

Physician 5491

Chapter 5491

At the moment when he collided with the Buddhist beads of the ascetic, he saw that there were many tombs in the folded space, like rootless catkins, floating in the void.

There is no life in these tombs, but there is a terrible fluctuation of law. They seem to fall into a deep sleep and wake up like lions at any time.

A strong breath of death spread over the whole area of zhangjiazu, forming an independent space.

The ancestors of Zhang's family who were buried here all seemed to be extremely arrogant.

These countless spatial ancient patterns are interwoven together, like a broken thread, thousands of threads.

"Ruoling, I'll hold him down. You go in and accept the call of your ancestors."

Ye Chen said without hesitation that the ascetic monk is not weak, but also has entered the true realm. In order to prevent the use of too many cards to reveal his whereabouts, he can only deal with it clumsily, but it is not the way to drag on. Zhang Ruoling is from Zhang Jia, and Zhang Jia's ancient pattern array will not threaten her.

Now that they have reached this place, it's chance.

The call of Zhang's ancestors depends on Zhang Ruoling's own blessing.

Zhang Ruoling looks at Ye Chen with some worries. Her strength is far below the ascetic monk. She really can't help Ye Chen. At this time, she can only gamble.

The ascetic monk's face was blacker, and his endless roar resounded: "no one can enter!"

"Oh? Can you stop it? "

Ye Chen hummed coldly, and offered a Geng Jinyuan amulet with his backhand, which evolved countless flying swords and went to the ascetic monk.

In a flash, the ascetic monk uses his strong body to resist Ye Chen's attack.

"Hiss, hiss, hiss!"

A flying sword of Geng gold and a sharp knife of Geng gold penetrate the body of the ascetic.

The Buddha's light splashed all over his body, and the beads in his hands burst out a very bright light, which turned into the true Qi of Buddhism and protected his muscles and veins.

For the ascetic monks, the blood is just skin and flesh trauma, and it doesn't hurt the muscles and bones at all.

Ye Chen is tiny a Zheng: "dammit! Hongmeng big starry sky, open

The heavenly power of Hongmeng's big starry sky has evolved into Dao Qi, and is frantically chopping towards the ascetic monk.

The ascetic monk holds the Buddhist beads in his hand and blocks them. His life-long behavior retreats step by step under the pressure of Ye Chen.

.....

At the moment, within the ancestral space, Zhang Ruoling smoothly passed through the cracks of the space, and came to the land of her perception.

"Here you are at last!"

A quiet voice sounded again, Zhang Ruoling did not fear and did not shrink back.

"I'm Zhang Ruoling. I don't know what I'm calling for."

"I'm Zhang Bingyun, the ancestor of Zhang family. I've learned from the Confucianists. Zhang family is our root."

The voice was very gentle, without any intention of killing, just full of softness.

"I was not born in eastern territory." Zhang Ruoling didn't know why he wanted to draw a line with this woman. He suddenly said that he didn't want to have any relationship with her.

"The eastern territory is our hometown. People of my family are born with tattoos. They can go in and out of the eastern territory freely. They are protected by tattoos. Even the spatial ancient tattoo array will not hurt you."

It seems that the voice did not want to trace back to the source, just plain about the Zhangjia people and the eastern territory.

Zhang Ruoling was originally a well-educated martial arts practitioner of a famous family. He had to listen to Zhang's rigid emotions in front of such a peaceful elder.

"The source of my Zhang family's cultivation is the spirit of the gun, and most of them are based on animal power. Do you know what Zhang family's first practice was based on?"

"Isn't it the source of cold ice?"

Zhang Ruoling guesses boldly that ye Chen says that his blood is back to his ancestors, and that his cold breath, which is totally different from that of the people in Nanxiao Valley, is probably the source of his ancestors' magical power.

"Not bad." The voice with a gentle smile, seems to be very satisfied with their descendants, "you are the only one of the descendants of Zhangjia, is destined to undertake the mission and responsibility of revitalizing Zhangjia."

The responsibility and mission of the family.

Zhang Ruoling can't help thinking of his brother who is still in nanxiaogu. He also carries the mission and responsibility of nanxiaogu.

And at the moment, because of this predestined blood, will soon become an important rely on Zhang.

"Senior, I have never lived in Zhangjia."

Are you afraid? Zhang Ruoling is not afraid.

But she didn't want to bury herself for the sake of the pedantic family.

"But the blood of Zhang's family has always been there, and even if your ancestors left the eastern territory, aren't they from Zhang's family? Is the source of your Tao also a soul with a gun? Will you return to your ancestral land one day? "

Zhang Ruoling hesitated. She suddenly felt that everything was so causal.

The ancestors left the eastern territory, perhaps in order to make more room for the Zhang family. They created nanxiaogu, but they never gave up the inheritance of the Zhang family. She even remembered that her father had touched her and her brother's head and taught them to live up to the family's hope.

Yes, she is from Zhangjia, no matter where she is.

"Accept my inheritance Fu Zhao and lead Zhang Jia to a longer road."

The ancestor's voice became weak and long, and countless echoes filled Zhang Ruoling's ears, like a knife chiseling and axe carving, hitting her heart.

"I will!"

Shua!

A little light waves rose out of countless cracks in space. Those light waves formed a pure white imperial edict and penetrated into Zhang Ruoling's body.

She bathed in the ice and snow, closed her eyes, quietly accepted the inheritance, and constantly stabilized her strength.

At this time, a group of Zhang's guards heard the news and arrived.

Zhang Ruoling closed her eyes and looked at her. I'm afraid there is still a quarter of an hour to complete the inheritance of Zhang's ancestors.

A group of Zhang's guards, with the charm of martial arts, cut Zhang Ruoling with their swords.

Seeing that Zhang Ruoling was about to be killed, all of a sudden, she opened her eyes, and a ghost came out of her body.

This can Nian figure, surrounded by the breath of ice, is an extremely beautiful woman with amazing appearance. It is actually the can Nian of Zhang's ancestors!

Zhang Ruoling was called by Zhang's ancestors, and there was a trace of memory of his ancestors in the inheritance of the imperial edict.

At this time, Zhang Ruoling is in danger, and the ancestor Cannian will naturally fly out to protect her.

"Bold! I'm Zhang's descendant, and you dare to hurt me! "

With a wave of his hand, the ancestors of Zhang family gathered into infinite flowers of ice and frost, and beat them hard.

A group of Zhang's guards were shocked and retreated by the impact of the frost flower.

"Zhang's descendants?"

At this time, Zhang's guard's face showed a very strange expression. Is the girl in front of him Zhang's?

Chapter 5492

.....

"I haven't used this sword for a long time. Come on! Master the sword, and be possessed with one sword

Ye Chen cold hum a, pull out fall dust dragon sword, sword points to sky!

Boom!

In an instant, the endless evil spirit filled the air.

Ye Chen's sword is not immortality, but enchantment.

Even if ye Chen is the master of immortals, he may not be able to solve him quickly.

Even the extremely powerful moon soul chop is inferior to the boundless Buddha Dharma.

But as long as a sword into the devil, become a demon master, rely on crazy magic, can devour all.

Although, with this move, the evil Qi will enter the body and easily erode the mind of Tao, which will be greatly detrimental to the future cultivation. At this time, a group of Zhang's guards have slipped into the ancestral land from under Ye Chen's eyes. If Zhang Ruoling is accepting the inheritance, the consequences will be unimaginable!

At this time, the situation is critical, ye Chen can not manage so much.

The endless evil Qi is added to Ye Chen's body. On his body, there appears the battle robe of the demon master. On it, there is a picture of a sea of corpses and blood and the worship of ten thousand demons.

A ten thousand Zhang high demon God rises from behind Ye Chen and stands upright.

Ye Chen's eyes, also thoroughly turned into blood red, ferocious, and even vaguely emerged the blue tusks.

"Ten Thousand Buddhas worship!"

The ascetic monk obviously sees that after ye Chen is possessed by the devil, he is extremely ferocious. He is ready to do the last Bo between lightning and flint!

