Chapter 5231

"Consequences?"

Wen Biyun said with disdain, "what's the consequence of killing a servant like you?"

Ye Chen's eyes narrowed slightly: "is that right? First of all, do you know that there are not many crew on this ship, which can barely meet the needs of daily navigation. If I die or even get injured, I will definitely delay my journey!

Do you mean that you don't take the guest's itinerary for granted?

Or do you or your elder martial brother want to go boating in the power room instead of me?

Besides, it's dangerous to sail in places like burial sky sea. If there is any accident, the number of people will decrease. Do you want to take the initiative to reduce the number of crew in this case? You must want to row a boat, don't you?

If you don't have a brain, just say a few words and don't make a fool of yourself, OK? "

Wenbiyun smell speech, Leng for a while, a time was asked unexpectedly don't know how to answer, just full face angry look at Ye Chen.

Zhuang Yuxian, who was just about to make a move, was also stiff. He looked a little ugly. If he really taught Ye Chen a lesson and affected his journey, I'm afraid the guest would be really upset

The crew on the scene were all silly!

Ye Chen

This is against the sky!

Even threaten Zhuang Yuxian and Wen Biyun?

Besides, it seems to have succeeded!

For a moment, ye Chen and Zhuang Yuxian confront each other silently on this deck, and the atmosphere becomes dignified gradually!

At this time, a bald man, with a flash of body, stood in the middle of the two. It was Luo you who came after the news!

He said to Zhuang Yuxian with a smile: "Master Zhuang, please calm down. This boy has offended you. I will punish you well! However, what he said is reasonable. If he is injured, our journey will be affected! "

Zhuang Yuxian's face twitched for a moment, and he was extremely unwilling to say: "can I only let this boy offend me?"

Luo you said with a smile: "don't worry, Mr. Zhuang. I promise, Mr. Ye won't be like this again!"

With that, he turned his head angrily and yelled at Ye Chen: "boy, do you dare to offend Mr. Zhuang? Now, I'll punish you to catch ten big fish and make us dinner! "

Finish saying, return a strength ground to make eye color for ye Chen.

Ye Chen some helplessly smile, he knows, Luo you on the surface punish him, is actually helping him out.

Although he didn't need such help, he nodded to Luo you and said, "yes, Captain Luo."

Then, he went to the edge of the boat.

The woman surnamed Pei, named Pei Yi, is very concerned about her master.

The master deliberately covered the breath, gave Ye Chen a very strange feeling, this voyage, maybe not so simple!

Before finding out the details of the master, he didn't want to expose his strength too soon.

Of course, if Zhuang Yuxian and Wen Biyun are determined to die, ye Chen won't worry so much. Anyway, crushing these two people is not different from crushing ants.

Zhuang Yuxian's face was gloomy. With a cold hum, he left the deck with Wen Biyun.

Luo you walks to Ye Chen, slaps Ye Chen on the shoulder and says, "boy, you can save me some snacks. Now you have been completely targeted by Zhuang Yuxian. You have to be careful in the future"

Ye Chen smiles and says, "thank you for reminding me."

Luo you hears the speech and shakes his head. This boy can make trouble too much.

After Luo you left, ye Chen sat on the edge of the boat, took out a fishing rod and began to fish.

The captain's punishment should be done, so as to maintain Luo you's prestige on the ship.

Usually, there are crew members fishing on the edge of the boat, which is also one of the jobs.

Although the martial arts do not need to eat when they reach a certain level, ye Chen and others are engaged in high-intensity physical labor, so they have to eat a lot every day to maintain their physical strength!

However, fishing is not an easy task. Sometimes, a sailor can't catch a fish a day.

Of course, with Ye Chen's strong mind, he can clearly feel the moving track of the fish under the sky burial sea. For him, not to mention ten fish, one hundred can be easily completed!

.....

One night, a crew member was standing on the deck to let out the wind. The crew member seemed sleepy and yawned. Suddenly, a strange noise came from the sea.

The crew frowned slightly and looked at the dark sea under the night. Suddenly, his face suddenly changed, his aura turned, and he rushed to his throat, shouting: "attention, everyone! We have been attacked! "

The sound spread all over the ship in an instant, and everyone was awe inspiring!

In a flash, several lights fell on the deck, and the light converged, revealing the figures of Zhuang Yuxian, Pei Yi, Luo you and others.

They looked into the sea, only to see, in the dark sea, but now it is lit up countless green fluorescence! And those fluorescence, is a pair of eyes!

A very strong smell of demons and beasts came and enveloped the whole ship. Zhuang Yuxian and others were all looking down!

As the largest sea area outside the territory, there are naturally many sea animals. Ships sailing to the sea are often attacked by sea animals. But now, their situation is much worse!

What they are facing is the sea animals!

Zhuang Yuxian said: "Luo you, what did we meet?"

Luo you looks very ugly and says: "Master Zhuang, this is not good. It's the ghost scale fish buried in the sky that is approaching the ship!"

"The ghost scale fish buried in the sky?"

"The individual strength of this ghost scale fish is not strong, and many of them can't even reach the strength of the origin! However, they are gregarious sea animals. Every time they hunt, they are in the form of fish! And a school of fish, at least also has hundreds of thousands of buried day ghost scale fish!

And, this burying day ghost scale fish, also has a characteristic, intrepid does not fear death! Therefore, even if the strong sea beast in the later stage of the true realm is under constant attack, it may eventually become the prey of the ghost scale fish!

They are one of the most terrifying hunters in the sky sea

After Luo you finished, the other people's looks became more gloomy!

At this time, Zhuang Yuxian said: "send the order down, turn the direction, let the ship break through, at the same time, call all the crew who are not in the power room to gather on the deck!"

Luo you nodded and said, "yes!"

Soon, a group of sailors came to the deck one after another. When they saw the scene in front of them, many people were shocked!

At this time, among the green fluorescence, there were thousands of flashes. The next moment, like a shell, it shot out of the sea and rushed towards the ship!

For a moment, it was as if thousands of flames were shooting at the people on board from the sea!

Chapter 5232

When people saw this, their pupils shrank. The ghost scale fish soon entered the light source of the ship. Thousands of ugly fish of human size appeared in front of them!

These strange fish are covered with blood red scales, and on the scales, there are a little black stripes. These stripes, on their body surface, outline a pattern of ghosts!

There are four eyes on the fish's head, and the mouth is full of sharp teeth. What's more, there are four claws under their belly!

Many crew members are pale. They think of all kinds of legends about the ghost scale fish, and how they cruelly take out their viscera to eat when their prey is alive. Although the strength of these ghost scale fish is not so strong, they are still afraid in front of such a large number!

At this moment, a figure flew out in an instant, and the powerful breath came out from his body. A silver sword light lit up in his hand. The sword light was like the lightning that cut through the night, and cut out towards the flying ghost scale fish!

Thousands of ghost scale fish, are instantly issued a shrill roar, the ghost lines on their body surface, emitting a deep black light, winding on their body surface!

There is another characteristic of burying sky Ghost scale fish, that is, its defense is far beyond the realm!

This time, however, their usual defences have lost their effectiveness!

The roaring sound continued, and the thousands of ghost scale fish, under the silver sword, had no resistance at all. They directly turned into blood mist and exploded!

As if, in the night sky rising blood fireworks general!

At the moment, there is a young man in a brocade robe standing on the bow of the boat. When people look at the young man, there is a touch of excitement in their eyes!

This man is Zhuang Yuxian!

