

Physician 741

Chapter 741

He still has something to do these days. If you add those two people, it will be more troublesome. But when you think about that evil thing.

It gave him a great chance. Even if he saved them today, it was far from enough.

Wen Lifeng seemed to see ye Chen's hesitation and quickly explained: "drillmaster, although my two daughters are not strong, they can still do some things. Of course, if it's really troublesome, I can only take them away with me, without causing any trouble to the instructor. "

Ye Chen looked at the sister flower, or nodded: "well, let them follow me these days. When I find a hotel to stay, I will arrange the array in my room. If I have no choice, they must not leave the array range. Once violated, the consequences will be at your own risk."

Wen Lifeng heart a joy, even busy way: "drillmaster rest assured!"

"Get up and get ready. We have to get out of here before those guys react." Ye Chen ordered.

"Yes, drillmaster."

Wen Lifeng went to wenshishi and wentingting, and called them into a room.

"Dad, when are we going to Uncle Ni?"

Wen Tingting said.

Wen Lifeng look serious, word by word: "next words, you two sisters listen well, do not allow any refutation."

"First, this time, you two will stay in the killing place for a while. Uncle Ni needs to explore. The other side may not be willing to offend those forces.

Second, you stay with the instructor for the time being these days. As I said, stay together. It's better to stay with each other. "

Wen Tingting's face changed slightly. Although she wanted to refute, she still swallowed some words when she saw her father's serious eyes.

Wen's poems are simple, but his eyes twinkle with a streamer, and he asks, "Dad, do you mean to stay at all times, including at night?"

Wen Lifeng nodded: "third, and most importantly, you two are my daughters. I will only be good for you. In any case, try to contact the instructor. The instructor is a rare talent in a hundred years. On the day of double rest of medical and martial arts, the extraordinary state can crush the peak of holy King's realm. The future achievements of this kind of person will be extraordinary. If you can grasp it, you may not have to wander for a lifetime. "

"There are things, you know, that your mother should have taught you how to handle a man. Once attached to this kind of strong person, one's life is enough to be carefree. "

Wen Shishi's face climbed into the red haze. Naturally, she knew what her father meant. At the thought of that picture, she even felt a little thirsty.

Although wentingting does not like her father's behavior, but mature she also understands that her father said nothing wrong.

Ye Chen's strength is far from that simple.

Which girl doesn't like dragon and Phoenix?

Fifteen minutes later, Wen took some bags and left.

And ye Chen looked at two sisters, light way: "go, let's go to the north to find an inn or hotel."

"Well."

Two cheek some crimson, see ye Chen some surprised.

Ye Chen didn't think much about it. He took his two sisters to a hotel near Hongtao mansion.

The hotel in the killing place doesn't need to show any identity, as long as the money is enough.

For convenience, ye Chen directly opened a suite, located on the top floor, just to see some things in the building.

Because there was only one bed, ye Chen said to the two girls: "these two days, you can go to bed. I'll practice on the sofa."

Two women want to refuse, but see ye Chen that affirmative eyes, or give up.

It was late at night and they took turns to take a bath in the bathroom.

When she came out, she was wrapped in a bath towel.

Their hair was wet, and the bath towel could not cover up their wonderful figure.

The second daughter sat on the bed, looked at Ye Chen, who was practicing, and shook her head helplessly.

Didn't my mother say that as long as you take a bath, wrap yourself in a bathrobe and have wet hair, no man can control it?

But why didn't Ye Chen look at them from the beginning to the end?

How can there be such a cold man in the world.

Sister wenshishi blushes, she is conservative, let her seduce Ye Chen, she is really unable to do.

Even if she has a strong affection for ye Chen, she still can't take this step.

At the moment, ye Chen seems to feel that the atmosphere of the room is a little strange. He opens his eyes and glances at the two sisters.

The tip of my nose is a little hot.

Because of the posture, ye Chen can just see the half hidden beauty under the open bath towel of the two girls on the opposite side.

The long thighs hang on the edge of the bed.

Just the right peak, half covered, let people imagine.

The key is two beauties.

"Are you still up?"

Ye Chen opened his mouth. Wen Tingting finally calmed down: "good Mr. Ye, we'll go to bed soon That Mr. Ye, this bed is big enough, or would you like to sleep inShe blinked her long eyelashes, and her voice even trembled.

"Mr. Ye, don't get me wrong. I don't mean anything else, because there is aura overflowing under the bed. It should be customized, which is good for cultivation. Isn't Mr. Ye practicing? The effect here is better."

Ye Chen a Zheng, immediately face strange up, he came to the bedside, five fingers on the white bedspread.

Sure enough! A trace of aura overflowed.

If you practice in bed, the effect will even be twice the result with half the effort.

It seems that the hotel in this killing place has also customized such rooms for practitioners according to some conditions of kunlunxu.

"Brother ye, you can practice here. My sister and I will not disturb you.

In fact, because of so many things happened today, I'm still a little scared. If brother Ye is around, I'll feel better. "

Wen explained.

"In this case, I'll sit by and practice. You can rest at ease. With me, no one will break in."

The two sisters nearly lost their lives in one day, and their timidity was normal.

Hearing Ye Chen's reply, they gasped.

The next second, to Ye Chen's surprise, Wen Shishi directly pulled off his bath towel, a pair of proud things directly popped up, even more opened the quilt to drill in.

Her face became more and more red.

It's as if I didn't care about a man next to me.

And Wen Tingting is the same, slender thighs and cold eyes, at the moment, more like affection.

This is seducing yourself?

Ye Chen helplessly shakes his head, this just remembers Wen Lifeng afternoon's strange behavior.

Everything is clear

I didn't expect that Wen Lifeng, an old fox, planned to use his two daughters to pit him as a drillmaster before he left.

He even felt a little ironic.

No longer think about it, ye Chen closed his eyes and continued to practice the nine day xuanyang Jue.

It's all from the bottom of the bed.

Chapter 742

I don't know how long he has practiced. Ye Chen feels that there are some changes around him.

Opened his eyes, but found that he had fallen asleep. Maybe because of his poor sleep, the quilt on one side had been kicked open, and the spring light was revealed. His slender thighs and plump buttocks were exposed.

Even the buttocks hold Ye Chen's legs tightly.

A touch of warmth makes people dream.

Ye Chen no matter how to say is also a normal man, somewhere in the body to see this scene has some reaction, coupled with less than real Qi suppression, quite proud.

Ye Chen coughs gently. He just wants to suppress it with genuine Qi. However, he finds that Wen Shishi may hear something. He turns over, and his slender white thighs hold Ye Chen, and a pair of jade hands climb up.

Accurately caught the fire.

Wen Shishi even subconsciously pinched it. Suddenly, he noticed something and opened his eyes. When he found his hands, his cheeks were flushed and he let go!

"Brother ye Yes, I'm sorry. I didn't know it was yours either... "

Although she wants to take down Ye Chen, she just fell asleep and all her actions were subconscious.

At the moment, her heart was beating so much that she even had a reaction under her body.

One side of the sister Wen Tingting may also have heard something, vaguely said to Wen Poetry: "sister, don't disturb Mr. Ye's cultivation."

"Well ~" he moaned softly like a mosquito.

Wen Shishi was eager to find a way to get in, but she took a look at Ye Chen's proud things, and finally became rational. She said in a low voice: "that, brother ye, will it be very hard like this, or I'll help you out..."

Ye Chen just wanted to answer, suddenly, a loud noise came from outside.

He shot out of the window and found that the source of the loud noise was the building of Hongtao!

At the moment, the virtual tripod at the top of the building is blooming with dazzling red light.

"I'll go out for a minute."

Ye Chen stood up and went to the back.

This building is the only clue about the master. No matter what the vision is, it may be related to the master!

Wen poetry see ye Chen leave, heart remorse!

What a chance!

She even felt that elder brother ye might nod his head and promise, and everything would be natural.

