

## Physician 7911

### Chapter 7911

"Sire, I'll try again." Mo Canglan said with a wry smile.

The feather emperor said, "well, we must seize the emperor's ancient clock! The practical means will not work, and you have to dream."

The ancient clock of the emperor, in the ancestral land of the wild people, no one in the world can urge it.

Don't mention the ancient emperor Yu Huang, it's inconvenient to go to the ancestral land of the wild people. Even if he did go and really stood in front of the ancient clock of the emperor, he couldn't bring back the magic weapon, because he couldn't lift it at all.

If you want to get the emperor's ancient clock, you have to dream.

Now the ancient emperor Yu Huang is called Mo Canglan dreaming!

Mo Canglan is known as the "king of dreams" because of a skill he cultivates.

The technique he practiced was called "great dream for thousands of years", which was one of the eight prohibitions of the great famine.

The eight prohibitions of flood and famine are the change of stars, the change of celestial beads, the formula of Zeguang God, the immortal method, the eye of sorrow, the dark blue country, the iron and blood sky, and the great dream for thousands of years!

Among the eight prohibitions of the great famine, the great dream Qianqiu is the most strange, mysterious and special existence.

This technique can turn dreams into reality!

Many people like to dream, because there is everything in the dream.

But unfortunately, no matter how beautiful the dream is, it can't affect the real world.

Dream things will not happen or come true in the real world.

But the big dream will last forever, and the strangeness lies in it. This technique can make dreams come true!

But this technique also has a big defect, that is, it is easy to get lost in dreams, and can't get out of this life, and eventually become withered bones, so it is called Forbidden art..

For thousands of years, I don't know how many people have practiced great dreams for thousands of years, but without exception, they all died in the end, and no one has ever been able to get rid of the trap of dreams.

Mo canglan, the ancestor of the Mo family, is the only one who seems to be able to successfully master the great dream for thousands of years.

At least from the war of the old times to the present, Mo canglan has never been lost.

Because he knows restraint.

Some things, don't even dream, otherwise you will be addicted and can't get rid of it in this life.

If it weren't for the emperor's coercion, Mo canglan would never dare to have such a dream. He would steal the emperor's ancient clock, which he dared not dream of.

He has always been very restrained, even if he dreams, he has never been able to score.

The only excessive dream is that in the war of the old times, tianwuxianmen was powerful and the ruins were invincible.

In order to reverse the war, Mo canglan had a dream, in which he created a 10 billion army.

Chapter 7912

In the end, the emperor ordered Mo canglan to find a container for him to store soul eating beads.

Mo canglan had to have a dream and created a girl in the dream.

From the day of her birth, the girl had the invincible strength to push the Tianxuan realm, which was painstakingly carved by Mo canglan.

He named the girl Caidie as his daughter.

Now, Mo Caidie is the container of soul devouring pearl fragments!

The feather emperor looked at her with a smile and said, "butterfly, the epic world is changing faintly. I want you to go over and investigate the cause and effect. If you have a chance to seize the treasure, you will grab it back. Whoever dares to rob it with you, you will kill it! When you come back, I will give you a big reward."

Mo Caidie listened, her beautiful eyes lit up and said, "Your Majesty, do you want me to go to the epic world?"

The feather emperor said, "yes."

Mo Caidie glanced at Mo Canglan and said, "father, are you going?"

Mo Canglan said with a wry smile, "I won't go. This epic world trip is for you alone."

Mo Caidie curled her lips and said, "am I alone? It's a little boring, but forget it. Since it's your Majesty's order, I'll go."

The feather emperor laughed and said, "Caidie, you are the best. Then we will wait for your good news."

Mo Caidie smiled and said, "OK, your majesty, father, then I'll go back and prepare." Then he turned and left.

The feather emperor looked at Mo Caidie's leaving figure and touched his beard. He was in a good mood.

If Mo Caidie can snatch back the old treasure, he will have enough resources to support his plan to steal the emperor's ancient clock..

.....

The next morning.

Danqing circle, Danqing immortal sect.

Ye Chen rested for a night, and his aura and spirit were completely restored. He said goodbye to Nangong mausoleum and set out with Sheng Juetian to the epic world.

"Master Shengjuetian, do you want to follow?"

Ye Chen asked.

Sheng Jue said: "Lord, I was born in the hall of life and death, and I master the secret of reversing life and death. When necessary, I can protect your life, so it's safer to go with you."

Ye Chen said with a smile, "you don't have to protect me. This world is the ancient emperor Yu Huang. It's not so easy to kill me."

Sheng Jue Tian cautiously said, "it's always right to be cautious in everything."

Between their words, they came to the outer edge of the epic world.

The epic world is still covered by a layer of crystal walls. Through this layer of crystal walls, you can see the vast world like a giant country inside.

A flower, a grass, a tree, a mountain, a water, are surprisingly large.

Ye Chen took out the jade talisman Feng Changkong gave him. This is the key to open the crystal wall of the epic world.

Ye Chen knows that as soon as the epic world is opened, it must touch the mystery of heaven and attract the attention of outsiders. It is extremely difficult for him to swallow the treasure alone.

