

Physician 8391

Chapter 8391

.....

At this time, the unrest subsided slightly in the battlefield.

The magma flowing all over the ground and the broken earth witnessed the fierce battle just now.

Jianmen camp and wanxu camp are divided into two factions, each guarding its own Lord.

Guichen and feather emperor Aoxue are both weak and dying now. Any casual martial artist can kill them.

However, none of the participants who came back to their senses dared to have unreasonable thoughts.

They were just frightened, afraid of the majesty of wanxu and Jianmen.

Samsara, wanxu, and Jianmen fought against each other, and in the end, they were defeated and injured. No one benefited.

But even so, no one dares to mess with the casual repair contestants.

After all, they don't have a unified camp, and they don't dare to act recklessly. In case they are retaliated by the emperor and the demon ancestor, the gains will not be worth the losses.

However, reincarnation, wanxu and Jianmen were hit hard, which is undoubtedly a great good thing for ordinary contestants.

This means that they have a chance to win the championship!

Boom

At this time, the sky thundered and vibrated, and the purple light was shining, and a majestic voice came out.

That's the voice of Zihuang fairy palace leader and moral God.

"Everyone, due to the changes in the war situation, this supreme master's merit war will end in seven days."

"Please all contestants, in the remaining seven days, strive to hunt the purple flame."

"Seven days later, whoever has the highest Shenhua value is the champion of this merit war!"

The majestic voice spread all over the battlefield.

All the contestants, especially those who participated in the casual training, were very happy.

Now all the people in the reincarnation camp have fled

Chapter 8392

Ye Chen is not an indecisive person. He doesn't know his future. How can he let the witch go many times.

He only knew that if the witch really refused to turn back, he would not let go. After all, he was the enemy.

Even if the witch is Wu Zu's confidante, after all, she has fallen into darkness and can't be saved, it's better to kill her as soon as possible.

Of course, with Ye Chen's strength at the moment, it is absolutely impossible to resist the witch.

Don't talk about the witch, even that

Chapter 8393

Ye Chen said with a smile, "I'm all right. I'm lucky. Just a feather emperor Aoxue can't kill me."

After a pause, he looked around. He didn't see Ji Siqing, frowned and asked, "where's Siqing?"

Xia Ruoxue stopped talking and said gloomily, "think about her..."

Ye Chen's face sank, pinched his fingers and counted, and immediately saw all the secrets of heaven, saying, "it's all right, think she's still alive, I can catch her breath, let's go to find her back."

In the dark, ye Chen also sensed the breath of Ji Siqing. Although it was vague and uncertain, it did not fall out.

Jisiqing is still alive!

At that moment, ye Chen set out with the crowd to find Ji Siqing.

.....

At this time, Ji Siqing, half faint and half awake, floating in the boundless dark abyss, did not see the sun.

In the dark, countless ghosts came out to hurt her.

However, when those ghosts approached her, they were completely repelled by an invisible flame energy.

Some ghosts even evaporate directly into nothingness.

It seems that there is some great power to protect Ji Siqing.

"Master of fate, my believer, you are here."

In a daze, Ji Siqing heard a gentle voice.

She opened her eyes and found that the darkness around her was receding rapidly.

There are solid laws in nihilistic space-time.

Wisps of Fairy Light aura gradually evolved into a fairyland like world, with beautiful mountains and rivers, cranes flying, and floating clouds.

Outside this wonderland world, there is an endless dark abyss, which is very strange.

A gorgeous woman in red stood on the top of a waterfall cliff, her clothes floating in the wind, and she was valiant.

The woman stared at Ji Siqing with infinite tenderness and care.

Ji Siqing was stunned. She felt that her weak vitality was recovering rapidly, and her spirit was also much uplifted.

"Are you... The God of fire, master Su nishang?"

Ji Siqing stared at the woman in red and recognized it almost instantly. It was the legendary god of fire, one of the nine gods, named Su nishang.

She once got a drop of Fire God's blood, and had already seen the true face of the fire god, but the secret of heaven was dim, and she couldn't communicate.