Countless Buddhas, reclining Buddhas, standing Buddhas, and their golden bodies suddenly appear. Countless Buddhist sayings are chanted from all directions. With the appearance of swallowing heaven like ten thousand Buddhas, ye Chen is bombarded with a huge golden palm.

Ye Chen's appearance is ferocious to the extreme. With a wave of his hand, the ghost behind him moves in an instant.

The huge hand of the demon, as if to pick up the stars in general, roared down.

The ascetic monk's thin body is captured by Ye Chen's talons, struggling desperately, but unable to move.

"Brother Ye!"

Ye Chen's eyes are fierce. Just when he is ready to strangle it, Zhang Ruoling's voice rings.

"Brother ye, could you please let him go? Although he is old-fashioned, he is also a member of the Zhang family."

Seeing that Zhang Ruoling is safe and sound, ye Chen throws the ascetic monk in his hand casually, quickly puts away his evil spirit, and recovers his pure state, leaving only a sense of detachment.

Bagua Tiandan technique has been slowly applied to nourish Ye Chen's body and restore his spirit.

Nevertheless, he also keenly recognized the difference of Zhang Ruoling's words at this time.

"You have accepted the inheritance of Zhang's ancestors."

Although it is a question sentence, it is in the affirmative tone.

Zhang Ruoling nodded. In the process of inheritance, she not only accepted the inheritance edict of Zhang's ancestors, but also saw Zhang's pioneers fighting to defend their family honor and disgrace.

"Brother ye, I think I have found my way to the future."

At this time, Zhang Ruoling seems to have become a mature woman in the blink of an eye. She finally becomes a powerful being who can protect others.

"Well." Ye Chen nodded gratified, growth, perhaps really is in a moment of things.

"Brother ye, please accompany me to Zhangjia."

Zhang Ruoling's indifferent manner and elegant manner at the moment are very similar to the owner of a family.

"No problem." Ye Chen happily way.

"I promised my ancestors to pass on the martial arts of Zhang's family."

Ye Chen nods, even if Zhang Ruoling doesn't mention it, he will take the initiative to take Zhang Ruoling to Zhangjia to have a look.

Zhang Ruoling pointed to the ascetic monk. He no longer had the girl's look before him. He was so strong that he attached himself to the ascetic monk's neck.

"Lead the way."

The incomparably powerful blood of Zhang Jia, and the most powerful soul of ice Fu gun in the legend of Zhang Jia.

This young girl in front of her is actually a blood atavist, the chosen one by Zhang's ancestors.

At this time, the ascetic monk had no statue of Gao Leng, nodded and took them to Zhangjia.

.....

After a stick of incense.

They stopped, and in front of them were floating ancient halls with mysterious and incomparable ancient patterns.

This is Zhang Jia?

Ye Chen looks at such a grand Zhang Jia. It seems that all the disciples of the Confucian ancestors are excellent. So we can see how powerful the overlord of the eastern territory is.

"Master! How old is that

The Zhang guard saw the ascetic for a moment, and he went to report to the master.

For many years, the ascetic monks have been living in the ancestral land of Zhangjia, but their status and status can be counted in Zhangjia.

At least even if you are the head of the family, you have to shout respectfully when you see him.

At this time, when all the disciples saw that he had suddenly left his ancestral place, they were naturally extremely puzzled. They were afraid that something might happen, so they rushed to report it. Old he has recognized Zhang Ruoling's identity at this time. He dare to walk in front of Zhang Ruoling and ye Chen.

I can only retreat behind them and follow them silently.

"Old he, do you mean that she is the inheritor of her ancestors?"

At this time, the owner of Zhang's family was very white and clean. He was a middle-aged man, a little fat. His eyes were very charitable. At first sight, he was not a murderer.

"Well, I let her enter the ancestral land and accept the inheritance."

Zhang Jia advocates not to look at the bruised corners of the lips of the ascetic monk and the embarrassment of his whole body. He knows that it's not easy to force him to this job.

"Mr. He said a lot. Since it was my ancestor's blood, he was naturally summoned by his ancestors. I don't think the space ancient pattern array would be in trouble with it."

Zhang Mo said, but also looked at Zhang Ruoling, eyes contain the color of inquiry.

Zhang Ruoling is sitting on the seat drinking tea, ignoring Zhang Mo's exploration.

"Yes, there is no turbulence in the ancient array."

He quickly added.

"Well..." Zhang Mo pondered and turned to look at Zhang Ruoling. "I don't know what to call it?"

"Zhang Ruoling." Zhang Ruoling said that the soul of the frost gun in his hand had already appeared, and the long gun full of frost power, like a sign, symbolized Zhang Ruoling's identity, "from Nanxiao valley."

"So you are his offspring."

But Zhang Mo touched his beard. Who left the eastern territory that year? I didn't expect that the younger generation was so big.

"You know my ancestors?" Zhang Ruoling's eyes showed a sharp look.

"Well, he left that year to help Zhang find a refuge."

"Refuge?" Nanxiao Valley, however, is located in a remote place, but full of aura. It is an excellent place for seclusion and seclusion.

"It's a pity that when he left, Zhang's clan leader was hoodwinked by villains and mistook his departure for betrayal."

Zhang Mo said regretfully, looking at Zhang Ruoling's eyes with a sigh and Gratification: "but fortunately, his descendants are also very competitive."

Chapter 5493

Zhang Ruoling smelled the speech and showed a kind smile.

"Now that you have accepted the inheritance of our ancestors, nanxiaogu was also established by our Zhangs. How about returning to our Zhangs?"

Zhang Mo, as a contemporary family leader, is magnanimous and tolerant. Therefore, in the eastern region, Zhang's nephew sometimes has the name of domineering, but he is fair in life.

"Master, you may not know that I'm here to pass on the martial arts of my ancestors to you. Brother ye and I can't stay too long so as not to cause you any trouble."

"Is Is it you that the king of Wujiang is looking for? "

Zhang Mo naturally also thought of the recent unrest in the eastern territory. At this time, his face was shocked.

"That's right."

Ye Chen nodded and stepped forward: "under Ye Chen, I came to the East Territory to find people."

"Looking for someone?"

"Yes, I'm looking for the king of the eastern territory - Tao Wujiang."

Zhang Mo's eyes are about to fall out. If ye Chen's eyes are not too square, he almost suspects that the man in front of him is out of his mind, and even runs to the eastern region to find Tao Wujiang.

"Do you know what Wujiang means in the eastern territory?"

"We know." Zhang Ruoling nodded, "so we won't implicate you. I will leave immediately after passing on the Gongfa to you."

Zhang Mo's face shows a look of hesitation. Zhang Ruoling is young, and his accomplishments have been so, and he has inherited them. He can be said to be the pride of the generation of Zhang Jia.

However, if there is no frontier for the upper road at this time, it is just a dead end.

He can't watch Zhang Ruoling die. This is their family. He wants to protect them!

After making up his mind, Zhang Mo's face became solemn: "if you are from Zhangjia, I will not watch Tao Wujiang bully you. However, all of this eastern territory is a territory without borders. "

Ye Chen saw that Zhang Mo had a heart to protect him, and he couldn't help sighing that the family of Zhang Jia were pure and good in nature.

"Thank you for your heart."

Zhang Ruoling's hands were in one, and a ray of ice blue light flashed, shaking the whole ancient palace into a ripple.

It's a very thick book of Taoist magic power, which was born out of thin air and exudes the air of supreme frost.

"What is this? Ice soul record

Zhang Mo's eyes widened. In order to protect Zhang Jia, all the masters of the past dynasties could only practice the remnant of ice soul record. Now, what is presented in front of him is a complete ice soul record.

"Master, please keep it well and pass it on."

Zhang Ruoling's serious look filled his eyes, and then said decisively: "if we can survive this time, I will persuade my brother to move nanxiaogu back to Zhangjia."

"Good, good!"

Zhang Mo also understands Zhang Ruoling's words. Obviously, she has agreed to join Zhang Jia. By virtue of her chance after absorbing and inheriting, she will forge a brighter future for Zhang Jia.

