

## Physician 6091

### Chapter 6091

Ye Chen was covered with endless dark clouds. He felt that he was suffocated by breathing. He was isolated from the outside world for a moment and could not absorb any aura.

Fortunately, he was defensive and prepared. Seeing the Yellow Emperor's huge wall and Zhenwu's soap carving flag shrouded in it, the Dragon Fire vein immediately opened and a fire dragon burst out.

"Seven Star Dragon burning chop!"

Ye Chen is holding the dragon Yuan sky sword. The sword body is burning and the dragon is crouching. He roars and frightens the sky. He cuts the huge wall of the Yellow Emperor with a fierce sword.

There are many dark clouds in the sky. Under the impact of Ye Chen's dragon fire sword Qi, they are also completely scattered.

"What

Chen Yujing was shocked to see this scene.

He knew that ye Chen was tough, but he didn't expect to be so tough. He tried his best and was so easily dissolved.

"Kill you first!"

Ye Chen's eyes suddenly sharp, epee Longyin concussion, fiercely to Chen Yujing head split.

Chen Yujing's pupils contracted. He felt that ye Chen's sword was so fierce that he could not resist it.

In the crisis of Chen Yujing's life and death, a slender jade hand suddenly breaks through the air and grabs Ye Chen's sword gently.

"Reincarnation of the Lord, in front of me, you dare arrogant?"

The person who makes the move is xuanjiyue.

Her palm is surrounded by purple light, and she grabs Ye Chen's sword with her bare hands.

Ye Chen's face suddenly changes greatly, from this one hand, can see Xuan Ji month of fierce.

After she took charge of Ziwei Xinghe and rebuilt Xuanjia's orthodoxy, her strength and fortune had improved by leaps and bounds.

Ye Chen quickly draws back the dragon Yuan Sky Sword and retreats.

"Ziji Tianhe chop!"

Xuanjiyue is powerful and unforgiving. Shenluo Tianjian flies in the air, and infinite purple light bursts out. It's like a Tianhe River coming down. With the spirit of dominating the universe, she kills Ye Chen hard.

This sword she used all one's strength, put clear is to leave no leeway, won't give ye Chen any opportunity to delay time.

Ye Chen bites his teeth, ready to use reincarnation blood to fight, but at this time, he found himself frozen, blood was blocked, difficult to use.

"Want to burn reincarnation? I won't give you this chance! "

Xuanjiyue's sword is as powerful as a rainbow. Ziji Tianhe has already killed Ye Chen.

Behind xuanjiyue, the embroidered winter beads are buzzing and constantly shaking, and the cold air is filled out. It is this cold air that envelops Ye Chen's blood and makes him unable to burn.

"No!"

Ye Chen looks a change, reincarnation blood strong, nature will not be frozen too long, as long as give him two breathing time, can break through the blockade.

But the problem is that xuanjiyue's sword has been killed in a flash, and ye Chen has no time to break through the blockade.

"The sun is shining!"

In the crisis, ye Chen's arms are blue and his strength is all poured into the dragon Yuan sky sword.

The whole Longyuan Sky Sword burst out a brilliant and brilliant sword like the sun. It seemed that there were millions of suns exploding at the same time. The sword was very powerful and collided with xuanjiyue's sword.

The two swords fought, but the situation was one-sided.

Xuanjiyue's Ziji Tianhe chop, like destroying the sun sword Qi of yechen, crushed and annihilated all of them.

There is a big gap between them in their cultivation. Ye Chen is not xuanjiyue's enemy at all without borrowing reincarnation.

"Puff!"

Ye Chen is attacked by the purple sword Qi. He vomits blood on the spot, and his body flies like a shell. He falls to the ground and smashes a deep hole.

In the face of xuanjiyue's toughness, he seems powerless.

"Chop flail 81, really powerful!"

One side of Chen Yujing, can't help admiring.

Xuanjiyue can break the 81 shackles and release the potential, which can only be described in two words: terrible. Although she is not the capital of the emperor, she is infinitely close to the emperor, and can be said to be invincible in the world.

"Hum!"

When xuanjiyue heard Chen Yujing's praise, she felt a little harsh. What's the use of cutting off her flail 81 and pushing the world? It's not the capital of the emperor. After all, she can't change her life against the heaven.

Holding a fire in her heart, xuanjiyue just wants to take out her anger with yechen and fly down to kill yechen with a sword.

Ye Chen was knocked to the ground, seriously injured, is dying, see xuanjiyue's figure came, but can no longer fight.

"Die for me!"

Xuanjiyue stabs Ye Chen's heart with a sword.

"Stop it

But just at this time, he heard a "bang", which seemed to be the explosion of some Dan furnace, and then a beautiful figure came through the air. With a sword in his hand, he blocked xuanjiyue's sword and saved Ye Chen's life.

"Blood coagulation! You, baijiejing

Xuanjiyue, caught off guard, was shocked three steps back, but saw a beautiful figure, appeared in front of her.

This figure is xuecongqian.

The blood coagulates thousand red body, a trace does not wear, the whole body is permeated with a strong white fog, will cover the body vital place, but there are still large areas of snow-white skin exposed, in the sky against the backdrop of snow, like a fairy general, looks graceful, incomparably beautiful.

What's more terrible is the breath of blood coagulation, which has reached a level of heaven!

Boom

The sound of thundering sky vibrates on Xuening Qian's head, and a piece of auspicious flowers bloom. The sky resonates with the Boulevard, and the immortals and Buddhas sing. The weather is incomparably magnificent.

That's the weather that belongs to the real strong man of baijiejing!

This moment of blood coagulation thousand, has successfully stepped into a hundred flail realm of heaven!

Chapter 6092

Xuening Qian quickly picked up Ye Chen, bowed his head and gave him a deep kiss on his lips, crossing the aura of his hundred flail state.

Ye Chen only felt a burst of warm and fragrant nephrite, and a burst of moist and warm in his mouth. When he opened his eyes and saw Xuening's face, he thought he was in a dream.

"Are you all right?"

Blood coagulation thousand hold Ye Chen, voice with concern, gratitude.

Ye Chen was nourished by the aura of xueningqian, and his physical recovery ability was extremely strong. He suddenly recovered his spirit. Once the eight trigrams heavenly elixir technique was turned, even the injury was recovered.

"You... You broke through?"

Ye Chen looks at Xue Ning Qian in amazement, and only feels that the breath of Xue Ning Qian has reached the level of one hundred flail realm. The number of flail chopping is about 72.

Chopping flail 72, though far from being compared with xuanjiyue, is a first-class talent in the world.

This moment's blood coagulates thousand, the breath has been thoroughly powerful, very fierce.

Xuening Qian nodded and said, "well, I have broken through. Thank you for your holy water."

At this time, ye Chen insisted that there was no time to burn incense, but the blood coagulation was ahead of time.

Because ye Chen's eight trigrams Dan furnace, the holy water of the yellow spring, and the Seven Star quench way all speed up the breakthrough.

"Damn it, I was promoted to baijiejing. Give me death!"

Xuanjiyue was so angry that she waved Shenluo Tianjian and cut off Xuening Qian.

Now blood coagulation thousand just break through, the foundation is not solid, it is xuanjiyue's shot time.

Moreover, xuanjiyue felt that the spirit of xuecong Qian was consumed seriously.

Obviously, in order to break through quickly, Xuening Qian sacrificed the spirit. The consumption of the spirit is too serious. Now she is not suitable to use force and needs rest.

If you fight by force, you may be killed and fall.

Xuanjiyue's sword is to force Xuening Qian to fight.

