

Physician 6701

Chapter 6701

At the moment, the demon Tianshi around him was fierce and prosperous, and seemed to feel Ye Chen's unyielding will. His originally flawed body was reborn again under the rising blood fog!

Now ye Chen is like a demon God coming to the world. His eyes only glanced in the direction of the old man and the emperor demon in front of him. He has a slight regret and nostalgia. But soon, he turned his head and looked at the back of Tianxue's heart closed, and flew away quickly.

One person's body, once again in front of more than a dozen strong people!

As long as the snow heart is still there, they still have hope!

Even God can kill!

Ye Chen knew in his heart that if the war was defeated, he would be slaughtered by others. Therefore, he could not be defeated!

"Everyone, join forces to kill this Liao!"

When a dozen strong men saw Ye Chen's move, some were only angry and murderous. Even if it was forced to improve, it was impossible to compete with more than a dozen of them!

"Wu Dao reincarnation map - seal scattered!"

There is a golden scroll in the silent sky. Ye Chen holds a dragon pattern jade pen. He couldn't leave a name last time. Now, with his current state, Shengsheng engraves the word "Chen" on it.

As soon as you skim and press, the golden ink dots on the picture scroll are sprinkled, and the picture is a tragic picture of the world!

"Red blood spear!"

This time, ye Chen calls out the old weapons sealed in the reincarnation map of martial arts. Holding this thing, he rushes into the crowd!

Where the red blood spear is waved, the scarlet light shines on the sun.

The indiscriminate attack of more than a dozen strong men cut off the lazy waist of the wanshen snow mountain, and the endless mountains were blown into powder.

Ye Chen waved a spear again, and the cold light of the spear front flashed into the earth. In an instant, the land around ten thousand feet began to crack, and the fire in the center of the earth gushed, and the hot waves burned out a trace of cracks in the space!

Ye Chen's body is constantly broken, reorganized and continued to fight!

"Yi!"

Rao is a strong body poured with his burning blood essence. At the moment, there is a trace of burnt taste. The flesh and blood turn gray inch by inch and reorganize inch by inch!

Even he was like this. The more than a dozen strong men present were miserable. Although no one was killed again, they were led by Ye Chen's desperate play!

"This boy is really crazy!"

More than a dozen strong men separated from ye Chengang, and the stubborn figure came quickly by using the space rules to change its position.

The blood fog covered the sky, and the light of the demon Tianshi around Ye Chen was also getting darker, but he didn't care. He still killed more than a dozen people with one life!

Kill all saints and retreat day by day!

"Ka!"

With a crisp sound, the virtual shadow of the Wudao reincarnation map behind Ye Chen began to break, and the dense cracks began to spread. Even the Wudao reincarnation map was about to break with his playing methods.

At the moment, ye Chen's body is already full of holes. The demon Tianshi tries his best, and his recovery ability can't catch up with the speed of Ye Chen's injury.

The bloody spear in his hand began to become illusory.

"Hold on a little longer and the boy will be finished soon!" A dozen strong men who tried their best to open the defense state saw the difference of Ye Chen, and immediately turned defense into attack and began to fight back!

Ye Chen laughed. A mouthful of blood spat on the ground with broken meat in his viscera and said, "is it over? It's you who are finished! "

"Daqianchonglou can't be used. Tianjian can always be used!"

At the next moment, the reincarnation map of martial arts dissipated, the red blood spear collapsed, ye Chen stood proudly in the void with empty hands, the karma fire under his feet continued to spread, and the whole mountain range was pierced and devastated.

"Array word formula, disaster sword array!"

As soon as ye Chen stepped on his feet, he directly made the array word formula. A gray and black array immediately fell from the sky and shrouded it.

Hiss!

The disaster Heavenly Sword in Ye Chen's hand also flew out in an instant and integrated with that array to form a disaster sword array.

With Ye Chen's attainments in the current array formula, you can almost do whatever you want and arrange the array at will without effort.

When the sword array is completed, the disaster Sky Sword is divided into light and shadow, and thousands of sword Qi burst out. Behind each sword Qi, there is the smell of God's punishment of natural disaster. All kinds of fire, thunder, Blizzard, wind, roar and roar are very spectacular.

Boom!

Tens of thousands of swords, mixed with towering disaster and divine punishment, burst and killed the people.

"This guy has a Heavenly Sword. He's crazy and wants to die with us!"

More than a dozen strong men stared and floated back. They also wanted to kill Tianxue heart at the first time, but ye Chen's reckless style, whoever goes up first will be pulled into the water!

Although everyone is an alliance, no one is willing to die, except ye Chen.

Seeing ye Chen's move, more than a dozen strong men quickly retreated a hundred feet away!

Even the emperor demon, who was fighting with the old man, frowned.

A loud noise resounded through the world.

Then the dust settled!

Ye Chen's figure was half kneeling on the ground, and the burning smell came from him. The retreating dozen strong men were dead and injured, but they still had combat power.

"Hoo..."

Ye Chen struggled to get up again. The demon Tianshi repaired and reorganized his body for the last time, and completely fell into silence. The reincarnation map of martial arts was dim, and the red blood spear dissipated. Everything was over.

His eyes were calm and looked to the rear. Ye Chen smiled sadly at the empty space that had already been destroyed.

"Still not?"

Exhausted all means, even if ye Chen gets up again at the moment, he can't fight again!

There are still seven or eight strong men, walking slowly towards Ye Chen again. Although they are injured, they can still fight!

"It seems that this is the final destination!"

Ye Chen's consciousness began to blur. His whole body was constantly eroded by the cold. He coughed up blood, and a unwilling roar shook the sky. His body straightened and fell down, but fell in the arms of an old man.

"Little fellow, I'm worthy of my fancy. Half a step is too real. I killed more than a dozen strong men of the moon worship gate!"

A withered palm took over Ye Chen who was about to fall. Obviously, the old man's state was also very bad. On the side of the emperor demon, in addition to him, there were four strong men standing behind him.

Five to two, ye Chen was seriously injured, and so was the old man.

The eyes of the emperor demon are full of killing intention, but they are one old and one young. They even kill nearly 20 strong men of the moon worship demon sect. Even if they win today, the demon domain will not be able to lift its head in front of the Terran in the future!

"Damn you!" The emperor demon's murderous eyes gradually calmed down, but they were extremely firm. He dodged and slapped the old man on the chest.

The withered and thin figure flew out upside down, hit the ground heavily, struggled to get up, but laughed: "worship the moon demon door, it's a joke!"

"The boy Chen in the half step Taizhen territory can kill you. Although we are dead this war, we can't hide the news from the people all over the world!"

"Tomorrow, your demon domain will be washed by my Terran blood!"

The old man looked up and smiled. He was ready to die.

The emperor demon's face was blue and attacked and killed again!

Ye Chen opened his eyes and looked at everything in front of him. At the moment, he didn't even have the strength of his fingers anymore.

Chapter 6702

At the same time, there is still peace across the Tiangong Temple thousands of miles away.

Yuqing Yin walked through the forest, thinking about ye Chen's back when he left, and suddenly felt a palpitation.

"Strange..."

Yuqing Yin was also at a loss. She immediately stared at the distant sky. With the passage of time, the feeling became stronger and stronger.

"What happened to Ye Chen?"

Unable to wait any longer, she decided to follow that direction to find Ye Chen, but the whole mountain gate was in a commotion.

The door was covered by the faint pressure, the huge dragon head roared, and the slender dragon whiskers fluttered in the wind.

Such visions are bound to happen!

"From now on, the Mountain Gate of Tiangong Shenjiao will be closed, and everyone can't leave!"

The Dragon spits out his breath without much explanation. Just at the command, the periphery of Tiangong Shenjiao is covered by a faint lingering light.

"The door of seal is open, all disciples wait!"

