Chapter 5441

"That's me!"

Ye Chen nodded: "in any case, I will try to protect the head of Tian clan, but in order not to scare the snake, I need to borrow you to cover me."

Tian Wei hesitated for a few seconds, breathed out a breath, and agreed.

"Touch!"

Just as they were talking, Tian Junke was bombarded by them again and fell on the ground, spitting out a mouthful of blood.

"Patriarch!"

All the Tian family members have a trace of sadness in their eyes. The patriarch who has been guarding them all the time is practicing the promise with his own life.

He is the hero of their family!

"Wow

Xuanjiyue, with a strong intention of killing, stabbed a sword light and hit Tian Junke's back. In a moment, the sword Qi was vertical and horizontal, and the sound of "Hua Hua Hua" was heard!

Endless laws are surging at this moment!

Life and death only in a thought!

"Master, come on! Help me set up

Ye Chen doesn't care to doubt whether the reincarnation graveyard's power is as powerful as he said, so he can only put all his eggs in one basket.

Because, Tian Junke, can't hold on any longer!

"Tian Wei?"

Tian Junke was attacked from the back to the back. At this time, he saw Tian Wei's hands, like four different things. He was reciting the magic words that he didn't know what to say, and his heart was filled with a sense of sadness.

Today's Tian family is really going to be destroyed by him.

And now!

The gloomy ghost fog rises from the inside of the Tian family and surges out in the night. The ghost fog surrounds the void. Thousands of ghosts howl in the fog, which makes people feel creepy.

Boom!

Two ghosts appeared in the fog.

A ghost figure with a height of 100 feet, holding a trident, covered with iron muscles, two eyes burning with blue flame.

The other one has a pair of dragon horns on its head, black wings on its back, but feet, and a bone whip in its hand, just like a killing God.

Tian Junke was a little scared at this time. He didn't know what he was calling.

Not to mention Tian Wei, even ye Chen was a little frightened at this time, which seemed quite different from the array he imagined.

"Tian Wei, what are you doing?"

Seeing this gap, Tian Junke immediately beckons the other two elders to escort the clansman to hide. His eyebrows are raised and he looks at Tian Wei.

"I I... "

Tian Wei can't explain at this time, so he can only grasp Ye Chen's direction and break the static water bead, revealing the hidden Ye Chen.

"Not me It's him

Ye Chen at this time is also extremely helpless, at this time the formation has not been completely formed, but he exposed the whereabouts, Tian family, is really the number of gas has been exhausted?

"Who are you?"

Tian Junke was puzzled. He had never seen this young man before.

"Damn, why is the reincarnation Lord here?"

Before ye Chen answers, Emperor Shitian first breaks Ye Chen's identity.

Xuanjiyue heard this, the eyes are also very happy, did not expect to meet so soon.

"Smelly boy, I didn't expect to meet again so soon. This time, no one will explode to protect you."

Xuanjiyue said sarcastically, now ye Chen appears, she and Emperor Shitian join hands, will kill him.

"That Chief Tian, I came to ask you for help, but at this time, I don't have time to introduce. But the enemy of the enemy is a friend, right? "

Ye Chen explains a way in a hurry.

"Now I have only one last step to complete the guard array. Please wait a little longer! Three breath is enough

Seeing this, Tian Junke knows that ye Chen may not have come for the sake of xuanming iron, but what he says is true. The enemy of the enemy is his friend. If he can rebuild the guard array, even if ye Chen is left alone in the Tian family, they have ways to kill him.

"Good!"

Tian Junke nodded, with the help of these two ghosts, I believe that he should have magical power, can hold a three breath!

"Emperor Shitian! Join hands to kill the undeveloped reincarnation Lord

Xuanjiyue doesn't waver. For her, the purpose of seizing xuanming iron is to improve Shenluo Tianjian and kill Ye Chen.

At this time, ye Chen has appeared. Naturally, he wants to kill him by the hand of the emperor Shitian!

"Queen of destiny! Your opponent is me

Tian Junke clasped his hands and made a seal in his hand.

"Archaic golden body curse!"

Tian Junke's powerful body protection magic power enveloped his whole body, and his whole body was shining with red gold.

The three elders on the scene almost stopped at this time, staring at the figure of the patriarch in the void.

"The only one in the Tian family who has practiced the Taigu golden body mantra."

But this is not the time to sigh and appreciate. At this time, innumerable sanxiu had received the emperor's order and rushed to Ye Chen one after another. The two ghosts, the huge bone whip swept out, and the fierce power of hell made the sanxiu like suffocation, swept out.

The incantation in the mouth of emperor Shitian seems to be intended to use the magic oath.

"Interrupt!"

Ye Chen roars. Once the emperor Shitian launches successfully, his guard array will never be completed.

Tian Junke obviously had a certain understanding of the master of the heart demon. He incarnated as Jin Guang and rushed to the emperor Shitian.

His hands were like huge gongs, slapping on his arms.

"Shua!"

Blood splashes, but the blood splashes from Tian Junke.

What about steel and iron? In front of the eight heavenly swords, it's as easy to handle as ordinary cabbage. What's more, the user of this heavenly sword is a queen like Xuan Jiyue.

"Patriarch!"

Tian Wei also knew what kind of mistake he had made.

If it wasn't for him to uncover Ye Chen's disguise, the attack of emperor Shitian and xuanjiyue would not be so fierce.

Tian Junke is pierced and can no longer continue the power of the archaic golden body curse.

At last, he was weak, numb and unable to fight!

"How long does it take for the master to succeed! It's almost impossible to hold on outside! "

Ye Chen sees that Tian Junke has no power to delay any more. He can only urge the mysterious voice master. In any case, he has to find a way to keep Tian Junke.

"The last step!"

Samsara Da Neng's tone is dense, just like the array he summoned, revealing infinite strange breath.

"Now, carve the inscription!"

Ye Chen nods, hand matchless quick fly carves.

"Lord of reincarnation, you still like to waste your time as always."

Xuanjiyue's figure floats in the mid air and looks at yechen, then her dignified appearance suddenly shows a trace of sadness and indignation.

This just a few days, ye Chen's breath cultivation, unexpectedly increased!

This evil spirit can't let him grow up any more!

Next second, Shenluo Tianjian moves!

Together with the ultimate destruction of the atmosphere towards Ye Chen!

This destruction breath even surpasses Ye Chen's destruction way seal!

Chapter 5442

"Coagulation

Suddenly, the xuanbei of reincarnation suddenly unfolds, and with the spirit of reincarnation, it swings on the array in the center of Tian Jiazheng.

Xuanjiyue's Shenluo Tianjian is only one step away.

It's late!

At the moment of the completion of this array, the terrible power from hell makes Ye Chen gape.

One ancient Rune mark after another appears, rippling on the array!

And the huge array is surrounded by nine dragons!

Endless hell gas, unexpectedly blocked this xuanjiyue's startling sword!

Even this amazing sword didn't do any harm to the mysterious and powerful array!

Ye Chen's way of array is also terrible, but it's also unacceptable!

The way of this array is obviously beyond the acme of heaven and man!

Who is behind the mysterious voice?

And at the moment, looking at his sword blocked, the pupil of xuanjiyue suddenly enlarged, red lips slightly open!

This is her first gaffe in such a long time!

How could that be!

How could heaven and man have an array to block the sword?

This is Shenluo Tianjian!

It's even easy to kill some really strong people!

One side of the emperor's eyes is also dignified to the extreme.

No one knows what he is thinking at the moment.

But there seemed to be anger burning in his pupils!

Just because, this game, he and xuanjiyue lost to the reincarnation of the Lord!

That has not yet grown up reincarnation of the Lord!!!

Now, they don't even know what happened in the array!