She never thought of making use of elder brother Ye. All that just happened was just a girl's most real idea.

Even without her father's explanation, she would.

At the thought of the picture just now, Wen's heart is beating wildly at the moment.

Outside the hotel.

When ye Chen came out, he found that the corridor was full of people with different breath.

But it is no less than entering the holy land.

These people look at the red virtual tripod on Hongtao's building, and their eyes are crazy!

"Master Hong Dan, it's a breakthrough! This time, I'm afraid that the realm of alchemy has entered the supreme road! "

"What kind of master Hong Dan! Call Hong danzun! In this breakthrough, I'm afraid the one in the killing place will respect him more. "

"This is no nonsense. Hong danzun's alchemy is invincible now, let alone the killing land. Even if you look at the whole Kunlun void, you still have some confidence. It's estimated that those guys in the Kunlun Xudan league are deeply regretful."

The crowd talked and almost all marveled.

Suddenly, there was a humanitarian: "I think the most sad thing is Duan Huai'an of the medical God gate. There are still two days to fight the Alchemy skill. Originally Duan Huai'an was defeated by Hong danzun. Now it seems that the gap between them will only get bigger and bigger, maybe it is crushing!"

"Now, if I lose my reputation, I can't leave without killing."

"Are you kidding? Now that the whole city is closed down, you think that Huaian is still qualified to leave. It is estimated that I am now wiping tears in some corner, ha ha! A waste that was destroyed by daocong, I don't know where to have the courage to challenge Hong danzun! It's beyond our means

"If I'm such a waste, I'll die!"

There are two practitioners who enter the peak of the holy land, constantly belittle and even insult Ye Chen's master!

The words are terrible!

Even the ancestors of master Ye Chen insulted him.

Ye Chen Mou son shrinks, kill the opportunity to break out, he came to the middle of two people, an invisible air wave directly toward all directions overflow!

They turned pale and stepped back.

"They are my masters. You have no right to insult them! Shame, only death

The two voices came into the ears of the two people, and their eyes were wide and frightening.

Just want to talk, two cold light!

There was a silver needle in their eyebrows.

The cold sense of death engulfed them in an instant!

No blood!

But can only fall to the ground!

The pain is not unwilling.

No one paid attention to their death. Even if someone saw it, they gave a sneer and began to sigh again about Hong danzun's strength. This is the place of killing, death, too common!

Killing is the king!

After all this, Ye Chen came to an excited young man who praised Hong Tao's actions and said curiously, "do you know Hong Tao?"

The young man was stunned and immediately gave Ye Chen a fierce look: "Hong danzun's name is what you can call it! I think you want to die! "

As soon as the young man wanted to do something, someone advised him: "Wang Qi, what are you angry about? You didn't find out that he was just extraordinary. It's estimated that he has just stepped into the killing place for a long time. How can you know Hong danzun?"

That youth that calls Wang Qi this just reacts to come over, toward Ye Chen cold hum: "boy, my adult does not care villain to pass!"

"But I warn you, in this killing place, any one of you can refuse to accept it, but you must obey Hong danzun, otherwise you don't know how to die!"

"This guy is good at alchemy?" Ye Chen has a wonderful way.

Wang Qi took a look at Ye Chen and said angrily, "you are not nonsense. Don't you see the shadow of Dan Ding on the void? This is qualification! This time, I'm afraid Hong danzun's alchemy has stepped into the realm of Saint level. "

Ye Chen was stunned. He had never heard of this state.

It seems to be the realm division of alchemists in Kunlun Xu.

There are different levels of martial arts, so is alchemy.

Wang Qi glanced at Ye Chen and said in a cold voice, "you look like you don't even know the realm of alchemy. I'll give you science popularization once!"

"There are 11 levels in Kunlun's virtual alchemy realm, which are fan level, di level, Tian level, Xuan level, Ling level, Sheng level, Sheng Wang level, Xu level, Xu Wang level, Dao Yuan level, and Emperor level."

"And now according to the vision, Hong danzun must be above the saint level in alchemy! From the saint level, you are qualified to refine ancient pills! "

Ye Chen suddenly, according to this realm, ye Chen can now refine pills should be about Xuan level and spirit level. At the beginning, with the help of reincarnation cemetery and immortal Lord, he refined Taigu Xushi pills, which should be saint level or holy King level.

It seems that there is a huge gap between him and Hong Tao.

Chapter 743

The master's Alchemy realm is at most spirit level. After all, the elixir field is destroyed and alchemy will have a great impact.

This war, master must lose!

No matter what, he has to find a way to break the game.

Ye Chen no longer hesitates, one step grabs the railing, the whole person jumps down.

Those who practice will not be too surprised. In their eyes, this is just Ye Chen's anger.

Wang Qi coldly hummed: "this boy is estimated by us to say that the whole body, what do not understand, still dare to come to the killing place."

Another man said, "that boy's realm is just extraordinary. I don't know what alchemy is. What do you talk about with this man? It's a waste of time. "

Wang Qi nodded, his eyes fell again on the empty shadow of the Dan Ding in the sky, and sighed: "after today, it is estimated that no one can shake Hong danzun in a thousand miles! If only I could be the one around Hong danzun. "

.....

At this moment, in the dark, the killing place quickly flickers a dark shadow.

The master of the shadow is Ye Chen.

Soon, ye Chen stopped, he has come to Hongtao's mansion.

There are strong people all around the mansion!

Let Ye Chen's surprise, these people are all holy kings!

Such strength can only watch the door?

It can be seen that Hong Tao is honored in the place of killing!

Not only that, ye Chen also found a dozen pairs of eyes staring around the building!

Kill the machine, cold!

These people are absolutely above the realm of the king!

There are even real strong people who return to the virtual environment!

Once you break in, if you don't use the power of reincarnation cemetery Lin Qingxuan, you will die!

In addition, the formation outside the building is full of breath, showing the opportunity to kill!

It's definitely ancient killing array!

Ordinary people close, directly into blood fog!

The suppression of the ancient killing array is not for fun!

"Is this old man so afraid of death? It's very hard to break into this place

Ye Chen is thinking about how to deal with it.

At this time, an old man on the building obviously found Ye Chen and said in a loud voice: "who is it?"

A roar, let those strong all notice Ye Chen, one after another toward Ye Chen.

Ye Chen Mou son shrinks, Canglong illusory divine Jue surging, directly toward the dark.

Soon, it disappeared into the darkness.

However, the old man who found Ye Chen stopped and didn't go on chasing him. His cold eyes were staring at the darkness and said, "what a fast speed. Just now this boy exposed a strong killing opportunity. I'm afraid he wants to do harm to Hong danzun. It's just a pity that the boy's reaction is too quick. "

Those strong gatekeepers came to the old man and said respectfully, "my Lord, do you want to continue to chase down?"

The old man shook his head: "no, that guy is just a clown, not to be afraid. It is estimated that Hong danzun's breakthrough attracted that guy."

"If he dares to get close to here for another hundred meters, I will let him feel the fear of death!"

.....

When ye Chen returns to the hotel, Wen Shishi and Wen Tingting ask a few questions. Ye Chen doesn't pay too much attention to it, and directly sits on the other side of the bed and enters the cultivation state.

At present, the safety of the master is more important than anyone else.

Before determining the way to deal with this matter, ye Chen's only thing to do is to strengthen himself.

At the moment his cards are good enough.

An immortal fire.

This life charm.

The power of the blood dragon.

And the dragon ball in the middle of the eyebrow is full of darkness, which is enough to enchant.

Finally, there is the jiuxiao thunder sword left by Duan leiren before he left!

Although I don't know what kind of terrorist power this jiuxiao thunder sword has, Duan leiren has explained many times that it can only be used in a crisis situation, which shows the terror.

In addition to these, there are a group of murderers outside the killing area, enough to command.

