

Physician 7931

Chapter 7931

Boom

The dream world is collapsing rapidly, and everything is going to destruction.

Ye evil god's face was dignified, pointed to Feng Lanxi, and said to Ye Chen, "grandson, that woman, who was parasitized by the ancient god's will of emperor Tuo, you must kill her! Or, get the tianwu Wolong Sutra and crush the ancient god's will in her body, otherwise she will turn into an epic and kill you!"

With these words, ye evil god's body was destroyed with the dream world.

The feather emperor and the ancient emperor were all destroyed.

"No! Is my life just a dream? I'm not reconciled!"

The feather emperor issued a unwilling roar, but the dream world was annihilated, and he was also completely dispersed, unable to recover.

Finally, the whole dream world collapsed and disappeared.

Ye Chen, ye Linyuan, Feng Lanxi, iron throne, Fu Hongchen, Mo Caidie, Sheng juetian and others, as well as some survivors of the tianchu Empire and the epic Empire, have returned to the real world.

In front of everyone, there was the familiar dark underground cave.

Ahead, there is a huge bronze gate.

Behind the bronze gate is the treasure of the old lord!

The memory projection of the old lord has completely dispersed with the collapse of the dream world.

Ye Chen, ye Linyuan, Fu Hongchen and others were dazed, confused, and silent.

The experience of the dream world just now completely shocked them.

The interweaving of dream and reality makes all of them feel like dreams and unreal.

The world just now is just a dream..

What about the world now?

Is it reality?

Or another dream?

Dang!

The emperor's holy knife in Ye Chen's hand fell to the ground.

Then ye Chen fell to his knees with a plop, and felt sharp pain in his muscles and bones.

Pulling out the emperor's holy knife completely almost emptied his aura, and even caused serious backfire.

Ye Chen felt that his martial arts foundation was even damaged, and his spirit was rapidly dispersing.

It can be said that Ye Chen's state at the moment is quite bad.

However, no matter Ye Linyuan, the iron throne, Fu Hongchen and others dare not approach Ye Chen.

Ye Chen just pulled out his knife, smashed the ancient god of Tuo emperor, crushed the dream world, and gave them a deep shock.

Mo Caidie was the first to react.

"Lord of reincarnation, you are so awesome that you can break my dream. Hum, you win. I'll go first, and we'll fight again next time."

Mo Caidie glanced at the fallen emperor's holy knife, with deep fear in her eyes. She didn't dare to stay any longer, and turned around and flew away.

Ye Linyuan didn't say a word, but quickly turned around and left.

Fu Hongchen and the Iron Throne looked at each other, but also afraid of fear, turned around and left.

"Do you want to leave? Leave one!"

Ye Chen gritted his teeth, picked up the emperor's holy knife on the ground and threw it out with force.

Hiss!

The emperor's holy knife flew forward quickly, cut through the air, and finally made a sting, penetrating the body of the iron throne, nailing the latter to the ground.

Seeing that the iron throne was nailed, Fu Hongchen was frightened and left without looking back.

The iron throne was nailed to the ground, and Tao's heart was crushed by the emperor's holy knife. He was so scared that his face turned white and shivered, and cried, "Lord of reincarnation, I wish to honor you. You are my king. Please spare my life!"

Ye Chen heard the Iron Throne's plea for mercy, sneered and said, "it's too late to bow your head now!"

With that, ye Chen offered a sacrifice to kill the Holy Grail, devouring the body of the Iron Throne into the Holy Grail.

The iron throne "ah" screamed, and the flesh, gods and souls were devoured, and all vitality was absorbed by Ye Chen.

Ye Chen swallowed the vitality of the iron throne, as if he had eaten a big tonic, and the damaged foundation of martial arts was restored.

Even ye Chen understood all the magical powers of the iron throne, the Supreme Court, the imperial way, and so on.

Ye Chen took back the emperor's holy knife and reinserted it into the sheath. He felt his martial arts foundation. Although he recovered a lot, there was still a damaged gap in the Dantian.

If you want to make up for the damage, unless you get the complete tianwu Wolong Sutra.

Now ye Linyuan, Mo Caidie, Fu Hongchen and others have all been defeated, and no one has robbed the treasure with Ye Chen.

In addition, Feng Lanxi

Ye Chen's eyes fell on Feng Lanxi, and she could clearly feel the remaining will of the ancient god of Tuo emperor in her body.

Feng Lanxi was dazed and said with a wry smile, "I also wonder how I, an ordinary person, can resonate with the ancient god of Tuodi. It turned out that this dream distorted the reality."

Ye Chen listened to Feng Lanxi's words and was stunned, saying, "dreams distort reality..."

By the way, the dream that just happened is not an independent existence, but intertwined with reality.

Ren Duxing can find the tablet of the emperor of heaven, the emperor of wind rebelled against the ruins, and the demon ancestor established the old alliance. All the causes and consequences behind this may be related to this dream.

Ye Chen's eyes are a little confused. Dreams, reality, future, present, past, all kinds of strange and esoteric rules, he is a little confused, and he doesn't know what is true.

"Haven't you broken through the shackles of your heart? How can you still indulge in these causes and effects?"

A cry of disdain for old sounded from the depths of the reincarnation cemetery, but it was the voice of old.

Ye Chen heard Huang Lao's cry and suddenly woke up. His originally confused eyes also became firm again.

Heaven is healthy, and a gentleman strives to improve himself. The past has passed, and the future has not yet come. The only thing he can grasp is now!

Instead of thinking too much, it's better to be down-to-earth and do everything in front of you.

Ye Chen looked at Feng Lanxi, pinched her chin, looked directly into her eyes, and said, "Feng Lanxi, you used to believe in the ancient god of Tuo emperor, but now? Do you continue to believe in him or obey me?"

Feng Lanxi's heart trembled. If it was before, she would definitely answer firmly that she believed in the ancient god of Tuodi.

But now, seeing ye Chen's startling knife, she was deeply shocked.

Her faith has wavered.

"I... I don't know."

Feng Lanxi's voice was painful, saying.

Ye Chen was silent and still stared at her.

Feng Lanxi shivered, then looked at Ye Chen and said, "Lord of reincarnation, I want to quit, OK? You fight with wanxu and Tuodi ancient god, I don't want to be involved anymore. I want to be an ordinary person and go back to accompany my grandfather, OK?"

The experience of the dream world just now shocked fenglanxi.

Reincarnation, wanxu, the supreme ancient god, these terrible battles at the top of the world, are not something she can get involved in at all.

She was afraid and deeply afraid. She didn't want to get involved anymore. She wanted to have a safe rest of her life.

Ye Chen was silent for a while, then nodded and said, "well, when I find the tianwu Wolong Sutra and dissolve the ancient god's will in your body, I will take you home and promise you a safe rest of your life."

Chapter 7932

Feng Lanxi wanted to quit this game of chess, and ye Chen naturally welcomed it, which was just what he wanted.

"Thank you!"

Feng Lanxi knelt down and bowed to Ye Chen Yingying. Her eyes were full of tears and gratitude.

Ye Chen picked her up and said, "you're welcome. Next, we'll go and get the treasure of the old lord."

With that, ye Chen took Sheng juetian, Feng Lanxi and others to the bronze gate and wanted to enter.

