Chapter 7451

Ye Chen was stunned.

What's that thing? He had never heard of it before.

But soon he understood that what the other party said was reincarnation Tianjian!

I'm afraid the predecessor of reincarnation Heavenly Sword is far more than some history. Before the advent of the eight heavenly swords, reincarnation Heavenly Sword existed in another form long ago.

"When they came, they all had a strong purpose. They broke in like you."

"And I decided to pass this thing on to you. Since it has been incarnated, I will be scared and completely disappear in a short time."

At this time, the mysterious man raised his hand and slowly grasped the iron sword inserted in his chest.

The blade is rusty, there is nothing to praise, and it is cracked in many places. It seems to be breaking.

Ye Chen also saw clearly that layers of scales appeared on the mysterious man's palm, which was not a human hand at all.

"I'm not a human body, but a demon body. However, my physique is somewhat special. I accidentally swallowed the deformity of a strong man in those years, and my cultivation reached the realm of shape. Then I went out of the mountain to travel. For thousands of years, I have adhered to the way of reincarnation."

"But eventually he was chased and killed here."

The mysterious man said it lightly, but there was a storm in Ye Chen's heart.

He could not imagine that the powerful mysterious man in front of him was not human!

In Ye Chen's mind, there is a group of long-standing memory. He urges consciousness, takes it apart, and then integrates it.

From this consciousness, he knew the mysterious man's past! I couldn't help but look shocked.

It turned out that the mysterious man was a unicorn!

Kirin in ancient times has existed for a long time.

Among countless wild beasts, Kirin is the representative of holiness and glory. Wherever Kirin goes, it will be full of sacred and beautiful light.

The unicorn was chosen by heaven and became the Lord of reincarnation.

Lord of the third reincarnation! It's a unicorn.

The explosive information made Ye Chen not react for a long time, and he was surprised and didn't know why.

The third reincarnation Lord also found the sword carried by reincarnation, took charge of the sword and killed all sides, continuing the prestige of the reincarnation Lord of the previous two generations.

And the body of the divine beast is immortal. To some extent, Kirin prolongs the brilliance of reincarnation.

But after that, the memory became blurred.

In addition to fighting all over the sky, there is endless roar.

Ye Chen doesn't understand why the Lord of reincarnation is pursued like this.

Only eight words came to mind about this situation.

It's not our race, its heart can be punished.

It is these eight words that reflect the strength and power of the Terrans and their unreasonable desire for control.

Ye Chen was surprised and puzzled, but more angry.

In his heart, he has strengthened his faith and is determined to step on the top of samsara, take charge of the six ways, and reshape the laws of heaven and earth and the laws of all things in the world.

There should be racial differences in this world, but it is by no means to drive out all the people who are not my family.

Why does the reincarnation Heavenly Sword need the reincarnation Lord Tiandi bone? I'm afraid the convergence of Tiandi bone and sword is the reincarnation Heavenly Sword.

All swords can be samsara heavenly swords.

The core is the cause and effect of reincarnation and the so-called Heavenly Emperor bone.

Ye Chen understood something, and his mind was clear. He nodded and said:

"Please don't worry, elder. I will find out the truth! I will give you an account of the revenge and liquidation!"

As the heirs of reincarnation, ye Chen naturally prefers the mysterious man.

But the mysterious man smiled and shook his head.

"The past has become a cloud in the future. The vicissitudes of life are only a moment. I'm afraid those guys have become the dust of history. I can make this wisp of remnant soul live here with the power of reincarnation. Whether I pursue it or not is meaningless!"

"I just want you to know the meaning of reincarnation. It doesn't just stop at the world of the heavens. At the beginning, I was aware of the clue and wanted to investigate deeply, but I was punished by the way of heaven and was seriously injured. Otherwise, why would I let the human race chase and kill here and be unwilling to fall!"

Ye Chen knows very well that the mysterious man will not deceive himself.

If what he said is true, it means that the way of heaven is also biased!

Think carefully, if this is true, then the world of the heavens is really a little scary.

If the way of heaven is not the will of natural laws, nor the source of all laws, but only the personal soul of individual characters, it will become extremely terrible!

In other words, the so-called star universe, the heavens and the universe, are just chessboards in the eyes of others.

Think carefully and fear!

Ye Chen took a deep breath and pressed down the puzzled idea in his heart.

He can't think deeper for the time being, otherwise he will be noticed by the heaven and don't know what the consequences will be.

"Boy, I wasn't a Terran in charge of reincarnation, and I didn't want to develop my top power, but I still left a blood group in the upper world. If you go there, can you find them for me and hand them over?"

On the top of the mysterious man's head, a dark god ring slowly emerged.

"This is the Kirin Soul Ring I left behind. It took a lot of effort to refine three ways. One of them is used to keep my soul and will disappear with my soul."

"This is the second way, and the third way is left in the ethnic group by me to continue the blood inheritance of the ethnic group, so as not to cut off the roots of the ethnic group. Please give this ring to my ethnic group."

The mysterious man looked solemn and said solemnly.

He has been a proud king of Kirin all his life, fighting heaven and earth, high spirited and unyielding, and has never asked for anything from others.

Without hesitation, ye Chen nodded and agreed.

He wanted to ask something else, but the other party put out a finger and gently touched his forehead.

Ye Chen's body suddenly shook.

On the contrary, the mysterious man smiled, but his body began to become illusory, turned into a little white light, and gradually dissipated.

But the white light did not die out, but went through Ye Chen's body, gathered into a running unicorn in his body, and reached the brain along the blood.

"I haven't passed on people in my life, and I haven't left anything for the ethnic group. I've seen a lot of reincarnation people, and you are the one I'm most optimistic about. I'd like to help you on your way to the heavens."

"Don't let me down."

Ye Chen paused. He could feel the majestic power in his body.

This power seems to come from an era of hegemony!

The mysterious man completely dispersed his last thought, which is equivalent to giving these white reincarnation forces to himself.

Chapter 7452

As the mysterious man's body gradually disappeared, the rusty iron sword seemed to lose its meaning of existence, and turned into ashes with his body.

The blood dragon not far away also received a gift of blood.

It belongs to the dragon family with Kirin and has sacred blood pressure, so it can also benefit from it.

The blood dragon was immediately delighted. It was a rare opportunity for cultivation. He sat down like Ye Chen and quietly felt the power.

Ye Chen was like a sculpture, motionless, but his upward index finger burst out daosen's white flame.

Although it was white, it was burning hot, and the hot temperature immediately spread.

Ye Chen didn't know how long it would take. He tasted it, because the blood power of the unicorn was really strong and could not be absorbed in a while.

He has more important things to do now.

On the other side, the blood dragon also absorbed the power of the unicorn. He only felt that the Dragon way in his body was more and more complete.

It is also mixed with the power of lion dragons, goblins, Xuanwu, rosefinch and other sacred animals. It can change its form at any time and take the enemy by surprise.

Ye Chen had got up and came to the abyss behind the throne. He thought a little and stepped in.

The blood dragon followed.