These cards want to shake the power of the waves, five to five.

"Forget it, take a step and have a look. One of the disciples of the ancestor of qingxuanfeng is waiting for himself in the killing place. Tomorrow, try to find out if he can find it. Maybe the other side will have a rest from his master."

.....

There was no word all night.

When ye Chen wakes up, he goes to the outside.

There is no big difference between the killing places and some provinces and cities in China.

Shops, clothing stores, everything.

It's a bit of a buzz.

He was going to go to find the disciple of qingxuanfeng, but he didn't know why the shadow of Danding in the air was shining brightly.

All the practitioners on the road rushed towards the north.

Ye Chen is doubted in the heart, but still follow up.

Soon, he found that everyone was on a stone tablet.

On the stone tablet, there is an ancient rune. On the rune there is a word: Dan!

When ye Chen is confused, an old man steps lightly and comes to the top of the stone tablet in an instant.

Looking down at everyone.

Ye Chen knew the old man and discovered his existence last night.

However, the other party did not see themselves, but was not afraid.

With a wave of his long sleeve, the old man looked down at the crowd and said, "today I call you all here to pass the command of Hong danzun!

Hong danzun stepped into the peak of alchemy in one fell swoop yesterday! the whole world joins in the jubilation! This is the honor of the killing place, but also the honor of Kunlun Xu!

Everyone should know that Hong danzun and the waste Duan Huaian Dabi in the morning after tomorrow!

This is too low for Hong danzun. It's just crushing! In order to increase the difficulty, Hong danzun issued this Rune and invited all alchemists in the killing place and even Kunlun void to challenge them! "

"Anyone who takes this Rune can challenge Hong danzun together in the future."

"The winner, Hong danzun can promise any condition!"

"The loser will become the sacrifice of hongdanzun's elixir, which is also regarded as the supreme glory!"

As soon as this word came out, everyone's face changed greatly!

There is no glory. This is obviously a one-sided thing!

That Huai'an can't help himself, and he's not far away from death!

Who dares to die?

Challenge Hong danzun?

Who dares to challenge Hong danzun?

Ye Chen Mou son tiny MI, just want to say what, a big hand suddenly clapped on Ye Chen's shoulder.

In the moment, a dagger appeared in the hand, and the dagger was released!

But before touching each other, they stopped!

"Mr. Ye, I came down from qingxuanfeng and have been waiting for Mr. ye here."

Ye Chen takes back but dagger, looks around, discovers that all people have not noticed here, the way:
"how can you be here?"

The young man said with a simple smile: "Mr. Ye, my name is Xiaoxuan. My ancestor asked me to listen to your instructions here. As for how to find Mr. Ye, I naturally have a way."

"I wanted to see Mr. Ye yesterday, but I can't blame Mr. Ye for some delay."

Ye Chen nodded and said directly, "since you have been here for a long time, have you ever seen Duan Huai'an?"

Chapter 744

Xiao Xuan hesitated for a few seconds and said, "tell Mr. Ye, I met your master a few days ago, but later I lost it in the West. During this period of time, I have been trying to find a way to find out, but I found that your master has never seen a killing place again. It should be hiding or in the state of cultivation."

"That Mr. Ye, this is not a place to talk. Come with me. "

Ye Chen shakes his head when he sees that Xiaoxuan has no master's whereabouts. He has no intention to start at all.

Since others are unreliable, you can only rely on yourself.

He took out a mask from the samsara cemetery and put it directly on his face.

Xiao Xuan was a little surprised: "Mr. Ye, what are you doing here?"

Ye Chen laughed and said mysteriously, "since you can't determine the whereabouts of my master, I can only rely on other methods."

Then he walked towards the stone tablet.

Xiao Xuan is not stupid. He naturally knows what ye Chen wants to do.

He knows Hong danzun's Alchemy more clearly than anyone else!

Once Ye Chen goes to take down that rune, he will undoubtedly force himself to the desperate road!

In his opinion, ye Chen's move is to save the doctor's door, but he lost his sense!

"No, Mr. Ye! This is actually the plot of Hongtao! On the one hand, he's just taking advantage of it to strengthen his reputation. On the other hand, he can get more high-quality body pills! "

Ye Chen did not pay attention to, light way: "I just want to test their alchemy just!"

I almost heard a little blood gushing out!

Testing the level of alchemy is not to find such a top alchemist to compete!

The key is that the bet is too big. If you are careless, you will die!

"Mr. Ye, don't be impulsive, really not!"

Xiao Xuan originally planned to pull Ye Chen, but he didn't expect Ye Chen's body to shake and an invisible force made a sensation.

He just felt paralyzed and couldn't move!

Damn it!

On the stone tablet, the old man looked at no one dare to fight, and nodded, which was normal.

This is undoubtedly a death act, but no one with brains will take part in it.

Not to mention the killing place, those who know Hong Dan's prestige.

Just when the old man was ready to gather his true Qi on his feet and leave the stone tablet.

In the air, with five fingers holding, the rune fell directly on the palm of Ye Chen's mask.

Everyone saw this scene, and immediately some reaction can not come.

How dare someone challenge Hong danzun?

Even the old man's face was terrified, and his heart was full of terrible waves!

Do you really want to die?

Fool or madman?

"Brush, brush, brush!"

Countless eyes toward the dark shadow!

Most of the people present thought that they would dare to challenge. However, they should be an old man!

But I didn't expect to be a man with a mask!

Although wearing masks, they can also feel each other's youth!

Not even 30 years old!

Are they insane?

Even if you start refining alchemy from your mother's birth, you can't be qualified to compete with Hong danzun at this age!

Madman!

A complete madman!

The old man took a deep look at Ye Chen, and he didn't care too much.

It is not enough to be afraid of.

But out of etiquette, he said, "boy, do you know what it means to take this Rune? It's not a joke. I'll give you a chance to put the rune back in place and kowtow twenty heads at the stone tablet. I'll never see it."
"

In the eyes of the old man, it's a matter of minutes to kill the masked youth, but he doesn't care to do it. If he can use this to make his reputation better, he is still willing to.

Ye Chen took a look at the rune in his hand and said faintly, "since I take this rune, it is impossible to put it back. It happens that I have nothing to do in the killing place these days, so I'll just play around. "

This casual play a few words, let everyone on the scene breathing fast!

You don't play casually. You've killed your life!

Become Dan Yin, it is to bear the pain of burning the supreme flame!

Ordinary people who can bear it!

They thought that Huai'an was beyond their capacity!

The result did not expect, in front of this mask youth more ignorant!

Duan Huai'an comes from the medical God gate at least. He should be proficient in alchemy!

But the boy's age is here. He knows how to make pills!

The strength of martial arts just barely stepped into the extraordinary realm. It is estimated that he spent his whole life in cultivation. There is no time to calm down and refine pills!

The old man didn't expect that the masked youth wanted to die so much. He snorted, "I gave you a chance. You don't cherish it!"

"Since you want to die, I will help you!" "And, since the rune is in your hand, you will be watched from now on until the day after tomorrow! Once you try to leave, you will die worse

Ye Chen casually threw the rune in the reincarnation cemetery and calmly said, "I know, what are you talking about?"

"Hiss!" Hear ye Chen so casual words, all people pour a breath of cool air!

The strength of the old man is infinitely close to the realm of returning to emptiness. An extraordinary state dares to speak with this attitude!

It's just looking for death!

Although the old man was angry in his heart, he knew that once he got the rune, Hong danzun could only do it. He was not qualified at all!

He snorted: "boy, don't be arrogant! There are some costs you can't afford

"And I'll be here at eight o'clock the day after tomorrow! The whole killing land will be waiting for you here! If you don't show up, the consequences will be at your own risk! "

With that, the old man waved his sleeve and went directly to the red building.

Ye Chen doesn't plan to stay here any more. With his hands behind him, he walks towards the hotel:
"Xiaoxuan, let's go!"