Xuening Qianbei bit his red lip, but with a dignified color, he quickly took Ye Chen and flew away to avoid xuanjiyue's killing move.

"I just broke through, the foundation is not stable, the spirit is weak, it's not suitable to fight fiercely, we mainly defend!"

Xuening Qian pulls Ye Chen and retreats to a place of array.

This array is the core of the sword world.

Ye Chen nods, also saw blood congeals thousand state not good.

"World of swords, great array of swords, open!"

Xueningqian offered a black jade pendant, which was the one given to her by xuejianming, carrying the cause and effect of the sword world.

Under the aura of xueningqian, the black jade pendant was buzzing and constantly shaking, and the core array under her feet was also instantly opened.

Whoa, whoa, whoa!

However, thousands of sword Qi suddenly rushed out of the big array, gathered all over the sky, enveloped all around, and turned into a huge guard sword array.

This guard sword array tightly envelops Ye Chen and Xue Ning Qian.

Ye Chen also releases his own aura and infuses it into the sword array to improve its protection ability.

"The great array of ten thousand swords is connected with the earthly veins of the sword world. The geomantic omen has been circulating for thousands of years. With the protection of this array, it's as solid as gold. It's safe for the time being."

Seeing the formation of the sword array, Xue Ningqian was relieved. He sat down with his knees crossed, breathed silently, stabilized his foundation, and repaired the damaged spirit.

Ye Chen felt it carefully and found that the great array of ten thousand swords was really connected with the earth and Qi. As long as the geomantic omen did not disperse, it would not collapse for thousands of years, and it could last for a long time.

Ye Chen and Xue Ningqian are safe for the time being with the protection of this big array.

Xuanjiyue and Chen Yujing try to attack the sword array before they come to the ten thousand sword array, but they find that the sword array is extremely strong and has the blessing of the earth and Qi, but they can't break it.

Even under the strong attack, there was a counterattack from the sword array, and there was a lot of sword Qi.

"Damn it, you want to be a turtle!"

Xuanjiyue gritted her teeth and was annoyed.

If the confrontation, she has absolute confidence, can kill blood coagulation Qian.

But now, Xuening Qian has no intention of fighting at all, just wants to defend.

Xueningqian is also an expert in Baiji realm. Even if the martial arts foundation is not as good as xuanjiyue, she wants to defend. Xuanjiyue can't break it in a short time.

Chen Yujing's face sank and said, "queen, what should I do?"

Xuanjiyue turned her eyes and saw the Zhenwu soap carving flag in Chen Yujing's hand. She said, "give me your magic weapon."

Chen Yujing was stunned, stepped back and said: "this... This magic weapon has the essence and blood of the Lord of God. I can't give it to you casually."

This Zhenwu soap carving flag, with the essence and blood of the judge, is very valuable. Chen Yujing also plans to return this flag to the judge after the battle.

In this way, the master of the verdict can recover the essence and blood, and also the breath.

Now xuanjiyue asks for it. Obviously, she has a big plan.

Xuanjiyue's face sank and said: "the Lord of the verdict said that he asked you to help me with all your strength. Do you want to resist?"

With that, xuanjiyue raises Shenluo Tianjian with a murderous look. Looking at her posture, it seems that if Chen Yujing wants to resist, she will start directly.

Chen Yujing is so creepy that he does not dare to offend xuanjiyue, and he is reluctant to send out Zhenwu soap carving flag. He is in a dilemma for a moment.

"Bring it to me!"

Xuanjiyue suddenly drinks, but she grabs Zhenwu's soap carving flag directly.

Chen Yujing's face changed greatly. He bit his teeth, but he didn't dare to stop it.

But xuanjiyue narrowed her eyes, and a purple light came out of her palm, which condensed into a flame and wrapped the Zhenwu soap carving flag.

Under the fire of crape myrtle, the Zhenwu soap carving flag emits green smoke and melts continuously. The essence blood contained in it is also washed out.

"The judge, if you want to kill the reincarnation, you have to make some sacrifice. Don't blame me."

Xuanjiyue chuckles and suddenly urges xiudongzhu to absorb that drop of blood essence.

There are also Zhenwu soap carving flags, which are completely melted into aura and absorbed by embroidered winter beads.

Boom!

Embroidered winter bead absorbed the majestic energy, instantly burst out tens of thousands of feet of blood light, the breath soared wildly, between heaven and earth floating goose hair snow, the snow crystal, actually revealed a trace of scarlet blood awn, it is extremely strange.

In the sky, the wind and snow are dancing all over the sky, the vast chanting sound is sounded in the clouds, and the holy halls and palaces are looming, showing the incomparably sacred brilliance.

Devouring the essence and blood of the judge, xuanjiyue seems to be in charge of Tianwei, and her breath suddenly advances by leaps and bounds.

Seeing xuanjiyue's soaring breath, Chen Yujing's heart is dripping blood, because he knows that behind xuanjiyue's strength is the sacrifice of the judge.

In the judgment hall, because the blood essence was suddenly engulfed, the Lord of the judgment "puffed" and directly vomited blood, which made the originally weak body even weaker.

Chapter 6093

"Xuanjiyue, what a cruel means. I only hope you can really kill the reincarnation Lord, otherwise I will not forgive you!"

The judge's eyes were chilly, and he realized that xuanjiyue's method had devoured his blood essence.

He lost a lot!

If ye Chen could be killed, the loss would be acceptable.

But in case, xuanjiyue fails, the consequences are unimaginable, the loss is too big, it is difficult to recover.

In the dust of the sword world, xuanjiyue absorbed the essence and blood of the Lord of the verdict, and embroidered the winter beads to give off an unprecedented terrible light.

The light, scarlet in the snow white, has the supreme dignity of judgment. A beautiful winter snow world with countless holy halls and palaces is born, which smashes away from the sky like meteorites towards the sword array below.

Ye Chen and Xue Ningqian were in the sword array. They thought they were as solid as gold, but they didn't expect xuanjiyue to have this method.

"No!"

Ye Chen looked at the suppressed winter snow world of the holy hall, and his face changed greatly.

At this moment, it was as if the Lord of the verdict had come in person and joined hands with xuanjiyue. What a terrible attack they had made, they could hardly compete.

Hemagglutination Qian also looks a change, only feel incomparable pressure.

Although she has a strong defense, she can't deal with the alliance between xuanjiyue and the judge.

"Are we really going to die here today?"

Xuening Qian suddenly smiles with sadness. Looking at the approaching winter snow world of the holy hall, she only feels that the end is coming, and no force can resist it at all.

Ye Chen clenched his teeth. At the critical moment of life and death, he grasped Xuening Qian's hand and said: "lend me another mouthful of hundred flail Qi!"

Blood coagulation thousand looking at Ye Chen's facial expression, heart move, don't say, ye Chen still have a way to fight?

Xuanjiyue joins hands with the leader of the verdict. How majestic is her power? Even if she is reincarnated, she can't create a miracle, can she?

But at this time, she can only believe Ye Chen.

At the moment, Xuening Qian embraces Ye Chen's neck, and cherry's small mouth kisses Ye Chen again, passing a mouthful of aura.

Ye Chen is nourished by the aura of xuecongqian. His eyes are suddenly fierce, and his reincarnation blood is completely burning. It seems that there is a volcanic eruption in his body, which suddenly blows up a fierce breath.

In this breath of shock, blood coagulation thousand "ouch", can not help but retreat away.

Brush, brush!

A piece of reincarnation xuanbei, floated out from ye Chen's body, revolved around him.

