Chapter 5091

At this moment, Tiancan Niang showed her heavenly judgment, as if she had become the agent of the superior in an instant. She was extremely fierce, and her whole body exploded with layers of white light.

In these white lights, there are the fairies of the supreme world, constantly singing and sending out vast incantations.

"The judgment of the gods is to wipe out the world."

"The gods say to destroy, and all the guilty people in the world will be annihilated."

"When the gods say they want darkness, the universe will lose its light and forever sink into the final judgment."

.....

A section of grand and clear trial mantra, it is to shock the world.

The whole Sword Fairy Valley, all the strong people knelt down.

In shengtianfu, countless disciples and strong men knelt down one after another. They were extremely shocked. I didn't know what happened, but they asked Tiancan Niang to launch a trial in person.

It's too much for heaven to judge, but the card of Tiancan Niang is to launch a trial on behalf of heaven, which involves a lot of cause and effect and can't be used easily.

Everyone was at a loss. In the past tens of thousands of years, Tiancan Niang only used the sword of judgment once, which was the time of shengtianfu's life and death.

Emperor Shitian wanted to set up the trial of demons, but also got inspiration from Tiancan Niang. He wanted to arrogate the power of the superior, launch the trial by his own means, and let the world completely comply with his will.

This is a challenge to the superior!

Be bold!

Now the sword of Tiancan Niang's judgment has the same atmosphere as when Emperor Shitian launched the trial of mind demons in the past, and it is not as dark and deep as the trial of mind demons, but full of vast divine light, representing the will of the supreme gods.

Tiancan Niang seems to be the agent of the superior. As soon as the sword of judgment comes out, she immediately goes to the direction of Tianjian's secret place.

Even if she uses the sword of judgment, she will kill Ye Chen at all costs!

Boom!

The terrible sword of judgment passes through the void of the holy mansion, and all the visitors are moved and kneel down along the way.

Everyone felt the murderous spirit of Tiancan Niang.

The elders guarding at the entrance of the secret place were shocked when they saw the sword of judgment.

"What does the lady want to do?"

"The sword of judgment

"What's the matter in the secret place? I want my mother to do it by herself."

"I'm afraid the whole secret place will be destroyed if the sword of judgment is put into it. The people from the holy King's side haven't come out yet!"

The elders are shocked. They suddenly think that ye Chen hasn't come out yet. Is this sword aimed at Ye Chen?

This is tiancanniang's all-out attack. How can ye Chen resist the great trial?

Boom!

The sword of judgment is as powerful as thunder. It's in a secret place.

But a burst of Chen just burst out of the palace, and suddenly saw Ye Bingzhi leave the palace.

Whoa, whoa, whoa!

With the fierce judgment and fierce cutting, the surrounding mountains and forests were reduced to ruins, and the earth was also shaking. Cracks appeared, and countless magma spewed out from the bottom.

"No! Is lady Tiancan crazy to start the trial so quickly and directly? "

Ye Chen is surprised, and quickly flies back to avoid the attack of trial sword Qi.

He had seen the sword of judgment, and he had used it not long ago.

However, the power of lingjianxian's judgment sword is far less than tiancanniang's. they are a little witch, a big witch, a big difference.

Tiancanniang's judgment sword is the real judgment of the world, full of the will of the superior, such as the presence of the supreme gods.

Ye Chen's ear has heard the chant of the gods, and he hastens to guard his mind so as not to fall.

"It seems that what happened here should have been calculated by Tiancan Niang."

Ye Chen's heart sank, and Tiancan Niang Niang was so angry that she even launched a trial. It was obvious that she knew everything here.

"Ye Chen, run! If the sword of judgment is not defeated, you can't resist it! "

Xuanhanyu is also shocked by the sword of judgment. Even in Ye Chen's heyday, she may not be able to resist it, let alone the aura has not recovered.

Ye Chen looks at the sword of judgment lying in the sky and feels chilly. He wants to escape, but the road ahead is full of the sword spirit of judgment. He can't move forward at all. If he wants to run, he will be cut to pieces immediately.

In the face of the sword of judgment, ye Chen can only keep retreating.

In an instant, all the mountains and forests in the secret place were destroyed by the sword of judgment and completely reduced to ruins.

Seeing that the sword of judgment is so terrible, ye Chen is ready to burn the blood of Xuanyao, activate the reincarnation blood for a short time, and do his best to defend at all costs.

But at this time, a very cold air came from the sword palace.

Above Bingpo sword house, the star of Bingpo sky is releasing cold air and turning into cold fog, which surrounds Ye Chen and forms a boundary of water and smoke like "misty rain covering the sky and fog". In this boundary of smoke and water, ye Chen gets absolute protection. His murderous sword Qi bursts in and is immediately blocked by heavy smoke and water mist.

"It's the back hand left by the lady of heaven!"

Ye Chen heart a shock, immediately saw a clue.

The ice spirit star is the thing of the heavenly daughter, and it is also the energy source of tens of millions of big formations. It has the aura left by the heavenly daughter.

At this moment, the aura of the goddess of heaven in the past was brought into full play. Countless mists and mists, mixed with strong ice spirit and chill, surrounded Ye Chen, faintly turned into a beautiful girl figure, waving a sword and dancing, and a head of ice Phoenix was boiling out, which disintegrated the sword of judgment.

This is obviously too God left behind!

If ye Chen failed to break into the array, the heavenly daughter would not really kill him, but would give him a chance. This ice spirit star is the final defense, which can ensure that ye Chen will not be killed by the array.

Even if it fails, there is a chance to come back.

However, ye Chen's array cultivation is too powerful. This ice spirit star can't be used. On the contrary, ye Chen is now facing the sword of Tiancan Niang's judgment, and this star is used.

Hum!

The whole ice spirit star, the aura continues to break out, continue to expand, and gradually rose into the sky, turned into a real small star.

"Back up!"

Ye Chen immediately soared to the sky and flew to the ice soul star.

Now the whole secret world is reduced to ruins, full of strong judgment sword spirit everywhere, and there is no way to get a foothold.

Only when we step on the ice spirit star, we can have a chance to breathe.

"Hoo..."

It's very cold on the frozen sky, and the stars spit out their breath.

Fortunately, ye Chen has a stele and Yan xuan'er to protect his body, but he is not afraid.

Came to this star, ye Chen just got a little breathing.

"No, I'll inform king Chiyuan right away and ask him to come and meet me."

Chapter 5092

Ye Chen's face is dignified, and has no carelessness, immediately takes out the token of the red yuan holy king, infuses a wisp of aura into it, and calls the red yuan holy king to come over.

Even if ye Chen comes to Bingpo Tianxing, it's not necessarily safe, because according to the original plan of the heavenly daughter, this star is for ye Chen's defense array, not for defense of the sword of judgment.

In the past, the Empress Dowager did not expect that things would develop into this situation.

Tiancan Niang tries her best. She launches the sword of judgment. Even Bingpo Tianxing can't resist it.

Ye Chen estimated that if he waited a moment, the sword Qi of judgment sword would spread to here completely.

At that time, the star will be cut by a sword.

Ye Chen will also be killed by the sword Qi of the trial!

Therefore, we must call holy king Chiyuan to come here to solve the immediate crisis.

In the whole shengtianfu, only Chiyuan Shengwang can suppress tiancanniang.

Boom!

Ye Chen has just issued a notice that the huge sword of judgment has appeared in the sky above Bingpo Tianxing.

The grand sword spirit of judgment, with the singing of the gods, is rolling out.

Bingpo Tianxing blows up a star array to resist the sword of judgment. However, this star array can't last long and will be broken sooner or later.

"Master Chiyuan, the sword of disaster has arrived. Come and meet me quickly!"

Ye Chen clenches his teeth and holds the token tightly, hoping that the holy king of Chiyuan will come as soon as possible.

At this time, Chiyuan Shengwang and Li Qingshan had completed the ceremony of father son recognition in the palace of Shengwang.

In the palace of the holy king, many elders and strong men were very happy to see their father and son recognize each other.

Because of emperor Shitian's curse, Chiyuan Shengwang had no offspring for tens of thousands of years. But now, he finally recognized Li Qingshan. Chiyuan Shengwang's successor and shengtianfu's orthodoxy have been inherited. The foundation of Qi Yun has been continued, and everyone is very happy.