For a moment, there was a loud cheering on the deck!

Although Zhuang Yuxian often makes trouble and scolds them, it seems that it is a lucky thing to have Zhuang Yuxian to protect them!

At the same time, under the instruction of Luo you, the ship turned its direction, speeded up and rushed to the side!

Just as everyone looked happy and seemed to be going through the attack safely, more green fluorescence suddenly appeared in front of the ship, and everyone's faces were instantly stiff!

They are surrounded by this ghost scale fish!?

"Damn it Even Zhuang Yuxian also scolded a low voice, immediately said: "Luo you, continue to turn the direction, the rest of the people give me full attack, to prevent the ghost scale fish near the ship!"

"Yes

Hearing the speech, all of them were inspired. Just now Zhuang Yuxian's amazing sword inspired their morale!

At this time, the ghost scale fish launched a wave of attack, and this time, there are tens of thousands of ghost scale fish towards the crowd!

"Kill

Zhuangyu Yin's eyes sank, and he took a group of crew to fight with the ghost scale fish!

There was a loud explosion on the deck, and the smell of blood and sea animals filled the whole ship!

In the midst of shouting and killing, people fight with the ghost scale fish madly, and the boat turns again, highlighting the encirclement. However, although the ghost scale fish group has damaged tens of thousands of people, it has no intention to give up its prey and chase the boat!

More and more ghost scale fish died under their attack. For a moment, those crew members were happy and kept cutting and killing the ghost scale fish close to them. They found that the ghost scale fish was not so terrible at all. On the contrary, it was quite weak for these existence!

But, with the battle going on, soon, the joy on these people's faces disappeared!

Because, they found that no matter how they kill, it seems that they can't kill all these ghost scale fish!

Even more, more and more!

Everyone, at the same time, has to face the siege of at least a hundred ghost scale fish, and the crew are struggling one after another!

At this time, a blonde crew member killed dozens of ghost scale fish in front of him, and gasped violently. He was stained with blood, full of wounds, and his face was quite pale. Obviously, he was a little weak

At this moment, a crew member beside him suddenly yelled, "be careful!"

The blonde seaman was stunned by the speech, and then he was shocked. His figure flashed to one side, but it was a little late!

A ghost scale fish did not know when it lurked to the side of the blonde crew, and suddenly catapulted up towards the blonde crew!

The sailor's eyes trembled, and he shot a sword in a hurry. The sword left a scar on the fish, but it couldn't stop it from approaching!

Soon, the ghost scale fish pounced on the blonde crew, its sharp claws were embedded in his body, and it bit at the blonde crew's neck!

A scream sounded on the deck, the blonde crew fell to the ground in an instant, the whole neck was almost bitten by the ghost scale fish! The crew twitched a few times, and the breath of life in his eyes quickly dissipated.

But the ghost scale fish was still eating on him, digging out the crew's brain and swallowing it!

When people looked at the scene in front of them, there was a look of horror in their eyes

This monster's strange, cruel, not afraid of death, can not kill, all gave them a sense of suffocation!

And now, the first dead man appears

How much longer, their turn?

However, at this time, a sword light suddenly fell, and the ghost scale fish disappeared in an instant. Zhuang Yuxian's eyes were congested and roared: "keep killing me! Who is in a daze again, you will die under my sword first

Those absent-minded crew smell speech, the body trembles, the face also appeared a crazy color, toward those ghost scale fish rush!

At the moment, Zhuang Yuxian's face was completely gloomy. He swore, "how many damn things are there?"

Next to him, an old crew member heard the words and said in a trembling voice: "if I guess correctly, this is a ten million level group of ghost scale fish. It's a super large group of fish that can hunt the top sea animals in the real world! I We are in danger

Zhuang Yuxian's face changed when he heard the speech. He took a deep breath and suddenly yelled, "all crew members listen to the order, stop all their work and concentrate on the deck!"

One of the crew members was a little flustered and said, "but, Mr. Zhuang, in this way, we have no chance to break through the encirclement at all."

Crew, gather on deck, it means there's no one to sail!

Zhuang Yuxian had a fierce look in his eyes and slapped the sailor to the ground.

The sailor vomited blood and his teeth were knocked out. He looked at Zhuang Yuxian in a daze, and he didn't know why.

Chapter 5233

Zhuang Yuxian's eyes, surging with a strong sense of killing, said: "I like to control, what I say is what, don't use your pig brain to guess my thoughts, don't have any questions, all you have to do is obey, I told you to die, you also have to die, understand?"

Looking at Zhuang Yuxian's appearance at the moment, the crew trembled and said, "listen I understand... "

Zhuang Yuxian's face is a little ugly. If he drags on like this, maybe even he will be in danger. In that way, even if he can break through, what can he do?

He doesn't want to get hurt. It's better to let the crew consume the fish!

As long as he can consume millions of ghost scale fish, even if all the crew members die, he is sure to wipe out the rest of the ghost scale fish!

Isn't that how cannon fodder is used?

As for the itinerary?

That's not what he cares about. It's not good to return to Dongfeng city?

At the moment, when Luo you heard Zhuang Yuxian's order, he looked a little ugly. A crew member beside him hesitated and asked, "Captain Luo, what should I do?"

Luo you was silent for a moment and sighed: "do as he says."

"Yes

It's not that Luo you and Zhuang Yuxian have the same idea of using the crew as cannon fodder, but that he knows that it's very difficult to get rid of the fish swarm with the speed of this ship, and now he has to fight against it

At Luo you's command, the ship stopped moving quickly, and dozens of crew members in the power room also came to the deck!

When they see the purgatory like scene in front of them, they can't help but turn pale!

There was only one person who remained calm.

This person is Ye Chen naturally.

However, even when ye Chen looked at the ten million level fish swarm, he could not help frowning slightly. He thought that the God of the stars and the sea had the ability to control the sea area, so he asked: "master, can the crew survive the attack of the fish swarm? Can you do it? "

After a moment's silence, the Star Sea God replied: "the first question, I think, should be OK, but it will pay a great price In other words, there will be dead people.

As for the second question, I can't do it. I'm in a complicated state. I can't help you in a short time, but you are more than enough to deal with this situation. "

Ye Chen hears speech, the vision twinkles, he saw one eye, at the moment also arrived on the deck, ready to fight Luo you, some helpless way: "it seems, I still want to move."

With Ye Chen's strength, it's easy to kill the ten million level fish school.

Although he doesn't want to expose his strength, he is not selfish to the extreme. Most of the crew on the ship treat him well, especially Luo you. Ye Chen doesn't want to hide his strength and see them in danger.

At this time, more and more ghost scale fish are rushing towards the ship. This time, the ghost scale fish may have reached hundreds of thousands of levels!

Zhuang Yuxian roared ferociously: "everyone, kill me! Fight as hard as you can! If you want to live, kill me! "

With a roar, people have to hand!

Ye Chen glances at the fish group, and is also ready to release the fire of the Taoist spirit and burn the fish group directly

But, at this time, ye Chen suddenly pupil a shrink, secret way: "someone on board!"

At this time, the crew were fighting desperately, and all their attention was focused on the ghost scale fish. How could they notice someone sneaking into the boat at this time?

What's more, this man's concealment skill is quite clever, and he can't find the existence of the real world!

Soon, ye Chen's face changed a little and said, "no, this man wants to destroy the power room!"

He took a look at the school of fish that was attacking, and his mind turned wildly: "these people can enter the ship quietly when the ship is surrounded by the school of fish. Obviously, they will not be attacked by the school of fish!

