

## **Physician 6101**

### Chapter 6101

Ye Chenlian asked: "the remaining five pages?"

"The remaining five pages..."

Dao Linchen turned his eyes on Ye Chen and said, "the remaining five pages, one of which is in your hand."

"Then I found the second page of the Scripture, and now I give it to you."

"The third page of the Scripture is in the Wolong God."

"There are two more pages, one in the hands of the judge and the other in the hands of Wutian."

Ye Chen and Ren Feifan are shocked when they hear this. It seems that in order to investigate the tianwu Wolong Sutra, the temple of yin and Yang is definitely the source of blood, otherwise it is impossible to investigate so clearly.

The tianwu Wolong Sutra has a total of 100 pages. The old master found 95 pages, but five pages are missing.

Dao Linchen said: "this is the information ten thousand years ago. Now my subordinates are not sure."

Ye Chen pinches a finger to calculate, along this clue, already faintly capture the resonance breath, in the hand of the devil ancestor Wu Tian and the Lord of the judgment, as expected, respectively hold a page of scriptures.

"The intelligence is real. You did a good job."

Ye Chen holds Dao Linchen's hand and praises Dao.

Dao Linchen breathed a sigh of relief and said: "it's so good, Lord. I have lived up to your expectations. If you can collect these five pages of scriptures and find the treasure of the old lord, you can get the complete version of tianwu Wolong Sutra and become the first person under Wuzu in all ages!"

Tianwu Wolong Sutra, a secret script, has been practiced only by Wuzu since ancient times. Since Wuzu, no one has ever practiced it.

Hearing the words of "the first man in all ages", ye Chen felt excited.

At the beginning, tianwu Wolong sutra was scattered, and he didn't hold the hope of collecting all of them. He didn't expect that the old master had collected 95 pages. Now, as long as ye Chen finds another five pages and seizes the treasure of the old master, he can successfully get tianwu Wolong Sutra. The chance is much better than before.

If you want to fight against the ancestors of wanxu, it's not enough to rely on Daqian Chonglou alone.

Daqian Chonglou palm can only guarantee that ye Chen will kill the judge, but if you want to defeat the ancestors of wanxu, you can't use a nine heaven magic.

But if ye Chen can get the tianwu Wolong Sutra and change his life completely, he will have a chance to kill the ancestor of wanxu!

"Lord, I'll go first. I hope you can revive me when you take charge of the reincarnation peak in the future. Goodbye in the world!"

But at this time, Dao Linchen smiles, closes his eyes, passes away and falls on Ye Chen's body.

"Master!"

Ye Chen excited painstaking effort, instantly cool down.

Just met with the strong one of the former Yin and Yang Temple, but the other is dead, ye Chen is very sad.

This Dao Linchen can find out the details of tianwu Wolong Sutra, and his ability to handle affairs must be excellent. If he can stay at his side, it will definitely be a great help for ye Chen.

Unfortunately, the other side has been oil lamp dry, completely away from ye Chen.

If you want to revive each other, unless ye Chen defeats wanxu, kills all enemies, takes charge of the ultimate reincarnation, and controls the ultimate law of life and death. In this way, ye Chen can revive all his former dead friends.

However, it is too far away, ye Chen is not sure whether he can see the happy ending.

Ren Feifan also sighed and said: "it's time to bury him. The birth of tianwu Wolong Sutra may cause changes in the fate. Don't let people find out."

"Well."

Ye Chen nodded gently, put the body of Dao Linchen back into the coffin, buried it in the soil, and then cut the stone as a stele to erect a tombstone for the other party, engraved with "the tomb of Taoist Linchen".

After a moment of silence, ye Chen and Ren Feifan left.

Ye Chen came out of the peak and asked, holding the page of the tianwu Wolong Sutra in his hand. Looking at the heavy restrictions on it, he suddenly looked sharp and said:

"Bing Zi Jue, broken!"

On the palm of Ye Chen's hand, he suddenly burst out a white vigorous Qi, with a strong sense of crushing mystery, which was very terrible, as if he could destroy everything.

This is the nine days broken way in the Bing Zi Jue!

Click

Under the crush of the military formula, all the forbidden chains on the Scriptures suddenly broke, and a lot of auspicious atmosphere appeared.

"It's really wonderful."

Ren Fanfan saw Ye Chen's action and was slightly surprised.

Even if he wants to break the prohibition of tianwu Wolong Sutra, it will cost a lot of effort.

But in a flash, ye Chen used the magic method of Bing Zi Jue to crack it directly. It was as easy as the palm of one's hand, which showed the magic of Bing Zi Jue.

Ye Chen offered a wisp of holy water, wrapped this page of tianwu Wolong Sutra, and directly absorbed refining.

In a flash, tianwu Avenue, the ancient true solution of Wu Dao, crossed Ye Chen's mind.

Ye Chen's martial arts accumulated these days are all inspired. It's like a volcano rolling and exploding. There are thunders in the sky, tens of millions of lightning are dancing, and endless magic rays are rolling and spraying. Mixed with the light of Xianxia Buddha, it turns into a seven rainbow bridge, which is very spectacular.

Ren Fanfan saw these visions, but also can not help but retreat a distance.

Under the stimulation of tianwu Wolong Sutra, ye Chen's cultivation made a rapid breakthrough, and directly promoted from the second level heaven to the third level heaven!

Moreover, it is not a simple promotion, but a substantial promotion.

At present, ye Chen's cultivation is probably in the middle of the third heaven of the true realm, and his cultivation is much better than before.

And his destruction seal, also from the realm of seven heaven, broke through to eight!

"The tianwu Wolong Sutra is really extraordinary. If you can collect 100 pages, isn't it invincible? Even if I get it at this time, will I step directly into the realm of Taizhen? Even baijiaying

Ye Chen opens his eyes, perceives the change on his body, also can't help a burst of praise.

If it was an ordinary breakthrough, he would not have improved so much.

Now it's directly in the middle of the third heaven, and the seal of destruction has also been upgraded, which shows the power of tianwu Wolong Sutra.

The tianwu Wolong Sutra has 100 pages, and ye Chen only has two. It's so powerful. If we gather them together, it's unimaginable.

Ren Feifan said with a smile: "don't dream too early. You want to get the complete version of tianwu Wolong Sutra unless you can find the treasure of the old lord."

Ninety five of the 100 pages of scriptures are in the treasure of the old lord. Where can we get them so easily.

Ye Chen said: "yes, now I'd better find a way to collect the scattered five pages."

Ye Chen got two pages of the five scattered scriptures, three pages short.

Among the three pages, one is on the side of Wolong God Zun, one is in the hands of the judge, and the other is under the control of Wutian.

Ren Fanfan pondered for a while and said, "I have already discussed the scriptures of Wolong shenzun with tiannu. She said that when you step into Taizhen, she will give you the Scriptures as pig breeding."

Chapter 6102

Wolong shenzun is one of the twelve shenzuns under the heavenly daughter.

The heavenly daughter always wanted to raise pigs and cultivate Ye Chen. Naturally, she also wanted to give ye Chen this page of scriptures.

Ye Chen in the heart move, way: "want me to attain too true realm?"? That's OK

As long as you reach the true realm, you can get the pages of Wolong shenzun, which is not too difficult.

The real difficulty is to seize the scriptures from the hands of the ruler of the verdict and the demon ancestor Wutian. It's simply a matter of going to heaven.

Ren Fanfan said: "then, you should cultivate as soon as possible and reach the true realm as soon as possible. I'll leave first. The situation is more and more dangerous, and the risk I expose is also more and more big. I can't help you easily in the future. You should take care of yourself."

Ye Chen heart a Lin, way: "I know, elder."

Ren extraordinary "um" a, nod, then say goodbye with Ye Chen.

Here the cause and effect has already passed, after ye Chen and Ren Feifan bid farewell, they return to the blood death prison.