Another old voice crossed the sky of the heavenly temple. Every disciple was at a loss. Suddenly, the mountain gate was closed. Something must have happened!

"Is there something wrong with the leader?"

Such a big event has never happened in Tiangong Shenjiao for thousands of years. For a while, everyone followed suit.

"So, did the heavenly temple really seal the door?"

For a moment, all the major forces in the heavenly palace received the news. The holy beast of the heavenly palace God cult opened the sect door defense array.

"According to the news from my subordinates, the snow mountain of gods... Disappeared today!"

"The top of the snow mountain, become a Jedi! Human misery! "

The major sects were shocked when they received the news.

"There's something wrong with wanshen snow mountain. Go quickly!"

Some strong people with keen sense of smell, like finding some unusual information, sent strong people to the top of the snow mountain of gods one after another!

.....

The picture turns around. Ye Chen's side is blocked by the old man, but life and death are still just a thought.

"Old man, you can toss!"

The emperor demon narrowed his eyes and said in a cold voice. His men showed no mercy and slapped the old man!

"Break the sky!"

On the void, the huge handprint was like a visitor in the sky, breaking through the clouds shrouded in blood fog, with a black light, tearing the space and taking a hard shot at the old man!

This palm, the emperor demon is going to end the battle!

Everyone can see that no creature can survive under this palm!

The old man whose blood gas has dried up can't bear the blow.

"Boom!"

A palm embedded in the ground, aroused thousands of smoke, red smoke, bloody smell filled the air.

"It's over!"

The emperor demon snorted coldly and was very dissatisfied. Even if they won, they also lost too much power here.

On the devastated battlefield, the former Pantheon snow mountain has disappeared. At the foot of the emperor demon, there is a miserable picture of hell.

Two figures, old and young, helped each other.

When the emperor demon saw this, he was completely angry, and the roar rang through the sky: "two mole ants have resisted me many times, damn it!"

The figure below smiled sadly. At the critical moment, ye Chen used many reincarnation xuanbei and the old man to resist the attack of the emperor demon.

The price is that they were in such a bad state that they almost fell unconscious.

At the moment, the two people even need to help each other when standing. It can be seen that the war is particularly fierce.

"It seems that you can't wait for Tianxue's heart to pass!"

Even ye Chen appeared a little unwilling and exhausted his means, but the strength of the other side was too strong. Even they couldn't delay a little longer.

Senior Ren should not appear.

Of course, he still has the last card, but he will never use it unless he has to.

But now, the emperor demon's next strike, no doubt, will be his two people's masterpiece!

At the moment, the Wu Tao reincarnation figure Turing felt Ye Chen's weak breath, and then looked at Tianxue's heart, which was very anxious.

At this moment, Tianxue's eyes suddenly opened.

The emperor demon looked at the two mole ants left in his eyes, his eyes were indifferent and said, "ten square purgatory!"

With a loud drink, the whole world turned upside down.

At the feet of Ye Chen and the old man, a bloody array outlined the texture one by one. Thousands of miles away, a forest cold breath shrouded the world!

"Evil spirit, enlightenment!"

With a wave of the emperor demon's arm, the stone pillars engraved with the four demon faces of the demons and monsters rose from the ground to guard the four directions of the southeast and northwest.

"Enjoy the feeling of being torn by the devil with passion. I want you to taste the taste of being chewed and swallowed!"

On the void, the emperor demon laughed wildly. In his eyes, only in this way can he solve his hatred.

As far as ye Chen's four eyes were concerned, the dead souls poked their heads from the cracks under their feet, and the people's hearts were numb with the shrill cry.

Seeing this, the old man also showed a determination on his face.

There are more and more dead souls gathered on their sides, showing the potential of an included angle, sealing all the escape routes of the two people. It is said that ye Chen and others have no power to fight again at the moment. Even if they can fight, they have no way to go to the ground.

"It seems that we still need to use cards..."

Ye Chen saw many strong men killed by him in the dead, such as ancient blackbird, evil moon, Jiuyou, and so on. Those killed by the old man were also there.

But ye Chen saw this, but he didn't get angry and smiled, just because he felt a breath.

Next second!

"Whoosh!"

In this moment, between the vast heaven and earth shrouded by blood fog and evil spirit, a brilliant light rushed directly into the sky and lit up the sky!

"Worship the moon demon sect, dare to come to our Terran territory and hurt our disciples. Today is the time for your soul to disappear!"

A human figure rose into the sky and emerged from the ruins shrouded in blood mist. It was full of light brilliance. Its peerless posture could not wear its beautiful face. The stars in her eyes turned upside down. Her demeanor was unparalleled!

"Snow heart!"

The emperor demon said in a cold voice word by word. At the moment he saw Tianxue's heart, he had an ominous premonition in his heart. The woman who had clearly lost her vitality had made great progress at the moment! The key has also broken through!

How did you do it in such a short time?

"Out!"

Tian Xuexin's eyes never looked back at the emperor demon half a minute from the beginning to the end. The long sword in his hand stood behind him, and the sound of buzzing continued.

Between heaven and earth, the thunder of Tianshan Mountain roars, and the interwoven lightning turns into a rotating eight trigrams array in the sky. There is a killing opportunity hidden in the seven colors!

There was another thunder, and the raindrops were falling.

Every drop of water, through the eight trigrams array, turns into an inverted hanging sword that blooms and stabs down!

"Remnant sky sword rain!"

Every upside down sword seemed to be inspired by life and stabbed at the souls under the purgatory with light!

Chapter 6703

"Yi!"

The strong man of the evil moon was nailed to the ground by a sword, and his chest burst into a dazzling light. His evil body melted and disappeared like a burning candle.

At the same time, ten thousand inverted hanging swords have arrived!

The long sword with a handle was inserted into the chest of Ye Chen and the old man, but there was no killing intention. On the contrary, there was a great sense of intimacy. With each handle hanging the sword into the body, the tonic in their Dantian was strong.

The emperor demon looked at his ten square purgatory being broken, and his face was full of killing intention. He said, "but if you break through by luck and are limited, what can you do to me?"

"Take your head today!"

As soon as the emperor demon's eyes coagulated, his figure instantly turned into nine dragons, with thousands of feet of huge black dragons, and pieces of scales and armor suddenly appeared!

Nine dragon heads spit scarlet long letters, and the same killing machine appears on the fierce dragon heads!

"Kowloon buried!"

The Nine Dragons opened their mouths and breathed toward the snow heart. The hot light burned through the void, and the void space surged on the battlefield with a storm!

The turbulent flow of space cutting is beating the nine dragons and tearing the heart of Tianxue!

"Ye Chen, borrow the reincarnation map of martial arts!"

Tianxue's heart on the void, even if besieged by nine Jiaolong, still looked relaxed. The long sword on his back showed the meaning of light, resisted the Jiaolong's breath, and stared back at Ye Chen at his feet.

Ye Chen heard the speech and nodded gently. As far as his mind could reach, a picture appeared behind Tianxue's heart!

"Jiushou Jiao, today is the time when you die! Buddha hidden in the martial arts map! Out! "

As soon as the voice fell, behind Tianxue's heart, a thousand Zhang Giant Buddha appeared again.

"Nine armed Bodhisattva!"

Soon the Buddha was full of gold, and the 18 Buddhist relics that haunted him were spinning rapidly. In an instant, the black robe was added, the expression was firm, the right foot was on the ground, the left leg was bent, and the sacred platform under his feet was inverted and shiny!

On the nine arms, the sword is vigorous!

"The power of Dharma!"

In an instant, the nine arm Bodhisattva shot, and each arm was firmly pinched at the throat of the nine dragons!

Immediately, the murderous Qi of the sword Gang on the arm condensed, and the inverted hanging sword condensed again, sputtering from the palm of the Bodhisattva!

Nine screams echoed in the sky. The nine dragon heads burst to pieces in an instant and were hanged into mud by sword Gang!

