

Physician 5271

Chapter 5271

At this time, the young servant yelled: "boy, what are you doing? Is Shuifu a place where you can come in at will? Get out of here

Ye Chen glanced at the man and said faintly, "my name is Ye Chen. I'm here to see the water mirror Hua Shui girl."

"To see the second lady?"

Shui yuan, the middle-aged servant, frowned slightly and said to the young servant, "go and inform the second lady."

Ye Chen's eyes twinkle slightly. It seems that shuijinghua has really entered the water mansion.

There was a knock on the door of shuiqianqian's room.

She frowned, a little bit of the transmission crystal, transmission crystal on the screen, instantly disappeared.

Then he said in a deep voice, "who is it! Don't you know Miss Ben is resting? How dare you disturb me? "

At this moment, a respectful voice came out of the door and said, "please calm down. I have something important to report to you."

Water Qian Qian frowns a way: "what matter?"

The servant said, "there's a boy outside the door who wants to see the second young lady. His name is Ye Chen. How should I deal with him?"

"Oh?"

Water Qian Qian look a way: "this kid, what strength?"

The servant said with disdain, "it's just a waste of cultivation in heaven and earth!"

Water Qianqian and Zhong Lang smell speech, smile, sneer, they know, fun!

Immediately, water Qian Qian then open mouth way: "now will this ye childe, please come to my girl's wing room!"

The servant was stunned and immediately replied, "yes!"

Water Qianqian to the transmission crystal a little, the picture lights up again, at the moment, water mirror China's pretty face is a panic color!

Just now, she heard all the conversation between Shui Qianqian and the servant!

She didn't expect that ye Chen actually came!

Although, at the moment, she wants to see ye Chen, but, she is also very clear, with the character of shuiqianqian and Zhonglang, if she finds Ye Chen is his companion, she will never let him go!

She knows that ye Chen's strength is very powerful, but no matter how powerful, it can't be Zhong Lang's opponent, right?

Shuijinghua doesn't want Ye Chen to die for himself!

Looking at the look of shuijinghua, shuiqianqian was more happy. She said with a smile: "sister, did you hear that? Are you happy that your man is here? Is my sister's vision really unexpected? How could you like the existence of a heaven and earth?

My sister is very curious. What's so special about this boy that he can fascinate you, a pure goddess like you? "

Zhong Lang sneered and echoed: "maybe, this boy is the kind of demon who can cross the level and fight Well, one time, more than dozens of realms, the strength is comparable to the true realms?

Oh, it's scary enough. "

This speech, water Qianqian and Zhong Lang can't help laughing, this kind of words, they say out of their own think to laugh to death.

At this time, shuijinghua forced a mouthful of aura and said, "shuiqianqian What are you talking about? I don't know this man at all... "

Under the condition of such injury, even talking is a very difficult thing, forced to open the mouth, let shuijinghua is spit out a mouthful of blood!

Water Qian Qian smell speech sneer way: "is it"? But what my sister didn't understand was that she was so ridiculed by me that she was so angry that she vomited blood, but she didn't reply. Now, how can she speak for a stranger?

Can you tell my sister why? "

Water mirror China smell speech, complexion a change, silence go on, look but more anxious up!

A moment later, she forced Reiki up again and said, "sister If you want me to die, I can give up resistance now, or even commit suicide. Please don't involve Ye Chen, he It really has nothing to do with me... "

Shuijinghua's hatred for shuiqianqian is beyond comparison. Originally, even if she died, she would never bow her head. But now, for ye Chen's sake, her tone is full of begging!

Water Qianqian smell speech, eyes cold, water mirror China is more like this, more care about ye Chen, she is more want to put Ye Chen to die in the whole!

She said in a cold voice: "sister, I advise you not to die. If you die, I promise to torture this boy with the most cruel means!"

Zhong Lang's look was also gloomy. He was jealous.

Why can a waste of heaven and earth make the water mirror to this point?

And he was rejected by shuijinghua?

Don't you think you're not as good as a trash in heaven and earth?

Rage surged in his eyes. He vowed to let the boy named Ye Chen die miserably!

The water mirror trembles and despairs

Ye Chen, I'm sorry, I hurt you

If there is an afterlife, I will make it up to you

At this time, a man suddenly appeared in shuiqianqian's room. Looking at the scene of shuijinghua's blood covered and pale face, his eyes suddenly burst out a sense of killing! He looked at water Qianqian and Zhong Lang coldly and said, "what's the matter?"

Water Qian Qian looked at Ye Chen up and down for a while, and said with a casual smile: "sister, she wants to inherit the position of the head of the family and challenge the secret realm, but she is weak, and she is injured accidentally. You seem very angry, young master? Do you love your sister? "

Ye Chen's vision is cold and fierce a minute, with his eyesight nature can see, water mirror China this is poisoned.

However, now is not the time to quarrel with water Qianqian, he immediately said: "let me enter the secret."

Water Qian Qian and Zhong Lang looked at each other, some accident, but the smile on the face is more rich.

Well, they had planned to let Ye Chen enter the secret place.

What is better than killing Ye Chen in front of shuijinghua?

Only in this way can we make shuijinghua more painful and heartbroken, right?

Because of Zuxun, they can't torture shuijinghua directly, but they can torture her lover and break her heart?

Ye Chen came in time!

Immediately, shuiqianqian nodded and said, "OK, let's go now."

Soon, the three came to the ancient tree again. Shuiqianqian took out the token and played a magic formula. The next moment, the three figures disappeared in the ancient tree.

After entering the secret place, ye Chen's figure flashes and appears beside shuijinghua. Shuiqianqian and Zhong Lang are slightly stunned. Ye Chen's speed is somewhat unexpected, but they don't care too much. Soon, they also come to the place where shuijinghua is.

When shuijinghua saw the arrival of Ye Chen, tears welled up in her red eyes. She said very reluctantly: "you What are you doing here? Go, go! I don't want to see you... "

But, all of a sudden, ye Chen is gently covered the water mirror China's cherry lips, he gazed at the water mirror China's eyes and said: "you are poisoned, don't talk."

Said, he fingertip more than a blood red pill, sent to shuijinghua's mouth, said: "take it, I detoxify for you!"

Chapter 5272

This pill is made of Ye Chen's blood. It is very powerful. It can suppress the poison temporarily and give ye Chen time to detoxify!

Hearing this, Zhong Lang seemed to want to be patient, but he couldn't help it. He immediately laughed and said, "frog in the well, do you want to detoxify? Do you know what kind of poison is in the water mirror? Why do you want to detoxify? you must be dreaming?

What kind of garbage pills did you feed her? Don't you even have Danwen? Do you know that shuijinghua just took a holy medicine with five red lines? Even so, it's useless. What can you do with this pill? "

He's not pretending. He's exposing himself.

Water mirror China is also don't think ye Chen really can help himself detoxification, but, still obediently will the blood red pill, into the mouth swallow.

However, ye Chen didn't care at all, as if he had known for a long time.

At this moment, he pinches shuijinghua's wrist and invokes the power of poison tablet in her body. Then, a ray of aura penetrates into her delicate body and flows around her damaged body. Soon, ye Chen's face is completely gloomy

What a vicious means

At the moment, the channels and elixir fields of shuijinghua have been devastated by poison. Generally speaking, even if she can detoxify shuijinghua, she will not be able to cultivate martial arts from now on. The root of martial arts is completely destroyed, and even she will become an ordinary person in this martial arts world. It's not certain

It's more painful than death!

Zhong Lang saw that ye Chen didn't pay attention to himself, and his anger in his eyes became more intense. He sneered: "boy, let me tell you the truth, this woman's poison is a mixture of blood corroding flower and Tianqing Lingshui. If you want to solve this poison, well, there are ways, but these methods, not to mention you, even those real top strong people can't do it!