Moreover, its purpose is clear, this fish school is likely to be attracted by them!

If I fight against the fish now, it will take me several breaths to annihilate the fish. At that time, I'm afraid the power room has been destroyed. If I can defeat these people... "

Ye Chen's eyes flashed and said: "it can not only protect the power room, but also take the fish away when these people retreat!"

The purpose of these people is not to consume the crew on the ship. It's so simple. In order to kill a few crew members, it's obviously not worth the loss to pay for the whole ten million level fish school!

If they lose, they won't leave the fish!

Immediately, the leaf Chen then had a decision, the body shape is a flash, is to turn round directly toward the ship and go!

At the moment, the crew on the deck were all in a daze!

They don't know what ye Chen thinks. In their opinion, ye Chen is not going to protect the power room, but is afraid. When he is a coward, he should let others fight outside and hide himself!!!

For a moment, everyone was angry!

Zhuang Yuxian yelled directly at Ye Chen: "damn boy, come back to me! If you run away now, I promise you that after that, I will make your life worse than death! "But ye Chen is not moved at all, the body shape quickly disappeared in the cabin entrance.

The faces of the crew who worked with Ye Chen were suddenly cold. In the past, they saw that ye Chen's cultivation was weak, and they were targeted by Zhuang Yuxian. They took good care of Ye Chen. After all, they knew that people who went to sea could only rely on their companions!

But now, ye Chen is on the run?

Betrayed?

This is unacceptable to all crew members!

Ye Chen in their eyes, has no difference with the dead!

Even when Luo you looks at Ye Chen's disappearing back, his eyes are full of disappointment. Originally, he appreciates Ye Chen, but now it seems that he is blind!

Ye Chen is a mean person at all!

Such a person is not worth the help of others!

For a time, ye Chen became the object of everyone's contempt and anger!

Ye Chen didn't explain anything. He knew that no matter what he said now, no one would believe it.

Soon, the people's shouting and killing voice gradually faded away, and ye Chen's body shape flashed close to the power room.

But at this time, his eyes flashed, and a figure entered the power room. This figure was not an outsider, but the mysterious person called the master by Pei Yi!

Right now, the power room.

Two men in black robes, who could not see their faces clearly, were about to shoot at the sophisticated devices when their eyes flashed to the door.

A tightly wrapped figure appeared in front of us.

Seeing this, the two black robed men both showed some ferocious smiles and said, "shuijinghua, you have finally appeared. It's hard for the little island Master to find you."

The mysterious man heard the words, his eyes flashed and said: "fog hidden island? Now that you know my identity, how dare you do it? "

Ye Chen's eyes flashed outside the door. The voice of the mysterious man was clear and sweet. Was it a woman?

What's more, the two black robed men were obviously aimed at her!

Chapter 5234

The black robed man said with a cold smile: "it's hard to summon the dead on the sea. You can't inform Shuijia, can you? Otherwise, the daughter of the water family doesn't have to come back so secretly. So, who are you? Does it matter in this sea?

Shuijinghua, if you are wise, please come with us. Our young island leader is very curious. Why did you come back at this time after you left the funerary sea

Water mirror China's voice, suddenly frozen down, said: "if, I refuse?"

The two black robed men's eyes sank when they heard the speech!

In a flash, the whole power room was full of gunpowder smell, three powerful breath burst out at the same time!

The two black robed men are the best on board. Although Ye Chen doesn't think they are too strong, the threat of any one of them is far more than the ghost scale fish group buried in the sky, right?

And the mysterious woman, who is called shuijinghua, is also a strong one!

As soon as shuijinghua's wrist turns over, a water blue sword with a light of law appears in his hand. The rhythm of water's Tao is rippling around him. A water like sword lights up. With shuijinghua's sword moves, it pours down on the two black robed men!

The two black robed men looked at each other, and there was a dignified flash on their faces. They held a green sickle sword with peculiar shape in their hands, and each cut out a cold and fierce sword light like a poisonous snake!

Two rays of light collided in one place, one after another returned to nothingness. However, in this fight, the two black robed men stepped back several steps at the same time!

With a sneer, shuijinghua stepped a little closer to the body, and his sword in his hand was not enough. For a moment, he completely suppressed the two black robed men!

In Ye Chen's eyes, there was a flash of color. This water mirror China was able to easily gain the upper hand when it was able to fight with two people on the same level?

Moreover, the two black robed people are not weak, even in the same territory, they belong to the strong existence!

The strength of shuijinghua is obviously beyond the realm!

If it goes on like this, within a hundred moves, the two black robed men will be defeated by the sword of shuijinghua. Maybe they won't have the chance to fight.

But at this moment, the two black robed men exchanged their eyes. One of them suddenly gave a low drink, and his whole body was full of breath. The sword on the sickle sword became more and more fierce, and he cut at the water mirror!

Shuijinghua's face is calm. Although the opponent's sword is not weak, it's not enough to fight against his sword light!

The next moment, like the light of water sword rippling, the sword was smashed in an instant. Just as shuijinghua was ready to pursue the victory, his eyes suddenly trembled. He suddenly turned to look at another black robed man, who was holding up his sickle sword with a sneer, and was about to chop down the device in the power room!

Water mirror Hua Li drinks a way: "stop!"

As soon as she flashed forward, she was about to block the sword, but at the same time, a green sword light suddenly lit up behind shuijinghua!

"Damn it

The water mirror flashed a flustered color in her bright eyes. At the moment, if she blocked the attack of the black robed man on the power room, she would have to resist the sword coming from behind!

After a short hesitation, a decisive light suddenly appeared in shuijinghua's eyes. As soon as she clenched her teeth, her spiritual power turned rapidly, and a close inner armor bloomed, forming a barrier behind her!

At the critical moment, shuijinghua beat back the attack on the black robed man decorated in the power room for a few steps, but she was also cut in the back with a sword!

The inner armor's barrier was broken, the blood was shining, and the sword cut a deep scar behind it!

Water mirror China stuffy hum, the breath faintly some unsteady rise!

Seeing this, the two black robed men would not give up this opportunity, but rushed directly to shuijinghua, like hungry wolves with blood, and made a stormy attack!

Situation, instant reversal!

Originally, shuijinghua, who had the advantage, was in a dilemma. She forced her unstable aura to fight, and her mouth gradually spilled a trace of scarlet, and her breath became more disordered!

Her beautiful eyes are also full of gloomy color. These two black robed people don't give her any chance to recover at all. If she goes on like this, her injury will be more and more serious!

In the twinkling of an eye, shuijinghua is in a desperate situation!

A sword light cut quickly from the side of shuijinghua's cheek, chopped up the clothes wrapped with shuijinghua, a head of black hair, just like a waterfall, poured down, the two black robed people, their pupils shrank, looking at the woman who showed her true face, deep in the eyes, at the same time, there was a very hot, greedy look!

The water mirror is as beautiful as a cream, and its appearance is as perfect as a work of art carved by heaven. It's so beautiful!

Two black robed people with a ferocious smile, once again fiercely towards the water mirror China!

At this moment, a flustered color finally appeared on shuijinghua's pretty face. Now she was injured seriously and had no confidence to block the next attack of the two black robed men!

However, at this time, the two black robed people suddenly changed their faces and stopped! Seeing this, shuijinghua was stunned, and then her beautiful eyes flashed

At the moment, a breath appeared at the door of the power room!

Shuijinghua is very happy. As long as someone can help her resist the two for a moment and let her adjust her breath, she can turn defeat into victory!

