### Chapter 7951

"The supreme will, the legendary ancient god of Tuodi, the Lord of ancient gods, has no supreme invincible existence in time and space. Is it... Is it..."

The ancient emperor feather got goose bumps all over and felt the fear and shock he had never felt in his life. His heart seemed to be surrounded by countless mysterious smells. He only felt unimaginable. The cold wind was blowing, and he seemed to be splashed with a basin of cold water by someone's head, which was icy.

"Report!"

At this time, Xuantian Xiao strode in and said, "Your Majesty, there is a man named Yin bone venerable who claims to be from the wild Temple of the ghost king world. He wants to see him."

The feather emperor regained consciousness a little, frowned and said, "ghost Kingdom, wild temple?"

Naturally, he has also heard the legend of reincarnation in the six realms.

The six realms of reincarnation are the world created by the supreme will and are born to bury reincarnation.

The ghost king world is one of the six worlds, and the wild temple is the dominant force of the ghost king world.

"Call him in."

The feather emperor waved his hand lightly and said.

Xuantian Xiao saw that the feather emperor was pale and soaked with sweat, as if he had encountered some major changes. He was secretly surprised, but he didn't dare to ask more, and replied, "yes!" Turn around and pass.

The ancient emperor took a deep breath, surrounded by aura, and let his state return to normal. He was also a detached appearance of fairy light.

Soon, Xuantian Xiao led an old man in.

The old man was thin and full of gloomy breath. He saw the ancient emperor of the feather emperor and glanced at the ancient clock of the emperor next to him. A faint smile appeared on the corner of his mouth and bowed:

"Cheap slave Yin bone old man, I have seen your majesty."

The feather emperor was surprised to see that the other party actually called himself a "Cheap slave".

You know, although the power of his wanxu temple is large, it is impossible to extend to the realm of the ghost king.

Because the ghost King realm is one of the six realms of reincarnation, which is not shrouded by the laws of reality and is not afraid of the ruins.

"Your honor is too polite. Don't be too polite."

The ancient emperor Yu Huang remained calm, gave the seat to the Yin bone venerable, and waved to Xuantian Xiao to retreat.

"I don't know what advice you have for coming to our sect this time?" The feather emperor asked.

"Your Majesty, since you have obtained the emperor's ancient clock, you must have peeped into the long river of time and space. Have you seen the final ultimate?"

The venerable Yin bone glanced at the emperor's ancient clock and asked respectfully.

The feather emperor thought of the strange body. Although the dead face could not see its true face because of decay and edema, the body's dress, breath and cause and effect were the same as his own. His heart was frightening and afraid.

At this time, hearing the question of the Yin bone venerable, he remained calm on the surface and said, "what is the final ultimate, but I don't understand it. Please give me your advice."

The Yin bone venerable smiled and said, "Your Majesty, you actually understand that the final ultimate, the legendary supreme will, the Lord of the ancient god, the ancient god of Tuodi, is actually you."

"You are the ancient god of Tuodi, and the ancient god of Tuodi is you."

When these words were uttered, the cause and effect were broken, and the head of the feather emperor exploded, buzzing, and a blank.

The Yin bone venerable then said, "Your Majesty, in fact, the so-called Tuodi ancient god is you in the future, you are the supreme will, and the old slave is your believer. Please accept the old slave!"

With that, the Yin bone venerable knelt down and bowed respectfully to the ancient emperor Yu Huang.

The ancient emperor Yu Huang looked shocked and felt countless heavenly causes and consequences coming.

The Yin bone venerable is not pretending. He is indeed sincere and admires the ancient god. He is a believer in the future of the feather emperor.

The future of Yuhuang ancient emperor is Tuodi ancient god.

All kinds of heavenly secrets coincide, and the ancient feather emperor clearly determines that the ancient god of Nada is his future body!

It seemed that there was a huge hammer hitting the heart of the feather emperor, and his whole body shook.

The truth was clear, and fear, shock, consternation, vigilance, horror and other emotions were constantly intertwined in his heart.

Even with the cultivation of the ancient emperor Yu Huang, the spirit is also facing collapse at this time.

Because this truth is really amazing.

Tuodi ancient god is the future of him.

"In this world, is there another me or the future zedoary?"

The feather emperor shivered all over and didn't know how to face it.

Dang!

At this time, the emperor's ancient clock automatically sounded a bell.

This bell, as if with the power to clean up demons, instantly sobered the emperor's mind, and all kinds of messy emotions dissipated in an instant.

His mind recovered calm, his eyes flickered, and countless thoughts flashed in his heart. He hurriedly lifted up the Yin bone venerable and said, "venerable, I have many doubts in my heart, please give me some advice."

The Yin bone venerable slowly got up and said, "I don't dare to give advice. It's the blessing of the old slave to serve his majesty."

The ancient emperor Yu Huang calmed down and said, "you say Tuodi ancient god is the future me? This, what's going on?"

The Yin bone venerable's face sank slightly and said, "Your Majesty, Tuodi ancient god, is indeed the future of you, but the specific cause and effect, the old slave can't explain."

The feather emperor said, "why?"

The Yin bone venerable said, "because there is no time and space, it can't be accurately described in words. In that time and space, there is no realistic logic and order, or even if there is logic and order, it's not something we can understand."

The Jade Emperor stayed for a while, and then realized a little.

He also painstakingly studied Wuwu, and indeed knew that the mystery of Wuwu time and space could not be described in words, and there were many mysterious existence.

For example, he in the future exists in no time and space. Such a mysterious thing can't be understood with realistic logic at all.

The Yin bone venerable said, "we can't solve the specific truth for the time being, but the old slave has a guess that the existence of ye evil god may lead to the emergence of you in the future in advance."

The feather emperor frowned and said, "ye evil god?"

The Yin bone venerable said, "yes, it's the grandfather of the reincarnation Lord. He has traveled through time and space many times, which may lead to time and space chaos, causing the future of you to come down from another time and space."

The feather emperor frowned deeper and deeper, time and space crisscross, the future and the present, these causes and effects, are beyond the scope of reality, unless it is to testify that there is nothing, otherwise it is impossible to completely understand, and now his thoughts are confused again.

The Yin bone venerable then said, "Your Majesty, in fact, there are so many mysteries that we don't need to study them deeply, as long as we know that there is another you in this world, the future you, the legendary ancient god of Tuodi!"

The feather emperor nodded deeply, and his thoughts became clear again. "You're right. Thinking too much may disturb the heart of the Tao. If there are any difficulties and obstacles, cut them off with a sharp knife. If I really can't defeat the enemy, it won't waste my magnificent life!"

Chapter 7952

The Yin bone venerable squinted and said, "that's right, your majesty, are you interested in seizing your future power?"

The ancient emperor Yu Huang said with a chill in his heart, "what do you mean?"

The Yin bone venerable said, "there is an array in our ghost king world, which originates from no time and space, and is called 'shifting flowers and trees array'. Once this array is deployed, it can transfer the cultivation power of others to yourself, for shifting flowers and trees."

The feather emperor said, "do you want me to transfer my future cultivation to me now?"

