

Hong Tianjing's turbid eyes and expressions have already explained all causes and effects.

There was a murderous look in his eyes.

The old finger, with blood on it, slowly lifted it through countless heavy time and space, and actually killed the world of the yellow spring map directly.

In the picture of the yellow spring, ye Chen embraces ye Luo'er and prepares to say goodbye to Wei Ying and Ji Siqing.

But all of a sudden, in the world of the yellow spring, there are clouds and thunder.

On the sky, countless killing thoughts gather, a finger pierces the sky, suddenly appears!

This finger, bloody and full of the will of the gods.

"What is this?" Wei Ying and Ji Siqing raised their heads and looked at the huge fingers that had pierced the sky. They were completely shocked.

At this moment, they felt the majestic killing thoughts of the supreme emperor. Their blood was surging in their chest and abdomen. They even vomited blood in an instant, and their delicate bodies shook for a moment, and they were directly held down by a force.

"Hong Tianjing, the strong in wanxu"

Ye Chen looks at this finger, suddenly scalp numbness, just think that he is immersed in fantasy.

This finger is stained with Yan Changge's blood!

It's Hong Tianjing's finger!

Kill Yan Changge in those years!

Now Hong Tianjing's finger runs through countless time and space. It comes to Ye Chen's head and rolls down to kill Ye Chen and ye Luo'er.

"It's impossible!"

"Hong Tianjing, isn't it sealed?"

"In his sealed state, he can kill people in the air?"

"The legendary superior, really so powerful?"

Ye Chen is creepy all over and his scalp is cracked. He can't believe it.

The breath of this finger is really terrible. It can pierce the sky, penetrate the universe, annihilate the Star River and kill all the existence.

Don't mention Ye Chen. Even if the emperor Shitian and Xuanji moon come, they will be stabbed to death by this finger.

In the legend, the power of the superior is simply ridiculous. It is so powerful that it can crush everything with one finger, and anyone who wants to resist it will be destroyed.

Ye Chen's body is shaking. There is only one feeling, that is, he is dead. He wants to repeat the mistakes of Yan Changge and be crushed to death by Hong Tianjing's fingers.

"My man, you are a sealed generation, dare to move him!"

"Blood moon kills heaven! Broken

At this time, nine rounds of blood moon appeared in the sky. A figure was extremely natural and elegant. Holding a long sword, he broke out of the sky. With one sword, Hong Tianjing's fingers were cut off!

Boom.

The dark clouds dispersed, all the killing atmosphere, all disappeared.

The world of the netherworld has returned to peace.

"Elder Ren!"

Ye Chen looked at the sudden appearance of the figure, extremely surprised.

The person who makes the move is Ren extraordinary!

Chapter 4836

Ren extraordinary's strength is really earth shaking, enough to crush Yan Changge's finger. He actually chopped it with one sword!

"Let's go!"

Ren Feifan's face was dignified, with a wave of big hand, and a strong force rolled up Wei Ying and Ji Siqing and sent them both out of the picture of the yellow spring.

Then, Ren Feifan repeatedly pinched the formula, moved the world, and shuttled in the void with the diagram of the yellow spring. I don't know how long it took to stop.

"Senior Ren..."

Ye Chen stupefied, Ren extraordinary so dignified, obviously in order to guard against the pursuit of Hong Tianjing.

"It should be OK."

Ren Feifan breathed a sigh of relief, looked at ye lu'o'er, and said to Ye Chen:

"just now this girl, suddenly awakened to the Dragon God's breaking Tianjue. The weather is too big, and it also exposes your position, which is noticed by Hong Tianjing."

"Ren, do you know Hong Tianjing

Ye Chen's face suddenly sank.

"Well, this man is the strongman of the temple of wanxu and the old enemy of the goddess of heaven."

"At that time, the Empress Dowager wanted to train you, but Hong Tianjing wanted to kill you as soon as possible. There was a great difference between them, and a war broke out."

"In that war, Hong Tianjing was defeated, and was suppressed by the Empress Dowager in the realm of heaven and man. He was completely sealed, and his strength could never be preserved."

Ren fan tells the old secret.

Ye Chen said: "since it has been sealed, how can it be so powerful? That finger just now, Ren, if it wasn't for you, law and I would have died

Ren feileng said: "otherwise, what do you think the superior is? Do you still want to be a wet dog? I tell you, those guys can easily crush you even if they have only one tenth of their strength left! "

Listen to Ren extraordinary words, ye Chen immediately look dignified, speechless.

He did mean to beat a wet dog just now. He thought that Hong Tianjing had been sealed and that he had a chance to take advantage of the weak to kill him.

But I didn't expect that Hong Tianjing's strength was so unreasonable that even if he was sealed, even if he had no strength, he could pierce the void with one finger, kill the world and come to him.

