

Physician 5731

Chapter 5731

"Thank you, master blood god!"

At the end of the cultivation, ye Chen converged and stood on the lake, arched to the blood god.

If there was no God of blood to bring him here, he could not have broken through to the seventh heaven of the origin so soon.

The blood god was silent for a moment. It seemed that he hadn't recovered. He showed a slightly complicated smile and said, "you're welcome. It's the result of your own efforts."

Ye Chen smiles, just want to go back to the shore, but suddenly seems to wake up to something, look at the bottom of the lake, vaguely, is to see the mud, as if buried with a piece of ice.

"There's something strange in the bottom of the lake."

Ye Chen's eyes sank.

"What is it?"

After hearing the words, the blood god rode the Golden Dragon and hung on the surface of the lake. Squinting, he saw the strange ice at the bottom of the lake.

"Up

See, blood God without saying a word, a palm grasp, a spiritual force released, directly the ice at the bottom of the lake, dug out.

At this time, the blood lake has been dried by Ye Chen, and all the causes and effects disappear, so the blood God has no scruples.

WOW!

The ice broke out of the water and was thrown to the shore by the blood god.

This ice, it's huge.

There was a man frozen inside.

A beautiful girl!

"This is..."

Ye Chen froze, completely did not expect the ice under the lake, unexpectedly still ice a girl.

"What a cold breath! It seems that the precipitation of heavenly blood Lake's spirit power law is not a natural change, but is attracted by this thing! "

The blood god shook his right hand, and the palm of his hand snapped. Unexpectedly, a layer of frost formed. Even the skin was frozen white, and even it was about to become transparent, and even the bones showed up.

The real chill!

"Master blood god, are you ok?"

Ye Chen's face changes slightly. It seems that the blood God has just touched the ice, and seems to be stimulated by the cold.

"It's all right. This ice is called blue water ice. It's the raw material for making green water magic beads. It's extremely cold. Fortunately, it's just cold on the surface, and it doesn't involve the change of rules, so it can't hurt me."

The cold air on the palm of the hand evaporates completely.

"Clear water, dark ice? The raw materials for making bishuikan Lingzhu

Ye Chen a burst of surprise, clear water kanlingzhu, is one of the most precious of thirty-three days chaos, has fallen into his hands.

It turns out that the raw material of this magic weapon is called blue water ice, which is the huge ice in front of Ye Chen's eyes.

"Can you infer the cause and effect of the blood girl

Ye Chen looks at the frozen girl, pinches her fingers, and opens the extreme devil's pupil to see the secrets of nature.

Indistinctly, ye Chen peeps a trace of the supreme breath!

This girl has something to do with the world!

The girl's breath is even a little similar to Shen Tu Wan'er!

Aware of this scene, ye Chen is very shocked.

However, the girl's cause and effect fog is very heavy, he can only see here, can't peep down.

"I don't know, but I'm sure there was no such girl at the bottom of the lake before the battle of the gods."

The blood god shook his head and gazed at the girl. He couldn't see through anything for a moment.

He only knew that the girl was frozen to the bottom of the lake after the war of the gods.

Ye Chen eyebrows locked, in this case, that want to solve the mystery of the girl's life experience, may have to wake her up.

"Brother, wait a minute, this woman is a little strange!"

At this time, the spirit child suddenly opened his mouth.

"What's weird?"

Ye Chen asked.

"The spirit child says:" you see her neck, hang a bead, very similar with me

"Beads?"

Ye Chen looks at the girl's neck with a bead. But because of the ice, he doesn't feel any breath. He just thinks it's ordinary jewelry.

Now hear the spirit child say so, isn't that bead, unexpectedly is a magic weapon, and the earth heart destroys the bead similar magic weapon?

"Wake her up first, master, do you have a way?"

Ye Chen feels more and more strange and asks the blood god.

"I'll try."

Blood god's palm pressed on the ice, and a wisp of blood aura diffused out, trying to penetrate into the ice.

However, the bead on the girl's neck suddenly released a wisp of essence, as if resisting the penetration of blood god.

"No, it's weird. It's resisting me. It seems to be protecting the Lord."

Blood god shook his head.

"I'll try."

Ye Chen went up and offered up a pearl of green water. A wisp of water vapor wrapped in his hand and wanted to break the ice.

Hum!

However, the girl's body protection bead also released a very powerful awei Qi to stop Ye Chen's action. Ye Chen and blood god look at each other. Although the ice is solid and cold, there is no law. With their strength, they can break the ice with brute force.

However, if you use brute force, it is likely to hurt the girl.

Moreover, the girl's body beads, sharp resistance, is not easy to start.

Although the energy of the bead is not as terrible as that of the earth's heart, it should not be underestimated. If it breaks out, it is likely to hurt two people.

Now the hundred day appointment is approaching, ye Chen and blood god are not allowed to have any accidents.

"If this girl is a corpse, that's all right. She's still alive. If it's not properly solved, it may become a future trouble."

Blood god brow deep lock, he is naturally able to capture, the girl still has the breath of vitality, which makes him very difficult.

Before the war, he needs to cut off all causes and effects, otherwise he will leave a thorn in his heart, which may lead to a magic barrier.

Although his cultivation is more powerful than ye Chen's, his Taoist heart is not as pure as ye Chen's.

"This piece of green water and black ice, the ice may be treating this girl, we still don't do anything rashly."

Ye Chen is also aware of what, this ice, is likely to be the girl's life-saving dependence!

Just like Li Feixue at the beginning, being frozen in a coffin is actually a way to preserve vitality and life.

Since you can't act rashly, ye Chen and blood god have no clue for a moment.

"By the way, master Feng, you are proficient in the way of spirit. Can you communicate with this girl's body protection beads?"

Suddenly, ye Chen seems to think of something and asks Feng Tianshang.

Feng Tianshang is a spirit Master of ancient utensils. He once participated in the refining of the ancient god seeking plate. The spirit cultivation of utensils is extremely powerful. If he can communicate with the girl's body protecting beads, things may turn for the better.

"Ha ha, it needs to be intelligent to communicate."

Hearing Ye Chen's words, Feng Tianshang smiles and refuses to comment.

"Then try it. It must be solved!"

Ye Chen decided to have a try. After all, if all causes and effects were not solved, the blood god would not be able to concentrate on fighting against the Confucian.

Although he is not afraid, but the strength of blood god, after all, did not return to the peak, still need to pay attention to the cause and effect of the backfire.

Chapter 5732

At the level of Taizhen realm, it's not only the strength of cultivation that determines the outcome of a battle, but also the cause and effect of Qi transportation and the foundation of Daoxin. We must not be careless.

Now ye Chen takes a deep breath and directly borrows the power of Feng Tianshang.

Hum!

The palm presses on ice, leaf Chen feels a burst of sharp cold air to attack to come over for a moment.

Ye Chen has already prepared, nature is not moved, Feng Tian Shang is a murmur: "how so cold?"

Ye Chen smiles, and doesn't explain too much. Anyway, it's just the cold on the surface, which doesn't affect anything.

He concentrated and tried to communicate with the beads on the girl's neck.

Boom!

This communication, in Ye Chen's mind, is to emerge a very terrible picture.

In the picture, there is an old swordsman casting swords in silence.

Some servants, waiting by.

The sword caster, with his long sword, showed a little sharpness and immediately cut through the sky. I don't know how many stars were smashed. The weather was extremely terrible.

"This is Annihilate the sky sword! "

"This is the picture of casting annihilating sky sword!"

Ye Chen is aware of this picture, his mind is shocked, and instantly captures the infinite cause and effect.

Annihilation Heaven Sword, one of the eight supreme heaven swords, is Hong Tianjing's weapon. Ye Chen has fought with each other many times, so he is very familiar with the breath of annihilation Heaven Sword.

Now as soon as he saw this picture, he immediately determined that this was the picture of casting annihilation sky sword!

"Be careful! This bead, called jimie sword pill, is made from the leftover materials of casting annihilation sword! "

Feng Tian Shang shouts like thunder, explodes in Ye Chen's head, and seems to find something.

"Jimie sword pill?"

Ye Chen's pupil suddenly shrinks and stares at the bead on the girl's neck. Unexpectedly, this bead has something to do with annihilating sky sword.

At the beginning, the master made the annihilation sky sword, and some scraps remained.

These scraps are recycled to make a sword pill, which is the bead on the girl's neck.