"Hongmeng starry sky, reincarnation of heaven, open!"

Ye Chen drinks violently, reincarnation blood burns to the extreme, a majestic heaven is suddenly born from the void, and fiercely goes up to kill.

That is his reincarnation in heaven, representing the highest of Hongmeng Yuanshu!

In that reincarnation heaven, there are countless reincarnation believers chanting, with great momentum.

In the sky above the kingdom of heaven, there is a vast and bright starry sky with the ancient and wasteful atmosphere.

"What about reincarnation? Can you stand in the way of fate? "

Xuanjiyue snorted coldly, but she didn't pay any attention to Ye Chen.

Although reincarnation in heaven is very strong, it is also extremely difficult for her to face it alone.

But now, she devoured the essence of the Lord of the verdict, which is equivalent to joining hands with the Lord of the verdict!

Fate ruling, powerful alliance, and even possible suppression of reincarnation!

Boom

Xuanjiyue's world of the winter snow holy hall was smashed down, crushing the ten thousand sword array directly and dispersing countless sword Qi.

Hemagglutination Qian was backfired and vomited blood on the spot. Her pretty face was pale and withered to the ground.

After breaking the sword array, xuanjiyue's world of winter snow Temple directly collides with Ye Chen's reincarnation heaven.

The collision of the two worlds is like the collision of the two universes. In an instant, it causes a fierce explosion in the air, rumbling. Tens of millions of time and space are shattered at this moment, and countless laws collapse, as if even the way of heaven is about to be destroyed.

Chen Yujing and Xue Ningqian stare at the scene of collision.

This is reincarnation Tianwei, the collision with destiny ruling!

This collision, but in the blink of an eye, divided the outcome.

"Puff!"

Ye Chen vomited blood and fell down on the spot. His face turned pale and his eyes lost their look. He was seriously injured and almost died suddenly.

His reincarnation in heaven was almost destroyed, and was suddenly smashed by xuanjiyue's world.

His reincarnation blood, after all, has not returned to the peak state, in the face of xuanjiyue and the Lord of the ruling, two super strong attack, he finally failed!

\*\*\*

Xuanjiyue looks up at the sky and laughs. Her green silk is flying, and she looks very energetic.

At the moment of the collision, she also suffered a little shock, but fortunately, with the help of the judge, she was not injured, and directly crushed Ye Chen's heaven world and won the final victory.

"The queen is mighty!"

Chen Yujing saw this, showing a very excited, very happy look, did not expect so quickly decided the outcome.

The thought of killing the reincarnation Lord and making great contributions made him tremble and excited.

Xuanjiyue snorts and flies down to kill Ye Chen with her sword. She is ready to give ye Chen the last blow.

"Ye Chen!"

Hemagglutination can't stop it.

And Chen Yujing, with the color of greed in his eyes, quickly ran to Xuening Qian.

Xueningqian has broken through to a hundred shackles. It's really an adverse cauldron furnace. If you take it back to collect tonics, it's really a great benefit.

Chapter 6094

Ye Chen's body is like a pool of mud. He can't struggle any more.

At this desperate moment, ye Chen hears a sneer from reincarnation cemetery.

"Boy, after all, I'll do it. You owe me a big debt again!"

The voice of desolate old, spread to leaf Chen ear.

Ye Chen smiles bitterly, but he has nothing to say.

"Well, you've been fighting with xuanjiyue for too long. Let's end her life today."

The old man's voice is cold, with the world's taboo spirit of killing and cutting, and the aura infuses into Ye Chen.

Ye Chen gets the help of Huang Lao. He is still dying, but he recovers his spirit and becomes fierce. His eyes are full of unprecedented strength.

The meaning of Laohuang is very simple. Today we will put an end to our destiny.

"Well?"

Xuanjiyue wanted to kill Ye Chen with a sword, but in the middle of the sword, she suddenly felt the breath of Ye Chen, which soared, and filled with the terrible breath of the ancient, as if she had changed a person.

"No!"

Xuanjiyue suddenly feels bad and flies away.

Click!

Ye Chen's vision is fierce, suddenly stands up, the sole of foot a step, the earth is shaking, directly cracking.

With the help of Huang Lao, he completely transformed.

"Xuanjiyue, die for me! "Little Chonglou palm!"

Ye Chen claps his hand fiercely. With the help of the power of Huang Lao, the power of this hand is earth shaking. The palm wind is extremely strong. There are many towers around. The weather appears. The world seems to be a world of towers, and ye Chen is the absolute master.

Xuanjiyue has already noticed something bad and is on guard. But ye Chen's hand is too fierce. No matter how she guards against it, she is absolutely dead and can't resist it at all.

"Damn, what's that smell?"

Xuanjiyue's face changed greatly, and she guessed that there was something terrible in yechen's body. Even she could not resist the power of that power.

Seeing that xuanjiyue is about to be killed by one hand, she grabs Chen Yujing in the middle of a crisis.

Chen Yujing sees Ye Chen's sudden rise, just at the moment of blankness and dullness. He doesn't expect xuanjiyue to take him as a shield.

"Ouch! Xuanjiyue, you... "

See ye Chen a palm clap, Chen Yujing big shock, lost his voice exclaimed.

But at this time, no one can save him.

Bang!

Ye Chen slaps Chen Yujing hard.

The body of the latter burst in the air and turned into a rain of blood. The body and soul of the latter were destroyed.

"Puff!"

Xuanjiyue in the rear was shocked by the palm force, and she couldn't help vomiting blood and was seriously injured.

Ye Chen gets Huang Lao's help, and her power is terrible. Even if Chen Yujing takes most of the palm power, the rest will directly hurt her.

Fortunately, with Chen Yujing's resistance, xuanjiyue finally saved her life. She tore the void in a hurry and ran away in a panic.

"Unfortunately, I let her run away."

When Huang Lao saw Xuan Jiyue escape, he laughed.

"It seems that you have to rely on your own strength to kill fate. I can't help you."

The old man took back his own strength.

Ye Chen seems to have let out the spirit of the ball, immediately fell to the ground.

"Ye Chen!"

Hemagglutination thousand flurried to run to, hold up Ye Chen, lightly embrace him, kiss again go down, crossed a true Qi in the past.

She is also injured, but she is worried about ye Chen. No matter how weak she is, she will cross the real Qi.

Ye Chen gets nourishment of her aura and recovers a trace of spirit.

Xueningqian takes out two healing pills, takes one by himself, and takes one for ye Chen.

Ye Chen's injury improved again. He sat up slowly and said with a smile, "thank you, blood girl."

Between speaking, ye Chen releases the eight trigrams heavenly elixir to cure himself and xuecongqian.

Blood coagulation thousand eye circles a red, embrace Ye Chen.

Ye Chen patted her back and said, "it's OK."

The war ended and the storm subsided.

Ye Chen kills Chen Yujing and injures xuanjiyue with the help of the power of Huang Lao, and wins the final victory.

However, he owes a big debt to Huang Lao.

Today, if there were no Laohuang, he would have died.

Xuanjiyue's cooperation with the Lord of the verdict is too strong. With Ye Chen's current strength, it's obvious that she can't fight.

Now the storm subsided, ye Chen was finally relieved.

Next, the geocentric region should be able to be quiet for a period of time. Xuanjiyue was seriously injured, and the leader of the verdict was weak. Both of them could not make trouble in a short time.

Mo Hanxi, Lin Tianxiao and Hong Xin also had enough time to recuperate and accumulate strength to prepare for the final decisive battle.

