

Physician 6371

Chapter 6371

Ye Chen hasn't been to the dark forbidden sea before. He doesn't know the distribution of power here. Seeing the surge of people, he moves in his heart and falls down to mix with the crowd.

Landing on the ground, ye Chen can see clearly. There is a big stone standing on the edge of the island. The stone is engraved with the word "luminous island", which is the name of the island.

On the night light Island, there are magnificent buildings, palaces and buildings, which are hidden among the huge luminous mushrooms and fluorescent plants, as well as artificially dug mountains and lakes, forming a luxurious manor.

The traces of the artificial temple and the traces of the natural vitality are combined to form a rather beautiful picture.

Outside the manor, hundreds of people gathered and tried to get in, but they were stopped by the guards.

"Why are there so many people here?"

Ye Chen heart move, casually to a person next to ask.

At this time, ye Chen's blood is converging, and he looks ordinary, just like the six level heaven in the normal real world.

That person looked at Ye Chen one eye, brow a wrinkly, way: "this still need to ask?"? The Wen family has stopped selling ferries to the moon. Let's ask for justice! "

Ye Chen a stay, way: "fly month ferry again is what?"

That humanity: "are you not the warrior of heaven and man? You don't even know about the moon ferry? "

Ye Chen said: "cough, I'm from heaven and man, but it's the first time I've heard about the flying moon ferry. I accidentally went into the dark forbidden sea. There are many things I don't understand. Please let me know."

That person "hiss" a smile, way: "have no intention to intrude? Do you think I'm a fool? Go away and try to find an excuse to take advantage of me. I advise you to give up

Finish saying, that person peeps out the facial expression of extreme disgust, leave far to go directly, also ignore leaf Chen.

Ye Chen a Zheng, but don't know the cause and effect behind.

Now when he heard the two clues of "Wen family" and "flying moon ferry", he wanted to deduce by himself, but the atmosphere of the dark forbidden sea was disordered, and now there were more people and noise, but he couldn't deduce.

Ye Chen frowned and looked around. He saw that most of the people in the audience had the causal atmosphere of heaven and man, which obviously came from heaven and man.

Moreover, these people, whose breath is quite mysterious, are by no means simple characters. If they are put into the realm of heaven and man, they will be able to call the wind and the rain. But now, in the dark forbidden sea, they seem to have encountered some obstacles.

"Let us in!"

"You Wen's family took advantage of us, but suddenly stopped selling ferries. Isn't that bullying?"

"Tell your master Wen Yaoan to get out! What the hell do you mean, you can either deliver the ship or return the deposit? Want to bully people? "

"I really think you wen's family can turn the world around in the dark sea? Believe it or not, let's go to the old alliance and ask the devil to come out to us! "

The crowd gathered around the gate of the manor and yelled abuse.

Had it not been for the forbidden protection of this manor, they would have rushed in.

The guards at the gate, with bitter faces, said: "ladies and gentlemen, recently there is a plan to frighten the heaven in the world. The ancestor of wanxu is going to return to his hometown. The weather of heaven and earth has changed greatly. Wangshu Tianzhu is affected and the aura is disordered. The ferry can't be reproduced for the time being. When the heaven and earth calm down, the ferry can be restored. Please be calm."

This manor is obviously the territory of the "Wen family".

Recently, yuhuanggudi planned to come to the heart of the earth. Outsiders don't know the details, but everyone knows that yuhuanggudi wants to return to his hometown.

The strange phenomena of heaven and earth involved in this matter are so great that even the dark forbidden sea has been affected.

The Wen family, it seems, has been seriously affected, unable to produce any ferry, leading to dissatisfaction.

"Excuses, all excuses!"

"God knows how long it's going to take? Tell Wen Yaoan to get out and explain to us! "

They yelled and scolded, but they were obviously unwilling to give up.

"Take it easy, ladies and gentlemen."

Just as the crowd was boiling, a middle-aged man came out of the manor.

This middle-aged man, with an air of sophistication and a trace of arrogance and indifference in his eyes, was dressed up as a rich businessman in a royal blue robe, playing with two goose egg beads in his hands.

He is obviously the owner of luminous Island, Wen Yaoan.

Behind Wen Yaoan, there were several attendants.

Those attendants, in each hand, were carrying several iron dog chains. What the dog chains were holding were not dogs, but more than a dozen living people!

More than a dozen of them were trapped in chains. Their faces were dead and dull. They seemed to have been pulled out of their souls. They were led and insulted like dogs. They were obviously slaves of the Wen family.

They were ragged, scarred and in a miserable situation.

Regarding people as dogs, ye Chen is surprised to see this scene.

But the people around are not surprised.

The Wen family has the habit of raising "dog slaves" to flog, torture and make fun of them. People have known for a long time that ye Chen was surprised when he first arrived and saw Xiao for the first time.

"Wen Yaoan, you are willing to come out at last. Give us the flying moon ferry quickly!"

Seeing Wen Yaoan come out, someone yelled at him.

"Island Master..."

The guards saluted Wen Yaoan.

Wen Yaoan waved his hand and gave a cool smile, and said to all the people, "there is something wrong with Wangshu Tianzhu. For the time being, it is impossible to refine aura and produce ferries. Please go back. I will inform you personally when the ferries resume production."

Ye Chen heard the word "Wangshu Tianzhu" and moved in his heart, capturing the cause and effect of the top ten Tianzhu.

Among the ten Heavenly pearls, one is called Wangshu.

Chapter 6372

Wangshu is the God who drives for the moon in ancient myths and legends.

Wangshu can also refer to the moon.

Wangshu Tianzhu represents the aura of moonlight.

Ye Chen can even capture the breath of Wangshu Tianzhu, which is very suitable for Xia Ruoxue.

If Xia Ruoxue gets Wangshu Tianzhu and combines it with Mingyue Tianshu, Mingyue Tianshu can definitely transform into the supreme Tianshu, which is the level of "Fengyun Wuxiang"!

However, Wangshu Tianzhu belongs to the Wen family, which is obviously not Xia Ruoxue's chance.

When people heard Wen Yaoan's words, they were still furious.

Someone said angrily: "since we can't deliver the ship on time, we will return the deposit! You Wen's family, we received so many pills Lingshi, do you want to default? If you dare to default, we will go to the old Japan alliance! "

Wen Yaoan's face changed slightly when he heard the name of "old alliance", and he was obviously afraid of the demon ancestor Wutian behind him. But when he turned his eyes, he said with a smile: "the ferry will be delivered to our Wen family sooner or later. It's no use for you to complain to the demon ancestor Wutian. Besides, with your strength, you have no qualifications to step into the inland sea. How can you meet the people of the old alliance?"

All the people were angry and scolded

"Damn it! You Wens are really shameless

"If this was the inland sea, you would have been wiped out by the devil."

"That's all you Wens can do. You dare to make trouble in the open sea. Why don't you try to make trouble in the inland sea?"

Wen Yaoan, smiling and silent, said, "I know you all want to enter the supreme world with the help of the flying moon ferry, but it's hard to cross the bitter sea. Where is the supreme world so easy to enter? Since ancient times, there have been very few people who can cross the bitter sea. Why are you so impatient? It's better to take advantage of this time to sharpen our strength and prepare for crossing the sea in the future. "

When they heard Wen Yaoan's words, they yelled even more. If it wasn't for the prohibition and the influence of the Wen family, they would have rushed to tear Wen Yaoan to pieces.

Ye Chen hears here, understand finally.

It turned out that the sea was forbidden in the dark, and the outer sea and the inner sea were divided.

The main force of the old Japan Alliance under the command of Wutian was in the inland sea.

The resources and air transportation in the open sea are despised by Mozu Wutian, so they are not managed.

Without the management of the old Japan alliance, the offshore forces were in chaos, with numerous gate valves and constant open and secret struggles.