This bead, to be exact, should be called sword pill. It is a very special magic weapon.

"Ji Mie Jian wan Brother, no wonder I have such a familiar feeling. It turns out that this bead also has the smell of destruction. "

When linge heard the origin of jimie Jianwan, he was also very surprised. At the same time, he solved the doubts in his heart.

He just felt that the breath of the bead was very similar to him, and there was also a wave of destruction.

Extinction, in fact, is destruction.

Annihilation sword also has the power of destruction, but the destruction is fierce and vicious.

And ye Chen's way of destruction is fierce and violent, like the sea.

Annihilation and destruction are different, but their roots are interlinked.

This jimie sword pill seems to be very hostile. It refuses to communicate with Ye Chen and directly uses the original cause and effect of the sword to invade Ye Chen's spirit.

If ordinary people see this picture of casting sword, they will be impacted by archaic cause and effect immediately, and torn to pieces by the hidden silent sword Qi.

But ye Chen's heart of Tao is very stable.

"Lingxiao Wuyi, open!"

After a short period of surprise, ye Chen immediately stabilized. His eyes were sharp, and his spirit was concentrated. A strong spirit of martial arts directly attacked and tore up the picture of casting the sword.

Buzz, buzz!

The picture is broken, and the whole jimie sword pill shakes violently, which seems to be full of uneasiness.

Ye Chen and Feng Tianshang can't help but say that their spirit directly penetrates the ice and penetrates into the jimie sword pill.

Both of them are murderous, ready to fight, and even ready to kill jimie sword pill.

However, when the spirit of the two infiltrates into the jimie sword pill, they see a little girl shivering in the corner.

This little girl seems to be a monster and a human. She squats on the ground with pathetic eyes. She is helpless and afraid to look at Ye Chen.

"This is The spirit of jimie sword pill? "

Ye Chen is a Leng, this little girl, is so weak, he feels oneself a finger, can crush to death thousand times.

"No, it's not spirit! This is the nine life civet, a docile and supreme beast. "

Feng Tianshang's eyes contracted, but he recognized them.

With his vision, the source of animal and spirit, nature can clearly distinguish.

This little girl is not an instrument at all, but a kind of beast of supreme origin. She has a gentle temperament and is called nine life spirit cat.

"Nine life spirit cat, the supreme beast?"

Ye Chen is also muddled, didn't expect to have such changes.

He was ready to fight. He didn't expect that there was no weapon in the sword pill, just a helpless little girl.

Of course, this little girl is not weak in blood quality. She is the same level as Golden Dragon beast. If she is trained properly, she will be a great power."It seems to be a pet, being placed here to protect her owner."

Feng Tianshang frowned lightly and guessed secretly.

This little girl, probably the frozen girl's pet, was settled here and protected the girl by the power of the jimie sword pill.

She just so resist Ye Chen, nature is also naturally, after all, in front of Ye Chen, blood god, Feng Tian Shang three people, she is too weak.

"Who are you? Don't hurt my master, will you?"

The little girl looks at Ye Chen and Feng Tianshang with tears in her eyes.

Feng Tian Shang is silent for a moment, white Ye Chen one eye, way: "since there is no danger, also have no tool spirit, that next you handle by yourself, I don't care you."

After that, Feng Tianshang retreated directly and went back to the reincarnation cemetery.

In the space of sword pill, only Ye Chen and little girl are left.

"What's your name, little girl, and what's the name of your master?"

Ye Chen is also a big head, he can very clearly feel that the little girl has no evil cause and effect, is completely pure and kind.

Annihilation sword pill has a lot to do with annihilation sky sword. Ye Chen has the determination to kill. How can he expect this situation?

"I My name is Xiaoxuan. I'm a nine life civet. My master's name is Hong Xin

The little girl timidly pinches the corner of her clothes and dares not look directly into Ye Chen's eyes.

"Hong Xin..."

Ye Chen hears Xiaoxuan's words and finally knows the name of the frozen girl.

"Wait, your master's name is Hong Xin? What's her relationship with Hong Tianjing? "

Suddenly, ye Chen seems to be aware of what, in the heart, there is an extremely strong crisis, a burst of inexplicable fear.

Annihilation sword pill, annihilation sky sword.

Hong Xin, Hong Tianjing.

In the dark, he has a kind of creepy feeling.

"Brother, you Can you stop being so fierce? I I don't know. I've been following my master. I haven't heard her mention Hong Tianjing. "

Xiaoxuan, the cat girl, muttered. Seeing that ye Chen's face suddenly changed, she was scared to step back and looked helpless.

"Really..."

"Maybe I was worried too much..."

Ye Chen is also aware of his gaffe and takes a deep breath to calm his mind.

Chapter 5733

Maybe it's because of the relationship between Jimie Jianwan and annihilation Tianjian. His mind is too sensitive.

If this young girl named Hong Xin is really related to Hong Tianjing, Gongye peak and annihilation sword spirit can't just sit and watch.

"Brother, can you save my master? I can give you this. "

Xiaoxuan takes out a storage bag from her arms and hands it to Ye Chen.

Ye Chen spirit scan, immediately found that the storage bag, stored a large number of Dayuan Dan, excellent quality, strong medicine, almost comparable to the supreme source of Dan, the number of millions.

These pills, naturally, have no effect on Ye Chen, but if you take them to feed the wild devil Tianjian, they are also a good resource.

"Wait, tell me first, how to wake up your master?"

Ye Chen has never let go of his bad feelings. He needs more detailed information to judge the relationship between Hong Xin and Hong Tianjing.

If it's really nothing to do with it, then naturally it's best.

But if this girl is Hong Tianjing's descendant, ye Chen will not hesitate to kill the hidden danger in the cradle.

So, he wanted to wake up the girl first and find out some information.

"My master has been seriously injured. Over the years, he has recovered by absorbing the power of Tianxue lake. He should have recovered almost as well. Brother, can you wait for her to wake up naturally? It won't be more than a hundred years. "

Xiao Xuan looks at Ye Chen pitifully, as if she doesn't want to wake up her master by force.

When ye Chen heard her words, she suddenly realized that the girl named Hong Xin was buried under the ice at the bottom of the lake, relying on the aura of Tianxue lake to recover.

"In a hundred years, I can't wait. Tell me the way to wake up directly. Don't worry. I am proficient in medicine. I can treat her residual injuries."

To wait for a hundred years, that is absolutely impossible. Ye Chen just wants to wake up immediately.

"Well, brother, you can wake up my master with the roar of heaven, but I don't know this way either. I have a formula for cultivation. Brother, take it and practice it."

Xiaoxuan timidly takes out a piece of jade slips, which is the cultivation method of war roar.

"When you get it, brother, you can wake up my master."

"Ha ha, the way of war roar is just mastered by someone outside. You wait."

After listening to Xiaoxuan's words, ye Chen smiles faintly and withdraws from the world of Jimie Jianwan.

Smell speech, small Xuan face a change, originally also want to delay time, try to let the host more rest, did not expect that ye Chen will master the supreme battle roar method.

"No, the master is going to wake up!"

"I'd better wake her up first, or she will be hurt by the roar of war."

Xiaoxuan thought of this, took out a piece of imperial edict, crushed it and burned it.

In fact, she has a safer and safer way to wake up. She just doesn't want to disturb the host's rest, so she doesn't say it. She deliberately uses the excuse of war roar to delay time.

Ye Chen masters the battle roar way, but it's beyond her expectation. She can only wake up the master by herself.

"Master, I'm Xiaoxuan. Wake up, something's going to happen."

Xiaoxuan passed on her spiritual will.

Ye Chen and Feng Tianshang's coming, mention Hong Tianjing, and prepare to wake up with war roar, she all detailed blessing in their own will, as long as the sleeping girl, receive her will, will understand everything.

Whoo!

Ye Chen's spirit, back to the outside world, back to his body, opened his eyes.

"What's the matter?"

Blood god even asked.

"That bead is called Ji Mie Jian Wan. There is a nine life soul cat in it..."

Ye Chen will just experience, simply said again.

"Jimie sword pill, nine life spirit cat?"

Blood god is also surprised, obviously did not expect that this frozen girl, behind such a big cause and effect.

Jimie sword pill has a lot to do with annihilation sword, but with this, the identity of a girl is definitely not simple.

"Well, master blood god, the nine life Lingmao said that she could wake up her master by fighting and roaring." Ye chendao.