But, at the moment, the two black robed people standing in front of her are strange, and then, they can't help but smile!

Originally some nervous face also instantly calmed down.

The water mirror China saw this, in the heart surged one kind of extremely bad premonition.

The next moment, a indifferent young man, with a flash of body shape, came to shuijinghua's body.

This person, naturally is Ye Chen!

Looking at the young man in front of him, the bright eyes of shuijinghua suddenly darkened, and his pretty face was full of disappointment and anger!

If it's Zhuang Yuxian, she still has a chance to turn over, but it's a boy in heaven and earth?

This guy is not on the deck to resist the ghost scale fish. What's he doing here?

In the eyes of shuijinghua, ye Chen didn't have to resist the two black robed men for a moment. He didn't need a breath to be killed by each other, did he?

It doesn't work at all!

At this time, one of the black robed people said playfully, "shuijinghua, is this your little white face? Can't help dying for you? "

Another person, also looking at Ye Chen with a full face of ridicule, said: "does a waste of heaven and earth also want a hero to save beauty? I'm so happy. "

On the water mirror Hua pretty face, there is a haze. She says to Ye Chen in a deep voice: "wait a minute, I will try my best to block these two people. I order you to leave here immediately and find Zhuang Yuxian on the deck!"

Although, her present condition, estimated that the support department did not arrive Zhuang Yuxian, but, leaves the Chen here to accompany her to bury, also does not have the significance, is it?

But, beyond shuijinghua's expectation, ye Chen didn't pay any attention to his own meaning. Instead, he looked at the two black robed men and said faintly, "are you responsible for the ghost scale fish in the sky?"

Shuijinghua was a little impatient, and he drank low: "what do you do when you ask these questions? Let's go. If we don't, we won't have a chance! "

What's wrong with this kid?

Is it time to ask questions?

And those two black robed people, smell speech a Leng, looking at Ye Chen is tiny frown.

In their opinion, ye Chen is a little too calm!

Don't you know you're dying?

For a time, two people stare at Ye Chen, the vision is tiny to flash to move.

They come from Wuyin island. They are soldiers who have experienced countless times of blood baptism. Their intuition is very strong. The reason why they haven't done it up to now is that although this young man seems to have only the cultivation of heaven and earth, he gives them a sense of depression inexplicably!

And ye Chen's attitude made them more cautious!

Chapter 5235

Two people are secretly brewing the aura in the body, one side sneers at Ye Chen way: "yes, so what?"

Ye Chen said with no expression: "now, leave this ship and take away the ghost scale fish group. I can take your life."

In the final analysis, he just wanted to enter the sea of burial sky and board the ship as a sailor. The reason why he did it was because Luo you and others were not bad people, and protecting shuijinghua was not his task.

Therefore, it's none of his business that these two black robed people have any grudge with shuijinghua. As long as the black robed people don't destroy the power room and retreat with the fish, ye Chen doesn't have to fight!

However, with this remark, the whole power room suddenly quieted down, as if trapped in the abyss of 10 million meters under the sea.

Looking at Ye Chen in disbelief, is this guy crazy?

Even if you don't run away, you still take the initiative to provoke the two black robed people?

This boy's talent is good. He has entered the world when he is so young, but he doesn't really think he is invincible, does he?

How much difference has this boy got from them?

Give them a break?

Is it funny?

Shuijinghua sighed secretly, and a look of disgust appeared in her beautiful eyes. She didn't like this kind of blind and arrogant person, but now, it doesn't matter whether she likes it or not. She knows that the boy who doesn't know the greatness of heaven and earth will die soon!

Sure enough, the two men in black robe smell speech, their faces are suddenly overcast and fierce. Looking at Ye Chen's eyes, the murderer flashed, and their whole breath was faintly irritable. The temperature of the whole power room suddenly dropped to below freezing point!

Originally, they were afraid of Ye Chen, but when ye Chen said something stupid to spare their lives, they knew that this boy was bluffing!

What annoys them most is that they were almost bluffed?

The next moment, the two black robed people showed a piercing sneer and said: "spare us one life? Ha ha, boy, don't worry, we will spare your life, but first cut off your limbs, and then, back to the fog hidden Island, waiting for you will be endless torture!

That's the price you paid for offending us

In a flash, two pangran breath burst out. Two black robed men suddenly waved their arms, and the sickle sword in their hands instantly burst out a very sharp sword light, sweeping towards Ye Chen!

They are very clear about the truth of the lion fighting the rabbit, even if ye Chen is just the existence of heaven and earth, they do not have the slightest intention to keep hands!

Ye Chen looks at those two sword awns, the look in the eyes doesn't have a silk wave, quietly stands in the same place.

The last glimmer of hope in shuijinghua's heart is also shattered. In her opinion, ye Chen doesn't even have the ability to dodge. She is already dead

Soon, the two swords will devour Ye Chen's body!

At this time, ye Chen suddenly raised his hand and waved to the two sword lights!

The two black robed men showed a sneer when they saw this. The martial arts they practiced were inherited from Wuyin Island, which was far more powerful than the general martial arts in heaven and man. Even if they were ordinary people of the same level, they could not easily break it!

Ye Chen's action, in their eyes, is no different from the desperate struggle!

However, at the moment when ye Chen waved his hand, a huge force surged out like a torrent of water. There was a terrible wind in the power room. In the storm, the two swords were twisted to pieces like paper!

For a moment, everyone was looking at the scene in front of him with great horror!

The two black robed men's brains were in chaos, and the whole person seemed to be frozen!

Even though they have experienced many battles, they have never seen such an incredible scene!

Did the heaven and the earth break their full blow?

What kind of monster is this guy?

And water mirror China, is slightly open cherry small mouth, full face dull looking at Ye Chen, not much better than the two black robed people!

But soon, the two black robed people's confusion turned into pure fear!

Because, at the moment, ye Chen has appeared in front of them!

The two black robed men were pale and bloodless for a moment. At the same time, they murmured: "fog hidden step!"

In a flash, the figures of these two people blurred in the fog, and then, at a very frightening speed, they shot towards the entrance of the power room!

Ye Chen flashed a different color in his eyes and said: "good body method..."

This method is really amazing, even he was a little unexpected.

The two black robed men saw that ye Chen didn't catch up with them, and their faces were filled with ecstasy!

Fog hidden step is one of the unique skills of fog hidden Island, and it is also their biggest reliance for survival in this cruel world!

But, at this time, ye Chen is to open a way again: "unfortunately, you met me, eat soul to pass the sky!"

The surging soul power fluctuated and roared out. The two black robed men's bodies trembled for a moment, and then the seven orifices bled and fell to the door tremblingly. Shuijinghua looks at the two black robed people who are rolling their eyes and constantly twitching. In his heart, ye Chen beats them. It's not much different from killing insects!

Ye Chen casually walked to two people's body, light way: "you just said to cut off my limbs, let me endure endless torture?"

At the moment, brain pain, almost unconscious of the two black robed people, smell speech or can't help shivering!

Don't wait for two people to open mouth, ye Chen is to two people curtsey a bullet, two Mars melt into their body!

Soon, there were two extremely shrill screams in the power room!

That kind of everything in the body, gradually burned out of the feeling, unspeakable pain!

However, soon, the two men were reduced to ashes, disappeared from the world, and their spirits disappeared completely.

Now, to solve the problem is the first thing. Ye Chen has no time to torture them.