Hold back and anger!

.....

With this big guard, the Tian family will be able to stay away from the world for a while longer.

"Patriarch! You have to hold on! "

Tian Wei's wailing voice began to ring.

Ye Chen Mou son one coagulates, hurriedly walk forward.

At this time, Tian Junke was so angry that he had obviously reached the line of life and death.

"Get out of the way!"

Ye Chen quickly pushes Tian Wei to one side, his palms together.

"The blessing of Koi, the magic of eight trigrams!"

The vast and misty medicine Qi has been lingering in Ye Chen's palms, slowly flowing into Tian Junke's seven orifices.

The trauma visible to the naked eye is quietly recovering.

It's just the place stabbed by Shenluo Tianjian, but it hasn't healed at all.

"Why can't we recover here?"

Tian Wei see ye Chen's action stopped, quickly pointed to Xuan Ji month contusion position, worry of ask a way.

Ye Chen nodded and took out a piece of the best pill that had been refined in advance with a trace of his blood from his arms. The palm pressed hard. At this time, it had turned into a small medicine cake, which was in Ye Chen's hands.

"Don't take it off."

Ye Chen put the medicine cake in the contusion position of Shenluo Tianjian and told Tian Wei.

"Good! Little brother, thank you Well Patriarch? Are you awake

Tian Weizheng said, but found that Tian Junke had woken up.

"Come on! Put him in the secret room of the Tian family! "

Tian Junke wake up after the first sentence, unexpectedly will ye Chen shut into the secret room, all people are Leng in situ.

Everyone knows that ye Chen saved the Tian family and Tian Junke!

"Patriarch, he just helped us block the emperor Shitian and xuanjiyue!"

Tian Wei stepped forward and looked at Tian Junke's eyes full of doubts.

"Shut up in the chamber of secrets!"

But Tian Junke didn't hesitate at all. Her eyes were fierce. She looked at Ye Chen with no temperature in her eyes.

"Yes

Tian Wei wears a bitter smile and looks at Ye Chen with some embarrassment. He really doesn't understand why the patriarch gives such an order.

Ye Chen is a hearty smile: "it's OK, younger Ye Chen. I hope I can communicate with you in my spare time."

He did not make any resistance and let the servants of the Tian family take him away.

After a stick of incense, facing the closed door, Tian Wei paced back and forth.

"Stop for a moment." Tian Kun was seriously injured. Looking at Tian Wei at this time, he was in a disordered mood and even more restless.

"Elder, how to say that boy just saved us."

Tian Kun heard this. Although he was sent by the group leader to take his disciples to the jiucengdong, he had a clear idea of the war situation. Not to mention the coincidence of Ye Chen's appearance, he was able to attract emperor Shitian and xuanjiyue at his age. His identity is absolutely not simple.

"It's natural for the patriarch to do that. This battle is too dangerous for us. The youth cloth may not last long. You'd better recover your strength as soon as possible."

"Elder!" Tian Wei was angry. They had just saved the Tian family, but they turned around and locked them up. It was quite a villain's behavior.

For people like Tian Wei, it is obvious that Tian Kun is not willing to reason with him. He has already left to settle the frightened Tian family.

Now, behind the gate.

Ye Chen sits on the ground, looking up at the top of the rune murals, quietly waiting for Tian Junke's arrival.

Soon after, the door was pushed open.

A figure appears in front of Ye Chen.

"Who are you?"

Tian Junke came a little earlier than ye Chen expected.

"Young Ye Chen, I've met clan leader Tian."

"Why are you here?"

Tian Junke's steps were still a little vain, but his power did not weaken at all.

"I have something to ask for your help."

"About the Supreme xuanming iron?"

Tian Junke's face did not change, as if it was a very small thing for him.

"No Ye Chen shakes his head, and then takes out the small piece of iron from the reincarnation cemetery.

"Please tell me where the other half is."

When the vision touches the thing that ye Chen takes out, Tian Junke's vision becomes stagnant, the pupil is extremely constrictive, seem to see what inconceivable thing.

"Who are you?"

Ye Chen immediately understood the meaning of Tian Junke's words: "younger Ye Chen is also the reincarnation master of this life."

"How do you prove it?"

Without waiting for his voice to fall, six rounds of reincarnation have floated behind Ye Chen, and the flowing reincarnation blood is sending out endless vicissitudes of reincarnation.

The essence and blood of the reincarnation Lord of the last life added a trace of red and gold luster to Ye Chen's blood. It was as powerful as a God's residence, which made Tian Junke feel suffocated.

"My Tian family has been closed for many years. Unexpectedly, within one day, both sides came to the door."

Tian Junke sighed a little between his eyes and brows. For a moment, his old and powerless face was all over his face.

If it is said that the Supreme xuanming iron is the gift of their Tian family to the supreme world, then the other half of the key is the Tian family's commitment to the reincarnation Lord of the last life.

"Do you know what this key can open?" Ye Chen said the biggest doubt in the heart.

"I'm sorry, I don't know, but I think the Lord of reincarnation has spent endless years to lay out. There must be many implications behind it."

Chapter 5443

Tian Junke pondered for a few seconds, and continued: "our Tian family has devoted all their efforts to protect this half key. The secret is extremely deep. Even if there is such an existence as the master of fate and the master of demons, there is no way to examine it."

Ye Chen naturally agreed: "yes, if it wasn't for the master of reincarnation of the last life, the layout was exquisite, I couldn't know the whereabouts of the elder."

Tian Junke didn't want to talk nonsense: "in this case, I will give you the other half of the key, which can be regarded as the fulfillment of my Tian family's promise to the reincarnation Lord."

"Thank you, master!"

This process is much easier than ye Chen imagined.

"Come with me."

Tian Junke stepped out, and the surrounding scenes changed constantly.

Ye Chen felt as if he had come to another place.

A bright pearl exudes supreme brilliance, shining the whole world like the day, countless Holy Spirit, walking upstream of the Pearl, is attracted by a very mysterious force.

Tian Junke's hands had turned into copper, holding the bright pearl in her hands.

"Click."

After a very clear voice, the Pearl in his hand split into two, revealing the other half of the small iron.

"Take it."

Ye Chen quickly takes over the other half of the iron sheet, and at the moment when he touches the iron sheet, he only feels that a very strong spirit of Gang Sha lifts him away.

Ye Chen's first reaction is Tian Junke's black hand, but at the moment of his landing, Tian Junke beside him even throws a distance away.

"What's the matter?"

The two men's eyes were fixed on the two halves of iron.

A roar, a circle of fire waves, from the two halves of iron, toward all directions, making the whole space tremble.

A mighty divine power, just like the coming of the reincarnation Lord in the heyday, traverses the whole space.

Tian Junke only felt that his Qi and blood were churning, and the space connected his mind. At this time, he was forced to run through, which made him tremble.

After an overwhelming breath, the light of extreme darkness and day turns and flows out from the two pieces of iron.

On the void, a huge Yin Yang giant is formed.

"The temple of yin and Yang?"

Ye Chen is puzzled. Is this the key to open the temple of yin and Yang, or is the thing behind the key closely related to the temple of yin and Yang?

Black and white against, rotating entanglement, the two halves of iron finally into one.

The trembling force of the iron sheet slowly weakened, and the rich breath of reincarnation gradually dissipated in this space.

After the fusion, the color of the iron sheet is essentially different from that of the previous small iron sheet.

The black-and-white lines cover the whole key. The edge of the key exudes a red gold luster. Yingying golden light makes people dare not look directly at it.

"I can't imagine that this key alone can shake me. If it's something behind me, how powerful it should be."

Tian Junke said with emotion that he used to be a demon who was proud of heaven and man. Although he was injured in the first World War, now he has to lament that there are talented people in the past. Now his generation has long been a thing of the past.