The cause and effect of the earth's heart is solved for a short time, but ye Chen wants to return to the outside world.

Because, he and Ji Siqing, there is another agreement!

Thinking of Ji Siqing's gentleness, ye Chen can't help but feel passionate. He wants to go back immediately and sleep with Ji Siqing.

And blood dragon took dragon bone Dan, want to also recover, ye Chen want to go back to have a look.

Blood coagulation thousand also seem to see ye Chen's mind, lift Mou to silently look at him, way: "do you want to go back?"

Ye Chen saw her eyes, with not give up, said with a smile: "in a few days to go back, I'm afraid you have an accident."

Xuening Qian sacrificed her spirit, chopped off her flail 72, and forced her to break through the hundred flail realm. Moreover, she was injured in the battle. Ye Chen was afraid that something might happen to her, so he planned to stay for a few more days to observe the situation.

What's more, if you kill Chen Yujing, the essence and blood of the opponent is also an excellent refining material, which can refine the wild devil sky sword.

Ye Chen plans to refine the wild devil sky sword to the peak state, and then return to the outside world.

Chapter 6095

Blood coagulation thousand Hear ye Chen want to stay a few days, natural incomparable happy.

At the moment, ye Chen collects Chen Yujing's essence and blood breath, condenses into a blood bead, and goes back to the depth of the sword world with Xuening Qian.

Deep in the dust of Jianshi, there are several simple houses. Ye Chen and Xue Ningqian live here.

Ye Chen sends a flying sword message to Liuli Baodi, stating clearly today's war, the ending of the storm, and the things that he is about to leave the earth.

To leave the earth's core, we need to go through the gate of eternal antiquity. Generally speaking, we need to use the divine tree as the key to open the gate of eternal antiquity.

But ye Chen has gone through the gate of eternal antiquity and is familiar with the structure of the gate. He has three heavenly swords in his hand. Even if he doesn't have the divine tree's imperial edict, he can open the gate of eternal antiquity with the Heavenly Sword.

Ye Chen calms down, calls out the eight trigrams Dan stove, takes out the wild devil sky sword, puts it in the Dan stove, and then throws Chen Yujing's blood bead in.

In addition to alchemy, Bagua furnace can also be used to refine utensils. After all, the sources are interlinked, and the alchemy utensils come from the same source.

"Soldier word Jue, seven star quenching way!"

Ye Chen moves in his heart, and then uses the technique of quenching war to completely dissolve Chen Yujing's blood beads and harden them into the wild devil's sword.

In addition, ye Chen also mobilized a lot of holy water, as well as Dan Xianhu last crape myrtle water, also all poured in.

These materials, under the dissolution of Ye Chenbing's word formula, play out 12 points of energy, and are constantly absorbed by the wild devil Tianjian.

The whole wild devil Sky Sword is buzzing outside the refining of the military formula. The evil spirit is getting stronger and stronger, and the edge is getting sharper and sharper. It is gradually moving towards the peak of the sky sword.

So after three days, the Bagua Dan stove was completely broken with a bang.

The evil spirit soars into the sky. The wild devil sword with the rolling evil light reaches the sky and blooms out a very bright black light. The extremely dazzling sword is in all directions, and the flowing clouds are torn up. On the nine sky sky, there are many ancient demons, worshipping the wild devil sword, showing a very brilliant atmosphere.

"It's a success at last!"

Ye Chen is pleasantly surprised, palm a move, the wild devil Sky Sword returns to his hand.

When he waved the sky sword, he only felt that the sword was mellow and smooth, full of magic and sharp.

The spirit of this wild demon sky sword has finally reached the full circle, and there is no need to feed it in the future.

From the beginning of getting the kind of wild demon sword, we cultivated it all the way, accumulating countless resources, innumerable talents and treasures. This sword has finally grown to the peak.

Ye Chen's heart is full of joy and satisfaction.

Now he has three heavenly swords in hand, Longyuan Heavenly Sword and Huangmo Heavenly Sword, which are in the state of perfection at the peak, but they are not perfect yet.

Disaster Sky Sword is special. It needs to be combined with Li Feixue to give full play to its ultimate power.

Ye Chen is very satisfied with the success of the two heavenly swords. As long as he is strong, he will be able to further develop the power of the heavenly swords. He doesn't have to work hard to keep the sword.

"Ye Chen, congratulations."

Xuening Qian, seeing the consummation of the ghost sky sword, comes out to congratulate Ye Chen with a smile.

After three days of recuperation, hemagglutination is no longer a big problem.

Her damaged soul is gradually recovering. With the protection of Feng Shui and Qi Yun, she will not be in any danger.

"Blood girl, are you all right? Show me your body. "

Ye Chen laughs and pulls up Xuening Qian's wrist and turns her pulse.

Hemagglutination thousand pulse condition is very stable, the flesh body soul is all unharmed.

Ye Chen nodded with satisfaction and said, "very good. As long as you continue to recuperate for a period of time, you will soon recover."

Xue Ningqian said, "well, thank you for taking care of me these three days. Are you going to leave now?"

Ye Chen nodded: "yes, there are people waiting for me outside."

Thinking of Ji Siqing's figure, ye Chen's heart can't help boiling.

Xuening Qian was also relieved with a smile, but not too attached, and said, "do we have a chance to see each other again in the future?"

Ye Chen said with a smile: "there must be."

Xue Ningqian said, "well, have a good trip. I hope we can meet again in the future."

Ye Chen said: "certainly!"

Now he arched his hand and left.

But just after ye Chen left, the three swords in the world shook violently.

Three pairs of eyes seemed to open in the dark.

Xuening Qian feels something, turns around and looks at the three swords.

But the three eyes disappeared.

The strange smell disappeared.

As if everything had never existed.

Xuening Qian was a little uneasy and murmured: "will these three swords change recently?"

.....

Ye Chen naturally doesn't know about jianshichendi. After leaving jianshichendi, ye Chen immediately flies to the gate of henggu, ready to break the door and leave.

When he came to the gate of eternal antiquity, ye Chen saw a familiar figure, floating in the sky, waiting for him quietly.

This figure is Ren extraordinary!

"Any elder!"

Ye Chen stares big eyes, still think to see wrong, carefully a look, really is Ren extraordinary right, the other party bearing still natural and unrestrained as before.

"You're all right."

Ren Feifan smiles and says to Ye Chen.

"Mr. Ren, why are you here?"

Ye Chen is in doubt.

Ren Feifan straightened out and said, "I saw xuanjiyue step into the heart of the earth. I was worried that something might happen, so I followed him. But it seems that I don't have to do it. The taboo in the world has solved everything for you."

The original Xuanji month into the heart of the earth things, Ren extraordinary also have perception, then quietly came, has been hiding in the dark, quietly paying attention to the situation.

He is Ye Chen's protector, naturally will not look at Ye Chen accident.

If ye Chen's life is really in danger, he will protect it.

However, in the battle of jianshichendi before, Huang Lao finally saved Ye Chen, but he didn't need to protect him.

"I see."

Ye Chen secretly relieved a breath, it seems that there is any special guard behind, he also need not worry too much, he won't fall easily.

"Come on, let's go back to tianrenyu. I'll take you to meet Hong Tianjing."

Ren Feifan waves his hand, opens the door of henggu and strides in.

"See Hong Tianjing?"

Ye Chen hears this speech, immediately surprised, follow Ren extraordinary go in.

When ye Chen and Ren Fanfan left the earth for the first time, they also went through the gate of eternal antiquity.

