

Physician 7611

Chapter 7611

Hongjun said that the key to breaking the shackles of the heart is to face the heart.

Wu Zu said that the key is to put down obsession.

Who is right and who is wrong?

Wu Zu said with a smile, "what I said is different from what Hongjun said?"

Ye Chen said, "yes!"

Wu Zu sighed: "people's hearts are too complicated. What Hongjun and I give you is just a reference idea. When you really start cutting the yoke, how to break through the yoke of the heart depends on yourself."

Ye Chen said, "yes, I understand!"

Cutting off the shackles of the heart is actually enlightenment.

If you want to understand the Tao, you have to rely on yourself after all!

Tao is not Tao, extraordinary Tao.

No one can tell the way of people's hearts.

What Wuzu and Hongjun can give ye Chen is only a reference, not an absolute truth.

However, stones from other mountains can attack jade.

After listening to the sermon of Wu Zu and Hong Jun, ye Chen also realized something.

At least, facing the shackles of the heart, he is no longer confused.

Wu Zu said, "my spirit can't stay here too long, otherwise it may attract the attention of those old monsters."

Ye Chen said: "is it... A person without time and space?"

Wu Zu said, "well... People in that world can't use realistic words to describe how powerful they are, or they can't be human at all."

No world is a world beyond the law of reality.

Words in the real world cannot describe the existence of nothingness.

In other words, everything that exists in time and space is indescribable and extremely strange and terrible.

Those indescribable beings are too powerful to be described in words.

Ye Chen's back suddenly burst out a trace of cold, as if he felt that there were countless pairs of eyes staring at himself in the dark.

Wu Zu said, "there is no world. It is too chaotic. Perhaps only the law of reincarnation can make the world over there establish a realistic order."

"Ye Chen, I'm waiting for you to get out of reality."

At last, Wu Zu stared at Ye Chen with deep expectation in his eyes.

Ye Chen was shocked and speechless.

There is no world. It is still too far away from him after all.

He doesn't dare to think about what is beyond reality. Now he just wants to go against the wanxu ruins, defeat the feather emperor and live safely in the real world.

As for detachment from reality, it is simply an unreachable existence.

Wu Zu said with a smile, "I'm going to go first. Before I leave, I'll give you a Taoism. You can understand it."

With that, Wu Zu bent his fingers and shot a piece of jade slips, which fell into Ye Chen's palm.

Ye Chen looked down and saw that the jade slips were engraved with the words "supreme war King's way".

Ye Chen said, "the supreme war King's way? Is it the supreme way?"

Wu Zu nodded and said, "it's the way of the supreme war king. It's one of the thirty-six ways and eight poles of the supreme war. It represents the spirit of cutting the sky and the battlefield, and it's the acme of battle."

"What's more, you don't find that if you add the eight poles to the thirty-six Tao, it's not only thirty-six Tao, but thirty-eight Tao? In fact, the Qi of the origin of the real world changed into three Ching, and one Taoism evolved into three Taoism, that is, the thousand hand Tao, the war King Tao, and the emperor Dynasty Tao."

"These three Taoism are actually one. Have you seen them all?"

Ye Chen's heart was cold and said, "one Qi turns into Sanqing... I've only seen the supreme thousand hand Taoism, but I haven't seen the imperial Taoism."

When leaving the fire, ye Chen once saw the magnificent picture of the ancient emperor Yu Huang's thousand hands.

As soon as the thousand hand Taoist technique is displayed, the immortal Buddha's thousand hands are spread out. Each arm has the spirit of picking stars and holding the moon, which is extremely strong.

As for the supreme war King's way, it's easy for ye Chen to cultivate jade, but ye Chen has never seen the last supreme imperial way.

Wu Zu said, "Oh, you didn't pay attention. The way of the supreme emperor was engraved on the Iron Throne."

Ye Chen was slightly surprised and said, "it turned out that the imperial Taoism was engraved on the iron throne? It was the disciple's negligence and didn't pay attention."

Wu Zu said with a smile, "it doesn't matter. When you reach the pole and take charge of the iron throne in the future, you will naturally see it."

"The emperor's way is a very powerful way. It takes its own flesh and blood as the foundation, integrates the eternal truth, and builds its own body into an immortal imperial dynasty, which will continue from generation to generation."

"Your body is a imperial dynasty. The spirit is the emperor, the viscera are the ministers, the bones and flesh are the mountains and rivers, and the eyes are the sun, the moon and the stars..."

When ye Chen heard Wu Zu's words, he was even more surprised and murmured, "it's really mysterious to make the body into a imperial dynasty..."

Wu Zu said with a smile, "nature is mysterious. After all, the imperial Taoism was bred from the Qi of origin."

"One Qi turns into three cleans. The war King Taoism I gave you and the thousand hand Taoism in wanxu come from the same source. Each has its own advantages. Combined, it is the origin Taoism of the Supreme Master, ranking second among the 36 Supreme Master Taoism."

The Supreme Master originated from the Tao, one Qi changed into three Qing, the thousand handed immortal Buddha, the king of the war against heaven, and the immortal imperial dynasty. Each has its own powerful mysteries.

Ye Chen looked at the jade slips of the war King's way and was shocked in her heart.

So far, ye Chen has heard of thirty-five of the thirty-six Taoist methods of the Supreme Master.

These thirty-five Taoist methods are: the origin of the supreme being, the disorderly rain of the supreme being, the thousand birds of the supreme being, the star Xi of the supreme being, the Danqing of the supreme being, the puppet of the supreme being, the burial of the supreme being, the abyss of the Supreme Being, the emperor of the supreme being, the sword of the supreme being, the dragon of the supreme being, the devil of the supreme being, the Chi of the supreme being, the sun of the supreme being, the curse of the supreme being, the talisman of the supreme being, and the evil spirit of the supreme being Supreme Master Taoism, supreme Buddha Taoism, supreme Saint Taoism, supreme demon Taoism, supreme remnant Taoism, supreme fire Taoism, supreme Guardian Taoism, supreme extreme Taoism, supreme ghost Taoism, supreme Gang Taoism, supreme Gu Taoism, supreme collapse Taoism, supreme forging Taoism, supreme judgment Taoism, supreme Mi Taoism, supreme roar Taoism, supreme escape Taoism, and supreme deception Taoism.

Among them, the Supreme Master originated from the Tao, and changed the mystery of the thousand handed immortal Buddha, the supreme war king and the immortal imperial dynasty.

Ye Chen said, "master, thirty-six Taoism. I know thirty-five, but I'm still short of the last one, but I don't know what it is. Please give me some advice!"

The thirty-six supreme laws contain the secrets of the supreme law. If you know all of them, you may be able to see a trace of the secrets of the supreme law. Even if you don't fly up, you can know the laws of the superior in advance.

Wu Zu said, "this last and most mysterious way is called the supreme selfless way. It is a very special way. It ranks first among the thirty-six supreme ways, and its power is even above the eight poles of the supreme way."

Ye Chen listened to this rather strange name, his eyes narrowed and said, "the Supreme Master has no self?"

Wu Zu said, "if you want to step into nothingness, you must first reach the realm of nothingness, nothingness and emptiness. Only by breaking through the nothingness of all things, can you further understand the world without nothingness, that is, nothingness, what kind of existence it is."

Chapter 7612

Ye Chen's body shook and seemed to understand something, but he couldn't say it again.

Wu Zu said, "the Tao without me is too mysterious. You don't have to think about it for the time being. Practice the war King's Tao I gave you, keep the idea of true self and combat, and don't want to go to the mystery of Wuwu. You're far from qualified to touch that realm!"

Ye Chen clenched the jade slips and said, "yes!"

Wu Zu nodded slightly and said, "I'm gone. I hope you've cut your yoke a hundred ways next time."