They passed through this lonely darkness, as if they had passed through a whole layer of heaven forbidden areas.

When they came in, the scene changed rapidly.

They seem to have stepped into a Golden Avenue, leading to jiuchongtian!

There was still fog around, and the breeze came slowly.

Ye Chen didn't want to pay attention to other things. After a search, his eyes soon locked a sword shadow on the distant rooftop.

Sure enough, he guessed half right. The bronze hall outside was just a cover.

The real reincarnation Heavenly Sword is hidden behind the throne. It can't be obtained without the permission of the mysterious man!

The smell here is like a hazy ancient land, mysterious and psychedelic.

A sky ladder runs through the depth and reaches the heaven and earth. At the end of the sky, the golden light and shadow float and sink.

That is reincarnation Heavenly Sword!

It is said that the reincarnation Heavenly Sword is the supreme artifact. It is said that the real level has exceeded the list of the supreme artifact of the thirty-three days.

However, there has never been a reincarnation Lord who can develop its power to the extreme.

At this time, ye Chen felt in his heart and looked up. His eyes penetrated and looked at the reincarnation sky sword from a distance.

In the reincarnation sky sword, there are six extremely terrible and frightening souls. That's six sword souls!

A sword, logically speaking, can only have a sword soul!

Shajian and jianhun xuanhanyu are the best examples!

But reincarnation Heavenly Sword is amazing, corresponding to six sword souls!

Even the six breath may be beyond the scope of sword soul!

Each one is enough to be the first of all swords!

It can be seen that reincarnation Tianjian is different!

More importantly, ye Chen found the six sword souls in the samsara sky sword, which corresponds to the six samsara.

It is somewhat similar to the reincarnation holy soul day.

There are six fragments in the reincarnation holy soul day, namely, the God soul Road, the ghost Road, the human soul Road, the beast soul Road, the Shura soul road and the hell soul road. Once the reincarnation holy soul day is thoroughly refined, the reincarnation soul body can be awakened, and the power of the soul is enough to reach the peak of the real world!

Ye Chen has received and absorbed the first four Tao. At present, there are still Shura soul Tao and hell soul Tao.

Shura soul path may be related to Shentu family, but Shentu Waner doesn't know the details.

Hell soul road is also missing now.

Ye Chen vaguely saw the shadow of the six sword souls in the reincarnation sky sword. As for the remaining three sword souls, I'm afraid they were lost for some reason.

The reincarnation of the three sword souls is so terrible. If the remaining three return, does it mean that they can fight the feather emperor?

Even in other words, the reincarnation Heavenly Sword in his hand has the potential to grow!

But none of this matters.

He now wants to get reincarnation Heavenly Sword and complete reincarnation integration.

Ye Chen calmed down. He didn't stand in the air or soar to the sky. Instead, he stepped here step by step along the God ladder connecting the sky.

He seems to be the most devout believer, facing the reincarnation Heavenly Sword.

After about half the time of incense, ye Chen finally reached the peak.

Reincarnation Heavenly Sword, like a god pillar, hangs over the top of the mountain and is independent of the clouds.

Ye Chen still observes reincarnation sky sword from a close distance.

The whole body of this sword shows the color of dark gold. When it is silent, it is so. Look carefully, the reincarnation sky sword seems to be made of the most beautiful gold in the world.

Many laws and rules are engraved on the temple.

"Every birth of reincarnation Heavenly Sword has set off a bloody storm. I'm afraid it will be the same this time..."

The blood dragon once saw the legend of reincarnation Heavenly Sword in many ancient books. For a time, he couldn't help sighing.

"Don't think so much. Live in the present and do the present."

With a free and easy smile, ye Chen immediately boarded the huge stone platform.

As soon as he reached out, he touched the reincarnation Heavenly Sword.

This time is a real touch, not a shadow.

The faint golden breath poured into the body, which made Ye Chen feel particularly comfortable, and a strange feeling surged in his heart.

This is his first contact with samsara Tianjian.

Chapter 7453

This time is a real touch, not a shadow.

The faint golden breath poured into the body, which made Ye Chen feel particularly comfortable, and a strange feeling surged in his heart.

This is his first contact with samsara Tianjian.

In the blood, the golden lines seemed to be summoned, and they rushed everywhere.

Those fragments are differentiated from those fragments of reincarnation holy soul heaven.

It seems that the reincarnation holy soul day has a certain connection with the six sword souls in the reincarnation sky sword, but it can also be understood. After all, they both belong to the six Tao and reincarnation.

At first, ye Chen absorbed them into his blood for his own use. Now his mind surged thousands of times and relaxed his vigilance.

The fragments of the soul Tao condensed into a complete form and entered the reincarnation Heavenly Sword.

At this time, through the golden light, ye Chen saw three subtle cracks on the handle, ridge and blade of reincarnation Heavenly Sword.

Those three cracks are caused by the lack of source law, which symbolizes the soul of the sword. Ordinary power can't be repaired at all.

Only by finding the three sword souls can we complete them.

But where the remaining three sword souls are still unknown.

However, ye Chen vaguely perceives that the way of reincarnation runs through many causes and effects. I'm afraid the reincarnation holy soul day will complement it with the reincarnation Heavenly Sword.

The reincarnation blood is completely revived, and ten reincarnation Xuan steles are gathered. Coupled with the complete reincarnation holy soul sky and the full power of reincarnation sky sword, the power of reincarnation will be enough to resist the feather emperor at that time.

At this time, the reincarnation Heavenly Sword has sensed Ye Chen's blood call and can't help shaking violently.

Boom!

The whole star sky and earth boundary trembled.

Ye Chen took down the reincarnation Heavenly Sword, held it in his hand and weighed it carefully.

The reincarnation Heavenly Sword twined with golden light is no different from other heavenly swords on the surface.

Several other heavenly swords in Ye Chen's body flew out at the same time and also emitted different lights.

Holding the sword in his hand, ye Chen seems to have been fed back. A warm power comes from the palm and flows into all parts of his body.

"Master, congratulations on getting reincarnation Heavenly Sword. It's a step further from being in charge of six ways!" The blood Dragon said excitedly.

How can it not be excited? The stronger Ye Chen is, the stronger it is!

It was originally brewed from ye Chen's killing intention and blood gas, and then gathered in the flesh to get no chance.

Each step is related to Ye Chen.

Ye Chensheng, it will be born.

Ye Chen falls, it falls.

Ye Chen looked at the blood dragon and smiled, but kept calm.

Reincarnation Heavenly Sword reappears in the world again. The name of the earthquake belongs not only to the Lord of reincarnation, but also to the eight heavenly swords!

At the beginning, the ancestor of the sword God refined the eight heavenly swords, saved the world and helped the building to collapse.

The eight heavenly swords are like gods, supporting the nearly collapsed heaven, like giant gods guarding one side.

Finally, with the support of the eight heavenly swords, the supreme world and the whole world of heaven recovered peace.

However, later, many xuanbing born in the depths of the universe asked about their power, surpassing the eight heavenly swords.