The Wen family is one of the aristocratic families in the open sea.

The Wen family is in charge of Wangshu Tianzhu, which can refine the aura of Wangshu Tianzhu and create a ship called "flying moon ferry".

The dark forbidden sea is a sea of bitterness. It's hard to cross it. It's impossible for foreign warriors to cross it with their bodies. The flying moon ferry is their support.

Flying on the moon ferry may break through the restrictions of the dark forbidden sea and reach the other side of the world.

Although this possibility is very weak, in any case, it is much better than crossing the sea physically.

Since ancient times, there have been some lucky people who have successfully crossed the bitter sea and reached the paradise on the other side.

Now, people want to be such lucky people.

The supreme world is the highest point of all worlds and the place with the most abundant aura. If you can sneak into the supreme world and practice quietly for one year, it's better than practicing for a thousand years outside the country.

Such a huge temptation is enough to arouse every warrior in the world.

It's almost impossible to soar by strength.

It's hard to rise to the top. After wanxu came to power, he strictly restricted the entry of outsiders. He was mean and ungrateful. People with signs of rising to the top might even be chased and suppressed by him, just like henggu emperor in the past.

In such a high-pressure state, ordinary people want to fly, even more hopeless.

Therefore, it has become a way to change one's life against the heaven by forbidding the sea in darkness, hiding the truth from heaven and crossing the sea, and sneaking into the supreme world.

There are not many people outside the country who know this way to change their lives against heaven. Everyone is afraid that others will compete with them, so they try their best to keep a secret.

But it was too big and there were too many people. Even if only a few people knew it, what appeared in front of Ye Chen's eyes was also a scene of a huge number of people.

These people are all "stowaways"!

They are eager to cross the bitter sea and sneak into the supreme world.

The flying moon ferry of the Wen family is the biggest support for them to cross the sea.

But now, the Wen family has accepted their advantages, but they are not willing to ship. The reason is that the heaven and earth are changing, which leads to the disorder of Wangshu Tianzhu and makes it impossible to refine Lingqi.

There is no ferry, can not cross the sea, that people also admit their fate, after all, the probability of crossing the sea is too low, once found by wanxu, it is death.

People want to cross the sea, but also rely on a mouthful of spirit in support, will is not very firm.

But the problem is that the Wen family neither issues the ship nor refunds the money. It's obvious that they are bullying others, and people can't accept it.

Then Wen Yaoan said with a smile, "money can't be refunded. Please wait a few days. When Wangshu Tianzhu's aura stabilizes, I'll give it to you."

With that, Wen Yao'an turned to enter, regardless of the public's abuse.

Brush la la.

The servants under his command, holding the chain and dragging the dozen "dog slaves", also followed in.

Ye Chen didn't want to interfere, but at this time, he saw one of the dozen "dog slaves" with a different look, not as dull as other slaves, but full of a strong will. Even if he was scarred, he couldn't hide his stubborn edge.

Moreover, what makes Ye Chen more surprised is that there are seven halos in that person's eyes!

Boom!

Ye Chen head suddenly a burst of concussion, thought of once and Day Book Holy King's agreement.

The holy king of Tianshu is a strange man. Ye Chen once got his chance.

The holy king of the book of heaven said that he had already died, but before he died, he had regrets in his heart. He asked Ye Chen to take care of him if he met a man with the surname Wen and seven halos in his eyes.

Now, ye Chen is shocked to see a slave under Wen Yaoan's hands, with seven halos in his eyes.

Is this man the one the holy king of the book of heaven is looking for?

Eyes with halo phase, this is a natural double pupil!

It's the legendary atmosphere!

There are two different forms of ChongTong. The first is that there are two pupils in one eye. This is the emperor's form in mortals. It is said that people born with this form can achieve the emperor's hegemony.

On the other hand, there are multiple auras in one eye, which are inlaid with each other. This is not an ordinary form, but an atmospheric vision of martial arts. It is said that there is a king's talent!

Now, in the eyes of the slaves of the Wen family, there are seven rings of light, the legendary capital of the emperor!

However, such a talented person was enslaved by the Wen family.

We can imagine the ambition, hegemony and ferocity of the Wen family.

"Wait!"

Ye Chen thought of the agreement with the holy king of the heavenly book. He stepped out of the room and broke out the military formula. He crushed Wen's manor and stepped behind Wen Yaoan. His voice was like thunder.

Chapter 6373

When people saw that ye Chen was just in the sixth floor of the sky, they easily crushed the ban of the Wen family. Suddenly, the whole audience was in an uproar and exclaimed.

After this startle Hua, it is dead general silence, all people's eyes are looking at Ye Chen in consternation.

Wen Yaoan was shocked by Ye Chen's cheering. He felt his head buzzing and almost vomited blood. Looking back at Ye Chen's straight figure, he was stunned.

Ye Chen's cultivation, that is to say, the six layers of heaven in the true realm, actually crushed the earth vein prohibition of the luminous island.

Even in the face of Ye Chen, Wen Yaoan felt a sense of fear, as if he saw a giant beast.

He attains the realm of one hundred flail. Even so, he is afraid of Ye Chen.

"Jiutian Shenshu, a military formula? You... You are a member of the Yuhuang family? "

Wen Yaoan's forehead broke out in a cold sweat. If he was right, the method Ye Chen just used was a powerful military word formula. The sharp edge of his magic power was like a Heavenly Sword, which could tear up all the forbidden barriers. It was very powerful.

He only thinks that ye Chen is a member of the Yuhuang family. This is the devil. The Yuhuang of wanxu and the dark old days are enemies. How dare the members of the Yuhuang family break into the dark forbidden sea? Isn't this for death?

But ye Chen didn't care about Wen Yaoan. He looked at the man with the seven halos. With a flick of his fingers, he shot out a wisp of soldiers' words and cut off the chain on the man.

That person stayed for a while, looking at Ye Chen blankly.

Ye Chen said, "what's your name?"

The man was in a trance for a moment, and seemed to fall into old memories. Then he said slowly, "my name is... Wenhazhi."

He pauses every word and is very unfamiliar. It seems that he has not communicated with others for a long time, just like a savage coming out of the mountains.

Ye Chen heart big shock, call a way: "your surname text?"

At the beginning, the person mentioned by the holy king of Tianshu was a man with seven halos in his eyes and surnamed Wen.

And this person, not only has double pupil halo, but also happens to be surnamed Wen.

Ye Chen only feels the coincidence of nature and cause and effect, which is not bad at all.

That's right. This man is what the holy king of Tianshu said. Maybe he is the descendant of the holy king of Tianshu.

Ye Chen doesn't know how the other party can become a slave of the Wen family, but no matter what, he can't watch the other party suffer any more.

Because he promised to take care of the seven halos.

That Wenhan said: "yes, you... Do you know me? I... I don't even know myself. "

Ye Chen tone a slow, way: "you get up, first leave with me, I take care of you."

That Wen Hanzhi "Oh" a, stagger to stand up, walk two steps, a falter, seem to fall, but finally steady body shape, continue to move forward, to Ye Chen.

He was bound by shackles for a long time, and even his lute bone was broken through. He usually walked with shackles on his back, and his body and feet were heavy. Now he regained his freedom and was relaxed. On the contrary, he was not used to walking and felt light.

Those bodyguards look at each other, awed by the power of Ye Chen, but dare not stop.

Wen Yaoan's face changed slightly. He stood up and stared at Ye Chen and said, "wait! Boy, who are you? Are you a bastard of the Yuhuang family? You have the courage to come to the dark sea

When he saw that ye Chen had mastered the formula of military characters, he only thought that ye Chen was a member of the Yuhuang family.

The Yuhuang family is the mortal enemy of Mozu.