And there are unknown whirlpools in the epic world.

But no matter what, the old treasures should not be missed, especially the tianwu Wolong Sutra, which should not be lost. The dragon pool and the tiger's den are going to break through!

Ye Chen took a deep breath, calmed down and offered the jade talisman.

Hum!

The jade symbol vibrated and turned into a mass of light, covering the crystal wall.

The crystal wall of the epic world suddenly cracks.

Ye Chen and Sheng juetian looked at each other and immediately dodged along the crack and flew in.

As soon as he flew into the epic world, ye Chen immediately felt that the boundless aura of heaven and earth was full of immortal sources, which made people feel relaxed and happy with a breath.

The whole epic world is a holy land of cultivation.

Unfortunately, this place is also very dangerous. Generally, the masters of Tianxuan realm are struggling here, and they may even be killed by some powerful monsters at any time!

Ye Chen and Sheng juetian flew in midair, one by one, and the mountains below did not come to an end for a long time. They seemed to shuttle through the endless starry sky and couldn't fly out.

"This place is surprisingly large."

Ye Chen murmured in a low voice.

Sheng Jue Tiandao: "this is nature. After all, it is the epic world. The word epic represents the legend of all ages, an immortal chapter, and a vast and magnificent."

GA GA!

While they were talking, suddenly a group of giant birds flew down from the clouds.

These giant birds, I don't know how many tens of millions, are dense, their claws are sharp, their feathers are colorful, and Ancient Runes automatically converge on them. The beak of the birds spits out

a long and gorgeous aurora. If they want to run through the sky, they will come to Ye Chen and Sheng Jue Tian.

"Lord, be careful!"

Sheng juetian was surprised. In this epic world, there are many monsters, and their bodies are extremely huge and fierce.

These giant birds, alone, are like blocking out the sun. If they are put outside, with one wing, they can blow a city and a country apart.

These thousands of giant birds, flying heavily, cover the sky and block out the sun, and are even more terrifying. I'm afraid that ordinary masters in Tianxuan realm will be torn alive.

"The holy cup of human slaughter, kill it for me!"

Ye Chen was not in a hurry. He sacrificed the Holy Grail of human slaughter. Wisps of blood rushed out of the Holy Grail, twisted into big hands in the air, and caught and hanged all the giant birds that flew over.

After those giant birds were hanged, their flesh and soul were devoured by the Holy Grail and reduced to the nutrients of Ye Chen.

But unfortunately, these giant birds and monsters, although ferocious, but the flesh and blood essence, can't be compared with the real master of Tianxuan realm, which is too far away.

Chapter 7913

Thousands of giant birds were killed and devoured by Ye Chen, but the supplement to Ye Chen was almost negligible, not enough for him to fill his teeth.

The giant bird kills all, and the heaven and earth are empty.

Sheng Jue Tian breathed a sigh of relief. It seems that ordinary monsters in the epic world can't hurt Ye Chen.

In fact, ye Chen is much more monstrous than those monsters.

They flew all the way and encountered many giant monsters on the way.

For example, fish shaped monsters lurking in deep rivers, stone monsters suddenly broken out of mountains, ancient giants out of forests, and so on.

But ye Chen's cultivation is strong and has many magic weapons. Naturally, these monsters can't hurt him.

The two flew for most of the day, but they found nothing special.

The epic world is ridiculously large. Ye Chen even suspects that this place, like the previous hell world, is an infinite world, and there will be no marginal existence.

Originally, ye Chen wanted to find the location of the old treasure by herself.

As long as the treasure is nearby, he must feel something.

But now, he realized that he seemed a little naive.

Epic world is too big, aimless search, there can be no results..

After calming down, ye Chen took Sheng juetian and landed on the ground.

"The treasure of the old lord, but I don't know where it is."

Ye Chen frowned. In the epic world, the traces of the mystery related to the old treasures were erased by a special force.

Even if ye Chen's method of deduction is thorough, there is not even a trace, and naturally there is no way to deduce.

Ye Chen guessed that it was the pen of the epic emperor.

The spirit of the epic mirror, the epic emperor, doesn't want people to spy on the real location of the old treasures, so it covers up all traces of the cause and effect of the divine mechanism, so people can't spy.

"Lord, what's the clue?"

Sheng Jue Tian asked solemnly.

Ye Chen gritted his teeth and said, "the epic emperor did something. For a moment, I couldn't find the location of the old treasure."

Sheng Juetian's face sank, paused, and then said, "didn't my old friend entrust you to investigate the whereabouts of his granddaughter Fenglanxi? It's better to try and find out, maybe you'll get something."

Ye Chen nodded, so aimlessly looking for, I don't know to find monkey years and horses.

He changed his strategy and began to deduce the cause and effect of Fenglanxi, hoping to find some clues.

However, at this deduction, ye Chen was surprised to find that the causal trace of Fenglan river had also been erased.

"Someone moved again?"

Ye Chen was a little stunned. He couldn't find out the cause and effect of Feng Lanxi. He didn't know whether the other party was dead or alive.