The voice fell, and Wu Zu's body gradually faded away.

The wind and snow roared between heaven and earth, drowning all traces. Everything that just happened seemed to have never existed.

Ye Chen pinches the jade slips of the cultivation of the king's way, feeling disappointed.

This time, Wu Zu came to preach and preach, which gave Ye Chen great inspiration.

"Face your heart and let go of your obsession..."

"Perhaps this is the key to cutting off the shackles of the heart!"

Ye Chen's eyes were concise and looked at the stone carving of Wuzu. He also lit up a glimmer of hope for the decaying flail.

With the guidance of Hongjun and Wuzu, he may really achieve the unprecedented achievement of hundred flail cutting!

At that moment, ye Chen sat down cross legged in the flail chopping arena.

Of course, he doesn't want to cut the flail. Now he hasn't reached the realm.

"Hit the ninth floor first!"

Ye Chen thought.

If you want to have the qualification to cut flail, you must first reach the nine levels of heaven in the Taizhen realm.

Now ye Chen, only eight days, is still one floor short.

At present, ye Chen holds the jade slips left by Wu Zu and begins to understand the mystery of the supreme war kingcraft. He wants to rely on this Taoist method to directly impact the realm!

Boom——

As soon as ye Chen's spirit energy penetrates into the jade slips, it captures an incomparably fierce and powerful breath.

It's the fighting breath of cutting heaven and the battlefield, marching forward and being fierce to the extreme!

This fighting breath has something in common with the Douzi formula in Brahma's divine skill.

Ye Chen calmed down and slowly understood.

WOW——

With Ye Chen's understanding, the jade slips of the king's way also turned into ashes.

Strands of blood red war awn burst out from ye Chen's body and bloomed in the wind and snow. Finally, a figure of the supreme war king was outlined and entrenched behind Ye Chen.

The war king, wearing bloody armor, was as powerful as a prison. He was a hundred feet high and towering.

Under the shadow of the war king, ye Chen also seemed to turn into a war maniac. His violent fighting ideas rolled out like the tide, which made the wind and snow around static.

"Is this the secret of the war King's Taoism? What a strong breath!"

Ye Chen clenched his fist and felt his whole body full of breath.

If he goes to fight against the emperor at this time, he will never work as hard as before. He is afraid that once the king's fist blows out, it will be enough to kill the ordinary bottom emperor!

However, after understanding the supreme war kingcraft, ye Chen's cultivation realm is still eight layers of heaven, and has not been able to break through.

"The last day is really hard!"

Ye Chen sighed. He just felt that there was an invisible barrier in front of him. He couldn't break through.

That is the barrier of the realm!

It's obviously not easy to hit the ninth floor of Taizhen.

"Shura soul way, refine it for me!"

As soon as ye Chen clenched his teeth, he directly stimulated the Shura soul path precipitated in the depths of the Dantian.

Ye Chen has collected five of the six soul path fragments of reincarnation holy soul day.

Among them, after the Shura soul path was obtained, it has not been refined, because many times it has failed.

At the beginning, I hoped to improve my strength and refine it again.

Now, in order to impact the realm, ye Chen activated the Shura soul path and began refining.

Buzz!

The Shura soul path was inspired, and a trace of strange and deep Shura blood came out. Vaguely, it was integrated with the supreme war King's shadow behind Ye Chen.

The supreme war King seemed to be transformed into Shura, with incomparable ferocity.

Ye Chen breathed and breathed, and fully integrated the aura of Shura soul path into his body and into the reincarnation holy soul heaven.

Wow

A vast sky unfolds above Ye Chen's head, which is the weather of reincarnation holy soul day.

At this moment, five of the six regions of reincarnation holy soul day have been restored to perfection.

The fragments of Shura soul path are embedded in the reincarnation holy soul sky!

Buzzing, buzzing!

The Shura soul path returned to its place. For a moment, ye Chen's spiritual energy soared, his whole body exploded, and began to violently hit the bottleneck of the Ninth Heaven.

"Nine layers of sky, break it for me!"

Ye Chen burst into a drink in his heart. All the auras of the flesh and all the energy of the spirit began to impact the nine layers of the Taizhen realm, and wanted to make a breakthrough in one fell swoop.

Click, click——

Ye Chen's bones made a heavy sound.

Then, ye Chen's right hand suddenly made a series of bean like sounds, as if something had broken.

"I broke through?"

Ye Chen stayed for a while and felt his body carefully, but he was surprised to find that his cultivation was still too true and had no breakthrough.

But, his right hand palm, actually had the astonishing change.

The martial arts shackles of the right hand were all broken!

The human body has a hundred martial arts chains, and the right hand has five, just as the hand has five fingers.

At this moment, ye Chen clearly felt that all the martial arts shackles of his right hand had broken through!

"I actually started cutting flail?"

Ye Chen was surprised. You know, his cultivation was just too true. Eight layers of heaven, it's reasonable to say that it's not time to cut the flail.

But now, under the impact of Ye Chen, the yoke of his right palm was accidentally broken!

Chapter 7613

As soon as the shackles were broken, ye Chen felt the endless aura pouring into his right hand.

Click!

As soon as he clenched his fist, there was a sound of gold and iron, which exploded.

The violent energy in the palm of his hand makes Ye Chen have an illusion that even the cosmic stars can be crushed with one hand.

Even if the emperor is strong, he can crush it with one hand!

"Is this the growth of power after the shackles are cut off?"

Ye Chen was surprised and looked at his right hand.

Just cut off the five shackles, he felt that he had completely changed.

The power of the right hand is more than ten times stronger than before.

If it is an ordinary heavenly king, in Ye Chen's hand at the moment, it is almost like a mole ant. If he shakes his right hand, he can be crushed to death!

"After the yoke was cut off, it was so strong!"

Ye Chen was shocked. Did he even have the opportunity to cut the flail in advance?

He hurriedly sat cross legged and continued to try to cut the flail.

After refining the Shura soul path, ye Chen's reincarnation holy soul day is stronger and his spirit is clearer.

He can clearly see the distribution of his 100 shackles and the strength of each shackle.

Looking carefully, ye Chen really found that a yoke on the heart was the strongest. He tried to impact it. The yoke of the heart didn't move.

His impact is like a drop of water hitting a dam and an ant trying to shake a tree.

"The shackles of the heart are really hard to break."

Ye Chen bared his teeth and gave up the idea of attacking the shackles of the heart.

He took out the talisman given to him by Ren Feifan and crushed it directly.

This talisman contains Ren extraordinary's idea of cutting the yoke in those years.

As soon as Fu Zhao was crushed, ye Chen captured the secret picture of Ren Feifan's flail cutting.

At that time, Ren Feifan was also in the world of Wuyuan. He cut off the flail in the flail field.

Ren extraordinary's flail cutting is quite different from Hongjun's step-by-step, and Wuzu's wild and domineering.

His flail cutting is a gentleman like jade and indifferent like water. No matter what difficulties and obstacles he encounters, he always maintains a calm state of mind and responds to changes with constancy.

"Master Ren is really a gentleman. There will be no change when the sky falls."

Ye Chen secretly admires and concentrates on feeling Ren's extraordinary idea of cutting flail.

Finally, Ren Feifan cut off the shackles of the skull. After cutting 97 shackles, he has reached the limit.

However, he did not give up, but also wanted to attack the shackles of his eyes and the shackles of his heart.

In fact, with Ren's extraordinary talent, he may impact 99 shackles, like Hongjun and Wuzu.

However, his accumulation of martial arts at that time was not enough. Cutting ninety-seven flail was already his limit.

At that time, the Ren family had two Tianjiao. In addition to him, there was another Ren tiannv.

Therefore, the martial arts resources of Ren family are not all devoted to him.