"Battle roar method?"

The blood god frowned and looked at the Golden Dragon.

The Golden Dragon's old beard trembled and said in a deep voice, "are you sure? The energy of Taishang battle roar is enough to oppress the stars. If it is used to wake up a sleeping person, it may cause irreparable damage. "

Ye Chen said: "that little girl is kind-hearted. I don't think she can cheat people. What's more, she won't harm her master. If she cheat people, she can't hide it from me."

The Golden Dragon chuckled and said, "that's not necessarily true. She lies in front of you. Of course, she can't hide it from you, but it's just a wisp of spirit in front of you. You may not be able to detect other people's lies."

The blood God said in a deep voice: "Jinlong, don't say so much. Wake up the girl. If she is shocked to death by your roar, it's none of our business. We can solve the cause and effect."Wake up with the war roar, is the nine life Lingmao's decision, if there is a human life, it has nothing to do with outsiders.

The God of blood is not a kind and kind person. He doesn't mean to be a hero to save beauty. He just wants to solve the cause and effect.

"Yes, Lord blood!"

Golden Dragon beast heart a Lin, no longer nonsense, immediately gather breath, ready to release war roar.

The source gas between heaven and earth began to gather in the mouth of the Golden Dragon. It suddenly opened its mouth and roared up to the sky.

A very loud roar of war came out of his throat and attacked the girl.

Kara! Kara!

The girl's ice was shocked by the roar of war, and there were cracks like cobwebs.

Click!

Later, the cracks continued to expand and the ice suddenly broke.

When the sun shines down, the girl named Hong Xin's long eyelashes tremble. She opens her eyes slightly and wakes up.

"Who are you? Where is this? "

The girl looked around, just woke up, seems a little trance, confused looking at Ye Chen and blood god.

"You wake up, your name is Hong Xin

Ye Chen stares at her and asks.

The girl was surprised and said, "how do you know my name?"

"You were awakened by the roar of war, didn't you get hurt?"

Ye Chen looks at her manner and secretly senses cause and effect to judge whether she has lied.

Hong Xin was still confused and said in a low voice, "no I don't think so. I have a magic weapon to protect my body. "

Then she took off the jimie sword pill hanging around her neck.

Wow.

In a flash of light, a poor little girl appeared. It was Xiaoxuan, the cat with nine lives.

"Brother, thank you for waking up my master. This is a gift for you."

Xiaoxuan takes out a storage bag and hands it to Ye Chen.

In this storage bag, there are millions of Dayuan pills. This is the gift she agreed to give to Ye Chen.

Ye Chen nodded gently and took the pill away.

Hong Xin was surprised and said, "Xiaoxuan, did you ask them to wake me up?"

Xiaoxuan said, "yes, master, I'm sorry."

Hong Xin said, "it's OK. It's time for me to wake up."

After a pause, she said to Ye Chen: "thank you. If I didn't wake up without you, I might have to sleep for another hundred years."

Ye Chen said: "no harm, Miss Hongxin, I want to ask you a question."

Hong Xin said, "what's the problem?"

Ye Chen said, "do you know Hong Tianjing?"

When speaking, ye Chen's eyes focus on Hong Xin. Once Hong Xin tells a lie, he can immediately catch the abnormal causal fluctuation.

Chapter 5734

Hong Xin stayed for a while and said, "I don't know. To tell you the truth, I come from the supreme world. I was badly injured by an accident, so I had to come to this place to recuperate with the energy of Tianxue lake. When I was in the supreme world, I didn't hear the name of Hong Tianjing."

"Is it?"

Ye Chen's eyebrows are locked. Unexpectedly, Hong Xin has never heard of Hong Tianjing's name. He feels carefully and finds that all causes and effects are normal.

Hong Xin obviously didn't lie.

But indistinctly, ye Chen always feels that something is wrong.

"You really don't know Hong Tianjing? Where did you come from

Ye Chen asks again and looks at the blood god.

Blood god understands, eyes also stare at Hong Xin, pay attention to her words.

Hong Xin said: "I'm sorry, young master. I really don't know Hong Tianjing. I got this jimie sword pill by chance. Since you wake me up, I'll give it to you as a gift."

With that, Hong Xin gives the annihilation sword pill to Ye Chen.

"Young master, if there's nothing wrong, I'll leave first. I'll see you later."

"Xiaoxuan, let's go."

Then, Hong Xin didn't seem to want to stay any longer. She took Xiaoxuan by the hand and turned to leave.

Ye Chen wants to talk and stop, and wants to stop her, but the blood god stops him and says, "forget it, let her go."

Ye Chen had to give up, looking at the figure of Hong Xin leaving, he is still frowning, said: "I always feel things a little strange."

The blood god shrugged and said, "she didn't lie, did she?"

Just when Hong Xin spoke, the blood god also looked at her. If she really lied, it was impossible to hide Ye Chen and the blood god's eyes at the same time.

"Now that cause and effect have been solved, I think we'd better not be too entangled."

Blood god does not want to entangle, this matter has been properly resolved, next, he just wants to prepare for the hundred day agreement.

"All right."

Ye Chen nodded, holding the jimie sword pill in his hand. He still had a strange feeling in his heart.

"Brother, can you give me this bead?"

At this time, the spirit child is a little excited, the way.

"Oh? What do you want? "

Ye Chen was stunned.

"Well!"

Ling'er nodded excitedly and said, "this annihilation sword pill has a strong sense of destruction. If it is fused by me, the power of the earth's heart killing pearl will soar, even surpassing that of the time when I was in the underground palace of the Confucian God Valley!"

Jimie sword pill is made of the remnant material of annihilating Heaven Sword. It has a terrible smell of destruction. If it is fused by the spirit child, it will be enough to promote the transformation of the earth's core Mie bead.

As soon as ye Chen's eyes are bright, it will be good for him if the earth's center destroys the Pearl. He can have more confidence against the Confucianists.

"Well, I'll give it to you."

Ye Chen doesn't talk nonsense either. He gives the annihilation sword pill to ling'er.

"Thank you, brother!"

Ling'er thanks and gets the annihilation sword pill. Then he starts to try to melt in the world of the yellow spring.

"Then, we will continue to practice."

Ye Chen looks at the blood God and naturally understands that the most important thing at the moment is to strengthen himself and go to the appointment for a hundred days.

"Good."

Blood god nods, then and ye Chen continue to stay in the sky blood lake to practice.

At this time, the energy of Tianxue lake has been drained, but the two people's cultivation is mainly to feel the Tao heart, but they don't need external strength.

On both sides of the lake, they sat down with their knees crossed.

Ye Chen quietly feels the magic of the evil way. He has been completely possessed and wants to fight against the Confucianists with the purest martial arts of the evil way.

In the meantime, ye Chen suddenly feels that the jade pendant of yin and Yang on his body is changing, and it is buzzing violently, releasing a continuous black-and-white light.

Boom!

At the same time, on the top of the sky, yin and Yang appeared, like the chaos of eight trigrams.

"Someone's calling me!"

Ye Chen suddenly wakes up, takes out the jade pendant and stares at the sky.

At this moment, he clearly felt that the strong one in the temple of yin and Yang was calling him,

the blood god was also surprised to see this, and asked, "what's the matter?"

Ye Chen said in a deep voice: "I have cause and effect coming. Master blood god, I'll leave first. I have cause and effect to deal with."

Blood god way: "need me to help you?"

Ye Chen said: "no, it's my own cause and effect. Don't worry, I will go to the hundred day appointment in time and join hands with you to fight against the Confucians!"

After that, ye Chen flies up, tears the void, leaves Tianxue lake, follows the breath of yin and Yang jade pendant, and goes to the source of cause and effect.

This jade pendant of yin and Yang is the keepsake of the temple of yin and Yang, and the temple of yin and Yang is the key to fighting against the ruins!

If the strong are in danger, ye Chen can't just sit and watch.

He is very clear that the Confucianist is only a temporary enemy, wanxu is his real strong enemy, the real ultimate enemy! And when ye Chen left, the girl named Hong Xin also took the kitten girl and left far away.

Hong Xin's face was slightly pale, his back was soaked with sweat, and he was very uneasy.

"Master, you just lied, didn't you?"

Xiaoxuan took Hong Xin's hand and felt that her palm was very cold: "you actually know Hong Tianjing, don't you?"

