Chapter 5241

Ye Chen's eyes narrowed slightly and said: "sea animals..."

Luo you was puzzled and said, "what sea animals?"

Ye Chen said: "there are sea animals coming towards us!"

At the moment, some of the crew around heard that their faces had changed greatly!

Sea animals attack

Also known as the tide of sea animals

It's one of the most terrible disasters in the sea. Almost no ship that encounters the tide of sea animals has survived

At this time, Zhuang Yuxian and Wen Biyun are just on the deck. Their faces change and they stare at Ye Chen angrily!

Wen Biyun yells at Ye Chen: "Ye Chen, are you cursing us to die? Don't you know what to say and what not to say on the sea? "

Zhuang Yuxian said with a cold smile: "boy, are you looking for a sense of existence again? Do you think Mr. Shui will really treat himself as a super power if he helps you fool him once? I didn't feel anything, so you found the sea animals? Hehe, Mr. Shui just wanted to help you with your lie because he was afraid of wasting the crew and delaying the journey. Do you think you can make it every time? "

Everyone also shook his head, don't believe Ye Chen, the probability of the sea beast group is too low!

Ye Chen light way: "is not natural sea animal group."

Not natural?

After hearing this, the public did not believe it any more. Who can control so many sea animals and cause the tide of sea animals?

They don't care about ye Chen either. They know that young people like the feeling of being noticed, so they often exaggerate to attract attention.

Zhuang Yuxian said with a cold smile: "OK, I'll see when the sea herd will appear. If it doesn't appear, ye Chen, you should be ready. This time, I won't let you go easily! It's no small matter that you shake people's hearts! "

Ye Chen doesn't even bother to look at Zhuang Yuxian now. Instead, he hopes that Zhuang Yuxian can kill him as soon as possible.

After a long time, the sea was still calm. Zhuang Yuxian saw this and said to Ye Chen, "boy, what do you mean by the sea animals? Why didn't you even see the hair? You shake people's hearts, my son. Now I want to slap you 500 times. Is that ok? "

However, just as Zhuang Yuxian finished, Luo you turned pale and exclaimed, "that! That's... "

I saw that tens of thousands of meters ahead, a huge wave was coming towards their ship, and on that wave, there were countless sea animals with dangerous smell!

Among them, there are several sea animals in the real world!

For a moment, all the crew on the deck were very frightened!

It's true that ye Chen is right!

Zhuang Yuxian, who is about to attack Ye Chen, opens his mouth wide and his chin is about to fall to the ground. A look of great fear appears in his eyes and murmurs: "this How is that possible? "

With a loud bang, the vast expanse of waves suddenly smashed towards the ship. Luo you's face changed and he yelled: "hold the ship!"

At the moment, the faces of the crew in the power room changed one after another, and the power in the body gushed out madly, barely making the ship overturned by the huge waves!

The crew on the deck grasped the guardrail one after another, biting their teeth, insisting that they would not be thrown away by the raging waves.

Only one man stood firmly on the deck, and the waves could not touch his clothes.

This person, naturally is Ye Chen!

People looked up to the front, and a thick color of panic flashed across their faces!

I saw that before the ship, there were many huge sea animals!

The head of the dragon is a dark blue dragon. On top of his head stands a young man with bandages all over his body. When people's eyes fall on the young man, they can't help but despair

Zhuang Yuxian, in particular, almost fainted directly!

The bandage youth, unfathomable!

At this time, a figure appeared behind Ye Chen, which was the water mirror Hua who wrapped himself tightly!

In the gorgeous eyes of the water mirror, a dignified voice to Ye Chen said: "young master ye, be careful, the foundation of the fog family in the fog hidden island is the art of controlling animals. With the help of some special magic weapons, they can even control the whole group of sea animals like the ghost scale fish group to fight. It's very beneficial for them to fight on the sea outside the island!"

At this time, with a sneer on his face, Wujue looked down at the crew who had been completely stunned, and said faintly: "my son, named Wujue, is the head of the ghost fog Pirate Group. Everyone gather on the deck for me."

Luo you looks ugly, but according to Wu Jue's words, he orders him to go on. After all, it's not the sea beasts. Even Wu Jue can't compete with them

Soon, all the crew members were shivering and concentrated in the middle of the deck.

Wu Jue seemed to be looking at a group of mole ants, showing a scornful sneer. Then, his eyes fell on shuijinghua, and he said with a smile, "lady, can you make it easy for me to find my husband? We finally meet, why do you hide it? Let me take a good look at you. "When people heard the words, they were all surprised. Mr. Shui was actually the "Lady" in the strong man's mouth?

Shuijinghua hears the words, but she is not moved. She looks at Wujue coldly without saying a word. At the same time, she glances at yechen from the corner of her eyes. She knows that yechen is the only one who can get away from Wujue!

Water mirror China know ye Chen is very strong, but in the face of this sea beast group, plus the super strength of the fog, ye Chen can continue to be strong?

Shuijinghua, also no confidence

Wu Jue's eyes narrowed, but he didn't care. Anyway, before taking the treasure map of human skin, there was plenty of time to educate the bitch.

Immediately, he said without expression: "I know very well that my wife's strength is not enough to kill my two subordinates. Who did it?"

Then his eyes fell on the pale, shivering Zhuang Yuxian and said, "is that you?"

Among these ants, Zhuang Yuxian's accomplishments are still in the past. Except for him, no one has a chance to kill Lian Sha brother.

However, Wu Jue frowned slightly. Even though Zhuang Yuxian's cultivation was ok, his breath was obviously unstable. He should not be able to do this. How did he kill Lian Sha brothers?

Even if he and shuijinghua join hands and can defeat the Liansha brothers, they are still far from being able to stay or even kill them. The fog hidden step is not a bad way!

Hearing this, Zhuang Yuxian trembled and said, "it's not me, young master! I'm just a waste. I don't have any strength to kill the young master's men! "

He is incomparably flustered one finger leaf Chen way: "is he! It's this kid! Young master, this is the boy who stopped your men from destroying the power room! "

Chapter 5242

For a time, all the crew members showed a look of great disdain for Zhuang Yuxian!

In order to survive, betraying a companion is no different from fleeing in the face of war. It's all cowardly behavior. They look down upon it!

The people of Wuyin island on the sea beast's back, hearing the words, looked towards Zhuang Yuxian's fingers one after another. The next moment, they were all stunned. Then, they looked angry and roared, and the breath of terror came towards Zhuang Yuxian!

Although Zhuang Yuxian was a real warrior, he could not help spitting out blood and retreated several steps when he was attacked by so many powerful forces.

Wu Jue frowned and said, "are you kidding me? How does a waste kill my men? Do you think I'm stupid? Do you know that deceiving me is a capital crime? "

Hearing this, Zhuang Yuxian was about to pee. With a puff, he knelt down on the ground and kowtowed to Wujue: "please let me have a dog's life. Please, I'm willing to be an ox and a horse for you..."

Seeing this, Wu Jue said with a smile: "spare you, you can, but you have to bet with me. If you win, I will spare you and send you back to Dongfeng City safely. What do you think?"

Hearing the speech, Zhuang Yuxian was ecstatic and said, "I do!"

Anyway, if you don't gamble, you'd better fight!

The smile on Wu Jue's face became stronger. His figure flashed and fell in front of Zhuang Yuxian. He said with a smile, "I took out my bet. What do you bet on?"