But this joy didn't last long. The disaster weather of Tianjian and the power of tiancanniang's judgment sword have spread here.

"What's going on?"

"How did the empress start the trial?"

The elders were surprised, but they didn't know what had happened.

As soon as Chiyuan Shengwang's face sank, he had a kind of ominous premonition. When he pinched his fingers, he deduced that ye Chen had already got the disaster sky sword, but it was not over. Tiancan Niang took the initiative to kill him.

"Ma'am, you can't afford to lose! Why launch the sword of judgment to kill a younger generation? "

Red yuan holy King snorted a, immediately feel waist token concussion, take out a look, but caught the signal that leaf Chen sends.

His this token, and ye Chen's that piece, the breath is interlinked.

As soon as ye Chen sends a signal, he immediately senses it.

"Dad, what happened? Is there something wrong with brother ye? "

When Li Qingshan saw this, he was also worried.

Today, he was able to recognize Li Qingshan and his son, and was recognized by the elders. The greatest credit is Ye Chen.

If it wasn't for ye Chen, he might not even be able to come out.

"It's OK. You stay here. Don't walk around. I'll go back."

The holy king of Chiyuan waved his hand and put away the token, ready to go out to meet Ye Chen.

Li Qingshan was worried and said, "Dad, I'll go too!"

"Just stay here, take care of your sister and wait for my news."

The holy king of Chiyuan takes a deep look at Li Qingshan. They have just met. He doesn't want Li Qingshan to have an accident.

If something happened to Li Qingshan, the holy king of Chiyuan would have no tears.

Li Qingshan still wanted to insist, but seeing the look of the holy king of Chiyuan, he said helplessly: "OK, Dad, I know. Then go back quickly and don't let brother ye have an accident!"

He also knew that his father could not let him take any more risks.

"Well."

King Chiyuan nodded and immediately strode out to defend the wind and fly to the secret place of Tianjian.

At the entrance of Tianjian's secret place, many elders, as well as the strong men under Tiancan Niang, all rushed over.

They wait at the entrance until the slaughter of the trial is over, and then they go in to collect the bodies.

When King Chiyuan came here and saw so many people, he frowned and said, "what are you doing?"

Seeing that the holy king of Chiyuan was coming, many strong men arched their hands in a hurry and said in unison: "see you, holy king!"

Most of them are subordinates of tiancanniang, but in shengtianfu, after all, Chiyuan Shengwang is the real master. Therefore, when they see Chiyuan Shengwang, they should bow down to say hello.

"Get out of the way. I'm going in."

With a wave of his hand, Chiyuan Shengwang motioned for everyone to give way.

However, many strongmen and elders blocked the entrance and did not mean to let it go.

One elder said: "Your Majesty, the empress will launch the trial, and the person under trial is still inside. You must not be disturbed by outsiders. Once the trial is over, the empress will be killed!" Another elder said, "lord king, please don't make it difficult for us. You'd better go back."

There is also humanity: "yes, lord king, there is no need to fight with the empress for an outsider."

"That boy has offended his mother. He will die today. Your majesty, you don't have to go to great pains to save him."

All the people are persuading Chiyuan holy king not to fight, so as not to disturb the judgment of Tiancan Niang.

"I say it again, get out of my way."

The red yuan holy King's vision is angry, nature can't watch ye Chen die.

If there is no way to stop him, he will be killed!

The elders were frightened and looked at each other, but they didn't know what to do.

The battle between Tiancan Niang and Chiyuan Shengwang is too difficult for them.

.....

And at this time, in the secret.

Ye Chen is on the ice soul sky star, running around and fleeing. The surrounding snow and frozen soil are all overturned by the sword of judgment.

The guardian star array had already been smashed, and the whole sword of judgment was naked on the top of Ye Chen's head, showing an extremely grand and overbearing killing atmosphere.

Ye Chen keeps running and plundering, but no matter where he goes, the sword of judgment will chase him. It's like gangrene attached to bones. He can't get rid of it at all.

"Damn, why hasn't the holy king of Chiyuan come yet? If he doesn't come again, I'll be killed! "

Ye Chen clenched his teeth and felt more and more pressure.

"Ye Chen, it seems that at the last moment, you still have to rely on your own strength."

"To open the reincarnation blood with all one's strength, and then use the six ways of reincarnation, we should be able to fight against the sword of trial."

"But when the trial is over, even if you survive, you'll be in a state of weakness."

Xuanhanyu's voice spreads to Ye Chen's ears.

"Still can't escape this end?"

Chapter 5093

Ye Chen smiles bitterly. He deals with emperor Shitian, but he doesn't want to make himself weak.

But I didn't expect that the painstaking transaction would be lost in the hands of tiancanniang.

If ye Chen finally falls into a weak state for a period of time in order to fight against the sword of judgment, his previous deal with emperor Shitian is almost in vain, and he even has a sword, Tianxing.

Sobbing

Just when ye Chen is extremely depressed, there is a burst of air sound in front of him.

I saw a deep gray black space transmission port, appeared in front, whine concussion, I do not know where to connect.

"There's a space exit here!"

Ye Chen sees this space mouth son, immediately spirit is greatly excited.

It seems that the layout of the Empress Dowager is far-reaching and extremely stable. She knows that there may be accidents, so she has left behind everywhere.

In this secret place, there was another exit, which was on the ice spirit star!

"Ha ha, it's really hard to find a place to break the iron shoes. It doesn't take much effort. Since there is a way to go for you left by the empress dowager, let's leave now."

Xuanhanyu was also relieved to see the space exit.

If you can leave smoothly, do not use reincarnation blood, keep the state, and avoid falling into weakness, then naturally it can't be better.

Ye Chen is also very happy, immediately flies to that space mouth son place, directly drilled out.

Boom!

When ye Chen gets into the space exit, the sword of judgment breaks out violently and cuts fiercely.

The whole ice soul star was cut in half by one sword.

As for the secret world, it was also completely turned into ruins. The palace of Jianfu was also destroyed. Thousands of big formations were crushed and there was no trace left.

Tiancanniang tries her best to break out the sword of judgment. The killing power is really terrible. The whole secret world is full of broken mountains, broken forests, flowing magma, and ice spirit. After Tianxing is cut off, the cold air flows away, and ice, wind and snow float everywhere. It's a picture of doomsday.

The law of space, the law of time, the law of creation, and so on, have been destroyed, and countless black hole eddies of doomsday have appeared between heaven and earth, which are very terrible.

Ye Chen looks at this scene with horror. If he is a little slower, he may be killed by the sword of judgment. Even if he is lucky, he will fall into serious injury and weakness.

In front of Ye Chen's eyes, the ruins of the doomsday scene suddenly passed, and ye Chen was soon sent away. In front of him, there were all the waves of space turbulence, deep and dark.

This space gap has existed for tens of thousands of years. The law of space fluctuates greatly, and I don't know where to send it.

At this time, at the entrance of the secret place of shengtianfu, the holy king of Chiyuan is so powerful that he is ready to kill. Even if he kills all the elders in front of him, he can't watch ye Chen's accident!

Woo!

But at this time, the sudden change!

I saw the whole secret transmission entrance, the light was completely dim, then turned into nothingness, completely disappeared.

"What, the secret entrance is gone!"

"Ah, it must be in the secret place. Everything has been destroyed by the empress!"

"The empress is invincible. She destroys heaven, earth, mountains and rivers with one sword and kills all enemies."

"The rules of space in the secret place all collapsed, so even the entrance disappeared."

"I don't know if the empress expected this..."

The elders were astonished, and then talked about it.

The entrance to the secret place disappears. Obviously, the space law in the secret place collapses. All existence is destroyed by the sword of judgment.

In other words, the world in the secret place has been completely reduced to ruins, and nothing can survive.

Even if you survive, you can't escape.

Because the entrance to the secret place has been closed and completely disappeared. The law of space inside has collapsed. No one can get out and no one can get in.

"Is the trial over?"

The holy king of Chiyuan frowned at this.

The trial of tiancanniang is obviously over. Even the space has collapsed and the secret place has been completely destroyed.