Can you become an antidote pill with more than seven Dan lines?

Do you have the legendary medical holy body, Shennong body?

You are in charge of the Taoist spirit, which is known as the emperor of all heaven's different fire. "

But before he finished, shuiqianqian exclaimed in disbelief: "Zhong Mr. Zhong, the injury of shuijinghua seems to be... "

At the moment, shuijinghua is also full of surprise. After she took the seemingly unimportant red pill, there was a surge of incredible vitality in her body. The rolling vitality suppressed the blood corroding toxicity for a moment!

Zhong Lang's pupil shrinks and his face looks ugly. How is that possible?

A pill without even Danwen can suppress the poison of blood corroding flower?

It's incredible!

However, Zhong Lang soon regained his calm and said in a deep voice, "it's OK. After all, it's just temporary suppression. It's useless if it can't detoxify."

But, at this time, ye Chen is to have no facial expression ground to glance at Zhong Lang one eye way: "you just want to say, the fire of the way spirit?"

Zhong Lang was stunned. He frowned and said, "so what? Boy, you don't even know what this fire of spirit is. Do you know only one name? "

What the hell is this kid doing?

I don't know why, at the moment of Ye Chen gave him a very strange feeling!

Ye Chen light way: "I really don't know how....."

With that, he suddenly grasped shuijinghua's wrist, looked at Zhong Lang, and said with a sneer: "only, I happen to have this fire of spirit."

With this remark, Zhong Lang and Shui Qianqian's face changed. At the next moment, a golden and silver flame instantly burned from shuijinghua's wrist. A kind of extremely terrible fire charm instantly shrouded the whole secret place!

The gold and silver flame also ignited the whole body of shuijinghua. For a moment, shuijinghua looked like a fireman!

Feeling the terrible smell of fire, Zhong Lang's face was instantly distorted, his eyes were about to burst, he was staring at the unreservedly blooming gold and silver flame, his whole body muscles were stiff!

He said with great difficulty: "the fire of Tao spirit It's the fire of Daoling. How can a mole ant like you have the fire of Daoling? "

Shuijinghua was ignited by the fire, and she was surprised. But soon, she found that she was not hurt, and there were bursts of comfort in her delicate body!

At the same time, wisps of black smoke are forced out of the body by the fire, and the toxins in the body of shuijinghua are rapidly digesting!

The poison mixed with blood corroding flower and tianqingling water is a kind of water poison and Yin poison. Water and fire are incompatible. Water can be the enemy of fire, and fire can also be the enemy of water!

To crack this fierce water poison, the ultimate fire of Daoling is the best choice!

In a short time, the toxin in the water mirror has been burned up by the fire of Daoling!

At the moment, Shui Qianqian and Zhong Lang are totally stunned

They have never dreamt that the poison that they have painstakingly prepared is so cracked by Ye Chen?

Zhong Lang, in particular, was beaten in the face by Ye Chen!

Every word I say seems to fart now This kind of feeling, let Zhong Lang feel incomparable humiliation!

For a time, his eyes were red with blood, his killing was furious, his anger was raging, and he was going crazy!

Seeing is about to angrily strike, directly crush Ye Chen into dregs!

But at this time, Shui Qian suddenly grabbed Zhong Lang and said, "master Zhong, calm down. Even if this boy has cracked the poison of blood corroding flower, what's the use now? Is it too cheap to kill him like this? "

Zhong Lang was stunned when he heard the words, and then he regained his calm. Looking at Ye Chen, he said: "ha ha, yes, boy, now shuijinghua is a useless person. It's impossible to pass the test. I'm afraid it's more painful than death for the rest of his life?

And you?

I promise, you can't leave here alive. What's the use of detoxifying? It's just a dying struggle. "

Water mirror China smell speech, originally in the eyes of the joy, once again broken, eyes into the gray.

Yes, even if ye Chen detoxifies himself, what's the use?

At this time, a very harsh, shrill animal roar suddenly sounded from the pond in front of several people. A dark shadow suddenly rose from the pond and rushed towards the nearest Ye Chen!

When they saw this, their eyes flashed. What appeared before them was a monster with extremely ferocious appearance, just like a skeleton with black hair!

However, the strength of this monster is not to be underestimated, comparable to the real existence of seven days!

Zhong Lang frowned and said, "what is this?"

Shuiqianqian said with a cruel smile: "this thing is called the black haired water devil. It's a part of this trial. It's characterized by the fact that it likes to swallow the viscera of living things. Moreover, people who are attacked by the black haired water devil will feel unspeakable pain!"

Chapter 5273

Zhong Lang brightened his eyes and said with a smile, "Oh? The black haired water devil is good. Let him treat the boy well first. "

They are cruel, and the scene of Ye Chen being cut open by the black haired water devil almost appears before their eyes. After all, although Ye Chen is strange and has the fire of the Taoist spirit, his cultivation of heaven and earth can't be the opponent of the black haired water devil, can he?

Fire cultivation, although it has the power of terror and destruction beyond cultivation, needs spiritual power to support it!

No matter how powerful the flame is, it can't give full play to its power!

Sure enough, ye Chen doesn't seem to have any intention to use the flame when facing the black haired water devil. Instead, he blows at the black haired water devil!

Water Qianqian and Zhong Lang see this scene, smile more happy.

In their eyes, this is just Ye Chen's last struggle

At this time, ye Chen's fist and the sharp claw of the black water devil collide in an instant!

With a loud bang, the smile of shuiqianqian and Zhonglang is instantly frozen, as if the muscles are frozen!

Their double eyes all some absentminded, stupidly looking at the leaf Chen to take back the fist.

As expected, the blood gushes, and the scene of Ye Chen being ripped does not appear

On the contrary, the black haired water devil turned into nothingness under Ye Chen's fist!

There was no residue left. It was crushed into powder and dissipated

Ye Chen looked at Shui Qianqian and Zhong Lang indifferently and said, "promise not to let me leave here alive? Do you have a match? "

Dead silence

The whole secret place is dead!

Even the wind seems to have disappeared!

Water mirror China is also looking at Ye Chen inconceivably, ye Chen even Zhong Lang dare to challenge?

All of a sudden, a laugh reverberated in the secret place.

Zhong Lang's laughter, he looks at Ye Chen coldly, and says with a smile: "boy, you are really beyond my expectation, but do you think you are anything in front of me? What if a dog can kill a tiger? Dogs, no matter how fierce they are, are still dogs. Nothing can change. That's the difference between you and me. Do you understand? "

The light in his hand flashed, and a blood red long gun with the light of the law appeared in his hand. His eyes were full of murders, and he said: "I just want to use you to have fun. Do you really think I can do it? Now, I'm not in the mood. You can die. "

In a flash, the violent pressure surged out, which made the whole secret place a little unstable!

Zhong Lang's eyes twinkled with cold light. He murmured: "Chuanhai dragon slaughtering gun!"

Boundless aura, instantly poured into the blood red long gun, a kind of demon king's power that seems to pierce the sky, pierce the mainland, and kill the dragon, burst out from the long gun, in the red flash, a gun awn like a red drill, shot at Ye Chen!

Where he passed, the space was broken, and all things were broken. At the same time, there was a rhyme of law around it. The spear was supposed to be concentrated and introverted, but Zhong Lang's spear was like a huge wave, surging, domineering and sweeping!

But this sweeping spear has the unique penetrating taste of introverted spear!

The reason lies in the meaning of this law!

Zhong Lang's half step rule is the penetrating rule!

Its gun awn shrouded a large area, will ye Chen all dodge position firmly lock, but don't lose fierce and penetrating power!

