

Physician 6741

Chapter 6741

Then tear the void transmission array and let Shen Tulong come to XuanZhen island to ask Ye Chen for help!

Ye Chen was furious after hearing this.

However, he was not dazzled by anger, but calmly questioned each other's strength.

This time, the Shentu family and the wanxu Temple sent hundreds of people to encircle and suppress.

One of them is a child of the Yuhuang aristocratic family who has just entered the eighth floor of the Baijiao territory, and another is a traitor of the Shentu family, Shentu wenle.

He has outstanding talent and is one of the best talents in the Shentu family, but he has been overwhelmed by Shentu Waner and cannot inherit the inheritance of Wuwei Tianjian.

I'm afraid it's hatred that makes you a traitor.

Ye Chen estimated the combat strength of both sides, and it should not be a problem to enter the country with his current cultivation and deal with the two who had just stepped into the eighth floor at the same time.

But the rest, I'm afraid, have no time to take care of.

XuanZhen saw Ye Chen's worries. He opened his mouth and said faintly, "Lord of reincarnation, I can send several children of XuanZhen family to the battlefield with you to observe and learn and resist the enemy."

Ye Chen thought for a moment and thanked with a fist.

"In this way, I would like to thank the ancestor XuanZhen!"

Shen Tulong also bowed.

Then they set out with more than a dozen XuanZhen ancient disciples who were not weak, and Xiao Yuliang was among them.

He is the leader of the team on this trip. His strength is far from as simple as it looks, which can be a great help.

Ren Feifan was not worried at all. He just asked Ye Chen to disappear and went back to the cave to practice.

.....

At the same time, over some hidden mountain forest, the blood color is diffuse, the human shadow is moving, and the towering blood light drowns here.

A battle broke out in the void in the distance, and a beautiful shadow kept shuttling back and forth to resist the attack of two strong enemies with the Heavenly Sword in his hand.

One of the two was blond, handsome and fierce. With a wave of his palm, all the nearby peaks and emptiness collapsed and rolled away towards the beautiful shadow.

The other man was wearing the standard black robe of the Shentu family. His eyes were as cold as a snake. The sword in his hand was soft and soft, and the angle he used was extremely tricky.

These two are the two most powerful people in the team. Even if they look at the whole world, they are not unknown.

Yuhuang Qiulian of Yuhuang aristocratic family and Shentu wenle of Shentu family.

The former holds the supreme Brahma divine power of the wanxu temple, and has practiced the formula of listing characters to perfection.

The latter is a generation of Tianjiao of Shentu family. Although she has been oppressed by Shentu Wan'er for a long time, her strength is still strong. She obtained the inheritance of tiansnake sword from the ancient relics of Shentu family, making it famous.

Today, these two people are here to take Shen Tu Wan'er down.

"You have no way out. You might as well surrender to our wanxu temple. Maybe you can get a glimmer of life and resist tenaciously. You can only push yourself into a place of eternal doom!"

As soon as the feather emperor Qiu opened his mouth, he looked arrogant and said like a handout.

This tone is a common problem of the children of the Yuhuang family, and it is the same for people facing the outside world.

They were born in the world's most powerful forces, belonging to the direct blood of the ancient emperor Yu Huang. Naturally, they are arrogant and despise everything.

Shen Tu Wan'er, standing on the top of the mountain with a mighty Heavenly Sword in hand, was wearing a red robe. The strong wind blew through her clothes.

But can't blow away the frost on her face.

Seeing Shen Tu Wan'er look like this, Yu Huang Qiu Lian knew that she would never surrender.

"In that case, no wonder we are." The yuhuangqiu smiled grimly, "I kind-hearted want to help you, but you don't appreciate it. I'll show you today. No one can resist my wanxu temple!"

Yuhuangqiu stood still, clenched his fist, raised it high above the sky, and then smashed it down.

The clouds thousands of miles high were suddenly torn apart, the void shook out a gap, the land roared at your feet, countless stones shook, and trees were uprooted.

All the targets are Shen Tu Wan'er.

Yu Huang Qiu Lian's trick is to list words.

The formula of listing characters, in ancient languages, is the meaning of heaven and earth breaking, which can break all emptiness and crush the law of the road.

In today's world, Hong Tianjing, who is imprisoned underground, is the one who can practice the formula to the extreme.

He once used the formula of listing words to forcibly crush Ye Chen and block the Qi machine of his whole body. With one finger, he killed the mountains and rivers and almost hurt Ye Chen's yuan God.

Yu Huang Qiu Lian's formula for listing characters is naturally far inferior to that of Hong Tianjing, but it still has amazing lethality.

This boundary was stirred by the wind and cloud, and the endless rage swept over and pressed on Shen Tu Wan'er's head.

It's frightening to be so powerful.

In the mountains and forests below, the team from yuhuangqiu is constantly destroying the large array built by the Shentu family.

Shen Tu Wan'er realized this great righteous array from Wu Wei's Heavenly Sword. It is integrated with heaven and earth. It has unlimited power by the power of mountains and rivers.

Shen Tu Wan'er let her family and men stay in it, while she went out to deal with the two top experts of Yu Huang Qiu Lian and Shen Tu wenle alone.

Seeing that Shen Tu Wan'er has been defeated many times, the people in the array are worried, but they dare not leave the array easily.

"If there is a large array to guard all the time, we are not afraid of their attack, but this is clearly aimed at miss Wan'er!"

Someone in the array hurriedly said that there were seven or eight people here, all supporters of Shentu Waner school, who followed her to the lower boundary.

"We can't help out! On the contrary, Wan'er has to separate her mind to protect us. Alas, she can only hope that Shen Tulong can bring the rescuers. "

"How can I help you? Under the restriction of the rules of heaven and earth, Tianjun and Laozu dare not make a move easily. Who else can save miss Wan'er? "

“.....”

On the battlefield in the far sky, a towering vision broke out behind the Yuhuang Qiulian, which was powerful and groundbreaking.

He pointed to the front with both hands. The dazzling fighting light became extremely terrible. It seemed that endless pouring water came down from the abyss to swallow Shentu Waner.

Shentu Waner flew up and threw away the Wuwei Heavenly Sword in her hand.

The mountain rain is coming, and the wind is full of buildings. She needs to make all the preparations.

But at this time, under the dignified atmosphere, the silver cold light came suddenly.

Shen Tu Wan'er glanced at the corner of her eyes and snorted coldly. The black defense array surged from where she had just stood and surrounded her, blocking the cold silver light.

"Shentu wenle, after all these years, you still haven't changed. You still look like a sneaky dog."

Shen Tu Wan'er said sarcastically.

Chapter 6742

The silver light quickly faded, turned into a long sword and returned to Shentu wenle's hand.

"Ha ha, thank you for your praise, but all this is thanks to you. If you didn't press me everywhere and steal all my limelight, why would I fall here?"

When Shentu wenle said this, a look of pain flashed in his eyes, but he soon recovered.

On his face, there was the pleasure of revenge.

The earth shaking formula of listing words has arrived. Shen Tu Wan'er has no time to pay attention to Shen Tu's literary music, but she has to guard against it.

It's distracting.

"Supreme xuanbing palm!"

Instead of using Wuwei Heavenly Sword, she used her previous unique skills. The power of the cold ice gathered all over the sky. The spirit roared between heaven and earth, and immediately turned the whole mountain forest into a frost color.

The brilliance containing the law of cold ice converged on her palm.