The Yin bone venerable said, "exactly! The success rate of this array is very low. It is easy to be rejected, but your majesty, you and your future body come from the same source, and the future cultivation is transferred to the present, which is like water flowing to a low place, naturally formed, and there will never be any obstruction."

The eyes of the Jade Emperor lit up. If this is true, and the success of grafting flowers and trees is achieved, will he not be able to arrive in the future ahead of schedule and achieve nothing?

After a pause, the feather emperor was on guard and said, "why do you want to help me in the ghost kingdom?"

The Yin bone venerable was silent for a while, and then sighed, "Your Majesty, to tell the truth, my ghost king world was ordered to bury reincarnation, but it failed for a long time, which has caused the wrath of the ancient god of Tuo emperor. The ancient god of Tuo emperor will soon send a thunder punishment to completely destroy my ghost king world..."

When the emperor heard this, he stroked his beard and smiled.

Tuodi ancient god is his future. With his character, if others do not do well, it is natural to kill them all.

The Yin bone venerable said, "now I have to beg your majesty for mercy and forgive me."

The feather emperor said, "the Lord of reincarnation has cut all his flail. His great fortune is magnificent. You can't kill him. No wonder you."

The Yin bone venerable said, "that's right! It's a pity, your majesty, but it's a pity that you won't forgive in the future. What should you do?"

The feather emperor pushed the boat with the tide and said with a smile, "in that case, I will let the future me belong to me, so that he can no longer lower any thunder punishment tiannu."

The Yin bone venerable was overjoyed and said, "thank you, your majesty!"

He wants to arrange a flower to tree array, so that the cultivation of the ancient god of Tuo emperor in the future can be transferred to the ancient emperor of Yu Huang now, which is to weaken the breath of the ancient god of Tuo emperor, so that it can't reduce its anger and preserve the world of ghost king.

The feather emperor said, "what kind of grafting is it? Has it ever been reliable? I want to steal the future. Wouldn't it be bad if I were discovered by the future?"

The majesty of Tuo emperor and the ancient god, Yu Huanggu emperor, has seen it with his own eyes. Now he can't defeat him in the future.

The Yin bone venerable said, "Your Majesty, please rest assured that only reality is eternal. Only the present you are the real you, and your will is the real supreme. Even if you are in the future, your cultivation level is higher, but you can't resist your will now."

This speech was very awkward. The ancient emperor of feather emperor seemed to understand something, and he pinched his fingers, but he felt that the sky was bright, and there was no trace of danger, and he immediately felt very calm.

"Very good, very good, then set up the formation. I want to make the future come ahead of schedule. I, the emperor, am the real master!"

"No matter the time and space in this world, or no time and space, I am the only eternal overlord!"

The feather emperor laughed, and there was no fear at all in his heart, only fierce fighting spirit.

He wants to transfer his future accomplishments to himself.

He wants to make this world, there is only one self, eternal and unique!

The Yin bone venerable should say, "yes, your majesty!"

Then take out a roll of the array and give it to the Emperor:

"This is the array diagram of the shifting flowers and trees array. Please accept it."

The Emperor Yu nodded and took over the array diagram, but he was not in a hurry to deploy the array. Instead, he carefully and repeatedly deduced and divined the good and bad fortune of many heavenly secrets. He also summoned Hong Chunqiu, Xuan Tianxiao, Lin Xiaokong and others to jointly divine.

Finally, after three days of calculation, with the joint efforts of all the people, the emperor could confirm that the plan of replacing flowers and trees was bright and had no obstacles.

Even the ancient emperor Yu Huang never encountered such a smooth thing in his life.

"Sure enough, the future me and the present me are destined to be one, and I am the real master!"

The ancient emperor Yu Huang's eyes were boiling with war, so on the back mountain of the wanxu temple, he took the ancient clock of the emperor as the eye of the array, unfolded the array diagram, and arranged the array of flowers and trees.

He was very cautious, and even dispatched the emperor's ancient clock. In this way, even if there was something wrong with the transfer of flowers and trees, relying on the protection of the emperor's ancient clock, at least he could save his life.

Hum!

As soon as the array was unfolded, the lines, centered on the ancient emperor Yu Huang, quickly spread out, and finally formed a pattern of gears, which turned up with a click.

The ancient emperor Yu Huang looked at the strange pattern like a gear and nodded slightly, which was obviously derived from the array without time and space. Even the pattern structure of the array was very different from the general totem of five elements, seven stars, nine palaces and eight trigrams.

Xuantian Xiao, Lin Xiaokong, Hong Chunqiu, Yin Gu Zun and others were watching nervously.

"With my Qi and blood, connect the future, transfer flowers and trees, and let all rivers flow!"

The ancient emperor Yu Huang sang loudly, with a wisp of blood on his head, like a thin line, rising into the sky and penetrating countless layers of space.

Click, click!

In the far depths of time and space, the sound of gear rotation also came.

It seems that the gear of the future, the gear of fate, begins to rotate.

The two gears are connected by the thin lines of Qi and blood of the ancient emperor Yu Huang.

Chapter 7953

Hoo Hoo

In the sky, there was a violent storm, and dark clouds surged.

Then, the rain poured down and fluttered down.

The sky and earth became dark, as if there was the end of the day. The wind and rain came, and the thunder rumbled.

In the dark sky, dark clouds swirled and a terrible vortex appeared.

Finally, a dead man's face appeared in the whirlpool of dark clouds.

It was a pale, ferocious, covered with body spots, emitting a stench of the dead face.

The dead face seemed to come back to life at the moment, groaning in pain and growling unwilling.

The facial features of the dead face are violently distorted and painfully distorted, as if they are suffering the greatest torture in the world.

The cries of pain came down from the sky and spread far and wide across the heavens.

Yin Gu Zun, Xuan Tianxiao, Hong Chunqiu and others watched the dead face appear, and their hearts couldn't help but be shocked.

The dead face is naturally the supreme will, the legendary ancient god of Tuodi!

Now there is a blood connection between the feather emperor and the dead face.

The aura of the ancient god of Tuo emperor flowed continuously to the ancient emperor Yu Huang along this blood thread.

The cultivation atmosphere of the feather emperor is soaring wildly, stirring the wind and cloud, and shocking.

The dead face, however, roared, groaned, roared, shook its head and twisted in pain. It looked extremely miserable and ferocious. Obviously, the passage of aura made him very uncomfortable.

Now everyone can feel that the causal breath emanating from the dead face is exactly the same as that of the ancient emperor Yu Huang, which is the future of the ancient emperor Yu Huang!

"Feather emperor, stop, stop!"

The dead man's face constantly twisted and roared, sending out a desperate and angry roar.

"If you steal my cultivation, you will only confuse time and space!"

"Even if you win the present, you can't win the future! Stop it!"

The roar was so angry that the laws of the world were turbulent, and even some small cosmic worlds would be forcibly shattered.

The feather emperor turned a deaf ear and absorbed the aura of the dead face crazily.

