Chapter 5971

"Yafei, what else do you want? You must take advantage of the weakness of the reincarnation Lord and kill him immediately for revenge!"

At this time, a handsome young man with a folding fan came from the northwest.

Every time he walked out, the rain of blood in the sky faded away. When he came to the girl in the cheongsam, the rain of blood had receded, and the heaven and the earth were clear again.

"I have seen your son!"

Those elders, respectfully say hello to the young master.

"Cousin, the reincarnation of the Lord is very powerful. Our Yuhuang family has been declining for a long time. Foreign countries are not our main battlefield. We must not be enemies."

Qipao girl named Yuhuang Yafei shakes her head and has made a decision. She doesn't want to be the enemy of reincarnation so soon.

"Hum, our Yuhuang family came out of the inner earth with countless deaths and injuries. They came to heaven and man to capture the evil spirit martial arts and Longyuan Heavenly Sword. Unexpectedly, Hong Tianjing was staring at the back of Longyuan Heavenly Sword, so we couldn't intervene."

"The evil evil evil spirit martial arts code is the only hope for the rise of our family. Now the elder tuochang is killed by the reincarnation Lord, and the evil evil evil spirit martial arts code is also taken away. If this revenge is not paid, what face does my Yuhuang family have in heaven and earth?"

"If the reincarnation master is in the peak state, I may be afraid of Yu Huang Qing Shu, but now he is reincarnated and his strength is so weak, what's the fear? If you don't kill him while he's weak, you'll be in trouble when he's big! "

Young master Yu Huangqing book "pa" once, put away the folding fan, there is a killing opportunity in his eyes.

The elders looked at each other and didn't know what to do.

Yuhuang Yafei took a deep breath and said, "cousin, it's no use struggling so much. It's not a wrong for us to be defeated by the reincarnation Lord today. This time, we failed to capture the evil spirit martial arts code and suffered heavy losses. There is no place for our Yuhuang family in heaven and man. For today's plan, we can only go to the dark forbidden sea."

The dark forbidden sea is a sea area that lies between the outside world and the supreme world. Only by crossing this sea area can we fly to the supreme world.

Hearing that Yuhuang Yafei wanted to go to the dark forbidden sea, Yuhuang Qingshu changed his face and said, "do you want to take refuge in Wutian

Yuhuang Yafei said: "exactly!"

When the elders heard the word "the devil has no heaven", they looked frightened and trembled. It seemed that they heard the most terrible person in the world.

Yuhuang Qingshu said: "that demon ancestor Wutian is the first generation leader of wuwutianshu. He has great ambition and dreams of destroying our Yuhuang family. You go to take refuge in him, don't you go to the net?"

Yuhuang Yafei said: "it's better to stay here and be killed by reincarnation."

After a pause, he said, "come on, give me an order. Reincarnation is coming. Take your family to the dark forbidden sea, and take refuge in the demon ancestor Wutian!"

Her voice falls, behind the other side of the tree, blooming dazzling red awn, one after another of the other side of the flower, bright bloom, countless petals floating in the wind, landing into dust, showing a trace of sadness.

The mighty voice spread all over the forest. Many descendants of the Yuhuang family looked at each other in amazement when they heard the order of migration and refuge.

But the order of the Virgin was as heavy as a mountain, and it could not be resisted.

They all flew out and came to the other side of the tree, looking at Yuhuang Yafei.

Yuhuangyafei light way: "pack up things, ready to move."

Yu Huang Qing Shu stepped forward and said angrily, "I don't agree!"

Yuhuang Yafei said: "cousin, do you want to resist?"

Yu Huang Qingshu's face was very blue, and said: "now the Lord of reincarnation is just a waste of the eight levels of heaven. What's your fear? I will go to the extreme north sky sea myself and kill it! "

Yuhuang Yafei said: "the Lord of reincarnation is very lucky. We can't speculate with common sense. If he is so easy to be killed, why did xuanjiyue and Emperor Shitian fail? Why didn't the ancestors kill him thoroughly? Now it's not time to tear your face. Cousin, follow me to the dark forbidden sea for a while, and it's not too late to plan revenge later. "

Yu Huangqing wrote: "the big man was born between heaven and earth, how can he depend on others? If you want to take refuge in Wutian, you might as well kill me! "

After a pause, he looked at the Yuhuang people around him and said, "my Yuhuang family is an upright family of the emperor. Why are you afraid of a reincarnation master? Who would like to go with me to the far north sky sea to kill reincarnation, stand up! "

The voice falls down, the whole court feather royal family person, you look at me, I look at you, but don't know what to do.

Yuhuang Yafei said: "do not be enemies with the reincarnation Lord! Go to the dark forbidden sea at once

With that, Yuhuang Yafei's slender hand waved, and a space tunnel ran through the twinkling light of the divine tree on the other side.

This space tunnel leads to the dark forbidden sea.

Yuhuangyafei lotus step gently step on the ground, delicate body like the wind fly up, step into the channel.

One by one, the yu Huangs dare not disobey the orders and follow yuhuangyafei one after another.

"Lord son, we'd better leave the Castle Peak here and not worry about firewood."

"Yes, Lord son, it's not too late for a gentleman to take revenge."

Several elders persuade Yu Huangqing to write.

Yuhuangqingshu looks iron green, standing in the same place.

The elders sighed helplessly and turned to follow Yuhuang Yafei.

In the blink of an eye, except for a few of Yu Huang Qingshu's confidants, all the other Yu Royal people went clean.

Just now, it was still a busy forest. In a moment, there was only a faint wind.

Although in the heart of some Yuhuang people, they also want to find Ye Chen for revenge, Yuhuang Yafei's order has been issued, and no one dares to disobey it.

Absolute obedience to the order of the virgin and unity are the reasons why the Yuhuang family remains here. If the internal strife were scattered, the family would have been completely annihilated.

"Young master, do you really want to take revenge?"

Those confidants, who dare not breathe, stood beside Yu Huang Qing Shu.

At this time, the divine tree on the other side is still shining, and the space tunnel is still there.

Obviously, Yuhuang Yafei also wants Yuhuang Qingshu to go back and not to engage in infighting.

Yuhuangqingshu's eyes were fierce, but he didn't hesitate at all. He said: "the boy, the reincarnation master, can he still turn the sky? You go with me, even if you will be suppressed by Qi Yun, but if you take his head, you will win reincarnation Qi Yun! "

All the disciples were horrified when they heard the words, but now there is no room to turn back and say in unison: "yes!"

Yu Huangqing wrote: "when we take the head of the reincarnation Lord, we will make great contributions. I will be the leader of the divine tree on the other side, and my cousin should abdicate. In the future, I can be my concubine. I will be comfortable and happy for the rest of my life, and I don't have to worry about everything."

At this point, Yu Huang Qing Shu smiles a little. It seems that he has already thought of killing Ye Chen and taking control of everything.

Chapter 5972

"Go, follow me to the far north sky sea!"

At the moment, Yu Huang Qing Shu tore the void and set out with a few confidants.

The divine tree on the other side, whistling, swaying with the wind, turned into a little red light and dissipated.

The whole forest suddenly caught fire.

All of a sudden, the cause and effect of the existence of the Yuhuang family was erased.

.....

At this time, the northern sky sea, the central island.

Ye Chen is reading the book of evil evil evil. It's been a night. The sun is shining, but it can't reach the island.

The disaster gas and smoke on the island linger like a dead end.

Li Qingshan has awakened, and Li Feixue stay by Ye Chen's side.

Shengyun Zun is deducing the operation of the Yellow River prohibition, and there is no change at this time.

Outside the island, the blood dragon and the blood god are guarding, which is also peaceful.

However, this calm seems to be a sign before the storm.

In the rift valley in the center of the island, the evil red light is more and more intense, just like a volcano about to erupt. Obviously, the scarlet chalcedony is coming out.

Ye Chen is still concentrating on cultivation. After a night's comprehension, his mind has been slowly immersed in the mystery of the evil evil spirit martial arts canon.