He and Ji Siqing have an agreement to renew the front edge, but at this time, Dao Linchen's body is not cold, so he is not in the mood. He is thinking about how to explain it, but when he returns to bloody death prison, he doesn't feel Ji Siqing's breath.

Blood god, Xia Ruoxue, Wei Ying and others, sensing that ye Chen is back, quickly come out to meet.

The blood God said happily: "Ye Chen, have you come back from the earth so soon?"

Ye Chen nodded and said, "well, where has Siqing gone?"

Blood god way: "she went to the magic dust peak, accompany Ji Lin, said is to protect the law for Ji Lin."

Ye Chen a Leng, way: "for Ji Lin to protect the Dharma?"? By the way, I think it's to protect Ji Lin and cultivate the immortal talisman book. "

Before the battle for Longyuan Tianjian, Ji Lin got the immortal talisman Tianshu, which needed refining and absorbing. Now Ji Siqing went to Huanchen peak to protect Ji Lin's Dharma and protect her smooth cultivation.

Without Ji Siqing, ye Chen felt a little lost, but he was relieved.

At present, Dao Linchen's body is not cold, so he can't offend him.

Ye Chen asked, "where is the blood dragon?"

Blood god is about to answer, the sky thunder rolling, blood fog dancing, a huge and towering dragon, leaping in the clouds, and then came near the sky, eyes with respect, looking at Ye Chen, saluted:

"Master, do you call me?"

This giant dragon is naturally a blood dragon.

Ye Chen takes a look at the blood dragon, and sees that the breath of the blood dragon is surging and surging. It has completely recovered, and even the foundation of Wanxiang's heavenly script has been completely stabilized.

"Blood dragon, have you recovered?"

Ye Chen surprised way.

XUELONG nodded and said: "yes, master, thank you for your dragon bone Dan. I have completely recovered. Moreover, the foundation of my Wanxiang heavenly script has been firmly established. If you fight Zhan Xuan Jiyue, as long as you suppress her Shenluo Heavenly Sword, I will try my best to break out Wanxiang heavenly script, which is enough to kill her!"

Listen to the words of blood dragon, ye Chen's heart is incomparably excited, exclaim: "very good, blood dragon, you finally go against the sky to transmute!"

Dun dun, ye Chen and some dignified, way: "however, now Xuan Ji month also has a breakthrough, want to kill her, that is not too easy."

In the center of the earth, xuanjiyue took charge of the star river of crape myrtle and embroidering winter pearls, and rebuilt the Taoist tradition of the Xuanjia family. Both the cultivation strength and the inner qi movement had a qualitative leap, but it was difficult to deal with.

The blood dragon snorted and said, "she has a breakthrough, and we are constantly breaking through. If we really want to fight, the victory belongs to us!"

Between the words, the scales of the blood dragon are blooming one by one, and the blood light is floating for thousands of miles. Every scale of the blood dragon has an ancient celestial Rune flashing.

At the moment, he has completely controlled Wanxiang Tianshu. He has absolute confidence that he can help Ye Chen and kill xuanjiyue.

After all, in the four volumes of the supreme book of heaven, Wanxiang book of heaven is second only to Wuwu book of heaven and earth.

Blood dragon is the only person in charge of the whole world. Its strength is very strong.

Even in the face of xuanjiyue, he has the confidence to kill.

Blood god, Xia Ruoxue, Wei Ying and others, looking at the blood dragon so high spirited appearance, are a burst of praise.

Everyone did not expect that the growth of blood dragon would be so rapid.

Behind this, the most important opportunity is naturally Wanxiang Tianshu.

A volume of Wanxiang Tianshu is so powerful. It can be imagined that the No. 1 wuwutianshu has gone against the sky.

Ye Chen flew up, riding the blood Dragon into the sky, and said: "blood dragon, then we will practice together, and kill xuanjiyue in the future!"

"Good!" said the dragon

One person, one dragon, shuttling through the clouds in the sky.

Now the blood dragon recovers and takes charge of Wanxiang Tianshu completely. Ye Chen needs to be familiar with his Qi. They fight with each other in the sky of blood death prison to prove their martial arts. They also work together to adjust the rhythm of fusion and reach the perfect state.

.....

At the same time, the world.

Zulu's information has been disclosed to the supreme world, but it has only been circulated among some high-level figures and has not caused much disturbance.

After all, in order to maintain their own sense of mystery, the top ten ancestors tried their best to hide things from the earth.

Many people in the supreme world don't know the secrets of the earth's heart and the origin of the ten great ancestors.

Among the royal families, the Hong family was the first to receive information from Hong Xin and immediately reported it to wanxu temple.

The Hong family and the Yuhuang family are an absolute alliance, with the ancient Yuhuang emperor as the leader.

The ancestor of Hong family in the supreme world is also the core elder of wanxu temple. He is the right arm of yuhuanggudi.

Yuhuanggudi received Zulu's information and was very happy.

He didn't kill the judge in those years. He wanted to stir the wind and rain in the center of the earth. Now, after so many years, it's time to harvest the wheat.

Now, as long as you kill the judge, you can capture the ultimate luck in the center of the earth. By the way, you can also snatch the tianwu Wolong Sutra in the hand of the judge.

The secret order of going to the center of the earth to kill the judgment hall passed down quickly.

This is not a trivial matter. The ancient emperor did not appoint anyone else. Instead, he called out his own disciples of the imperial family.

Due to the restriction of rules, and when flying across the dark forbidden sea, it may disturb the magic ancestor Wutian and cause unnecessary changes, so the disciples who are too powerful can't be sent down. Yuhuanggudi just sent the disciples in the early stage of baijiejing to carry out the task.

Although it is mentioned in the intelligence that the Lord of the verdict is already a Super Master of banbu Tianjun, ordinary people can't hurt him.

But the leader of the ruling, who used to be a subordinate of the yuhuanggudi, is only a magic weapon for him. He knows the fatal weakness of the leader of the ruling. To kill the leader of the ruling is like killing pigs and dogs. It's not hard at all.

Therefore, even the disciples in the early stage of baijijing, as long as they hold the imperial edict of yuhuanggudi, they can kill the judge.

Chapter 6103

If you want to die, you have to.

In the final analysis, in front of the yuhuanggudi, the ruler of the verdict is just a crime, which is not enough. The existence of the harvest can not escape.

One of the young disciples of the Yuhuang family, a young disciple named "Yuhuang breaking the army", took more than ten confidants with him, holding the ancient emperor's edict, secretly crossed the dark forbidden sea and prepared to go to the heart of the earth.

At the same time, in the dark sea, the old alliance also secretly received Zulu's information

An elder reported to Mozu Wutian and said, "Laozu, I heard that wanxu sent people to the inner earth. Are we going to go too? Once wanxu has captured the great fortune of the earth, we are afraid that it will not be good for us. "

Mozu Wutian lightly waved his hand and said, "the old alliance is in a disadvantageous situation. Don't worry about wanxu. Try to find a suitable container for me as soon as possible."

The elder was shocked and said, "this... Suitable container, I'm afraid it's not easy to find."

Mozu Wutian said, "well, try to hurry up. I'm afraid I won't last long. The old body is more and more difficult to adapt to today's rules, and I can't bow to wanxu. I have to find a suitable body for me to give up. Otherwise, our old alliance will never be able to fight against Yuhuang GuDi."

The old man said, "yes!"

Then he retired.

It turns out that Mozu Wutian always wanted to find a container to hold his old soul and adapt to the new era.

That is to say, he needs a man to be reborn.

But this person is not easy to find.

At present, the primary task of the old alliance is to find a new container for Mazu Wutian to take over. As for the battle of the inner earth, Mazu Wutian is not interested in participating.

However, he won't let wanxu Temple profit smoothly.

Therefore, the news of Zulu quietly spread out from the old alliance and spread all over the world.