Hong Xin stopped and gasped for a while. Then he took a deep breath and said, "yes, Xiaoxuan, I haven't told you before. In fact, I'm the descendant of Hong Tianjing. Hong Tianjing is the ancestor of my family and the elder of wanxu temple."

"Is he the elder of wanxu temple?"

Xiaoxuan is surprised. There are so many experts in the world, but she has never heard of Hong Tianjing, but she also knows what it means to be the elder of wanxu temple.

"You are still young. Maybe you haven't heard of my grandfather's name. After all, he has been sealed in heaven and man for tens of thousands of years. The history is too long. But if I say you are alone, you have absolutely heard of him."

"Who?"

"Ren tiannv."

"Princess of heaven!"

"Well, it's her. Tens of thousands of years ago, my ancestors fought a decisive battle with her. Unfortunately, they failed and were completely sealed. At that time, my ancestors and Ren tiannu were called the two great talents of wanxu."

Mention the past, Hong Xin is also a burst of nostalgia.

At the peak of Hong Tianjing, the Hong family was very powerful, but once Hong Tianjing fell, the Hong family declined completely.

Later, she was severely injured and fled to Tianxue lake for treatment, which was also related to the decline of her family.

Xiaoxuan was shocked when she heard that. She didn't expect that Hong Tianjing had a fight with Ren tiannv. It's not easy to think that people who are qualified to fight against Ren tiannv are not ordinary people.

Hong Xin said: "fortunately, you wake me up in advance this time, otherwise I may be exposed. Ye Chen is obviously the enemy of my ancestors. If he finds out my identity, we will all die today."

"Will he kill us?"

Xiaoxuan was shocked. Seeing ye Chen, she didn't look like an evil person.

Chapter 5735

"Well, he has a murderous look in his eyes. He is a man of gratitude, resentment and determination. Once he discovers my identity, the consequences will be unimaginable."

Hong Xin's body is a little soft, and she is afraid. She just wakes up, and she is not ye Chen's enemy.

Xiaoxuan had never seen her master so scared. She asked, "master, what shall we do now?"

Hong Xin said: "it's ok now. I just used the magic method of the evil moon to disturb the cause and effect. He didn't find that I was lying. He didn't know my identity. We were safe."

Xiaoxuan startled: "the evil moon enchants the gods, the false nine gods! Master, have you succeeded in your cultivation? "

Hong Xin said: "well, I've been frozen for thousands of years, and I've made great progress in my cultivation. I've already practiced this pseudo nine heaven divine skill, but now I haven't recovered. I have to leave as soon as possible."

Jiutian Shenshu is the most powerful nine kinds of supreme source skills in heaven and earth.

As the name suggests, the fake nine gods skill is the fake nine gods skill. In fact, it refers to the real nine gods skill. The fake nine gods skill can be said to be a low configuration Shanzhai version.

The evil moon enchanting God method is one of the pseudo nine heaven magic methods. This method can cover up the cause and effect, disturb the fate, and hide one's own heart. No matter how powerful a person is, he will not be seen through lying.

"Master, that..."

Xiaoxuan thinks of yechen in her heart. After all, yechen hasn't hurt her. She also has a good feeling for yechen.

"Don't worry about that guy. He's dead. My ancestors are cruel. If he offends them, he won't come to a good end. Although they are not against the princess, it's very easy to deal with an outsider."

Hong Xin sighed a breath, in her eyes, ye Chen is already a corpse.

Although Ye Chen's character is good, saved her, also didn't make what hurt move, let her be quite grateful, but also can only stop here.

She is very clear about Hong Tianjing's character and strength, and can never let go of any enemy.

.....

It's the world.

In a deep palace.

A woman in a yellow shirt sits cross legged, and countless auras under the ground surge towards his body.

All of a sudden, her eyes opened, and the old mark was shining on her eyebrows!

At the same time, there are ancient and mysterious runes above her head.

Endless waves burst out from the body!

The surrounding vegetation is withered and flourished in an instant.

Colorful auspicious atmosphere around the body, just like a saint.

If ye Chen is here, he will find that he is Shen Tu Wan'er.

Shen Tu Wan'er gently breathed out a turbid breath, and her whole body seemed weak.

This time she came out of Taigu dust cave, she was injured, but fortunately, the chance was good, which made her have the meaning of breakthrough.

If it wasn't for her mother who sent a rare body protector in the world, I'm afraid this breakthrough might have failed.

She stood up, holding a black iron umbrella, went out of the window, gazed at everything outside, and suddenly murmured, "I don't know what happened to that guy."

She was originally a martial arts maniac and devoted herself to cultivation.

There is nothing in the world that can disturb her pure mind except martial arts.

But whether she admits it or not, she knows that these days, her heart is upset.

She tried not to let herself think about things outside her own country, but a figure often appeared in her mind, just like a demon, but different from a demon.

In the Taigu dust cave, she nearly fell down many times. When she was in a desperate situation, her indifferent eyes seemed to be filled with the power of gods, which made her desperate!

While Shen Tu Wan'er was pondering, a knock came at the door.

"Come in!"

A pretty looking maid came in with a bowl of soup in her hand: "Miss, this linghuanguiyin soup needs to be taken after the breakthrough. My wife has ordered me to supervise you to take it!"

Shen Tu Wan'er's eyes coagulated and thought of something. She took the bowl of soup directly and took it at one breath. The power of the medicine broke out in Shen Tu Wan'er's body. Maybe it was because the power of the medicine was too strong. A trace of red glow climbed up Shen Tu Wan'er's cheek.

Mo'er's expression is a little strange. When is miss so easy to talk?

At this moment, Shen Tu Wan'er waved her hand and showed a smile: "Mo'er, come here, I have something to tell you."

Mo'er had a premonition of something, but he said cleverly, "please tell me."

Shen Tu Wan'er doesn't stop talking: "you must keep this secret all the time. Help me to find out about a man who is in heaven and man. His name is Ye Chen! By the way, help me to keep an eye on another person. He is called the Lord of reincarnation. "

After all, ye Chen has two identities, and the key to the latter identity may have a greater impact on the layout.

"What Mo'er's expression has changed greatly. When does Shen Tu Wan'er, a noble man in the supreme world, want to inquire about an alien?

And who is the reincarnation master? =-

"in three hours, I have to get the answer I want. Besides, heaven knows, earth knows, you know, I know." Shen Tu Wan'er stressed again. "Yes Miss Although Mo Er hesitates, she knows that she has no right to refuse, and if her wife knows about it, she will die!

As a servant, she has no choice even if she has to face the risk.

Later, Shen Tu Wan'er threw a storage bag gently: "it's not cheap to ask for information there. It's easier for you to take it with you. If you have any problems, tell me through the messenger jade pendant inside! I'll deal with it! "

"Yes, miss."

Soon, Mo'er's figure turned into a green smoke and dissipated in the world!

It can be seen that this is just a servant girl, and her martial arts power is not low!

This is the inside story of Shentu family!

.....

Three hours later.

The door was shut again.

Shen Tu Wan'er looks happy, five fingers a grip, a strong wind surging.

The door opened in a flash.

Mo'er came in with a dignified look. She knew that she was infected with the cause and effect today.

No matter how, still can be discovered by the madam, just hope that Shen Tu Wan'er is just curious about this matter.

"Mo'er, what's the result?"

Shen Tu Wan'er grabs Mo'er's hand and says excitedly.

Mo'er handed over a jade slip and said in a soft voice: "Miss, this guy named Ye Chen has caused a lot of influence outside the territory."

"Maybe it won't be long before it falls into it."

"We in the world of martial arts can not be too contaminated with extraterritorial cause and effect. Otherwise, martial arts will not be able to break through in one's life, or even be targeted by rules and cause and effect. When the time comes, miss, your safety will be in danger..."

Before Mo'er finished speaking, she was interrupted by Shen Tu Wan'er and said, "I know my business well."

Shen Tu Wan'er looks dignified at the contents of the jade slips.

When he left the world, ye Chen's situation was even more dangerous.

Xuanjiyue's many breakthroughs undoubtedly point at Ye Chen!

Plus the Confucianists and many forces, I'm afraid Ye Chen's strength is not necessarily difficult to cope with!

More importantly, Shen Tu Wan'er saw a hundred day appointment.

Chapter 5736

In terms of time, it is almost impossible for ye Chen to fight against the Confucianists with the blood god in such a short time!