Some people regard this as a capital to show off and suppress the existence of Tianjian.

However, all this will disappear with the birth of reincarnation Tianjian!

The eight heavenly swords run across the world, especially the reincarnation Heavenly Sword.

"I want to cut the sky and level the injustice in the world..."

Ye Chen felt the last trace of obsession from the mysterious man and muttered to herself, which has been spread all over the thousands of years.

If there is a chance in the future, I will avenge you!

Ye Chen secretly made an oath in his heart, so he thought.

Then he withdrew his mind and came to the last step.

The last step is particularly important. For him, it is an ultimate challenge.

His soul entered the depths of the reincarnation Heavenly Sword and extended step by step to the end of the void.

At this time, white lights emerged, like the purest spiritual power, floating in the virtual space.

Ye Chen closed her eyes and perched on the ladder, as if an old monk had settled down and didn't move.

The blood dragon is re transformed into a dragon shape and guarded around.

In front of Ye Chen, Longyuan Tianjian, disaster Tianjian and waste demon Tianjian all emerged and surrounded him.

The blood light mixed with the disaster gas and the power of the devil way, condensed into a wind roll around Ye Chen, and the breath was towering and mighty for a moment, like a mountain.

But ye Chen himself didn't notice much. He closed his eyes and a statue of Dharma appeared above his head.

Those Dharma images are not gods, demons or monsters, but a personal shadow, running all over the world, invincible in the starry sky and fleeting.

If ye Chen opened his eyes now, he would find that these figures are not ordinary people, but a collection of reincarnation masters in each life.

Reincarnation Heavenly Sword had a glorious past before it was forged. When it came to the ancestor of sword God, it was just a transformation.

Therefore, reincarnation Heavenly Sword can become the first of the eight heavenly swords.

Endless felling breath, glittering with golden sword, evolved into a scene of floating slaughter.

It will be at the top of the mountain.

The unparalleled golden light reached the top and lifted the heavy fog.

The final destination is the boundless sky.

Strange scenes of heaven and earth appeared.

Golden light is the scorching sun, full of sunshine, and it is also mixed with silver white bright moonlight.

The combination of the two seems to welcome the reincarnation of the Heavenly Sword.

A moment later, the endless power of faith rolled like a tide, all converging on the sword.

Ye Chen finally opened her eyes.

The stars are full of brilliance.

He looked at the scene in front of him and felt familiar.

Such scenes seemed familiar.

But time did not allow him to think about these things.

After taking the reincarnation Heavenly Sword, he also mastered the void trend here and could clearly perceive the violent energy fluctuation in the outer space.

It must have been a fierce battle between them and the enemy!

"Now it's in reincarnation space. Do you think you can beat me?"

Ye Chen immediately flashed out with a sneer, and the blood dragon hurriedly followed and returned to the Longyuan Heavenly Sword.

Then comes the bloodthirsty moment.

.....

Outside the gate of the bronze hall, blood flowed and shouted to kill Zhentian.

Even the wind thunder volcano array can't stop such fierce and indiscriminate bombing.

The three gods of chaos have reached the extreme.

Their souls became very weak and almost transparent.

The situation of the two women in the hall is not much better.

The large array composed of three chaotic forces of wind, thunder and fire is powerful, but there will be omissions in the end, which can not stop all the strongest.

Chapter 7454

Like now.

The evil wolf of Tiansha broke in. He was holding a long knife with a ferocious face and very fast speed.

Like a gust of wind, it directly tore a hole in the array.

"You two have good qualifications! Leave it to me to have a taste. As long as you swallow you, my king's strength may be higher!"

The evil wolf laughed.

The big gun in his hand surged and condensed into a layer of violent black gas.

Boom!

The blowing wind swept through and almost tore the void to pieces.

And the green lotus suspended in the air also burst, and the sacred light turned into fragments.

Sun Yerong turned pale and hurriedly retreated, but from the blue light and black rain, a magic spear came out, condensing the extreme dark power, which was frightening.

"Can you escape?"

The Tiansha demon wolf's perception is extremely sharp. Where can he not guess their movements?

And this time, he pierced the past. Even if sun Yerong picked up the green lotus sword in time and blocked the blow, he was still beaten back, spitting blood, and even his breath withered.

Why is the strength of the Tiansha demon wolf stronger than before?

Sun Yerong was puzzled.

"It's just a demon wolf. He's so arrogant. He really thinks of himself as a demon emperor."

Shen Tu Wan'er has always been brave and good at fighting, not afraid of power.

She urged Wu Wei's Heavenly Sword, and the divine radiance immediately filled the air.

The powerful Heavenly Sword is unparalleled and frightens the world.

"Hey, hey, you're not good at it, but you're not good at it! What if you're from the world? When you get here, you have to wrap the dragon, or you have to lie down!"

The evil wolf of Tiansha smiled. He waved the long gun in his hand. For a moment, bursts of black air floated out, and ferocious skeletons were derived one after another.

The body of the Tiansha evil wolf soared, rushed from two meters to more than ten meters, and stood in the air. The devil was very angry.

Above his head, those skeletons combined with black air.

In the skull, there was a very pure darkness, which condensed into the shape of a demon wolf in an instant.

Those evil wolves came alive in an instant, and their scarlet pupils all stared at the two women.

A huge shadow fell from the sky and surrounded the hall here.

"Let me see how capable you people in the world are! Jiuyou demon spirit, go!"

The skill he summoned was inherited from the demon ancestor Wutian, which is a major branch of Jiuyou Heart Sutra.

With the roar of the evil wolf, he pointed his long gun to the sky.

For a time, those evil wolves gathered one after another to form a magnificent black Qi magic array.

The glory of the magic array was more than that. A moment later, it extended to the feet of sun Yerong and Shen Tu Wan'er, blooming and trying to swallow them.

"I'm afraid this guy only uses his real strength now. It's better to be careful!"

Sun Yerong frowned and couldn't help reminding him.

Shen Tu Wan'er was stunned when she heard the speech, and immediately nodded.

"Be careful, too!"

Boom!

As soon as her voice fell, she only saw that in the black gas spreading vertically and horizontally, countless poisonous snakes came out, dark and shiny, exposed their tusks and ran frantically.

Those poisonous snakes are entangled closely and come down from their feet, which is unexpected.

And look at that number, I'm afraid it's no less than 100000, and the visual effect is very scary.

"You go out first! These poisonous snakes can't hurt me!"

Sun Yerong said calmly.

"But..."

"No, but you go and watch that guy!"

As soon as sun Yerong backhanded, he pushed Shen Tu Waner out of the encirclement of this array.

Shentu Waner was surprised and suspicious. She really didn't understand why the other party wanted to save her.

Sun Yerong immediately gathered her mind and jade hands together, and constantly formed a cumbersome printing method!

"Green lotus throne, open!"

The green lotus divine sword in front of her spun wildly, whew turned the direction and came behind her.

Then sun yelong gave a low cry, and a bright cyan light burst out on his body, which suddenly became solid from the state of light.