He can be sure that the Yin bone venerable is right. Even if he has a higher level of cultivation in the future, he still has the dominant position in terms of will.

Because the future has not come yet, reality is always the absolute master.

At this moment, the struggle and roar of the dead face can be seen in the heavens and the world, and the cause and effect of the ruins can be captured. The Emperor Yu is stealing the future and wants to make the future come in advance.

.....

After three days of preparation, the destruction caused by the war has initially subsided in the star moon realm.

Xia Ruoxue's enthronement ceremony is also ready.

All empires, subordinates, tribes, sects, and families in the star moon world came to offer gifts.

Ren Feifan and ye Yishen, as well as Sheng juetian of the hall of life and death, the ancestor and granddaughter of the Danqing immortal sect, were also invited, and the atmosphere was lively.

It's just that the heavenly daughter hasn't arrived yet, and Shen Tu Wan'er doesn't hear the sound, which makes Ye Chen a little worried.

Xia Ruoxue put on a snow-white and elegant dress and wore a moonlight crown, and was ready to ascend the throne. However, the weather of the Jade Emperor's shifting flowers and trees array, the terrible dead face, spread to the star moon world.

Originally, the blue sky was shrouded in dark clouds and rainstorms, and the dead man's face was perched in the sky, emitting a stench and bleak scream, which was creepy.

Under the influence of the storm, even Xia Ruoxue's throne was blown over, and many lanterns, red couplets, wine tables and banquets were blown over, making the scene a mess.

"This is..."

Ye Chen looked at the dead man's face in the dark sky and was completely shocked.

The dead man's face was howling, roaring, his facial features were distorted, angry and desperate, very ferocious.

Ren Feifan and ye Yishen were also shocked when they saw the dead face.

Almost instantly, everyone present caught the extremely terrible cause and effect.

The ancient emperor Yu Huang is stealing the future by borrowing the array of flowers and trees!

His future is the legendary ancient god of Tuodi!

The mysterious supreme will is the future feather emperor!

Ye Chen sensed these causes and effects, and his head almost exploded. He asked Ye Xie Shendao, "Grandpa, this... This supreme will, is the emperor of feather?"

Ye Yishen was also thrilled and said, "I don't know, I've been investigating, but I didn't think of it, I didn't think of it..."

The facts in front of us were really amazing. Even ye evil god and Ren Feifan were stunned on the spot and couldn't believe it.

It turns out that the ancient emperor Yu Huang and the supreme will are the same person, one is the present body, the other is the future body.

At this moment, the ancient emperor Yu Huang wants to transfer the cultivation of the future body to the present body. Once he succeeds, it is equivalent to preaching Wuwu. No one in the sky and the world is his opponent anymore.

Boom!

Suddenly, the dead man's face in the sky was shattered.

The dark clouds dispersed and the wind and rain disappeared.

Brilliant golden light and bright divine light burst out from the depths of the sky.

The virtual shadow of the world of the ten thousand ruins temple is suspended above the clouds in the sky, just like the world of heaven.

The body of the ancient feather emperor is projected into the heavens, so that everyone can clearly feel his majestic breath.

At the moment, the ancient emperor Yu Huang succeeded in transplanting flowers and trees. His cultivation was even beyond the scope of practical martial arts, beyond the boundless realm, and had revealed a trace of boundless divine power.

No one can describe how strong the Jade Emperor at the moment is, because the language of this world is not enough to describe the power of nothing!

"The feather emperor, he steals the future, has he testified that there is nothing left?"

Ren Feifan's face sank and he deeply felt the crisis and threat.

Now he can't see through the cultivation of the ancient emperor Yu Huang completely, because the ancient emperor Yu Huang has been detached from reality.

But listen to the loud voice of the feather emperor in the sky:

"I, the ancient emperor of feather! Today, I am detached from reality, and I reign in the world. Those who follow me will prosper, and those who oppose me will die!"

"Surrender to me and enjoy bliss forever!"

"If you dare to disobey, you will die!"

The sound spread far and wide, and the vast atmosphere of the ruins was also blooming.

All martial artists in the real world can clearly feel the power of wanxu and the ancient emperor Yu Huang.

Previously, the ancient emperor Yu Huang got the ancient bell of the emperor, and the weather has shocked the world, making many forces with different hearts bow to surrender, but some stubborn forces refuse to surrender.

But at this moment, the cultivation of the ancient emperor Yu Huang, detached from reality, shook all sides, and made many stubborn forces bow their heads in fear and bow down.

On the Mountain Gate Hall of Xingyue cult, people were in panic.

Today, it was originally Xia Ruoxue's enthronement ceremony, with the help of reincarnation of Xingyue deity, and the future is bright.

But now, seeing such a terrible divine power of the Emperor Yu Huang, many believers of the Xingyue cult are completely panicked.

Their beliefs have wavered.

Chapter 7954

Someone shivered and knelt in the direction of wanxu.

"Don't kneel!"

Ye Chen was furious, took out the reincarnation Heavenly Sword, and with one sword, he cut the ruins in the sky to pieces.

However, although the weather is broken, the majesty of the ruins and the feather emperor does not disperse. It is like a mountain, pressing on everyone's heart. People can't wait to kneel down and worship immediately.

Plop, plop, plop.

More believers knelt down. They want to change camp, betray reincarnation and surrender to wanxu.

Ye Chen was shocked and angry. He pulled out his sword and killed more than a dozen people, killing their heads, and he couldn't stop the atmosphere of surrender.

Xia Ruoxue was also flustered. Today was a great day for her to ascend the throne. Unexpectedly, such changes occurred.

"Lord."

Suddenly at this time, an old voice sounded.

In the distant sky, an old man swept by the wind and came down in front of Ye Chen, but it was the ancestor of the wind family, Emperor Feng, who had not been seen for a long time.

Feng Dijun's decaying appearance has improved a lot. It seems that his retreat has indeed had an effect.

"Master Feng."

Ye Chen saw that emperor Feng was coming and hurriedly saluted.

Feng Dijun smiled bitterly. Although he was decayed and improved, at the moment, he looked extremely tired and said in a bleak tone, "Lord, I'll say goodbye to you."

Ye Chen faintly felt bad and said, "what farewell?"

The wind emperor trembled and said, "I always thought that reincarnation would win and ten thousand ruins would lose, but today, I found that I might be wrong..."

"The ancient emperor Yu Huang turned out to be the legendary supreme ancient god. What's the use of fighting him, but a mantis blocking the car?"

Ye Chen hurriedly said, "don't say such gloomy words, elder."

Emperor Feng waved his hand and said, "Lord, I won't betray you, but I think we're going to lose. Everything makes no sense. I'll take a step first and leave."

With these words finished, Feng Dijun suddenly backhanded and severely hit his spirit cover.

With a click, his skull broke, his brain flowed out, his spirit collapsed, and his body fell to the ground soft and died.

"Senior!"

Ye Chen was shocked and turned pale, but he didn't expect that emperor Feng would commit suicide.

Ren Feifan and ye Yishen took a step forward, ah, and stopped again.

They can see that the faith of Feng Dijun has collapsed, and his death is a relief.