Just as Shen Tu Wan'er analyzes Ye Chen's situation, Mo'er continues to say: "Miss, I've heard about one more thing. It's about wanxu, although those guys haven't confirmed the truth. However, it is likely to have something to do with things outside the territory. "

Mo'er didn't want to mention these things, but somehow, she thought Miss must know!

"What's the matter?" Shen Tu Wan'er is stunned and looks at Mo'er.

Mo'er looks around, maybe he's afraid of cause and effect, or he's afraid of the strong perception of wanxu, so he comes to Shen Tu Wan'er's ear and whispers.

After a few seconds, Shen Tu Wan'er's face changed greatly!

Although this matter is not absolute! But if those guys stare at the so-called Lord of reincarnation, it means that ye Chen is in danger!

.....

At this time, ye Chen didn't know what was happening in the supreme world. Although he doubted Hong Xin, there was no conclusive evidence. Moreover, there was a change in the jade pendant of yin and Yang. He didn't think about it any more. He followed the breath of the jade pendant of yin and Yang, tore the void and came to a marsh.

In this swamp, the water vapor is very strong, the sky is overcast, a few crows are circling, surrounded by twisted and weird trees, there are crocodiles, poisonous snakes and other beasts, hiding in the mud.

"The breath of magic weapon?"

Ye Chen sniffed and sensed that there was a magic breath in the air, which was interlinked with Taiyi zhenleisha and bishuikan Lingzhu.

"It's the combination of time and rain. This swamp is the combination of time and rain."

The voice of Feng Tianshang came from the reincarnation cemetery.

"When the rain against the charm?"

Ye Chen frowned.

"That's right. Shiyu Dui lingfu is one of the most important treasures of the thirty-three days of chaos. It belongs to the eight trigrams chaos. It's the main way to change the trigrams and turn them into the Ze. It seems that this magic weapon has not been collected for a long time, and it has automatically evolved into a swamp. Be careful, and don't fall into the mud."

Feng Tianshang reminds us.

This swamp is not an ordinary swamp, but a treasure of chaos in the past thirty-three days. It is a swamp evolved from the combination of rain and spirit talisman. Once people fall into the swamp mud, they will be swallowed up, and it is difficult to get out.

This magic weapon, with the vicissitudes of time, has not been collected and refined. It has been connected with the earth vein and has taken root. It's very powerful. A roll of swamp mud can devour even the ordinary strong people in the real world.

"Clear water, candling pearl, Royal!"

Ye Chen is naturally cautious. He sacrifices the Pearl of green water to form a blue shield to protect himself. Then he flies forward to find the strong one in the temple of yin and Yang behind him.

Not far away, ye Chen found a bloody body on a swamp beach.

"No!"

Ye Chen's face suddenly changes, go up to see, but see this body, is an old man, has lost vitality.

"Damn it, I'm a little late!"

Ye Chen clenched his teeth and searched the old man's body, but he didn't see the jade pendant of yin and Yang. He only saw a clan token with the word "Chongguang" printed on it.

"Less than half an hour later, who is it? Master Feng, can you restore it with the ancient still shadow array? "

Ye Chen touched the blood, or fresh, the old man fell less than half an hour, the enemy did not know where.

He calls for Feng Tianshang to use the array he used in the Confucian God Valley to restore the scene of the murder and investigate the murderer behind.

"No! This array can't be used casually. You've used it once. If you use it again, it will cause serious backfire and even affect me. "

However, Feng Tianshang refused directly. Obviously, it is not easy to use the ancient shadow formation.

Ye Chen's face sank, and he opened the extreme devil's pupil. He wanted to rely on his own ability to push everything.

However, behind this, it involves the great cause and effect of the supreme world, as well as the ultimate layout, which he is not able to spy on at all.

When he tried to deduce, he was oppressed by infinite heaven, and his chest was so stuffy that he could hardly breathe.

"Damn, it must have been killed by the people of wanxu!"

Ye Chen clenched his teeth. There is a great cause and effect of the supreme world behind the mystery. There is no doubt that the old man of the Yin Yang Temple must have been killed by wanxu, not others.

If it was someone else, or any other accident, ye Chen could directly trace back to cause and effect, and would not be so passive as now.

The old man's jade pendant of yin and Yang was lost. Naturally, it was robbed by the people of wanxu.

Once the existence of Yin Yang Temple is found in wanxu, the consequences will be unimaginable.

After all, the temple of yin and Yang is a card of the reincarnation of the past. If it is completely destroyed by the ruins, ye Chen will suffer unimaginable losses.

"Boy, I'm sorry. I'd better go quickly."

Feng Tianshang sighed and urged Ye Chen to leave. The smell of the swamp always made him feel a little uneasy.

Ye Chen looked at the old man's body, but he was silent and didn't speak for a long time. Boom!

Just then, the sky vibrates and the void tears.

Wisps of dark awn air, rolling ups and downs, forming a mist like existence, blocking the sky.

Several strange and powerful figures came down from the rolling black air. There were four people, divided into four directions, and surrounded Ye Chen in the air.

These four people are very young, proud and angry. They are all wearing black robes. It seems that people who are not in heaven and man's realm have the cause and effect of the world!

"Ha ha ha, it seems to have attracted a big fish!"

A man in black was laughing, but he was holding a jade pendant.

this jade peas like as two peas of Yin-Yang and Yachen.

"It's a trick!"

Ye Chen sees this and suddenly his face changes greatly.

The jade pendant in the hand of the black robed man was obviously taken away from the old man's body.

These people come from the supreme world. Somehow, they can activate the jade pendant of yin and yang to lure the disciples of the temple of yin and Yang.

Ye Chen was lured, is to step into each other's trap, he also knew that he was in the trap.

"Are you the Lord of reincarnation?"

"We have the imperial edict given by annihilating sky sword. We won't admit it."

"I didn't expect that this temptation attracted the reincarnation Lord of this life. As long as I kill you, the temple of yin and Yang will be completely destroyed, ha ha ha..."

These four black robed people, looking up at the sky to laugh, the mood is all incomparably comfortable, but recognized Ye Chen's identity.

Ye Chen's face sank. Since the other party cooperated with annihilation Heaven Sword, it must be the people of wanxu temple. The purpose is to investigate and kill the Yin Yang Temple.

Kill Ye Chen, is their ultimate goal, did not expect this temptation, ye Chen actually directly came, it is very happy, four people are very excited.

Ye Chen is scanning four people, the strength of these four people, all is too true realm five layer sky.

If you fight alone, he is sure to kill.

Chapter 5737

But the problem is, now the other side has four players, plus the cards, if you play, he is not sure to win.

Ye Chen may have a chance to win, but he can only win miserably. He must pay a huge price.

Ye Chen's heart sank thoroughly.

"Together, kill him!"

"Using all one's strength, although he is just the origin, reincarnation is superior to all the heavens. It's not trivial. We must never despise him!"

The four men looked at each other with fierce anger. They didn't mean to belittle the enemy. At the same time, they joined hands to attack.

Four figures, like thunder and lightning, cut through the sky and fell from the sky. From four different angles, they attacked each other separately and went to kill Ye Chen.

"It's too high to die!"

"It's too God's way!"

"It's too bad!"

"The fire way of heaven!"

The four of them showed no mercy. They all used the supreme Taoist method. The void around them was directly cracked. The fragmentary space law was wrapped in the terrible sky fire air, which wanted to frustrate Ye Chen.

"If you want to kill me, let's see if you have the ability!"

Ye Chen's hair is full of excitement and his eyes are full of cracks. Seeing the four people attack and kill him, he knows that today there will be a fierce battle, and now he doesn't talk nonsense. The wild devil's sword comes out of the scabbard.

The devil's spirit is rolling. With the supreme killing breath, it's as if it's going to destroy the heavens. It's going to cut around.

After absorbing the energy of Tianxue lake, ye Chen's cultivation has been promoted to the seventh level of heaven in the original realm. Moreover, he is possessed by the devil, and then he can use the wild devil's Heavenly Sword with ease.

He knew that the enemy he had to face today was no small one. If he made a mistake, he would give his life to him. So he would kill the enemy to the sky.

Whoa!

The fierce sword of the wild devil's Heavenly Sword cuts across, and a lot of void becomes nothingness in an instant. Under the light of the sword, it seems that hundreds of millions of universes are about to be destroyed, and the evil Qi is terrible to the extreme.