The blue light is the source of her body protection. It turns into a gentle force and surrounds her body, like a breeze, emitting an ancient and elegant majesty.

Green lotus throne, divine light protection!

This is a defensive system that sun Yerong learned from the ancient books left by the green lotus fairy.

Never die, never die, though broken.

Both ends of yin and Yang combine hardness and softness.

At the moment, sun Yerong looked beautiful and sat on the throne condensed by the clear light, surrounded by green light and shining brilliance.

Let her whole person look like an independent fairy, hazy, psychedelic, sacred and beautiful.

When the poisonous snakes jumped on the green light, they were absorbed by the inexplicable force and couldn't move. Then a great force rebounded and shattered them.

Fortunately, she got the inheritance of Qinglian fairy, and among Qinglian's magic powers, one can be used to resist poison gas.

Otherwise, they will be very embarrassed in the face of the demon spirit array.

Shen Tu Wan'er outside the array circle is watching intently. If something is wrong, she will take action at the first time.

But now it seems that the killing array condensed by the other party has been swallowed up by the light of the green lotus throne.

But the look of the evil wolf of Tiansha was heavy.

These two seemingly weak women actually cracked their array so easily. They want to have extraordinary strength.

Chapter 7455

But he didn't care. Instead, he turned the long gun over and stabbed it into his left shoulder.

Suddenly, the black devil bled out, but gathered at the other end of the long gun, turned it into a dark gas, and quickly covered the surface of the Tiansha devil wolf.

"Today, I want to see how strong the strength limit of you two is! Can you break my precious skill of sacrificing yourself to become a devil!"

"Now let me show you my real strength. If I kill you two, I'm afraid the Lord of reincarnation will be sad for a long time. Ha ha, what I want is this effect!"

"The Lord of reincarnation killed my good brother garuro. Today I will bury him with his two women!"

The evil wolf of the Tiansha ghost snorted coldly, and his huge body immediately exuded incomparable majesty!

He stepped out like a shooting star.

But the next moment disappeared in place, like a ghost, leaving only a remnant.

When he appeared again, he had come to Shen Tu Wan'er. His hands were integrated with the long gun, revealing a cold sharp thorn, stabbing in front of Shen Tu Wan'er!

Shen Tu Wan'er retreated quickly, but he didn't think about it. The evil wolf smiled insidiously. His arm was integrated with the long gun, shrank gradually, and then popped out suddenly.

With this bullet, the ferocious force suddenly came and went straight to Shentu Waner's heart.

"Bad!"

The speed of the evil wolf of Tiansha is so fast.

Shen Tu Wan'er's sword spirit is wielded, and she hasn't had time to shrink.

The evil spirit was a little in the air and turned into a sharp killing opportunity in the blink of an eye.

If she was stabbed by this blow, Shen Tu Wan'er would be seriously injured even if she didn't die.

Just as Shen Tu Wan'er was going to fight back with serious injuries, a green light flashed suddenly.

Click!

The green light was impartial and came at the right time. It was caught between the magic gun blade and Shen Tu Wan'er.

"Green lotus sword, broken!"

Sun Yerong is not far away, manipulating this ancient magic sword.

The sword blocked the attack of the Tiansha evil wolf, but the violent collision between the two also spread to sun Yerong.

Even if sun Yerong was ready to use the blue light to protect her body, she still felt sharp pain all over.

The power of the evil wolf of Tiansha is extremely terrible. It is difficult to parry with their current strength.

Shentu Waner retreated quickly.

But she just escaped this must kill move. Next, she still has to face the overwhelming crazy attack.

Bang!

Shen Tu Wan'er's body smashed out and hit a rough stone pillar in the hall.

This place is protected by mysterious forces, so you don't have to worry about damage.

But Shen Tu Wan'er's situation was different. She only felt that she had suffered internal injury and her spiritual power was rolling in her body.

Although their strength is also very strong, it is really a very difficult thing to challenge beyond their level.

Not everyone can have extremely abnormal strength like Ye Chen.

The evil wolf of Tiansha is the strong one of the heavenly king, which is fundamentally different from them.

If you ignore some auxiliary elements and only talk about hard power, Tiansha evil wolf is enough to rank in the top three among these people.

Go to any powerful monster race at will, which is comparable to the existence of our ancestors.

There is a fundamental difference between the hundred yoke realm and the realm of the heavenly king.

Such a difference is like a natural chasm, which can not be made up by adding Qi.

However, there are exceptions to everything. For example, reincarnation of blood is enough to fill such a gap.

Sun Yerong and Shen Tu Waner were both injured.

"The strength of you two is pretty good. You can take my move alone, but you just stop here!"

The evil wolf of Tiansha lost his hands behind him, which is quite expert.

Through this fight, he was surprised at the strength of the two men.

Even if we look at the whole old League, few disciples can surpass them in strength and talent.

Although their superficial accomplishments have not yet entered the realm of the heavenly king, in fact, they have been able to compete with some of the early level experts of the heavenly king.

Sooner or later, the evil wolf stepped out again, but this time he used the wind shadow residual step.

The steps like ghosts are also the skill system inherited from Jiuyou.

Moreover, the people he brought could not only fight. Those monsters firmly occupied the position of Qi and formed a square array to enhance his strength.

His attack came in an instant. It seemed to rush to Shentu Waner, but in fact, the afterimage flashed and came to sun Yerong.

At this time, sun Yerong is sitting on the afterglow of Qinglian throne, taking care of herself and restoring her strength as soon as possible.

Boom!

That is, she suffered a burst attack, and the residual green light failed to block the fist of the evil wolf for her.

Boom!

Sun Yerong's delicate body flew out like a broken kite.

She suffered a lot from this move.

The evil wolf of Tiansha felt the wonderful increase brought by the power of Jiuyou, and the killing opportunity suddenly appeared in those magic eyes.

"I've had enough. Come one by one now!"

He swung his huge, sharp claws and jerked out.

That claw, like the claw of the ancient times, can tear the void and break the earth.

Now the Tiansha demon wolf is sure to win, almost crushing the two women.

Whether it is strength or luck, the Tiansha demon wolf is in the position of rolling.

It's a safe bet.

"The commander of Tiansha is powerful!"

Some monster soldiers couldn't help holding up their weapons and cheering.

Although they stand outside the array, it is only a matter of time before they break through the array.

Because their leader was trapped outside by the chaotic three gods emperor, they launched a single person battle, and the war situation was more anxious.

Shadow leader, Zhao Qingxian and others are a little anxious, but now there is no way.

Seeing this, ye Luo'er bit his teeth and entered these arrays.

She summoned a flaming bird, burned and rushed to the Tiansha demon wolf.

But the Flamingo didn't stand far. It was imprisoned by a mysterious force. After struggling for a few times, it burst open and perished quickly.

Ye Luo'er was also backfired and vomited a mouthful of blood.

"My Lord, you..."

Yeluoer was a little unbelievable.

It turned out that her strength had long been imprisoned by the heavenly daughter! At this time, even if you use the moves, you can't play one or two out of ten.