Hearing this, Zhuang Yuxian hesitated. He looked at the sea animals in front of him and the black robed man on the back of the sea animals. Suddenly his eyes lit up. It seemed that there was no woman among them!

Pirates, in general, need women!

He immediately said to Wu Jue, "women, I bet women!"

The next moment, Zhuang Yuxian directly grabbed Wen Biyun beside him, came to Wujue and said, "young master, he is my woman, I bet her, do you think it's ok?"

At the moment, all the black robed pirates on the back of the beast gave out a cheer!

When Wen Biyun was stunned, he looked at Zhuang Yuxian with tears on his face and said, "elder martial brother, you What are you doing? Let me go! You said to protect me

Zhuang Yu Xian's face sank, slapped him on Wen Bi Yun's face, and said: "I'm protecting you, aren't I? I have to win to protect you! What, you don't believe I'm going to win! "

Then he kicked Wen Biyun.

Wen Biyun vomits blood and her coquettish face is swollen. Her eyes are already full of despair. In order to follow Zhuang Yuxian, she gives him everything, but in the end, she ends up like this?

Wu Jue said with a smile, "OK, let's go."

Zhuang Yuxian said: "young master, what do we play?"

"What are you good at most?" he asked

Zhuang Yuxian said with a bright face: "sword!"

Wu Jue said with a smile, "OK, let's compare swords."

"Thank you, young master!" Zhuang Yuxian was very happy in his heart. In his opinion, Wu definitely appreciated himself. He had to find a reason to accept himself as a subordinate!

Although he doesn't want to be a pirate, it's better than to die!

The next moment, Wu Jue took out a ball in his hand. The ball was suspended in the middle of the two people. On the ball, there was an aperture, which encircled both Wu Jue and Zhuang Yuxian.

Wu Jue said: "you and I are in the aperture, and the distance to the ball is the same. For a while, after your people give orders, whose sword will hit the ball first, even if it is a win, what do you think?"

Zhuang Yuxian was excited when he heard the speech. He nodded and said, "OK

Zhuang Yuxian is most proud of his sword speed!

Maybe, faster than the sword, he has a chance to win the Wujue!

Wu Jue casually pointed to one of the crew: "you come here and give orders."

"Yes."

The crew dare not say a word, immediately, went to the fog and Zhuangyuxian between.

Zhuang Yuxian's face is deep, and he holds a long silver sword. The sword is humming slightly, and the endless sword will surround it!

Wu Jue, on the other hand, took out an ordinary sword at random. It seemed that he was not used to holding the sword. Obviously, he didn't usually use the sword.

Zhuang Yuxian saw this scene, more happy!

At this time, the crew raised a hand and said: "ready..."

"Start!"

In a flash, Zhuang Yuxian and Wu Jue suddenly put out their hands. The sharp light of the sword lit up the world, and everyone's eyes were also locked on the long sword in their hands!

Time seems to have slowed down countless times, people's eyes gradually widened, and a touch of joy appeared in the eyes of the crew

Wu Jue, as if really not used to sword, for him, the sword speed is not too fast, but Zhuang Yuxian's sword, is like silver lightning general, fast toward the ball close!

Although the crew disdained Zhuang Yuxian, they also hoped that he would win. Anyway, it was better than Wujue. Zhuang Yuxian is also ecstatic. He is about to touch the ball with the tip of his sword. His heart is beating wildly. He is about to be free!

Maybe this time, only he, Zhuang Yuxian, can survive?

He was so excited that he was about to cheer!

And all the people present think that Zhuang Yuxian is going to win!

However, at this time, ye Chen's brow is suddenly a wrinkle.

The next moment, the blood flashed and Zhuang Yuxian's smile solidified. The moment his sword touched the ball, it stopped. To be exact, it fell from the sky

With his hands!

At the moment, Zhuang Yuxian's hand was cut off!

It turns out that the reason why Wujue's sword looks slow is that the goal of this sword is not the ball in the air, but Zhuang Yuxian's arm!

Zhuang Yuxian looked at Wu Jue dully, but he didn't know what happened. At this moment, his arm and sword fell to the ground.

Looking at the broken arm and his empty right shoulder, he gradually reflected that his hand had been cut off

"Ah, ah, ah!!"

A heartrending scream reverberated on the deck. The pain came. Zhuang Yuxian rolled all over the floor with pain. His eyes were full of blood and looked at the fog!

With a very happy smile on his face, Wu Jue liked to see the expression of others when they fell from heaven to hell. He raised his sword, touched the ball in the sky at will, and said with a smile, "you lose."

Zhuang Yuxian yelled at Wu Jue: "you cheat!"!!! I win, I win

Wu Jue shook his head and said, "I didn't cheat. In the rules, I didn't say that I couldn't attack each other, did I? He only said that if he touched the ball first, he would win

Zhuang Yuxian was very angry. He spat out a mouthful of blood and looked at Wu Jue fiercely, as if he wanted to do something.

But, at this moment, the sword light in Wujue's hand flashed. The next moment, Zhuang Yuxian's head had fallen to the ground. Wujue said faintly: "there's another thing, I forgot to tell you, I don't accept other bets, I only gamble my life. Now, you lose."

When people saw this scene, they couldn't help trembling. Wu Jue was a madman!

This so-called gambling is just to torture each other, right?

This time, in such a dangerous situation, who can rescue them from this madman?

Don't count on Zhuang Yuxian!

Do you want to count on Ye Chen?

Chapter 5243

At this time, Wu Jue looked at Wen Biyun and said with a smile, "however, your additional bet is not bad. This time, I'll make an exception to accept it."

With that, he grabbed Wen Biyun, who was struggling, and threw her into the crowd.

The men in black robe sent out a wild animal like laugh and rushed towards the woman. Soon, a heartrending woman cried and screamed, which rang out from the group of people in black robe. But in a moment, the scream had stopped.

In the crowd, a bloody naked body was thrown down, and Wen Biyun died too!

Seeing this scene, the crew's legs are going to soften!

These people are not human at all!

Although the martial arts are cold-blooded and cruel, they are not abnormal to this point!

At this time, Wu Jue said with a smile: "I'll ask you again who killed my men. If no one comes forward, I'll continue to choose one of you and gamble with you."

For a time, the faces of all the people were pale and bloodless, but everyone was silent.

Sailors are a united group. They don't want to betray their partners, and even if they do, they don't know how to speak!

According to Ye Chen that day, it was he who killed Wu Jue. But Zhuang Yuxian had already said that Wu Jue didn't believe it!

Fog will see, a cold smile, his eyes casually swept, then fell on Luo you, just when he was ready to speak.

A burst of footwork sound, but suddenly sounded, a man slowly came to his body.

This person, naturally is Ye Chen!

That many crew members see this, is pupil one quiver, leaf Chen is crazy?

Didn't you hear what Wujue said just now?

To walk in front of Wujue without permission is to die!

I can still remember the end of Zhuang Yuxian!

The fog definitely sees to the leaf Chen, in the eyes flash a touch of chill.

Ye Chen that indifference, calm look, make him uncomfortable.

Shouldn't a mole ant in heaven and earth tremble in front of him?

Dare you walk up to yourself at will?

He sneered: "boy, you come up, do you want to gamble with me?"

The atmosphere on the deck, instantly dignified, everyone's eyes all concentrated on the leaf Chen body, don't know, he will how to reply?