"Master, did the reincarnation master tell you about the things behind the key?"

Tian Junke shakes his head. He remembers clearly what happened in those years. At first, the Tian family got the favor of the supreme world. Later, because of his wanton efforts, he just met the Lord of reincarnation.

Just because of the promise, he will protect the iron for the Lord of reincarnation.

But it is also because of the cause and effect of the Tian family and the supreme world that the Lord of reincarnation will not say more to him.

Just then! A voice came from outside!

"Patriarch, no good!"

The voice of the servants of the Tian family trotted from far to near to the door of the secret room.

Tian Junke frowned and waved his sleeves. He had brought Ye Chen back from this world.

"Patriarch, the master of fate is breaking the battle again. The elder said that he is not optimistic. Maybe he won't last long."

Ye Chen, however, was surprised that the eyes of the array with the reincarnation xuanbei as the core should not be so easily broken by xuanjiyue.

"Now that you've got what you want, let's leave. It's a disaster for my family. You shouldn't have involved others."

Tian Junke's eyes are serious. He looks at the array barrier in the distance and looks at the sea of blood. The future of the Tian family is so uncertain.

Ye Chen shakes his head, he is not a wise man who is afraid of death. Since Tian Junke has answered his doubts without reservation, he can't just turn around and leave.

"Master Tian, since I have been involved in this cause and effect when I came here, I didn't say that I was on the run. What's more, the later array is based on the reincarnation stele in my body. I won't leave if I say anything. "

Tian Junke looked at Ye Chen with a sigh. This kind of magnanimity and mind, grand pattern and elegant demeanor are worthy of the reincarnation of this life. When ye Chen comes out behind Tian Junke, Tian Wei smiles with joy. He knows that the patriarch is not a black-and-white man.

As the elder, Tian Kun just arched his hand to Ye Chen, and he had already returned to the ninth floor cave with his disciples.

The crisis of the Tian family has not yet been solved. He wants to withdraw and protect the hope that is more worthy of protection.

"Ye Chen, come out and die!"

Xuanjiyue was furious, and her eyes were surging. She looked down at yechen under the barrier and roared.

Ye Chen didn't even raise his head, but carefully checked the situation of the whole array. The power of the array was decreasing, but it was not because of the external force, but because of the lack of internal energy.

"Master, what's the matter?"

Ye Chen's divine consciousness shouts in the reincarnation graveyard. He has never heard of this great array before, so he can only turn to reincarnation power again at this time.

In fact, every time ye Chen borrows the power of reincarnation graveyard, he will think of Ren Feifan's repeatedly mentioned not to rely too much on it. Therefore, he has rarely borrowed his ability recently, but more to do some things like looking for things by borrowing the experience of the great powers.

But this time, facing the joint efforts of emperor Shitian and xuanjiyue, and facing the precarious Tian family, he finally chose to turn to the reincarnation power.

"I see."

The old and mysterious voice sounded again: "the array of Da'an has not been completely completed. In your current situation, you can't engrave the guardian inscription on the array. Without the inscription, there will be no energy source, and the power of the array can only gradually decline."

"How can we carve the guardian inscription, master?"

"Delay time, I'll carve it. You can stick it on the array at the last time."

Ye Chen repeatedly nods, although to this don't know the background of reincarnation can words still have hesitation, but now there is no other way.

"Good!"

Chapter 5444

.....

On the array, the sky was dark and empty. I don't know when there were towering stone peaks, which were in the form of gods and demons, or like beasts roaring, or like swords on the ground.

Bang bang!

The countless stone peaks, overturned by Emperor Shitian's fingers, hit the array with a bang.

All the Tian family members saw despair on each other's faces at this time, but they didn't expect that the reinforcement of the big array didn't bring them peace.

"Master Tian, together with you elders, please hold xuanjiyue and Emperor Shitian back. I have a way to reinforce the array again."

Ye Chen ejects a pill in his hand and goes towards Tian Junke.

The pill is surrounded by dense runes. It is a top-grade Qi blood pill, which can improve the physical quality of the user in a short time and maximize the power of Qi and blood.

Emperor Shitian was in a good mood when he saw the shaking and crumbling array.

"Boom!"

A friar in armor turned into a black pillar of light and fell from the sky directly on the shaking array.

He was holding a two meter long sword, one sword at the same place.

It seems that under his guidance, all the monks followed the place where the stone peak was shaking, hitting each blow at the same place.

Tian Wei is ready to attack. At this time, his whole body is tumbling up and heading for the nearest sanxiu!

At the same time, Tian Junke was also involved.

"Boom!"

Tian Jun Ke's copper colored palms slapped the friar hard. The Friar's arm burst and his huge sword flew out.

Seeing Tian Junke's palm, he was about to smash the monk's head. His two palms, which contained endless power, with strong breath, were blocked by two slender fingers.

"My man, do you want to move?" The voice of emperor Shitian's soft voice sounded like a wind blowing in Tian Junke's ear, which made his skin curl.

Emperor Shitian's two fingers, kneaded into sword fingers, were a little bit in Tian Junke's heart. A dark energy of the heart devil, rippled from his fingers and Tian Junke's heart.

Tian Junke flew backward, staggered back a few steps, and then reluctantly stood up in the void.

"Patriarch!"

Tian Wei solved a problem at this time. When he looked back, he saw that Tian Junke had been hit by Emperor Shitian's two fingers. He was extremely worried.

"Protect Ye Chen!"

And the Xuan Ji month that has been in the side covetous covetous, but also found Ye Chen at this time.

Shenluo Tianjian spurts out a strong air of crape myrtle's fate, and goes towards Ye Chen as if no one else.

Xuanjiyue's aura of empress and the power of emperor's coming to the world suddenly burst out at this time.

In the face of xuanjiyue's powerful attack, ye Chen's whole body is creepy. He has an unprecedented death crisis in his heart. Therefore, he tries his best to show Xuanti's magical power!

First, the spirit power is transformed into power, and then the soul body is transformed!

Turn strength into soul power!

For a time, the power of Ye Chen's spirit has reached a level of incomparable terror!

Xu Tu Yuan Fu, eight Fu Tu pagodas, six wheel disk, Qi Qi sacrifice.

In an instant, one defense after another.

Like Ye Chen, no one has ever escaped from xuanjiyue's hands many times. He knows how terrible xuanjiyue is under the full blast.

"bang!"

Xuanjiyue's Shenluo Tianjian directly cuts through the big guard array, which has only its surface, and the long sword roars.

"Poof..."

Tian Wei, however, at this critical moment, uses his body as a shield to block Ye Chen's body.

His body, like a cannonball, slanted out and hit the ground hard.

The inscription of reincarnation is at the last moment, ye Chen can't retreat! This will be Tian's last hope.

"Mole ant!"

Xuanjiyue looked scornful. It was meaningless for her not to be afraid of death.

Tian Junke's mouth is shaking and roaring, and his body is bursting out with the holy power like a raging wave, burning the power of blood, as if turning the whole Tian family into a vast sea of fire.

At this time, the bodies of countless Tian family disciples have changed dramatically. Their palms have turned into the color of red copper, and countless rules and divine lines are circulating in them.

With the full strength of Tian's disciples, all the powers come together.

Tian Junke was standing at the core of all the disciples, and a lot of Jin Guanggang thunder shuttled on it.

In the center of this place, thunder and lightning interweave into countless gods, Buddhas, beads, lotus plates And so on, shaking the hearts of all people.

"Go

The thunder and lightning formed by the convergence of powers, like the seal script, roared away towards xuanjiyue.

"Bang!"