The temperature of the whole mountain forest fell to the freezing point in an instant, just like the arrival of the ice age.

When the air condenses to a certain temperature, snowflakes are produced.

Flakes of snow fall on the mountain forest, and soon the mountain forest is covered with snow.

The most fierce is the empty palm print gathered by the snowflakes all over the sky, which forcibly shakes the formula of listing words with an incomparably strong posture.

Boom!

The two collide with each other, causing countless space ripples, dense and extremely powerful lethality.

In the gap between the snowflakes flying all over the sky, the silver white sword light with the same color as the snowflakes flickered again.

This time, the sword light didn't leave its hand. It was wrapped with a strong killing intention, like a poisonous snake that took a chance in the mountains and forests.

Of course, Shentu Waner noticed the attack of the poisonous snake sword light. As soon as she gritted her teeth and turned back, she could only give up the Lingli confrontation with yuhuangqiu.

In this way, she also suffered a reverse bite and couldn't help spitting out a mouthful of blood.

"What? Is that what the so-called saint of Shentu family can do? "

The feather emperor Qiu Lian grinned and his eyes were filled with fierce light.

He took another step forward, and the unparalleled domineering spirit of the Chinese character formula rose to the sky and broke out to the extreme.

Boom!

The sky couldn't bear such heavy pressure. The fragments of the void fell one after another, and the stars outside turned into burning flames, stabbing people's eyes.

The stars fall, the sky falls and the earth falls. The power of the formula is so terrible.

Shen Tu Wan'er clenched her silver teeth and looked unwilling.

She was wounded while peeping into the secret of Wuwei Tianjian and has not recovered so far.

If there is no traitor in the team, give her a little more time, she will recover as before, and even greatly increase her divine consciousness.

Unfortunately, there is no if!

Now she is very difficult to deal with yuhuangqiu alone, not to mention Shentu wenle, a family traitor who is eyeing in the dark.

Shen Tu Wan'er knew very well that in the face of the joint attack of the two men, she had no room for maneuver and could only fight to the death.

The terrible star flame hit Shen Tu Wan'er's head.

The space behind her crumbled and collapsed in an instant.

"Go!"

Shentu Wan'er gave a soft drink, and xuanbing's palms rushed out again, like a sharp spear, stabbing out one ice shield after another to block the burning stars.

Shen Tu Wan'er carried the burning star hard in order not to let it fall into the mountains and forests below.

There are her companions and people!

Even if a large array of mountains and rivers is set up, it will disappear under the violent impact of the stars.

So she can't flinch.

She looked firm, her robes were flaming, and a trace of blood slowly seeped from the corners of her mouth.

In the large array, the Shentu family saw this scene, their eyes flushed and shouted angrily.

"Damn it! When I come out, I must skin you traitors! "

"Shameless, hateful! This is what the wanxu temple does. It's really chilling! "

"Miss Wan'er, let's surrender. Please don't hold on any longer."

Two young girls of Shentu family in the array burst into tears.

Shen Tu Wan'er turned back and smiled at them.

"Be careful!"

There was a loud exclamation below.

After the burning stars split, a silver sword light rushed along the gap, seamlessly connected, and almost achieved the ultimate sneak attack.

The snake's long sword bit and penetrated Shen Tu Wan'er's chest.

Suddenly blood splashed. Shen Tu Wan'er lost her ability to walk in the air and fell towards the mountains and forests below.

"Wan'er!"

"Miss!"

“.....”

Shen Tu Wan'er could not hear the cry.

She fell into darkness.

The darkness without light surrounded her. After the void rules broke, she fell into chaos.

The chaos was like a swamp that killed people. The slowly surging darkness was like mud, which slowly swallowed her and shrouded her.

She didn't know when she would wake up.

Is it all over?

The mother has not been rescued, the traitor of the family has not been eliminated, and the Revenge of the wanxu temple has not been repaid.

The most reluctant thing is the feeling in the depths of my heart.

Shen Tu Wan'er's thoughts gradually frozen.

She's tired. She really can't hold on.

The eyelids became extremely heavy.

At this time, there seemed to be something shining faintly.

Shen Tu Wan'er struggled to open her eyes and wanted to see clearly.

That's a light!

The light is more and more dazzling, even to the extent of shining.

Chapter 6743

In the roaring gap, a wind was as fast as a meteor. At the moment she came into contact with the dark swamp, the invisible shock force opened a gap in the darkness.

Then a powerful big hand wrapped around her waist and swam upward.

Shen Tu Wan'er's eyes were dim. She could only see an indifferent and handsome face around her.

When the endless darkness was about to close, a human shadow rushed out, waved a sword and cut off countless pairs of ghost hands extending from the darkness.

That man is Ye Chen! And in his arms was Shen Tu Wan'er.

The fragments of rules all over the sky, like brave soldiers, constantly attack him.

However, under the shadow of the sword light of Longyuan Tianjian, it all turned into ashes.

Ye Chen came to the top of the big array and lifted his sword to crack it.

"The array connected with heaven and earth can protect people, but you are also bound. If you don't remove it as soon as possible, your strength will decline."

Ye Chen explained a few words and slowly put Shen Tu Wan'er on a soft grass.

Behind him were dozens of XuanZhen ancient disciples.

Xiao Yuliang is leading several people to fight with yuhuangqiu, while several other XuanZhen disciples work together to hold Shentu wenle down.

Ye Chen had a chance to save Shen Tu Wan'er.

"Thank you... You should be the Lord of reincarnation."

A disciple of Shentu family came up and asked.

Ye Chen nodded, and then put her eyes on a man who leaned against the tree and had a listless breath.

The man's true cultivation realm was in the later stage of Baijia realm. I don't know why, now it's even difficult to move.

"Lord of reincarnation, Shentu Dayu is the strongest among us. He escorted miss Wan'er to the lower world all the way. But the damn traitor poisoned him before he left! He can't use half his strength now. "

There was a man nearby, very angry.

Ye Chen nodded to show understanding.

It is indeed expected that the traitor will use such means.

He squatted down and grabbed Shentu Dayu's hand. He found that his breath was extremely disordered, with a rampant black light.

It must be that the black light was a toxin, which disturbed the spiritual power operation of Shentu Daewoo.

His reincarnation blood covered the body surface of Shentu Daewoo. The terrible temperature could burn those toxins through the skin.

Soon he turned around and charged several people, then he killed into the battlefield.

Ye Chen was angry and clapped his hand to the sky. The Longyuan Heavenly Sword suspended in the air also shuttled past, like a round of brilliant flames.

Ye Chen himself is like a God, surrounded by stars.

Those who dare to touch him are dying!

Facing the stormy attack of Yu Huang Qiu Lian, Xiao Yuliang can only defend passively and support hard.

The young strong men from the supreme world are indeed extraordinary. Both the power of the spirit and the means of attack are more than one notch higher.

"I'll deal with him. You go there and drag the guy who uses the silver snake sword."

Bang!

The sound of the handover of gold and iron sounded violently, and suddenly sparks splashed, rising up, and endless storms overturned the mountains and forests.

"Good!"

Xiao Yuliang immediately fled away and dealt with Shentu wenle with several XuanZhen children.

It is extremely difficult for them to kill Shentu wenle, but they are sure to delay for a while.

Xiao Yuliang also wants to try what the genius of the world looks like.

The feather emperor Qiu Lian was slightly stunned when he saw that the visitor was Ye Chen, but then he showed a bloodthirsty smile.

