

Physician 6151

Chapter 6151

"Damn it, did you get ahead of others?"

Wei Ying clenched her teeth, and her heart was full of reluctance, but she didn't know who was taking her chance.

However, although the chance was taken away, the lingering cold in the cold spirit had a great effect on her.

The magic power of juehan emperor's palace fits the local geomantic omen very well!

At present, Wei Yingfei went to the top of a mountain, sat down cross legged, and began to absorb the cold air to practice, hoping to have a breakthrough.

She had broken through the hundred shackles and regretted her failure. Now she just wants to practice again and try to attack the shackles again.

At this time, Xuan Jiyue, di Shitian and Chen zuiyue were approaching.

With the approaching of the three, Wei Ying, in her cultivation, is also sensitive and catches a very dangerous breath.

"Someone's coming! It's the breath of fate and demons! "

Wei Yingqiao's face changed, but she found that it was the breath of xuanjiyue and Emperor Shitian. She was shocked. With her current strength, she was obviously not the enemy of the two.

In the outside world, ye Chen is constantly looking for Wei Ying.

Fate, demons, the verdict of the killing intention, touch the sky, finally let Ye Chen found, the clues in the dark!

"Well? Xuanjiyue, Emperor Shitian, the judge, do you want to hurt Wei Ying? "

Ye Chen's eye pupil shrinks, and he is suddenly angry and surprised. All kinds of murders are intertwined with the fate. He pinches his fingers and finally catches Wei Ying.

"In the land of cold God?"

Ye Chen's face is dignified, immediately pull out the dragon Yuan sky sword, a sword tear open void, directly shuttle to the cold God territory.

In order to save energy, xuanjiyue flies against the wind, while yechen tears the void, so instead, they rush in front of them and arrive at the frigid realm.

.....

meanwhile.

Heaven and man, Lingyun historic site.

A piece of white bone covered the earth, the breeze blowing, with a trace of bleak meaning.

It's so quiet here. It's as if no one lives.

At this time, a burst of footwork suddenly sounded.

A great figure, towards a direction.

It was a man with a sword on his back and a pot of wine in his hand. His face was as sharp as a knife.

The most special is his pupil, which has blood circulation.

This person is Ren Fanfan.

But at the moment of Ren extraordinary no momentum of the past, more like into this piece of land, slightly lonely.

Soon, Ren Fanfan stopped.

In front of him stood a huge stone tablet!

There are several big characters on the stone tablet.

Tomb of muyunchen!

Ren Feifan took down the sword behind him and inserted it beside the tombstone.

Then he opened the wine in his hand, drank a few mouthfuls, and fell in front of the tombstone.

"Lao mu, it's your death day again."

"To tell you the truth, I miss you very much."

"Today's biggest regret is still that I didn't attend that war."

"If I were present, maybe you wouldn't fall."

"The animals in wanxu will be pulled down from the altar."

"By the way, do you remember the reincarnation Lord? This guy is growing faster and faster. He has already fought with wanxu."

"I really miss the time when we three were drinking."

"The world, in fact, we don't do anything, it still works normally."

"But only if we do something can we fight against the so-called unfairness."

Ren Fanfan said here, it seems to think of the world once, mood faint fluctuations, the top of the sky also began to change color.

The day turns into night, nine blood moons hang high in the sky!

That bleak gas suddenly disappeared, replaced by Ren extraordinary surprise.

However, the nine rounds of blood moon in the sky finally dissipated.

Ren Fanfan drank a mouthful of wine and continued: "this game of chess depends on how the chess player Ye Chen deals with it."

"The more he gets to the back, the more complicated the situation he has to face. No one knows the danger in it."

"At present, I can't expose it. If I expose it, it will prove that things have reached a difficult stage."

"Well, Lao mu, you can help me and ye Chen laugh to the end."

"When the Lord of reincarnation takes charge of reincarnation, he may revive you."

Speaking of this, Ren extraordinary will drink the wine in his hand, just ready to leave, suddenly, Ren extraordinary found something, eyes micro MI, light way: "since come, come out."

Then, a white haired woman appeared.

It's su Mohan, the extraordinary beauty of Ren.

Su Mo Han looked at the tombstone, closed his eyes, slightly saluted, and then said to Ren Fanfan: "I knew you were here."

Ren Feifan shrugged his shoulders and said: "after all, the death of Lao mu in those years still had some influence on me."

"Lao Mu and I are almost the same as ye Chen and Zhetian devil emperor. Zhetian devil emperor went to the dark forbidden sea. What happened next?"

Su Mo Han continued: "it is said that for the sake of Yuchi Yao, he has promised to be the container of the devil."

Ren Fanfan did not have any accident, nodded: "in fact, it seems that the choice of the demon emperor is reckless and impulsive, but this may be the best choice for this guy."

"He wants to break the shackles, or his strength is growing rapidly. This is the only way he can go."

"Of course, the risk is huge, but which one of the martial arts practitioners did not grow up at the risk of life and death?"

Su Mo cold one Zheng, continue a way: "do you think this is a good thing?"

Ren Feifan nodded: "if I were the emperor zhetianmo, I would do the same. It's called taking advantage of the situation. The emperor zhetianmo is a smart man. Outsiders think he is stupid for love, but they don't know that he is also in the overall situation."

"It's a good thing that ye Chen can have such a companion."

Su Mo Han seemed to understand what, and continued: "but the gap between Wutian and Zhetian is too big. What's the winning chance of Zhetian?"

Ren Fanfan pondered for a moment: "less than 10%, even less."

"But this game of chess, not to the end, who knows."

Su Mo Han didn't know what to say. Thinking of Wei Ying, he said, "my disciple Wei Ying has disappeared in the heart of the earth. Even I can't predict her cause and effect. Can you check it for me?"

Ren Feifan nodded, pinched his fingers, and his pupils flickered with runes. Finally, he was slightly stunned and said, "she failed to cut off the shackles?"

Su Mo cold nods: "this wench is too impatient."

Ren Fanfan continued: "this girl has a bad omen, but she is associated with Ye Chen. I'm afraid Ye Chen will meet Wei Ying soon, but it seems that someone wants to set up a bureau for ye Chen."

Su Mo Han is greatly surprised: "does that need my hand?"

Ren Feifan shook his head: "let the younger generation solve their own problems. You should trust your apprentice and ye Chen more."

"Well, let's go. You and I have a place to go."

Chapter 6152

Su Mo Han guesses something, nods gently, and then tears the void.

Two figures disappear in this bleak place.

After a stick of incense.

Su Mo Han and Ren Fanfan come to a waterfall.

With a wave of Ren Fanfan's hand, the waterfall divides into two and turns into a water gate.

Two people walked through the gate of water, an old man was playing chess, but the old man held a white man in one hand, a black man in the other hand, and played two roles by himself.

The old man didn't look up, but said: "Ren boy, I know you are coming when I count the time. Today, can I play chess with you?"

Ren Feifan smile, came to the chessboard, holding a sunspot, said: "Uncle mu, a person playing chess more boring, as I accompany you."

But the old man shook his head: "after Yunchen died, I was used to playing chess alone. For so many years, my left hand is like Yunchen, no matter in layout or style, it's like him."

"You should have seen Yunchen."

Ren Fanfan nodded: "compared with the past, Lingyun relics have fewer rules, leaving us less time."

The old man put down his chess pieces and continued: "yuhuanggudi and wanxu are not easy to deal with. I was able to level with that guy in those days. Now, if I compete with him again, I'm afraid I'll be totally defeated."

"Against that guy, it's still up to the future reincarnation master."