"Daowujiang has sent out many secret orders to search you. At this time, as long as you step out of Zhangjia, you will be caught by someone who wants to send you to daowujiang at any time. For today's sake, there is only one place left to go. "

"Where?" Zhang Ruoling asked curiously.

"Destroy Dao City."

Zhang Mo's voice lowered a lot. It seems that the city of miedao is taboo just to mention it.

"Is the destruction of Dao City not under the jurisdiction of Dao Wujiang?"

Ye Chen doubts that Tao is the king of the land. How can he let a city out of control.

"Well, he doesn't want to do it. He can't do it."

Zhang Mo snorted coldly. Tao Wujiang was cruel and domineering, which made the whole eastern territory full of complaints. Under the influence of this kind of atmosphere, the duel between Wu Xiu continued.

"The place where the Tao can't control?"

Zhang Ruoling said slowly.

"Well, exterminating Daocheng is the only existence in the whole eastern territory that is not controlled by daowujiang, because there is a super strong man guarding there. Even daowujiang dare not easily fight against it, but the strong man has no ambition. He just keeps exterminating Daocheng for so many years, and a certain balance has been achieved between them."

"In this case, those who can't bear the jurisdiction of Tao will flee to destroy Dao City?"

"Oh There are no rules, killing and death everywhere in miedao city. From the moment you step into miedao City, a sharp sword has been suspended on your head, which may take your life at any time. Unless there is no way out, no one is willing to enter miedao city. "

"I see."

Ye Chen nodded. This city of destroying Tao is nothing to daowujiang. The strong man who confronts daowujiang may just want a place free from daowujiang.

"If you want to avoid the pursuit of Tao Wujiang, the best way is to enter miedao city."

Ye Chen looks at Zhang Ruoling. At present, they are far from the opponents of Tao Wujiang. They are afraid that they will die before Feng Tianshang confronts them. So the most urgent thing is to stay out of the limelight.

"We do."

Zhang Ruoling said that after she accepted the inheritance, her strength has risen again. She can keep up with Ye Chen. No matter how dangerous it is to destroy Daocheng, she will resolutely accompany Ye Chen.

Ye Chen looked at Zhang Ruoling: "Ruoling, you don't have to take risks with me."

"Brother ye, don't forget that without me, you would have no natural pattern."

Zhang Ruoling's playful expression reappeared at this time.

"All right!"

Seeing Zhang Ruoling's insistence, Ye Chen has no choice but to refute him and destroy Daocheng. He is confident that he can save Zhang Ruoling.

I can't do it. It's just burning the blood of the dark goblin!

"Well, I have an array that can send you two directly to Miedao city."

Zhang Mo said in a muffled voice: "Ruoling, anyway, I hope you can come back safely."

"Don't worry, I will come back." Zhang Ruoling said.

"In that case, come with me, and I'll start the array to connect the city of destruction at once!"

.....

After a stick of incense.

When the array channel disappeared, Zhang Ruoling's voice suddenly rang out:

"brother ye, is this miedao city?"

The howling wind and sand are covered with layers of fog and clouds.

Countless tough men licking blood are now occupying the city of miedao.

The appearance of Ye Chen and Zhang Ruoling immediately attracted everyone's attention. They were different from other people's dress. They were neat and clean. They were different from those people whose hands were covered with blood and whose robes were overturned with traces of dried up blood.

Countless Wu Xiu of Dao City look at Ye Chen and Zhang Ruoling like a jackal staring at his prey.

But ye Chen pulls Zhang Ruoling to the city of miedao with an indifferent face.

"New? Do you know the rules if you want to enter the city of Dao

An old man half lies on the city gate, and there are countless servants around him, waiting on him one after another.

Ye Chen shows a smile of Indifference: "I heard that exterminating Daocheng depends on its strength and wants to take her sister to find a way to live."

Chapter 5494

"Ha ha ha, it's the first time I've heard someone regard destroying Daocheng as a way to live!"

The old man's arrogant smile burst through, and the men in different states under the city gate also sent out sarcastic smiles one after another.

"It's the first time I've seen someone who has to die in a hurry."

Ye Chen said blandly, without any concession.

"Bold!"

A roar, full of endless killing!

I saw a young man step forward, his whole body shrouded in gold, dazzling, stabbing people can't open their eyes.

The young man stares at Ye Chen. His eyes are as cold as electricity, but his body suddenly rushes out. A golden gun breaks through the air, with the surging of the Golden Dragon.

For a moment, the whole Miedao city was shaking wildly, and the golden dragon was as fast as lightning, which contained infinite killing opportunities, and it had already hit.

The great master's peerless marksmanship contains the meaning of the supreme Golden Dragon. This man's cultivation has already touched the true realm!

"Broken!"

Ye Chen stepped forward and stood in front of Zhang Ruoling. As soon as he put out his evil sword, he immediately showed the edge of the sword. He swept across the sky and drew a very amazing track.

In the void, the sword blooms like the sun. It flows wildly and should be shot at the gun of gold.

They collided with each other fiercely. In a moment, the sword Qi and the spear all collapsed and disillusioned.

"It's blocked!" The young man's eyes coagulated. It was a surprise that few people could escape the attack.

Whoosh!

"Boy, do you know where you are? When you come to destroy Daocheng, you must abide by the rules of destroying Daocheng! "

The shadow of a close, ye Chen and Zhang Ruoling, revealed the encirclement of the potential.

A golden vigorous Qi and rules surge, forming a secret attack.

Boom!

Ye Chen's face was covered with a faint sneer, but he didn't open his mouth. In an instant, he gathered the boundless power of reincarnation. He turned the power of reincarnation into a huge palm and photographed the young man's face.

In a flash, Wu Xiu, who was trying to make trouble, felt the tremor, just like a huge mountain in the sky falling down on them.

"Guard

The young man roared, but there was nothing he could do. He could only use all his strength to open a golden shield to resist.

But ye Chen's palm not only runs through the reincarnation blood, but also has the blessing of wuchongtian destruction seal. In fact, you and other ants can break it.

The young man was patted on the ground with this palm, and only half of his face was barely exposed, but his flesh and blood were blurred.

"I've been in miedao city for so long, but I still don't know that some people can't be provoked?"

Ye Chen lowered his head and looked at the young man who had died. His expression was very calm, just like he just killed a fly.

"Since you don't drink, you have to drink! Then don't blame me for being rude! "

The old man who used to lie on the top of the city tower looks gloomy and terrible. He looks at Ye Chen like a snake. He hasn't seen him for many years. Someone dares to kill him in front of him.

"Fight

With the old man's order, the attendants around him roared, and the golden pillars of light rushed up and joined together to form a humanoid chariot.

There are countless Ancient Runes and seal characters on it, which embody the tremendous power.

The old man's body was full of gold and vigorous Qi, which condensed into a sword of gold armor. His body was soaring in the air, facing the gold chariot, like he was going to take the chariot to fight in all directions.

For a moment, the whole city of miedao was singing war songs, as if it was cheering for him.

The image of the ancient royal family's expedition is incisively and vividly displayed at this time.

"Who is he?"

Zhang Ruoling asked in a low voice. He didn't expect that they would encounter such a big trouble when they arrived at Miedao city.

"Well, he's dead."

Ye Chen domineering said, body shape has been tyrannical.

"Ten thousand roads rush to destroy the road seal!"

Ye Chen suddenly drinks, and his sword has been stabbed out with great speed.

A continuous stream of destruction, wrapped in the evil sword.

Among the endless seal runes, the most powerful one is to destroy the seal!

The fury of destruction, breaking out and breaking.

Ye Chen's sword, with the power of the master of Daoyin, would kill the old man if he wanted to destroy heaven and earth.

Whoa!

The Sha sword cuts through the sky, and the whole void is like a curtain. It is cut through a hole. The space rules are broken, revealing the tiny streams of stars, pouring out directly from the cracks in the sky.