At the same time, in the center of the ghost scale fish group, a giant ghost scale fish of the size of a killer whale stood on the top of its head. At the moment, his pupils suddenly shrank, and he whispered: "how can it be!? Lian Sha and Lian Jue are dead?"

With their strength, even if they are not as good as shuijinghua, they should be able to destroy the power room and retreat completely? "

The man gazed at the ship which was besieged by fish. At this moment, there was no sign that the power room was damaged?

For a moment, his face was a little ugly. After hesitating for a moment, he suddenly took out a flute and began to play.

The flutes were filled with spiritual power, and the flutes gave off a light golden light. The sound of flutes, which could not be heard by human ears, was rippling on the sea.

Chapter 5236

At the same time, the bodies of the ghost scale fish, who constantly rushed to the ship and fought with the crew, trembled, as if they were in the same place.

Naturally, the crew would not miss this good opportunity. With a roar, they killed a large number of ghost scale fish in an instant.

The next moment, in the dark sea, those green light spots began to fade away!

Soon, the whole group of ghost scale fish disappeared in their view!

The man with sunken cheeks has a gloomy look. I'm afraid it's very difficult for him to complete the task assigned by the master of Shao island just relying on the fish swarm. If he continues to damage the fish, he will be punished by the master of Shao island

The man could not help shivering at the thought of the strange young man.

He took a hard look at the sea blue ship and gradually disappeared into the darkness.

At this moment, the ship on the moment sounded the sky shaking cheers!

Everyone is full of the lucky color of the afterlife!

At the same time, they look at Zhuang Yuxian's eyes more and more respected!

In their opinion, the reason why they can survive this time is because of Zhuang Yuxian's command!

At the moment, people are more or less with scars, some people are not lightly injured, but this time, only two crew members died, which is a very good result!

Zhuang Yuxian, also full of pride, enjoys the eyes of the public.

At this time, Zhuang Yuxian suddenly thought of something. He said to the crowd with a smile: "this time, we are doing very well. As the saying goes, if we survive, we will be lucky. We will be safe in the next voyage! Everybody said, "is that right?"

"Yes," the crew said

Zhuang Yuxian's eyes narrowed slightly, and his eyes flashed with a cruel light. He said: "the reason why we survived is that we worked together. But not all the people on this ship are with us, are they?"

People smell speech, look is cold down!

The scene of Ye Chen's escape came into their mind!

Zhuang Yuxian sneered: "who is that man? I don't need to say more. The traitor should be punished. Now, bring the traitor up to me!"

"Yes

Immediately, there are two angry crew should be a, is about to go towards the cabin, will ye Chen out.

But, at this time, a figure came slowly from the cabin, appeared in front of the people, light way: "I, come."

At the moment, people look at Ye Chen, one after another show disdain, disgust!

Sailors and sailors never like this kind of traitor!

Zhuang Yuxian sneered: "do you know how to come up? Why don't you keep hiding? Hehe, is it because it's safe now, there's no ghost scale fish, so you put your head out? Ye Chen, I thought you were just a waste. Unexpectedly, you are still a bastard? "

All the people laughed scornfully.

At this time, Luo you is walking to Ye Chen's front.

Ye Chen to Luo you, tiny nod a way: "Luo captain."

Luo you looks at Ye Chen and hesitates. Finally, he says, "Ye Chen, why did you leave the deck suddenly? If there is any reason, say it now. "

Zhuang Yuxian and most of the crew on the scene frowned slightly. Luo you wanted to excuse ye Chen at this time?

Why else?

Besides the fear of death, what's the reason?

However, on the one hand, ye Chen's fear of death is normal. After all, his accomplishments are likely to lead to death.

But people don't care!

Ye Chen shook his head and said, "Captain Luo, you won't believe what I said."

When Luo you heard this, he looked down and said, "say it! Boy, you have to give us an account when you run away! "

Ye Chen gazed at Luo you for a moment, then said faintly: "I left the deck because someone had dived into the ship, and intended to destroy the power room!"

For a moment, there was a complete silence on the deck, and then there was a burst of laughter!

All people are looking at Ye Chen as a fool, and sneer mercilessly: "he said that someone has sneaked into the boat, ha ha, he won't find an excuse."

"If you want to make it up, you should also make it up to be decent. How can someone sneak into the boat when the boat is surrounded by fish?"

"Besides, if other ships come near, even if we fight with the ghost scale fish, we won't feel nothing, will we?"

"The boy means, can those people fly in the sea of burials?"

Zhuang Yuxian looks at Ye Chen, and his smile becomes stronger and stronger. He knows that ye Chen is hopeless and has become the target of public criticism!

Even Luo you looked at Ye Chen and was completely disappointed. He frowned and said, "Ye Chen, is that all you have to say?"

After a moment's silence, ye Chen said again, "those people control the ghost scale fish." Luo you smell speech, complexion completely cold down, way: "boy, do things to dare, you are still young, have not experienced real life and death, afraid, escaped, if admit the mistake, we may be able to forgive you, but now you still have to lie, also die to admit?"

He has been quite optimistic about ye Chen, but now, Luo you feel blind!

Can you even tell me how to control the ghost scale fish?

He has been out to sea for so many years. He has never heard of anyone who can control the fish swarm!

At this time, Zhuang Yuxian's eyes suddenly brightened. He slowly walked up to Ye Chen, took out a folding fan, and shook it gently: "Ye Chen, you said, someone manipulated the fish swarm to attack us. The purpose is to sneak on the ship and destroy the power room?"

Ye Chen light nod a way: "not bad."

Zhuang Yuxian shook his head and said: "Ye Chen, do you think you are very smart? Although your story is absurd, I admit that there is a possibility, but you have made a decisive mistake!"

All the people are curious when they hear the words. Although they don't believe Ye Chen, they can't completely deny Ye Chen without evidence. What is the decisive mistake Zhuang Yuxian said?

Zhuang Yuxian suddenly closed the folding fan, pointed to Ye Chen and said, "Ye Chen, I ask you, what strength do you think you need to control such a huge group of ghost scale fish in the sky?"

Ye Chen face does not change color tunnel: "return true realm medium-term and above."

Zhuang Yuxian, as a wise pearl, said confidently: "very well, the devices in the power room are made by famous craftsmen. Naturally, they are not easy to be destroyed. What strength do you think is needed to successfully destroy those devices?"

Ye Chen once again said, "it's still in the middle of the real world."

Hearing this, many people's eyes flashed and realized something.

Chapter 5237

And Zhuang Yu Xian's eyes gradually sharpened and he said, "now tell me, if what you say is true, is the man on the boat so powerful? First of all, how did you realize that these people boarded the ship? If they were in the middle of the real world, why didn't our power room be damaged? "

Ye Chen and Zhuang Yuxian looked at each other. After a moment, they said, "I stopped them."

With this remark, the faces of the crew on the scene were no longer cold, but angry!

Did ye Chen treat them as idiots?

It's true that he can't stop the power room from being destroyed!

All of all, all explain Ye Chen is lying!

At this time, Zhuang Yuxian said in a loud voice: "everyone, please be calm

Hearing the speech, the crowd gradually quieted down.

Zhuang Yuxian looked at Ye Chen playfully and said, "Ye Chen, it's not that I doubt your strength. It's just that everything is about evidence. Can you get the evidence?"

In his opinion, ye Chen has no evidence. When he says that, he just uses Ye Chen to set off his fair image. In this way, he can better control the crew, right?

For a moment, the crowd also responded and said: "take out the evidence!"