Seeing that emperor Feng committed suicide and died, the believers of Xingyue cult were in a commotion, some people cried, and more people knelt down to the ruins.

Ye Chen suddenly felt that the tide was gone, and he was sweating all over.

Hiss hiss!

At this time, in the distant sky, streamers of light came, but it was the disciples of the Fengshen society.

The Fengshen society, an organization founded by the emperor Feng, is in the charge of Ye Chen.

At this moment, Emperor Feng died, and all the disciples of Fengshen society came down together, with tens of thousands of people.

Tens of thousands of disciples of the wind god Association saw the death of the wind emperor, and felt sad.

A disciple stood up and said to Ye Chen, "Lord of reincarnation, sorry, please forgive me that I can't continue to serve you."

Then he pulled out his sword and cut himself to death.

Another disciple stood up and said, "reincarnation is doomed to failure. It is useless to struggle in vain. I also went." He also pulled out his sword and killed himself.

Many disciples of Fengshen society around said in unison, "Lord of reincarnation, farewell!" They all pulled out their swords and killed themselves. Tens of thousands of people died in front of Ye Chen.

Their faith has collapsed, and they are unwilling to surrender to the ruins, so they commit suicide and die, leaving their innocence.

Ye Chen looked at tens of thousands of people committing suicide in front of him, only feeling that the sky was about to collapse, shivering all over, pale face, buzzing lips, and did not know what to do.

If the shackles of his heart had not been cut off, and Tao Xin was tenacious, the scene in front of him alone would have made him mentally collapsed.

In the past, the battle between wanxu and reincarnation, who won and who lost, the outside world still has speculation, and many people are on the side of reincarnation.

But now, the life experience of the feather emperor has revealed that he is the supreme will of the future and the Lord of the ancient god. No one thinks Ye Chen can win anymore.

Xia Ruoxue, Wei Ying, Ji Siqing, demon emperor, Wu Yao and others were also confused.

Naturally, they are on Ye Chen's side and will never betray, but the whole world is rebellious. Where will they go in the future?

"Why are you so sad? With me, reincarnation may not fail."

At this time, a clear and gentle voice sounded in the sky.

I saw a gorgeous woman, wrapped in wind and snow, falling from the sky. It was Ren tiannv.

"Heavenly sister!"

Ye Chen was overjoyed when she saw Ren tiannv coming.

The heavenly daughter landed next to Ye Chen, hugged Ye Chen, buried Ye Chen's head in her chest, and said, "sorry, I'm late."

"Sister tiannv..."

Ye Chen only felt a burst of softness and warmth, and a lot of haze in his heart was instantly dissipated and empty.

Ren tiannv launched the book of the earth emperor and released the wishing fairy pool. The vast and brilliant Fairy Light crushed the residual will of the ruins, and made the atmosphere of heaven and earth refreshing.

Everyone felt the majesty of the goddess and was shocked.

Many worshippers kneeling in wanxu stood up again and stared at Ren tiannv stupidly.

Ren tiannv said, "what's the use of kneeling down to worship the ruins? The ancient emperor of the feather emperor is mean and ungrateful. Will he let you go? I join hands with reincarnation. Who loses and who wins this game of chess is not sure."

Wu Yao also summoned up her courage, stood up, came over and took Ye Chen's hand, and said in a crisp voice, "I'm also standing next to Ye Chen's brother."

Her unique compassion, like the radiance of the virgin, shines out, making the whole audience feel a burst of warmth, and her fighting spirit recovers.

Ye Chen's heart was also warm. He glanced at the audience and said, "if anyone wants to surrender to the ruins, he will leave. I won't embarrass you."

After these words, the whole congregation looked at each other, but no one left.

Although the temple of wanxu is powerful, the combination of reincarnation, goddess and compassion may not be irresistible.

Not to mention the ruthlessness of wanxu, everyone knows that surrender is definitely not a good result. It's better to fight to the death.

"We are willing to follow reincarnation and swear to die!"

Finally, someone shouted loudly to show his determination.

"May you follow reincarnation and die!"

The whole congregation echoed and shouted with high morale.

"Very good!"

Ye Chen nodded and looked at the bodies of Feng Dijun and Fengshen disciples, but it was a burst of sadness.

In fact, ye Chen is not sure whether he can defeat wanxu. Even with the help of tiannv and Wu Yao, he is not sure.

Feng Dijun committed suicide, probably more than anyone else, to understand the horror of wanxu. Now that the feather emperor has risen, his faith has collapsed, and he has no faith to live anymore.

The enthronement ceremony continued.

Xia Ruoxue ascended the throne and the whole audience cheered.

Chapter 7955

But ye Chen, Ren Feifan, ye Yishen, tiannv and others all have dignified faces.

Because they know that fighting against wanxu is definitely not as simple as shouting a few slogans out of thin air.

Night fell.

There is a secluded grove in the back mountain of Xingyue deity.

Tiannv said faintly, "little guy, it's time to give back the ice Phoenix Tianjian to me."

Ye Chen "Hmm", took out the ice Phoenix Sky Sword and returned it to the goddess.

Tiannv took back her sword and gently stroked the body of the sword. Her eyes suddenly showed a trace of coldness and said, "do you know what I want to do this time?"

Ye Chen said, "what are you doing?"

Tiannv suddenly put her sword across Ye Chen's neck and said, "I want to kill you."

Hearing her cold tone, ye Chen was not kidding, and suddenly burst into a cold sweat. He also woke up from the previous tenderness of the goddess and said, "are you going to kill me?"

The goddess bit her teeth and said, "yes, the ancient emperor Yu Huang stole the future. Now his cultivation is extremely strong, and I can't be his enemy."

"If I want to defeat him, unless I kill you and devour your reincarnation, it is possible for me to fight against the feather emperor!"

Ye Chen was stunned and said, "sister tiannv, i... can't we work together?"

The goddess shook her head and said, "it's useless to join hands. Even if there is no tacit cooperation, it can't be compared with one's freedom."

After a pause, the goddess reluctantly put down her sword, stroked Ye Chen's cheek, hugged his head, and stuck it on her own softness, saying, "unfortunately, your cultivation is still not enough, your pig is still not fat enough, even if I kill you, it is not enough to kill the ancient feather emperor, unless you ascend to the mysterious realm of heaven and become the emperor of heaven."

Ye Chen knew that tiannv had been cultivating herself to raise pigs, and finally killed herself.

He thought that the two sides had been together for so long and had such close contact, and the goddess would change her mind, but now it seems that her killing intention has never weakened.

Ye Chen lifted his left hand and saw that the twining love on his finger was not broken. He murmured, "sister tiannv, you still like me."

The heavenly daughter nodded gently, kissed Ye Chen on the forehead, and said, "of course I like you, all my life, and I only like you."

"However, emotion is emotion, and reality is reality."

"In order to fight against the ancient emperor, I must kill you. I only believe in my own power, and I won't trust anyone else, including you."

"In this world, only our own strength is the eternal existence."

Ye Chen was silent for a while and asked, "when are you going to kill me?"