But Sheng juetian and Feng Lanxi both stepped back.

Sheng Jue said, "Lord, here is the protection of the will of Wu Zu, and the prohibition laid by the tablet of God sealed by the emperor of heaven. It is difficult for us to get close."

Ye Chen nodded and felt a fierce force coming from behind the bronze gate, which contained the idea of Wu Zu!

Neither shengjuetian nor fenglanxi can bear it, so they can only retreat.

Only Ye Chen, the descendant of Wu Zu, can stand steadily.

"Well, then step back and wait for me to go in."

Ye Chen ordered him to go down. Sheng juetian, Feng Lanxi and others retreated a few steps.

Ye Chen calmed down, took a step forward, and pressed his palm on the bronze gate.

Hum!

The bronze gate vibrated, and a magnificent starry sky burst out.

That is the star sky formed by Wu Zu's thoughts..

"Who is it? How dare you break into the treasure land of tianwuxian gate!"

A majestic voice, coming from the depths of the starry sky, was the voice of Wu Zu.

Hearing Wu Zu's voice, ye Chen was overjoyed and shouted, "Wu Zu, it's me!"

The voice "ah", full of surprise and joy, said: "is it Ye Chen?"

Ye Chen said, "yes, master, it's me!"

Wu Zu's voice said, "do you want to take the treasure of Wu Jue God?"

Ye Chen said, "yes, master, please let me in."

Wu Zu's voice sank and said, "isn't Miss Wu Yao with you?"

Ye Chen said, "something happened. She's not here."

Wu Zu said, "this is troublesome."

Ye Chen said, "what?"

Wu Zu said, "my will is to guard the treasure for thousands of years, but it was found by monsters without time and space. A monster named Zuma demon God came after him. He was also in the treasure, and even combined with the prohibition of the God tablet of the emperor of heaven. His strength is incomparable. He wants to destroy the treasure all the time, and then destroy my will."

"If you open this door and encounter Zuma demon God, I'm afraid it's not his enemy."

Ye Chen was surprised and said, "Zuma demon God?"

He knew that there were four races in wuwuwuspacetime, namely demon God, ancient god, outer God and scattered God.

The demon gods are all twisted monsters, with only the instinct of killing.

The Zuma demon God in Wu Zu's mouth comes from Wuwu, which is supposed to be very strong.

Ye Chen was backfired by the emperor's holy knife. The Dantian was damaged and in poor condition. I'm afraid he was really not an enemy in the face of the Zuma demon God.

Wu Zu sighed, "if Miss Wu Yao is by your side, things will be easy to do. Miss Wu Yao's mercy is the bane of all demons, but unfortunately she is not."

Ye Chen's face sank. Wu Yao was still in the star moon world, fighting with Lin Xiaokong. Naturally, it was impossible to get here.

Without Wu Yao, it is very difficult to deal with the Zuma demon God.

"Why don't I try?"

At this time, a female voice came from behind Ye Chen.

Feng Lanxi came up and offered the epic mirror, saying, "my epic mirror, the blessing of eternal glory, is also the nemesis of the demon God."

Wu Zu's voice was happy and said, "there is an epic mirror, but it is possible to deal with Zuma demon God."

After a pause, Wu Zu said again, "but the Zuma demon God is extremely strong. Even if you have an epic mirror, the number of wins and losses is also five to five. It's hard to say who loses and who wins."

Ye Chen felt that his Dantian was damaged and could not heal all the time.

The backfire of the emperor's holy knife is too serious.

Only by getting the treasure and the tianwu Wolong Sutra, ye Chen can recover and go further.

"Master Wu, open the door! Now I have no retreat. I have to fight for life or death!"

Ye Chen gritted his teeth.

Sheng Jue Tian also brought people up and stood beside Ye Chen, saying, "Lord, count me in. I also want to see what's powerful about the Zuma demon God."

Ye Chen nodded and didn't refuse. After all, more people, more strength.

Wu Zu said, "good, good luck."

The sound fell, and the bronze gate rumbled and slowly opened to both sides.

Ye Chen, Sheng Juetian, Feng Lanxi, and the strong men of the two empires are all on alert.

As soon as the bronze gate was opened, they saw an extremely terrifying scene.

The ground was full of thick dark green pus, which smelled disgusting and rolled constantly, emitting bubbles and twisted into various strange and nameless shapes.

Those purulent waters seem to be the source of all filthy and unclean things in the world. When the bronze gate is opened, dead gray masses are born in the dark green purulent waters, constantly shaking, expanding, creeping, and cracking monsters.

That monster, at first glance, does not belong to the real world. There is no such distorted and weird existence in the real world. This can only be the demon God from wuwuuspacetime!

That monstrous monster can't be described and described in words at all. It's weird and twisted to the point of Indescribability.

Fortunately, after the bronze gate was opened, the laws of the real world came in, and the monster also began to collapse, with a realistic shape. It was a huge monster piled up with lumps and sarcomas, a little like a mammoth, with two long sharp tusks.

On the ivory, there are layers of dark gold forbidden runes, which are actually runes on the tablet of the emperor of heaven!

Chapter 7933

Wu Zu was right. This monster, called Zuma demon God, was indeed combined with the prohibition of Tianjun Fengshen tablet. The evil demon God breath and the unique vastness and majesty of Tianjun Fengshen tablet burst out madly, causing the surrounding space to stir up a gust of vigorous wind.

Ye Chen, Feng Lanxi and Sheng juetian were deeply shocked to see this huge twisted mammoth.

Behind the Zuma demon God, there is a magnificent picture like the kingdom of heaven.

Countless gold and silver jewelry, spirit stone secret mines, natural materials and earth treasures, rare medicinal materials, weapons and magic weapons are piled up, as well as countless secret books of Taoist magic, various spirit animal eggs, fairy family talisman, mechanism treasures and so on.

That's the treasure left by the old lord!

This layer of treasure, protected by the vast starry sky, has not been eroded by the Zuma demon God.

Illuminated by the brilliance of the starry sky, the countless Tiancai and Dibao emit Yingying brilliance, which is shocking.

However, if you want to take the treasure, you must first break through the blockade of Zuma demon God.

At a glance, ye Chen saw an ancient book suspended under the starry sky, which was the tianwu Wolong Sutra!

One hundred pages of the tianwu Wolong Sutra, five of which are in Ye Chen's hand, and the rest are all here.

As long as you get that ancient book, ye Chen's tianwu Wolong Sutra can be immediately restored to perfection!

His damaged Dantian can also be restored.

His potential will explode further.

His accomplishments will advance by leaps and bounds!

Tianwu Wolong Sutra is in front of us, but it is not easy to seize it.

"Reincarnation, reincarnation! You finally come!"

Zuma demon sent out a hoarse cry, with a strong murderous spirit: "you finally came! But the treasure is mine! You want to die, you all want to die!"

A huge roar broke out from the throat of Zuma demon God, and his mammoth body, like a fortress, rushed fiercely towards Ye Chen.

"Be careful!"

Feng Lanxi exclaimed, hurriedly urging the epic mirror to block in front of Ye Chen..

Hum!

The epic mirror vibrated, and the glorious mirror light shone out, hissing, shooting on the body of Zuma demon God, and a scorched smell came out.