The next moment, the two golden chariots, the golden light scattered, and the attendants vomited blood one after another. Their faces were pale, and they were obviously seriously injured.

The whole exterminating city had been a frightening attack, but it was defeated by Ye Chen. The old man's body is hanging in the air, his eyes are like electricity, and his eyes are beating with fierce killing intention, and his expression is extremely ugly.

He didn't expect that such a young boy with only the origin could be so powerful in fighting.

"Master, he has broken the rules of destroying Daocheng. Naturally, someone will deal with him."

The retinue who used to be in front of the old man quietly came to the old man's back and made a warning.

The old man nodded his head slowly, and his eyes showed a fierce sense of killing.

"Well! Let you live a few more years! "

The sound of ancient bells and drums sounded, and the golden fog wrapped the old man and his entourage in it, and then disappeared.

"How can this boy from the beginning be so strong!"

"When did such demons appear in southern Xinjiang?"

Wu Xiu, who wanted to make a profit, saw the power of Ye Chen's attack at this time, and the strong air of destruction made them flinch. He was full of happiness in his heart. Fortunately, someone else touched the young man's scales first.

"And those who want to see the size of their fists, just come on!"

Ye Chen calmly collected the next robe, the corners of his mouth raised a smile, it seems that there are still some general meaning.

No one moved. The old man was a strong man in the city platoon. He couldn't make a move under the young man.

It is enough to show how the new youth will exist.

"Brother ye, you're so good!"

Zhang Ruoling couldn't help admiring that ye Chen's strength could compete with the old man. Moreover, with only one move, she completely defeated him.

"Don't be happy too soon. I didn't really beat him."

Ye Chen shook his head: "I feel that there are array blessings for me under the ground."

"Blessing you?" Zhang Ruoling was surprised. She and ye Chen came to the eastern territory for the first time. Did ye Chen's ancestors come from the eastern territory?

"What are you thinking?"

Ye Chen funny looking at Zhang Ruoling, the little girl brain circuit is always very strange.

"Nothing, nothing." Zhang Ruoling shook his head with a guilty heart.

"The underground array, to be exact, is not for me, but for all the people who have the seal of destruction. I used the seal of destruction, so I was blessed by the array. The power of destruction doubled. To some extent, I suppressed my opponent across levels. "

Chapter 5495

"The array of destroying Daoyin?"

Zhang Ruoling's face is slightly wrinkled. Her knowledge reserve is limited now. She has never heard of many things along the way before, and she can't help Ye Chen answer questions at this time.

Ye Chen just shows a light smile, eyes flow to other strong men under the gate.

Originally those scarlet bloodthirsty eyes, but also dodge Ye Chen's gaze at this time.

They are very clear that the strength of this indifferent young man is far beyond their expectation, which is not what they can covet.

"Then let's go in!"

Zhang Ruoling has a look of exploration. She has been inherited by Zhang's ancestors, and her accomplishments are beyond comparison. She can cope with this group of ants under the gate of the city by herself.

Ye Chen and Zhang Ruoling walk into miedao city without any cover, and behind them are the eyes of countless Tao followers.

As soon as he stepped into miedao City, Zhang Ruoling suddenly covered his nose and mouth lightly. The smell of blood in miedao city was extremely strong, which made people feel extremely disgusted.

The crackling sound in the city was full of shouting, fighting and killing, and there was no bearing and look of Wu Xiu.

Ye Chen's astonishing killing move makes countless people who want to make a wrong idea to destroy Daocheng avoid one after another, leaving a path for them to go through.

"Two cups of tea!"

Ye Chen walked toward a low teahouse, which was full of seats. The two warriors sitting in the front of the teahouse saw Ye Chen come over and stand up with their swords.

In the face of absolute strength, no one wants to resist.

Ye Chen takes Zhang Ruoling and doesn't mean to dislike him. He has already sat down. The owner of the tea shed rushed to deliver a bowl of tea.

The tea is just the color of clear water, barely able to show a little bit of Tan, and there are thick tea stains on the edge of the bowl, which makes people suspect that the tan is because the hot water has made the layers of tea stains.

Zhang Ruoling turned her lips. She couldn't swallow the tea.

"Excuse me, what's the status of the old man just now?"

Ye Chen side says, side takes out a Dan medicine from the bosom, the quality is highest.

"This young master, who calls himself miedao Jinzun, has a little relationship with the one in the main hall of the city."

A quick eyed warrior snatched the pill in his hand and quickly replied.

"Just now his staff seemed to say that I broke the rules. What are the rules for destroying Daocheng?"

"One question, one pill!"

The man showed a flattering smile. Such high-quality pills are valuable in places like miedao city. If they were not desperate, who would want to make a living in places like miedao city.

Ye Chen's eyes narrowed to get up, peeped out a wipe of dangerous Mou Guang.

The greed of human nature occupied the man's rationality. If he could get a few more pills like this, he could live in Daocheng for a long time.

"If anyone kills him, answer my question. I'll give you two pills."

Ye Chen's insipid voice rang out, lowered his head and looked at the cup of tea in front of him, but he didn't drink it.

"Bang!"

A long gun with blood had penetrated the man's chest, and his eyes were still stunned. The man who shot was his friend who had just had dinner with him.

"You said, two pills!"

The man was tall, a little fat and swollen, with short hair. At this time, he simply put his hair in a bun and put it behind his head. Looking at his face, he was a bit dull.

Ye Chen coldly turns to see to him, but is light way: "you have not answered a question yet!"

The man had already broken off the pills that the man had got before, put them in his arms, greedily looked at Ye Chen's sleeve, and then slowly said: "in fact, there are no rules to destroy Dao City. Strength is the king's way, but all the people who appear in the king's orders of the eastern territory must pay tribute when they come to destroy Dao City."

"Tribute?"

Ye Chen frowned. It was the first time he had heard of it.

"Of course, when you enter miedao city and are protected by miedao City, you naturally have to pay tribute. When you enter miedao City, you don't pay tribute to Jinzun. Instead, you shoot him down. Naturally, you violate the rules of miedao city and destroy our balance of miedao city. "

Ye Chen threw two pills to him, but he slowly took out one and put it on the table.

"What will happen then?"

The wooden looking man quickly put away the pills, looked at the people around him, waved his long gun with blood, and was ready to speak.

"Today, the bird rises from Nanqiao. Which Taoist friend came to destroy Daocheng?"

A very loud voice sounded from the sky. It was broad and powerful, like a bell.

The wooden man took a look at the pills that ye Chen put on the table, but he didn't speak any more, and his body slowly retreated.

"It seems that the voice came to me."

Ye Chen slowly stood up and motioned Zhang Ruoling to wait for him to come back.

"Brother ye, it's not good who comes. Be careful." Ye Chen's step is light, and his figure has been ejected out. He stands on the void in an instant. He stares at the person in front of him, still indifferent: "in the next ye Chen!"

"The origin?" A man laughs, but there is a trace of killing in the smile.

Ye Chen's spirit has covered the whole void, and all of them open in an instant. He realizes that besides the man in front of him, there are two extremely strong breath nearby.

These treacherous breath contains endless killing and destruction.

"Now that we are here, why don't we go together? Is hiding our head and showing our tail the way to destroy Daocheng?"

Ye Chen says quietly, the evil spirit sword in the hand has already exposed that long sword shadow.

Brush!

The two figures had appeared around the man, and they were the same.

"Those three guys did it at the same time!"

someone whispered in the teahouse, and Zhang Ruoling became more and more worried.

"Well! You son, you have disorganized me and destroyed Daocheng's law and discipline, and humiliated me and destroyed Daojin Zun. Today, my three heroes are killing Daocheng. "

three as like as two peas in one voice, the movement is almost the same. The clothes on the body are by common consent. At one point, ye Chen thinks that it is just two shadows and is bluffing.

"Blast!"

Three long guns stab Ye Chen at the same time and at the same angle.

And the inside of leaf Chen's body, also send out a "boom" huge sound.

He knew that it was better to use the power of destroying Daoyin here!