The heavenly daughter thought for a moment and said, "when you go to the celestial realm, you will be the emperor of heaven. You should be fat enough. I can kill you with a knife."

"I will eat your brain marrow, drink your blood, and chew your bones."

"Your head will become my wine cup."

"Your human skin will become my page, recording my great cause of stepping on the ruins and soaring."

These words were very calm, but ye Chen heard them in his ears, such as hearing thunder, and his hair was creepy, pushing the soft body of the heavenly daughter out.

With a shallow smile, tiannv crawled over again, put her arms around his neck, and exhaled, "why, I'm scared?"

Ye Chen snorted, with some inexplicable feelings in his heart, and said, "when I ascend to the mysterious realm of heaven, I'm afraid you can't kill me."

The cultivation of the goddess of heaven has reached the beginning of the nine levels of immeasurable realm, and she is almost impossible to make further progress.

But ye Chen, there is the possibility of rapid progress!

If tiannv starts now, ye Chen will probably die.

But if ye Chen ascends to the mysterious realm of heaven and becomes the emperor of heaven, and the heavenly daughter wants to kill him again, it will be extremely difficult.

Ye Chen has absolute confidence in his strength.

Tiannv laughed and said, "if I lose, you kill me and plunder my Taoist Qi, which is enough to fight against wanxu. No matter who loses or wins, we won't lose, haha..."

At last, she couldn't help laughing.

In front of outsiders, she would never have such a look, but in front of Ye Chen, remove all the camouflage, laugh if you want, and don't worry about anything.

Ye Chen gritted his teeth and said, "if I win, I won't kill you."

The heavenly daughter said, "what do you want?"

Ye Chen pinched the tiannv's cheek fiercely and said, "I'll treat you as my concubine and torture you and ravage you forever!"

The heavenly daughter "Puchi" smiled and said, "I can't wait for you to punish my sister like this."

.....

I was speechless all night.

At dawn, ye Chen felt extremely dignified by the pressure of ten thousand ruins, the pressure of the ancient emperor Yu Huang, the tens of thousands of tombstones standing behind the xingyueshen mountain, and the tombstones of the emperor Feng.

After discussing with Ren Feifan, ye Yishen and others, there was no good result.

Finally, the people decided that the ancient emperor Yu Huang rose against the sky and was not suitable for confrontation, so he had to avoid the edge for the time being.

Ren Feifan, ye Yishen, tiannv and others joined hands to block the space of the star and moon realm and hide the coordinates to avoid the prying of the ruins, so as to strive for the time and opportunity for ye Chen to practice and progress.

Now against wanxu, the key is Ye Chen!

Not that ye Chen's cultivation is the strongest, but because ye Chen's Qi is the strongest!

After the early morning meeting, Sheng Jue Tian said to Ye Chen, "Lord, fight against the wanxu, and my hall of life and death is also willing to contribute. I want to take you to the realm of life and death to meet the hall Lord and discuss the important things against the wanxu, and he also wants to meet you."

Chapter 7956

Ye Chen nodded. Originally, he planned to meditate for a few days, cultivate the great wilderness Wujing and the nine swords of cutting the sky, and then go to the hall of life and death with Sheng Jue Tian after refining the soul devouring beads.

But now, with the rise of the ancient emperor Yu Huang, ye Chen desperately needed allies and didn't want to delay, saying, "OK, then I'll go with you."

He was overjoyed and said, "thank you, Lord."

Ye Chen nodded, said goodbye to Ren Feifan and others, gave back the Shenluo Tianjian to Ji Siqing, and then set out with Sheng juetian.

The coordinates of the star moon boundary have been hidden, and the wanxu temple should not be found.

Moreover, even if wanxu is found and attacked on a large scale, with the protection of Ren Feifan, ye Yishen, Wu Yao and others, I think there will be no danger of destruction.

Ye Chen is not too worried. He just wants to expand his power as soon as possible.

Not only cultivation strength, but also Alliance forces!

.....

When ye Chen followed Sheng Jue Tian and set out for the realm of life and death, the temple of the ruins was in a sea of celebration.

The reputation of the ancient feather emperor reached its peak in the world of heaven.

The luck of wanxu temple has soared many times. Layers of fairy light, layers of rosy clouds, layers of divine light, constantly surround and spray.

Under the blessing of this aura, even in the temple of wanxu, many masters of Tianxuan realm were born, and their power further soared.

Deep in the temple of wanxu, there is a magnificent hall.

The ancient clock of the emperor was kept in the center of the hall, and an ancient bell sounded from time to time, which made the Qi of wanxu more stable.

The ancient emperor Yu Huang sat on the throne in the main hall, and his majestic cultivation breath filled the air, forming a vast starry universe around his body, with countless sun, moon and stars shining.

And the breath of the feather emperor is more dazzling than the sun, moon and stars in the sky.

The Yin bone venerable stood trembling beside the feather emperor and said, "Your Majesty, congratulations on the breakthrough. The array of flowers and trees has been a great success!"

The expression of the feather emperor, however, was not too happy. Instead, he said, "although successful, the loss is too great. Only twoorthree points of the stolen power can really be used by me."

There is no doubt that the array of replacing flowers with trees has been a great success.

Without any rejection and counterattack, the ancient emperor Yu Huang successfully captured part of the cultivation of the future body.

Unfortunately, only twoorthree points of this cultivation can be really converted into his use.

Twoorthree points of a hundred.

Most of the rest of the spiritual aura of cultivation disappeared because of the gap between Wuwu space-time and earthly space-time.

Although a cup of hot water, poured into a cup of cold water, the heat will inevitably be lost, but the loss is so serious, it really makes the emperor, extremely distressed.

That's my future cultivation!

The Yin bone venerable said, "Your Majesty, the energy will stay together forever and will not be lost. The aura that has not been transformed and absorbed by you is just turned into Qi to protect you and the ruins."

Listening to the words of the Yin bone venerable, the ancient emperor Yu Huang knew that he was comforting, but his mood was much better. He laughed and said, "you're right! Today's zedoary, cultivation has been detached from reality. Although he hasn't yet demonstrated Tao Wuwu, he has pushed the invincible world."

It is extremely difficult to demonstrate Tao Wuwu, which requires a breakthrough in the perception of Tao mind.

In fact, the ancient emperor Yu Huang, after opening the array of flowers and trees, can also use the future to understand the Tao heart, and even have the possibility of proving the Tao.

However, he deliberately avoided.

Because, once the doctrine of nothingness, it will soar to nothingness and space.

The law of the real world can't accommodate the strong without stepless. As long as you preach, you must fly up, and the world can't stay.

The ancient emperor Yu Huang doesn't want to fly. In the real world, there are still many things that haven't been solved. Where can he be willing to leave?

What's more, he didn't know what kind of world it was without time and space. He jumped up rashly, afraid of death.

The simplest thing is that he will never let go of him in the future.

Now Tuodi ancient god, his cultivation has been stolen in part, but not all.

The strength of the ancient god of Tuo emperor is still extremely strong. He rushed to fly away without time and space, and the ancient emperor Yu Huang is not sure to compete.