The great name of the Lord of reincarnation has long been passed back to the world. The ancient emperor Yu Huang sent people to fight many times, but he returned in vain and let him severely hit the face of the wanxu temple.

Ye Chen has already become the person that many children of the feather emperor family vowed to defeat.

He Yu Huangqiu company was ordered to come here just to pursue the remaining sins of the Shentu family.

Compared with the previous yuhuangze and yuhuangqingshu, the strength of yuhuangqiu company is several grades higher.

He didn't pay attention to Ye Chen.

The strength of the eight layers of the hundred flail realm is nothing in the Taishang world, but in this place, it is enough for him to stand out from the crowd.

"Lord of reincarnation, you have made great achievements in the lower world. If you meet me today, your good days will come to an end."

The feather emperor Qiu Lian grinned and showed his white sharp teeth.

Judging from his teeth, Yuhuang Qiulian is not a strong human with pure blood!

Ye Chen's figure stood in the air. He looked indifferent and looked at Yu Huang Qiu Lian as if he were looking at a dead man.

If someone familiar with Ye Chen is here, he will know that ye Chen is angry at the moment.

Under the calm appearance, there is a towering volcano about to erupt.

"If you want to die so much, I can help you."

Ye Chen had only one word to respond.

The feather emperor Qiu Lian couldn't help laughing wildly when he heard the speech.

This is the funniest joke he has ever heard since he became famous.

Ye Chen's eyes are full of murderous intention, and his eyes to Yu Huang Qiu Lian become very fierce.

"The way of water stop!"

"The sun is shining!"

Long Yuantian roared and soared up. The boundless sword Qi was extracted from the stars, piercing the chaos and tearing the sky.

The burning sun releases incomparably hot light, and the divine light is filled in the surging flames.

Ye Chen used two big moves one after another, one ring after another, destroying the sky and the earth, and breaking the mountains and rivers.

The yuhuangqiu company urges the endless star river sky behind, and the fists and palms roar together. The power of the formula of listing words shows no more, carrying the breath of the abyss of terror.

It shook the sky and cracked the earth, but so it was.

Ye Chen continued to wave his sword after adding two moves.

"Six samsara array, open!"

He started the battle without expression.

Nine days concussion, ten thunder, reincarnation.

A reincarnation heaven world covered the whole sky under the package of endless blood light.

In the reincarnation world, the scenes of all worlds are included. Countless ancient emperors and ancient giants roared up to the sky and shook the heaven and earth.

The people who fought in the distance looked sideways and were stunned by the shocking and invincible scene.

Yuhuangqiu didn't even think that ye Chen would trigger such a strange phenomenon as soon as he took a shot. He calmly retreated two steps, the invisible barrier condensed in front of him, and increased the strength of his fist and palm at the same time.

The roaring sound was heard all the time, such as crashing into Ye Chen.

Ye Chen's face did not change. He also practiced Brahma's divine power and knew the power of the formula.

The so-called six correspond to five elements.

The seven stars match the eight trigrams.

Yin and yang are black and white.

Last time, he summoned six rounds of return, inlaid six source symbols on them, and erupted into supreme authority.

The six samsara array has received new blessings!

This time, he will transform it!

Chapter 6744

The six ways of reincarnation are heaven humanity, humanity, beast, Asura, hungry ghost and hell.

Heaven humanity, corresponding to Geng Jinyuan symbol, represents the golden light of heaven and man, magnificent and vast.

Humanity, corresponding to the light source symbol, represents the greatness of light and the eternal existence of humanity.

Animal way, corresponding to the dark source symbol, represents animal disaster and dark destruction.

Ashura Road, corresponding to thunder source symbol, represents magic power, such as thunder destroying the world.

The hungry ghost Road, corresponding to the highly toxic source symbol, represents the hungry ghost howling and poisonous forever.

Hell Road, corresponding to wutuyuan symbol, represents the Tibetan world and will never die.

Six ways in one, destroy the sky and destroy the earth, ghosts and gods cry, and immortals avoid.

This time, ye Chen did not sacrifice the source symbol again.

It's not necessary to deal with a mere feather emperor Qiu company.

Blood color appeared in his pupils, and some of the reincarnation blood vessels in his body rioted.

Raise your finger, the reincarnation blood gushes out of it, and all of them enter the Tao lines of the six round return, and quickly integrate with it.

A variety of visions appeared, and a thick evil spirit rose into the sky.

The six different Tao evolved into the void region of six different parts.

No matter how arrogant and stupid yuhuangqiu is, he can feel the ancient energy contained in it, and he has almost reached the peak of darkness.

For the first time there was fear in his heart.

"I said, those who dare to hurt me must pay a price."

Ye Chen's cold voice, without any emotional color.

It was too late for yuhuangqiu to regret. He had just stepped into the area controlled by the six wheel return. Now he was surrounded by nothingness, surrounded by darkness, and countless evil spirits howled. Asura came with a knife.

He has faced countless enemies from small to large. This time, he really felt his inner fear.

"Stop playing tricks here! Look at me! I've smashed you! "

The feather emperor's mound dances with blond hair and is as strong as crazy. It directly uses the original power in the body to burst out the vast power to tear apart the stars.

The mysterious runes of the Lie Zi Jue are endless, like a long river across the starry sky, mobilizing the power in his body.

One punch, break the ages, smash the heaven and earth, and the wild power is endless!

Ye Chen sneered at this.

If I let you out of trouble today, I will waste the reputation of the Lord of reincarnation!

As soon as ye Chen grasped the palm of his hand, the strength of reincarnation blood burst out, as if there was a bloody road to the sky, pointing to the clouds, brewing to the extreme, you can break everything.

The six way round is running wildly and constantly turbulent. The reincarnation blood gives it the most unparalleled explosive power.

At this moment, the heavens and all boundaries were torn apart, and the sun, moon and stars crashed one after another.

Ye Chen's reincarnation blood is burning wantonly. At this time, he is not just fighting for Shen Tu Wan'er.

It is also a declaration of a new round of challenges to the feather emperor.

I want to defeat you, the ancient emperor, not these young people!

The magnificent Dharma phase rings the bell between heaven and earth and carries out the ancient and modern Dharma.

While his reincarnation blood was burning, the reincarnation holy soul heaven in Ye Chen also separated a trace of power and injected it into the reincarnation blood.

Although he is only a layer of heaven in the Taizhen realm, many spells and magical powers are added, and his real combat power is enough to rival most of the strong ones in the Baijia realm!

Ye Chen stands in the air with indifferent and rebellious eyes.

He raised his head, and the virtual shadow of a blood dragon slowly enlarged in the pupil until it was completely formed.

The blood dragon was entrenched behind him, and with the majestic Buddhism and Taoism, the glow was boundless and invincible.

The majestic breath of reincarnation is like the imperial edict of the coming of the world. The way of heaven opens up a way for it, which will last forever.

In front of the eternal samsara Avenue, all people and things, all kinds of gods, Buddhas, ghosts, demons and monsters are a drop in the ocean.

The reincarnation power of immortality pierced through the ancient firmaments in the small world, and all creatures surrendered and worshipped.

The ancient emperor, the demon emperor, bowed his head and became a minister.

Ferocious and cruel wild beasts, crawling and trembling.

Ye Chen's whole body was shrouded in a faint brilliance. It was the interweaving of reincarnation and destiny. The ninth reincarnation, even if fate was entangled, was broken at the moment.