"By the way, Ren Xiaozi, has the reincarnation Lord ever awakened Yunchen's memory?"

Ren Fanfan shook his head: "I haven't remembered yet."

The old man nodded: "maybe it's a good thing. Now what happened in Yunchen's past has become more or less a trace of your demons. If the reincarnation master recovers this part of your memory, of course, his martial ancestor's mind may also be at risk of some cracks."

"It's better not to recall these things."

Ren special looked around, said: "uncle, you really don't want to go back to the world?"

The old man shook his head: "cloud dust buried in this piece of land, I will guard cloud dust to death."

"As for revenge, I did think about it."

"But now, with half a foot on the loess, what kind of revenge can be born."

"It's enough for Yunchen to have you friends."

"By the way, these days, I feel that Hong Tianjing's seal has loosened a lot."

"If Hong Tianjing breaks free from the shackles, can the current reincarnation Lord resist?"

Ren Fanfan shook his head: "it's not enough."

The old man pondered for a moment and continued: "well, I'll try my best to control Hong Tianjing. As for the growth of the reincarnation master, it's still up to you to guide him. This chess game is really more and more complicated. It's not like back then..."

The old man looked at the chess game in front of him, lost in thought, and seemed to think of the time he had.

Ren Fanfan looked at the old man, hesitated again and again, or said: "uncle, when you saw reincarnation sky sword, do you know the whereabouts of reincarnation sky sword?"

The old man heard the word reincarnation Tianjian and his eyes narrowed slightly. Then he said, "reincarnation Tianjian is different from other Tianjian. Although I saw it in those years, I even had a trace of causality, but I can't tell you."

"If the reincarnation Lord is in charge of reincarnation sky sword now, it will do no good but harm."

"There are some things that we can't rush."

"Well, you go. I'll play games with my son."

With that, the old man began to play chess with each other.

Ren Fanfan knows that his trip is to complete the task, so he takes a look at Su Mo Han, and the two disappear here.

After Ren Feifan and Su Mohan leave, the old man stops playing chess, stands up, looks at a mural, and mumbles: "the way of life and death on the chessboard, reincarnation and fog."

.....

The screen turns.

As soon as he came to the frigid land, ye Chen saw a beautiful and graceful figure sitting on the top of the mountain in the wind and snow. It was Wei Ying!

"Wei Ying!"

Ye Chen is surprised to see Wei Ying. He flies away and lands on Wei Ying's side, thrusting the dragon Yuan Epee on the ground.

"Ye Chen, it's you!"

When Wei Yingzheng is worried, he suddenly sees Ye Chen coming. It's like a dream. He can't believe his eyes. He stands up with great joy and rushes to Ye Chen's arms.

Ye Chen is also extremely excited, holding Wei Ying's body tightly. In this snowy world, it is full of warmth and softness.

He hugged Wei Yingying's waist and said, "Why are you here? Your master is so worried about you. "

At the moment, Su Mo Han comes, mentions her disappearance, and says it briefly.

Wei Ying was quite apologetic and said, "I'm not good, but I'm for cultivation. I hope I can make a breakthrough soon, but it's a pity..."

Wei Ying tells Ye Chen that it's a chance to be taken away by people. She feels sorry and helpless.

"Yes? Well, that's OK. The earth's heart is full of chance. You always have the chance to break through in the future. "

Ye Chen touched Wei Ying's cheek and said with a smile.

Wei Ying said: "let's not talk about these. Xuanjiyue and Emperor Shitian are coming. Let's go."

Smell speech, leaf Chen is but ha ha a smile, way: "don't need to go, since they came, that a decisive victory."

Wei Ying startled: "do you want to stay and fight with them?"

Ye Chen clenched his fist and said: "yes, I also want to see my strength now. Let's ambush them first and take them by surprise!"

Chapter 6153

With that, ye Chen pulls up the Longyuan sky sword, pulls Wei Ying, hides his breath and body shape behind a big rock, and ambushes quietly.

Wei Ying doesn't dare to breathe. She is next to Ye Chen.

She completely didn't expect that ye Chen was so bold that she wanted to ambush Xuandi and kill them.

You know, ye Chen was oppressed by Emperor Xuan everywhere before, but today he has the idea and strength to fight back. It can be seen that ye Chen has changed so much.

Not long after they ambushed, there were three streamers in the distant sky, and they were Xuan Jiyue, di Shitian and Chen zuiyue.

"Well? Where are the people? "

Xuan Ji month eyebrow a wrinkly, fix one's mind to feel all around, but didn't discover any living person's breath.

Ye Chen's secret means are very mysterious. He hides himself, even xuanjiyue and others can't find it.

"Won't you run ahead of time?"

Emperor Shitian frowned, stepped forward, looked around, and found no trace.

"Go in and have a look. What's more, a single girl can turn the world upside down?"

Xuanjiyue snorted, but she didn't care about Wei Ying. She strode to the cold and holy land.

Emperor Shitian felt a little uneasy, but he couldn't say what was wrong, so he had to go in with Chen zuiyue at the back.

Ye Chen held his breath, and when the three were close, his eyes suddenly became cold, and his murderous Qi suddenly surged.

"To dark god pulse, open!"

Ye Chen in the heart fiercely drinks a, the dark stele shoots out from the body, to the dark god pulse fiercely opens.

Boom!

With a dull thunder like sound, a terrible darkness filled the sky and the earth quickly.

In the blink of an eye, the whole world fell into absolute darkness, without any light.

It was more terrible than the eternal night and the great devil.

The eternal night covers the sky and the sun.

This is the breath of Ye Chen to dark god!

The dark monument hummed and vibrated, releasing endless dark waves.

This dark stele, once engulfed and fused with the book of evil heaven, can evolve into a dark abyss, which can be seen in the darkness of the sky. There are strange dark abysses emerging on the earth, like the jaws of a wild beast, trying to engulf people.

"No!"

Xuanjiyue's face changed greatly, and she flew to the air in a hurry.

Although she did not see anything, but the intense crisis, but let her every pore, are shrinking and shaking.

Emperor Shitian and Chen zuiyue also flew to the sky quickly to avoid the dark abyss.

"Fighting tactics, fighting spirit and Sky Sword Cutting!"

In this eternal darkness, ye Chen suddenly burst out with a violent drink, and his body shot out. In his hand, the dragon Yuan Sky Sword burst out a golden color of brilliant fighting spirit.

At the same time, the tactics of Dou Zi Jue and Bing Zi Jue are used to make ye Chen's sword sweep across the void as if he wanted to fight against the sky. A lot of space collapses and explodes. That eternal night is also torn open by Ye Chen.

He was like a flash of lightning from the dark sky, cutting xuanjiyue's head.

"Lord of reincarnation, it's you!"

Xuanjiyue was shocked when she saw the terrible sword fighting, and her face turned pale.

She also wants to catch Wei Ying and use it as bait, so she tries again to lure Ye Chen out.

But where to think of, ye Chen unexpectedly ambush here!

This sword comes out of the dark sky. The brilliance of fighting spirit, the sharpness of military spirit, the hegemony of the nine heavenly gods, and the sharpness of the Heavenly Sword are mixed into an unparalleled mischief. It's almost to cut off the world and make it invincible.

Suddenly attacked and killed, xuanjiyue has no time to resist.

But emperor Shitian and Chen zuiyue, seeing ye Chen's terrible sword power, felt numb and couldn't believe their eyes.

"The long river of destiny, Yu!"

At the critical moment of life and death, xuanjiyue burst out in purple and turned into a river of destiny.

The river of fate, like a purple ribbon, fluttered around her body.

Whoa!