Now in this nihility area, I finally saw the real God of fire.

The figure of Su nishang, the God of fire, is hazy, not real.

Her real body has long been killed by the moral God, and even her bones have been cast into a container of fire.

Her figure is just a manifestation of the remaining will.

The God without time and space is extremely powerful. Even if he is killed, his will will never die.

"It's my honor to be inherited by you."

Su nishang, the God of fire, floated over to resist the wind and fell beside Ji Siqing. His eyes were blurred and gently stroked her cheek.

Ji Siqing felt comfortable all over, as if he had been blessed by a great God. All the lost strength was recovering rapidly, and the injury was also recovering.

"But your strength is not strong enough. I am ready to teach you the orthodoxy of my life. Are you willing to accept it?"

Su nishang stared at her and asked.

"I will!"

Ji Siqing agreed immediately without hesitation.

If the Taoist tradition of the God of fire can be fully inherited, her power will definitely advance by leaps and bounds.

"Very good."

Su nishang nodded, waved his slender hand, and a scene emerged.

In the picture, a fire is burning.

That is the real world, the core source of ignition!

The container containing the ignition provenance is a bone container, which is made of her skeleton.

"My orthodoxy is engraved on my bones. You can observe it and understand it with your heart."

Su nishang said.

Ji Siqing's eyes coagulated, looking at the bone container, he saw that the white bone container was engraved with small characters, which were all very ancient magic secrets, vast, magnificent and powerful.

There are seventy-two ways of the God of fire, called the seventy-two secret skills of the God of fire, including rosefinch dancing, Phoenix chirping, big day fire, fire Zhu Hu, eight pole Fire God, flame boundary, ten thousand Phoenix facing the sky, red flame pupil and so on.

Ji Siqing watched the white bone container and silently understood it, but after a while, he felt his head hurt and shivered all over, as if there was an ominous breath that was going to invade his heart and lungs.

The white bone container was made of the bones of Su nishang.

Observing containers is equivalent to looking directly at the remains of gods. It is a disrespectful act, and it is easy to be contaminated with unknown.

"You have my divine blood, pay attention to the use, and you will not be contaminated with unknown."

Su nishang said.

"Yes!"

Ji Siqing calmed down, ran a drop of Vulcan blood in his body, and then looked at the white bone container. As expected, he didn't feel uncomfortable.

She calmed down and continued to observe and comprehend.

.....

At the same time, ye Chen is leading people to look for Ji Siqing.

He vaguely captured Ji Siqing's coordinates, and flew away along the direction of the coordinates.

Roar!

On the way, several dark monsters came out from the side, waving their teeth and claws, trying to attack Ye Chen.

"Shenxi three broken!"

Ye Chen waved the Shenxi Heavenly Sword, and the divine light on the sword surged like a sea, and the sword light rolled, hissing, and killed those dark monsters.

After those dark monsters fell out, there was a divine fire, falling out.

Chapter 8394

Xia Ruoxue stopped talking, but finally nodded.

Around this ancestral hall, there is a strong martial coercion everywhere, with its own prohibitions.

Occasionally, there are dark monsters who want to get close to the ancestral hall. They are immediately crushed by the prohibition. They live and turn into fly ash. The scream is frightening.

Everyone shuddered and retreated.

Only Ye Chen, step by step close.

Xia Ruoxue looked at Ye Chen with intense eyes.

But ye Chen was close to the ancestral hall and was not attacked by any prohibition.

On the contrary, the ancestral hall was filled with a bright star light, covering Ye Chen, as if it were guarding.

Ye Chen pushed open the gate of the ancestral hall and strode in.

Boom!

After ye Chen entered the ancestral hall, the gate was closed behind him.

Xia Ruoxue and others couldn't see the details inside, so they had to wait nervously.

When ye Chen stepped into the ancestral hall, he saw a spacious and magnificent hall in front of him.

In the center of the hall stands a statue of a woman.

Look carefully, it turned out to be a statue of the beauty fairy!