Ren tiannv, from the day she was born, has always competed with Ren extraordinary, grabbing everywhere and being tough everywhere, which is to fight for who is the real destiny!

Therefore, Ren Feifan's accumulated martial arts resources are not strong. As a result, when he cut the yoke, he did not accumulate enough, and his talent could not be brought into full play.

Cutting ninety-seven flail is his limit at the moment!

However, Ren Feifan knows that he has reached the limit and is still fighting for the impact.

The way of a gentleman, knowing that it cannot be done, is indomitable, never flinch, never give up!

Ren Feifan is such a gentleman!

Ye Chen felt Ren's extraordinary idea, which was also a shock.

But he was deeply aware that if the accumulation of martial arts was not enough and forced to attack the shackles, he would probably fail!

And the consequences of failure are extremely serious!

Sure enough, Ren extraordinary failed in the shackles that hit his eyes.

Poof!

Poof!

His two eyes burst.

The eyeball exploded on the spot and became blind!

"Failed?"

In the picture, after Ren Feifan failed to cut the flail and became blind, he issued a low and unwilling speech.

Two lines of blood flowed out of his empty eyes like blood and tears.

"Ha ha, Xiao Fan, you failed."

"However, you are also stronger than me. After I cut the yoke again, I only cut the yoke 96, but you even cut off the skull yoke."

At this time, a figure in white came to Ren extraordinary in the wind and snow. It was Ren tiannv.

"Heavenly daughter, why are you here?"

Although Ren Feifan was blind, he was unmoved. He lightly took out a white cloth belt and wrapped his eyes.

Ren tiannv said with a smile: "I'll tell you that you cut your flail 97. The weather is too big. It has alerted the ancient emperor. He's going to kill you himself. Run quickly, or you won't run away. He won't forgive you because you're blind."

The number of flail chopped by the Jade Emperor is only 93. Although it is enough to shock ancient and modern times, it is not as good as Ren extraordinary and Ren tiannv.

Ren tiannv is a woman. Relying on this layer, the emperor can relax her vigilance.

But Ren Feifan is a man, and he is also a close friend with the Lord of reincarnation. The feather emperor can't let him go.

Ren extraordinary nodded and said, "well, thank you for telling me. Then I'll go first. You take good care of my grandfather."

Ren tiannv said with a smile, "you are blind and the road is damaged. It will be difficult to think of a king all day in the future. What are you going to do?"

Ren Feifan said, "I will find the Lord of reincarnation. He is proficient in medicine and he can cure me."

After that, Ren extraordinary strode into the wind and snow, and his figure soon disappeared.

When the mystery picture came here, it also dissipated completely.

After reading it, ye Chen was shocked.

"It turned out that when Ren was a senior, he failed to cut the yoke and even lost his eyes."

Ye Chen was shocked. No wonder Ren Fanfan took care of himself so much. In addition to carrying the mission of reincarnation protector, the reincarnation Lord of previous lives also showed kindness to him.

He is blind. He is the Lord of reincarnation in his previous life. He helped to cure it and let him restore the road to perfection. Only then can he have today's achievements.

The body, the skin, the world, even if there is a little defect, it is impossible to become the king of heaven.

To be a king, the body must be perfect.

So far, ye Chen has seen the flail cutting experience of Hongjun's ancestors, Wuzu and Ren extraordinary.

Hongjun's way is to face his heart.

Wuzu's way is to put down obsession.

Ren's extraordinary way is a gentleman's hundred fold and indomitable.

The idea of cutting flail of the three strong ones impacted Ye Chen's state of mind.

If ye Chen realized something, he also began to cut his flail.

Running the six samsara method, behind Ye Chen, there is a virtual shadow of the samsara plate.

He kept the rhythm of breathing, mobilized his aura and took the lead in attacking the shackles on his left hand.

The yoke of the right hand has been broken, and the yoke of the left hand has not been broken. There are five ways.

The shackles of both hands belong to the three yang meridians of the hand and are one of the many meridians of the body.

The way of martial arts is to cut off the shackles on the meridians, then the shackles of bones, and finally the shackles of skull, eyes and heart.

Chapter 7614

Ye Chen hit the shackles of his left hand, unexpectedly smooth.

The five shackles in the left hand were broken through in an instant.

Boom!

Once the shackles are connected, the majestic energy and great potential accumulated in the meridians of the left hand will burst out.

The power of Ye Chen's left hand, like his right hand, increased ten times in an instant!

"What a powerful force!"

Ye Chen clenched his fists with both hands and felt his strength surging to the extreme.

He even had an illusion that if he blew out his fists, he would completely blow up part of the space in the Wuyuan world in front of him!

Once the shackles are broken, all the energy and potential accumulated in the blood are released, and the growth of power and internal breathing can only be described as terror.

Boom!

With Ye Chen's flail, the weather of reincarnation is also turbulent.

A golden beam of light burst from ye Chen's body and went straight to the sky.

That is the light pillar of reincarnation, shining with countless ancient and profound lines. Layers of reincarnation heaven, like the sky of the thirty-three days, spread out layer by layer.

In the past, ye Chen could only start a reincarnation of heaven.

But at this moment, with the severing of his shackles and the release of the energy of reincarnation, he actually opened up thousands of layers of reincarnation heaven. Loud and passionate singing came from each layer of heaven, in which countless believers prayed and worshipped and admired the majesty of reincarnation.

The loud samsara prayer chant directly spread all over the Wuyuan world.

In Wuyuan world, all fighters and people were shocked.

Because they saw ancient words in that layer of reincarnation heaven.

That's the text of tianwu Wolong Sutra!

They saw in the reincarnation heaven, there were many statues, Hongjun statues, Wuzu statues, Ren extraordinary statues, reincarnation statues and so on.

"The Lord of reincarnation has come to our Wuyuan world?"

"He is actually worshipping Wuzu. Is he the descendant of Wuzu?"

"Has the main purpose of reincarnation been to cut off the flail? With such a magnificent atmosphere, does he want to achieve a hundred flail cut that has never been seen in history?"

Everyone was shocked.

On the plain outside the chopping flail martial arts field, Wu Tianqi and Wu Anguo were shocked to see the golden light of reincarnation.

"Lord of the temple, Lord of reincarnation, he... He's going to cut off his yoke!" Wu'an shocked.

"It's impossible! Isn't he too true? He cut his flail in advance?"

Wu Tianqi's face changes wildly. It's not a good thing to cut the flail in advance.

The accumulation of martial arts is different.

It's very difficult to break the yoke. If you don't accumulate enough, you're likely to fail!

For example, Ren Feifan of that year had the qualification to cut the yoke 99, but he regretted that he stopped 97 because of insufficient accumulation.

Wu Tianqi didn't want Ye Chen to repeat his mistakes. He hurried back to the martial arts field, but saw the golden light of reincarnation in the chopping flail martial arts field, and the weather of reincarnation was surging to the extreme. Even with his boundless cultivation of the strong, he felt a little suffocation.

Wu'an also hurried to follow him, and said in some panic: "Lord hall, what should we do now? The Lord of reincarnation is the descendant of Wu Zu. We can't watch him have an accident!"

Wu Tianqi clenched his teeth and said, "the Lord of reincarnation has reincarnated for nine generations. He has his plan. Since he cut his flail in advance, he may have some deep meaning. We must not disturb him."

At that moment, Wu Tianqi stood quietly on the edge of the martial arts field, and did not dare to disturb Ye Chen.

Ye Chen is full of mind and is cutting off his flail. If you disturb him at this time, it is easy to let him go crazy and die on the spot.

Ye Chen in the center of the martial arts field, after cutting off the shackles of his hands, has cut the shackles ten times, and tries to impact the shackles of his legs.

However, the shackles of his legs are much more difficult to impact than ye Chen imagined.

He hit several times, but there was no effect, and the shackles of his legs were still firm.