The purple belt entangles Chen zuiyue's body and pulls him over.

"Ah, xuanjiyue, what do you want to do?"

Chen zuiyue was shocked and exclaimed.

He is caught off guard, completely did not expect xuanjiyue will have such action, unexpectedly too late to react.

"Die

Xuanjiyue's face was gloomy, and zidai threw Chen zuiyue's body out.

Puff!

Ye Chen cuts with a sword. He is as strong as a bamboo. He cuts Chen zuiyue's body and soul with a sword.

Blood splattered all over the sky.

Chen zuiyue was killed on the spot. Her eyes were wide open. She was full of astonishment, anger and resentment, and the wind demon heavenly script fell out.

Xuanjiyue grabs back the wind demon's heavenly book and quickly retreats to avoid the aftereffects of Ye Chen's sword Qi.

It turned out that she saw that ye Chen's sword was too fierce to resist in a hurry, so she took Chen zuiyue as a shield.

Chen zuiyue is the four elders of the judgment hall, and the master of half step hundred flail realm. But under Ye Chen's sword, there is a mole ant like existence, and she is killed with one sword. There is no room for struggle.

Ye Chen sees Chen zuiyue's body, and his eyes are in a trance.

At the beginning, when he robbed danxianhu in the holy land of the five directions, he was still extremely embarrassed in the face of Chen zuiyue, but he didn't expect that today, he was transformed against the sky.

Killing Chen zuiyue is like killing a chicken, killing a dog, and killing a mole ant.

During this period, ye Chen's progress is really huge!

"Ye Chen..."

Wei Ying stands out and walks to the back of Ye Chen. She looks worried.

"Nothing."

Ye Chen calmed down. Although he failed to kill xuanjiyue, killing Chen zuiyue also solved a hidden danger.

The next battle can be much easier.

"Reincarnation Lord, I didn't expect you to attack and assassinate. What a mean means!"

Xuanjiyue gnashes her teeth, her eyes twinkle with anger, staring at yechen road.

Ye Chen light way: "this is each other, on the cruel, I'm not as good as your in case."

Emperor Shi looked at Ye Chen and said with a smile, "Lord of reincarnation, I didn't expect you to be so strong. We used to crush you, but today, I'm afraid you will crush you."

Ye Chen stood up with his sword and said with a smile, "isn't it fast enough to get caught?"

If you fight alone, ye Chen's current strength is enough to crush any one of the two.

However, if one is against two, the number of winners and losers is only between five and five, and the winner is still unknown.

Emperor Shitian said with a smile, "we are afraid that we will lose both sides in today's war, and we will be judged to have a bargain. Why don't we stop fighting for a while and fight again some other day?"

"Oh?"

Hearing the truce proposal of emperor Shitian, ye Chen is slightly surprised and shakes his mind.

In the blink of an eye, Emperor Shitian caught the opportunity, and his eyes suddenly shriveled, shouting:

"Heart devil big curse sword, kill!"

Chapter 6154

Thousands of dark and strange flying swords emerged from behind the emperor Shitian. They were arrayed in the air, just like a heart demon sword array. They were flying to kill Ye Chen.

"Mean!"

Ye Chen's face changed, but he didn't expect that the emperor Shitian would suddenly attack.

All over the sky, the demons fly swords, sweeping and killing.

In an instant, ye Chen felt that the heart of emperor Shitian had reached the eighth level. His sword Qi was like a dark mire, and he wanted to drag people into the infernal hell.

Hum, hum.

A heart demon flying sword, constantly shaking, the sword Qi tears the mind.

Ye Chen waved the Longyuan sky sword to block away the flying swords. However, the evil spirit contained in the flying sword was like a tide, rolling down and invading people's spirit.

"Ye Chen, i... I can't do it..."

Wei Ying suddenly gasped, covered her chest and fell down. Her face flushed, as if she were burning.

It turned out that she was attacked by the demons, and all kinds of evil thoughts welled up in her heart. Her mind was full of men's love and women's love. She seemed to see endless bliss waving to herself. Her whole body was as light as in the clouds, unable to touch the earth, just wanted Ye Chen's embrace and love.

"Wei Ying!"

As soon as ye Chen's face changes, she only looks at Wei Ying. She knows that she is possessed by demons and her lust is hard to extinguish. It must be solved as soon as possible, or her blood will burn out and turn into ashes.

Just at this juncture, ye Chen has no time to take care of Wei Ying.

Even his own mind, affected by the demons, seemed to be in a infernal hell and could never escape.

"Lingxiao martial spirit, Hongmeng big starry sky!"

In danger, ye Chen drinks suddenly.

The blazing spirit of Lingxiao's martial arts erupted from his body and completely annihilated the evil spirit.

His heart of Tao has recovered its purity.

WOW!

A vast starry sky rises from behind Ye Chen, covering heaven and earth in an instant, isolating all the evil spirits.

However, Wei Ying has been affected by the demons, but it is difficult to eliminate. She is still struggling on the ground, groaning and panting in her mouth, constantly making a sound of decadence. Ten green jade fingers, as if out of control, are tearing her clothes.

Ye Chen's face sank, rolled up a wisp of dark smoke, covered Wei Ying's body for a while, and fixed his eyes on the emperor Shitian.

Now if we want to save Wei Ying, we must defeat the emperor Shitian, otherwise the demons will be hard to disperse.

Emperor Shitian looked at the shining stars all over the sky and said, "reincarnation Lord, it's really a good method. My heart demon's big curse sword has been practiced to the eighth level, but it still can't hurt you."

Ye Chen's idea of Tao, heart and martial arts, as well as Hongmeng and the big starry sky, is too strong to resist the demons. The emperor Shitian is seamless.

"Don't be presumptuous in front of me unless you have the Ninth level of mental cultivation."

Ye Chen is very angry. He breaks through the air and kills the emperor Shitian.

"The Ninth level, that is the realm against heaven. Alas, it's a pity that I can't see it in my life."

Emperor Shitian sighed and saw that ye Chen's sword came and retreated.

The Ninth level of psychic magic power is the highest level, which is a dramatic qualitative change.

Once you reach the Ninth level, you will be swept away. The power of the devil's sword will be enough to shake the supreme world. Even the yuhuanggudi, Mozu Wutian, taishangtiannu and other super strong people will have to fear.

However, the Ninth level is the realm of legend, which has never been reached, and there is no hope for the emperor Shitian at present.

Seeing that ye Chen's sword was ferocious, Emperor Shitian did not fight back, but only made evasive defense.

His combat effectiveness, and ye Chen has an obvious gap, it is impossible to fight back.

One side of xuanjiyue, see ye Chen completely crush emperor Shitian, can't help but secretly startled.

"This boy, his strength is so abnormal!"

"Million days of fupao, I suppressed it!"

Xuanjiyue gives a gentle rebuke and a wave of her hand. Tianfu Taoist Dharma breaks out. It is full of millions of spirit runes, blooming with dazzling brilliance and crazy dense explosion.

But this day Fu explodes, is not attacks Ye Chen, but attacks Wei Ying!

Wei Ying is haunted by demons and has lost her fighting power, just like a lamb to be slaughtered.

Xuanjiyue is very clever. She knows that ye Chen is very powerful. Even ye Chen's hair can't be hurt by this million day Rune explosion. So she attacks Wei Ying, which is the way to surround Wei and save Zhao.

As soon as ye Chen's face changes, he has to abandon the emperor Shitian and turn back to save Wei Ying. The map of huangquan is released to block the explosion of xuanjiyue's talisman.

Later, ye Chen called out: "wish Tianxing, rise!"

