

## Physician 6711

### Chapter 6711

"Brother, we don't have to talk nonsense with him anymore. We'll catch him and give him to Lord Yu Huang directly. Will our brother's reward be less then?"

"That makes sense."

As soon as the two brothers spoke, they manipulated the dark sword tire and burst out a terrible attack and killing machine.

Ye Chen took out the Longyuan Heavenly Sword and rushed forward to cross the darkness.

Now that he is not in the heaven palace, ye Chen doesn't have to worry about using powerful martial arts to be discovered by the ancient emperor Yu Huang and destroy the sky.

"The way of water stop, the sun is red and bright!"

As soon as he came up, he used a powerful Kendo and planned to suppress the momentum of the two at the beginning.

Although Ye Chen hated the people in the wanxu temple, he could also know that the strength of the two people was not weaker than Xi Xuantian on that day, and Yu Huang Chenggang was even more powerful than him.

Ye Chen evolves a golden sun, looks solemn, holds a sword in both hands, and splits forward together.

Boom!

The sword Qi collided with the sword tire, just like two fairy mountains collided, bursting out a torrent of breath.

The sword was too powerful. It tore the void and broke into chaos, disturbing the universe, and came over Ye Chen's head.

"Boy, you're dead this time. I can't save you if I come!"

Yuhuang Chenggang and Yuhuang Wenhao, two brothers, left and right, are like hell demons. They work hard to take ye Chen down.

The real dragon incarnated with sword Qi moaned under the dark package, and disappeared completely.

The sea of darkness swept into shape, and all laws were inviolable. The rolling sea water was black and smelly, like it was taken out from the depths of hell. It had been stored for hundreds of millions of years, and the cool air came to my face.

An irresistible force suddenly came and made Ye Chen's body unable to move in place.

The dark runes all over the vast sea area bloom like the flowers of the avenue, with terrifying power and fierce waves.

"Lord of reincarnation! No matter how talented you are and how skillful you are, you can't resist the joint efforts of our two brothers! "

Yuhuang Chenggang and Yuhuang Wenhao are about to control the waves to sweep Ye Chen.

At this time, ye Chen realized that these two people might have been ready to catch Shen Tu Wan'er. I'm afraid it's more important to seize their own existence, which was named by the ancient emperor Yu Huang.

But how could ye Chen give in easily? He hit the strong with weakness and said something in his mouth.

"Dou Zi Jue, under the sky!"

Since you are the people who deal with wanxu, you should defeat them with the means that wanxu is good at.

After ye Chen performed the word fight, the inexplicable breath rose into the sky, smashed the sky, the void Avenue collapsed inch by inch, and the fragments flew.

The spirit of fairyland diffuses out, and the gods are solemn.

what!

Yuhuang Chenggang and Yuhuang Wenhao were surprised at the same time, and then became angry again.

Douzi Jue is their unique skill in the temple of ten thousand ruins. How can others easily spy on it.

"Shameless man, today our brother will surely tear you to pieces!"

"The devil faces the sun and moon, kills the world, faces the word formula, and cleans him up!"

Linzi Jue can summon ancient immortal gods and demons to come, get the help of ancient gods and demons, and instantly improve their combat effectiveness. The magic power is extremely powerful.

Before that, the person who mastered the Linzi formula was also Yu Huangqing Shu, a disciple of the wanxu temple.

In that war, Yu Huang Qingshu used the temporary word formula to summon ancient heavenly demons to attach to him. They were arrogant and terrible, and the magic clouds were towering.

But in the end, he failed.

The Linzi formula is a psychic magic. The more powerful the ancient gods and Demons summoned, the more boundless the magic Qi, and the greater the counterattack borne by the host.

Yu Huang Qingshu summons the demon God, but it is far from giving full play to the real power of Linzi formula.

"Look, my Linzi formula is not as easy to deal with as Yu Huangqing book."

The feather emperor Cheng Gang sneered. On his fist, the skeleton demon God roared wildly and gathered his strength.

There are thousands of demon gods blooming in the pupil, which are densely intertwined in this sky. It's too amazing.

A demon God is thousands of miles across the sky, boundless and bloody.

I'm afraid people with a little weak will will turn blue with fear at the moment.

Ye Chen looked more dignified.

Demons gather! It is the embodiment of practicing Linzi Jue to a higher level.

Yu Huang Qingshu uses the law to summon the demon God. It looks powerful and unmatched, but in fact it still stays on the surface.

The real evil spirit is derived from the strength of its own power, integrated with spiritual knowledge, and erupted into the power of destroying heaven and earth.

Yu Huang Chenggang is infinitely close to this realm.

In the face of the overwhelming demon army, ye Chen also had to lament the strength of the wanxu temple!

Rising stars alone have such oppression, not to mention the ancient feather emperor at the top of the pyramid, how desperate his opponents should be.

But all this is not the reason for ye Chen to shrink back!

With a wave of his big hand, the snow buried Stardust sprinkled all over the stars, and the silver light shone.

The seemingly soft power guarded Ye Chen's area and blocked the demons.

"Break it for me!"

With the blessing of the snow buried Stardust, ye Chen offered the disaster Heavenly Sword and roared. The reincarnation blood suddenly boiled and opened the Hongmeng starry sky, as if a whirlpool black hole was formed. The endless disaster gas broke out from inside to outside and broke through the sky.

The disaster gas is dark and deep, which forms a strong contrast with the starlight of the snow buried stardust. It has an endless breath of terror, is extremely powerful, half light and half dark, full of the power of the law of time, and drowns the demons of Linzi formula.

"Can you resist like this..."

The Yuhuang Chenggang who manipulated the Linzi formula felt the power of the Heavenly Sword, reincarnation blood and snow buried stardust in an instant.

Chapter 6712

Snow burial of Stardust is not only beneficial to the Taoist heart, but also has its own divine light attribute. It has a fatal blow to demons, demons and evil spirits.

Seeing that the situation had changed, the feather Emperor Wen Hao was surrounded by black light, and the fragments of space were secretly numb and suspended above his head.

"Brother, it's not suitable to stay here for a long time. I'll join hands with you to capture him so that I can take him back and recover his life."

The feather emperor Chenggang hesitated slightly when he heard the speech. He was confident that he could clean up Ye Chen alone. Now it seems that the situation is a little tricky.

You can only obey orders first!

The feather Emperor Wen Hao moved like a swift wind. He stepped on a bright light, rushed up into the sky and swept the heaven and earth.

What he did was "Xing Zi Jue".

Brahma's divine skill is that those who are fighting in an array move forward. "Xingzi Jue" is one of them. It represents the fastest and incessant body method in the world. If you can learn it, no matter how powerful the enemy is, you can't escape the control of the Jue giver.

It's just that this dharma formula is very special. It needs an innate ethereal body to carry it and practice it to the extreme.

The so-called innate ethereal body is also the most suitable body for self-consciousness. It breeds the long wind of heaven and earth, and has a high understanding of the changes of time and space.

When Wen Hao, the feather emperor, performed the calligraphy formula, the shadow of his body remained in place within three seconds.

Another look, he has come to Ye Chen, his five fingers bent into a sharp blade, and Huohuo grabbed Ye Chen.

Ye Chen had only watched the area around Yuhuang Chenggang, but he didn't expect Yuhuang Wenhao to come to him quietly.

"Hum! If you want to attack me, I'm afraid you can't do it for the time being. "

Ye Chen summoned the wish sky star, which complemented the snow buried stardust. The star sea built by the two was extremely strong.