If Ren Feifan didn't come in time, he had been killed by Hong Tianjing like Yan Changge.

Ye Chen finally knows, why all along, Ren extraordinary treats superior person, all so dignified and cautious.

The strength of those at the top is so strong that it can't be speculated by common sense.

If it is not seen by his own eyes, ye Chen would not believe that there is such a powerful existence in the world.

"Ren, how can we compete with such a powerful existence?"

Ye Chen only feels the pressure is huge, a finger of the superior can run through the universe, so strong that it is impossible to resist.

No wonder that even the reincarnation masters of the past life are so afraid, layout and rebirth, those superior people are really too terrible.

This Hong Tianjing is not the strongest existence, and its strength is so strong. I'm afraid that the goddess of heaven above Hong Tianjing will be even more ridiculous.

Ren Feifan said: "there are always solutions to things. Depending on the supreme source soldiers, the nine heavenly divinities, the top Hongmeng Yuanshu, all kinds of counter heaven magic weapons, reincarnation, fate, heart demons and other powerful laws, there is still the possibility of killing the superior, but it needs a very high level of martial arts, and the road ahead is still very long."

After hearing the speech, ye Chen's eyes coagulate. In the final analysis, the realm is the most important.

In his present state of mind, he can't understand the power of the superior. Naturally, there is no possibility of victory. Only by constantly improving his cultivation, can he really resist those guys.

"Master Ren, do you have the nine heaven divination skill?"

Ye Chen saw the power of the Dragon God breaking Tianjue, and in his heart, he also yearned for the nine heavenly spirits.

Jiutian Shenshu is the most powerful nine kinds of wushangyuan in the legend. If you can get it, it will be enough to go against the heaven one step at a time.

Ren extraordinary way: "nine days divine skill, I also have a door, but can't teach to you."

"Because, like the nine heaven divinity, this kind of supernatural power has its own cause and effect. If one practices it, others can't practice it any more. It has uniqueness."

"For example, ye Luo'er has understood the Dragon God breaking the heaven formula, and she has obtained all the great Qi movements of this source skill. Even if she spreads out the formula again, no one else can practice it, because there is only one qi movement, which is unique."

"I see..."

Ye Chen suddenly realized that the legendary nine heaven divinity, different from the ordinary magic, had great Qi and could only be inherited by one person.

If someone has done it, the outsider can't practice any more and can't succeed because there is no second chance of luck, unless the original owner is killed and the luck is snatched.

"This girl has just understood the Dragon God's secret of breaking heaven. The hell dragon temple can't let her go. She will certainly take her away at all costs when she is weak, and then deprive her of her blood and life, seize the nine heaven divinity skill, or refine it into a puppet."

"If Yu Wentai, the master of the hell Dragon Temple, hands it in person, you can't resist it in any case." Ren Feifan takes a look at Ye Luo'er. Now Ye Luo'er understands the Dragon God's secret of breaking the heaven. The influence is too great. The legendary nine heaven divinity can't be let go of by the Ming dragon clan. Even the strongest person behind the scenes will do it in person.

Ye Chen said: "Ren senior, what can I do to protect Luo'er?"

Ren Feifan pondered for a while and said: "the girl's cultivation level is not enough. It's lucky that she can understand the nine heaven divine arts today. She has fallen into weakness and has no self-protection ability. You can't protect her. Now, there is only one way, that is to find enough powerful forces in heaven and man domain to protect this girl."

Ye Chen said, "the power of heaven and man..."

Ren Feifan said: "yes, the ancestral dragon temple has declined, and the Ming dragon god family is very powerful in the heaven and man domain. You must find an equally powerful force to save the girl's life."

Hearing this, Ye Chen's eyebrows suddenly wrinkled. He was not involved with the forces of heaven and man domain, and offended more, not to mention helping him fight against the existence of the hell dragon temple.

Dundun, Ye Chen to Ren extraordinary inquiry asked: "Ren senior, can you recommend?"

Ren fan shook his head and directly refused: "now Hong Tianjing has been woken up by you. I can't get involved in it any more. Otherwise, Hong Tianjing, as well as the wanxu forces represented by him, will find our existence in an instant. The consequences are unimaginable. Everything can only depend on yourself."

Just now Hong Tianjing had a finger running through the time and space of Wanzhong. When it came down, he almost crushed Ye Chen. You can imagine how terrible Hong Tianjing's strength is.

At present, Ren Feilian shuttles through the void again and again to avoid Hong Tianjing's exploration. If he is contaminated with causality again, he is bound to attract the attention of Hong Tianjing.

With Ren extraordinary strength, a Hong Tianjing may not be able to hurt him, but the wanxu forces behind Hong Tianjing are not what he can fight against.