As long as you capture and kill the yuhuangzu and send them to the old Japan League, you can get the boundless reward and protection from the demon ancestor, which is of great benefit.

In Wen Yaoan's heart, countless thoughts flashed over him. Although Ye Chen's breath made him afraid, in the final analysis, ye Chen's cultivation was only six levels of heaven in the real world. Under the huge gap, he had the confidence to suppress Ye Chen.

Ye Chen doesn't want to make trouble. He frowns and says, "master Wen, right? I want to make a price for the slave. "

Between the words, ye Chen mobilizes the aura of the ten thousand demon immortal pool and the wish star, and makes a large number of pills, which are used as chips to redeem himself.

When Wen Yaoan saw that ye Chen had taken out so many pills, he was shocked. He felt that ye Chen must be a member of the Yuhuang family. He was rich in money, and he was greedy.

"I'm a servant of the Wen family, but I never sell it."

Wen Yaoan gave a sneer.

Ye Chen frowned deeply and said, "I'm the son of the old alliance and a friend of the demon emperor. Please give me a chance."

Before the suppression of Yu Linghan, ye Chen has captured the fate of the old alliance, and has an insight into the cause and effect of the recent demon emperor.

In order to cure Yuchi Yao, Zhetian devil emperor stepped into the old alliance and became the container of Wutian. Today's Zhetian devil emperor is the Holy Son of the old alliance.

In the dark forbidden sea, under one person and above ten thousand people, the status is extremely prominent and powerful.

Ye Chen doesn't want to expose the identity of reincarnation, so he raises the name of the demon emperor.

Wen Yaoan laughed and said, "are you a friend of the devil emperor? I'm still Wutian, the great man in the old alliance. How can I set foot in the open sea? You have to have a degree in your boasting. A bastard of the Yuhuang family is really in the sixth heaven. How dare you be presumptuous in my Wen family's territory? "

Speaking of this, in his eyes, Wen Yao'an suddenly burst out of a sense of killing, and said, "I will suppress you today and send you to the old alliance to see how you die!"

Words fall, Wen Yaoan body flash, like lightning general, suddenly shot in front of Ye Chen, palm like eagle claws, toward Ye Chen head grab.

This blow, he broke out a hundred flail realm of a strong power, but also behind the support of the earth, extremely powerful.

Ye Chen's face is a heavy, ten thousand don't expect the other party can start unexpectedly, and the Yin is ruthless and overbearing, leave no room.

"To die!"

Ye Chen doesn't talk nonsense either. With a flick of his finger, he shoots out a sword Qi of blood moon, just like the arc of the moon.

He practiced in the Hongjun sword school, and understood a higher level of kendo. The Dao is interlinked. The sword technique he learned before, XueYue butchering Tianzhan, is also a breakthrough. He can easily play XueYue sword Qi, and the sword has no fixed trace. His attainments in kendo are far beyond the past.

"What

When Wen Yaoan saw Ye Chen's blood moon sword Qi, he was shocked. He felt that his body was like a weed and could not resist it.

Puff!

A terrible scene appeared. Ye Chen's sword Qi passed by, killing people like chopping grass. One sword cut Wen Yaoan's waist.

Wen Yaoan's two bodies fell to the ground with blood splashing and his internal organs and intestines falling to the ground. The scene was extremely terrible and bloody.

"Island Master!"

The whole bodyguard was shocked, completely stunned, and couldn't believe the scene in front of him.

You know, Wen Yaoan is a strong man in the world of hundred flail. He plays an important role in Wen's family, but ye Chen is just in the world of six flail. He goes beyond the level to kill!

Chapter 6374

The people outside were also shocked. If they didn't see it with their own eyes, how could they believe it.

"Ah, you Royal bastard, you killed me. You have to die!"

Wen Yaoan's body was cut off, his spirit floated out of his shell and roared in the air.

"Ha ha, isn't it dead yet?"

Ye Chen saw that his spirit was still alive and gave a cold smile.

With his current strength, if he is a warrior in the ordinary hundred flail realm, he will definitely be killed by him, and his body, spirit and soul will not survive.

However, Wen Yaoan, who can survive, is able to retain a trace of vitality through the natural atmosphere of luminous island.

"Wangshu Tianzhu, give me great power, suppress evil, protect my orthodoxy!"

Wen Yaoan raised his hands high and prayed to the sky.

Boom!

Magnificent scene appeared, but see the sky dark, space rupture, a huge stone ball, emerged.

This stone ball is full of craters and cold moonlight. It is the real shape of the moon in space. In fact, it is the treasure of Wenjia town and the true appearance of Wangshu Tianzhu!

As soon as the moon emerged, there was infinite power of heaven and earth. Under the influence of the supreme artifact, it fell from the sky and poured into Wen Yaoan's spirit.

WOW!

In the spirit of Wen Yaoan, the moon suddenly blooms, cool and sharp, with layers of moonlight flying swords behind.

Whoa!

His spirit swept out, with thousands of moonlight flying sword, such as the tide of the sea, toward Ye Chen.

This attack, however, was very fierce with the help of the great power of Wangshu Tianzhu.

"Well, why struggle?"

However, ye Chen was not moved.

His current strength is really too strong. The warrior in the hundred flail realm can no longer threaten him.

"Dou Zi Jue, break it for me!"

Ye Chen's fist blows out, and his fist explodes with golden fighting light. With a bang, his fist is as powerful as a bamboo, destroying the soul of Wen Yao'an and his ten million moon flying sword.

"Ah

Wen Yaoan screamed. He never thought that ye Chen was so strong. Even if he borrowed the power of Wangshu Tianzhu, he was not the enemy at all. In despair, his spirit was destroyed in an instant and completely disappeared.

The whole audience, suddenly fell into a dead silence, gaping at the scene.

Wen Yaoan is a powerful man in the hundred flail realm. He has the advantage of good luck and the power of Wangshu Tianzhu. He is defeated by Ye Chen and killed by seconds. How terrible is Ye Chen's strength?

Sobbing

In the sky, the wind broke away, and the vision of Wangshu Tianzhu disappeared completely in the clouds.

The magic weapon of Wangshu Tianzhu is in the headquarters of Wen's family. Wen Yaoan only borrows a trace of aura. Now his body and soul are gone, and the breath of Wangshu Tianzhu disappears.

"Run

"Report to the master! It's a big deal! "

The guards on the night light Island, when they saw Wen Yaoan fall, were so frightened that they did not dare to fight ye Chen. They wanted to flee and report back to Wen's headquarters.

"Array word Jue, exterminate!"

Ye Chen face unchanged, step out, step down into an array.

The word formula of the array broke out. A gossip array, which seemed to exist or not, quickly blocked the whole island and killed all the people of the Wen family on the island.

Since Wen family moved to kill to read, that leaf Chen nature won't stay a hand.

In an instant, all the bodyguards on the island died on the spot.

People see ye Chen's means, all is to take a cold breath, guess Ye Chen's identity.

Ye Chen turns round, the vision sweeps the public outside one eye.

They turned around and left, but they didn't dare to stay any longer.

Ye Chen also released the more than ten slaves of the Wen family.

Soon, on the island, only he and Wenhan were left.

Wen Han's eyes were confused, and there was a resolute look in the depth, which made him look like a wolf breaking into the world.

He said to Ye Chen: "your martial arts are very powerful. What's your name?"

Ye Chen a smile, way: "my name is Ye Chen."

Wen Hanzhi sniffed his nose and said, "you have a special smell of blood. It's very powerful. Are you the inheritor of reincarnation?"

Smell speech, ye Chen a surprised, didn't expect the other party unexpectedly saw oneself is the identity of reincarnation Lord, then nodded a way: "yes, I am the successor of reincarnation blood, you?"
What's the relationship between you and the holy king of the book of heaven? "

"The holy king of the book of heaven?"