The statue is carved from jade, lifelike, as if it were not a dead thing, but a living thing.

The beauty of the face washing fairy and her good figure are perfectly displayed in front of Ye Chen, with graceful appearance.

Ye Chen walked to the statue and stared at it.

Suddenly, this fairy jade carving gave birth to a dark atmosphere and distorted changes.

In the blink of an eye, the jade carving turned into pitch black and turned into a fierce looking woman wearing black gauze.

The woman is still a beauty fairy, but her temperament has changed from gentle and graceful to fierce and brutal.

Ye Chen's scalp was numb, and only two words came out of her heart:

Witch!

The face washing fairy in the posture of the witch seemed to be coming to life. The sword in her hand was killing and killing, and the sword gas was pressing.

Ye Chen retreated a few steps, and the dark smell of the statue of the witch faded, and it changed back to the appearance of a face washing fairy.

But after a moment, the dark atmosphere grew again, and the statue changed into the posture of a witch.

Ye Chen looked at the scene in front of him in surprise. The statue was constantly changing in the form of immortals and demons, never-ending, very strange.

"Don't be afraid, it's just a statue."

A thick voice suddenly sounded.

I saw a man with a tiger beard on his face, a fine bare upper body, and a strong figure, coming out from behind the statue. It was Wu Zu.

"Master Wu!"

When ye Chen saw Wu Zu, he was surprised and happy, and immediately bowed down.

Wu Zu also looked at Ye Chen with some sigh and vicissitudes, and said, "it's really fate. I didn't expect our teachers and disciples to meet here."

Ye Chen looked at Wu Zu, and saw his powerful figure, a little hazy, obviously not the body, and asked, "Wu Zu master, is this the embodiment of your will?"

Wu Zu nodded and said, "yes, my body is trapped in no time and space, and I haven't got rid of it yet. This is just an incarnation of my will. I was summoned by the purple fairy palace and came down after the great catastrophe."

"I should have left long ago. It's just that I miss Ruyu and can't bear to leave."

Ye Chen asked, "if jade is..."

Wu Zu said, "the real name of the beauty fairy is Yan Ruyu. She is my good friend."

Ye Chen was silent, and then asked, "Master Wu, did you also participate in the war during the great catastrophe?"

Wu Zu said, "yes, when the catastrophe was at its most critical, the moral God summoned me down, hoping that I would come forward and dissuade Ruyu."

"But Ruyu has been possessed. She doesn't listen to me and even wants to kill me."

Speaking of the end, Wu Zu couldn't help but show a wry smile.

The chief Dharma protector of the death cult is the former beauty fairy, code named witch.

The witch hated because of love and fell into darkness. She regarded Wu Zu as her enemy, so it was naturally impossible to listen to him again.

Ye Chen said, "then..."

Wu Zu said, "later, I used the power of miracles to praise the world and suppress the darkness. The catastrophe subsided, and Ruyu failed to come down."

"However, even without me, Ruyu can't come. Her strength is too strong. Under the shackles of the law of truth, she can't easily reach the real world."

Ye Chen's eyes lit up and said, "Master Wu, it turned out that in the end, you suppressed the catastrophe?"

Wu Zu waved his hand and said, "that's the result of countless bloody battles. I just contributed. I'm glad to see you today."

Wu Zu's eyes, looked up and down at Ye Chen, and said with joy and appreciation, "I didn't expect your strength to progress to such a level. Come on, attack me, let me see your progress!"

Ye Chen hesitated for a moment, then nodded and said, "OK!"

The voice fell, and ye Chen hit out with a fist. The violent martial arts breath shook the air and roared.

A huge divine image appeared behind Ye Chen.

"God elephant smashes into the sky!"

Ye Chen hit Wu Zu hard.

This move is the martial art that Wu Zu taught him in the past. God elephant smashes the sky, and the momentum of martial arts is very overbearing, such as god elephant smashes the sky, colliding with everything.

Ye Chen integrated the spirit of wind into this fist, combining hardness and softness, and the fist was even more violent by virtue of the wind.