If he strikes again, his legs are likely to be paralyzed!

"Isn't my martial arts accumulation enough?"

Ye Chen bit his teeth and felt the difficulty of cutting flail.

His cultivation is too true. There are eight layers of heaven, and he is one layer away from the nine layers of heaven.

It is the accumulation of one layer that leads to the special difficulty of cutting flail.

However, in any case, the atmosphere of reincarnation and flail cutting, and the glory of reincarnation in heaven have completely erupted.

The samsara weather directly broke through the restrictions of the Wuyuan world and spread to the outside world.

Boom——

In the world, the wind and cloud are rolling and the thunder is fierce.

Layers of golden light spread out in the sky, evolving a vast scene of reincarnation in heaven.

Countless reincarnation believers sing prayers in the kingdom of heaven.

Bursts of singing cleansed the mountains of the world.

Many powerful people in the world have an illusion when they hear this singing sound.

They all thought that the temple of wanxu had been destroyed, and the order of reincarnation should be established in the supreme world to govern all directions.

.....

In the wanxu temple, the ancient emperor Yu Huang saw the virtual shadow of reincarnation in heaven floating over his mountain gate, and his face immediately shook.

"That damn boy, has begun to cut his flail?"

"His cultivation speed is so fast?"

"Look at the way he cut the flail. He cut it at a hundred flail."

The ancient emperor Yu Huang was shocked. The samsara in front of him was so vast that he had a deep crisis.

If ye Chen really cuts off the yoke, it will definitely go against the sky.

Hongjun and Wuzu in those days were only ninety-nine.

The last yoke of the heart has never been cut off.

Once the reincarnation of the Taoist heart and the shackles are cut off, even the feather emperor is not sure to suppress it.

Chapter 7615

The feather emperor pinched his fingers and caught Ye Chen cutting his yoke in the Wuyuan world.

As soon as his eyes were cold and his palm waved, a border cage appeared on the ground.

In the cage, a beautiful young man was locked.

The boy had only half his face, and the other half had been cut off.

"Wan ye, I'll give you a chance to atone for your sins. Go to Wuyuan world and catch Ye Chen!"

"If you can't catch it alive, kill it!"

The jade emperor issued a cold order.

The beautiful young man in the cage is the ancestor of the emperor's Buddhist family, the leader of the nine heavenly gods' art Manzhu shahua Sutra, Emperor shiwanze!

Emperor Shi Wanze, the ancestor of emperor Shi, always looks like a beautiful young man. His appearance is even more handsome than emperor Shi Tian.

He once competed with Ren Feifan for the supreme artifact of thirty-three days. The snow buried Stardust ranked second was cut off half of his head by Ren Feifan.

Later, he colluded with emperor Shitian to help emperor Shitian cultivate the ninth layer of heart demons. As a result, he failed.

The body of emperor Shitian was destroyed and the spirit was imprisoned.

Emperor Shi Wanze was also suppressed by the ancient emperor Yu Huang and imprisoned in a cage.

At this moment, reincarnation cuts the flail, and the weather is too majestic. The ancient emperor Yu Huangdi reactivates the emperor Shi Wanze to capture Ye Chen.

The emperor Shi Wanze, after all, was one of the ten Heavenly Kings and ancestors in the past. His accomplishments are not trivial. He is an expert in boundless territory.

When Emperor Shi Wanze heard that there was an opportunity to atone for his sins, he was immediately overjoyed and said, "thank you for your forgiveness of sins. I will surely catch the reincarnation Lord!"

The Jade Emperor's face was cold. With a faint wave of his hand, a wisp of water from the green bamboo fairy pool flew from the void and poured on half of Shi Wanze's head.

Half of the head of emperor shiwanze, which had been cut off, grew again, and the avenue was restored to perfection.

He was even more surprised and knelt down, Shane.

The feather Emperor just waved his hand and said, "I haven't said I want to forgive your sins until you catch the Lord of reincarnation!"

Emperor Shi Wanye said, "yes!"

After a pause, he hesitated and said, "however, the Lord of reincarnation is in Wuyuan world, which is built by Wuzu. He has always been neutral and never interfered with external causes and consequences. We used to be important people in wanxu, which is against the rules. In case Wuzu was disturbed..."

The feather emperor snorted and said, "I just know it's difficult, so I asked you to do it. If you can't solve it, bring your head back to me!"

The emperor shiwanze said with a deep voice: "yes! Please rest assured, I will live up to your trust!"

At present, Emperor Shi Wanye took an elite disciple to Wuyuan world to prepare for ye Chen's arrest.

.....

Wish to be in the Mountain Gate of Shenjiao.

Two women, naked, took a bath in a pool.

That pool is the wishing fairy pool, filled with a trace of hazy smoke.

The two women taking a bath, one is the heavenly daughter and the other is ye lu'er.

They were immersed in the pool water and suddenly saw the samsara weather spreading in the sky. They were all shaking.

"Brother ye, are you going to cut the flail?"

Yeluoer murmured in a low voice, feeling incredible.

If ye Chen starts cutting flail now, the breakthrough speed is a little too fast.

"Ha ha, this boy is really capable."

The supreme lady's mouth also aroused a smile. She took the ice Phoenix Sky Sword placed by the pool water, gently rubbed it, and whispered like a dream:

"If you can really cut a hundred flails, it's OK to lend you my sword."

.....

Jianmen, the world in the painting.

The vast samsara weather even spread to the world in this painting. It's outrageous!

Zhang Qingyu, the leader of Jianmen sect, is preaching to the seven sons of Jianmen. He suddenly feels the coming of reincarnation and is shocked.

At this time, song Yanjun, the seven sons of Jianmen, has been killed, leaving only six people.

Behind the seven sons of Jianmen are their respective teachers. They are all senior elders in Jianmen, and some servants are waiting on them.

This reincarnation weather comes, and the world in this picture is rippling with golden light everywhere.

Zhang Qingyu, the leader of the sect, many elders, the seven sons of Jianmen, and all the servants were shocked.

A servant whispered, "has the Lord of reincarnation killed the supreme world and established a ruling order?"

Zhang Qingyu, the leader of the sect, looked cold, bent his fingers, shot a wisp of fine light, and killed the servant on the spot.

The other servants were shocked and fell to their knees, shivering.

Zhang Qingyu said in a deep voice: "bewitching people! What's the panic? Before the Lord of reincarnation has risen, he's just attacking the shackles of martial arts."

An elder stepped out and said, "master, look at the weather of reincarnation. It's all spread to us. It's a great momentum."

Another elder said, "it seems that the Lord of reincarnation is going to cut off the yoke for a hundred ways!"

There is also a long old saying: "cut off a hundred flails. Such an unparalleled achievement is really achieved by him. Our Jianmen and the old alliance will die without doubt!"

"The Lord of reincarnation killed elder song Ji and took away our treasure Tingyu sword. It's a terrible crime. He must not succeed in cutting the yoke!"

"That's right! We must stop him!"

Many elders were filled with righteous indignation. The seven sons of Jianmen stood up again and volunteered to fight to wash away the humiliation of the past.

Zhang Qingyu's eyes turned and flashed many thoughts in a moment, and finally decided:

"Three elders, you and Xuanton go to the Wuyuan world and bring back the Lord of reincarnation."

"Be careful. Wuyuan world is a place opened up by Wuzu. Don't disturb cause and effect."

In the sword gate, the three elders named Li He, who was a powerful man of no magnitude, stood up and arched his hands and said, "yes, Zhang Jiao!"

After a pause, Li he said again, "but what if Wuyuan hall refuses to hand it over?"

Zhang Qingyu sneered and said, "if you don't want to hand over someone, you can grab it directly! Although there may be causal punishment if you break the rules, as long as you can catch the Lord of reincarnation, all the costs are worth it!"