Xuanjiyue's Shenluo Tianjian contains the power of fate.Countless reincarnation of the power of the star flame, wrapped around it, severely hit on the lightning.

The force of this collision is very terrible. Even the existence of xuanjiyue makes her internal organs overturn the river and the sea, and her bones also make a brittle sound. In the process of understanding the sea, there are some tremors.

The Tian family disciples who were fighting against him also vomited blood at this time, and the spirit breath in their bodies was already in disorder when they were hit by Shenluo Tianjian, and they had no power to fight any more.

"Lord of reincarnation! Let's die! "

xuanjiyue didn't even wait for this breath to come over. She directly adjusted her figure and came to Ye Chen again.

This suffocating breath, as if the sky had collapsed, even the space was being squeezed, and ye Chen even felt that the earth was constantly sinking down.

Everyone looked at Ye Chen pitifully, and there was no chance.

"Bang!"

Shenluo Tianjian fiercely splits on the reincarnation xuanbei, and sends out a very thick air wave.

"It's done!"

At the same time, an inscription appeared in Ye Chen's hand, carved on a piece of dark wood.

Without hesitation, ye Chen's reincarnation blood burst out completely, and pushed the reincarnation xuanbei upward. Together with xuanjiyue, ye Chen also launched the coverage of the great array.

"Boom!"

The array under the sky, emitting a black gold light, bright to the extreme.

Countless purple thunder and lightning cut through the sky and the earth. The vision of heaven and the earth caused by this square array circled in the void.

"What's this?"

At this time, the emperor Shitian could not even believe his eyes. This square array faintly exuded the supreme breath.

Once again, the big guard array of the Tian family stands towering.

Xuanjiyue's heart trembles slightly. This big array is not so easy to break. She can feel the burst energy gas inside.

"Damn it

"Don't be angry, Miss Xuan."

Emperor Shitian looked at Xuanji moon's cold face and quickly comforted him: "Ye Chen won't shrink in this turtle shell all the time. Let's find a way."

Xuanjiyue completely ignores the emperor Shitian, but stares at Ye Chen in the big array.

She must kill Ye Chen under the sword.

Chapter 5445

"Heart demon big curse sword!"

When Emperor Shitian saw xuanjiyue's appearance, he knew what she wanted. At this time, he stepped back and a flying sword suddenly popped up behind him.

This flying sword is a sharp blade without Kaifeng. It has no blood or murderous spirit.

But on the body of the sword, there is a smell of terror.

Endless evil heart, turned out, one after another rushed to the guard array.

Buzz, buzz!

It seems that the sword wants to penetrate the guard array with brute force. It has several impacts, causing resonance between heaven and earth.

This sword strikes on the guard array arranged by Ye Chen, which makes Ye Chen's heart suddenly creepy. His heart is full of demons, his head roars, and he can hardly breathe.

"The evil spirit rebelled against the chaos and overturned the heaven!"

Emperor Shitian sent out a mighty chant and constantly urged the heart demon to curse the sword. Countless incantations emerged. The fierce breath of the heart demon constantly attacked Ye Chen's heart God!

Ye Chen gives a big drink and releases the picture.

Hua la la, the holy water of the yellow spring is constantly pouring out.

And under the constant impact of the heart demon's curse sword, the guardian array seems to have responded.

At this time, the reincarnation monument in the eye of the array is like the peach forest protecting tianzunfu. It moves mysteriously and seems to be the array in the array.

Boom!

All of a sudden, the deafening sound sounded.

So the friars outside the guard array suddenly burst their eardrums, and blood flowed from their ears. A strong air pressure seemed to overflow from the guard array.

The endless power of reincarnation, the burst of this moment, even made xuanjiyue think of the reincarnation Lord of the last life.

"This array is too strong. Let's give way."

Emperor Shitian's heart magic sword had to be taken back under the power of endless reincarnation.

Xuanjiyue nodded slowly and looked colder at the Tian family.

As the master of fate, at this time she had a kind of illusion, it seems that because of her decision, she moved the balance of victory to Ye Chen.

"When that boy comes out of the array and strangles with all his strength, I doubt that he will capture the mysterious iron in the sky during this period of time."

Emperor Shitian obviously has the same speculation. No matter what the purpose of Ye Chen's trip is, they should be prepared for it.

But now, it's very difficult for them to break through the powerful power shown by this array.

The best way is to wait.

At this time, the whole Tian family was in chaos.

Countless Tian family disciples are wasting their mind, not only they don't fight again, but also it's hard to say whether they can practice Kung Fu in the future.

"Elder Tian Wei! Elder Tian Wei

Tian Wei in order to protect Ye Chen, positive carry down xuanjiyue's full blow, at this time is in danger.

"Let me see!"

Ye Chen's Bagua Tiandan stove is suspended behind him, shuttling between all the injured. At this time, he hears Tian Wei's name and comes quickly.

"Please, we must save elder Tian Wei."

A short and capable man, almost crawling on the ground, kneels to Ye Chen, imploring Him to cure Tian Wei.

Ye Chen doesn't hesitate at all. The eight trigrams heaven elixir is refining all kinds of heart protecting elixirs in an attempt to get Tian Wei back from hell.

The voices were noisy. At this time, Tian Kun's disciples, who had been brought to jiucendong, became the mainstay. They ran back and forth among various areas, saving every Tian family.

"Ye Chen..." Xuanhanyu's voice suddenly rang, without the slightest omen.

"Xuanxian, what happened?"

Ye Chen looks dignified to the extreme at this time, because there are too many injured disciples of the Tian family.

"Didn't you find anything unusual?"

Xuanhanyu's voice was full of unspeakable seriousness, and seemed to mention something about him.

Ye Chen heart a shock, is he ignored what? He subconsciously swept his eyes around.

Without hearing Ye Chen's response, Xuan Hanyu could only continue to say:

"listen to me, there seems to be something wrong with this array. Don't you find that the great array absorbs the aura of the whole heaven, man and earth with the power of your reincarnation blood? "

"What?" This time it's Ye Chen's turn to be surprised. Although he hesitated about the array power of reincarnation graveyard before, he didn't doubt each other's purpose.

At this time, I heard that xuanhanyu said so, and my heart was very tight. I had a bad premonition.

"Maybe I'm very sensitive to aura. This Tian family is the place where aura is very strong. However, since the big array was fully opened, the depletion of aura has far exceeded the speed of normal cultivation."

"The mysterious fairy, what do you mean?"

Ye Chen has a hunch in his mind, but he is not willing to believe his guess."Ren Fanfan has mentioned many times, let you not rely too much on reincarnation cemetery, after this, I think, his tips are not groundless, he may know something."

Ye Chen nods, Ren extraordinary remind is not once or twice, but he has never made the words clear, think this behind also implicated many causes and effects.

"I suspect that there is something wrong with the voice of the reincarnation cemetery. Moreover, his purpose may not only be you, but also the whole heaven and man."

"This big array may destroy the whole heaven and man world!"

Ye Chen nodded in agreement. Normally speaking, since the other party has awakened, he should be like the God of Xinghai, who has the vision of reincarnation graveyard, who can blow up his name and origin, and can emerge a virtual shadow.

But he always gives people the feeling of hiding.

However, there is another problem. If the status quo is maintained, the spiritual power of the Tian family will be exhausted. In the future, there will never be any disciples of his family who will become the leaders of practice. If the reincarnation stele is removed, the array will be broken naturally, and the Tian family will be in danger. It may be said that there will be a disaster of extermination.

"In any case, make a decision early."

After xuanhanyu prompts, the voice disappears again.

Ye Chen is like falling a big stone. At this time, he can only maintain the formation for a while, and exchange the aura of the earth for the chance of the Tian family to recuperate.

