

Physician 5281

Chapter 5281

Although these demons are a little worse than them, they are also outstanding

But his brain is not good enough for this monster?

Is this monster finally going to fight them now?

At this time, a sound of footsteps sounded in the temple in the abyss, and a look of horror and despair appeared in their eyes.

The terrible existence came to the two men and looked down at the two men and women. There was a look of hunger and thirst on their ugly faces.

His eyes were cold, and he looked at the two girls as if they were two lambs waiting to be slaughtered.

At this time, the man's lips trembled and said, "this Elder, please let me go. I was born in Lingfeng Island, one of the thirty-six days island. I have great influence in the sea of heaven. As long as you let me go, I would like to dedicate the whole family to you!

Please, master, let me be loyal

Hearing this, another woman recovered from her extreme fear. She seemed to grasp the straw and yelled, "master! I am also willing to dedicate my family to you. There are many fairies better than me in my family. One I'm sure I'll find food to satisfy you!

Please, master, let me be loyal

After hearing this, the monster gradually put away the hunger and thirst in his eyes and said with a cold smile, "don't worry, I won't kill you..."

That pair of men and women smell speech a Leng, immediately on the face is to flash a touch of ecstatic color!

But the next moment, a ferocious smile appeared in the corner of the monster's mouth and said: "with your two qualifications, you are enough to become the container of our family. Ha ha, since you are so loyal to your ancestors, please give your body first!"

The faces of the men and women suddenly changed. Before they could react, the monster pressed a pair of ghost claws on their heads!

In the palm of his hand, there are two black insects all over his body, but in the dark, there are countless runic like lines and thumb size insects!

The two insects instantly penetrated into the brains of the two men and women. In an instant, a shrill scream sounded in the abyss!

A moment later, the seven orifices bleeding, completely lost the vitality of the men and women, but suddenly re opened their eyes, a very huge breath, burst out from the men and women!

At the same time, a kind of strange blood color lines appeared on their body surface, and their eyes turned into blood color vertical pupil.

It's a fantastic scene, and

The two lifeless men and women stood up stiffly like puppets. With a strange smile on their lips, they knelt down respectfully to the terror in front of them and said, "ancestor, thank you for your gift, let us have a new life."

As soon as their words fell, the two corpses suddenly surged with vitality, and the blood hole on the top of their head was rapidly healing. It seemed that they were almost the same as before!

That is called the ancestor's blood color figure light way: "gets up, the blood Huang, the blood Zhao."

They just stood up. Xuehuang, who had occupied the man's body, said to the bloody figure in front of him: "ancestor, your body is in a bad condition. It's hard to recover.

This body should be dedicated to you... "

The ancestor shook his head and said: "although the body's quality is good, it is far from enough to bear the power of the Buddha. But now, I have something for you to do."

Two people eyes a bright way: "please ancestor command!"

In their family, they are absolutely loyal to their ancestors and think that it is an honor to do anything for them!

Yin Han, the ancestor, said with a smile, "another lamb has been sent to the door. One of them has a strange smell, which even I can't see through

It seems that it's worth not killing those ten people and having a good meal at that time... "

He licked his ragged lips and said, "according to my experience, this kind of lamb with strange smell has a very delicious brain. My son, it's time to hunt!"

Xuehuang and Xuezhao look at each other, and a picture of a cave emerges in their mind. The ancestor of this kind of clan and his descendants are interlinked in mind!

"I will obey the orders of my ancestors!"

As soon as the words fell, their bodies flashed and disappeared into the abyss.

The ancestor was smiling, and there was a corpse not far in front of him who had been cut off a lot of flesh and blood and had been viscerated by Shengsheng.

The reason why I tormented the poor lamb before he died was that pain and fear would make the brain more delicious!

The ancestor grabbed the corpse and crushed its head.

He tasted it, and his eyes brightened. The quality of the brain was so common that he could barely swallow it.

Before the real delicious food comes, we can only use this to satisfy our hunger for a while.

.....

In the cave, people are breathing, at this time, ye Chen suddenly look move, ear came a very subtle light sound, instant toward a certain direction. At the same time, Yu Ziqing also sniffed, looked at Ye Chen and said, "it smells of blood."

At this time, the two wounded figures suddenly rushed out of the woods. When they saw Ye Chen and others in the cave not far away, they were stunned.

At this moment, Hong Shuntian and others also felt something and looked at them one after another.

I saw that the bearer was a man and a woman!

The male has a handsome face and natural temperament, while the female has a fair complexion and a gentle and moving appearance.

The most important thing is that the strength of these two people is quite strong. It's amazing that they really exist!

Hong Shun Tian's eyes flashed and he said in a low voice unexpectedly, "these two are the heirs!"

Originally, they thought that all the four heirs on the island were dead!

The pair of men and women see ye Chen and others, the face is very happy look, looked at each other, is about to come towards the crowd.

But, at this time, Guan Hai Lou's face sank and said, "you two, stop for me!"

At the moment, it is impossible for them to get close to each other without knowing their identity and purpose!

Guan hailou and Yu Ziqing were born in the inland sea, which is more dangerous than the open sea. They have always been very cautious in the face of this situation!

The two men were stunned. Immediately, the man said eagerly, "are you also heirs? Please don't get me wrong. We have no malice. I'm from Lingfeng island. My name is fengjingtang. She's Zuo Yunyue from Zuoli island. "

At this time, Hong Shuntian said again, "brother ye, these two people are also famous geniuses in Tiandao. I've seen them. They didn't lie."

Ye Chen's eyes are flickering and staring at them. At the moment, his mind is suppressed by inexplicable power. It seems that he can't see anything unusual just by his eyesight.

Chapter 5282

After a moment's silence, he asked, "is that boat that broke on the beach yours?"

Feng Jingtang nodded his head and said, "not bad..."

Immediately, a look of panic flashed in his eyes and said: "brother Lin and brother pan, they have already..."

Ye Chen frowned: "in the end, what happened?"

Feng Jingtang said: "the four of us formed an alliance at the beginning. We entered wuhui island a few days earlier than you. Although we only have four maps, we don't know whether we are lucky or not. Without all the maps, we have an unexpected discovery in wuhui island."

Everyone's eyes are bright when they hear the words!

They risk so much to enter the island, the ultimate goal is the treasure!

Feng Jingtang said: "in the center of wuhui Island, we found an abyss, and there is a temple in the abyss!"

At that time, the four of us negotiated to enter the temple. We could find out that it was the place where the treasure was hidden!

But... "

Speaking of this, Feng Jingtang's eyes trembled and said: "what we didn't expect was that there was a monster hidden in the temple!"

A monster like rotten meat

The left cloud month beside the breeze Jing Tang, at the moment is also pretty face a pale, both legs tremble!

He took a breath and continued: "although the monster looks like a mass of flesh and blood, it's very strange. When we fought with it, we were not defeated at all, and brother Lin was injured

After that, we escaped from the temple

Seeing that the monster didn't catch up, we were all relieved, but, who knows, this is the beginning of the nightmare! "

Feng Jingtang and Zuo Yunyue, with a touch of pain in their eyes, said: "I don't know if it's because they have absorbed brother Lin's blood. The monster has mutated and turned into a human figure. He is actually following our trace and one night, he broke into our tent

On the spot, brother Lin and brother Pan were tortured to death!

And we escaped by chance. We have been wandering in Wuhui Island these two days, changing our position, for fear of being overtaken by that monster again! "

When people heard the words, their hearts sank slightly.