The next moment, the incomparably majestic destructive force rushed out of Ye Chen's body to meet the explosive force of the long gun. The two collided in the void and disappeared together.

The three failed to hit, and finally tore off their mask of pretending to be elegant, revealing their real purpose. The three thunderstorms had drained out of their spears.

"Boom!"

The fury of thunder, the fury of wind and sand, the sharp rain arrow, the roaring spear and sword.

Three homologous breath, with extremely adverse posture toward Ye Chen bombardment.

As if the next second, represents Ye Chen's endless death!

Chapter 5496

Ye Chen's eyes coagulate, the soul body transforms, the mysterious body turns into the supernatural power, and works together. The rolling spirit power is pouring towards the mysterious spirit bead!

At the same time, a source code convergence!

"Xu Tu Yuan Fu! Huangcheng Tianjian

Bang bang!

Nine Xu tuyuan swords have been protecting Ye Chen. The abundant Xu tuyuan Qi covers all the thunder, storm and sand.

"Broken!"

Tao gives birth to one, three, and all things!

The three of them spoke in unison. The powerful Sansheng Dao gathered on the spear. The thick front of the spear seemed to be hanging endless power of the sky, which directly overturned the xutu town Sky Sword guarding in the front!

Zhang Ruoling's cold ice spear is in her hand. She has been able to exert about 50% of her ancestor's Daoyuan magic power at this time and rush to Ye Chen bravely.

The ice gun covered with a very strong frost force, incredibly incredible hard to resist the three attacks.

Although Ye Chen was surprised by Zhang Ruoling's appearance, he knew that he couldn't take it lightly at the moment. The dark source symbol quickly came out, and the whole void fell into darkness.

Shajian took advantage of the opportunity to sweep away the three attacks, and he pulled Zhang Ruoling out of the three men's attack area.

"Little cover up!"

The three men sneered in the darkness. As soon as their words fell, the three long guns joined together to form a vast red sun law, which broke the package of darkness alive.

And the place where they attacked with long guns was where Zhang Ruoling was.

"Damn it

Ye Chen clenched his teeth. In an instant, the law of destruction appeared all over his skin. His law of destruction has already been five days. The five laws of destruction permeate the power of destruction, which makes his whole person's momentum to the extreme.

"Kill me!"

Looking at the burst of three people, ye Chen's eyes, blow up the startling evil spirit.

With the sword waving, the power is as powerful as prison.

"Destroy the seal, and the dark god will cut it!"

Ye Chen looks up to the sky and explodes. Geng Jinyuan Fu and dark Yuanfu are both released at this moment. Layers of Daoyin Shenhui, mixed with the breath of Yuanfu, finally turn into a dark mang chop, breaking through the air madly.

Facing the shock, the three men put their hands together, and the red and golden light converged into a Taoist Dharma phase. The Dharma phase was just like the three men. They put their hands together, and the whole body was full of light.

This is a very powerful protective skill!

Ye Chen heart next a Lin, have this underground array blessing of destruction way seal, unexpectedly didn't let these three people pay the price.

"Poof

The dark sword ran across the Dharma phase, like ripples into the water, and disappeared.

"Kill me!"

The huge Dharma phase, open and close eyes, fingers with the supreme source of the gas, annihilation and hegemony.

Zhang Ruoling almost closed her eyes in despair. At the moment, even she felt the power of the Dharma prime minister's fingers, the chilling power of death.

Ye Chen's eyes twinkle with determination, and is ready to burn the blood of the dark goblin!

Fight!

WOW!

At this critical moment, a simple hand, cut out from the void, flat on the finger.

That huge Dharma phase, when touching this palm, instantly turned into powder.

But the three men behind the Dharma prime minister had already spattered blood in their mouths. Under the power of the palm, their bodies flew out.

A person who looks like a beggar is standing in front of Ye Chen. His face looks at Ye Chen.

"Kneel down to me, I will not only protect you, but also satisfy you a wish."

Ye Chen looks at the appearance of this mysterious human settlement and sends out a cold hum of disdain.

"What if I don't kneel down?"

The mysterious man stares at Ye Chen, and his eyes gradually show a strong intention to kill him: "if you don't kneel down, let my three little friends kill you."

"ha ha! It's just human life. If they can kill them, take them! "

Ye Chen shows a bold look, and only one move can make three people retreat at the same time. This kind of strength, if you look at the whole destruction of Daocheng, it is estimated that only Zhang Mo's strong man can do it.

However, since the other side to save them, will not be so simple!

"If you want to kill brother ye, pass me first!"

Zhang Ruoling's horizontal gun was in front of him, and the air of ice quickly swept away from the ground.

"Master!"

The three brothers, who were repelled by the mysterious man, had helped each other back here and went respectfully towards the mysterious man.

The cold light in the mysterious man's hand soared again, and his palm turned and slapped on the ground. This palm made the hearts of all the people present seem to stop beating in an instant, and a creepy sense of crisis permeated their whole body.

Incomparably brutal power of destruction, from that mysterious person's hand billows but, fierce impact to leaf Chen. Ye Chen's eyes show a trace of doubt. The power of the mysterious man's destruction is so similar to his own destruction seal.

At this time, it's too late to think about it. Ye Chen pushes Zhang Ruoling away, and his reincarnation blood is burning violently. On the Sha sword, he also spreads the power of destroying Dao Yin. He strikes at the destruction law of the mysterious man and cuts away.

Boom!

An air wave swallowing the sky forms a huge cloud wave like a mushroom, which rises in the void.

"Ha ha ha!"

The mysterious man suddenly burst out laughing. The original intention of killing suddenly disappeared.

Zhang Ruoling doesn't know why he looks at Ye Chen. It seems that all the people who destroy Daocheng have a little mental deficiency and are crazy.

"Come with me!"

The mysterious man hooked his finger and touched the ground with one foot. He had gone to the only palace in Miedao city.

Ye Chen looked at Zhang Ruoling: "I'll come right away!"

Zhang Ruoling shook his head, but his eyes were firm: "brother ye, I'll go with you!"

Ye Chen ponders for a long time. The mysterious man is uncertain. He worries that Zhang Ruoling will be in danger if he follows him.

"Brother ye, the whole Miedao city is his territory. I'm the safest to follow you."

Zhang Ruoling's statement is not empty, but the city of mystery has the final say, where Zhang Ruoling is the same.

"Good!"

Soon the two figures disappeared in place.

.....

After a few breaths.

In an open hall, the atmosphere is dignified to the extreme.

Ye Chen and Zhang Ruoling only have a very wide wooden table in front of them, which is full of a variety of food.

"I'm afraid of you."

The mysterious man's eyes showed a hint of teasing, and all kinds of food were piled up in front of him.

"Make yourself at home, have some."

It seems that the mysterious man has no too real super power's airs. At this time, he is crossing his legs and eating recklessly.

Zhang Ruoling thinks that the picture at this time has some hot eyes. Such a slovenly person is as top-notch as Tao Wujiang.

"If you have something to say, just say it."

Chapter 5497

Ye Chen's heart is still full of vigilance. The wild devil Heaven Sword in the picture of the yellow spring is ready to move. As long as ye Chen's heart moves, he can break the picture.

"I won't hurt you." The mysterious man seemed to make fun of him on purpose. "He won't force you to kneel down."

Ye Chen has no language, this all what brain circuit, this destroys the road city master, unexpectedly this kind of thinking is strange.

"Look

The mysterious man, who is gobbling up, now has a destruction seal in his hand.

There are as many as seven of the above laws of destruction. This is the seventh heaven of the seal of destruction.

Ye Chen's heart is shocked. He has already sensed the destructive power of this mysterious man before, which is very similar to him. Unexpectedly, he also has the seal of destruction.

"For so many years, I've been waiting for a demon who has the six heaven seal of destruction and is younger than 100 years old."

Hearing this, ye Chen guessed something and pursed his mouth slightly: "but I only have the destruction seal of wuchongtian."

The mysterious man shook his head: "I've been waiting for tens of thousands of years. I have no patience to wait any longer. You will be my only hope."