The Dragon broke instantly, and the emperor demon turned into a human again. A mouthful of blood spewed out and hit the ground heavily!

"Cough!"

Black blood spilled out, and his cultivation was also falling rapidly.

The light of the reincarnation diagram of martial arts flashed, disappeared in place, turned into a flash of streamer, and rushed straight to Ye Chen.

Tianxue's heart looked at Ye Chen with a complicated look. The scenes of Ye Chen fighting for time for her still lingered in her heart, but that guy actually did it.

He's just half a step too real.

Is this the legendary Lord of reincarnation?

Immediately, the scarlet sky snow heart looked at the emperor demon who had lost the ability to fight again.

"The lost demon domain deserves this style!"

The long sword hummed in his hand, and tianxuexin stabbed the emperor demon's chest with a sword. He didn't intend to leave any more kindness.

"If you kill me, the lost demon domain will never die with the people in the heaven palace!" The emperor demon was also flustered, so as to suppress Tianxue's heart.

It is normal that there are occasional casualties in the competition between the two sides.

Once such a strong man falls, there is no room for maneuver!

"Then fight!"

In response to the emperor demon, there are only three words of Tianxue's tough heart.

The sword flashes and the dead fall.

When the remaining strong saw the emperor demon killed, they fled everywhere in panic, but how could they be tianxuexin's opponents at their peak?

But in an instant, all were killed!

Many strong men fell, and heaven and earth were different. In the void, golden thunders intertwined. After a while, blood rained in the sky.

Seeing this, the strong men who came from the major forces stopped and looked at Tianxue's heart bathed in God's blood not far away.

"Tianxue is in charge of the sect, but he slaughtered the demon clan?" The elder of Tianqing palace opened his mouth and said vaguely.

"Yes!"

Tianxue looked back with a cold look in her eyes.

"The demon domain will fight with our family. At that time..." the elder of Tianqing palace wanted to explain, but he was interrupted by Tianxue's heart.

"Now I have broken through the shackles. No one in the heaven palace can resist my will. If those guys are dissatisfied, they can come to the Heaven Temple to find me!"

Tianxue's heart just left a tough word. In the eyes of everyone, she took Ye Chen and the old man to fly away.

.....

After a incense stick.

Above the temple of heaven.

In such a magnificent palace, a comatose figure was lying on the ground. Above the chief, a woman stared at the comatose young man in front of her, looking complex.

The indifferent face and eyelashes trembled slightly, as if there was a sign of awakening. Tianxue took back her eyes quickly.

"Ye Chen, you're awake!"

A calm voice came and looked at the young man who woke up. The sound of nature like a silver bell in Tianxue's heart said.

At this time, ye Chen began to look carefully at the beautiful woman in front of her. Her cold eyes condensed snow, her red lips outlined a perfect radian, and her graceful figure was covered by a white skirt.

"It seems that I have been saved..." Ye Chen took back her eyes, felt the condition in her body and exhaled.

Now it's hard for him to use the eight trigrams heaven elixir.

By all means, this body is at the end of a powerful crossbow. Now he can be wiped out by a casual practitioner!

Tianxue Xin seems to be aware of the difference of Ye Chen. She first bit her thin lips, thought again, or said: "there is a secret in the reincarnation map of martial arts. Except that some things my father told me are not easy for you to disclose, she can tell you!"

"Oh?" Ye Chen suddenly mentioned his interest. You know, the one-sided relationship with the little monk Messi also points to Tianxue heart. He has something that must be confirmed.

"Before that, tell me your identity and who you are!"

In the impression of Tian Xuexin, this guy is really too abnormal. A boy in the half step Taizhen state unexpectedly resisted the siege of more than a dozen strong men in Baijia state and bought time for himself!

Sure enough, ye Chen still couldn't get around. Ye Chen smiled bitterly.

Although the woman in front of him had no intention of killing herself, she was still skeptical.

Take a deep breath and ye Chen said, "my name is Ye Chen... You can also call me the Lord of reincarnation. Of course, I have another name in the dark forbidden sea, which is Ye killer."

Ye Chen didn't intend to hide anything. He told Tianxue Xin the whole story, including how he knew yuqingyin, how to avoid the pursuit of the demon temple, and how to obtain the reincarnation map of martial arts. He didn't hide it at all and told it all.

In the face of such a strong man, he has no need to hide.

Now that things are over, he can be ready to leave.

Chapter 6704

"So it is!"

The graceful posture of the chief moved gently along the path, but she should also have her own concerns. She immediately said, "don't leave the temple god religion these days. Just meditate and recover!"

"When your injury recovers, I'll send you away. I know you don't belong here."

This is it. Ye Chen can only do it for the time being.

Suddenly, ye Chen thought of something and said, "can you help me determine a person's whereabouts? Her name is Shen Tu Wan'er."

Tianxue was stunned, but she still nodded, and then her eyes glittered with Ancient Runes.

Just then, the rune mutated.

Tianxue's heart opened her eyes and was surprised.

She stared at Ye Chen and said, "why do you have causal contamination with people in the world?"

"The whereabouts of the woman named Shen Tu Wan'er has been covered up. I'm not sure, but the other party is not in danger at present."

Although Ye Chen expected that the outcome would be like this, he still breathed out: "thank you."

Ye Chen's injury has recovered for a few filaments, and he immediately strides out. He looks at the threshold of the hall, but he takes it back at the last moment. He looks back and stops, looking at Tianxue's heart:

"In the last battle, I also heard some information. Those old guys seem dissatisfied that you killed the strong man of the moon worship demon sect?"

Tianxue's heart was calm and responded lightly: "they are just pedantic old guys who think they have identified some endings. After too long, I'm afraid they have forgotten their original heart..."

The strong man of the moon worship demon sect died here, which had a great impact. Ye Chen expected that there would be waves behind the calm figure.

"You don't have to worry about my business!"

"I heard that you also refine pills. You must also understand that the use of medicinal materials should pay attention to the primary and secondary of monarchs and officials. The taste of auxiliary drugs is too heavy and covers the function of the main medicine, which is not good!"

Tianxue Xin's intention is clear. It's a kind intention, but this is not a game that you, a half step too true boy, can intervene.

Even if you are the Lord of reincarnation!

Ye Chen naturally heard the meaning and nodded slightly, but she heard Tianxue's heart continue:

"The Tiangong medicine garden in the back mountain of Tiangong Shenjiao is available to you at will, which is good for your cultivation!"

Ye Chen looks sideways and stares at Tianxue's heart:

"You mean this adjuvant, you mean me?"

Tian Xuexin nodded gently, "not only you, but also within the Terran alliance in the whole lost time and space. Do you know why I want to talk to you alone here?"

"You mean, the strong man of the moon worship demon sect who was killed by me?" Ye chenshun thought of Tianxue's heart and thought of something.

"Just worship the moon demon gate is not qualified to enter my eyes!" Tianxue's heart is extremely strong at the moment. The figure sitting on top of the chief stirred up a ripple.

"Now the whole Terran alliance is pedantic. All kinds of ideas are breeding in the dark, and you appear at this pass. Your strong performance has entered the eyes of many people. Of course, it's a blessing or a curse."

"Fortunately, you will leave soon. You don't belong here."

Ye Chen didn't care at all, smiled and replied, "so, do you want to add some more medicine to change the nature of this pill?"

"But aren't you afraid of losing big things for small things?"

Ye Chen's eyes were indifferent and asked Tianxue's concerns.

The figure above the chief obviously didn't expect Ye Chen to be so wise and beautiful. He asked, "in your eyes, what is small and what is big?"

"Suspicion is small, survival is big!" Ye Chen replied with her hands behind her.

Although it is not clear what the relationship between the so-called alliance and the lost demon domain is, I'm afraid it's not so easy to calm down the killing of the emperor demon. As for the reason, why tianxuexin appears there, ye Chen can't touch this level.