Therefore, the future road, can only rely on Ye Chen alone.

Chapter 4837

"We are all arranged by the queen."

Ye Chen laughs at himself, but has a feeling of falling into a trap. All around are the layout of the goddess of heaven.

He cleaned the door of a nose and saw the characters left by the Empress Dowager. He touched the cause and effect, so he woke Hong Tianjing.

This is the layout of the Empress Dowager.

Now ye Chen and Hong Tianjing are facing each other. No matter who wins or loses, the supreme goddess will not suffer.

Ren Feifan said: "this level of chessboard, your cultivation is not enough. Naturally, you can only be a chess piece. You can't control the chess game by yourself. But with me, I won't easily watch you fall. Hong Tianjing has just been injured by me, so you won't make any more trouble in a short time. You can have peace of mind to practice and break through."

Ye Chen moved in his heart and asked, "master, how is your strength compared with Hong Tianjing?"

Ren Feifan said: "if he is in the sealed state, I can defeat him, but if he breaks away from the seal and is in the peak state, it is hard to say."

"Master, can you beat Hong Tianjing?"

Ye Chenda is a shock, just Hong Tianjing stabbed the world, how fierce, ye Chen thought that in this life, in any case, can not be defeated.

But now, hear Ren extraordinary words, ye Chen is incomparably excited, it seems that the superior has the possibility of victory.

Ren extraordinary strength, and the real superior, has been very close, but also strong to the point of absurdity.

Ren fan shook his head and said, "I can only defeat Hong Tianjing in the sealed state. If the summit duels, it may not be the opponent. If you encounter the supreme heavenly daughter, there is no possibility of victory. You must join hands with you. You are the most important part of the game. If you fall, I will not be far away from death."

Ye Chen said: "master, do you know where Hong Tianjing was sealed?"

At present, ye Chen only knows that Hong Tianjing is sealed at the bottom of the earth somewhere in the heaven man region, but he does not know where the specific location is.

Ren extraordinary way: "I know, but the natural mechanism can't be disclosed, I can't tell you, otherwise there will be unexpected disasters, you don't want to beat a dog in the water, it's not so simple, you don't want to be quick, the shortcut is more detours, you are good at practice, strive for an early breakthrough, this is the brilliant path."

Ye Chen heart a Lin, way: "yes!"

Ren Feifan's face slowed down and said: "well, next, you can find a way to find the power of heaven and man domain, protect ye Luo'er, she has understood the nine heavenly divinity, and later against wanxu, she is also a key link, can not lose."

"There are many forces in the heaven and man realm. There are envoys in the Yangzhen region. The envoys will pay attention to the demons in the heaven and man domain. If you introduce them, you should pay more attention to them."

Ye Chen eyebrow light frown, way: "good, I know Ren elder."

Ren Fan said: "well, you do it yourself. I can't help you too much in the future. Now Hong Tianjing has come to life. We must be more cautious in the future."

Finish saying that, Ren extraordinary tears void, completely left.

Ye Chen looks at the back of Ren Feifan's leaving, and her face is silent, thinking about the future road.

At present, Hong Tianjing wakes up, and the decisive moment is coming. He is a strong man against the sky to kill Yan Changge. It is hard to defeat him.

"Only by killing xuanjiyue, killing emperor Shitian, swallowing fate and the law of heart demons, but also crushing the hell dragon Protoss, using their flesh and blood to cultivate the wild demon sky sword, and then opening up the reincarnation Heaven Kingdom, can I defeat Hong Tianjing."

Ye Chen bit his teeth and felt the overwhelming pressure.

It was the first time in his life that he felt the threat of a superior.

It is almost impossible for a master to defeat this realm. Only when ye Chen can kill all the enemies such as the Shenzu, xuanjiyue and Emperor Shitian, and swallow up their laws and Qi, can he really grow up to compete with the superior.

"Well..."

At this moment, yelo'er woke up with a cry.

"LoI!"

Ye Chen saw ye lu'o'er awake and was immediately overjoyed.

"What's wrong with me, brother ye?"

Ye Luo'er's face was a little pale, and her eyes were at a loss.

"You're all right. The enemy has retreated."

Ye Chen tightly hugs her, has a kind of warmth after the disaster.

Ye Luo'er stayed for a while and sensed the blood vessels of his body. He found that his aura was very empty, his muscles and bones were weak, and he could not lift his strength.

"Brother ye, I have awakened the nine heavenly divinity?"

Ye Luo'er comes back to his senses, and remembers that he has awakened the Dragon God's breaking Tianjue, shaking back Yu Wenji and others.

But the Dragon God breaking the heaven formula is the legendary nine heaven divinity skill. It is too powerful to be controlled by her current state.