Xiao Xuan's bondage was lifted instantly!

He quickly followed up, came to Ye Chen, pale, worried: "Mr. Ye, what are you doing! Dead, dead! Now we can't get out of the killing land! It's not right to take this thing

"No, I have to go back to qingxuanfeng immediately. Only my ancestors can have a chance to do it!"

"But I'm sure it's too late for my grandfather to come here."

"What to do, what to do!"

Ye Chen looked at Xiao Xuan and said to himself. He couldn't help but feel funny: "you don't believe me?"

Xiao Xuan sighed: "this is not a question of believing or not, but Mr. Ye. You have no idea how terrible Hong danzun is!"

Your eyes are still blooming, and you feel that the bright green sun is shining

Xiao Xuan was stunned when he heard this sentence, and immediately said without hesitation: "Mr. Ye, there is no comparability at all. Master Lin Qingxuan is the existence of medical ethics and God. What is this torrent? What's more, the alchemy is actually a branch of medical ethics. If Lin Qingxuan really makes a move, let alone the torrent, there will be no one in Kunlun that can be defeated! "

Ye Chen is completely confident.

In this way, what is he afraid of?

Behind him stands Lin Qingxuan, the alchemy way, what is he afraid of!

Chapter 745

Xiaoxuan naturally felt that ye Chen burst out of a strong self-confidence.

It's as if the youth in front of you can take charge of everything in the killing place.

However, Hong Tao is also a saint level alchemist, and ye Chen said that Lin Qingxuan did not exist at all.

Is there any comparability between a famous figure in ancient times and a top Dan master in a killing place?

"Mr. Ye, there is one thing you may not understand. Although ancestor Lin is a doctor, most of his techniques and alchemy have long been lost as time goes by. The people of the medical God sect and qingxuanfeng are no match for Hong Tao. Even if the ancestor qingxuanfeng comes to the killing place in person, it is difficult for him to surpass Hong Tao in alchemy..."

"Mr. Ye, how about I try to get to qingxuanfeng as fast as possible? Maybe there will be a chance for me to use the secret method. "

Ye Chen heard this sentence, a cold smile: "Xiao Xuan, if you have nothing to hide in the dark, we will see you in the morning after tomorrow."

With that, ye Chen went to the hotel.

Xiao Xuan wants to say something else, but the words are still swallowed by him.

How could Mr. ye not listen to his advice!

This is a matter of life and death!

When ye Chen comes to the hotel gate and is about to enter, he sees a wanted notice on a notice board next to the door.

the man on the wanted notice is Wen Lifeng.

Fortunately, Wen Lifeng's two daughters did not appear on it.

Ye Chen went to Wanshui Pavilion again and found that Wanshui Pavilion and the building opposite were surrounded by strong people.

The eyes of several people guarding the door are cold, with killing intention all over.

Not only that, but a large part of the forces in the killing areas have begun to carpet search.

It seems that Wen Lifeng is right to leave ahead of time. Otherwise, it is impossible for these people to react and want to leave.

The atmosphere of the whole killing place was extremely tense and grim.

When ye Chen returned to the hotel, Wen Shishi and Wen Tingting, when they saw Ye Chen, quickly bowed over: "Mr. Ye."

Wen Shishi's face is red. When she thinks of the picture last night, she would like to find a place to drill in.

I just don't know if Mr. Ye thinks much.

Ye Chen glanced at the two people and said directly, "these two days I need to close down. You two should stay in the room. Just now I saw your father's wanted notice outside. I'm not sure if these people find you. It's the safest place to stay at present."

Wen Shishi nodded.

But Wen Tingting is wrinkling eyebrows, a pair of want to talk but stop appearance.

"Do you have something to say?" Ye Chen opened his mouth.

Wen Tingting nodded, bit her lip, and whispered, "Mr. Ye, I had dinner downstairs just now. I heard many people talking about a masked man. It seems that this man is going to take part in the struggle between Hong Tao and the doctor god gate. The masked man will not be Mr. Ye."

She knew the main purpose of Ye Chen's coming to the place of killing. From some words, she simply speculated that ye Chen came to her mind.

Because ye Chen's style is like this.

Ye Chen felt that there was no need to hide it from the two people and nodded: "it's me."

Wen Tingting heard Ye Chen confirm himself, and her face turned pale: "Mr. Ye, do you really want to compare alchemy with Hong Tao? I have heard my father say many times that Hong Tao's reputation is not only in the Yucang mountain area, but also in the whole Kunlun void. He is also a great talent in this field. Mr. Ye, will this move... "

Ye Chen came to the bed and directly sat cross legged: "I know you question me. I don't want to say more now. In two days' time, I will let Hong Tao understand what is the real alchemy."

With that, ye Chen closed his eyes and went directly into the reincarnation cemetery!

His only dependence is Lin Qingxuan!

Wen Tingting and Wen Shishi look at each other, but they still choose to believe Ye Chen.

At the same time, the two people sacrifice a long sword, protecting it around Ye Chen.

Since ye Chen is closed, the only thing they can do is to do their best to protect them.

.....

A deserted house to the west of the killing land.

A kind-hearted old man is guarding a Dan Ding. Under the cauldron, there are flames, and the strong fragrance of medicine overflows from the cauldron.

The old man's clothes were all wet.

His palm is dead clapping on the top of the Dan Ding, even if the heat is still not loose.

He suffered.

He can't rely on his true spirit.

The elixir field was abandoned.

If ye Chen is here, he will surely find that this old man is his master Duan Huai'an.

At the moment, Duan Huaian is trying to refine an ancient pill.

If it comes to medical skills, he can crush Hong Tao.

But in alchemy, he is not strong.

The only thing he can do is to go further before the match.

All of a sudden, a strong vibration came from the tripod!

The vibration is getting stronger and stronger! Duan Huaian's arms are shaking wildly. He still doesn't release his hand. He makes alchemy with spirit, which is the only way he can overcome Hong Tao.

"Poof!"

Suddenly Duan Huaian can't bear it any more. A loud noise comes from the Dan Ding, and a burning smell overflows, but his body flies upside down!

Even a mouthful of blood in the air.

It's a serious injury.

This is the 67th time he has failed.

If you can't refine ancient pills, you can't win the battle with Hong Tao!

If we can't win, how can we save the decline of the medical God gate!

He needs to take advantage of it!

With the pursuit of daocong, the medical God gate was doomed to survive in Kunlun.

This is the only place to kill.

Once he surpasses Hong Tao, he can re-establish the door of medical God here!

You can even get those apprentices here!

Of course, but at least the door of medical God has been saved!

He was ashamed of the countless strong men of the medical God gate, and even more ashamed of Lin Qingxuan, who had established the door of medical God with a divine idea!

He had no choice.

Duan Huaian wiped off the blood stains on the corner of his mouth and stood up slowly. The blood was flowing in his clothes, and his old body showed unyielding.

Looking at some cracked Dan Ding, he looked a little lonely and sighed: "is it really beyond my ability? Will the door of the God of medicine be destroyed in my hand

For some reason, a figure suddenly appeared in his mind.

The figure is cold and arrogant, eyes with hatred and perseverance.

"I don't know what happened to Ye Chen in the secular world. Did you get revenge from Yunhu villa? It is estimated that this boy has been staying in China. The world of mortals is rolling. He has been living too tired for five years, and he should enjoy it.

I stayed in China for a period of time in anonymity, leaving too much debt, I'm afraid this boy is even more so. And Xia Ruoxue. He should have seen him. The old woman is too stubborn. Because I left, she even erased the word Duan. To some extent, ruoshue should be surnamed Duan. Alas... "

The old man thought of Ye Chen and some things of Huaxia, but a smile appeared on his pale face.

Chapter 746

This is the best antidote to his irritability.

He trembled to walk toward the Dan Ding, once again triggered the fire to continue refining.