Sheng Jue Tian was stunned and said in a deep voice, "it seems that something terrible has happened in the epic world."

Ye Chen frowned deeper and deeper, and felt the epic world. The wind and rain surged secretly, just because the world was too big. So far, he had not seen any strange traces except those large monsters.

Since there is no clue about the old treasure and Fenglan River, ye Chen tries to spy on the cause and effect of the early emperor.

Tianchu Shengzu, this person, Feng Changkong mentioned in particular.

At that time, the epic emperor summoned many strong men to come in and wanted to plot to devour them and supplement their own strength with blood.

Those who are strong, naturally, will not wait to die, and many people choose to resist.

Among them, the heavenly ancestor resisted successfully, and even stood firm in the epic world.

Ye Chen thought that this person's strength would not be inferior to the epic emperor of heaven, and Feng Changkong also said that this heavenly ancestor might also be related to the goddess of heaven!

At present, ye Chen carefully deduced, and finally caught a trace of the real existence, which was not covered up by anyone.

Ye Chen caught that the heavenly ancestor was indeed in the epic world!

Finally, ye Chen even saw four words: tianchu empire!

"The early Empire? Did the early emperor not only gain a firm foothold that day, but even establish a huge empire?"

Ye Chen was secretly surprised. This inference surprised him.

Sheng juetian asked curiously, "Lord, how is it?"

Ye Chen looked into the distance. In the vast world, indeed, he faintly caught a trace of the magnificent imperial atmosphere, as if a giant was sitting in the distance.

"The heavenly ancestor seems to have established an empire. Let's go and have a look."

Ye Chen waved to Sheng Jue Tian, and then tore out a space tunnel, which was directly transmitted along the place where the smell of the Empire was sent out at the beginning of the day.

Now that you have caught the breath of the early Empire, you don't have to fly on the way anymore. You can break through the void and travel in a flash.

"Built an empire?"

Hearing this, Sheng juetian was also surprised, and hurriedly followed Ye Chen and transmitted it along the space tunnel.

After a whirl, the two came to a strange place.

This place is not as desolate as the outside world.

Here is really a huge empire!

Ye Chen and Sheng Juetian are in front of a huge capital.

The city wall of the capital is majestic, with strong guards on it. On the plaque at the head of the city, there are three big words "holy city".

Many warriors and civilians come and go in and out of the city gate. On both sides of the street, there are restaurants and inns, and many medicinal materials and minerals are sold on the roadside. The scenery is the same as that of the outside world.

Ye Chen and Sheng Juetian looked at each other, and both of them were shocked. They didn't expect that there was such a huge imperial capital in the epic world, and it was so prosperous.

If it weren't for the trees outside the city, they would all be ten million feet tall. They even thought they had gone outside.

In this huge epic world, in fact, this prosperous Empire also looks very small. The trees, mountains and waterfalls ten million feet high outside the capital set off the city like a miniature world in the palm of a giant, and the environmental contrast is very strong.

Ye Chen and Sheng Juetian suddenly fell outside the holy city, and immediately attracted the attention of many martial arts and patrol strongmen.

Someone was afraid and said, "are you a stranger? Or a spy sent by the epic Empire?"

Feeling the vigilant eyes around, Sheng Juetian immediately became alert.

Ye Chen took his time and said in a loud voice, "I'm the reincarnation inheritor of this life. I'm new to your place. Please forgive me if I offend you."

He didn't hide his identity, because he felt that the heavenly ancestor was related to the heavenly daughter, and maybe he could make a good relationship with each other.

Moreover, if there is any danger, ye Chen is also sure to retreat. As long as the emperor's holy knife is out of its sheath, ye Chen believes that no one in this world is qualified to stop him.

Hearing the name of reincarnation, the whole audience was in an uproar.

Obviously, in this Celestial Empire, the name of reincarnation also shakes the temple and Jianghu.

"Ye, did you come too?"

A familiar and indifferent voice sounded behind Ye Chen.

Chapter 7914

Hearing this sound, ye Chen's back bristled. He looked back and saw a person he couldn't imagine appeared in front of him.

It's Ye Linyuan.

"Ye Linyuan, it's you!"

Ye Chen retreated in fear, subconsciously offering the emperor's holy knife and holding it tightly in his hand.

He never thought that in the epic world, in the strange place of tianchu Empire, he could actually meet Ye Linyuan.

Ye Linyuan looked at Ye Chen like a great enemy, and a cold smile came up at the corners of his mouth, and said, "don't be so nervous, now I'm just a part."

Ye Chen's heart sank. When he looked carefully, he really found that ye Linyuan's figure was a little hazy. It was obvious that he had a separate body, and his breath was not as strong as his real body.

"Why are you here?" Ye Chen is extremely surprised and alert.

Ye Linyuan said, "I came here, just like you, to look for the treasures of the old days. The treasures of the old lord have special restrictions and closures, and can only be entered by Tianxuan realm and people below. Therefore, I can only come in separate bodies."

Ye Chen said, "I see..."

Ye Linyuan sneered and said, "however, even if I am separated, as long as I find the opportunity, I will not let you go!"