The feather Emperor Wen Hao clawed into the air and retreated quickly, but he was not angry.

"Oh? You can see through my speed. Your strength is OK. But just now I only used 20% of my strength. "

The feather Emperor Wen Hao smiled and disappeared again.

He wandered around in time fragments, crossing one black hole after another, but his fingertips always aimed at Ye Chen's throat and eyebrows.

This guy is like a ghost walking in the dark. Ye Chen has to guard against it.

The power of moves naturally decreases when there are no skills.

The feather emperor Chenggang seized the opportunity and bit his fingertips.

A drop of blood dropped on the head of the demon. The mysterious veins condensed and evolved and changed constantly. Then the demon even opened his giant eyes.

This eye sucked all the remaining gods and demons. The whole sky was like a ignited wasteland. The long river of time and space appeared and imprisoned all things.

It seems that there are real ancient gods and Demons coming back to the world!

The demon roared up to the sky, and the black fire was towering. With chaotic Qi in his eyes, he shot two long black awns through the sky.

Like a natural disaster, it can't be avoided at all.

At the same time, the feather Emperor Wen Hao, who shuttled through the black hole, also bit his finger and shed blood. He suddenly turned into thousands of parts, each with iron faced fangs, which was extremely cruel.

The two brothers were born together, and their hearts were connected. Almost all of them launched killing moves in an instant.

The empty black hole surged up and trapped Ye Chen in a small world, unable to make a large-scale move and flash.

Huge sharp palms condensed from all directions, surging black and steaming, like the scene of the coming of the end.

At this time, ye Chen encountered a great crisis.

Without any special berm, he fought two powerful enemies alone.

These people are from the supreme world, and their martial arts are far better than those of Xi Xuantian!

When he challenged Wan CHENFENG and Xi Xuantian, he broke them one by one, and finally reversed the occupation and killed his opponent in one fell swoop.

The Yuhuang Chenggang and Yuhuang Wenhao in the wanxu temple not only have a more solid realm and stronger means, but also the Shinto rules and Qi exercised in the supreme world for many years are not comparable to the lower world's talents.

How to break this war!

Ye Chen clenched his teeth and directly burned part of the reincarnation blood force.

In fact, it burned once in the heavenly palace. If it is used again, the consequences will be great.

But the two strong men personally sent by the feather emperor are by no means simple. He must be so!

Of course, if he wants to escape now, the feather Emperor Wen Hao can't catch up with him.

But after running away? He became a defeated man, and the devil in his heart will haunt him forever.

The heart of Wuzu Taoism will also be affected.

Even if the cultivation breakthrough is successful in the future and the two people are cut off by the sword, the heart devil still cannot be removed.

"Not to escape, but to defeat!"

Ye Chen recited to herself in her heart.

He was besieged by two powerful Brahma masters, and one fierce light rose into the sky, penetrating his body and splashing blood.

In a desperate situation, how can you finish the egg?

But at this time, ye Chen's body had a subtle change.

The disaster gas in the sky no longer rushed out, but roared and turned back, all of which merged into Ye Chen's body.

The snow buried Stardust scattered all over the sky, illuminating half of Ye Chen's body.

His body floated, half bright and bright, like Yingying divine jade, and the other half dark as ink. The inexplicable feeling of palpitation made people restless.

He roared, clenched his fists, and the surrounding space was shattered, showing an irregular interweaving.

The mysterious power hidden in the depths of reincarnation blood was finally completely released, spread wildly, and surrounded Ye Chen's whole body.

Half of his body glowed, shining ancient and modern, like the most dazzling stars, emitting a strong smell of Yang and shaking the eight wastelands.

The other half of the body is dark. If you stare for a long time, you will have the illusion of trance. It seems to swallow everything in the world.

Even ye Chen's hair is scattered with the wind. It is divided into two, one black and one white, full of endless contradictions, but it is extremely strong.

The battle across time and space has also attracted the attention of many people. Some strong people nearby would rather tear a layer of skin than watch the battle through magic.

Some people came to the most corner to stay and enjoy the great showdown.

"You want me to die, but I'm not as good as you want! Who lives and who dies, use means to say, understand! "

Ye Chen roared, and the invincible reincarnation blood was boiling like a flame. It wrapped the whole body and blended with the stars. Its power was unparalleled.

In addition to the disaster Tianjian, Longyuan Tianjian is also shaking the past and the present. Thousands of real dragons spread, and the blood dragon head rushed to the clouds.

Combined with Ye Chen's breath, it becomes more and more vigorous, emitting the destructive dragon Qi from heaven and earth.

At the next moment, heaven and earth trembled, and the unimaginable smell of the Dragon nationality was overwhelming.

Yuhuang Chenggang and Yuhuang Wenhao were surprised and killed at the same time.

They no longer hesitated and directly used the strongest means to break out in an all-round way, which was bound to suppress Ye Chen.

Chapter 6713

"Linzi Jue: bone of demon God!"

"Xingzi Jue: nine thousand thunder!"

Move one line, one just one fierce, one fast and one slow.

The ultimate meaning of the two character formula is the power enough to destroy heaven and earth, pierce the sky, burst time and space, and destroy heaven and earth.

There is only one goal, that is to kill Ye Chen!

The two brothers have noticed the horror of Ye Chen and immediately decided to die, no longer on the premise of being caught alive.

The hot devil rolled down and made most of the people in the God burial place out of breath.

The head here contains the inheritance power of the feather emperor, which is difficult for ordinary martial artists to parry.

"Dou Zi Jue, Avenue integration!"

Dou Zi Jue represents the supreme attack, killing, fighting heaven and earth, fighting everything, very powerful.

The power of this dharma is not only from the strength of mobilizing the power of heaven and earth, but also from the tenacity and perseverance of the user.

Not afraid of difficulties, fight heaven and earth!

In this case, the fighting word will have supreme power.

With a bang, the world suddenly changed.

One order chain after another swept across the sky, smashing the sky and breaking the earth, crying and howling.

The thunder exploded violently, reflecting the scene in the far sky!

The two brothers, Yu Huang Cheng Gang and Yu Huang Wen Hao, looked up at the scene, and suddenly an incomparable shock appeared in their hearts.

The sky is full of huge and incomplete corpses of gods and demons, and even immortal corpses still retain their appearance.

What the hell is going on?

The besieged Ye Chen closed his eyes. The dazzling light was extremely dazzling and gushed out of his body. It was gorgeous to the extreme.

The mysterious and ancient atmosphere covers the sky!

The two brothers, Cheng Gang and Wen Hao, seemed to smell a familiar smell.

"Is this... Is this a duel formula?"

They looked at each other and couldn't believe it.

Dou Zi Jue can condense the aura of heaven and earth and transform it into fighting power, so as to deal with the enemy.

On the killing and bloodiness, Dou Zi Jue can be called the first.

However, the means of Dou Zi Jue is always too single. In the eyes of people in the wanxu temple, it can not be compared with array Zi Jue and Bing Zi Jue.

How could it release such a momentum of destroying heaven and earth?

They didn't have time to think about it, so they could only exert their ultimate means to completely suppress Ye Chen!

The moment before the demon God suppressed, ye Chen suddenly opened his eyes.

Heaven and earth vibrated, and the holy and peaceful glow bloomed endlessly and landed everywhere.

The corpses of gods and Demons floating in the sky turned into stars and poured down as immortal rain.

Strangely, the fairy rain Guanghua all over the sky only fell on Ye Chen!

