

Physician 6631

Chapter 6631

His angry palm was enough to easily kill the strong man on the fourth floor of the ordinary hundred flail realm.

The cultivation of the old tower is the four layers of heaven in the hundred flail territory. Seeing ye Chen's palm, he was not alarmed. As soon as he raised his hand, the abyss earth pulse vibrated, and the infinite aura gathered and turned into a layer of air wall, which unexpectedly blocked Ye Chen's palm.

"Hey, this place is deep and hanging. It's my territory. I have the protection of the earth. If you dare to fight with me, you'll die."

Old tower disdained to smile. He was hanging in the deep earth. It was obvious that he had been active for many years. His breath had been integrated with the earth vein and was blessed by the geomantic omen of the earth vein. It was no small matter.

If it is outside, ye Chen can kill him with one palm.

But in the deep hanging of the earth, under the influence of the earth vein, ye Chen is difficult to kill the old tower.

"Corpse mountain and blood sea, endless hell, suppressed by me!"

The old tower drank violently and waved his hand. The evil Qi accumulated in the earth vein, the death of killing in the ancient battlefield and the resentment of countless bones were mobilized by him and turned into a terrible border.

This border is full of corpses, swords, jungle, and ghosts howling. It seems like a boundless hell. All of a sudden, it covers Ye Chen's three people.

"The door of rosefinch, open!"

Seeing this, Ji Siqing immediately opened the door of the rosefinch, and strands of fiery rosefinch spirit burst out to dispel the ghost spirit around him.

"Qingxin Jingqi talisman!"

Xi Mingfeng also offered a talisman to dispel the ghost Qi.

However, the border formation of the old tower is mixed with the dead Qi accumulated by the earth vein for more than 100000 years. The power is too powerful. The ghost Qi dissipates a wisp, and there are endless bursts. It is almost endless source gas and suffocating.

Seeing the scene around, ye Chen's face is also a little dignified.

Unfortunately, his wish Tianxing lent it to Xia Xuansheng to escape. If he had wish Tianxing in hand, it might be easier to resolve these ghost Qi.

"Empty spirit divine pulse, open!"

Ye Chen was so blessed that he knew that it would take God and effort to break the barrier by force. The gains outweighed the losses. He simply went straight to the virtual spirit pulse, crushed all the space laws around him, and took Ji Siqing and Xi Mingfeng to move in an instant, shuttle through the void, fly out of the barrier and circle behind the old tower.

"What!"

Old tower was surprised. Unexpectedly, ye Chen could move and shuttle in an instant under the siege.

This is the powerful power of the virtual spirit pulse!

"Die!"

Ye Chen's eyes were sharp, and he slapped old TA on the back.

Old TA felt a fierce palm wind roaring. If ye Chen struck him, he would die.

"Old evil spirit, classic shadow!"

At the critical moment of life and death, the old tower drank violently and mobilized the breath of the earth vein again, but he saw a plume of magic gas surging out.

The evil spirit turned into a dark Scripture building. It was actually the magic weapon of the magic ancestor, the virtual shadow of the magic compass Scripture building!

It turned out that in those days, the devil ancestor Wutian fought with the ancient emperor Tianxi. This battlefield ruins, deep in the earth vein, contained the smell of the devil ancestor Wutian.

The tower old man and the earth vein were integrated, and he was able to mobilize these earth vein breath. With this move, he was like the devil's ancestor without heaven. The dark Scripture burst up ancient inscriptions and blasted his head towards Ye Chen.

Bang!

Ye Chen slapped hard and hit the scripture building, but he felt a burst of evil Qi coming back, and his internal organs were in turmoil.

"Damn it!"

Ye Chen bit his teeth, but he didn't expect that the old tower could mobilize the residual breath of magic ancestor wudian.

Under the pressure of the virtual shadow of the magic compass, ye Chen choked his breath and hurried back.

Ji Siqing and Xi Mingfeng also retreated quickly.

"Hey, hey..."

The old tower sneered and borrowed the boundless residual power of the demon ancestor. His breath consumption was extremely serious, his spirit body load was huge, and his face was already pale.

However, as long as we can kill Ye Chen and others, all the costs are worth it.

"Lord of reincarnation, I will give your blood to my master."

The old tower urged the virtual shadow of the Sutra building to turn into a dark torrent. With fierce energy, he rushed to Ye Chen.

Where the torrent roared, layers of void were shaking and breaking.

The dark torrent filled his eyes, and ye Chen was also slightly dignified. A trace of determination flashed in his eyes, and the veins of reincarnation appeared in his palm, ready to burn the reincarnation blood directly.

Buzz!

However, just when ye Chen was about to burn his reincarnation blood, a strange voice sounded in the void, as if it were the sound of a sword.

Whew!

A red, bloody sword shadow flew from a distance. With a red sound, it collided with the dark torrent. The two collided and broke out a terrible air wave, tearing all the surrounding ground and rolling smoke and dust, which was spectacular.

When the smoke and dust dispersed, ye Chen saw that in front of him, a huge red sword stood on the ground. The sword body trembled and the sword Qi was threatening.

Looking at the red giant sword, old TA's face changed and cried in a low voice, "Xi Fu Tian, dare you make trouble?"

As the tone of the tower's old saying fell, the void in front twisted slightly and came out of a figure.

It was a man, wearing a cloth, with a white cloth wrapped around his eyes, and his face was as quiet as water.

When Xi Mingfeng saw the man, she was stunned. She didn't seem to believe her eyes. She whispered, "it's you in the dog days?"

Ye Chen was surprised. He looked at the blindfolded man and said, "is He Xi Fu Tian? Isn't he dead? "

"Mr. TA, brother Mingfeng is my friend. Don't hurt him."

The blindfolded man looked up at the old tower and said slowly.

Old TA's eyes flickered. If it was simply Ye Chen and others, or the blind man, he was sure to deal with it, but if the two sides were united, he had no chance of winning.

"Hum, Xi Futian, you don't help your brother, but help these outsiders. What's the meaning of your life?"

Old tower snorted coldly, but he didn't dare to stay any longer. He brushed his sleeve robe and turned around to escape.

Ye Chen was too surprised and didn't catch up. He only looked at the blindfolded man and said, "Your Excellency is Xi Fu Tian?"

The blindfolded man said, "the Lord of reincarnation is me. I will give you more advice when I meet you for the first time."

His voice is very calm, with the breath of numbness and vicissitudes.

Xi Mingfeng stepped forward and looked at Xi Futian in a daze. Seeing the white cloth wrapped around his eyes, he vaguely felt bad and said, "Futian, you... How did you become like this?"

Xi Fu Tianping said quietly, "I'm blind. My brother dug out my heavy pupil and left me here."

Hearing this, Xi Mingfeng, ye Chen and Ji Siqing were shocked.

Today, the Holy Son of the ancient Tianxi family, Xi Xuantian, is the younger brother of Xi Futian.

Xi Fu Tian was born with heavy pupils and had unlimited talent of the emperor of heaven.

And Xi Xuantian also had ChongTong, but he woke up the day after tomorrow. Outsiders only thought he had deep luck, so he woke up ChongTong.

But now, according to Xi Futian, his brother's heavy pupil seems to be inherited from him rather than awakened.

His brother dug out his heavy pupil and even threw him here!

Chapter 6632

This matter was so shocking that ye Chen and his three people were greatly shocked.

Xi Mingfeng's eyes coagulated and said, "in the dog days, then... At least you're still alive. Why is your life card..."

In the Xi family, the life card belonging to Xi Futian has been broken, which means that Xi Futian has died, but now Xi Futian is still alive, but he has lost his eyes.

Xi Fu Tian was silent and his face was as dull as a sculpture.

Ye Chen had guessed something and said, "because his heart is dead."

Listening to Xi Fu Tian's tone, there was great desolation in the calm, but there was no hatred.

Obviously, Xi Futian loved his brother very much. His brother dug out his eyes, and he didn't hate. He just felt sad and unbelievable. His heart had already died.

No sorrow is greater than the death of his heart. When his heart died, the family life card also broke, so outsiders thought he fell. Many elders of the Xi family were very sad to mourn and refused to give up. They always wanted to send someone to the deep ground to look for his bones.

Xi Mingfeng said, "in the dog days, I didn't think you were alive. It's really..."

He ventured to find the bones of Xi Futian. Unexpectedly, Xi Futian was still alive.

This matter, of course, is gratifying, but the test task of the family can not be completed.

Countless thoughts flashed through Ye Chen's heart. Since Xi Futian is still alive, if you take him out and expose the fact that Xi Xuantian is digging his eyes, you may be able to seriously hit Xi Xuantian's arrogance and let the world know that the so-called Holy Son is actually a family friend who is cruel and doesn't let go of his brother.