Ye Chen didn't speak, and looking at the mysterious man, his mouth still left food residue, oily face, without the slightest strong dignity.

"You can call me nine epilepsy, and I will help you break through the six heavens."

"What conditions?"

There is no pie in the sky. Ye Chen knows how hard it is to destroy Daoyin.

At this time, this crazy nine crazy even want to help himself break through at one stroke, there must be a plot.

"Do me a favor."

Nine epilepsy put down the food in the hand, right color way.

"No." Ye Chen refused without hesitation, "destroy Dao Yin, I can break through myself, I don't need your help."

Nine epilepsy don't know why, don't seem to want to use force force force Ye Chen Chen Chen, Mou light deep see to Ye Chen.

"I can help you achieve the purpose of your trip."

"The purpose of our trip has been achieved." Ye chendao.

"What's the meaning of Zhang's inheritance?"

Nine epilepsy extremely disdain of say, even if Zhang Ruoling in front of him, he also silk does not hide his look down on Zhang's pulse.

"Do you know why I'm here?"

Ye Chen Mou light turns gently, pulls Zhang Ruoling to sit down, picks up the tableware which nine epilepsy has already prepared for them, picked up a spine lightly with chopsticks.

"In those years, the bad things of Tao Wujiang were all done, and they occupied the eastern territory. If they wanted to survive, they all wanted everyone to know. I don't think it's hard to know."

Ye Chen chews the spine gently. It's not ordinary food. He even tastes some medicine from it. It seems that if this nine epilepsy is not improving his cultivation through the elixir, it's a dark wound in his body that can't be recovered for a long time.

"Do you think this is delicious, too?"

"Medicated food."

Ye Chen motioned that Zhang Ruoling could eat some. After they stepped into the eastern territory, they had been fighting and never ate quietly.

"Yes, one of my disciples learned it from an alchemist who went to the eastern territory a few years ago. If he takes it for a long time, his Qi and blood are unobstructed, and his spiritual cultivation can increase the upper limit."

"It's a drug with three poisons. Don't rely on it."

Ye Chen kindly reminds a way, but also didn't refuse because of this, still is a mouthful of eating.

"I'll help you get the ancient god seeking dish. How about you help me finish my work?"

Nine epilepsy seem to be carelessly say, between the words even see don't see leaf Chen one eye again.

But this sentence is stormy for ye Chen!

"Good!"

Ye Chen should come down without hesitation. The only thing that can compete with Tao Wujiang in the whole eastern territory is the nine epilepsy in front of him, which is also the condition he was going to talk about.

"Good! Then I'll take you to break through the six heavenly seal of destruction when you're full

Ye Chen nodded, both sides of the agreement has been reached, he also need not worry too much.

Zhang Ruoling stayed in the hall. She was inherited by Zhang's ancestors, and ordinary people were no longer her rivals.

.....

Nine epilepsy with Ye Chen came to a special space.

Ye Chen doesn't know where it is, but it is full of thunder!

Ye Chen and nine epilepsy two people's body shape, in this vast world, appears very small.

Click!

The space filled with endless thunder, immediately sent out wisps of subtle light, as if some of the ancient forces awakened, and even vaguely heard the sound of gears, like fate.

Huaguang big do, originally roaring thunder quickly gathered in the light.

All the changes happened so fast that ye Chen didn't even make any response.

The light is full of endless laws of destruction.Ye Chen's whole person has been covered by the light, and then he only feels that his God has realized the other side of the world.

There are countless martial arts practitioners gathered in this world. They seem to be fighting for each other. The sound of swords and halberds is heard all the time.

And those who rush to the front even do not hesitate to blow themselves up and hurt the enemy.

The war of despair, the war of destruction, the war of astonishment, the war of annihilation.

All the people fighting in this world, they are to protect their homes, protect their relatives, protect everything they care about!

Even the most ferocious or the weakest people in the world have something they cherish most.

No one can touch these precious things, that is, their scales!

Once touched, their resistance will be fearless!

Therefore, even in the face of far beyond their own existence, they will not hesitate to sacrifice their lives to break through.

With a life, to protect all the possible care.

This is a world of destruction. The martial arts practitioners, who were originally high above, are completely crazy at this time.

But no one hesitated. Every martial arts practitioner firmly believed that this was what they should do.

Their eyes twinkle with the determination to die together. If they can't defeat you, they will destroy you!

Ye Chen's eyes are deeply concentrated in those layers of air waves, one by one martial arts spirit dissipates between the heaven and the earth.

Each of them has a lot of scars and blood, but everyone's eyes always contain a fiery light!

That's the power of destruction!

The law of destruction is presented to Ye Chen in such a realistic way in this world.

"Die for me!"

Although there were countless martial arts practitioners killed, the ability of hostility was also fierce. In a flash, it was like a thousand troops and horses, rushing towards Ye Chen.

The soldiers, dressed in battle clothes and armed with swords, had the power of destruction attached to the blade.

At the moment when ye Chen is about to collide with the enemy, he tries to urge the reincarnation blood in his body, use the same destruction seal to defeat it, but finds that he can't do anything in this world.

Chapter 5498

No shajian! There is no wild devil sky sword!

There is no Hongmeng 33 ancient method!

Without six source symbols, there are many reincarnation veins!

He helplessly looked at a blade pierced his body, once he was very familiar with the law of destruction, at this time even cut himself down.

"Wow

Blood splashed out and dyed the whole sky red!

Life and death, life and death, the law of destruction is to let people see through life and death and respect strength.

Time goes by.

.....

At the same time.

Zhang Ruoling has been sitting in the hall with her knees crossed for three days. Ye Chen and the nine epileptics have no news at all. At this time, she can't calmly handle the inheritance of her ancestors.

"You are still in the mood here!"

The three brothers came in from outside the hall with a faint smile. Zhang Ruoling and ye Chen were the people the master wanted to protect. Naturally, they didn't dare to behave, but they were willing to make each other uncomfortable.

"What do you mean?"

Zhang Ruoling coldly asked, in her opinion, the triplets are simply harboring evil intentions and bloodthirsty.

"Don't say that our three heroes deliberately conceal you. Since you are the inheritor of Zhang's ancestors, you are naturally Zhang's people. Now daowujiang has captured the whole family of Zhang's offering sacrifices to heaven and asked you to beg him in three days."

"What

Zhang Ruoling had already stood up, and her whole body was shaking violently. It was she who hurt Zhang Jia.

"It's mostly a trap. Even if the master does it himself, it's just a five or five chance to win. If you two go, you'll be killed."

The three people said, some watching the excitement is not too big.

Zhang Ruoling knows that the three people will not cheat themselves with this kind of thing. After all, nine epilepsy protects her and ye Chen in front of them.

"Thank you for telling me!" Zhang Ruoling clasps her fist. At this time, ye Chen is breaking through. She doesn't want Ye Chen to be distracted by her own affairs. Since Zhang's affairs are caused by herself, let her end the cause and effect!

"Please also convey to your host and brother ye, so that they don't have to worry, and I will come back safely."

Zhang Ruoling's body turned into a frost shadow, which had disappeared in the hall.

Three people look at each other, this seems to be a little different from what they expected, that little girl so regardless of to die?

"Say it to the host, so that there won't be an accident."

The other two nodded.

Later, the three people some fear of communication, nine epileptic subpoena jade, will inform him of the situation.

.....

After a stick of incense.

In the main city of the eastern territory, there are towering stone pillars, which are 100 Zhang high and carved with the dragon totem.

The wind blows, gray blue angry clouds roll residual sand, whistling in the East Territory of the main city.

Every bloodthirsty warrior in the eastern territory is circling in front of the stone pillar.

"Tao Wujiang, here I am! Let them go

Zhang Ruoling's cold voice sounded from a distance, and her whole body was like a layer of armor.

The surrounded people, hearing the sound, spontaneously formed a channel for Zhang Ruoling to reach the center of the square without any obstruction.

Zhang Ruoling's pretty white face, looking at the Zhang Jia people bound at the top of the stone pillars, their lips have dried up, and their bodies are full of whipping wounds.