But ye Chen is still alive!

King Chiyuan obviously felt that there was a breath of Ye Chen on the token, and the cause and effect had not been cut off.

Ye Chen is not dead yet!

Under the final judgment of tiancanniang, the world is destroyed, the stars are destroyed, and ye Chen is not dead. It's incredible.

"Lord king, the trial is over. Please go back."

"Lord king, you and your mother's grudge, we who are ministers, can't intervene."

"Please don't blame your majesty if there is anything wrong with you."

All the elders came back to their senses, showing a trace of fear. They were afraid that the holy king of Chiyuan would suddenly be in trouble.

After all, ye Chen was judged. In the hearts of all the people, he must be dead. They were afraid that the holy king of Chiyuan would take revenge and cut them. However, Chiyuan Shengwang frowned and didn't mean to kill people.

Because, he feels, the life breath of leaf Chen is still in, did not fall.

"Lord of reincarnation, you really have a good fortune. You can survive the great judgment against heaven."

"Just don't know, where on earth have you been?"

The red yuan holy king thought in the heart, he felt the breath of Ye Chen, more and more far away, obviously has escaped from the secret place, don't know where to go.

"The Lord of reincarnation must be found! Otherwise, something will happen to him and the consequences will be unimaginable! "

The red yuan holy King's heart is dignified. In the eyes of the elders, he turns and flies away.

He wants to go back to the palace of the holy king and discuss with the strong men to find Ye Chen.

The disaster sword has fallen into Ye Chen's hands. Once Ye Chen has an accident, the disaster sword will also be lost, and the consequences will be extremely serious.

.....

At this time, ye Chen is under the threat of space turbulence, surrounded by fragmentary pieces of space law, I don't know where to send him.

The transmission speed of this space turbulence is very fast. It sweeps thousands of miles in the blink of an eye. It's very terrifying.

"Ye Chen, go out quickly. The fluctuation of space transmission is too terrible. If time goes on, you may fall into the oblivion of time and space!"

Xuanhanyu issued a warning voice, obviously aware of the abnormal law of space here.

With tens of thousands of years of vicissitudes, and the sword of judgment, the law of the space left by the Empress Dowager in the past has been seriously disordered. It is likely that ye Chen will be taken out of the universe and exiled to the unknown time and space forever.

At the beginning, the sword spirit of annihilating Heaven Sword was banished by Ren Fanfan, and left the world outside the territory completely, and fell into the unknown time and space. However, the sword spirit of annihilating Heaven Sword is powerful in cultivation, and there is still a chance to return in the future.

For ye Chen, once he was sent out of the boundary, he would be completely lost, and there would be no chance to come back.

Therefore, we must flee here as soon as possible, otherwise, once we are exiled, we will fall out of the sky and the world, and the consequences will be unpredictable.

Chapter 5094

"Chunlongdan, burn!"

Ye Chen bites his teeth. His aura hasn't recovered. Even if he wants to escape, he can't do it.

Ye Chen knows that speed is not enough, so even if the situation is urgent, he still sits down on his knees and sacrifices a large number of pure dragon pills. All of them burn up, and a stream of liquid flows into the body's meridians, constantly recovering his aura.

Under the nourishment of pure dragon pills, ye Chen even shows signs of dragon like. His palm turns into a dragon claw, and there are dragon scales looming. There are also ancient dragon like totems on his skin.

Under the nourishment of a large number of pure dragon pills, ye Chen's aura quickly recovered and his state gradually returned to the peak.

"It's too late. Let's go!"

Just when ye Chen recovers to 70% or 80%, xuanhanyu stops drinking. It's obvious that he is aware of something bad. The law of space here is on the verge of annihilation. Ye Chen is about to be sent out of the universe and fall into the unknown time and space forever.

"Star soul chop, break!"

Ye Chen suddenly opened his eyes, eyes sharp, evil sword sacrifice, a sword, cut to the front of the space barrier.

Whoa!

Countless laws of space split under Ye Chen's sword in an instant and become nothingness. The crystal wall of space in front of him also broke in an instant, and a ray of light of the outside world appeared.

Ye Chen sees this, flies out immediately, escapes completely.

WOW!

As if through a water curtain mixed with sand, ye Chen came outside, saw the light from the dark, but his eyes were stinging, and he heard the wind in his ears.

Ye Chen narrowed his eyes and slowly opened his eyes when he got used to the field of vision.

In front of my eyes, it was a desolate and ancient place, with broken walls and broken murals everywhere.

Click.

Ye Chen walked slowly on the ground, but the bricks and stones at his feet were crushed. I don't know how many years it has been weathered, and the traces of vicissitudes are very deep.

"Where is this?"

Ye Chen's eyes look around, where he seems to be a collapsed palace, which has become ruins.

Outside the palace, there is a world of endless desolation, full of sand and dust, with crows circling in the sky, whistling, a desolate scene of doomsday.

Whoosh, whoosh

The long wind blows, and ye Chen's clothes and robes make a sound of hunting.

"Well?"

"This is Annihilate the breath of Heaven Sword? "

All of a sudden, ye Chen caught a very familiar breath from the wind. It was Hong Tianjing's weapon, the breath of annihilating sword!

"Is annihilation Sky Sword banished and come here?"

Ye Chen suddenly creeps, is he also banished from the world, falling into the unknown world of time and space?

"I don't think so. I'm worried."

Ye Chen calms down and reacts carefully. He finds that the breath of the silent sword here is very weak, very vicissitudes, very old. It's obviously a long time ago. I don't know how many thousands of years it has been.

Under speculation, the palace at the foot of Ye Chen, and the world, should have been destroyed by the annihilation sword.

Annihilation sword is indeed Hong Tianjing's weapon. After tens of thousands of years, the years have become ruins. The breath of cause and effect of annihilation sword has not completely disappeared, and ye Chen has caught some of it.

"Ye Chen, it's very far away from shengtianfu and taixuan array gate. If you want to go back, it's not so easy, but it's closer to Beiling tiandian."

At this time, Xuan Hanyu said.

"Master, where is this?"

Ye Chen is frowning. There is the breath of annihilating sword. It is obvious that Hong Tianjing came here tens of thousands of years ago.

To be exact, this place was completely destroyed by Hong Tianjing!

If Hong Tianjing can do it, this place must be extraordinary.

"If I guess correctly, this should be tianwu altar. Look at the statue in front of me."

Xuanhanyu tone with a trace of solemnity, motioned Ye Chen to look forward.

When ye Chen looked forward, he saw that under the cover of the wind and sand, there was a tall stone carving standing alone for many years, but it was as smooth as new, without any trace of mottled vicissitudes. It was obvious that someone often wiped it to keep it from being covered with dust.

"This is The statue of Wuzu

Ye Chen saw the stone carving and was shocked. He slowly approached it and found that the statue was actually the stone carving of Wuzu!

Wuzu, it's a legend that opened up the existence of Wudao, which is the source of Wudao.

The legendary tianwu Wolong Sutra, the most mysterious existence in the 33 Tianhong Mongolian Dharma, is also in the hands of Wuzu.

Since the fall of Wuzu, the Mongolian Dharma of thirty-three Tianhong has also been lost. There are few statues of Wuzu in the world, because all of Wuzu's orthodoxy is almost broken, and no one can see the mystery of the past.

Ye Chen has Wuzu's heart of Tao. He has a causal relationship with Wuzu, and even understands Hongmeng's big starry sky.

At this moment, ye Chen stands in front of Wuzu's stone carving and looks at Wuzu's majestic and resolute face. It seems that he has gone through time and space to see the figure of Wuzu Weian again. "There is a statue of Wuzu here. It should be tianwu altar."

"Tianwu altar is said to be the holy land of worshipping Wuzu in the past, holding the general training program of tianwu Wolong Sutra, but it was destroyed somehow later, and there is no legend of tianwu altar in the world."

Seeing the statue, Xuan Hanyu also recalled it.

"The general principle of tianwu Wolong Sutra cultivation?"

Ye Chen was surprised. The tianwu Wolong Sutra is very mysterious. No one knows where it is scattered. There is a sealed book on the other side of the Wolong hall. But now xuanhanyu says that the general training program of tianwu Wolong Sutra is in the tianwu altar.