"Young master Ye." The name of Tian Kun has already changed, and the intimacy of it can be imagined, "if there is any panacea you need, just tell me. There is still something about Tian's family in these years!"

Ye Chen nodded, although he also accumulated some pills, but in the face of the countless Tian family members injured, but still more than enough, at this time Tian Kun's words, just solved his urgent need.

"It's easy for others to say that it's Tian Wei's injury. He's facing xuanjiyue. Although he's saved, his heart and lungs are broken. He needs a very strong object to protect him."

"A very strong object?"

Tian Kun said thoughtfully, "young master ye, wait for me. I'll go and ask the clan leader for instructions."

Chapter 5446

Ye Chen nodded, but his work did not stop, one by one the wounded, in his hands, like an assembly line processing.

Tian Wei's situation can't be delayed. Tian Kun came back very quickly, holding a small piece of red and black iron in his hand.

"Young master ye, this is the most tenacious thing of our Tian family."

Ye Chen nods, he can feel this small piece of iron, which is full of endless stagnant force.

"Just..."

Tian Kun said with some hesitation: "little brother may also recognize that this is a small piece of xuanming iron dropped by Taishang. It's also what we got from caring for xuanming iron over the years. It's just that it's too hard. We don't have anything to cut it."

Ye Chen nods, but doesn't have the slightest worry, in the hand black light a flash, a dark black Xuan hammer already appeared.

"What's this?"

Tian Kun is shocked to see the xuanming iron hammer in Ye Chen's hand, which exudes the supremacy of the supreme, and is not inferior to the Supreme xuanming iron.

"Well, this is the inheritance of alchemy Guqi and mine."

Ye Chen also worried that he would misunderstand, and quickly explained simply: "with it, it should be able to make a suitable shaping pulse Gang way for Tian Wei."

Tian Kun nodded, did not say anything, do a gesture.

Soon Tian Kun came to the patriarch Tian Junke and told what happened one by one!

"Cough, what are you talking about?"

Tian Junke doesn't seem to have heard what Tian Kun said. His urgent language drives his internal breathing to jump, and he coughs violently.

"as like as two peas, he has the inheritance of the protoss, and a little hammer is exactly the same as that described in our ancient books."

Tian Junke revealed a touch of surprise: "you mean, he is qualified to open the tripartite trial?"

Tian Kun nods again. After this battle, Tian Jiayuan's Qi is greatly hurt, and he is no longer able to protect xuanming iron.

However, if Tian Junke disobeys the promise of his ancestors and hands over the xuanming iron to xuanjiyue, he can't do it.

Moreover, in the current situation of both sides, even if their Tian family wants to show their friendship, is the other side really willing to let them go?

No!

"the patriarch, for the sake of our people and ye Chen himself, will take it as an opportunity that we give him. If he can pass the test, it will do him no harm. If he can't pass the test, what will happen if we Tian family recognize the cause and effect."

Tian Junke nodded. What Tian Kun said was the same as what he thought.

Since ye Chen was the Lord of reincarnation in the last life, he had a friendship with him.

In the face of xuanjiyue and Emperor Shitian, there was no retreat and compromise, and the mind was very admirable.

"Well, I'm too injured this time. I really can't take care of Taishang xuanming iron. If it's God's will, we'll let him have a try."

.....

Night came, Tian family orderly completed most of the treatment work, and ye Chen also exhaled a long breath.

He hasn't used medicine on such a large scale for a long time!

"Young master ye, the patriarch said, " please come to him for dinner. "

Ye Chen nodded, he saw too many bloody wounds, at this time some numbness, not too much appetite.

But since Tian Junke invited him, he naturally wanted to go.

Soon, ye Chen meets Tian Junke again.

"Master Tian, do you feel better?"

"Thank you, samsara. I'm much better." Tian Junke said that he knew very well that this time he not only used his magic power, but also burned his Qi and blood. It was impossible to recover to the peak without a thousand years.

"Well, don't worry, elder. If the damage comes to the root, you need to rest."

"I heard the elder say that you were inherited by the alchemists."

Ye Chen doubts why Tian Junke suddenly mentions this, and then nods, which has nothing to avoid.

"The Lord of fate and the Lord of demons came to our Tian family to seize the supreme treasure, the Supreme xuanming iron, to strengthen the Heavenly Sword."

Ye Chen nods again. He already knows the purpose of Xuan Ji Yue's trip.

"In fact, the Tian family agreed to take care of the xuanming iron, not the guard." Tian Junke carefully observed Ye Chen's face and expression, as if eager to know each other's understanding of this matter.

"The Supreme xuanming iron was originally used by the Supreme Master to refine the divine things of the Protoss. It was used to refine all kinds of magic weapons. Therefore, when our Tian family agreed to take care of it, the Supreme Master also left three trials for the predestined ones."

Hearing this, ye Chen seems to understand Tian Junke's meaning.

"And you, with the inheritance of alchemy Guqi, are naturally within the scope of this predestined relationship. Do you want to try and win the Supreme xuanming iron?"

Ye Chen's mouth shows a smile, which is a good chance that others can't ask for, but in Tian Junke's words, it's like asking for his own trial.

But if you don't take this chance!It must belong to Emperor Shitian and xuanjiyue!

Ye Chen no longer hesitated and said, "it's better to obey orders than to be respectful."

.....

Two hours later.

In the trial space, outside a very wide holy mountain, there is a wide river around it. The strong aura of heaven and earth rises to form a white fog. It looks like a dream.

Ye Chen stands on the Bank of the river, and the whole person is in perfect harmony with the rhythm of the river.

He has been in the trial space for some time, but there is no hint or guidance. He looks around at the scenery, almost frozen and unchanged.

"Is there something in the water?"

Under Ye Chen's extremely keen observation, he observed a trace of unusual things in the surging river.

Without any obstacles, it was very easy to get the things in the water.

This is a law artifact containing the law of the sun, which undoubtedly makes Ye Chen see the dawn of trial.

There may be a remnant of the sun god's consciousness.

"Hum!"

Just when ye Chen's divine consciousness went deep into this ancient artifact, a figure as bright as the warm sun was slowly forming in the air.

"Here you are at last!"

With the sound of the cold, the tall figure slowly condensed into shape.

This is more than three feet tall, the standard form of holy goddess, different from the empress xuanjiyue. Behind her, there are golden wings. On each bone, there seems to be a sun.

Golden air currents surround the goddess, making the space twist slightly.

Ye Chen did not speak, but quietly observed the holy goddess, her body sent out the mighty bright righteousness, people can't help but bow down.

"Master, junior Ye Chen, is here to take part in the trial."

Chapter 5447

The holy goddess gazed at Ye Chen for a moment, then slowly took out a bright yellow holy box.

The holy box is an artifact of law. It has a very high quality. When it is opened slowly, a tall plant flies out of the box as if it had spirit and wisdom. The moment it touches the ground, it is like a dragon in the earth.

WOW!

This tree grows very fast. In an instant, it has formed a towering giant tree. Mysterious words are formed on the trunk and branches, just as it records the greatest laws in the universe.

And just when ye Chen's attention is attracted by words.

"Whoa, whoa, whoa!"

All the aura shrouded in the whole holy mountain dissipated in this moment, countless branches and vines were pulled out from the ground, and the dark red air condensed on the void, attacking from top to bottom.

Dark purple airflow into a ferocious claw, straight to shoot Ye Chen.

Countless branches and vines are like tentacles, grasping Ye Chen's feet.

Ye Chen looks indifferent, hands behind, not in a hurry.

A huge eight part pagoda is revealed. It condenses infinite power and releases a series of bright and incomparable holy lights. The Buddhist language, the Buddhist niche and the Buddhist text are just like the sun in the sky, making people unable to open their eyes.