Zhang Ruoling felt guilty and remorseful.

If it wasn't for her, maybe Zhangjia wouldn't be like this either.

"Ruoling, you shouldn't have come back! You are my only hope. "

Zhang Mo's old voice came from the stone pillar at this time. Looking at Zhang Ruoling's eyebrows, there was a sigh. Zhang Ruoling was still too young, and he would not be deceived if he was forced to do so.

"Tao Wujiang, I'm here! You let Zhang Jia go! I'll take care of everything. "

Tao Wujiang is so kind that he will not just sit on the square and wait.

After the square, there is a huge ladder, which runs through the whole sky. The Grand Palace is just like repairing in the sea of clouds.

Tao Wujiang is lying on the terrace of the palace. Under his body is the best soft skin of a strange animal. The bun on his head is very simple. The hairpin on his head is shining. It's a magic weapon of law!

Seeing that he didn't respond, Zhang Ruoling continued to say in a loud voice: "I killed the people in the dark blue forest! I will die for my life

"What a life for life! Who will pay for the life of my son Boleyn? "

Just then, a violent voice came, and a man wrapped in a silver robe suddenly appeared.

The other side is full of anger, holding a silver sword, surrounded by endless rules.

Zhang Ruoling's heart cools. It's the silver mask family they killed when they first entered the eastern territory."Since you are going to die for your life! Then die

A round of cool moonlight flows out of the silver shining sword and flies directly to the void. Countless silver shining in the moonlight forms barbs as thin as ox hair, and stabs at Zhang Ruoling.

The ice spear in Zhang Ruoling's hand, like the edge of ice, exudes the power of instant freezing, freezing all the barbs.

"Hum!"

The old man was burning with anger. Under the cover of the moonlight, the silver sword in his hand covered the boundless power of the moon. It turned into a streamer and stabbed Zhang Ruoling.

Zhang Ruoling waved a long gun, and the cold winter breath almost covered the whole square with a layer of frost.

The idea of killing the old man was like a storm. The old man killed him.

Zhang Ruoling just accepted the inheritance. At this time, his mastery of ability was too weak, and he was forced to suppress it with extremely high magical power. However, he was gradually tired of running, showing his weakness.

"Die

The silver sword of the old man is full of fighting stars, and the moon and stars interweave with each other, emitting extremely frightening power.

Just then! Sudden change!

"The king of Wujiang hasn't given an order yet. How can you abuse lynching?"

A ferocious figure appeared out of thin air, with a long halberd to hold the sword.

The old man took a look at Tao Wujiang, and his eyes were full of anger. He could only take back his weapon and retreat from the square.

"You said you were the culprit?"

The soft voice of Tao Wujiang sounded, as if with a trace of weariness.

Zhang Ruoling calmed his breath and nodded slowly: "everything is because of me. Zhangjia people are innocent. I am willing to exchange my life for their safety."

"Innocent?"

Tao Wujiang chuckled: "they don't think they are innocent. Before you came, they were all about death. I will not betray my family if I swear to death! "

Zhang Ruoling looks sad. Zhang and she don't even know each other's existence, but they are bound by fate.

Chapter 5499

She felt very depressed. Her ancestors hoped to bring the zhangjias into a new prosperity with the help of their ancestral blood. Unexpectedly, they directly brought the zhangjias into a dead end.

"It's not impossible to let them go!"

The voice of Tao Wujiang came: "isn't there a young man around you? With him, we can exchange all the lives of Zhang's family! "

Hearing this, Zhang Ruoling shook his head without thinking.

"No way."

"Well! Pass on the king's order

Tao Wujiang's eyes have shown a dangerous look. The original half lying posture has stood up at this time, and the arrogance is like the reappearance of the emperor.

"The king of Wujiang hasn't awakened for hundreds of years. I didn't expect that the divine power is still there!"

"Where is still, it is more sharp. I dare not look directly into his eyes. It seems that there is an infinite abyss in his eyes."

Zhang Ruoling bravely looked at Tao Wujiang and took a step. He said coldly, "I've come. Are you going to break your promise?"

Daowujiang seems to have heard Tianda's joke: "I am the rule of the whole eastern territory. According to my king's order, a ceremony will be held here in three days to burn all the people of Zhangjia, including Zhang Ruoling! "

"Yes! The king of the world

All the people in the square knelt down, leaving only Zhang Ruoling alone, which was very abrupt.

"King Wujiang, is this woman, like others, also detained on the stone pillar?"

"No, let her follow you and see with your own eyes how you prepare for the burning ceremony in three days."

Although the man was confused, he did not dare to violate the arrangement of Tao Wujiang. For them, in the eastern territory, Tao Wujiang is heaven, and no one can compete with it.

Zhang Ruoling angrily looked at the figure of daowujiang leaving. There were so many people in the square that no one came to capture him. Even the old man, who was before him, forced to restrain the killing and left the square with them.

Zhang Ruoling's long ice gun exploded and hit the stone pillars. Since no one cared about her, she would rescue the Zhang family first.

Bang!

There seems to be something protecting the stone pillar. Even the most solid thing like the ice spear can't make a trace on it.

Zhang Ruoling clenched his hands, opened his blood, and burned his original strength at all costs.

"Break it for me!"

The continuous force of the ice turns into ice cones and stabs at the same place.

There is still no response, Zhang Ruoling is full of disappointment.

"Don't try, son. Every stone pillar here is forbidden by daowujiang himself. You can't break it."

Zhang Mo's bleak voice sounded. He could see that Zhang Ruoling was pure and kind-hearted, and had excellent talent.

"Ruoling, listen to me, your blood will return to your ancestors, and you will accept the inheritance of our ancestors. If you have a chance, you must leave here quickly. Only if you are alive can Zhangjia have hope. "

Zhang Ruoling's eyes were tearful and his voice trembled: "it's all my fault that has harmed you."

"We are a family. Why do we say this at this time?"

Zhang Mo kindly said, looking at Zhang Ruoling's eyes, as if looking at his own blood.

Zhang Ruoling looked around at the patrolling Wu Xiu. Since Tao Wujiang does not limit her actions, she wants to see how they plan to meet the burning ceremony in three days.

.....

Within the space of destruction.

Ye Chen naturally doesn't know what happened outside.

He is wholeheartedly breaking through the seal of destruction!

"The rule of destruction, the law of destruction, the power of destruction, I understand!"

Ye Chen's voice is more than one, in his body, among the thousands of pores, he begins to absorb the destruction of the world, and the endless power of destruction is filled with the destruction of Dao Yin.

All the source gas of destruction forms an extremely sharp law of destruction in Ye Chen's body.

On this rule, there are countless divine lines engraved!

"It's the sixth heaven of the destruction seal!"

Ye Chen has a trace of joy hanging on his eyebrows. He opens his eyes, and the gas of destruction has not completely dissipated. Even the nine epilepsy standing next to him, looking at him for a moment, seems to see the source of destruction.

"Hahaha, that's great. I've finally got it!"

Nine crazy smile, ye Chen breakthrough, he seems to be more happy than ye Chen.

"How long has it been!"

The flow of time in this space is different from that of the outside world. Ye Chen experienced a big war, and his whole body was swollen and sore. At this time, he could not help asking about the situation.

Nine epilepsy is not very clear, roughly pinched: "about three days."

Ye Chen's heart is frightened, three days or so of words, that if work properly estimate to wait for urgent!

"Get out of here!"

Ye Chen says hurriedly, let nine epilepsy send oneself to go out. "It's too late! She left the city by herself

"What?"

Ye Chen's eyes are full of anger, and some of them look at Jiu Dian.

"Why don't you stop her?"

Nine epilepsy a pair of me what things look, let Ye Chen more angry, but also know that each other a person is also lack of skill, always can't wake Ye Chen from the breakthrough.

"Then you always have to tell me why she suddenly left miedao city!"

"you say why!"

Nine epilepsy always seems to be such an attitude, as if nothing can make him a little more serious, his almost funny look, let Ye Chen angry.