Li he said, "yes!"

At that moment, Li he took his disciple, Li Xuanton, one of the seven sons of Jianmen, to leave Jianmen and go to Wuyuan world.

.....

In the reincarnation world, ye Chen repeatedly attacked the shackles of his legs, but he never broke them.

"It seems that my martial arts accumulation is not enough. If I try harder, my legs may be paralyzed."

Ye Chen sighed and opened his eyes to stop the impact of martial arts shackles.

The samsara weather also dissipated.

Wu Tianqi and Wu Anguo rushed up.

Wu Tianqi hurriedly said, "Lord of reincarnation, how's it going?"

Ye Chen smiled helplessly and said, "my martial arts accumulation is not enough. I just broke the shackles of my hands."

Wu Tianqi said, "it's an unparalleled posture to break the shackles in advance! Lord of reincarnation, you'd better leave as soon as possible. The weather you just erupted is really too vast. I'm afraid it will disturb the enemy."

Chapter 7616

Ye Chen felt a chill in his heart. Indeed, the weather he had just erupted was so terrible that it must have spread to the world. Maybe it will disturb the wanxu temple and Jianmen.

"Then I'll go first."

Ye Chen shook his palm and wanted to tear the void away.

But suddenly, he was surprised to find that the surrounding void was blocked by a powerful force and could not be torn apart.

Hoo hoo—

Between heaven and earth, a strong wind blew.

In the strong wind, red maple leaves fluttered all over the sky, revealing a hint of Buddhist Zen.

"Heaven and earth maple leaf dance, Manzhu shahua Sutra! Emperor Shi Wanye is coming!"

Wu Tianqi was shocked when he saw the weather of maple leaves dancing all over the sky.

Boom——

In the distant sky, a team came down.

The first person is a graceful and beautiful young man, surrounded by maple leaves and blooming with boundless breath. He is one of the top ten Heavenly Kings and ancestors in the past, the ancestor of emperor Shi family, Emperor Shi Wanye!

Around emperor Shi Wanye, there were more than a dozen elite disciples of the wanxu temple, who were murderous.

"Emperor Shi Wanye, he was reactivated by wanxu?"

Ye Chen's face changed. As far as he knew, Emperor Shi Wanye had been imprisoned.

But now, Emperor shiwanye has come here, and his state has even recovered to its peak.

In the dark, ye Chen has caught the secret of heaven. The emperor Shi Wanye has indeed been reactivated. This coming is to arrest him and make meritorious service!

Wu Tianqi's face sank and said to Ye Chen, "Lord of reincarnation, stay here and don't move. I'll deal with it."

Then he released a wisp of aura, shrouded Ye Chen and covered Ye Chen's breath. Then he took his men, flew up against the wind and went to the emperor Shi Wanye.

Emperor Shi Wanye is a strong man in boundless territory and a natural talent. He is one of the top ten ancestors who shocked the world in the past. He is also one of the founders of wanxu temple and a core elder. His identity is not trivial.

The ten shackles of Ye Chen's left hand and right hand have all been broken away. His future achievements are unlimited. He is still a descendant of Wu Zu. Wu Tianqi must not watch him taken away.

Ye Chen saw that Wu Tianqi flew into the sky and confronted emperor Shi Wanye from a distance.

At this time, the emperor shiwanze had a magnificent weather, with strong winds and maple leaves dancing all over. The mystery of the nine heavenly divinity was vividly demonstrated.

The whole Wuyuan world is full of floating maple leaves. All kinds of causes and effects are shrouded in the induction of emperor Shi Wanye.

Fortunately, ye Chen was in the decaying flail martial arts field, and under the cover of Wu Tianqi, he didn't immediately expose it.

"Emperor Shi, you're all right! I don't know what brings you to our Wuyuan world?"

In the sky, Wu Tianqi arched his hand to Emperor Shi Wanye and asked in a slow voice.

The emperor Shi Wanye smiled and said, "Lord Wu, the Ming people don't talk secretly. The Lord of reincarnation has a dead enemy with our wanxu temple. He is here. Please hand him over. We wanxu won't treat you badly."

Wu Tianqi said bluntly: "the Lord of reincarnation is the descendant of Wu Zu. It has countless ties with our Wuyuan world. Please forgive me that I can't give you people."

He didn't hide it, because he couldn't hide it at all. The weather caused by Ye Chen's flail cutting was too vast.

Now everyone knows that ye Chen is in Wuyuan world!

However, Wu Tianqi will not hand Ye Chen over.

Emperor Shi Wanye sneered, "do you want to be the enemy of my wanxu?"

Wu Tianqi said, "the temple of wanxu dominates the world. How dare I offend? It's just that our Wuyuan world has always been neutral and never interfered in the gratitude and resentment of the outside world."

"You have a grudge against the Lord of reincarnation. I don't help you in the Wuyuan hall."

The emperor shiwanye said with a smile, "since the two don't help each other, please the Lord of the martial arts hall to hand over the people. Don't make it difficult for me, brother. You know the temper of the ancestor. If we return empty handed, we'll be afraid of life."

Wu Tianqi said, "if you want to fight, fight in the outside world. In my Wuyuan world, please be quiet, otherwise it will disturb the sleep of the Supreme Master of Wuzu. That's no joke."

The emperor shiwanye's face changed slightly and said, "Wu Tianqi, what do you mean?"

Wu Tianqi said: "in short, in our Wuyuan world, private fighting and use of force are not allowed. If you want to kill the Lord of reincarnation, wait until he goes out."

The emperor shiwanye smiled and said, "it's rare to find the Lord of reincarnation. If he escapes and wants to find it again, it's more difficult than going to heaven! Since the Lord of the martial hall refuses to hand over people, don't blame my brother. I'm not polite!"

When the voice fell, Emperor Shi Wanye suddenly flashed and killed Wu Tianqi's back.

Boom!

The towering red lotus industry fire, mixed with rolling wind and snow, burst out from emperor Shi Wanye and fiercely attacked and killed Wu Tianqi.

"Manzhu shahua Sutra, red lotus and static snow!?"

Wu Tianqi's look changed. I didn't expect emperor Shi Wanye to suddenly start.

The divine power of emperor Shi Wanye is the secret of the nine heavenly gods and Manzhu shahua Sutra!

Manzhu shahua Sutra has three levels.

First floor, maple leaf dance!

The second floor, Honglian Jingxue!

The third floor, the other shore is boundless!

The static snow of the red lotus is the fire of the red lotus industry and the blizzard all over the sky. It is like a song of ice and fire. The ice and fire blend with each other, baking people's body and freezing people's soul. It is extremely powerful.

Wu Tianqi felt that his body was burning, but his soul felt frozen.

The difference between the ice and fire almost made him vomit blood.

His accomplishments are obviously inferior to that of emperor Shi Wanye!

Chapter 7617

However, fortunately, this is the world of Wuyuan. With the absolute advantage of geomantic omen and geographical advantage, the aura of wutianqi resonated with the earth vein, soared in an instant, and avoided the strike of emperor Shi Wanye like lightning.

Ye Chen was surprised to see this scene from a distance.

You know, Wuyuan world is a neutral world. Regardless of the rules, Emperor Shi Wanye directly started here. Obviously, he was trying to tear his face and bring him back to wanxu!

"Zhenwu goes against the blood way!"

Wu Tianqi Kankan escaped a blow, his blood burst, and a palm hit back at emperor Shi Wanye like a giant.

Emperor Shi Wanye's body was like floating catkins and his people were like maple leaves. He kept away from the wind and said, "Lord Wu, you are not my enemy. Please hand over the people. Let's not hurt our harmony."

Wu Tianqi was furious and said, "since ancient times, no one has dared to fight in the Wuyuan world. Emperor Shi Wanye, you dare to offend today. In the future, the Supreme Master of Wu Zu will commit a crime, and you can afford it?"