"Where did you come from to offend Wu Zu?"

"I don't kneel down when I see Wu Zu. I'm so bold!"

"Boy, where are you from? How did you come to tianwu altar? "

When ye Chen was in doubt, he saw five old men flying from afar.

These five old men are rickets and crippled, full of sword wounds, and their eyes are extremely fierce. They make people feel numb when they look at them.

Their cultivation breath is very powerful and frightening, but it seems to be sealed by some power, and their cultivation can't be exerted.

"Young Ye Chen, I have met you all."

Ye Chen is not careless. He guesses that they should be from tianwu temple. He immediately bows his hand and gives a salute, which can be regarded as an expression of goodwill.

"Haha, this boy has a good martial arts background, and his blood is very deep. If we kill him and devour his blood, maybe we can break the seal and recover our strength."

However, these five old men didn't care about ye Chen's kindness. On the contrary, they all showed fierce and ferocious color. They wanted to eat ye Chen.

Ye Chen heart a Lin, immediately alert.

"Fenglei Tianxing, I've suppressed it!"

These five old people drink in unison. Their old Qi and blood burn and gather together. A bright star rises from their Qi and blood.

Chapter 5095

This star is full of wind, thunder and lightning. The thunder is rolling and rumbling. Countless thunder, purple and electric waves are mixed with the storm, and constantly burst. It is actually one of the "chaos nine stars". It's called wind, thunder and sky star. It ranks third in the chaos nine stars, and its lethality is very powerful.

Although their accomplishments are sealed, their Qi and blood are still powerful and can be used to activate magic weapons.

The wind, thunder, sky and star came out of the sacrifice, which was really mighty, bursting and rising rapidly. From the size of a small bead, it gradually expanded into a real huge star, hanging high above the head of Ye Chen.

Crackle!

A purple lightning, with overbearing Tianwei, such as a sword from the sky, fiercely cleaved down.

Ye Chen's face sank. He didn't expect that the other party would suddenly kill him. He would take his life with his hand.

"Please don't do it. It's a misunderstanding. In fact, I'm..."

Ye Chen pulls out the evil sword and waves it. He uses it to break the sky and the earth. With the Qi of the sword, he immediately shakes the purple lightning and destroys the nothingness.

Ye Chen wants to explain his identity. He has a relationship with Wu Zu and is not an enemy.

"Eh, I'm a little bit of a Taoist. I can't believe I'm too good at it. I'll kill you

An old man was surprised, but he didn't wait for Ye Chen to explain. He immediately burned his Qi and blood, and madly urged the wind, thunder and stars. Thousands of thunder and lightning gathered to form a Thunder Dragon. Thousands of storms turned into a wind dragon.

The wind dragon and Thunder Dragon, with fierce murderous spirit, fell down from the stars and roared to the sky. They were directly killing Ye Chen to devour Ye Chen alive.

"Hongmeng big starry sky, rise!"

Ye Chen saw that it was useless to talk, so he didn't talk nonsense at all. He stepped hard and directly used the Hongmeng starry sky.

The magnificent Hongmeng starry sky is supported from behind Ye Chen in an instant, and countless starlight burst into a bright and vast river.

As soon as the wind dragon and Thunder Dragon rushed into the starry sky of Ye Chen, they were immediately engulfed by the rolling river of stars, and they couldn't even stir up the waves and flowers.

Ye Chen is a big star, but one of his cards is very strong.

These five old men's accomplishments are sealed after all. They can't break Ye Chen's starry sky by relying on their Qi and blood to activate their magic weapons. All the thunder and wind burst into the sea, and they were immediately submerged in the rolling river of stars.

"Ah, it's the big starry sky!"

"Hongmeng big star sky, how can you master this magic power?"

"It's impossible! Have you ever seen the tianwu Wolong Sutra? "

"Who are you?"

The five elders were shocked.

They immediately rolled over the stars.

Then he saw that the wind, thunder and stars in the sky were also shrouded, and all the violent wind and thunder breath was suppressed.

As long as ye Chen is willing, he can kill the whole audience with a single thought.

The five old men's eyes all showed a look of great fear. They didn't expect that ye Chen was so powerful in the sixth floor of heaven and earth.

Under the seal of their cultivation, this Fenglei Tianxing is their only dependence.

Even Fenglei Tianxing was suppressed by Ye Chen. They no longer had any means to struggle and resist.

"Senior, actually I'm a descendant of Wuzu. "

But all Chen's intention to kill slowly, doesn't open a mouth to indicate the identity of the person.

Then, ye Chen directly opened the reincarnation blood, a virtual shadow of the reincarnation disk also emerged behind him.

"You are "Descendants of Wu Zu?"

"Ah, six samsara, blood

"Are you The legendary Lord of reincarnation? "

The five elders, seeing the vision of reincarnation behind Ye Chen, were shocked and disgraced.

Ye Chen didn't mean to hide it, but directly showed the weather of the Lord of samsara, that is to tell them that he can be regarded as the descendant of Wuzu, and the law of samsara won't deceive people.

"So you are the Lord of reincarnation!"

"The Lord of reincarnation is up. Just now we old guys have offended so much. Please forgive me!"

All old kneel down, full face fear tremor, kowtow to Ye Chen salute.

"You don't have to."

Ye Chen smile, palm a wave, aura rolling, will they all help up.

"Where on earth is this place? How can there be the breath of annihilation sword? Have you ever fought with Hong Tianjing? "

After a pause, ye Chen asks.

He and Hong Tianjing are destined to fight a decisive battle in the end. They are so-called "know yourself and know each other" and will win every battle. He doesn't want to miss any news about Hong Tianjing.

"Reincarnation Lord, you even know the annihilation sword?"

"Hong Tianjing, do you know? It's so powerful

When people hear that ye Chen mentions annihilation Sky Sword and Hong Tianjing, they are all startled. Unexpectedly, ye Chen knows these secrets about the superior."Tell me, what happened here before?"

Ye Chen looks around. The world here is completely in ruins. The palace of tianwu altar was also completely destroyed. Only the stone carvings of Wuzu are still intact.

"Lord of reincarnation, are you really the descendant of Wuzu?"

An old man swallowed his saliva, obviously a little scrupulous.

They don't want to reveal the secret of this place, because the cause and effect behind it is too deep, and their cultivation has been sealed. If they reveal any secret, they may not even be able to save their lives.

"Naturally, this starry sky is the best witness. I haven't seen the tianwu Wolong Sutra, but because I have the mind of Wuzu, I understand such great powers."

Ye Chen smiles a little, and the big starry sky behind him is more and more shining.

It is precisely because he has the heart of Wuzu and the legendary Wuzu that he has established a trace of cause and effect, so that he can understand the Hongmeng starry sky.

In other words, ye Chen inherits a trace of Wuzu's cause and effect, and can be regarded as the descendant of Wuzu.

"Since you are really a descendant of Wuzu, we may need you to bear our hatred. Would you like to?"

An old man came forward and asked in a voice of vicissitudes.

"Gentlemen, first of all, what happened here in the past."

Ye Chen's vision is tiny to coagulate, but didn't easily agree.

The five elders looked at each other and discussed in a low voice. It seemed that they were discussing something. At last, the old man who had just talked about the vicissitudes of life walked slowly to Ye Chen and said, "Lord of reincarnation, this is tianwu altar, the place where we used to worship Wuzu."

Ye Chen nodded and said, "I know that the general outline of tianwu Wolong Sutra is also in your hands."

Voice down, five old heart a shock, once again exclaim Ye Chen's magic power, I do not know how many secrets Ye Chen still master.

They didn't dare to hide it. The old man straightened out his words and said, "yes, the general outline of tianwu Wolong Scripture is really in our hands. Hong Tianjing was about to fight with the heavenly daughter. He was not sure of winning, so he went to our tianwu altar to snatch the Scriptures."

Chapter 5096

"Really..."

As soon as Ye Chen's eyes brighten, if Hong Tianjing's master plan for the cultivation of tianwu Wolong Sutra falls into his hands, he will definitely go against the heaven. Once he gets such a peerless power and successfully cultivates it, even the Empress Dowager can't be his opponent.