Zhao Qingxian, who is outside the array, is struggling with chaotic Lei di. She can't help laughing when she sees this scene.

"Do you really think that the lady of heaven will let you out and deal with the Lord of reincarnation with me because she believes in you? Then you are so naive."

Zhao Qingxian couldn't help laughing. His voice was full of sarcasm.

Ye Luo'er's rebellious camp shot at the evil wolf of Tiansha, which aroused the confinement power laid by the supreme goddess in her body. At this time, she was paralyzed.

Chapter 7456

Others also saw this scene and couldn't help sneering.

Shen Tu Wan'er pressed down the surging Qi and blood in her body, bit her silver teeth, forcibly took a breath and rushed with her sword.

No one can help sun Yerong except her.

"You can't kill her!"

Shen Tu Wan'er's voice was furious. At this moment, she had ignored others, and Wuwei Tianjian spared no effort to release.

"Cold and frost days!"

A little cold awn started from the tip of the sword and spread rapidly, covering thousands of miles of space, freezing the world into ice and snow.

The bronze hall has become a temple of frost and snow.

The killing intention carried by this sword rolled in, turned into a frenzy, and shrouded the body of the Tiansha demon wolf.

The evil wolf was a little surprised. Looking back, he saw the snow and ice all over the sky.

And those wind and snow, rising to the dome of the hall, gradually condensed into a frost dragon!

"Oh? Interesting? But are you sure you can control the power of wind and frost?"

The evil wolf of Tiansha saw through Shen Tu Wan'er's incompetence.

It seems to have a great momentum, but in fact it is bluff. If you are careless, you will lead wind and snow into your body and die suddenly.

Seeing this, sun Yerong looked suddenly changed.

"No!!"

She shouted quickly.

But Shen Tu Wan'er's eyes were solemn and her face was firm. Her wish had been made. In addition to saving sun Yerong, she also cleared Ye Chen of a powerful enemy.

Call the wind and snow with my blood!

Shentu Waner is going to use the last resort.

But at this time, the atmosphere of turbulence came out, and in a short moment, it filled the whole bronze hall.

Shen Tu Wan'er also felt the breath and immediately opened her eyes, looking a little stunned.

All the people turned their heads and looked at the center of the hall. There was a seemingly ordinary sword standing quietly without anything special.

But at this time, something strange happened to the sword, and the voice of violent turbulence came out.

Just listen to the "Qiang" sound, issued a clear buzzing.

Then came a dazzling golden light, which seemed to penetrate the bronze hall.

The loud noise is like thunder and fire explosion.

The golden light was pure and filled with powerful power.

In a moment, a straight Golden Avenue was formed, forcing the people standing in the bronze hall to both sides.

On this Golden Avenue, mysterious runes emerge slowly, just like the totem of ancient races. They are vivid but contain infinite charm.

Once the golden light flashed, it was so powerful that the Tiansha demon wolf had to stop temporarily.

"Want to touch my woman? Are you qualified?"

Then there was a sound, as if it had penetrated ten thousand layers of golden light and reached the bronze hall.

At this time, the golden light suddenly stopped and condensed into a static picture.

Everyone wondered why such changes had taken place?

But in the next moment, the burst blood light penetrated.

In the barrier formed by the golden light all over the sky, a pair of blood red eyes slowly opened, emitting the prestige of ancient vicissitudes.

The eyes were not far away from the evil wolf of Tiansha, condensed and formed. The ancient divine power shrouded it. Even the evil wolf of Tiansha felt a trace of fear.

He thought for a moment, then made a decision, temporarily retreated to a nearby place and let Sun Yerong and Shen Tu Wan'er go.

Because the golden breath of reincarnation is not weak. If you stop it forcibly, you may be at risk of injury.

Those bloody eyes soared into the air, and entrenched in the air, and the golden light also opened a barrier.

A figure came out slowly, with firm steps and momentum.

The golden light slowly dispersed, which revealed the figure of this man. It turned out to be a young man in black, with a handsome face, bloodthirsty eyes and a dark golden sword.

If it's not ye Chen, who can it be?

The eyes of the evil wolf of Tiansha slowly moved down. When he saw the dark golden sword, his eyes suddenly felt a little tingling, so he quickly moved away.

The power of the Heavenly Sword cannot be looked at directly!

What's more, it's the head of Tianjian!

This is the power of reincarnation Heavenly Sword!

Other people also looked at this side one after another. The faces of the other people were a little dignified, while the chaotic three gods emperor looked at me, I looked at you, looked at each other, and immediately showed a relieved smile.

The smelly boy finally came back and successfully got the reincarnation Heavenly Sword.

This is the territory of reincarnation Heavenly Sword. Even if ye Chen's strength is not enough, holding reincarnation Heavenly Sword is equal to controlling the potential here!

Take advantage of the situation! The degree of enhancement can not be described in words!

In that case, they don't need to resist as hard as they do now, but need to think about how to escape from here.

The evil wolf snorted coldly and did not give way.

"What about your women? They are just corpses in front of me. Since you take the initiative to die, I will make you go to hell!"

The evil wolf of Tiansha no longer kept his hands. He exposed his tusks and showed his real body in a flash. He immediately climbed into the void and looked down at the people.

Although the Lord of reincarnation has deep Qi, it is extremely difficult to kill him.

But this is also his territory.

Next, he will do an unprecedented and unprecedented event.

Kill the Lord of reincarnation!

"As long as I kill you, no matter how many injuries I suffer, I can recover by swallowing reincarnation blood, and my strength will rise to countless levels!"

Chapter 7457

Other old alliance demons also blushed and breathed rapidly. They stared at Ye Chen as if they were staring at some kind of fat prey.

When ye Chen summoned the golden light of reincarnation, they were more eager for this kind of Qi and blood.

However, when ye Chen released the strong breath, their faces were shocked one after another.

Ye Chen's strength is so strong that they can't fight with their means.

However, the evil wolf of Tiansha was not afraid. He revealed the real body of the evil wolf. The towering evil spirit swept up, emitting explosive majesty and extreme terror.

The evil wolf looked terrible, and its pupils glowed with frightening green light.

When his tusks were exposed, the boundaries of the void were cut, and a pile of meteorite fragments were torn.

Those fragments were swallowed by the demon wolf, chewed for a moment and then exploded into sharp black shadows.

When the demon wolf roared and stormed up, the whole space was torn, the vigorous wind roared, rolled up the rough waves, and endless storms fell.

All the targets are ye Chen!

And ye Chen stood still, and the huge blood eyes behind him were the eyes of the blood dragon.

"Blood dragon, try your Wanxiang heavenly book."

Ye Chen said faintly.

"Yes, master!"

The voice of the blood dragon was buzzing like thunder.

Like Ye Chen, it absorbs the powerful power brought by reincarnation Heavenly Sword, and is in its heyday at this time.

Ye Chen let it go, that is to test the reincarnation power and how much blessing the blood dragon has!