The figure above the chief smiled for the first time when he heard the speech:

"You boy, it's really interesting!"

"I owe you a favor on this trip!"

"If something happens to you outside, you can let me repay this favor."

.....

Tianxue's heart didn't say much, and ye Chen also tacitly understood. After all, no matter how the current situation changes, it also needs its own strength as support!

Yuqing Yin knew that ye Chen and others were seriously injured after their return, but she was told not to inquire about the situation.

During this period of time, although Yuqing Yin is anxious, she has no way. She can only wait for ye Chen. Since she got along with Ye Chen these days, her trust in Ye Chen has reached an irreparable level.

"This breath is..."

Suddenly, Yu Qingyin, who was walking in the hinterland of the heavenly temple, suddenly widened her eyes and said, "how can it be? Why does the heavenly temple have the smell of the ghost temple?"

She didn't believe that there was a change in the territory of the heavenly temple!

The next second, a figure rushed towards the forbidden area of the heavenly temple.

.....

Ye Chen came to the place arranged by Tianxue's heart and sat cross legged.

Yesterday's World War I had a lot of gains. Ye Chen vaguely felt that he was about to break through the real world.

I'm afraid there will be unexpected gains if you enter the Wuxu realm that the world has never entered, and then enter the Taizhen realm.

"Ye Chen, did you have an epiphany in the previous war?" An old voice came from the rear. The old man in plain yarn and black clothes became more and more dead after the first world war that day.

Chapter 6705

"Some!"

"I guess you'll break through soon. Besides, you don't belong here. Are you leaving soon?"

Ye Chen's eyes coagulated. Although he had a dispute in his heart, it still needs to be confirmed if he wants to really realize it. Even he can't guarantee it.

Ye Chen nodded and said, "when my body recovers, I'll leave."

The old man stopped talking and shook his head and left.

Ye Chen stopped thinking and continued to cultivate. At the same time, he used the eight trigrams heaven elixir to heal the injury.

To Ye Chen's surprise, the effect of Bagua Tiandan in this medicine garden is extremely terrible!

Before long, ye Chen felt that he was about to regain his peak!

But when he opened his eyes, he found that the medicine garden of Tiangong Shenjiao had changed!

The disciples of Tiangong Shenjiao who came to take care of the medicine garden looked like they had seen a ghost and fled!

After all, the former vibrant medicine garden is now a lifeless Jedi!

"Now... I'm in trouble!" Ye Chen was helpless. She had to smile bitterly and shake her head, thinking about how to explain to Tian Xuexin. After all, if the precious medicine in this garden was put outside, each one would be the treasure robbed by major forces.

"Huh?"

The next second, ye Chen also noticed a strange breath. The virtual spirit and divine pulse worked, and his figure disappeared in situ.

A moment later, ye Chen's figure appeared on the square of the temple of heaven. Many disciples came and went, very lively.

"I feel wrong?"

Ye Chen looked at the harmonious scene in front of him and doubted it. Just then, a voice sounded in the crowd:

"I heard that someone broke into the forbidden area of Tianshen mountain. The sect elders went to suppress it in person!"

"Ah? The forbidden area of Tianshen mountain is the burial place for the giants of the temple of God in the past dynasties. Except for the leader and core elders, no one is allowed to step into it. Those who violate it will die! "

"My disciples know the rules. How could anyone break in? Is it a foreign enemy? "

"Shh... I heard it was the little girl who came to Tiangong Shenjiao a few days ago and came with Ye Chen. She was called yuqingyin!"

.....

All the people's discussions were received by Ye Chen.

Ye Chen's eyes narrowed slightly. He didn't think Yuqing Yin would be so rash.

But the current situation is obviously extremely complex.

If it's serious, Yu Qingyin may even be executed!

He didn't think much anymore. With a flash of his figure, he rushed to the hall where Tianxue's heart was located. Obviously, his Ye Chen wanted to save Yuqing Yin!

Now above the hall.

"You mean your friend broke into Tianshen mountain?"

Tianxue's heart frowns. Compared with this matter, what makes her more worthy of attention is Ye Chen's state!

"You have recovered! How long has it been... It seems that you have successfully taken that step! " Tianxue heart didn't care about what ye Chen said, but took care of him.

Ye Chen didn't speak and looked straight at Tianxue's heart, but his indifferent posture had a formation that was about to start when he didn't say a word.

Seeing this, Tianxue said bluntly, "who are you, little girl? It makes you so obsessed... "

Ye Chen said bluntly, "she is a very important friend of mine, and I believe she is a person. Yu Qingyin will never set foot in the forbidden area of the heavenly temple for no reason! She must have something to hide! "

"Forbidden area? As you know, this Tianshen mountain is the forbidden area of our heavenly temple and the resting place for many former leaders and giants who have made hard-working contributions to the divine religion in the past! "

Tianxue sighed, but her attitude showed everything.

She won't meddle in the matter.

Ye Chen naturally understood the expression written on his face. He looked at Tianxue's heart and said again, "you said you owe me a favor, but you still count?"

Tianxue was stunned, but she nodded and replied: "nature!"

"Well, I need your help to save yuqingyin. It's as if you paid me back!"

Ye Chen said.

"Are you sure? My kindness should be used for such small things as this? "

Tianxue's heart doesn't quite understand. She's just a little girl who has made taboos. Is it worth Ye Chen's attention?

"Who is she?" Tian Xuexin asked.

"My friend is also the descendant of the jade family!" Ye Chen answered softly.

In front of the woman's thin lips slightly opened and closed, and she wanted to say something, but she never spoke. After a long time, thousands of words turned into a gesture.

"Pass my order and bring the girl yuqingyin to see me!"

There was no response above the main hall, but soon, a group of elders escorted Yu Qingyin to the main hall. The leader was the elder of Tiangong Shenjiao, Yuan Xiu.

"Elder yuan, is there any misunderstanding?"

Tian Xuexin sat on the chief at the moment and asked.

"Report back to master Zhang. This woman rashly broke into the forbidden area of our sect, Tianshen mountain, trying to plot against the law. She was captured by us and died according to the law!"

Yuan Xiu and others, as the old people of Tiangong Shenjiao, always bear in mind the responsibility of guarding the forbidden area Tianshen mountain. Now they are forced to break into, and they should be strictly accountable for both public and private.

Yu Qingyin struggled and said, "I didn't break into the forbidden area of your religion on purpose. That's because..."

Speaking of this, the girl thought for several times and chose not to talk. Ye Chen and Tianxue also found something different.

"Elder yuan Xiu, don't bother about it any more. I asked the jade girl to go to Tianshen mountain!" As soon as Tianxue's heart opened, Yuan Xiu's incredible eyes stared at Lao yuan and stared at his own palm teacher.

"What? Don't you believe it? "

Two successive inquiries brought yuan Xiu's thoughts back to reality. The leader of the sect was so strong that he had his own considerations. His move was really wrong.

"Yuan Xiu didn't dare, so he retired!" He quickly winked at the other teaching elders around him. Before they left, they didn't look back at Ye Chen. Obviously, in their view, all this was the boy's Secret mischief.

"Pass on my orders. From now on, Yu Qingyin will pass on her disciples to me. Her status and treatment are equal to Wu Yuzhi!"

With another order, the whole heavenly temple fell into a whirlpool of gossip.

"It's said that the leader sect has another pro disciple. It seems that elder martial sister Wu Yuzhi will fall out of favor!"

"Shh, don't spread this to others, or you'll feel better!"

"No one can offend her."

"She's still closed!"

.....

Of course, ye Chen didn't pay attention to the uproar caused by Tiangong Shenjiao. Although Yu Qingyin had doubts, he believed that ye Chen would not harm her. At the moment, the three were silent in the hall.