Ye Chen hears speech, but is silent.

People have been killed by him. What evidence can we get?

Of course, ye Chen did not intend to prove anything from the beginning.

Looking at Ye Chen's silent appearance, Zhuang Yuxian was more proud. With a smile on his face, he said in a high voice: "you guys, what do you say about a traitor who wants to lie and fool everyone?"

At this time, Wen Biyun looked at Ye Chen maliciously and said with a smile: "elder martial brother Zhuang, I heard that there was a tradition for sailors to treat traitors before, that is, let them jump into the sea. Now, I just want to see people perform jumping into the sea!"

People smell speech, for a time some hesitated, they know, if let Ye Chen jump from here, then almost equal to let Ye Chen to die.

However, recalling the words Ye Chen had just said and the figure of his back who escaped into the cabin, their eyes were cold and overcast

They don't want to be on the same boat with this kind of people again!

Zhuang Yuxian looked ferocious, staring at Ye Chen and said, "Ye Chen, are you more conscious? Or do you want me to help you? "

When ye Chen hears the words, he smiles indifferently. His eyes twinkle and he is about to speak

But, at this time, a low, hoarse voice, but it sounded in the people's ears: "I can prove for him that what he said is true."

In a flash, everyone was looking in the direction of the voice.

I saw a figure covered in black, appeared on the deck.

When people saw this figure, their pupils shrank and saluted the man respectfully: "Mr. water."

Ye Chen, looking at Mr. Shui in the crowd unexpectedly.

This person, of course, is the mysterious person who hired people this time, shuijinghua!

And the crew was even more shocked!

Zhuangyuxian frowned deeply. If he were someone else, he would scold him directly and testify for yechen?

Are you kidding!

However, in the face of this "Mr. water", he can not do so!

After all, he's waiting for the big boss to pay for himself!

Zhuang Yuxian looked at shuijinghua and said in a deep voice, "Mr. water, do you mean that this boy really prevented the existence of the power room of destruction in the real world?"

Shuijinghua looked at Zhuang Yuxian unhappily and said, "why do you doubt what I said?"

Hearing the speech, Zhuang Yuxian changed his face and shook his head: "I don't mean that."

Water mirror China light way: "everybody, follow me."

With that, they walked towards the cabin. In a daze, they followed shuijinghua one after another.

Soon, under the leadership of shuijinghua, everyone came to the power room!

Water mirror China light way: "you oneself go in to have a look among them."

Immediately, Luo you, several crew members and Zhuang Yuxian took the lead in entering the power room.

When they swept the power room, they didn't find anything. They were about to ask shuijinghua, but suddenly, a sailor exclaimed, "look, what's this!"

A few people looked at the direction of the seaman's fingers. At the next moment, their faces changed a little!

There was a sword mark about three inches deep!

Don't look at a sword mark!

The whole power room is made of some very tough wood, and there are many array blessings. It's not easy to carve such a deep sword mark!

At least also need to really six days of strength!

What's more, there was a breath left in the scar of the sword, which made people still feel chilly. It seems that the sword was obviously made by an extremely powerful existence! For a moment, everyone looked embarrassed

There is such a sword mark in the power room, that is to say, there is really that kind of existence here!

So it seems, although some incredible, but, ye Chen's explanation, seems to all make sense ah!

Ye Chen may have really stopped the strong man from destroying the power room!

If so, ye Chen is not only a traitor or a coward, but also their hero!

If the power room is destroyed, whether they can repel the ghost scale fish in the sky will surely be trapped in the sea!

What's more, in the face of the pressure of such an existence, it's not that many people can compete with the ghost scale fish

But, how did they treat Ye Chen just now?

For a time, Luo you and others were all ashamed!

And Zhuang Yuxian is gloomy!

He didn't believe it, but he couldn't refute it!

Zhuang Yuxian didn't expect that this sword mark was left by Mr. Shui. However, it can't be proved. He can't force Mr. Shui not to cover his breath, can he?

Second, the charm of the sword mark, even he felt a bit of horror. The man who left the sword mark seemed to have more strength than himself!

If Mr. Shui has such strength, why ask him to be a guard?

It doesn't make sense!

In fact, what Zhuang Yuxian doesn't know is that the reason why shuijinghua asked him to be a guard is just to hide people's eyes and ears. When he is in trouble, he needs to do something by himself, which leads to the exposure of his identity.

Soon, the people got the news of the sword mark from the crew. They also looked unbelievable. Then, they all lowered their heads and did not dare to see ye Chen.

They have been beaten in the face!

These crew members are all trying to find a crack in the ground!

I'm so sorry for ye Chen!

But ye Chen's facial expression is light, just looking at that sword mark, if have a deep thought.

After fighting with the two black robed people, he naturally knew that the sword mark was not left by the black robed people, but by shuijinghua!

Moreover, when he left just now, the sword mark didn't exist!

Chapter 5238

In other words, in order to testify for him, shuijinghua deliberately left this sword mark.

Soon, the crowd returned to the deck.

Zhuang Yuxian, with a gloomy face, said nothing, while Luo you touched his bald head. He came to Ye Chen apologetically and said, "Ye Chen, I'm sorry, we misunderstood you. I, Luo you, make amends to you!"

Say, Luo you unexpectedly is in front of the public, will kneel down in front of Ye Chen!

Ye Chen smiles and holds Luo you, saying: "Captain Luo, if the misunderstanding is solved, everyone is on the same boat. It doesn't have to be like this."

Luo you hears speech, the color of a touch of moving appeared in the eye, make an effort to pat the shoulder of leaf Chen way: "good boy!"

The crew bowed deeply to Ye Chen and said, "Ye Chen, I'm sorry, we've wronged you!"

Ye Chen looked at the crowd, didn't say much, just nodded and accepted their apology.

At this time, Luo you asked Ye Chen, "Ye Chen, I'm a little curious. How do you fight back the existence of the real realm with your cultivation?"

The public hears speech to also look at Ye Chen one after another.

It's kind of incredible.

Ye Chen did not give a specific answer, but said with a smile: "I have some backhand."

The crew's eyes flashed. Although this statement is still hard for them to accept, some of the most valuable things that can push back the strong do not exist.

It seems that this is the only explanation.

At this time, shuijinghua said to the crowd, "well, you've been fighting all night, and you should be tired. However, we're not out of danger yet. Captain Luo, please arrange some crew members to continue sailing. Rest of you, have a good rest!"

Luo you said: "yes!"

Soon, the ship started again and headed for the dark sea.

On the ship, a man in black was sitting in an exquisitely decorated wing room. At this time, the man in black slowly took off his black clothes, revealing a beautiful face.

All of a sudden, the door of the wing room opened slowly, and a shadow appeared in the room.

The beautiful woman was slightly surprised and looked at the figure of the man who appeared in the room. Then she showed a faint smile and said, "young master ye, it's not a good habit to break into a girl's room. If anything happens, you should be responsible for me."

Ye Chen casually sat down in the room, poured a cup of tea, while drinking tea, while some pondering to look at the faded black clothes, wearing some thin, elegant, light blue Tulle dress of water mirror China.

The dress is a sling style. The sling is tied on the fragrant shoulder of shuijinghua, revealing a delicate and white chest, like the best jade, with no pores and perfect skin.

Ye Chen looks at that some dazzling white greasy, the corner of the mouth a Yang way: "water girl rest assured, in this world, I am afraid there is no man who is not willing to be responsible for you, and I, also is a man."