Ye Chen held the emperor's holy knife, but he was not willing to be outdone, and said, "wait at any time."

Just when the two faced off and the atmosphere was quite tense, an old and kind voice fell from the sky:

"Linyuan alliance leader, Lord of reincarnation, you are all my guests. Please give me a face and put down the fight for the time being."

I saw an old man, with several boys and girls around him, falling from the sky.

The old man's appearance is quite strange. His face is full of wrinkles. He is obviously very old, but his hair is dyed black, and he seems unwilling to grow old.

Generally speaking, when people reach a certain level of cultivation, their life span will not end..

However, the vicissitudes of personnel and life experience will leave traces and form wear and tear.

These wear and tear and vicissitudes, is very normal, will make people old.

If the wear accumulates to a certain extent, it will become a magic barrier, which will make people crazy. This is the disaster that cultivation must go through.

After breaking through many dangers and all magic obstacles, you can prove that there is nothing, beyond reality, and there will be no wear and tear in the future.

However, the old man seemed unwilling to wear and tear, just to fight the vicissitudes of fate.

But he dyed his hair black, but the wrinkles could not be covered up, so he looked very strange.

Ye Chen didn't ask much, and bowed slightly to the old man.

The black haired old man, in order to make himself look young, even shaved his beard, and his appearance was more grotesque. He smiled at Ye Chen and said with a hearty smile:

"Lord of reincarnation, I've heard of you for a long time. It's a great honor to see you today."

Ye Chen hurriedly said, "is your elder the legendary heavenly ancestor?"

The dark haired old man said, "the holy ancestor doesn't deserve it. It's someone else's false reputation."

Ye Chen suddenly realized that this dark haired old man was indeed the emperor of the beginning of heaven, who successfully fought against the existence of the epic emperor of heaven.

"Lord of reincarnation, please."

At the beginning of the day, the holy ancestor smiled and extended his hand to invite Ye Chen into the room.

Ye Chen and Sheng juetian looked at each other, and they both had many questions in their hearts, so they followed the emperor of the beginning of heaven into the city.

Ye Linyuan followed without saying a word.

At the beginning of the day, the holy ancestor took Ye Chen and others to his capital palace.

The imperial palace is carved with dragons and painted with phoenixes, which is very imposing.

The people sat down in the reception palace.

Ye Chen had many questions. Before he opened his mouth, the holy ancestor at the beginning of the day said with bright eyes:

"The Lord of reincarnation, Ren tiannv's ice Phoenix Heavenly Sword, is it in your hand?"

When ye Chen heard the question of the emperor of the beginning of heaven, he was suspicious and said, "yes, why do you ask this?"

At the beginning of the day, the holy ancestor looked a little inexplicably excited and excited. He trembled and asked, "can you lend it to me?"

When ye Chen saw the emperor of the beginning of heaven, both his appearance and his tone of speech were very strange, which greatly surprised him. But the other party sincerely borrowed the sword, and there was no malice. Ye Chen naturally could not refuse, saying, "yes, sir, be careful. This is the sword of the goddess of heaven. I will return it to her later."

With that, ye Chen took out the ice Phoenix Heavenly Sword and handed it to the heavenly ancestor.

At the beginning of the day, the emperor's hands shook badly, and he took Bing Huang's sword, and his expression was a little too excited.

He gently stroked the body of the sword, which was as gentle as touching the skin of his lover. His eyes were full of intoxication.

This look is definitely not the expression of appreciating weapons.

Ye Chen inexplicably felt a trace of coldness and said, "elder, what do you want to do with the sword?"

Hearing Ye Chen's question, the holy ancestor at the beginning of the day woke up like a dream and stayed for a while. Then he put down the ice Phoenix Tianjian and said, "it's nothing. In fact, in my heart, I admire the beauty of the goddess of heaven. I have no regrets in my life if I can touch her sword."

Ye Chen was greatly stunned and stammered, "elder, what did you... Say? Do you... Do you admire the heavenly daughter?"

At the beginning of the day, the sage nodded and said, "yes, it may be embarrassing to say it, but I, an old man, really like tiannv. She is the woman I love most in my life."

Ye Chen's heart is earth shaking, and everyone is a little silly. He didn't expect that the emperor at the beginning of the day would fall in love with tiannv.

At the beginning of the day, the holy ancestor didn't hide his feelings, and sighed, "in those days, when Ren tiannv was 18 years old, I saw her at the Ren family. It was really peerless, and I fell in love at the first sight."

"At that time, I proposed marriage to the Ren family's ancestor and said that I was willing to give everything for the heavenly daughter, but I didn't expect that the heavenly daughter actually said that I was too old. She called me grandpa and said that there would be no hope for us and rejected me."

Speaking of the end, the tone of the heavenly ancestor was full of bitterness.

Ye Chen was stunned, inexplicably felt cold, and his body got goose bumps.

Such a person should care so much about the goddess in his heart, although the appearance of the goddess is among the best in the world

Sheng Jue Tian was also dull. Obviously, he was completely stunned by the feelings of the emperor at the beginning of the day.