"If ye Chen comes back one day and finds that there is no medical God door, he will be very disappointed with me. Anyway, I must try my best to fight the war in the future!"

.....

At the same time, in the red building in the killing ground.

In the middle of the building, an old man sits cross legged.

Different from Duan Huai'an, the old man has ten red tripods hanging all over his body!

His hands condensed the supreme flame, instantly devouring all the Dan Ding!

He is in charge of everything around him.

Suddenly, the old man opened his eyes and his mouth outlined a sneer: "open!"

In the gale, countless flames turn into shapes, and all the cauldrons are opened. In the gale, countless herbs roll away!

Extremely accurate!

Close the tripod!

Almost instantly, the rich fragrance of pills began to overflow!

The old man's face was extremely relaxed.

For half an hour, the old man's arm swung gently, and the ten tripods all fell to the ground.

The sound of "crackling and crackling" is constantly resounding!

Who could have thought that eight of the ten tripods were all made of Dan!

The old man stood up and grasped it with five fingers, and all the pills of Dan Ding fell into his palm.

Not only the quality or the grade, but also the top grade!

"Although there are not ten tripods, the success rate of 80% is enough to crush everything."

"Duan Huai'an, the medical God's door beyond his capacity, really thinks that it is still the one thousands of years ago?"

"The garbage dare to challenge me. Since you want to challenge me so, I will humiliate you mercilessly in the future. Let you see what is the supreme elixir of Kunlun!"

"When Dan Dao is stable and alchemy is completely successful, I should also go to Dan League. I want to make the whole Kunlun void tremble for me!"

The old man laughed heartily. At the moment, he seemed to control everything.

Just then, there was a knock on the door.

The smile stopped.

The old man sat back to his original position and said faintly, "come in."

After a while, the door opened, and an old man with white hair came in.

It's the one on the stone tablet today.

"Hong danzun!"

The old man said respectfully.

Hong Tao nodded and said directly, "is there anyone else willing to challenge me? Duan Huai'an alone has no difficulty. It's better to have the people from Dan League fight together. "

Although he asked, he knew very well that most people with a little brain would not respond to the challenge.

It's just to make him more famous in the land of killing.

"Hong danzun There's one more person in the killing area... "

The old man took a look at Hong Tao.

Hong Tao was stunned. His expression was a little surprised, but he quickly responded, "but if you rest in peace?"

"No

"Is it the ghost Dan Taoist?"

"Not really."

At this moment, Hong Tao frowned more and more. He stood up and asked, "besides these two men, who dares to challenge me in the killing place?"

"Are there any hidden elites here?"

The old man hesitated for a few seconds and explained, "Hong danzun is a young man. This young man is wearing a mask. If I'm not wrong, he should have entered the killing place of Yucang mountain soon."

"Young man?"

Hong Tao sneered a little.

Dan Dao is not a common way of cultivation. Talent can determine many things. Dan Dao needs to exist over time! There is no time to pile up, and countless attempts, ordinary people want to become alchemists extremely difficult!

Let alone a young man!

I don't know anything. I dare to say that I can make pills?

Even provocative?

That Huaian challenge himself, everything is still said in the past.

What's the difference between a young man's challenge and a joke?

"Do you know what the young man's name is and what level of Dan Shi He is?" Hong Tao's voice is cold.

The old man shook his head: "this young man with a mask is very mysterious. He doesn't even know his name or even his face. Do you want me to send someone to get in touch with him? Or erase it? "

Hong Tao burst out laughing: "you think too much. If there is something wrong with that boy, it is estimated that many people in the killing area will think that I did it. This kind of mole ant doesn't need to be taken care of. He still has two days to live. As soon as the time comes, I will personally send him on the road!"

"I want to burn Kunlun Xu alive in front of everyone else! This is the price of death! "

At this moment, Hong Tao is extremely crazy.

At that time, he was famous for his madness and bloodthirsty in danmeng. Otherwise, they would not use the body of the cultivator to refine pills.

And it's a living alchemy.

.....

Ye Chen naturally does not care about the outside situation, he has entered the samsara cemetery in the hotel.

Once again, I come to a hundred tombstones.

Ye Chen looked at the hundred tombstones and was filled with emotion.

If there is no reincarnation cemetery, it will be very difficult for me to get here.

Although he still does not understand what the reincarnation cemetery people want him to do in the future, how he can help these people turn over.

But it doesn't matter anymore. Only strong people are qualified to touch deeper things.

The existence that 100 great powers can't contend with. Now I guess I don't even have the qualification to meet.

No longer thinking about it, ye Chen looked at the tombstone of Lin Qingxuan and said, "master, I have something important to ask for."

However, Duan leiren went to other places in Kunlun to find out the answer. Now the only way to rely on him is Lin Qingxuan.

I don't know when the next few tombstones will be untied.

However, judging from the state, some tombstones seem to have changed, but not obvious.

It should be fast. It's just a chance.

Lin Qingxuan's tombstone trembled, and a figure came out directly.

It was Lin Qingxuan.

Lin Qingxuan looked at Ye Chen from a commanding position: "disciple, do you want to learn alchemy from me?"

Ye Chen was stunned and thought for a moment. Lin Qingxuan, who was capable of knowing that this kind of thing was normal, nodded his head and said, "it is."

Lin Qingxuan stepped out one step, as if across a hundred meters, and directly came to Ye Chen: "I wanted to teach you all the supreme medical doctrines, but now it seems that Dan Dao is more important to you, or in fact, it is the same."

Language down, Lin Qingxuan arm a wave, reincarnation cemetery has appeared dozens of Dan Ding.

Ye Chen counted the number, a total of 49 Dan Ding!

Lin Qingxuan came to the center of the Dan Ding and explained to Ye Chen, "that Hongtao is a saint level alchemist. If you want to surpass him, you must at least step into the holy King level on the Dan Road. But now, in just two days, this is like a gap for you, almost impossible! The only way is to take the sword to the side. "

"It's too important for Dan to have a weapon."

Ye Chen is a little confused and doubts: "master, what are you talking about?"

"The eternal fire."

Lin Qingxuan said lightly.

Chapter 747

"The immortal fire in you can fuse everything and never die out. It can not only be used for fighting, but also for alchemy."

"The most important thing is the flame! To control the flame is to control the cauldron! To control the cauldron is to control the elixir! "

"Now, you control the 49 red tripods with immortal fire!"

"I will prepare the medicine for you! In two days, you must refine the 49 red tripods at the same time! "

Hearing this request, ye Chen looks pale.

This is 49 Dan Ding!

Control at the same time?

Crazy!

He is very clear about his own strength. He may be able to control two. Forty nine, no matter the true Qi and flame, are not enough to support!

"Master, are you sure you're not kidding?" Ye Chen said with a smile.

"Do you think I'm joking?" Lin Qingxuan said coldly.

Ye Chen smile solidification, helpless, can only toward the 49 Dan Ding to go.

When he got to the center, he opened his mouth and said, "master, which kind of pill can you refine from these 49 tripods?"

"One?" Lin Qingxuan sneered and said, "disciple, you may have misunderstood something. I don't want you to refine a pill at the same time. It's not difficult. I want you to refine 49 kinds of pills with different attributes at the same time."

"What!"

Ye Chen exclaimed!

Is this a joke? 49 kinds of pills, refined together?

He knew his alchemy level.

But if you want to do it according to the master's instructions in two days, it's a fart!

It's impossible to finish!

"Master, I..."

Ye Chen just wanted to say something. Lin Qingxuan waved his arm, and the forty-nine tripods were suspended: "from now on, condense the elixir and wrap the true Qi on the tripod!"

"It's difficult, but you have to remember that you are the owner of the samsara cemetery. If you can't do such a small thing, how can you take charge of the world and how to pull those high-ranking beings down from the altar?"

Ye Chen doesn't talk nonsense. He thinks of the danger of the master of the doctor's gate. No matter how this battle is, he will win!