Vaguely, ye Chen seems to have come to a dark abyss.

This abyss, as if never see the bottom, leaf Chen body constantly fall down.

"Practice quickly and succeed!"

Ye Chen's heart read a move, the whole body Qi and blood in continuously tighten, compression.

This evil evil evil martial arts Canon compresses Qi and blood during cultivation, condenses Qi and blood of the whole body into a particle. The particle compresses continuously, and finally becomes small to almost nothingness, which is close to the realm of nothingness.

After a night's cultivation, ye Chen's Qi and blood have been completely compressed in the elixir field.

In his elixir, there is an absolutely bright particle.

The particle is infinitesimal, thousands of times smaller than the smallest dust, which can't be captured by naked eyes, and contains unimaginable energy.

Ye Chen whole body energy, all compress in this small dot.

A small particle, blooming the sun, but also dazzling light.

Li Feixue and Li Qingshan are guarding, only to see ye Chen covered with golden light, the weather is very majestic, can't help but be shocked.

At this time, ye Chen's skin and flesh were extremely cold, and there was no blood.

His Qi and blood, all condensed into a small point.

A little bit of nothingness!

"Is it necessary to touch the realm of nothingness?"

Ye Chen felt at a loss for a while and felt his body falling in the abyss.

Qi and blood are condensed into particles, but his meridians are not exhausted because of the nourishment of reincarnation.

If ordinary people practice evil evil spirit and martial arts, their own meridians will dry up and die at any time after the concentration of Qi and blood, but ye Chen is special. His reincarnation blood will never dry up, even if the blood has run out, there will be the protection of the atmosphere.

This is what reincarnation is special about.

At the moment, there is only one feeling in Ye Chen's mind, that is, he is falling into the dark abyss, constantly falling into the dark nothingness.

.....

At the same time, Zhenxie plate.

The Wuzu suddenly opened his eyes!

Blood red pupil in unexpectedly have extremely accident!

"This boy has mastered such an evil thing. If he cultivates it successfully, and then I take it away, I'm afraid I can have a place in the supreme world..."

"It's a pity that there's the old man around him... It's said that he's called the old man... I have to find a way to get over this man and give up the boy!"

"Maybe I entered the town evil plate, plus met this boy, is my luck!"

Think of here, Wu Zu's expression is suddenly some ferocious.

Then, he looked at the evil sword beside him and said, "I'm afraid you also feel that breath."

"This time, will you and I cooperate?"

The evil sword shakes gently, as if answering Wu Zu, and as if refusing.

Nobody knows.

.....

At the moment, ye Chen naturally doesn't know what happened in Zhenxie pan.

In the process of falling, ye Chen suddenly has a strong crisis in his heart.

"No! This is not nothing! It's nothing but darkness

Ye Chen has a profound knowledge of martial arts. His understanding of all kinds of martial arts is also the existence of ancient and modern.

At this time constantly falling into the dark abyss, ye Chen has a very strong uneasiness in his heart, and obviously feels that something is wrong.

In the legend, nothingness is a state where nothingness does not exist. That's why it's called nothingness. But now his whole body is golden and his consciousness is falling into the abyss. It's just a dark degeneration, not nothingness at all.

"After all, this evil book is not the right way."

Ye Chen is quite disappointed and shakes his head. He wants to fly out of the dark abyss and return to the real world.

"Roar!"

Suddenly, there was a roar in the abyss, but all kinds of ghosts and evil spirits climbed out of the abyss, grabbed Ye Chen's feet and didn't let him escape.

It turns out that this evil evil spirit martial code has its own resentment. Ye Chen's entering into the abyss is too deep, which has touched the resentment of the evil spirit martial code and is about to be swallowed up.

"It's just an evil way. Do you want to devour me?"

Ye Chen hummed coldly. He had already prepared for it. The dust stele, the wind stele, the dark stele, the burning stele and other reincarnation steles were all released and revolved around his body.

As soon as they touched the xuanbei of reincarnation, they screamed and were repulsed.

Hum!

Among the many reincarnation steles, the dark stele constantly vibrates, bursts out a strange light, and resonates with the evil spirit martial arts code.

"Can the dark stele resonate with the evil evil spirit martial code?"

Chapter 5973

Ye Chen's eyes brightened, and then suddenly realized.

The evil spirit martial code has the evil spirit of the dark abyss, which is interlinked with the dark breath of the dark stele. If the two are combined, it may make the dark stele transform!

At present, ye Chen's dust stele, wind stele, burning stele, magic stele and spirit stele have all been transformed into a perfect one, but the dark stele and poison stele are still far from perfect.

If you can absorb the evil spirit martial Scripture, the dark stele will be transformed into a complete one!

"Reincarnation dark stele, I suppressed it!"

Ye Chen drinks fiercely and sacrifices the dark stele.

Hum!

The dark stele is suspended in the dark abyss. The ghosts and evil spirits around it scream one after another. Under the impact of the aura of the dark stele, they all collapse and annihilate.

Whoa, whoa, whoa!

One by one, the characters of the Black God's awn are flashing, flying out of the abyss, dancing like butterflies.

These black characters are just the pithy words of the evil evil evil spirit martial code.

All the characters surround the dark stele, and then they are completely attached and integrated with the dark stele.

On the stone of the dark stele, there is a huge "dark" word shining constantly, and around the "dark" word, there are small evil scriptures.

The dark stele is a combination of evil evil spirit and martial arts. In a moment, the spirit is in full swing, and infinite energy rushes out.

Click!

These energies, infuse into Ye Chen's body, ye Chen's whole body muscles and bones suddenly explode, inch by inch change.

"The nine layers of heaven in Shiyuan!"

In the blink of an eye, ye Chen's cultivation breath broke through from the eight level sky of the original realm to the nine level sky of the original realm.

"That's great. The evil evil spirit martial arts canon is really strong. It makes me break through successfully!"

Ye Chen is very surprised. Although the evil spirit martial code is far away from the realm of Wu Wu Wu, it is a Book of evil heaven after all. The power of it is incredible.

Ye Chenwu has a profound foundation, and it's not easy to break through it. But this time, he integrated the evil spirit martial arts canon, but it's a complete breakthrough, which shows the power of the evil heavenly book.

Outside, Li Qingshan and Li Feixue see ye Chen's body, suddenly burst out a dark air.

The dark air soared to the sky and covered the sky in an instant.

Even the disaster on the island can not be compared with the dark atmosphere.

Outside the island, the blood dragon and the blood god were shocked to see the dark atmosphere.

The blood dragon was surprised and said, "it's the breath of the master! The master has broken through! This is the edge of the most dark spirit

Blood dragon is recognized, the dark breath of blocking the sky, from ye Chen to dark god vein.

After integrating the evil spirit and martial arts canon, ye Chen made a breakthrough in his cultivation, and the dark stele was transformed into a complete one. Naturally, the most dark spirit pulse related to the dark stele was also transformed into a complete one.

At this time, the lingering black air in the sky was the breath of his dark spirit.

Near the Huangquan River, Saint Cloud Zun's face changed slightly when he saw the lingering black air.

"That boy, reincarnation blood has changed. It's not good."

Vaguely, Saint Cloud Zun also felt the crisis, quickly bit through his fingertips, forced out a drop of blood essence, and sped up the speed of inferring the prohibition of the yellow spring.

.....

Beside the rift valley, ye Chen practices perfectly and opens his eyes.

"Big brother, congratulations on the breakthrough!"

Li Qingshan came in surprised and congratulated Ye Chen.

Li Feixue also looked at Ye Chen with a smile and said, "brother ye, have you successfully comprehended the evil evil spirit martial arts code?"

With a smile, ye Chen first spread the particles in the elixir field, let Qi and blood flow back to the whole meridians, and said: "the evil evil evil martial arts Scripture is not only a magic power, but also a magic weapon. I have suppressed it and integrated it with the dark stele."

With that, ye Chen offered a dark stele. The characters on the stele are encircled, which is exactly the pithy formula of the evil evil spirit martial arts ceremony.