The news was originally quite secret, and few people knew it except Tianjun's family. However, in order to disrupt the deployment of wanxu temple, Wutian revealed the news.

This led to the spread of intelligence in the geocentric region among many forces.

.....

At the same time, Shentu family, Shentu palace.

On the top of the mountain, there is a graceful and beautiful figure, which reflects the sunshine of the morning, practicing the sword and dancing the sword, showing the unique style. It is Shen Tu Wan'er.

After she took charge of Wuwei Tianjian, her swordsmanship and cultivation improved greatly. At present, Shentu family's spirit is becoming more and more fierce in the supreme world, and it has a tendency to match Tianjun family.

"Newspaper!"

A bodyguard came to the top of the mountain and knelt down on one knee to Shen Tu Wan'er to report the affairs of the earth's heart.

"Wanxu, do you want to go to the center of the earth?"

Shen Tu Wan'er is a little surprised. She has made it clear that ye Chen has a lot of connections with the earth's heart. Although wanxu Temple kills the earth's heart, it seems that it is the master who deals with the verdict, but if ye Chen comes across, she will never let it go.

"Tell my mother, I'll go out!"

Shen Tu Wan'er's eyes move. She puts away her sword, but she wants to come down to heaven and man to inform Ye Chen.

Wanxu temple and ye Chen are enemies of the old enemy. She needs to let Ye Chen know about wanxu's actions so that ye Chen can take precautions in advance.

"Wan'er, where do you want to go?"

At this time, the figure of Shentu Tianyin suddenly came, with a trace of fierce color, looking directly at Shentu Wan'er.

"Mother."

Shen Tu Wan'er's heart beat and she didn't dare look her mother in the eye.

Shentu Tianyin said: "last time you said goodbye to the reincarnation Lord, he said that he would not pester you any more. Why do you bother others again?"

Shen Tu Wan'er stepped forward and said, "but..."

Shentu Tianyin said, "do you want him to break his promise?"

Ye Chen once took reincarnation as an oath to stop pestering Shen Tu Wan'er. When Shen Tu Wan'er heard her mother's words, she bit her teeth and said:

"I want to find him, but he doesn't mean to pester me. It's not a breach of promise."

When Shen Tu Tianyin heard this, he was almost so angry that he said, "you are so shameless, you don't have the reserve of your daughter's family!"

Shen Tu Wan'er blushed, speechless, and her eyes flushed.

Shentu Tianyin feels soft when she looks like she wants to cry. Now Shentu's hope for the future lies in Shentu Wan'er.

Shen Tu Wan'er's heart of Tao should not be damaged, otherwise the consequences would be unimaginable.

After thinking about it, Shen Tu's voice slowed down and said, "well, Wan'er, let's make an agreement."

Shen Tu Wan'er moved in her heart and said, "what's the agreement?"

Shentu Tianyin said: "as long as you promise me that you will be closed for ten years, and you will not be allowed to go out within ten years. After the end of ten years, I will allow you freedom and will not stop you from meeting the reincarnation Lord. You can do whatever you want."

She thought to herself that Shen Tu Wan'er was in charge of Wuwei Tianjian. Tianjian was extremely sharp. As long as she was closed for ten years, she could cut off all her love.

In these ten years, if Shen Tu Wan'er doesn't see ye Chen and doesn't touch her mood, her love will be cut off sooner or later. At that time, she will completely forget Ye Chen and won't have any nostalgia.

Shen Tu Wan'er was overjoyed and said, "really?"

But then I thought, "Wuwei Tianjian is fierce. Everything can be cut off. If I don't see ye Chen for ten years, I'm afraid my love will be cut off."

Chapter 6104

Thinking of this, Shen Tu Wan'er was afraid to agree for a moment.

Shen Tu Tian Yin nodded and said, "nature is true. You have been closed for ten years. After ten years, I will allow you to be free."

Shen Tu Wan'er thought again and again. Her eyes were fixed, and she said, "well, mother, I promise you, I'll be closed for ten years!"

With that, Shen Tu Wan'er made a sword with her right hand and engraved the name of Ye Chen in the palm of her left hand. The skin of the palm was cut and the blood was dripping. Ye Chen's name was shocking.

It turns out that she is afraid that her love will be cut off, so she carves Ye Chen's name ahead of time to keep it in mind forever.

Seeing his daughter's actions, Shen Tu Tianyin sneers. The martial arts of Wuwei Tianjian is the most profound. If she is really shut down for ten years, under the impact of martial arts and the cutting of sword spirit, everything will be broken. Shen Tu Wan'er wants to remember it, but it's hard for her to reach heaven.

"That's good. We've made an agreement. I'll send someone to inform the reincarnation Lord of the plot of wanxu temple. You don't have to worry about it."

"Well, thank you, mother."

Shen Tu Wan'er nodded and agreed with her mother.

She is willing to shut up for ten years and never see ye Chen again in ten years.

Ten years later, Shentu Tianyin allowed her to move freely. No matter what she wanted to do, she would let her go.

However, Shentu Tianyin is full of confidence in this agreement. She believes that ten years is enough for Wuwei Tianjian to cut off all her love.

At that time, Shen Tu Wan'er may become extremely cold-blooded. She only has Kendo and Shasha in her eyes. Maybe she wants to kill reincarnation, seize reincarnation and strengthen Shen Tu's family.

Shentu Tianyin has a smile on his lips. If this is true, Shentu Wan'er is really proud of her ancestors, and Shentu family will surely rise strongly.

After the agreement, Shen Tu Wan'er goes to close the door. Her palm is always engraved with Ye Chen's name, and the wound is bleeding. She deliberately keeps the injury and pain, so as not to really forget Ye Chen.

Shentu Tianyin sent an elder with a generous gift to Tell ye Chen what he was doing.

.....

Heaven and man are in the blood prison.

Ye Chen and Xuelong practice martial arts with each other and get familiar with each other's martial arts rhythm.

"Newspaper!"

At this time, a disciple came to report:

"Lord Ye, Lord Dragon King, there is a messenger from Shentu family in the supreme world."

Ye Chen was slightly surprised to hear that the Shentu family was coming. "Oh," he said. He looked at the blood dragon and flew down to the meeting hall to greet him.

At this time, there was an old man with white hair waiting in the conference hall.

"I'm Su Ling, the last elder of Shentu family. Under the orders of the family leader, I've come to visit the reincarnation Lord, the king of all things."

The old man arched his hand to Ye Chen and blood dragon.

Ye Chen in the heart is startled not to settle, invite the other party to sit down, way: "don't know what matter?"

Su Ling took out a jade bottle and handed it to Ye Chen respectfully, saying: "this is a gift from the master of family to the reincarnation master. Please accept it first."

Ye Chen nodded slightly and took the jade bottle. Vaguely, he felt that the smell of the bottle was interlinked with the wishes of heaven and stars. He was surprised and said, "what kind of treasure is this?"

Su Ling said with a smile: "what's in this bottle is the water of the wishing pool, which can strengthen the aura of your wish stars."

"Wishing pool?"

Ye Chen pulls out the cap of the bottle and looks inside. However, he sees that there is a bottle of cool fairy water in the bottle, which is filled with smoke. It is quite beautiful and has a strong atmosphere of faith.

Su Ling said: "yes, there is a legend about the four immortal pools among the thirty-three heavenly artifacts. The wishing pool is one of the four immortal pools. The wishing star is the star rising from the wishing pool, and the root is the wishing pool."

"Is it?"

Ye Chen was stunned. It turned out that the wishing pool was actually a magic weapon. It was one of the thirty-three heavenly artifacts. It belonged to the four immortal pools and was the source of the birth of the wish stars.

It's said that making a wish in front of the wishing pool can realize any wish. It's very wonderful.

Shentu Tianyin knows that the wish star is in Ye Chen's hand. He sends a bottle of water to express his sincerity.