"Immortal fire, come on!"

Ye Chen a roar, the flame of eyebrow heart gushed out!

It's just a flame!

The immortal fire is suspended in front of Ye Chen's body. Ye Chen's five fingers clap: "open!"

In an instant, the flames spread out!

In an instant, it turns into a fire dragon and winds around the 49 Dan Ding!

Dan Ding is getting red!

In order to maintain the flame, ye Chen has to release the true Qi in his body. The true Qi and the immortal fire play a dual role!

Ye Chen in the middle of 49 Dan Ding is hit by violent air flow instantly!

It's hard!

Lin Qingxuan nodded. He thought it would take several hours for ye Chen to control the 49 tablets at the same time, but he did not expect to master it for the first time. Although he was not very proficient, it proved Ye Chen's talent.

He also no longer hesitated, a point out, a ray of light into Ye Chen's eyebrows, 49 Dan Fang cohesion.

"You're going to do the same thing."

Ye Chen nodded, five fingers a grip, around the countless medicinal materials suspended up!

Constantly around Ye Chen's soul!

Ye Chen uses the idea to control, just ready to put down the medicinal materials, the flame immediately out of control, on the spot to swallow Ye Chen.

"Poof!"

Ye Chen spits out a mouthful of blood, and the body shakes to fly, and the 49 Dan Ding is also completely broken.

His whole body is covered with black lacquer, black, you can see the confusion!

Lin Qingxuan looks at Ye Chen not far away and shakes his head helplessly.

That's normal.

"Disciple, your control of the cauldron and the flame is still a lot worse. Come again."

With a wave of Lin Qingxuan's arm, 49 red tripods appeared again.

Ye Chen swallowed the next pill, directly climbed up, regardless of the image, step by step to go!

This time, when the immortal fire and the true Qi collide, ye Chen will sacrifice his life talisman and the blood dragon empty shadow at the same time!

All of a sudden, the entire samsara tomb landmine!

The blood dragon is coiled around the 49 Dan Ding, full of blood, and wants to share some points for ye Chen.

But of course, ye Chen's pain is also extremely frightening.

His black body was full of blue veins, and his internal organs were hit by the air flow!

If it was not for the support of his mind, he would have been shaken off!

"Drop it for me!"

Ye Chen bit his teeth, a roar, all the herbs fell down!

Forty nine red tripods were instantly devoured by the immortal fire!

A smell of medicine is coming out!

But soon, ye Chen found that the true Qi was not enough. Without it, the balance was completely broken.

"Bang!" Dan Ding is broken again, and ye Chen is spit out a mouthful of blood, too embarrassed!

Lin Qingxuan looked at Ye Chen's embarrassed appearance and sighed: "apprentice, some things can't be forced. Your true Qi is very disordered now. Take a rest and continue."

But ye Chen did not seem to hear the general, climbed up, and again toward the 49 Dan Ding.

There is no real Qi in Dantian!

Ye Chen directly took out a bottle of Juqi Dan and swallowed it all!

"Come again!"

At the moment, ye Chen's eyes are full of madness!

Lin Qingxuan's eyes wavered. Maybe he had some opinions about ye Chen becoming the tomb owner of reincarnation. But now, he is very positive.

In the whole world, if anyone can shake that power, only the young man in front of him.

When he really grows up, people can only look up to him!

All of a sudden, a place in the samsara cemetery vibrated. Lin Qingxuan's eyes shrank and shot at one of the tombstones.

The tombstone turns red! And darken!

The sky above the tombstone was like the end of the day.

Lin Qingxuan was surprised for the first time, and murmured: "is it hard for this son to be so crazy now that he can lead out the demon man? The gods and demons have entered the world, plus the power of the evil things in Ye Chen's eyebrows, I'm afraid there will be changes! "

Two days passed quickly.

Ye Chen didn't know how many times he had been injured, and his whole body was scarred and in great distress.

Even a few times the flesh and blood fried!

Fortunately, there is Lin Qingxuan nearby.

Lin Qingxuan's medical knowledge is connected with God. Even if a person dies, as long as his soul is immortal, he can rob people from the hand of Yama!

Ye Chen is on the brink of life and death again and again, and he saves again and again.

Ye Chen is like a madman! Just started to operate 20 Dan Ding, and then to 30! The last 49!

He endured the pain that ordinary people can't bear!

Finally, two days later, the pills of 49 tablets were successfully refined!

Although unstable, but ye Chen in death ushered in transformation!

At the moment, ye Chen's casual clothes are all broken. Although his body is as black as carbon, his eyes are full of a trace of perseverance.

It's like a decade at a glance.

"Master, what you asked me to do has been completed. Have I stepped into the realm of the holy king of Dan Dao?"

Ye Chen said word by word.

Lin Qingxuan has many feelings in his eyes, shaking his head: "far from it."

Chapter 748

What do you want to do now?

Ye Chen just wanted to talk, but Lin Qingxuan continued: "it's still one step away, the most important one."

The next second, Lin Qingxuan step out, has come to Ye Chen in front of, a point out!

A blue light suddenly poured into Ye Chen's body.

Ye Chen feels bloated in the head and is very uncomfortable.

He forced to wake up, but was shocked to find that countless pictures flashed through his eyes!

There is only an old man and a tripod in the picture. The old man is Lin Qingxuan!

Lin Qingxuan is refining pills!

This is the alchemy experience of ancient great power!

With such experience, he is equal to directly across the Dan Dao!

Against the weather!

One picture flashed by, and soon, ye Chen was soaked through. After all, it took a lot of energy to understand these pictures.

Lin Qingxuan's body is also a bit dim.

This is not a loss to him.

If you want to cross so much on the Dan Road in two days, it is not so simple.

For a long time, Lin Qingxuan let go of his hand and let out a breath: "apprentice, what I can give you now is this. If you force it again, your knowledge and brain will not be able to bear it. However, these memories are enough for you to cope with the current situation."

"What's more, the 49 cauldrons are just helping you to control the fire that can't be extinguished. Now your ability to control the fire is enough to control some lower level ancient pills."

"It's a huge loss to be a teacher. I need to take some time off. Next, it's up to you."

After that, Lin Qingxuan disappeared, apparently entering the tombstone.

Ye Chen is very grateful in his heart and can only remember it in his heart.

"It's almost time to leave."

Ye Chen just ready to leave, but found a burst of pain in the brow, I do not know why, his eyes fall on a tombstone never opened.

That tombstone devil gas rolling, just look at, then let Ye Chen some trance.

Even a black light flickered in the center of the eyebrows, as if echoing something.

"Is there another great power to be born?"

Ye Chen shakes his head, does not think much, returns to reality directly.

When ye Chen opens his eyes, he can see that Wen Shishi and Wen Tingting are anxiously pacing back and forth.

When they see ye Chen open their eyes, the stone in their heart is completely suspended.

"Mr. Ye, you finally wake up. If you don't wake up, we'll go to the doctor of the killing place."

"Yes, Mr. Ye, I thought you were possessed. My sister and I didn't know what to do if we wanted to help."

Wen's poems came in a soft voice.

Ye Chen laughed and said, "don't worry, I'm not so easy to have an accident. Today, you two are waiting here. When everything is over, I will come to pick you up."

When the second daughter heard this, they changed their clothes and were ready to go with Ye Chen. As a result, Mr. Ye actually asked them to stay here?

"Mr. Ye..." Two people want to say what, but ye Chen interrupted, "listen to me."

Helpless, two people can only turn around sullen.

Ye Chen naturally has his reasons for doing so. This time, no matter whether he can beat Hong Tao or not, things are not so easy.

He had to prepare for the worst.

These two sisters will only be too exposed.

When ye Chen finished, he left the hotel. Instead of going to the red building, he went to the periphery of the killing place.

Naturally, he did not intend to escape, but to seek strength.