Ye Linyuan looked calm, as if he had already known it.

Chapter 7915

At the beginning of the day, the holy ancestor sighed again and said, "in fact, the age of our generation of practitioners doesn't matter. Anyway, the life expectancy in the future is endless, but the goddess of heaven just hates me for being too old and refuses to marry me."

Ye Chen coughed and was speechless. He could hear that the tone of the heavenly ancestor was really full of deep-seated attachment to the heavenly daughter.

Ye Chen thought: "if this elder knew that I kissed and touched my heavenly daughter, would he directly kill me?"

Ye Chen tightened his palm and loosened it again, but he didn't dare to talk disorderly, so as not to expose the mystery of heaven and be detected by the emperor of heaven at the beginning of the day.

At the beginning of the day, the holy ancestor said, "the goddess of heaven is gorgeous. I don't think there is any man in the world who can refuse her. In order to marry her, I ventured into the epic world in order to find an ancient rejuvenation pill in the old treasure. That pill can dissolve wear and tear and let me recover my youth."

"As long as I recover my youth, the heavenly daughter will marry me!"

Speaking of the end, the eyes of the emperor at the beginning of the day were full of fiery expression.

To be young again is his greatest wish!

Ye Chen was about to stop talking. He wanted to tell tianchu Shengzu that even if he was young again, the heavenly daughter could not marry him.

But these words are naturally inconvenient to say.

"Elder, have you found the old treasure?"

Ye Chen asked tentatively.

At the beginning of the day, the sage was discouraged and said, "no, a long time ago, the epic emperor called me in. I felt strange at that time, but I took risks to come for the sake of the goddess."

"In those days, as many as 10000 people were summoned by the epic emperor, but only 500 people survived."

"Everyone else was swallowed by the epic emperor. He wanted to absorb the blood essence of the strong, break through himself, and then break through the prohibition of the old treasure and seize the treasure!"

Ye Chen already knew about it, but now he heard the emperor at the beginning of heaven mention it, which was still a little creepy, and he was a little worried and asked, "was the old treasure taken away by the epic emperor?"

At the beginning of the day, the holy ancestor touched Binghuang Tianjian again, and then he was a little reluctant to give up, returned the Tianjian to Ye Chen, and then said:

"No, the treasure is still intact. No one took anything in it."

"Because the treasures of the old lord are buried underground, protected by the ban of the tablet of the emperor of heaven and even the will of Wu Zu. Even if they are all powerful people, it is difficult to enter them."

Ye Chen's heart sank and said, "the prohibition and protection of the treasure is so tight?"

Ye Chen didn't hear the old lord mention the prohibition and protection of the treasure..

Maybe the old lord thought that Wu Yao would always follow Ye Chen, so even if there were any prohibitions, they could be easily solved.

But the problem is that Wu Yao is fighting against Lin Xiaokong, the ancestor of the Lin family, in the star moon world. Ye Chen is alone. It is obviously not easy to break the prohibition and protection of opening the treasure alone.

After all, even the early emperor and the epic emperor failed to seize the treasure. I think the protection of the treasure is also extremely tight.

Tianjun Fengshen tablet and the guardian of Wu Zu's will, such defense, I'm afraid that few people in the world can break through.

In the past, the LORD was the leader of tianwuxian sect, and the tablet of Tianjun Fengshen was the treasure of tianwuxian sect in the past!

Tianwuxian sect is a sect founded by Wu Zu!

Therefore, the old lord is actually the successor of Wu Zu, and in a strict sense, he is more authentic than ye Chen!

After all, the old lord inherited the Taoist tradition of tianwu Xianmen, which is equivalent to the continuation of the foundation of Wu Zu.

Although this foundation has been crushed by the wanxu temple, anyway, it is normal for the old lord, as the successor of Wu Zu, to summon Wu Zu's will and protect his treasure.

Ye Chen thought: "Wuzu is my master, and his will protection, others can't break through, I may have a chance to break through! Moreover, Wuzu's will may not stop me."

Thinking of this, ye Chen felt much more at ease.

Others are not qualified to take the treasure, but he is qualified!

At the beginning of the day, the holy ancestor touched his beard, looked at Ye Chen and said, "Lord of reincarnation, I heard that Wu Zu is your master. It's not difficult for you to break through his will and take the treasure. If you really have the opportunity to seize the treasure, please leave a wonderful rejuvenation pill for me."

"I just want to be young again!"

He never forgets that he still wants to recover his youth and pursue Ren tiannv again.

Ye Chen secretly laughed in his heart, but of course he didn't say much on the surface. He said, "senior, in addition to the protection of the will of Wu Zu, there is also the prohibition of the tablet of the emperor of heaven. I'm afraid it's not easy to break through."

At the beginning of the day, the holy ancestor waved his hand, and his eyes fell on Ye Linyuan, saying, "it doesn't matter, there is the leader of Linyuan here, and there is no restriction in the world, which can stop his sword."

Ye Linyuan sat on the chair, silent and cold as a sculpture, his palm always gently placed on the hilt of the sword at his waist, as if he would pull the sword out of its sheath at any time.