"Very good!"

Wu Zu stretched out his palm and caught Ye Chen's fist. He felt his strength surging, and he couldn't help nodding approvingly.

With Ye Chen's current strength, even in the face of the strong in the middle and late stages of ordinary immeasurable territory, you can touch it, which is simply against the sky.

You know, ye Chen's cultivation is only eight layers of heaven in the hundred yoke realm.

"Your martial arts are brave and diligent. I'm very happy to be a teacher."

"I'm going to send you miracles to praise the world. Are you sure to accept it?"

Wu Zu asked.

Chapter 8395

Ye Chen asked, "miracles praise the world... What is that?"

Wu Zu's voice said mysteriously, "the Scripture of miracles praising the world, also known as the secret Scripture of truth, which records the supreme truth and mystery."

"The so-called truth is the master of everything and the source of all laws."

"The miraculous Scripture praising the world can be said to be a secret Scripture praising the truth and understanding the avenue. The once nine gods and heavenly Lords have all practiced."

Ye Chen said in surprise, "is it the secret code of the avenue of truth?"

Listen to Wu Zu's words. The miracles praising the world are definitely not simple. After all, they record the mystery of truth.

Wu Zu said, "your Tao mind should be able to bear the pressure of truth."

"Here is the ceremony of miracles praising the world. Wu Zu offered a volume of secret ceremony to Ye Chen.

Ye Chen took it over and saw two words printed on the secret code:

TianWen (Questions to Heaven)

Boom!

His ears also echoed countless ancient voices.

It was the oldest ancestors who, in the face of the unpredictable power of nature, made a sound of questioning.

Why does heaven and earth exist?

Why is lightning storm born?

Can there be immortals on the nine heavens?

Can time, space, universe and world have boundaries?

What is Tao?

What is truth?

Countless questions echoed in Ye Chen's ears, shocking and thought-provoking.

These questions are about heaven and earth, the universe, martial arts, immortality, the world, the past, the future, the present, good and evil, existence and nothingness, and so on.

Ye Chen even heard Wu Zu's question.

Wu Zu asked: what is love?

The leaders of all dynasties, their questions, and their answers are all in it.

Ye Chen was shocked, completely shocked.

If it weren't for ye Chen's shackles of heart, his Tao heart would have been directly broken.

"How?"

Wu Zu stared at Ye Chen and asked with a smile.

"Master Wu, I....."

Ye Chen bowed his head and meditated, recalling the countless magnificent questions and the answers of countless ancestors. If he realized something, he seemed to capture a trace of the mystery of truth.

Truth is infinite. Everyone has his own opinion on truth.

If you master the essence of truth, you can burst into endless power and crush everything.

That is, heaven is healthy, and a gentleman never stops striving for self-improvement!

This sentence, Hongjun ancestor told him before.

Until this moment, ye Chen can be sure that this sentence can be regarded as truth.

No matter what you face, you should have courage, strive for self-improvement, and be not afraid of everything.

"The truth is infinite. You will slowly understand it later."

Wu Zu patted Ye Chen on the shoulder and said.

"Yes!"

Ye Chen nodded solemnly.

Wu Zu nodded again. Then he was embarrassed and said in a deep voice, "Ye Chen, I have another thing, I want to ask you."

Ye Chen said, "what's the matter? Master Wu, don't worry. When I come and go, I will find a way to save you!"

Wu Zu said, "no... I want to say that if you defeat Ruyu one day in the future, please spare her life and don't kill her. After all... Alas, after all, she is my friend. I hurt her, so I fell into the dark and became a witch."

Ye Chen was shocked and said, "Master Wu, did you ask me to release the witch?"

Wu Zu held Ye Chen's hand and sighed, "yes, please, for the sake of our teachers and disciples, we can spare the witch's life."

Ye Chen stepped back and said, "Master Wu, you... You're kidding. The strength of the witch is more than a million times stronger than me. How can I kill her?"