Ren Fanfan has long been familiar with the structure of the gate of eternal antiquity, so it's easy to break the gate at will. He doesn't need any magic tree, nor does he need to borrow the power of the Heavenly Sword.

Along the gate of eternal antiquity, they quickly returned to the realm of heaven and man.

Ye Chen's heart is full of surprise and shock.

Because, Ren Feifan said just now that he would take him to see Hong Tianjing!

Chapter 6096

Ren Feifan nodded and said: "yes, it's time to take you to meet Hong Tianjing and feel the strength gap between them. It's also beneficial to your Daoxin."

Ye Chen's heart vibrates. He didn't expect Ren Fanfan to make this decision. He has seen Hong Tianjing's appearance from some ancient weather before, but he hasn't seen a real person yet.

Hong Tianjing is a unique genius of the Hong family. He used to rise from the center of the earth. He is a rare genius in all ages. If it wasn't for the great power of the heavenly daughter, he might be the most brilliant new star in the world.

Today's Hong Tianjing, defeated by the empress dowager, is suppressed and sealed in the realm of heaven and man. Before long yuan's battle for the sky sword, the annihilation sword spirit failed to win the sword. As a result, Hong Tianjing lost the hope of breaking the seal ahead of time.

However, with the passage of time, Hong Tianjing's seal itself is constantly loosening. He is afraid that he will get out of trouble completely within a year.

Once Hong Tianjing gets out of trouble, it may be the end of Ye Chen!

Now, Ren Feifan wants to take ye Chen to meet Hong Tianjing, also to prepare for the final decisive battle.

Feel Hong Tianjing's strength in advance. It's better to be psychologically prepared. If you don't have time to wait for Hong Tianjing to get out of trouble, ye Chen is caught off guard. He is afraid that it will affect the will of Tao Xin.

Ye Chen thought that he was going to face Hong Tianjing, and his heart couldn't help pounding.

Hong Tianjing is the elder of wanxu. His position is extremely lofty. He has the support of the ancient emperor Yuhuang. His strength is absolutely not simple.

"I don't know if Hong Tianjing has learned the divine skill of Brahma."

Ye Chen thought silently.

The martial arts of Brahma are all advanced in array. There are nine words of Jue, each of which has the divine power against the heaven. Just like Ye Chen who has become a martial arts Jue, he is almost a master who has transformed against the heaven and killed half a step of the hundred shackles. Just like killing mole ants, you can imagine how powerful the martial arts of Brahma are.

Now what ye Chen is worried about is that Hong Tianjing is also in control of the nine heavenly gods, which is troublesome.

You know, Hong Tianjing also has a sword in his hand. In terms of weapons, it's no worse than ye Chen. If he masters the nine heavenly magic skills again, ye Chen's situation will become very dangerous.

In a myriad of thoughts, ye Chen followed Ren Fanfan out of the eternal gate and returned to the realm of heaven and man.

"Come with me."

Ren Fanfan tears the void and takes Ye Chen directly to the place of Hong Tianjing's seal.

Ye Chen's heart is pounding. He follows Ren Fanfan through the void. In the blink of an eye, he comes to the place where Hong Tianjing is sealed. It's a huge iron palm peak. It's impacted by a waterfall like a flying dragon. The sky and the earth are filled with water vapor. The water vapor reflects the sun and turns into a rainbow. It's magnificent.

As soon as he came to this place, ye Chen had caught a very obscure and terrible breath, with the flavor of the law of life and death. There was a great terror between life and death, which was creepy.

When you think of Hong Tianjing's achievements, ye Chen is a little numb because he killed Yan Change, the former master of the heart demon, with one finger.

"Ren Fanfan, what are you doing here? Are you going to kill me? "

Ren Fanfan and ye Chen have just arrived, and a cold old voice comes out from deep underground.

It's Hong Tianjing's voice!

During the period of Hong Tianjing's seal, he was sleeping most of the day, but when ye Chen and Ren Feifan arrived, he naturally felt something and woke up directly.

At his peak, Hong Tianjing was naturally extremely terrifying. He was a real strong emperor. However, in the first World War ten thousand years ago, he was defeated by the Empress Dowager. His orthodoxy was almost broken and his cultivation atmosphere was greatly weakened. He was no longer Ren extraordinary's enemy.

What's more, he was sealed, Ren extraordinary want to kill him, he absolutely can't resist.

Of course, if Ren Fanfan does so, he will be exposed immediately, and will be locked by the ancient emperor Yuhuang. He will die.

Ren extraordinary a smile, naturally not interested in and Hong Tianjing die together, light way: "Hong Tianjing, I come to see you just."

Said, Ren extraordinary took Ye Chen, applied a dun method, directly Dun underground.

Ye Chen exclaimed in surprise, but found that he had come to a dark grotto.

This grotto, like a dungeon, imprisons everything. There are countless thick chains, full of forbidden runes, crisscrossing.

The chains interweave and bind an unkempt old man. Although the old man is unkempt, his eyes are extremely sharp and fierce. Just a pair of eyes, they seem to have the edge of a sword, which makes people dare not look directly at him.

"Hong Tianjing!"

Ye Chen see this old man, immediately heart shock.

This person is naturally Hong Tianjing.

Beside Hong Tianjing, a thin figure is standing, which is the spirit of annihilation sword.

Annihilation silence sword spirit eyes muddy, look with haggard, looking at Ye Chen's eyes, and with anger.

Before that, he regretted his defeat in the battle for Longyuan Tianjian, and naturally hated Ye Chen.

"Eh, Lord of reincarnation, you have made such rapid progress that you have even become a soldier's code?"

Hong Tianjing looks at Ye Chen, slightly surprised.

Because he found that ye Chen's breath was very powerful.

Although on the surface, ye Chen is only a two-tier heaven in the real world, but his real fighting power is enough to kill the strong man in the half step hundred flail world in an instant!

Because ye Chen has become a nine heaven God, and his fighting power is a progress against heaven.

As soon as the formula is used, it will crush the world and crush the world. If you look at the whole world, there are only a few people who can match Ye Chen.

Annihilation sword spirit felt the breath of Ye Chen, and his heart was also violently shaken, and even gave birth to a trace of fear.

Chapter 6097

Because he found that ye Chen's breath was too terrible. If he fought, he would be killed by Ye Chen within three moves, and he would not have the slightest chance to live.

At the beginning, his cultivation was far better than that of Ye Chen, but he didn't expect that in a short time, ye Chen would surpass him.

Now it's no more difficult for ye Chen to kill annihilation sword spirit than to crush an ant.

This is the power of the nine heaven magic!

After mastering the military formula, ye Chen can only use the word invincible to describe it.

It's just a formula of Brahma's divine skill, not the top nine heaven divine skill.

The most powerful nine heaven divine skill, Daqian Chonglou palm, is hidden in Ye Chen's blood.

It is conceivable that once Ye Chen has become the master of Daqian, how strong will ye Chen be.

Ye Chen looks at Hong Tianjing and carefully captures Hong Tianjing's breath.

Then ye Chen found that after the defeat of Hong Tianjing in the first battle with the heavenly daughter, his cultivation fell completely. Now it is probably the middle or later stage of the hundred flail realm. In short, it is not the realm of the heavenly king.

Under the shackles of layers of prohibition chains, Hong Tianjing's strength can only play one layer of heaven at most.

"That's right. I've learned the formula of Bing Zi, and I'll kill you today!"

Ye Chen clenches his teeth. Countless thoughts flash in his heart. Suddenly, a murderer comes out of his eyes. With one finger running through, he smashes the mysterious meaning of the word formula of sending troops. The nine days road smashes out and stabs Hong Tianjing's eyebrows.