Facing the monstrous murder, ye Chen raised an arm and took out something in her arms.

That object is covered by white fog, hazy and mysterious, but it emits thousands of Ruiguang.

All he heard was a ding.

A beam of divine light rises slowly and runs through heaven and earth at a speed visible to the naked eye.

It fell very slowly in their eyes, but in this process, both ye Chen and Yu Huang Chenggang and Yu Huang Wenhao brothers couldn't move. They could only look at such a scene with a frightened face.

The divine light seemed to carry the will of the Lord of God, took a turn, dissolved the final blow of the two brothers, Yu Huang Cheng Gang and Yu Huang Wen Hao, one by one, and then passed through their chests.

Ye Chen seemed to feel the call of the divine light and whispered, "broken!"

The divine light burst into pieces, and the light in the sky flickered, mixed with a little blood light.

The two brothers of Yu Huang Cheng Gang and Yu Huang Wen Hao were destroyed by the invincible divine light condensed by Dou Zi Jue.

Deep in the void, the two sacrificial platforms trembled and burst to pieces.

Several heavenly princes who maintained the altar also suffered heavy losses. The terrible counterattack force directly made these heavenly princes fly out for thousands of miles and broke the Baichong mountain.

Soon someone reported the news to the wanxu temple.

The strong men in the wanxu temple came and looked gloomy when they saw this.

They set up a transmission array according to the instructions of the ancient emperor Yu Huang, and asked two young strong men from the wanxu temple to bring Shentu Waner back.

On the other hand, the hidden purpose is to kill Ye Chen by the way!

If Ren Fanfan dares to fight, he will be locked by the feather emperor,

The feather emperor has plenty of means to stop Ren Feifan, as long as he dares to disobey the secret!

Now the transmission array is broken, which also represents the death of Yu Huang Cheng Gang and Yu Huang Wen Hao.

Shentu Waner was trapped by the means of the feather emperor and had no power at all. It was clear who did it.

"Damn reincarnation Lord! Against my wanxu Temple everywhere! One day, Ben Tianjun will personally go to the lower world and break him into pieces. "

The roar of anger resounded through the eight wastelands.

.....

At the same time, the land of God.

After the divine light disappeared, a burst of emptiness rushed into his heart. Ye Chen knew that the sequelae was coming.

The Reiki required by the combination of reincarnation blood and Dou Zi Jue can be imagined.

Ye chenqiang clenched his teeth, and the disordered spiritual power to regulate his breath could not support him to tear the void again and return to the inner earth or XuanZhen island.

Not to mention the land of the heavenly palace.

"Bad..."

Ye Chen's eyes began to become confused, which was a sign of overdraft.

He can't fall, at least not now, because after the war, the smoke subsided, but many malicious eyes looked at him one after another.

The blood and inheritance of the reincarnation family are quite attractive treasures!

Ye Chen will never believe that the people watching the war have no heart.

With his last strength, he cut a water stop and a sword, and directly blasted a 100 meter high mountain in front of him.

After all this, his eyes looked around coldly.

Chapter 6714

Those greedy eyes converged a lot.

However, there are many people who don't give up. They lean over slowly and approach Ye Chen step by step.

Ye Chen frowned slightly.

The current situation is not optimistic. I knew that I had brought Xia Xuansheng and Ji Siqing, so as to relieve my worries.

At this time, ye Chen heard a subtle sound in the picture of the yellow spring.

"Ye Chen, where are you?"

Ye Chen quickly opens the picture of the yellow spring. Shen Tu Wan'er has woken up and is sitting by the yellow spring river. Her eyes are at a loss.

With the help of the aura of yellow spring water, Shentu Waner has recovered 45% of her strength.

Without enough time to explain, ye Chen immediately sent a message to Shentu Waner.

"Wan'er, I can't hold on. Take me back to XuanZhen island after you come out! Remember not to love war. "

Shen Tu Wan'er was stunned and immediately nodded slightly, allowing the suction to pull herself out. The scene changed and returned to the broken battlefield again.

She wanted to be angry with Ye Chen, but as soon as she came out, she couldn't help feeling very distressed to see that ye Chen's breath was depressed to the extreme.

Ye Chen grinned. The whole portrait was evacuated and fell to the ground.

Shen Tu Wan'er hurriedly stepped over and caught Ye Chen who fainted.

Those malicious people around were very happy. They just wanted to fight, and the arrogant breath rose into the sky. A domineering aura lightsaber was suspended in the air. The light of the sword was cold as a torch, which made them afraid to move.

Shen Tu Wan'er looked cold, and her eyes were filled with murderous thoughts.

Although she lost Wuwei Tianjian, she is still strong enough to deal with these people.

"Get out!"

She spit out a word faintly.

Those people felt such a strong breath that they dared to stay, and soon dispersed.

Shen Tu Wan'er looked down at Ye Chen sleeping in her arms and always felt that there was something strange.

His expression was indifferent, and there was no tension between his eyebrows and eyes, as if he had completely relaxed at the last moment before fainting.

Is he not worried about safety when he sees himself?

Shen Tu Wan'er was a little happy when she read this.

But then she frowned and pouted again, looking dissatisfied.

"Annoying guy, before I told you to go, you really left without looking back at me. If I hadn't turned back after seeing so many days and saved me, I wouldn't bother to talk to you... "

Shen Tu Wan'er said two words, and a smile suddenly burst out on her angry face.

She leaned over and kissed Fangze.

It's a pity that ye Chen, who falls into a deep sleep, can't feel the beauty's soft lips.

.....

I don't know how long it took.

Ye Chen was awakened by a nightmare.

In his dream, he came to the supreme world to challenge the feather emperor.

Originally thought that after he became the emperor, he could fight with the emperor together with Ren extraordinary, but who expected that the emperor had broken the shackles!

With just one finger, Ren extraordinary was ground into meat mud, and it was only a matter of time before his sword was forcibly broken.

The chance of life and death, he was awakened by a dream and scared into a cold sweat.

"The battles with unequal strength are mercilessly crushed..."

Ye Chen smiled bitterly. He opposed the emperor everywhere. If it weren't for the restrictions of the avenue rules, I'm afraid he would have been beaten flat by the emperor.

He got rid of these thoughts in his mind, got up and got out of bed. This is an antique wing room, not a cave.

The more a cultivator goes to the back, the more attention he pays to the cultivation place with sufficient aura. Furnishings and other objects can be ignored.

Those who pay attention to these are often female practitioners.

Sure enough, ye Chen found several skirts on the screen next to the curtain.

There seemed to be a faint fragrance left by his pillow.

This makes Ye Chen a little confused.

Just then, the door was pushed open with a creak, and Shen Tu Wan'er came in with a bowl of steaming spirit porridge.

Seeing ye Chen wake up, she was stunned and unconsciously showed a gentle smile.

"Are you awake? Come and have something to eat. Although you have a strong constitution, you are in a weak period. I chose these from the spirits on XuanZhen island to cook porridge for you. For this reason, XuanZhen ancestors have been whispering in my ear for several days. "

"And why have you been hurt before? Do you just keep challenging your limits? "

Shen Tu Wan'er hands the bowl to Ye Chen.

As soon as ye Chen's heart was warm, he stretched out his hand to take it, and also took advantage of the situation to pull Shen Tu Wan'er over.

Shen Tu Wan'er gave a sound and poured it into Ye Chen's arms. Suddenly, the deer jumped with a bang.

"What are you doing..."

She said in a voice that sounded reproachful but actually resentful.