The emperor Shi Wanye said, "I will bear any crime alone, but I must not lose the great plan of wanxu! Today, I want the Lord of reincarnation to die!"

At last, Emperor Shi Wanye's eyes also burst with fierce murderous spirit. Desperate, he blew up thousands of miles of red lotus fire in his palm, and killed it with one palm. Red lotus blossomed everywhere in the void. The blazing breath ran like magma and rolled back towards wutianqi.

Wu Tianqi didn't dare to make a hard connection and retreated again and again. He felt deeply that the emperor Shi Wanye was strong. Even if he occupied the right place of the mountain gate, I'm afraid he was not an enemy.

Emperor Shi Wanye waved his palm and attacked fiercely. The palm wind was fierce and surging. He didn't give Wu Tianqi a chance to breathe.

"The elders listen to the order and open the guard array!"

Suddenly, Wu Tianqi drank violently, and the voice spread far away.

Suddenly, there were old figures flying from all over the world, forming an array in the air.

Those figures are the high-level elders in the Wuyuan hall. At the moment, they form an array. A majestic purple and gold array envelops the whole heaven and earth.

In the guard array, there is a scarlet font flashing constantly.

That's a word "blood"!

One of the thirty-three heavenly gods!

The blood word and divine text flickered. Many elders of Wuyuan hall and wutianqi themselves burned their blood wildly and poured it into the array.

Buzzing, buzzing!

The array's light bursts, releasing a terrible atmosphere of repression.

As soon as the emperor shiwanze's face changed, he immediately called his disciples to start a small world to resist the suppression of the guard blood array.

In this world, flowers bloom on the other side, and there are endless auras and maple leaves. It is the third layer of Manzhu shahua Sutra and the boundless weather on the other side!

Relying on the boundless sky on the other side, Emperor Shi Wanye resisted the guard blood array of Wu Tianqi, but it was still very dangerous.

Because the guard blood array is the card at the bottom of the box in the Wuyuan hall. It will consume many elders and the essence blood of Wu Tianqi. If one is not good, it is likely to dry up and fall on the spot.

Wu Tianqi is a strong player in limitless territory. Those elders also have the strength of Tianxuan territory.

The blood of so many strong people gathered together, and the power of repression was enough to crush a big world, incomparably strong.

"Lord Wu, are you worthy of such a great sacrifice for the Lord of reincarnation?"

Emperor Shi Wanye's face was gloomy. Under the suppression of the guard blood array, it was difficult to fight back for a time.

Wu Tianqi said coldly, "I said, if you want to kill the Lord of reincarnation, wait until he goes out. You are not allowed to make trouble in my Wuyuan world!"

"Emperor Shi Wanye, I'll give you a chance to leave now. There's still a glimmer of life. If I don't realize my mistakes, I'll kill you today even if I fight with jade and stone!"

With that, Wu Tianqi opened a crack in the guard blood array and let the emperor Shi Wanye out.

Emperor shiwanys face was very ugly, but he didn't mean to go out.

If you come back empty handed, with the character of the feather emperor, you can't let him go.

At the thought of the cruel means of the ancient emperor, Shi Wanye was sweating. If he really returned in vain, he would be hard to live this time.

"Wu Tianqi, do you want to cover up the Lord of reincarnation?"

When the emperor shiwan ye hesitated, a cry rang out.

Thousands of sword Qi shot out like a disorderly rain and hit the guard blood array hard.

"The people of Jianmen are here!"

In the flail chopping martial arts field, ye Chen saw the disorderly rain sword Qi, and his eyes immediately narrowed. He knew that the people of the sword sect were coming.

Sure enough, I saw a group of figures galloping from the distant sky, all wearing the clothes of the sword gate.

Wu Tianqi saw the visitor, his face was also slightly heavy, and said, "Li He, Li Xuanton, your teachers and disciples are also coming!"

The leader of that group of figures is one old and one young. It is Li He, the three elders of Jianmen, and his apprentice, Li Xuanton, one of the seven sons of Jianmen.

Li He is immeasurably strong, and Li Xuanton is the early stage of Tianxuan territory, which can not be underestimated.

Li he held the long sword obliquely. His long white beard floated in the wind. He said, "Wu Tianqi, hand over the Lord of reincarnation quickly!"

Wu Tianqi said, "Li He, do you want to kill the Lord of reincarnation?"

Li he said, "that's right! The Lord of reincarnation has a deep-rooted hatred with our sword clan!"

"Moreover, the Lord of reincarnation, who has committed many evils outside, is also trying to establish reincarnation order and enslave the world. This man is a big cancer in the world. Everyone can kill him. I advise you to hand him over!"

Wu Tianqi said coldly, "what if I don't hand it in?"

Li he said, "if you don't give it to someone, I'll do it myself!"

When the voice fell, Li he suddenly turned his palm, showing the virtual shadow of a huge portal.

Although the portal is a virtual shadow, it is filled with a powerful momentum that is suffocating.

It is the magic weapon of Jianmen's town sect, the supreme artifact of the thirty-three days, one of the nine gates of the flood and famine, the gate of Jingnan!

As soon as the virtual shadow of the Jingnan gate came down, the atmosphere of heaven and earth rumbled, as if even the laws of the world were to be suppressed.

WOW!

Li he urged the door, and thousands of auspicious fairy lights were sprayed out to shine everywhere.

Suddenly, ye Chen's figure hiding in the chopping flail martial arts field was photographed.

"The boy is over there! Xuantong, catch him quickly!"

Li he saw Ye Chen from a distance. In his old eyes, he immediately shot a ray of eye-catching essence.

"Yes, master!"

Li Xuanton, the "seven sons of the sword clan", immediately pulled out his long sword. The smell of the early days of Tianxuan territory exploded, and the sword edge rolled up. With a torrential rain, he attacked and killed Ye Chen like a sea.

"Lord of reincarnation, be careful!"

Wu Tianqi was shocked and wanted to rescue, but he couldn't get away if he wanted to maintain the guard blood array.

Li Xuanton's sword edge was mercilessly chopped at Ye Chen's neck.

Chapter 7618

Ye Chen snorted, but he was not afraid at all. His left hand and right hand came out together. Unexpectedly, he passed through Li Xuanton's heavy sword Qi and grabbed his left and right shoulders.

"Die!"

Then ye Chen made a sudden effort and pulled hard.

Hiss.

Li Xuanton's body was torn apart by Ye Chen on the spot.

Blood and internal organs were sprayed out madly, and the scene was extremely bloody.

"What!"

Seeing this scene, Wu Tianqi, Emperor Shi Wanye, Li He and others were so shocked that they couldn't believe their eyes.

You know, Li Xuantong is a strong man in the early days of Tianxuan territory. He has unparalleled talent and can fight beyond his level. There is no too much suppression here. His body is so strong that he was torn alive by Ye Chensheng. He doesn't even have the ability to resist.

"Damn it, the martial arts shackles of this boy's hands have been broken through!"

Li He shouted angrily. He only felt that the power of Ye Chen's hands was far beyond his realm itself. It was so strong that even Tianjun could tear it apart.

The martial arts shackles of Ye Chen's hands have obviously been broken through, and the potential energy has been released. The strength of his hands has increased dozens of times, tearing the sky and the earth, and breaking the emperor with his hands. The power is so terrible!

"After the shackles of martial arts are cut off, my strength is really strong!"

Ye Chen felt the surging power of her hands and was pleasantly surprised.

If it had been in the past, he would have had a hard time facing a strong man of Li Xuantong's level.

But now, you don't need any magic skills. You can tear it up with your bare hands.

This is the martial shackle of the palm. After cutting off, the power will be improved.