"Brother Futian, your brother stole your eyes and took everything from you. This is a deep-seated hatred. I must report it. I'll take you out, reveal the truth to the world and take back all the things that belong to you!"

Ye Chen said with a trace of excitement.

Xi Mingfeng also hurriedly said, "yes, in the dog days, since you are still alive, you should go home quickly. There are many elders in the family who are worried about your safety."

Xi Futian shook his head lightly and said, "no, it's over. I cherish my brother very much. He wants to take away my heavy pupil, so just take it away. I don't care. If I go out, I'll probably kill him."

"Besides, he planted a seal on me and couldn't leave the deep and hanging boundary. Once I took half a step, I would explode and die."

Ye Chen felt carefully and found that a seal array was arranged in the Xifu celestial body.

This seal array is related to the earth's veins here. Once Xi Futian breaks away from the earth's veins, the meridians will explode immediately.

"Brother Futian, I'm familiar with the array. I can remove the seal in your body. Anyway, let's go out first. It's dark in this place. You can't stay here all your life."

Ye Chen advised.

Xi Fu Tian said, "my eyes have been dug away. I can't see anything. There is no difference between light and darkness for me."

He still didn't want to leave. He was afraid that his brother Xi Xuantian would be hurt after he went out.

Ye Chen, Ji Siqing and Xi Mingfeng looked at each other and were speechless.

They did not expect that Xi Futian's feelings for Xi Xuantian were so strong that they could even be called distorted.

Xi Xuantian took away his eyes, took everything from him, and sealed and discarded him. He didn't complain. It was terrible.

"In dog days, we'd better go home first. If there's anything wrong, we'll wait until we get home."

Xi Mingfeng still refused to give up and persuaded him.

Xi Futian still shook his head and said, "I can't go out, otherwise I will kill my brother. In case someone knows, he uses extremely vicious means to dig out my eyes. He may be directly executed by the elders of the family punishment hall."

Ye Chen and Xi Mingfeng looked at each other and thought: Xi Fu Tian's heart has been distorted. If he wants to persuade him to go home, he's afraid it's harder than going to heaven.

After a pause, he listened to Xi Fu Tian's way: "by the way, the Lord of reincarnation, brother Mingfeng, it's rare for you to come. Can you help me?"

Ye Chen said, "what's up?"

Xi Fu Tian said, "I want to kill the spirit of the xuanhuang tower in heaven and earth."

Xi Mingfeng exclaimed, "do you want to kill the old tower?"

Xi Futian nodded and said, "it is this old guy who bewitches my brother everywhere. My brother has been damaged by him. He thinks about seizing the reincarnation Heavenly Sword all day and even plundering the reincarnation blood. If this person is not eliminated, my brother will be killed by him sooner or later. The heavenly power of reincarnation is not a challenge for ordinary people."

At the beginning, Xi Xuantian attacked the yin-yang Temple just to find the clue of reincarnation Heavenly Sword.

Xi Mingfeng said, "I heard that Xi Xuantian, looking for reincarnation Heavenly Sword, is the one who wants to challenge the top of the forbidden list..."

Xi Fu Tian said: "yes, if he can really get the reincarnation Heavenly Sword, he can naturally challenge success, but this is impossible. The reincarnation Heavenly Sword is the first of the eight heavenly swords. There are countless pairs of eyes staring at him in the world. How can he win it? If you step in, you don't know how to die. "

Xi Mingfeng said, "in the dog days, now you..."

Xi Fu Tian said, "I want you to help me kill old TA with me. This old guy is too hateful. I can't let him deceive my brother with his lies."

Ye Chen pondered for a while, and Xi Futian refused to go out. This is really a thorny problem, but anyway, if he can kill TA Lao, he can solve a lot of problems.

After all, the tower is always the spirit of the xuanhuang tower in heaven and earth. If the tower is old and dead, it can also greatly combat the arrogance of Xi Xuantian.

"OK, brother Futian, I promised you."

Ye Chen nodded and agreed.

Xi Fu Tian said: "well, the old man built a cave and cultivated a kind of natural material and earth treasure called" green hongzhenyang grass ". This kind of natural material and earth treasure can nourish people's meridians."

Ye Chen said, "green Hongzhen Yang grass?"

Xi Fu Tian said: "my brother sent him to plant Qinghong Zhenyang grass to prepare for the capture of reincarnation Tianjian. The reincarnation Tianjian's aura is too violent and difficult to subdue. If forced refining, it may lead to the explosion of meridians, but this Qinghong Zhenyang grass can protect meridians and reduce the killing of Tianjian."

Ye Chen couldn't help but shock each other's persistence in reincarnation Heavenly Sword and said, "I see."

Xi Fu was a little excited and said, "go, I'll take you to the old man's cave and kill him first!"

The tower is always the spirit of the xuanhuang tower in heaven and earth, and controls the deep and hanging earth vein. If he fights alone, Xi Futian is not sure of winning. However, if he joins hands with Ye Chen and others, he is confident to kill the tower.

Then Xi Futian led the way in front, followed by Ye Chen and others, and they went straight to the old tower's cave.

The old tower is deep in the ground and has built a very secret cave, hidden in the folds of space, in order to cultivate green hongzhenyang grass.

Chapter 6633

Xi Futian, together with Ye Chen and others, came to a void and fiercely chopped forward with his sword. The void broke, and a shadow of the cave loomed.

The cave has beautiful mountains and rivers and dense Fairy Spirit, but it is very different from the earth vein weather hanging deep in the earth.

This is the truth that when things reach their extremes, the cathode generates Yang, the anode generates Yin, and the earth vein hanging deep in the earth is full of magic gas. On the contrary, fairy gas is born, which is conducive to the cultivation of Qinghong Zhenyang grass.

However, with the chop of Xi Futian, the void was faintly broken, but it closed quickly. It seemed that there was an invisible earth energy guarding the void from being destroyed by outsiders.

"Lord of reincarnation, do it."

Xi Futian chopped several swords, but he didn't break the void, so he said to Ye Chen.

Ye Chen nodded and clapped it with a palm. Layers of void burst in front, smashing like glass, clearly revealing a fairy cave.

In the cave, a clump of holy grass is planted. The clump of holy grass is filled with rainbow like green gas and sunshine like golden color. The quality is obviously extraordinary. It is green hongzhenyang grass.

An old man, sitting cross legged beside the grass, was silently breathing and breathing. It was the old tower.

Ye Chen and others broke through the void and directly woke up the tower old man, opened his eyes, and his eyes were full of shock and amazement.

"Xi Futian, what do you want to do when you bring these outsiders in?"

The old tower was on alert. He got up and immediately mobilized the earth pulse aura. He was surrounded by layers of demon scriptures.

"Old man, you bewitch my brother everywhere. I'm going to kill you today!"

Xi Fu Tian clenched his teeth, looked ferocious, waved a huge red sword, broke the air and cut off the old tower.

After the heavy pupils of his eyes were dug out, his cultivation retreated a lot. At present, it is four floors in baijiajing, which is equivalent to the old tower.

Seeing Xi Futian's sword cut, old TA was surprised and said angrily, "you are blind. Do you dare to fight with me?"

When the words fell, the old tower waved his palm, and a virtual shadow of a scripture building broke out and hit Xi Futian's head.

Xi Futian snorted, waved his sword and opened it like a tiger. He rushed to the old tower and wanted to kill him with a sword.

"Emperor Xi, false god, strong wind and thunder!"

At the critical moment of life and death, the old tower did not panic at all. He roared up to the sky, and the green lightning suddenly appeared in his palm. The green lightning gathered madly, and finally turned into a huge thunder ball and blasted fiercely towards Xi Futian.

It's actually a fake nine heavenly gods skill, strong wind and thunder!

Gale thunder explosion is a magical power evolved from the real nine heavenly gods, Xi Huang Lei Yin.

The Xihuang thunder seal was first in the hands of the Tianxi ancient family, but later because the Tianxi ancient family was not lucky enough, this door god skill was lost and finally passed on to Ren extraordinary.

Therefore, today's Tianxi ancient people have not mastered the Xi emperor's thunder seal, but the means of false divinity, wind and thunder explosion have been inherited.

Bang!

Under the bombardment of strong wind and thunder, Xi Futian was blown up on the spot, rolled in the air for several times, and fell to the ground.

"Wind and thunder? This magic power, I will too! "

Ye Chen didn't panic when he saw the old tower's means. His eyes flashed cold, and suddenly flew out, slapping him hard.

Boom!