When shuijinghua heard Ye Chen's words, her slender jade neck turned red slightly. She forced herself to calm down and said with a reluctant smile to Ye Chen, "what's the matter with you, young master ye

She knows very well that if ye Chen really wants to do something to her, she doesn't even have a chance to resist

Now, I can only pray that ye Chen is a gentleman

Ye Chen looks at the water mirror China nervous appearance, suddenly evil a smile way: "water girl, I am not what gentleman."

Water mirror China smell speech, Jiao body obviously tremble for a while, subconsciously to the bed back shrink, jade hand also tightly grasp the quilt.

It looks like a little white rabbit shaking.

See water mirror China this appearance, ye Chen doesn't plan to continue to tease her, light way: "but, I have my own principle, won't do anything to you, you rest assured."

Water mirror China smell speech, slightly relieved.

Ye Chen took a sip of tea and said, "I just want to ask you what happened to the two black robed people? And why did you help me out? "

Ye Chen knows that shuijinghua is in some trouble now. She is on the same boat with her and killed the two black robed men. I'm afraid that the other side will not give up. Naturally, we need to know the root of the enemy.

Water mirror gorgeous Mou flickered for a moment, seem to be hesitating should not to Ye Chen mouth.

Ye Chen some jokingly way: "if you don't want to say, tonight, I can in your room overnight."

After hearing the words in the water mirror, a flustered color appeared in her beautiful eyes. In desperation, she had to say, "those black robed people come from a place called Wuyin island."

"Fog hidden island?"

"There are 108 islands in Tianhai, which are divided into 36tian island and 72di island. Among them, Wuyin island is the big island, and I, from Shuiming Island, belong to the big island.

There has always been a contradiction between Wuyin island and Shuiming island. Wuyin island is more powerful than Shuiming island. And the little master of Wuyin Island, Wujue He once proposed marriage to me. In order to ease the conflict between the water family and the Wu family, he agreed. But I didn't want to agree to the marriage. So I tried every means to escape from the sea of burialAs for why I helped you... "

Shuijinghua said with a bitter smile, "I don't know what a strong man like you will do when he is enraged."

In case, ye Chen is not happy and smashes the boat directly?

In her opinion, with Ye Chen's strength, without a boat, it would be very troublesome to leave this burial place, but it's not impossible. She can't do it.

Ye Chen nodded, and asked: "since you had escaped from the sky sea, now, why come back?"

This time, shuijinghua was silent, but after hesitating for a moment, her eyes suddenly flashed a decisive color!

Suddenly, she gazed at Ye Chen, her cheeks flushed and said, "you Come here... "

"Come here?"

Ye Chen some don't understand a way: "to where?"

Water mirror China's breathing, some hasty up, thin mosquito chant like: "to Come to bed. "

For a time, ye Chen some silly, to bed?

Are all the women buried in Tianhai so open?

He and shuijinghua just met today.

However, it has to be said that the words of shuijinghua aroused a little curiosity in Ye Chen's heart, and his eyes looking at shuijinghua became more and more fiery.

Seeing ye Chen's look, shuijinghua seems to be a little scared. She says in a hurry: "you Don't think about it. I have something to show you... "

Ye Chen walked toward that soft big bed, one side vision glitters a way: "have what thing, can see on the bed?"

Chapter 5239

Looking at the man in front of her, step by step, shuijinghua's heart beat violently, and her white skin turned red. This is the first time that a man has been in her boudoir, so close to her!

Although she asked Ye Chen to come, at the moment, somehow, a kind of fear poured out from her heart. She suddenly stepped back and yelled: "you Don't come here

Ye Chen hears speech, stopped footstep, can't help but face now wry smile way: "I after all come over, still don't come over?"

He's going to be knocked out by this woman.

Shuijinghua took a few breaths, calmed down, nodded and said: "you Come here. "

Ye Chen sat by the bed, not too close to the water mirror, and said, "and then?"

Shuijinghua pulled the quilt, covered his chest and said: "put down the curtain..."

Ye Chen smell speech, the facial expression is more and more strange, even don't know why still have a little dry mouth.

Just now, I told him not to think about it. Now, I asked him to put down the curtain?

Ye Chen thinks, this is very difficult to let a person not want slant!

Looking at Ye Chen's appearance, the water mirror Hua Qiao's face became more and more red. She said anxiously, "what are you doing? Put down the curtain quickly..."

"Well Well, that's what you said

Immediately, ye Chen put down the bed curtain. If someone came into the room now and saw this scene, he would think that he and shuijinghua were doing something shameful.

Shuijinghua took a deep breath. Her proud chest heaved violently. Her voice seemed to tremble and said: "close your eyes..."

"Ah?" Ye Chen hears speech, heartbeat also some acceleration.

"Close your eyes!"

"Well..." Ye Chen slowly closed his eyes, and there seemed to be a wild animal in his body.

Xuan Hanyu was a little upset and said, "boy, you just agreed?"

"This..."

Ye Chen some embarrassed way: "to tell you the truth, I'm really not a casual person, just, this water girl's request, really some people can't refuse it!"

Any normal man, at the moment, I'm afraid, can't refuse Miss Shui's request. He thinks he is also a normal man.

Moreover, ye Chen swears to the sky that he doesn't want to be crooked. Water girl just wants to show herself something!

All of a sudden, ye Chen's ears moved and heard a slight sound of friction

The sound of friction is like the light noise when clothes are taken off the body

At this moment, ye Chen finally surrendered

He admitted that he was wrong now

Just as ye Chen could not help but open his eyes, the soft voice of shuijinghua sounded on the bed: "Mr. Ye, you can Open your eyes. "

Ye Chen opened his eyes without hesitation, and the first thing that came into his eyes was a piece of skin like white jade!

He swallowed a mouthful of saliva. At this moment, shuijinghua actually faded the gauze dress to his waist, revealing his nearly perfect body!

However, it's a pity that at the moment, shuijinghua is facing Ye Chen.

Seeing that ye Chen didn't respond, shuijinghua couldn't help asking: "Ye Young master ye, do you see the pattern on my back? "

At this time, ye Chen recovered from a dizziness. Soon, his eyes fell on the central position of shuijinghua's impeccable beauty. There was a pattern carved on it!

Ye Chen looked at the pattern and said, "I'm really looking at things..."

"What did you say?" shuijinghua asked

Ye Chen said with a bitter smile: "nothing."

Then he gazed at the pattern on his back and said, "this is Map? Who tattooed it on you? "

Shuijinghua nodded and said, "not bad! However, this map is not tattooed on me by others, it's natural!"

"Born?"

"Well."

"It is said that when they were buried in the sea of heaven, ten of them found a treasure somewhere. The treasure is a little strange, and the words are even more strange. But there are two words between them, which have been deciphered."

Ye Chen frowned: "what words?"

Shuijinghua pauses for a few seconds and goes on: "wanxu, Huaxia, the ancestors of wanxu seem to have heard of it, but no one knows what Huaxia stands for, but I have a vague feeling that the latter should be a place..."

At this moment, ye Chen's expression is extremely strange!

The face is more ferocious to the extreme!

Although wanxu exists in legend, ye Chen has dealt with it many times! Not enough to make him like this!

But the Chinese word, ye Chen really surprised!

There are only a few people outside China who know about China, and he is one of them!

He is from China!The key is why this treasure integrates Huaxia and wanxu, two words that can't be put together at all?

"Young master ye, are you listening?" Shuijinghua felt something wrong with the smell of the room and said.

Ye Chen forcibly suppressed the inner shock and continued: "go on."