Li Feixue was slightly surprised and said, "brother ye, what's the secret of this evil evil evil martial code?"

Ye Chen pondered for a while and said, "this book of evil heaven is said to be able to see the mystery of Wu Wu, but I can't see it."

Li Feixue said, "what is nothing?"

Ye Chen said: "I don't know, but I've heard the legend. It's said that the ultimate realm of cultivation is absolute nothingness. No, it should be said that there is no concept of nothingness, no concept, no nothingness, so it's called nothingness."

Li Feixue said in amazement: "there is no nothingness. What is it? I don't understand

Ye Chen said with a bitter smile: "I don't understand. It's said that Wu Wu Wu is an indescribable realm. All the descriptions of Wu Wu in the world are wrong. The evil evil evil martial arts Canon tried to describe Wu Wu Wu, but it went astray, so it's full of evil spirit."

Li Feixue said: "since it's evil, how can you break through?"

Ye Chen said: "although it is evil, it also has the absolute nihility of the dark power. If you can control it, you can't reach the realm of nothingness, but dominating the dark abyss is enough to suppress all enemies."

Wuwu realm is too mysterious, too complex and too terrible. Even Wuwu Tianshu doesn't really touch Wuwu realm. It just reposes the philosophical thinking of our ancestors.

And the evil evil evil spirit martial code, even more impossible to touch nothing.

However, after successful cultivation, the evil evil spirit martial arts Canon can control the dark abyss, which is also a very rebellious power.

Among the thirty-six ways of Taishang, there is a way called Taishang Tianyuan way.

At the beginning, the emperor yuan hall held a meeting to slaughter the saints. Ye Chen's picture of the yellow spring was directly destroyed by the Tianyuan Taoist method. The emperor yuan hall even created the Tianyuan array, which almost made Ye Chen fall.

Today, the temple of emperor yuan is still in the abyss of calamity. It is almost impossible for outsiders to step into it. We can see the power of Tianyuan Taoism.

However, the evil evil spirit martial law is even more powerful than Tianyuan Taoist law!

The dark abyss created by this martial arts code is absolute nothingness. Once people are enveloped in it, they will be swallowed by the abyss, and they will never turn over.

The Yuhuang family and the Xiao family both wanted to snatch the evil evil spirit martial arts canon, which is what they saw.

Even if you can't touch nothingness, you can dominate the dark abyss, which is enough to fight against the judgment hall and devour everything.

Now ye Chen is in control of the evil evil spirit martial code, and his strength is also improved by leaps and bounds.

Due to the limitation of his own cultivation and the power of the dark abyss, ye Chen can play one tenth at most, but this tenth is terrible enough.

If ye Chen and yuhuangtuo fight again at this time, he can kill each other in one move. It's easy.

If you can give full play to the power of the evil evil spirit martial code, I'm afraid even the judge will be afraid.

"Flying snow, the enemy is coming, you are with me."

"Castle Peak, I give you two volumes of heavenly books. You have a good understanding."

Ye Chen has taken control of the evil evil spirit martial code. Looking at the whole heaven and human world, almost no one can hurt him. However, Li Feixue and Li Qingshan are not strong enough, and ye Chen has no absolute assurance to ensure their safety.

Then ye Chen took out the magic blood book and the Buddha rain book and gave them to Li Qingshan.

Chapter 5974

These two volumes of the book of heaven are both great books of heaven, which are very powerful.

Ye Chen had evil evil evil evil spirit Wu Dian. These two volumes of heavenly books had little effect on him.

When Li Qingshan saw the gift from ye Chen, he was surprised and said, "brother, I can't take such a precious book from heaven."

Ye Chen said, "take it. It's useful for your cultivation."

Li Qingshan also knows that he is weak. He must become strong as soon as possible to help Ye Chen. Now he respectfully says, "thank you, big brother!" I took two volumes of the book of heaven.

"Thank you, brother Ye."

Li Feixue also thanks Ye Chen and follows him closely.

She is the sword spirit of the disaster sky sword. As long as she follows Ye Chen, she can strengthen the power of the disaster sky sword. She will not be a drag, but a help.

Whoa!

At this time, outside the island, on the surface of the far north sky sea, the void suddenly tears, and several powerful figures come back and forth.

The first one is a handsome young man, who is the son of the Yuhuang family, yuhuangqingshu.

The people behind Yu Huang Qing Shu are all his confidants.

"The enemy is coming!"

The blood dragon is always guarding. When he sees the attack of Yu Huang Qing Shu, he doesn't know the identity of the other party, but he feels the strong murderous spirit as soon as the other party appears.

"I don't know the origin of the other party. Is it from the Queen's palace?"

The blood god is also on guard. Although the strength of yuhuangqingshu is suppressed, the breath of his whole body is extremely strong, which can't be underestimated.

"Well? What a powerful breath

"Is this the book of heaven?"

In the sky, Yu Huang Qing Shu saw the blood dragon, but he saw that the blood dragon was full of aura, which vaguely turned into an ancient book of heaven.

That day, the schoolbag was full of everything. It was the legendary book of heaven.

"Young master, these two seem to be guardians of the Lord of reincarnation!"

A confident disciple, the way of trembling.

Yuhuangqingshu is also shocked. I didn't expect Ye Chen to be guarded. No wonder my cousin is so careful. It seems that it's not easy to kill the reincarnation master.

But now, he can't go back.

"You stay behind! I'll kill the reincarnation Lord

Yu Huang Qingshu gave a loud shout and immediately issued an order to fly to the island. He had already seen the surging yellow spring river.

When the disciples heard that they were going to stay, they would die. They could not help but show their panic and despair.

Yu Huang Qing Shu said, "when I take charge of the six samsara, I will revive you. Don't worry."

The disciples said, "yes!"

Yu Huang Qing Shu nodded and continued to fly to the island.

"Stop!"

With a roar, the dragon's body soars into the sky, and its claws grasp Yu Huang Qing Shu with the weather of rupture.

Feather emperor Green Book snorted, side body dodges, does not receive the war, continues to fly to the island.

The blood dragon wanted to pursue him, but at this time, all his confidants came up.

These confidants tried their best to stop the blood dragon and the blood God and fight for the opportunity for Yu Huang Qing Shu.

Yu Huang Qing Shu did not return. He flew into the island. However, he heard the screams behind him. All his followers were killed by the blood dragon and blood god.

Yuhuang Qingshu has a pain in his heart. These are all his confidants. Today, all of them are damaged. If ye Chen can't be killed and reincarnated, he will lose a lot today.

"This island is full of disaster gas. The scarlet chalcedony is about to be born. It seems that the two guardians can't come in because of the shock of disaster gas. This is a once-in-a-lifetime opportunity to kill reincarnation!"

Yuhuang Qingshu was a disciple of Tianjun family. He was not afraid of disaster because of the protection of the tree on the other side.

At present, Yu Huang Qing Shu strides deep into the island, but when he goes deep into the island, he suddenly feels suffocated, and the disaster gas around him is constantly eroding.

"Well? Cough... Cousin... "

"The tree on the other side abandoned me?"

In a flash, Yu Huang Qingshu was frightened and found that he had lost the protection of the divine tree on the other side and was attacked by the disaster like ordinary people.

Obviously, his cousin Yuhuang Yafei disagreed with his fight with Ye Chen, took direct control of the divine tree on the other side, and removed all the protection.

That is to say, now Yu Huang Qing Shu has been abandoned by the Yu Huang family. Unless he can really kill Ye Chen, he will be a lost dog in the future.

After the panic, yuhuangqingshu was furious, thinking: "you all wait for me, I will take off the head of reincarnation Lord today!"

Take a deep breath, yuhuangqingshu temporarily mobilize the aura to fight against the disaster around.

Such a state of struggle can last for about an hour.

He must kill Ye Chen within an hour, or he will be engulfed by the disaster of heaven and earth, and he will die without a burial place.

Along the way, yuhuangqingshu finally came to the huangquan holy water river.