"Bang!"

the eight Fu Tu pagodas collided with the ferocious claws and burst out with unimaginable impact.

Full of destructive power, crazy spread in all directions, where, everything is annihilated.

Originally holy goddess, at this time the whole body has become a strong dark force.

It's twins!

Ye Chen heart next tight, in front of this holy goddess obviously has two kinds of supernatural powers at the same time, and, are very strong.

You can't fight hard, you have to outwit.

Ye Chen Mou son one coagulates, eyebrow center glows, soul body transforms, the evil spirit sword has already been grasped by him in the hand.

The weakness is that tree!

"Moon soul chop!"

Ye Chen poured all his heart and soul into the evil sword. The bright sword light rules around the edge of the sword. A star river sword light seems to be able to divide the world in two!

Dozens of vigorous winds, like the birth of a real dragon, were unstoppable. With an incredible arc, they all hit the huge wood.

"Boom!"

Originally towering giant trees, even so fragile fell to the ground, into countless streamer of green.

All the green lights penetrated into the body of the holy goddess. The original power of darkness, cured by the green light, returned to Canyang again.

That expansion and the sharp felling of the gas, so slowly dissipated.

Originally, the goddess's godless eyes were filled with a trace of innocence and doubt.

"Who are you?"

"I'm Ye Chen. I'm here to take part in the trial."

Ye Chen did not step forward, but stood in place, quietly looking at the woman.

"Trial..."

The holy goddess as amnesia, like a little girl rubbed his little head, mouth repeated two words.

"Oh! That's right

After a long time, he showed a smile: "it's the alchemy uncle who asked me to help with the test. I'm the first party to test whether you can cure my disease."

Ye Chen a Zheng, that now oneself is to hit by mistake success?

"You are still the first in so many years to find out that I am sick so quickly and cure my illness! But you are also really bad, the harm people have not told you the rules of the game

Ye Chen is speechless, is this praising oneself to learn to rush to answer?

"But you don't have to be proud. My pass is the simplest one, and the one behind is difficult!"

Ye Chen nods and doesn't dare to take it lightly. After all, the first level is the way of twins. The one behind doesn't know how to go against heaven.

"Excuse me, how can I go next?"

Holy girl fingers casually, there was no path to the holy mountain, at this time, unexpectedly revealed a forest path.

Ye Chen nods, also don't hesitate, straight walked up.

It seems that the low holy mountain, really into, but let Ye Chen feel it tall and standing.

A four corner pavilion looks like a very common stone table. There is a man drinking.

When ye Chen came near, his face showed an incredible look. The man who was drinking was himself.

Opposite the man, there was a stone stool, which seemed to invite the emperor into the urn.

Ye Chen didn't hesitate and sat directly opposite the man. They were exactly the same in physical features, but their breath was totally different.

"Did anyone beat you?"

Drinking Ye Chen, a lazy appearance, looking at Ye Chen said.

"No

Ye Chen shakes his head. In his dictionary, there are only temporary wins and losses, but no failures. If not, fight another day until you defeat the other side."Have you ever thought about who the Lord of reincarnation is?"

Drinking, ye Chen showed a look of exploration, as if he had thought about this problem thousands of times.

"Thought about it."

"Do you feel sorry to live in the past life all day long?"

Ye Chen's heart trembles slightly. Now he has some doubts about whether this is the other party's trial for everyone or for ye Chen.

"Sorry? can't. Because I live for myself from beginning to end. "

"Oh Have a drink together. "

Drinking, ye Chen bumps the wine cup in his hand on Ye Chen's, but he doesn't seem to care whether the other party drinks it or not, and drinks another cup by himself.

"Do you know what this test is?"

"The devil of the heart, the mind, maybe the nature of the heart."

Ye Chen shakes his head, but still answers like this. I think this level must be closely related to his Taoist heart.

Drinking, ye Chen's palm waved, and the empty shadow rushed into Ye Chen's sea of knowledge in a trance. There was a spasm of pain in his body.

A picture vibrates in the sea of knowledge!

.....

"Xuanjiyue! I will kill you and avenge Ye Chen! "

Xia Ruoxue and Wei Ying attack xuanjiyue at the same time.

"Just the two of you? Steal my reincarnation star flame, I don't go to you, but you take the initiative to come! Very good, very good

Shenluo Tianjian exudes the fiery air of fate crape myrtle, and the ultimate luck makes xuanjiyue shrouded in the empress's lofty laurel.

"Even if we blow ourselves up, we will make you pay the price!"

"And us!"

Blood dragon and Yan Kun, galloping from afar, also join the war!

"Let me avenge my master!"

Xiao Huang has already turned into a nightmare with two pupils. At this time, he is surging and whistling. The extreme red and blue light lingers on his powerful fur, showing his archaic power.

Endless laws surround the whole body!

"Is that all? It's vulnerable! "

Xuanji month ferocious smile, in the face of the attack, there is no fear.

"Die for me!"

.....

Chapter 5448

.....

, "as like as two peas",

is the sound of a glass falling. Ye Chen suddenly opens his eyes.

And what I just saw with my naked eye is just a dream?

"What do you see?"

See him wake up, ye Chen showed a smile.

"This is the future."

There was a mysterious smile on the corner of his mouth, which was like spying on the secret ahead of time.

"So, you're suffering from a backlash now?"

Ye Chen forced down the agitation of his heart. Just in those scenes, he could still vaguely hear the sound of explosion, the sound of void tearing, and the sound of sword penetrating the body.

Drinking, ye Chen did not pay attention to Ye Chen's sarcasm: "practitioners are like this. They don't believe in the reality in front of them, but believe in the illusory hope in their hearts."

"It's not reality, it's a dream you made."

Ye Chen shakes his head. He guesses wrong that the trial of this level is not the heart of Tao, but courage.

"You are a dreamer, so you have forged myself, reproduced me, and found my family and friends who are most worried in my heart. But what you make is what you fear most, not me. "

"Oh?"

Drinking, ye Chen's eyebrows show a trace of smile, and it seems that the general look of watching a play shows all.

"If it were me, it would not happen at all. From the beginning to the end, nothing has ever shaken my determination to move forward."

Ye Chen firmly said that his goal is definitely not only to deal with xuanjiyue, but also to deal with taishangnv and wanxu. As for the wanxu temple, one day, he will destroy it.

"The courage is commendable, the ability is insufficient."

Drinking, ye Chen looks at Ye Chen's expression and says eight words slowly.

He gulped down his last drink. "You can go."

This party tries, ye Chen feels a little trance, as if did not do anything, and seems to have done a lot.

Even after the trial, he didn't know whether he had passed or not.

After he left, the young man in front of the stone table had recovered to his original appearance.

"Brother, did he pass?"

If ye Chen turns around at this time, he will find that this pretty woman is the holy goddess of the first level.

"This is the first person to wake up so quickly."

The young man sighed that although he had done enough, ye Chen's confidence and courage made him praise.

"Then he passed the test." The woman said happily, "at the beginning, the alchemy uncle promised us that after the Supreme xuanming iron was sent out, we could return to the supreme world."

The young man nodded and touched the girl's hair. He only agreed to enter the place of trial in order to avoid disaster. Now he can return to the Supreme Court. I don't know whether it is a blessing or a disaster for this silly sister.

"Don't be too happy. It's up to the last one."

The woman nodded, looking forward to the distance.

A magnificent light gate stands in front of Ye Chen. Even the stars are like dust in front of him.

the light gate stands quietly on the holy mountain. No one knows how long it has existed.

Walking into Ye Chen, I can see that there are so many lines engraved on the huge gate.

It seems that if you go in, you will rise like a fairy.

"Ha ha ha, young master ye, you are here at last!"