In the palm of Ye Chen's hand, tens of thousands of green lightning suddenly exploded, turned into a gushing thunderstorm, and blasted fiercely towards the tower. It was the magic power of gale and thunder explosion.

And ye Chen's strong wind and thunder burst, its power and momentum are much more powerful than the old tower. It's earth shaking. As soon as it erupts, the eight wastelands universe seems to be about to be blown up, and it's ferocious to the extreme.

"What!"

Old tower was surprised, but he didn't expect Ye Chen to explode with strong wind and thunder.

Seeing the rolling thunderstorm and bombing, he quickly mobilized the energy of the earth pulse, and the magic gas spewed out into a large array to resist lightning.

"It's useless. Break it for me!"

Ye Chen shook his head and drank violently. A big starry sky was propped up on his head.

He had fought with the old tower before, and had already found out the details of the old tower. Now he fought again, which can be said to be handy.

Seeing that the old tower had to rely on the energy of the earth vein, ye Chen immediately displayed the Hongmeng starry sky.

The power of the stars came down and immediately suppressed the aura of the earth vein to a low point.

"No!"

The old tower looked frightened. He only felt that the earth vein was declining, and the magic array also collapsed.

The vast starry sky of Ye Chen erupted into an incomparably bright star. The starlight rolled down like rain, and every starlight was filled with startling thunder and lightning.

The magic power of gale and thunder explosion is completely integrated with Hongmeng starry sky.

This pouring star waterfall is the waterfall of thunder and the star rain of lightning.

Boom!

An unimaginable thunderstorm bombarded the old tower.

Hundreds of millions of thunder and lightning burst in an instant. With the power enough to tear up a big universe, they tore the old tower's body into pieces.

"Ah!"

The old tower screamed and was torn to pieces by endless thunderstorms on the spot, and the spirit turned into nothingness.

Xi Mingfeng and Ji Siqing, staring at Ye Chen's figure, completely shocked.

They didn't even start. Ye Chen was breathing. He killed old TA with such ease.

This strength is much more powerful than they thought.

"The Lord of reincarnation is really extraordinary."

Xi Futian stood up from the ground and clapped his hands in admiration.

Tower old was killed, he was completely at ease, and no one will bewitch his brother in the future.

.....

At this time, outside, in a secret cave on Tianxi island.

In the cave, there stands a towering pagoda.

The God tower, with the ancient breath of heaven and earth xuanhuang, the boundless universe and the beginning of the great enlightenment, is the supreme artifact of the thirty-three days, one of the seven treasures of Hongjun, the heaven and earth xuanhuang Tower!

With the fall of the old tower, the light of the dark yellow tower in heaven and earth was obviously dimmed by three points.

Under the dark yellow tower of heaven and earth, a young man, aware of the change, changed his face and said, "the tower is old and dead. How can this be possible!"

This young man, with nine halos and visions in his eyes, turned out to be a heavy pupil. He was wearing a white cloud flowing robe all over. His temperament was clear, proud and dignified. His accomplishments reached seven layers of heaven in the hundred yoke territory. He was the contemporary saint of Tianxi ancient family, Xi Xuantian!

"Is it my brother who killed old tower? How could he have this strength? "

Xi Xuantian's heart sank and he felt uneasy.

.....

The picture turns around and hangs in the deep cave.

Ye Chen killed the tower old man, and his heart was also relaxed. He looked around. Those lush green hongzhenyang grass had a very strong aura, which also attracted his attention.

"These green hongzhenyang herbs are of excellent quality. We can divide them together, which is of great benefit to cultivation." Ye chendao.

Xi Fu Tian said, "it's good."

Then they dug out the green Hongzhen Yang grass, swallowed it equally, sat down cross legged and refined it silently.

Chapter 6634

Ye Chen smelted the green hongzhenyang grass and felt only the essence of Yuanyang. He poured it into the lower abdomen Dan field and was very hot.

Under the nourishment of Qinghong Zhenyang grass, ye Chen's aura is rising, and there are signs of breakthrough.

"Huh? What's the matter? I'm going to break through? "

Ye Chen was surprised when he noticed the changes in his body.

You know, his current cultivation is the true realm of nine layers of heaven. Further, it is the too true realm, which is a breakthrough in the great realm.

The breakthrough of the great realm is not so easy. It must cost a hundred times more hard work than ordinary people.

But now, ye Chen feels that there are signs of breakthrough in his body.

This is unimaginable. Although the green hongzhenyang grass is of excellent quality and greatly improves the spiritual aura of cultivation, it is impossible to directly let Ye Chen break through.

Ye Chen was very surprised, but he found that his cultivation was spiritual. Under the nourishment of Qinghong Zhenyang grass, he really broke through and stepped into a mysterious realm.

This realm is certainly beyond the real realm, but it is not too true. It is a realm of mystery and mystery, even with a trace of nothingness.

"What's going on? I broke through? But it didn't break through to the real world? "

Ye Chen was so surprised that he felt unimaginable.

"Boy, you... You have... Stepped into the Wuxu realm!"

At this time, in the reincarnation cemetery, the voice of famine came out.

"Wu Xujing?"

Ye Chen was stunned.

Huang Lao's voice trembled and said, "that's right! Wuxu realm is a hidden realm, between the realness realm and the Taizhen realm. It is known as the legendary realm. Most martial arts people in the world can't experience this realm. According to legend, if those who experience this realm break through in the future, the number of flails can easily reach 99. "

"What!"

Ye Chen was stunned.

Huang Lao then said, "in the famine era, both Wuzu and Hongjun experienced this situation. Later, the number of their flail cutting reached 99."

Ye Chen said, "both Wu Zu and Hong Jun have stepped into Wu Xu realm? Is this realm a symbol of good fortune? "

Vaguely, ye Chen has a sense of powerlessness.

In the past, his breakthroughs were all brave and vigorous, and his strength, aura and luck will improve in all aspects. But now, in his heart, he has a sense of powerlessness, as if he fell into nothingness.

"Hehe, Wuxu realm is not a symbol of happiness. This realm is very dangerous and has a great breath of nothingness. If people's spirit is a little relaxed, they will immediately fall into nothingness and never climb out."

"Wu Xu, Wu Xu, means the emptiness of Wu Dao. These realms are also called xiaowuwuwujing."

Old Huang smiled.

"Wu Tao is empty, small and boundless?"

Ye Chen was even more stunned when he heard Huang Lao's words.

Lao Huang said: "nothingness is the ultimate of cultivation and the most mysterious realm. The Wuxu realm is called the little nothingness realm because it is full of nothingness. If you can climb out of nothingness, it will be of great benefit to you to prove nothingness in the future."

"In those days, Hongjun's ancestors and Wuzu were all people who had experienced the Wuxu realm, so they could see nothingness in the end."

"The ancient emperor Yu Huang, the evil ancestor Wutian, Ren tiannv and others have never experienced the Wuxu realm, so it is always difficult for them to see Wuwu, because there is no foreshadowing and perception of the Wuxu realm."

Ye Chen suddenly realized that he was a little excited and said, "I see!"

He did not expect that this Wuxu realm, so mysterious, was actually related to the ultimate nothingness.

Feeling the emptiness and powerlessness in his heart, ye Chen quickly calmed down and then directly launched the heart of Wuzu Taoism.

His state of mind suddenly became fiery and boiling, powerful, and his sense of powerlessness was swept away.

Even in Wuxu, ye Chen's heart is still stable, and the breath of strength, cultivation, aura, Qi and so on began to change.

After he gained a firm foothold in Wuxu territory, he naturally followed the breakthrough and transformation.

"Very good, boy. Your natural intelligence is really not low."

Huang Lao couldn't help but praise. Unexpectedly, ye Chen reacted so quickly and stabilized the cornerstone of Wuxu territory with the heart of Wuzu's Taoism.

With the blessing of the Taoist heart of Wuzu, ye Chen wants to climb out of the Wuxu environment. Naturally, it's as easy as a palm.

Ye Chen was excited when he thought that the number of flail cuts could easily reach 99 after breaking through the Wuxu realm.

The number of masters in the world, such as the ancient emperor Yu Huang, Wutian, tiannv and Ren Feifan, did not reach 99.

Ye Chen, however, can easily do this when he enters the Wuxu realm.

Even, with the blessing of reincarnation blood, he can cut off the number of chains, even surpass 99, surpass the realm of Hongjun and Wuzu, and reach the top 100!!!

Cutting a hundred flails is an unprecedented achievement. Even Hongjun and Wuzu have never achieved it.

Ye Chen opened her eyes and came out of the cultivation state with an excited look on her face.

Xi Futian, Xi Mingfeng, Ji Siqing and others also noticed the strange breath of Ye Chen and ended their cultivation state one after another.