However, here, he did not see ye Chen, only saw a man with a sullen face, followed by a magic unicorn.

"Holy cloud, it's you!"

Yuhuangqingshu was shocked to see shengyunzun.

They obviously knew each other. After all, Sheng yunzun was the elder Keqing of the Xiao family, and Yu Huangqing Shu had seen him.

"Oh, yuhuangqingshu, why are you here?"

Saint Cloud Zun saw the feather emperor green book, the Mou son tiny one coagulates, is also quite unexpected.

Yu Huang Qing Shu glances around, sensing the strange water of the Yellow River spring. He can figure out the reason by pinching his fingers.

Chapter 5975

"Ha ha, Shengyun Zun, you also wanted to kill the reincarnation Lord, but you were stopped by the prohibition of the yellow spring."

Yu Huang Qing Shu gave a cold smile.

Saint Cloud Zun face does not change color, way: "only ban system, can't stop me for long."

Yu Huang Qing Shu looked up at the sky and said, "it's dark all over the sky. Reincarnation and blood are changing. That boy has broken through. If he procrastinates, he'll be afraid of something bad."

Sheng yunzun said, "how do you want to cooperate?"

Yuhuangqing said: "yes, you and I join hands to break the ban, I will kill the reincarnation Lord, you will deal with the two guardians outside."

Ye Chen's cultivation has broken through to the Ninth Heaven of the original realm. Yu Huang Qing Shu is still sure to win, but after the battle, he is not sure to face the pursuit of blood dragon and blood god.

Therefore, he wants to cooperate with shengyunzun. He deals with Ye Chen himself, and shengyunzun deals with xuelongxueshen.

Saint Cloud Zun sneered, but did not answer.

Yu Huangqing said: "after I kill the reincarnation Lord, reincarnation Qi luck, divide you half."

Sheng Yun Zun laughed and said, "who is my saint Yun Zun? I am the destiny of heaven. Why do I need other people's luck? When you kill the reincarnation Lord, just give me his magic weapon, the map of the yellow spring, and promise me another thing to help me destroy the Xiao family! "

"Destroy the Xiao family?"

Yu Huang Qing Shu's eyes twinkled. He knew that Sheng yunzun had been driven away by the Xiao family. He felt resentful and immediately nodded

"Well, I promise you, I will help you to wipe out the remaining blood of the Xiao family, and then send Xiao Qingyan to you to be your cauldron."

Sheng yunzun said with a smile: "very good, very good. Although Xiao Qingyan's beauty is far less than Wei Ying's, it's a good Ding stove. It's good for me to collect Yin and replenish Yang."

Yuhuangqingshu thought, "who is Wei Ying? I can't believe that I can get the green eyes of Saint Cloud Zun. I think she is also an amazing woman. How do you compare with my cousin? "

In his heart, his cousin Yuhuang Yafei is the first-class woman in the world, and no one else can match her. This time, he also intends to prove his strength to his cousin.

These two people discuss here, completely did not put Ye Chen in the eye.

As if in their hearts, ye Chen is dead in the grave, not afraid.

After all, their strength is beyond the true realm, and ye Chen is just the original realm. They have reasons to be proud.

At present, yuhuangqingshu and shengyunzun have a tacit understanding. One draws a long sword, and the other sacrifices yundingtianshu to attack the holy river of huangquan.

"The other side sword technique!"

"Heavenly book, divine light!"

A sword, a ray of light, such as a white rainbow through the void, Qi Qi shot, boom in the holy river of the yellow spring.

Whoa!

Suddenly, the holy river of huangquan was torn out of a gap, and the prohibition was completely broken.

Hidden in the Yellow Spring River, the green water candling pearl, whistling, turns into streamer, and escapes back to Ye Chen's hand.

Yuhuangqingshu and shengyunzun are both top-notch in the field of heaven and man. It's too strong to fight together. They suppress the breath of bishuikan Lingzhu for a short time, making the bead unable to activate the star pattern on it, and even retreated.

"Yu Huang Qing Shu, I hope you don't let me down."

Saint Cloud Zun see ban break open, light way.

As long as ye Chen dies, he will have no scruple to win Wei Ying's heart.

"Don't worry, just a mole ant of nine layers in the original territory can turn the sky?"

Feather emperor green book a cold smile, in the eyes of the murderer burst out, is bravely across the Yellow Spring River, toward Ye Chen kill.

"Lord Sheng Yun Zun, don't we help?"

The demonized Unicorn looks at the back of Yu Huang's blue book and says.

"No, Yuhuang Qingshu is the son of the Yuhuang family. He wants to fight against the reincarnation Lord. We should guard against the king of all things outside."

Sheng Yun Zun stands with his hands down and looks out quietly.

From him, you can vaguely see that there is a powerful blood dragon floating in the sky outside. All kinds of heaven, earth and Dharma converge, and the weather is extremely brilliant.

At least on the surface, the blood dragon, the king of all things, is more threatening than ye Chen.

.....

The center of the island, next to the rift valley.

Ye Chen takes back the green water candling pearl, has noticed the rupture of the forbidden system of the yellow spring, and his face changes slightly.

Li Qingshan said, "brother, what's the matter?"

Ye Chen said: "the enemy is coming, you back, flying snow with me."

Li Qingshan knew that his strength was insufficient and said, "yes!"

Then he retreated far away and hid his figure in the forest so as not to drag Ye Chen down.

Li Feixue stands in Ye Chen's hand, his eyes are looking at him with gentleness.

Ye Chen also side head silently looking at her, two people as if the heart has the spirit rhinoceros general, both hands pull each other, ten fingers tightly.

In fact, ye Chen has no attachment to Li Feixue, but she is the spirit of the disaster sky sword. If you get close to her, you will gain the lethality of the disaster sky sword.

The closer you get, the greater the gain.

Ye Chen holds Li Feixue in his left hand and pulls out the disaster Sky Sword in his right hand. However, he hears the sound of "hum". The disaster Sky Sword is shining and fierce to the extreme.

Whoa!

Void tear, a figure, landed in front of Ye Chen, it is yuhuangqingshu.

"The son of the Yuhuang family?"

Ye Chen's eyes are slightly fixed. Just now, Yu Huang Qing Shu and Sheng Yun Zun have joined hands to break the prohibition of the yellow spring. He has already perceived the cause and effect, so he knows the identity of Yu Huang Qing Shu.

Yu Huang Qing Shu sees that ye Chen and Li Feixue are intimately linked, with a look of love. When he thinks that he has been abandoned by his cousin, his heart is sour and resentful.

Seeing the disaster sword in Ye Chen's hand again, I felt a little awe in my heart: "the legendary disaster sword is in this boy's hand. No wonder my cousin told me not to act rashly."

The edge of Tianjian is so powerful that even yuhuangqingshu dare not underestimate it.

"Fight quickly, kill this boy as soon as possible, don't let him have the chance to play the power of the sky sword!"

Think of here, Yu Huangqing book without saying a word, suddenly brandish sword crazy cut out, straight kill Ye Chen.

"Brother ye, be careful!"

Li Feixue exclaimed, but he didn't expect that the other side would face to face, didn't say hello, and started directly.

"Well, it's just a lost dog. It can't threaten me."

Ye Chen hummed coldly, calmly and freely, holding Li Feixue in one hand and waving his sword in the other hand, which was as natural and easy as splashing ink landscape, blocking the sword of Yu Huang Qingshu.

He had already felt that Yu Huang Qing Shu had been abandoned by the tree on the other side, and he was already a lost dog.

What's more, the luck of yuhuangqingshu was limited a little!

In the battle of his realm, Qi Yun is extremely important. Yu Huang Qing Shu has been abandoned, and Qi Yun is lost. Even if his accomplishments are far beyond Ye Chen, or even beyond Taizhen realm, ye Chen will not be threatened.

When Yu Huang Qing Shu heard the word "lost dog", he felt extremely harsh. He was furious and said: "Stinky boy, shut up! Why do I need Qi Yun to help you, a mole ant in the ninth floor of the heaven

The voice falls, the feather emperor Green Book sword front turns, shouts: "the flower opens the other shore day!"