This shot, can be said to be extremely terrifying!

Zhong Lang didn't mean to keep his hand!

For a time, water Qian Qian face now boring color, she knows, ye Chen dead.

And water mirror China is pretty face pale one, struggle to want to stand up, block in front of Ye Chen, just, although the poison in her body drive away, but the wound didn't recover, can't get up at all!

Ye Chen stares at the big gun awn, two runes suddenly appear in his eyes, and the blood essence of Tianshi is burning in his body!

A lion like power burst out from ye Chen's body, and his hair turned into golden color. The power of the blood of the heavenly lion successfully stimulated the reincarnation blood!

Instant blood recovery!

Just like the sleeping reincarnation master wakes up slowly from ye Chen's body, a terrible power distorts the law, whistling out in an instant!

The evil spirit sword fell into the palm of the leaf Chen, he looked at the gun awn that swept and came, the corner of the mouth raised a put on sneer, the next moment, a sword blast out!

The sword light, like the moonlight, pours down. However, the seemingly gorgeous sword light contains the rhyme of destruction and the rule of disillusionment!

With a roar, two lights collided in one place, and two kinds of terror rules collided with each other. The whole secret place trembled violently, and the strong afterwave directly evaporated the surrounding rocks and trees. The stone tablet at the entrance of the secret place instantly glowed, protecting the whole secret place!

Otherwise, I'm afraid the secret will collapse in the aftermath of the fight between the two sides!After a short breath, that red spear awn is in Ye Chen's sword light crazy rout up!

See this scene, Zhong Lang and water Qian Qian finally look changed!

Both of them looked as if they saw a dragon with 100% blood concentration. They were so scared that their hearts would jump out of their mouths!

Does qiankunjing have the fighting power close to taizhenjing?

Even those legends are not so exaggerated!

Still have, leaf Chen at the moment whole body surging breath is how to return a responsibility?

In front of this breath, they both wanted to worship and did not dare to compete with it!

Zhong Lang clenches his teeth and drinks. There is a strange black air on his face. The magic power bursts out from his body and shoots out at Ye Chen's sword light again!

Ye Chen sees this, some accident tunnel: "evil repair?"

This time the spear awn, red contains a black light, the dark red spear awn and ye Chen's sword light collided in a place, finally offset it!

Zhong Lang gasps heavily, this kind of magic repair method is one of his cards, can temporarily enhance his strength, but the side effect is also not small!

He glared at the stagnant water and said, "what are you doing? Now gather all the elders of the water family into this secret place! "

At this time, ye Chen has been holding the sword again, behind the wings of fire move, speed up to an unimaginable level, a blink will appear in front of Zhong Lang, in the hand of the sword cut down!

Even if Zhong Lang's strength is improved at the moment, he reluctantly reacts. He reluctantly stirs up the aura and evil spirit in his body and pours them into his long gun to block Ye Chen's long sword!

There was another big bang. Zhong Lang's hands splattered blood, his bones cracked, and the earth under his feet collapsed. The whole person was blasted to the ground by this sword!

Chapter 5274

At the same time, shuiqianqian has been scared to shiver all over. In an instant, he gives an order to all the water elders, and urges the token to open the entrance to the secret place!

Almost in an instant, three water parents appear in this secret place!

At the moment, Zhong Lang was thrown into the ground, covered with blood, but relying on the magic power, his vitality was greatly improved, and his injury was gradually recovering!

As soon as the elders entered the secret place, they were stunned. They first took a look at shuijinghua. They saw that he was seriously injured, his meridians were broken, and his martial arts foundation was destroyed. They couldn't help looking crazy. The leader exclaimed, "what's the matter with you, miss two?"

Water mirror Hua Ning said: "elder, water Qianqian and Zhong Lang design to harm me, please clean up the door!"

And shuiqianqian screamed hysterically: "you guys, kill that monster like boy for me!"

The three elders smell speech a Leng, hesitated a moment later, see to Ye Chen's vision suddenly ice cold up!

Seeing this, shuijinghua said in disbelief: "what are you doing, elders? Up to now, do you still have to obey Shui Qianqian's orders? "

The elder, with a bitter face, said, "sorry, miss two..."

What else does shuijinghua want to say, but ye Chen says with a cold smile: "Jinghua, don't waste your breath. These people have completely abandoned you when they see that your martial arts foundation has been destroyed. After all, you can't be the head of the family, can you?

So, they can only support Shui Qianqian. Hehe, what do you have to say with such people? "

Water Qianqian smell speech, eyes a bright, laugh way: "yes, now the head of the house can only be my! According to the precepts, the elders should obey my orders. Ye Chen, no matter how evil you are, you will die today! "

Shuijinghua's face is dim, and he is completely disappointed with Shuijia

At this time, Zhong Lang also crawled out from the bottom of the ground, and a ferocious smile appeared on his face. He said: "boy, you are really terrible, but can you face four taizhenjing at the same time?"

These three elders are all strong in Taizhen realm. Of course, they are all in Taizhen realm, but together, ye Chen is absolutely invincible!

Ye Chen's eyes narrowed slightly, and a dignified color flashed in his pupils!

His time to activate reincarnation is limited! This time the activation effect is not strong, but it should be able to barely cope with!

The next quarter, Zhong Lang drinks a way: "kill!"

These four strong men move at the same time, encircle Ye Chen in the center, spear awn, sword awn, burst out one after another, toward Ye Chen, crazy surge!

The power of all kinds of laws around it!

How terrible is it that four such strong men join hands to strike?

The power alone will crush the spirit of shuiqianqian and shuijinghua!

Water mirror China pretty face already a pale, exclaimed: "Ye Chen!"

Ye Chen roared. In the face of these four people's joint attack, Taiyi's aura worked to the extreme. The body of the demon, the formula of burning blood, the Supreme Master and so on all performed to the extreme. They cut out the evil sword in their hands!

With a bang, the sword killed Zhong Lang's spear and one of the water elders' attacks at the same time!

Four people see, complexion is a change, leaf Chen short time burst out of strength is too terrible!

If any of them fight with Ye Chen alone, they will encounter danger in three moves, right?

It's incredible!

However, at the same time, the attack of the remaining two elders blasted on Ye Chen's body!

In a flash, blood light splashed!

See this scene, water Qian Qian and the hands of the four people, are the face of great joy!

See, the abdomen of leaf Chen and shoulder all appeared a very ferocious wound!

Zhong Lang sneered: "ha ha, boy, do you feel desperate now?"

However, the next moment, a few people's smile is instantly frozen!

See, the wound condition on the leaf Chen body unexpectedly is healing with extremely fast speed!

People's brains are going to be broken. Is this guy really a monster reincarnation?

That's a blow from the power of the law for those who are too strong?

Can we all recover?

I don't think of the strong as a person!

Ye Chen said with a cold smile, "what did you say just now? despair? It's never me who's desperate. "

As soon as the voice falls, ye Chen rushes towards Zhong Lang!

In the face of siege, ye Chen has always been the first to grasp a fight!

Until you die!

Zhong Lang's face changed, but as a strong man, he had rich fighting experience. He immediately yelled, "don't be fooled by this boy, and continue to attack. No matter how strong his vitality is, it can't be endless!"

Four hands again, this time, ye Chen even the elder's attack is directly ignored, he appeared on the face of a very fierce look, to Zhong Lang, a sword cut!

Zhong Lang's face changes wildly. It's not good to be watched by Ye Chen. It's just like being watched by a hungry dragon! He was biting his teeth and squeezing every power in his body. He could not worry about any side effects at all because of the extreme operation of the magic Qi. He completely displayed the magic cultivation method!