Ye Chen himself is also possessed by the devil. His body and sword are in one, and his breath is completely integrated with the wild devil Heaven Sword. Under the agitation of the sword spirit, he instantly breaks the four men's enclosure, and even cuts one of them.

"Ah

The black robed man, who was cut, let out a scream, but there was no blood flowing out of the wound. It was white.

"The wild devil Sky Sword is so strong that it can suck blood!"

The black robed man's face was horrified. He only saw the wild devil's sword. Blood appeared in the black Qi. He was drinking blood constantly. If he dodged slowly, he would have been sucked to death.

Ye Chen's wild devil Heaven Sword, which used to merge with the broken sword, has been completely transformed. He can drink blood constantly. The inside information is much stronger than ordinary Heaven Sword. Even if he has not grown up now, he still has the terrible cutting authority.

The four retreated far away and did not dare to approach for a moment.

After all, Huangmo Tianjian is one of the eight Tianjian. It's too sharp. Now it has the function of drinking blood, which is even more frightening.

"It's worthy of being the master of reincarnation. It's really powerful!"

In the eyes of the four, there was a trace of shock.

"The battle is over!"

"Use the sky to shine on the purgatory array, kill the reincarnation Lord!"

When they looked at each other, they all seemed to be determined. Their hands kept forging. The blood essence on their bodies was burning. They turned out to be strands of black flames, which were constantly evaporating on their bodies.

"The God destroys the sky to shine the work?"

Ye Chen sees those black flames and vaguely catches the similar breath of God destroying tianzhaogong. His face suddenly changes.

"Do you want to end the battle? Break it for me

Taking advantage of the opponent's array failed, ye Chen suddenly cut out with a sword to stop them from forming an array.

"Hum!"

A black robed man snorted coldly and suddenly rolled his hand. The body of the old man lying on the swamp was rolled up and thrown out together with the jade pendant of yin and Yang, standing in front of Ye Chen's sword.

Ye Chen sees the old man's body and is shocked. The sword in his hand stops and he can't bear to hurt him.

"Hahaha, Lord of reincarnation, you are still too kind."

The black robed man began to laugh. As he spoke, his black flame exploded like a volcano, reaching its peak.

"Heaven shines on purgatory array, coming!"

The four of them drank in unison. After all, the formation was formed.

In the sky, a picture of purgatory emerged.

This piece of purgatory, black clouds rolling, mist, everywhere is the scene of blood, everywhere burning strands of black flames.

These black flames seem to be able to burn everything. In purgatory, there are countless wronged souls howling under the flames. Sharp and strange cries resound all over the sky, shocking people's mind.

"Be careful! It's a fake nine heaven magic. Heaven shines on the purgatory array! "

When Feng Tianshang saw this array, he reminded him in a loud voice, and his tone was very scared.

"Pseudo nine gods?"

Ye Chen was stunned, but he also felt bad. He quickly put away the old man's body and the jade pendant of yin and Yang, and put it in the world of the yellow spring. At the same time, he quickly retreated to avoid the killing range of the big array. "The fake nine gods skill refers to the magic power created by referring to the nine gods skill. Although it's not as powerful as the nine gods skill, it's not trivial. Go back quickly!"

Feng Tianshang urges Ye Chen to leave. The current situation is very dangerous. The four men's array has become. If you touch it hard, I'm afraid it won't do you any good.

"Hypocrisy?"

Ye Chen's face sank. It seems that the Tianzhao purgatory array imitates the divine power of destroying Tianzhao, which makes him feel familiar.

Shenmientianzhao is a forbidden skill, which is forbidden by wanxu, but this Tianzhao purgatory array is not.

"Want to run? Where can you go when the battle is over? "

A black robed man saw that ye Chen wanted to go, and immediately sneered, pinched Jue, and the breath of the big array spread out.

The next moment, ye Chen suddenly felt a cool back, and then a burst of unspeakable heat.

Teng!

The space of his back, unexpectedly violently exploded a black flame, which was the flame of purgatory array that day.

Once this array is successfully established, the universe, the universe and the universe are all in the shadow of the array. It's very powerful.

"Damn it

Ye Chen clenched his teeth and immediately mobilized the holy water to protect his body from the fire.

"Can you stop it?"

The four men's eyes were fierce, and they kneaded and kneaded again and again. The dark sky fire immediately spread out and covered the whole world.

In a flash, the sky was burned through, and countless black holes appeared.

On the ground, the water vapor of the swamp also evaporated rapidly, many fierce animals were burned alive, and a lot of trees exploded and turned into ashes.

Countless hot black flame, like the tide, crazy towards Ye Chen swept.

Ye Chen was shocked by the black flame, but his whole body was choked with Qi, and no magic power could be exerted.

"Ha ha, Lord of reincarnation, what's it like?"

"This Tianzhao purgatory array is a pseudo nine heaven divine skill. Although it is not as powerful as the real nine heaven divine skill, it is powerful enough to kill people."

Chapter 5738

"Today, you can be proud of yourself if you can die in the great battle of wanxu."

Four people talk between, the facial expression is a little pale, obviously is also a huge waste of energy.

This Tianzhao purgatory array needs to burn essence and blood to maintain. The four people's Qi and blood are consumed in a large amount, but it's worthwhile to kill the reincarnation master.

Ye Chen is shrouded in the great array, and his Qi is suffocating. He can only use the holy water of the yellow spring to protect his body temporarily, but he is in a very dangerous situation.

Whoa, whoa, whoa!

Wisps of holy water in the yellow spring, constantly evaporating, under the endless black flame, it is difficult to maintain.

"It's so hot!"

In an instant, countless black flames burned to Ye Chen's body.

Severe burning pain, suddenly came, ye Chen forehead blue muscle burst.

If ordinary people were entangled by these black flames, they would turn grey in an instant. Ye Chen's strong constitution can support him for a while, but if it goes on like this, it won't last long, and there is still a risk of falling.

"Master Feng, help me!"

Ye Chen roars in his heart and wants to use the power of reincarnation.

But at this time, a black iron umbrella suddenly assassinated from the void, sweeping the world like a long sword.

"Frost star air current, break!"

A woman in a yellow shirt suddenly burst out of the air and swept around with an umbrella. The cold air rolled out like the eternal frost, and all the black flames around her were extinguished.

"Shen Tu Wan'er!"

Ye Chen sees that yellow dress woman, immediately startled.

The woman was Shen Tu Wan'er. She was holding a black iron umbrella. She was extremely proud and invincible. As soon as she came down, she immediately swept the hall. The terrible frost on her body exploded and even the world was frozen.

The four black men fell back and broke their faces.

"Shen Tu Wan'er, it's you!"

"What do you want to do?"

Their faces were gloomy, and they obviously knew Shen Tu Wan'er.

"If you don't want to die, get out now!"

"This man's life is mine."

Shen Tu Wan'er's eyes were cold and her face was full of killing.

"What do you mean? You want to be the enemy of wanxu? I advise you not to be contaminated with cause and effect. "

A man in black threatened.

Puff!

Shentu Wan'er did not waste words. The umbrella of Xuan iron suddenly stabbed, and broke open a lot of void. An umbrella ran through the heart of the man and killed him directly.

"What

"How dare you kill!"

"It's wrong, it's wrong! How bold

The rest of the three people were shocked. They didn't expect that Shen Tu Wan'er would dare to attack the assassin. In shock, they rushed to fight back, burning black flames in their hands and killing Shen Tu Wan'er.

Shen Tu Wan'er was calm and unmoved. She opened the black iron umbrella lightly. A machete in the umbrella came out and killed the three people in an instant, just like chopping melons and vegetables.

Ye Chen sees her so ferocious means, the heart can't help shaking.

I haven't seen her for a while. It seems that Shen Tu Wan'er's strength has improved again. She is much more powerful than before. In the blink of an eye, it's no trouble to kill four wanxu disciples.

With the death of the four, the sky was clear again.

"Thank you, Shentu Wan'er."

Ye Chen looks complex and thanks Shen Tu Wan'er.

"No, I said, your life is mine."

Shen Tu Wan'er's voice was light. She put away her black iron umbrella and scanned the swamp below.

Then she grabbed a token with her palm across the air.

This token was dropped from the body of the old man in the Yin Yang Temple, with the word "Chongguang" printed on it.

"Chongguang Xianzong? The hermit clan in ancient times? How can it be related to wanxu? Isn't Mohr's news true? "

Shen Tu Wan'er frowned lightly, and a wisp of aura enveloped the token, trying to deduce the cause and effect behind it.