Chapter 5976

This "flower blooms on the other side of the sky" is a peerless magic power of the Yuhuang family. With one sword, there are thousands of flowers blooming. If the enemy hesitates, he will be swept to pieces by the sword.

Yu Huang Qing Shu was so angry that he wanted to use this unique skill to kill Ye Chen with one sword. Unexpectedly, there was no magic light in his sword. It was just an ordinary sword.

"Ha ha, you are abandoned by your family. You can't even use your own swordsmanship."

Ye Chen sneers, knowing the clue, wields the sword to open the body of Yu Huang Qing Shu, and points to his heart.

It turns out that Yu Huang Qing Shu was abandoned by the tree on the other side of the river, but this move can no longer be used.

Seeing this, yuhuangqingshu was so frightened that he quickly flew back.

Whoa!

Ye Chen stabbed him in the past with a sword. Although he didn't pierce his heart, he also hurt his chest, and the blood flowed out.

All of a sudden, Yu Huang Qing Shu felt sharp pain in the wound. When he looked down, the skin on his chest smelled gray and black. It was a disaster.

Injured by the disaster sword, the wound will be eroded by the disaster breath, and the whole person will be gradually engulfed by the disaster.

"Damn it

"Lord of reincarnation, you forced me!"

Yu Huang Qing Shu grits his teeth. The son of his grand family, his cultivation has crushed Ye Chen in two places. Now he is stabbed by Ye Chen in one round. Why has he ever suffered such a great humiliation in this life?

You know, ye Chen's cultivation is not even the true realm. It's only the Ninth Heaven in the original realm. It's a great shame that he was stabbed by such a mole ant!

"Yes! Soldier! Fight! The winner! All! Array! Column! front! All right

Under the indignation, Yu Huangqing's canthus split, and his hands formed fingerprints one by one.

The fingerprints are ancient and mysterious. Every one of them affects the general situation of heaven and earth, and makes the wind and cloud roll. Nine fingerprints are formed. The golden Brahma light bursts out on yuhuangqingshu, which is magnificent and majestic.

Hoo Hoo Hoo!

His whole body is full of Qi and blood, which is also burning violently. It is obvious that using this method will consume the body extremely seriously.

"This is... This is the ninth supreme work of the great Brahma!"

Li Feixue saw the momentum on Yu Huangqing's book and was shocked. She pulled Ye Chen back.

Ye Chen was surprised and asked, "what is the great Brahma's nine fold supreme skill?"

I saw yuhuangqingshu's divine light was heavy, and its momentum was furious. Every hair came down, and every hair was floating. There was endless golden light in the sky. The weather was very terrible.

Li Feixue said: "the great Brahma nine Supreme skill, referred to as Brahma divine skill for short, is the second ranked nine heaven divine skill, second only to daqianchonglou palm, which is the secret magic power of wanxu family!"

Li Feixue's previous life is a disaster sword spirit. At this time, with the breakthrough of cultivation, the inheritance of his previous life is awakening, and he knows a lot of hidden secrets.

For example, ye Chen has never heard of the great Brahma's nine fold supreme skill, but Li Feixue knows it all.

Ye Chen was shocked and said, "is it the magic power of wanxu family?"

Li Feixue said: "there are nine word secrets of the great Brahma's nine Supreme skills, that is, the nine word" all those who are fighting are marching forward in array ". Each secret has profound and unpredictable changes."

"For example, Dou Zi Jue represents the first-class attack, fighting and cutting in the world."

"Bing Zi Jue represents the top secret method of refining weapons."

"Xingzijue represents the quickest and peerless body method."

"All kinds of secrets, complicated and ingenious, dazzling."

"This divine skill of Brahma is also the most changeable and complicated existence in the world. Compared with Daqian Chonglou palm, it has too many changes, and there is no mystery of returning to nature."

"Daqian Chonglou palm is different. It's a simple and ferocious palm. It's not so flashy. If you drop it for ten meetings with one effort and clap it with one slap, all the magic weapons will be destroyed. But the Daqian Chonglou palm has been lost for a long time. At present, the most powerful skill in the world is the Brahman skill!"

Li Feixue's beautiful eyes are dignified. Obviously, he didn't expect that Yu Huang Qing Shu had become a Brahman.

However, looking at the sharp burning of Qi and blood all over Yu Huang Qing Shu, it is obvious that the load is huge.

Although this divine skill of Brahma is extremely changeable, it needs to pay a great price if it is to be used successfully.

"Lord of reincarnation, if you can force me to this point, you will die properly!"

Yu Huang Qing Shu roared up to the sky, his black hair was surging, and his body rushed to kill.

Da Fantian's nine fold supreme skill is his most powerful card. Ye Chen forced him to use his card just after the match. He felt extremely humiliated and resentful. He just wanted to tear Ye Chen to pieces.

But

The eyes of Yu Huang Qing Shu turned on Li Feixue's graceful figure, thinking: "before killing this boy, humiliate this chick first!"

In an instant, countless evil and ferocious thoughts flashed in his heart. A huge word "Lin" burst out and rose from his head.

"No!"

Li Feixue pulls Ye Chen back again.

Just now the two people communicate with each other, they use the divine idea, so although there are many words, they are actually between lightning and flint.

It's really late. At that time, ye Chen is in a trance, but he sees Yu Huang's green book in front of him.

Endless evil spirit burst out from the body of Yu Huang Qing Shu, and an ancient demon figure, which is not known how many feet high, appeared behind him.

"When the devil comes to the sun and the moon, he will kill all the people in the world, and he will be suppressed by me."

The sound of Yu Huang's green book is tearing, his big hand is surging, and his palm smashes hundreds of millions of void. With extremely terrible power, he suppresses Ye Chen.

The great Brahma's nine fold supreme skill is the most complex existence in the nine heaven divine skill. Even its name is very long. There are nine kinds of changes in the divine skill, each of which is broad and profound.

Now Yu Huang Qing Shu only understands the Linzi Jue.

Linzijue can summon the ancient immortals, gods and demons to come, get the help of the ancient gods and demons, and instantly improve their combat effectiveness. The magic power is extremely powerful.

At this moment, the ancient demon God came and attached himself to Yu Huang Qingshu. He seemed to turn into an archaic demon, and his arrogance was terrible to the extreme.

Boom!

Around between heaven and earth, evil gas surge, gathered into tens of millions of heavy clouds, faint thunder Pentium, a scene of doomsday.

In the distance, Saint Cloud Zun's face turned pale when he saw this scene.

Even he, in the shadow of the huge demon, is as small as a mole ant.

"What's the matter? I'll kill you as soon as I see you?"

Sheng yunzun was puzzled. He thought that the reincarnation Lord was so powerful that he forced Yu Huangqing to play the card.

"Is this the weather of Brahma? It's terrible. "

One side of the magic unicorn, see that all over the sky black cloud top of the horror scene, is also a shock, shivering.

Chapter 5977

Sheng Yun Zun was silent, then sneered and said, "the reincarnation master is dead this time. I just didn't expect that Yu Huangqing Shu was forced to be so embarrassed. If he used his trump card, he would be killed."

He demonized Kirin and said, "master Shengyun, then we..." he had the idea of taking advantage of the opportunity to kill Yu Huang Qingshu and capture the divine power of Brahma.

Sheng yunzun waved his hand and said, "forget it, don't be so fussy. As long as you can kill the reincarnation Lord, I just want to get Miss Wei Ying."

Wei Ying is the only one who never forgets in Sheng yunzun's mind. It is Wei Ying's figure that lingers in his mind all the time.

When he first met Wei Ying, she had just climbed out of the cold valley. She was wet, steaming and smoky. Her graceful figure and jade like skin were like fairies, which he could never forget.

In his eyes, the reincarnation of Qi, the supreme Heavenly Sword and the nine heavenly gods are not as important as Wei Ying.

In order to get Wei Ying, he can give up everything!