At this time, ye Chen, light mouth way: "yes, I just want to bet with you."

For a time, the crew, even the black robed pirates, were staring at Ye Chen, their brains were boiling!

I don't understand why Ye Chen did this. Only Luo you showed his gratitude

He knew that ye Chen stood up for himself.

When Wu Jue heard the words, he had a very sarcastic look in his eyes. He laughed and said, "did you hear me right? Do you really want to bet? But now, even if you want to go back, it's too late! "

He gazed at Ye Chen and said, "boy, what do you want to bet on?"

Ye Chen casually looked at the sea animals and the black robed people around the ship and said, "I'll bet that I can kill all your subordinates and sea animals in one move!"

With this remark, the whole sea seems to have fallen into a black hole, silent!

The crew's brain was completely unable to think

On the ship, they knew that ye Chen was extremely arrogant, even Zhuang Yuxian didn't seem to pay attention to it. But now, they found that ye Chen couldn't describe it with arrogance

What a complete lunatic!

Don't say ye Chen. Even all of them can't kill all the sea animals and their subordinates in one shot?

Luo you and several crew members who had worked with Ye Chen said in a hurry: "don't be impulsive, boy!"

"Ye Chen, stop talking nonsense!"

"Apologize to Mr. Wu, and choose again..."

It's not gambling at all, it's suicidal

Water mirror China smell speech, is also a frown, eyebrows in a Shen Ning, she looked at Ye Chen, eyes faint some disappointment.

She felt that ye Chentuo had grown up.

And the pirates, first of all, were stunned, and then they were furious!

Bursts of manic breath, instant burst!

I don't know how thick the world is. Do you think they are mole ants?

How dare you look down on them?

Is these people prepare to Ye Chen hand of time, the fog definitely is suddenly a wave hand!

The crowd of black robed people were quiet for a moment.

Wu Jue looks at Ye Chen playfully. Usually, he takes the initiative to set traps for others when gambling with others. But today, it's the first time that he sees someone jumping into the fire pit?

On the contrary, he is curious about what ye Chen plans to do.

Wu Jue nodded and said, "OK, I'll give you a chance to do it." Ye Chen heard the words, and a sneer appeared in the corner of his mouth. He looked at the gloomy black robed people, and slowly opened his mouth. Four words echoed in the sea.

"Xuanji Jue Huo."

The next moment, ye Chen's hands instantly burned a gold and silver flame, all people in the eyes touched the flame of the moment, can't help but tremble!

A primitive fear surged from the bone marrow!

Animals are naturally afraid of fire, but human beings, as primates of all things, control fire with wisdom

But man is still an animal!

At this moment, seeing the golden flame, people's instinct engraved in their bones was awakened again!

That gold and silver flame, as if it is not human beings can control the existence!

The moment the mist saw the flame, it was a change of face!

A very bad premonition welled up from his heart. In a flash, a big yellow axe appeared in his hand. There was a light of law on the axe. It was a magic weapon of law!

Wujue's eyes were full of blood, and his whole body was full of spiritual power. He poured into the axe crazily. At the same time, he roared: "everyone, get out of my way!"

Wu Jue is really an excellent gambler. He has extremely sensitive intuition. He can make a quick decision when he sees a bad situation. But this time, his intuition is really slow!

I saw that the black robed people were stunned and were about to control the sea animals. They scattered, but

At this time, the gold and silver flame in Ye Chen's hand suddenly broke out and turned into a huge fire wave, sweeping towards the sea beasts!

The blazing fire seemed to consume all the air in an instant. Under the reflection of the golden and silver light, all the people on the deck felt a moment of suffocation. Their eyes trembled and their fear surged in the depths of their pupils

As if the whole world would turn into scorched earth in this flame!

At this moment, people think of that day, ye Chen explained how to defeat the existence of that level of "backhand"!

Chapter 5244

Fire repair is famous for its destructive power, which exists in the legend. Those really powerful fire repair can even fight regardless of the realm!

However, they did not expect that ye Chen was a legendary huoxiu!

The eyes of shuijinghua are also bright!

Can ye Chen really create a miracle?

In an instant, the fire wave devoured the sea animals and the black robed man. These sea animals and the black robed man tried their best to use their spiritual power for defense. The fire wave lit his body in an instant!

A very sad, painful scream, echoed in the sky and sea of burial!

At the moment, Wu Jue's face was as ferocious as a ghost. He accepted many sea animals and trained his subordinates. He didn't know how much effort he had spent!

Now, is it going to be destroyed in the hands of this boy?

What made him even more surprised was that he had no confidence to resist the terrible fire of gold and silver!

At present, killing this strange boy may be the only chance!

The fog resolves Li to drink, the whole body strength exertion reached the acme, that big axe in the hand bloomed out a thick and incomparable soil yellow luster, mercilessly toward Ye Chen to blast!

A kind of extremely strong and overbearing charm, which seems to be able to divide the sea and open the sky, is released and turned into a terrible axe shadow. Under the shadow of the axe, the deck made of extremely tough wood with countless array blessings is instantly cracked and broken!

People can't help changing their faces when they see this. The power of this axe is too frightening. Just feeling the power of the axe, people feel that their bodies are going to be crushed!

The most important is, at the moment Ye Chen is manipulating that flame, seem to have no spare force to carry on resisting at all!

Shuijinghua exclaimed: "young master ye, be careful!"

The power of Ye Chen's flame is far beyond their expectation, but the reaction of Wu Jue is too fast!

Wu Jue looks at Ye Chen who doesn't move. He looks ecstatic. The winner of this gamble is himself after all!

In the blink of an eye, this axe is completely smashed!

With a loud bang, the surrounding sea area was shaken violently under this axe, the waves were rolling wildly, and the ship was instantly covered with numerous cracks, almost all of them were smashed by the fog!

The crew, in the midst of the earthquake, fell to the ground one after another, looking at Ye Chen's position in despair

See, there, at the moment has been empty, and a big hole appeared on the deck!

At the same time, the fire of gold and silver, which was burning crazily on the sea, dissipated in an instant

Looking at the dissipated flame, people's hearts are sinking to the bottom of the valley. Has Ye Chen changed into nothingness under this axe?

Fog decided to look at the sea above, at the moment, buried in the sea of a thick fog, his eyes can not help flashing.

In the perception of the fog, the sea level at the place where the sky sea was buried dropped half an inch

Don't underestimate this half inch, it represents a huge amount of sea water!

And why did it drop by half an inch?

It is because, a lot of sea water in Ye Chen's flame, evaporation!

The sea water buried in Tianhai is not ordinary sea water. It's hard to evaporate it!

But, ye Chen a hand, then full evaporation, make sea level all drop half inch of sea water ah!

That fog, is the evaporation of sea water!

And

At the moment, the whole sea area is full of black ashes, but the sea animals and the black robed people are missing

Even if it's the fog, you can't help but have a look of fear in your eyes. Ye Chen turns the pirate group that he has been working hard for thousands of years into nothing!

For the first time in his life, he lost in a gambling game. Moreover, he lost to a boy in heaven and earth!

However, soon, the corner of Wu Jue's mouth was filled with a smile. He can be sure that ye Chensheng just ate his full strength. Now, he can't feel Ye Chen's breath. He must have been in the process of being blasted to the bottom of the boat by him, and turned into a blood fog, right?