Wen Han's eyes became more and more confused, and he fell into a more distant memory.

Finally, he shook his head and said, "I don't know. There are many things I can't remember. Now, I want to take a bath first."

He had been enslaved by the Wen family for a long time. He was scarred and filthy.

Ye Chen nods, summons ten thousand demon immortal pool, lets Wen Hanzhi clean body first, at the same time cured his wound.

At last, ye Chen turned on the formula of bingzijue, cut the cloud into clothes, and made a white sword robe for Wen Hanzhi.

After washing, Wen Hanzhi put on his new clothes, and his appearance became much more fresh. He looked like a tough and unyielding young man.

Ye Chen wants to ask about his past, but Wen Hanzhi has forgotten the past.

"You saved me, but if you offended the Wen family, you'd better go."

Wen Hanzhi is grateful to Ye Chen, but he is also worried about ye Chen. He knows the power of the Wen family and is in charge of Wangshu Tianzhu, which can be said to be one of the most powerful forces in the open sea.

Chapter 6375

Ye Chen can kill Wen Yaoan, but if he meets the head of the Wen family, he may not be the enemy.

Ye Chen said with a smile: "just Wenjia, you don't have to worry if you can't hurt me. Besides, where are you going when I'm gone?"

Wen Han said: "I... I go back to the mountains, hunting, fishing, blowing, very happy."

He used to hunt alone, but later he was captured by the Wen family and became a slave.

Ye Chen said, "how long have you lived in the dark forbidden sea?"

Wen Hanzhi was dazed and said: "for a long time, thousands of years, thousands of years, I have been on the mountain island in the open sea. The wild animals are my friends. But later, the Wen family captured me. They said that I am a heavy pupil. If I want to suppress it, I can plunder my luck. I can't understand it."

Ye Chen in the heart move, way: "dark forbid the circumstance of the sea, you all know?"? I want to ask you about a man named Xia Hou Zhenglong, or you can tell me directly where the Hongjun secret place is. "

Wen Han's palm touched his head blankly, and his mind seemed to be confused. He said, "Hongjun secret place, I don't know where it is."

"I've heard that the dark sea is forbidden, the outer sea and the inner sea are divided. It's said that there is also a mysterious sea, which is melted by a tear of Hongjun's ancestors. But it's too mysterious to know where it is, and whether it exists or not."

"It's said that Hongjun's secret place used to be Hongjun's ancestral place. It should be in the inland sea. I don't know."

"There are a lot of aristocratic families in the open sea, very many, and the Wen family is the strongest."

"There is also a family, surnamed Xiahou."

"Do you want to find Xiahou Zhenglong? Maybe, you can go to Xiahou's house. "

Wen Hanzhi took a breath and said a lot. It was obviously not easy.

Ye Chen eyes a bright, here indeed as expected have Xia Hou Zheng Long of clue, he finally probe to hear one or two.

"Where is Xiahou's home, do you know?" Ye Chen asked.

Wen Hanzhi thought for a moment, pointed to the north direction, said: "I heard that Xiahou's family is in the north, on the green bamboo Fairy Island, you can go and have a look."

"Green bamboo Fairy Island? I, I know. "

Ye Chen moved in his heart and said to Wen Han, "if you like hunting, you can go to my planet. You can do whatever you like."

With that, ye Chen offered his wishes to heaven and stars.

On this star, there are mountains and waters, and the scenery is beautiful enough for Wenhan to settle down.

"Thank you, reincarnation Lord, you are a good man."

Wen Han's gratitude, then set foot on the wish star, live in the mountains.

Ye Chen settles down Wen Hanzhi, and is relieved that he has finally completed the mandate of the holy king of Tianshu, but he doesn't know if there is any chance to see him again.

After the arrangement, ye Chen rose against the wind and flew to the north.

"Xiahou's family, Xiahou Zhenglong, hope to find the clue of Hongjun's secret place, and see the sword nameless smoothly..."

Ye Chen thought, speed up, meteors fly like the moon.

.....

When ye Chen goes to Xiahou's home, there is a trace of disaster in the Mountain Gate of Wen's headquarters. It is obvious that Wen Yaoan's fall triggered a bad omen!

In the sky above Wen's house, there is a big stone ball with potholes hanging, which is the moon shaped Wangshu bead.

The moon shines on the Wangshu Tianzhu, which makes the Mountain Gate of the Wen family always look like a bright night.

Wangshu Tianzhu above, the earth is a desolate, can not see a trace of vegetation vitality, even the soil presents the color of gray silver.

But in this barren world, an old man sits cross on his knees.

The old man has white hair, and his cultivation breath has reached the second level of the hundred flail realm. He is the master of the Wen family, Wen Changkong!

Wen Changkong's accomplishments are only one level higher than Wen Yaoan's, but the level of baijiejing is one level lower than that of Wen Yaoan's, and the gap is very different.

The gap between the first heaven and the second heaven is much larger than the difference between the true realm and the true realm. It is a qualitative transformation.

Therefore, Wen Changkong, who is in the second level of Baiji realm, is enough to be the head of the family and command the whole Wen family. Moreover, he has a strong reputation and influence in the open sea.

It's even said that Wen Changkong has stayed in the second level of Baijia realm for a long time. It only needs one chance to step into a higher realm!

Even ye Chen, in the face of some strong men in the two-tier sky of Baiji realm, needs to fight hard to win. It can't be as easy as killing one-tier sky.

"You Royal bastard, how dare you make trouble in the dark forbidden sea? And killed my Wen family? "

Wen Changkong's eyes suddenly fierce, extremely angry.

Although all the Wen family members died on the luminous Island, no one came back to summon them.

However, before Wen Yaoan's fall, he borrowed the breath of Wangshu Tianzhu, so Wen Changkong was able to clearly capture the fate and know the struggle behind.

He also thought that ye Chen was a member of the Yuhuang family, otherwise he would not have mastered the military and fighting skills. Moreover, he had such rich resources that he was obviously born from a big power.

"Wanxu Yuhuang, when the dark sea no one? How dare you turn the world upside down when you are still in the six level sky

Wen Changkong is very angry. Although wanxu is powerful and its influence covers all the heaven and the world, the dark forbidden sea is just the death place of wanxu and no one is allowed to enter.

This time, he mistakenly thought that ye Chen was a member of the Yuhuang family of wanxu temple. He came to the dark sea to challenge the old alliance.

In Wen Changkong's heart, countless thoughts flashed by, and a murderous opportunity appeared in his eyes.

Ye Chen dares to kill the people of the Wen family, which has violated his bottom line. Moreover, in his eyes, ye Chen is still a man of wanxu temple.

If you kill Ye Chen, you can not only take revenge, but also ask for a reward from Wutian, the devil's ancestor. The benefits are very rich.

"That damned boy, I will call him to pieces!"

Wen Changkong is furious. He immediately summons several senior elders of the Wen family, and then drives Wangshu Tianzhu to fly away like a storm.

Wangshu heavenly beads, like the moon, fly over the dark forbidden sea. The terrible gravity of the planet permeates the sky, arousing the surging tides and waves. The scene is extremely spectacular.

In the dark sea, the moon burst everywhere, and the waves of the planet rioted. Countless forces were shocked. They knew that Wangshu Tianzhu was out, but they didn't know what happened. They let the Wen family out.

.....

At this time, ye Chen's mind is all about looking for Xia Hou Zhenglong, and he is not aware of the changes of the outside world.

In the early morning of the next day, ye Chen finally flew to the north, on what Wen Hanzhi called the green bamboo Fairy Island.

Looking down, you can see that the sea is dark and dark blue. There is a vibrant island on the sea. The island is covered with green bamboo, and the clouds are hanging. It is full of vitality.