And the blood dragon and blood god guarding outside the island, when they saw the terrible figure of the ancient demon God, they were also extremely shocked. They didn't know what had happened.

"Master is in danger, I will go in and guard!"

The blood dragon roared, the dragon's body swung, and it rushed in.

"Don't be impulsive!"

Blood god quickly stopped him and said: "the disaster gas on this island is too strong. It's useless for you and me to go in. Wait. I believe that boy won't fall so easily!"

.....

However, the blood god is not right.

At this time, ye Chen is in danger.

In the face of the suppression of Yu Huang Qing Shu, he only felt suffocated and could not use any magic power.

Yuhuangqingshu broke out linzijue, the ancient demon God came, it is too terrible.

Ye Chen thought to himself, "it's just a Yu Huang Qing Shu. It's so powerful. If Yu Huang Gu Di comes, what's the weather like?"

Life and death, ye Chen also had no time to think, tightly hugged Li Feixue's soft waist.

Because Li Feixue is a sword spirit, the closer Ye Chen is to her, the more powerful the disaster sky sword will be.

Facing life and death at the moment, ye Chen naturally doesn't stick to it too much. Feeling the warm fragrance and nephrite in his arms, ye Chen suddenly gets a boost. The sword of disaster is sharp, and the weather of all kinds of wind and thunderstorm is constantly diffused.

"Moon soul chop!"

Ye Chen cuts it with one sword. The extreme cutting of the disaster sky sword makes yuehun's cutting sharp to the extreme.

A sword with the disaster of the moonlight, ruthlessly toward the feather emperor Green Book cut.

"Well, it's a bit of a way, but it's just a dying struggle."

When Yu Huang Qing Shu saw Ye Chen's sword, he also felt that it was sharp and sharp. If he was in normal condition, he might not dare to take it hard. But at this time, he used the Linzi Jue, and an ancient demon came. Even if it was the edge of the Heavenly Sword, he was not afraid.

Boom!

Yu Huangqing book is still a palm, fierce shot.

Ye Chen's sword Qi collides with Yu Huang's Green Book Magic palm, and the sword palm confronts with each other, which immediately explodes the sky shaking air waves. The infinite evil Qi and the disaster breath are roaring everywhere.

Whoa!

The palm of Yu Huang's green book was injured by Ye Chen's sword Qi, and the blood burst out, and the pain burst out.

"Damn it, the ancestor of the sword God understood the military formula of my Yuhuang family. He was the best at refining weapons in the world. The sky sword made by him is really powerful!"

Looking at the wound on the palm of his hand, Yu Huang's face twitched.

At that time, the ancestor of the sword God was able to forge the eight heavenly swords. In fact, it was because he understood the formula of "Bing Zi" in the divine skill of Brahma. Therefore, he was the first in the world in terms of the level of sword casting and the attainments of weapon refining.

The nine character secret of Brahma's divine skill is too complicated and profound. Even the ancestors of wanxu only understood the eight character secret, but they were still unable to understand it.

At that time, the supreme world was in turmoil, and the laws of heaven and earth were about to collapse, so they were in urgent need of divine soldiers to guard them. In the end, the ancestor of wanxu had no choice but to trade with the ancestor of the sword God, and sent out the word formula of

soldiers, so as to achieve the ancient and modern weapon refining attainments of the ancestor of the sword God.

At this moment, Yu Huang Qing Shu was hurt by the sky sword again, and he deeply felt the power of the sky sword and the profundity of Brahma's divine skill.

With a little calmness, Yu Huangqing stopped the blood and looked into his eyes.

The sky in front of him, the evil Qi disaster cloud floats, for a time unexpectedly can't feel the breath of Ye Chen.

"Under the suppression of my linzijue, this boy should be dead, right? It's a pity that the little beauty around him was buried with him. "

Yu Huang Qing Shu felt both joy and regret. Then his head was dizzy. But after using the word formula, his body was too heavy to support.

In the dizziness, Yu Huang Qing Shu saw the clouds in front of him, and two figures appeared in front of him intact. They were ye Chen and Li Feixue!

Ye Chen's left hand embraces Li Feixue's waist, and his right hand holds the disaster sky sword. There is a heavy gold God awn around his body. Where is he injured?

It turns out that at the time of the collision, ye Chen had already opened the red dust vein, and the essence of infinite Geng gold burst out, turning into a heavy iron wall of Geng gold to protect himself and Li Feixue.

"Feixue, are you ok?"

Ye Chen looks down at Li Feixue.

At this time two people body close, leaf Chen this low head, almost met Li Feixue lips.

Li Feixue blushed and said, "I'm ok."

Ye Chen also realizes that they are too close, so he loosens her waist and says, "sorry, I didn't mean to."

Chapter 5978

Li Feixue came up again and said, "it's OK, brother Ye. I... I don't mind."

When Yu Huang Qingshu saw their affectionate appearance, he thought that he had been abandoned by his cousin. He felt his head buzzing and his face turned white.

"Yu Huang Qing Shu, your magic power is really strong. Unfortunately, you have lost your fortune. Today you will be defeated by me after all!"

Ye Chen holds up the sword of disaster and points at Yu Huang's green book. His eyes are full of murderous spirit.

Yuhuangqingshu has just used linzijue, and his divine power is really magnificent. If ye Chen didn't control the evil evil evil spirit martial code and break through his accomplishments, and Li Feixue was around, he might not have won.

If yuhuangqingshu had come one day earlier, ye Chen might have died.

Because at that time, ye Chen didn't master the evil evil spirit martial arts, and his accomplishments didn't break through, and Li Feixue couldn't help him.

Now ye Chen's complete victory is the expression of great fortune.

"No..."

Yuhuangqingshu's pupils contracted, but it was hard to accept failure.

In fact, he forced to use linzijue, but now he has been killed. He failed to kill Ye Chen and gain reincarnation Qi nourishment. He is doomed to failure.

Even if ye Chen doesn't do it, he will die by cutting off his meridians.

"Give you a good time!"

Ye Chen is also too lazy to talk nonsense, a sword cuts toward Yu Huang Qing Shu.

When Yu Huang Qing Shu saw Ye Chen's sword coming, he regretted and despaired: "my cousin is right. The reincarnation Lord is really lucky! No, I'm not reconciled

He suddenly looked at Ye Chen, knelt down and said: "Lord of reincarnation, I can tell you a secret! A secret about the magic tower of ten robbers

"I know where the magic tower is and what it stands for behind it!"

"I can make you the first one to climb to the top of the tower and take charge of ten robberies!"

Ye Chen's expression changed slightly.

If it were anything else, he might not care.

But at the moment, this yuhuangqingshu actually knows about the ten robberies of the magic tower?

You know, now Zhu Yuan and Bai Lian are trapped in it.

I once broke into the tower, but I was warned.

If it fails, the consequences will be unimaginable.

What is behind the magic tower?

What's more, why does Yu Huang Qing Shu know about this?

Now that he has made a breakthrough and is stronger, do you want to try to rescue Bai Lian and Zhu Yuan?

Ye Chen thousands of thoughts in a read between, he looked at the feather emperor green book, light way: "tell me you know."

Yu Huang Qing Shu hesitated for a few seconds and said: "as long as you let me go, I will tell you, otherwise, I won't say..."

He is very clear that no one can resist the secret of the magic tower, and it is obvious that ye Chen is eager to know what is behind the tower!

That is to say, he still has the use value, if once said, I'm afraid he will die!

Ye Chen smiles.

"I don't need you to disclose the ten robbers' magic tower, because I have been there before, and as for what you know, I'm not interested!"

"Whether you tell it or not, you will die!"

Yu Huang's eyes were red, and his anger was endless!

At the end of his life, Yu Huang Qing Shu clenched his teeth, but his blood was aroused. His whole body was boiling violently, and his body expanded. He wanted to explode and die with Ye Chen.

"Dying, trying to explode? Hum, to the dark abyss, I have suppressed it

Ye Chen hummed coldly, and the dark stele flew out, until the dark god pulse opened.