Hearing the words of tianchu Shengzu, he was still expressionless and said, "when to start looking for treasure, just let me know."

At the beginning of the day, the sage nodded and said, "the treasure hunt is no small matter. I have to discuss it with the epic empire."

Ye Chen asked, "epic Empire?"

The heavenly ancestor said, "yes, in this world, there are two empires, one is the heavenly Empire I founded, and the other is the epic Empire established by the epic emperor."

"In those days, I led the 500 people who survived, cut through thorns and thorns, exposed the frost and dew, and established a tribe. Later, after thousands of years of reproduction, the tribe developed into an empire, and the population increased from the original 500 people to tens of millions."

Speaking of the past, the emperor at the beginning of the day was quite emotional.

Back then, it was not easy for him to establish a prosperous tribe and Empire under the pressure of countless epic beasts and epic kings.

The history of the founding of the early empire can be written into an epic.

"Elder, since you survived the epic emperor, why don't you just escape?"

Ye Chen asked with some curiosity.

At the beginning of the day, the sage showed a wry smile and said, "we can't escape. We have seen the old treasure. At the moment of seeing the treasure, fate is related to the treasure, like a curse."

"Unless we can get the things in the treasure, the curse will not be lifted, and we can't leave this world. This is the curse of the old lord and the curse issued by using the tablet of the emperor of heaven!"

"Without the permission of the old lord, anyone who dares to step into his treasure territory will be cursed!"

When it comes to the old lord, the tone of the heavenly ancestor is full of fear.

Ye Chen felt a chill in his heart. He got along with the old lord for a long time, and never felt how terrible the other party was, because the other party had been weak.

Chapter 7916

But now hearing the wary tone of the emperor at the beginning of the day, ye Chen is disillusioned.

The old lord Wu Jue Shen, at his peak, was an extremely terrifying strong man, even a tyrant!

The old lord of the peak period is even more powerful than the current feather emperor.

He is the leader of tianwu immortal sect, the Supreme Master of the old world, the leader of Tianjun Fengshen tablet, the inheritor of Wuzu Taoism, and the Dacheng of tianwu Wolong Sutra. Countless honors and majesty are added to him.

In those days, in order to deal with him, the wanxu Temple even asked the ten ancestors to unite!

At the peak of the old lord, the prohibitions and curses were naturally extremely powerful.

Even the heavenly ancestor, after being cursed, cannot get rid of it, and can only remain in the epic world all the time.

"What about the epic emperor? Later, he also established an empire?"

Ye Chen asked again, feeling more and more that it was not easy to seize the treasure.

If Wu Yao is around him, all problems can be solved naturally.

But Wu Yao was not there.

At the beginning of the day, the holy ancestor said, "when the epic emperor was just born, he was ambitious and wanted to seize the treasure on his own, but later he found that even he was not qualified to shake the prohibition of the old treasure."

"Therefore, the epic emperor also changed his strategy, established an empire, and brewed luck. However, his epic Empire and subjects were a group of demons, giant beasts of the epic world, which were subdued by him after being cultivated into human form."

"Now, my empire at the beginning of heaven is competing with the epic Empire, and no one can do anything."

Ye Chen suddenly realized, "I see."

After a pause, ye Chen asked a little dignified, "elder, I still want to ask you about someone."

At the beginning of the day, the holy ancestor said, "who?"

Ye Chen said, "it's a woman named Feng Lanxi."

He didn't forget Feng Changkong's advice.

At the beginning of the day, the holy ancestor heard Ye Chen's inquiry, but his eyes narrowed and said, "Feng Lanxi, she is the saint of the epic empire!"

Ye Chen was stunned and said, "what?"

At the beginning of the day, the holy ancestor said, "Lord of reincarnation, what do you ask about the holy woman of Lanxi?"

Ye Chen glanced at Sheng Juetian sitting next to him and said, "It's an old friend's trust. He said he had a granddaughter named Feng Lanxi, who was also in the epic world. He asked me to inquire about the whereabouts of life and death, but I didn't expect that his granddaughter actually became a saint?"

At the beginning of the day, the holy ancestor's face sank and said, "The blue river saint is one with two souls, and her physique is very special. She has long been favored by the epic emperor and accepted as an heir. The epic emperor thinks she has the potential to prove the truth, so she has been vigorously cultivated."

Ye Chen was surprised and said, "Testify to the truth?"

He didn't expect that Feng Changkong's granddaughter had the qualification to preach.

Even if he is the Lord of reincarnation, as well as Ren Tiannv, Yu Huanggu Di and others, they dare not say that they can testify to nothingness.

Why did the epic emperor think that Feng Lanxi was qualified?

There are many implications, surrounded by all kinds of unspeakable mystery.

At the beginning of the day, the holy ancestor seemed to be afraid, and didn't want to say any more. He just waved his hand and said, "When you see the holy woman of Lanxi, you will naturally understand. If we want to go to the old treasures, we must unite with the epic Empire."

Ye Chen said, "Why?"