Of course, ye Chen can see through her careful thinking at a glance.

"You've worked hard in recent years and have been practicing in isolation. After coming out, we have to solve things here. Your mother came to me and said that you were trapped in the formation of the feather emperor. It was not easy for me to determine your whereabouts. I rushed there in a hurry and didn't care about anything else. "

"Well..."

Shen Tu Wan'er stretched out her hand and gently grabbed Ye Chen's waist.

The warm and moist body like jade pasted up, which made Ye Chen feel a little restless.

In particular, after drinking the bowl of porridge, the abdomen became more and more eager as if there was a fire burning.

"Wan'er, how long have I slept?"

"Well, it should be several days..."

"Have you been sleeping beside me these days?"

"Yes... No."

Shen Tu Wan'er just denied it. She raised her head and caught a glimpse of Ye Chen's eyes. Her face was crimson.

Ye Chen didn't intend to be embarrassed and said, "go out for a walk."

Chapter 6715

XuanZhen island has a vast area and stands on the endless sea area, and the place where ye Chen lives is a peak on the island.

Therefore, the water and sky are the same where you enter the eye, and the golden light of the horizon is rising slowly and shining on the earth.

Nearby, there are many buildings, carved beams and painted buildings. On the broad mountain and flat ground, there are disciples of XuanZhen Island practicing cross legged and breathing in aura.

In the distance, the elder's sword flew like a flying smoke.

Quiet, unfettered and carefree.

The people of XuanZhen ancient clan live in this atmosphere. It is reasonable that they will indulge in relaxation and stagnate in cultivation.

On the contrary, although XuanZhen ancient family has been hidden for many years, it has always been the first of the three ancient families.

Countless invisible strongmen settled on this island. If they were invaded by foreign enemies, they would be defeated and return.

There was a figure in blue on the mountain road in the distance. It was Xiao Yuliang. He came to send Ye Chen a healing medicine according to the instructions of XuanZhen's father.

After a few greetings, Xiao Yuliang brushed his sleeve and left.

Ye Chen turned around and stuffed the pill into Shen Tu Wan'er's hand.

Shen Tu Wan'er was quite puzzled: "what did you do to me for the things that father XuanZhen gave you?"

Ye Chen smiled faintly and did not explain too much, leaving only one sentence:

"This pill doesn't do much for me, and you need it."

Shen Tu Wan'er nodded gently, and her face became more and more blushing.

If those Tianjiao in the world saw Shen Tu Wan'er's appearance, they would be surprised to lose their chin.

The heavenly daughter of the Shentu family, who is high above and cold like smoke, will be coquettish.

Their vision of the goddess is disillusioned, and I don't know how many young heroes will be heartbroken.

Ye Chen walked ahead, with lush vegetation and fresh and humid air. The abundant aura visible to the naked eye condensed into water and dew, dripping on the green grass and leaves, rolling roundly.

Even the spirit insects that devour dew are much larger than those in other places.

XuanZhen's father is sitting on a raised smooth rock. His breath is restrained and integrated with the surrounding environment.

If you close your eyes, ye Chen really can't find the existence of XuanZhen's ancestor.

At this time, he integrates into nature, which is also nature itself.

Father XuanZhen opened his eyes and was full of energy.

"Lord of reincarnation, how are your injuries?"

Ye Chen nodded: "OK, almost. I have to thank you for your action, which accelerated my recovery."

"That's good, that's good."

XuanZhen's expression was calm, but the corners of his mouth smoked.

The little girl behind Ye Chen has to spend hundreds of miraculous herbs to cook a bowl of porridge.  
How can he not be distressed!

That porridge is not mixed with any drop of water! It's all liquid medicine.

After ye Chen knew, it suddenly happened. It's no wonder that after the bowl of porridge was put into the stomach, the medicine was vigorous and turbulent.

Sure enough, it's a panacea!

"Go, Wan'er, go to the dense forest."

Ye Chen said and naturally took her hand.

Shen Tu Wan'er was reluctant on the surface, but happy in the heart.

Two people just walked out a few steps, coldly came the voice reminder of XuanZhen's ancestor.

"By the way, Lord of reincarnation, the girl Ji with you also practices here. According to the time, she will soon end her practice."

Ye Chen heard the speech and said in secret that it was not good.

Ji Siqing should still stay at magic dust peak to take care of Ji Lin. why did he come back!

He just wanted to find a reason to take Shen Tu Wan'er elsewhere. A figure in red came out in the woods at the right rear.

It was Ji Siqing.

Ji Siqing looked at Ye Chen's intimacy, with slightly complicated eyes.

On the other side came a young man with a knife on his shoulder. It was Xia Xuansheng.

Xia Xuansheng came out with a knife in a stuffy voice. He was stunned at the sight.

Shura field!

These three words came to his mind unconsciously.

"Er... Siqing, you have finished your cultivation. I came to see you as soon as my injury recovered." Ye Chen explained.

XuanZhen's eyes were half open and half closed, and he wondered, "eh? Lord of reincarnation, it turned out that your injury healed today. "

Ji Siqing looked at Ye Chen and Shen Tu Wan'er beside him.

Rao's character of not fighting and not grabbing is also a little uncomfortable at this time.

"You can recover from your injury. I'll practice first. By the way, this is the essence of fire that I extracted from the door of the rosefinch. It should be effective for your hidden wound.

Ji Siqing took down the heaven and earth bag around his waist and threw it to Ye Chen.

Ye Chen reached out and caught it. Even across the heaven and earth bag, he could feel the hot temperature coming from inside.

The burning of fire, combined with Yan Xuaner and Bagua Tiandan, is really helpful to his injury.

As soon as he looked up, Ji Siqing's figure had disappeared into the dense forest.

Really angry?

Ye Chen touched his nose and his expression was a little helpless.

As soon as he looked back, he found that Shen Tu Wan'er's eyes were not very friendly.

"Lord of reincarnation, you have many important things, so I won't disturb you."

With that, Shen Tu Wan'er turned around and left without giving Ye Chen a chance to stay.

Ye Chen was in a dilemma. She didn't know who to chase. She simply sighed and clubbed in place.

Xia Xuansheng shook his head and came to comfort ye Chen, but he couldn't hide a smile from the corners of his mouth.

"Did you come to comfort me or make fun of me?"

Ye Chen raised his eyebrows and looked at him and said.

Xia Xuansheng hurriedly turned and left, leaving only Ye Chen who couldn't cry or laugh.

"That... Lord of reincarnation, I have something to ask..."

"I don't know."

Ye Chen interrupts him in a crisp manner.

"....."

After a long time, ye Chen opened his eyes and found that XuanZhen grandfather on one side fell into meditation.

"Come on, what's up?"

Ye Chen had to speak.

The old guy is cheating on him. He doesn't look good.

Old XuanZhen stared at Ye Chen and said seriously, "do you know why I saved you at the beginning? It is not because of Ren's destiny, nor does it have anything to do with the so-called peaceful coexistence of the three ancient ethnic groups. "

Ye Chen shook her head, indicating that she didn't know.

XuanZhen father paused and said seriously, "at that time, I was in seclusion and deduced the scene of your battle, but my first idea was not to help each other."

"But I sensed that you have a breath very similar to the earth vein of XuanZhen island! You can almost conclude that you have some connection with the XuanZhen ancient family. "

Master XuanZhen's tone was firm and his eyes were bright, containing some kind of causal reincarnation.

Ye Chen was stunned. In his memory, he had never had any connection with XuanZhen ancient family.