Boom!

An absolute darkness, instantly covered the sky, countless strange and evil runes, flying all over the sky.

That's the character of the evil evil spirit martial code.

Ye Chen's dark stele is a combination of evil spirits and martial arts classics. It has great power. At the beginning, the most dark god vein simply created darkness, but at this moment, it evolved into a dark abyss!

When the sky collapses, a terrible abyss emerges, just like the mouth of an ancient beast.

With a big wave of his hand, ye Chen burst out with a strong force and knocked down the body of Yu Huang Qing Shu into the dark abyss.

The dark abyss released by the dark stele is a hundred times more terrifying than that of taishangtianyuan road in Diyu hall.

This time, yuhuangqingshu fell into the abyss, but there was no chance to turn over, completely engulfed.

Ye Chen fingers pinch a formula, twist the time in the abyss, let outside a breathing time, into the abyss of ten thousand years.

Yu Huang Qing Shu spent thousands of years in the abyss. After suffering from torture, he was crushed by an idea of Ye Chen and disappeared.

Ye Chen didn't know how Yu Huang Qing Shu spent that ten thousand years. He thought that the other party's regret and resentment must be extremely fierce.

However, ye Chen doesn't care. He will never be soft on the enemy.

After ten thousand years in the abyss, it's just a breath outside. Ye Chen still holds Li Feixue's waist and floats in the sky, becoming the biggest winner in this battle.

"Brother ye..."

Li Feixue was speechless. Unexpectedly, Yu Huang Qing Shu was killed by Ye Chen.

You know, Yuhuang Qingshu is the son of the Yuhuang family, and has become the linzijue of Brahma's divine skill. It is extremely powerful, but it still falls into Ye Chen's hands.

Can imagine, at this time of Ye Chen, combat effectiveness how strong.

In the forest, Li Qingshan was also staring at Ye Chen in the sky, only feeling his own insignificance.

"We won, thanks to you."

Ye Chen smiles a little, this can loosen Li Feixue finally.

It's thanks to Li Feixue that he can win this time. Otherwise, Tianjian can't play such a powerful role.

And the fall of Yu Huang Qing Shu, the holy cloud Zun in the distance, is also a response.

"Is Yu Huang Qing Shu dead? How can it be

Sheng Yun Zun suddenly got up and looked at the direction of the middle of the island.

Although he can't see the picture of fighting, he can clearly feel the fall of Yu Huang Qing Shu and the complete annihilation of his breath.

"The Lord of reincarnation killed the son of the Yuhuang family?"

The magic unicorn on one side is also terrifying.

Just now, yuhuangqingshu summoned the ancient demons. How majestic the weather is, it's like suppressing the existence of the world. It's incredible that ye Chen killed him in a flash.

The blood dragon and blood god outside the island, sensing the fall of Yu Huang Qing Shu, was also Qi Qi relieved.

"This boy, as expected, didn't disappoint us."

Blood god smile, reincarnation of the Lord, really have great luck, yuhuangqingshu fierce, unexpectedly so quickly fall, he felt incredible.

.....

At the junction of heaven and earth, the dark sea is forbidden.

Yuhuang Yafei and his party have come to the dark forbidden sea.

Yuhuang Yafei also clearly felt the cause and effect of the fall of Yuhuang Qingshu.

Hearing the bad news, Yuhuang Yafei's feet shook and almost fell down.

Chapter 5979

"My Lord, what's the matter?"

A female elder quickly supported her and asked.

"Nothing."

Yuhuang Yafei shook his head and soon returned to normal.

The female elder saw the clue, frowned and asked: "is it the saint son, he has..."

Yuhuang Yafei was silent for a while. Finally, she nodded her head and said, "well, my cousin has been killed by the reincarnation Lord. It's his fault. In the future, my Yuhuang family will not have him."

Many of the royal families around them were shocked to hear this.

The old woman said, "holy lady, shall we... Take revenge?"

Yuhuang Yafei thought for a moment and said, "the Lord of reincarnation has great momentum. You can't fight against him now. You should join the devil ancestor Wutian as soon as possible and try to sneak into the supreme world to meet the old ancestor."

The old woman said, "I'm afraid that..."

It is said that yuhuanggudi is extremely cruel. For his own interests, his parents and children can be killed, which is almost cold-blooded and merciless. Even if these yuhuanggudi descendants go to take refuge in yuhuanggudi, they may not be taken care of.

Yuhuang Yafei's face remained unchanged, and said: "the ancestors are not cold-blooded, but close people. Most of them refuse to comply with his meaning, so he is angry. If everything follows the arrangement of the ancestors, he is naturally Tianyan Dayue, and he will not deliberately make trouble for us."

In Yuhuang Yafei's heart, he believed in his ancestors. He thought that the ancestors were not so cold-blooded as in the legend. How could they be cut off so easily?

All parents and children can be killed, which is supposed to be the slander of the judgment church.

Even if it's a beast, it won't be so vicious. What's more, it's such a big man as yuhuanggudi?

At present, Yuhuang Yafei takes his people into the dark forbidden sea, and is ready to take refuge in the legendary devil Wutian, and then try to go to the supreme world.

Wutian is the first generation leader of wutianshu. It is also the only one in the world who once controlled the existence of wutianshu. It has vast powers and boundless magic power. At present, the only one who can save the Yuhuang family is this legendary demon ancestor.

.....

But in the far north sky sea, ye Chen and Li Feixue landed on the ground and were about to join Li Qingshan. Suddenly, the whole island was shaken violently by the sound of the earth shaking.

In the rift valley, layers of black air roared. In the black air, red light bloomed out. It seemed that there was a crystal red flame brewing in the rift valley.

"Scarlet chalcedony is coming out!"

Ye Chen sees this scene, immediately the pupil shrinks, already feel crimson chalcedony is about to be born.

Crimson chalcedony was born a little earlier than ye Chen imagined.

It seems that the battle between him and Yu Huang Qing Shu touched the general trend of heaven and earth and made him crimson jade pulp. He was born ahead of time!

Li Feixue's beautiful eyes shrink, which is also quite surprised. For fear that something might happen, he quickly leans to Ye Chen's side, and the two keep close to each other again.

The red light gushing out of the Rift Valley rushed into the sky, making the sky dyed into a bloody color, and all kinds of disaster gas quickly dispersed.

The scarlet chalcedony is born from the disaster. Once it is born, the disaster gas will fade away, and there is only scarlet jade light in the world.

"The scarlet chalcedony is born, and the disaster has subsided!"

Outside the island, the blood dragon saw the tide of disaster receding, and was immediately overjoyed. As soon as the dragon's tail swung, the wind flew in.

When the blood God saw that the disaster gas was receding, he quickly carried the Lihuo sword and stepped in with the blood dragon.

Saint Cloud Zun's side, naturally, is also seeing the birth of scarlet chalcedony.

The demonized Unicorn said, "master Shengyun, the scarlet chalcedony is born. Are we going to snatch it?"

Sheng Yun Zun's eyes twinkle. He has only Wei Ying in his heart. He just wants to kill Ye Chen. He is not interested in what scarlet chalcedony is.

When I looked up again, I saw that the dragon and the God of blood had stepped in. The situation was quite grim.

There is the dragon blood god in the front and ye Chen in the back. The holy cloud Zun is in the place of attack, which is extremely dangerous.

"It's said that the scarlet chalcedony is a very rare spiritual thing, which can repair all magic weapons. In that case, I will try my best to urge Yunding Tianshu to kill all enemies today!"

Between lightning and flint, Saint Cloud Zun has made a decision to directly sacrifice Yunding Tianshu, a magnificent chessboard, which appears in the sky.

This time, he wanted to start Yunding Tianshu and kill Xuelong at all costs.

To do so is bound to exhaust the aura of Yunding Tianshu.

But, anyway, the scarlet chalcedony is right in front of him. As long as he kills all the enemies, he can get the scarlet chalcedony and repair the sky book on the cloud top. Naturally, he doesn't have to worry about it.