This virtual shadow is a gray haired old man, but he is very tall and burly. He is even a head higher than the wild rock devil. Even if there is only virtual shadow, he is also very powerful.

"Flying thunder?"

Ye Chen is surprised, he instantly captures the breath of this virtual shadow, which has the same cause and effect as the God Emperor of heaven prison.

"I don't know how long I've been waiting here for this empty shadow. You've finally come."

The flying thunder god Zun narrowed his eyes and said with a smile, "young master ye, I'm here specially to wait for you this time. Would you like to join the temple of barren thunder?"

Ye Chen has been hanging heart, at this time can slightly fall, "Feilei master, last time said after fate, to see you in the temple of waste thunder, did not expect that we can meet in this place of trial."

"Ha ha ha!"

Flying thunder god sent out a hearty laugh, Xuan said: "this is not a coincidence, tiannv, as early as ten thousand years ago, has planted cause and effect for you."

The manner in which the heavenly daughter acted was really beyond his expectation.

"This supreme xuanming iron was originally prepared for you."

Flying Thunder God zundun, and said: "in addition to the Supreme xuanming iron, refining the protoss Guqi, you see, he is also for you to stay in heaven and man."

It's said that ye Chen's heart is like being struck by lightning. It's no wonder that alchemy will pass on all the inheritance, even the alchemy palace, to himself. Is all this arranged by the heavenly daughter?" Lianshen Guqi is dead."

Ye Chen tentatively said that he wanted to know whether the virtual shadow of Fei Lei Shen Zun was connected with the noumenon.

"What?"

Fei Lei Shen Zun was very surprised: "who killed Gu Qi?"

"Shen Tu Wan'er." Ye Chen replied that he wanted to know more about Shen Tu Wan'er through Fei Lei Shen Zun.

"It's her." Fei Lei Shen Zun sighed, "if it's her, forget it. She's a martial arts maniac. For her, it's an honor to be able to fight to death. "

"Master, have I passed this test?"

Ye Chen doesn't tangle with the heavenly daughter any more. It's not time yet.

"Of course, they passed. If they couldn't get through, those two children would come to me to settle accounts."

Fei Lei Shen Zun's eyes fall on the woman not far away, who has pushed Ye Chen out of the trial space.

The space trembles, as if torn. Ye Chen's figure slowly appears in front of Tian Junke. At this time, he is holding a golden seal.

"Master Feilei?"

Fei Lei Shen Zun has already thrown Ye Chen back to the Tian family. Naturally, ye Chen's problem will not get any response.

"Have you passed the three trials?"

Tian Junke's face showed a look of joy. He turned to Tian Kun and seemed to express something.

"Well." Although Ye Chen is a little disappointed, Fei Lei Shen Zun suddenly throws him out of the test, but he also knows that the other party is the servant of the heavenly daughter after all. He is already like a chess piece in the hands of the heavenly daughter. He must have a lot of words, but he can't talk about it in a simple way.

"In that case, I'll give you the Supreme xuanming iron that my Tian family has been guarding for generations."

Tian Junke was obviously prepared. A golden seal appeared in his hand, which was the same as ye Chen's.

Ye Chen a Zheng, so simple?

Chapter 5449

Xuanjiyue and Emperor Shitian tried their best to find out what they wanted, and now they put it in front of them so easily.

"Young master ye, what are you hesitating about? This is the Supreme xuanming iron. "

Tian Kun looks at Ye Chen's stupefied appearance. He can't help saying that this rare opportunity can't be found when others ask for tens of millions of years of cause and effect.

Ye Chen nods. No matter what reason the xuanming iron is from, the heavenly daughter wants to give it to him. As long as it helps him to improve his strength, why don't he do it?

He wants to be strong until no one can arrange anything for him!

He wants to be stronger until he tramples on those who look down on him!

Light blending, two golden seal collision, forming a very square xuanming iron.

"Is this the Supreme xuanming iron?"

Ye Chen carefully observed the dark iron. The pattern on it is the same as the steel heart vein cast for Tianwei before, but its strong flavor is far more than that small piece of leftover material.

"Yes, now, it's yours." Tian clan leader.

Ye Chen nodded. He could feel the originality of the xuanming iron, worthy of being the supreme thing. He could feel that if it was attached to the magic weapon, it would be able to upgrade to a higher level.

Since Taishang xuanming iron has a long history with Lian Shen clan, ye Chen simply put it in the Lian Shen Temple left by Guqi.

When the wild devil Sky Sword becomes a real sky sword, he naturally refines it to the top and prepares for the slaughter in the world.

"Thank you, master." Ye Chen looks at Tian Junke and bows his hand.

Tian Junke nodded his head slightly. The years are long and the time is flowing. The strongest one in their generation has now been far surpassed by the latecomers. Ye Chen's means, mind and chance are beyond his expectation.

"However, ye Chen, these days, Tian's aura is shrinking on a large scale."

Tian Junke frowned. After the battle, for the safety of his family, he went to various places many times to check and prevent the Lord of heart and destiny from sneaking in.

However, these times, he found that the original range of Tian's aura was shrinking. At first, the edge became thinner, but later, he could clearly feel that the range of aura was decreasing at the speed visible to the naked eye.

Ye Chen naturally won't hide Tian Junke at this time. Seeing that he has discovered the disadvantages of the great array, he quickly sets up an isolation barrier to cut the reincarnation cemetery from himself. He doesn't want the hidden power in the cemetery to hear what he says next.

"Master Tian, it's like this. Although the array has unlimited power, it can keep the emperor Shitian and xuanjiyue away, but it consumes a lot of aura."

"Even it will absorb the aura of the whole universe!"

Ye Chen showed a look of regret, but continued: "however, even if I choose again, I think people are more important than aura."

Tian Junke turned his head and looked at Ye Chen unexpectedly: "you don't have to worry about it. I'm worried that the reason why the aura is weakened is because of the master of the heart demon. If it's because of the protection of the array, it's OK."

As the head of the Tian family, he shoulders the heavy responsibility of guarding the Tian family.

People are more important than resources.

Tian Junke added: "I should thank you, otherwise, the Tian family's death will be more."

Ye Chen shook his head: "you are welcome, but since you have found the disadvantages of this array, the aura of the ground will always be free that day, and you are just procrastinating."

Tian Junke nodded. If it is necessary to maintain the spiritual power of the array, the Tian family is still in danger.

"Master, we need to plan early. When the spiritual power is dissipated, I'm afraid we'll only be the fish on the chopping board of Emperor Xuan."

Tian Junke didn't know that. He frowned, sighed and thought.

"Patriarch, why not..."

Tian Kun wants to talk and stop, but his fingers light down, as if there is something underground.

Tian Junke seemed to know his meaning very well. He hesitated for a few seconds and said, "Ye Chen, in fact, there is a space teleportation array under our Tian family. Once it is started, it can take all the Tian family to escape and ascend to heaven."

"What are you hesitating about?"

Ye Chen doesn't understand, since the end is to leave here, why not make plans early.

"It's just that my Tian family has lived here for tens of thousands of years, and countless foundations have become extraordinary. It's really..."

Tian Junke didn't finish his words, but he and Tian Kun were sorry and reluctant to give up. It was obvious that they had a deep relationship with this place.

"Master! It is said that the weather is favorable, the place is favorable and the people are harmonious, but there is no one. The Tian family is at the end of their rope. Why are they so greedy for foreign things that they don't want to let go? "

"Yes, patriarch, talent is the most important."

Tian Kun also quickly echoed: "it's just ten thousand years, my Tian family can still keep a low profile." "Predecessors and countless posterity have achieved themselves in the blood and suffering. Maybe their strong Aura will make their road of cultivation smooth, but it also makes them lose too much courage and blood. Leave here, find a new blessed place, and start all over again."