Before the desperate moment of life and death, she broke out bravely. Now the outbreak is over, she has fallen into weakness, and can not even use it again.

"Well, you are very weak now, lol. I need to find a strong force to protect you."

Ye Chen gently stroked Ye Luo'er's cheek, and his heart was full of reluctance.

He wanted Ye Luo'er to be with him. However, the situation could not be helped by others. Ye Luo'er awakened the Dragon God's way of breaking heaven. The hell dragon family would not let her go easily. Moreover, there was a Hong Tianjing hidden behind her. In case, Ye Luo'er's breath causes Hong Tianjing's attention again, even implicates Ye Chen's exposure again, and the consequences are unimaginable.

With Ye Chen's current strength, it is obvious that he can't compete with the superior.

"Brother ye, where are you going to take me?"

Ye Luo'er's eye rim is slightly reddish, rarely have the opportunity to be with Ye Chen, but in a twinkling of an eye, they should be separated.

Ye Chen unfolded a smile and said: "you don't have to worry about it. You are very weak now. Take a good rest. I will arrange it."

"Well."

Ye Luo'er nods gently and rests under the Alsophila spinulosa tea tree. Ye Chen is also ready to tear up the void and rush back to the Yangzhen region, intending to seek the emissary of heaven and man and try his luck.

When he opened his mouth, he called ye'er to leave

Ye Chen body a Zheng, some surprised to see ye Luo'er: "how, Luo'er?"

Ye Luo Er finger moves, an ancient thing is suspended in the palm of the hand!

See this thing, ye Chen Mou son a congealing, some excited!

Xuanyuan ink evil Chongguang Shenxia palace!

There are still some big energy trapped in it!

He wanted to go back to ye Luo'er at first, but every time he met ye Luo'er, he was in danger and had no time to save these great powers!

Now there's a chance!

"Brother ye, I have kept this for a long time, but I can't open it. I think I should give it to you now."

Ye Chen took over Chongguang Shenxia palace, trembling and saying, "I can survive in adversity again and again, because many people have helped me. I remember them one by one."

"It's my mission to save them."

"Although Chongguang Shenxia palace is only part of it, this is the beginning of my mission."

"Lol, you have a good rest in the chart of the yellow spring. I have some things to do."

"I'll take you to those forces in the heaven and man domain later!"

Chapter 4838

.....

Deal with ye Luo'er, ye Chen returns to the Samsara cemetery.

Looking at the Samsara cemetery, one tombstone, or dim, or silent, Ye Chen heart five flavors mixed.

Some of the great powers were trapped in the Chongguang Shenxia palace, and some were trapped by Xuanjiyue. Ye Chen had no idea where some of the unpublished great powers were trapped.

But since he can save part of it, he is duty bound!

He suddenly thought of Ren's reminder that there is a worldly taboo in the samsara cemetery, so don't rely too much on the samsara cemetery!

Who is this taboo?

Which of the hundred tombstones?

No longer think, the next second, ye Chen will Chongguang God Xia palace suspended in front of the body, at the same time, sacrifice a drop of Xuanyuan ink evil blood essence!

This drop of blood essence was left after killing Xuanyuan moxie, just for today!

Otherwise, Chongguang Shenxia palace will be difficult for anyone to open! Even if it can be opened, it will certainly hurt part of the power!

The blood essence is continuously distributed in Chongguang Shenxia palace, just like putting on a coat of blood for Chongguang Shenxia palace!

In a flash, Chongguang Shenxia palace radiated a bright light, and the entire reincarnation cemetery was instantly illuminated!

One second.

Two seconds.

Ten seconds.

One hour.

To Ye Chen's surprise, Chongguang Shenxia palace has not been opened yet!

As if there is a force brewing in it!

"Is there something wrong with Chongguang Shenxia palace?"

At the moment when ye Chen is puzzled, the change suddenly arises!

There are stars flying out of Chongguang Shenxia palace, which are dazzling and dignified!

Ye Chen knows that these stars are related to the trapped power!

Because these stars are flying to the tombstones of Da Neng that have been triggered!

Boom!

One after another tombstone vibration, the entire samsara cemetery seems to usher in a major earthquake!!

Although Da Neng didn't get out of Chongguang Shenxia palace, the noumenon has established some connection with those dim stone tablets!

What ye Chen needs to do now is to wait!

Ye Chen waited for a long time. Seeing that the vision of Chongguang Shenxia palace was not over, he still chose to walk out of the reincarnation cemetery.

In any case, he could feel the changes in the samsara cemetery, and he still had to deal with yelor's affairs as soon as possible.

Can't eat hot tofu!

.....

At the same time, the universe and the earth are deep.

"Ha ha, reincarnation Lord, there are people behind you."