Wu Jue sneered: "ha ha, boy, what if you win the game? I never pay the debt of the dead! "

After that, he looked at the water mirror and said, "madam, I didn't expect you to hide such a white face behind your back for my husband. Now, I've lost the whole Pirate Group for my husband. How do you want to compensate for my husband?"

Then, step by step, she walked towards shuijinghua. When shuijinghua heard the words, a thick fear appeared in her beautiful eyes. At the beginning, one of the reasons why she escaped marriage was that she heard that Wujue had a hobby of torturing women!

Subconsciously, she took two steps back.

Looking at shuijinghua's frightened appearance, Wujue laughed more complacently.

In the fog, about to walk in front of the water mirror China, suddenly, a light man's voice, in the ears of all the people rang out: "do you think you have won?"Hearing this familiar voice, everyone was stunned. Immediately, his face showed ecstatic color, while Wujue was just the opposite. His face was severely distorted, and his eyes were full of horror and disbelief!

Wu Jue turned around and looked behind him.

See only, what stands in front of him is exactly the leaf Chen that disappears before, the front takes amusing smile ground to look at oneself!

In a flash, the smile of Wu Jue has disappeared, and the rest is only gloomy!

"It's impossible," he said, almost in a roar

Ye Chen suffered his full strength a blow, now, the whole body up and down unexpectedly is a little scar all have no?

Wu Jue knows that fire repair has powerful attack power, but he never heard that which fire repair can survive?

Ye Chen's smile became more and more brilliant, and said: "you seem to like watching others, falling from heaven to hell. Well, now I understand you a little, this feeling is really good."

With Ye Chen's present strength, how does the fog decide to hurt him?

The reason why the breath disappears is that ye Chen can hide it just to see the expression of the fog now!

Wu Jue's face was ferocious, just like a wild animal who was forced into a desperate situation, roaring: "boy! You think I'm really afraid of you! "

The next moment, his body move, then appeared in front of the leaf Chen, the huge axe in the hand blows down again!

He doesn't believe that ye Chen can take his own attack!

The shadow of the sky shaking axe reappeared, heavy, overbearing and fierce, and the whole ship was on the verge of collapse!

And under the bandage of Wujue's whole body, he began to bleed. This axe broke out 200% of the time, and even affected the injury. However, the power of this axe is more powerful than that of the previous one!

But the leaf Chen faces the fog to decide of the hopeless situation one blow, but just raised to lift eyelid, with a fist toward that huge axe to blow!

Chapter 5245

Originally, the crew with a happy look changed in an instant!

They originally thought that ye Chen would use that terrible flame to kill the fog, but who would have thought that ye Chen used his meat fist to fight against the law?

This is going to turn over the boat in the sewer!

In his opinion, ye Chen is just bluffing. Although the power of the flame is terrible, it can only be used once in a short time, right?

He said with a cruel smile: "stupid boy, do you want to scare me away? Unfortunately, you guessed wrong. Now, go to die! "

The next moment, ye Chen's fists and the axe of the fog, instant collision, incredible scene, appeared!

Everyone was forced to take a breath!

At this moment, the whole body of Wujue was shocked and roared, and the blood immediately flew out of his body like an explosion, which broke the bandages all over his body. The huge axe in his hand was also out of his hand, inlaid in the attic of the ship. The whole person flew backward and hit the wall of

the ship heavily, with a continuous click. His bones were broken, like a pool of mud He was paralyzed above the deck.

People's thinking, instant freezing!

Ye Chen is unexpectedly with a fist, then directly suppress the fog?

See ye Chen's fist again left a tiny bloodstain only, moreover, between blink of an eye then recover as before!

Is this still human?

All of them couldn't help swallowing their saliva when they looked at Ye Chen. If Zhuang Yuxian was still alive, he would be scared to death when he saw this scene, right?

And water mirror China in dull after a moment, the beautiful eyes is brilliant again and again!

Ye Chen walked casually to the dying fog, and said with a smile, "I heard that you only gamble your life?

Now, I come to collect the debt. "

Wu Jue's eyes trembled and his face was full of pleading and panic. He said, "young master, I'm the little island Master of Wuyin island. Let me go, I will..."

But, don't wait for him to finish saying, leaf Chen already one foot tramples his head for smash.

For a moment, the whole sea seemed to be in silence.

All this, seemingly complicated, actually happened in just a few dozen breaths.

With dozens of breaths, ye Chen directly solved the problem of the pirate group that controlled the numerous sea animals?

How tough it is

At this time, Luo you suddenly cried out: "thank you, young master ye, for saving your life!"

At the moment, everyone reacted and said: "thank you, young master ye, for saving your life!"

Ye Chen said with a smile: "Captain Luo, you don't have to be like this. We just get along as before."

.....

A few days later.

Ye Chen, standing at the bow of a broken ship, suddenly flashed his eyes and asked the water mirror beside him, "is that the city where we are going?"

Shuijinghua nodded and said, "yes, that's the golden city."

At this moment, at the end of their line of sight, there is a magnificent city, which is built on a huge island!

This place, called the Golden City, is the destination of everyone's trip!

Most of the buildings on the island are made of some kind of local specialty Lingjin. The whole body is glittering with gold, so it gets its name.

Soon, the ship sailed into the port. Luo you came to the deck and said with a smile, "young master ye, Miss Shui and miss Pei, this mission has been successfully completed. See you later."

Ye Chen and others nodded, then jumped off the ship and entered the golden city.

At this time, Pei Yi asked Ye Chen, "young master ye, why did you enter the sky sea this time?"

Ye Chen's eyes flashed slightly and said, "I'm here to find someone. Two friends may be buried in the sky sea."

Then he turned his wrist and took out two portraits, which were Gu Xuan and Zhu Yuan!

At this time, shuijinghua said to Ye Chen, "Mr. Ye, although our water family is in decline, there are still some forces in the sky and sea. If you can trust me, you can lend me these two paintings. I'll send them back to the water family and look for them for you."

Ye Chen hears speech a happy way: "thank you."

Immediately, shuijinghua handed over two pictures to Pei Yi and said, "Xiaoyi, it's too dangerous to stay with us next time. Now, you take the picture back to Shuijia and tell Dad that I'm back. You can take people to explore the news of Ye Gongzi's friends."

Pei Yi nodded and said, "yes!"

Pei Yi's strength is not weak, but she knows very well that she will only become a burden to miss and Mr. Ye in the battle of seizing treasure.

After Pei Yi left, ye Chen asked shuijinghua, "why do we come to this golden city?"

At the moment, shuijinghua no longer covers her whole body tightly and shows her face. However, she uses some means to cover her true face. Although she looks pretty now, she is no longer shocking.

She said solemnly: "the golden city is one of the towns closest to the treasure marked on the treasure map. Presumably, there will be many people with tattoos coming to the golden city!" Ye Chen's eyes

flashed slightly and nodded. It seems that the golden city is the battlefield of fighting each other in the battle of seizing treasure!

"Now, let's find a hotel first," said shuijinghua

Soon, they came to a hotel.

Shuijinghua and yechen went to the counter and said, "housing."

Behind the counter was a girl with peach blossom eyes. She said with a smile, "Miss, would you like one room or two rooms, please?"

Water mirror China smell speech, hesitated for a moment, then pretty face slightly red to open a way: "a room....."

After hearing this, the girl behind the counter gave an ambiguous smile. Then she handed over a jade card in a funny tone and said, "open it for you. I've chosen a big bed for you."