The legend of tianwu Wolong Scripture is the most mysterious existence. Even the superior can't see the whole picture. This Scripture is related to the source of martial arts and the ultimate value of martial arts.

Anyone who can get it can change his life against the sky and soar to the sky.

The old man continued: "We tianwu altar, there are many strong, but Hong Tianjing, is the real leader, and there is annihilation sword in hand. When he came in one by one, he was as powerful as breaking the sky, blocking the invincible, we tianwu altar up and down, millions of believers, were killed by him, blood into a river, heaven and earth into ruins, it's terrible."

The old man's tone, with vicissitudes and fear, was obviously shocked by Hong Tianjing's strength.

Hong Tianjing killed millions of believers in tianwu altar with one sword, almost washing the door with blood.

Ye Chen hears these words, also be shocked unceasingly.

"At the end of the battle, only our five Dharma guardians survived, because the general outline of tianwu Wolong sutra was in our hands. With the protection of tianwu Sutra, Hong Tianjing could not kill us."

With a faint sigh and a wave of his hand, the old man sacrificed a page of scriptures.

This book is as like as two peas in the temple of Wolong, and is sealed. There are countless chains of seal, and black mist is rolling.

However, the text on the page is completely different from that on the page of the Sutra of Wolong shenzun.

This page of the Scripture is actually a general outline of cultivation. It is the most valuable part of the tianwu Wolong Scripture and records the mystery of the Scripture.

"Wolong has accumulated a lot but not a lot."

"The dragon travel is shallow, endure for a while, once fly into the sky, the Dragon soars into the universe..."

"The word" dragon "is vast and magnificent, ancient and desolate, and has great influence on the world..."

"When I fly into the sky, all the world will submit, and all the people will bow down. I am the Lord of the world..."

The words on the general outline of cultivation are shining with bright golden light, and they are distorted. If you want to turn it into a dragon totem, you will fly to the sky.

Ye Chen looks at this general outline, immediately the vision shrinks, the heart beats wildly, seem to peep what Supreme road.

Tianwu Wolong Sutra is about thick accumulation. The deeper the accumulation, the more serious the outbreak.

If you're an ordinary warrior, it's useless to get this Scripture, because you don't have enough accumulation to exert any power.

Therefore, in the thirty-three Tianhong Mongolian Dharma, the tianwu Wolong Sutra is at the end of the list. It is because this sutra is not a magic power of killing and cutting. It is just a guide to detonate the potential of the human body and the accumulated accomplishments. It soars to the sky and changes its life against the sky. If the real dragon comes into the world, it will dominate the world.

Ye Chen's martial arts knowledge is extremely profound and has accumulated a lot. When he saw the general training program of tianwu Wolong Sutra, he felt refreshed and energetic, as if he was going to break through some martial arts barrier, and his accumulated knowledge would explode and soar to the sky.

"Look at the picture of your reincarnation."

The old man bit his fingertips and dropped a drop of blood on the general outline of the Scriptures.

WOW!

All of a sudden, there was a flash of divine light in the Scriptures, which floated and evolved into all kinds of ancient pictures.

The original battle pictures of the past are all preserved in the general outline of this page.

Ye Chen saw that an old man with white hair, holding a long sword and a lonely figure, with the momentum of breaking through the heaven and earth, broke into the tianwu altar.

The believers in tianwu altar were shocked.

In those days, tianwu altar was very prosperous. There were millions of believers who admired Wuzu's elegant demeanor and wanted to pursue the lost tianwu Wolong Sutra.

Now, all believers are shocked to see Hong Tianjing break in with one sword.

In this world, no one dares to enter the world of the altar alone except the legendary superior.

In the picture, ye Chen also sees a familiar figure, which is actually Wolong shenzun.

At that time, with a page of Scripture, the God of Wolong wanted to take refuge in tianwu temple and form an alliance. When Hong Tianjing came, he was negotiating with the five Dharma guardians.

However, the five Dharma elders did not agree to form an alliance.

Because Wolong shenzun is the servant of the supreme daughter of heaven. To put it mildly, he is a running dog of the superior.

Tianwu Temple believes in Wuzu and pursues the supremacy of martial arts. It does not rely on anyone but relies on its own strength to fight against the superior. It even destroys wanxu and establishes Wuzu's hegemony.

Therefore, Wolong God was not recognized by tianwu altar.

When Hong Tianjing was killed, the God of Wolong ran away immediately.

As the servant of the heavenly daughter, Wolong God Zun naturally knew the strength of the superior. When he saw Hong Tianjing coming, he probably predicted that tianwu altar would be completely destroyed, and there would be no chance to survive."Where is the leader of tianwu sect? Get out of here

Hong Tianjing strides into the world of the altar, holding the sword of annihilation and silence. His voice is loud and clear.

Many believers look at each other and dare not breathe.

Hong Tianjing's body, with the superior's unique domineering, is extremely sharp. If he wants to destroy the heaven and the earth, there are many rules behind him, which are constantly circling, but they belong to the supreme world and are invincible.

"Hong Tianwang is here. What can I do for you?"

A young man in a white robe came out of the altar, but he was the leader of tianwu altar at that time.

The old man explained to Ye Chen, "Lord of reincarnation, this is the second generation leader of our tianwu altar, named tianwu emperor. All the leaders of our tianwu altar are called tianwu emperor."

"The temple of tianwu was actually established by Yan Changge, who was the first emperor of tianwu. Later, he felt that the establishment of tianwu was too far away to realize his wish, so he resigned as the leader of the church and established the sage orthodoxy."

"However, we at tianwu altar keep a low profile, only develop believers behind the scenes, and secretly search for tianwu Wolong Sutra. Therefore, few people in the world know that Yan Changge is actually the first generation leader."

Ye Chen listens to the old man's explanation, in the heart is a burst of shock again.

It turns out that Yan Changge, the former master of the heart demon, was actually the founder of tianwu altar. He used to be the first leader of tianwu altar.

No wonder Yan Changge's sage orthodoxy has developed so well. He was originally the leader of tianwu sect and had the experience of teaching. It is easy to develop orthodoxy.

Ye Chen looks at the picture in the light curtain. The young man in white robe, the second generation of tianwu emperor, is obviously unstable. He doesn't have the prestige of Yan Changge and can't convince the public. Therefore, the five old men in front of Ye Chen don't look respectfully at the young man in white robe. They obviously don't pay attention to him.

Chapter 5097

"It's said that the general principles of tianwu Wolong Sutra are in your hands. You are not qualified to master these secrets. Give them to me as soon as possible!"

In the picture, Hong Tianjing's tone is severe, staring at tianwu emperor and shouting.

The general outline of Wuwolong Sutra that day was not in the hands of Tianwu emperor, but in the hands of five Dharma guardians.

Emperor Tianwu's face froze and said, "I don't have the Tianwu Wolong Sutra. Please forgive me. How can we easily hand over these secrets? Is Hong Tianwang going to bully the weak? "

"Ha ha ha..."

Hong Tianjing looked up at the sky and laughed, "I'm going to bully the weak. What can you do for me? You are the bully of the world. You are not the bully of the world

Hearing this, Emperor Tianwu's face changed greatly. I didn't expect that Hong Tianjing was so rude.

The impression of those who are in charge of military affairs outside China still remains on the Empress Dowager.

Everyone thinks that the superior is like the heavenly daughter. Although she is superior, she never bullies the weak. Unexpectedly, Hong Tianjing still exists.

To be exact, in fact, the supreme daughter is an odd number. Generally speaking, the superiors are unscrupulous.

"You Do you dare to wash my temple of heaven? Are you not afraid of causal punishment? "

Emperor Tianwu was shocked, angry and scared.

"Ha ha ha, what I came here is just a separation. I have only one tenth of my own strength. If you can't even resist one tenth of my killing, it's a group of real mole ants. Why do I fear heaven's punishment?"

Hong Tianjing still looks up to the sky and laughs wildly, and no longer talks nonsense. He suddenly takes the annihilation sword and goes to the altar.

Whoa!

As soon as the sword moves, it will burst down like a river of stars, splashing blood.