Hong Tianjing's fingers trembled, and there was blood dripping, which was mixed with the residual fluctuation of blood moon sword Qi.

He just explored the position of Ye Chen and wanted to kill him with a finger. Unexpectedly, he was chopped off by Ren extraordinary sword.

However, a strong man like him is a real superior. Even if his body is broken into pieces and turned into powder, he can recover instantly and naturally will not be injured easily.

But just Ren Feiyi sword hurt him.

"I was bullied by the dog when the tiger is down and the sun is flat. I didn't expect that my Lord God was hurt by a mole ant. I was also a guy surnamed Ren? I don't know what to do with Ren tiannu. "

Hong Tianjing's eyes turned, and suddenly pushed countless natural secrets. He guessed Ren Feifan's surname, but he did not see the real name, and did not know where the specific location was.

"Well, my vitality is damaged too much. Before the seal is lifted, I still can't take it easily. Otherwise, it will be very bad if I lose my vitality again."

There is a trace of fatigue in Hong Tianjing's eyes. He just started to kill Ye Chen, which consumed a lot of his aura. Moreover, he was injured by Ren Feifan. Next, he needs to rest and can only stay dormant and endure.

"When the dragon Yuan Heavenly Sword is born, my seal will be broken..."

Hong Tianjing finally thought about it and fell into a deep sleep again.

His body was bound by countless chains, and the seals were sealed for ever. If he wanted to break these seals, he had to use the supreme army.

And Longyuan Sky Sword is the only one who can help him!

.....

Heaven and man, a secret place.

"What are these three words?"

A young man in black is holding a stone gate the size of a palm in his hand. Three ancient characters are engraved on the stone gate. The young man is trying to figure out the cause and effect behind the characters.

This young man in black is naturally the master of the magic stele.

The stone gate in his hand is the gate of a nose.

"I've heard the legend that in those years, the supreme goddess fought with another superior, and finally defeated him and sealed him in the heaven and man region. Who was the superior one in the end..."

The master of the magic tablet frowned. He could not decipher the characters. He did not know the name of Hong Tianjing. Naturally, he could not trace any cause and effect.

If you can decipher it, he can find Hong Tianjing's position!

At that time, he had two choices.

First, he submitted to Hong Tianjing and tried to help him break the seal. Second, it is to use the energy of reincarnation magic stele to take possession of it at risk!

Once successful, he will get the physical body of the superior directly and soar to the sky!

These two choices, no matter which one, have adverse profits!

The master of the magic stele is full of blood and turbulence. He has been defeated by Ye Chen. He is already a broken spine dog. Sooner or later, the reincarnation magic tablet will be taken away.

Only find Hong Tianjing, he will have a chance to turn over!

.....

On the other side, the stylosaurus.

Yu Wenji and Chen cangsheng don't know what happened to Hong Tianjing's recovery. They are all focused on ye Luo'er.

The Dragon God breaks the sky Jue, the legendary nine heaven divine skill, the power is really terrible, they were almost killed by Ye Luo'er.

Now that they have escaped from death and successfully returned to heaven and man, both Yuwenji and Chen Cangsheng are relieved and gradually calm down.

"Ye Luo'er, that bitch, is weak after all. She is not qualified to be in charge of the nine heaven divinity skill. It is only luck that she can awaken the Dragon God's breaking Tianjue this time. I think she has fallen into weakness now."

Yu Wen Ji's eyes twinkle with fierce light. Now when people calm down, they think of a lot of cause and effect.

The Dragon God breaking the heaven formula is the legendary nine heaven divinity skill. Let alone ye lu'o'er, even he is difficult to control.

Although ye lu'o'er awakes, but can not support for long, must fall into frailty at this moment.

Chen cangsheng's face sank and said, "young master, you're right. Ye lu'o'er can't let go! We must catch her. If you marry her, you will be able to capture her Yuan Yin blood. At that time, we will have the nine heaven magic skill! "

"Married..."

Yu Wen Ji sneered and said, "I'll go back to discuss with my father first. Nine heavenly divinity is born. It's not trivial. It can't be careless."

With that, yuwenji tears the void and takes the lead to return to the hell dragon temple.

.....

In the depths of the Ming dragon temple, the space is broken and there are countless turbulent whirlpools surging.

An old man, sitting quietly in the endless broken void, looked decadent, as if he had just suffered a catastrophe.

"Dad

Yuwenji saw the old man and exclaimed.

This old man, his father, is also the master of the temple of the netherworld dragon, yuwentai, his accomplishments are unfathomable!!

Chapter 4839

"How are you, dad?"

Seeing his father's decadent appearance, Yu Wenji was immediately worried.

"I suffered a little injury from the will of the heavenly daughter of the Supreme God, but it was not in my way."

Yu Wentai waved his hand and looked indifferent.