Ren Fanfan can't make a move casually, for fear of exposing the cause and effect, but ye Chen's cultivation is only in the early stage of the real environment, and his move won't be exposed.

Therefore, ye Chen just wants to kill Hong Tianjing directly. Anyway, now that Hong Tianjing is sealed, his strength is greatly reduced. Ye Chen has a good chance to win.

See ye Chen suddenly hand, Ren extraordinary and annihilate silence sword spirit are surprised.

However, Hong Tianjing is calm and free. He is not afraid at all, and he doesn't mean to fight back.

Whoa!

Ye Chen's finger pierced through, and he was three inches in front of Hong Tianjing's forehead, but he was suddenly blocked by a terrible force of prohibition.

The chains, blooming golden light runes, formed a layer of barrier, blocked Ye Chen.

Ye Chen's finger contains the supreme meaning of the military formula, that is, the sun can penetrate, and the star dome can be pierced, but it can't penetrate this light barrier.

On the contrary, ye Chen's fingers poked into the forbidden barrier, as if he had poked into the iron wall. He was shocked and his fingers hurt. He stepped back two steps.

Hong Tianjing laughed and said: "you are not qualified to break the ban on Ren tiannv. Although the ban shackles me, it is also a layer of protection for me. Except Ren Feifan, who is a pervert, no one else can break the ban and hurt me."

Ye Chen takes another step back and looks at Ren Feifan.

Ren Feifan nodded, obviously also recognized the severity of this layer of prohibition.

Even if ye Chen tries his best, it is impossible to break the ban and kill Hong Tianjing.

Because this prohibition is laid down by the heavenly daughter, and no one in the world can break it.

Hong Tianjing's eyes twinkled with fierce light and said: "Lord of reincarnation, you don't have to be in a hurry. If you want to fight a decisive battle, just wait for me to break the seal. At that time, I will kill you

and all the people around you. Hehe, Ren Fanfan can't protect you! Once I break the ban, I will contact wanxu. If Ren Fanfan dares to show up, there will be a yuhuanggudi to deal with him. You can't escape. "

Ye Chen facial expression a change, one side of Ren extraordinary, is also tiny have dignified color.

Obviously, Hong Tianjing's plan is indeed a thorny one.

If he breaks the ban, he will first contact wanxu and keep an eye on Ren Fanfan.

As long as he limits Ren Feifan's action, he can do whatever he wants, kill Ye Chen, or even all the people around him!

Ye Chen clenched his fist and said, "it's useless to fight for words. You are still one year away from getting out of trouble. In this year, my strength will surpass you!"

Give ye Chen another year, he has confidence to advance by leaps and bounds, and then grow up enough to compete with Hong Tianjing.

After all, he is a great athlete, as long as he is given enough time, he can grow up.

This year, if you can successfully cultivate Daqian Chonglou palm, ye Chen won't have to be afraid of Hong Tianjing.

"Ha ha, you want to surpass me, that's a fool's dream, let you see today, my real strength!"

Hong Tianjing sneered, and his fingers suddenly shook.

It's such a gentle shaking that the surrounding space collapses in an instant, and a breath of terror between life and death spreads.

Ye Chen's head is buzzing, as if falling into an illusion.

In this illusion, ye Chen is in the vast universe, suddenly the void is broken, a finger breaks through the sky, falls from the sky, and rubs against Ye Chen.

Ye Chen instantly creepy, as if to feel that he is a mole ant, to be run over by this finger.

This is Hong Tianjing's finger. That's what he used to do when he killed Yan Changge, the former master of the heart demon.

"This is... The nine heavenly magic, the formula of listing characters?"

Ye Chen saw that the fingers were surrounded by a layer of Taoist breath, a layer of source fluctuations, and instantly caught the cause and effect.

Hong Tianjing's magic power has the same origin as ye Chen's military formula. They are all derived from the great Fantian's nine Supreme skills.

Ye Chen has already deduced that this is the formula of listing characters in the nine formulas of Brahma's divine skill!

In ancient languages, column and crack are interlinked. This formula of column is the meaning of breaking. It can easily break thousands of time and space and break all rules.

At that time, Hong Tianjing was able to easily break through many spaces and kill Yan Changge with one finger. It was precisely with the divine power of the formula of Lie Zi.

Now, although he is at the moment of seal, he still has a strong strength. This time, he wants to kill Ye Chen.

Hong Tianjing's source skill cultivation is extremely profound. I don't know how many thousands of years he has practiced it, and his prestige is very terrible.

Ye Chen suffers from the shadow of his Lie Zi Jue. He is so powerful that he can't move. His Qi machine is blocked and he can't fight back.

"Dare you

Ye Chen is about to be crushed to death by a finger. At this time, Ren Feifan draws his sword out of the sheath, and the moon light sweeps through the void with blood. Hong Tianjing's finger is cut off on the spot and splashed with blood.

Ye Chen is shocked all over and breaks away from the illusion. However, he sees Hong Tianjing's fingers, which are cut off and bloody.

However, Hong Tianjing's physique is extremely strong. His severed fingers soon grow out and return to their original state, leaving no scars.

"Ha ha, Lord of reincarnation, how is your cultivation of the nine heavenly gods compared with me?"

Hong Tianjing smiles. In this place of seal, he has the advantage of Fengshui. He can almost kill Ye Chen just now.

However, Hong Tianjing also knows that with Ren extraordinary beside him, he naturally can't succeed. He just wants to give ye Chen a downfall.

If you can plant the seeds of terror in Ye Chen's heart, then he will get out of trouble and fight ye Chen again, it will be much easier.

Chapter 6098

When ye Chen's face sank, he naturally knew Hong Tianjing's plan.

He has a strong heart, but he won't be scared easily. It's just that Hong Tianjing's cultivation is much higher than him.

In particular, the cultivation of the nine heavenly gods was not at the same level.

Hong Tianjing's nine heaven magic has the great terror of the law of life and death. It can easily create illusions, affect people's spirit, block people's Qi and suppress people's fighting spirit, which ye Chen can't do.

There is a big gap between them in the cultivation of source skills.

"You are really much stronger than me, but I have reincarnation blood, and my luck is far better than you. I will laugh to the end of this chess game."

Ye Chen's vision one coagulates, in the heart knew the difference, on the contrary very quickly calm down.

There is a huge gap between him and Hong Tianjing, but it is not irreparable.

There is still a year to go. Ye Chen believes that relying on his own luck, he can definitely gain enough opportunities. In this way, he is qualified to fight against Hong Tianjing.

Hong Tianjing was a bit surprised to see that he didn't scare Ye Chen. Even Yan Changge, who was in that year, was shocked when he saw his divine cultivation.

It seems that Hong Tianjing crushed him to death, but in fact, what Hong Tianjing crushed was just a corpse. After Yan Changge saw the horror of the nine heaven magic, Tao Xin collapsed, and he had already bred a heart demon. He was killed by his own heart demon.

However, ye Chen's Taoist heart is much more powerful than Yan Changge, and he is not frightened by Hong Tianjing.

Ren Fanfan looked at Ye Chen's resolute expression and nodded with satisfaction.

It seems that he brought Ye Chen to face Hong Tianjing. This decision is right.

At least, ye Chen recognized the gap ahead of time and was prepared.

If it's after Hong Tianjing gets out of trouble, and his strength rises, ye Chen suddenly sees his nine heaven magic again, for fear that it will really collapse.