Reincarnation is flourishing, hot as a golden day, shining on ancient and modern times, brushing the heaven and earth, and ye Chen's body is gradually integrated with reincarnation.

The blood of reincarnation, the six heaven of reincarnation.

The true meaning of the utmost Avenue, at this moment, the edge is present, arbitrary forever, and I am holy alone!

Yuhuangqiu company was in the light of today's light. His eyes were frightened and he couldn't move.

His proud formula was also burned and turned into dust in fireworks.

Boom!

The golden day of reincarnation engulfed the yuhuangqiu company, and the people of the world close to each other could not escape and were burned to ashes.

Screams and shouts continued.

And this reincarnation blood is still under Ye Chen's control. For his own people, they are divided into a golden package to protect them from infringement.

In an instant, the arrogant yuhuangqiu company has disappeared into dust.

Along with those who came with him, the people in the wanxu temple and the traitors of the Shentu family were also killed.

The power of reincarnation is unstoppable.

The gang of people who followed Shen Tu Wan'er were stunned. They looked up at the sky in a daze and looked a little confused.

In their eyes, the invincible enemy was killed by Ye Chen.

A mountain in the distance waved a silver snake sword and stunned Shentu wenle, who defeated Xiao Yuliang and others.

It's over, it's all over.

There was only one thought in his mind.

Suddenly his body shook.

Because a fierce look looked at him.

Run!

This was the first thought in Shentu wenle's heart.

He also put it into action.

He is not as arrogant as Yu Huang Qiu Lian.

Shentu wenle has his own judgment on the current situation. The big husband can bend and stretch. It's a big deal to make a comeback.

When the Shentu family was at a disadvantage, he thought he would abandon the secret and turn to the bright and belong to the wanxu temple.

Now that yuhuangqiu has been defeated in a row, he should hurry and slip away, and fools will rush up to fight foolishly.

The so-called "die a friend, never die a poor man", the philosophy of life and the way of shrinking have been thoroughly studied by Shen Tu's literary and music studies.

What's more, his strength of these eight layers of heaven is virtual. It is completely piled up by natural materials and earth treasures, which can't be compared with yuhuangqiu!

As soon as he escaped, Xiao Yuliang and others could not stop him.

But will ye Chen let him do it?

"I want to go! No way! "

With a wave of Ye Chen's hand, the virtual spirit pulse was used, and the reincarnation force remaining in the space crack churned endlessly, locking all the escape channels.

Every reincarnation fragment carries the Qi of killing and cutting.

"Ouch..."

A man fell from the void. It was Shen Tu wenle with the silver snake sword!

Chapter 6745

He fell to the ground and hit a big hole, but there was no time to shout pain.

Twenty or thirty people gathered around him and packed him up. All of them showed their fierce eyes.

Shentu wenle was anxious and looked up again. In his eyes, the terrible Lord of reincarnation came slowly.

Just when they thought Shentu wenle would fight to the death, Shentu wenle threw away the silver snake sword in his hand, knelt on the ground, folded his hands and begged for mercy.

"Lord of reincarnation, master Wan'er, and all of you, I was forced! The people in the wanxu Temple threatened to kill me if I didn't surrender. I endured humiliation and burden for today! Even if the reincarnation Lord doesn't come, I will sneak attack the Yuhuang Qiu company at the last minute to keep the Waner young Lord. "

Shentu wenle was full of lies, opened his mouth, and his face was full of prayer.

Everyone in the Shentu family looked at him coldly.

Xiao Yuliang stood aside with the children of XuanZhen ancient family, watching the excitement.

Shentu wenle had no choice but to surrender. What he practiced was close combat magic. His magic power and treasures were slightly weak.

In addition, there is no momentum now, and we can't fight the enemy at all.

Ye Chen just glanced at him faintly, didn't talk much, and set a space ban around him.

Before long, Shen Tu Wan'er woke up.

She was held in her arms by Ye Chen in public until she opened her beautiful eyes and saw Ye Chen's beautiful face. She screamed and hurried to sit upright.

"Wake up?"

Ye Chen smiled.

Shen Tu Wan'er blushed and nodded.

Her eyes looked around, and the people of Shentu family looked here intentionally or unintentionally, as if they were holding back a smile.

Shen Tu Wan'er rolled her eyes, flew up, looked around and was surprised to find that Shen Tu wenle was sealed.

Then she heard the cause and effect from her fellow countrymen.

For a time, he looked complex and didn't know how to express it.

"I didn't kill this man. I want you to wake up and confirm whether he is still useful to you? If it's useless, you don't need to keep it. "

Ye Chen's eyes coagulated slightly, and the power of Longyuan Tianjian appeared.

As long as Shentu Wan'er's words, he can immediately kill Shentu wenle.

It's just a martial artist in the empty hundred flail territory with eight layers of heaven, and he's still a heresy.

Not worth mentioning.

Shentu wenle was frightened and begged for mercy.

Shen Tu Wan'er hesitated for a moment.

In her heart, she hated Shentu wenle, a traitor.

Betrayed the family for one's own personal gain, causing the people to fall into deep water.

But from another point of view, he is also useful.

"Leave his life. After returning to the world, I still need him to lead us to find the remaining imprisoned people."

Shentu Wan'er finally chose to let go temporarily.

"OK."

Ye Chen nodded. Before Shentu wenle was overjoyed, he drew a sword, and a little blood light integrated into Shentu wenle's body, cutting off his meridians and collecting all his internal power.

The silver snake sword, which was extremely evil, was also absorbed by Ye Chen and thrown into the Yellow Spring picture.

"Well, now you can take him on the road."

Ye Chen looked at Shentu wenle with dead gray eyes and said.

Everyone in the Shentu family was very happy, especially Ye Chen, but he took great pains to ask for help.

Next, Shentu Waner returned to the world with her people.

The sound of heaven is vast, and the channel of the world is gradually closed.

Ye Chen stared at the foreign stars, pondered for a long time, turned and left.

He will eventually kill the world, come in an invincible posture, uproot the wanxu temple and end this cruel rule!

But not now.

He still has a lot to do here.

.....

Ye Chen returned to XuanZhen island. According to the current situation, he knew that the quiet days on XuanZhen island would never return.

Ren Feifan is still practicing in the depths of XuanZhen Island, laying down layers of prohibitions.

His breath is so strong that the heaven of darkness and sea prohibition cannot be suppressed, so he can only rely on special means.

In this way, a few days later, ye Chen stayed in the cave to deduce the way of heaven and enhance her strength.

At present, the absolute authority of tianxuexin in Tiangong postponed the time of the conference, but left him enough time.

But ye Chen knows he can't take it off for too long.

It's up to him to solve the matter.

Suddenly, ye Chen heard someone knocking outside the cave.

It's Ren Feifan.

"Ye Chen, I always feel uneasy through perception recently. Something big will happen. We need to be fully prepared to deal with emergencies!"

Ye Chen nodded solemnly.

meanwhile.

Far away from XuanZhen island.

In a cave filled with night.

It's dark all day. It's terrible, powerful and majestic.

Hong Tianjing has been detained here for many years.

Above this sealed land is a sea of flame and magma, with heat waves and extremely high temperatures.

Even the ancient fierce beast can't pass through it.

What I stepped on was a very cold place. The ice field was thousands of miles away. The frost was biting. The cold wind blew past, making people tremble.