Yu Wen Ji trembled and said, "Dad, the little will of the mother's heavenly daughter can hurt you?"

Yuwenji is very clear about his father's strength. Even if xuanjiyue and Emperor Shitian come, they may not be able to hurt him. But now, he is hurt by a little will left by the Empress Dowager. It is incredible.

Yu Wentai laughed and said, "the power of the superior can only be described by two words which are beyond our imagination. It's your great blessing that you can get the chance to enter wanxu. What's the matter with the wild magic sword? Have you got it?"

Now yuwenji is working for the wanxu temple. As long as you get the wild magic sword, you can become a registered disciple of wanxu temple. In the future, you will have a chance to rise and become a real superior!

"Dad, something happened..."

Yu Wenji's face was dignified. He killed himself in the netherworld and fought against the reincarnation master. As a result, ye Luo'er suddenly awakened to the nine heavenly divinities and said it briefly.

"The nine heavenly divinity skill, the Dragon God breaks the sky Jue?"

Hearing the speech, Yu Wentai's face changed slightly. He expected that Yu Wenji could not beat Ye Chen, so he sent Chen Cangsheng to help, and even accepted the immortal punishment for Chen Cangsheng himself.

But I didn't expect that ye Luo'er was the last one!

"Ha ha, the ancestral Dragon Temple is worthy of being a force that used to run all over the sky. Originally, it actually collected nine heavenly divinities. It should be the handwriting of Longchengtian, which has nothing to do with Fengao."

Yu Wentai pinches his fingers and looks back on the cause and effect. The picture of Ye Luo'er incarnating as the Dragon God and approaching the eight wasteland is revealed.

"Dragon city sky?"

Yu Wenji frowned.

"Well, this man is ye Luo'er's father. He seems to be ordinary, and his accomplishments are not high. But if I am not wrong, there is a strong man in Longcheng's heaven consciousness. He should have buried the nine heavenly divinities hidden in ye Luo'er's blood."

Yu Wentai seems to be aware of something.

"Now, what about us

Yuwenji only feels that this muddy water is getting more and more turbid. If it is not solved, there will be some unexpected disaster.

"You have made an engagement with ZuLong temple. Naturally, you want to get married. No matter what the price, you must marry ye Luo'er and enter the door. When you have a wedding, the nine heavenly divinities in her body will naturally belong to us!"

Yu Wentai hummed, as if everything was in control.

"Dad, who's going to catch ye Luo'er's bitch? She is in the hands of the reincarnation master. If she doesn't do it again, I'm afraid it will be too late. The wild magic sword and the demon blood stone are also in the hands of the reincarnation master! "

Yuwenji is a little anxious. Now the reincarnation master is the most important existence. Whether it is the wild demon sword, the demon blood stone, or ye Luo'er, they are all in the hands of the reincarnation master. Only by killing the reincarnation master can he get everything!

Yu Wentai light way: "don't worry, call you uncle Feng, he is in, the reincarnation of the Lord will die!"

While speaking, Yu Wentai pops up a dragon scale and sends a message to Feng Wuji, asking for a hand.

Yuwenji heart a joy, wind Wuji hand, want to come ye Chen also can not resist.

After all, Feng Wuji is already a registered disciple of Wanxu temple. He is blessed by Wanxu and has great strength.

Last time, ye Chen escaped the pursuit of Feng Wuji because he had a strong man in the yin-yang temple, but this time, he would not be so lucky again.

.....

At this time ye Chen has returned to the realm of Yang Zhen.

First of all, he took ye Luo'er to the edge of the Wild Magic sea area, broke through the dense fog, and came to the Wolong palace.

The head of the Wolong palace, Li Qingyun and Li Ruochen, were startled when they saw Ye Chen coming.

"Reincarnation Lord, I don't know what wind is blowing you again?"

Li Qingyun kneels down directly. Li Ruochen and many elders of Wolong hall also kneel down with fear on their faces.

Ye Chen is the reincarnation master of reincarnation. Even the reclining dragon deity should strive to cultivate him. Naturally, they dare not neglect him.

However, the people's hearts are confused, do not know ye Chen return to Wolong hall, what is the matter.

After all, ye Chen has already got Jinglongquan, and there is no Tiancai Diba in Wolong hall.

"Master Li, I want to see the Wolong God. Can you help me to offer sacrifices to heaven and man and ask him to come?"

Ye Chen holds ye Luo'er's hand, and now he plans to send ye Luo'er to the branch of Wolong palace.

Wolong hall is also a great power in the heaven and man realm. Wolong God Zun is the servant of the former Supreme goddess. Before ye Chen and Hong Tianjing win or lose, Wolong God Zun will absolutely stand by Ye Chen and try to cultivate him.