At least, kill Ye Chen and devour reincarnation.

"It's a pity that ye Chen's boy, I don't know where he has gone. They hide the breath of heaven's secrets. It's really a good means, and even I can't spy."

The feather emperor frowned and kept pinching his fingers, but he didn't pry into the breath of Ye Chen, Ren Feifan and others, only saw a compassionate light.

Wu Yao is by Ye Chen's side, vowing to protect Ye Chen to the death. Her compassionate light also covers up the mystery of heaven, so that people can't spy on the truth of reincarnation.

The Yin bone venerable arched his hand and said, "Your Majesty, I have recently received news that ye Chen is very close to the hall of life and death."

"That hall of life and death is the old enemy of my wild temple. They escaped from the ghost king world in those days, which has always been a major problem in my wild temple."

"Over there in the hall of life and death, maybe someone knows the boy's whereabouts, and the old slave can investigate."

The feather emperor nodded and said, "then check it. I have stolen the future, and my cultivation has improved a lot, but my breath is a little vain, and I need to be closed and consolidated."

These accomplishments, after all, are not their own down-to-earth practice, very vain, the emperor also needs time to consolidate.

The Yin bone venerable said, "yes! The old slave will try his best to bring back the head of the reincarnation Lord before his majesty leaves the customs."

The feather emperor laughed and said, "Ye Chen, that boy, is not so easy to be killed. In short, try your best. If you really succeed, I will support you as the king of the ghost kingdom."

The Yin bone venerable heard a burst of excitement and said, "thank you, your majesty!"

Chapter 7957

.....

At this time, ye Chen followed Sheng Jue Tian and came outside the realm of life and death.

The realm of life and death is the seclusion place of the hall of life and death.

The hall of life and death has been in seclusion for a million years, and no one has ever peeped.

A thick crystal wall forbids, enveloping the whole realm of life and death, isolating the prying eyes of the outside world.

Ye Chen touched it and found that this layer of crystal wall prohibition was not much worse than the epic world, and it was extremely solid.

"Lord, let's go in."

Sheng Jue Tian's voice was respectful, so he wanted to open the crystal wall prohibition and take ye Chen in.

"Slow!"

Just then, a powerful voice sounded.

I saw a fire Unicorn beast flying from the distant sky.

"Kylin God King."

Sheng Jue Tian bows. The fire kylin beast obviously has a high status in the realm of life and death.

Huoqilin nodded slightly, stared at Ye Chen and said, "is this the Lord of reincarnation?"

Ye Chen said, "I don't deserve it. I'm the reincarnation inheritor of this life."

Huo Qilin said, "well, if you want to enter my hall of life and death, first practice this seal of life and death."

With that, it offered a jade slip and fell on Ye Chen's hand.

On the jade slip, there are three words "seal of life and death".

Ye Chen said, "what is this?"

Fire Qilin said, "this seal of life and death is the unique skill of my hall of life and death. If you want to come in, practice this seal within three days to prove your talent, and we can allow you to come in."

Sheng Jue was in a great hurry and said, "kylin God King, the Lord of reincarnation cut off all the flail, and his talent is supreme. Do you still need to prove it?"

The fire Qilin said, "this is what the temple Lord means. He wants to see with his own eyes the legendary Lord of reincarnation, how talented he is, and whether he is qualified to fight against wanxu."

"You know, the ancient emperor Yu Huang is rising against the sky now, and the hall of my life and death is also panicked. Many people want to change to the camp, and the hall owner is also uneasy about sleeping and eating."

The cold sweat of shengjuetian came out. In the hall of life and death, jiuchengdu is a believer in reincarnation, but some people do not believe in reincarnation, and even think that it is the fault of reincarnation that the hall of life and death was expelled from the realm of the ghost king.

When ye Chen was invited to come, Sheng juetian had already done his homework. It was announced that ye Chen took charge of the tianwu Wolong Sutra and got the old treasure. The emperor's holy sword was invincible. Many of those dissidents had surrendered.

But now, the feather emperor rose against the sky, afraid that those dissidents would make trouble again.

Moreover, the aura of the ruins is so blazing that I'm afraid there will be more dissidents.

The heart of Sheng Jue Tian is naturally full of worries.

His old bones had been decayed, but ye Chen canonized him as the blood killing king, allowing him to restore the strength of the Tianxuan realm. He was extremely grateful in his heart, and naturally did not want to see others betray reincarnation.

But now, listening to the tone of fire Qilin, the situation in the hall of life and death is only worrying.

Not to mention that ordinary people have betrayed, even the temple Lord and his faith have been shaken. Ye Chen can only be allowed to enter after he has practiced the seal of life and death within three days.

Ye Chen didn't blame others. He also understood the strength of wanxu. Looking at the Fire Kirin, he smiled and said, "as long as I practice into a seal of life and death, you will let me in?"

The fire Qilin said, "yes."

Ye Chen crushed the jade slips and said, "well, I've finished it. Take me in."

The words fell, and both Sheng Juetian and Huoqilin were startled.

Huoqilin said in surprise, "what did you say?"

Ye Chen said with a smile, "I said, I have practiced the seal of life and death."

In fact, at the moment of getting the seal of life and death and practicing the jade slips, Ye Chen's spirit penetrated into it and he had fully understood it.

That seal of life and death is a unique skill of the Hall of Life and Death. It is quite subtle and profound, but it is still a little far from the martial arts such as the Great Wilderness Wujing, the Divine Elephant Smashing into the Sky, and the Nine Swords Chopping the Sky.

After Ye Chen got the Tianwu Wolong Sutra, his potential exploded greatly, and his ability to comprehend martial arts also advanced by leaps and bounds. It is only a seal of life and death. Naturally, it takes no effort to comprehend it instantly.

"Don't be kidding, it's impossible!"

The Fire Unicorn shook his head repeatedly, thinking that Ye Chen was amusing it.

Generally speaking, it takes thousands of years for ordinary people to practice life and death.

The Lord of the Hall of Life and Death only gave Ye Chen three days, which was actually a very severe test.

But unexpectedly, Ye Chen said in the blink of an eye that he had understood and practiced.

This is really too incredible, whether it is Sheng Jue Tian or the Fire Kylin, I can't believe it.

Ye Chen also shook his head and said, "what's impossible? Your life and death seal is too simple. Compared with the martial arts I master, it's not worth mentioning."

After that, ye Chen's hands were sealed. A black breath and a white breath diffused from his hands, just like the Yin and Yang of life and death, revealing a powerful and mysterious atmosphere.

Then, ye Chen slapped hard and printed it on the crystal wall prohibition in front of him.

Bang!

The thick crystal wall, under Ye Chen's palm, also clicked, and there were a trace of cracks.

Sheng juetian and the fire kylin were stunned when they saw this scene.

Ye Chen's martial arts are exactly the seal of life and death.

Sure enough, he practiced the seal of life and death in a short moment.

"Now, am I qualified to enter?"

Ye Chen took back his palm and said with a smile.

"Yes, yes, yes!"