"Girl, explain!"

After a while, the figure of the chief was the first to speak, and there was a bit of questioning and demonstration in his tone.

Chapter 6706

Yuqing Yin didn't answer. First she turned her head and looked at Ye Chen. After getting his approval, she slowly opened her mouth:

"Previously, I felt the breath of the demon temple on the square of the temple of heaven!"

Just one sentence, ye Chen was stunned. Yuqing Yin would never lie to himself. What's more, he also felt an inexplicable breath on the previous square. Did he really get mixed up by the strong ones in the demon temple?

"Girl, do you ever understand what happens when you lie in front of me?"

Tianxue's heart first appeared a touch of unexpected color on her face, and soon her pretty face was cold and sank into a deep voice.

"Master, I dare not lie and deceive. I am the saint of the demon temple. I can't be more familiar with the forbidden breath of the blood in the demon temple. I was also puzzled before. I followed the clue!"

"I followed the clues all the way to Tianshen mountain. Before I had time to respond, I was blocked by the elders of the divine sect."

Yuqing Yin told Tian Xuexin and ye Chen what had happened. When they finished, they were silent.

"Demon temple!"

Tianxue's heart and silver teeth are clenched. This damn force is really pervasive.

Intuition told ye Chen that the things inside were not simple. He turned to Tianxue and said, "we have to go to Tianshen mountain again!"

Tianxue's heart nibbles on her thin lips, and she nods her head.

"I can feel that the mysterious smell is still there!" Yuqing Yin said, the three figures came out of the hall, tore the void and went straight to the forbidden area Tianshen mountain!

.....

Meanwhile, Tianshen mountain.

Tianshen mountain is still a beautiful scenery that will never change. Ye Chen once set foot here when he followed the old man to the forbidden area to look for Tianxue's heart.

But this time, Yuqing Yin's footsteps guided everyone to the top of the mountain!

"Is that... The direction of the heavenly temple?"

Tianxue was suspicious for a while. The direction was clearly the direction of the temple of heaven. In the temple of heaven, there were many psychedelic arrays. No one could break it except herself!

For a moment, Tianxue's heart also noticed something different!

"I know where you're going!" Tianxue's heart stopped Yuqing Yin. "There are murders everywhere in the direction of the temple of heaven, but also to prevent outsiders from stepping on. In that case, I'll take the road myself today and find out what's going on!"

Ye Chen also nodded gently. The array of the forbidden area, even his understanding of the word formula, could not be seen for a moment. He felt the same when the old man led the way.

As everyone knows, there is a huge conspiracy waiting for them!

A group of three people, under the guidance of Tianxue heart, walked forward quickly.

"Huh?"

With the deepening of the pace, even tianxuexin himself began to doubt.

This step by step is full of the energy from the big array of killing opportunities, which always reminds people that once they take a wrong step, they will be killed and robbed endlessly!

But to her surprise, this array seemed to work normally. It was born for 48 weeks, but it contained a strange smell.

A mysterious smell that she had never touched herself.

"Did someone come?"

Once this idea sprouted from the heart of Tianxue's heart, she could no longer stop her curiosity. The pace at her feet could not help accelerating, and she moved towards the direction of Tiangong temple.

Ye Chen and Yuqing Yin behind him also obviously felt the difference of Tianxue's heart. Their four eyes were opposite, silent, just nodded gently and followed quickly.

Not long ago, a seemingly simple door appeared in front of the crowd. The vermilion door of the front hall was open and the lights were on forever.

In the quiet temple, endless incense breath came to my face. Although no one visited on weekdays, the incense in it will last forever!

On the huge incense table, there are countless nameplates of the ancestors of Tiangong Shenjiao!

"Long light!"

Ye Chen is also the first time to see such calligraphy. It is rare to see the immortal incense offered for thousands of years.

Just about to reach out and touch, the next second Ye Chen took back his right palm. The ashes on the previous incense table lit a faint faint light.

"The temple of heaven is really killing. Even the most insignificant incense ash of the Changming lamp is stained with highly toxic..."

But the focus of Tianxue's heart is obviously not here. Instead of answering Ye Chen's words, she whispered to Ye Chen:

"The array of the temple has no traces of man-made destruction, and everything works normally!"

Hearing the speech, Yuqing Yin on Ye Chen's side wanted to speak, but Tianxue continued:

"But I'm sure someone came and retreated safely!"

As soon as he said this, ye Chen also inevitably frowned.

"Do you mean that the array of the temple of heaven is known by outsiders? And still those guys in the demon temple? "

If it's what ye Chen expected, something big will happen!

"Where is the core of the array?"

Ye Chen asked directly. Although he had his own unique views on the array, it would take a lot of energy to break the array. Moreover, the ancestors of the Tiangong temple, who arranged the array, were not mediocre.

"This....." Tianxue hesitated. Once the secret of the array was leaked, the current array would be useless. Whether to Tell ye Chen, she also played a drum in her heart.

"This array has been cracked, and it's useless to keep it!" Ye Chen said in a deep voice.

Tianxue took several deep breaths and immediately said, "come with me!"

She took Ye Chen and Yu Qingyin and walked slowly out of the front hall. The vermilion door was dark and simple at the moment.

"This is actually a magic array. As long as you step into the temple of heaven, the first thing you see must be the front hall door, and the texture on it will resonate!"

"You will step into the killing array. If you trigger the mechanism, you will be killed and robbed!"

Ye Chen also knows the array very well. Now he has mastered the formula of array words. Only Tianxue Xin mentioned this, he has already understood the true meaning. Even then, he analyzed Tianxue Xin's words.

"Good!" Tianxue glanced at Ye Chen and nodded gently. There was a little appreciation in her eyes.

"Let me try!" Ye Chen went straight forward and looked at the ancient gate in front of him, which was dark and made of unknown material. He used the reincarnation holy soul heaven to place the infinite soul force in it.

The dark gate made a random buzzing sound. The soul force attached to the leaf Chen was outlining the bloody texture and spreading to the whole gate!

"Open!"

A bowl of sweat dripped from his forehead. With Ye Chen's loud drink, the dark and simple door lit up Yingying luster, and the bloody texture outlined a handprint, which seemed to be calling something.

Chapter 6707

"There are blood restrictions!" Ye Chen frowned and immediately turned her head to Tianxue's heart and whispered:

"Put your hand on it!"

Tian Xuexin nodded gently, and immediately his right palm covered it. He only heard a loud explosion. In the temple around him, the long light was only a flash, and everything was calm.

A pair of footprints, printing a faint glow step by step, walked towards the temple of heaven.

"The array has been cracked. Follow these footprints. That's the route of the first person!"

Ye Chen hurried to say hello, and his figure jumped into the temple of heaven first.

Under the gaze of the three, the shining footprints first paced back and forth in front of the incense table in the temple of heaven, and then walked towards the back hall!

This move surprised the three of Ye Chen.

"What's valuable in the apse of the temple?" This is Ye Chen's subconscious first reaction.

"The temple of heavenly palace is not a place to hide treasures, but a place for our ancestors to sleep for a long time, isn't it..." Tian Xuexin's eyes also spread to the back hall with those marching footprints. After a long time, he immediately remembered some dusty memories.

"It's broken!"

The void was torn, and she ran to the back hall in an instant. Before her figure arrived, she split the original seal with one palm!

"Boom!"

After a loud noise, on the long-term light in front of the three people, on the energy box with countless psychic rules, it was crystal clear.

"What should have been left in that box, but now it has been stolen!"

Ye Chen also saw the clue in his heart. Looking at Tianxue's face, he chose silence.

"Was there any treasure here?" Seeing the silence of the atmosphere, Yu Qingyin took the lead in asking.

Tianxue's heart was silent, and all three were silent.

After a long time, the figure came forward slowly, crushed the energy box, and said with an iron blue face:

"Wait for me here!"