Ye Chen frowned and said, "both of you are in the late stage of the real world. How powerful is the monster that has forced you to such a situation?"

Feng Jingtang said: "that monster, now is the strength of the peak of the real world!"

Then he said excitedly: "we are not the opponents of the monster, but, with you, I think we will have the power to fight against the monster, but hurry up!

It seems that the monster will evolve after swallowing human flesh and blood. We must get rid of it as soon as possible! "

At this time, Yu Ziqing suddenly asked: "you say, there are monsters in the temple. Can you see the treasure?"

Feng Jingtang hesitated for a moment and said, "I didn't actually see the treasure, but the temple is full of rich treasure. I think the treasure is in it!"

Yu Ziqing heard the speech, looked at Ye Chen, exchanged a look with him, and then nodded to Ye Chen and said: "Mr. Ye, I agree with Feng Jingtang that if we want to get the treasure, we have to enter the temple after all. In this case, it's better to get rid of the monster as soon as possible!"

Ye Chen pondered for a moment, then to the wind Jingtang two humanity: "good, you come here, first in this cave healing, body recovery, then lead us to the abyss!"

Wind Jingtang two people smell speech, is the face is happy, immediately, then toward Ye Chen and others, into the cave.

However, when they were ready to sit down again and recover their physical strength, it was a sudden change!

Two strong breath burst out suddenly!

Hong Shuntian and others are surprised. They are ye Chen and Yu Ziqing!

Two people do not hesitate in the wind Jingtang and zuoyunyue ready to sit down, the most relaxed when the fury!

Ye Chen's whole body power runs to the extreme, five fingers into a hook, carrying the strong wind, and grabs the wind Jingtang fiercely. Yu Ziqing also takes out a dagger in an instant and draws it to Zuo Yunyue's throat like streamer!

Fengjingtang and Zuoyun's face became stiff. Their body suddenly flashed and hid behind them. Their body movements were extremely fast. How could they be hurt?

Although their reaction has been extremely fast, they are still a little slow

Feng Jingtang's face is covered with a claw mark and bleeding. Zuo Yunyue's neck is also covered with a superficial sword wound

Feng Jingtang looked at Ye Chen and Yu Ziqing coldly and said, "what do they mean?"

Even Hong Shuntian and others are confused

Ye Chen and Yu Ziqing just agreed that they would enter the cave to heal. Why did they suddenly turn over?

However, at this time, Yu Ziqing showed an evil smile and licked the blood on the sword

The injuries of Feng Jingtang and Zuo Yunyue are very mild, almost negligible, but they're bleeding!

As long as bleeding, Yu Ziqing can get a lot of information!

All of a sudden, Yu Ziqing's face changed and her eyes looked at Feng Jingtang and Zuo Yunyue suspiciously.

Ye Chen frowns a way: "how?"

Yu Ziqing said in a deep voice, "these two people are not Feng Jingtang and Zuo Yunyue, or even human beings!"

After hearing this, everyone was surprised again!

Not people?

But they don't look any different from ordinary people, and they don't look like magic?

Wind Jing Tang smell speech, immediately roar a way: "what are you talking nonsense!? I'm not human? What's that? "

Zuo Yunyue also said: "are you crazy? Now is not the time for infighting! "

Yu Ziqing's eyes narrowed slightly and said sarcastically, "do you want to pretend? You ask what is not a person... "

After thinking for a moment, Yu Ziqing said, "it tastes like "Worms?"

The whole cave was dead in a moment!

Feng Jingtang and Zuo Yunyue, who originally wanted to say something, felt stiff. Then, they were very angry in their eyes!

Bugs?

They are far more noble than human beings. How could they be belittled as insects by a human like animal?

This is what they hate the most!

They looked at Yu Ziqing and ye Chen without saying a word. A moment later, they suddenly laughed and sneered.

The inexplicable breath surges around them. Even if the mind is suppressed, people can instinctively feel it. It doesn't belong to human beings!

They don't pretend!

However, Feng Jingtang didn't do it immediately. His eyes narrowed and he looked at Yu Ziqing and said, "you seem to be very sensitive to blood? However, I am very curious. How do you judge that we are not the real ones, but do things to us? "

Chapter 5283

Yu Ziqing said lightly: "because of greed."

"Greed?"

Wind Jing Tang some don't understand: "when did I show greedy?"

At this time, ye Chen light mouth way: "not show greedy, but not enough greedy."

Feng Jingtang, it should be said that xuehuang and Xuezhao were surprised when they heard that

Yu Ziqing said, "you said you would fight against the monster with us, and there are treasures in the temple, but you didn't mention how to distribute the treasures?"

Even in the time of life and death, we human beings will not forget the benefits. "

He and ye Chen alliance did not mention the distribution of treasures, that is because their alliance only to find out the island that a few successors, what happened!

Xuehuang frowned: "because of this? Just do it? "

Yu Ziqing said with an evil smile: "more importantly, even if I kill the wrong person, it's a trivial matter for me."

When xuehuang heard the words, he said with a cold smile: "human beings are really despicable, greedy, cruel and despicable creatures..."

As he said that, his breath became more and more intense, and all kinds of blood lines appeared on his body surface. His eyes turned red and stood up. Staring at Yu Ziqing, his eyes flashed a distorted color of desire. It seemed that people who had been hungry for hundreds of years suddenly saw a roasted whole sheep!

In one word, it's greedy!

"Maybe that's why your brain is so delicious..."

With a roar, the breath of xuehuang and Xuezhao burst out completely!

At the same time, a similar smell of blood filled everyone's nose!

Xuehuang swallowed the channel: "originally, I wanted to let you enter the temple, and then kill and keep delicious when you were in the most fear and pain. Now it seems that you may not be able to do it. However, if you lose some delicious food, the ancestor should not blame you?"

At the moment, in addition to Ye Chen, all the people look very dignified!

The breath of xuehuang and Xuezhao is surging to the extreme and has reached the extreme!

And its strength seems to be even more terrifying than the realm!

Even Yu Ziqing, such as Guan hailou, is not sure of winning

At this time, ye Chen secretly asked Shuo Lao and Xuan Hanyu: "Shuo Lao, Xuan Xianzi, can you see the foundation of these two monsters?"

Ye Chen stimulate reincarnation blood, enough to instant two people, but they still have an ancestor in their mouth!

The essence and blood of Tianshi in his body may not be enough to make him explode twice, so we should first find out the details of the enemy, and then make a strategy!

Old Shuo pondered for a moment and said, "this smell, if I don't feel it wrong, is a very ancient race, called brain eating beast!"

"Brain Eaters?"

"Brain eater, as the name suggests, is a kind of monster that specially engulfs biological brains! This monster is full of supernatural powers. However, there is a limitation, that is, it must be parasitic in some organism, engulf its brain, occupy its body, and then it can play out!

Otherwise, it's not much better than ordinary insects... "

Ye Chen's eyes flashed when he heard the words. It must be that the two dead were eaten by the brain eating beast

Shuo continued: "there is another point. If a brain eater lives in an organism, it must feed on that organism. Among them, the brain eater who can reproduce is called the ancestor by its offspring!

The strength of the ancestor, at least, is the beginning of taizhenjing!

And the progeny of the ancestor, can parasitize in the body of the ancestor!

Moreover, the more powerful the brain eater is, the higher the requirement of the brain and the parasite is!