In the rolling evil spirit, Zhong Lang's whole body is full of green tendons, and his strength is rising. With a roar, he shoots out at Ye Chen's sword!

With a loud bang, this shot didn't completely counteract Ye Chen's sword light. The sharp sword was strangled towards Zhong Lang, and Zhong Lang's face changed wildly. A beast Bone Necklace in front of his chest suddenly glowed, and a virtual shadow of bone dragon appeared in front of him, blocking the sword!

A piercing sound of fragmentation sounded, and the necklace was broken instantly. However, the sword was almost exhausted after it broke the bone dragon shadow. The remaining sword light chopped Zhong Lang's body, and a sword blood light emerged, leaving a shocking sword wound on his chest!

However, relying on Zhong Lang's magic skill, the wound began to heal slowly

But even so, it's shocking!

Only a ray of sword light has such power?

For a moment, people's eyes become more and more scared when they face Ye Chen. Zhong Lang gasps and looks ugly. His magic weapon is not so many

At the same time, the attack of the three elders also fell on Ye Chen's body. With a loud bang, ye Chen's chest, abdomen, waist, and at the same time, there was an extra blood hole!

Seeing this, Zhong Lang also launched a fierce attack and roared: "attack this boy, since he's focused on me, I'll fight his attack. You guys will fight with all your strength!"

The next moment, the four attack again, ye Chen slightly frown, and a sword toward Zhong Lang cut, after a loud sound, Zhong Lang's body protection weapon again broken, this sword, left a deep scar on his shoulder!

And ye Chen is again hard resistance three too really exist of a blow!

Just as the four of them are ready to start again, ye Chen suddenly turns his body and pours a sword at the weakest elder among the four. The elder's face turns white in an instant, and a look of horror appears in his eyes. Zhong Lang can't stop this sword, but he can't!

But all of a sudden, the figure in front of the elder flashed, and Zhong Lang suddenly appeared in front of the sword light, blocking the sword for the elder!

Connecting Ye Chen's three moves, Zhong Lang's face has turned pale, but he said with a fierce smile: "boy, don't you stare at me? Why, change the goal? It seems that the attack of taizhenjing strongman has no effect on you? Or... "

Zhong Lang's eyes flashed slightly and said: "your current strength is only brought by the secret method. You can't fight for a long time. Do you want to make a quick decision?"

Chapter 5275

Ye Chen frowns slightly. It's true. A drop of blood essence of Tianshi is not as good as the blood essence of Xuan goblin. It can't support him for long.

It has to be said that Zhong Lang's fighting talent is still very good.

The other three elders of the water family also have a bright vision!

Zhong Lang sneered: "boy, you are finished! Everyone come to my side, we join hands to defend! As long as the strength of the boy subsides, he will be defeated! "

The four strong men gave up the encirclement of Ye Chen and gathered in one place in an instant.

Ye Chen's eyes sank, and he chopped several swords at the four!

However, with the help of the four people, they were dissolved one after another. Even if some injuries were caused, they were carried down by Zhong Lang, who was standing in the front!

The form in front of you seems to be extremely unfavorable to Ye Chen!

If ye Chen can fight for a long time, the four will definitely drag themselves to death and consume them. However, if ye Chen can't fight for a long time, then they will win!

And according to the battle experience of all people, they all get the same judgment, that is, ye Chen's strength can only burst out temporarily!

The most important thing is that now they are in this secret place, and the entrance has been closed. If ye Chen wants to escape, he has to break the space by force. Naturally, the most precious stone tablet will spare no effort to prevent Ye Chen from destroying this space!

Even if he is strong now, it will take some time to do it!

And four people naturally won't give ye Chen this opportunity!

For a time, the four strong players are showing the winning look!

At the moment, ye Chen light mouth way: "your judgment is not wrong, I really can't keep the present strength too long."

Those a few people smell speech, one after another face now happy, leaf Chen this is prepare to beg for mercy?

And water mirror China at the moment complexion is to calm down, she has already prepared to die together with Ye Chen.

But suddenly, a strange smile appeared on Ye Chen's face and said, "unfortunately, you misjudged one thing, that is

Now I have not reached the acme

As soon as the voice fell, a wisp of fine light suddenly burst out in Ye Chen's eyes. The power of Shuo Lao and Xuan Hanyu instantly integrated into his body and Sha Jian. In an instant, ye Chen's breath soared again!

He gazed coldly at the people whose faces had solidified again, and with a low drink, his whole body broke out without reservation. Even the power of Xuanling was used, and he cut the most powerful sword at the four strong men!

At the beginning, the reason why we didn't do our best to break out was that we wanted to reserve our strength for the future trip without returning to the island. Secondly, we just took this opportunity to familiarize ourselves with the way of fighting with taizhenjing!

Now, it's time to end.

An extremely bright sword light surges in people's eyes. Everywhere it passes, the space is cut into two. The endless space storm sweeps through the secret place. The most precious light of the stone tablet is constantly shining out. It seems that it can't suppress the destruction of the sword to the secret place!

The four strong men, in front of the sword, were all in cold sweat, and instantly soaked their robes

A shadow of death has been shrouded in their hearts!

The four men all tried their best to attack the sword!

The next moment, the attacks of both sides collide!

The powerful afterwave surged around, turning the whole secret place into ruins. At the same time, the blood flashed, and the four figures were blasted on the earth, smashing a huge hole!

In the pit, blood is splashing everywhere. The four most powerful are lying at the bottom of the cave dying at the moment!

Looking at this almost illusory scene, Shui Qianqian was completely unable to think

Ye Chen is a sword to sweep four too true realm strong!

Ye Chen is not surprised by the scene in front of him. Now, he uses Tianshi's blood essence to activate reincarnation blood for a short time! Although not as powerful as those who faced the East emperor's temple several times before, it is enough to cope with the situation now.

However, this method can only be used occasionally, because it does not belong to his power, and the cost is quite huge.

The next moment, he came to the pit, looked down at Zhong Lang and said, "now, are you desperate?"

Zhong Lang's eyes trembled when he heard the speech. Finally, he only had the color of fear on his face and said: "let go of it..."

However, before he finished his words, ye Chen had already cut off the injured Zhong Lang with a sword. At the moment, Zhong Lang had no resistance at all. His head and body were separated in an instant. Ye Chen's mind moved and his soul was devoured all over the sky. Even Zhong Lang's spirit was devoured in an instant!

At the moment, ye Chen looks at the other elders of the water family, who are all trembling as if they were mice!

Ye Chen said faintly: "I'll give you a chance. From now on, Jinghua will be the master of the water family. You can't disobey him in the slightest. Otherwise, I will take your life. Do you understand me?"

The elders were busy and said, "I will obey your order. Thank you for not killing me!"

Ye Chen suddenly looked to a certain direction and said, "now I want to go, don't I think it's too late?" The water Qian Qian that is preparing to run away, Jiao body a quiver, stopped in the same place.

The next moment, shuiqianqian rushed in front of shuijinghua and cried with tears: "Jinghua, I'm wrong. Zhong Lang forced me to do all this in order to revenge you. From now on, my sister will make you a slave and a maid to compensate you. After all, we are sisters of the same father, connected by blood!

Jinghua, please forgive my sister once... "

After hearing the words in the water mirror, a sad smile appeared on her pretty face and said, "let you go? Ha ha, I let you go. Can my martial arts foundation be restored? "

Shuijinghua is an extremely emotional and affectionate person. If shuiqianqian didn't set such a vicious trap this time, she might really let shuiqianqian go. However, now there is no such possibility. She and shuiqianqian can never be relatives. There is only hatred between them!

Water Qian Qian complexion a change, face suddenly ferocious up, way: "cunt, want to die I also want to pull you to die together!"