At least tens of thousands of people were killed by Hong Tianjing in an instant, and even their bodies were not left behind. They were completely reduced to nothingness under the sword Qi of annihilating sky sword.

"A group of rubbish, since you are not willing to hand over the Scriptures, let's see that I annihilate the power of the Heavenly Sword!"

Hong Tianjing burst into the crowd with a ferocious laugh and killed with a sword.

His sword is out of order, but because his strength is too strong, and the supreme sword is too sharp, every sword killed is head rolling, I don't know how many believers' lives are reaped by him.

"This This is the strength of the superior... "

Tianwu emperor saw this scene, completely shocked, also completely shocked.

Hong Tianjing is like a fierce tiger. When he goes into the sheep, there is no existence at all and he can resist his power.

The whole world of tianwu altar soon fell into chaos, with screams, blood, sword power and killing everywhere.

Millions of tianwu believers want to organize a counterattack, but any means of resistance, under the annihilation sword of Hong Tianjing, is like paper paste. With a touch, it is destroyed.

Emperor tianwu was completely flustered and did not dare to fight. He turned and fled.

How dare you escape!

"Ha ha ha, all the tianwu masters are rubbish! That Yan Changge was killed by one of my fingers. Where can you go? "

Hong Tianjing laughed wildly. He waved his left hand and shot it. He killed tianwu in the air and wanted to kill him.

"The world of evasion!"

Emperor tianwu was terrified. At the critical moment of his life and death, he used a magic method, and his body escaped. It was as if he had gone through time and space and disappeared.

"Gee, you can do such magic power with the technique of Wanjie evasion."

Hong Tianjing was slightly surprised, but he didn't kill tianwu. Instead, he ran away.

It turns out that emperor tianwu's means of escaping his life is called Wanjie evasion, which is a kind of hongmengyuan technique. It was upgraded and transformed from the technique of escaping from heaven.

Ye Chen has also seen it. It's the Hongmeng ancient method in Xuanyuan moxie Tiandao palace. It can hide the body.

This technique, upgraded to hongmengyuan, has a wonderful effect, that is, it can jump out of the real world for a short time and shuttle to the unknown time and space.

Once you use the technique of Wanjie evasion, you can really jump out of Wanjie. If you are not in the five elements, you can avoid all killing, all causality, all natural punishment, and really jump out of the real world.

However, this technique is very risky. If it takes too long to jump out of the real world, it will be completely lost, forever trapped in the unknown time and space, and will never come back.

Therefore, ye Chen saw in the picture that emperor tianwu had just avoided Hong Tianjing's attack. After his body disappeared, he immediately reappeared in the sky several miles away.

Obviously, after jumping out of the real world, Emperor tianwu did not dare to jump out for a long time and came back immediately.

"Stop him!"

Emperor tianwu was pale, and obviously spent a lot of aura. He cried out for orders, but he did not dare to face Hong Tianjing. He still ran away.

His followers were all fearless of death. In order to protect him, they rushed to Hong Tianjing like moths to the fire."Ha ha, the leader of tianwu sect wants to escape. You don't even deserve to give Yan Changge shoes! What qualifications do you have to inherit Wu Zu's orthodoxy? "

Hong Tianjing laughed coldly, but he didn't catch up with tianwu.

He's not a murderer, but he's not a murderer.

In his eyes, the emperor tianwu, who escaped from the battle, was not as good as a pig or a dog. Killing him just dirtied his sword.

What's more, Hong Tianjing also knows that tianwu Wolong Scripture is in the hands of the five Dharma guardians, not in the hands of emperor tianwu. Even if the latter escapes, it will not affect the overall situation.

As the fighting continues, ye Chen can see clearly that Hong Tianjing has killed millions of believers and finally confronts with the five Dharma guardians.

The five Dharma guardians offered the general outline of tianwu scriptures and resisted the attack of Hong Tianjing's sword spirit.

After three days of stalemate, there was no victory or defeat.

"Ha ha, why do you struggle? You might as well give me the Scriptures. I can spare your life. If you resist stubbornly, you will die when I break through the defense!"

It's a long time for Hongsen to break the book of cause and effect.

The five Dharma guardians, however, clenched their teeth and refused to hand in the Scriptures.

It seems that the stalemate in Tianhong lasted for two days.

Suddenly, a flying sword came from the outside and fell to Hong Tianjing.

Hong Tianjing had a rough look and suddenly changed his face. He murmured, "the holy emperor of henggu is going to fly up. It's not good..."

In the twinkling of his eyes, Hong Tianjing bit his teeth, looked at the five Dharma protectors and said, "damn you, how dare you disobey my will. I'll seal your accomplishments today, and then I'll take your dog's life after I finish my task!"

Chapter 5098

After that, Hong Tianjing's body burned, and he sacrificed his body directly. He turned into a strong energy and fell on the five Dharma elders.

"Ah

Five old immediately issued a scream, Xiuwei was immediately sealed, fainted.

The picture here, also completely dissipated.

Ye Chen read the whole process, only shocked speechless.

It's just a part of Hong Tianjing's strength, only one in ten thousand. They are all so powerful. One person and one sword can kill through the whole tianwu altar. If it's Hong Tianjing's real body, it's OK.

The strength of the superior is really incredible and terrifying. It's just an unthinkable existence.

"Reincarnation Lord, this is all the past. Originally, we five old guys were ready to sacrifice. Unexpectedly, Hong Tianjing left suddenly and never came back."

The old man's eyes were bleak, looking at the statue of Wuzu.

Hong Tianjing's cutting down on the heaven was extremely fierce. But when he first washed the temple of heavenly martial arts, he did not destroy the stone carvings of Wuzu.

The whole temple palace was destroyed by Hong Tianjing, but even so, the stone carving of Wuzu was not damaged at all.

Obviously, Hong Tianjing has respect for Wu Zu and does not dare to offend him too much.

Ye Chen's brow is locked. It seems that Hong Tianjing had received the task of wanxu temple to eradicate henggu holy emperor. The situation is urgent, so he can only be forced to leave tianwu temple.

Later, Hong Tianjing was seriously injured because of the disaster witch's self explosion. He had no time to come back to capture the tianwu scriptures. So these five Dharma guardians survived and have kept the general outline of the Scriptures until today.

"Reincarnation Lord, I tianwu altar, millions of believers, have been slaughtered by Hong Tianjing. Since you are the descendant of Wuzu, please revenge for us. We must kill Hong Tianjing!"

The old man's voice was sad and resentful.

When Hong Tianjing blood washed tianwu altar, scenes of tragedy, they can not forget, just want revenge.

What's more, only by killing Hong Tianjing can their seal be untied and their original strength be restored.

While talking, the old man wanted to put away the general outline of tianwu Scripture.

"Master, wait, give me another look!"

Ye Chen's heart moved. Looking at the general outline of the Scriptures, he seemed to feel that his accomplishments accumulated over the years and all the inside information of martial arts would be detonated. He had accumulated a lot of knowledge and really burst out.

"Can you see through the general outline of the Scriptures?"

The old man was surprised. The general outline of the sutra was bound by many seals and chains. Although he could see the text, he could not catch any cause and effect fluctuation, nor could he feel the inheritance of Wu Zu. Before the seal was broken, it was like a piece of waste paper, and had no value of cultivation.

But ye Chen did not speak, silently looking at the words on the general outline of the Scriptures, reincarnation blood seething to boil up, as if it had penetrated countless heavy barriers and touched the residual will of Wuzu.

Outsiders can't see through the cause and effect of the Scriptures, but ye Chen has reincarnation blood and is advantaged in penetrating the restrictions of numerous blockades!

Even the blockade of tianwu Wolong Sutra can't stop reincarnation.

Moreover, he also has the heart of Wuzu Taoism. When he read this page of scriptures, he felt that all kinds of supreme meanings rolled in, and he had a feeling of enlightenment in his heart.

Boom!

Ye Chen's accumulation of martial arts knowledge for many years finally broke out under the stimulation of the general outline of tianwu Scripture.

A vast golden light burst out of Ye Chen's body in an instant. In the golden light, there were the spectacular weather of Xinghun chop, Tianlong eight gods sound, eight Fu Tu Qi, Zhenwu Buddha killing array, fahua heaven killing, Dahuang Tianlei and so on.