The next moment, ye Chen is to sacrifice the wish star, put Wei Ying on it.

Unless ye Chen is killed and wishes Tianxing to fall, no one will hurt Wei Ying.

Emperor Shitian gasped a little, relieved, and said to xuanjiyue, "Miss Xuan, thank you very much."

Xuanjiyue nodded, bit her teeth and said: "this boy's strength is too terrible. You and I may not win together. We still have to sacrifice the wind devil's book. Hurry up!"

With that, xuanjiyue sacrificed the wind demon's heavenly book and threw it to the emperor Shitian.

After Chen zuiyue's death, the brand of blood essence of the wind devil's book of heaven has dissipated. It is a ownerless thing, but it will take a lot of effort and time to sacrifice it.

Bang!

Xuanjiyue pulls out Shenluo Tianjian, and the purple sword rises to the sky.

She stood up, ready to release the Dharma for the emperor, to buy time.

Chapter 6155

In today's war, only by offering sacrifices to the wind demon's heavenly script can they possibly kill Ye Chen.

The emperor Shitian took the wind devil's book, immediately bit his fingertips, and put it on the blood dripping array. He closed his eyes silently, communicated with heaven and earth, and prepared to sacrifice.

Whoo!

A fierce wind suddenly blows on the flat ground, rolling sand and rocks, and converges into a straight column of smoke, which goes straight to the sky. The picture is magnificent.

"Want to sacrifice the book of heaven?"

As soon as ye Chen's face changed, the wind devil's book of heaven was one of the four volumes of the supreme book of heaven. If he sacrificed, his power would be absolutely explosive, and even he could not resist it.

In the crisis, ye Chen's sword body blows, and he splits to the emperor Shitian, trying to stop it.

"Reincarnation Lord, your enemy is me!"

Xuanjiyue comes forward, and Shenluo Tianjian waves to block Ye Chen's Longyuan Tianjian.

"Get out of here!"

Ye Chen is furious, and his left hand is like a heavy building. He shoots it straight at xuanjiyue's chest.

Xuanjiyue doesn't dare to make a hard connection, so she gets away from him. She only uses Shenluo Tianjian to entangle Ye Chen.

Ye Chen attacks fiercely with his sword in his right hand, but xuanjiyue only cares about fighting and never attacks.

For a time, ye Chen can't help xuanjiyue, and the two sides are in a stalemate.

Wish Tianxing, Wei Ying see ye Chen so fierce, forced Xuandi two people can only defend, pinned on the sacrifice of the wind demon Tianshu, completely dare not face the enemy, heart secretly surprised Ye Chen's strength.

"Unfortunately, I can't help Ye Chen..."

Wei Ying struggled to get up, but her bones were soft, but she couldn't lift any strength.

She is also haunted by demons. She can't help Ye Chen.

Although Ye Chen has the upper hand, he knows very well that the situation is not optimistic. Once the emperor Shitian sacrifices the book of heaven successfully, the situation will be difficult to deal with.

"Blood dragon help me!"

"Dragon Yuan blood chop!"

Ye Chen roars and calls the bleeding dragon.

Roar!

With the sound of dragon chanting, the body of the blood dragon emerges from the sky sword. Looking up at the sky, the Dragon chants. Pieces of scales open, and the characters of the book of heaven appear in each piece of scales.

The ancient, vast and grand atmosphere permeates the world.

Ye Chen originally wanted him to have a rest, but now the situation is critical, so he can only summon the blood dragon to help.

As soon as the blood dragon came out, the dragon Yuan Sky Sword turned into a red color, like magma, emitting extremely hot blood.

"Xuanjiyue, die for me!"

The blood dragon's eyes are split, and the mighty dragon's power is exploded. It is mixed with the dragon Yuan sky sword, and turns into a bloody sword, which is rolling to kill xuanjiyue's head.

Xuanjiyue's face changes greatly. This is the combined force of Ye Chen and Xuelong, which is enough to kill her.

"Embroider winter bead, come!"

At the critical moment of life and death, xuanjiyue releases embroidered winter beads to block her body.

Strands of cold air, from the embroidered beads on the winter diffuse out, and even with the cold divine realm of heaven and earth aura, also produced a unique resonance communication.

This is the place where the embroidered winter pearls fell, which can be said to be the source of embroidered winter pearls.

WOW!

The pearls of heaven resonate with the veins of the earth. Embroidered on the pearls of winter, the cold air continuously spreads out, and even forms a ten million weight ice shield, firmly guarding xuanjiyue.

Bang bang!

However, ye Chen waves the dragon Yuan sky sword, fiercely kills but comes, that ten million heavy ice shield, suddenly bursts smashes.

Ye Chen's sword is just like destroying the withered and decaying. It seems that there is nothing in the world that can stop it.

"What

Xuanjiyue looks terrible. She knows that ye Chen's sword is powerful, but she doesn't expect to be so terrible.

Click!

After ten million ice shields were chopped, xuanjiyue's embroidered winter beads were also cut by Ye Chen's sword.

The whole bead burst with a whine, and a wisp of aura came out, and the light faded quickly.

"Puff!"

Tianzhu was badly injured. Xuanjiyue opened her mouth and spat out blood. Her face turned pale and her body fell to the ground.

"Xuanjiyue, die for me!"

Ye Chen's eyes are cold. He takes advantage of the victory to kill xuanjiyue.

Xuanjiyue looked shocked and trembled. She only felt the breath of death approaching.

Boom!

At this time, a fierce wind was blowing between heaven and earth.

It was a terrible storm, tens of thousands of tornadoes burst out, sweeping through the sky and tearing everything apart.

The sky suddenly became a dark color, full of tornadoes, roaring storms, and countless wind blades, which cut through the forest and mountains like a sword, sweeping the world into ruins.

In the fierce storm turbulence, ye Chen's body is not stable. He retreats and falls to the ground with his sword in a hurry to stabilize his body.

"Miss Xuan, are you ok?"

A bright figure of Yingshuai appeared beside xuanjiyue, and she was pulled up with a smile.

Xuanjiyue stayed for a while. Naturally, this figure is the emperor Shitian. The wind devil's book in the latter's hand has disappeared.

To be exact, it was sacrificed!

Ye Chen's heart sank, and the wind demon was sacrificed. Looking around, he saw the eight wastelands of heaven and earth. There were terrible storms everywhere. In the dark storm, there was heavy rain, heavy snow and thunder for nine days. The rainstorm and heavy snow came fiercely, which was a scene of doomsday.

Emperor Shitian took xuanjiyue by the hand. If they were protected by heaven and earth, they were not affected by the storm.

But ye Chen, in the fierce storm, can't even stand still. He only feels that the wind is like a knife, and the wind blade is like a sword, mixed with the wind, snow and thunder, trying to break him to pieces.

This is the wind devil's book of heaven, the weather of heaven and earth after being sacrificed, the storm concussion, as if can tear everything.

"Damn it

Ye Chen looks big change, body a jump, hurried back to the wish star.

And in the rolling storm swept, wish star is not calm, shaking violently in the air, as if to fall at any time.

On the planet, there are terrible tornadoes everywhere, and many palaces and buildings are destroyed, just like the outbreak of doomsday natural disasters, to crush everything.

"Ye Chen..."

Wei Ying saw that ye Chen came back, her heart was intoxicated, and her eyes were full of infatuated look.

When ye Chen came to Wei Ying's side, Wei Yingjiao was weak and couldn't stand up. She just hugged Ye Chen's legs and said, "what do we do now?"