At present, ye Chen only cuts off the shackles ten times, so strong. If he breaks all the remaining shackles, I really don't know how powerful it will be.

But ye Chen also knows that he is very dangerous today.

Both wanxu and Jianmen want to kill him. If he wants to get away smoothly, it is undoubtedly very difficult.

"Lord of reincarnation, dare to kill my disciple, I want you to die!"

When Li he saw that Li Xuanton had died so miserably, he was very angry. When he waved his long sword, the sword Qi as fierce as the universe exploded, so he wanted to kill Ye Chen for revenge.

"With me here, no one is allowed to hurt the Lord of reincarnation!"

Wu Tianqi drank violently, his body's blood burned violently, and his face was pale.

His burly body withered rapidly, and all the blood essence energy was released and integrated into the array.

WOW!

The guard blood array, the light soared, the blood word God text rolled red, and the Xia Qi was like a tide, covering the sky.

Like emperor Shi Wanye, Li He and other people in the Jianmen were shrouded in the blood array.

"Wu Tianqi, what do you want to do!"

Li he was furious.

Wu Tianqi said decisively: "I'm in Wuyuan world. No private fight is allowed. You just want to do it. Today, I'll die with you!"

These words were sonorous and powerful. Li He and Emperor Shi Wanye heard them and their faces were shaking.

Seeing Wu Tianqi's resolute attitude, I want to capture the Lord of reincarnation under his hands unless I kill him first.

Emperor Shi Wanye sighed, "Lord Wu, why bother..."

Wu Tianqi said, "I'll give you ten breath and leave now! Otherwise, the jade and stone will burn today and everyone will die together! The rules of our Wuyuan world are not allowed to be broken by anyone!"

Wu Tianqi loosened the ban on guarding the blood array and ordered him to leave.

Emperor Shi Wanye and Li He looked at each other and felt dignified.

If you are really in a hurry, look at the latter. Obviously, you have to work hard.

"Very good, Lord Wu. See you later!"

Emperor Shi Wanye bit his teeth and had no choice but to take people away.

Li He looked at the broken body of his apprentice Li Xuantong. He looked angry and helpless. He had to take someone away.

In the blink of an eye, all the people in wanxu and Jianmen went away.

Wuyuan world, restored calm.

The guard blood array also dispersed with it.

Wu Tianqi was so pale that he staggered back to Ye Chen.

"Lord Wu, how are you?"

Ye Chen hurriedly held Wu Tianqi. He only felt that his body was terrible cold and there was no fluctuation of Qi and blood.

Ye Chen hurriedly displayed the eight trigrams heaven elixir technique to cure Wu Tianqi, but it didn't work very well.

Because Wu Tianqi is not injured, he just consumes too much.

The guard blood array consumed almost all his life just now.

After the blood array was removed, there were two elders at the level of emperor in Wuyuan hall, who died silently. The body withered into a dead body due to the drying of Qi and blood.

Although the people of wanxu and Jianmen were forced back, the price paid by Wuyuan hall was obviously very huge.

Ye Chen helped Wu Tianqi and could feel his flesh and blood shrinking.

Wu Tianqi waved his hand and said with a smile, "it's all right. Lord of reincarnation, be relieved. I can't die for the time being."

Ye Chen said in a deep voice, "Lord Wu, thank you. If it weren't for you this time, I might have died."

Wu Tianqi said, "it doesn't matter. You are the descendant of Wu Zu. In the future, Wu Zu's recovery will depend on you. Even if I sacrifice, it's worth it."

After a pause, Wu Tianqi said again, "the people of wanxu and Jianmen will certainly not give up. They will block the exit and won't let you leave. As soon as you go out, I'm afraid they'll catch you."

In Wuyuan world, wutianqi can protect Ye Chen, but if he leaves here, he can't help it.

The cause and effect and struggle of the outside world can not be intervened by Wuyuan hall.

Ye Chen's face sank and felt carefully. Sure enough, he found that the space law around him was loose, but still with strong imprisonment.

Chapter 7619

Even if he tears the void, he can only move in the Wuyuan world and can't go far.

Emperor Shi Wanye, Li He and others are eyeing outside.

Wu Tianqi said, "it's blocked now. There's only one way to leave."

Ye Chen moved in his heart and said, "there is a special channel. Can you go out?"

Wu Tianqi said, "yes, but it's very dangerous. That's the demon forest."

Ye Chen said, "what about the demon forest..."

In a trance, ye Chen recovers part of the memory of previous lives.

Zhenyao forest used to be the place where some powerful monsters were besieged. In those days, Wuzu sealed some monsters that were harmful to human beings and no one was allowed to enter.

In previous lives, ye Chen also came to Wuyuan world and saved Wu Tianqi's life in Zhenyao forest.

At that time, Wu Tianqi ventured to practice in the demon forest in the town. He was accidentally surrounded by monsters. If ye Chen hadn't saved him in his previous life, he might have died.

Therefore, in this life, Wu Tianqi is determined to defend Ye Chen to the death, not only because of the identity of Ye Chen's descendants of Wu Zu, but also because ye Chen has been kind to him in his previous life.

With the recovery of previous life memory, ye Chen also captured the picture of zhendemon forest.

There are many monsters sealed in that place, but they are extremely ferocious and powerful.

It's very dangerous to go out of the demon forest.

Wu Tianqi said, "there is a special channel in the demon forest, which can lead to the outside world, the Lord of reincarnation. Do you want to try?"

Ye Chen hardly hesitated. He nodded and said, "Lord Wu, just take me."

Now ye Chen, the martial arts shackles of his hands have been cut off, and his strength has soared. Even if the demon forest is dangerous, he is confident to break through.

Wu Tianqi looked at Ye Chen's confident and calm eyes and said, "please follow me."

Then he took Ye Chen and flew to the town demon forest.

.....

At this time, Emperor Shi Wanye, Li He and others were eyeing outside the world of Wuyuan.

The Wuyuan world, like a whirlpool, is suspended in a chaotic void.

This chaotic void is one side of the nothingness of the real world. Many universes, worlds, stars, dust and stars were born from this nothingness.

This is the truth of "being born of nothing".

There is no Tao, the Tao gives birth to one, gives birth to two, two gives birth to three, and three gives birth to all things.

Everything in the real world is born from "nothing".

Now emperor Shi Wanye, Li He and others are suspended in a "nothing" world and focus on the Wuyuan world.

In this chaotic void, the world of "nothingness" also floats hundreds of millions of voids. Each void is like a drop of water, which is very small in the chaotic void.

Billions of cosmic voids and billions of drops of water finally form the boundary sea, which is the world of the heavens.

The emperor Shi Wanye raised his head and could see the shadow of the vast supreme world above the world of the heavens.

He knows very well that if he doesn't take ye Chen away today and goes back empty handed, he will die.

At this moment, the Reiki of the emperor Shi Wanye has been released, covering and blocking the Wuyuan world.

As long as ye Chen dares to come out, he can catch it immediately.

"Emperor Shi Wanye, if you catch the boy of the reincarnation Lord, it's not too much for us to ask him for an arm?"

Li He looked at the emperor Shi Wanye and asked in a faint voice.

He knew that wanxu had a death feud with the Lord of reincarnation. If he really caught Ye Chen, wanxu would not let him go.

He also wants Ye Chen to die. As long as he can kill Ye Chen, it doesn't matter whether it's Jianmen or wanxu.

Now, Li he wants to cut off Ye Chen's arm and go back to work.

Emperor Shi Wanye said, "no problem."

Li he said with a smile, "very good."

At present, Li He also released his aura to block the world of Wuyuan.

The two immeasurable strongmen, join hands to block. As long as ye Chen dares to come out, it is absolutely impossible to escape!

At this time, Wuyuan is in the world.

Ye Chen followed Wu Tianqi and came to a vast forest.