The demonized Unicorn hesitated for a moment and said, "but the reincarnation Lord is behind, in case he attacks from behind..."

Sheng yunzun snorted coldly and said, "he just went through a big war. He wants to spend a lot of money, and it's not a threat. I'll try my best to urge Yunding Tianshu. That boy can turn the world upside down at the end of his life?"

After the fall of yuhuangqingshu, shengyunzun only thinks that ye Chen is lucky to win. Even if he can win, he must win miserably. He is seriously injured and can no longer pose a threat to him.

But he did not think that ye Chen won easily and undamaged. Even when he was close to Li Feixue, his spirit was shining, and his spring spirit was even better than before.

At this time, the blood dragon and the blood god came to see Shengyun Zun, and his eyes suddenly showed a severe killing.

"This guy is plotting against his master. Kill him first!"

Chapter 5980

With a roar, the blood dragon offered a sacrifice to Wanxiang Tianshu. Every dragon scale in his body was covered with ancient characters, all of which were brilliant to the extreme.

This disaster gas dissipated, the blood dragon did not scruple, full play Wanxiang Tianshu, claws with the divine power of Tianshu, toward the holy cloud Zun to kill.

The blood god mentions the carved Qing Lihuo sword and joins hands with the blood dragon to attack.

"Ha ha, Wan Xiang's book of heaven, only the real son of destiny is worthy to be in charge. You are an evil dragon, dare you occupy it? Die for me

Sheng yunzun gave a cold smile. He was ready to see the blood dragon attack and kill him. He immediately urged his aura. The big board of Yunding chess broke out at the top of his mind and broke through many times and spaces.

Blood God and blood dragon are both dragged onto this chessboard.

"Life and death chess game, today we will see if you have the ability to break the game!"

Sheng yunzun is riding on a unicorn. He has a strong sense of war. He has a sword in his hand. The body of the sword is as clear as autumn water, and it is decorated with clouds. It is extremely changeable.

"Little Fantian sword technique!"

Shengyunzun's sword moves. His sword body, like autumn water, bursts out a thousand feet of golden light. The sword Qi tears the void. In a flash, it changes into ten million sword moves and points to the blood dragon and the blood god.

Blood dragon and blood god are dragged into the chessboard, which is equivalent to stepping into shengyunzun's world. Their strength is greatly constrained. At this time, seeing shengyunzun's thousands of sword moves, they feel a little suffocated.

Shengyunzun's sword skill is a killing move in "Xiao Fantian Gong".

The so-called "little Brahma skill" is a pseudo divine skill created from the great Brahma's nine Supreme skills, which is one of the pseudo nine divine skills.

There are nine kinds of changes in the true Brahman's divine skill: "all those who fight in front of the army march forward in array". However, the changes of little Brahma's divine skill are not so complicated. There are only four kinds of changes, which are called "swords are like dreams".

Dao Zi Jue is a first-class Dao technique.

Jian Zi Jue is the top sword skill.

Such as the word formula, it is Tiangang to Sha change, Yirong modification of the art.

Dream word formula is magic.

Shengyunzun has a deep foundation. He has mastered the key words of Xiao Fantian's swordsmanship. The skill of Xiao Fantian's swordsmanship has really changed a lot. The light of the sword is like raindrops, and it's like splashing ink on mountains and rivers. It's very beautiful and airtight.

"Hum, dare to play chess game of life and death, you are looking for death!"

Blood dragon cold hum a, but is not afraid, sacrifice cloud thunder Emperor Dragon ball, thunder light an explosion, then the sword rain around, all broken.

The majestic thunder roared, which made the body of shengyunzun step back.

"It's interesting. I look down on you."

Saint Cloud Zun light a smile, also saw the blood dragon's fierce, at the moment no longer careless, concentrate to wait.

After the blood dragon got Wanxiang Tianshu, his strength improved by leaps and bounds. Although his foundation was not stable, he was deeply involved in the chess game of life and death. Even if his foundation collapsed, he would be killed.

"Wu long you Tian Dao!"

The blood dragon roars up to the sky. With a wave of its claws, it is full of vigorous Qi among its five fingers. It is cut out with a Dragon carving flying knife.

"The seal of time, devouring the future!"

The blood god is not willing to be outdone. When the sword is wielded and the seal of time is covered, the seal of time is actually used. Like the appointment of the Confucians on that day, it overdraw the future and enhanced its strength.

But this time, the blood god can't overdraw much, because the time seal is more and more exhausted, and the overdraft in the future is less and less.

Just like ordinary people's life, every day, the future will be less possible, overdraft the future, the first time is OK, the second time is powerless.

This is also a good thing for the blood god, he will no longer have the danger of blood exhaustion.

"Brahma blossoms, sword dances in style!"

The holy cloud Zun saw the blood dragon and blood god kill him, but he didn't panic.

He is the master of this game of chess.

The battlefield is above his chessboard, so he naturally has the advantage. At present, he wields his sword and dances, and the sword flowers are blooming, just like peerless splendor. The sky chessboard shows the pure air of Brahma, and the green lotus blossoms.

Sheng yunzun grows lotus step by step. His sword is as powerful as a rainbow. He blocks the blood dragon's five dragon sword and the time seal of the blood god.

After that, the three men scuffled together, and it was hard to win at one time. However, shengyunzun had the advantage of taking advantage of the home court after all, and he had a deep knowledge of martial arts. As long as he delayed, he would win sooner or later.

The blood dragon and blood god also felt that the situation was unfavorable, but for a moment, they could not defeat the holy cloud.

Two people look at each other, are the same mind, can only stick to, waiting for ye Chen to come!

.....

At this moment, ye Chen stood at the edge of the rift valley, looking at the endless red light in front of him. Looking back, there was a huge chessboard across the sky in the distance. On the chessboard, Brahma blossomed, dragons danced and the war broke out.

Ye Chen looks dignified. There are two ways in front of him, either to capture the scarlet chalcedony, or to go back to help the blood dragon.

"Crimson chalcedony is born in a flash. It's a chance. Snow, follow me down!"

Between lightning and flint, ye Chen made a good judgment.

We must take the scarlet chalcedony. We can't delay any longer.

This kind of spiritual thing is like a flash in the pan. If it is not collected in time after birth, it will soon settle down.

Once crimson chalcedony is silent, I don't know how long it will take to be born again.

The chessboard in the distant sky, the blood dragon, the blood God and others can obviously deal with the holy cloud Zun, and will not be defeated for a short time.

Ye Chen's heart turns around and decides to capture the scarlet chalcedony immediately, and then turns back to help.

At present, ye Chen holds Li Feixue's waist, carries the disaster sky sword to guard against, summons all kinds of reincarnation xuanbei to protect his body, and jumps into the rift valley with Li Feixue.

"Ouch!"

Li Feixue suddenly goes into the abyss. Thinking of Xiao Qingyan's death here, he can't help but exclaim and hold Ye Chen tightly.

In fact, the crimson chalcedony was born, and the disaster gas in the rift valley has dissipated, and it will no longer erode the human body. She and ye Chen will not be in danger if they jump down.

However, for the sake of caution, ye Chen is still cautious.

When they came to the bottom of the rift valley, they saw that there were underground rivers flowing around them. The rivers were full of red pith, which dyed the whole river red, like magma.

That red chalcedony is the scarlet chalcedony in the rumor!

Crimson chalcedony grows under the earth, and when it is born, it splits the earth and flows out.

The quality of chalcedony can be divided into three, six or nine grades. If you want to repair Tianxing, you need to use the best chalcedony.

Ye Chen looks at the many chalcedony in the river, a burst of surprise in his heart, and his eyes sweep by, looking for the suitable chalcedony.

At the bottom of this valley, the air is warm and there is no dangerous vision. It is the origin of scarlet chalcedony.

Ye Chen didn't relax his vigilance. Many reincarnation steles guarded him. He scanned his eyes and saw that there were several crimson chalcedony with high quality and clear color, which was suitable for repairing the wish star.