She gritted her teeth to suppress her inner desire for fire. Looking at the terrible scene like the end of the storm around her, she felt that today's disaster was hard to escape. She and ye Chen might die here.

"Ha ha, Lord of reincarnation, you are defeated in today's battle."

Xuanjiyue looks up at the sky and laughs, staring at yechen.

The wind demon Tianshu finally made a successful sacrifice, and they instantly turned the situation back.

Chapter 6156

Under the endless storm, ye Chen and Wei Ying are likely to be torn to pieces and turned into ashes together with the wish star.

Xuanjiyue and the emperor Shitian stay where they are and block the space to prevent Ye Chen from escaping.

Now, they just have to wait until ye Chen is torn up by the storm.

Among the four volumes of "Fengyun Wuxiang", Fengmo Tianshu has the weakest power. But if it is sacrificed, its lethality is also extremely terrible. Even ye Chen can't resist it.

Ye Chen saw that the situation was getting worse and worse, and he was even in danger of falling. At the critical moment of his life and death, his heart was blessed. He looked up to heaven and yelled:

"The strong one of blood demon clan, help me quickly!"

This time, ye Chen is calling for the strong of the blood demon clan to come out of the mountain!

He has made an alliance with jiumie demon emperor. Now he is in danger. As an ally of jiumie demon emperor, he can't just sit by.

Hearing Ye Chen's call, xuanjiyue and Emperor Shitian's face changed.

Are there any other variables?

"Red lotus fire, go!"

In the crisis, regardless of the consumption of Qi and blood, Emperor Shitian waved his hand, and a wisp of red lotus fire rolled towards Ye Chen.

Fire by the wind, almost in the blink of an eye, that hot red lotus industry fire, burned in front of Ye Chen.

"I wish that the wind and fire will subside and the pure land will be peaceful."

Ye Chen pinches a formula, hoping that the stars will suddenly bloom a wisp of faith and power to suppress the fire and storm of the red lotus industry, and restore the tranquility between heaven and earth for a short time.

This planet is Ye Chen's territory. Here, he has a home advantage. Although he can't fight against Xuandi and Xuandi, he has more than enough time to save himself.

Boom!

It didn't take long for the blood light in the sky to vibrate and the evil spirit to diffuse.

"Blood demon family demon ancient god"

"Black dead bird of blood demon clan"

"See the Lord of reincarnation!"

A loud voice came from the sky.

But see all over the sky evil spirit diffuse between, two big demon figure slowly emerge.

These two big demons, one is a huge octopus, with tens of millions of tentacles, like old nightmares, dominate the earth.

Another big demon, is a huge blackbird, wings spread out, blocking the sky, the smell of darkness shake the sky.

They are the two elders of the blood demon clan, the demon ancient god and the black dead bird.

Behind the two big demons, there are dense demons, with tens of thousands of people.

Under the leadership of two big demons, tens of thousands of demons occupy the sky. Under the shock of demons, the storm of the wind demon heavenly book is suppressed.

"Blood demon heaven array? Blood demon clan

Xuanjiyue looked up at the sky, but saw that the first demon group formed a formation and suppressed the heaven and earth. It was the ancient blood demon array, which was the secret array of the blood demon group.

"How can the blood demon clan appear here?"

Emperor Shitian stepped forward and his eyes suddenly faded.

He has heard the legend of the blood demon clan, which is an ancient clan that once occupied half of the territory.

However, the blood demon clan had already been defeated by the ten ancestors, and was expelled to the blood demon mountain range, and signed a no war agreement. During a million years, they were not allowed to fight, and could only be trapped in the blood demon mountain range.

But at this moment, the blood demon clan stepped into the Terran territory again and came to the world, violating the promise of no war. Are they not afraid of the punishment of the rules?

Emperor Shitian looked at the sky blankly, but he couldn't understand the joints behind him.

This blood demon clan, just seem to even worship ye Chen, this is exactly how to return a responsibility?

Is it true that ye Chen has such a great power to subdue the blood demon clan?

It's impossible!

You know, the master of the blood demon clan, jiumie demon emperor, is the super strong man in the second heaven of Baiji realm, and his cultivation is still above Xuandi.

When Emperor Xuan and his wife were not born, the jiumie demon emperor was already in the world. How could he submit to the reincarnation Lord?

Emperor Shitian couldn't understand it, and xuanjiyue couldn't understand it.

"Today is the day to kill the devil of fate!"

In the sky, the evil ancient god and the black dead bird, but their eyes burst out of murderous gas. The blood demon sky array was blazing, and the blood gas of ten thousand demons gathered together, turning into a blood column that was startling to the sky. Like the judgment of the supreme gods, they went to kill xuanjiyue and the emperor Shitian.

If you fight alone, with the strength of the demon ancient god and the black dead bird, you are not the enemy of Emperor Xuan.

But now, their ten thousand demons gather together, the blood demon heaven formation is formed, and ten thousand demons' blood is enough to crush everything.

"Let's go!"

Emperor Shitian saw the situation and immediately flew away.

"Damn it, reincarnation Lord, good luck to you!"

Xuanjiyue looks at yechen angrily, full of unwilling, but under the authority of ten thousand demons, she can only escape.

Both of them were full of great frustration.

In today's war, they were completely defeated, and suffered heavy losses. They even sacrificed the wind devil's book of heaven, but they didn't get any credit.

If I go back, I'm afraid I will face the judge.

At the end of the battle, the demon ancient god and the black dead bird, in human form, landed on the wish star, knelt down in front of Ye Chen and said in unison:

"I have seen the Lord of reincarnation!"

Ye Chen smile a little, way: "two elder quickly please rise."

The devil said: "Lord of reincarnation, are you ready to fight the fate demon so soon? Today's battle is really dangerous. Fortunately, we arrived in time. "

Ye Chen said: "thank you for your help. I'm very grateful."

"I'm sorry..."

At this time, Wei Ying couldn't help panting and groaning, which made her heart tremble.

Chapter 6157

The devil, the ancient god, and the black dead bird were all in a daze, saying: "this... This..."

Ye Chen said: "my friend is haunted by demons and is in urgent need of rescue. I also ask the two elders to go back first. Later, I will visit the blood demon mountain in person and thank you."

The demon ancient god and the black dead bird looked at each other, coughed twice, and it was not convenient to stay, so he said, "well, Lord of reincarnation, let's leave first, and wait for you in the blood demon mountain range."

Ye Chen hugged his fist and said, "I'll see you another day if you walk slowly."

At present, the demon ancient god and the black dead bird fly away from the wish star, and return with many demon families.

In the cold divine realm, only Ye Chen and Wei Ying remained on the wish star.

"Wei Ying, are you ok?"

Ye Chen squats down and holds Wei Ying's body.

"Ye Chen, hold me tight, i... I can't stand it any more."

Wei Ying is haunted by demons. She looks at Ye Chen. Her eyes are infatuated with her, just like autumn water. Her arms can't help hooking Ye Chen's neck, and her soft body sticks to it.

Even, she still pulls Ye Chen's hand to come over, press and hold own full top, obviously already can't bear.

Ye Chen's mind swings and says, "it's OK. I'll save you now."

At the end of the battle, everything has subsided. Ye Chen can calm down and cure Wei Ying.

The light of the eight trigrams heavenly elixir emerges from ye Chen's hand, mixed with the holy water of the yellow spring, and poured into Wei Ying's body.

WOW!

There was a silver light on Wei Ying's body. In the light, the vision of Koi was flowing, which quickly disintegrated the breath of demons.

"Well..."

Under Ye Chen's treatment, Wei Ying uttered a groan of ecstasy, as if her whole body was itching.