Hong Tianjing's eyes turned and he seemed to be planning something. He suddenly said with a smile: "Lord of reincarnation, if you really have such a strong heart, you'd better go to the land of Yin. I've prepared a surprise for you there. I just hope that the gift of the surprise will not be covered by the dust of years."

"The source of Yin earth?"

Ye Chen hears these four words and vaguely captures a very strong cause and effect.

This cause and effect seems to have something to do with the temple of yin and Yang!

Is it true that Yin earth is the site of Yin Yang Temple?

Looking at Hong Tianjing's appearance, he seems to have destroyed the residence.

"What have you done?"

Ye Chen is a little sulky, he says.

Hong Tianjing said with a smile: "if you go and have a look, you will know what kind of Yin Yang Temple you want to build to fight against wanxu. That's wishful thinking. No one, even the supreme daughter, and you, who are extraordinary, can fight against wanxu. You can't imagine the strength of Yuhuang."

When it comes to yuhuanggudi, Hong Tianjing can't hide his admiration and admiration. Although he hates the cruel character of yuhuanggudi, he has to admit that yuhuanggudi is the strongest in the world and no one can rival him.

Even the former master of the old days was eventually killed by the emperor.

In Hong Tianjing's eyes, ye Chenren's confrontation with Yu Huanggu emperor is a way of self death.

It is also wishful thinking to fight against wanxu.

Ye Chen thought, memory, fuzzy, seems to have the existence of the original of Yin earth, but he for a time, can't remember.

The blood of the previous life, after all, has not completely recovered, some core memory, ye Chen has not yet recovered.

"Let's go."

Ren Fanfan pats Ye Chen's shoulder and signals to leave.

Ye Chen nods lightly, then went out with Ren extraordinary.

Hong Tianjing looked at the figure of the two people leaving. Leng Sen said with a smile: "you are trying to fight against wanxu. One day, you will all suffer the most cruel torture and die in endless pain!"

Ye Chen listened to Hong Tianjing's threat, but didn't pay much attention to it.

He and wanxu are doomed to be enemies. No matter which side is defeated, they have to bear the cruelest torture of the other side.

After coming out of the sealed land, ye Chen asked Ren Fanfan: "master, do you know the location of the original land of yin?"

Ye Chen's memory is too vague to remember.

Ren Fanfan stares at him and says, "I know, but you'd better think about it for yourself. If you revive the memory, it's good for your blood."

Ye Chen frowned and said, "OK, I'll try."

He tried to revive this part of memory, but the more he thought about it, the more painful his head was, but he could not remember it all the time, only some fragments of memory.

"No, it's a pity that I hope Tianxing hasn't recovered. If I could use the energy of Tianxing, I might be able to recover this memory."

Ye Chen shook his head and didn't try any more.

Now there is the clue of the origin of yin and earth. If you want the stars to recover, ye Chen can trace back to this part of memory.

But the problem is, the wish star has not recovered, ye Chen pure fantasy, but no effect.

Ren Fanfan said, "well, then I'll take you to the land of yin and follow me."

Said, Ren extraordinary Yufeng and line, and did not tear the void.

Ye Chen followed them up, and they flew in the sky like meteors.

Ren Fanfan said: "the reincarnation Lord of the previous life told me that he founded the temple of yin and Yang, which has two bases, few people know."

## Chapter 6099

Ye Chen said: "the source of yin and earth is the base of yin and Yang Temple?"

Ren Feifan nodded and said: "exactly, the temple of yin and Yang is divided into three parts. As you know, the first part has no base camp, because its power is relatively weak. It belongs to pieces that can be discarded at any time. For example, Qi Yunshu, Li Shiyue, Yanyu xianzun and others are all the first pieces."

Ye Chen was shocked, and the temple of yin and Yang was divided into three parts, which he naturally knew. The figure of Yanyu xianzun appeared in his mind and said: "is Yanyu xianzun also a chess piece that can be discarded?"

Ren Fanfan said: "yes, if you want to win the final chess game, you have to sacrifice a lot. Fortunately, you have defeated the Confucianists. It's her luck that Yanyu xianzun didn't fall."

Now Yanyu xianzun is still alive, and the enmity between Ye Chen and the Confucians has come to an end. She can finish her mission and quit the chess game, and her life will not be in danger in the future.

Ye Chen felt a little relieved and said, "the source of yin and earth is the second base of yin and Yang Temple?"

Ren Fanfan nodded: "that's right! The source of yin and earth is the second base camp, and there is another place called Yangyan sea, which is the third base camp. But the Yangyan sea is very mysterious, and I don't know where it is. "

Ye Chen slightly has some unknown premonition, way: "that Yin earth of yuan, should not have been destroyed by Hong Tianjing?"

Listen to Hong Tianjing's words before, he said to give ye Chen a surprise, that wants to come to the land of Yin, I'm afraid it has already encountered an accident.

Yin earth is the second base camp of Yin Yang Temple. The destruction of this base camp is a huge blow to Ye Chen.

Ren extraordinary did not answer directly, way: "I take you to have a look to say again."

Say, allow special acceleration speed, fly to sweep and go ahead.

Ye Chen quickly followed up, all the way flying between, two people finally came to a vast plain.

This vast plain, endless, the ground is full of grass, but between the grass, but filled with a trace of evil spirit.

The spirit of the evil spirit is everywhere, whistling in the wind, gathering into all kinds of evil spirits, like ghosts, floating on the grass plain. The scene is quite strange.

Even the sun in the sky couldn't shine on the land of yin and earth. It was cut off by a strong smell of yin and evil.

At a glance, in the land of yin and earth, there are only white bones, but no living beings, showing a desolate and dead breath.

Seeing these scenes, ye Chen's face is dignified. He finds that there is a temple of yin and Yang here.

This land of yin and Yang is indeed the site of the second temple of yin and Yang, which was destroyed by Hong Tianjing.

But now ye Chen doesn't know whether the former disciples in the base camp have escaped.

Ren extraordinary brow a frown, way: "go down to have a look."

At the moment, Ren Fanfan and ye Chen fall down together and explore in the land of Yin, hoping to find some clues.

Ye Chen asked, "master Ren, don't you know what happened here before?"

Ren Feifan shook his head and said, "I was practicing the nine heavenly gods at that time. I can't get away."

Between speaking, Ren Fanfan side looking, but found a lot of yin and Yang Temple strong bones.

There is a trace of annihilation in these bones, which is obviously the handwriting of Hong Tianjing.

At that time, Hong Tianjing once destroyed this place and killed many people with the power of annihilating the sky sword.

Ye Chen said, "master Ren, haven't you been here since then?"

Ren Feifan still shook his head and said: "I'm afraid to destroy the cause and effect here. I need to wait for you to grow up. You are the master of reincarnation. Only you are the master of this land."

Ye Chen is silent. Looking at the bones occasionally seen on the plain, his face becomes more dignified. Hong Tianjing apparently killed many people in that year.

Ren Feifan explored it for a while. After a little deduction, he loosened his frown and said: "fortunately, Hong Tianjing has destroyed this place and has been destroying the situation of reincarnation. Fortunately, only a small number of people have been killed by him, and most of them have escaped."

Smell speech, leaf Chen a burst of surprise, way: "really? In other words, most of the second strong in the temple of yin and Yang have escaped? "

Ren Feifan nodded and said, "yes, now I deduce that most people have escaped to the dark forbidden sea."

"No sea in the dark?"

Ye Chen hears this place, immediately in the heart a Lin.

The dark forbidden sea is a dangerous place in the extraterritorial supreme world. It is the site of the old Japanese Alliance and the territory of the devil ancestor.