Ye Chen stands on the high place of a remote place, closing his eyes and moving his lips, as if in the countdown!

When he counted to one, dark shadows suddenly poured out of the jungle!

A huge black tiger rushed out directly, and stepped out step by step, more than ten meters high, directly came to Ye Chen's side.

And the bottom is a dark one!

Shocking!

Crazy black tiger!

Almost 500 black tigers!

Blood filled, the sense of killing erupted!

The wild beast around Ye Chen is the king of the black tiger!

Where the tiger king is, order the animals!

So many ferocious beasts are the strength left by Ye Chen at the beginning.

At the moment, the king of tiger sees Ye Chen and seems to be a little intimate, just like a cat, rubbing his huge head against Ye Chen.

Ye Chen took a look at the tiger king and reached out his hand and touched it: "Xiaohei, I haven't seen you for a few days. Your blood evil spirit is more and more strong. I'm afraid you have eaten many practitioners."

The Tiger King opened his mouth and put out his tongue, but he did not deny it.

"Today, I want you to come here. The crazy black tiger below is all the strength you are in charge of here?"The king of tiger shook his head and called a few times. Ye Chen naturally understood.

To his surprise, this guy controlled thousands of fierce beasts in the killing area.

But the other part is far away.

This is a surprise to Ye Chen!

"Good!" Ye Chen takes out thirty pills from the samsara cemetery. These pills are part of refining in these two days!

Not only has the function to the human, but also to the monster beast, is also the marvelous effect!

Can let the monster breath more terrifying, the flesh is stronger! Even across the cultivation!

The tiger king's eyes glowed when he saw these pills.

"I have only one request for you to take these pills. In a few hours, you can lead all the crazy evil spirits and black tigers to surround here. Can you do it?"

The tiger king fiercely nods, ferocious appearance actually appears incomparably clever, as if in please Ye Chen.

"Good."

Ye Chen no longer talks nonsense and throws the pills out directly.

Tiger king big mouth, swallow all!

"You and I have realized that once I give a command, you will rush in with all the crazy black tigers. Then, no matter who obstructs, you will be killed!"

"Also, if anyone discovers your existence before this, you must be killed directly! There must be no hesitation! "

"You must hide before I command it!"

Ye Chen said coldly.

The tiger king is also aware of the seriousness of the matter and nods fiercely. The body is constantly overflowing with anger.

"All right, let's go."

The king of tiger roared, jumped directly from the high place, and quickly left with all the crazy black tigers!

The ground shaking made many gatekeepers in the killing area aware of the ground shaking, but they didn't think much about it. After all, fierce beasts were around, which was too common.

Ye Chen is also toward the red building, his eyes have the meaning of senhan: "no matter who is, are not qualified to move my master, if anyone dares to move, only death!"

He changed his face. This time, he directly used Ye's face to kill heaven.

At the same time, put on that mask.

Everything should be prepared with both hands.

I just don't know if ye Shitian is a deterrent in the killing place.

.....

Chapter 749

At the same time, a huge square.

It's overcrowded!

Most of the people are here!

After all, this is the most wonderful thing in half a year!

Of course, the results are clear! Hong danzun crushed two wastes!

But to be able to witness Hong danzun refining pills is also of great benefit to everyone present!

Almost all the voices praised Hong danzun and belittled Duan Huai'an and the mysterious masked youth.

Of course, very few pray for them.

After all, the two lives have entered the countdown.

After a while, countless people with terrible breath came out of the red building with weapons in their hands.

They stood steadily in all directions, guarding all entrances and exits, with cold eyes.

The existence of these strong people makes the noisy square become incomparably quiet.

After silence, an old man appeared in the middle of the square.

It was the old man on the stone tablet.

The old man glanced down at the crowd, condensed his voice with genuine Qi, and diffused out: "today, everything is clearer than me, the rules are the same, today's comparison is the way of Dan! The winner and loser must obey a condition! Unconditional obedience! Even life

"In two days, only two people finally challenged Hong danzun!"

"Of course, I also believe that the two men's Dan Dao will not let everyone down!"

"Don't talk much nonsense. Please welcome Hong danzun!"

Words fall, the crowd cheers!

The momentum is extremely high!

As if Hong danzun is their faith!

Of course, in most people's eyes, Hong danzun is the symbol of Dan Dao!

How can you fail!

The crowd cheered, no one came out!

At the time when everyone was surprised, the figure of a royal robe fell from the sky!

"Hong danzun!"

"Hong danzun is out! It's like an immortal! "

"It's really the first person in Dandao!"

The sound of praise resounds, and Hong Tao enjoys the moment. His true Qi condenses, his robes float and his breath is extremely ethereal.

He fell steadily in the center of the square, glanced at the crowd from a commanding position, and said faintly: "thanks for your support, today I Hongtao will let you have a look at what is the supreme elixir!"

The crowd is louder!

And the old man didn't want to be procrastinating. He continued: "everyone, please be quiet, please master Duan Huai'an of the medical God sect!"

The cheers disappeared completely, instead, a series of disdainful voices rang out.

"The door of the God of medicine has long been in decline. Huai'an heard that he had been beaten into waste by the master of daocong, so he could only immerse himself in medical ethics."

"If it's not a waste, I'm afraid the achievements of Huaian will be limitless."

"There's no limit to it. It's not really a waste! There is no Dantian, but I would like to see how Huai'an is refining pills. "

"To tell you the truth, I'm a little curious about how Huai'an bears the flame in the furnace, ha ha!"

In the voice of doubt, an old man came to the stage step by step.

The breath of the old man is a little weak. In the face of doubt, his eyes are indifferent.

Over the years, he has suffered too much. How about being said a few words.

His turbid eyes looked at the waves and said, "I hope you can keep your promise."

Hong Tao snorted coldly: "that's natural, but I advise you to think about how to survive in my Dan Ding."

Duan Huaian sighed and didn't go on talking.

He was a little lonely and free.

In these two days, he failed in alchemy.

I'm afraid it's impossible to win this time.

But he represents the door of medical God, naturally will not be a deserter.

Death is the glory of death.

I hope there will be some miracle.

Seeing that they were in place, the old man continued: "that mask boy, you also come up!"

Because of the stone tablet incident last time, his attitude was obviously a little poor.

But a word fell, no one came up at all.

Ten seconds!

Still no movement!

There was a lot of noise at the bottom. Most of them thought that the masked youth was deserting.

Of course, this is human nature!

Facing the existence of Hong danzun's level, he had to flee.

The old man sneered and continued: "that mask boy, you also come up! If you don't come up again, I will issue a hunting order, and the consequences will be even more serious. "

But no one showed up.

Hong Tao frowned, obviously a little unhappy.

Duan Huai'an, on the other side, pondered for several seconds and said to Hong Tao, "Hong Tao, this is the gratitude and resentment between you and me. Don't involve other people, just start."

In recent days, he also heard that a mysterious mask youth rashly joined the challenge. He had some regrets.

Because even he is not qualified to shake the waves, how can a young man be.

The other party is still young and has a bright future. He doesn't want to die because of this. No matter what the other party's purpose is, he can help him if he can.

The flood waves focus their anger on themselves.

Hong Tao glanced at Duan Huai'an and snorted coldly: "Duan Huai'an, do you think you are qualified to speak? You can't protect yourself

Then, Hong Tao looked at the old man and said, "if the boy doesn't come again, send someone to cut off his hands and feet and bring him to me!"

"Yes

The old man nodded and finally said, "I'll say it again for the third time. The masked youth should come up quickly, or the consequences will be at your own risk."

There is still no movement.

The old man was angry and ordered directly, "come, surround the entrance of the killing place, find the boy, and cut him directly."

before the words were finished, a young man in casual clothes came slowly up and strolled around the court.

"Sorry, the alarm clock didn't ring today. I overslept. So what, has it started?"