In other words, a powerful brain eater needs to eat the genius of the host race. If it wants to change the host, it needs a more rebellious genius! "

Ye Chen's pupils shrunk slightly and murmured: "human genius No return island Brain eaters Human skin map... "

He looked a little ugly, and a very bad idea came into his mind

At the moment, Guan Hai said darkly, "what are you? Have you got the treasure of wuhui island

That blood Huang and blood Zhao smell speech a Leng, immediately, it seems to hear the world's most funny joke general, burst out laughing!

Guan hailou saw this, his eyes flashed and his whole body was full of sword Qi. He hissed and said, "what are you laughing at?"

Xuehuang looked at him as if he were looking at low energy and said with a sneer, "treasure? Human beings are really stupid

Your so-called treasure is just a situation laid down by your ancestors. Do you still believe it? "

Yu Ziqing, Hong Shuntian, shuijinghua and others all changed their faces suddenly!

Seeing the look of the people, Xue Zhao, who had not talked much, seemed to be happy and said: "ha ha, in those days, the ancestor was suppressed on this no return island by a running dog of heaven, but there were some idiots who thought there were treasures in the island?These fools are your ancestors

This time, Yu Ziqing and others looked totally ugly

Xuehuang said: "originally, the ancestors who had been hungry for a long time were going to eat your ancestors clean, but..."

At this point, xuehuang's look became more and more ironic, pondered and said: "you know, at that time, what did your ancestors do?"

Xuezhao said with a smile: "your ancestors sold you out in order to survive!

They recognized the identity of the ancestor and knew that if the ancestor wanted to get out of trouble, he had to wait until the suppression of the way of heaven subsided in the future!

The ancestors at that time must have been extremely weak.

Then, if you want to recover, you need to eat naturally! "

Xuehuang couldn't help clapping and said, "shameless, you human beings are really incomparable. Actually, you want to carve the false treasure information into your blood, and send your offspring to your ancestors as Chinese food when the way of heaven fades in the future?"

Xuezhao said: "what's more, I think it's very reasonable. I know that the ancestor's taste is very high, and what he likes most is to stand out after the competition between life and death. That kind of excellent human!

This kind of human brain will keep in a delicious state in a short time!

Now, do you understand the meaning of this game? "

At this moment, shuijinghua and others are pale

Even Yu Ziqing felt a chill!

They have always respected their ancestors, the so-called ten strong people buried in the sky and the sea, who are even inferior to dogs?

At the same time, I am more and more afraid of the so-called ancestor!

At that time, their ancestors, though unbearable, were extremely powerful!

None of them are in the true realm!

Chapter 5284

However, these strong people are still defeated in the hands of the so-called ancestor, who will be slaughtered like fish. How terrible should the ancestor be?

Only Ye Chen's expression is strange.

Does this treasure really have nothing to do with wanxu and Huaxia?

No way!

He didn't believe that anyone in the world could make a perfect scam with Huaxia and wanxu.

It seems that the person behind the scenes must know something.

Want to solve their own doubts in the heart, only to find each other.

When Xuezhao and xuehuang look at the faces of the people, they all smile. Well, despair and cold heart can also improve the taste of the brain

Xuehuang moved his shoulder for a while, and his whole body crackled. The next moment, his eyes flashed with bloodthirsty color, and he said with a cruel smile: "we wait for a family. We only eat brains, and your body is useless. Although your strength is weak, if you just cut off your lower body, you should not die?"

As soon as his voice fell, he suddenly waved his right hand to all the people. In an instant, all the people's eyes shrank, and a trace of horror appeared in their eyes!

I saw that xuehuang's right hand was suddenly extended, and it was constantly deformed and hardened. It turned into a huge sickle sword and swept towards Yu Ziqing and others!

In this sword, there is a very old, special and powerful power of law. The sickle sword is shining with a faint blood light, emitting a palpitating power!

At the same time, Xuezhao is also a cruel smile, body shape a flash, jumped into the air, all over the body stretched out countless tentacles, toward the people strangled!

Ye Chen's eyes flashed and said: "Guan hailou, you and I block the man, Shun Tian and Yu Ziqing. You deal with the woman, Jing Hua. The spirit here is suppressed. Pay attention to the surroundings for us!"

The public hears speech, the vision is tiny to flash, but at the moment is no one defies Ye Chen's command!

They are very clear, in the face of these two strange monsters, only with concerted efforts can they have the chance to defeat each other!

At the next moment, Guan hailou gave a loud drink, and his whole body was full of sword gas. It was like a tornado. His sword gave out a dragon chant, and the sharp light of the sword cut away at the red sickle sword in xuehuang's right hand!

"A sword from heaven and sea!"

Ye Chen is also full of evil spirit. He is surrounded by fire and evil spirit. His sword is as elegant as moonlight, but his sword is full of fierce murders, and even the space can be crushed directly!

These two extreme attacks are complementary at the moment. They are thundering towards the sickle sword!

At this moment, even in xuehuang's eyes, there was a flash of horror!

Originally, according to his prediction, the combat power of his side was far more than that of the other side!

But, who thought, at the moment, no matter Guan hailou, or Ye Chen burst out the unexpected terror!

Especially Ye Chen!

Heaven and earth exist, but have the ultimate combat power comparable to the real world!

Even the proud, ancient brain eaters can't believe it!

Since the outside world, it seems that we have never seen the existence of demons to this extent in history!

However, at the moment, xuehuang not only did not show the slightest fear, but became more and more ecstatic and excited!

The more rebellious these guys are, the better their brains taste!

At the thought of Ye Chen's brain and the taste of it, xuehuang's mouth would be flooded!

At this moment, even the ancestor of brain eating beast in the deep abyss, the horror face without skin is colorful!

The reason why he doesn't do it is to preserve his strength. Now, when his body doesn't recover, he uses one point and loses one point!

But, see ye Chen now, he is some can't restrain!

With this guy's talent, even he doesn't need to recover this broken body, can he change the host directly?

However, he forced to hold back!

Now, it's not sure whether ye Chen's strength is really so against the sky. It's just right to let xuehuang and Xuezhao fight with him. If his two sons are really going to lose and die, it's not too late for him to fight again.

After all, if you choose an unsuitable host to parasitize, his fate will not be very good

Therefore, we must observe carefully before parasitizing

Ancestor, self-confident, even now his strength has declined a lot, ye Chen and others still have no resistance in front of him!

No risk!

At this time, there was a loud bang, and the bloody sickle sword suddenly collided with Guan hailou's sword light and ye Chen's sword awn!

A strong afterwave swept around, countless plants, rocks, are in the afterwave into nothingness, the whole huge no return Island, are shaking up!

As soon as xuehuang's face changed, he looked at his right hand in disbelief. At this moment, there was a crack on the edge of the sickle sword!

The whole person is also under the impact of a huge force, even step back! He was a little surprised. You know, the hardness of his hardened sickle sword arm is definitely not under the rule of one grade!

Can, but be ye Chen and Guan Hai Lou, a blow cut out the crack, and, the other side is still fighting in the upper hand!?

For a time, xuehuang's eyeballs will burst!

They are extremely proud of brain eating animals, and regard all the creatures in the world as their own containers and food!

But now, he was slightly suppressed by his own food?

Xuehuang is angry!

At the same time, Hong Shuntian and Yu Ziqing also blocked Xuezhao's attack!

This side, basically equal, Hong Shun Tian was slightly suppressed some!

However, this result also made Xuezhao furious!

What she pursues is second kill!

For a moment, the red lines of xuehuang and Xuezhao are shining, and their breath is rising again!

At the same time, their flesh and blood began to creep up, as if they had given birth to countless tentacles!

After eating the host's brain, the brain eater can transform the host's body!

So that it can extend, harden, deform and so on!