"Ah! Epic mirror! How can you have such a thing?"

"The source of demons and gods is polluted by me!"

Zuma demon God issued a fearful cry, and then roared up to the sky, with dark green pus flowing from his body, as well as all kinds of evil and filthy strange breath, eroding towards the epic mirror.

Feng Lanxi's face was dignified, and he also felt the strength of Zuma demon God. He quickly turned over the epic mirror, used the back of the mirror to resist the erosion of the filthy atmosphere, and shouted:

"Lord of reincarnation, I'll hold him! Go and seize the treasure!"

Feng Lanxi was deeply aware that with his own strength, he could not defeat Zuma demon God at all, and could only reluctantly fight for a moment.

You can only rely on Ye Chen to defeat the demon God.

As long as ye Chen gets the treasure, understands tianwu Wolong Sutra, and recovers Dantian, it is enough to easily defeat Zuma demon God.

Ye Chen gritted his teeth and felt the thorniness of the situation. Unfortunately, his Dantian was damaged and it was not suitable to fight now.

"Well, Miss Feng, it's hard for you to delay for a moment!"

Ye Chen didn't talk nonsense. He immediately bypassed the Zuma demon God and strode to the place of treasure.

"Can you hold it? The great demon lord, the Lich King, please show your authority in this world and kill the Lord of reincarnation!"

Zuma demon sent out a huge chant, and the space was suddenly distorted, and the magic gas gathered, and a skeleton monster half human and half ghost appeared, which was the legendary Lich!

This lich, however, is much more powerful and terrifying than the Lich Ye Chen has seen before. It is filled with overwhelming demons and evil spirits. It is the king of liches, the Lich overlord, and the existence of invincible in the world, which is suffocating.

As soon as the Lich King appeared, the skinny skeleton palm was mercilessly facing ye chenyin.

Ye Chen's Dantian was damaged and could not resist. He was slapped and flew out, falling into the treasure in the starry sky. With a puff, he vomited blood.

The blood he vomited was full of strange and terrible Lich evil spirit, which polluted several herbs around him.

Now, ye Chen has entered the place of treasure. The protection of the vast starry sky will stop the Zuma demon God, but it will not stop Ye Chen.

However, even if he entered the treasure land, ye Chen was unable to get up and seize the treasure.

The Lich King's palm almost broke his heart.

"Brother Ye Chen!"

Feng Lanxi saw Ye Chen's injury and exclaimed with horror.

Under her mental panic, she was taken advantage of by Zuma demon God.

The evil and filthy demon God invaded the epic mirror, and the epic mirror was immediately polluted, and the light dispersed, becoming dark and light.

Feng Lanxi also seemed to be poisoned, and her white face suddenly became gray.

"Hey, little girl, your body and magic weapon are all mine!"

Zuma demon God issued a grim smile, raised the huge mammoth feet, severely stepped on the delicate body of fenglanxi, and crushed her hard to crush her completely.

Patter!

The epic mirror of fenglanxi lost its aura and fell to the ground.

"Lord!"

Sheng Juetian didn't care about the life and death of Fenglanxi. His attention was all on Ye Chen. Seeing Ye Chen injured, he was immediately thrilled.

Seeing Ye Chen's serious injury and decadent appearance, a trace of determination passed in Sheng Jue Tian's old eyes, and then pinched the formula with both hands and shouted:

"Secret method, life and death move!"

A thin thread of blood extended from his head, passed through the air, and connected with Ye Chen's body.

Ye Chen, who was seriously injured, felt that his injury was rapidly recovering.

He was stunned, got up, looked up, and saw that the face of Sheng Jue Tian had become gray, dark and light, as if he had been entangled by countless filthy sins.

"Senior, you!"

Ye Chen was shocked and suddenly found something strange.

The art of birth Jue heaven is the unique secret of the hall of life and death, called "great movement of life and death"!

This secret method, once applied, can move life and death, revive the dead and die the living.

Ye Chen was slapped by the Lich King. He was seriously injured, but Sheng Juetian used the secret method of "great movement of life and death" to forcibly transfer Ye Chen's injury to himself.

Ye Chen's injury was transferred and he immediately recovered.

However, when he was born, he was haunted by evil spirits, surrounded by filth, and sent out a pungent odor. His body seemed to be corroded into a pool of rotten meat by endless demons and demons in the next moment,

"Huh?"

Zuma demon God was surprised when he saw Ye Chen's recovery.

"Reincarnation, can you survive today? I don't believe it!"

Zuma demon roared. He was going to trample on the Phoenix blue river. Now he saw Ye Chen recover, and immediately abandoned the Phoenix blue river and rushed towards Ye Chen.

Now the protection of Hongmeng starry sky has been automatically opened due to Ye Chen's entry. Zuma demon God rushed into the treasure land and was about to crush Ye Chen and the treasure.

Chapter 7934

"Beast, dare you!"

Ye Chen was furious, and with a palm move, the tianwu Wolong Sutra suspended in the starry sky immediately fell down.

Crash, crash, crash!

Tianwu Wolong Sutra unfolded, and pages of the book burst into dazzling glory, suspended above Ye Chen's head, and constantly resonated with him.

Just in a blink of an eye, ye Chen felt that his blood was completely resonant and integrated with tianwu Wolong Sutra.

That is, at this moment, ye Chen fully understood all the wonderful methods of tianwu Wolong Sutra.

Boom!

As soon as he understood the tianwu Wolong Sutra, ye Chen's damaged Dantian immediately recovered and even became more solid.

The aura in his elixir field exploded crazily, and his body exploded with martial intent.

His accomplishments have also broken through from the first level of Baijia realm to the second level of heaven!

With this breakthrough, ye Chen's body tore apart the laws of space, towering, and the great starry sky burst out.

The reincarnation body, which is ten thousand feet high, is like a great God, standing in the starry sky, majestic and invincible.

Sheng juetian and Feng Lanxi looked at Ye Chen blankly, as if mole ants admired God.

Ye Chen at this moment is majestic and domineering, and his breath is simply longitude and latitude, pushing the universe invincible.

Even Zuma demon God, looking at Ye Chen's great body, was shivering.

Against the backdrop of Ye Chen's great body, he was as small as a grain of dust.

"Tianwu Wolong Sutra, I finally got tianwu Wolong Sutra!"

"This power is so vast and domineering, is it really true?"

Ye Chen clenched her fist and felt the surging power in her body. She only felt like a dream. She thought that she was in a dream and couldn't believe it..

Tianwu Wolong Sutra itself, in fact, has no amazing power. The greatest function of this sutra is to detonate people's potential.

The more the human body accumulates, the more terrifying the potential it explodes.

Ye Chen's accumulation of martial arts and reincarnation blood is naturally very deep.

This time, stimulated by the tianwu Wolong Sutra, his martial arts and blood accumulation were detonated, and the power of reincarnation blood stepped onto a new level, full of strength and invincibility, as if there was a powerful momentum forever.

Ye Chen looked down at the Zuma demon God, and suddenly felt that the Zuma demon God was so small that it was simply vulnerable.

"The source of demons and gods is polluted by me!"

Zuma demon God roared, and his evil spirit turned into a highly toxic pus, splashing madly towards Ye Chen's body, trying to pollute ye Chen's reincarnation body.