The huge blood eyes hidden in the golden light shuttled rapidly and crossed the invisible barrier.

Then came a bloody sky sword!

It was a huge sword, penetrating the sky and earth, emitting thick blood light.

However, the overwhelming sense of oppression is not all brought by this sword, because there is a blood dragon on this sword, entrenched in the sky, and the phantom slowly emerges and integrates with this sword.

"Wanxiang heavenly book!"

With Ye Chen's light drink, the blood dragon seemed to get the instruction and opened the book of ten thousand faces.

Blood lines appear on the sword body, which seems to be blood veins, but in fact it is an ancient rune. It spreads from the sword to the blood dragon, and its power increases suddenly.

The blood dragon took up the runes, rushed out and collided with the black fog waved by the huge magic wolf.

At this time, Wanxiang Tianshu turned into a virtual shadow and condensed two dragons!

Three bloody dragons fell into a fierce battle with a demon wolf and fought on the open dome of the bronze hall.

Fortunately, this hall has been strengthened and blessed by special forces, so it can stand still.

Rao is so. There are also scars on those stone pillars.

Three blood dragons come out together and can't get the upper hand!

Although Wanxiang Tianshu has the power to suppress the power of the dark night, it is only within the scope of general strength.

If the strength exceeds too much, the virtual shadow Dharma respect of Wanxiang Tianshu will also halve the effect.

But what makes people wonder is why Ye Chen stood in place and didn't move for a long time.

And the idea in their hearts just came out. Not long after, ye Chen suddenly opened his eyes. The pure light in his eyes surged and glittered with strange brilliance.

"Your heavenly sword has some pitfalls, and I have subdued you. I don't even have a secret script hint! However, according to Xiao Buyi, the sword Qi of reincarnation Heavenly Sword has its own prohibition. If you want to break the prohibition, you can only rely on the ultimate meaning of the military formula, that is, the earth explosion heavenly soldier."

But there's not much time left for him now.

"In that case, you can combine my kung fu to see how strong you are in the state of prohibition!"

Ye Chen stood in situ and meditated for a long time. In the eyes of outsiders, he had a good demeanor.

But he was a little depressed. After taking the reincarnation Tianjian, didn't he even say how to use it?

Do you want him to embark on his own way of exploration!

Ye Chen sighed and immediately took back his mind and put his energy into the battlefield.

"Dou Zi Jue: break through the sky!"

He summoned Brahma's divine power, like a god of war, and released his violent power.

At this moment, the power of the nine heaven divine arts is fully displayed. The power of blood reincarnation is transformed into a golden frenzy, which is incomparably bright and falls down.

This sword can sweep the world and level the mountains and rivers.

Countless fighting spirits vibrated one after another, causing the resonance of spatial turbulence.

This bronze hall seems to be about to collapse. It can't bear such strength at all.

One sword cold 19 states, the sea!

The Dragon roared, the blood light was like frost, and the powerful destructive power collided with the void prohibition here. The runes flickered one after another, and the whole bronze hall was crumbling.

It is magnificent and shining.

When this fighting spirit mixed with reincarnation blood light broke into the battlefield, the Tiansha demon wolf also felt the pressure.

Although the reincarnation Heavenly Sword did not bloom bright golden light, it was enough to frighten people with that heavy sword power alone.

"Good guy! Is this the power brought by reincarnation Heavenly Sword? It is worthy of being the first of the eight heavenly swords."

Even if the Tiansha demon wolf is arrogant, he has to admit that the reincarnation Sky Sword is indeed dazzling.

"Then let the king see how much power you can exert this reincarnation Heavenly Sword!"

The evil wolf of Tiansha laughed up to the sky. He roared loudly and was happy.

And he also had a certain change. The black fog condensed all over the sky and even formed a tail behind him. Each one stood straight and soared to the sky.

He even evolved the form of Nine Tailed wolf!

If the Nine Tailed Fox represents the ultimate charm power, it is enough to make people sink into it, unable to extricate themselves and lose their lives.

The Nine Tailed wolf represents the ultimate killing and darkness! Once you are stared at by the dark breath, you will die without a place to bury.

The nine tails scattered like a demon general, bypassed the stone pillars that connected the sky, stopped for a moment, and shot at Ye Chen.

At this moment, it brought a burst wind and roared.

Ye Chen stepped forward with clear eyes. He didn't give way to such an attack. He cut his sword head-on!

Reincarnation Heavenly Sword is worthy of being the first-class magic weapon in the world. It sweeps thousands of troops and moves forward!

Wielding the sword, he tore the endless void and cut off the three tails of the demon wolf.

The remaining six tails came together in an amazing array.

Ye Chen and blood dragon were in the top and bottom respectively. The Heavenly Sword was waved and the dragon's tail was swept. The cooperation in an instant was enough to stop all attacks.

When they cut off all the wolf tails, it was not long before they could see the dissipated fog condensing again, and the wolf tail recovered as before.

Ye Chen's eyes suddenly sank.

He knows that this guy has a strong regeneration ability. No matter how many times he cuts his tail, he can't hurt him!

Chapter 7458

I saw the broken part, the black fog slowly rotated, and then condensed again.

The evil wolf of Tiansha has left the initial scope of borrowing the power of stars and evolved to the second stage, which can be called immortal.

"Ha ha, what? Even if you get the reincarnation Heavenly Sword, you still can't hurt me!"

The evil wolf of Tiansha looked at Ye Chen and smiled coldly.

There was a faint disdain in the laughter.

Although Ye Chen was surprised, he was also expected.

The Tiansha evil wolf is the leader among the star beasts under the command of the evil ancestor Wutian, and has broken through the category of star beasts. Now it has come into contact with the immortal cosmic power, and its strength is quite strong.

This guy is about to break through the shackles of the early emperor of heaven and enter a new realm!

It can be said that after ye Chen broke through the Taizhen realm, among the enemies he really faced, the Tiansha demon wolf was enough to rank in the top three.

"If this is your card, then you can die next!"

The evil wolf of Tiansha put away his gloomy smile and became expressionless, cold and indifferent.

There's another word he didn't say. After you die, this reincarnation Heavenly Sword will be mine.

Thinking of this, the evil wolf of Tiansha became a little excited. If he could successfully kill the Lord of reincarnation and take back the reincarnation sky sword, he would be the first hero in the history of the old alliance.

"Master, you go first with reincarnation Heavenly Sword, and I'll deal with him!"

The blood dragon also felt the power and terror of the Tiansha demon wolf, so he whispered to Ye Chen secretly.

The strength gap between them and the evil wolf of Tiansha is indeed obvious.

But it's not easy to get out today.

Ye Chen glanced at the gate of the bronze hall. The two Tianjiao of the wanxu temple were fighting with the power of chaotic wind emperor, and their strength was not weak.

Chaos Leidi stopped Zhao Qingxian, and their speed was equal.

A fierce battle broke out between chaos Yan Emperor and the leader of the shadow army.

The three chaotic gods are using their own cards to delay time.

As long as ye Chen can successfully retreat, they can follow. The enemy can't leave them.