The strongman of the Yin Yang Temple can escape from wanxu if he escapes to the dark forbidden sea. After all, no matter how powerful wanxu is, he can't reach into the boundless territory of the demon ancestor.

However, hiding in the dark forbidden sea, if you offend Mazu Wutian, I'm afraid it's also a trouble.

Ye Chen asked: "senior Ren, where are the escapees in the dark forbidden sea?"

Ren Fanfan said: "I don't know the specific location. I only know that in the dark forbidden sea, if you go there in the future, you will feel something."

"All right."

Ye Chen is helpless for a while, but he is more happy to know that most people escape and go to the dark forbidden sea, which is not destroyed by Hong Tianjing.

Later, he looked for reincarnation sky sword, and sooner or later he would go to the dark forbidden sea.

Maybe at that time, we can take charge of the power of the Yin Yang Temple again.

"Look here again."

Ren Fanfan's eyes narrowed slightly, and he continued to search for possible clues on the land of Yin.

Ye Chen silent, but also silent to find.

"There seems to be an altar over there."

Two people explored again for a while, Ren extraordinary eye Mou turns, seem to have discovery.

Ye Chen along Ren extraordinary eyes to see past, as expected saw a broken altar.

Inside the altar, there seems to be a rune, shining brightly.

Ye Chen and Ren Fanfan went there immediately, but they found a rune carved in the corner of the altar. The rune had a hint of heaven. It seemed to be the clue left by the strongmen of yin and Yang Temple in the past!

"There's a clue!"

As soon as ye Chen's eyes brightened, he bit his fingertips and wiped the blood on the rune.

Hum!

All of a sudden, the rune blooms bright light, and the breath of ancient cause and effect comes out.

"Ask a way peak, road face dust!"

Ye Chen catches the breath of cause and effect, turns his eyes and immediately breaks it.

This rune is the clue left behind by the strong who were not killed in the past!

The strong man, named Dao Linchen, lives in seclusion in a place called wenwenfeng, waiting for ye Chen.

He seems to have a very important mission, so he didn't go to the dark forbidden sea, risked being killed by wanxu, and had to wait for the rise and return of Ye Chen in heaven and man.

"It's tianwu Wolong Scripture. That man has a page of tianwu Wolong Scripture waiting for you to collect it."

Chapter 6100

Ren Fanfan carefully pinches the finger deduction, along this rune, more clearly captures the cause and effect behind.

"Tianwu Wolong Sutra!"

Ye Chen hears this words, immediately startled.

Tianwu Wolong Sutra is the most mysterious ancient method in the world. Besides Wuzu, no one has ever seen the whole picture.

Ren Feifan nodded and said: "tianwu Wolong Sutra, this secret script is very important. Let's go and have a look!"

Now ye Chen has a general outline of tianwu Wolong Sutra in hand, but it's just a general outline. He doesn't even have a specific page.

It is said that there is a part of the old lord's treasure. Now ye Chen is too far away from the old lord's treasure.

At the moment, ye Chen and Ren Fanfan lock in the secret and immediately tear the void. They go to ask for the peak and look for Tao Linchen.

The next moment, the void tearing, ye Chen and Ren extraordinary two people, came to a dusky sky.

This sky is full of thick clouds. In the clouds stands a towering mountain, which is full of dark prohibitions. It is quite spectacular.

On top of the mountain, there are two big golden characters, flashing violently, which are the words "ask"!

"What is Tao? What is the ultimate Tao?"

Ye Chen sees "ask a way" two words, vision a burst of trance.

What is the ultimate goal of cultivation, nothingness and nothingness?

What do you need to reach the realm of nothingness?

Ren Fanfan looked at the word "asked", also in a trance, and said: "Tao can be Tao, extraordinary Tao, the mystery of the ultimate Avenue. The legend is hidden in the tianwu Wolong Sutra. If you can get the tianwu Wolong Sutra, you can solve the mystery of nothing, but it's just a legend."

Between speaking, Ren special sighed a breath, stepping into the peak.

Ye Chen also strode into the mountain, everywhere forbidden, one layer after another.

He directly pulled out the wild devil Sky Sword and went all the way to kill it.

When the wild devil sword reaches its acme, it will be extremely sharp and easy to break the general prohibition.

All the way forward, ye Chen and Ren Fanfan soon arrived at the top of the mountain.

On the top of the mountain, there is a coffin.

The coffin was made of ebony, with the word "Dien" printed on it.

Ye Chen a burst of amazement, Ren extraordinary is calm appearance, way: "the person is inside."

Kalon!

As soon as his voice fell, the coffin began to shake violently.

The next moment, a wrinkled, old hand opened the lid of the coffin and crawled out slowly.

It was an old man who was aging to the extreme. He could hardly see a trace of life. His wrinkled skin was close to his skeleton. His shape was like a skeleton, and his eyes were extremely turbid.

"Lord, is that you?"

The old man saw Ye Chen and was stunned. His eyes were dazed, and his throat was hoarse like a ghost.

Ye Chen was shocked and said: "it's me, master. Are you Dao Linchen? I see the clue you left! "

The old man heard Ye Chen's voice, his body shook violently, and two drops of tears came out of his turbid eyes.

Ye Chen saw his emaciated body, shaking in the wind, and seemed to fall apart at any time. He couldn't help but be a little worried and said, "are you OK, master?"

He went to Dao Linchen and wanted to restore his breath, but he found that he didn't even have a breath of life. It seemed that he was already dead, just because of a wisp of obsession, he didn't fall. He hung a breath, as if he was waiting for ye Chen to come.

"Lord, I was killed by Hong Tianjing. You don't have to save me in vain."

The way faces the dust light a smile, seem to have already looked at open.

"It's just that I didn't finish my mission, so I insisted on staying alive."

Between speaking, the road faces the dust to return a hand from the coffin, feel out a piece of paper.

That piece of paper, to be exact, is a page of scriptures, surrounded by chains of dark prohibition, showing a very strict atmosphere.

Tao Linchen's thin palm, holding the Scripture, was stained by the dark breath, as if surrounded by a layer of black fog, which was quite strange.

"Tianwu Wolong Sutra!"

Ye Chen saw that page of Scripture, his eyes suddenly shrank, and caught the cause and effect in an instant.

That's a page of the tianwu Wolong Sutra.

Dao Linchen nodded gently and said, "Lord, you entrusted us to investigate and search the tianwu Wolong Sutra. After all difficulties, I finally found a page in the dark sea."

Ye Chen and Ren extraordinary look at each other, all feel stunned, did not expect that this page of Scripture, actually is found in the dark sea.

Dao Linchen coughed violently for two times. Obviously, he couldn't support it any more. He took a deep breath and put the Scriptures into Ye Chen's hand

"Lord, my task has been completed. Take this page of Scripture and I can go with ease."

Said, the road faces the dust to release a smile, as if finally unties the heart knot.

"Master, wait, I'll find a way to save you!"

Ye Chen grasped the palm of the road face dust, hurriedly way.

Dao Linchen smiles and says, "I can't be saved. I've been killed by Hong Tianjing for thousands of years. It's already a miracle. How can I be saved?"

"By the way, Lord, I learned from my investigation that there are 100 pages of tianwu Wolong Scripture, 95 of which were collected by the old lord."

Ye Chen said: "Lord of the old days?"

Dao Linchen nodded and said, "it's the tianwu Wolong Sutra. The old master is still five pages short of collecting it. If he has a complete Sutra, the Yuhuang ancient emperor can't be his opponent."