Ye Chen didn't speak. When the beautiful shadow on the incense table recovered his mind, he said, "what's going on?"

"As you expected, a token was indeed sealed in the energy box!"

Tianxue's heart and eyes are full of killing intention. At this moment, she is really angry!

The forbidden area of the temple of heaven was broken into and the divine martial order was stolen. The people of the temple of heaven didn't even notice it. It can be seen that the penetration of the demon temple has reached a terrible level.

"I have probably known the things here. You go with me to see the master!"

Tianxue took a deep breath, turned around and no longer looked at the burning incense table. Her back went straight out.

.....

At the same time, there is another place of Tiangong Shenjiao.

"Yuan Xiu, how are you getting ready for the lost alliance conference?"

It is still the pavilions and champs adjacent to green mountains and green waters, and the old people of Susha Huashan are calm.

"Report back to my ancestors. Everything is as usual. If we add another peerless strong person to this grand event of our heavenly temple, we will be able to frighten the heroes at the lost alliance Conference!"

When Yuan Xiu heard the old man's inquiry, he hurriedly opened his mouth and replied that Tiangong Shenjiao must win the grand meeting of the Terran alliance.

"Alas... In this war, my blood is basically exhausted and it's not easy to show up. My heart can go for me. As long as the Shenwu temple remains neutral, even if my heart kills the emperor demon of the moon worship demon sect in the demon domain, it's harmless!"

The old man's breath and his speech tone were generally calm. Previously, in the face of the attack and killing of the moon worship demon, the old man tried his best to stop him because of the restrictions of the rules.

Now it's just a broken body to see the changes of the world.

"This Terran alliance conference will discuss the leader's killing the emperor demon in the demon domain. Nothing more than the means of these old guys is to ask for benefits. If they really fight with the demon domain, the gain is not worth the loss!"

"Forgive them, they dare not fight!"

The old man took a clear look, took a sip of the tea in front of him, "in that case, just preside over the daily affairs. Report the news of the League meeting to me at any time!"

Yuan Xiu nodded respectfully and turned away.

The next second, a rush of footsteps came. Yuan Xiu, who was about to leave, couldn't help but lower his eyebrows again and salute respectfully.

The visitor was Tian Xuexin and others who rushed from the temple of heaven. Ye Chen and Yuqing Yin followed him. The three of them hurried to the direction of the old man. Even the great gift of Yuan Xiu was just waving their hands.

"What great event has happened..."

In Yuan Xiu's impression, it seems that since Ye Chen appeared, Tiangong Shenjiao has had endless trouble.

The sky snow with a blue face stood still. Before the old man could speak, she was the first to say, "master, something's wrong!"

The old man's mouth was still light, but the right hand holding the cup was a meal, "what's the matter?"

"Shenwu order, stolen!"

Tianxue said six words in her heart. The old man's eyes suddenly burst out and said, "when did it happen?"

"Just now!"

Tianxue's heart can't hang. After all, the forbidden area array of Tiangong Shenjiao has been cracked by outsiders and the divine force order has been lost. She, the leader of the sect, doesn't know it.

The old man got up, his bent body closed his eyes and concentrated. His huge soul power covered the whole temple of heaven, even the place of heaven!

"Retroactive!"

"Master, don't!"

Tianxue shouted anxiously to stop the old man, but it was too late. The old man's huge soul force had been integrated into the void.

"Cough!"

With a light cough, the old man's body retreated a few steps, and a wisp of black blood overflowed from the corner of his mouth.

Tianxue's heart looked like this, and her face was more worried.

The old man shook his head and said, "in that war, my blood had withered, but my body was just surviving. There was no power to fight again, and only such means could be used!"

It indicates that several people don't have to be too sad. For thousands of years, he still exists in the world, which is an act against the sky. Now, the disabled body can contribute to the sect, which can be regarded as worthy of the cultivation of the sect.

"Don't worry, my old bones can live a few more years!"

The old man smiled and immediately changed his mind: "in the southwest, 20000 kilometers away, it is still in the land of the heavenly palace!"

Yuqing Yin Dang said in a deep voice, "let's go after it now!"

Ye Chen pulled her, looked at Tianxue, and said, "it must be too late to catch up now. Since someone can steal the divine martial order without being aware of it, his actual strength can be seen!"

Tianxue's heart heard the speech and got up straight. Her powerful breath was revealed. For a moment, the whole Tiangong temple was shrouded by her powerful breath!

"This is, do you want to do it?"

"What a terrible threat. Obviously, it's not intended to kill me, but the operation of spiritual power in my body began to stop! Is this the posture of the peerless strong? "

Chapter 6708

At the moment, Yuqing Yin standing next to Tianxue's heart was flushed by the terrible pressure, and even her breathing was unsustainable.

It's hard to imagine that the breath alone is so terrible. If you do it, no one present can stop the blow of the demigod strong!

Ye Chen on one side also felt the pressure. Hongmeng starry sky showed his strength. Only then did he reluctantly resist the pressure of Tianxue's heart and stand up!

The old man on one side was surprised:

"The boy's physical condition was worse than me in that war. He should be just a useless man. How can he have such determination now?"

"Has the cultivation completely recovered to the peak?"

The old man really couldn't understand why a boy who was too serious could resist the pressure of the strong at that level with such accomplishments!

"Open!"

Tianxue's heart was split again, and the space in front was cut in half like a thin book!

At the other end of the space, a picture slowly unfolded, and the whole body was wrapped in black, galloping on the wasteland!

Ye Chen recognized the man at a glance.

"Is that him?"

Yuqing Yin was also surprised. Among the ancient relics, the first person in black in the demon temple!

The figure of the man in black galloping on the wasteland obviously found someone peeping, and his hoarse voice said:

"Tian Xuexin is really strong. I almost erased all traces, but I was traced to cause and effect!"

The man sighed softly, but his steps did not stop, "Jie!"

After a strange laugh, he sneered, "it's too late!"

At the moment, Tianxue's heart waved a strong palm across the space, crossing the time and space!

"Hiss!"

Even ye Chen takes a cold breath. Can tianxuexin fight across space at will?

That palm print was photographed blatantly, and even the surrounding areas of Tiangong Shenjiao were affected. For a time, the birds in the mountains flew and the flames in the plain lit up!

"Poof!"

The man in black resisted with a hard palm. His body was broken and flew upside down like a kite, hitting the ground heavily.

"These mole ants dare to go wild with our heavenly temple God cult!"

The bright eyes of Tianxue's heart are constantly flashing. The power of that blow across the long river of time and space is already a little less, otherwise this hateful palm will take his life!

After a while, the voice just fell. Tianxue's heart took advantage of the victory and took another palm!

"Buzz!"

Heaven and earth changed color, and a dragon chant came from the deep mountains. Soon the whole mountain range opened the boundary to offset the aftereffects of this blow!

On the wasteland thousands of miles away, a huge palm print tore the void and smashed it down again!

"The holy father saved me!"

At the moment of urgency, a cry of surprise, the roaring huge palm print has also been severely pressed on the wasteland.

"Boom!"

In an instant, the world collapsed, and the boundless industrial fire almost burned out the whole wasteland. However, under the ashes, the previous figure had disappeared and disappeared!

"Damn it!"

Tianxue's heart shouted angrily. Obviously, the man in black didn't die at her hands. He was also intervened by a strong man of his level. He covered the cause and effect by big means and saved him!

The void in front of us collapsed, and the sky was silent again. The terrible pressure disappeared. Tianxue's heart was cold with ice on its face at the moment.

"Unexpectedly, the old guy in the demon temple has reached this level!"

After a long time, Tian Xuexin had no choice but to sigh. She had already lost her chance when she was intruded into the forbidden area. Now the divine martial order was taken away. I'm afraid there's a big trouble.