"I can find the ancient god plate myself."

Ye Chen said coldly, if Zhang Ruoling is the price, he would rather not make a deal with this crazy man.

"Because Zhang Jia is not the guy of Tao Wujiang. He has a magic power that can divine the traces of cause and effect. You came from Zhang Jia to destroy Dao City, and the little girl has the inheritance of Zhang Jia's ancestors. I can see things at a glance. Do you think Tao Wujiang can't deduce?"

Ye Chen is secretly frightened, the strength of nine epilepsy has been unfathomable, that road boundless and nine epilepsy is similar, naturally can also find out the traces of cause and effect.

I'm afraid that the cause and effect of getting along with Jiudian at this time has been known for a long time.

"Hum, since it is the six heaven destruction seal promoted with my help, it naturally has my traces of cause and effect. In the eyes of Tao Wujiang, you are already my person. "

Ye Chen Mou son one coagulates, the facial expression is extremely serious: "help me to save if spirit and Zhang Jia."

Nine epilepsy shake head, the facial expression is very indifferent: "can't save."

Ye Chen a Zheng, but still way: "Tao Wujiang originally is your enemy, for you to lift a hand."

However, nine epilepsy but light way: "who said the enemy must die, I would like him to live."

Ye Chen thought: "no matter how difficult your conditions are, I will try my best to practice them with my life."

Nine epilepsy looking at Ye Chen, he understood the importance of Ye Chen's words, said: "you are the Lord of reincarnation, only for such a small family, is it worth it."

Chapter 5500

Ye Chen back hand, look dignified: "worth, life in the world, but to be worthy of the heart."

"Good!" Nine epilepsy way.

Suddenly, nine epilepsy expression a change, eyes slightly closed, obviously got the news of the outside world.

"Heaven burning ceremony? Thanks to him

Nine epilepsy disdain of say, the wooden table in front of his face, above again put full of food.

"What burning ceremony?" Ye Chen guessed what, after all, Xuanyuan moxie and Emperor Shitian used similar tricks.

Nine epilepsy simple answer will say things again, and then comfort way: "Ye boy, you don't have to worry, when the time comes, I will accompany you, to kill him."

"After all, it's my home court."

Ye Chen's heart is still worried, Dao Wujiang acts cruelly and cruelly, the news has let his heart pressure boulder.

Because of him, Zhang people were hung on stone pillars, and exposed to the sun after being tortured.

And Zhang Ruoling, in Ye Chen's eyes, is just a growing child. At this time, she is in danger.

"Why have you been entangled with Tao Wujiang for many years?"

Ye Chen looks at the nine epilepsy that eat big and fast, suddenly asks a way.

"Well, look at him."

Nine epilepsy said casually, but the eyes showed a trace of imperceptible cold.

In fact, he was able to fight against Daowu in destroying Daocheng. On the one hand, it was his destruction of Daoyin qichongtian. On the other hand, it was his destruction array buried in the ground, which greatly enhanced his sense of destruction.

Over the years, he has been waiting for an opportunity, an opportunity to eliminate the boundless Tao at one stroke.

Ye Chen is his chance!

However, the evil who has just been promoted to liuchongtian can't bring liuchongtian's destruction of Daoyin into full play at this time. Moreover, this time, daowujiang is prepared. In fact, it's not an excellent opportunity.

However, nine epilepsy is very clear, with Ye Chen's heart, no matter whether this battle can win or not, he will try his best to win.

Therefore, no matter how dangerous the war is, it's the only chance for Jiudian. If he does it, he and daowujiang will never die.

.....

Three days went by quickly.

Zhang Ruoling's lips and teeth have dried up. In the past three days, she refused any food and water provided by the eastern territory to let her eat and drink in front of the suffering Zhangjia people. She can't.

"It looks like you envy the people up there."

The voice of Tao Wujiang continued down from the sky again, and the meaning of ridicule was obvious.

"Then go up and accompany them."

An invisible rope directly wrapped Zhang Ruoling and pulled her up to Zhang Mo's stone pillar.

"See if your little lover will come to save you!"

The voice of Tao Wujiang rang out again, and his eyes looked forward to it.

"You're bullshit

Zhang Ruoling shouts angrily. She doesn't even know if Ye Chen's breakthrough is complete. If not, he won't be involved.

"It seems to be coming." Tao Wujiang's eyes look far away, where there appears a indifferent figure, a long sword wrapped in evil spirit in his hand, just like a meteor.

Zhang Ruoling's body trembled. When he saw the figure, his eyes were extremely complicated.

Ye Chen for her, is not the same existence, as long as there is Ye Chen in her will not be afraid.

"Brother Ye!"

Zhang Ruoling's voice is mixed with a trace of grievance, a trace of embarrassment, a trace of emotion and a trace of happiness. How much her reason hopes Ye Chen will not come, how much her sensibility hopes Ye Chen can come.

Ye Chen looks at Zhang Ruoling, who is bound on the stone pillar. He is angry in his heart. Tao Wujiang is insidious and cruel in dealing with things. Even such a slender girl will not let go.

"Tao Wujiang, didn't you come to me? Here I am

Ye Chen's soul body transforms and shouts out loud. The voice penetrates the void and spreads to the palace hidden by the clouds.

"Dare to make a mistake in the eastern territory and destroy our ceremony of offering sacrifices to heaven. I don't want to live any more!"

A bald man, carrying a huge axe on his shoulder, stood out from many men in the eastern territory.

Ye Chen's eyebrows are as iron as iron. He doesn't even look at the man. He looks up: "I'm Ye Chen. Is that how timid you are? Hide your head and show your tail

"Ha ha ha, ignorant child."

Tao Wujiang's figure appeared on the broad platform, looking at the ground, just like looking at a mole ant.

"Let the zhangjias go! You're looking for me. "

"What nonsense with him!"

Nine epilepsy figure through the air, no China's gray black breath will hold up his figure, directly out of thin air landing in Ye Chen side.

The whole seven principles of destruction were closely entangled in him, sad and boundless, sharp and extinct.

"It's you mouseSeeing the appearance of nine epilepsy, Tao Wujiang will no longer be on the stage.

Nine epilepsy obviously did not intend to let go of this little bit of space force, between the fingers turned out a gray thin light, that thin light like cicada wings general, cutting void.

Not weaker than the strength of the ten source soldiers, like a whirling dart, he crossed the countless stone pillars. For Zhang Ruoling, the array that could not be broken was like a decoration under the thin light. The figures hanging on the stone pillars were like dumplings falling down one by one.

Zhang Ruoling's whole body turns a silver frost into a huge ripple skirt, which envelops the Zhangjia people one by one.

Full of icy skirt, a very bright light path is formed on the square. The people of Zhang Jia, led by Zhang Mo, are full of blood. Their blood is frozen in an instant by the coldness of the frost, and their faces are pale. Obviously, they have no power to fight.

"Ruoling, take good care of Zhang Jia people!"

Under the attack of Jiudian, all the strong men in the eastern territory had no ability to fight back. At this time, they attacked Zhang Ruoling.

Ye Chen has already galloped towards Zhang Ruoling's whereabouts.

"Brother ye, there's an ambush!"

Zhang Ruoling let out a cry. These days, she watched the people of daowujiang lay the net one by one.

"It's OK, I know."

Ye Chen calmly said, looking at Zhang Ruoling's eyes but full of anger: "I promised your brother that I would take care of you. You will never be allowed to do that in the future. "

Zhang Ruoling nods with a sigh. She just thinks about Zhang Jia and doesn't want to distract Ye Chen.

"Zhang Jia's affair, because of me, also has the cause and effect which cannot be separated with me."

"Be careful!"

Zhang Ruoling's eyes are wide open. Behind Ye Chen's back, countless strong men from the eastern territory come out. They all show their abilities. They come with all kinds of brilliance and bloody power.

Ye Chensha's sword is turned back. His soul body is transformed, and the blood of the demon is activated. The extremely brutal sword edge is blocked under the blade.