Wu Zu said, "you are making rapid progress. One day, you will be able to step into the boundless space and time. At that time, Ruyu will never be your enemy. I just ask you to look at my face, forgive her and let her live."

Ye Chen was silent.

Previously, he promised Huang Lao that he would kill the witch.

But I didn't expect that Wu Zu was so humble that he asked him to let the witch go.

Who on earth should he listen to?

Chapter 8396

"Master, let's talk about later."

Ye Chen said helplessly.

"No!"

Wu Zu looked sharp and said, "I want you to promise me now. If you don't promise, tell me clearly that I won't blame you."

Ye Chen was silent, struggling in his heart, and then said in a deep voice: "master, if I really have the ability to defeat the witch in the future, I will try to let her know the way back. If she is persistent and always indulges in darkness, then I can't blame my ruthlessness."

Behind the witch is the Death Cult and the sea king demon.

Once the sea king recovers and the God of death comes, he will certainly regain the power of the demon God, and Shen Tu Wan'er will die.

Ye Chen and the Death Cult are doomed to be irreconcilable.

If the witch refuses to look back, he will definitely kill.

Hearing Ye Chen's words, Wu Zu was gloomy and lonely for a while, and said with a wry smile, "Ruyu, she has completely turned into darkness, and it is impossible to turn back..."

"Well, everything is fate. I don't blame you. Let's go."

With that, he turned away, and his back was extremely desolate.

"Master..."

Ye Chen didn't know what to say.

Wu Zu added, "like the death world of Yan Demon Under the command of Yu, some forces have quietly invaded the real world. The Shenxi Heavenly Sword in your hand is stained with the blood of death believers, and you are still my heir."

"People in the hell demon death world will not let you go. Be careful."

He always remembered Ye Chen's safety, even if ye Chen didn't promise him to forgive the witch.

Ye Chen was silent for a long time, speechless, and finally bowed silently to Wu Zu to say goodbye, saying, "thank you, master, for reminding me. I'm leaving first."

"When disciple feisheng Wuwu, he will definitely save you!"

With that, ye Chen turned and left.

Wu Zu's figure, alone in the hall, stood beside the statue of the beauty fairy, and then gradually dissipated.

When ye Chen came out of the ancestral hall, the whole ancestral hall collapsed and countless stones flew.

Xia Ruoxue saw Ye Chen come out, but the ancestral hall collapsed again, and they couldn't help but be shocked.

"Ouch, ye Chen, are you all right?"

Xia Ruoxue hurried up with concern on her face.

"I'm fine."

Ye Chen smiled calmly.

Xia Ruoxue was stunned. Wei Ying, fan Xingyan and others, as well as the strongmen of the reincarnation camp, were also stunned.

Because they found that ye Chen's breath seemed to have changed a lot.

Half a day passed from ye Chen entering the ancestral hall to coming out.

But in this half day, ye Chen seems to have experienced countless vicissitudes, which is shocking.

"Come on, let's continue to look for Siqing."

Ye Chen waved his hand and motioned that everyone should not panic. Although he had experienced many vicissitudes, his heart was still stable and had no wear and tear.

At that moment, ye Chen and the others continued to look for Ji Siqing.

In addition to Ji Siqing's breath, ye Chen also felt another breath.

That's a miracle Ode to the world, but it's obviously more important to look for Ji Siqing than to look for "xiaoyaoyou".

.....

At the moment, Ji Siqing, under the guidance of Su nishang, silently understands the fire god system.

Ji Siqing opened his eyes, looked at Su nishang and said, "senior, I have completely understood your seventy-two unique skills!"

Su nishang was surprised and said, "have you completely understood it?"

"It seems that you are the woman of the Lord of reincarnation. You have had a relationship. You have been endowed with reincarnation blood. Even your natural intelligence has changed against the sky. Unexpectedly, you can understand my Taoist skills so quickly."

Ji Siqing blushed and said, "master..."

Su nishang waved his hand and said, "well, since you have understood, I will give you the final test."

Her voice fell, and the air suddenly shook violently, and the flames roared.