Then, in the endless golden light, the majestic magic Qi, the worship of hundreds of millions of demons, the eternal night magic shield, the master of the evil way, the abyss poison fog and other visions spread out in an instant.

The combination of Buddhism and Demons created a ripple like halo behind Ye Chen's head. The chants of Saint Buddha and demons were heard in the sky. Besides Buddhism and demons, the weather of immortals, eight trigrams, koi, dragon and tiger, and so on, surrounded by them.

Ye Chen's martial arts, immortals, Buddhists and demons, and so on, all exploded in an instant.

On this day, the general outline of the martial arts Scriptures was like an introduction. It was detonated at one time, which directly made Ye Chen's blood boil, the immortal light soared to the sky, the Buddha and the devil were bright, and revealed the terrible atmosphere.

"What

"How can you understand the general outline of tianwu?"

"It's impossible! Can the legendary reincarnation, even the seal of tianwu Wolong Sutra, penetrate through and break through? "

The five Dharma elders, looking at the majestic weather around Ye Chen, were shocked.

Boom!

On the top of Ye Chen's head, the vision of the six ways of reincarnation finally evolved. The disk of reincarnation was suspended high in the sky. The great atmosphere of immortals, Buddhists and demons, like a hundred rivers returning to the sea, all flowed into the virtual shadow of the disk of reincarnation. "I'm ready to break through!"

Ye Chen heart big shock, only feel the whole body aura ready to move, unexpectedly have the sign of breakthrough!

His martial arts knowledge is extremely profound. It's more difficult for him to break through than ordinary people. But at this time, stimulated by the general outline of tianwu, ye Chen shows signs of breaking through. The potential in the meridians is stimulated and is about to soar to the sky.

"Master, protect the Dharma for me!"

Ye Chen flew up against the wind and sat down in the sky. Then he closed his eyes and began to feel the breakthrough.

The five Dharma guardians were extremely shocked. Unexpectedly, ye Chen really understood the general outline of tianwu, and even had signs of breakthrough!

"Lord of reincarnation, you understand the general outline of tianwu, and you are the new generation leader of tianwu altar!"

"Yes, Lord of reincarnation, you are the third generation of tianwu emperor. We are willing to serve you!"

"Master, please wait for me!"

In their hearts, ye Chen's ability to understand the general principles of tianwu means that he has inherited the orthodoxy of Wuzu, and is qualified to become the leader of tianwu altar, and has won the title of "tianwu emperor".

Tianwu altar was founded by Yan Changge, and the second generation died. The second generation of tianwu emperor even escaped and did not know where to hide.

Now the whole temple of tianwu has completely declined, but the elders want Ye Chen to inherit the orthodoxy of teaching, take charge of tianwu's spirit and become the leader of the third generation of the great emperor.

They worship ye Chen respectfully, and then spread out to guard Ye Chen and protect him from any accident.

Ye Chen feels the change of the old people's attitude, but he doesn't say anything, because his attention is on his own breakthrough.

Buzz, buzz!

The shadow of the reincarnation disk is constantly shaking, and the powerful momentum is surging out. The pressure of Ye Chen's meridians is huge. His martial arts knowledge is too deep, and the breakthrough is very difficult and dangerous.

Chapter 5099

The inside information of martial arts was detonated by the general program of tianwu. There were explosions everywhere in Ye Chen's meridians, and the aura was violent. Only when it was completely suppressed, he could break through smoothly.

.....

And at this time, the holy heaven, Sword Fairy valley.

Tiancanniang's face was pale. She was immersed in a spring and regained her aura.

The sword Tianxing was engulfed by the emperor Shitian. Later, she launched the sword of judgment. It is conceivable that the loss was so great.

"The Lord of reincarnation, is that boy dead?"

Tiancan Niang opened her eyes. Beside her, there were more than a dozen maids. Outside the Lingquan, there were many strong men guarding her.

One of the maids replied in fear: "I'll tell you that I'm dead. All the elders did not catch the breath of reincarnation."

Tiancan Niang said: "since he is dead, where is his body?"

The sword of judgment, the peak kill, Tiancan Niang also expect Ye Chen will die, but did not see the body, finally not at ease.

After all, the fate of the reincarnation Lord is too grand. The Tu Sheng assembly can't kill him, and the five heaven hall can't kill him. Tiancan Niang is not absolutely sure that the reincarnation Lord is really dead.

"Niang Niang, the secret place has been destroyed. You elders can't get in. You can't bring out the corpses."

The maid answered with a low head in great fear.

Now the whole secret place has been destroyed by Tiancan Niang, and it has become a piece of ruins. Moreover, all the space rules have been shattered. It is about to disappear completely between heaven and earth, and become the empty space dust. No one can step into it any more.

Tiancanniang's eyes are cold. The legendary disaster sword is in the hands of the reincarnation master. How can she feel at ease if she doesn't take back the disaster sword?

If you can't find Ye Chen's body, you just can't find the disaster sword. When the secret place becomes the dust of space, the sword will fall into the unknown turbulence of time and space. If you want to capture it again, it's really hard to reach the sky.

"A bunch of rubbish, are the people from the Queen's palace here?"

Tiancanniang looks gloomy and flies out of Lingquan. She puts on her clothes and looks elegant.

She and xuanjiyue are excellent friends. She also knows that xuanjiyue wants to kill the reincarnation Lord, so after the trial, she has informed xuanjiyue.

Xuanjiyue said that she would send an expert to investigate the whereabouts of the reincarnation Lord.

The maid bowed her head and said, "come, just wait outside."

Tiancan Niang nodded and said, "tell him to come in and see me."

"Yes."

The maid turned and went out. In a short time, she brought in a young man in white.

The young man in white robe was handsome with sword eyebrows and stars. When he saw Tiancan Niang, he gave a smile and bowed his hand and said, "Tiancan Niang, you are all right."

Seeing this young man in white robe, Tiancan't help saying, "tianwu emperor, it's you. When did you take refuge in xuanjiyue?"

If ye Chen were here, he would be shocked, because this young man in white robe was the former leader of tianwu temple, tianwu emperor!

At that time, when Hong Tianjing entered the tianwu altar, he escaped. With the magic of Wanjie's evasion, he escaped from Shengtian successfully.

But I didn't expect that the former leader of tianwu sect took refuge in xuanjiyue today.

Emperor tianwu said: "I'm ashamed to say that my cultivation is low. Tianwu scriptures are occupied by traitors under my command and can't be recaptured. Now the queen has promised me to recapture them for me, so I'll serve for her."

It turns out that emperor tianwu was willing to take refuge with xuanjiyue because xuanjiyue promised him that she would help him get back the general outline of tianwu Wolong Sutra.

"Traitor? How did I hear that when Hong Tianjing destroyed your tianwu altar, it was you who escaped and didn't have the face to go back? You didn't dare to face it that day. Instead, you begged sister Jiyue for help, didn't you? "

Tiancan Niang gave a cold smile, but she didn't say yes. She obviously knew the secret of tianwu altar in the past.

Tianwu emperor's face changed, but he didn't expect that Tiancan Niang could know so many secrets. He laughed and said quietly, "Niang, if you don't say that, today I come at the Queen's order to help you investigate the fate of the reincarnation Lord."

Tiancan Niang nodded and said, "very good. I heard that your Wanjie evasion is a very brilliant hongmengyuan skill. It can jump out of the real world and avoid all attacks. It can also deduce all kinds of traces of the real world and infer infinite secrets. I will be relieved if you do it."

Emperor tianwu said: "today I come to shengtianfu. Naturally, I try my best to help empress. But please help empress Tiangong when it's finished. Now emperor Shitian's injury has recovered and is about to make a comeback. My empress Tiangong is under great pressure. Please help her."

Hearing the word "Di Shi Tian", Tiancan Niang changed her face, gritted her teeth and said, "naturally, Di Shi Tian is the common enemy of Ji Yue and me. Even if she doesn't say it, I will help her."

The reason why emperor Shitian was able to recover from the injury was that she swallowed Tiancan Niang's magic weapon, the sword Tianxing. She naturally harbored a grudge. No matter what the cost, she will cooperate with the imperial palace to curb the rising power of emperor Shitian.