The three men looked at Ye Chen and only felt that ye Chen's breath was very special. Their accomplishments exceeded the true realm, but did not reach the too true realm. The aura was mysterious and mysterious, interlaced between reality and nothingness.

"Ye Chen, you... You broke through?"

Ji Siqing looked at Ye Chen in amazement. He always felt that ye Chen's cultivation breath was full of strangeness, which was very different from the real martial arts.

Ye Chen smiled and couldn't explain the reason of Wuxu state. He said, "well, I'm a small breakthrough. At present, my cultivation is half step Taizhen state."

Wuxu territory is a legendary territory. It's too strange. Ye Chen didn't say much. He just said that he was too true to take half a step.

"Lord of reincarnation, congratulations."

Xi Futian also opened his mouth and congratulated Ye Chen.

Ye Chen looked at the white cloth wrapped around his blind eyes, moved in his heart and said, "brother Futian, this green hongzhenyang grass has abundant aura. I take it as a medicinal material, and maybe I can reshape your eyes for you."

Xi Futian's eyes were dug away by his brother Xi Xuantian with extremely cruel means. The meat texture was seriously damaged and difficult to recover.

However, these green hongzhenyang herbs around have strong aura. If they are used properly and combined with Ye Chen's Bagua Tiandan technique, they may be treatable.

"Oh?"

Xi Fu Tian's body trembled slightly.

Ye Chen said, "I'll reshape your eyes for you. When you restore your light, you can see your brother again. Don't you want to see him? And your eyes recover. As long as we don't say it, others won't know the fact of digging eyes, and naturally it won't damage your brother's reputation. "

Xi Fu Tian said, "you said so much, but you still want to take me away."

Ye Chen smiled, which was in his heart.

Chapter 6635

In any case, in short, taking Xi Futian out will bring benefits without harm.

In those years, Xi Xuantian took away his brother's heavy pupil. If he saw him, his brother would reappear, and his heart would be seriously impacted.

This is a good thing for ye Chen, which can attack Xi Xuantian.

"Don't you want to go out?" Ye Chen smiled.

Xi Fu Tian stayed for a while, but ye Chen's words stabbed him in the heart.

He loved his brother very much. Even if he was poached, he didn't hate him. His feelings had been distorted and spoiled.

Now he naturally wants to see Xi Xuantian again. Unfortunately, he has no eyes and can't see anything.

However, ye Chen can use medical skills to reshape his eyes!

"If you can reshape my eyes, I can go out with you."

Xi Futian thought for a while and finally agreed.

Ye Chen was overjoyed, and Xi Mingfeng was also pleasantly surprised.

If Xi Futian is willing to go out, he will bring back the former son of God. He has made great contributions. He will certainly be appreciated by the family elders and return to Xi's family.

"Very good."

Ye Chen immediately offered the eight trigrams pill stove, took out several green hongzhenyang grass, threw them in, and cooked them with yellow spring holy water, Wanyao fairy pool water, etc.

In a moment, those green hongzhenyang herbs turned into several pills under the refining of Ye Chen.

"Brother Futian, take these Qinghong Zhenyang pills."

Ye Chen gave all the pills to Xi Futian.

Xi Futian nodded, took the pill and swallowed it.

Boom!

After taking the pill, Xi Futian's body suddenly burst into a volcanic sound, and his Qi and blood constantly vibrated under the stimulation of the medicine.

"Well..."

Xi Futian groaned, feeling his Qi and blood rush up into his eyes. A pair of empty eyes immediately penetrated blood and dyed the white cloth wrapped around his eyes red.

Xi Futian took off the white cloth and revealed a pair of bloody eyes.

But in his eyes, tender flesh and blood were wriggling.

The tender flesh and blood, constantly wriggling, gradually exudes a crystal like fine awn, which is the light of human eyes.

A new pair of eyes, in the eyes of Xi Futian, were gradually born, still flowing with blood and water.

"Yes!"

Ye Chen was pleasantly surprised. With a wave of his hand, the light of the eight trigrams heaven elixir passed by, dispersing all the blood in Xi Fu Tian's eyes.

Xi Fu Tian's eyes lit up and stared at his hands.

"Have my eyes finally recovered?"

Xi Futian couldn't believe it and trembled all over.

In fact, he didn't care about the light and darkness, but he was very happy to think that he could see his brother again after his eyes recovered.

"Brother Futian, how do you feel?"

Ye Chen smiled.

Xi Fu Tian said, "I feel very good. My eyes can see clearly. Unfortunately, it's an ordinary eye, not a heavy pupil."

Ye Chen said, "your heavy pupil has been poached by your brother."

Xi Futian's face darkened, waved his hand and said, "if you don't say this, Xuantian and I are close brothers. He wants my eyes. It doesn't hurt to take them. We'd better go out quickly."

He had refused to go out before, but now his eyes recovered. He just wanted to leave this dark place immediately and meet his brother outside.

"Injustice."

Ye Chen sighed in his heart, but he didn't say much. After all, Xi Fu Tian's distorted feelings can't be corrected by outsiders.

At present, ye Chen directly crushed the seal array in Xifu celestial body to let him get rid of the shackles of the earth vein and restore his freedom.

Then, ye Chen took Xi Futian, Xi Mingfeng, Ji Siqing and others to fly away from the ground and return to the outside world.

"Come on, let's go to the ancestral land of the family."

After Xi Futian returned to the outside world, he was very excited. Without saying a word, he took Ye Chen and others directly to the ancestral land of Xi's family.

All the way forward, they gradually returned to the downtown of Tianxi island from the desolate boundary hanging deep in the ground.

When they came to the downtown area, the flow of people was like weaving. Many people were shocked when they saw Xi Futian's face. They only said that they were going to hell. It was unbelievable.

"That's... The former son Xi Futian?"

"How is this possible? Isn't Xi Futian dead?"

"Isn't Xi Futian dead? He's back now? "

"The son of God is back in the dog days?"

"The son of God is back in the dog days!"

There was a commotion among the pedestrians in the street, and then the commotion became louder and louder, spread all over Tianxi Island, and finally became four earth shaking words:

"Return in dog days!"

Everywhere in Tianxi Island, fierce voices sounded, and everyone could hear them clearly. The former son Xi Futian came back!

This time, the whole Tianxi Island, Tianxi ancient family, was completely boiling.

Ye Chen and others, before they went to the ancestral land of the Xi family, saw countless vast lights shooting from all over Tianxi island. They were all the strong men of the Xi family.

Many senior elders, Dharma guardians, deacons, Xi family elite and so on roared like mountain rain.

Ye Chen, Xi Futian and others were immediately surrounded by countless strong Xi family in the street.

Nearby pedestrians were all frightened, retreating and whispering.

"Is that you, son of God? You... You're not dead? "

In the sky, an old man dressed as an elder looked at Xi Fu Tian in amazement and said.

Xi Futian arched his hands and said, "four elders, I'm still alive. Where is my brother?"

"Up! Where did you come from? How dare you pretend to be my brother! "

At this time, a startling drink came from the distant sky.

Chapter 6636

But I saw a golden rainbow across the north and south, breaking through the sky. A majestic young man came by stepping on the rainbow, with colorful flowers and rain all over and magnificent aura. It is the contemporary Saint Xi Xuantian!

Behind Xi Xuantian was an old man, his master.

The old man's breath is heavy and restrained. He doesn't show the mountain and dew. He silently looks at everything around him.

"Brother!"

When Xi Futian saw Xi Xuantian coming, he was surprised and shouted.

Xi Xuantian's eyes were like electricity, but he was filled with the gas of cold killing and cutting. He said, "you demon, dare to pretend to be my brother. My brother has already died. Do you dare to pretend to be? Somebody, kill him! "

When the voice fell, Xi Xuantian waved his hand decisively and looked blankly at several nearby hearts and abdomen, but when he heard the command, he still pulled out his blade and killed Xi Futian.

"Xuantian, what are you doing?"

The four elders quickly brushed their sleeves and robes, ran through them with strength, stopped the subordinates, stared at Xi Xuantian and asked.

Xi Xuantian said, "elder, this man is a fake. My brother has been dead for many years. How can he still be alive? He must be a substitute for Xi Mingfeng!"

After a pause, Xi Xuan stared at Xi Mingfeng and said, "Xi Mingfeng, you are an abandoned son of your family. You don't want to be abandoned, so you ask someone to pretend to be my brother, don't you?"

At this time, the eyes of the whole audience revolved around Xi Mingfeng and Xi Futian, but no one paid attention to ye Chenji Siqing.

Ye Chen and Ji Siqing, Yi Rong refitted and their breath converged. Others only think they are the servants of Xi Mingfeng.