When ye Chen hears Shen Tu Wan'er's words, he quietly uses the old man's Yin Yang jade pendant to deduce the secret.

Later, ye Chen was surprised to find that this old man was actually an elder of Chongguang immortal sect in ancient times. Because he admired the reincarnation Lord, he took refuge under the command of Yin Yang Temple.

The temple of yin and Yang is very important for the final layout of reincarnation. Therefore, the old man does not dare to expose himself. He usually continues to use the name of Chongguang immortal sect to cover up his identity.

Ye Chen also captures a trace of cause and effect. It turns out that the Chongguang emperor he met in the seven kingdoms was a disciple of the Chongguang immortal sect.

The first Hongmeng ancient method he practiced in those years, the sound of the Heavenly Dragon and eight gods, was given by Emperor Chongguang.

Today, the cause and effect of the past are intertwined, and ye Chen suddenly feels that life is like a dream.

"No, it's not as simple as Chongguang Xianzong! There must be something more hidden behind itShen Tu Wan'er was holding the door token, frowning deeper and deeper, obviously feeling that the cause and effect behind it was not simple.

If it is a pure Chongguang immortal sect, it is impossible to make the wanxu temple so laborious.

Shen Tu Wan'er stares at Ye Chen and says, "tell me, what's the cause and effect behind it?"

Her tone with a threat, but ye Chen know, she is for their own good.

"Don't ask, I won't say."

Ye Chen naturally can't reveal the existence of the Yin Yang Temple. In fact, it's for Shen Tu Wan'er's sake, and she doesn't want to get involved too deeply.

Shen Tu Wan'er snorted, "is it about the final chess game? Now that I have done it today, I will not be afraid of everything. Your life is mine. In this world, only I can kill you! "

Ye Chen said with a bitter smile, "miss Shentu, thank you for saving me today. I am very grateful. If I don't die in the future and go to the supreme world, I will repay you for your kindness."

Shen Tu Wan'er said, "who wants you to repay me? You're going to make less trouble in the future. "

Between the words, Shen Tu Wan'er pinched a formula. A light moonlight was released between her fingers and condensed into a crescent moon in the void. With a hissing sound, the moonlight swept across the swamp like water and wiped out all traces of cause and effect.

Ye Chen is slightly surprised and says: "what are you doing?"

Shen Tu Wan'er said: "I use the technique to erase the cause and effect, so that you won't be watched by wanxu people. I can't come out to help you every time. Wanxu has buried a lot of chess pieces outside the territory. They are all haunted. They used to be suppressed by the rules, but they didn't dare to make trouble. Recently, the rules are loose. They come out to kill you. If you die, who can I take revenge on ?"

Ye Chen hears her words, in the heart a burst of gratitude, and is some don't laugh and cry, way: "if you want to revenge, that now although start is."

Shen Tu Wan'er said, "your cultivation has only seven levels of heaven in the original realm. If I start now, you will not accept it. When you reach my realm, I will kill you again, lest I bully you."

"Whatever you want."

Ye Chen smiles for a while, and doesn't say anything more.

Chapter 5739

In his eyes, Shen Tu Wan'er is a Wuchi, but he is not stupid. If he really wants to do it, he can't stand so easily.

But what makes Ye Chen strange is that Shen Tu Wan'er has something in her hand, and the rules of foreign countries have no great influence on her?

Of course, everyone has his own secret, ye Chen can't ask too much.

"Well, cause and effect I have erased, you give me a good life, don't die."

"If you die, I will kill all your friends outside the territory. By the way, there is the woman named Wei Ying! Do you understand? "

Shen Tu Wan'er's aura converges and she is ready to leave.

"Wait!"

All of a sudden, ye Chen frowns, seems to feel something, quickly called Shen Tu Wan'er.

"What's the matter?"

Shen Tu Wan'er looks back.

"What's the name of the spell you just cast?"

Ye Chen looks at her, vaguely, unexpectedly feel Shen Tu Wan'er's breath, and Hong Xin is a little similar!

The technique she just cast, the residual breath, is very similar to Hong Xin.

"What, do you want to learn?"

"My method, called the evil moon enchanting God method, is one of the pseudo nine God methods. It can erase the cause and effect, disturb the heaven and cover up the spirit. It's quite complicated to practice. I don't think you have time to learn it."

Shen Tu Wan'er said lightly.

"The evil moon enchants the gods I want to ask you, if I use this technique to cover up cause and effect, is it because I lie to my face and no one else can detect it? "

Ye Chen's heart beats wildly for no reason.

Shen Tu Wan'er frowned slightly. He didn't know why Ye Chen asked this question. He said: "naturally, this technique can disturb heaven's secrets. It's deceptive. When you reach the highest level of cultivation, you can even cheat yourself."

"Really..."

Ye Chen's heart beats harder, and faintly discovers that he seems to have been cheated.

The girl named Hong Xin seems to have cheated him by using the magic of the evil moon.

She's lying!

Ye Chen's scalp is numb. In this way, Hong Xin must know Hong Tianjing, and he has a lot to do with him. He's afraid of being investigated, so he deliberately lies to deceive others.

Is this an accidental awakening of the enemy camp?

But now that Hong Xin has left, no matter how much she thinks about it, it doesn't help.

"What's the matter with you?"

Shen Tu Wan'er sees that ye Chen looks different and asks.

"It's true that women will think of something to cheat people."

Ye Chen's face sank, and he didn't know whether it was good or bad to let Hong Xin go.

"Ha ha, it's a pity that I'll cheat again, and I can't cheat myself."

Shen Tu Wan'er gave a cold smile, but her tone was a little sad.

With these words, she tore the void, left here and returned to the supreme world.

Ye Chen is a Zheng, did not expect Shen Tu Wan'er to leave like this at all.

What's the meaning of her last sentence?

.....

On the way back, Shen Tu Wan'er is in a great confusion. She knows that she has developed a strange feeling towards Ye Chen.

This trace of emotion, is likely to implicate her, and even let her die.

"It's a pity that I can't cheat myself after all."

Shen Tu Wan'er smiles bitterly. If she is obsessed with the evil moon, she can cheat her brain and get rid of all her feelings.

However, the evil moon enchanting God method is not a simple matter even if it is a pseudo nine heaven divine skill.

At least, Shen Tu Wan'er is far from that.

Today, she is destined to be involved in the chess game.

In a short time, Shen Tu Wan'er came to a dark sea, which lies between the outside world and the supreme world, and is called the dark forbidden sea.

After crossing the dark forbidden sea, you can return to the supreme world.

Shen Tu Wan'er is ready to go home, but suddenly, the Black Sea is surging. There are a lot of sand wrapped in the waves. Each grain of sand has the weight of the stars, rolling and falling, and the momentum is amazing.

Shen Tu Wan'er was surprised and quickly opened the black iron umbrella to protect herself.

"Wan'er, where have you been?"

At this time, a very gloomy, very cold voice sounded.

A beautiful woman came down from the waves, holding a corpse in her hand and throwing it directly in front of Shen Tu Wan'er.

"Mother!"

Seeing this beautiful woman, Shen Tu Wan'er was shocked and fell on her knees.

This beautiful woman is her mother, the supreme power, Shentu Tianyin!

The endless golden light and the incomparably brilliant haze flowed from Shentu Tianyin, which made the whole dark forbidden sea shining. There was no more strange breath, only endless immortal spirit and magnificence. "Wan'er, what are you doing in heaven and man?"

Shentu Tianyin asked sternly.

"Mother..."

Shen Tu Wan'er's delicate body trembled and did not dare to speak. She silently looked at the body in front of her eyes.

, the body as like as two peas of the WAN ruins, who had just killed her, were apparently dressed in the temple of Wan ruins.

Shentu Tianyin snorted and said, "this is the strong man hidden in the dark in wanxu temple. He is in charge of many pieces in heaven and man behind the scenes. He wants to destroy the temple of yin and Yang and kill the reincarnation Lord."

"The temple of yin and Yang?"

Shen Tu Wan'er's delicate body trembled slightly.

Shentu Tianyin said: "this temple of yin and Yang is related to the ultimate game between the reincarnation Lord and wanxu. The cause and effect is very dangerous. How can you get in easily? Although you have just covered up the cause and effect with the method of enchanting the gods with the evil moon, how can the ruins exist? How can I be easily deceived by you? "

"If you are exposed, you will die! I just killed the person behind you. You are safe now. Come home with me! "

"I won't pursue the past. As long as you live in peace in the future, don't make trouble for me again!"