"What does Master Shentu want me to do?"

Ye Chen's heart is slightly dignified, but he doesn't know what Shentu Tianyin's plan is.

Elder Su Ling said with a smile: "the master of the family gives me a little gift. It's to show his heart. I don't have any other ideas. Please don't worry about it."

"Then your lady..."

Ye Chen thinks of Shen Tu Wan'er and always feels that Shen Tu Tian Yin has another intention.

Su Ling said: "Miss has been closed, and will not go out again in ten years. If you want to see Miss in these ten years, you must not."

"Is Wan'er closed?"

Ye Chen hears these words, immediately shocked, along this clue, pinch to point to calculate, faintly between, but catch Shen Tu Wan'er and mother's agreement.

Su Ling said: "yes, miss is in good condition. I don't need to worry about the reincarnation."

Shen Tu Wan'er has been closed for ten years, and ye Chen has no chance to meet her.

Thinking of this, ye Chen feels a little relaxed and disappointed.

Su Ling said: "the master of the family sent me down this time. I have something important to tell you."

Say, Su Ling took out a Fu Zhao.

This imperial edict contains all the secrets and intelligence.

Ye Chen took the Fu Zhao, a little induction, immediately pupil contraction, show shocked expression.

"Wanxu wants to send people to the heart of the earth?"

In the Fu Zhao, all the information is very clear. Yuhuanggudi knew Zulu's information, and planned to send his direct disciple, a man named "yuhuangpaojun", to the center of the earth, with the goal of killing the judge.

Once ten thousand ruins come, it will not only be the judge, but also the Mo family, the Lin family, the Hong family and the Feng family.

In particular, Fengjia, fengdijun, the father of Fengjia Tianjun, broke up with wanxu and turned against each other. Once wanxu came, Fengjia would never be let go. He would certainly try his best to wipe out Fengjia's ancestral land.

The people of the three ethnic groups all recuperate in the ancestral land of Fengjia, but they have not yet recovered completely. If they encounter the slaughter of wanxu, they will be hard to resist.

"Damn it

Ye Chen aware of this intelligence plot, face slightly twitch, in any case, he will stop.

However, when Wan Xu's disciples came in person, the Yuhuang had the strength in the early stage of baijiejing, and it was said that he had also practiced the "Dou Zi Jue" in the divine skill of Brahma, and his combat effectiveness was very strong.

With Ye Chen's current cultivation, he can kill those who are strong in Baiji realm, but he is very hard to face the real experts in Baiji realm.

If the battle starts, he may not be the enemy of the emperor.

Su Ling seemed to see through what Ye Chen thought and continued: "I know what the reincarnation Lord is worried about. This is not a dead end. I have a suggestion."

Chapter 6105

Ye Chen is stunned. The Shentu family is undoubtedly sending charcoal in the snow. Although he doesn't understand what Shentu Tianyin is selling behind, he obviously considers the Shentu family's interests.

At present, their existence has both advantages and disadvantages for the Shentu family.

If I grow up to destroy the existence of wanxu, I think my relationship with Shen Tu Wan'er will become a kind of transaction.

Ye Chen no longer thought much and asked, "please give me some advice."

Su Ling's eyes narrowed slightly, and said: "Lord of reincarnation, according to the information investigated by Shentu family, there used to be a group of dragon people living in geocentric region in those years, and this group of dragon people once dominated geocentric region in a certain era, and later they were overthrown by the powerful Terrans."

"The dragon clan is called Diyuang dragon clan. The ancestor of the sword God made the Longyuan Heavenly Sword. The inspiration is from Diyuang dragon clan. Maybe you can go to the ruins of Diyuang dragon clan and try your luck."

"You have Longyuan Tianjian in your hand. If you can rely on Diyuang dragon people's Qi transportation and the combination of Tianjian and Tianli, you may be able to fight against the people of wanxu."

Ye Chen moved in his heart and said, "Diyuang dragon? Where are the remains of this tribe? "

Su Ling said: "the Diyuan dragon clan has long disappeared in the history of the earth's core. Naturally, we Shentu family can't find it. But if you hold the Longyuan Heavenly Sword, take the Longyuan as a guide and trace back to heaven's secrets, you may be able to find the remains of the Diyuan dragon clan."

Ye Chen said, "OK, thank you for telling me."

Su Ling said: "well, I'll leave first. The Lord of reincarnation, I wish you a prosperous life and fight against wanxu. I'll see you later."

With that, Su Ling left.

Ye Chen brows deep lock, wanxu is about to come, this to the earth heart domain, is absolutely a monstrous disaster.

The blood Dragon said, "master, do you want to return to the heart of the earth?"

Ye Chen nodded and said, "yes, the situation is urgent. Blood dragon, you can go back with me."

The legitimate disciples of the Yuhuang family come in person, the threat is not small, ye Chen is not sure to deal with it alone, so he needs the help of the blood dragon!

Today's blood dragon, in charge of Wanxiang Tianshu, has a solid foundation and is extremely strong. If he joins hands with blood dragon, ye Chen can fight against the strong one in Baiji realm!

"Well, master, I'll go with you!"

The blood dragon had planned to fight with Ye Chen for a long time. Now he is very happy to hear that he can go to the heart of the earth together.

At the moment, one person and one dragon leave the blood death prison and return to the heart of the earth directly along the ancient star road.

Deep in the ancient path of the starry sky, there is a very obscure breath of nothingness, which is the breath of no heavenly book.

However, ye Chen realized that wuwuwutianshu seemed to be silent. The struggle between wanxu and the judgment hall was not trivial. Even Tianli was silent and did not intervene rashly.

Ye Chen returns to the center of the earth and remembers the intelligence of the Diyuán dragon. He immediately pulls out the Longyuan Sky Sword and traces back to heaven along the clues in the dark, hoping to find the location of the Diyuán dragon remains.

However, the Diyuán dragon has disappeared for a long time, and after the Archean catastrophe, the earth vein plate changed greatly, and the geocentric region changed greatly. The remains of the Diyuán dragon do not know where they moved.

Ye Chen traces back carefully, but he can't catch a trace.

"Master, can't you?"

Asked the blood dragon in a deep voice.

He faintly felt that there was a great chance waiting for him in the Diyuán dragon clan.

If you can step into the Diyuán dragon clan, his strength may be able to further transform!

"No, it's too long to trace the traces of the Diyuán dragon clan."

Ye Chen brow lock, pan think for a while, offer a wish star.

This wish sky star, the light is dim, the aura has not recovered.

"Make a wish that the water in the pool will fall!"

Ye Chen takes out the jade bottle given to him by Shentu's family and directly transfers the water in the wishing pool to the wishing star.

All of a sudden, the wish star came down the rain, every drop of rain has a strong aura, the fairy fog between heaven and earth filled.

Hope star aura, in the rapid recovery.

In the blink of an eye, the breath of desire is completely restored, and even everywhere on the planet is filled with auspicious glow, golden and red neon, bursts of prayer chanting is fierce, very spectacular.

"The spirit water of the wishing pool is really wonderful!"

Ye Chen sees this scene, the eye suddenly a bright.

The wishing pool is one of the four immortal pools and the birthplace of the wish star. It is really extraordinary. A bottle of water can restore the spirit of the wish star, even better than before.

After being tempered by the water of the wishing pool, ye Chen is much more powerful than before.

If at this time, he and xueningqian fight against xuanjiyue again, he doesn't need to borrow the power of Laohuang. Relying on this transformed wish star, he can at least have a draw.

"I make a wish, insight, explore the ruins!"

Ye Chen made a loud wish to explore the remains of Diyu dragon.

Whoa, whoa, whoa!

Wish Tianxing burst out a series of crystal awns, running through the void, trying to find the Diyuang dragon behind.