Then she held a dagger in her hand and waved it to shuijinghua's neck!

This sword is very fast. Shuiqianqian also exists in the middle of the real world, and his strength is not weak.

Moreover, they were almost at zero distance. This sword could cut off the jade neck of shuijinghua in an instant.

But, again fast can have ye Chen fast?

Ye Chen light way: "eat soul Tong Tian."

The next moment, the soul force is turbulent, the water Qian Jiao body trembles, the blood in the seven orifices surges wildly, screams, then falls to the ground.

The idea of a blow will let water Qianqian convulsed, mouth foaming.

Ye Chen looks to water mirror China way: "how to do?"

Shuijinghua was silent for a moment and said, "kill me."

Chapter 5276

Water Qian Qian struggled, climbed to Ye Chen's feet, forced to endure the pain, licked Ye Chen's shoes and said: "don't kill me, young master ye, I will serve you well and make you comfortable..."

Ye Chen's face is expressionless, and his backhand is a sword wave. The surging power surges directly into the blood mist.

For this kind of woman, ye Chen has no interest at all.

The three elders' eyes trembled, but they didn't dare to say anything

At the moment, the water mirror Hua pretty face is full of lonely color, said: "Ye Chen, I'm sorry, you cut off the map on my back, with my current strength has no qualification to follow you to wuhui island."

Just now, if not for the suppression of the stone tablet, just the aftermath of Ye Chen's fight with others would be enough to kill her. Now she can't even withstand the sea waves, how can she go to wuhui island?

Ye Chen smiles slightly, hugs water mirror China from the ground and says: "don't worry, you will be OK."

Shuijinghua said with a bitter smile: "don't comfort me. Now most of my meridians are broken and my Dantian is broken. It's almost impossible to recover from this injury..."

Ye Chen's vision is tiny to flash a way: "do you think, I am an ordinary person?"

Water mirror China smell speech can't help a tiny Leng.

Ye Chen eyes soft way: "still remember our agreement? I said that I would protect you. It's me who should apologize to you. However, since I promise you, I won't let you do anything. Trust me, OK? "

Just now, the water mirror Hua Yi wants to resist the attack for him and so on, ye Chen all saw in the eye, said that did not touch, that is false.

Water mirror China smell speech, pretty face slightly red, nodded, small voice way: "mmm."

The next moment, ye Chen takes out the token from shuiqianqian's storage bag, opens the entrance to the secret place, and enters a wing room.

Ye Chen put shuijinghua on the bed. His eyes flashed slightly and said, "Jinghua, my treatment is a little strange, but I promise it will be absolutely effective. After a while, you will obey my orders completely, OK?"

When shuijinghua listened to these words, her mind suddenly burst into some wishful thinking. She blushed and said to Ye Chen: "I I promise you

Ye Chen gazed at the water mirror, and said, "open your mouth."

"Ah?" Shuijinghua was a little stunned and puzzled. Suddenly, something seemed to ring out, and her breath suddenly became short. It seemed that the servant girl of Shuijia had said that men like to let women use their mouths

Thinking of this, shuijinghua's heart will jump out of her chest. She was born Xijie and would never accept such a thing

I don't know why. If it's Ye Chen, shuijinghua feels that he doesn't seem to contradict

Even, some yearn for

She closed her eyes, "ah", and tried to grow up.

Ye Chen is tiny a Leng, don't know water mirror China mouth open so big what?

He stretched out a finger and went into the mouth of the water mirror

Shuijinghua felt the touch on her tongue. Her long eyelashes trembled. She was a little nervous and excited. She thought to herself, um It's not as big as you think.

At this time, ye Chen's voice suddenly sounded in her ear: "bite."

"Ah?" Water mirror China with eyes closed, completely confused, bite?

Won't it hurt?

Even if ye Chen is a warrior with strong vitality, it will hurt, right?

Does Ye Chen like this way

In water mirror China, some hesitant time, ye Chen opens a way again: "bite, force to bite!"

Water mirror China smell speech, make up one's mind, "high" of a, bite down!

Ye Chen obviously underestimated the sharpness of the woman's teeth. Shuijinghua's small teeth were comparable to the magic weapon of law, and suddenly cut his skin. Bursts of blood poured into shuijinghua's mouth.

Water mirror China exhorted a, will ye Chen warm blood swallowed in the mouth, she some flustered way: "Ye Chen, you bleed! Am I pushing too hard? "

Ye Chen said with a smile: "it's OK, now suck blood! My blood can make your body recover

Blood sucking?

At this time, shuijinghua finally realized that something was wrong. She slowly opened her eyes and looked at it. With Ye Chen's fingers, she was stunned and said, "it's the fingers..."

Ye Chen is also a stay, complexion is strange to get up a way: "isn't a finger, what do you think is?"

For a moment, the atmosphere between the two people can't help but feel embarrassed. Ye Chen's eyes flashed and he remembered something. This time, even he could not help blushing. He coughed softly and said: "suck blood quickly..."

His blood vitality is terrifying, and even there are ancient poisonous veins and steles, which should be able to solve everything.

Water mirror China low head, like a rabbit general, obediently sucking Ye Chen's blood, she promised Ye Chen to listen to him.

Soon, in the beautiful eyes of water mirror China, there is an incredible color! Her eyes were wide open, excited!

At the moment, his broken meridians, Dantian, moistened by Ye Chen's blood, actually began to recover slowly!

Half an hour later, ye Chen took back his finger. At this moment, the injury has basically recovered. The broken meridians are reconnected under the nourishment of strong vitality, and the broken elixir field is also restored to its original state. Even, the foundation is more solid than before!

What's more, after the toxin of blood corroding flower has been eliminated, Tianqing Lingshui still remains in the body!

Now the strength of shuijinghua has even improved a lot, but its pretty face is still a little pale.

Looking at Ye Chen gratefully, shuijinghua said, "thank you, ye Chen."

For the martial arts, the inability to cultivate martial arts is a nightmare more painful than death, and ye Chen solves this nightmare for her!

She even has an unreal feeling now

Ye Chen said with a smile: "I promised you, didn't I?"

At this time, the water mirror China struggles to prepare to get up, the leaf Chen vision one Shan way: "what do you do?"

"Time is running out. We should go to wuhui Island immediately," said shuijinghua

Ye Chen smell speech, water mirror China pressed on the bed way: "I got a fast boat in lion island, one day can arrive no return Island, time is still abundant, today, you good rest."

Water mirror China smell speech to still want to say what, but was stopped by Ye Chen a look in the eyes, way: "obedient, I don't want you to leave what sequela."

Water mirror Hua pretty face a red, gently nodded, lying on the bed.

The next morning, shuijinghua and ye Chen appeared in the reception hall of the water family. At this moment, the three elders looked at the fully recovered shuijinghua, and their chin would fall to the ground!

They rubbed their eyes. Jane couldn't believe what she saw

The meridians are broken, and the elixir field is destroyed. Can it be recovered?

And it only took one day?

Is this a miracle?

Chapter 5277

For a time, these elders are more and more awed to Ye Chen.

Water mirror China light way: "a few elder, today I will challenge the secret place again, after success, inherit this house Lord's position, also can be regarded as the right word."

The elders said with a smile, "this is the best of nature."

Water mirror gorgeous eyes micro flash way: "after I become the home owner, need to use a treasure of the water family, also ask a few elders, can agree."

The elders immediately nodded and said, "please, miss two."

To tell the truth, ye Chen is here. Even if they want to rob, they can't help it.

Even if they know that ye Chen's strength can't compare with them, yesterday was just with the help of a secret skill. This secret skill can't be used today, but ye Chen's monster is afraid even if it can't use it!