Therefore, if ye Luo'er can be sent to the Wolong palace, she will be safe.

Li Qingyun said in astonishment: "Lord of reincarnation, you want to see Wolong deity. I don't know why. It's not so easy to move." Ye Chen sighed, looked at ye Luo'er, and said, "my friend has offended the Ming dragon clan. I want to seek the protection of the branch of Wolong palace."

"Dragon of the underworld!"

On hearing this, Li Qingyun immediately took a breath of cool air. He looked at ye Luo'er and ye Chen. Then he shook his head and said, "the Lord of reincarnation, I'm afraid this can't work."

Ye Chen frowned and said, "why not?"

Li Qingyun said: "you are the Lord of reincarnation, and you are the one that the supreme goddess of heaven loves. If you want to go to the heaven and man realm, of course, there is no problem. We are willing to fight against the hell Dragon God clan for you, but this girl is not in the chess game. We can't offend the hell dragon temple for her."

Although Li Qingyun is a member of the Wolong Palace branch, he also knows the layout of the Empress Dowager. Ye Chen is the player in the game and is the most favored chess piece of the Empress Dowager. If it is for him, the Wolong palace is naturally willing to throw his head and shed blood.

But ye Luo Er, did not have ye Chen this treatment.

Because, she's not a chess player.

It's an outlier.

"Brother ye..."

Ye Luo'er looks at Ye Chen with helplessness, disappointment and apology in her eyes.

Li Qingyun has made it clear that ye Chen is taken care of by the Empress Dowager. Everything can be arranged, but ye Luo'er can't.

It's too expensive to fight against the dark dragon Protoss. It's impossible for Wolong palace to sacrifice so much for an outsider.

"I see. Goodbye."

Ye Chen sighs, helpless, can only leave.

There is no way to force this kind of thing.

In the final analysis, ye Chen and the Empress Dowager are doomed enemies, enemies, not friends.

Wolong hall is actually Ye Chen's enemy.

Wolong hall is willing to help him, just for a bigger plan and a longer future.

Since the enemy is not a friend, it is impossible to take care of everything.

Ye Chen wants to seek the Wolong palace to protect ye Luo'er, but it is impossible!

Chapter 4840

"I'll take you to Mount Leisheng."

After leaving Wolong hall, Ye Chen is moved and takes ye Luo'er to cross Leisheng mountain.

Crossing the Leisheng mountain is the residence of the Thunder Palace, and the branch of the temple is also in the heaven and man domain. The master of the temple, Flying Thunder, is one of the twelve deities.

At the beginning, the flying Thunder God also presented a Dayuan soldier to Ye Chen, called the five element star ring.

The original owner of Leisheng mountain, the wild rock demon, was also an old friend of Ye Chen. Unfortunately, he fell down in the Tu Sheng assembly.

Ye Chen comes to Du Lei Sheng mountain. With the fall of the wild rock devil, this place is temporarily under the charge of Mei Lan Zhu Ju.

Plum orchid bamboo chrysanthemum see ye Chen come, big is surprised, way: "leaf adult, butcher Saint meeting a farewell, don't come all right."

Ye Chen arched his hand and said, "don't be hurt."

Mei Lan, Zhu Ju said, "Mr. Ye, I don't know what you're doing when you come to Leisheng mountain."

Ye Chen pondered for a while, took ye luo'er and said, "my friend, I want to join the temple of desolate thunder. Can you do me a favor?"

Mei Lan Zhu Ju takes a look at ye luo'er, and immediately catches the terrible disaster. Ye luo'er is obviously in great danger and has a dangerous future.

They even asked, "Mr. Ye, what happened to you? Why are you so angry? "

Ye Chen sighed and said, "she has offended the Dragon God. I want to seek the protection of flying thunder."

"The dragon of the underworld?"

Mei, LAN, Zhu and Ju were shocked.

The Dark Dragon God clan is in the heaven and man realm, but it is a force that can not be underestimated. The hall Master Yu Wentai and the elder Chen cangsheng are all first-class experts. Yu Wenji, the master of the little hall, is also a demon who is famous in the heaven and human realm.

If you offend the Dragon God, it's no different from looking for death.

"Lord Ye, we are in the heaven and man realm. Although we have a little power, we can't compete with the dark dragon. I'm afraid we can't help you."

Plum orchid bamboo chrysanthemum almost did not think much, directly refused Ye Chen.

Ye Chen was rejected again, and suddenly his heart sank. His face was very ugly and he could not speak.

Ye Luo'er was also disheartened and said, "brother ye, forget it. I'll go back to the ancestral dragon temple."

Ye Chen said: "no, now in the ancestral temple, no one really loves you, you go back to no good results."

Ye Chen vaguely feels that Ye Luo'er's Dragon God's breaking Tianjue is buried by the dragon city sky, and has nothing to do with the ancestral dragon temple.