However, an unexpected scene appeared. Under the desire of Tianxing exploration, we couldn't find it.

"I can't find it yet?"

Ye Chen stares big eyes, completely stunned.

How mysterious is the Diyuang dragon clan? His wishes have been upgraded, but they can't be found in the end.

Can we say that the remains of Diyuang dragon clan have completely disappeared?

"Master, what shall we do?"

When Xuelong saw this scene, he also had no idea. He was sure that Diyuang dragon remains were still there, because he had a sense of great opportunity and could not be wrong.

Chapter 6106

But he didn't know where the ruins of Diyuang dragon were.

The place has been buried for a long time. I can't even find the stars. I can imagine how mysterious it is.

Ye Chen's vision turns, thinks for a while, way: "go to Xiao Jiazu to have a look!"

After that, ye Chen flies to the land of Xiao's ancestors.

The ancestry of the Xiao family has a deep heritage. The ancestor of the sword God once went to the Diyu dragon clan to find inspiration. Maybe there are clues of the Diyu dragon clan in the Xiao family.

.....

At the same time, the sword world dust.

Xueningqian's eyes are closed, and the strong breath of Taoism flows around her body.

Countless swords around the law of sword will flow around her.

Suddenly, blood coagulation thousand eyes open, quite unexpected, way: "Ye Chen unexpectedly return to the earth heart domain?"

She knew that the situation in the center of the earth was getting more and more complicated. Sooner or later, it would become the center of the storm.

And ye Chen's existence is the key to this storm.

But now it seems that the geocentric domain has become the battlefield of some existence.

Ye Chen alone, really enough to shake those who exist?

I'm worried about the hemagglutination at the moment.

Although she has broken through, her strength is strong enough in the heart.

But she didn't feel enough.

The more behind, the more powerful Ye Chen's enemies will be.

Now I want to shake xuanjiyue, even the Lord of the verdict, is not enough.

She has to be stronger!

Keep getting stronger!

With a wave of Xuening's hand, the countless swords hanging in the air fell down.

She suddenly thought of something and turned to look at the three swords.

At the moment, these three swords are still shaking.

After the first World War broke out in jianshichendi, these three swords always broke out strange phenomena.

It's like, they're revealing something.

Hemagglutination can't know exactly what it is.

But it's not a good thing for these three swords, even for myself.

These days, her dream seems to be dominated by these three swords.

One day, she saw herself fall into a dark sea.

In the sea area, these three swords turned into three figures in an attempt to kill themselves.

Xuening Qian shakes her head, trying to disperse the dark cloud in her heart.

She came to the bottom of the three swords. Suddenly, she rose and floated in front of one of them.

It's the "back" sword!

She hesitated for a few seconds, still reached out and slowly approached the sword.

Although she is not as good as xuanjiyue now, if she was in charge of this sword, she might be qualified to fight against Shenluo Tianjian!

If you add your own sword and the Qi of the guardian of the world, it will be enough to compete.

At that time, even if ye Chen is in danger, she has the right to guard.

In a flash, Xuening Qian caught the sword!

Hold on!

Blood coagulation thousand mouth outline a smile, even some excited!

Can you recognize the Lord!

If so, her strength is bound to break through!

But Xuening Qian's smile didn't last for a second, and a strong burning feeling came from the hilt.

Her hands seemed to be burned by the fire of the Taoist spirit, and her face was extremely ferocious.

She wanted to let go, but she knew that once she let go, it would be hard for her to hold the sword again!

She needs the power of the sword!

At this time, the lines on the sword began to emerge. In a flash, the whole sword in the world was shaking violently!

Countless sword storms erupt from this sword!

At this moment, it seems that there are thousands of Kendo masters dancing around Xuening Qian!

Xuening Qian's clothes suddenly appeared Dao Dao sword marks!

Not only that, her white skin is oozing blood!

"Poof!"

Xueningqian wants to hold on for a few seconds, but now she has reached the limit!

Spit out a mouthful of red blood!

At the same time, the fury in the sword made her fly hundreds of meters away!

Only "bang!" With a loud noise, a body stained with blood fell to the ground like this.

Xuening Qian wants to open her eyes, but soon her eyes are red with blood.

And she collapsed completely and fell into a coma.

The whole sword world is full of strange wind.

A little bleak.

.....

At the same time, ye Chen naturally doesn't know about jianshichendi, nor can he perceive the cause and effect of xueningqian. At the moment, he tears the void with Xuelong and comes to the ancestral land of Xiao family.

In the ancestral land of the Xiao family, Xiao Qingyan was surprised to see that ye Chen came to resist the dragon. He chuckled and said, "reincarnation Lord, how are you here? Why, you don't want me? Finally, I figured out, "did Ken and I practice together?"

Between the words, Xiao light Yan eyes Ying Ying, mouth with a smile, looking at Ye Chen.

Blood dragon see Xiao light Yan's eyes, with naked desire, whispered to Ye Chen: "master, this woman seems to want to eat you."

Ye Chen said: "just ignore her. This woman has a strange temper and wants to practice with me all day."

After calming down, ye Chen and Xuelong fall down and say to Xiao Qingyan, "Xiao Qingyan, I have something to ask."

Xiao Xiaoyan said with a smile, "what's the matter? Do you want to ask me if I like you? It must be like that. I'll be your cauldron for you to pick and mend. "

Ye Chen is dumb but lose smile, and some annoyance, way: "can't you settle down a bit?"? I want to ask you something about Diyuan dragon. "

"Diyuan dragon clan?"

Xiao light Yan heard these four words, immediately face a coagulation, obviously also feel cause and effect is important, convergence from the meaning of laughter.

Ye Chen said, "do you know where the Diyuan dragon clan is?"

Xiao light Yan crimson pupil, slightly a turn, and returned to the color of laughter, way: "do you want to know? Sleep with me. "

Ye Chen said, "don't make a fool of yourself."

Xiao light Yan way: "sleep a sleep not good, kiss me also can, I will tell you."

Ye Chen forehead green tendon jumped, way: "since you know, that quickly tell me, don't play what trick."

Xiao light Yan chuckles, lotus step light move, suddenly come to Ye Chen side, embrace his neck, lips close, kiss on his face.

"If you don't want to kiss me, I'll kiss you, too."

Xiao light Yan Mei eyes such as silk looking at Ye Chen, seems to want to melt Ye Chen.

"Get out of here!"

Ye Chen bit his teeth and pushed Xiao Qingyan away.

He knew that the woman was perverse and cruel. He said that he wanted to be with him, but he didn't mean it.

Xiao light Yan cackles Jiao smile, see ye Chen a palm push to come of time, not only didn't dodge, on the contrary erect chest, welcomed up.

Ye Chen palm push her time, just touch her soft.

"Oh, you take advantage of me."

Xiao Qingyan said with a smile.

Ye Chen anger gradually unable to endure, the way: "Diyuan dragon in the end where?"

Xiao Qingyan seems to be angry when he sees him, but he doesn't dare to make any more mischief. He says, "what are you doing so fiercely? I'll tell you. Come with me."

Chapter 6107

With that, Xiao Qingyan swept away from the wind and flew to the distance.

Ye Chen's heart is a little bit fixed, immediately Yu Long Fei Tian, chased up.

Xiao light Yan suddenly turned back, also flew to the blood dragon back, sat behind Ye Chen, soft body close to go up, hands embrace Ye Chen's waist.

Ye Chen feels a burst of softness behind, the facial expression sinks, a way: "what do you want to do?"

Xiao light Yan eyes, smile: "I give you directions, this way."

With that, she pointed to a direction, and the blood Dragon flew to the place she pointed to.

Ye Chen has gas in his heart, but if he wants to go to Diyuang dragon clan, he needs Xiao Qingyan to lead the way, but it's inconvenient to push her away.