"Is this Xiahou's Taoist temple, Cuizhu Fairy Island?"

Ye Chen's eyes coagulate. The green bamboo Fairy Island gives him a very familiar feeling.

Chapter 6376

That's the breath of the four immortals, the green bamboo immortals.

Among the four immortal pools, Cuizhu immortal pool represents vitality. It can live the dead and cure all injuries.

The real cuizhuxianchi originates from the Taishang world.

This island is obviously watered by the water of cuizhuxianchi, so the land is very fertile, full of vitality and aura.

Can get the nourishment of green bamboo immortal pool, visible this summer Marquis family atmosphere is deep.

"Stop! It's the important place of Xiahou's family road field. No one can get close to it! "

Ye Chen just close to Cuizhu Fairy Island, but there are several patrol guards, flying up to surround him, a face of vigilance.

"My name is Ye Chen, and I'm a friend of the demon emperor. I'm here to visit the Xiahou family. How are you?"

Ye Chen calmed down, kept the courtesy, and said hello to the guards.

When those people heard the name of the demon emperor, they were all shocked and didn't dare to neglect it.

Someone asked in a trembling voice, "are you a friend of the son of the old alliance? My Xiahou family has never dared to offend the old alliance. I don't know if you have come to the open sea. What's the matter? "

He thought that ye Chen came from the inland sea. Although he had doubts about ye Chen's identity, he didn't know if he was really a friend of the devil emperor. But since it was about the old alliance, they didn't dare to be careless.

Although the Xiahou family is a gate valve in the open sea, compared with the old Japan alliance, it is also a firefly like existence, and even has no qualification to join.

Ye Chen said: "I don't know if there is a person in your Xiahou family, called Xiahou Zhenglong. I want to discuss something with him."

"Xiahou Zhenglong!"

Hearing the name, the bodyguards were shocked and looked at each other.

Xiahou Zhenglong, this name, for them, seems to be taboo!

"You... What do you want to do with master Zhenglong?"

A bodyguard trembles to ask.

Ye Chen said, "I have something to discuss with him."

The bodyguard said: "you... Are you really a friend of the demon emperor?"

Ye Chen said: "yes, I can swear by blood essence. If I cheat, I will be punished by heaven."

The bodyguards looked at each other, and one of them said: "we can't do this. You wait here. Let's go and ask the master to come out."

With that, the bodyguards turned inside and reported to the senior officials of the Marquis Xia's family.

After a while, an old man in armor stepped out, arched his hand to Ye Chen, and said: "I am xiahouba, the owner of Xiahou's family. I heard that you want to see Xiahou Zhenglong?"

Ye Chen saw that the old man's cultivation had reached the second level of the hundred flail realm. His breath was powerful and profound, but he didn't dare to underestimate it. He arched his hand and said, "exactly."

That Xia Hou Ba slightly hesitated, finally sighed and said: "to be honest, Xia Hou Zhenglong is a dog. Ten thousand years ago, he had gone into an empty door, and was no longer involved in the world."

Ye Chen is greatly surprised, way: "he... He has already escaped into empty door?"

Xia Hou is overbearing: "yes, it seems that the dog was contaminated with the Heinous Sin in those years. He escaped into the empty door, which means repentance and atonement."

Ye Chen said, "I don't know what sin it is?"

Xia Hou is overbearing: "I don't know. He won't say it. He only says that he has failed his friends. His crime is too serious and his face can't be cleaned up all his life. Is it the meaning of the devil's ancestor to come down to find a dog?"

Ye chenlian said: "no, it's my own cause and effect. It has nothing to do with the old alliance. I want to meet him. Can I?"

Xia Houba pondered a little and said, "dog is practicing Buddhism in the northern suburb temple. If you want to see him, you can go and have a look. If dog has something that offends the old alliance, please let me know."

When he saw that ye Chen was a friend of the demon emperor, he only thought that ye Chen came here to make trouble.

Ye Chen said with a smile: "I'm not a member of the old alliance. Please don't misunderstand me."

Xia Hou BA was stunned and said, "aren't you a friend of Zhetian devil emperor?"

Ye Chen said: "friends belong to friends. I have a different orthodoxy from him. He has no heaven to take refuge in the devil, but I have gratitude, hatred and hatred with the devil."

Xiahouba was even more surprised. For a moment, he was at a loss and couldn't understand the reason behind it.

Ye Chen did not explain, said: "I want to go to the northern suburbs temple now, please open the ban."

This green bamboo Fairy Island is shrouded in a layer of earth vein prohibition.

Xia Houba returns to his senses and immediately answers his promise. He opens the earth vein prohibition and lets Ye Chen go in. He points out the location of the temple and says:

"After he escaped into the empty door, he was in the deserted temple. He thought for thousands of years and refused to step out. I think his sins were not light, but please forgive him for his thousands of years."

Until this time, xiahouba thought that yechen came to settle accounts and wanted to find xiahouzhenglong.

"The master of Xiahou misunderstood..."

Ye Chen is dumbfounded, but it's not easy to explain anything. He doesn't say much at all. He leaves directly and goes to the temple in the northern suburbs.

The area of cuizhuxian island is quite large. It's like a city outside the world. The temple in the wilderness, as xiahouba called it, is in the wilderness to the north of the island.

But I saw that the monk was a middle-aged man, but his eyes were especially miserable. He seemed to have experienced great torture and suffering, and his face was dull and sluggish. He said: "I've lost my name, I don't remember the secular name."

Ye Chen said: "master, you don't remember the secular name, do you still remember a person?"

The monk's body trembled and he was silent.

Ye Chen then said, "that man's name is sword nameless. Master, you took him to Hongjun secret place. Do you remember that?"

According to Xue Tianyin's information to Ye Chen, it is Xia Hou Zhenglong who brings his sword to enter Hongjun's secret place.

Now, ye Chen doesn't know where Hongjun's secret place is, so he can only ask Xia Hou Zhenglong.

That monk hears Ye Chen's words, immediately frightens greatly.

He was just dull and sad, but this time, he was touched by Ye Chen. His mood changed violently, his face was full of pain and helplessness, and even his calm causal breath was affected, and he became extremely violent.

Ye Chen said: "is the master really Xiahou Zhenglong?"

The monk was silent for a while, and finally sighed, "benefactor, who are you and who sent you?"

Ye Chen said: "I'm Ke Qing of Hongjun sword sect. Ye Chen, there's a big accident in Hongjun sword sect. I need to go back to deal with it. Please tell me where he is. I know he's in Hongjun secret place, but I can't find the location of Hongjun secret place."

The monk's face twitched, and his pain was even worse.

He is obviously the Xiahou Zhenglong, and there is a great cause and effect between the sword nameless.

Ye Chen sees him so painful appearance, in the heart faintly feel not good, way: "master, sword nameless is an accident?"

Xiahou Zhenglong bent his back and bowed his head. He seemed to fall into a long memory and said, "I don't know. He... He should be dead. He broke his hand holding the sword. He can't live. Benefactor, my sin is too deep. I can only wash away my sin with the company of qingdeng ancient Buddha for the rest of my life. You go, I will continue to think about it."

Ye Chen was shocked in his heart, but he thought of the words of Shifang sword sage and said, "no, sword nameless is still alive, he is not dead."

Shifang Jiansheng said that he could feel the nameless breath of the sword. It was in Hongjun secret place. Fortunately, Duanduan was alive. It was just that for tens of thousands of years, the earth vein of the dark forbidden sea changed so much that the entrance to Hongjun secret place was easier. He couldn't find the way to enter the secret place. So he asked Ye Chen to look for it instead.

Xiahou Zhenglong was shocked and said: "the sword is nameless. He... Is he still alive? He broke his sword hand and survived? "

Ye Chen said: "his Shifu Shifang Jiansheng can capture his life without any fake. I want to know what happened in those years. You said the sword was nameless and you broke the hand holding it?"