The fire kylin's voice trembled, and his attitude changed 180 degrees. He immediately opened the ban himself, invited Ye Chen in, and even bowed his knees humbly.

Ye Chen nodded, then rode on the back of the fire unicorn and said, "come on, take me to see your Lord."

Fire Qilin replied, "yes! He took Ye Chen and flew away."

Sheng Juetian followed Ye Chen with a shocking color on his face.

He knew Ye Chen's talent was amazing, but he didn't expect to be so strong.

Ye Chen understood and mastered the unique skill of the hall of life and death in an instant.

It seems that reincarnation against wanxu is not without the possibility of victory!

Sheng Jue Tian thought like this.

Ye Chen rode on the flaming unicorn and restrained his breath, which was not easily exposed.

After all, this time is different from the past. The ancient emperor Yu Huang changed against the sky and shocked the world. I'm afraid that in the realm of life and death, it also had a serious impact.

It's hard to say that there may be many believers who have changed to the camp of wanxu.

The fire unicorn, carrying Ye Chen, flew all the way in the realm of life and death.

Ye Chen found that the realm of life and death was quite desolate, and many world laws were flawed or even nonexistent here.

Obviously, the realm of life and death is a world abandoned by people, and it is a ruins like existence.

In those days, when the hall of life and death escaped from the realm of the ghost king, there was no way out, so we could only look for a piece of ruins and build a new home in the ruins.

Ye Chen rode a flaming unicorn and flew to the center of the realm of life and death. Here, the aura of heaven and earth is much richer, and the world rules are also much more strict, which is not different from the outside world.

Chapter 7958

A magnificent palace community appeared in front of Ye Chen. It was all made of stone, rough and desolate, with a trace of atmosphere.

The fire Unicorn carrying Ye Chen flew down in a side hall, fell into a courtyard, and shouted at the side hall room, "Hall Lord, Lord of reincarnation is coming."

Squeak.

The door of the temple opened, and a young man appeared in front of Ye Chen.

The young man, staring at Ye Chen, was surprised and said, "Lord of reincarnation, you... You understand the seal of life and death so soon?"

Ye Chen was stunned for a moment, but he didn't expect the Lord of the hall of life and death to look so young without much wear and tear. Hearing his question, he said, "yes, do you want to test it?"

The young man waved his hand and said, "don't try. Reincarnation is invincible across the sky. I can't resist it."

After a pause, he introduced himself: "my name is

Chapter 7959

The first enemy said, "brother ye, I just ask you to help me. The Lich King also said that only you can help me."

Ye Chen was shocked and said, "what Lich King?"

The first Qiu said, "it's the legendary Lord of the demon God. In no time and space, the Supreme Master of all the demon gods, the Lich King, also known as the Lich ancestor."

"The blood of my family has deep cause and effect with wuwuwushi time and space, and is born with a gifted magic power, which can summon the Lord of the demon God, the Lich ancestor."

"The hall of life and death has suffered many disasters. I summoned the Lich ancestor to resolve it."

"I once asked the Lich ancestor that he told me to believe in reincarnation and that the Lord of reincarnation was the only possible breaker."

Ye Chen frowned tightly, and her eyes showed a thick color of shock.

It's incredible that the Lich ancestor should call people to believe in reincarnation.

You know, Wu Zu was imprisoned, facing the entanglement of countless demons, the black hand behind this is likely to be the Lord of the demon God, the Lich ancestor!

Previously, ye Chen grabbed the treasure and fought against the Zuma demon God. The Zuma demon God once summoned the Lich ancestor to come and beat him seriously.

In those days, the wild temple was able to reverse the war and defeat the hall of life and death, also because the father of the first enemy, the first ghost king, used the ancient ceremony to summon the Lich ancestor down.

But now, the first enemy actually said that the Lich ancestor once said that it was really inconceivable to let him believe in reincarnation.

Is the Lord of the demon God also a believer in reincarnation?

"Can I meet the Lich ancestor? Have you ever left any projection records or cause and effect clues?"

Ye Chen asked the first Qiu. He wanted to see the Lich ancestor and spy on each other's intentions.

The first Qiu said, "yes, ten thousand years ago, the elder Yin bone venerable of the wild Temple once led people to attack the realm of life and death. I have records of the battle at that time. Please follow me."

With that, the first Qiu stood up and opened a picture hanging on the wall of the room. There was a mechanism behind the picture.

He buckled the mechanism, and the wall opened to both sides, revealing a hidden path.

Ye Chen was surprised. It turned out that there was a basement under the room.

He followed his first enemy and walked down the secret passage to the basement.

In the center of the basement, there stands a stone platform, on which is placed a crystal emitting blue fluorescence.

The first Qiu said, "I never record ordinary battles, because it takes a lot of resources, but in the battle ten thousand years ago, after the arrival of the Lich ancestor, he specially told me to record the battle picture, and he said it would be useful in the future."

At last, the first Qiu looked back at Ye Chen and felt a trace of coincidence, saying:

"Brother ye, it seems that you have a long history with the Lich ancestor. His advice in those days is supposed to be for today's you."

Ye Chen was more and more surprised. Who was the ancestor of the Lich? Did he really have any puzzled origin with himself?

The first enemy didn't speak any more. He pressed his palm on the blue spar and whispered the ancient spell, infusing aura into it.

WOW!

The spar blooms blue light, like a twisted burning blue flame, and finally converges into a flowing picture.

In the picture, there is a scene of war fighting.

An old man, led by thousands of strong men, attacked the gate of the hall of life and death with great momentum.

Gu Yu &lt;/span> ; The old man is naturally the Yin bone venerable in the first hatred.

When ye Chen saw the Yin bone venerable in the picture, he knew at a glance that the other party was closely related to the wanxu temple!

The ancient feather emperor can transfer flowers and trees and steal the future. Behind it is this Yin bone venerable who is making trouble.

The cultivation of the Yin bone venerable was extremely strong. He led his strong men to defeat the hall of life and death. There was blood and screams everywhere, and the Yin wind was bleak and fishy.

At a critical juncture, the first enemy stepped forward, launched an ancient ceremony and sang:

"Great demon lord, Lich ancestor, please show your strength in this world! The evil spirit is soaring, and the evil power is mighty. Suppress it!"

As the singing fell, a half human and half skeleton monster appeared, dressed in dark red robes, surrounded by layers of mysterious gray mist, like ghosts and gods coming out of the hell world.

That is the legendary Lord of the demon God, the ancestor of the Lich!

As soon as the Lich ancestor appeared, countless skeleton monsters and skeleton dragons emerged between heaven and earth, converging into an overwhelming flood of demons, crushing the attack of the Yin bone venerable.

"The first enemy, you betrayed your father, you betrayed the blood of your first family, you will be punished, you must die!"

The Yin bone venerable was resentful, and was beaten by the Lich ancestor to vomit blood. Finally, he fled in confusion with the defeated soldiers.

"The hall Lord is mighty!"

The disciples of the hall of life and death, seeing that the first enemy summoned the Demon Lord to come and showed their divine power, were all cheering loudly, and the voice was full of worship.