But Longchengtian also knows that he should not have the strength to do such a big thing.

Is it that Longchengtian has been hiding something and that he has been cheated?

In other words, Longchengtian is just a chess piece with manipulators behind it?

"I'll take you somewhere else."

Ye Chen bit his teeth and refused to give up. He took ye luó'èr to the hall of the dead.

The hall of the dead spirit is the place where ye Chen used to take the third drop of blood. He had a chance encounter with Qinglan, the daughter of the dead spirit hall.

The Taiyue deity behind the hall of the dead, one of the twelve deities, has long since fallen, but its influence in heaven and man is still there.

At present, the hall of the dead has been moved to heaven and man, but there are still a few envoys left to deal with chores in the Yangzhen region.

These messengers, hearing Ye Chen's desire to seek refuge for ye luó'èr, are repeatedly refused, and they are also extremely afraid of the power of the Ming dragon Protoss.

Ye Chen is looking for envoys of heaven and man in other places, hoping to be protected. However, he runs into a wall everywhere and has no power at all. He dares to take ye luó'èr away at the risk of offending the Ming dragon god.

Ye Chen has no choice but to take ye luó'èr back to Yuan Tian Yuan, ready to think about other ways.

While tearing through the void and heading for the road, there was a sudden wind and thunder ahead, and a startling laughter rang out:

"where do you want to run, Lord of reincarnation, ye luó'èr?"

Boom!

A huge dragon claw, with a long history, ancient flavor, exploded from the nine days. The dragon claw was as huge as a mountain. The scales showed the color of metal, and the countless empty spaces burst out one after another.

"Infinite God, endless wind!"

Ye Chen looks up at the sky and his pupils shrink.

I saw a very strong, extremely powerful old figure, fell from the sky, covered by dragon claws, the air flow was solidified, the world was shocked, the momentum was terrible.

This man, one of the twelve deities, is a registered disciple of wanxu temple. He forced Lin Xize, the strong man in the yin-yang temple, to burst into existence. He was the boundless deity and the wind was boundless!

"According to the imperial edict of the Ming dragon temple, if we catch NAR and others today, we will not catch them quickly?"

The wind is extremely cold, and he stares at Ye Chen. He has a very close relationship with the hell dragon temple. Once yuwenji enters wanxu, they are the same door, naturally they are in collusion.

This time, Yu Wentai, the father of Yu Wenji, entrusts Feng Wuji to kill Ye Chen and seize ye lu'er.

Ye Chen's wild magic sword is the thing that wanxu Temple wants to take back, while ye lu'er's Dragon God breaking the heaven formula is the nine heaven divinity skill that the Ming dragon god family dreams of. These two things are extremely important and of inestimable value."Damn it!"

Ye Chen bit his teeth and quickly pulls ye lu'er back to avoid the suppression of the wind Wuji dragon claw.

Feng Wuji's strength is at the same level as xuanjiyue and Emperor Shitian. Facing him alone, ye Chen feels the pressure is enormous, which makes him feel invincible.

"Lord of reincarnation, although the heavenly daughter of the Supreme God has a green eye on you, you will die today if you can't hold you in the market!"

Wind Wuji is full of white hair, and it is as powerful as a mad God. The scales of dragon claws are blooming with layers of divine light. With a direct move, "Shenwu dragon entangles hands", it is killed from the sky.

He used to be the servant of the goddess of heaven, but now he has joined the wanxu temple and no longer serves for the Empress Dowager. Naturally, he will not keep his hands on Ye Chen.

He was a strong man against the sky at the same level as the emperor Shitian. With all his strength, he was incredibly powerful. The Dragon claws overturned, and the void seemed to be overturned. The air current kept spinning, as if the heaven and earth were to be torn apart.

"Red dust God pulse, eternal night magic shield!"

Ye Chen opens the pulse of the red dust God and merges with the magic shield of eternal night. A dark gold shield suddenly appears, which can block the explosion of the wind.

"It's no use. The gap between you and me is too big. I can kill you by turning my hands. This time, no one will explode to protect you."

Feng Wuji's eyes burst out with golden light, and the whole world was shrouded in his power. Ye Chen had the protection of Lin Xize before, so he escaped his killing, but this time, he would not be escaped by Ye Chen again.

"How did you find me?"

Ye Chen pulls ye lu'o'er and unfolds the source of darkness. His body twinkles constantly. He shuttles and jumps in layers of space to avoid the attack of the wind. At the same time, he wants to distract his attention with words and seek opportunities for counterattack.

"You have a very deep breath of nature, but this girl is not necessarily. She will be a burden if she follows you."

The wind has no very light mouth, glance ye lu'o'er one eye.