This kind of change, can instantly let the host's physical body upgrade several levels, vitality and so on, there will be qualitative changes in all aspects!

Xuehuang and Xuezhao had only changed a part of their body. After all, they thought it was enough to deal with Ye Chen and others

But now, they are changing the whole body, to fight ye Chen and others with all their strength!

This will consume a lot of energy in their bodies. They must eat immediately after fighting!

However, among these people, there must be some ancestors who don't like them, and they will give them. For example, the woman, although some of them don't like her, it's enough to feed her!

So, what they have to do is just beat Ye Chen and others, and torture them, humiliate them, and make their brains taste delicious!

Chapter 5285

Ye Chen felt the more powerful breath of these two brain eating beasts, his face sank, and he said: "everyone, do your best!"

In a flash, several powerful breath burst out, countless swords, sword light intertwined, turned into a sea of energy, leaning towards xuehuang and Xuezhao!

The blood Huang and blood Zhao see, but it is a cold smile, the next moment, its whole body up and down instantly emerged a kind of metal like gray luster!

All the splendor will drown xuehuang and Xuezhao. The huge sound of the earthquake reverberates on wuhui island. The strong wind caused by the afterwave sweeps around. Even the storm outside the island seems to be temporarily suppressed by the terrible afterwave!

Everyone is staring at the center of the light!

Just then, a voice full of scorn sounded in the center of the light: "this is your strength?"

Hearing the words, people couldn't help shrinking their pupils!

The whole body of xuehuang and Xuezhao is covered with hardened armor!

They all hit together, but only left some cracks in the armor!

Ye Chen and others see this, can't help but heart a sink!

This armor has a strong defense!

It not only covers the whole body, but also improves the strength!

The next moment, the fierce light in xuehuang's eyes flashed and roared: "damn mole ants, be afraid!"

With this roar, his hands suddenly turned into two huge sickle swords, waving towards Ye Chen and Guan hailou!

The fierce sword wind exudes a very dangerous atmosphere. The whole island, while wielding the sword in xuehuang, is immersed in a sense of being cut and torn!

Ye Chen and Guan hailou both look down. The strength of each attack of these two attacks is equal to that of xuehuang's last attack!

In other words, they can only resist a sickle sword!

And just now, the two of them just got the upper hand!

Ye Chen and Guan hailou have a dignified color in their eyes. Just as Guan hailou is ready to move, ye Chen's figure suddenly flashes and blocks in front of him.

Seeing this, Guan Hai Lou shrunk his pupils and said, "what are you doing? Get out of the way

Ye Chen light way: "to help Yu Ziqing and Shun Tian, only they two people, now is far from the monster's opponent, plus you, but may not have no chance to win."

Guan Hai Lou's face slightly changed and said, "Ye Chen, do you know what this means? It means you have to face this guy alone!

This monster, today's strength, you are definitely not an opponent, you will even die. "

Ye Chen hears speech and says with a smile: "don't worry, even if I can't defeat it, this monster is absolutely impossible to defeat me!"

Staring at Ye Chen for a moment, Guan hailou clenched his teeth, turned around and flashed away towards Yu Ziqing and others. At the same time, he said: "don't die."

The dialogue between them seems complicated, but in fact they communicate with each other in spirit, almost in an instant. At the same time, xuehuang's sickle sword is about to fall!

Looking at Guan hailou flying towards Xuezhao, xuehuang is not only not stopped, but also full of joy!

In fact, although his strength now has the upper hand, he is very clear that he can't defeat Ye Chen and Guan hailou for a while.

And now, Guan hailou left, just right, convenient for him to break one by one!

Xuehuang is ferocious. Instead of pursuing Guan hailou, he cuts two sickle swords toward Ye Chen!

His vision tiny flash, these two swords didn't attack the key, but cut to the two arms of Ye Chen!

Ye Chen can't die, his brain, think is the best!

Well, cut off the limbs first.

But, at the moment, the corner of Ye Chen's mouth is to raise a touch of light smile, to chop to that pair of sickle sword mercilessly blow out a blow!

Blood Huang see, slightly frown!

Doesn't this kid know he's scared?

The next moment, the loud noise came, the light splashed, and the joy in xuehuang's eyes became more and more intense. He could feel that the destructive power of his attack had surpassed Ye Chen's sword light, and his sword was breaking fast!

Ha ha, still laugh?

Right now, about to scream, right?

Soon, xuehuang felt that the sickle sword of his hands had been cut into the flesh and blood, and even had a friction with the bone!

A bloody figure suddenly flashed in the air and smashed to the earth like a meteor!

After a roar of earth shaking, the water mirror Hua, who was watching the battle, could not help but exclaimed: "Ye Chen!"

And that blood Huang is incomparably proud to open a way: "kid, you just didn't still smile?"? I'm curious. What are you laughing at? Now, I'm so seriously injured that I even scream... "

However, before he finished his words, a figure slowly stood up from the pit on the ground.

Seeing this scene, xuehuang's eyes trembled fiercely! Ye Chen slowly walked out of the pit and appeared in front of xuehuang. He said with a cold smile, "what did you just say?"

Xuehuang's face is slightly twisted. At this moment, ye Chen's whole body is red with blood, and there are two shocking and ferocious wounds on his shoulder

However, what is more shocking is that at the moment, these two wounds are healing at an incredible speed!

In the blink of an eye, it has recovered as before!

Even xuehuang, the ancient brain eating beast, was frightened by the abnormal recovery speed!

Ye Chen looks at the expression of blood Huang, the smile is more rich a minute.

His greatest reliance is vitality!

Xuehuang's attack power is really powerful. He is the most powerful in the real world. Even in the face of this attack, he may be injured, but ye Chen is in good condition at the moment!

There are two reasons why he said it is impossible to beat himself.

1、 Nature is vitality.

Second, ye Chen knows that xuehuang can't really kill himself!

After all, when you die, even if you take the corpse back, the delicious brain won't taste very good, will it?

You know, ye Chen is not an ordinary thing. If you give your brain a grade, ye Chen is definitely the top class!

Just like, ordinary beef, you may take it to eat, but if it's top grade and beef?

That requires careful cooking!

With Ye Chen's current vitality, if it's not a key attack on him, it's too easy to recover!

Even if the true Taizhen state exists here, ye Chen is not afraid of it!

.....

On the other side, Xuezhao also took out his hand. Countless tentacles turned into long guns and gushed out of his body. He stabbed Hong Shuntian and Yu Ziqing hard. In the face of this blow, the two men, who had been a little stretched out and had already appeared wounds, suddenly their eyes lit up!

I saw that an extreme sword light came with a kind of momentum running through heaven and earth. With this sword light, they finally stopped Xuezhao's attack!

This sword light naturally comes from Guan hailou!

Chapter 5286

Xuehuang looks at yechen, looks a little ugly, and says: "boy, I want to see when your vitality can last!"

Voice a fall, then again wave hands, toward Ye Chen cut!

And ye Chen also raised his sword to fight against xuehuang!

The same is true of Guan hailou and Xuezhao!

However, although Ye Chen and others resisted these two brain eating beasts for a while, they were obviously at a disadvantage!

The color of worry on shuijinghua's pretty face becomes more and more intense. If it goes on like this, it's only a matter of time before everyone loses!

With the battle going on, ye Chen's face is getting pale. Now, he has many wounds all over his body. He has been attacked by xuehuang for thousands of times, and his recovery speed has finally begun to decline!