Hong Tianjing was trapped here and took turns to suffer from the double heaven of ice and fire.

Ice and fire are not real, but the forbidden array arranged by the supreme goddess when she sealed him.

According to the words of the supreme daughter, it is to increase the fun of Hong Tianjing's life in this underground prison.

Chapter 6746

Over the years, the repetition has not changed, and Hong Tianjing has long been numb in his heart.

A few years, for him, was just a flick of his fingers.

But if he stayed here for one day, he would have to endure another day's torture, which he resisted from the bottom of his heart.

I don't know how long it took, even time stagnated, and the circulation of Qi was frozen.

Trapped by heavy chains, Hong Tianjing suddenly raised his head.

Because footsteps came from the entrance of the cave, calm and calm. It seems that they came prepared rather than found by accident.

"Who?"

Hong Tianjing drank in a low voice.

No one answered.

But Hong Tianjing seemed to feel something, and his eyes staring at the hole never stopped.

"Whoever comes, report your name. Don't be a nameless rat."

Hong Tianjing sneered.

After a while, a laugh finally came from the side of the entrance of the critical prison.

"Hong Tianjing, how have you been these years?"

ask while knowing the answer!

How can Hong Tianjing not be angry.

But when he saw the visitor clearly, he fell into silence again.

Behind the silence, there are thousands of surprises.

"Why, don't you welcome me?"

It was a man in black who came here. It looked like he was in his thirties. Of course, his cultivation reached this level. Long live the old monster.

His face was white and his body was thin. His palms were extremely long. They seemed to be made of jade outside the sky. He could tear open the heaven and earth and catch the stars in his breath.

Looking at his eyes again, endless Ancient Rhymes and vicissitudes flow among them, which vaguely confirms the avenue of heaven and earth, revealing countless ancient.

"Hehe, of course you are welcome, but I didn't expect it to be you. Why, the injury you suffered in that war has recovered?"

Hong Tianjing raised his head and looked directly at the white man.

The white man shook his head and said, "Your Highness the feather emperor sent me. I wish you escape here."

Hearing this, the brilliance in Hong Tianjing's eyes was much brighter than before.

"The feather emperor is unparalleled. You can make it clear that the prohibition was brought to me by Ren tiannv herself."

Hong Tianjing called him an unparalleled feather emperor.

People in the new era may not have heard much of this name, but if it is placed in the old era, it can be called thunderous and unparalleled in the world.

Yu Huang is unparalleled. He is one of the ancient elders of the wanxu temple. In the Amazing World War I that overthrew the old lord, one man killed hundreds of leaders of tianwu immortal sect.

That time, blood flowed across the sky, and the remnant of the gods drifted into the universe.

The feather emperor unparalleled also fell the title of killing God. When the enemy mentioned him, his face changed.

After the end of the war, many meritorious veterans chose to sleep behind closed doors, first to heal their wounds, and second to break through and touch the legendary extreme.

The feather emperor must have made up his mind to send him to the place where Hong Tianjing was detained.

Save Hong Tianjing anyway.

Of course, Hong Tianjing can clearly distinguish the interests.

He asked, "what artifact are you going to use to break the ban set by the transferred goddess?"

The feather emperor smiled and saw countless stars emerging from the darkness.

These stars are connected together, rumbling, moving heaven and earth, and bursting out extremely bright and hot bright light.

Hong Tianjing had recognized what it was, and his heart was shocked beyond measure.

Yuhuang unparalleled brought the compass in the Xingluo chess array.

Xingluo chess array is divided into nine directions and three cores, of which the heaven and earth compass is one of the cores.

The power it contains is far more than just forming an array and fighting.

Hong Tianjing is well aware that if it were not blocked by the heavenly way of the world, the star Luo chess array can integrate the power of countless star domains to create an invincible new domain beyond the world.

Cultivation is like traveling thousands of miles a day. Maybe it's no longer nonsense.

The core of that core, the existence of guiding direction, is the compass of heaven and earth.

Then, the nothingness disappeared completely, as if hiding in another virtual space-time.

This lasted a whole day.

Space ripples flooded again, and a tall figure stepped out and stepped on the void.

He was as strong as an ancient giant, with a bronze bell staring at him, and an endless sea of blood slowly emerged behind him.

This person is Hong Tianjing after getting out of trouble!

"You go back to the world first, and I'll go to the inner earth."

"Well, don't forget the reincarnation Lord. As soon as Ren extraordinary leaves, you can take action."

"I see."

.....

meanwhile.

Far away, Ren extraordinary.

Suddenly opened his eyes.

He directly tore the void with one hand, crossed several space shackles and came to a space.

There are waterfalls and flying springs, but there is no mysterious cave covered by weeds.

"He got out of trouble earlier than I expected. Has anything changed?"

Ren Feifan frowned and tried to deduce the secret.

But the direction to the past is shrouded in a hazy nothingness.

Someone is interfering with the secret.

He turned back and came to the place where ye Chen in XuanZhen island was located.

Ye Chenzheng, holding Longyuan Heavenly Sword in his left hand and disaster Heavenly Sword in his right hand, practiced a sword of water stop in the endless sea area.

Two distinct and extremely violent sword Qi fuse together and set off ten thousand waves.

Seeing Ren Feifan, ye Chen immediately stopped and waved his sword.

Ren Feifan tells Ye Chen about Hong Tianjing's rescue.

When ye Chen heard the speech, his face changed greatly.

This is not a small thing!

Hong Tianjing is very powerful and insidious. He doesn't know what he will do.

The people around Ye Chen, except Ren extraordinary, are all dangerous.

"Elder Ren, can you deduce where he is going?"

Ye Chen immediately asked.

Ren Feifan shook his head.

"It should be the feather emperor who blocked the secret."

Ye Chen pondered for a long time and finally gave a proposal.

What is the most dangerous place to deduce this period of time.

Ren Feifan actually thought of this, but he wanted to exercise Ye Chen, so he didn't say it.

Geocentric domain

Ren Feifan blurted out a few words and looked at Ye Chen.

Both understand.

The so-called danger may point to the Lord of the ruling.

The remote geocentric region set off a turbulent wave some time ago.

But in the end, with the departure of the Lord of reincarnation, it gradually returned to peace.

The once ruler of the inner earth, the ruling sanctuary at the level of Big Mac, has lost its former glory.

The Holy Church of adjudication established by the Lord of adjudication is on the heads of three families, including the Mo family, for thousands of years.

As the spirit of the Church of judgment, the Lord of judgment naturally has unique power.

And there are countless ties with the wanxu temple.

For ye Chen, the Lord of judgment was once a powerful man. His strength was the heart of Jedi. Coupled with the holy kingdom he built himself, he was incomparably powerful.

Chapter 6747

The ruling Lord once became a nightmare for all families in the inner earth.

Ye Chen recalls the past and shakes her head with a smile.

The last time he met with the ruling Lord was a long time ago. At that time, the ruling Lord had lost his pride and came to mediate.

Seeing that the mediation failed, he left again.

At that time, ye Chen already had the capital to compete with the injured judge.

What's more, he has traveled around the dark forbidden sea, experienced many life and death duels, and his strength has improved by leaps and bounds.

I'm afraid Hong Tianjing's interest in the Lord of the ruling is still due to his special nature.

As the magic weapon of the ancestors of wanxu, the Lord of the ruling is actually unfathomable and knows many ancient secrets.

They went all the way to the place where the judge was located.