Shuijinghua nodded and then said, "the ten most powerful people have discovered the secret. Unfortunately, the treasure is not yet born.

In order to ensure that their descendants can get the treasure, the ten most powerful will engrave the treasure map in their own blood!

If you have the right qualifications, you can inherit this treasure map, and you are born with this design on the back!

And the ancestor of my water family is one of the top ten!

Moreover, once the treasure is born, all those who have the treasure map will feel it! "

Ye Chen smell speech, double eyes a bright way: "that is to say, you return to bury sky sea, is for that treasure?"

Shuijinghua slowly put on his clothes and said: "not bad."

Ye Chen looks at shuijinghua and puts on his clothes. He doesn't feel much in his heart, because his heart still stays on the word Huaxia!

Strange to say, he asked ye Lingtian to send a letter back to China. Why has ye Lingtian not contacted himself for so long?

There were several pictures flashback, which indicated that ye Lingtian had been injured, but after that, there was no such picture any more.

But ye Chen is sure that ye Lingtian is still alive.

Soon, shuijinghua turned around again, her cheeks were still scarlet.

For a moment, they didn't speak, and the atmosphere on the bed became ambiguous.

Ye Chen no longer thinks much, light cough a way: "since this treasure map relation so big secret, why want to tell me?"

A treasure that even the most powerful in ancient times can't forget and even carve the treasure map into their blood is not so simple!

Is she really scared by herself, thinking that she would insult her? Exchange this secret for your innocence?

Looking at Ye Chen, shuijinghua said, "the reason why I Tell ye Gongzi about this is to cooperate with him!"

Chapter 5240

"Cooperation?"

Water mirror Hua pretty face some dignified way: "this treasure map, a total of ten, but, these ten are not complete!"

"What?"

Ye Chen slightly frowns a way: "this is why?"

Shuijinghua said: "because there is only one treasure. At that time, the ten most powerful wanted to let their descendants monopolize it. So they made a rule that the ten descendants who got the treasure map should snatch each other's treasure map. Only those who gathered together ten treasure maps could find the treasure!"

Ye Chen's eyes flashed. The treasure map was printed on the skin of his back. Moreover, it was protected by a secret method and could not be copied at all. If you want to collect ten treasure maps, you have to let the ten most powerful descendants fight each other!

These strong men are tough enough

Ye Chen said: "so, you mean let me protect you and get the remaining nine treasure maps? But isn't that a foul? "

Shuijinghua's eyes flashed and said: "no, one of the rules left by the ancestors is that you can take a companion who is not more than a thousand years old to participate in this battle. Young master Ye just meets the conditions.

Moreover, all posterity who have treasure map are under 1000 years old! "

Ye Chen's eyes twinkle slightly when he hears the words. He is confident in his current strength. The warrior under the age of a thousand should not be able to defeat him. However, the battle of seizing the treasure is obviously extremely dangerous. Maybe there will be accidents!

But he has to be part of it!

Not because of wanxu, but because of Huaxia!

Maybe there is a secret behind this treasure!

Although he had made up his mind, he still looked at the water mirror and said, "if I promise you, what's my advantage?"

Water mirror China way: "in the treasure, get any treasure, you and I equally, and, ye childe has the right to choose first."

Ye Chen said: "what if there is only one treasure?"

After hearing the words, shuijinghua pondered for a moment. Then, a touch of decisive color flashed in her beautiful eyes and said, "if so, I'd like to give that treasure to Mr. Ye. However, Mr. Ye owes me a little favor and will do something for me in the future."

Water mirror China is very clear, a more than 20 years old has such strength of evil, is how terrible existence, once Ye Chen grow up, with a treasure in exchange for his human feelings, absolutely no loss!

Moreover, shuijinghua is very clear that without Ye Chen, she not only has little chance to get the treasure, but also is likely to die in the battle of seizing the treasure!

If it was not for the prohibition of her ancestors, who forced her to take part in the battle, shuijinghua would not even return to the sea of heaven.

Ye Chen smelled the speech and said with a smile: "it seems that the battle of seizing treasure is really very difficult for water girl.

Well, since Miss Shui is so sincere, then ye agreed. "

Then he slowly got up from the bed and looked at shuijinghua with a playful smile and said, "after all, I can't bear to sit and watch a beautiful woman like shuixiaohua die."

Water mirror China smell speech, pretty face instant red to the root of the ear, she some shame annoyed ground raise a hand to want to toward leaf Chen to hit a way: "you make fun of me again!"

The leaf Chen tiny smile, the body shape move, then already toward the door to walk.

Looking at Ye Chen's leaving figure, shuijinghua shakes her head. I don't know why, when she just takes off her clothes, she has a kind of expectation, a kind of expectation of what ye Chen does.

She was puzzled and murmured, "I, what's the matter?"

.....

Buried in Tianhai, an uninhabited island.

A man with sunken cheeks, with a flash of body, walked towards a cave.

There are many black robed people lurking in this cave!

Soon, the man came to the bottom of the cave, where a palace was built!

At the moment, a lazy man's voice came out of the palace and said, "misty, you've come back, but have you brought that bitch to me?"

Wu mang immediately knelt down in front of the palace and said nervously, "the Lord, my subordinates are guilty. There was some accident in this action. The two brothers of Lian Sha not only didn't catch the bitch, but died in each other's hands!"

"What?"

The sound in the palace clearly contained a trace of anger.

Fog awn body trembles, will head buried lower.

At this time, a sound of footsteps sounded in the cave. Soon, a young man came to the fire in front of the palace!

Fog Mang's eyes trembled, and he didn't even dare to look up to see the little master of the fog hidden island.

At this moment, the young man standing in front of him is tall, with long gray hair and blood red eyes. However, the most prominent one is this young man, all over with bandages!

On the bandage, there is a faint aura, and the book is engraved with countless runes, which is obviously not ordinary!

This man is the little master of Wuyin Island, Wujue! Wu Jue looked down at the mist awn in front of him and suddenly showed a smile and said, "mist awn, do you want to gamble with me?"

Fog awn smell speech, in the eyes appeared extremely frightened look, repeatedly shook his head way: "subordinates dare not!"

Wu Jue, a hobby is gambling!

However, Wu never gambles on property or anything else. He only gambles on one thing, that is

Life!

So far, Wu Jue has gambled 98569 times. He is a real gambler!

Among the more than 90000 gambles, Wu Jue never lost!

You can imagine what it means to gamble with Wu Jue

Wu Jue Leng snorted: "don't you want to? If you don't want to, do something for me! "

His eyes flickered slightly and said: "it seems that you are unreliable. In order to get the treasure map, I still need to do it myself."

This fog knows the secret of the treasure map from nowhere!

The mist awn hears speech, some worry tunnel: "but, young master, your wound..."

If it had not been for the accidental injury before the fog, someone would have to protect and heal in the cave, and they would not have been sent to deal with shuijinghua only with the three of them and the group of ghost scale fish buried in the sky.

Wu Jue said: "the wound is almost better. Why is it in full swing to deal with that little bitch? Well, it shouldn't be too late. Let's go. If it's too late, it won't be easy to start. "

Fog awn nodded and said: "yes!"

Immediately, he said in a high voice to the man in black who was hidden in the cave, "everyone, listen to the order. Now, follow the little Lord to fight!"

For a moment, there was a cheer in the whole cave.

Wujue, in addition to the identity of the little island owner of Wuyin Island, there is another identity, that is, the pirate on the sea!