Where does the so-called proximity come from.

Many thoughts flashed through Ye Chen's mind and were rejected by him one by one in the end.

While thinking, a long lost voice sounded in Ye Chen's consciousness.

"Boy, he's talking about me."

This is the voice of Xuan Hanyu!!

Chapter 6716

Ye Chen never thought that Xuanhan jade would make a sound at this time.

After the last World War I, ye Chen used xuanhanyu's strength to repel the strong enemy, but xuanhanyu also exhausted his strength and fell into a deep sleep.

Then he woke up and fell silent.

Even now, because ye Chen's strength is constantly strong, he seldom uses the power of xuanhanyu.

Even the evil sword was not used anymore.

Of course, Xuanhan jade is a very important existence for ye Chen!

Now Xuanhan jade opens his mouth again. It should be an extremely important thing.

Is it really about XuanZhen island?

"Master Xuan! What exactly did you mean just now? And how are you now? "

Ye Chen's face was happy and hurriedly asked.

"It doesn't matter. I've been silent. I've almost recovered. I can even help you several times."

Xuanhanyu's voice was not as tired as before.

"That's good!"

Ye Chen is also sincerely happy. After all, xuanhanyu has helped him all the way. In order to lend strength, xuanhanyu even burns strength to help Ye Chen tide over the difficulties.

Ye Chen always keeps such kindness in mind!

But the life experience of Xuanhan jade is still a mystery.

"I was awakened by this island. It seems that there is a special connection with me here. The Qi of the earth vein can be used for me and nourish my soul."

Xuanhanyu told the truth of his awakening, which surprised Ye Chen.

"Elder, have you ever lived on this island, or are the people on the island your descendants?" Ye Chen asked tentatively.

Xuanhanyu said she didn't know either. She just felt familiar after she came here.

With the strength of XuanZhen's ancestor, he could not see the Xuanhan jade in ye Chensha's sword, but at the moment, he looked shocked because the round rock he sat down had changed and sent out a faint light.

"Yes, that's it!"

Master XuanZhen was excited and said, "I sat here to practice that day and felt the changes of this super different stone. You know, since my XuanZhen ancient family has multiplied here for thousands of years, it has not changed!"

"It didn't change until I deduced your identity and strength with the secret of heaven!"

Ye Chen wondered that xuanhanyu didn't fight with Tianxi ancient family that day.

Just when he wondered, the void fluctuated, the light gathered and dispersed somewhere, and the clouds spewed out. Immediately, a beautiful woman appeared in front of them.

Xuanhanyu came out.

She wears a cloud like hazy and mysterious veil, her face is exquisite, her black hair is like a waterfall, and her whole person is like a relegated fairy from the sky, giving the impression that she can be viewed from a distance but not played near.

"Can you take me to your XuanZhen ancient family's earth vein?"

Xuanhan jade has only one purpose in front of people.

She also understood that she must have some inseparable causal relationship with XuanZhen ancient family.

As soon as ye Chen read this, he put down his heart. However, when he saw the appearance of XuanZhen's ancient ancestor, he found that the old man opened his mouth and was stunned.

The bottom of my heart can't help laughing.

XuanZhen was stunned for a long time before he realized his gaffe. He quickly moved his eyes, hesitated for a moment, turned his palm and took out a picture scroll.

When the picture was slowly spread out, ye Chen's eyes were frozen and widened.

The scenery in the picture scroll is as beautiful and magnificent as a fairyland, the flickering Fairy Spirit is hazy, the ink splashes into mountains and the water drops into rivers. Everything is as if it were natural and beautiful.

The most striking thing is the figure in the center of the painting. She came from the mountain with green silk like a waterfall, floating clothes and full of aura.

Judging from his appearance and body shape, isn't it the Xuanhan jade standing in front of him?

This time it's Ye Chen's turn to be stunned.

The ancestor of XuanZhen explained, "this portrait was left by the ancestors of XuanZhen ancient family, and set up a ancestral motto: whoever sees the person in the picture, no matter what the other party asks, he must comply with it."

The ancestors of XuanZhen ancient family did not explain, and the identity of the person in the painting did not mention the reason, but set the rules of causal reincarnation. If the descendants encounter the person in the painting and do not follow the ancestral training, they will suffer from the disaster of nine sky thunder robbery.

When ye Chen heard this, his expression was strange.

How important is the identity of the people in the painting to the XuanZhen ancient family, which makes those ancestors so excited.

After hearing all this, Xuan Hanyu remained silent.

When XuanZhen asked her if she remembered, xuanhanyu shook her head and said

"I can't remember some things in the past, and I choose to forget some things I remember in the long years."

What else did XuanZhen want to ask, but seeing xuanhanyu's expression, he could only sigh and stop talking.

Since he couldn't get more information, XuanZhen had to give up, but he finally saw hope.

"Well, it may be a good thing not to delve into some things."

"I have vaguely guessed why I have contact with here, but I'm not sure."

"I'll let you know when I think about all this."

"That's it."

With that, Xuanhan Jade's whole body continued to dim, the void fluctuated, and then disappeared completely.

Although Ye Chen has too many doubts in his heart, he still chooses not to study deeply.

If xuanhanyu wants to tell, he will tell himself.

In fact, Xuan Hanyu once mentioned his life experience, but at present, I'm afraid what he didn't say is the most critical.

The next time, ye Chen was waiting for something while recovering from his injury.

He vaguely felt that Ren extraordinary should come back.

.....

At the same time, Taishang world, wanxu temple.

The ancient emperor Yu Huang, who has been in a closed state, left the customs.

After he came out, the first thing was to gather together and let him lead the people in the temple to the Shentu family.

Shen Tu Wan'er and the Lord of reincarnation are now outside the territory and in the dark forbidden sea. Naturally, he can't tear the rules and come by force.

But the Shentu family has always lived in the world!

If he doesn't do anything to the Shentu family, how dare he be the first person in the world?

There are auspicious clouds floating on the top of the lonely top of the empty valley. There are ten thousand auspicious lights. One ancient building after another stands on the cliff on the top of the mountain, forming a natural place for cultivation.

As one of the families in the world, Shentu family naturally has a strong ancient land.

But today, all this has been broken. There are tension, fear and resentment around the Shentu family.

Shentu Tianyin's hair is high, elegant, and cold, like a winter plum.

However, her eyes have a little more precipitation of years.

She stood there, alone.

This is the "field" that only the strong can have.

A member of Shentu's lineal family came to Shentu Tianyin and said in a low voice, "master, we have received reliable news. One of the feather emperor's branches is coming here with people. His strength is very terrible. Why don't we retreat to the forbidden area and avoid the edge for the time being?"

Shentu Tianyin had a helpless wry smile in his eyes.

Chapter 6717

The news of Shentu Waner's blatant confrontation with the ancient feather emperor has spread all over the world.

After the feather emperor left the customs, the first stop was to come to the Shentu family. He wanted to take the Shentu family as an object of prestige.

Shentu Tianyin, as the head of the family, must not let him succeed.

What's more, you can't hide at all!

Before long, there was a rumbling sound in the far sky, and a large number of strong men in white came in person with cold faces.

The real body of the feather Emperor didn't come over and reached his state. Unless he was a great enemy of life and death, he didn't deserve to let him fight.

What came was a part of him.

This separation is different from other separation. It contains the great road Qi of the ancient emperor Yu Huang. It can directly communicate the noumenon and convey the spirit.