The judges have always been secretive and unpredictable. They can only determine the general scope.

At this time, at the bottom of the earth's core, a huge city is hidden. If you probe from the sea level, you can't find the trace of the huge city at all.

There are many sea animals patrolling around, like patrolling and guarding.

This huge city seems to stay in the darkness and chaos, and its breath completely converges. Only countless chaotic forces surge on the wall.

There was a man at the head of the city who was the judge.

Since the last World War, the ruling Lord has chosen to keep a low profile and move the holy kingdom to this uninhabited sea area.

This approach has opened up a new state of mind for him.

He enjoyed staying here more and more.

Quiet, peaceful and beautiful.

No one can imagine that the Lord of decisions, who has always tried to dominate the country and cruel means, will one day yearn for peace and beauty.

However, this is only the temporary wish of the ruling Lord.

You should come or you have to come.

In a short moment, the originally quiet sea level was torn open, and hot magma poured in and filled the crack.

It also turned this calm, beautiful and peaceful sea area into a sea of purgatory fire.

The judge raised his head fiercely and his heart jumped wildly.

Thick ominous omens filled my heart.

"I found it after all. It seems that you haven't hidden deep enough, old friend. Do you remember me?"

The voice of old Yin and evil sounded from the air, which scattered all the cruising sea animals and made them flee in a hurry.

An evil face was reflected in the sky at sea level. When the judge saw its appearance, he felt a little heavy.

Hong Tianjing!

How could he not know?

This guy has been fighting for the feather emperor since the Taigu period, destroying many positions of tianwuxianmen.

Hong Tianjing's strength is not necessarily the most powerful, but his heart must be the most ruthless one!

"I didn't expect you to get out of trouble one day."

The ruling Lord hummed coldly.

He pretended to be calm, but in fact there was a thick flame at the bottom of the holy kingdom.

Be ready to get out of here!

"I didn't think of it myself. Hehe, since my old friend is here, come up and have a cup of tea."

"What if I say no?"

"No?" Hong Tianjing's eyes narrowed slightly, surging with dangerous light.

He raised his hand and slapped it fiercely at the sea level. Suddenly, the tsunami surged, and tens of thousands of miles of the sky was cloudy and dark.

The Lord of the judgment burst into a blazing light of the Holy Church and immediately surrounded the whole holy kingdom.

The endless void opened a hole.

The holy Kingdom stepped into the chaotic sea in the void and was ready to escape.

But the whirlpool black hole above the city suddenly took shape, and a finger stretched out from it, silencing the world.

That finger seemed to contain ancient savage power, and the holy kingdom was fixed with one finger.

The judge was furious.

"Hong Tianjing, what do you want to do? If you want to destroy me, be ready to die. The feather emperor will not let you go. "

Hong Tianjing didn't answer and continued to probe the giant finger.

The abyss at the bottom of the sea cracked a huge gap and spread downward.

This refers to the power that ordinary boundaries simply can't bear.

"I just want to get something from you. Kill you? I'm not interested in that. "

The Lord of judgment wielded his magic power and sacrificed a big world, in which the dark soul roared madly and stretched out a huge claw to shake the star river.

However, under the oppression of the towering giant finger, the dark soul did not last long and was submerged in the dust.

In the void, the space ripple was slowly turbulent. A moment later, Hong Tianjing's body emerged.

"Old friend, you are still as stubborn and stubborn as before. There is also a reason why the ancestor of wanxu doesn't take you to the world, otherwise you will become the second Ren tiannv sooner or later."

Hong Tianjing spoke in the void, pinching and exploding all the auras around the holy Kingdom, causing a billowing wave on the whole sea level.

The Lord of the ruling insisted that he was still in the recovery period of strength and had the cultivation of nine layers of baijiajing, but it was still not enough compared with his previous cultivation.

Although the situation fell into a disadvantage, the Lord of the ruling was very hard and merciless.

"What about becoming Ren tiannv? You're still sealed in a dark place by Ren tiannv. You haven't seen the sun for so many years."

The judge's face was ironic.

Hong Tianjing's face sank.

It seems that this guy is toasting and drinking.

"Stay here at the bottom of the sea and I will take the judgment church away."

Hong Tianjing's tone is cold without any emotional color.

The ruling Lord was shocked. If Hong Tianjing really took away the ruling temple, how could he survive?

Chapter 6748

The holy kingdom can be regarded as the condensate of the judgment church. Although it is different from the previous holy Kingdom, it is not so different.

The door of the country opened and soldiers in silver armor rushed out.

They are majestic with hundreds of soldiers.

The kingdom of heaven seemed to come to this sea again, and the Lord of judgment, who had been silent for many years, used this move again.

"Do you think this trick is useful to me?"

Hong Tianjing's disdainful laughter spread all over the country, sweeping many soldiers of the kingdom of heaven into ashes.

Then, the generals came out, and the weapons were filled with towering ferocity. Even if they were strongly crushed by that finger, they threw out their shields at the last minute and built a magnificent city wall.

Hong Tianjing's giant finger stands in the air with amazing momentum. A steady stream of visions emerge around him, such as demons, ghosts, evil spirits and evil ancient beasts, which appear one by one and vibrate constantly. It looks like it is about to break through the cage of time and space.

The four gates of the holy kingdom were completely opened, and countless Temple generals rushed forward and followed, fearing life and death.

However, after all, he could not resist the power of Hong Tianjing.

Far from the sea, Hong Tianjing stood with his hands on his back, looked far away, and gently spit out a word in his mouth.

"Broken!"

Brahma's divine skill is to list words.

Hong Tianjing urged the power of the formula to the extreme. He saw that all the mysterious runes surrounding the giant finger collapsed and loosened, but the fierce light remained unabated.

Even separated from his big finger, he became a ferocious beast.

"Swallow them for me. These are good nourishments."

At the command of Hong Tianjing, those illusory giants seemed to understand and rushed forward, like transit locusts, talking and numbing.

Under the impact of such a torrent of beasts, the soldiers of the holy Kingdom soon became fragmented and incomplete, and even the light of the holy kingdom was dimmed.

The Lord of judgment hid in a dark corner, took a deep breath, tore the void, and was ready to abandon the city and escape.

But unexpectedly, the space has long been blocked.

"Go? Where can you go? "

Hong Tianjing's figure slowly emerged. He was tall, strong and dignified. He stood there like a mountain blocking the sky and the sun.

The Lord of the ruling burst out a glorious light, intertwined with the rolling evil spirit, and the ancient totems crisscross, even temporarily resisting the pressure of the towering giant finger.

Hong Tianjing sighed, "why do you have to struggle unnecessarily? I'm not going to kill you."

His palm waved, and the majestic breath of approaching the abyss fell boldly, like the rolling down of the heavens and the universe, which was extremely powerful.

The Lord of judgment tried his best to resist the overwhelming pressure.

Finally, it was like being suppressed in Wuzhishan, shrouded in light and unable to move.

Hong Tianjing came close after all. As soon as he sucked his palm, the holy kingdom was taken over.

"What?"

The judge was completely shocked. He didn't expect that the treasure in his hand could be easily taken away by others.

Hong Tianjing felt the ruling power and nodded with satisfaction.

"Come back with me."

He said he was going to catch the judge.

But the judge smiled mysteriously.

Hong Tianjing's action stopped because he was surprised to find that the body of the ruling Lord began to become illusory.

The part under your feet is transparent and clear.

His pupils contracted suddenly.