When Xi Mingfeng heard Xi Xuantian's words, he was furious and said, "Xi Xuantian, what are you talking nonsense? This is your own brother. Don't you recognize it?"

Xi Fu's heart tingled, his whole body trembled and said, "brother, you really don't recognize me?"

Xi Xuantian laughed and said, "joke, you demon, pretending to be my brother, are you still pretending to be here? My brother is born with heavy pupils. What about yours? Let me see your real body. "

As soon as they listened, they whispered, and their eyes fell on Xi Futian.

The legendary son of Futian was born with heavy pupil. If this Futian is true and not pretended, it should also show the vision of heavy pupil.

"My heavy pupil... My heavy pupil..."

Xi Futian trembled violently all over. He only felt that Xi Xuantian's words were like a sword, penetrating his heart and gouging out his bones.

"You don't even have heavy pupils, and you say you're not fake?"

Xi Xuantian thundered angrily and looked righteous.

The elders and senior officials of the surrounding Xi family looked at each other, whispered and doubted.

"By the way, this man doesn't even have heavy pupils. It's probably a fake."

"Although he has the blood breath of my Xi family, maybe Xi Mingfeng is mystifying and can't be true."

"The life card of the son of Futian has long been broken. He must be dead. How can he still be alive."

"Ah, it's the Xi Mingfeng who harbors evil intentions and wants to take the fake son of Futian to seek utility for himself."

Many elders talked and gradually showed their vigilance.

Xi Futian heard the words of the people around him, which was very harsh. The whole person was stunned. He didn't expect such changes.

Xi Mingfeng also changed her look. She couldn't bear it any longer. She shouted, "Xi Xuantian, you dug out your brother's heavy pupil and dare to sue the wicked here first!"

Hearing Xi Mingfeng's words, there was another commotion.

Dig out the heavy pupil? Can it be said that Xi Xuantian's heavy pupil was dug by his brother?

Xi Xuantian's facial features were slightly distorted and said, "Xi Mingfeng, don't be bloody. If you dare to slander me, you'll die!"

When the voice fell, Xi Xuantian suddenly burst into a killing intention in his eyes, and his palm soared to kill Xi Mingfeng's head.

Xi Mingfeng suddenly suffocated. His cultivation was only one layer of heaven in the hundred yoke realm, while Xi Xuantian's cultivation reached seven layers of heaven. There was a huge gap between the two!

Under the palm of Xi Xuantian, he even had difficulty breathing and couldn't resist it at all.

This palm even enveloped Xi Futian, ye Chen, Ji Siqing and others nearby, and wanted to kill them all!

Ye Chen's eyes flashed a trace of cold. He saw Xi Xuantian kill with one hand and shoot with the other hand.

Boom!

Two palm winds collided in the air, blowing up startling waves, and then dispersed separately.

"Huh?"

When Xi Xuantian saw his palm, he was easily dissolved by Ye Chen and was stunned.

"You... Who are you?"

He stared at Ye Chen and found that ye Chen was modified by Yi Rong, obviously hiding his strength and identity.

"Xi Xuantian, it's the first time I've seen such a shameless person as you."

Ye Chen bit his teeth and saw the killing in his eyes.

Xi Xuantian's shamelessness was beyond his imagination. He didn't even recognize his brother and even wanted to kill people.

"You... Who the hell are you?"

Xi Xuantian stared at Ye Chen with a faint premonition.

The old man behind him, his master, also showed a look of surprise and could no longer keep calm.

But see ye Chen's whole body air blast, blood boiling, remove all the disguise of easy appearance, and reveal the momentum and appearance of reincarnation.

"No. 3 in the list of forbidden days, the Lord of reincarnation, ye killer."

Ye Chen shook his palm, and the disaster Heavenly Sword appeared in his palm and directly reported his name.

"What, you are the Lord of reincarnation!"

When Xi Xuantian saw Ye Chen's face, he was shocked and turned pale.

The whole audience was also in an uproar.

Previously, ye Chen killed wanchenfeng, and the ranking of the forbidden sky list was updated. Everyone knows that at present, wanchenfeng has fallen, and the new third place in the forbidden sky list is Ye killing heaven.

Ye killer is the pseudonym of the Lord of reincarnation!

Xi Xuantian was sweating coldly. Under the momentum of reincarnation, he was guilty of being a thief.

He had attacked the yin-yang temple, and had already formed a death feud with reincarnation. Now when he saw Ye Chen coming, he naturally felt guilty.

"Disciple, don't panic. It's only half a step too true. The Lord of reincarnation is not your enemy."

The old man behind Xi Xuantian approached and gently pressed his shoulder to show comfort.

This old man, named Xi Taichong, is the master of Xi Xuantian.

At present, ye Chen's cultivation has gone beyond the true realm, but it is not too true. The realm is mysterious.

Naxi Taichong didn't know the secret of Wuxu realm, but thought Ye Chen was half step Taizhen realm.

Hearing the speech, Xi Xuantian decided to come and thought, "indeed, this boy is only half a step too true. What am I afraid of him doing?"

Thinking like this, Xi Xuantian calmed down a lot, stared at Ye Chen and said:

"Ye Shitian, you are easy to disguise and sneaky. What are you doing to our Tianxi ancient family? If you dare to make trouble, you can't go out alive today!"

In the eyes of all the audience, many strong men of Xi family shot at Ye Chen together.

Reincarnation landing on the island is an unprecedented great change. No one knows whether it is a blessing or a disaster.

Ye Chen looked indifferent and said calmly, "Xi Xuantian, you are the second in the list of forbidden days, and I am the third. Guess what I'm doing here."

Chapter 6637

Hearing Ye Chen's words, there was a commotion.

Xi Xuantian twitched his face and said, "do you want to challenge me? Compete for ranking? "

Ye Chen said, "that's right!"

In fact, ye Chen's landing on the island is for the gratitude and resentment of the yin-yang temple. His goal is revenge.

This initiative to expose his identity is also disgusted with Xi Xuantian's ruthlessness. He even wants to kill his brother.

However, these causes and effects involve too much. If you confess directly, it is likely to arouse the hostility of other strongmen of the Xi family.

Therefore, ye Chen only said that he was competing for the list and wanted to challenge Xi Xuantian.

In this way, he can fight alone with Xi Xuantian and avoid the interference of other strong people in Xi family.

The Tianxi ancient clan has multiplied for more than 100000 years. There are many strong people and many experts. Even there are many strong people at the level of Tianjun. Otherwise, it will not be able to compete with the devil ancestor without heaven.

For example, behind Xi Xuantian, his master Xi Taichong is a strong man at the level of heavenly monarch. His accomplishments have exceeded the realm of 100 shackles.

At a glance, ye Chen couldn't see the details of Xi Taichong.

With Ye Chen's current strength, even if you use the sword of water stop, you can't kill the heavenly king. The realm is too bad.

However, he just challenged Xi Xuantian and fought alone, but he could avoid the intervention of the emperor.

"Hahaha, how dare you challenge me even if you're only half a step away from Taizhen? Don't think you can be arrogant in front of me if you have reincarnation blood. "

Xi Xuantian looked up at the sky and laughed. He obviously despised Ye Chen's strength.

Ye Chen said faintly, "do you dare to fight?"

Xi Xuantian looked at Ye Chen's appearance, and countless thoughts flashed through his heart. He thought, "this boy came alone. Naturally, he didn't die in vain. If he dares to challenge me, he must rely on me."

Then I looked at Xi Mingfeng and Xi Futian. At present, the cause and effect of the Xi family itself has not been solved. If we rashly engage in the war, once there is an accident, it will be in trouble.

"You can challenge me if you want. I'll talk about it in a few days after I deal with the spy Xi Mingfeng and the demon pretending to be my brother."

Xi Xuantian was very alert. He knew that he was entangled with cause and effect and that the battle was not conducive, so he wanted to postpone the date.

"Hehe, are you afraid of me for your excuse? If you are afraid, kneel down and admit defeat and give me the ranking. It's easy to say everything. "

Ye Chen smiled faintly and stared at Xi Xuan's way of heaven.

"Presumptuous!"

There are many strong people in the Xi family. When they hear ye Chen's words, they all drink and scold. Ye Chen is the first person to dare to be so rude in front of the Holy Son Xi Xuantian.

People around him were whispering, and some suspected that Xi Xuantian was really afraid of reincarnation, so he found an excuse to postpone the date.

Xi Xuantian bit his teeth, but it was a little difficult to ride a tiger. If he really pushed, there would be rumors outside that he was afraid of the challenge of reincarnation.

"Disciple, the contact is Xi Mingfeng and Xi Futian. These two guys can't go anywhere with me watching."