Guan hailou, Hong Shuntian and Yu Ziqing are also quite miserable. There are many holes in their bodies, and the blood is flowing

Their wounds were not as many as ye Chen's, but their faces were paler than ye Chen's

You know, not everyone has the vitality of Ye Chen.

Xuehuang's look became more and more excited. He looked at the pale Ye Chen and knew that victory was coming.

However, at the moment, there was a touch of fatigue on xuehuang's face. He gasped a little, and he also felt a great burden for so many times!

The energy inside him and Xuezhao has reached the bottom

However, their attack is more and more fierce!

Both want to end the fight in a short time!

When a person in a bad state, strengthen the offensive, often there will be flaws!

And ye Chen looks at blood Huang, double eyes suddenly a bright!

He was keen to capture the flaw!

At this time, xuehuang's double swords cut off again. However, what made him feel incredible was that this time, ye Chen let the double swords run through his body and didn't even defend!

The two swords stabbed into Ye Chen's sides!

Ye Chen vomited a big mouthful of blood, and felt it was difficult to breathe!

For a time, people are a little silly, ye Chen hard resistance blood Huang even, but also hard to eat each other's attack, this is self abuse tendency?

Xuehuang sneered: "boy, have you finally given up your resistance?"

In his opinion, ye Chen is afraid of being attacked by him and admits his life.

But, at this time, ye Chen is suddenly stretched out a hand, dead ground clenched blood Huang an arm that turns into sickle sword!

A huge force surged out in an instant!

Xuehuang's face sank and he jerked out his hand. What he couldn't believe was that at the moment, his arm was caught by Ye Chen, and he couldn't get rid of it!

Now, the strength of xuehuang may surpass Ye Chen, but the pure strength is still inferior!

If the normal state, with the speed of xuehuang, ye Chen didn't seize his chance at all, but the continuous attack made xuehuang's action slow by one point!

But soon, xuehuang sneered, "what's the use of catching me? It can only make you die faster! "

The next moment, his other arm, which was not grasped by Ye Chen, was pulled out from ye Chen's body and brought a shower of blood. Then, the fierce light in his eyes flashed and cut off Ye Chen's shoulder!

Poof Yi a, this sword fiercely embedded leaf Chen's shoulder, will bone, flesh and blood all number tear!

But ye Chen at the moment is low head, as if wood general, move don't need, let blood Huang to oneself crazy attack!

Even if ye Chen's vitality is again strong, have no resistance, pure use flesh body hard to resist the other party's crazy attack, still let his vitality drop rapidly!

The most important thing is, ye Chen even put away the evil sword!

How to fight without weapons?

Although Ye Chen's power is terrible, xuehuang is not the opponent that he can defeat with his bare hands!

For a time, shuijinghua and others are pale. Is Ye Chen really going to be defeated?

Is it just the last struggle to catch xuehuang?

Xuehuang also sent out a burst of laughter!

However, at this moment, a very surging atmosphere of destruction is surging in the no return island!

The whole island of no return seems to be transformed into a black hole which will crush everything into nothingness!

And the center of this breath is Ye Chen!

Xuehuang was stunned, and then a look of panic appeared in his eyes. He instinctively felt the great danger!

He crazily twitches his arm, trying to get rid of Ye Chen's bondage, but ye Chen's hand seems to be welded on the arm that turns into a sickle sword, which can't be done at all!

Ye Chen slowly raised his head, with a fierce smile on his bloody face, staring at xuehuang and saying, "what's the use of catching you? I'll let you see what's the use now, whether you die fast or I die fast! "

The next moment, he suddenly raised his hand, at this moment, its fingertips have condensed a rich to the extreme black light!"The light of extinction!"

When xuehuang saw this, the color of terror in his eyes became more and more intense. He wanted to take back the arm that was not caught and resist, but it was too late!

Exterminate the divine light. Although it takes some time to cast it, once it is successfully cast, the speed of the divine light is not slow at all!

In the blink of an eye, the light hit xuehuang's body!

Ye Chen gives a cold smile. The reason why he catches xuehuang and endures the attack is to show the God of extinction!

In a flash, time seems to be still!

Even the storm outside wuhui island seems to have subsided!

Xuehuang's face was frozen, and the frightened look on it was clearly visible, and his hand was still in the air

At the next moment, countless black cracks spread all over the surface of xuehuang's hardened armor. With a click, the hardened armor exploded!

Exposed the blood Huang that lost the skin, blood dripping body!

The blood all over his body gushed out wildly, and the destructive power in his body was raging like a hungry wolf, destroying his meridians and viscera wildly and so on!

"Ah!!! It's impossible! No way

Xuehuang let out a scream and fell from the air. With a roar, he hit the ground heavily!

Xuehuang, with a strong breath, rapidly weakened. His broken body was shaking and dying. He never thought that as a powerful brain eating beast, he was defeated in the hands of a human boy who was regarded as food!

At the moment, although he is not dead, but, is also a serious injury in the serious injury!

No more fighting!

Ye Chen looks at the blood Huang that falls, release the arm that has been broken in the hand at random, he slightly frowns, the vision flickers indefinitely.

Although extinction is powerful, it still has limits.

That xuehuang's defense means is not to be underestimated, but to block most of the power of Shengguang!

Chapter 5287

At the moment, shuijinghua and others are completely dull!

Even the blood will coagulate!

A moment ago, they were still worried that ye Chen would lose, and they were struggling for the last time

The next moment, direct reversal of the war, a blow to suppress blood Huang?

This kind of reversal is too strong, which makes people feel dreamy for a while

And Xuezhao's face changed wildly. He murmured in disbelief: "blood "Blood Huang?"

She is also unable to accept, the blood Huang is defeated by Ye Chen in one-on-one situation!

What's more, she is about to defeat Guan hailou!

At this moment, Guan hailou, Hong Shuntian and Yu Ziqing are all covered with blood, and there are many blood holes all over their bodies. They look very pale and will lose their fighting power completely!

If it wasn't for Xuezhao who didn't want to kill them directly, they would not be able to sustain them for so long!

At this time, an inexplicable horror rushed to Xuezhao's heart!

It's like being watched by a wild beast!

Xuezhao suddenly turns his head and looks at the source of the horror feeling, but he has a pair of cold eyes!

A pair of eyes that make the ferocious brain eating beast feel chilly!

Ye Chen's eyes!

Xuezhao's face suddenly became ugly

Although she has the upper hand in fighting with Guan hailou, what about ye Chen?

She doesn't want to be hit by Ye Chen's magic power!

Xuezhao's body is moving towards the rear, and seems to be planning to escape!

In this case, we can only sacrifice xuehuang!

But Guan hailou and others seem to see through Xuezhao's idea in an instant. With a flash of body shape, Xuezhao will be surrounded in the middle!

"Damn it Xuezhao scolds angrily. It's a great shame for the brain eater to run away in front of the food!

But now she seems to have no choice!

The next moment, her figure suddenly a flash, is toward the rear fly away, the speed is extremely fast!

Unexpectedly, before the encirclement of Guan hailou and others, he fled to the rear!

Guan hailou and Yu Ziqing's eyes sank. They must not let the brain eating beast go like this!

This time, it's the brain eating beast that belittles the enemy. It's careless, and let them catch the chance. But what about next time?

What if the brain eaters hide and attack them one by one?

Then, even if there is only one brain eater left, it will bring them great danger!

Only Hong Shun Tian's eyes twinkled and he didn't know what he was thinking

At this time, Xuezhao, who had been flying for a certain distance, suddenly changed his face and condensed in the air!

In its body out of a red chain!

Guan hailou and Yu Ziqing are stunned. What's the matter?