"Hum, I want to pollute my Dharma body because of my trivial skills?"

Ye Chen snorted, the stars were blooming all over, the breath of reincarnation was diffuse, and a layer of golden light surged up.

The dirty smell splashed by Zuma demon God was blocked, hissing, and evaporated into nothingness under the golden light of reincarnation.

"It's impossible! It's impossible! How can your reincarnation blood suddenly become so powerful? It's impossible for all evils to enter and all laws to invade!"

Zuma demon God was shocked and deeply frightened. He didn't expect Ye Chen to break through so quickly and become so domineering after getting the tianwu Wolong Sutra.

In fear, he turned and ran away, completely losing his fighting spirit.

"Want to run? Stay!"

Ye Chen snorted, and a punch burst out.

"God elephant smashes into the sky!"

The huge God of light, like a virtual shadow, emerged from ye Chen's fist, and with the spirit of destruction through the universe, violently blasted on the body of Zuma demon God.

Bang!

The body of Zuma demon god suddenly shattered and exploded, turning into a blood mist all over the sky.

After ye Chen got the complete tianwu Wolong Sutra, the martial art of divine elephant avalanche and tianbang was also completely clear, and its power was greatly improved.

With just one punch, he blew Zuma up.

All the evil spirits of filth and evil were also exploded, and the air became fresh.

Sheng juetian and Feng Lanxi were deeply shocked and worshipped when they saw Ye Chen's powerful and invincible appearance.

Zuma demon God's remaining will issued a unwilling roar: "no! I won't die! The great demon lord, the Lich King, he will revive me! He will destroy reincarnation! Lord of reincarnation, you wait for death! You have alerted the great demon lord, the Lich King, you are not far from death!"

Ye Chen snorted, "are you dead and still talking nonsense?" The golden light of reincarnation bloomed out, crushing the will of Zuma demon God completely.

Zuma demon God, so completely disappeared in heaven and earth.

"Ye Chen, you are really strong and invincible. Master, I am very happy."

Wu Zu's voice came from the depths, with appreciation and relief.

"Master Wu, Zuma demon God has been killed by me."

Ye Chen took a step forward and said.

Wu Zu said, "you did a good job. My mind can finally leave here."

Ye Chen hurriedly said, "Master Wu, there are many things I don't understand in my heart, such as..."

Wu Zu smiled and said, "if you don't understand anything, you will gradually know in the future, the past, the future, reality, dreams, nothingness, existence, the laws of the world, the ups and downs of personnel, all kinds of things. You will understand in the future. I'm waiting for you in wuwuwuspacetime."

This sentence fell, and Wu Zu's idea retreated quickly and finally dissipated.

"Master Wu..."

Ye Chen is disappointed.

"Cough, Lord..."

A burst of cough pulled Ye Chen back.

I saw Sheng Jue Tian's face was purple and black, and his dirty breath was entangled.

Chapter 7935

He shifted his life and death and passed Ye Chen's injury on to himself. Now it is very serious.

"Lord, there should be some special healing pills in the treasure. Please... Cough..." Sheng Jue Tian spoke hard and vomited black blood.

Ye Chen looked back at the treasure, and saw that among the treasure, there were many pills piled up like mountains, and countless kinds of treasures, including rejuvenation magic pill, shattering Nirvana magic pill, immeasurable magic pill, shengshengshenghuadan, exorcism magic pill, Shennong magic dew and so on.

Although Sheng Jue Tian was seriously injured, the pills in the treasure were enough to cure him.

However, Ye Chen didn't go to get the pill and looked at SHENGJUE heaven's way: "elder, don't panic. Your injury is no big deal. You are a believer in my reincarnation. I want you to live, and no one can hurt your life."

Ye Chen's voice, with a vast idea of the law of reincarnation, waved his palm, and the golden light of reincarnation burst out, enveloping SHENGJUE heaven.

The wound that gave birth to Jue Tian began to heal at a rate visible to the naked eye.

Under the cover of the law of reincarnation, the foul and evil breath on his body also quickly dissipated.

In the blink of an eye, Sheng Jue Tian recovered, with a red face and a bright spirit.

He was shocked, completely shocked.

Ye Chen did not use any therapeutic means such as Bagua Tiandan, which was pure law idea, reincarnation idea.

Ye Chen said he wanted to let him live, so he came back to life without leaving any scars.

This is a tacit statement, follow the law!

Plop!

Shocked, Sheng Jue Tian knelt down on the spot and said, "Lord, your reincarnation power is really invincible! With you, it's easy to come to my life and death temple, return to the ghost Kingdom, and fight against the barbarian temple."

"Ghost king world?"

Ye Chen's eyes coagulated slightly. Among the six realms of reincarnation, the hell realm has been transformed into the reincarnation heaven realm by him, and the sentient world has also made friends with him. If you can go further and control the ghost King realm, you can further improve your qi and indirectly weaken the foundation of the will of the supreme ancient god.

Sheng Jue said, "Lord, now that the treasure has been obtained, I want to invite you to the hall of life and death to plan big things!"

Ye Chen's heart moved slightly, but then he shook his head and said, "later, I still have something to take care of."

After the treasure hunt, ye Chen just wants to go back to the star moon world as soon as possible to protect Xia Ruoxue.

Ye Chen took a step forward and looked at Fenglan river.

At the moment, Feng Lanxi was seriously injured and eroded by the evil spirit of Zuma demon God. He was filthy all over, and even the epic mirror was polluted.

She was like a bird falling in the mud, staring at Ye Chen blankly.

"Fairy Koi copy, purify it for me!"

With a wave of Ye Chen's palm, the holy white light flowed out, the Fairy Light gushed, and the koi jumped.

The holy brilliance of the celestial Koi was shrouded in the Phoenix blue river.

In an instant, Feng Lanxi was purified, and all the filth was gone. Even the epic mirror recovered its holy brilliance.

"Brother Ye Chen..."

Feng Lanxi was stunned, looking up at Ye Chen like a mortal looking up at the God of heaven.

Ye Chen's method is too powerful. It is absolutely supernatural. Even if it is the demon gas pollution of the monster without time and space, under his hands, it is instantly lifted, and there is no possibility of struggle.

"You have the will left by the ancient god of Tuodi in your body. I want to remove that will, and you are ready."

Ye Chen said in a dignified voice.

Feng Lanxi has two souls, and her other soul can resonate with the ancient god of Tuodi. Even before, in the dream world, she was left with the will by the ancient god of Tuodi, as if it were a lesion.

Ye Chen will help her pull out the focus and let her return to normal.

Feng Lanxi nodded gently. She didn't want to step into Ye Chen's chessboard anymore. It was too dangerous.

She can't participate in that game of chess.

Now she just wants to be an ordinary person and return to her relatives.

"Well, brother Ye Chen, please."

Feng Lanxi sat cross legged, kneaded a formula, and got ready.

Ye Chen took a step, and Hongmeng was released from the starry sky.

The starry sky isolated the atmosphere of the outside world. Under this starry sky, there were only two people, he and Feng Lanxi.

Ye Chen came to Feng Lanxi and sat down cross legged. The two people were close to each other. They had a tacit understanding and stretched out their hands, palms against each other.

Hum!

As soon as the two hands touch, there is an invisible wave of air that blooms.