Fortunately, the itching lasted only for a moment, and then quickly relieved.

Her heart evil spirit is soon disintegrated by Ye Chen.

Originally red cheeks, gradually returned to normal ruddy.

"All right?"

Ye Chen stares at Wei Ying and says.

"Well, all right."

Wei Ying nods her head slightly. She blushes again when she thinks of the picture she just couldn't help. Looking at her messy and broken clothes, she is extremely ashamed. She breaks away from ye Chen's embrace, turns her back and arranges her clothes.

"The chance of the cold God, the cold heart, has been taken away by xuanjiyue."

Ye Chen sighed. This battle with xuanjiyue and Emperor Shitian, under his understanding of the secret of heaven, he naturally got a glimpse of all the details.

The heart of Di Han had already been robbed by xuanjiyue and given to Shitian.

Emperor Shitian took this as a guide, and the magic power of the heart successfully broke through to the eighth heaven.

Even, from the emperor Shitian, ye Chen captured the cause and effect of the six evil spirits in the past.

The hell god in the reincarnation of the six demons has been killed by the emperor shitianzhu.

"Well, it's a pity that I'm not lucky enough."

Wei Ying bowed her head, dejected, and her heart was taken away. She lost the chance to break through. Now she wants to break through, but she doesn't know when.

Ye Chen said: "it's OK. There are opportunities everywhere in the earth's heart. There will always be opportunities in the future."

Wei Ying had no choice but to smile: "in the future? When will it be? "

After a pause, a strange color suddenly appeared in her eyes, and she looked at Ye Chen straightly. She came close and said: "Ye Chen, I don't want to wait any longer. You should know that I love you. If we had not met in Huaxia Normal University, I would not have had this life. Maybe I would have been engulfed by the complex diseases, and the cold day by day was too painful for me, and you were like a sun, giving me the warmth I always wanted. "

"You are in my heart. No matter how many eras we have crossed, you are still the professor ye who lives next door to me and who I want to protect most in my life."

"From Huaxia to kunlunxu, to the kingdom of God, to Lingwu and beyond, I want to do something for a long time. Today, I don't want to wait."

"I know you want to, don't you?"

Ye Chen smelled the fragrance of Wei Ying approaching, looked at the burning look in her eyes, could not help but move a step back, swallowed saliva, said: "you... What do you want to do?"

In fact, ye Chen guessed something in his heart.

Wei Ying grabs Ye Chen's hand and puts it on her soft face. She looks at him with enchanted eyes and says, "I need you. Your reincarnation blood can help me break through!"

Ye Chen feels the soft of the palm, the head roars a, way: "this... Are you sure? You're not gone, are you? Don't say such silly things. "

Wei Ying said: "I don't have a devil. I'm serious! If you're afraid, close your eyes and you'll be fine soon. "

With that, Wei Ying is very active, even a little overbearing, grabbing Ye Chen's wrists and pressing him under her body.

Then, Wei Ying lowers her head and kisses Ye Chen on the lips.

"Well???"

Ye Chen moment muddle, this Ni son also too active?

They soon kiss each other, hug each other tightly and roll on the ground.

Wei Ying said that she would get better soon, but in the end, they had a whole day of trouble.

In the early morning of the next day, they were still a little bit more than they wanted. Under a waterfall, they hugged each other.

The sunshine in the morning and the clear water in the waterfall pool are mixed together to wash people's spirit.

Ye Chen and Wei Ying are both refreshing in spirit. This last layer of estrangement is broken, and they are both unprecedentedly happy.

"How do you feel?"

Ye Chen hugs Wei Ying from behind and bites her ear, saying.

Wei Ying's cheeks are red, and they have blended with each other. She is given a part of reincarnation blood. The shackles don't need to be broken by herself. Under the burning of reincarnation blood, the shackles are gradually melting.

"I'm about to break through my shackles, but it will take some time for me to really get promoted."

Ye Chen's blood is very strong. Wei Ying needs some time to digest it.

"Well, you can stay in fengjiazhu for a while. I'm going to the blood demon mountains."

Ye Chen also knows the power of his blood. Even if Wei Ying gets his nourishment, it takes time to digest.

Now, ye Chen plans to let Wei Ying go to the ancestral land of Fengjia for a temporary stay, and he starts to go to the blood demon mountains.

"Well, wait a minute."

Wei Ying blushes and holds Ye Chen.

"What's the matter?"

Ye Chen doubts to ask.

"Stay with me for two more days."

Wei Ying's lips are red and her face is full of peach blossom.

Ye Chen ha ha a smile, then take her to dive into the bottom of the water, and lingering up.

Wish the sky above the stars, and the wind, spring, a warm and beautiful color.

Two days later, satisfied, Wei Ying is taken to the ancestral land of Fengjia by Ye Chen to settle down.

And ye Chen, is to rush toward blood demon mountain range quickly.

Before the battle, the blood demon clan helped him a lot, he naturally wanted to thank him.

Chapter 6158

But just when ye Chen was ready to go to the blood demon mountain, a jade pendant flickered faintly.

This is Xuening Qian and his own jade pendant.

Blood coagulation to find their own?

Ye Chen Mou son one coagulates, hesitated a few minutes, finally or first toward sword world dust ground but go.

He promised others to protect the blood coagulation, naturally.

What's more, the cause and effect of hemagglutination has been completely infected with itself.

Soon, ye Chen came to the familiar sword world.

After the last World War I, the outside of jianshichen was full of damage, but now it seems that it has been repaired a lot.

The sword is not a common thing in the world.

Ye Chen comes to the world of swords. As soon as he steps in, he finds a woman sitting cross legged under the three swords, with a strong breath all around her.

Ye Chen faintly finds that Xuening Qian's strength has increased a lot. It seems that after entering Baijia realm, Xuening Qian has gained a lot in the dust of sword world.

Suddenly, ye Chen Mou son shrinks, she discovers blood congeals thousand body unexpectedly to take injury.

Although the injury has recovered a lot, ye Chen knows that it must have been a serious injury before!

Have they ever been here, the Lord of the verdict and xuanjiyue?

No longer think, ye Chen step out, blink of an eye, then come to blood coagulation thousand in front of.

And hemagglutination thousand also feel the existence of Ye Chen, open eyes, slightly surprised: "you come."

Ye Chen nodded, took out a pill, handed it to Xue Ningqian, and asked, "what's the matter with your injury? Are you calling me to come because of what happened in jianshichen

Xue Ningqian shook his head: "there is no one here. As for my injury..."

At this point, Xuening Qian's beautiful eyes looked at the three swords.

Ye Chen instantly understood and said, "do you mean that the injury was caused by these three swords?"

Xue Ningqian nodded: "I tried to hold this sword before, because after I stepped into Baijia realm, if I want to be stronger, I have to use this sword."

"You failed?" Ye chendao.

Xue Ningqian shook his head: "it's a success. I have a chance to hold the back sword reluctantly. As for why I asked you to come, I'm a little curious. Can you hold the remaining two swords now?"

Ye Chen has some accidents. Can Xuening Qian manage one of them?

You know, these three swords are meant to be regular. It's very difficult for ordinary people to hold them.

"You want me to try to hold the remaining two?" Ye Chen asked.

Xuening Qian nodded: "now in this world, I know that you are the only one who can have the chance to take charge. I can feel that your strength has increased a lot. You can't do it before. Maybe you have the chance this time."

Ye Chen looked at the three swords hanging in the sky, hesitated for a few seconds, and nodded: "I'll try."

The next second, ye Chen and Xue Ningqian fly up and float in front of the three swords. Ye Chen glances at the three swords.