In the flames of the sky, a golden and black giant bird came down.

This golden black, born with three legs, is powerful and full of flames, like the scorching sun. As soon as it comes down, the rolling flames turn into a storm, directly destroying and crushing this fairyland like world.

After the destruction of Wonderland, the surrounding world turned into nothingness again.

Three legged golden black eyes, with a biting murderous spirit, staring at Ji Siqing, looking up at the sky, neighing, flapping wings, flames exploded.

Su nishang said, "this golden giant bird is a great existence born from the fire. If you can defeat it, you are qualified to inherit my orthodoxy. If you can't fight, it proves that you are just a weak person who is lucky to be protected by reincarnation. You don't deserve to be my successor."

As the words fell, Su nishang's body gradually disappeared in the raging golden flame.

Hiss!

After su nishang left, the golden giant bird burst into a fiery power, spread its wings in the air, and came to Ji Siqing like a sun fire.

Ji Siqing's pretty face sank, but he didn't dare to be careless. He immediately ran the Vulcan blood and used the law of fate.

"Long river of fate, ten thousand queens in the sky!"

Ji Siqing drank softly, and a long river of fate emerged around her.

Then, the long river boiled up, and a phoenix with bright lights and raging flames rose from the long river, soared in the sky, sprinkled with blazing flames, and fiercely collided with the golden and black giant bird.

Wan Huang Chaotian, this is the most powerful killing move in the Vulcan God Taoist tradition!

Chapter 8397

In order to pass the test, Ji Siqing directly used his strongest killing skill at any cost.

Wan Huang is in the sky, and the flames are surging, fighting with the golden and black giant birds. The picture is very spectacular.

The golden and black giant bird is a great existence born from the fire, but it is very strong, and it is not weak in the face of the killing of thousands of flaming Phoenix.

A golden crow and tens of thousands of Phoenix, in this dark abyss, fight fiercely, inextricably.

Under the blazing heat, Ji Siqing was covered with sweat, which soaked her clothes and outlined her graceful figure.

She was fighting, when she suddenly saw a magic light in the distance, roaring.

In the divine light, figures appeared, including Ye Chen, Xia Ruoxue, Wei Ying, fan Xingyan and others.

"Ye Chen!?"

Ji Siqing was surprised to see ye Chen coming.

But in the battle, she didn't dare to be distracted, so she quickly took back her eyes and fought with the golden and black giant bird with full attention.

As long as she can kill this golden bird, she will pass the test of Su nishang, the God of fire.

"Think clearly!"

When ye Chen arrived, he saw Ji Siqing fighting with the golden and black giant bird from a distance. He was surprised, afraid that Ji Siqing was in danger.

"How dare a wicked beast be rampant?"

"The law of truth turns into a divine chain, sweeping the world and destroying the world!"

Ye Chen's heart moved, turning his perception of truth into a chain of laws and gods.

These law God chains are old and clumsy in color. They are branded with all kinds of mysterious runes. As soon as they pass through the void, there are countless thunder and lightning, and the weather of storm and rainstorm erupts, and the momentum is very terrible.

Ye Chen is in charge of the chain of laws and gods, just like the great gods who want to spur the world. The weather of truth appears around him, the sun and moon rise and fall, and the universe rises and falls, which is very spectacular.

PA! PA! PA!

Ye Chen's law God chain swept out and severely whipped the golden and black giant bird.

The golden and black giant bird wailed. It was just extremely fierce. At this moment, it suddenly seemed to have been punished by heaven, and its body was suddenly broken up.

The golden black giant bird, under his whip, just breathed, completely burst out, turned into fire lotus, fell and died.

Those fire lotus, which are condensed by the purple flame, are full of energy and pure.

Ye Chen was overjoyed and hurriedly collected all the fire lotus, thinking:

"This golden and black giant bird, I don't know what it is, there are so many purple magic fires, which has been issued, and my losses have been made up."

He flew down to Ji Siqing's side, but saw Ji Siqing's face twitch, looking sulky and wronged.