"No, this guy's strength is too strong. Leave you alone. I'm afraid he's not his opponent!"

Ye Chen shook his head and said.

There was a transparent fire burning in his eyes, silent, as if to burn everything.

And this is the precursor of his use of cards.

Since Dou Zi Jue can't integrate with reincarnation Heavenly Sword, let's try this move.

Ye Chen raised his head and faced the evil wolf.

The huge shadow of the other party has come to him, emitting rolling magic power.

"Lord of reincarnation! You can't live today. Take care of yourself!"

The evil wolf raised his hands like an emperor, and the nine wolf tails behind him gushed out, full of evil spirit, sweeping the sky.

The bronze palace was finally unsustainable, and a big hole was pierced in the dome.

Suddenly, the dark night's dark breath poured in and filled the hall, making Ye Chen's eyes blurred.

"Be careful! The fog summoned by this guy is a little strange."

Ye Chen closed her eyes and backed up a distance with her feeling.

He urged the chaos God thunder, and with the strange fire left by the chaos Yan Emperor, a pioneering Hongmeng breath spread out.

"Dou Zi Jue, Bing Zi Jue, array Zi Jue, open!"

Ye Chen's hands are like the fast flying butterfly, shuttling and changing, forming one Dharma seal after another.

Ye Chen is making the last fight!

At the same time, he used the three character formula, which almost promoted Brahma's divine power to the extreme.

The reincarnation blood in the body is extremely burning. It has never burst like today, as if a volcano is about to erupt.

The powerful force gathered into a sharp knife, which was released along the reincarnation Heavenly Sword.

The sharp momentum is like thousands of troops, marching side by side, tearing the far sky!

This sword Qi blocked the dark tails.

"What about the nine heavenly gods? In front of absolute strength, all gods are just local chickens and dogs, which is not worth mentioning!"

The evil wolf of Tiansha showed disdain. He waved the ancient gun in his hand.

Bang!

Two violent smells exploded.

However, it did not appear as one-sided as expected.

Even though Ye Chen had used three powerful word formulas, the evil wolf of Tiansha still didn't suffer half damage. He stood around his chest and stepped on the void with ease and disdain on his face.

But a mysterious force.

The vast aura and energy poured into the body of the Tiansha demon wolf.

"How is this guy's body made? Why is it so strong?"

Ye Chen couldn't help wondering.

But the evil wolf didn't intend to give him a chance to react.

At the next moment, the black light was everywhere, and the sharp wolf tails were like a sword through the clouds, killing Ye Chen and the blood dragon.

At the same time, a magic net fell from the sky and shrouded the place.

The inexplicable pressure fell abruptly, forming a momentum of suppression.

For a moment, ye Chen only felt it difficult to move.

The blood dragon turned into a shadow and protected Ye Chen.

Its eyes are full of decisive color.

Even if he will fall, he will never allow the enemy to hurt his master.

But his body was also fixed and could hardly move.

Ye Chen's hand to lift the sword stopped halfway. He couldn't take half an inch!

Chapter 7459

lamed!

The evil wolf of Tiansha used the power of Jiuyou to show their real strength, which made them lose again and again and couldn't Parry at all.

At the periphery of the hall, the monsters who tried to attack the Dharma array raised their weapons and laughed.

People from other major forces also slowed down the pace of attack. Looking here, they looked like watching a good play.

The chaotic three gods also noticed the abnormality here, so they wanted to take back the array and rush to the rescue.

However, Zhao Qingxian, shadow commander and others are mainly anti guests, holding them back.

"Just now he was still shooting at me. Now he wants to run away? I'm afraid it's not so good!"

The chaotic three gods emperor also fell into a siege and could only fight against the enemy in front of him, but could not stand out to support Ye Chen.

During the war, the evil wolf of Tiansha had already made the last blow.

At this time, he knew that ye Chen did not fully control the power of reincarnation Heavenly Sword, and even did not absorb the essence of 20%.

Otherwise, I'm afraid he's the one who can't move!

"No matter how strong your luck is, if you don't have enough strength, you will still die!"

The evil wolf shook his head, and there was no pity in his pupils.

Let him end all this evil today!

What shit six samsara? Lord of reincarnation? Immortal?

That's all a joke!

At the moment when the evil wolf of Tiansha cut out the black awn.

Bang!

Bang!

Bang!

Deep in the void, there was a violent explosion.

The sound didn't come from elsewhere, but from ye Chen's body.

Even ye Chen was stunned, but when he noticed the breath of the golden light, he suddenly realized it.

A mighty force was occupying his body.

Ye Chen thought for a moment, then took the initiative to give up the control over his body, and let the spiritual power hit him like a tide, filling his limbs and bones.

Soon, a vast and vigorous momentum slowly spread out, like an emperor's landing, shaking the world.

That is the mysterious man and the Lord of reincarnation in the third life.

"Reincarnation Heavenly Sword is temporarily incomplete. I'll help you through your difficulties."

The familiar voice slowly rang through Ye Chen's ears.

He finally understood.

In the void space, after the mysterious man dispersed, he had to turn into a little light and merge into his own body, just for his current backhand.

The Lord of reincarnation has a clever plan and comprehensive consideration. He is really the first-class in this world.

The reincarnation Lord of almost every life is far more intelligent than others.

In particular, the reincarnation Lord of the previous life, led by himself, sacrificed death. He was not harmed by traitors, but all this was designed by him!

Everything is for the power of reincarnation to unify the six ways, ascend the heavens and reopen a new era of the ten thousand boundaries of the heavens.

After the mysterious man occupied Ye Chen's body, the pupil gradually changed from dark to boundless gold, which made people feel sacred and inviolable.

He felt the reincarnation Heavenly Sword. His eyes narrowed slightly and murmured: "the former reincarnation Heavenly Sword is better looking, but after it was changed, some places seem stronger... Interesting..."

He waved his hand, the golden light suddenly shot out, and immediately smashed each other's wolf tails.

And that amazing towering pressure was broken into dust under the gaze of the mysterious man.

This strength is so terrible.

Ye Chen couldn't help taking a breath.

The third reincarnation Lord, how did his strength reach!

How could it be so understated!

The evil wolf of Tiansha also realized the seriousness of the matter for the first time. He quickly cut off the connection with those attacks and retreated to a distance to save his life.

Although he escaped quickly, he was still shaken.

Because the mysterious man is faster than him.

Boom!

The evil wolf of Tiansha was injured for the first time and spewed several mouthfuls of blood. When he looked up again, he looked shocked.

"Who are you?"

The evil wolf of Tiansha looked at Ye Chen and looked shocked.

It was just a short moment, and the pressure on Ye Chen made him feel very creepy.

He could conclude that the person in front of him at this time was not Ye Chen, but another soul hidden in his body.

"Ye Chen" gave him a faint look and didn't pay any attention to him.

"Get out."

Ye Chen only spit out a faint word.

The evil wolf of Tiansha was so angry that his teeth itched.

But the retort was swallowed by him when it came to his mouth.