The ruling is false, or just a separate body.

"How dare you cheat me with your part?"

Hong Tianjing's voice cooled down.

The judge smiled and said, "what does it have to do with me if you haven't seen it yourself?"

"OK. Very good. " Hong Tianjing nodded heavily and urged with a finger, "if you destroy your separation, your noumenon should suffer no small trauma. It's easy to come back to you at that time."

When Hong Tianjing spoke, the overwhelming blood light had gathered on his fingers, and the endless nightmare black hole was condensing.

As long as you point on the forehead of the Lord of judgment, you can transmit the damage to the noumenon.

"No, you can't hurt me!"

The judge screamed.

His separate body was destroyed. Although it could not hurt the origin of life, it would dispel the Qi machine condensed over the years, which was useless.

At this time, a sword light fell from the sky, as if with the majesty of the holy light, and the spirit was born to wash the darkness of the world.

Hong Tianjing did not look back, but slightly frowned. After thinking about it, he let go of the Lord of the ruling and moved to the distance.

The sea area was split into a long crack, and ye Chen came over with Longyuan Tianjian.

The judge was also stunned.

"Step back. I'll come here first."

Ye Chen glanced at him and said to him.

The judge nodded without saying much, but came to the holy Kingdom, covered it with his hand and regained control.

Hong Tianjing narrowed his eyes.

"Lord of reincarnation, Lord of reincarnation, you are really like a fly. When the king comes out, you have to follow."

Hong Tianjing was a little angry. He raised his palm, commanded out, broke through the void and went straight to Ye Chen.

Ye Chen hurried to avoid, waved the wish sky star, and established a star barrier.

At the same time, it also shrouds the Lord of the ruling.

The giant finger is filled with a strong overbearing smell, and the temperature is almost evaporating the sea area.

The land on the coast was pounded by the power of the giant finger, the ancient wood of the forest was broken, all animals were killed, and rivers and lakes evaporated.

The power of one finger is so terrible!

The whole sea area turned into a place of molten slurry. The temperature was very high. Many sea animals fled everywhere to escape from the sea level, but they were swallowed by the rolling magma before they showed their heads.

Even if ye Chen wished to be protected by Tianxing, he still felt the terrible temperature around him, which was enough to burn a person alive into thick smoke.

Hong Tianjing's strength is really arrogant and powerful.

"Lord of judgment, I know you're hiding your strength, but now if we want to live, we have to cooperate!"

Ye Chen sent a message to the judge, and the other party's look became very tangled.

But in the end, the separate body of the ruling Lord bit his teeth and nodded in agreement.

"OK, cooperate!"

Ye Chen did not say much, but directly summoned the Longyuan Heavenly Sword. In the dark shadow, a blood dragon rushed into the sky.

On the side of the Lord of judgment, the palm turned and the breath of the nether world floated out. Unexpectedly, a strange suction force was generated, which made the whole holy Kingdom shrink in an instant.

The glorious smell of the holy kingdom is introverted, as if it had never existed in this world.

Longyuan Tianjian roared up to the sky, hoping that the stars of Tianxing could protect the body, so that the blood dragon could rush out of the siege of heavy magma and face the giant finger.

Chapter 6749

The power of the formula is not only in the field, but also to block the space outside the field.

Hong Tianjing was slightly surprised when he saw Ye Chen get out of trouble.

But only so!

The vast sea area has been completely transformed into a molten sea. Countless sea animals and other creatures living in this sea area have died here!

Somewhere, an invisible hand cut off the connection between here and the outside.

"Hong Tianjing, don't think you can be unscrupulous when you get out of trouble. This is not the world nor the ancient battlefield!"

Ye Chen whispered, killing his mind in his eyes.

He rose up, came under the molten dome and waved a burst bright sword.

The sword cut through the void and smashed the stars. It was like the blazing light composed of millions of suns. It was boundless and frightening.

"Longyuan Heavenly Sword, the sun is red and brilliant!"

This round of hot sun penetrated the endless magma, making the tens of thousands of miles of sea look like a falling sun.

In the middle of the sun is the holy kingdom.

The bright light emitted by the holy kingdom is more pure and white than the sun, but it also destroys the sky and the earth.

The Lord of judgment bent his fingers and integrated the palm sized holy kingdom into the bursting and powerful sun.

The breath of reincarnation, the illusion of judgment.

The combination of the two shows the killing opportunity.

That huge finger, touching this round of fierce golden sun, unexpectedly became a little twisted.

Hong Tianjing's look changed slightly.

With a slight reprimand, countless chains of order gods emerged from behind him, forming one violent vision after another.

All those visions are integrated into the giant finger.

The twisted giant finger suddenly stretched straight, and the blood gas was also rich. The vast breath came like a catastrophe.

The brilliant, dazzling and incomparably brilliant sun has become a little dim under the full pressure of such a giant finger.

Ye Chen's eyes were cold.

He knew it wasn't enough.

To deal with Hong Tianjing, ordinary means are not enough.

At this point, ye Chen cut out with a sword again!

"A sword of water!"

A sword light, with a terrible smell that does not belong to the real world, burst out of Ye Chen's hand.

This sword light cannot be described in earthly language, because the sword Qi is attached with energy without time and space!

This is a sword of water!

Hiss, hiss

A sword of water stops, and the light of the sword passes by. The world seems to collapse. In this world, there is nothing that can stop the invasion of Wuwu.

Not only that!

Ye Chen also turned the six path disk of reincarnation. At the same time, he kneaded the seal and urged the military word formula.

The military formula is among the best in terms of the meaning of killing and cutting!

As one of the most representative character formulas in Brahma's divine skill, the military character formula has many changes.

The so-called summoning soldiers and arranging arrays to trap the enemy are just one of them.

He can also refine weapons!

Heaven and earth are furnaces and everything is fire. All raw materials are taken from between heaven and earth.

The mixer is divided into several steps. Breaking, gathering, fusion and quenching are only the most basic casting means.

The real core is to unify all things.

Before you stand, you must break. The military formula contains the principle of heaven and the supreme meaning of crushing, which can destroy mountains and rivers and silence all things.

Ye Chen holds the soldier byte in his hand, and the avenue around him is faint and looming.

He was entrenched in the air, holding the Longyuan Heavenly Sword in one hand and talking in his mouth.

Bingzi Jue, burst out!

The mighty voice is like thunder. It is incomparably powerful, shocking and extremely overbearing.

"Hong Tianjing, die!"

Behind Ye Chen, there was a raging fire of heaven and earth, which was summoned by the military formula.

This fire is quite different from the molten slurry on the sea. It is not only more pure and hot, but also has a faint supreme breath.

In the burning flame, the huge blood dragon virtual shadow occupied, and a pair of blood red dragon eyes stared at the outside.

On the blood dragon, countless mottled dragons turned into sharp knives, guns, swords and halberds, spreading all over the mountains and fields, where hundreds of soldiers went.

On the weapon spectrum, countless weapons are obvious and protruding. Their Qi is vast and far away, which is extremely frightening!

These are all fields that belong to Bing Zi Jue alone!

It can be compared with the "formula of listing words" in Hong Tianjing's hands.

At least in terms of momentum, don't lose a penny.

Seeing this, Hong Tianjing's eyes gradually became dignified.

Not long after he had just extricated himself from difficulties, what he could use was the "formula for listing words". The strength of annihilation Tianjian had not been restored, so he had to put it on hold for the time being.