Ye Chen is the most calm at the moment. The people in the demon temple will take away the divine martial order at all costs. I'm afraid the underlying reason is the deepest level. Otherwise, this strong person will intervene, which will be contaminated with great cause and effect!

"What is this divine order?"

At the moment, it is already such a situation. It will not help to be annoyed again. In the current situation, we can only find out the reason first.

"This divine order has a long history!" Tianxue's heart is also staring at her teacher. After all, she hasn't broken the seal before.

The turbid light in the old man's eyes flashed away, as if a corner of the dusty memory had been lifted again.

"That's the bet I made tens of thousands of years ago as a descendant of the temple of heaven and the temple of Shenwu!"

"The Shenwu order of the Shenwu temple is the same as the Tiangong order of the Tiangong cult. They are all religious keepsakes. In a crisis, the holder can hold this keepsake and order the whole sect!"

"At that time, I fought with the descendants of Shenwu temple, startled the world and wept ghosts and gods, and finally won a move. Therefore, this Shenwu order should be regarded as a booty and preserved in our Tiangong cult!"

"The time limit agreed at that time was just an agreement between two young and vigorous little guys. Later, for tens of thousands of years, I took charge of Tiangong Shenjiao. Among the competition among the top forces, Tiangong Shenjiao is also the head of the stabilized Shenwu temple. This Guardian agreement has been handed down all the time!"

Ye Chen understood, and immediately nodded gently and said, "so this Shenwu Temple represents the palm cult keepsake, and has been staying in the Tiangong cult?"

The old man stroked his beard and nodded slowly.

"Over the years, the Shenwu temple has been bitter about this. Even if the old guy retired, I also believe that he, like me, still exists in the world. He must want to recapture the Shenwu order and the sacred object of the Shenwu temple in his lifetime!"

"According to the agreement, in another month, the time will come. We must return the divine martial order!"

At the moment, Tian Xuexin made a mistake. The gratitude and resentment of the older generation were used by the guys in the demon temple.

"If you can't find the divine martial order..."

She thought of a terrible consequence, and it was probably because of this that the demon Temple deliberately designed to steal the divine weapon order.

"Since I took charge of the temple of heaven, although there is not much intersection with the Shenwu temple, I can see that they still have some old resentments against us. Although they have always been neutral, it must be because of the Shenwu order?"

Tianxue frowned, and things became a little tricky!

Chapter 6709

The old man nodded gently, "on this bone eye, the divine force order was stolen. Obviously, the demon temple also wants to pull a powerful ally for itself and set up a trouble for us!"

Ye Chen's eyes coagulated. Naturally, he guessed something. From Tianxue's heart and the old man's words, he learned that the Terrans in the lost space-time area should hold any meeting recently.

"This grand event will certainly hold on to tianxuexin's killing of the emperor demon of the lost demon domain Baiyue demon gate, and want to win some benefits from the Tiangong God cult. Previously, due to the Shenwu order, the Shenwu hall can't say support, and will certainly remain neutral..."

"Now that Shenwu order is stolen, maybe Shenwu hall will turn against him!"

Ye Chen was right in his words. Even Tianxue's heart looked at it. With a few words, he analyzed the current situation. The legendary Lord of reincarnation is really unusual!

"The evil spirit Temple must not hide this activity from the Shenwu temple. I think the old guy of the Shenwu temple should have received the wind. The reason why he didn't come to the door to pursue responsibility must have been some agreement between them!"

Ye Chen continued to talk about the matter.

The divine martial order must be brought back anyway. It is related to the result of the alliance conference. Tianxuexin is also his backer at present. The Tiangong divine cult acts in an aboveboard manner. Ye Chen will not shirk it if he can help.

At the moment, Yuqing Yin stood up and whispered, "although I was the saint of the demon temple, I know too little about the things in the temple since the marriage in Youtian temple!"

"There is a good friend of mine in the demon temple, who is also the only one I can trust in the demon temple. Go to her and maybe you can find out some inside information, which will help us win back the divine martial order!"

Yuqing Yin said something about it, and then continued to say, "her name is Mo Ruqiu! I can go myself!"

Tianxue's heart nodded to Yu Qingyin's words. According to the current situation, it seems that only Yu Qingyin's method is feasible.

Ye Chen was frowning. After thinking for a long time, he quickly waved his hand: "you can't go. There is a big cause and effect between the demon temple and you, and you can find them invading. There must be someone within them who can find you!"

Previously, the man in black in the demon Temple erased all traces, stole the divine martial order and covered all causes and effects, but he was found by Yuqing Yin.

Obviously, once Yuqing Yin steps into the boundary of the demon temple, he will also be found.

Ye Chen's eyes turned again and looked up and down at Tianxue's heart.

Tianxue's heart also looked straight at Ye Chen and shook his head gently:

"I can't do it either. My strength will attract people's attention wherever I go. Besides, the divine force order is stolen. At the moment, my every move is in everyone's eyes. Once I leave the heavenly temple, I will be known at the first time!"

"Ye Chen, now, maybe only you go there in person!"

For now, there seems to be no better way.

"But ye Chen's situation..." Yuqing Yin could not help worrying. Ye Chen has been recuperating since he returned from the top of the snow mountain. I'm afraid he's not in a good state now. In my opinion, he's not the most reluctant candidate.

Ye Chen smiled and waved his hand: "it doesn't matter, I've almost recovered..."

"But I have a more important thing to do right now."

Tianxue Xin seemed to have guessed something and said, "the important thing you said is about the woman named Shentu Waner?"

Ye Chen nodded: "she is kind to me. Now she is in deep water. I must save her first, and then find a way to solve the divine order."

Tianxue thought for a few seconds and said, "it's natural. There's still some time for the conference at present. I have enough voice in the heavenly palace. It's not difficult to delay for some days. Compared with yours, it's really not so urgent. When you deal with Miss Shentu, I'll arrange my disciples to investigate for a few minutes, and then go to find the divine martial order after you deal with it, I'll withstand the pressure here. "

"If you want to go back, I'll see you off myself."

"By the way, although I can't deduce the whereabouts of Shen Tu Wan'er, someone should be able to deduce it. This person had better deduce it with the help of foreign objects, not himself."

When ye Chen heard this sentence, his eyes suddenly lit up!

He's been ignoring someone!

That man is Ji Lin!

Ji Lin has integrated Yunding Tianshu and Xianfu Tianshu. She unfolds the chess board of Yunding chess. You can see the cause and effect of the heaven and the world. She also calculated the whereabouts of the rosefinch gate!

Even the rosefinch gate can be calculated. I'm afraid Shen Tu Wan'er's whereabouts can also be determined!

As soon as ye Chen's eyes coagulated, he said to Tianxue, "thank you, elder. I'll go by myself. If the divine force makes the situation urgent, please inform me in advance with the help of the flying sword."

The next second, ye Chen no longer hesitated, used the virtual spirit pulse, tore the void and went in one direction!

When ye Chen resisted Ji Lin's place, a beautiful shadow had been waiting there for a long time!

It's Ji Siqing!

Ji Siqing saw Ye Chen, exhaled and said, "I knew you would come to Ji Lin."

"However, Ji Lin's situation seems not very good. It was inferred that the injury suffered by the door of the rosefinch has not healed, and he is closing the door to heal."

Although Ye Chen was surprised, he knew that Ji Siqing knew the existence of cause and effect best.

Ye Chen comes to the place where Ji Lin is. The little girl is sitting cross legged with her eyes closed. When she hears the footsteps, she quickly turns her head. When she sees that it is Ye Chen, she is surprised.

"Ye forced Wang... Cough... Brother Ye Chen."

Ji Lin shouted crisply.

Ye Chen walked over and touched Ji Lin's head with a smile.

On the surface, Ji Lin did not show any signs of injury.

He asked about the little girl's injury. Ji Lin was naughty and became a little sad immediately.