Xi Tai stamped a low voice towards Xi Xuan's way of heaven.

Xi Xuantian moved in his heart and said, "OK, master, please."

After a pause, Xi Xuantian put down his heart, stared at Ye Chen and said, "Ye kill Tian, if you want to fight, we will fight."

Ye Chen nodded and said, "very good."

Ji Siqing saw that the decisive battle was about to break out. He was worried and said, "Ye Chen, be careful."

Ye Chen whispered, "don't worry, I won't have an accident."

Xi Fu Tian said, "Lord of reincarnation, do you really want to challenge my brother? You... Can you show mercy? "

At this time, he still remembered Xi Xuantian and didn't want anything to happen to him.

Xi Mingfeng sighed and said, "in the dog days, the decisive battle of life and death, where is the possibility of mercy? Isn't this looking for death?"

Xi Futian was suddenly silent and looked at Xi Xuantian with worried eyes.

Xi Xuantian, however, was so cold that he didn't even look at him.

The reincarnation competition soon spread all over Tianxi island. People from all over the island roared to prepare for the decisive battle.

Ye Chen and Xi Xuantian come to the duel platform on Tianxi island.

"Siqing, if I lose, you leave immediately and go to find Ren extraordinary senior, who will take care of you."

Before going on stage, ye Chen entrusted Ji Siqing.

In fact, ye Chen is not sure of the absolute victory in the upcoming decisive battle. After all, Xi Xuantian's strength has fully reached seven layers of heaven in the hundred yoke territory. It's really too strong.

Ye Chen's odds are only about 60%.

Therefore, he was afraid of an accident, so he told Ji Siqing in advance.

If he fails or even falls, Ji Siqing must leave immediately. Otherwise, with Xi Xuantian's ruthless character, he will never let her go.

"Ye Chen..."

Ji Siqing felt more worried when he saw Ye Chen's dignified appearance.

If something happens to Ye Chen, she really doesn't know what to do.

Ye Chen smiled and didn't say much. He strode onto the duel platform.

On the duel platform, ye Chen stood against Xi Xuantian.

The whole audience stared at them.

Many strong Xijia people talked about it one after another.

This war is very important. Even many old monsters living in seclusion are going out of the customs to watch the war.

In this war, if Xi Xuantian is defeated, the Qi of Xi family will be greatly damaged, and a shadow will be cast from then on.

But if Xi Xuantian can win, he will defeat reincarnation. This is a great achievement, enough to shake the whole universe!

On the left side of the duel platform, Xi Xuan was calm and relaxed. He held a long sword in his hand, stared at Ye Chen and said, "I've heard that the Lord of reincarnation has unparalleled magic power. I can finally understand it today!"

As the voice fell, Xi Xuantian's aura exploded and his body was like thunder. He suddenly raised his sword and cut off at Ye Chen.

"Heaven and earth sword way!"

Xi Xuantian drank violently and used a secret sword technique of the Xi family. In an instant, he split hundreds of millions of swords. Each sword contains the mystery of the avenue of heaven and earth. It is mellow and flawless. It is like a high mountain and flowing water, the tide of the sea, the bright moon in the sky and the vastness of heaven and earth.

His use of swordsmanship is obviously unique. Combined with the strong cultivation of the seven layers of the hundred flail territory, this sword is earth shaking, and the overwhelming sword Qi roars to cover Ye Chen's cage.

Ye Chen only felt a burst of startling pressure, and bursts of edge tearing breath, crazy attack and kill.

If he is still in the nine layers of heaven, he may feel very difficult in the face of this sword tearing.

But fortunately, ye Chen has broken through and entered the Wu Xu realm, and his strength has been greatly improved.

"Ba Bu Fu Tu Qi!"

Seeing the light of Xixuan Heavenly Sword, ye Chen waved his left hand, the Buddha light exploded, turned into a thousand layer pagoda, and roared out.

This pagoda, when the light of the Buddha bursts, gives people a very empty feeling. There is no foundation of the harmony of Buddhism, but everything is empty, everything is empty, and everything is empty and powerless.

Chapter 6638

This is actually the divine power of Wuxu realm.

After ye Chen stepped into the Wuxu realm, the breath of nothingness could break out in the Wudao magical powers.

But when I saw the pagoda of futu, it was suppressed. The hundreds of millions of sword lights of Xi Xuantian turned into nothingness in an instant, and they were crushed all at once.

"What!"

Xi Xuantian was shocked when he saw this scene.

"Eh?"

The audience near the duel platform was also in an uproar.

There are many sharp eyed people who see the difference.

Ye Chen's pagoda, which crushed the sword light of Xi Xuantian, did not rely on brute force, but on an abnormal law energy.

This law energy is the law of nothingness. It seems that it can bury everything in heaven and earth into the absolute nothingness.

"It's interesting. It's the first time I've seen such a strange magic power."

Xi Xuantian's eyes narrowed slightly, woke up and dared not be careless any more.

"Heaven and earth xuanhuang tower, protect my true spirit!"

After a pause, Xi Xuantian waved and summoned a magic weapon, a towering and huge pagoda, emerged from behind him and firmly guarded his body and spirit.

It is the supreme artifact of the thirty-three days, one of the seven treasures of Hongjun, and the xuanhuang tower of heaven and earth.

The spirit of the xuanhuang tower in heaven and earth has been killed by Ye Chen. At present, the power of Xi Xuantian's magic weapon has been greatly weakened.

Therefore, he summoned the heaven and earth xuanhuang tower, not to kill, but to defend and protect himself, relying on the vast momentum of heaven and earth xuanhuang and the flood of the universe to protect his body and mind from the erosion of nothingness.

"Can you stop it?"

When ye Chen saw Xi Xuantian's action, he was not alarmed. He immediately waved the disaster Heavenly Sword, rolled up the endless disaster Qi, and roared away with a sword.

"Array word formula, natural disaster sword array!"

In the middle of the sword, ye Chen stepped on the soles of his feet and burst out the array formula. The disaster Qi gathered into a large array, and the infinite sword Qi burst out from the array boundary.

This is the combination of the array word formula and the supreme Heavenly Sword. The power and terror reached the extreme. As soon as it was born, the disaster gas immediately became dozens of times stronger and spread all over the world, roaring towards Xi Xuantian like the clouds of the end.

Ye Chen knew that Xi Xuantian was strong. After all, he was a strong man in the seven layers of the hundred yoke territory. Therefore, he made no mercy and just wanted to kill him as soon as possible.

"Well, the Lord of reincarnation is really magical."

"But if you want to beat me, you'd better wait for the next life!"

"Double pupil, open!"

Xi Xuantian saw the sword breath of the disaster all over the sky and roared. He did not reserve it at the moment. He kneaded the formula with his hands and suddenly drank violently. His eyes suddenly burst into a circle of aura.

His eyes suddenly showed the vision of heavy pupil!

Boom

As soon as the double pupil vision emerged, the general situation of heaven and earth was touched, thunder billowed around, storms surged, and thousands of strands of Fairy Light bloomed.

Hiss, hiss, hiss!

Innumerable Taoist magic rays, which were blasted around, destroyed all the disaster sword Qi in the sky.

Ye Chen's disaster Heavenly Sword, shrouded in the heavy pupil light, suddenly collapsed, and all the sword Qi visions disappeared, leaving only a lonely disaster Heavenly Sword in his hand.

"The legendary heavy pupil is really interesting."

Ye Chen looked at Xi Xuantian's eyes, as if he had a feeling of looking directly at the sun, which was very dazzling.

At the moment, Xi Xuantian's eyes are more brilliant than the sun and moon, and people can't look up.

In the audience, Xi Futian and Xi Mingfeng saw the vision of Xi Xuantian's heavy pupil. They were silent and looked different.

This heavy pupil, in fact, does not belong to Xi Xuantian, but was dug from Xi Futian!

However, the world does not know the truth. Now, seeing Xi Xuantian open his heavy pupil, many people in the audience are surprised and amazed.

"Lord of reincarnation, you can force me to use my heavy pupil. Even if you die today, your life will not be wasted!"

Xi Xuantian grinned. When his heavy pupil opened, his whole body soared and suspended in mid air, just like a king in the world.

"Boy, he has heavy pupils. You can also open them."

At this time, ye Chen heard the voice of Huang Lao in the reincarnation cemetery.

"Oh?"

Ye Chen was slightly stunned. Can he also open the heavy pupil?

Huang Laodao: "the heavy pupil is the symbol of the talent of the emperor of heaven. Your qualification is extraordinary and refined. Naturally, you are qualified to open the heavy pupil. However, since you were a child, the emperor's bone was dug away, resulting in incomplete Taoist bone. This heavy pupil has not been opened for a long time."