Xiao Qingyan hugs Ye Chen from her back and wants to melt the whole body. Fortunately, although she is mischievous, she doesn't delay Ye Chen's business. Along the way, the blood dragon flies to the Diyuang dragon clan.

In the middle of the flight, ye Chen thought of the coming of wanxu, and sent a letter to the judgment hall.

Xiao light Yan tiny feeling surprised, way: "what do you do?"

Ye Chen said, "the strong of wanxu will come soon. I will send a letter to the judgment hall."

Xiao light Yan suddenly look a sink, way: "is it? Are those people coming at last? "

Naturally, she also knew that Zulu's information had been leaked to the supreme world, and the coming of wanxu was inevitable, but she didn't expect that it was so fast.

"Then why did you tell the judgment church?" Xiao Qingyan asked again.

Ye Chen light way: "take them as shield just."

Once the strongmen of wanxu come, it is very likely that the Fengjia and the three ethnic groups will suffer.

Therefore, ye Chen told the ruling Church in advance, which was meant to be on guard.

He wants to use the judgment hall as a shield to block the enemies of the ruins.

If the ruling hall and wanxu fight and lose each other, it would be better. Ye Chen can reap profits from others.

It's said that the strong man who came to wanxu this time is called Yu Huang, who has mastered the fighting formula of Brahma's divine skill.

After ye Chen had practiced the military word Jue, he knew the power of Brahma's divine skill. If he could capture the secret of the military word Jue from the hands of the Emperor Yu, it would be perfect.

Douzijue, representing the supreme attack, fighting heaven, fighting earth, fighting everything, is very powerful.

Ye Chen still has Tianzhu in his hand. If he gets the formula of Dou Zi again, he will be able to incarnate the ancient Dou Di, fight with heaven and kill all enemies. His strength will definitely advance by leaps and bounds.

Thinking about the future, ye Chen can't help looking forward to it.

"Ha ha, you want to use the judgment hall as a shield. I'm afraid it's not easy and others are not stupid."

Xiao light Yan a cold smile, but is to pour cold water on Ye Chen.

Ye Chen said, "let's talk about it then. Let's go to Diyuan dragon clan first."

Among the Diyuan dragon people, if you can step in, you may get a big chance, which is good for ye Chen and Xuelong.

.....

And the verdict temple there, received Ye Chen's flying sword message, immediately shocked.

The adjudicator had been worried about the coming of wanxu for a long time. Now when he got the news, he felt that a great disaster was coming.

Ye Chen's flying sword conveys the message, and the information is in accordance with the natural plan, so there will be no fake.

The judge called xuanjiyue to discuss the countermeasures.

Xuanjiyue failed in the battle of jianshichendi before, and her aura was seriously damaged. The judge also lost his essence and blood. Both of them were not in good condition. Facing wanxu's attack, they felt extremely difficult.

"Wanxu is coming, and the crisis is coming. What is the Queen's strategy?"

The judge asked.

Xuanjiyue thought for a while, with a dignified color in her eyes, and said, "I have a way, but I'm a little adventurous."

"What can I do?" said the judge

Xuanjiyue whispered out the plan in the ear of the judge.

Hearing this, the judge changed his face and said, "is this method feasible?"

Xuan Ji month way: "can be feasible, that wants to try to just know."

The judge nodded and said, "the situation is critical, and it can only be so."

After the agreement, the two people are ready to fight against the wanxu.

.....

And ye Chen and blood dragon, under the guidance of Xiao Qingyan, finally came to the ruins of Diyuán dragon.

In front of my eyes, a dark abyss, deep invisible bottom, filled with the ancient desolate atmosphere.

On the surface of the cliff of the abyss, there are broken swords, broken halberds, white bones, and a gust of wind. It is obvious that there was a war here. The strong of the human race fought with the strong of the dragon race, and the human bones and the dragon bones were sleeping with each other. It was a cruel scene.

"Is this the relic of Diyuán dragon people?"

Ye Chen's heart vibrates slightly, but he hears the dragon Yuan sword on his back, making a strange buzzing sound, which resonates with this relic.

Obviously, there is a connection between the Longyuan Heavenly Sword and the Diyuán dragon clan.

In the past, the ancestor of sword God once practiced here, and finally got the inspiration of casting sword, and successfully forged Longyuan Tianjian.

"Well, this place is very dangerous. Do you really decide to go down?"

Xiao light Yan looking at that bottomless abyss, face slightly some dignified and fear.

Ye Chen said: "this nature, come all come, do you want to go back empty handed?"

Xiao Qingyan bit his teeth and said, "you should protect me. I'm a weak woman. It's natural for men to protect women. "

Ye Chen said with a smile: "if you are a weak girl, there will be no fierce woman in the world."

Between speaking, ye Chen holds the dragon Yuan sky sword, controls the blood dragon, and flies down to the abyss.

Chapter 6108

Two people fly to the abyss, but see the abyss, everywhere flashing a pair of blood red eyes, very strange, it seems that there are countless monsters, lurking in the ground, waiting for ye Chen and others to die.

Ye Chen and others also heard the hoarse ancient sound of the dragon in their ears, which made their scalp numb.

"Hum!"

Ye Chen didn't panic. With a wave of the Longyuan sky sword, the brilliant and dazzling sun shimmered out and shone everywhere. All the Dragon spirits hidden in the dark suddenly whined and hid. They didn't dare to come forward again.

Longyuan Tianjian has special lethality to the dragon people. The hidden dragon people dare not fight with Longyuan Tianjian.

This sword is their nemesis!

Ye Chen and others all the way smoothly, but did not encounter any accident, very smoothly landed at the bottom of the abyss.

Under the abyss, there is another world. It is like a paradise. A path twists and stretches. On both sides of the path, flowers and grasses are planted. The sky is blue and the wind is gentle. You can see a fountain in the distance. The clattering sound of water is refreshing.

Ye Chen stayed for a while, but didn't expect that there was such a magnificent world under the abyss.

"That pool seems to be the Tianlong pool in the four immortal pools!"

Ye Chen saw the fountain pool in the distance, caught the secret of heaven, and his eyes shrank.

Among the four immortal pools, there is a pool named Tianlong pool, which is said to be the origin of the Tianlong people.

Any dragon in the Tianlong pool soak, you can return to the congenital, get great benefits.

In the distance, the fountain pool is full of auspiciousness and spirit. It turns into all kinds of Immortal Dragon weather. It's quite wonderful. It's Tianlong pool in the four immortal pools.

Of course, the true origin of Tianlong pool is that in the supreme world, this Tianlong pool is only a wisp of water evolution, but the aura is also very important.

"It's tianlongchi, master. If I absorb it, it will be strong enough to break through again!"

The blood dragon was overjoyed when he saw the fountain.

If he can absorb the aura of tianlongchi, he will become stronger, and he may be qualified to kill xuanjiyue!

With that, the blood dragon can't wait to fly to the dragon pool that day, hoping to absorb the aura of the pool water.

"Wait!"

Xiao Qingyan stepped forward, but he was full of vigilance.

Ye Chen looked back at her and said, "how?"

Xiao Qingyan said: "this tianlongchi is the core of Diyu dragon clan. Where is it so easy to capture? Be careful of traps."

Ye Chen's heart is one Lin, although don't feel what dangerous breath, but the day dragon pool so big chance, think to also can't so easy to collect.

The blood dragon frowned and said, "with my master Longyuan Tianjian here, which dragon soul dares to make trouble?"

With that, the blood dragon didn't worry about it any more. He flew directly to the pool.

"Wait!"

Ye Chen feels bad and immediately calls the blood dragon.

However, it is still a step slow.

But listen to a bang, void explosion, a very venomous dragon soul resentment, from the deep air burst out.

"Who dares to break into the ancestral land of Yuanlong people in our land?"

An extremely old voice, with severe anger and hatred, suddenly sounded.