In the middle of the sky, a strong emperor under the feather emperor said coldly.

"Shentu Tianyin, as a family ruler in the world, you let your daughter go out and destroy the wanxu temple. Do you know your sin?"

The sound of questioning spread all over the country.

As the head of Shentu family, Shentu Tianyin could not retreat, but she looked at the people and horses who came to the wanxu temple. Some sat on the ancient fierce animals, and some lingran space were very powerful opponents.

In the end, none of these people did anything!

What really came out was a huge lion like a mountain.

The lion's face was terrible, and his eyes were as dark as the ancient lights of hell.

Black mountain lion!

Shentu Tianyin stared at him for a long time before he recognized the identity of the lion.

In ancient times, there were ten wild beasts guarding the world, carrying forward the past and opening up the future, and the mighty beasts awed the sky.

In addition, some wild animals that are not in the list are also frightening.

This lion is the golden lion! One of the best beasts in the wilderness.

In ancient times, a peerless genius emerged from the Golden Lion family! With high spirits, he made great progress all the way, fought in the famine and defeated many powerful enemies.

In the end, the Golden Lion dared to confront the dragon family and challenge Hongjun's ancestors.

Although it ended in failure, it could not stop its courage and determination to go against the sky.

Later, the Golden Lion family did not have a new peak, and gradually declined and disappeared in the long river of history.

Somehow, the inheritor of the golden lion is now reduced to such a point that it has become a mount under the command of the feather emperor.

This golden Heavenly King Division has obviously reached the level of heavenly king, and its strength is very fierce.

Maybe we can no longer call him the golden master, but the dark lion.

Its pupils have no emotion and are as indifferent as frost.

Open the lion's mouth, but it is the voice of the feather emperor.

"Shentu Tianyin, hand over your family's secret and you will not die."

The voice of the feather emperor contains the most vast road rules and has irresistible power.

Shentu Tianyin looked a little heavy and didn't respond.

"Be stubborn and die!"

With a roar of the dark Tiens, the space collapsed in an instant, and pieces of time and space churned, emitting the power of phagocytosis. Many Shentu people close screamed, and their flesh and blood were sucked dry.

The dark fire burned the skeleton to ashes.

The eyes of Shentu Tianyin and others were shocked one after another.

"The feather emperor! You have the ability to come to me. Don't kill innocent people! "

Shentu Tianyin flew up with his arms outstretched and his black hair flying in the wind.

She used the immortal inheritance of the Shentu family, folded her hands and squeezed out complex and mysterious runes.

A layer of divine light emerged to block the dark fire and envelop the holy land of the whole Shentu family.

In the distance, the emperor and the strong in the temple of wanxu just looked at it coldly and didn't mean to make a move.

Shentu Tianyin, fight alone!

The Shentu family is a giant in the world, but it doesn't look enough at the tens of thousands of ruins temples.

Shentu Tianyin pressed back those Shentu people who wanted to help with his eyes.

She can bear the anger of the feather emperor alone!

This is the only way to stop loss!

As a mother, she should bear the disaster caused by her daughter alone.

The dark lion was full of light. The hair on his body seemed to tear the space, break the sky, and smash it down. Suddenly, the world roared.

Shentu Tianyin was unwilling to show weakness and used all his divine power. The divine power of the heavenly king was like a bright rainbow, which imprisoned the space!

One man and one lion beat the sky dark, the chaotic space was broken, the stars fell, and countless rules were broken into light and rain in the universe.

This battle can be called the top fight between the heavenly kings. Shentu Tianyin changed his previously unremarkable character and fought fiercely to roar the dark Tiens.

Even the strongmen of the wanxu Temple who were far away watching the war were surprised, because according to the analysis of combat power, they may not be able to beat Shentu Tianyin.

Finally, after the cold voice of the feather emperor came here again, the dark Tiens stopped its decline.

It seems that there are countless dark heavenly soldiers breaking through the air, shouting to kill Zhentian, dense and endless.

The dark shadows are like endless waves crashing together. The waves are churning high, but the color is very bright.

It's not waves, it's blood!

The boundless dark shadow intruded into the body of the dark Tiens with an arrogant attitude and triggered a cosmic vision. A Jiuyou yellow spring came from the universe and led to the distant nothingness.

Chapter 6718

The dark lion stepped on this yellow spring, his face was ferocious, and his breath was desolate and desolate.

It roared up to the sky and responded with a dull sound. Then the dark blood gas broke the sky, and the ancient Avenue spread down. With boundless dark evil gas, it came to the ancient land of Shentu family.

In this war, Shentu Tianyin burned his blood essence, and the power of the strong emperor spread all over the world.

Black hair danced and the silver lines between the eyebrows split in two. Shen Tu Tianyin failed to resist the chaotic and turbulent attack after all.

She became a streamer, falling rapidly, and was about to fall into the endless abyss of emptiness.

The dark Tiens separated several hairs and wrapped Shentu Tianyin's body.

"Listen to the Shentu family. If you want to survive, find out the secret of the Shentu family and give it to the wanxu temple, otherwise the emperor will punish you with death and will not tolerate it."

"The emperor will only give you half a month. When the time comes, there will be no amnesty."

With that, everything was calm.

The people in the wanxu Temple retreated, leaving only the whole Shentu family in a gloomy mood.

"Why did the Jade Emperor suddenly attack our Shentu family? We have always kept ourselves in line and listened to the rule of the wanxu temple. "

"If I guess correctly, it must have something to do with Shen Tu Wan'er! She has long been entangled with the Lord of reincarnation. Now after leaving the customs, she goes directly to the lower world. She must have a private meeting with the Lord of reincarnation, which annoys the feather emperor! "

"I think Shentu Lixing is right. Send someone to inform Shentu Waner about it quickly!"

“.....”

.....

At the same time, the dark forbidden sea, XuanZhen island.

Out of curiosity, ye Chen came to the mysterious rock with XuanZhen to practice.

If you really find yourself practicing here, the gathering of Reiki will be much faster than other places.

XuanZhen's father raised his eyebrows and said, "Lord of reincarnation, if you stay on our XuanZhen island for ten thousand years, I'm afraid it will be possible to deal with the feather emperor with your talent in ten thousand years."

Ye Chen was stunned, but refused: "my martial way is Lingxiao martial intention, and how can I shrink here all the time."

"I will eventually go to the supreme world and face the feather emperor!"

"Ten thousand years, it's too long for me!"

With that, ye Chen disappeared in front of XuanZhen's father. He vaguely sensed what had happened to Shentu Wan'er.

But ye Chen doesn't know how.

When ye Chen came to Shen Tu Wan'er's residence, he saw that Shen Tu Wan'er had changed into black clothes and went out.

At this critical moment, Shen Tu Wan'er's eyes were extremely dignified and complex.

"Wan'er, what's the matter?"

Ye Chen came forward and asked. Unexpectedly, she found tears on Shen Tu Wan'er's face.

Shen Tu Wan'er shook her head, her lips closed tightly, and she looked a little painful.

"I've received a message from my family. I have something to go back to. I'll come back to you when it's over."

Ye Chen instinctively felt that it was not simple.

He grabbed Shen Tu Wan'er, and the other party didn't stop talking.

Shen Tu Wan'er had a heavy heart and explained the context of the letter he received from the Shentu family in the upper world.

Ye Chen's expression gradually became dignified.

It all started with him, so he must not stay out of it.

At this time, ye Chen found that the void behind him fluctuated faintly.

The next second, the blood moon hung high in the sky.