If ye Chen's Taoist bone is intact, he can manifest the heavy pupil long ago. It is only because the Heavenly Emperor's bone has been dug away, so the heavy pupil has not been manifest.

Huang Lao then said, "I'll teach you a technique of tianyantong, which can open the heavy pupil, but you are incomplete. If you open the heavy pupil, it will bring a great burden to the eyes. Are you interested in learning?"

While Huang Lao was talking, Xi Xuantian came with his sword. With the blessing of ChongTong, his sword Qi was more than ten times stronger than that just now.

The sword Qi in the sky hissed and cut the void. It came frantically to Ye Chen.

Even with Ye Chen's strength, he felt suffocated in the face of this towering sword Qi. His body kept flashing and avoiding, and he couldn't find a chance to fight back.

"Since there is a way to open the heavy pupil, it's natural to learn."

Ye Chen hurriedly said to Huang Lao, no matter how heavy the eye burden will be, in short, he opened the heavy pupil first, and whether to use it later is his own decision.

"Hehe, very good. The power of the heavy pupil is very mysterious. I'm just afraid that after you open the heavy pupil, you can't help using it frequently. If you lose your eyes at that time, it'll be fun."

Huang Lao, with a funny smile, bent his fingers and shot a ray of divine light into Ye Chen's mind. It is a special heaven eye skill that can open the divine power.

Boom!

This Tianyan Tongshu method was shot into Ye Chen's mind. Ye Chen only felt his head swell, and many ancient magic secrets flashed past.

He was extremely gifted. He realized it almost instantly. His eyes suddenly coagulated, kneaded the formula and shouted:

"Heaven's eyes pass through the nine cangs, double pupil breaks the nether world, reincarnation, double pupil, open!"

The sound of violent drinking fell, and ye Chen's reincarnated blood vessels all over his body were boiling violently, and wisps of blood essence rushed to his eyes.

Under the burning of reincarnation essence and blood, ye Chen's eyes were burning violently, with bursts of burning pain.

In the great burning pain, his eyes also had an amazing transformation.

Originally, ye Chen's eyes, no different from ordinary people, were black and white, but this time, in his eyes, thousands of halos burst out. A heavy halo continued to shrink and bloom, stacked layer by layer, endless, incomparably dazzling divine awn burst out.

"What!"

Seeing ye Chen's eyes, Xi Xuantian suddenly degenerated into heavy pupils. He thought he was dazzled and completely stunned.

At this moment, ye Chen's eyes turned into heavy pupils!

For the general heavy pupil, the halo is up to nine, representing the limit, but the heavy pupil opened by Ye Chen has tens of millions of halos. The halo shrinks and overlaps in circles, which is endless. It seems that countless universes can be born and destroyed, which is very spectacular.

This is the heavy pupil of samsara!

Chapter 6639

"What, does the Lord of reincarnation have heavy pupils?"

"Didn't the feather emperor dig away his heavenly bones?"

"The way bone is incomplete, incredibly can also open the heavy pupil, what's the matter?"

In the audience, many strong people of Xi family were shocked to see ye Chen open his heavy pupil.

But they didn't expect that behind Ye Chen, there was the guidance of Huang Lao. Even if the Taoist bone was incomplete, they also forcibly opened the heavy pupil, and even showed the aura of tens of millions of weight, which was extremely brilliant.

As soon as the double pupil opened, ye Chen only felt that this piece of heaven and earth suddenly became extremely small, as if where his eyes passed, the sun, moon, stars and the world universe were about to collapse.

"Is this the power of heavy pupil?"

Ye Chen clenched his fist and felt that after the heavy pupil opened, his breath soared wildly, his muscles and bones clicked, his muscles burst, and his strength was strong to the extreme.

"Kill!"

Ye Chen's inner sense of war was also unprecedented boiling. He brandished his sword wildly and cut off towards Xi Xuantian.

Xi Xuantian's face turned pale when he saw Ye Chen's Heavenly Sword killed him. Under the breath of Ye Chen's heavy pupil, he only felt that his breath was suffocated.

Fortunately, he had sacrificed the xuanhuang tower of heaven and Earth early. With the protection of magic weapons, the Taoist heart managed not to collapse.

Ding Ding!

Xi Xuantian quickly waved his sword to resist Ye Chen's attack.

In an instant, the two exchanged hundreds of millions of swords and sparks splashed.

Xi Xuantian was killed and retreated. He had no power to fight back.

"Damn it!"

Xi Xuantian bit his teeth. He was seven layers in the dignified hundred flail territory and was beaten by Ye Chen. It was a great shame!

However, under the suppression of Ye Chen's heavy pupil, he has no ability to resist.

Ye Chen also felt the repressive power of ChongTong, and his heart was suddenly overjoyed.

"Very good, this heavy pupil is really powerful!"

Ye Chen was excited. If it was a normal duel, he couldn't be so relaxed and could suppress Xi Xuantian.

However, with the blessing of ChongTong, he killed Xi Xuantian with theout effort.

According to this rhythm, I'm afraid Xi Xuantian will be completely defeated in less than a quarter of an hour.

Xi Taichong, the master of Xi Xuantian, saw the embarrassed appearance of Xi Xuantian wolf in the audience and suddenly his face sank.

"Disciple, cheer up."

Xi Taichong whispered secretly. With a flick of his fingers, a wisp of aura shot at Xi Xuantian's magic weapon, heaven and earth xuanhuang Tower!

He's cheating!

Moreover, he was extremely clever and did not directly help Xi Xuantian, because it was too obvious and would certainly be seen by others.

His move only strengthened the aura of the xuanhuang tower in heaven and earth.

The heaven and earth xuanhuang tower was infused with the spirit of the heavenly king, and suddenly burst into a bright golden light, shining like the scorching sun.

Xi Xuantian was in a panic. He suddenly saw the aura of the xuanhuang tower in heaven and earth burst out. He was very happy and said to himself, "thank you, master!"

"Heaven and earth are dark and yellow, broken!"

As soon as Xi Xuantian waved his hand, he quickly mobilized the xuanhuang tower in heaven and earth, and the huge tower body hit Ye Chen hard.

"Huh?"

Ye Chen's face sank slightly. Seeing the light of the dark yellow tower in the heaven and earth, he suddenly became thousands of times brighter than that just now, and guessed that someone had done something.

"Damn it, do you want to cheat?"

Ye Chen bit his teeth and felt that the heaven and earth xuanhuang tower contained the fluctuation of the heavenly king's aura, which was extremely powerful.

In a flash, ye Chen had guessed that Xi Taichong, the master of Xi Xuantian, was making trouble behind his back.

Xi Taichong is a strong man at the level of Tianjun. With Ye Chen's current strength, it is still difficult to fight against Tianjun.

Seeing the dark yellow tower in heaven and earth, ye Chen is trying to offer a yellow spring to resist.

But suddenly, his eyes tingled violently.

The tingling was as if someone had pierced his eyes with tens of thousands of fine needles. The tearing pain was abnormal.

"No!"

As soon as ye Chen's face changed, he already knew that he was swallowed by ChongTong.

His reincarnation is incomplete after all. Forcibly opening the heavy pupil will bring a great burden to the eyes.

This time, the heavy pupil swallowed back, and ye Chen's eyes were torn and painful. It was dark. He was almost blind.

With his eyes tingling, ye Chen's aura was scattered. Seeing that the dark yellow tower of heaven and earth fell down, he couldn't defend with any means.

Bang!

Ye Chen was strong and solid. He was bombarded by the dark yellow tower of heaven and earth, and was suppressed to the ground in an instant.

"Huh?"

Seeing this scene, Xi Xuantian was also surprised. He urged the xuanhuang tower in heaven and earth just to fight back. He didn't expect that one blow would work and suppress Ye Chen.

"Hehe, boy, I said earlier that this heavy pupil will bring you a great burden."

In the reincarnation cemetery, Huang Lao saw that ye Chen was suppressed and laughed with schadenfreude.

Ye Chen bit his teeth, quickly put away his heavy pupil and ran the eight trigrams heaven pill defense.

Fortunately, he was strong in physique. Although he was hard hit by the xuanhuang tower of heaven and earth, he finally saved his life.

However, under the suppression of the heaven and earth xuanhuang tower, ye Chen struggled desperately and couldn't get rid of it. He seemed to be pressing the weight of hundreds of millions of universes.

"Lord of reincarnation, it seems that I overestimate you."

"Don't struggle. My magic weapon was forged by Hongjun's ancestors. It has the great power of heaven, earth and universe. If you can break away, you will look down on Hongjun."