The holy ancestor of Tianchu said, "Because neither Tianchu Empire nor Epic Empire can swallow the treasure alone, we have long made a contract to jointly guard the treasure. Every time we go on an adventure to find treasure, we should form a team together."

"Generally, every three years, we will organize a treasure hunt. Although we can't get the treasure every time, many monsters under the ground can also be used for people to experience and confirm martial arts."

"Moreover, the former Lord, in the war for hegemony with the wanxu temple in the past, many battles of destruction, have memory projections under the ground. Watching those projections is also beneficial to his own cultivation."

Ye Chen understood and said, "I see."

At the beginning of the day, the holy ancestor continued, "now the three-year period has not yet arrived, but if you come here, you will break the situation for treasure hunting. I will go to the epic Empire and tell them that they will also agree to search for treasure in advance."

Ye Chen nodded and said, "thank you, master."

He also had some expectations in his heart. He didn't know what special part of Feng Lanxi's qualification was. He was actually favored by the epic emperor, and even said that he had the potential to prove everything.

At the beginning of the day, the holy ancestor looked at Ye Chen and ye Linyuan. He wondered, "it's just that every time you form a team to search for treasure, you must decide a leader, who can get more resources."

"In order to compete for the position of leader, every time before the treasure hunt starts, my tianchu Empire and epic Empire have to compete."

"Lord of reincarnation, Lord of Linyuan alliance, this time, who will represent my empire at the beginning of heaven to compete for the position of the leader?"

Ye Chen and ye Linyuan almost said in unison, "I'll go!"

Obviously, the leader can take the initiative.

Neither ye Chen nor ye Linyuan wants to give up. Neither of them wants to be controlled by others.

Ye Linyuan looked at Ye Chen coldly, snorted and said, "my cultivation is too much higher than you. I'd better be the leader."

Ye Chen thought that he and ye Linyuan had a lot of gratitude and resentment. If the other party became the leader and waited for an opportunity to retaliate, it would be troublesome.

At that moment, ye Chen also sneered, "Ye Linyuan, you are only a part now, and you are not qualified to lead!"

Chapter 7917

Ye Linyuan said coldly, "I'm a separate person, and I'm enough to command everything! If you don't agree, take my sword, and if you can catch it, you'll win."

The sound fell, and ye Linyuan suddenly flew up from his seat, pulled out his sword and scabbard, and with a shiny sword, he blasted and stabbed at Ye Chen.

"Sword five, autumn leaves song!"

It's actually the one who cut the sky nine swords

Chapter 7918

"Master, here you are."

Ye Chen opened his eyes, woke up, smiled at the emperor at the beginning of the day, gathered his breath, and slowly stood up.

When ye Chen got up, there was another vitality like spring grain in ear, vaguely rippling.

That's the nine swords that cut the sky

Chapter 7919

What ye Linyuan thought in his heart is to supplement the energy without artifact. He has some clues without artifact in his hand. If he gets it later, charging is a big problem, but the heart of the universe can solve this problem!

At the beginning of the day, the holy ancestor saw the competition and hostility between the two people, smiled and said, "if you have any fights, you must wait until the treasure hunt is over. Now that the treasure has not been obtained, we must not fight inside."

Ye Chen nodded and said, "this is nature."

Ye Linyuan's face was cold and did not speak again.

The heavenly ancestor then said, "I have informed the epic Empire, and today I will jointly set out to search for treasure. Before I set out, Lord of reincarnation, you will represent my heavenly Empire to compete for the position of the leader."

"Most of the time, the former leaders were held by the epic empire. No one can defeat the blue river saint unless she does not run for election."

"Lord of reincarnation, it's up to you today!"

Speaking of the end, the tone of the heavenly ancestor is also full of strong expectations.

He wanted to see if ye Chen could defeat Feng Lanxi, the saint of the epic Empire, and take the lead for the tianchu empire.

Ye Chen's heart was cold, and he didn't know how powerful the saint Phoenix blue river was.

One body, two souls, and the qualification of preaching, ye Chen is also full of interest in the Phoenix blue river.

At present, the emperor of the beginning of heaven arranged a group of elite and powerful people, about more than 20 people, to serve as ye Chen's men.

Ye Chen fought on behalf of tianchu empire.

Tianchu Empire has a special teleport array, which can teleport to the epic empire.

"Let's go!"

With Ye Chen, ye Linyuan, Sheng juetian and others, as well as a group of elite and powerful people, the emperor of the beginning of heaven set out to the epic empire on the transmission array..

Wow.

A flash of white light flashed, and ye Chen felt that he had been sent to a strange place.

This is a bustling capital, which is no less lively than the Empire at the beginning of the day.

Ye Chen and others were transported to a square.

Around the square, there have long been many strong people waiting.

Those strong people are not human beings, but monsters.

Ape spirits, monkey monsters, wolf monsters, lion monsters, fox monsters, snake people, fish people, and so on, none of them are human beings, all of them are monsters who have been trained into spirits, and their evil spirit is soaring.

Seeing ye Chen, tianchu Shengzu and others coming, these monsters all showed their vigilance.

Ye Chen looked around and thought, "is this the epic Empire? There may not be any epic glory."