When Hong Shuntian saw this scene, he was very familiar with it and had experienced it himself

Guan hailou and Yu Ziqing instantly look at the other end of the chain, and see that the other end of the chain is connected to Ye Chen!

It's TIANYAO Shensuo!

Guan hailou's three people's eyes flashed with joy, and the corners of his mouth raised a cold smile one after another. Ye Chen also moved and came to Xuezhao's side.

Four people blocked the four directions around Xuezhao's body and completely surrounded him!

What's more, even if it's not surrounded, Xuezhao, who is locked by the sky demon, can't escape!

Xuezhao's face was completely gloomy at this moment!

Ye Chen slowly raised his hand and raised his sword finger. There was a faint black flash on his fingertip, while Guan hailou and his three men drank loudly and rushed toward Xuezhao. They attacked her wildly, so that she didn't have any chance to dodge!

Xuezhao is scared, really scared!

She has just come to life from her deep sleep!

Dying again now?

She is not reconciled!

Just when shuijinghua and others think the victory is in hand, it is a sudden change!

A very powerful, like the tyranny of the eternal devil, surged up from the bottom of the earth at the speed of lightning, and instantly came to the place where ye Chen and others were!

At this moment, everyone's face changed!

Even the faces of Xuezhao and xuehuang have changed!

However, ye Chen and others are turned into horror, shock, Shen Ning

And Xuezhao and xuehuang are ecstatic!

They called out in unison, "ancestor!"

For a time, ye Chen and others are crazy eyes flash, this is the ancestor's pressure?

Under the awe of this pressure, Hong Shuntian and others are so stiff that they can't do it now!

Even ye Chen's face was extremely gloomy. Although he was not affected by the coercion, it still gave him a very dangerous feeling!

Even if he activated reincarnation, he could not compete with it!The pressure brought by this prestige is even stronger than when facing the lion king!

You know, the lion king is a super strong man in taizhenjing who has Tianshi blood!

And this ancestor's breath is stronger than him?

Isn't that to say that the ancestor, even though he has been sealed for countless years, still has the strength comparable to that of the strong in taizhenjing!

Ye Chen knows why the way of heaven could not directly wipe out the ancestor, but wanted to seal it here, gradually weakening

For a moment, his heart sank

What to do?

How to defeat such a powerful opponent?

Xuezhao looks at the look of Ye Chen and others and laughs wildly: "why, don't you want to kill me? Do it? Why doesn't it move? Now, are you afraid? "

Her eyes fierce color a flash, looked at Ye Chen, she knew, this group of people in the biggest threat is Ye Chen!

The next moment, Xuezhao is about to rush towards Ye Chen. Ye Chen is also holding a long sword. His eyes are cold. He has made the plan to directly open his blood and kill Xuezhao in seconds. In order to defeat xuehuang, he has been injured and his combat power has declined. Now, he may not be able to resist Xuezhao, so he can only fight quickly!

But, at this time, suddenly, a hoarse, low, inexplicable voice that could awaken people's primitive fear rang out in people's ears: "Xuezhao, stop it."

When Xuezhao heard the words, her body trembled. Although her eyes were full of unwilling color, she did not dare to disobey and stopped. She hesitated and said, "but, ancestor..."

Her strength won't last long. It's going to fade soon. If you don't do it now, you won't have a chance later

The ancestor said, "don't say much. I have my own arrangement."

"Yes Xuezhao hears the speech and doesn't speak any more.

The next moment, a virtual shadow appeared in front of everyone's eyes.

This virtual shadow has no skin all over. It looks a little similar to the present xuehuang.

Perhaps, in those days, the ancestor also suffered a fatal blow, and his armor was smashed to pieces before he became what he is now.

This shadow is the incarnation of the ancestor's mind!

Ye Chen's brow wrinkled more tightly a minute, this ancestor's idea seems to be able to break through the shackles on this no return island?

It can be seen that his mind is much stronger than himself!

The ancestor's eyes suddenly fell on Ye Chen's body and said with a smile: "young man, you are very good. I haven't seen such an excellent human like you for a long time."

Chapter 5288

When people hear the words, they all frown slightly. What does the ancestor mean?

Ye Chen eyes twinkle, light way: "since so, ancestor can let me leave?"

Hearing this, the ancestor laughed and said, "well, of course not, but..."

He suddenly smiles and stares at Ye Chen and says, "I have a way to make you live."

"The way to keep me alive?"

The ancestor said with a smile: "we are a very old race, and our race has always welcomed talents. In fact, our race can not only devour the brains of other creatures for parasitization, but also parasitize each other's organs, such as arms, hearts and so on!

This kind of parasitism will not have the slightest influence on your consciousness. It can be said that it is a symbiotic relationship, and your strength can be greatly improved! "

The public hears speech, is complexion tiny change, this ancestor is to plan to solicit Ye Chen?

Ye Chen's face seemed to flash a trace of the color of meditation, he gazed at the false shadow of the ancestor and said: "what's the condition?"

Hearing this, the ancestor said with a satisfied smile, "it's easy to talk with smart people. It's very good. I didn't mistake you."

The ancestor casually glanced at Guan hailou and other humanitarians: "although your current state is not very good, it's still enough to defeat these humans?"

Guan hailou and other people's face changed instantly!

Is this ancestor trying to sow discord?

But, soon, their facial expression then restored calm, after all, in their view, ye Chen will never be cheated by such a simple way.

However, at this time, a faint voice sounded in the people's ears: "I really can, and then?"

For a moment, Guan hailou and others are looking at Ye Chen foolishly, especially Hong Shuntian and shuijinghua

What does Ye Chen mean?

Does he really want to

Everyone secretly shakes his head and denies this idea. Ye Chen should be just procrastinating!

Ye Chen's vitality is very strong, this moment Kung Fu injury has recovered some!

He must be trying to buy time to recover!

But at the moment, the ancestor in the underground, there is a faint smile on his ugly face without skin. He has lived for so long and has a very good understanding of human nature!

In the face of crisis, human beings may cooperate on the surface, carry it to the end, and so on, but in the face of the real chance to live, they will expose their selfish nature instantly!

Even if this opportunity seems fake, it's more important than other people's lives, isn't it?

What if it's true?

After all, if they resist hard, what they have to bear is the anger of taizhenjing!

No one has any chance to survive!

Ha ha, mankind is such a hypocritical existence!

Even if we give human beings a chance, they may devour the same race more fiercely than the brain eaters. We should know that the human beings devoured by brain eaters in history are far less than those devoured by human beings!

It is because of this that the name of brain eating beast gradually disappeared in history. Up to now, few people know it.

And the more evil human beings are, the more they cherish their lives!

Ye Chen's choice is exactly what he expected in his heart!

The ancestor Xuying said again: "in order to show your loyalty to our family, I will fight these people now, defeat them, and bring them back to my temple with Xuezhao xuehuang. After that, I will give you glory and supreme power!"

Ye Chen's vision flickers a way: "how do I know, you are not deceiving me?"

The ancestor said with a smile, "you don't have a choice, do you? If I do, you will still die. "

Under the ground, the ancestor was smiling. He didn't intend to do it at will. Now every point of energy in his body is precious. He won't do it until he has to. At this moment, he even regained his power.

In his opinion, ye Chen 100% will agree to his request!

Since can rely on a few words, can let Ye Chen become his own chess piece, why do you have to do it yourself?

What's more, the despair brought by this betrayal will make the food more delicious!

Liberated from the oppressive pressure, Guan hailou and others look at the expressionless Ye Chen one after another.