Xi Xuantian smiled coldly. The weight of the xuanhuang tower in this heaven and earth is heavier than that of a universe. If the enemy is pressed by the tower, he will live forever and can't break free.

"Damn it!"

Ye Chen tried her best and struggled. As expected, she couldn't get rid of it and couldn't move at all.

"Well, I'll give you a good time."

Xi Xuantian smiled and rushed with his sword. He chopped his sword at Ye Chen's head.

"Empty spirit divine pulse, open!"

At the critical moment of life and death, ye Chen took a deep breath, immediately opened the virtual spirit pulse and crushed the surrounding void.

Click, click!

Under the crushing of space, ye Chen moved directly in an instant, transmitted from the xuanhuang tower of heaven and earth, and circled behind Xi Xuantian.

"What!"

At this sudden change, Xi Xuantian was so frightened that he didn't think ye Chen could break free.

In fact, if you use brute force, even the emperor of heaven may not be able to break away from the suppression of the xuanhuang tower of heaven and earth.

This magic weapon is very wonderful. Among the seven treasures of Hongjun, it represents the absolute power of suppression. As long as you hit a person, the heavenly king will be suppressed. It's very powerful.

Of course, if it was a real emperor, it could not be hit by Xi Xuantian.

Ye Chen was careless and was bitten by the heavy pupil. That's the trick.

Fortunately, he awakened the spirit pulse of the virtual spirit. He could break through the void, directly use the ingenious means of crushing space, move in an instant, fly out from under the tower, and finally get rid of the dilemma.

If you don't awaken the virtual spirit pulse, ye Chen must be dead and can't run out of the suppression of the heaven and earth xuanhuang tower.

Chapter 6640

"Xi Xuantian, it seems that I won!"

Ye Chen smiled grimly and clapped his palm at Xi Xuan Tian Tian Tian's vest.

Xi Xuantian thought he was sure to win. His defense had already been lax. His back was open. In a hurry, he couldn't defend against Ye Chen's attack.

Bang!

Ye Chen has a solid knot and hits Xi Xuantian hard on the back.

"Puff!"

Xi Xuantian opened his mouth and spewed out blood, mixed with some visceral fragments. He fell to the ground. His muscles and bones had been broken. He was almost killed by Ye Chen and had lost his combat effectiveness.

"I'm not dead yet."

When ye Chen saw Xi Xuantian, he was also very surprised.

He used all his strength to kill Xi Xuantian.

However, the vitality of the strong man in the seven layers of Baijia territory is still stronger than expected.

Xi Xuantian was badly hurt by Ye Chen. He was dying, but he was not killed after all.

The whole audience was stunned and there was a great commotion.

The battle between Ye Chen and Xi Xuantian changed too quickly.

Everyone thought that ye Chen was suppressed by the xuanhuang tower of heaven and earth and was bound to die. Unexpectedly, he could be killed by the Jedi.

Looking at Xi Xuantian, who was seriously injured and dying, everyone was completely stunned.

The contemporary Saint son of the ancient Tianxi family, the strong man of the seven layers of heaven in the hundred yoke territory, and the second young expert in the forbidden sky list, are you really defeated by Ye Chen?

"Disciple!"

Xi Taichong was so shocked when he saw his apprentice's defeat that he couldn't believe his eyes.

Many strong and high-level figures of the Xi family also stood up one after another, with a look of shock and consternation. They didn't expect that Xi Xuantian would be defeated so miserably.

In the audience, Ji Siqing was relieved to see ye Chen win.

Seeing the result of the battle, Xi Mingfeng exclaimed: "brother Ye's style is more powerful than in his previous life."

But Xi Fu Tian, but Huoran got up and shouted, "brother!"

When he saw the defeat of Xi Xuantian, his heart seemed to collapse and completely moved.

On the duel platform, ye Chen looked at Xi Xuantian, who was seriously injured, and thought, "make a quick decision, don't leave a living mouth!"

The hatred of the yin-yang Temple must be washed with blood and life.

If Xi Xuantian is spared now, it is almost impossible for ye Chen to want revenge in the future.

Blinking eyes, ye Chen danced the disaster Heaven Sword and stabbed Xi Xuantian's heart with a sword.

He not only wanted to defeat Xi Xuantian, but also to kill him completely.

"No!"

Xi Xuan's heavenly eye saw Ye Chen's Heavenly Sword coming, and his face turned white with fear.

The audience also shouted in an uproar. No one expected that ye Chen would even kill after winning.

But they don't know that there is blood hatred between Ye Chen and Xi Xuantian, which can only be washed with blood.

Therefore, this is not a simple duel, but a war of life and death, a war of revenge!

Even Xi Taichong, Xi Xuantian's master, didn't expect Ye Chen to rebel and kill in full view of the public.

Ye Chen doesn't care about outsiders' eyes. He just wants to kill Xi Xuantian immediately and avenge the dead in the yin-yang temple.

Hiss!

Ye Chen was about to kill Xi Xuantian with a sword, but suddenly a figure rushed out of the slash and blocked him in front.

He is the elder brother of Xi Xuantian and the former Saint son Xi Futian!

Ye Chen's sword was so fierce that he couldn't stop it. It directly pierced Xi Futian's chest.

"Ah!"

When ye Chen saw Xi Futian, he blocked the sword for Xi Xuantian. He was stunned and hurriedly took back the long sword.

"Puff!"

Xi Fu Tian's chest was pierced by Ye Chen's sword, breaking a transparent hole.

Ye Chen quickly ran the eight trigrams heaven elixir to treat him, but the other party was too seriously injured and was already dead and could not be recovered.

Ye Chen looked at Xi Fu Tian and sighed.

The love in the world is so deformed.

Why at the last moment, Xi Futian was still stubborn.

Is it not enough for him to forget the so-called feeling that blood is thicker than water?

"Xi Futian, you!"

Seeing Xi Futian, Xi Xuantian blocked the sword for him. He was shocked in situ and couldn't believe it.

At that time, he personally dug away Xi Futian's heavy pupil. Unexpectedly, the other party now returns good for evil and protects each other with death.

"Brother, are you okay?"

With a gentle smile, Xi Futian held Xi Xuantian's hand and guided Ye Chen's eight trigrams heaven elixir and aura to Xi Xuantian.

Xi Xuantian indirectly received the treatment of Bagua Tiandan, and his spirit was greatly boosted.

"Xi Futian, you... You... You don't hate me?"

Xi Xuantian's face was dull.

Xi Futian shook his head gently and said, "I don't hate you. You are my brother. I only have such a close relative as you. Don't deny me. I'm really your brother, not pretending..."

His tone of voice was getting weaker and weaker. It was obvious that he could hardly hold on.

Seeing that he was going to die, Xi Xuantian looked at Ye Chen again. An extremely vicious idea came out of his heart. On the surface, he remained silent, pretended to be moved, grabbed Xi Futian's hand and said:

"Are you really my brother? You're not dead? "

Xi Fu Tian said, "I am naturally your brother. Our blood resonates."

He held hands with Xi Xuantian, and their blood really resonated. There was a ray of immortal light and blood gas rising. That was the resonance of the blood of the ancient Tianxi family!

Seeing this resonance, the whole audience was shocked.

It turns out that this Xi Futian is not a fake. He is really the son of Futian in the past. He is not dead!

However, now Xi Fu Tian's chest is pierced by Ye Chen's sword, and there is no possibility of life.

He can't bear the sword Qi of reincarnation natural disaster.

"Brother, you're not dead. What about your heavy pupil?"

Xi Xuantian shook Xi Futian's body, his voice with grief and a sincere look.

Xi Futian stayed for a while. His heavy pupil was naturally poached by Xi Xuantian, but he couldn't understand why Xi Xuantian asked this.

"Ah, by the way, it must be the Lord of reincarnation. He dug out your heavy pupil, didn't he?"

Xi Xuantian hissed and stared at Ye Chen.

When ye Chen heard Xi Xuantian's question, the whole person's expression was strange and dignified to the extreme, because he had never seen such a shameless and vicious person in the world.

Xi Xuantian shouted, "Lord of reincarnation, you are incomplete. You can open the heavy pupil just now. It must have robbed my brother. You have poached my brother's heavy pupil!"

Saying this, the whole audience was in an uproar. Everyone's eyes looked at Ye Chen together.

When Xi Futian heard Xi Xuantian's words, he was also stunned and wanted to explain, but suddenly his wrist hurt sharply.

But Xi Xuantian grabbed his wrist and passed on a killing force.

Xi Futian's last blood vitality was crushed in an instant. His whole world fell into darkness and died on the spot.

"Brother, what's the matter with you! Don't die, brother! "