She spoke in a very strict tone, but she also cherished her daughter. She didn't want to see her daughter in deep mud. She gave her life in vain for a man.

Wanxu's power is too huge. Once they find out that Shen Tu Wan'er has set foot in it, even Shen Tu Tianyin can't protect her.

"Mother..."

Shen Tu Wan'er bit his lower lip, but he didn't speak and was in a state of confusion.

Shen Tu Tian Yin's face is one cold, way: "how, you still think of Ye Chen that kid?"

"No, mother, I I don't know how to explain it to you. "

Shen Tu Wan'er was so angry that she didn't understand her feelings.

"You are moving! Take a mirror to look at yourself and see what you look like now. If you are seen by outsiders, what is the face of Shentu family? "

Shen Tu's face was full of anger, and the word "cheap phase" was very serious. He gritted his teeth and hated iron but not steel.

"No, mother..."

Shen Tu Wan'er felt like being cut by a knife when she heard such a severe reprimand.

Pop!

However, Shen Tu Tianyin didn't give her an opportunity to explain. She slapped her face directly and seemed to want her daughter to wake up.

Chapter 5740

Shentu Wan'er doesn't know the complexity of the game, but she knows Shentu Tianyin very well!

Since ancient times, the supreme world has attached great importance to foreign countries!

If the supreme world is compared to a game of chess, then extraterritorial is an extremely important chess piece!

Those guys in wanxu will not allow this piece to get out of their control!

And Shen Tu Wan'er's behavior today is against the principle of wanxu!

If she didn't find out in time, the consequences would be unimaginable!

Even for a moment, she plans to kill Mo'er!

At this moment, Shen Tu Wan'er's cheek suddenly appeared a red and swollen handprint.

She only felt the hum of her ears and the hot pain in her face.

"Niang, I've done it, I don't regret it! If I offend wanxu, I will bear it alone! "

Shen Tu Wan'er clenches her teeth, but she reveals her heart. This slap seems to make her decision.

"Reverse, reverse!"

Shentu Tianyin was furious and said, "what are you going to take? If it is found out by wanxu temple, do you think they will only retaliate against you? When the time comes, my family will be destroyed! It's because of your children's love

Hearing this, Shen Tu Wan'er was shocked.

This consequence is obviously too serious for her to bear.

For ye Chen, she may be willing to abandon herself, but she doesn't want to implicate her family.

However, if you want to give up Ye Chen for the sake of the family, it is absolutely impossible.

This time, Shen Tu Wan'er suddenly fell into extreme pain and contradiction, and did not know what to do.

"Somebody

Shen Tu Tianyin's eyes are sharp, and he seems to have a plan.

"Madame."

The Black Sea is tumbling, and two powerful figures in gold armor come to Shentu Tianyin.

Shentu Tianyin said coldly, "take Miss back and let her face the wall in Wuwei forbidden area. You can't leave for ten years. Keep a good eye on her. Don't let her help outsiders secretly by any means or by any means."

Hearing the four words "Wuwei forbidden area", Shen Tu Wan'er looked shocked, showing a look of great panic.

It's a terrible place to be imprisoned by the guards. It's a terrible place to be imprisoned by the guards.

According to legend, Wuwei forbidden area has something to do with Wuwei Tianjian.

Wuwei Tianjian, one of the eight Tianjian, is extremely fierce. If people are imprisoned in the forbidden area of Wuwei, they have to bear the killing of Tianjian every day, and they have to bear great pain physically and mentally.

Shen Tu Tianyin wanted to imprison her daughter in the forbidden area of Wuwei for ten years. She was obviously angry.

"Yes, ma'am!"

The two guards of the golden armour did not dare to ask more. One left and the other right escorted Shen Tu Wan'er back to the supreme world, ready to send her to the forbidden area.

"No, mother, just kill me!"

Shen Tu Wan'er's tears came down and she didn't know what to do. She even thought of death.

Because the forbidden area of Wuwei is really terrible. There is the killing of Wuwei's Heavenly Sword behind it. Once imprisoned, it will be more miserable than going to hell.

Shentu Tianyin was heartbroken when she saw her daughter's appearance, but she gritted her teeth and made her heart horizontal. After all, she didn't let go.

"It's Ye Chen, who made my good daughter look like this. I must kill him!"

Shen Tu Tianyin grits his teeth and hates Ye Chen so much that he just wants to kill him and then be quick.

If let Ye Chen continue to live, her daughter is bound to continue to fall, even if it is the torture of the sword through the heart, can't let her repent.

However, if she exists outside the territory, the cause and effect involved will be too heavy.

This is not a simple matter and needs to be considered in the long run.

.....

As the picture turns around, ye Chen sees Shen Tu Wan'er leaving. He has a lot of thoughts and wants to leave. He is ready to continue to investigate the cause and effect behind the fall of the strong man in the temple of yin and Yang.

"Boy, don't go yet."

At this time, in the reincarnation cemetery, Feng Tianshang suddenly made a sound.

"Master, what's the matter?"

Ye Chen is stunned.

"Before you leave, you might as well take the rain to the talisman. After all, it's a valuable treasure."

Feng Tianshang reminds us.

"Well?"

Ye Chen looked down, but found that the whole swamp had been overturned, almost in ruins.

Just now, the four strong men of wanxu used Tianzhao purgatory array together. The breath was so terrible that the heaven and the earth shook and the void collapsed.

This swamp was transformed by rain and magic talisman. Originally, it had been connected with the earth and was difficult to collect. But now it was shaken and had a chance to seize it.

"Well, if you collect this treasure, you can get more help!"

Ye Chen immediately releases the holy water of the yellow spring, falls down like a waterfall, and penetrates into the earth. Then he feels that there are strands of runes condensing in the depth of the earth, emitting a familiar chaotic atmosphere. "Holy water of the yellow spring, imperial edict!"

Ye Chen's heart reads a move, the holy water of the yellow spring diffuses down, and completely separates that wisp of runes from the earth, and extracts them.

Whoa, whoa, whoa!

The rune rose up and condensed in the air, and turned into a talisman.

This talisman, with the word "Dui" printed on it, is the spirit talisman of Shiyu Dui in the treasure of chaos for thirty-three days.

The process of exchanging rain for talismans is extremely simple, and there is almost no obstacle.

Because ye Chen's holy water of the yellow spring has strong penetration power and is the king of all kinds of water. At this time, the rain against the talisman carries the moisture of the swamp. It is also easily penetrated by the holy water of the yellow spring and becomes Ye Chen's magic weapon.

"Good."

Ye Chen is quite satisfied, nods, more magic weapon, more help, let him have greater assurance, against the Confucian.

After putting away the rain and the talisman, ye Chen goes back to the world of the yellow spring and looks at the body of the strong man in the Yin Yang Temple, his eyes suddenly darkened.

He didn't even know the name of the other party when he died.

"Master, don't worry. One day, I will kill wanxu and avenge you!"

Ye Chen clenches his teeth, and his heart is burning.

Later, ye Chen prepared to bury the old man's body under the Alsophila tree.

But all of a sudden, he found that the old man's body seemed to have a talisman.

"Well?"

Ye Chen's eyes moved and took out the Fu Zhao, but he saw three words written in blood on it:

magic dust peak!

The handwriting is crooked. It is obviously a blood book written by the old man with his last effort before he died.

"Magic dust peak? Why did you mention the magic dust peak

Ye Chen was surprised.

The magic dust peak is the Taoist field of the magic dust smoke. Before, it was also because of the magic dust smoke that ye Chen could spend thousands of years in the magic realm and cultivate the destruction of the seal to the seventh heaven.

At the moment, the illusory dust smoke and Mie Wuji have already untied their heart knot and lived in seclusion in the mountain peak, regardless of the world.

But now, the old man of the fallen Temple of yin and Yang specifically mentioned the peak.

"Is the magic dust peak related to wanxu?"

Ye Chen's heart is awe inspiring, but on second thought, Mie Wuji and Huan Chenyan have a deep-rooted feud with wanxu temple, so they can't have anything to do with each other.

"So, why?"

Ye Chen frowns tightly, it seems necessary to go to the magic dust peak again, to explore the cause and effect behind.