Xia Hou Zhenglong is excited and happy when he hears that Jian Mingming is still alive. However, when he hears Ye Chen's inquiry, he feels ashamed and dejected. He hesitates for half a moment and doesn't speak.

Ye Chen said: "master, the cause and effect of the past is very important. Please let me know."

Xiahou Zhenglong was silent for a while. Finally, he sighed and said, "Amitabha, I'm also ashamed. More than 10000 years ago, I stepped into Hongjun's secret place with my sword. He wanted to find the ultimate of kendo, but I wanted to find the crystal of the earth."

Ye Chen said, "the crystallization of earth veins?"

Xia Hou Zhenglong said: "it is true that for millions of years, the treasure of Hongjun's secret place has been emptied. But deep in the secret place, there is also a crystal of earthvein, which contains the magnificent aura of the whole secret place. Once it is refined, it can change its life. I also found the record of earthvein crystal from the ancient books of my family."

Ye Chen thinks that Hongjun's secret place is the Taoist arena of Hongjun's ancestors in the past. The crystallization of the earth vein is also extremely precious. It may even contain Hongjun's Taoist spirit. Its value is no worse than that of the nine heavenly gods.

"Then what happened?" Ye Chen then asked.

Xiahou Zhenglong showed a trace of regret and pain, and said: "later, I and the sword were nameless. I searched for treasure in Hongjun's secret place, but unexpectedly met the sword owner, Hong Tianjing."

"Hong Tianjing!"

When ye Chen heard the name, he was shocked: "when Hong Tianjing went to Hongjun secret place?"

Xiahou Zhenglong said: "exactly, at that time, Hong Tianjing, under the order of the ancestors of wanxu, went to heaven and man to pursue hengggu Shengdi and stop him from rising."

"Before he went to heaven and man, he found the entrance to Hongjun's secret place through the dark forbidden sea. He went to search for treasure and ran into us by accident."

Ye Chen said, "did you have an argument with him?"

Xia Hou Zhenglong said: "it's not a dispute, it's a killing. Hong Tianjing is a mad dog with a fierce temper. He knows that Jian Ming is the chief biography of Hongjun sword sect, so he forces him to hand over the secret of Hongjun sword. If Jian Ming refuses, they fight."

After a pause, Xiahou Zhenglong's rickety body trembled and said, "Hong Tianjing is a strong man at the level of emperor of heaven. He holds the annihilation sword. His martial arts are almost against the heaven. I see his hand. The sword's light strikes thousands of miles and shakes the earth. I'm very afraid."

Ye Chen hears here and nods slightly.

It is true that Hong Tianjing was the supreme ruler of heaven when he was just coming. He was not defeated by the goddess of heaven and his cultivation was at its peak. Naturally, he was extremely powerful.

Even ye Chen, if facing the peak state of Hong Tianjing, it is not the enemy, really fight, will die.

Xia Hou Zhenglong then said: "I hide and dare not fight. I fight against Hong Tianjing alone. His accomplishments are very different from Hong Tianjing's, but with his sword skills, I can be calm and invincible."

"He knew that Hong Tianjing had a mission and couldn't stay for long, so he wanted to delay the defense and asked me to come to help. I... I was afraid of Hong Tianjing's power. I was so scared that I didn't dare to fight."

At this point, Xiahou Zhenglong is full of shame and remorse.

Ye Chen has already vaguely guessed what, way: "that later, sword nameless is defeated?"

Xiahou Zhenglong nodded and said: "the gap of realm is too big after all. He can't defend himself alone. After a long fierce battle, Hong Tianjing finally cut off his right arm. His hand holding the sword is completely gone."

Chapter 6378

Ye Chen hears here, the facial expression sinks.

The sword is nameless, and all his accomplishments are the magic power of kendo. If you break the hand holding the sword, you will become a useless person.

The arm is cut off by Hong Tianjing and hurt by the murderous Qi of annihilation sky sword. It can't be reborn.

Xia Hou Zhenglong's face twitched slightly and said: "it's all my fault that I was too timid at that time. If I were willing to help, he might not be reduced to this point. Although Hong Tianjing is strong, he can't stay long with the task on his back. As long as time goes on, he can't attack for a long time and will go sooner or later. It's because I'm too cowardly and scared by him."

"Sword nameless and I are close friends, but I failed him. After he was defeated, he fled to the depths of Hongjun's secret place, where fierce beasts are everywhere. He broke his hand holding the sword, so it's hard to fight. He's still alive?"

"Well, he can't hold the sword any more. Even if he lives, I'm afraid it's worse than death. My sin is deeper."

With these words, Xiahou Zhenglong's face is full of pain and his facial features are distorted.

He was glad to hear that the sword was still alive, but when he thought about it carefully, if the sword master broke his hand, he would not live as if he were dead, and his sin would deepen.

Ye Chen is silent down, but don't know what to say.

The main culprit is Hong Tianjing, but Xia Hou Zhenglong is also responsible for his shrinking.

It was his intention to repent and atone that he fled to the empty door and was accompanied by the ancient Green Lantern Buddha.

Ye Chen pondered for a long time, and said: "master, the matter has passed. Now it's useless to regret it. Please tell me where the entrance of Hongjun secret place is."

The entrance to Hongjun's secret place changes from time to time, and ye Chen can't find it. However, Xia Hou Zhenglong has lived in the dark forbidden sea for a long time, which is closely related to Hongjun's secret place. The other party must know the entrance.

Xia Hou is dragon quiver a way: "you... Do you want to go in search of sword nameless?"

Ye Chen said: "exactly!"

Xiahou Zhenglong looked up and down at yechen and said, "your cultivation is too bad. You can only live up to six levels of heaven. Hongjun's secret place is very dangerous. If you go in, you will die. I have failed the Hongjun sword sect once, and I can't fail it again."

He is only afraid that ye Chen's accident will aggravate his sin.

Ye Chen's eyes twinkled for a while, thinking for a while, and said, "I'm not only the guest Qing of Hongjun sword sect, but also another level of identity."

"What's your status?" said Xia

Ye Chen is silent, the palm turns, an ancient scroll picture, emerge in his hand.

The ancient scroll picture, filled with the glory of the Yellow River, is a picture of the Yellow River.

Seeing this, Xiahou Zhenglong suddenly exclaimed, "ah," his eyes widened and said, "you... You are..."

Ye Chen smiles and puts away the picture of the yellow spring. He looks at Xiahou Zhenglong and says, "master, I don't know if I am qualified to enter Hongjun secret place?"

When Xia Hou Zhenglong saw the picture of huangquan, he knew that ye Chen was the master of reincarnation. Martial arts can't be said by common sense. Although the Hongjun secret place is dangerous, it can't stop the master of reincarnation.

"It turns out that you are the one. No one in the world is more qualified than you. The entrance to Hongjun secret place is..."

Xiahou Zhenglong just wanted to confess and tell the location of Hongjun's secret place, but at this time, the sky outside the temple suddenly boomed and vibrated, and the sky turned into night. There was bright moonlight, the wind was rioting and the current was whirling.

"You Royal bastard, get out of here!"

An old and loud voice sounded from the sky outside.

Ye Chen's eyes narrowed slightly, pinched his fingers, knew the identity of the enemy, and a sneer appeared at the corner of his mouth.

Xiahou Zhenglong was shocked. Looking out, he saw a huge stone ball hanging in the sky. The stone ball was pitted, showing the shape of a lunar celestial body. With the moon as the background, several dark shadows flew out and fell over cuizhuxian island.

"Wangshu Tianzhu, Wen Changkong? How did they come to Xiahou's home? "

Xiahou Zhenglong was surprised and strode out.