Looking at Ye Chen's posture, it seems that he wants to compete with himself with this extreme blow.

In that case, the king will meet your wishes. By the way, let you see how the real Brahma divine power destroys the sky and destroys the earth and shines through the ages.

Hong Tianjing roared up to the sky, his hair flying, strong as crazy, and thousands of black fog rose all over his body.

The black fog is thick and sticky. It looks like a twisting poisonous snake. It's very strange.

Hong Tianjing smiled and clapped his palm down.

A ghostly array emerged from all directions, broke through the prohibition of the seabed, and appeared like a long lost ancient city.

The thick black fog turned into dark lines, rushed into the sea array, crisscrossed and integrated with each other, and the floating black fog condensed into tall giants.

Those giants were wearing armor and had empty eyes, but the ghost power burst out was very terrible.

"Brahma divine skill, array word formula, ghost array!"

Chapter 6750

Hong Tianjing quickly changed a set of rules that ghosts have ghosts and people have humanity.

Ye Chen also practiced the formula of array words, but he didn't even see this strange array.

"Lord of reincarnation, although you have been a man for several generations, your memory is mottled and messy, and there are many things you haven't seen! Today I'll let you have a good look. What is the formula of array words. "

In the sea ghost array, the hell in the nightmare appears.

Countless evil spirits, Yasha, Shura and even the bent Mengpo all have bright eyes and sharp weapons, breaking out a dense ghost spirit.

There are ancient gods and demons in the rear, stepping through the void.

Ye Chen took it easy and continued to urge Bing Zi Jue.

The ruling leader in the rear was frightened. He felt that the two guys were crazy and used two kinds of Brahma magic skills one after another.

Especially Ye Chen!

Since he became a soldier, he has mastered the most powerful technique in the world, and his temperament has undergone an extremely terrible transformation.

Not everyone has the courage to fight gods and Demons and dare to compete with the emperor.

"Bing Zi Jue, nine days broken road."

Ye Chen raised a hand and closed his five fingers, just like an eagle flying in the nine days, releasing a sharp light.

If ye Chen used this move before, it was enough to crush his opponent's celestial cover, causing the mountains and forests to collapse and the ancient land to collapse.

Now ye Chen, who has entered a new realm, can upgrade this broken way to a more mysterious level.

Under the rolling of layers, the void is squeezed and cracked, and the more restrictive rules break away from the shackles and integrate into the broken road.

If you cultivate to the highest level, you can get rid of the control of fate and shuttle back and forth. No matter who you are, you can't escape.

The sword God ancestors of the ages can use this move to attack the Lord of reincarnation.

I know that it can also directly make the Heavenly Emperor bone into reincarnation Heavenly Sword.

As the reincarnation of the Lord of reincarnation, ye Chen must inherit Datong in the future.

Instead of hating and fearing to destroy the Lord of reincarnation in his previous life, he went straight ahead and practiced hard.

Finally reach great success.

Who has such a mind and mind in the world!

The ruling Lord looked at the scene in front of him, his heart stirred and his thoughts were myriad.

As the spirit of the judgment church, he has survived for thousands of years and witnessed the rise and fall of tides in the long history.

Even his former master, the feather emperor, he never regarded him as a God.

At its root, the ancient emperor Yu Huang has outstanding talent and means, but his mind is wrong and narrow-minded.

The Lord of the ruling saw this 10000 years ago.

He always believed that such a narrow-minded person as the emperor would eventually be pushed down the altar and his bones would not exist.

Therefore, he had his own idea. He would rather stay in the inner earth than fly to the world with the feather emperor.

Between him and ye Chen, he experienced the process of transformation and combination from the enemy.

For so many years, he had never seen such a tough man.

And the speed of cultivation into the country is unheard of.

As he recalls and sighs.

The battle between Bing Zi Jue and array Zi Jue has begun. The two sides can move heaven and earth, and even the sun, moon and stars are eclipsed. Even if the sun in other areas is exposed to such power, it will be photographed to pieces.

Hong Tianjing's look became more and more dignified. After several fights, he didn't expect Ye Chen to progress to such a level.

He just got out of trouble and his strength has not yet recovered to the peak. Even if his strength recovers, he can't use his full strength in this lower bound.

"Hong Tianjing, that's all you have to say."

Ye Chen said coldly.

Holding the Longyuan Heavenly Sword, thousands of magic soldiers emerged behind him. What he stepped on was a blazing sun.

Hong Tianjing's teeth itched with anger, but he couldn't help it.

The Brahma divine skill he used cannot break through Ye Chen's blockade.

Ye Chen is very aggressive. The soldiers come to block him, and the water comes to drown the earth. He has the momentum that one man is in charge of the pass and ten thousand people can't open it.

But from the corner of his eye, after the battle, he glanced at the judge.

The Lord of the ruling was lucky and a great magic power. He immediately understood the meaning in Ye Chen's eyes.

He wants to help himself tear through the void and escape.

The ruling Lord took out a few small flags and tied them to himself, which helped him stabilize his body in the chaos of emptiness.

At the same time, his pupils showed an extremely deep black.

"The judgment pupil of the temple."

Deep in the pupil of the Lord of judgment, the dark light flows slowly.

On the other side, in the vast battlefield, the battle has entered a white hot stage.

Ye Chen used the military formula and Longyuan Heavenly Sword at the same time. He also used other means when attacking and killing. He simply used Brahma's divine power to the extreme.

In particular, the counteraction of "array word formula" is like a natural one.

Moreover, ye Chen's understanding of "Bing Zi Jue" has reached another level, which can't even catch up with some of the existence of those born to practice.

This son's talent is terrible.

Hong Tianjing's heart is more and more uneasy. Anyway, he will eradicate this scourge today.

"Hong Tianjing, you waste who has been sealed by Ren tiannv for thousands of years, can't even do me today?"

Ye Chen laughed wildly, but the sword moves in his hand kept on, like heaven and women scattered flowers. One sword after another, the power was superimposed layer by layer until the world burst.

Hong Tianjing roared. Since the "Array Formula" doesn't work, I'll use the "column formula" to completely burn you to ashes.

Heaven and earth shake, stars fall, heaven and earth move.

Ye Chen lowered her eyes. Now is a good opportunity to make a move.

He can tear the void and escape safely under the burning of reincarnation blood by virtue of the power of the virtual monument.

But then the Lord of the verdict is trapped here, and everything he does is meaningless.

All the offensives he gathered are to help the Lord of the judgment escape!

That look just now is a hint to the judge!

Ye Chen cuts the Longyuan Heavenly Sword out obliquely, and the bright sun roars to Hong Tianjing. Everywhere along the way, the void is broken, and the reincarnation black hole runs crazy.

"Bing Zi Jue" ten thousand swords issued at the same time, and the sky was covered by endless shadows, just like destroying the sky and earth and swallowing the sky.

However, all these offensives suddenly went down before the explosion. They were mixed with the power of the other party's formula and tore the nearby void together.

The void bound by layers, at this time, there is a big channel to the outside world.

"No!"

As soon as the idea arose in Hong Tianjing's heart, the Lord of the ruling, who had been standing still, had moved in advance.

The ruling Lord judged that the time had come. He came to the entrance of the passage in a short time. The giant finger that destroyed the sky and the earth also fell abruptly, countless times faster than before.

Even so, he still failed to stop the judge before his body disappeared.

The Lord of judgment has entered the void black hole and disappeared!