Ye Chen Ran the tianwu Wolong Sutra, and instantly caught it. In the deep soul of Fenglan River, there was indeed a dark and mysterious breath, which was the will left by the ancient god of Tuo emperor!

"Fairy Koi copy, purify me!"

Ye Chen shouted violently. Based on the tianwu Wolong Sutra, he urged the fairy Koi to copy, and a ray of Fairy Light rushed into Feng Lanxi's body to purify the mysterious breath in her body.

"Well..."

Feng Lanxi snorted stiffly, frowning tightly, revealing an uncomfortable appearance.

Under the impact of Ye Chen's purification, the mysterious breath in her body churned up, and she was not willing to be destroyed.

Hoo Hoo

All of a sudden, Feng Lanxi was whirling around, her green silk turned into white hair, and her skin became extremely pale. Only her eyes were blood red, just like a white haired witch.

"Lord of reincarnation, do you want to purify me? You are not qualified!"

Suddenly, Feng Lanxi opened her eyes wide and made a voice of resentment and anger. Even her consciousness and reason seemed to be submerged.

She drew back her hands, raised them suddenly, and shouted, "epic mirror, suppress me!"

Buzzing, buzzing!

The epic mirror vibrated, and the ancient mirror light bloomed, crushing Ye Chen with ferocious pressure.

Ye Chen's body was like a rock, motionless like a mountain. He snorted coldly and said, "under my starry sky, do you dare to make trouble?"

Then, ye Chen Ran the tianwu Wolong Sutra, and the light of the great starry sky broke out. Countless stars were shining, and the sun and Moon tides were like a rolling flood, which severely hit the body of Fenglan river.

Poof!

Feng Lanxi's body trembled violently, and was impacted by the torrent of Ye Chen's stars. He vomited blood on the spot. The mysterious smell on his body was also quickly suppressed.

Under this vast starry sky, ye Chen is simply invincible. No one can compete with him.

"The law of reincarnation, purify everything!"

"Shackles of order, suppress demons!"

Ye Chen sang loudly, and black chains burst out from behind him.

It is the chain of the law of reincarnation, representing the order of reincarnation, which is engraved with Ancient Runes.

Chains of reincarnation tied Feng Lanxi's whole body, lifted her body, and hung it in the air.

The law of reincarnation vibrated, and a golden flame appeared on the chain. The body of Feng Lanxi made a hissing sound, and the white smoke was steaming, and her mouth also sent out a sad scream.

The ancient god will in her body can't bear Ye Chen's reincarnation law at all.

Chapter 7936

No time and space is a chaotic world. The ancient gods like chaos and hate order.

Reincarnation represents order.

Ye Chen's reincarnation chain shackled Feng Lanxi. The will of the supreme ancient god in her body was also impacted by the reincarnation order, sniffing and vaporizing.

Soon, the mysterious smell on Feng Lanxi evaporated.

There was no evil spirit in her soul.

Her two souls slowly merged together.

Ye Chen took back the chain, and Feng Lanxi fell down, panting violently.

Her white hair returned to green, and her evil spirit dissipated. Now she looks like an ordinary girl.

In fact, she was originally an ordinary girl. Only because of accidents, dreams distorted reality, did her soul resonate with the supreme ancient god.

Now, ye Chen uses the order of reincarnation to crush all the mysterious breath on her, which is equivalent to cutting off her contact with the ancient god. After the lesion is removed, she naturally returns to normal.

"Girl Feng, are you all right?"

Ye Chen walked up and saw Feng Lanxi sweating all over, and his clothes were soaked, revealing his graceful figure.

"Nothing..."

Feng Lanxi blushed, looked up at Ye Chen and said, "brother Ye Chen, can you... Can you take me home?"

Ye Chen smiled and said, "of course." Then he stretched out his hand..

Feng Lanxi whispered, "thank you." Hand the palm to Ye Chen.

Ye Chen pulled her up and walked out of the Hongmeng starry sky.

"Lord."

When Sheng juetian saw them coming out, he saluted hurriedly.

Ye Chen nodded, pointed to the treasure in front of him, and said, "master, Feng girl, take whatever treasure you want."

The treasure of the old lord is quite rich. I don't know how many rare treasures there are.

In those days, tianwu immortal sect dominated for thousands of centuries, and the old lord also took charge of the destiny for countless generations. His accumulation and collection are naturally rich to the point of outrageous.

With so many natural resources and treasure resources, if you use them to cultivate disciples, I don't know how many masters you can cultivate.

Sheng Jue said, "Lord, I don't need any reward for serving you."

Ye Chen said, "take some. Your hall of life and death is forced to escape from the ghost kingdom. If you want to revitalize, you also need the support of cultivation resources."

As soon as ye Chen waved, he took out piles of pills from the treasure and gave them to Sheng juetian.

Seeing that ye Chen's tone was sincere and inconvenient to refuse, Sheng Jue Tian accepted it and bowed respectfully, "thank you, Lord!"

Ye Chen looked at Feng Lanxi and said, "Miss Feng, what about you? What do you need?"

Feng Lanxi smiled bitterly and asked, "is there a pill that can revive my grandfather?"

Ye Chen was silent, then sighed and said, "there is no elixir to reverse the law of life and death, but don't worry, I will remember your grandfather. When I reach the top of the reincarnation, I will revive him."

Feng Lanxi naturally believed that ye Chen would be able to reach the top in the future. At present, with tears in his eyes, he whispered, "thank you, brother Ye Chen."

Ye Chen nodded, and with a roll of his big hand, he collected all the treasures of the old lord, many panacea, fairy family talisman, spirit beast egg, secret script of divine skill, weapons and magic weapons, etc. into the reincarnation cemetery.

So many treasures finally fell into Ye Chen's hands.

Ye Chen was naturally very happy.

The greatest harvest of this treasure hunt is to get the tianwu Wolong Sutra!

The collection of tianwu Wolong Sutra is complete. Ye Chen's cultivation naturally advances by leaps and bounds, and his own potential is also released.

The only regret is that there is no artifact fragment in the treasure of the old lord.

No artifact fragments, is after the end of the old and new hegemony war, the law of heaven and earth defects, everywhere is space-time gap, before a large number of spread to the real world.

In the old days, there were very few fragments without artifact. Even if there were, it was rooted in the deep vein like the epic mirror, which was extremely difficult to accept.

After collecting the treasure, ye Chen left the underground world and returned to the ground with Feng Lanxi, Sheng juetian and others.

When ye Chen came out of the darkness and returned to the ground, the sky shook, the Dragon roared, and dragon shaped airflow appeared, which was spectacular.

But ye Chen got the tianwu Wolong Sutra, which shocked the weather of heaven and earth.

This weather is transmitted from afar, not only in the epic world, but also in the realm of the emperor, the world of Jianmen, the realm of azure and other places.

.....

The realm of the feather emperor, in the temple of ten thousand ruins.

Mo Canglan is in the array, running the great dream Qianqiu secret method, trying to steal the emperor's ancient clock, but he has never succeeded.

The ancient emperor Yu Huang stood by Mo Canglan with his hands down. They felt the weather change in the sky, and their faces were all dignified.

"Unexpectedly, the old treasure was finally taken away by Ye Chen."