Ye Chen also followed to walk out, in the heart already understand all.

He suppressed the night light island and killed the owner of the Wen family. The owner of the Wen family went out in person and even used Wangshu Tianzhu to get revenge on him.

And the master of the Wen family mistakenly thought that ye Chen was a member of the Yuhuang family.

Xiahouba, the head of Xiahou's family, was also shocked when he saw the arrival of the head of Wen's family. He took several elders and flew to the sky to meet him.

"Wen Changkong, you are fierce and overbearing. Why do you come to Xiahou's house? Do you want to make trouble? "

Xia Houba's eyes were cold and his voice was deep.

Wen Changkong sneered and said, "xiahouba, you have a poisonous snake in your house!"

Xia Hou is overbearing: "what poisonous snake?"

Wen Changkong said: "it's a hybrid of the Yuhuang family, that's him!"

Say, temperature long sky points to leaf Chen, sharp vision, also stare at leaf Chen body.

Xiahouba said: "what feather Royal bastard, that brother is a friend of the demon emperor, you don't open your mouth, or offend the old alliance, that's not joking."

Wen Changkong said with a smile: "hey hey, that boy is proficient in Bing Zi Jue and Dou Zi Jue. He says that he is an ethnic group of the Yuhuang family. How can he be related to the old alliance? Don't be cheated by him."

Smell speech, summer Hou Ba heart a sink, also hope to Ye Chen.

Bingzijue and douzijue are the magic power of Yuhuang. If ye Chen really mastered them, he would have a lot of connections with Yuhuang family.

Is Ye Chen really an ethnic group of Yu royal family, not a friend of the demon emperor?

For a time, xiahouba's mind was disordered and unable to make a decision.

"Boy, do you think you can escape from my Wen family by hiding in Xiahou's house?"

"Then Wen Changkong wants to kill you. No one can save you in heaven and earth!"

Wen Changkong's back is against Wangshu Tianzhu, and his face is full of murderous air.

"The moon is killing the way of heaven. I've suppressed it!"

The next moment, Wen Changkong suddenly rioted. With a wave of his old hand, he turned Wangshu Tianzhu's aura into a vast light flow of the moon. Like a flood in the vast sea, he came down from the sky, cold and brilliant. With a fierce killing breath, he came to kill Ye Chen.

This is the magic power of Wangshu Tianzhu!

In terms of power, this Wangshu heavenly pearl is enough to rank in the top three among the ten Heavenly pearls, representing the brightness of the moon and the majesty of the moon.

At that time, wanxu Temple once observed Wangshu Tianzhu, and created Mingyue Tianshu, which was handed down to later generations.

Later, Mingyue Tianshu was obtained by Xia Ruoxue and refined for many times, constantly changing from small source to big source.

In fact, the source of Mingyue Tianshu is Wangshu Tianzhu, from which the moonlight flows.

At this moment, Wen Changkong uses the power of Wangshu Tianzhu and vows to kill Ye Chen.

He is a strong man in the two-tier heaven of Baiji realm. Combined with Wangshu Tianzhu, his divine power is overwhelming and suffocating.

Ye Chen's place is just in the Northern Wilderness of Cuizhuxian Island, where there is no Xiahou family's forbidden protection.

Chapter 6379

"Oh, no!"

Xia Houba saw that Wen Changkong suddenly started and exclaimed.

His son, Xiahou Zhenglong, is standing with ye Chen. If ye Chen is killed, I'm afraid even his son will be implicated.

Just in a hurry, Wen Changkong shot too fast, he has no time to resist.

In front of the gate of the temple, ye Chen saw that in the sky, the moonlight surged in, and the air between the heaven and the earth burst. His clothes and hair were all excited. Next to him, Xia Hou Zhenglong was pale.

However, ye Chen is calm and calm. He is a strong man in the second heaven of Baiji realm. Even if he has Tianzhu in his hand, it is impossible to kill him.

"The word formula of the array, the green bamboo sword array!"

Ye Chen stepped out step by step, a vast breath of nine heaven magic immediately filled thousands of miles, enveloping the whole Cuizhu Fairy Island.

Click.

The earth vein of Cuizhu Fairy Island suddenly burst. The aura of the island resonates with Ye Chen.

"What

Xia Hou BA in the sky, as well as many elders of Xia Hou's family, was shocked. Unexpectedly, ye Chen broke through the ban of Xia Hou's family and even used the aura of Xia Hou's family for himself. What a hegemonic means.

Click!

The next moment, an amazing scene appeared.

When ye Chen lifted his hand, thousands of green bamboos sprang up on the island. They were cut off from the root by an invisible force and flew to Ye Chen's back.

Thousands of bamboos spread out behind Ye Chen, just like thousands of green flying swords. Under the moonlight, the picture is very magnificent.

"Go

With a wave of his hand, ye Chen arranges a sword array with thousands of green bamboo flying swords under the shadow of the formula of the array, facing the flood of moonlight in front of him.

Whoa, whoa, whoa!

Moonlight and green bamboo collided violently in the air, bamboo exploded, and tens of millions of tiny green awns scattered.

And the flood of moonlight was crushed by the green bamboo flying sword, and the white and cold light flowed to the ground like mercury.

This collision, moonlight and bamboo crisscross, the picture is dreamy, dazzling.

Behind this dream, in fact, is a terrible life and death duel.

It's the formula of Brahma's divine skill array, which collides with the magic instrument Wangshu Tianzhu!

At the end of the collision, ye Chen was calm and stood in the same place.

On the other hand, Wen Changkong was shocked by the impact of the collision airflow, his viscera were turbulent, his face was pale, and he was directly shocked for more than ten miles, and he looked very embarrassed.

The elder of the Wen family was also shocked, and they were all shocked. Unexpectedly, ye Chen was so powerful.

"Who are you? Yuhuang family, when did you have such a demon? "

Wen Changkong's features twisted and roared.

He had never heard of such a young evil genius in the Yuhuang family.

Xia Hou Zhenglong saw Ye Chen's fierce appearance, and was also secretly surprised. He thought, "is this the strength of the reincarnation Lord?"

Ye Chen takes a step and sneers: "who told you that I am a member of the Yuhuang family?"

Say, ye Chen fist fiercely clench, fight word Jue burst out, silver white fight light diffuse out, suddenly a fist, toward the temperature long sky.

"Wangshu Tianzhu, Yu!"

Wen Changkong is shocked. Seeing ye Chen's fierce fists, he doesn't dare to touch them. He calls for Wangshu Tianzhu and blocks him.

Bang!

Ye Chen hit Wangshu Tianzhu with one blow, just like the Celestial Star in a fist. The fist front had a heavy and strong anti shock force.

The whole Wangshu Tianzhu shakes violently, but it is not damaged, nor does it fall, and firmly blocks Ye Chen's fist.

Wen Changkong hid behind Wangshu Tianzhu, still in shock.

"It's interesting."

Ye Chen sees this, Mou son tiny a coagulate.

That Wangshu Tianzhu is worthy of being in the top three of the ten Tianzhu. It's really powerful. Even ye Chen can't destroy it.

"Two, wait a minute. There must be some misunderstanding."

Xia Hou Ba flies over and blocks between Ye Chen and Wen Changkong. He is afraid that if they fight any more, they will destroy the green bamboo Fairy Island.

"I don't care. It's the Wen family who deliberately make trouble."

Ye Chen hummed a little and stopped fighting.

His most important task now is to go to Hongjun secret place and find the unknown sword. As for the fight with the Wen family, it doesn't matter.

Anyway, ye Chen has saved Wen Hanzhi and completed the agreement with the holy king of Tianshu.

When the Wen family stopped flying to the moon ferry, many warriors lost the chance to sneak into the supreme world, which had nothing to do with Ye Chen.