However, there are tens of millions of dragon spirits in the sky. They suddenly appear in the void. All the eyes of the Dragon spirits are bloody and fierce, full of murderous spirit.

Tens of thousands of dragon spirits came to cover the sky and the sun, and it seemed that the world around them was a doomsday world in an instant.

Surrounded by tens of thousands of dragon spirits, an ancient giant dragon emerged.

This ancient dragon has only three toes in its claws. Its scales are green and black. It is full of ancient simplicity. Its size is more than ten times that of the blood dragon. It is very huge. There are two double pupils in its eyes. There are two in each of them. The storm shakes between the opening and closing, and the thunder bursts, showing its supremacy.

"The old master of Diyu dragon, the Dark Dragon King!"

Xiao light Yan sees that huge old heavy pupil giant dragon, pretty facial expression changes, way.

"The dark dragon king?"

Ye Chen heard the name, but also a heart.

Xiao Qingyan said: "it is recorded in the ancient books of our Xiao family that the Dark Dragon King existed in the same era as the old master. When the old master wanted to take the Dark Dragon King as his mount, the Dark Dragon King refused and was knocked down by the old master and accidentally fell to the center of the earth."

Ye Chen was surprised and said: "so, the Diyu dragon clan comes from the supreme world? Or the old days? "

Ye Chen did not expect that the Diyu dragon had such a long history that it was actually the existence of the old times, even from the supreme world.

"Aggressors from afar, accept the punishment of darkness and silence!"

The Dark Dragon King roared up to the sky, and tens of thousands of dragon souls behind him roared together. His voice vibrated nine high and was extremely heroic.

Whoa!

The Dark Dragon King's claw swings through the void and kills the blood dragon fiercely.

This claw, with the martial arts of the supreme world, and the momentum of thousands of dragon spirits.

The blood dragon saw the blow, but he looked up to the sky and laughed. He was not afraid and said:

"There's no room for you to turn over the ghost of the old days. Wanxiang Tianshu, I've suppressed it!"

After that, the blood dragon roared up to the sky, and its scales turned over. Every dragon scale burst out tens of thousands of feet of blood light, and ancient celestial script appeared on the dragon scale. The wonderful implication of the road bloomed in an instant. In the void, there were thousands of golden lotus flowers, and the celestial voice immortal sang in unison.

"This is the book of heaven."

The Dark Dragon King, seeing Wanxiang Tianshu, suddenly turned pale.

You know, Wanxiang Tianshu is second only to Wuwu Tianshu, which represents the universe. Since ancient times, there are only a few people who can successfully control Wanxiang Tianshu.

But now, the blood dragon is completely in charge of the Wanxiang book of heaven, the power of this book of heaven, to the extreme.

Blood dragon claw bombardment, countless heavenly script words, such as God chain, around his dragon claw, hualala rotation.

Click!

Blood dragon claws instantly expanded a hundred times, blocking out the sun, like pinching an insect, pinching the body of the Dark Dragon King.

The Dark Dragon King was made by the blood dragon. He tore and roared in his throat and struggled desperately, but he couldn't get rid of the shackles of the blood dragon.

Ye Chen saw this scene, completely shocked.

He never thought that the blood dragon had become so powerful. After he took charge of the Wanxiang heavenly book, the blood dragon deserved to be the king of Wanxiang.

The old ghost of the Dark Dragon King, under the authority of his dragon claws, is as small as an earthworm.

"Lord of reincarnation, is that your card? It's... It's a little abnormal. "

Xiao light Yan see the dragon's magic power, is also shocked beyond comparison.

She had thought that the Dark Dragon King's death would inevitably lead to a fierce battle, but she didn't think that the situation was totally one-sided!

How many secrets does this guy have?

Chapter 6109

The blood dragon showed the majesty of Wanxiang Tianshu slightly, and immediately suppressed the Dark Dragon King. It didn't take much effort.

"Yun Lei Di, long Guang, I've suppressed it!"

The blood dragon roared and sacrificed the dragon ball of cloud thunder emperor. There was thunder in the dragon's claw, and the Pearl exploded. With a fierce attack, the Dark Dragon King was knocked down on the spot.

The Dark Dragon King howled and fell to the ground, directly smashing a terrible pit. The laws of heaven and earth were broken, and it seemed that he could not bear the pressure of the blood dragon.

And the tens of millions of dragon souls, under the influence of the blood dragon, dare not have the slightest struggle to breathe. They are all shivering, without the slightest idea of resistance.

The blood dragon dominates the sky, and its whole body is full of blood. Its majesty and hegemony reach the extreme point.

Ye Chen even has a kind of illusion, if this time, and blood dragon fusion, maybe really can kill xuanjiyue!

At the end of the battle, the blood dragon snorted, and his eyes fell on the Tianlong pool again, ready to absorb the water.

"Why?"

At this time, the blood dragon was found in the pool water, soaked in a dragon egg.

The dragon's egg is full of ancient black runes. It's like hollowing out. It's quite beautiful.

"Master..."

The blood dragon feels strange and calls to Ye Chen.

Ye Chen came up to have a look, but he saw that the dragon egg suddenly vibrated, the eggshell was cracking, and from the crack, it was bursting out with infinite brilliance.

Click!

Finally, the whole egg is completely broken.

A beautiful girl was born from the dragon's egg.

The girl was pure red, with no cloth on her body. She showed a beautiful body with snow-white and crystal clear. She had two dragon horns on her head. She was about fourteen or fifteen years old. Her facial features were carved with powder and jade, especially her eyes. She was water-saving and innocent.

In the sunshine, the girl was born from the fountain, just like the legendary goddess of heaven, without a trace of worldly impurity. Although she was all naked, she was incomparably holy, and could not raise a trace of evil thoughts.

"My lady..."

The Dark Dragon King, who was seriously injured by the blood dragon and fell to the ground, saw the birth of the girl and made a hoarse, regretful and helpless voice.

The girl turned her eyes, broke off the shell of a dragon's egg, put it in her mouth, and began to chew it. She looked at Xuelong and Ye Chen, and her mouth was not clear

"You are the Dragon King of Wanxiang? Are you the Lord of reincarnation? Well... Reincarnation master, you are a great pet. "

Ye Chen saw the girl, just born, can actually call out the name of him and blood dragon, want to come to each other's blood, have the memory of inheritance.

Ye Chen stepped forward and said, "who are you?"

The girl purred and swallowed the eggshell. There was a daze and trance in her eyes. She said, "me? I am the last saint of Diyuán dragon clan. You can call me Ao ye, the first time I meet you. Hello, reincarnation Lord

"Aoye?"

Ye Chen hears the name of that young girl, but feel a burst of funny.

The girl said, "my surname of Diyuán dragon is Ao, so my name is Aoye."

After a pause, he said, "or, you can call me the Dharma name, the dragon lady emperor."

"Dragon lady, heavenly king?"

Ye Chen hears this Law name, but in the heart one Lin, have the courage to call oneself emperor of heaven, all have the absolute enough strength and the spirit luck.

The dragon lady Tianjun has just been born, and her breath is uncertain. Ye Chen is not sure about her cultivation, but since she is the saint of Diyuán dragon, she is not an ordinary person.

The girl nodded, summoned a wisp of Xianxia mist, and turned it into a palace dress. With the decoration, her appearance and temperament became more beautiful.

"Every generation of the Diyuán dragon clan is a woman. It's passed down from generation to generation that I'm called the dragon lady emperor. I'm the ninety ninth emperor. I didn't expect that I met the famous reincarnation Lord just after I was born."

The dragon lady Tianjun said with a smile.

Ye Chen hears her words, involuntarily thought of Ye Luo son.

Dragon lady Tianjun, if you give her this name to Ye Luoer, it's quite suitable. I just don't know how she's going to live in the supreme world under Ren tiannu.