The feather emperor pinched his fingers and peeped into all kinds of things that had happened in the epic world.

Then he discovered the cause and effect of the dream world.

"Hey, that dream..."

The feather emperor was surprised. Many causes and effects of the dream world, such as the backflow of water, severely hit his head, which deeply shocked him.

Mo Canglan also caught the breath of the dream, and immediately shook and said, "that dream is a little strange!"

The feather emperor was also a little dazed and trance, muttering: "I originally wanted to directly crush the old lord, but finally decided to leave his spirit to cast a sword, as if there was a mysterious force that pushed me to do so..."

Chapter 7937

"Is it the dream of the future that distorts the reality of the past and makes me change my mind?"

Mo Canglan also broke out in a cold sweat and was speechless.

The feather emperor then said, "is everything I do now also affected by a dream in the future? Or is the world we live in itself a dream?"

His voice took a trace of panic, unprecedented confusion.

The interweaving and distortion of dream and reality is too ancient and strange. It shows an indescribable and mysterious atmosphere, and even makes his heart of Tao shake a little.

Mo canglan regained consciousness and hurriedly said, "Your Majesty, wake up! Dreams and reality, future and past, these unspeakable mysteries exist. When we prove that there is no future, we will naturally understand."

Hearing Mo canglan's words, the ancient emperor Yu Huang also woke up, nodded, recovered his composure, and said, "you're right, these concepts are too secretive, and have been detached from reality. Only by killing Ye Chen as soon as possible and devouring his reincarnation, can we transcend the Tao, step into nothingness, and penetrate all the fog causes and effects!"

Mo canglan frowned and said, "Your Majesty, now the old treasure has been taken away by the boy. We don't have enough resources to steal the emperor's ancient clock. I'm afraid it's difficult to suppress the boy."

The ancient emperor Yu Huang glanced at Mo canglan, turned his eyes, snorted and said, "there are resources to steal the ancient clock of the emperor."

Mo canglan saw the eyes of the feather emperor and felt a chill behind him. He said, "Your Majesty, what do you want to do?"

The feather emperor laughed and said, "Mo canglan, aren't you a resource? Is there a better resource in this world than you? Since your daughter can't rob the treasure of the old lord, I have to sacrifice you."

Mo canglan was sweating and said, "Your Majesty, I am loyal to you..."

The Jade Emperor waved his hand and said, "since you are loyal, you will sacrifice for me once! I will make the dream come true at the cost of your life and blood. Call the emperor ancient bell, you rest in peace! I will take care of your daughter!"

Ye Chen has the emperor's holy knife, and the heavenly daughter has the emperor's divine book. Moreover, ye Chen cuts all the flail and gets the tianwu Wolong Sutra. The weather is too big.

If you don't seize the legendary emperor's ancient bell, the feather emperor is not sure to suppress Ye Chen again.

At that moment, in the eyes of the ancient emperor Yu Huang, there was a fierce killing opportunity, and he slapped Mo canglan's head fiercely.

"Your majesty!"

Mo canglan hissed and couldn't resist.

With one blow, his body and spirit were destroyed by the emperor.

Boom——

The immeasurable strong, the flesh and soul of the emperor of heaven, all his energy is poured into the dream array..

Suddenly, a dreamlike fog of light and shadow bloomed, and the flowers and rain were colorful.

From the dreamy light and shadow, the feather emperor glimpsed the shadow of the emperor's ancient clock. His hands were open and he sang like a dream:

"Emperor ancient bell, come on, the first treasure of the three emperors, only I wanxu, can be qualified to take charge..."

With the singing of the ancient emperor, the dreamy light and shadow gradually became real.

The fog of dreams began to dissipate.

When the fog cleared completely, an ancient giant clock appeared in front of the feather emperor.

This ancient clock is 100 feet high, towering and huge. It is as old as bronze, emitting all kinds of unspeakable mystery.

On the ancient clock, there are all kinds of mysterious runes engraved. I don't know how many tens of millions, which makes people feel the shaking of their hearts and souls at a glance.

Those runes, each as brilliant as the sun, are shocking.

"This... This is the emperor's ancient clock!"

The ancient emperor Yu Huang saw the legendary emperor's ancient bell and fell in front of him. He couldn't believe it and his eyes were full of shocking colors.

He shook his palm and stroked the clock. He only felt waves of vast laws coming out of the emperor's ancient clock.

That is enough to suppress the terrible energy fluctuations of the whole real world!

Even if you melt all the materials in the real world, you can't create such a powerful magic weapon.

This is a real artifact without artifact, the first treasure of the three emperors, the emperor's ancient clock!

The energy of this ancient clock is so powerful that it is beyond the scope of reality. The terror of the energy breath is difficult to describe in words.

The ancient emperor Yu Huang ran his aura and struck the bell with a heavy palm.

Dang!

The loud bell rings, shaking the world for thousands of years.

The breath of the feather emperor is also ringing with the emperor.

On his body, a big bell appeared, surrounded by hundreds of millions of dragons, and countless Ancient Runes were shaking. At a glance, people felt like kneeling down to convert.

"Hahahaha, very good, very good! The emperor's ancient clock has finally fallen into the hands of the wanxu temple!"

"Ye Chen, Ren tiannv, you are dead, you are dead!"

"What about the emperor's holy knife and the emperor's divine book? How can they be compared with my emperor's ancient clock?"

The feather emperor roared and finally captured the emperor's clock. He was very excited and excited.

At this moment, he has been able to sing with the emperor Gu * * and play a trace of the divine power of the ancient clock. When the bell rang, the world and the world would surrender, and His Majesty was incomparably overbearing.

With the guarding of the emperor's ancient clock, the Mountain Gate of the wanxu temple is also a burst of luck, blooming thousands of rays, brilliant and spectacular.

At this moment, the bells from the temple of the ruins were heard in the heavens and the world.

There are many forces who want to plot against wanxu. After hearing the bell, they are so shocked that they kneel down and surrender, and dare not have any idea of disobedience.

Ren tiannv, who was far away in the ice Phoenix world, also heard the ancient domineering bell.

"The feather emperor stole the emperor's ancient clock. How did he do it?"

Ren tiannv was surprised. She circled the earth Emperor God book above her head. Under the protection of the earth Emperor God book, she was not impacted by the bell.

In the past ten days, she has been experiencing the book of the emperor of the earth, so she did not participate in the competition for old treasures.

But ye Chen got the treasure of the past and gathered the martial arts crouching dragon Sutra. She sensed the weather caused by it.

When the treasure falls into Ye Chen's hands, the wanxu temple will not have enough resources to turn the dream into reality, and it will not be able to steal the emperor's ancient clock.

But now, with the ancient bell ringing, wanxu has obviously succeeded in stealing.

For a moment, Ren tiannv didn't know how the ancient emperor Yu Huang did it. She was only deeply shocked.

Originally, she got the book of the emperor of the earth. Ye Chen took charge of the emperor's holy knife and cut off all the shackles. The situation was great, and the anti killing ruins were just around the corner.

But now, the feather emperor stole the emperor's ancient clock, and the situation worsened in an instant.

Under the protection of the emperor's ancient clock, the Qi of the wanxu Temple expanded many times. The brilliant light of the feather emperor's heaven even shone on her ice Phoenix world, which made her feel a little suffocating.