A figure came out of the void.

No one else, it's Ren extraordinary!

Ren Feifan seemed to know all this already. He found a place to sit down, poured Lingcha and said faintly:

"I already know about the world."

"This may be a robbery of the Shentu family."

"Cause and effect in the world is destined to be so."

"Elder Ren, what's a good way to do this?" Ye Chen asked.

Ren Feifan didn't answer directly, but looked at Shen Tu Wan'er.

"I think Miss Shentu must have her own ideas. Let's listen."

Shentu Wan'er's expression was complex, with anger, regret and a trace of helplessness.

"From the moment I met Ye Chen, I knew that this day would come sooner or later."

Shen Tu Wan'er said slowly.

Ye Chen's heart is warm.

Shentu Wan'er knows this, but she has to help herself many times. This may be the so-called emotional.

"Now the only way is to find Wuwei Tianjian, find the hidden secret, and maybe save the family. At present, the Jade Emperor will not do anything to my mother. "

Ren extraordinary nodded and said, "there is indeed a secret in Wuwei Tianjian. I have heard some things, but I'm not sure whether it's true or false."

Shen Tu Wan'er was stunned and said curiously, "please give me your advice."

Ren Feifan stretched out his finger and pointed at Shen Tu Wan'er's eyebrows.

Shen Tu Wan'er seemed to see a picture, but it was not true.

Ren Feifan continued: "as the only person admitted by Wuwei Tianjian in the world, if you want to know the existence behind this secret, you can only rely on yourself."

"The secret that the feather emperor and the ancient emperor care about is definitely not a small secret."

"You have helped Ye Chen so many times. You are infected by cause and effect. Today, I will help you once."

The next second, nine blood moons hung high in the sky.

Blood circulation.

It turned into a bloody gossip.

Gossip turns, everything seems clear.

Next, Ren Feifan told Shen Tu Wan'er the secret of his performance. Once this sutra was gone, it was full of dangers and extremely dangerous. It was necessary to be fully prepared.

Then Ren Feifan made an exception for Shen Tu Wan'er. The mighty power of the giant whale divine tree spread all over the world and told her where Wuwei Tianjian was now.

Wuwei Tianjian, which was taken away by the old alliance, is not there at this time! But in the hands of a demon general.

This is good news for Shen Tu Wan'er.

She was immediately ready to go there.

Ye Chen looked aside and sighed in his heart. He wanted to help Shen Tu Wan'er, but there was cause and effect, and it also involved the gratitude and resentment between the ancient emperor Yu Huang and the top strongmen of Ren extraordinary world.

As an extraordinary protected person, he was told not to participate easily.

"Don't worry, I'll be fine. You must be careful."

Shentu Waner seemed to grow up a lot overnight. She held back her tears, smiled at Ye Chen, and then entered the transmission void.

The beauty goes away, leaving only the fragrance curling.

Ye Chen had no choice but to turn back.

Up to now, he can only choose to believe Shentu Waner. Moreover, Ren Feifan has placed a leaf of the giant whale divine tree on Shentu Waner.

It must not be a problem to save your life.

"After staying in the heavenly palace for so long, my cultivation has made a subtle breakthrough. It's time to prepare for crossing the Wuxu realm."

"Whether it's helping Shen Tu Wan'er or solving the problem of Tiangong Shenjiao, I must have strong strength support."

Ye Chen said goodbye to Ren Feifan and entered the reincarnation cemetery, falling into a state of crazy cultivation.

Chapter 6719

He continued to explore in the Wuxu realm. In the sea of consciousness, he seemed to witness 99 severed chains flying together.

He kept asking himself, can he really cut off 99 or 100 shackles when he stepped into the Baijia realm?

Ye Chen took a deep breath, continued to exert himself, constantly honed and solidified his strength.

Behind him, the blood dragon roared, and the looming figure of the giant dragon became stronger and stronger.

With the breakthrough in these two desperate situations, the strength of the blood dragon has risen to a higher level again.

After the cultivation, ye Chen went out of the reincarnation cemetery and stepped through the void to a place.

Ji Siqing left XuanZhen island in a hurry not long ago and went to Ji Lin's place. I'm afraid something happened.

Ye Chen has a bad feeling.

He plans to check Ji Lin's injury.

When seeing Ji Lin, ye Chen frowned slightly, but still said:

"Ji Lin, how are you feeling these days? Is there a more serious causal autophagy? "

Ye Chen habitually touched the little girl's head.

Ji Lin, a clever ghost horse, nodded. Compared with the previous visits by Ye Chen, Ji Lin had some changes.

Become more mature and introverted, and the original smart eyes are also more deep.

The injury in her body still can't be cured. She often has a headache and is in great pain. I'm afraid Ren extraordinary can't see the effect himself.

Ye Chen knew that it didn't have much effect to use the eight trigrams heaven elixir. He could only temporarily order Ji Lin not to deduce the secret of heaven by his nature in the future.

The little girl is really gifted in the divine art of heaven. With the help of Yunding chess, she realized the true meaning of mystery at a young age.

But it is precisely because of this that he suffered the reverse bite of the secret.

Heaven and the universe, the rules are ruthless. Both chaos and starry sky are within the scope of the Tao of heaven.

From ancient chaos to ancient famine, what has changed is the pattern of the world, and the way of heaven has never changed.

Therefore, anyone who tries to spy on the way of heaven will be punished.

Through the ages, no one has been spared.

How many amazing and talented divine talents have been deprived of their divine power because of their indiscriminate deduction of the way of heaven.

How many fortune teller masters died in other places and lost their bones.

All this is a warning.

However, in the eyes of some people, reincarnation beyond the five elements and six Tao seems to be a variable.

As for the extent to which it can be changed, no one can give a guarantee!

During this period, Ren Feifan also came to see Ji Lin many times.

Ye Chen knows that if someone knows that there is a way to help Ji Lin, Ren Feifan must be one of them.

Any extraordinary solution given in the world.

There is a mysterious fruit growing in a forbidden area in the world, which has a miraculous effect on Ji Lin's condition.

Perhaps the only fruit in the world can cure Ji Lin.

"Elder Ren, now our relationship with the ancient emperor of the feather emperor is like water and fire, and the Empress Dowager is eyeing covetously. This time, there will be many difficulties and obstacles!"

Ye Chen worries.

Ren Feifan smiled, indicating that he didn't have to worry.

"I have other important things to do when I go to the world. It's just to help you on the way. You don't have any psychological burden. "

Ren extraordinary's eyes narrowed slightly and seemed to think of something.

Seeing this, ye Chen can't say more.

After Ren Feifan left, ye Chen could only use the spirit tablet in the reincarnation xuanbei and his own blood to dredge the injury in Ji Lin's body.

This is the only way to alleviate Ji Lin's injury.

But I'm afraid it can only help Ji Lin for a short time.

Under the influence of the spirit tablet and the blood of reincarnation, Ji Lin, who had a splitting headache, became much better.

But when she woke up, she looked at Ye Chen.

"What's the matter?"

Ye Chen is a little strange.

Ji Lin thought for a moment and said, "brother Ye Chen, I just seem to have caught a mysterious place from your blood, where there is a strong aura."

"Huh?" Ye Chen looked slightly moved.

What he uses is the supreme reincarnation blood, which has an unparalleled effect in the world.

And reincarnation blood is the strongest card he relies on.

As long as it is related to reincarnation blood, he will spare no effort to find out.

Under Ye Chen's questioning, Ji Lin said what she saw.