The first enemy kept the orthodox foundation of the hall of life and death, and won the respect and trust of the strong men of the hall of life and death.

The picture of the battle, here, will completely disappear.

Ye Chen watched the once picture and stood in place, unable to return to God for a long time.

Because he found that the causal aura of the Lich ancestor gave him a very familiar feeling.

The smell of cause and effect is exactly the same as that of Shen Tu Wan'er!

It's not similar or simply related, but exactly the same!

Although the Lich ancestor was a half human and half ghost, with only a skeleton frame and carrion hanging on his bones, his cause and effect were exactly the same as Shentu Waner!

The ancestor of the lich, the legendary Lord of the demon God, seems to be another Shentu Waner!

Ye Chen was shocked and frightened, his body was shaking, his lips were blue and white, and said to the first enemy, "brother, can you show me again?"

Seeing ye Chen's frightened appearance, the first Qiu was surprised and nodded, "yes." I want to open the picture once again and let Ye Chen see it again.

But at this time, the blue spar seemed to be impacted by an invisible force, and it was crushed with a click.

"Well, what's going on?"

Ye Chen's face sank. The Lich ancestor was probably related to Shen Tu Wan'er, and he had to spy clearly.

The first Qiu stepped back and said, "Oh, brother ye, it may be that you have spied something wonderful, touched the rules and punished, and unexpectedly let this record crystal smash."

After a pause, the first Qiu wondered and asked, "what's the identity of the Lich ancestor? I called him several times, and I always felt that he was worried, as if there was something difficult to hide."

Ye Chen was also confused, and even had some palpitations in his heart. He said, "I don't know, can you summon the Lich ancestor to come again? I want to talk to him."

Chapter 7960

The first Qiu shook his head and said, "the Lich ancestor is the master of countless monsters and demons in timeless time and space. It is extremely expensive and very difficult to summon him. My cultivation is not enough. Only at the critical moment of life and death, it is possible to summon him successfully."

"Usually, even if I want to call, I don't have such a strong idea that I can call the arrival of the Lich ancestor."

Ye Chen was a little disappointed and said, "really?"

After a pause, he asked, "is there any other way? I want to meet the Lich ancestor!"

In the dark, ye Chen felt that there was a terrible relationship between the Lich ancestor and Shen Tu Wan'er, and he had to find out!

The first Qiu thought for a while and said, "if you want to see the Lich ancestor, unless you call my third uncle, his cultivation is much stronger than me. He has a way to arrange a ceremony to summon the Lord of the demon God, the Lich ancestor."

Ye Chen hurriedly asked, "where is your third uncle?"

The first Qiu said, "my third uncle is called the first Canghai. He used to be the deputy head of the barbarian temple. Later, he was expelled by my father because of his high achievements. Now he is renamed tiancanghai and lives in the Canghai world."

"There are some resource transactions between my life and death realm and the sea realm, but generally only once in hundreds of years. When there is no communication at ordinary times, the transmission array is closed, and only the elder can open it."

Ye Chen hurriedly said, "where is the elder?"

The first Qiu was about to answer, but a loud old voice came from outside:

"Lord of reincarnation, if you want to see me, why don't you come out in person?"

Hearing the old voice, the first Qiu Jing said, "the elder is coming!"

Ye Chen moved in his heart and said, "then go out and meet him."

The first Qiu Lian hurriedly said, "brother ye, be careful, the elder... He used to be a believer in reincarnation, but now, seeing the rise of the ancient emperor, he... He seems to have changed his faith."

Ye Chen nodded thoughtfully, indicating that he understood, so he left the basement with his first enemy and went outside.

The elder of the hall of life and death, named Zhou Mang, is a strong man in immeasurable territory.

At this time, Zhou mang was already standing outside the room, with a cold and arrogant posture.

When Sheng juetian and Qilin Shenjun looked at Zhou Mang, they all had a trace of dignity and fear on their faces. Obviously, the identity of the other side was not simple.

Ye Chen and his first enemy met Zhou mang.

The first Qiu bowed and shouted, "Hello, elder."

Gu Shi &lt;/span> ; Ye Chen also looked at Zhou mang secretly. Seeing the cold attitude of the other party, his heart couldn't help sinking slightly.

Zhou mang also looked at Ye Chen up and down, frowning, and said, "are you the Lord of reincarnation? It's said that you have cut all your Baijia, and I thought you have soared into the emperor of heaven. It

turned out to be Baijia state, and there are only two layers of heaven in Baijia state, which is a little too weak."

Ye Chen smiled and said, "although my cultivation is weak, it must not be difficult to push the celestial realm horizontally."

After ye Chen got the tianwu Wolong Sutra, his strength soared, and the Iron Throne and the boat of sin returned to his hands. He was confident enough to push Tianxuan invincible.

Ordinary heavenly king can be killed with his fingers.

Hearing Ye Chen's words, Zhou mang couldn't help sneering and said, "pushing the celestial realm? What a big tone! If you really have this strength, I will kneel down and submit to you all my life, and it's not impossible to be your believer."

Ye Chen laughed and said, "if you don't believe me, you can send someone to try it, or you can do it yourself. I haven't killed the king of immeasurable territory."

Hearing the cold air in Ye Chen's words, Zhou Mang's face changed and said, "Lord of reincarnation, I advise you not to be too arrogant. This is the realm of life and death! The favorable weather and favorable weather are not on your side, and you are not qualified to be arrogant!"

It is very important for masters to fight at the right time and place. It is not just about superficial accomplishments.

In the realm of life and death, Zhou mang naturally has the upper hand.

Ye Chen said with a smile, "I said, if you don't believe me, you can try it."

Zhou mang snorted and said, "good, really arrogant! Just don't know if you can be so arrogant in front of the ancient emperor Yu Huang!"

"I used to be your believer, and I admire the majesty of reincarnation in my heart, but my faith has been shaken by the supreme majesty of the ancient emperor Yu Huang."

"If you can really push Tianxuan invincible with the body of hundred flail realm, I'm willing to admit that I'm wrong. You really have admirable qualifications, but I'm afraid you don't have this qualification!"

Ye Chen laughed and said, "who do you want to believe in? It's your freedom. I don't interfere. I just want to make a bet with you. If I can really push Tianxuan invincible, please open the transmission array to the Canghai world. I want to go to the Canghai world!"

Originally, ye Chen came to the realm of life and death to form an alliance with the hall of life and death.

But when he saw that the legendary Lord of the demon God, the ancestor of the lich, was probably related to Shentu Waner, he just wanted to find out the truth as soon as possible, and nothing else was important.

Therefore, ye Chen just wants to go to Canghai world as soon as possible, find tiancanghai and find out everything!

Zhou mang said, "no problem, as long as you can really push Tianxuan invincible, I'm willing to be your most loyal believer. Even if you call me pink, I won't hesitate! Go to the arena of life and death. The former reincarnation believers also want to see the master they believe in. Is it OK?"

Zhou Mang's thoughts spread out like a vast ocean wave to the whole realm of life and death.