Ye Chen looks at shuijinghua strangely, and shuijinghua's face is Shua, red like a ripe apple.

She said to the girl like an excuse, "no It's not what you think. "

With that, he quickly turned around and walked towards the room.

The girl saw this and showed a 'I know' look to Ye Chen. Ye Chen could only smile and shake her head, catching up with the water mirror Hua.

.....

When they entered the room, shuijinghua held the corner of his clothes and said nervously, "don't get me wrong, young master Ye. I'm just worried about the heir of the tattoo. You won't be with me when I launch the attack. During this time, we should try our best to stay together. "

Ye Chen nodded: "don't worry, I know."

He looked at the big bed and said, "go to bed. I'll practice."

Ye Chen casually sits on a futon, but shuijinghua is still standing in the same place.

Looking at the water mirror China, that is shy and uneasy, ye Chen can't help but smile and say: "don't worry, I said, I won't do anything to you."

Chapter 5246

Water mirror China smell speech, seem to be at ease a cent way: "that, ye childe, I went to take a bath first."

Ye Chen looked at the water mirror China, suddenly, joked: "of course, if you want to do anything to me, I will not resist."

Water mirror Hua, who is walking towards the bathroom, smells that her neck is red again. She looks at Ye Chen with shame and annoyance and says: "I I'm not going to do anything to you! If you tease me again, I will ignore you! "

Said, as if to escape in general, hiding in the bathroom.

Ye Chen looked at the graceful shadow on the jade screen, his eyes flashed, and a fire suddenly rose on his belly. After he forced the fire down, ye Chen took back his eyes and murmured: "it's really a torture to share a room with this girl."

At the same time, a handsome young man with red clothes, red phoenix eyes, flying eyebrows, but somewhat frivolous look walked into a hotel slowly. Behind the counter, a peach blossom eyed girl said with a smile: "my guest, do you want to eat or stay?"

.....

The picture turns around. In a spacious guest room, a young man sits on the futon, frowning slightly. It's Ye Chen.

At the moment, he was planning to practice, but the sound of water reverberated in his ears, which made him feel uneasy.

After trying for a moment, he took a breath and gave up his practice. He could not help looking at the emerald screen again. His eyes were gradually burning.

All of a sudden, ye Chen's pupil contracted for a while and rushed toward the bathroom.

Bang, directly smashed the jade door of the bathroom!

Is bathing in the water mirror China, stupidly looking at slightly panting, broke into the bathroom Ye Chen, as if for a time, has not yet reflected, what happened.

That exquisite jade body, completely exposed in Ye Chen's line of sight!

Ye Chen's vision, mercilessly flashed!

The next moment, the water mirror in the beautiful eyes of China emerged a very aggrieved look, while covering his body, while issued a scream of panic.

As soon as ye Chen's face sank, he rushed towards shuijinghua like a beast. At the next moment, the delicate body of shuijinghua was taken into his arms by Ye Chen without resistance!

In the gorgeous eyes of the water mirror, there was a mist. He looked at Ye Chen with tears and said, "young master ye, you promised me..."

Feeling the silk like touch of shuijinghua's skin, ye Chen's mind was again rippling. He forced down the rising beast in his body and instantly wrapped a robe on the jade body of shuijinghua!

Water mirror China tiny a Leng, don't understand Ye Chen, why put on clothes for oneself?

Doesn't he want to

At the next moment, ye Chen's feet suddenly made a force, and the whole person shot out like a rocket. With a loud bang, he hit a big hole in the wall of the hotel and flew out of the hotel.

Water mirror China in the gale, tightly pressed the corner of his clothes, don't understand to see to Ye Chen, is going to ask, behind, suddenly rang out a earth shaking noise!

Roaring sound, like thunder, extremely strong shock wave, swept the whole golden city, water mirror full of horror color to look back, only to see, two people just lived in the hotel, it was a violent explosion!

The whole hotel, has been turned into nothing, in situ, leaving only a mushroom cloud straight to the sky!

Even within 100 meters of the surrounding area, the houses built by Lingjing were smashed instantly, with many casualties!

Water mirror China, some incredible murmur: "this is..."

Ye Chen said in a deep voice: "water girl, I'm sorry. Just now, I felt some strong energy fluctuation in the hotel. I had to break into the bathroom..."

If he was the only one, his vitality would be strong enough to resist the explosion, but shuijinghua could not

When shuijinghua heard the words, her pretty face was frozen and she said: "I didn't expect that so soon, I was found by those inheritors. The treasure tattoo has secret protection. Even if I was blown up to fly ash, the skin with tattoo will survive..."

Ye Chen's eyes are also murderous, this person's means are too extreme, has completely exceeded his bottom line, in the face of this kind of person, ye Chen will never give him any chance, no doubt!

Just at this time, shuijinghua suddenly gave a light breath, and his breathing became rapid.

Ye Chen asked: "what's the matter?"

The beautiful eyes of shuijinghua suddenly swept down a dark alley under his body and said in a hurry: "when the successors are close to each other, tattoos will react. I feel that there are tattoo successors in that alley!"

Ye Chen complexion, suddenly a Li, this person just appears here, so very likely is the person who caused the explosion!

Pang ran thought, whistling out in an instant. Soon, ye Chen locked a figure!

At the same time, on the ground, a sharp red sword suddenly burst out and shot at Ye Chen and shuijinghua in the sky! Ye Chen looks at that sword awn, the vision one Shan way: "half step rule?"

There was a half step rule in his sword, and the level of his rule was a little higher than Xue Mobei!

The power of the law contained in this sword almost reaches the acme of the half step law. It is only one line away from being a real law!

This sword, as amazing!

However, ye Chen gazed at the sword, but he was not afraid. With a cold hum, his whole body was full of breath, and the gold and silver flames gathered together. He incarnated himself as the Supreme Master of heaven. With a sword, the sword disappeared in an instant!

Next moment, ye Chen drinks a low voice: "burn blood Jue!"

Behind it, a pair of virtual images of flame unfolded in a moment, accelerated, and appeared in the dark lane like a blink!

In front of him, there was a surprised and handsome man in red robe!

Ye Chen looks at the man in red robe, his pupil shrinks, and his cultivation is really eight layers of heaven!

Moreover, the power of its law is quite powerful, and its real strength is even comparable to that of some weaker ones!

Two people's eyes collide a burst of sparks in the air, in the face of such an opponent, even ye Chen can't have the slightest carelessness!

However, the young man in red robe did not hesitate to turn around, then used his body method and ran away with great speed!

Ye Chen is tiny a Leng, he doesn't even have the chance to show the sky demon God rope!

Immediately, ye Chen put the water mirror in the original tunnel: "wait for me here."

It's too dangerous to wear a water mirror in the battle with such a strong one.

Shuijinghua nodded heavily and said, "be careful!"

Ye Chen drinks a low, the back flame suddenly a fan, the body shape flash out instantly!

"Damn it That red robed man low scolded a, with his body method unexpectedly can't throw away behind that heaven and earth boundary boy!?"

Chapter 5247

What makes him even more incredible is that the strength of the boy in heaven and earth is so terrible?

Even if the suppression of heaven disappears and heaven and earth exist, it is impossible to go against heaven to such a point, right?

What kind of monster is this?

What made him even more thrilled was that when he saw Ye Chen, his instinct was frantically warning him that this world, which seemed to be only in his twenties, was extremely dangerous!