Water mirror China is also covered mouth, beautiful Mou quiver, at the moment of Ye Chen gave her a very strange feeling.

Hong Shuntian managed to squeeze out a smile and said, "brother ye, such a simple trick, you Can't you really be fooled? "

Ye Chen smell speech, shook to shake head a way: "can't."

Hearing the speech, the crowd was slightly relieved.

But, at this time, ye Chen's vision is suddenly sharp up, way: "however, just like the ancestor said, I have no choice, right?"

Xuezhao laughs. At this moment, her strength has subsided. She even feels weak for a while. However, it doesn't matter any more. Under the conspiracy of her ancestors, these stupid human beings have been at their disposal! At this time, ye Chen's body suddenly moves, pours at Guan Hai Lou, and cuts down the sword in his hand!

"Damn it

Guan hailou's face is changing wildly. He can see that ye Chen's sword is not an acting, but a real one!

He raises the long sword with all his strength and blocks the long sword that the leaf Chen cuts!

The next moment, with a loud bang, Guan hailou's body was blasted to the ground by this sword, and a big pit was smashed out.

Lying in it, his whole body is full of blood, and his bones are broken. He stares at Ye Chen, struggling, but he can't stand up again!

His condition is too bad, but ye Chen has recovered a little bit in the process of dialogue with his ancestor. Under this situation, the strength of both sides has opened a big gap!

Hong Shuntian and Yu Ziqing are looking at the scene with a gloomy look. The reason why they don't make a move is that they are not ye Chen's rivals even if they join hands. Besides, there is another Xue Zhao watching the play

2、 They have hope for ye Chen!

Maybe Ye Chen did it for some reason!

But at the moment, ye Chen's figure suddenly flashed and appeared in front of Guan hailou. Holding a long sword, he was about to cut off Guan hailou!

Guan Hai Lou's face was twisted and roared: "what are you still doing!? This kid is coming for real! He has absolutely become the running dog of the brain eating beast, betraying me and so on

Yu Ziqing's face sank when he heard the speech. He suddenly yelled, "Ye Chen, stop!"

As soon as his voice fell, he was about to rush towards Ye Chen. But suddenly, Hong Shuntian's figure flashed in front of Yu Ziqing and said, "Ziqing, calm down, brother Ye is not this kind of person..."

Chapter 5289

Yu Ziqing was stunned when he heard the speech, and then he said, "get out of the way, do you still want to face this traitor?"

Hong Shuntian was silent, and his heart was shaken. However, recalling his experience with Ye Chen, he finally nodded heavily and said, "I believe him!"

Yu Ziqing looked cold and said, "if you want to die, whatever you want, I want him to die! Get out of here

As soon as his voice fell, the dagger in his hand cut out Hong Shuntian!

At the same time, ye Chen's sword is about to fall to Guan Hai Lou!

Blood Zhao and blood Huang, see this scene is unbridled to laugh!

Stupid human infighting!

My grandfather is really very smart!

In a few words, these human beings will play around!

At this time, Xuezhao looked at yechen and said, "don't kill him. If you die, your brain won't taste good."

Ye Chen hears speech, slowly took back long sword, extremely obedient.

Xuezhao smiles with satisfaction. Now ye Chen is a good dog.

At this time, Hong Shuntian was forced back and forth by Yu Ziqing's dagger, and his face was pale. He was the most seriously injured in the battle with Xuezhao. Moreover, his original strength was not as good as Yu Ziqing. Soon, he was forced into a desperate situation by Yu Ziqing who was furious!

Seeing, the dagger in Yu Ziqing's hand is about to pierce Hong Shuntian's heart!

However, at this time, ye Chen's figure flashed and appeared in front of Hong Shun Tian's body. With a long sword dance in his hand, he blocked the blow for Hong Shun Tian!

On Hong Shun Tian's face, a touch of joy appeared and he said, "brother Ye!"

He did not mistake Ye Chen!

But all of a sudden, ye Chen turned his head indifferently, looked at Hong Shun and said, "if you die, your brain won't taste good."

As soon as the voice fell, his backhand hit Hong Shuntian on the chest. With a roar, Hong Shuntian vomited blood, his bones were broken, his internal organs were broken, and his whole body became weak and fell to the ground from the air.

He looked at Ye Chen with a dull face, and then a look of great disappointment appeared in his eyes. He said with a bitter smile: "I didn't expect that I thought I had a good eye, but I still misunderstood you in the end..."

Xuezhao and xuehuang want to clap when they see this scene!

Wonderful!

These humans are doing so well!

Yu Ziqing roared, and his blood flowed wildly. A powerful force burst out of his body in an instant, and he struck Ye Chen fiercely!

But ye Chen face this blow, the facial expression is still calm, full strength one sword cuts toward Yu Ziqing!

Sha Jian and the dagger in Yu Ziqing's hand collide in an instant, and Yu Ziqing vomites blood in an instant. He steps back in the air for several steps. Every time he steps back, there are cracks in the space under his feet!

Ye Chen, however, pushed back Yu Ziqing with his sword, but he didn't give him any breathing time. He cut out sharp swords one after another to finish the battle as quickly as possible!

Under Ye Chen's attack, Yu Ziqing soon fell to the ground!

At the moment, everyone's eyes looking at Ye Chen are extremely disappointed, hatred, anger and so on

Among them, disappointment is the most intense

Ye Chen got their trust, but so trampled on their trust!

However, the most disappointed one is not the three people who have been knocked down by Ye Chen at the moment, but a woman standing quietly in the same place

Water mirror.

Shuijinghua stands in the same place, and her beautiful eyes are looking at Ye Chen who is walking towards her step by step. Tears fall down her beautiful face.

She did not expect that the young man who rushed to Shuiming island to save himself from danger and defend several strong people in Taizhen was such a person?

It turns out that he is not fearless, nor does he know that pride has no bottom line, nor does he know how to retreat, but that no one has been able to reach his bottom line before

Now, the ancestor touched, ye Chen's disguise has been torn up, and his nature has been exposed.

In fact, shuijinghua doesn't exclude dying for ye Chen

Even, will take the initiative to die for ye Chen, but, more than death, let a woman difficult to accept, no more than their own heart of the people as abandoned son in general, mercilessly abandon it?

Even at the moment, ye Chen, seeing the water mirror China's eyes, vaguely touched. He frowned and took a deep breath: "mirror China, I'm sorry."

As soon as his voice fell, he put up his sword and cut it at the back of shuijinghua's neck. Shuijinghua snored and fainted without resistance.

Seeing this scene, Hong Shuntian and others completely gave up.

They can see that although Ye Chen and shuijinghua are not in love, they have some feelings

But ye Chen?

Even their own women, at least those who have good feelings, can sell them for their own lives without hesitation?

In fact, Guan hailou and others are not good people. They have done a lot of killing and tortureBut they really look down on the scum who is so mean!

But they didn't notice the complexity and solemnity of Ye Chen's eyes at all!

This is an extraordinary calm!

This is the calm of the layout!

At this time, ye Chen looked at Xuezhao and said, "now, what should I do?"

Xuezhao said with a smile, "well, you have shown your loyalty to our family and are qualified to be my ally of brain eating beast. Now, come with me."

With that, she stretched out a few hands and entangled the water mirror on the ground, such as Hua Hong and Shun Tian, one after another. Then she lifted it and went in a certain direction.

At this time, xuehuang also difficult to get up from the ground, he looked at Ye Chen with some resentment, but he didn't say anything, just with a sneer of sarcasm, followed Xuezhao.