A golden lion demon came forward with a smile and greeted Ye Chen, tianchu Shengzu and others:

"At the beginning of the day, the holy ancestor is safe. Is this the legendary Lord of reincarnation? As expected, the hero is young and has an extraordinary atmosphere!"

At the beginning of the day, the saint nodded and said, "where is your saint? And the old monster of the epic emperor?"

The Golden Lion demon said, "the saint and Lord Tianjun are waiting for you in the palace."

At the beginning of the day, the sage nodded again and said, "lead the way."

The Golden Lion demon answered and took Ye Chen, tianchu Shengzu and others to leave the square and walk to the palace.

The palace of the epic empire is much more imposing than the Empire at the beginning of the day. It is carved in gold and floating with Ancient Runes everywhere. Finally, it has some epic glory.

Led by the Golden Lion demon, ye Chen and others entered the backyard of the palace, but saw a girl sitting in a pavilion in the middle of the lake with an old man.

The old man was a fairy, making a fire and boiling tea. He looked calm and relaxed. The girl was dressed in green, green and beautiful, gentle and quiet, waiting beside him.

The Golden Lion demon arched his hand to the old man and the young girl and said, "Lord God, Lord saint, Lord of reincarnation and emperor of heaven are coming."

The old man was still boiling water and making tea, turning a deaf ear to foreign affairs, poured himself a cup of tea and sipped silently.

Ye Chen had an accident in his heart: "is the old man the epic emperor?"

He thought that the epic emperor, if not brutal posture, at least was eccentric and indifferent. Unexpectedly, it was a fairy like existence, like an immortal, super dust peerless.

The girl next to the epic emperor is presumably Feng Lanxi, the granddaughter of Feng Changkong and the saint of the epic empire.

Feng Lanxi raised his head, looked at Ye Chen, and said in a crisp voice, "today our two families go out to search for treasure, the Lord of reincarnation, do you want to be the leader?"

Ye Chen nodded and said, "exactly."

Thinking about how to speak, I told Feng Lanxi the cause and effect of Feng Changkong.

Feng Lanxi heard Ye Chen's answer, and his eyes flashed a cold light. His breath became cold and said, "yes, you want to be the leader unless you beat me first."

"For thousands of years, no one in tianchu Empire has been able to support ten moves under my hand. I hope you will be an exception."

Ye Chen took out the reincarnation Heavenly Sword and said, "then experience the skill of the saint of Lanxi!"

He also wanted to know what was special about fenglanxi, which could make the epic emperor so valued and even accepted as a successor.

Does this Phoenix Blue Stream really have the potential to prove that there is nothing.

Feng Lanxi also pulled out the long sword around her waist and wanted to fight.

"Lanxi, be careful. Reincarnation blood is supreme and invincible. You can't be careless."

The epic emperor, who has not spoken, put down his tea cup at the moment and shouted a warning.

Feng Lanxi said, "yes, master!"

The epic emperor nodded and said, "well, go ahead, and you can compete with the Lord of reincarnation. You can only point to the end, and you won't decide life or death."

Feng Lanxi answered again, "yes!" With a long sword in his hand, he jumped to the lake outside the pavilion with his feet suspended on the lake.

"Lord, be careful."

Seeing that the battle was imminent, Sheng Jue whispered.

Ye Chen nodded, holding the reincarnation Heavenly Sword, also jumped, swept to the lake, and faced off with Fenglan river.

The epic emperor sat alone in the pavilion in the middle of the lake, silently preparing to watch the war.

The emperor of the beginning of heaven, ye Linyuan, Sheng Jue Tian, the elite and powerful men from the Empire of the beginning of heaven, and the guards in the imperial palace were watching the battle by the lake.

In the past, there was no suspense about the battle between tianchu Empire and epic empire. It was definitely fenglanxi who won.

But today's war is obviously different.

Because Feng Lanxi's opponent is the legendary Lord of reincarnation!

Ye Chen carefully captured the breath of Feng Lanxi, but was surprised to find that he couldn't see through each other's cultivation details.

The causal breath of Fenglan river seems to be beyond the rules of this world. There is an indescribable weird breath in the depths of the blood, which seems to belong to nothingness, which makes people confused.

"Dou Zi Jue, broken!"

Ye Chen took the lead, waved the reincarnation sword and cut it out. The fighting spirit gathered, and cut it to Feng Lanxi to test the other party's falseness and reality.

"Don't try. Show me your unique skill. Let me see how powerful the legendary Lord of reincarnation is!"

Chapter 7920

Feng Lanxi's tone was cold, and with a wave of his long sword, he rolled up the lake and gushed towards Ye Chen.

Ye Chen felt the ferocious sword of Feng Lanxi, and his heart was cold.

Although the battle was a duel, Feng Lanxi obviously didn't intend to keep his hand, and the offensive was extremely strong.

In that case, ye Chen won't talk nonsense.

"Sword one, thousands of miles of snow!"

Ye Chen shouted violently, and the sword moves changed, and the power of cutting the sky surged out.

Cut sky nine Swords