Tian Junke looked at Ye Chen with more admiration. After the battle, he wanted to see the disadvantages of Tian family's seclusion. After the four elders, no younger generation could stand up. Ye Chen, however, was younger than many of Tian family's contemporary beauties.

The reincarnation master of this life can not be underestimated.

"Good."

Tian Junke said quietly, his voice as loud as a bell and drum: "in that case, Tian Kun, you call the other three elders, we'll start the space transmission array immediately."

"Yes! Chief

"Ye Chen, the opening of Honghuang ancient array is complicated. During this time, it depends on you."

Ye Chen repeatedly nods, for a moment, this array has no problem.

.....

At the same time, outside the Tian family.

"Miss Xuan, can you find out something suspicious?"

Emperor Shitian showed an enigmatic appearance of ghosts, and his feminine and feminine appearance was even more impressive at this time.

"What do you want to say?"

Xuanjiyue's eyebrows stand up and her face is sulky. In her opinion, the emperor Shitian's delay in the war led to Ye Chen's coming, so that now they are so passive.

"The aura of the Tian family is slowly becoming thin. And there seems to be signs of loosening in this big battle. "

"Let's join hands to break his array."

Xuanji moon god Luo Tian sword a horizontal, step forward, has been toward the direction of the Tian family.

"Miss Xuan, why are you so impatient this time?"

However, Emperor Shitian said with a smile: "since this array exists by swallowing aura, why do we need to do it? Ye Chen will naturally come out of the array."

Chapter 5450

Xuanjiyue's powerful power burst out, and a strong sense of fate wrapped around her body, her heart shining with dazzling brilliance: "I say now, we join hands to break the battle."

Although emperor Shitian didn't pay attention to xuanjiyue completely, this woman was crazy. Once she broke out, she didn't know what she would do.

It's just a matter of time.

Emperor Shitian didn't want to turn against her like this, so he had to come down.

"It's too heaven's way!"

"The way to heaven!"

Nine days sky, suddenly an abyss came.

Terror is the breath of the abyss, like a devil, swallowing it towards the guard array set by Ye Chen.

A trace of the supremacy of the gods constantly erodes the spirit of all the Tian family, making people almost breathless.

All around the space, under the crushing of this abyss, it seems that the whole Tian family can't compete with the power of this abyss.

.....

At the moment, the atmosphere of Tian family is dignified to the extreme!

The light of innumerable laws surrounds it.

"The formation is complete!"

Tian Junke snorted, and a huge light wave rose from the bottom of the earth, like a dragon, roaring to the sky.

"Go

At this moment, all the children of the Tian family returned to the light wave coverage.

Boom!

The array has been driven, and Tian Junke, relying on this ancient transmission array, has finally broken a way out. The galloping and powerful array has brought batch after batch of Tian's children away.

"No!"

Xuanjiyue's face changed and naturally noticed something. Even she was rare in her life because of the powerful transmission array.

"We can't let the reincarnation Lord escape!"

Xuanjiyue two people look at each other, no matter what, they can't let yechen go again.

The emperor Shitian's eyes are cold and stern. The square is a hundred miles away, and his eyes and ears are numerous. No matter the Tian family or Ye Chen has three heads or six arms, he can see their escape traces.

Looking at the increasingly strong fluctuation of the transmission array, Tian Junke looked solemn: "as soon as possible! Reincarnation Lord, how long can your array last? "

Ye Chen felt a little bit, but the mysterious voice of reincarnation cemetery didn't tell him. He could only look a little bit, and said:

"reincarnation xuanbei, open it for me!"

For a moment, ye Chen can feel that his reincarnation blood is beating, and the blood in his whole body is boiling, as if to burn.

The breath of a lot of divine pulse continuously gushed out from his body.

It seems that the endless reincarnation of blood gas is transmitted on the guard array. Only in this way can we win precious time for the evacuation of all the Tian family.

"Break it for me!"

Xuanjiyue's silver teeth clenched, and the Shenluo Heavenly Sword in her hand lashed down, which contained the tyranny of the Supreme Master. It seemed that all the fate of Zhenyuan in heaven and earth was in her hands at this time, and she pounded hard on the array.

Cough!

Ye Chen's body trembles slightly, spitting blood in his mouth. He can feel severe pain, and the bones all over his body seem to fall apart.

"Lord of reincarnation! Come on

Tian Junke's voice sounded at this critical moment, and ye Chen's unyielding eyes revealed a touch of joy. It seems that this time, fate is still on his side.

No hesitation!

The eyes of many reincarnation xuanbei took back Ye Chen's body, and he had already jumped in the void, directly into the crack of the transmission array.

Boom!

The dragon like light wave in the moment of receiving Ye Chen, the entrenched body roared up, directly through the heavy guard array, disappeared in the vast void.

"Ignorant child! It's an outrage

Before xuanjiyue and Emperor Shitian break out, the mysterious voice in the reincarnation cemetery who teaches Ye Chen to build a guard array has been furious!

"Ignorant child, do you know how much this array costs and how precious it is! It's really ignorant to give up on your own! Ignorance

Ye Chen didn't pay attention to the angry voice in the reincarnation cemetery. No matter the previous reincarnation is arrogant or Gao Leng, it has never been like this one, so that ye Chen began to doubt whether all the elders in the reincarnation cemetery were innocent.

In other words, the owner of this voice is the biggest taboo in reincarnation cemetery?

"Damn it

Ye Chen's figure suddenly disappears with the light wave. Xuanjiyue hits the sky, and doesn't hit any target. She just breaks the big array without the protection of reincarnation xuanbei.

The empty Tian family was left in a panic when they fled.

All over the land, there are wolf scars, or blood, or gravel, or stumps, or weapons.

"They've all escaped!"

Xuanjiyue sees that the emperor Shitian doesn't speak. She growls again in a cold voice. The two of them attack at the same time, which leads to so many forces and loose cultivation. They let yechen escape under their eyes. Emperor Shitian's eyes flashed across the ice ridge and made a sign to his subordinates. Then he said with a look of regret: "ah, the Tian family is really rich. I didn't expect that there was such a level of transmission array that could transfer the whole Tian family."

Xuanjiyue didn't pay attention to the painless regret of emperor Shitian, and said: "emperor Shitian, it seems that you and I haven't finished the transaction!"

"Don't worry, Miss Xuan. This place is already in the bag of our emperor yuan palace. It's just something. I'll give it to you with both hands!"

"I hope you keep your word!"

Xuanjiyue also has no nonsense, stuffy hum, the heart is still angry, one hand tear void, turn to leave.

Emperor Shitian looks at her disappearing figure and sneers. It seems that ye Chen is the devil of xuanjiyue. What's the fear of such a queen.

.....

The realm of heaven and man is an empty place full of birds and flowers.

The void tears.

One shadow after another!

When the last indifferent figure falls, the void falls into silence.

The last figure is Ye Chen!

Ye Chen cold eyes around a circle, and then looked at Tian Junke, arched his hand and said:

"master Tian, I will not go to the new blessed land with my master."

After all, ye Chen has got what he wants most.

"Lord of reincarnation, I, Tian Junke, have completed the two vows in the first half of my life. In the future, the Tian family will never interfere in the affairs of the world and take root in this endless void."

Although a little surprised that Tian Junke would choose to take root in the void, ye Chen knows that this is the way for Tian family to survive in the next few thousand years.

Only when the heart and body are pained, can we win a moment of peace in this troubled world.

"If one day you meet my family again, please take care of them."

Tian Junke doesn't have the slightest ambiguity. He sees the strength of the old reincarnation Lord and the infinite hope of Ye Chen.