Thousands of miles away from here, there is a void hole hidden in the mountains.

The breath connected with reincarnation blood is emitted from there!

"Are you sure you didn't use that means?" Ye Chenning said.

He didn't want Ji Lin to use that means again to break the secret.

Ji Lin shook his head fiercely: "ye force... Brother Ye Chen, in your eyes, am I a person who doesn't even pay attention to my body? This time, I did not deduce the discovery, but a more special situation perception. "

Ye Chen's eyes coagulated and immediately decided to go there to have a look.

Ji Lin wants to deduce a dangerous crisis for ye Chen, but ye Chen stops him.

"Little girl, you are not allowed to use the art of deduction to calculate the dangers and blessings for people in the future, do you understand? In this case, your injury will only be more serious! "

Ye Chen's tone was serious and began to teach a lesson.

Ji Lin stuck out his tongue to show that he knew and recovered his old playfulness.

Ji Siqing naturally heard the conversation between Ye Chen and Ji Lin. she was worried about ye Chen's safety, so she went with him.

Ji Lin also clamored to go, and said he would not deduce Tianji again. If he went with him, he could also use ordinary calculation methods to avoid some risks.

Ye Chen had to promise and take them to the void together.

Chapter 6720

.....

There are lofty mountains, overlapping forests, and uninhabited surging mountains. Only monsters and animals live.

The aura here is not strong, and natural materials and earth treasures are scarce. Martial artists are naturally unwilling to build the sect here.

Ye Chen explored the existence of the empty land by using the virtual Monument and stepped into it.

Not long after entering it, ye Chen can feel the reincarnation blood in his body and boil by himself.

It seems that Ji Lin is right!

The void was dark and barren, and it went down, like entering a huge dark crypt.

At this time, Huang Lao suddenly said, "the things in this are not simple. You have to take it easy."

The reminder of Huang Lao made Ye Chen alert to sudden birth. The spiritual knowledge and Hongmeng starry sky were fully opened, enveloping Ji Siqing and Ji Lin.

"Reincarnation blood has been handed down from ancient times. It is very long ago. Only you in the last life know how many secrets are hidden in the power of blood."

"Although you are the reincarnation of the Lord of reincarnation, some memories have been incomplete. Today may be a good opportunity for you to find some memories."

Huang Lao seems to have seen through something, and his words are euphemistic and circuitous.

Ye Chen was shocked! He knew that even if he saw through the mystery of heaven, he could not say it at will, otherwise he would be condemned by heaven.

"Huang Lao, I don't understand. I know a little." Ye Chen answered with a smile.

He can't be sure of Huang Lao's words.

Huang Lao smiled and fell into silence.

The reincarnation blood in Ye Chen seems to point to the deepest part of the earth.

He adjusted his state and separated a divine consciousness to spread underground, as if he had been there himself. He had a panoramic view of all the situations.

The passage is not very wide and extremely deep. The rock wall is dripping down. The underground world extending in all directions is connected as a whole, and it is divided into Southeast and northwest.

The stones on one side have different shapes.

"Brother Ye Chen seems to be getting closer and closer."

Ji Lin sensed something and whispered.

Ye Chen said yes, he also knew.

Because the reincarnation blood in his body has stopped boiling, emitting a strong desire to devour.

The things in it must be homologous with reincarnation blood!

Thinking of this, ye Chen can't bear the slightest excitement in his heart and speeds up his steps to the bottom.

Walking around a corner, the space in front of me suddenly becomes open. A small pool is located in the center, and the dazzling branches and leaves like the sun flow slowly in the center of the pool, warm and peaceful.

Ye Chen rushed to the pool for the first time. He recognized the things in the pool at a glance.

It is very similar to the reincarnation blood in his body.

Standing here, he had an impulse to become a flying immortal, trembling from his whole body to his soul.

The juice of the pool contains a strong spirit, and even the smell of immortality comes to my face.

The mysterious lines extend around the pool. They are not naturally formed, but rather like an anti heaven means depicted by a rune array master.

A strong intuition tells Ye Chen: jump!

Ye Chen took a deep breath and jumped into the pool along the desire of reincarnation and blood swallowing in his body!

Boom! His ears were like thunder, and his vigorous vitality was like thunder. With the luck of the rules of the road, he suddenly rushed into Ye Chen's body.

Ye Chen was not hurt. Instead, he lost his eyes and swept away the golden cloud. He opened up a valley of valleys and was filled with thick golden essence.

This is the essence of a real immortal family. It contains the supreme power of heaven. It can repair the spirit and nourish the flesh. It is refreshing.

Even Ji Siqing and Ji Lin, who were outside the pool, sat down, and the smell overflowed into the underground cave, which benefited them.

I don't know how long later, ye Chen opened his eyes and some secret wounds in his body healed.

Taoism once said that life is two, two begets three, and three begets all things.

After the golden liquid in the pool fused with his reincarnation blood, it seemed to have endless power. The things in the pool were amazing! It can be called the source of creation.

At this time, ye Chen noticed the abnormality.

At the bottom of the pool, only a thin layer of golden juice remains, and looming cracks are distributed on it.

"Inexplicable rule power..."

Ye Chen spread along the crack to the other side of the cave. Unexpectedly, he found the abnormality.

A golden thread leads over there! There is also golden juice flowing.

The other side of the cave opened and closed, and the signs of Xiaguang showed no more. There were dragons and phoenixes winding around. For a moment, thousands of fantasies were born.

Ye Chen quickly withdrew his mind, and the illusion that appeared in front of him could not stop. This time, the things inside revealed the true face of Lushan.

There is a pure black coffin buried in the cave. The coffin is vertical, half open and half upright, and the palpitating inexplicable power flows around.

The coffin was half broken and incomplete, so it leaned against the wall of the cave. Its appearance was covered with dust and smelled of countless years.

There seemed to be a man in the coffin who made it with interest, but no matter how ye Chen looked, he couldn't see it clearly.

The man was near and far away.

Ye Chen only felt his heart pounding because he felt a shudder inexplicably in his heart.

He strongly resisted the impulse of kneeling and retreated a few steps. At the same time, his reincarnation blood surged in his body, and the overwhelming sense of oppression disappeared a little.

What kind of existence is in the coffin?

The hazy fog dissipated, and ye Chen saw clearly that what sat in the coffin was a tall skeleton. The blood and flesh had already turned into smoke, but a black cloak on his back was well preserved.

Ye Chen was strange. The corpse was silent and seemed to be dead, but there was a faint smell of chaos around him. The heavens seemed to be at his feet, and there were pieces of starry sky around his head.

He sat in the middle, quiet, but like an ancient god.

The owner of the corpse is definitely not an unknown person, but ye Chen searched all the things around him and couldn't find anything to prove his identity.

Maybe it's too old, so it disappeared.

Ye Chen lowered his head and stared at a small box in the hands of the tall bones. The box was dark and the locked part was rusty. He gently held the box and picked it up without hindrance.

The whole box is light and there is nothing unusual.

Ye Chen was sure that the golden thin line extended here, and the end was the box in his hand.

Before ye Chen looked into it carefully, suddenly his heart was agitated. His soul was more like being hooked by something and almost left.

No!

Ye Chen stopped looking at the body with supreme dignity, turned and walked out, roared at the same time, and asked Ji Lin and Ji Siqing to leave quickly.

Ji Lin's voice came from the mouth of the cave, a little anxious.

"Brother Ye Chen, come out quickly. This place is about to collapse!"