Hong Shuntian has always been a person who believes in his own intuition, which is why he can live to the present.

But now, this guy is chasing himself?

One of the thirty-six days Island, Chihuang Island, Hong Shuntian was chased and beaten?

I'm afraid no one can believe it

At this moment, Hong Shuntian clenched his teeth, suddenly turned around and cut out a sword again. The red sword instantly tore the space apart, but it was a strange flash and disappeared!

Ye Chen's pupil shrinks, suddenly a turning point, and moves a few feet toward his side. At the same time, the sword awn appears in the position where he was just now, and, with a blow, he continues to chop at him, as if he has a spirit!

Ye Chen's eyes flashed and cut the sword out!

Ye Chen falls down and looks at Hong Shuntian. They both see the God in their eyes!

Ye Chen said in secret: "what a powerful law of sword is to let the sword Qi cut into the void. What's more, it gives birth to a trace of spirituality!"

Hong Shuntian was also shocked and said: "the power of the terrible divine thought easily sensed the change of my sword, and calculated the position and timing of the sword. The power of the law was even more powerful, and the power of destruction seemed to be able to destroy all things in the world..."

The next moment, two people at the same time, two extremely huge pressure, impact each other!

Ye Chen runs the source gas, blood burning formula, demon body, supreme demon body, Taiyi aura, chaos flame, moon soul chop and so on to the extreme, and makes every effort!

Hong Shuntian's eyes flashed red, and a phoenix shadow appeared behind him. The whole person sent out a kind of extreme horror of higher life. On the sword in his hand, he sent out a sound of Phoenix, and faintly surrounded by a touch of fire!

The next moment, their bodies are a flash, they appear in the sky, and then, a red sword light and the bright sword like the moon collide!

Only then did it explode. There was a huge amount of energy, which surged out of the sky and set off a cloud of fire over the golden city!

The hurricane almost moved the whole island!

The two people's figures are constantly flashing, the space is broken, the power of the law is crushing each other, countless people in the Golden City, looking at the terrible vision in the air, they are all in the face of horror!

After burning incense, there was a loud bang, and a figure smashed on the ground, which made a deep pit on the ground!

A man in a red robe, extremely embarrassed to climb out, he vomited a mouthful of blood, pale to the extreme, eyes, with a look of fear, he has no reservation, even the cards are used in the case or even defeated?

The next moment, his back suddenly opened a pair of Phoenix wings, is about to leave!

But all of a sudden, his body stagnated in the air!

Hong Shun Tian was slightly stunned. He looked down and saw that he had a red chain around his waist!

Hong Shun Tian drank a low, a sword toward the chain cut, a strange sound of friction issued, this sword is to cut off the demon God rope that day!

After the suppression of the way of heaven subsided and the power of the law soared, the bondage of the demon God was not so absolute!

But for now, this moment's limit is enough!

Ye Chen's figure suddenly appears in front of Hong Shuntian. The cold light in his eyes suddenly flashes. The evil sword in his hand is about to cut into Hong Shuntian's eyebrows!

Hong Shun Tian's face changed wildly. He suddenly yelled, "wait! I'm not the one who blew up the hotel!"

Ye Chen smell speech, the vision twinkled for a while, however, very quickly seem to again firm up, evil sword that icy sword front, continue to cut down.

Seeing this, Hong Shuntian stares at Ye Chen, as if he still wants to fight. However, he can't help but look desperate in his eyes

Can, at this time, leaf Chen that Pang ran idea in, seem to feel what, his complexion suddenly a change!

Xuanhanyu also exclaimed: "Ye Chen, the breath of shuijinghua has disappeared!"

Seeing ye Chen's look, Hong Shun Tian's eyes flashed wildly. Soon, he thought of something, and immediately said, "I know who the person who captured her is, and only I can help you find that person!"

Ye Chen smell speech, the facial expression is a burst of cloudy and sunny uncertain, he took a deep breath, slowly took back the long sword in the hand.

Seeing this, Hong Shuntian finally took a breath and said with a bitter smile, "do you believe me?"

Ye Chen smell speech, nodded a way: "I know, the person who blew up the hotel should not be you, but, you are the successor of tattoo, the purpose is to snatch the tattoo of shuijinghua, so, even so, I originally planned to kill you, after all, at the beginning of your sword, you planned to kill me."Ye Chen, although he has his own principles, is not a kind-hearted person. The battle of seizing treasure is a life and death battle.

More importantly, the secret behind this is about Huaxia and wanxu!

Hong Shun Tian said with a helpless smile: "sorry, your murderous spirit is too strong, instinctive reaction..."

He asked curiously, "how do you know I wasn't the one who blew up the hotel?"

Ye Chen pointed to the high altitude and said: "you chose to fight with me in the high altitude. Obviously you don't want to hurt the innocent. It's not like you will do this kind of thing to blow up the hotel. Well, less nonsense. Now water girl is very dangerous. You'd better take me to find her as you said. Otherwise, I will kill you.

Now, tell me first, who took her! "

Hong Shun Tian looked dignified and said, "it was the same person who took her and bombed the hotel. This person, xi lie, came from huopo Island, one of the 36 days island!

Xi lie's strength is average, but he has a very thrilling talent on top of the two unique skills of huopo island! "

Ye Chen frowned and said, "what are these two unique skills?"

Hong Shun Tian's eyes flashed and said: "fire breaks the island, two unique skills, the method of red shadow and fire breaks the island! What xi lie has mastered is the corresponding half step rule of these two methods!

But these two great unique skills, respectively is conceals and explodes the supernatural power

"Occult and explosive powers..." Ye Chen murmurs a way.

No wonder, with the power of his mind, he couldn't find xi lie's trace without close contact. Moreover, when he exploded the hotel, ye Chen didn't notice until the last moment.

Moreover, this is because of his strong mind. I'm afraid that most of the martial arts in Taizhen do not even have a chance to detect it!

Chapter 5248

Suddenly, ye Chen's eyes flashed: "before the explosion, where were you?"

It's midnight now. Isn't Hong Shuntian just hanging out near the hotel?

Hong Shun said: "I am also in that hotel! To be exact, I followed xi lie to the hotel. I think xi lie detonated the hotel to deal with me, not you. "

Ye Chen some surprised way: "that is to say, you leave earlier than me?"

It can be said that he left at the fastest speed because of his strong mind. Although he delayed some time in order to save shuijinghua, Hong Shuntian should be a step faster than him on the whole.

Hong Shuntian said with a smile: "yes, you should also see that I have Chihuang's blood. Chihuang is a very powerful fire spirit beast, and I have a talent, that is, I can have a very clear sense of the fluctuations of all kinds of fire spirit powers!"

He suddenly looked at Ye Chen with burning eyes and said: "just like, at this moment, I can feel that the fire of Tao spirit is burning in my cabinet!"

However, he immediately said with a smile: "however, don't worry. I can't bear the fire of Daoling even if I have Chihuang blood. I won't mention to anyone how dangerous it is to be an enemy to you. I've already made it very clear."

Ye Chen frowns slightly and says to Yan xuan'er secretly, "xuan'er, can you do the same thing as him?"