Chapter 7938

"This game of chess is becoming more and more dangerous..."

Ren tiannv gritted her teeth. She knew for a long time that it was not easy to defeat wanxu, but unexpectedly, wanxu Temple received the emperor's ancient clock, which made the situation worse all of a sudden.

.....

In the epic world, ye Chen also heard the bell from the ruins, and his heart was shocked.

He looked at the sky in the distance, and vaguely, he seemed to see the virtual shadow of the emperor's ancient clock.

"What's the matter? Wanxu got the emperor's ancient clock?"

Ye Chen only felt incredible. Isn't the emperor's ancient clock in the ancestral land of the barbarians? How did the Jade Emperor seize it?

Even without any protection, the ancient emperor of the feather emperor could not take back the ruins, because he could not move it at all.

"Damn it! This ancient emperor, the feather emperor, actually used the secret method of dreams to steal the treasure of my wild family!"

The angry voice of the old man came from the reincarnation cemetery.

"Dream secret?"

As soon as ye Chen heard this, he immediately caught the secret of heaven and found that the means to seize the treasure in the wanxu temple was to use the access control technique of great dream Qianqiu to turn the dream into reality.

The feather emperor always dreamed of seizing the emperor's ancient clock. This time, his dream came true.

The emperor's ancient clock really fell into the hands of the wanxu temple.

"Boy, you are in danger. Quickly pass on the great wilderness Wujing I gave you. Cultivate to the highest level, and grab the emperor's ancient clock back, or you will die!"

The old man sounded a warning.

The ten thousand ruins Temple received the emperor's ancient clock, and the chess situation immediately became severe. Ye Chen was in a very dangerous situation.

"Wilderness without classics..."

Ye Chen was stunned. Huang Lao passed him the great famine Sutra. At present, he has reached

Chapter 7939

Ye Chen was surprised, and he saw that there were smooth and shiny mirrors around him, and countless mirrors were slowly rotating, reflecting his figure.

Suddenly, the mirror image distorted, rippled like waves, transformed into the figure of the epic emperor.

The mirror shadow of thousands of epic heavenly kings surrounded Ye Chen and others.

In the next moment, the mirror image of countless epic heavenly kings burst out of the mirror, fiercely waved their swords and killed Ye Chen and others.

"Not good!"

Ye Chen's face changed. This mirror world is the absolute domain of the epic emperor.

Fighting here will only result in being slaughtered.

"Wild wings, break it for me!"

Ye Chen shouted violently, and his ancient breath surged. The great wilderness had no operation, and a pair of ancient wasteland wings were spread out behind him.

He vibrated the wild Divine Wings, grabbed shengjuetian with one hand, and hugged the thin waist of Fenglan river with the other hand. He waved his wings and rushed, like a bird rushing to the sky, with a crash, breaking through the shackles of the epic Tianjun mirror world.

Countless mirrors crashed into pieces.

The mirror shadows of thousands of ways of the epic emperor of heaven are merged into one.

"Eh?"

The epic emperor was surprised, but he didn't expect Ye Chen's magic power to be so powerful that he could break through the blockade of his epic mirror.

"Worthy of being the Lord of reincarnation, it's a little interesting, but in my epic world, I see how long you can struggle!"

The epic emperor shouted angrily, and his aura burst out, which resonated with the whole epic world.

The earth vein vibrated, the plate cracked, and countless magma rose into the sky.

At this moment, the epic emperor is like the absolute master of the epic world. He wants to mobilize the Qi of the whole world and kill Ye Chen.

Ye Chen's face sank and he felt a deep threat. He was about to fight to the death, but he heard a burst of laughter from the distant sky.

"Hahaha, epic emperor, have you asked me if you want to hurt the Lord of reincarnation?"

I saw a dark haired old man, with hundreds of strong men in armor, plundering from the distant sky.

It is the master of tianchu Empire and the emperor of tianchu!

"Celestial ancestor, why are you here?"

The epic emperor's face twisted for a while, and he was quite afraid.

At the beginning of the day, the cultivation of the holy ancestor reached immeasurable territory and was extremely strong.

Even if he has an epic mirror, he can't suppress the other side. At most, he just won a draw.

"Hahaha, can you come, can't I?"

At the beginning of the day, the sage laughed, and then looked at Ye Chen with a smile and said, "little guy, have you found my rejuvenation magic pill?"

Ye Chen saw the holy ancestor coming at the beginning of the day. Knowing that he was no longer in danger, he smiled and said, "I found it, elder, here it is."

Ye Chen took out a jade bottle from the reincarnation cemetery and threw it to the heavenly ancestor.

In the jade bottle, there is a green and round elixir, which is the wonderful elixir of rejuvenation.

There are many elixirs in the treasure of the old lord. Although this wonderful elixir of rejuvenation is rare, there are also a dozen treasures.

At the beginning of the day, the holy ancestor took the jade bottle, felt the breath of the rejuvenation wonderful pill, and couldn't help laughing up: "hahaha, I can finally recover my youth! Tiannv's little sister will love me!"

Ye Chen listened to the words of tianchu Shengzu and got goose bumps all over. It was hard to say anything.

At the beginning of the day, the holy ancestor crushed the jade bottle, and the rejuvenation magic pill melted in his hand. The vibrant green medicine gas poured into his body.

Immediately, his body quickly returned to youth, and the wrinkles on his face disappeared.

In a flash, at the beginning of the day, the holy ancestor changed from an old man to a young man, with a red face.

"Little guy, you go first. I'll compete with this bad old man."

At the beginning of the day, the sage laughed. At this time, he was young again, energetic, and his cultivation breath was vigorously improved. He was even better than the epic emperor.

The epic emperor felt the vigorous momentum of the emperor at the beginning of the day, and his face sank.

Ye Chen was very happy in his heart. He arched his hand to the emperor at the beginning of the day and said, "thank you for your help! Then I'll leave first." I want to turn around and leave.

"Here you are, little fellow. Take it!"

At the beginning of the day, the holy ancestor called Ye Chen, took out a crystal stone and threw it out.

Ye Chen copied and took it. The crystal stone was the heart of the universe and the reward promised by the emperor at the beginning of the day.

Holding the heart of the universe, ye Chen can clearly feel that the magnificent energy contained in this crystal can even be used to urge the fragments of non artifact.

"Thank you, master!"

Ye Chen is glad to thank her.

At the beginning of the day, the holy ancestor said, "don't call me elder. It looks like I'm very old. If you don't dislike it, call me big brother."

Ye Chen smiled bitterly, but the elder brother couldn't speak out, saying, "elder generation, you take care, I'm leaving."

With that, ye Chen left with Feng Lanxi and Sheng juetian.

Feng Lanxi glanced back at the epic emperor and whispered, "master, thank you for your cultivation. If you have a chance in the future, I will tell you again and leave." Follow Ye Chen to leave.

The epic emperor was so angry that he shouted angrily, "traitors! They are all traitors!"

Then he urged the epic mirror to pursue him, but was stopped by the emperor at the beginning of the day.

Tianchu Shengzu sneered and said, "old epic, let's have a good duel today. After fighting for so many years, it's time to compete!" With these words, he stirred his palms like a landslide and tsunami, killing the epic emperor.