This kind of injury can not be eliminated by a panacea. It needs to slowly cut off the bad Tao fruit.

Ji Siqing looked for many ways, but in the end he got nothing.

Ye Chenman looked at the little girl with pity and swore in his heart that he must find a solution to help the little girl recover.

But he came here to ask the little girl for a favor. Now Ji Lin is still injured, and he has a plan to give up in his heart.

Ji Lin's eyes coagulated. Seeing ye Chen's condition, he stretched out his hand and said, "brother Ye Chen, you went to China before. You should bring back a lot of good things. Give them to me."

Ye Chen was stunned. It occurred to him that he had returned to China before, but he collected a pile of snacks and food from China. He originally intended to give them to Ji Lin, but later he forgot because of the situation in the inner earth. Now Ji Lin mentioned that ye Chen could not be stingy. With a big hand, a storage room was suspended in front of Ji Lin.

Chapter 6710

Ji Lin licked his mouth, took the storage ring and checked it. His original sad face completely became unstable!

The next second, she jumped into Ye Chen's arms and kissed Ye Chen heavily on her forehead: "Ye forced king, I love you so much! Sure enough, he is the most handsome Ye forced king in the universe! "

But soon, Ji Lin noticed Ji Siqing's eyes. He hurriedly came down from ye Chen and touched his head. He was embarrassed and said, "it's not ye forced the king, it's Ye Chen's brother. Ye Chen's brother is the best."

"However, in my Ji Lin's dictionary, there is a famous saying, short hands and soft mouth. In that case, brother Ye Chen, tell me what to do with me."

Ye Chen shook her head and just wanted to refuse, but Ji Lin was angry: "Ye forced the king, don't give face. Don't be shameless. Don't you despise me, Ji! If you do this again, I will break the relationship between mother and son! "

Ye Chen: "

He had thought that Ji Lin had changed his sex. Now, Ji Lin was repressed, just like before.

Ji Siqing: "

Ji Siqing finally glanced at Ji Lin and said to Ye Chen, "Ye Chen, Ji Lin has a sense of propriety. Let her try."

At the moment, Ji Lin's hands were behind him and looked at the sky. He was quite an expert.

Ye Chen knew that Ji Lin was pretending, but now there was no other way but to say, "OK, but Ji Lin, once it affects your body, you will end immediately!"

Ji Lin still looked at the sky and looked dignified. She even pretended to stretch out her hand and touched her beard out of thin air. However, she had no beard at all. She could only touch the air, and then lowered her voice and said, "I naturally know that ye forced the king. You don't need to say more."

Ye Chen: "

Ji Siqing: "

Ji Lin certainly agreed, but in fact she knew very well that with her current injury, she could not deduce a specific cause and effect cycle, but could only calculate the general direction.

In fact, ye Chen also regretted. He knew that Ji Lin's injury was brought by practicing Yunding chess, and he didn't know whether the original choice was right or wrong.

He took out an old thing from Shen Tu Wan'er and gave it to Ji Lin.

Ji Lin waved his palm and drank: "Yunding chessboard, up!"

A huge chessboard emerged in the sky.

The chessboard is engraved with Ancient Runes, filled with immortality.

It's the Rune of the immortal Rune book.

The chessboard carries the stars and floats in the sky. This picture is very spectacular.

The eight trigrams mysterious array is dotted with celestial phenomena.

Ji Lin sat at the stone table and rehearsed for half an hour.

Half an hour later, she suddenly opened her eyes and said:

"She is in a place called the place of God burial. I'm afraid the current situation is not optimistic."

Ye Chen was so worried that he immediately planned to leave. Before leaving, he found that Ji Lin's little face was paler than before.

"I'll take good care of her. Don't worry."

Ji Siqing, who came together, chose to stay with Ji Lin.

.....

The place where the gods are buried is in the heart of the earth.

At this moment, the light of the Jiuding array in the inner earth has not dispersed, but has turned into a dark mist, enveloping the beautiful woman in black.

At the periphery of the Jiuding array, two people stood still, their hands around their chest, and their eyes were full of sarcasm.

The two men received the order of the ancient emperor Yu Huang and were ordered to bring Shen Tu Wan'er back to the upper world.

On a closer look, the two young people are dressed in black and white and have similar faces. They are actually twins.

The young man in black is named Yuhuang Chenggang and the young man in white is named Yuhuang Wenhao. He is one of the best young heroes in the temple of wanxu.

The strength of Yu Huang Chenggang has broken through to seven layers of the hundred flail realm. What he practices is the Linzi formula.

The feather Emperor Wen Hao's strength is a little weaker. He has reached the peak of six layers of heaven in the hundred flail realm. What he cultivates is the line character formula.

They stand side by side, like stone people without feelings.

After the ancient emperor Yu's array has exhausted Shen Tu Wan'er's strength, they will take Shen Tu Wan'er back to the supreme world to recover his life.

"It's a pity that we're still a little late. Wuwei Tianjian was taken away by others." The feather emperor Chenggang looked unhappy.

The feather Emperor Wen Hao was silent, and his frown revealed his irritability.

"Wait until you get back and report the situation to Lord Yu Huang. Judging from the residual breath, after Shentu Wan'er was trapped by the big array, Wuwei Tianjian took the opportunity to escape. Finally, it should be taken away by the people of the old alliance." Yu Huang Chenggang continued to analyze.

The feather Emperor Wen Hao finally said, "we'll deal with them here first. The time to transmit the array is limited. We need to make a quick decision."

Half an hour later, the array dissipated. Yu Huang Cheng Gang and Yu Huang Wen Hao were trying to fight. They saw a snow-white glow flying over the sky.

When the light disappeared, Shen Tu Wan'er disappeared.

Not far away, an indifferent young man looked cold.

"Lord of reincarnation."

Yuhuang Chenggang and Yuhuang Wenhao shouted Ye Chen's name in one voice, just like the overlap of double magic sounds, which seemed very strange.

"Die!"

Ye Chen was not polite. A sword roar like a dragon roared out and waved it with all his strength.

Yuhuang Chenggang and Yuhuang Wenhao looked at each other and retreated respectively.

They kneaded the Dharma formula at the same time and summoned a sword embryo with a blood red mark engraved on it, as if a devil were swallowing it.

The black wind roared and the fog shrouded Ye Chen's sword, and the surrounding space fell into silence.

The sword light was blown invisibly and could not fall.

Ye Chen holds Shen Tu Wan'er with a dignified face.

At the moment, Shen Tu Wan'er's breath was listless, as if she would faint at any time.

She held on to her last strength and said, "this is a black iron sword embryo with dark forbidden fruit. You should be careful..."

With these words, she completely fell asleep, and her body was weak and paralyzed in Ye Chen's arms.

Ye Chen held back her anger, placed Shen Tu Wan'er in the Yellow Spring picture, and introduced a trace of yellow spring water to protect Shen Tu Wan'er's soul.

After all this, he looked up at the two enemies.

The sword embryo was made of chaotic meteorite that fell in the wasteland during the flood and famine years. It is called Tongtian xuantie. It is indestructible and extremely sharp.

It is said that the swords made of all the dark iron through the sky are better than the eight heavenly swords and are at the top of the hundred soldiers.

It's a piece of cake to split mountains and land, break rivers and block rivers. It's no problem to cut the star domain and tear the sky.

A sword embryo can be comparable to his Longyuan Heavenly Sword. It's so terrible.

But how difficult it is to refine it into a sword.

Yuhuang Chenggang and Yuhuang Wenhao are neither anxious nor impatient. On the contrary, they are very interested in Ye Chen.

"It's said that the Lord of reincarnation has many treasures. Can I borrow two for my brothers?"

The expression of Yu Huang Chenggang is very Yin and evil.

The feather Emperor Wen Hao wanted to appear a lot grumpy.