Yan xuan'er nodded and said, "yes! But now, not yet. My spirit is not strong enough. I'm sorry, young master... "

Ye Chen breathes a breath. It doesn't mean that the fire of Daoling is not as good as Chihuang's blood. It's just that this kind of induction pays more attention to spirituality. Although Daoling's fire has spirituality, after all, today's Yan xuan'er is only in the state of fire, and spirituality has just begun. That is to say, in terms of flame perception, Yan xuan'er is stronger than Hong Shun Tian, but there is a gap in spirituality, She can't distinguish as clearly as Hong Shuntian.

For example, it's like a myopic adult who can only see fuzzy fonts, but can understand the meaning of a sentence. However good and clear a baby's eyesight is, it's useless if he can't understand the meaning of the words.

Ye Chen looked at Hong Shun and said, "my name is Ye Chen. What's your name?"

At present, to rescue shuijinghua, it seems that we have to cooperate with him.

Hong Shuntian stood up, patted his ass and said with a smile, "Hong Shuntian."

The next moment, the two bodies flash, then disappear from the original place.

.....

On the outskirts of the Golden City, a dark shadow flashed into a dilapidated stone temple.

Under the light moonlight, reflected a gloomy, ugly face.

This man is a thin man who looks about 30 years old. His face is covered with burns and curly scars, which completely distort his whole face.

Although they are powerful, they are extremely dangerous to practice!

Many people, therefore, are deterred!

Xi lie naturally knew this. However, he knew better that with his talent of cultivating martial arts, he wanted to surpass ten thousand people and make all those who despise him suffer endless torture. Then, no matter how dangerous these two unique skills are, he should take them for himself!

Ordinary people, want to ascend to heaven, only take life to gamble!

He did, and even at the cost, he survived.

As an abandoned son of the Xi family, xi lie, who has been trampled on by countless people since childhood, is more eager to succeed than almost everyone else!

To this end, he can do anything!

Since xi lie showed his talent of horror in huopo Island, the Xi family accepted him again, and even gave everything to make up for him.

But when xi lie knew that the owner's son had inherited the treasure tattoo, he made a decision

That is to kill the Xi family!

As long as the Xi family is dead and he is the only one left, once the treasure is born, in order to make up for ten heirs, tattoos will surely appear on him!

This time, xilie succeeded again.

At the moment, xi lie stepped into the broken temple with a woman on his shoulder.

Xi lie put the woman on the ground and looked at her still beautiful face covered by the mask, her extremely attractive figure, and the panic in her beautiful eyes. Xi lie's eyes twinkled with greed, but xi lie was a restrained man.

He knew that this was not the time to satisfy his own desires, or even to take off his tattoo.

Fishing, the effect of live bait is better, and, to concentrate, not distracted.

.....

In a short time, Hong Shuntian and ye Chen came outside the broken temple.

Ye Chen's mind moves and instantly discovers xi lie and shuijinghua in the broken temple!

Just as he was about to rush directly into the temple, Hong Shuntian suddenly held him!

Ye Chen looked at Hong Shun Tian and saw that Hong Shun Tian's face was deep, and he said, "there are countless fire bombs around this broken temple. If they are detonated at the same time, it will be enough to raze the whole golden city to the ground!" Ye Chen frowned and said, "that xi lie is not afraid of death?"

Hong Shun said: "the method of red shadow is a very strong method of concealment, but at the beginning, the method of red shadow was created, in fact, to avoid being hurt in the explosion caused by the fire breaking method!"

Ye Chen clenched his teeth and said, "what should we do now? Do we have to watch? "

Hong Shun Tian gazed at Ye Chen and said, "originally, I had no way, but now, it's different!"

"Oh? Why? "

Hong Shun said: "because you have the fire of Tao spirit!"

Ye Chen's vision a Shan way: "continue to say."

Hong Shun said: "with my talent, although there is no small risk, I can find a way to crack the fire bomb. However, to crack the fire bomb, I need to suppress its firepower temporarily to avoid being found by xi lie. Although the fire of Chihuang is not weak, it can't be done yet..."

"So, you want to use the fire of the spirit to suppress the fire bomb?"

Hong Shun Tian nodded and said, "not bad!"

Ye Chen stares at Hong Shuntian and suddenly asks, "what's good for you to do this?"

Hong Shun Tian said with a smile: "alliance!"

"Alliance?"

Hong Shuntian said seriously: "young master ye, if you continue to fight with your strength, my best ending is to survive, get nothing and be skinned..."

He had a wry smile on his face. It was not a metaphor. It was a real skin peeling. Hong Shuntian had no interest in that kind of pain

Ye Chen's eyes narrowed and said: "so, do you want to make an alliance? Share the information of the treasure map with me and water girl. In this way, even if you enter the treasure, you will get nothing at last, which is much better than being skinned. "

Hong Shun Tian nodded and said, "not bad! However, if there are enough treasures in the treasure, I hope you will give me a chance to choose the treasures after you have finished the selection with Miss Shui. "

Ye Chen doesn't hesitate to place a way: "can!"

Chapter 5249

Hong Shuntian said with a smile: "happy cooperation."

The next moment, ye Chen heart read a move, a silver haired girl will appear in front of his body.

The girl is surrounded by gold and silver flames. Behind her, there is a pair of gold and silver wings. It's Yan xuan'er!

When Hong Shuntian saw Yan xuan'er, he was stunned. Immediately, a look of obsession appeared in his eyes.

Yan xuan'er sees this, and a look of extreme fear appears on her small face, hiding behind Ye Chen.

When ye Chen sees this, his face changes. Hong Shuntian looks normal. He doesn't have any special hobbies

Xuanhanyu said: "as one of the most powerful spirit beasts with fire attribute, Chihuang is very close to fire attribute. She is naturally attracted by the top flames such as the fire of Daoling, even to the degree of obsession But I also think the boy's eyes are a little strange... "

Ye Chen coughed lightly. At this time, Hong Shuntian seemed to wake up. He quickly wiped the saliva from the corner of his mouth and said with an embarrassed smile: "gaffe, gaffe, OK, it's not too late. Let's do it right away, but Mr. Ye has one more thing to do."

Ye Chen said, "what's the matter?"

Hong Shun Tian put away his funny look and said in a deep voice: "hold xi lie! Distract him! Don't let him notice my action!

Before I show up, he should not detonate firecrackers, but this guy is psychopathic, and his hobby is tormenting people... "

Ye Chen nodded and said, "I understand."

They exchange a look. Immediately, ye Chen rushes towards the broken temple, while Hong Shuntian takes Yan xuan'er to hide his body and quietly approaches the surrounding of the broken temple.

In the broken temple, xi lie's face suddenly moved, and he looked at the door of the temple with a cruel smile. Soon, a figure appeared at the door of the temple.

Xi lie stood up slowly and looked at Ye Chen. He said fiercely: "first of all, I want to tell you something. There are many fire bombs around the temple. You should have seen what fire bombs are.

If I get any damage, the firecracker will detonate directly. "

Ye Chen light way: "Oh? It's the first time I've ever seen a guy who really exists. He's so careful with me. "

Xi lie heard the speech and sneered: "heaven and earth? I don't know which warrior in heaven and earth can easily take over Hong Shuntian's sword. Your strength is at least eight levels of heaven in Huanzhen realm, and at least... "

Ye Chen said, "you have a good eye."

"I've always had a good eye."

Ye Chen took a look at the water mirror on the ground and said, "if that's true, you shouldn't do it to my friend."

Hearing this, xi lie grinned and said, "when you come to this temple, it shows that there is nothing wrong with my vision. Here, I am invincible!"