The imperial sword is so powerful that it must be the most difficult.

Soon, his eyes fell on the sword.

He runs the vast starry sky and gathers his hands with endless spiritual power.

Hesitating for a few seconds, he suddenly reached out and grasped the sword.

One second.

Two seconds.

Three seconds.

The silence reached its peak.

One side of the blood coagulation thousand hold breath, she is obviously more excited than ye Chen.

The key is, why didn't this sword attack Ye Chen?

Is it that simple.

Blood coagulates thousand to tremble voice way: "Ye Chen, you and this sword communicated?"

However, ye Chen didn't answer. He didn't communicate with the sword. On the contrary, when he grasped the sword handle, he felt a sense of anger, which came from the sword!

Next second, on the sword, countless Ancient Runes flow! Ye Chen's palm feels the burning sensation.

It's burning like all kinds of flames.

This is to let Ye Chen go!

Ye Chen Mou son one coagulates, way: "Yan Xuan son, help me!"

However, Yan xuan'er doesn't move, but ye Chen can still use the fire of Taoist spirit.

The next second, the fire of Daoling covered the palm, and the burning feeling disappeared.

You know, the power of the fire of the Tao spirit can't be measured by ordinary flames.

The fifth second.

Suddenly, suddenly, ye Chen feels that everything around him has changed.

In a twinkling, he seemed to be dragged into a sword world.

In this world, countless soldiers fight fiercely, their blood is like the sea, and their intention of killing is spreading.

Ye Chen is a little uncomfortable.

But his Wuzu Daoxin and Lingxiao Wuyi made him sober.

But if it goes on like this, it won't last.

Sure enough, the power of the sword world broke everything around.

And ye Chen also found himself back to the sword world dust, at the same time, rolling waves swept.

This wave is not weaker than the strong one in baijiajing!

Ye Chen can't help it any more. He releases his hand and smashes his body on the ground. A huge pit forms in an instant, splashing dust.

"Ye Chen."

Xuening Qian has felt the power of this blow. The back sword before makes her feel miserable. The sword Ye Chen tries to hold is obviously stronger than the back sword!

Ye Chen is only in the real world.

She was extremely worried.

Soon, the smoke dissipated and a figure appeared.

It's Ye Chen!

At the moment of Ye Chen is some embarrassed, but obviously not before so serious injury.

"It seems that my worry is superfluous. This guy, even if he only has the real realm, I'm afraid his physical body and strength are far beyond many Baijia realms." The blood coagulates the light way.

Ye Chen dusted the dust on his body, wiped the blood off the corner of his mouth, and showed a smile: "it seems that you still don't agree."

The next second, ye Chen flies up again, his five fingers grasp, toward the sword.

However, just before ye Chen's hand touched the handle of the sword, a virtual shadow projected from the sword!

That figure stares at Ye Chen, double eyes some Nu idea: "do you want to die together with me?"

"If you persist in this way, you will know the price!"

Ye Chen laughed: "the birth of the sword is not to be in charge."

"Do you think that your existence lies in the absence of a master? Then I wonder, didn't the people who made you tell you about the relationship between sword and people? "

The figure snorted coldly: "our three swords, even the evil swords in your evil plate, were destined to be the weapons of killing like other swords at the beginning of their birth. We are the sword of rules and the sword of protection."

"Do you understand?"

Ye Chen naturally knew the so-called rules of the three swords, and this sword was originally used to protect some things.

But in his cognition, the sword itself is not a tool to kill, but a companion to protect himself and the people around him!

Shajian, Longyuan Tianjian, disaster Tianjian, and even other swords are his companions.

Chapter 6159

"Would you like me to guard the world with you?" Ye Chen thinks for a few seconds and suddenly says.

The sword was slightly stunned. He never thought that ye Chen would answer this question.

He found that he underestimated Ye Chen.

Xu Ying was quiet for a long time. Finally, he raised his head and looked at Ye Chen. He refused and said, "we have three swords, any one of them, which recognize you incomparably. No one can surpass you in your talent, your blood and your potential."

"Even for a moment, I had the will to agree."

"But I know, not now."

"Our master once told us that only under certain circumstances can we be in charge."

"And now, obviously not yet."

"If the time is up and it happens to be you, we won't refuse."

"However, the evil sword in your evil plate is not consistent with our goal. If you have the ability, you can control it before that."

"You may even find some unexpected secrets."

Ye Chen stares at the eyes of empty shadow, but can feel that the other side doesn't lie.

What's the origin of his master?

It must also be a giant.

As for the chessboard behind these swords, ye Chen doesn't care.

At the moment, he has too much to do.

Wanxu, the ruler of the verdict, xuanjiyue and others, still need to be destroyed one by one.

Think of here, ye Chen nods: "good."

Suddenly, ye Chen's eyes fell on the emperor's sword with a dignified look. Then he said, "how much stronger is this emperor's sword than you?"

That empty shadow hears this words, don't know why, in Mou son unexpectedly take a silk of panic, then just way: "strong too much."

"To say, who is the strongest among our swords is beyond doubt, and in those days, our master could not conquer his pride."

"Although I know you are very strong, you may not be in charge of the imperial sword in another hundred years."

"Or in other words, there can be no one in charge outside the territory. Even if there are people from the world, because of the rules, they can't be affirmed by the emperor's sword."

Ye Chen heart a sink, this emperor sword, have so strong?

"By the way, if you compare with the sky sword in my hand, how about it?"

With that, ye Chen sacrificed three heavenly swords!

Disaster sword! Wild devil sky sword! Longyuan sky sword!

Three swords appear in the world of swords. Maybe it is the will of swords and swords. In the world of swords, ten thousand swords vibrate violently!

Longyuan Sky Sword is burst out bursts of dragon chant.

Although that empty shadow knew Ye Chen was in charge of the sky sword in his heart, he suddenly appeared in front of the three sky swords, and his heart was shocked!

Then, he stared at the three swords for a long time, and then shook his head: "these three swords are very strong. It's really hard to compare them. The existence of our three swords has a special significance. In terms of killing the enemy, we may lose to Tianjian completely, but in terms of artistic conception and rules, we should be stronger."

"Over the years, our swords have not only created rules, but also absorbed the rules of the world."

"If all the rules of heaven and earth are destroyed, the power generated will be extremely terrible."

"So, there's no comparison."

Ye Chen nodded thoughtfully and asked nothing more. He said, "in this case, I'll leave. Next time I touch you, I hope you don't resist, because you should know my strength."

This is not a threat, but for this sword, it is a real threat!

The virtual shadow did not speak and dissipated between heaven and earth.

Next second, ye Chen comes to xuecong Qian.

Xueningqian didn't know the conversation between them and asked, "don't you try?"

Ye Chen shook his head: "although I have the confidence to hold the sword by force today, it is obviously unnecessary for me."

"Next time I come, maybe it's time to really hold the sword."

"Well, I have something else to do. I have to leave now. If these three swords change again, please let me know through the jade pendant."

Xuening Qian has some doubts and melancholy in her heart. She doesn't want Ye Chen to leave so soon, but what qualifications do she have to leave him?

She nodded gently: "OK."

The next second, ye Chen then toward sword world dust ground of exit but go.

Can walk a few steps, leaf Chen suddenly think of what, turn a head, ask a way: "you really don't want to go out with me?"

Xuening hesitated for a few seconds, bit her red lips, and said, "from that day on, the sword world is my mission."

"Good."

Ye Chen doesn't talk much any more. He leaves the sword world and goes to the blood demon mountain range.

Not long after ye Chen left, Xuening Qian looked at the three swords and asked, "what did you say to Ye Chen?"