After all, ye Chen is not interested in these unorthodox ways. If he wants to go to Taishang world, he must rely on his own strength.

Wen Changkong's face was blue and white for a while, and his eyes flickered again. He didn't know what he was thinking.

"Good luck, boy!"

Finally, Wen Changkong bites his teeth. He is still afraid of Ye Chen's strength and dare not tear his face. He puts away Wangshu Tianzhu and leads people to turn around and leave.

Boom!

And just as he wanted to go, the distant sky was suddenly shaken by magic fog.

Infinite magic gas, rolling burst into thousands of smoke, thousands of crows.

Crows all over the sky, in the rolling smoke, issued a sharp cry, flapping wings, like a nightmare around the whole Cuizhu Fairy Island.

The way of Wen Changkong and others was completely blocked.

"Wolf smoke evil spirit, seven evil spirits ten thousand crows! Here comes the devil

When Wen Changkong saw the vision in the sky, he was so scared that he was stunned.

On the green bamboo Fairy Island, Xiahou Ba, many Xiahou family disciples and Xiahou Zhenglong all looked at the magical vision in amazement. They were shocked and thought of a man: the devil emperor!

Recently, in the dark forbidden sea, the devil emperor Zhetian is very famous, second only to the existence of Wutian.

Everyone knows that before Wutian, the demon emperor of Zhetian, was the Holy Son of the old alliance. His Majesty was Tianwei, and his words were imperial edicts. No one dared to offend him.

Ye Chen was surprised and happy to see the magic in the sky, but he saw the magic coming down. A lonely and proud figure, surrounded by thousands of crows, emerged. It was the demon emperor who covered the sky.

"Master devil!"

When ye Chen saw the emperor, he was very excited and joyful. Yufeng flew up and came to the emperor.

"Ye Chen, long time no see!"

The emperor and ye Chen clasped each other's hands, so it was a great pleasure for them to meet each other.

Ye Chen looked at the demon emperor and felt that his breath was much stronger than before, and had a special breath of martial arts.

This breath of martial arts does not belong to this era.

To be exact, it's the breath of old martial arts!

Obviously, the emperor of Zhetian devil worshipped the throne of Wutian, the ancestor of the devil, and had already obtained the true biography of martial arts in the old times.

Chapter 6380

Wen Changkong was shocked to the extreme when he saw the coming of the demon emperor.

"Xiahou aristocratic family, see Lord devil!"

Xiahouba took the disciples of Xiahou family and knelt down to salute the demon emperor.

Seeing this, Wen Changkong knelt down in a hurry and said, "Wen's gate valve, I've seen the devil emperor!"

In the darkness of the forbidden sea, under the shadow of the demon emperor, and above all, he is the Holy Son of the old alliance, and his position is very important.

The aura of the open sea is limited, and there are few branches of the old Japan alliance. But looking at the whole open sea, no one dares to offend the old Japan alliance.

The Xiahou family, the Wen family and other powerful forces are very clear. Compared with the old Japanese Alliance, they are just like ants. If they dare to offend the old Japanese Alliance, they will kill themselves and destroy their families in an instant.

With the power of Mozu Wutian, he would destroy the starry sky and crush the universe with his fingers. Even the ancient emperors should be afraid. If he really wanted to kill, he would not even need to do anything. With one breath, he would be able to cross the void of hundreds of millions of miles and kill many aristocratic families in the open sea.

And the demon emperor is the container of Wutian, the future demon ancestor, who wants to inherit the orthodoxy of the old alliance. Therefore, both the Xiahou family and the Wen family are scared to death when they see the demon emperor coming.

Especially when Wen Changkong sees the appearance of Ye Chen and the demon emperor, he is obviously a close friend. However, he mistakenly thinks Ye Chen is a member of the royal family, and even wants to kill Ye Chen. This is a great sin, and he can't let go of his guilt.

Once the old alliance is blamed, I'm afraid the whole Wen family will be destroyed.

Think of here, Wen Changkong cold sweat, face a pale.

Although he is a strong man in the two-tier heaven of Baiji realm, Wutian, the demon ancestor behind the old alliance, is the top three master in the world, the supreme heavenly king, the leader of wutianshu, and the only remaining master in the old era. How can he dare to fight?

"How did you come to the dark forbidden sea?"

The demon emperor of covering the sky looked at the people kneeling around, just as he didn't see them, and said to Ye Chen with a smile.

He and ye Chen haven't seen each other for a long time, and they are very worried. They didn't expect to meet again in the dark forbidden sea.

He wanted to go to Hongjun secret place, but he caught Ye Chen's breath. Especially Ye Chen mentioned his name many times. He sensed the destiny and came down. As expected, he met Ye Chen smoothly.

"I want to go to Hongjun secret place, but there was an accident."

Ye Chen looked at Wen Changkong, but the latter didn't dare to look directly into his eyes. He only lowered his head and shivered in cold sweat.

"Oh, really?"

As soon as the emperor's eyes were cold, he also looked at Wen Changkong. Under the insight of heaven, he knew all the causes.

"You Wen family have been making trouble in the open sea for many years, but my old alliance didn't want to disturb cause and effect. It always turned a blind eye to you. I didn't expect that today, you should have provoked my friend."

The demon emperor said coldly.

Wen Changkong kowtowed like garlic and said, "devil, please forgive me! All villains are blind for a while. Please forgive me, Lord devil"

At this time, he was fawning and begging for mercy. He looked very scared, but he never looked like he was just above.

The demon emperor said: "well, I don't want to be contaminated with the cause and effect of the open sea. You destroy your body by yourself. I'll spare you the immortal soul. Go away!"

"Destroy the body..."

As soon as Wen Changkong heard this, his cold sweat fell down. After years of cultivation, he managed to reach the second level of the hundred flail realm. How could he easily destroy his body?

What's more, the crimes he committed are really serious. Even if he destroyed his body, he may not be able to repay them.

Once it is pursued by the old Japan alliance, I'm afraid it will involve the whole family.

"Lord devil, I'd like to offer my pearls. Please be kind to me!"

After much thought, Wen Changkong offered a jade bead to the emperor.

This jade like pearl is just the Pearl of Wangshu heaven. When it shrinks, it can't see the vision of the moon and celestial bodies, just like an ordinary pearl.

"Oh, are you willing to offer the Pearl of heaven?"

Emperor Zhetian was quite surprised. He also heard the name of Wangshu Tianzhu, which is the source of moonlight.

Even if it is put into the old alliance, it is also a very precious magic weapon.

If the dark forbidden sea was ruled by the ancient emperor Yuhuang, then the Wen family would not be able to keep this pearl.

But the devil has no heaven, and the mind of Tao is very upright. He never bullies the weak, so he doesn't rob the treasure of the open sea.

But it's different for Wen Changkong to volunteer.

Wen Changkong offered Wangshu Tianzhu, one is to keep his body, the other is to save his family. He only hoped that the old alliance would let him go and kowtow to him: "yes, I'm willing to offer my humble treasure. Please be kind to me!"

The demon emperor looked at Ye Chen and asked for his opinion, saying, "Ye Chen, what do you think?"

Ye Chen's heart moves. He is also very interested in this pearl. If he gives it to Xia Ruoxue, it will make Xia Ruoxue change against the sky.

"OK, let's take it." Ye Chen nodded and agreed to come down.

"Good."

The demon emperor takes Wangshu Tianzhu and gives it to Ye Chen.

Ye Chen gets Wangshu Tianzhu, and feels that he is warm and moist. The cause and effect between him and Wen's family is over.

"Thank you, thank you!"

Wen Changkong breathed a sigh of relief and said thanks again and again.

"You go away, don't disturb me again," the demon emperor said

"Yes..."

Long Wen nodded in his spare time, then with his elders, he ran away and did not dare to stay.