His face, suddenly ferocious down, said: "tell me, Hong Shun Tian where that boy is, he brought you?"

Hong Shuntian has always been xi lie's great trouble!

His talent is his own nemesis!

Ye Chen said with a smile: "why don't you just detonate all the fire bombs? Maybe he's nearby? "

Xi lie disdained and said with a smile: "boy, don't use provocation to me. Hong Shuntian is very resistant to fire damage. If it's not in the core area, even all the fire bombs may not be able to kill him. Besides, maybe you are just a bait controlled by Hong Shuntian? But... "

Xi lie's eyes flashed a trace of heat and obscenity, and said: "I have a way to make you speak."

Then he would reach out and grab the water mirror on the ground!

Water mirror China see, beautiful eyes tremble, she desperately running in the body of the spiritual power, but can't break xi lie planted under the ban!

But, at this time, a very frightening killing idea instantly locked xi lie!

Xi lie's that hand suddenly froze in the mid air, he matchless gloomy ground looking at Ye Chen way: "you want to kill me?"

Xi lie is really a man with great vision. He can see that ye Chen's killing intention is not false and artificial.

Ye Chen face expressionless way: "put your dog claw forward an inch, you will die undoubtedly."

Xi lie said in a deep voice: "do you know that if you kill me and the firecracker detonates, everyone will die?"

Ye Chen light way: "there are some things in this world, more difficult to accept than death."

"Is it?"

Xi lie smelled speech, peeped out a ferocious laugh, wrist move, will continue to stretch toward the water mirror China!

At this moment, his face turned pale suddenly. His whole body was bleeding backwards, and he gave a roar. His spiritual power was running at a speed of 10000%. Even, he used the secret method to stimulate his potential. In a moment, his body was moving towards the rear and retreated!

At the same time, a sword flashed past the place where he had just stood, vanishing the space into nothingness. The next moment, there was a loud bang. In the whole broken temple, bursts of light flickered, barely withstanding the attack, but the whole array was also broken in an instant! This sword undoubtedly has the ultimate destructive power!

Ye Chen didn't leave any hands!

At this moment, Hong Shuntian, who is quietly cracking the fire and bullet around the broken temple, is staring at the broken temple in the distance. His clothes have been soaked with cold sweat. His hands are slightly trembling, wiping the sweat on his forehead, and murmuring: "Mr. Ye, you What are you doing... "

Didn't he already remind Ye Chen to hold xi lie?

How did this guy do it!?

If xi lie dies, they will be buried with him!

Hong Shun Tian said: "xi lie may be a psychopath, but brother Ye is obviously not a normal person!"

He felt that he was on the wrong boat

At this time, Yan xuan'er kicks Hong Shuntian, kicks him to the sky, and says coldly, "work hard, don't let me hear you say anything bad about him!"

Hearing this, Hong Shun Tian shivered and said respectfully, "yes, little princess!"

Since he met Yan xuan'er, Hong Shuntian seems to have completely become xuan'er's most loyal pursuer, listening to her words.

Yan xuan'er's little nose wrinkled and kicked Hong Shuntian down again, saying, "don't call me princess!"

"Yes..."

.....

In the broken temple.

Xi lie gasped violently and was still in shock. If he had been hiding a little slower, he would be dead now!

This guy actually cut it down mercilessly?

Is he not afraid of death?

Don't you care about this woman?

Xi lie looked at Ye Chen in disbelief, his face twisted and said, "it seems that you are also a madman..."

Ye Chen light way: "you can try again, this time, I promise, you will die."

Chapter 5250

After xi lie was silent for a moment, suddenly, a flaming dagger appeared in his hand. With a flash of his body, he appeared in front of Ye Chen. The dagger in his hand stabbed Ye Chen's chest!

As soon as ye Chen's face sank, he was about to flash back. But suddenly, a touch of madness suddenly appeared in xi lie's eyes, and he turned the dagger to stab himself!

When ye Chen saw this, his pupils shrank and stopped. At the same time, a hint of sarcasm appeared in xi lie's eyes and said: "if you hide again, I promise, we will all die!"

The next moment, the dagger stabbed into Ye Chen's heart!

Ye Chen groaned. The dagger was warming up in his heart. The strong fire burned his internal organs, almost melting his heart completely!

The pain can be imagined!

Ye Chen leaves Yan xuan'er's body and is no longer immune to fire damage.

Fortunately, the tablet is still in the body, and the red flame pulse can resist part of it.

Xi lie licked his lips and said, "do you think you will be cruel?"

When shuijinghua saw this scene, tears rolled down in her beautiful eyes. When ye Chen fought against Wujue, she knew that ye Chen's vitality was very strong. Even if xi lie detonated the fire bomb, ye Chen was very likely to survive, and she could get two human skin tattoos!

For ye Chen, in fact, xi lie's threat is not worth mentioning!

Ye Chen has to endure xi lie's attack on him because of her!

I don't know why, at the moment, ye Chen is hurt by xi lie, but shuijinghua is heartbroken, which is more painful than xi lie's hand!

Ye Chen looked at Xi lie and said with a cold smile: "I heard that you like to torture people? That's it? "

Xi lie's face sank and he said with a smile: "the vitality is strong. I'm not willing to kill you. It's rare to get such a good toy."

As soon as xi lie's voice fell, he suddenly drew out the dagger and then thrust it towards Ye Chen's Dantian with all his strength. With a poop, the dagger fell into Ye Chen's abdomen, and the blood splashed out and evaporated by the high temperature!

But, xi lie is to wrinkle tight brow, oneself of full strength one blow unexpectedly can't hurt and leaf Chen's Dan Tian at all?

Ye Chen looked at Xi lie and raised a faint smile at the corner of his mouth and said: "you are used to being trampled. Don't you know how to fight back? When someone slaps you, you feel someone's clothes after enduring it for a long time? Is that what you're doing? Ha ha, that's cruel. I'm scared to death by you. "

On xi lie's face, he said with a wild smile: "Hong Shuntian, I don't know why you are so stupid and appear in front of me, but at this moment, you are all dead!" In xi lie's eyes, the God is wide open. When he uses the fire breaking method, he is about to detonate all the fire bombs around the broken temple. But suddenly, he is slightly stunned and stands in the same place with a dull face

How did the fire breaking method fail?

Ye Chen looked at Hong Shun without expression and said, "your action is really slow..."

Hong Shun Tian said with a helpless smile: "this is not an easy thing. Moreover, this madman has buried more than ten firecrackers around him..."

At the moment, xi lie seemed to have finally heard something. He would not believe it and roared, "what have you done? Don't give me bluff here, Hong Shuntian. What are you pretending? I know very well that you have no ability to crack fire bombs, let alone without being found by me! "

At this time, a girl's voice suddenly rang out: "he really can't, but I can."

Outside the temple gate, another figure appeared. It looked like a young girl about nine years old with a delicate and lovely face.

Yan xuan'er walks into the temple and sees Ye Chen's scars. She is stunned. Then, with a roar, her eyes turn to blood red. Her little face is twisted into a terrible shape. She swept away towards xi lie with boundless power and roars: "how dare you hurt your son! I want you to die! "

In the face of Yan xuan'er's full-blown outburst, xi lie's face changed wildly and said: "the fire of Tao Ling!"

Just when xi lie was about to be drowned in the sea of fire that Yan xuan'er had melted, ye Chen said faintly, "xuan'er, come back."