But at this time, Xiao light Yan but stood out, full of murderous, staring at the Dragon Girl emperor, said to Ye Chen: "this little girl is very wordy, we directly kill her, seize the dragon pool!"

On hearing this, the emperor of the dragon lady immediately "ouch", stepped back and said, "I have no injustice or hatred with you. Why do you kill me?"

Xiao Qingyan said with a smile: "who said that you have no injustice and no hatred, if you occupy the Tianlong pool, that is the original sin. You are not qualified for it

Ye Chen hears Xiao light Yan this words, immediately frowned, way: "force words to reason, nonsense!"

"I'm sorry, Miss Ao," she said to the dragon lady Tianjun, "I thought that this Diyu dragon clan was occupied only by evil spirits. I didn't expect that there was another master. Since you are the master here, I won't disturb you. I've offended you so much. Goodbye!"

Ye Chen has his own martial arts, and will never bully the weak. Since there is a master in the dragon pool, and the other party has not offended him, he naturally has no reason to seize it.

Just now, the fight between the blood dragon and the Dark Dragon King was just an accident. There was no Festival between the two sides.

Ye Chen sees the appearance of the Dark Dragon King lying on the ground seriously injured. He feels sorry. He has the light of eight trigrams in his hand and wants to treat him.

"Oh, no!"

The dragon lady emperor called Ye Chen. With a trace of sadness in his eyes, he looked at the Dark Dragon King, and looked at the thousands of dragon spirits around him. He said: "my people have suffered too much. It's time for them to rest. Lord of reincarnation, can you help me to pass them?"

"Over?"

Ye Chen hears this words, immediately a burst of amazement.

The Dark Dragon King and many dragon spirits were surprised and relieved when they heard the words of the dragon lady emperor. Some of the dragon people also showed relief.

The dragon lady Tianjun nodded and said, "the ancestors of Diyuan dragon clan always want to live in peace with the Terrans, but the Terrans only want to hunt us and take us as their mounts. My people live too hard. They always want to be free. Lord of reincarnation, please help me to pass them!"

Ye Chen is silent down, but didn't expect that the Dragon Girl emperor would put forward this request.

In fact, the flesh of the Dark Dragon King and many Diyuan dragon people has already been destroyed. Only the remaining souls are struggling. It's really painful to linger.

Ye Chen saw the Dark Dragon King and other dragon people, his eyes were all with humble and peaceful appearance, no longer just violent.

They really yearn for liberation and hope to get transcendence.

"If you can help me, I can give you tianlongchi and give you two more hongyundan," she said

Chapter 6110

Said, the dragon lady emperor took out two pills, with hazy auspicious glow, strong Qi, it is Hongyun Dan.

Ye Chen's heart moves. Before Ren Fanfan went to Dixin temple, he forced Hong Beichen, the ancestor of the Hong family, to spit out a Hongyun pill. This pill can improve Qi Movement for a short time and is very practical in battle.

Now, the dragon lady Tianjun suddenly took out two, it can be said that it is a big hand.

Ye Chen said, "do you really want to give me tianlongchi?"

Dragon lady Tianjun said with a smile: "you can take it. This pool is just a tributary. This spiritual water is nothing. The real source is in the supreme world."

Ye Chen nods, thinks for a while, then promises to come down a way: "good, I can help you."

He asked the Dark Dragon King and others, "are you willing to accept my transcendence? If I have a chance in the future, I can revive you in the kingdom of reincarnation. "

The Dark Dragon King laughed miserably and said, "no, it's a blessing to be able to get rid of. It's just suffering to live. I feel the coming of wanxu temple. It's better to get rid of now than to be caught by them as a mount."

Ye Chen's heart is awed by the fact that the strongmen of wanxu temple are coming soon. They seldom come to the earth's heart. Naturally, they will try their best to reap all benefits.

If wanxu Temple finds out the location of Di yuan dragon clan, it will not let them go.

"Well, I'll pass you."

"I wish that your souls may rest in peace."

"I wish that one day, the human race and the dragon race will live in peace."

Ye Chen worships the heaven and the stars, and performs the magic. All the temples, Taoist temples, altars, shrines and hundreds of millions of believers on the planet chant scriptures and pray, making a loud sound of chanting scriptures.

Whoa, whoa, whoa.

White light came out of the wish star and fell on the body of the whole Diyu dragon clan.

All of a sudden, tens of thousands of dragon souls in the audience were turned into white light of compassion in an instant, and gradually dissipated in the world.

"Thank you very much, reincarnation Lord. I wish you good luck."

The Dark Dragon King closed his eyes slightly, and his body finally turned into white light.

All the wronged souls, all over rest.

Xiao Qingyan and Xuelong were stunned by the white light and transpiration in the sky. They didn't expect that this expedition to Diyu dragon would end like this.

Seeing the liberation of the clansmen, the dragon lady Tianjun showed a happy and sad smile and said: "Lord of reincarnation, thank you for helping me. You can take this tianlongchi and give it to you as well." She will those two Dan medicine, also gave Ye Chen, turn round to want to walk.

Ye Chen took Hongyun Dan and said, "Miss Ao, where do you want to go?"

The dragon lady Tianjun said, "I want to go to the dark forbidden sea to have a look. It's said that the old master has a younger martial brother who is still alive. There's a head of injustice and a master of debt. Our Diyu dragon clan was defeated by the old master in those years. Now it's time to take revenge. Alas, I don't like to fight and kill. Unfortunately, my destiny is not up to me."

When she was just born, she chewed the eggshell and looked naive and ignorant. But now, less than a year later, she looks helpless and dignified. The mission and cause and effect in her blood are gradually recovering, which is a heavy burden.

The younger martial brother of the old lord is Wutian.

Ye Chen is surprised to hear that the Dragon Girl Tianjun wants to take revenge on Wutian.

No matter how strong the girl's blood is, she has just been born. She is not the enemy of the devil.

Ye Chen wants to admonish a few words, but the dragon lady Tianjun has turned into a white dragon and flies away.

"Everyone has his own fate. What do you worry about her doing? She's not your lover. She'll die when she dies. "

Xiao Qingyan sees the dragon lady Tianjun fly away, and her eyes are indifferent.

Ye Chen knows her mouth poison, hear this words, also see strange, throw a good luck Dan to her, way: "give you."

Xiao light Yan catches Dan medicine, dissatisfied way: "this? I've worked hard to bring you here, so you'll take a pill to send me away? "

Ye Chen said: "otherwise? The Dark Dragon King is defeated by the blood dragon, and the dragon soul is beyond me. You can't get the credit. "

The blood Dragon said in a deep voice: "master, don't worry about this woman. Let's absorb the aura of Tianlong pool!"

Ye Chen said: "that's it

With that, ye Chen grabs the whole Tianlong pool and moves it directly to the wish star.

Then, ye Chen with blood dragon, fly to the wish star, and put down the ban, stop Xiao light Yan up.

Xiao light Yan gas silver teeth clenched, said: "reincarnation of the Lord, you are a miser, I have no end with you!"

In a fit of temper, Xiao Qingyan wants to lose hongyundan, but she can't bear to think about it, so she has to take it wrongly and turn away resentfully.

Ye Chen smiles. In fact, Xiao Qingyan just leads the way and gives her a lucky pill. This reward is enough.

As for Tianlong pool, ye Chen and Xuelong need it very much, but they are reluctant to give it to her.

The spirit water of Tianlong pool has excellent quenching effect on blood dragon and Longyuan sword.

On the wish star, ye Chen looks at the fountain pool in front of him. Under the sunshine, all kinds of dragon colors float, quite magnificent.

Ye Chen takes out the Longyuan Sky Sword and immerses it in the pool water.

With a little immersion, ye Chen immediately felt that Longyuan Tianjian was absorbing the aura of tianlongchi, and the edge became more and more strong. Many ancient dragon totem reliefs on the sword seemed to be alive and lifelike.