It is Ye Chen who is talking with a mask on!

He deliberately lowered his voice!

All the people under the field heard Ye Chen's words, and the corners of his mouth twitched slightly!

How dare you oversleep on such an important matter!

Crazy!

Who gave him courage!

Even Hong Tao's face is bright and dark, because ye Chen's words are full of contempt.

The old man saw Ye Chen, a trace of anger burning: "boy, fortunately you dare to come in time, otherwise you have to face the supreme pain at that time!"

Ye Chen a pair does not matter appearance, light way: "you fuckin 'talk so much? If you want to start directly, I have something to do later! " Hearing this, Hong Tao couldn't help but say: "boy, arrogance also needs arrogant capital! If you are in a hurry to be reborn, I will help you! "

Ye Chen looked at Hong Tao with interesting eyes and said, "what are you? Are you Huang Tao? No, it seems to be LAN Tao, Zi Tao Why are you so black? Are you black waves? "

The person below hears Ye Chen's lie, pour a breath of cool air!

This mask boy dares to say it!

Hong Tao's whole face was said to be black by him!

They even had a premonition that the boy would die miserably if his alchemy failed later!

Dare to challenge Hong danzun and seek death!

Chapter 750

Hong Tao clenched his fist and his eyes were full of anger!

"Little beast, I'll just say once that my name is Hong Tao! If you dare to talk nonsense again, I will let you... "

Before he finished speaking, ye Chen interrupted: "I know, red Tao!"

"You

At the moment, ye Chen teases Hong Tao, but his eyes become serious.

There is a trace of moisture in the seriousness.

The body trembled slightly!

Because there is an old man with a bent body in the distance of dozens of meters!

It's Duan Huai'an, his master!

The old man who saved him from the lower reaches of Dongqian Lake!

The old man who gave him a second life!

The old man who taught him how to be a miracle doctor and how to practice Dharma!

In those five years, without Duan Huai'an, there would be no Ye Chen now!

The old man tried his best to guard him!

Regardless of his face, the old man asked hundreds of martial arts masters to take ye Chen in!

Only for ye Chen's revenge!

Ye Chen may have hundreds of masters, but Duan Huaian is his most important master!

My teacher's affection is great!

The eyes are red! Clench your fists!

He even remembered what happened to the master!

The victory of the first World War was supposed to be known as Kunlun Xu, but the damned Taoist patriarch violated the rules!

That brute brutally injured the master!

What's more, it destroyed the master's elixir field!

Never repair it forever!

What a terrible act!

Master, you have spared no effort to protect me in the past five years!

Five years later, ye Chen will guard you!

Whether it is the front of the Hong Tao, or the ancient school of Taoism! I will destroy myself!

Pull these animals down from the altar!

Duan Huaian in the distance naturally feels strong emotion overflowing from ye Chen.

He had some doubts.

Not to doubt Ye Chen's mood, but to doubt that this masked youth has a sense of deja vu!

This feeling is very strong!

For a moment, he even felt that this young man was his apprentice, ye Chen, who had left Kunlun for a year!

However, he quickly shook his head and said to himself, "how could ye Chen be here? It seems that alchemy has disturbed the mind these days."

And Hong Tao on one side suppressed his anger and stepped on it!

The ground shakes, three Dan Ding suddenly become!

"Dan Dao is extremely complex. It's not just alchemy that can achieve the supreme elixir! So this time, a total of three games, this is my greatest kindness to you, otherwise too much crushing will become boring, the first game is to test the power of fire control

"Among the three tripods, there is one and a half percent pill. I have ordered people to seal it with magic. Once opened, if the flame can't be controlled properly, the tripod will be broken! Who can turn this half of the Dan into a pill as soon as possible is the winner. "

"I've done my best to see if you have a chance to control it."

"Now choose any one of you, so that you don't say I'm tampering."

Yu Luo, Duan Huaian chose one of the Dan Ding.

Hong Tao looked at Ye Chen: "boy, it's your turn."

Ye Chen said at will: "Purple Tao, you choose first, I let you."

"You

Hong Tao snorted coldly and directly chose the one next to Duan Huai'an.

And ye Chen is silent to the rest of the Dan Ding.

The array is sealed with the Dan Ding. Once opened, it is time to continue refining.

The method is good.

Hong Tao sees that everyone is in position and steps again!

"Dan Ding, open up!"

The three arrays are broken together!

Rich fragrance of medicine overflows!

At the same time, Dan Ding vibrated.

Duan Huai'an knows that this is his chance. He doesn't hesitate any more. He pinches his fingers and forms his technique!

A flame condenses directly!

The flame is not big, but it controls the Dan Ding delicately!

"No matter what, this game must be won!"

Hong Tao looked at Duan Huai'an's flame and snorted: "this kind of garbage flame is trying to surpass me! It's beyond our means

The next second, his five fingers spread out, the palm of his hand instantly appeared a blue flame!

As soon as the blue flame came out, the cauldron in front of him was suspended in the air!

The flame envelops, actually some transformation shape.

It looks like a red crowned crane.

"It's the fire of the red top. It's said that only those who choose from the heaven can have it! It's Hong danzun that's not a loss

"This game, it seems that really crushing, although simple, but the red top of the fire, the outcome is very obvious."The crowd exclaimed, and Hong Tao enjoyed it very much.

In about five minutes, half of the pills can be completely formed.

Suddenly, he thought of something, Duan Huai'an's flame he saw, but the boy did not seem to move the flame.

He controls the flame and the Dan Ding, and looks at Ye Chen at the same time!

It doesn't matter if you look at it, he almost spits out a mouthful of old blood!

What the boy is doing now is really about fire!

But NIMA is not alchemy at all!

It's a flame coming out of your fingertips and And then he was lighting a cigarette!

Even smoking on the top of Dan Ding!

Sleeping trough!

The crowd also noticed Ye Chen, each expression almost petrified!

It's just not right!

Duan Huai'an concentrates on refining pills, neglecting others. Even though his ears are noisy, he is still immersed in the Dan Ding in front of him.

But Hong Tao can't help it!

He even found that the masked youth did not come to make alchemy, but to make trouble!

"Boy, you'd better find out what occasion this is. Once you lose, the consequences will be disastrous! I advise you to be serious! "

Ye Chen shook the ash and glanced at the Hongtao: "black Tao is right, I always respect the old man and let you have a cigarette time."

The whole body of Hong Tao Qi trembles, almost the Dan Ding is broken!

He's a saint level Dan master. He even wants you to have a boy who doesn't grow up. What a joke!

He reacts instantly, maybe this boy is Duan Huai's arrangement, in order to disturb his mind, let him fail!

He didn't think much about it. He was serious about alchemy.

Quickly let Dan Cheng!

Although do not care about ye Chen, but still from time to time swept a few eyes, pay attention to a few minutes.

After a while, ye Chen's cigarette finally ended.

He can feel the master's Dan Ding will be finished in a few minutes, and Hong Tao is obviously faster!

Only one minute left!

The latter has a controlling smile on his lips.

Hong Tao looked at Ye Chen again and said with a sneer, "boy, how are you doing? Do you still want to continue refining pills? "

Ye Chen did not speak and closed his eyes.

After a few seconds, the eyes open and the cold light flickers.

At the same time, five fingers open, eyebrow heart a flame shot out!

"Immortal fire, come out!"

"Boom A bright flame burns directly!

Instantly turned into a sea of fire, devouring the whole Dan Ding!

The appearance of the immortal fire makes the temperature of the whole world seem to rise a little bit!

Something even more bizarre has happened!

Hongtao's Danding fire in his hands seems to have met something terrible and left the Danting directly!

Spread in all directions!

It's like running away!

"Bang!"

Hong Tao had no idea that things would develop like this. The originally suspended Dan Ding did not have flame control and fell directly!

"Pa!"

The clear and crisp voice, resounding in the entire square above!