Because the man in front of him is too powerful.

He seemed to see an insurmountable mountain, and his soul was trembling!

At that moment, he felt that he was a weak mole ant on the ground and couldn't raise his head in front of the right side.

"It's just a little wolf demon. Dare you hurt him? Are you impatient?"

The sound was not loud, but it was like thunder. It shocked the evil wolf of the Tiansha devil, and his ears suddenly bled.

He covered his ears, but the evil spirit could not stop the sound.

In full view of the public, it is unimaginable that the powerful star beast leader should bleed his ears because of a voice.

The mysterious man was so predictable that even Ye Chen had to marvel.

It was this fierce attack that made the Tiansha demon wolf vomit blood and retreat. Originally, it was only blood flowing in his ears, but now it has become seven orifices bleeding!

"Damn... Damn..."

The evil wolf of Tiansha retreated violently, and read the word fiercely in his mouth.

But he didn't dare to stay for half a minute. He turned directly into a whirlwind and ran out!

At the last moment, all the black light and fog gathered into a huge horn on his head, separated from his body and shot at Ye Chen.

"It's just a little wolf demon. Who gives you the qualification to fight against the reincarnation inheritor?"

The mysterious man attached to Ye Chen brought a strange domineering momentum. In this bronze hall, he is a well deserved king.

Facing the black awn with a crazy blow, the mysterious man looked very calm. He raised his palm and immediately pressed it down gently.

Bang!

The two collided with each other, squeezed the space and made a Zizi sound.

Invisible forces quickly crush and vanish into nothingness.

People who saw this scene were shocked.

The evil wolf of Tiansha is a strong man at the level of emperor Lao Zu. Even in the old League, it is also very strong.

But in front of Ye Chen now, he is as vulnerable as a local chicken and tile dog.

What kind of existence did this guy summon and become so strong!

It shouldn't be!

The old allies outside retreated slowly this time and no longer chose to attack the big array.

Even if this array will be broken soon!

"What are you? You are arrogant here. Don't you know this is the sleeping place of reincarnation Heavenly Sword!"

The mysterious man's eyes swept around. Those who touched them trembled and dared not speak.

Chapter 7460

The evil wolf of Tiansha was pointed out and retreated wildly and hit the bronze gate directly.

The bronze gate was safe, but the Tiansha demon wolf was hit hard, and the blood in his body was crazy and couldn't stop.

The evil wolf of Tiansha suddenly turned pale. His whole body was crushed by the momentum of reincarnation, his internal organs were nearly displaced, and there were many damages.

This guy's strength is too strong!

Where on earth did such a monster come from?

The evil wolf of Tiansha is surprised and suspicious.

Is this the sword spirit of reincarnation sky sword?

As he said just now, he felt that those who entered here offended the majesty of reincarnation Heavenly Sword.

This must be the case!

The evil wolf of Tiansha gnashed his teeth, but his eyes were terrified.

That reincarnation threat is too terrible.

Not only he, but also Zhao Qingxian and the shadow leader, who stopped fighting in the distance, retreated one after another, looking dignified.

They felt the smell and the unusual threat.

Once the momentum of the two sides is compared, the gap is clear at a glance.

The mysterious man is like a high emperor, overlooking all sentient beings and condescending. In front of him, even several experts on the opposite side can't compete.

"You..."

The evil wolf looked frightened.

He just wanted to say something, but he was a little late because his throat was locked by an invisible force.

Strong pressure, coming down, overwhelming, people can't escape.

Now they know what the mystery man wants.

Surrender!

The evil wolf of Tiansha was pressed by powerful force, and his eyes were about to crack, and his whole body trembled violently.

Poop!

After all, he couldn't bear such strong pressure and knelt down in the direction of Ye Chen.

This kneeling made countless strong people present take a breath.

Including the chaotic three gods.

They stand in the distance, maintain the array and make this place as solid as gold.

It can be said that without their guard, there would be no chance for ye Chen and others to breathe.

Rao was surprised when he saw the mysterious man in front of him with their eyes.

This man's strength is very strong, and in terms of dignity, I'm afraid he is a great God left over from ancient times!

Not long after the evil wolf of Tiansha knelt down, the people of the major forces standing outside the door could not suppress their fear and knelt down one after another.

In the face of such coercion, they dare not resist at all.

Zhao Qingxian and the shadow commander intend to stay away again. They are far away from the bronze temple.

If they don't leave here again, they will be affected by such divine power and kneel down. They can't afford to lose face.

But just as several top strong men were about to leave, the pressure suddenly broke through the prohibition of the bronze hall and spread to the whole void.

The ancient breath is magnificent, which makes countless creatures and races bow down to be courtiers.

All things are ants in front of them!

Zhao Qingxian, the shadow commander and others couldn't control the magnificent power of heaven and earth. They also fell on their knees with a plop.

Not to mention those miscellaneous soldiers whose strength is not up to the table, just like puppets, they dare not refuse.

The power of reincarnation is too terrible.

The mysterious man occupied Ye Chen's body and slowly floated into the air.

But at this time, ye Chen, who had been squeezed to the depths of the sea, suddenly received the idea indirectly.

"When they stop, take some people away quickly! It's not suitable to stay here for a long time."

Ye Chen immediately understood that this was the power of the mysterious man. It was almost exhausted.

This can only scare some people.

But over time, it will be completely exposed!

"Good!"

Ye Chen immediately stopped hesitating, opened the picture of the blue falling yellow spring and took the two women in.

Now he is ready to run away.

With the power of the mysterious man, he tore open the boundaries of the void and used the power of the virtual monument.

For a time, the divine power filled the air, and the power of reincarnation turned into a mist, winding between the arms.

The power of the divine body is unstoppable.

Almost in an instant, ye Chen entered the void space.

He is waiting for reincarnation. When the luck comes, he breaks the forbidden force here, flies out, and rises up in the surging weather.

"Three elders, please return quickly!"

Ye Chen immediately sent a message to inform the chaotic three gods.

After a long time, they have sharp eyes and keen perception, and can guess the meaning of Ye Chen's words in an instant.

Three streamers came back and forth, but in a short time, there were still remnants of the void.

They have retreated and returned to the reincarnation cemetery.

When ye Chen used his reincarnation force to sweep across a large area, he also divided three golden lights, pulled Shen Tu Wan'er, sun ye'rong and ye lu'o'er in, and temporarily placed them in the picture of blue falling and yellow spring.

All this happened between electro-optic flint.

A moment later, the shadow commander took the lead in responding.

"No! This round of his attack is not for killing, but for covering up!"

The towering offensive gradually dissipated, but they didn't wait for the next round of critical attack.

On the contrary, ye Chen disappeared in the void.

"What?! what the hell happened!"

Many strong people were shocked.

And several top players have already reacted.

"Let that guy run away! We were careless." Zhao Qingxian clenched his teeth and said in a hate voice.

Up to now, they can't guess where. Ye Chen just used the means of bluff.

The so-called ultimate attack is just a cover up.