Emperor tianwu nodded with satisfaction and said, "it's so good. Then I'll cast the spell immediately and investigate the life and death of the reincarnation Lord for the empress."

Having said that, Emperor tianwu stepped out step by step, and at his feet, he exploded a number of boundaries. In these boundaries, there are people's lives, city buildings, heaven and earth landscapes, and even the existence of extraterritorial stars, as if they were small worlds.

His step is like stepping out of the universe, revealing the infinite atmosphere of the universe.

Hum! The boundary expands and spreads to the whole Sword Fairy valley. In the fairy Valley, there are layers of small universe floating, countless mountains, rivers, stars, and the visions of animals and birds passing away. It's very spectacular.

"The legendary technique of Wanjie evasion is really wonderful."

She nodded in surprise.

And many powerful people in the Sword Fairy valley were shocked and gaped at the spectacle.

This art of Wanjie evasion has no lethality. It can't even kill an ant, but it has a wonderful effect, which is related to the real world.

If you encounter the enemy's attack, you can jump out of the real world and hide in the annihilation space-time to avoid all damage.

Even people like Hong Tianjing, who are superior to heaven, can evade the sword attack and use this method.

Moreover, this skill, connecting the heavens, can insight into all the causes and effects of the world. Now tianwu emperor uses this skill to continuously deduce and capture Ye Chen's breath in the real world.

As long as ye Chen is still in the real world and hasn't jumped out, he can trace back and find out. No matter where he escapes, he can't avoid his peeping.

Emperor tianwu's face, with a solemn and solemn look, hands constantly holding the formula, in the infinite universe, infinite heaven, infinite world, constantly searching for ye Chen's trace.

Chapter 5100

"Well?"

All of a sudden, Emperor tianwu snorted, but his face turned pale, and even a little blood flowed from the corner of his mouth. There was a sign of collapse and destruction in the atmosphere of the boundary of the universe around him.

"What's the matter?"

Lady Tiancan was surprised.

"It's OK. The reincarnation Lord is too powerful. If you want to spy on him, you need to pay a price."

Emperor tianwu bit his teeth. It is obvious that reincarnation blood is superior to the heavens and has great prestige. If he uses Wanjie's evasion technique to search the heavens and Wanjie, it is bound to touch reincarnation Tianwei and suffer backfire.

As soon as tiancanniang's face sank and her palm waved, infinite pills flowed out of her palm, turned into pure liquid and poured into emperor tianwu's body.

These pills are specially made by shengtianfu. There are ten million of them. Tiancanniang spills them all at once, as if she doesn't need capital.

At the beginning of the birthday ceremony, tiancanniang used the ten million holy Tiandan as the color head, but no one could capture it. Now she uses it directly, and the pills are pouring into the channels of emperor tianwu.

Emperor tianwu was nourished by a lot of pills, and his face was flushed. He played the magic tricks in his hands. Finally, a light curtain appeared in front of him. The faint picture in the light curtain was a desolate palace ruins.

Although dim, some can not see clearly, but one thing can be sure!

On the ruins of this palace, the reincarnation Lord is sitting on his knees, surrounded by five old Dharma protectors.

This place is tianwu temple!

"Did you find it?"

Tiancan Niang stands up and stares at the picture in the light curtain.

"Tianwu temple! How is this possible? How did the Lord of samsara go to the temple of heavenly weapons? "

Emperor tianwu was shocked to see the five Dharma elders protecting Ye Chen. He was even more frightened.

The general outline of tianwu Scripture is in the hands of these five Dharma guardians. If ye Chen gets it, the consequences will be unimaginable. He will never have a chance to see the secret of tianwu Wolong Scripture again.

Emperor tianwu trembled. He was afraid that the general outline of the book would fall into Ye Chen's hands. In this way, all his plans would be in vain.

"The Lord of reincarnation is not dead! It's a good way to go to tianwu altar

Tiancan Niang didn't expect that ye Chen really escaped from the secret place and even went to the world of tianwu altar.

What's more terrible is that ye Chen doesn't seem to be hurt. Now he is about to break through.

"Emperor tianwu, my aura has not been restored. Please go back to the Queen's palace and ask sister Jiyue to kill the reincarnation Lord!"

"Once the ultimate secret of sister Jiyue is opened, the reincarnation master will die."

"When the Lord of reincarnation dies, the blood of reincarnation belongs to sister Jiyue, the disaster Tianjian belongs to me, and tianwu Scripture belongs to you. We are all happy."

Tiancan Niang takes a deep breath, loses her sword Tianxing, and launches the sword of judgment. Her loss is too great. Even if she finds Ye Chen's trace, she can't chase him.

Although there are many strong people in the sword immortal Valley, the spirit of the reincarnation Lord is too deep for ordinary people to kill.

Tiancan Niang doesn't want to send her subordinates out to die. Naturally, she entrusts xuanjiyue.

When Emperor tianwu heard the four words "tianwu scripture", his heart suddenly shook. This is what he wanted most. He immediately said: "OK, madam, I'll go back and report to the queen. Don't forget your promise. When your aura recovers, you must join hands with our queen's palace to fight against the emperor Shitian!"

"The emperor Shitian is coming back, and the killing of the evil judgment will come to the world again. No one can stop him except my queen."

Tiancan Niang nodded and said, "naturally, I will keep my promise."

"Good. I'll leave first."

Emperor tianwu immediately got up and flew away from shengtianfu. He went back to the imperial palace to report the whereabouts of the reincarnation Lord.

Tiancan Niang's eyes twinkled, and she seemed a little uneasy. In case xuanjiyue refused to open the ultimate secret, it would be extremely difficult to pursue the reincarnation master.

"Somebody, send me a letter with flying sword and send it to the hell Dragon Temple!"

"According to the news, don't they want to kill the boy? Tell yuwenji that the person he wants is in tianwu temple. Don't let him go! "

For fear of an accident, lady Tiancan ordered her to go on.

"Yes

The left and right maids immediately sent a letter to inform the hell dragon temple.

Empress Tiancan doesn't worry that the disaster sword will fall into the hands of the hell dragon temple. After all, this sword is the holy thing of the holy heaven. Whether she or the holy king Chiyuan, she is determined to get it.

If the hell Dragon Temple dares to seize this sword, it is tantamount to fighting against the holy heaven. They can't do such a thing,

At the same time, ye Chen's cultivation breakthrough in tianwu altar is coming to the last moment. However, tianwu five elders, who were guarding him, changed their faces at the same time.

"No, someone's watching here!"

"It's Wanjie evasion!"

"That bastard leader, how dare he peep here?"

The five masters of tianwu were shocked when they noticed that someone was peeping. They caught the breath of Wanjie's reclusive art.

This is the unique secret of tianwu emperor in the past!

That is to say, the spy is emperor tianwu.

When Emperor tianwu escaped, the five elders were also very angry. They had long denied him as the leader of the sect. At this moment, ye Chen was the real leader of the sect.

"No, the trace of the reincarnation Lord will be detected by him!"

Tianwu five elders looked at each other, all of them felt a little dignified.

They are very clear, ye Chen's identity is not small, if exposed, it will cause great trouble.

Five old eyes, are gathered in yechen, want to tell, but at the moment of yechen, but in the most important moment of breakthrough.

Boom!

Finally, a vast starry sky is propped up behind Ye Chen, and the terrible breath of boundless Hongmeng is rolling and floating.

This is the brightest and most vast Hongmeng starry sky!

After comprehending the general outline of tianwu Scripture, ye Chen, the vast starry sky, has reached the realm of small perfection, which is no longer the prototype version, but the real small perfection.

Endless starlight, ups and downs in the starry sky, Buddhist magic, Taoist Jueyun, magic power, all kinds of weather, all show floating in the starry sky, very spectacular.

All the martial arts and supernatural powers Ye Chen has learned all his life are completely integrated with the Hongmeng starry sky. The brightest part of this starry sky is a disk of reincarnation, suspended high in the sky, if you want to suppress the world.

The breath of incomparably strong and overbearing, covers down mercilessly.

The five elders of tianwu have changed their looks. They clearly feel that the sky is so majestic that even in their heyday, they may be suppressed.