The answer, however, was a long silence.

Xuening Qian was a little boring, so he simply closed his eyes and continued to practice.

She also has some injuries, which must be repaired as soon as possible. At the same time, the appearance of Ye Chen makes her mind change somehow.

Maybe if you try again, you can take a step further.

Just when Xuening Qian closed her eyes, the sword was blowing in the dust.

A rule of nothingness seems to make the world simple.

It seems that there are only three swords left in the sky.

This is obviously some kind of operation, but also to isolate the blood coagulation.

Then, three nihilistic figures floated out of the three swords.

Two men and one woman.

Female, must be the back sword.

And two men, one is the one ye Chen saw not long ago.

Chapter 6160

As for the other way, it is extremely erratic and can't be seen. Of course, the faint imperial Spirit sent out from it is frightening.

This is the power of the imperial sword!

The emperor's shadow took a look at the general's shadow and said faintly: "did you compete with the reincarnation master? Is it really inferior to the Lord of reincarnation? "

The shadow shakes his head: "it can only be said that it's a tie. I dissuade the Lord of reincarnation."

However, the emperor's shadow is a cold hum: "in my world, there is no draw, you have lost."

"According to the current situation, the next time you fight for reincarnation, I'm afraid you will lose completely."

"What a shame

What does the shadow want to say, but in the end, it can only be changed into a few words: "I know."

Then the emperor said, "what do you think is the difference between me and the reincarnation Lord?"

The shadow of a Zheng, and then even busy way: "emperor, you like the sun and the moon, and the reincarnation of the Lord is just the dust on the ground, can not be compared."

But the emperor's shadow shook his head: "you underestimate the Lord of reincarnation. If my guess is right, it won't be long before the Lord of reincarnation will be in charge of me, maybe a year, maybe a month. "

"Impossible!" he said

The emperor shadow shakes his head, smiles, no longer talks, and returns to the sword full of endless edge and pride.

All is well.

Xuening Qian seems to find something at this time. He opens his eyes. However, the three swords on the top of the head are still quietly suspended.

There has been no change.

"I feel wrong."

Xuening asked.

.....

At the same time, annihilation cloud death boundary, the temple of the earth.

Hong Beichen, the ancestor of the Hong family, Lin faming, the ancestor of the Lin family, and Mo Qingxuan, the ancestor of the Mo family, are sitting on the main hall.

The ancestors of the three ethnic groups were gloomy and even angry.

"The blood demon clan broke the promise of no war, left the blood demon mountains without permission and stepped into the Terran territory. What do the two ancestors think?"

Hong Beichen sat in the middle of the room, his eyes burning with anger.

It turns out that the blood demon clan came to help Ye Chen fight back Xuanji moon emperor Shitian. The three groups of ancestors have already seen this.

They certainly have the overall situation to be arranged, but there is one principle that remains unchanged. Their existence is to threaten the demon clan. They can't enter the Terran territory forever!

It can be said that they are the guardians of the human race!

At that time, the blood demon clan was expelled to the blood demon mountains by the ten great heavenly kings. The two sides signed a contract and did not infringe on each other. But now, the blood demon clan has obviously violated the contract.

Lin faming, the ancestor of the Lin family, said: "the demon clan has broken the rules. We have to deal with them. Otherwise, they will be presumptuous. Do you really think there is no one in our clan?"

Mo Qingxuan, the ancestor of the Mo family, hesitated for a moment and said, "I'm also very angry about this, but there is the figure of the reincarnation Lord behind it. I'm afraid..."

His Mo family is deeply bound to Ye Chen. The birth of the blood demon clan is obviously related to Ye Chen. He doesn't want to tear his face with Ye Chen.

Hong Beichen snorted coldly and said, "what about the Lord of reincarnation? Can he do whatever he likes and break the promise of no war? "

Mo Qingxuan was silent and did not speak any more.

Among the three ancestors, Hong Beichen was the most powerful and the most important, so he did not dare to disobey easily.

Lin Fa, the ancestor of the Lin family, said: "the reincarnation Lord broke through too fast. He used to be in the category of natural law. But now, his strength is against heaven. He has four levels of heaven. It's incredible to fight against the fate of the devil. We want to suppress him. I'm afraid it's not easy."

Hong Beichen clenched his teeth and said, "no matter how powerful he is, he is only a junior after all. The cultivation of the three of us has reached the third level of the hundred flail realm. Are we afraid that he will turn the world upside down?"

Lin Fa said clearly: "I'm afraid of Ren extraordinary behind."

When the first Ren Fanfan came to the Dixin temple, he regarded the ancestors of the three ethnic groups as mole ants. His momentum was absolutely crushing, and even forced Hong Beichen to give up a lucky pill.

Thinking of the embarrassing scene in the past, Hong's sad face was sulky and said: "there are many causes and effects in wanxu, and Ren is very special. He doesn't dare to show up easily, so don't be afraid of him."

Lin faming said, "well, what does Hong Laozu mean?"

In Hong Beichen's eyes, the murderous spirit surged, and he said: "the blood demon clan breaks the rules, naturally it's to suppress them. They break the contract first, so don't blame us for being merciless. Hehe, the inheritance treasure of the blood demon clan, the ten thousand demon immortal pool in the four immortal pools, should also belong to us."

Lin faming and Mo Qingxuan both moved in their hearts when they heard the word "ten thousand demon immortal pool".

Among the thirty-three heavenly artifacts, there are legends of the four immortal pools, namely the wishing pool, the Tianlong pool, and so on. The "ten thousand demon immortal pool" is one of the four immortal pools, which is the treasure of the blood demon clan.

In the battle between the human race and the demon race, the ten Heavenly Kings and ancestors had the upper hand. They could have captured the ten thousand demon immortal pool and killed them all. But somehow, they ended up with a truce and peace negotiation, which gave the blood demon race a glimmer of life.

Hong Beichen doesn't know the joint of that year, but now that the blood demon clan breaks the contract, he's not polite. He just wants to suppress it and seize the ten thousand demon immortal pool.

Lin faming and Mo Qingxuan are also ready to move.

If they can win the ten thousand demon immortal pool, they will win a supreme artifact out of thin air, and then they will be much more confident against the judgment hall.

"Let's go. It's today to suppress the blood demon clan and capture the ten thousand demon immortal pool."

With sharp eyes, Hong Beichen immediately took Lin faming and Mo Qingxuan to the blood demon mountain.

.....

At this time, ye Chen did not know all this.

He was on his way to the blood demon mountain range when he suddenly found a rare vision in the sky.

It was a wisp of evil spirit, which rose up like a column of smoke. But the evil spirit was not completely evil. The outer layer of the smoke contained a trace of pure Fairy Light, which was like glass crystal, showing a flawless color, very strange.

"What's that?"

Ye Chen sees that vision, suddenly a burst of surprise.

The source of the vision is the blood demon mountain range, but it is obviously not an ordinary evil spirit. It has the spirit of immortal spirit, which is magnificent.

"Master, the energy of this evil spirit is magnificent! If I can swallow it, it will be very powerful! "

At this time, Xiao Huang suddenly heard, obviously felt that this evil energy was very magnificent and suitable for him. If he could swallow it, he would make great progress.

"Is it?"

Xiao Huang was strong before, but it would be extremely difficult to face baijiajing.

If there is a chance, it is a good thing to make Xiaohuang stronger.

But ye Chen knew very well that the more he got to the back of cultivation, the more difficult it was.

If you want to be strong, the resources you need are extremely terrible!

Ye Chen heart move, immediately speed up, toward the blood demon mountain fly.