With a smile, shuijinghua immediately went to the secret place of the test. This time, shuijinghua naturally passed the test with great ease and became the new owner of the water family.

The elders said with a smile, "Congratulations, miss two."

Water mirror Hua said: "elder, do you remember that I said before that I would use a treasure?"

The elder of Taizhen's second heaven, named Shuiming, nodded his head and said, "what treasure does the second lady need?"

Water mirror China light way: "Zhenhai stone!"

As soon as the words came out, the three old men were surprised!

Shuiming said anxiously, "this Zhenhai stone is the lifeblood of the water family. Miss, you can't use it at will..."

Shuijinghua glanced at Shuiming and said, "elder Shuiming, don't get me wrong. I just want to inform you, but I don't have to get your consent."

Water Ming heard the words, sighed, no longer words, ye Chen this mountain block, water mirror China do what he can only let it.

Soon after, shuijinghua took out a small stone with light blue and wavy lines from the treasure house. Light dust was curled around the stone, and a strange wave was emitted, as if the surrounding air had calmed down under the influence of the stone.

Ye Chen's eyes flashed slightly and said, "is this Zhenhai stone?"

Shuijinghua nodded and said, "not bad."

Immediately, they headed for the wharf of Shuiming island and soon boarded the golden lion.

At the moment, Hong Shuntian also appeared on the deck, looking at Ye Chen and others vaguely.

Ye Chen asked, "Shun Tian, what's the matter with Haiji compass?"

Hong Shuntian smiles and raises his hand. He throws a delicate compass inlaid with colorful diamonds to Ye Chen.

Ye Chen eyes a bright way: "good, now everything is ready, now will no return to the island forward."

Soon, the ship turned into a golden light, shooting towards the sea.

.....

At the moment, on Taiming Island, two figures are sitting in front of a campfire. On the campfire, there is a piece of wood with the body of a monster strung on it. These two people are eating with relish.

If someone saw this scene, they would be scared out of their wits

Two young people sitting in front of the campfire, one with red lips and white teeth, a little feminine appearance, and a touch of evil at the bottom of his eyes, the other with handsome face, slender figure, sword eyebrows and bright eyes, seemed to be born with the pride of heaven.

These two people are not terrible, and it's not them who are frightening, but the monster they are eating!

This monster is called the sea snake dragon. The body of the sea snake dragon is not big. The adult sea snake dragon is only one or two meters long. However, the sea snake dragon is one of the most terrifying monsters in the sky sea!

The adult sea snake dragon, whose strength is comparable to that of the eight level heaven, is extremely powerful. But now it has become the food of two young people!

While eating the fragrant sea snake and dragon meat, the young man frowned and said, "Yu Ziqing, the treasure map on your back is so important that it's worth letting me come to the open sea?"

The young man named Yu Ziqing said with a smile, "Guan hailou, I promise that there are good things in the treasure. After it's done, you can't do without it."

Guan hailou said sarcastically, "Yu Ziqing, you are becoming more and more timid. When you deal with a few foreigners, you don't dare to call me?"

In the face of Guan hailou's sarcasm, Yu Ziqing didn't retort, but said lightly: "it's better to be safe. Don't underestimate the two successors who died in my hands. Although they were defeated by me, they still have some skills."

After hearing the words, Guan hailou looked disdainful. However, he didn't say much. Instead, he asked, "let's not talk about these. Do you think the treasure is in wuhui island? How can we get into wuhui island without Haiji compass and Zhenhai stone? "

Yu Ziqing, hearing the speech, said with a smile: "because of the bondage in the blood, the map heirs will attract each other. That day, after I killed the two heirs, I suddenly came up with the idea of going to Taiming island. I knew that there must be heirs who will go to wuhui Island through Taiming island

Presumably, they are ready to enter the no return Island, right? We are here to wait and see. "Just at this time, a Golden Shadow appeared on the sea area in front of them. They were approaching the direction of Taiming island.

Guan hailou and Yu Ziqing look at each other, and a smile appears on their faces.

The next moment, Yu Ziqing whistled, and there was a huge thing coming out of the sea!

This giant is a black armored crocodile!

Crocodiles can't live in the sea. This black armored crocodile is obviously extraordinary!

In addition, the crocodile's strength is also very terrible. It's a real monster!

The next moment, they stepped on the crocodile's back. The crocodile swam forward with the same speed as the Golden Shadow!

At the moment, ye Chen in the power room suddenly frowned and looked in a certain direction. He looked a little dull. Seeing this, Hong Shuntian couldn't help asking: "brother ye, what's the matter?"

Ye Chen said: "it seems that there is trouble."

At this time, Hong Shuntian's eyes flashed, and he felt a dark shadow coming towards them.

The next moment, the ship stopped, two people's body movement, then appeared on the deck, saw, a breath of violent black armor crocodile, is very fast towards the two people close!

Ye Chen's eyes narrowed and gazed at the two young men on the crocodile's back. They were less than 200 years old, but their strength was extremely strong!

The most important thing is that in Ye Chen's perception, these two people's breath is extremely strange, it's very likely that they can jump the level to kill the enemy just like themselves!

Hong Shun Tian's face was also a little ugly. At the moment, the tattoo on his back was faintly hot. His eyes fell on Yu Ziqing, and he said in a deep voice: "brother ye, that tender young man is the successor!"

Chapter 5278

At this moment, Guan hailou and Yu Ziqing are already on the ship. At this time, shuijinghua also comes to the deck. When they see Guan hailou, their eyes shrink.

Guan hailou's eyes swept the crowd, and the color of disdain in his eyes became more and more intense. Finally, his eyes fell on Hong Shuntian, and he said faintly: "you have Haiji compass and Zhenhai stone in your hands. Now hand them in, I can make your death easier."

In his opinion, Hong Shuntian was the leader of the group.

Hong Shuntian frowned and did not speak. Instead, he looked at Ye Chen.

When Guan hailou saw this, a strange color flashed in his eyes. What does this guy do to see the waste of heaven and earth?

Then, with a deep look on his face, he said, "don't you know the answer?"

At this time, ye Chen looked at two people and said faintly: "now, I will cut off the human skin map behind me. I can also make your death easier."

Guan hailou and Yu Ziqing smell speech, the vision instant toward Ye Chen looked in the past, their complexion at the same time a cold, can soon frown.

At the moment, they feel a little strange. Why are they not flustered when facing the two of them?

What's more, the boy in heaven and earth dare to challenge them?

They've seen people who don't know what to do, but they haven't seen people who don't know what to do!

However, no matter what happened to the boy, the pride of both of them could not stand threatening them with such a tone!

Guan hailou licked his lips and said with a grim smile: "Ziqing, don't do it. This boy belongs to me. Ha ha, I haven't killed this mole ant for a long time. I miss that feeling."

Yu Ziqing nods and looks at Ye Chen with a schadenfreude smile. Guan hailou likes tormenting people more than him.

Guan Hai Lou is full of breath. When he is ready to move, ye Chen's figure suddenly flashes and disappears in front of him.

Guan Hai Lou was a little stunned, and then his warrior instinct was crazy to warn. The arrogance of the dandy on his face dissipated in an instant, and his whole temperament became fierce. His body suddenly twisted and flashed to the side!

At the same time, a fist blasted out from behind!

This fist doesn't seem to have any terrible power, but when Guan hailou sweeps that fist, his pupils shrink!

With his eyesight, he instantly saw how terrible the power contained in this fist was!

Ye Chen's face is also a different color, this time he didn't wait for the opponent to attack, but first move, in order to take advantage of the two people's carelessness, surprise, first solve one!

What's more, the way he chose to attack is almost the fastest one besides the spirit attack!

A blow of pure physical strength!