Ye Chen followed them and soon came to a huge abyss.

Xuehuang and Xuezhao did not hesitate to jump under the abyss.

Ye Chen's vision is a flash, is also a body shape move to disappear in the dark of the abyss.

After a fall, they came to the bottom of the abyss. The purple light was shining, and the outline of a temple appeared in front of them.

After entering the temple, they came to a hall.

In the hall, there is a stone table. Behind the stone table sits a horrible man with no skin and full of blood.

Xuehuang and Xuezhao put the bodies of Hong Shuntian and others in the hall, saluted the man behind the table and said: "ancestor."

The ancestor glanced at the people who were struggling to get up, and hit out some bloody brilliance at will. The brilliance fell on Hong Shuntian and others, and immediately imprisoned their spiritual power.

Then, he stood up with a smile and went to Ye Chen. He looked at Ye Chen up and down and said, "you've made a good choice."

Ye Chen smell speech, vision tiny flash way: "you really want to let me and you symbiosis?"

Chapter 5290

The ancestor said with a smile, "don't you believe it? If you don't believe it, why do you do what I say? "

Ye Chen light way: "because, I want to live."

Hearing the words, the ancestor showed a thoughtful look in his eyes. After a moment, he said, "originally, I wanted to kill you after you entered the temple, but now I have changed my mind."

With that, his figure flashed and appeared in front of Xuezhao.

Originally, still full of smile, is watching the play of blood Zhao, suddenly face a stiff!

The next moment, the ancestor smashed Xuezhao's head with one hand, and caught a worm with blood lines all over it, just like a leech.

The bug is still struggling in the hands of its ancestor.

Seeing this scene, xuehuang changed his face and said: "ancestor, this is..."

The ancestor cast a look at xuehuang, then walked slowly to yechen and said, "I will plant Xuezhao into your body now!"

The blood Huang vision twinkled for a while, immediately, the face dew suddenly of color, looking at the leaf Chen facial expression more and more satirize.

Ye Chen looked at the insect in the hands of the ancestor, and a touch of excitement appeared in his eyes.

The first ancestor took the bug and said to Ye Chen with a smile: "however, I have to remind you that after planting Xuezhao into your body, you need to eat human beings to supply Xuezhao. Moreover, you will have a strong desire to swallow. Can you accept it?"

Ye Chen hears speech, without hesitation ground way: "can."

"Good." The ancestor nodded and said, "I didn't read you wrong."

Having said that, his whole body was full of blood, and a drop of blood essence condensed at his fingertips. Then, on the surface of Ye Chen's body, he painted some lines with the blood.

A strange feeling permeates into Ye Chen's body. In his mind, there are ancient pictures. In the picture, there is a small insect, which penetrates into the heads of dragons, phoenixes and other exotic animals,

occupies his body, devours the whole dragon and phoenixes, and ascends to the top of ten thousand families!

The ancestor said with a smile: "this animal pattern can help you better integrate with our family. Now, tell me where you want Xuezhao to live?"

After pondering for a moment, ye Chen said, "Dantian."

The ancestor smell speech, in the eyes happy color more rich a cent way: "good, good choice, can you tell me the reason?"

Ye Chen said faintly: "My vitality is very strong, but if the elixir field is damaged, it will still affect my combat power. So, I want to increase my defense in the elixir field. I can do it by relying on the hardening ability of brain eating beast."

The ancestor nodded and said, "OK, let's start. Remember, don't resist!"

The next moment, the ancestor will be in the hands of the insect, toward the position of Ye Chen Dantian sent, soon, the insect directly into the muscle of Ye Chen, disappeared.

Ye Chen's eyes, suddenly burst out a burst of red awn, the whole body blood color grain is also bright up!

An ancient and powerful force is surging up in its body!

Ye Chen has a smile on his lips, and now he has the strength comparable to half step Taizhen!

The effect of this brain eating beast is really good!

The ancestor said with a smile, "how do you feel?"

Ye Chen satisfied place head way: "not bad. So I'm one of you now? "

The ancestor hears speech, with one move, took the food in front of in the hand, to Ye Chen way: "what feeling?"

In Ye Chen's eyes, flashed a touch of greedy color way: "hungry."

The ancestor's eyes narrowed slightly and said, "well, that's the successful integration. Now you are a member of our family."

Xuehuang also drank a way: "this is the supreme honor, do not thank the ancestor?"

Ye Chen smell speech, to ancestor line a ceremony way: "thank ancestor gift."

The first ancestor smell speech, some ponder over the leaf Chen way: "now, are you very happy?"

Ye Chen nodded and said, "it's my luck to join you and other people."

The ancestor suddenly grinned and said, "since you are so happy, I have something I want to tell you."

Ye Chen hears speech, but open mouth way: "before this, I also have a matter, want to ask the ancestor."

The ancestor said curiously, "what do you want to ask?"

Ye Chen said: "is human brain the most delicious moment when it falls from heaven to hell?"

The first ancestor is tiny a Leng, but, still nod a way: "good."

Ye Chen showed a smile and said: "so, what the ancestor wanted to tell me is that what you painted on my body is not an animal pattern at all, but an auxiliary parasitic pattern?"

In this pattern, a brain phage is first planted into the host's body. Then, when other brain phages devour and parasitize the host's brain, the previously planted brain phage can play an auxiliary role and reduce the host's resistance?

And I, if I know this news, will be very desperate, right? At that time, my brain was delicious

Ancestor, are you planning to parasitize my brain now? "

The first ancestor and xuehuang, even Hong Shuntian and others, all changed their faces!

How can ye Chen know this?

Did he already know that he was going to be parasitized and taken away?

So why do we have to cooperate like this?

For ordinary warriors, being taken away is one of the worst ways to die!

Not only are you out of your wits, but also your enemies?

And the parasitism of the brain eating beast is more terrifying than the ordinary one!

It is said that the brain eater, when eating your brain, will devour your soul, so that your soul will be tortured forever. Moreover, you can only watch the brain eater control your body!

This feeling is 10000 times more painful than death!

The forefather frowned and had a bad feeling in his heart!

The next moment, he suddenly said: "Xuezhao, do it!"

All of a sudden, the blood color on Ye Chen's body is strong again. At the same time, a kind of gray light like metal appears on Ye Chen's body, but it's not hardening!

When the gray light came up, people obviously felt that ye Chen's muscles were stiff!

At the same time, the ancestor also sneered and stretched out his hand to the top of Ye Chen's head. No matter what the boy had planned, as long as his hand fell on the top of Ye Chen's head, ye Chen would surely die!

He owns this extremely powerful body!

Xuehuang is also full of pleasure. The damned mole ant dares to hurt himself seriously and wants to be a member of our family?

What about dreams?

Humble human beings, just food!

But, at the moment, ye Chen's mouth is showing a smile, said: "you eat brain beast will live in the world as their own food, can have thought, one day, you will become other people's food?"

In yechen's body, Xuezhao is surrounded by blood light. He is exerting his power in the elixir field and controlling yechen's body. But at this time, a dark shadow suddenly appears behind Xuezhao!

Ye Chen's elixir field is Xiaohei's territory!

Xiaohei stares at Xuezhao like the controller of the extremely dark place and says: "you shouldn't do something to your master. If you move your master, you will die!"

Xiao Hei's whole body burst out a very strong pressure! Like the beginning of chaos!

And Xuezhao's strange discovery, at this moment, the mighty pressure made her unable to act!

What's more strange is that the dark monster made her soul and blood tremble!

This boy's Dantian, what kind of monster is it!!!