"Is this the town demon forest..."

Ye Chen's eyes narrowed slightly and looked at the wild forest ahead. Vaguely, he could catch a lot of fierce monster breath.

This is the town demon forest!

In the town demon forest, there are many powerful monsters in the flood and famine era, which are extremely dangerous.

Wu Tianqi said, "Lord of reincarnation, I can only send you here. Be careful."

Ye Chen said, "yes!"

Wu Tianqi said: "in addition to strength, Qi is also very important if you want to pass through the town demon forest safely. I believe your qi. There is a special transmission exit at the end of the town demon forest. You can go out smoothly along that exit without disturbing the people of wanxu and Jianmen."

Ye Chen said, "OK, I see, Lord Wu, thank you!"

Wu Tianqi said: "you're welcome. I wish you a smooth exit. You are the descendant of Wu Zu. In the future, Wu Zu's recovery depends on you. You must not fall here, otherwise Wu Zu is the Supreme Master and there is no possibility of recovery!"

Ye Chen felt a heavy responsibility and said, "yes! I will be careful."

At present, ye Chen strides into the demon forest.

Wu Tianqi watched Ye Chen leave, his eyes full of reluctance and sigh.

After ye Chen entered the demon forest, he hid his breath and moved forward carefully.

He didn't want to make trouble. It would be great if he could go straight to the end of the demon forest.

Ye Chen has been to Zhenyao forest in his previous life. This is a revisit to the old place, so the scenery is quite familiar and the travel speed is very fast.

Ye Chen was relieved that he didn't encounter any danger until late at night.

After nightfall, the seal of the monster will be loosened, which can break out stronger power.

Therefore, the night is very dangerous.

Ye Chen hid in a tree hole and rested for a while. He didn't go any further.

His aura, magical powers, magic weapons and weapons all converge, so that he stays still like a sculpture, so as not to be found by monsters.

Outside the tree cave, there were bursts of roaring sounds of monsters, and there was a bleak wind. Just listening to the sound, you know that the external environment is much more dangerous than in the daytime.

Bang! Bang! Bang!

The footsteps of a moving mountain sounded from ye Chen.

He looked out of the tree hole and saw a golden giant who didn't know how high he was stepping in front of him.

Fortunately, the golden giant did not find him.

After a while, another giant lizard, covered with blazing flames, galloped past his eyes, followed by a cold earth dragon.

Ye Chen held her breath and didn't move.

Now at night, the demons, ghosts and many monsters in the town demon forest are crazy and restless. If he goes out, he will be looking for death.

Chapter 7620

There are too many demons and monsters here, and their breath is very ferocious.

Even the immeasurable strong are in danger of falling at night.

Although Ye Chen is conceited about his unique skills, he is not reckless. He still waits for the night to pass and it is not too late to go on his way during the day.

Ye Chen calmed down and rested slowly.

During the break, ye Chen suddenly heard a snort, and a strong fishy smell was smelled in his nose.

Then he saw a big red eye through the gap in the tree hole!

The red giant eye was so huge that it was even bigger than ye Chen's body. When ye Chen looked out, he only saw the red pupil.

Outside the tree cave, the wheezing sound of a monster came. A monster was lying on the ground, looking at Ye Chen, and obviously found his place.

"No, it's exposed!"

Ye Chen looked at the huge red animal eye, his face sank, and immediately felt bad. He immediately took out the reincarnation Sky Sword and stabbed it at the huge eye.

However, the monster blinked and was very smart. At the moment when ye Chen pulled out his sword, his head had retracted.

Ye Chen stabbed the air with a sword, but at this time, a huge furry animal claw, with the momentum of avalanche, blasted fiercely at the tree hole where he was hiding.

Bang!

In an instant, the big tree was blown to pieces.

However, ye Chen was not hit.

His body was like a statue, standing still, his hands crossed in front of him.

The huge animal claws collided with his hands, but they were equal.

With the bright moonlight, ye Chen finally saw the figure of the giant beast.

It was a monster shaped like a tiger, with a head like a mountain, a waist like a mountain, a mouth like a blood basin, eyes like lava and teeth like a sword and halberd.

In particular, a pair of blood colored giant eyes, flowing with Ancient Runes, seemed to resonate with the ancient secret law, and seemed to be able to reverse the long river of time. At a glance, people felt that their hearts and souls shook and could not hold themselves.

The blood eyed demon tiger stared at Ye Chen, but his eyes were a little surprised.

Because its extremely fierce tiger claw was blocked by Ye Chen's hands.

"Beast!"

As soon as ye Chen gritted his teeth, he suddenly withdrew and flew back, and then reincarnation Tianjian fiercely cut out.

If it had been before, ye Chen might not have been able to resist the blood eyed demon tiger, but now his martial arts shackles are open and his strength is doubled, but he can block it.

But ye Chen knew that just resisting was not enough to get away. He had to kill the demon tiger to get away.

The reincarnation Heavenly Sword, Jin Guangbiao, decayed towards the demon tiger.

Ye Chen just wants to make a quick decision, otherwise time will delay, and the nearby monsters will be attracted, and he will be unable to fly.

The blood eyed demon tiger saw Ye Chen cut with a sword, and his eyes were quite dignified. Then the tiger claws grasped the ground tightly, and a pair of blood pupils emitted the blood evil Qi of the ancient and wasteland.

As soon as the blood evil Qi diffused out, ye Chen felt that the law of time around him began to be violently distorted.

The trees in front of him shrunk into tender buds between breathing, then grew into giant trees and withered away quickly.

Life and death wither and flourish in an instant.

"This is..."

Ye Chen felt the majestic smell of the law, and with the majesty of the wilderness, he came to him. The blood was running all over the sky, and his martial arts had a sense of stagnation.

"Boy, get away! It's the evil spirit of the formula of the light God!"

In the reincarnation cemetery, the chaotic Yan Emperor made a shaking sound, which was obviously shocked by the strong evil spirit of the demon tiger.

"Zhou Guang Shen Jue?"

Ye Chen's eyes narrowed. Under the evil spirit of the demon tiger's blood pupil, he felt that the time law of his body also showed signs of becoming disordered. He wanted to get old, or turn back time, and become a baby or embryo.

That is the strongest and most terrible erosion of the law of time!

Ye Chen's look changed greatly. He quickly set up the reincarnation Heavenly Sword to protect his body. At the same time, he quickly retreated to avoid the blood pupil of the demon tiger.

"Unexpectedly, this demon tiger has practiced the formula of Zeguang God, one of the eight prohibitions in the wilderness."

Emperor Yan of chaos made a voice of admiration.

"Eight prohibitions in the wilderness? Can the monsters here cultivate people's supernatural powers?"

Ye Chen pulled her cheek.

"The formula of Zeguang God is no small matter. In the eight prohibitions, it is a supreme magic power that controls the law of time and reverses the time of the universe. This demon tiger is not simple. You go back quickly and don't love war."

The chaotic Yan Emperor sank his voice.

The eight prohibitions of the flood and famine. Every access control technique comes from the flood and famine era and is extremely powerful.

For example, the formula of Zeguang God in the eight prohibitions of the wilderness is a legendary magic power that can reverse the law of time.

General martial arts practitioners can control the law of time in a small range when they cultivate to Ye Chen.

But the large-scale law of time cannot be changed.

However, the formula of cosmic light and God is enough to reverse the time of the whole universe!

When this door guard technique is applied, the withered and glorious life and death in the world are as you want.

A thought can make flowers bloom and fade, heaven and earth rise and fall, and the river of time reverses. It is very powerful.

Ye Chen also felt that the demon tiger was terrible. If it was eroded, the time law of his body would collapse. He would either become an old man or a baby again.

At that moment, ye Chen hurriedly turned and fled.

"Roar!"

The demon tiger pursued him fiercely.