However, even in the other side's carelessness when the sneak attack of a punch, even by its dodge?

Obviously, this person's fighting instinct has how formidable!

When Hong Shun Tian saw this, he was surprised. Suddenly, his eyes flashed slightly and he murmured, "Ziqing She looks very feminine. "

All of a sudden, Hong Shun Tian's face appeared a color of horror!

Hong Shuntian looked at Yu Ziqing in embarrassment and said, "you are from the inland sea! "Evil child"
Yu Ziqing

Yu Ziqing said with a smile, "Oh? Do you know me? "

When Hong Shuntian saw the other party admit it, he roared and was surrounded by flames. He did not hesitate to stimulate Chihuang's blood. Then he said to yechen in a deep voice: "brother ye, do your best. These two guys are abnormal from the inland sea. They are very difficult to deal with!"

"Inland sea?" Ye Chen is a little puzzled, but he turns his wrist, has already grasped the Sha sword, and is ready to do his best. The guy who can avoid his sneak attack will not be a fuel-saving light.

Guan hailou looked at Ye Chen and said, "what kind of monster are you? Why does heaven and earth have such strength?"

Ye Chen light way: "monster? Am I not a mole ant? Why don't you want to kill me? "

He looked cold and said, "well, let me kill you."

At the next moment, ye Chen tried his best to run the spirit power, and the supernatural power came out, and he said in a low voice: "moon soul chop!"

A sword light, like moonlight, pours down to Guan hailou in an instant!

When Guan hailou saw this, he saw the killing in his eyes. He suddenly climbed out of his sword, which was surrounded by the light of two laws. It was a magic weapon of law!

His whole body sword intention is turbulent, also is a sword to cut out a way: "sea sky sword!"

A sword light, which seems to be able to penetrate the sea and sky, suddenly flashed out and surged towards Ye Chen's sword light. Ye Chen was surprised to see that and said, "half step rule?"

This sea building, with the cultivation of the true realm, has the same power of the half step rule?

Ye Chen's eyes narrowed slightly. It seems that there are many talents in the world

Guan hailou seems to be more shocked than ye Chen. He never thought that he would be equal to each other with his sword?Yu Ziqing said with a smile: "hailou, do you believe it now? People on the open sea are not that simple. "

As soon as his voice fell, it suddenly flashed, but he rushed towards Hong Shuntian. In his hand, a fine sword like a bee sting appeared. Every sword was extremely tricky and ran to the key!

Hong Shun snorted coldly. He chopped the red sword, but he completely resisted Yu Ziqing's attack!

The two sides faced each other on the deck. Just as the atmosphere was tense and everyone was ready to fight again, suddenly, a roar rang through the whole sea!

At the same time, a very terrible breath rises from the bottom of the sea!

The faces of all the people on the boat changed slightly, but the black armored crocodile, who looked very strong, was so scared that he was stiff that he didn't dare to move!

A very surging evil spirit instantly permeated between heaven and earth, rolling sea water, crazy Fanyong, the next moment, a huge sea beast like a hill appeared in front of everyone!

Looking at the sea beast, everyone on the boat looked ugly for a moment

This huge sea animal, with white scales all over and turtle's back, looks like the legendary spirit beast Xuanwu!

The most important thing is that this sea beast is a terrifying existence in the true world!

The sea beast, with big eyes, was staring at the people, and suddenly opened his mouth. A terrible suction surged up, and he wanted to inhale the people and the ship directly into his mouth!

For a moment, this huge ship was at a very fast speed, together with a lot of sea water towards the mouth of the beast!

When people saw this, their faces changed. The beast might not be able to swallow the ship, but it was more than enough to eat them!

"Damn it

Ye Chen scolded a, body shape a flash, then directly toward the power room rushed past!

Chapter 5279

He took a deep breath and ran wildly. He grabbed the oar and rowed hard. Under the surging force, the boat finally stopped going backward and sailed forward against the suction!

But at the moment, the giant beast saw that it was moving, and then chased the boat. Its speed was even faster than that of the clipper!

The people on the deck looked at each other and entered the power room one after another.

Ye Chen's eyes sank and he looked at Yu Ziqing and Guan Hai and said, "what are you doing in here?"

Yu Ziqing's eyes narrowed slightly and said: "at present, if we want to escape from this giant beast, we may have to cooperate for the time being."

After that, a few people sat down and paddled together!

Originally, the ship was about to be overtaken by the beast. With the addition of this force, the speed increased again, and gradually separated from the beast!

The beast let out an unwilling roar. When it passed by the black armored crocodile, it suddenly opened its mouth and directly crushed the black armored crocodile into its mouth. This kind of existence seemed like an appetizer to the prehistoric beast!

Looking at the rear of the boat, shuijinghua frowned and said, "young master ye, although we are one point faster than the giant beast in speed, we can't get rid of it completely."

Ye Chen hears speech, the vision twinkles a way: "we enter to have no to return to island range directly!"

Hearing the words, they all looked like they were moving. There were death storms and lost fog outside wuhui island. Although the giant beast was powerful, he did not dare to enter it, did he?

That is to say, they will be safe within the scope of death storm.

Immediately, all the people tried their best to paddle the golden flying lion to escape the beast kiss behind!

Half an hour later, in the minds of all the people, they suddenly felt a strange breath!

In the power room, a transmission crystal shows the picture in front of the boat.

Just above the sea, there is a light grey purple fog floating in an area, and through the fog, ye Chen and others can still feel the extremely terrible storm, which is raging!

In the sky, lightning, thunder, wind will roll countless sea water to the sky above, forming a waterspout, a scene like the end of the world!

But, strange is, outside that area, it is a state of calm and sunny, the waves are not happy!

There is no doubt that the purple gray fog is within the scope of wuhui island!

Ye Chen looked at shuijinghua and said, "Jinghua, prepare Zhenhai stone and Haiji compass!"

Shuijinghua nodded and immediately took out the Zhenhai stone and Haiji compass. His spiritual power suddenly poured into the Zhenhai stone. In an instant, the blue light flashed, and a strange wave enveloped the whole ship!

The next moment, the golden ship rushed into the area of wuhui island. The violent hurricane and waves all around seemed to smash the space. However, under the pressure of Zhenhai stone, the ship was barely able to run normally. However, even so, the hull was creaking, as if it was on the edge of collapse.

At the same time, the people were covered by the fog, and their brains were faint, and they lost their judgment of the direction in an instant!

Looking at the compass in his hand, shuijinghua pointed out: "this way."

With that, a ray of light came out from the sea pole compass, guiding the way forward.

At this time, ye Chen turned his head and looked at Yu Ziqing and Guan hailou fiercely.

Seeing this, Yu Ziqing naturally knew what ye Chen meant. Now, the people got rid of the pursuit of the sea beast, that is to say, the joint effort was over.

Yu Ziqing had a helpless smile on his face and said, "brother, we are not stupid enough to do it before landing on the island. If one of us accidentally destroys the ship, we will all die here..."

Guan Hai Lou said coldly: "however, if you have to do it, we will accompany you to the end."

Up to now, he is still worried about the fight with Ye Chen, hoping to fight again and wash away his shame!

Ye Chen was silent for a moment and asked Hong Shun Tian, "Shun Tian, what is the inland sea you just said?"

Hong Shun said, "the sky sea burial is very big. In fact, the well-known sky sea burial is just the open sea. In fact, the sky sea burial is divided into two parts: the open sea and the internal sea."

He glanced at Guan hailou and Yu Ziqing and continued: "the living conditions in the inland sea are extremely harsh. There are powerful sea animals everywhere. Terrible storms, tsunamis, submarine volcanic eruptions and other disasters are not uncommon..."