Two immeasurable super powers have launched a shocking decisive collision.

Ye Chen naturally did not want to watch the war, took Feng Lanxi and Sheng juetian, left the epic world, tore the void, and returned to the world of painting and painting.

As soon as ye Chen returned to the Danqing realm, nangongling, the patriarch of the Danqing immortal sect, was aware of the change of heaven, and with several elders, he blasted from the distant sky and fell in front of Ye Chen.

"Lord of reincarnation, congratulations on getting the treasure. Have you got the broken Nirvana pill I want?"

Nangong Ling looked at Ye Chen with burning eyes. His body and spirit were crushed by the tablet of the emperor of heaven. Now if you want to recover, you can only rely on the legendary Nirvana pill, which is a pill from the old times. It can only be collected in the treasure of the old lord.

Ye Chen smiled and said, "elder, fortunately, I have found it."

With that, he offered a Nirvana pill from the reincarnation cemetery to Nangong mausoleum.

The nirvana pill is red, full of strong fluctuations of Qi and blood, and full of vitality.

Nangong Ling took the pill and was overjoyed. He couldn't help laughing up and said, "very good, very good, with this pill, I can be broken and reborn!"

As the words fell, nangongling immediately crushed the pills, and a powerful force filled the air.

His flesh, with the speed visible to the eyes, quickly recovered, and bones, meridians, and blood vessels grew out.

In the blink of an eye, nangongling recovered from the image of a mountain ink painting to a normal person, and the traces of ink all over her body faded.

Chapter 7940

Ye Chen arched his hand and said with a smile, "Congratulations, master, you have finally recovered."

Nangong Ling nodded with a smile and said, "I can recover thanks to you. From now on, my danqingxianzong is the strongest ally of reincarnation. As long as you are the Lord of reincarnation, my danqingxianzong is willing to go through fire and water for you!"

These words were heroic and dry, which showed nangongling's heroic mind.

Ye Chen got the help of Danqing Xianzong, and his heart was naturally happy. Thinking of the God worship monument of Tianjun, he asked, "senior, now you can tell me, where was the God worship monument of Jun that day?"

Nangong Ling promised. If ye Chen could find the nirvana pill, he would inform the emperor of heaven of the whereabouts of the Fengshen tablet.

Hearing Ye Chen's question, Nangong Ling nodded and said, "the tablet of the emperor of heaven is right here..."

He was about to say the whereabouts of the God sealing tablet of the emperor of heaven, but halfway through the words, his face suddenly turned pale, became extremely frightened and trembled all over.

Ye Chen looked at Nangong mausoleum like this, and his heart was shocked. "Elder, what's the matter?"

Nangong mausoleum was sweating coldly, as if he saw something terrible. He couldn't help but step back and said in a deep voice, "no, that day, the tablet of King Feng Shen seemed to be stared at by some monster, surrounded by an indescribable evil spirit. Under the confinement of cause and effect, I couldn't reveal the whereabouts of the tablet of King Feng Shen that day."

Boom

When nangongling said this, it seemed as if the heavenly mystery had come true. Dark clouds rose in the sky and thunder was brewing in the sky. It seemed that if he dared to reveal any heavenly mystery, he would be hit by five thunders.

"Monster?"

Ye Chen was stunned for a moment and said in a deep voice, "is it the demon God in wuwuwuspacetime?"

Nangong Ling's face was dignified and said, "I don't know. In a word, I feel that the heavenly king sealed the monument and was surrounded by an evil spirit. I can't reveal the secret of heaven, otherwise there will be a disaster of killing myself!"

Ye Chen said, "what should I do? Elder, do you want to break your promise? I have given you the nirvana pill."

Hearing Ye Chen's serious tone, Nangong Ling hurriedly said, "Lord of reincarnation, I didn't deliberately break my promise, but it's really a mystery that can't be revealed."

After a pause, Nangong Ling took out a jade pendant and handed it to Ye Chen:

"Take this jade pendant. If the tablet of the heavenly king appears near you, this jade pendant will feel."

Ye Chen's eyes sank. Seeing the appearance of Nangong Ling, he obviously didn't lie.

On that day, the tablet of the emperor was indeed surrounded by an indescribable evil spirit. It may be that there is a demon God with no time and space, who wants to seize the tablet of the emperor of heaven.

The will of the demon God is so strong and domineering that even nangongling cannot reveal the mystery.

"Well, master, I understand your difficulties."

Ye Chen sighed and had to accept the jade pendant.

Nangong Ling said, "Lord of reincarnation, you have great luck. You can find old treasures so smoothly. It's not difficult to find the tablet of the emperor of heaven."

Ye Chen nodded, collected the jade pendant, pointed to Feng Lanxi, and said, "elder, I'm ready to go. Please take care of this girl in the future. Her name is Feng Lanxi, and she is the orphan of the Feng family."

Nangong mausoleum "ah", looked at Feng Lanxi, but did not expect that there were orphans in the Feng family.

Since it was Ye Chen's entrustment, he naturally refused and said, "Lord of reincarnation, don't worry, I will take care of her."

Ye Chen looked at Feng Lanxi and whispered, "Feng girl, I'll take you home."

At that moment, ye Chen took Feng Lanxi back to Feng's cave.

This cave has long been deserted.

All the people of Feng family were killed by Jianmen.

The tombstone of the Phoenix family in the sky stands quietly in the mountains.

Feng Lanxi prostrated himself in front of the tombstone, cried for a while, and whispered, "Grandpa, I won't go anywhere in the future, and I will always be with you..."

Ye Chen sighed and told Nangong Ling to take good care of Feng Lanxi safely.

This is the end of the world of painting and youth.

Ye Chen leaves with Sheng Jue Tian, ready to return to the star moon realm.

From the beginning of Ye Chen's treasure hunt to the end of the treasure hunt, many things have happened, but in fact, the time has not passed for a few days.

Xia Ruoxue wanted to keep the situation stable. After all, ye Chen left magic weapons such as the boat of sin and the iron throne to guard, as well as Wu Yao.

Ye Chen thought that he should be able to solve the desperate situation of death, and the fate of God is also important. Unfortunately, the peak of the desperate situation of death still resisted his entry.

At present, we have to wait.

"Lord, I want to go back to the realm of life and death first. That's the residence of my hall of life and death. I need to go back and make preparations for your coming in the future." Sheng Jue Tian respectfully said.

Ye Chen nodded and said, "OK, after I solve the accident of the star moon circle and a friend, I'll go to the realm of life and death."

Sheng Jue Tian said "Hmm", but he looked a little worried.

Ye Chen said, "what's the matter? Don't you welcome me?"

Sheng Jue Tian hurriedly said, "no, no, Lord, it's just that there are some people in my hall of life and death who refuse to accept reincarnation, but Lord, you take charge of the tianwu Wolong Sutra and get the old treasure. If you want to come to those dissidents, you are willing to surrender now, so I'll go back and make arrangements immediately."

Ye Chen frowned. He thought that all the believers in the hall of life and death were his own. He didn't expect that there were dissidents.

Now Xia Ruoxue's matter is the most urgent. Ye Chen naturally didn't want to pay too much attention. He said, "OK, then go back and arrange it. I'll go back to the star moon world first. When I solve the cause and effect there, you can come to the star moon world to find me."