At this time, Yu Ziqing said with a smile: "however, on the contrary, the aura of the inland sea is more rich, and the resources are more abundant. Naturally, those who can survive in this environment are more powerful. In the inland sea, there are many forces that can crush the temple of heaven. The so-called thirty-six days island and seventy-two places island in the outer sea, in the eyes of the people in the inland sea, are just a smile That's all

Hong Shun Tian's face sank when he heard the speech, but he didn't refute it. He was acquiescent to what Yu Ziqing said.

It can be seen that the inland sea forces are indeed extremely powerful!Ye Chen's eyes twinkle when he hears the words. In the past few days, he has asked Hong Shuntian and shuijinghua to help him investigate the whereabouts of Zhu Yuan and Gu Xuan, but nothing has been found

So it seems that either the missionary played a trick on himself, or Gu Xuan and Zhu Yuan were buried in the sea of heaven, but it was not in the open sea, but in the inland sea!

Ye Chen murmured: "it seems that after the secret behind the map is over, I will go to the inland sea to have a look..."

After sailing for an hour in the fog and storm, ye Chen and others finally saw the outline of an island

And this island is bigger than they imagined!

Simply, it can be called a continent!

Soon, the boat will rush to the coast, ye Chen and others figure a flash, then fell on a beach.

Ye Chen looked in front of his eyes. Compared with the terrible storm outside wuhui Island, the air flow on the island was quite gentle. At the same time, there was no lost fog floating on the island.

In front of the beach, there is a jungle with all kinds of strange plants, which seems to be similar to the tropical rain forest of the earth.

It's just that, here, the mind seems to be suppressed.

Ye Chen looked coldly at Yu Ziqing and Guan Hai and said, "now, you're on shore. Are you ready to start?"

Guan hailou gave a cold smile and was about to say something.

But he was stopped by Yu Ziqing.

Yu Ziqing said with a smile, "my name is Yu Ziqing. This guy's name is Guan hailou. May I have your name, please?"

Ye Chen frowns a way: "what meaning?"

Yu Ziqing and ye Chen looked at each other and said, "I want to make an alliance with you."

Guan Hai said, "what do you say, Ziqing? Alliance? Why make an alliance with them? Just kill these guys."
"

Chapter 5280

Ye Chen is also light way: "I won't make an alliance with the person I don't trust, but..."

"Why do you suddenly have the idea of alliance?" he said

Yu Ziqing's eyes flashed slightly, and a trace of calmness appeared in his eyes. He said: "if I guess correctly, the remaining successors should have landed on the island ahead of time

Besides, these people may have died!

I think there is something extremely dangerous hidden on this island... "

He shrugged his shoulders and said, "no matter how good the treasure is, life doesn't matter, so I hope to form an alliance and improve the chance of survival."

All the people were moved when they heard the words.

Ye Chen asked, "how did you know that?"

Yu Ziqing said with a smile: "the spirit here has been suppressed, but I have a characteristic that I am extremely sensitive to blood You, follow me. "

Then he took the lead and walked along the beach towards a certain place.

Probably, after walking for three days, the crowd suddenly stopped

They looked at the scene in front of them, and there was a look of horror in their eyes

See, in front of them is a broken ship!

Not far in front of the ship, there is also a tent, which seems to be a temporary residence for the people who landed on the island.

However, the tent has been completely dyed red with blood!

Outside the tent, there are still some broken limbs and bodies scattered, and the scene is extremely bloody!

At this time, Yu Ziqing turned his head and looked at Ye Chen. His face was a little gloomy and he said, "now, you still don't think about Alliance..."

Ye Chen is also brow tiny wrinkly, he light way: "first go to see again."

Then he went straight to the tent.

Soon, ye Chen and others entered the tent.

As soon as they came in, they could not help frowning. The tent was just like a slaughterhouse, full of fishy smell.

It's not just the taste, it's really like a slaughterhouse

The whole tent is full of viscera and flesh!

Ye Chen scanned the scene and asked Yu Ziqing, "can you tell how many blood stains there are?"

Yu Ziqing sniffed and said, "four."

Ye Chen's eyes flashed slightly: "do you think these people are successors?"

Yu Ziqing nodded and said, "this tattoo is formed by a secret technique engraved in the blood. Therefore, the blood of the successor is different from that of ordinary people.

Now I have two maps of human skin in my hand, and three maps of human skin on my back. "

He glanced at Hong Shuntian and shuijinghua and said, "besides these two people, you should have a human skin map in your hands, right

Ye Chen slightly nods a way: "so say, in addition to you a few heirs, other heirs, may have died."

At the moment, even Guan hailou, who opposed the alliance at the beginning, has a dignified look. After seeing the strength of Ye Chen and Hong Shuntian, he has changed the strength of these overseas people. Although these heirs may not be as strong as them, they may also have their own uniqueness

But now, these people are dead?

What happened on this island?

Yu Ziqing looked at Ye Chen again and asked, "young master, are you still unwilling to form an alliance?"

He could see that ye Chen was the one who made the decision.

Ye Chen pondered for a moment and said, "my name is Ye Chen. They are Hong Shuntian and shuijinghua. OK, I agree. Now let's work together to find out why these people disappeared."

With his strength, he doesn't worry about Yu Ziqing and Guan hailou's backwater. As long as he is willing to stimulate reincarnation, he can kill them. Yu Ziqing's special ability should help them solve the mystery.

Yu Ziqing said with a smile, "now, what shall we do?"

Ye Chen said: "first find a place to camp, rest, just to escape the pursuit of the sea beast, we also spent a lot of physical strength, need to recover."

Soon, they left the beach and went deep into the jungle. Half an hour later, they stopped in front of a cave.

Ye Chen looked at Yu Ziqing and asked, "is there a smell of blood here?"

Yu Ziqing shook his head and said, "No

"Ye Chen said:" in this case, we will choose here to repair it

Immediately, they entered the cave and began to breathe.

Ye Chen sits on the ground, his eyes twinkle.

At this time, Shuo said: "boy, what are you thinking?"

Ye Chen said: "just now, there are four people's blood in the cave, but it seems that there are only two people's internal organs and flesh..."

.....

At the same time, in a dark abyss, there is a faint purple fire light, and a temple appears under the fire light! There are many talismans in front of the temple, but most of them are broken now.

In the hall, in front of a huge stone table, sat a figure, which looked similar to human shape, but it was startling to look at it carefully!

I saw that the figure was covered with blood, as if the skin had been peeled off. It was very strange, terrible and ugly!

What's more strange is the plate on the stone table in front of this strange man without skin!

On this plate, there are white and pink organs with strange lines, which look very soft

It's the human brain!

The horrible figure without skin swallowed the human brain in front of him. His red vertical pupil sank, and a cold color appeared. He said: "I've been waiting for so many years, and the suppression of heaven has finally subsided. When I leave this ghost place, but this kind of human brain can't make me recover, We need better demons... "

Obviously, I'm not satisfied with the food!

All of a sudden, he seemed to feel something. He slowly raised his head and cast a look in a direction above the abyss. There was a look of expectation in his eyes

Then he took back his sight and landed on the ground not far in front of him.

There, a man and a woman, two figures

This male and female, with injuries, Dantian flashing light blood, obviously, in some kind of prohibition, strength, for its seal!

At the moment, feel the horror of the presence of cast eyes, two people can not help shaking up!

Both of them are warriors, and their hands are naturally stained with countless blood. They are used to blood. But from their birth to now, this is the first time for them to face this kind of monster that devours human brain!

Weird to the extreme!

Even they are instinctively afraid

It's like a herbivore meets a natural enemy!

What makes them feel even colder is that now, the brain in the monster disk comes from their former companion, a monster who is close to the real eight level sky!