Ye Chen was stunned for a moment and said, "Siqing, what's the matter with you?"

Ji Siqing clenched his teeth, pinched his fist, and severely beat Ye Chen's chest. He angrily said, "did I ask you to fight? Can't I fight without you? I don't need your protection!"

Ye Chen didn't know why, so he grabbed Ji Siqing's arm and said, "Siqing, did I do something wrong?"

While talking, ye Chen pinched his fingers with his other hand to deduce the secret of heaven. Suddenly, he caught a glimpse of many pictures and knew that the golden black giant bird was su nishang, the God of fire, which was left to Ji Siqing's test.

He destroyed the test by killing Jinwu.

"Sorry, Siqing, it's my rashness."

Ye Chen held Ji Siqing, apologized repeatedly, and called to the air, "master Vulcan, please come!"

However, after a few calls, the God of fire did not appear again.

No one will decide whether to win or lose this test.

"Siqing, you see, the God of fire didn't blame you, and the test was mostly passed."

Ye Chen hugged Ji Siqing and whispered.

Ji Siqing snorted, still angry and wronged, and didn't speak.

Ye Chen had no choice but to laugh bitterly, so he had to continue to coax her and apologize repeatedly.

Xia Ruoxue, Wei Ying, fan Xingyan and others looked at Ye Chen with great surprise.

Because ye Chen's means just now are too overbearing and violent to imagine.

Those law God chains contain the greatest truth and mystery, and have the majestic pressure of being detached from reality, which is simply sweeping everything.

They didn't expect that ye Chen had mastered such a powerful means.

It seems that ye Chen must have got another chance in the ancestral hall.

Ye Chen didn't pay too much attention to his chance.

At night.

Ye Chen built a bright world in the abyss, and she was willing to calm down after spending a night alone with Ji Siqing.

Ye Chen calculated the time, and there were four or five days before the supreme meritorious war was completely over.

He had two choices. At present, ye Chen ordered Xia Ruoxue, Ji Siqing and others to hunt the Dark
In this nihilistic area, there should be strong men from wanxu camp and Jianmen camp who want to hunt them down.

However, the void area is too large, and the secret of heaven is closed. Those pursuers naturally did not find the trace of Ye Chen and others.

Ye Chen is a little sorry.

After all, with his current strength, whoever dares to chase him is to die!

Outside, many contestants are also constantly hunting monsters and fierce beasts to obtain the purple flame and make the final sprint.

The golden rankings in the sky are constantly changing, and those at the top of the rankings are all casual repairs.

The names of Ye Chen, Ji Siqing, Xia Ruoxue and others did not project to the ranking of the golden list.

Because they are all in the void area, the divine fire value will not be projected.

As for GUI Chen and Yu Huang Aoxue, they are still in a dying state, and their injuries have not improved at all.

The feather emperor and the demon ancestor Wutian secretly came to the battlefield to treat them by special means, but with little effect.

The moral God didn't deliberately stop it, because anyone can see that Gui Chen and feather emperor Aoxue won't live long.

The secret of heaven was bright. Ye Chen felt the changes of the outside world faintly, and the corners of his mouth couldn't help but show a smile.

Chapter 8398

GUI Chen and feather emperor Aoxue, seriously injured and dying, are all their own fault.

Without the threat of these two people, ye Chen's victory in this supreme meritorious war is stable.

Ye Chen perceives the coordinates of "xiaoyaoyou" and moves forward all the way.

Ye Chen, the dark monster he met along the way, was devastated and destroyed like a second kill.

In the void area, there is no monster that can threaten his safety.

Very smoothly, ye Chen saw a volume of ancient secret scriptures in a dark corner.

That volume of ancient secret code, vaguely, floating the words "xiaoyaoyou".

The breath of great leisure and freedom emanates from this volume of secret Scripture.

This volume of secret Scripture is exactly the moment when ye Chen of the miracles Ode to the world saw "xiaoyaoyou", he can be sure that the God of the wind must have understood the mystery of "xiaoyaoyou".

The God of the wind can become the God of the wind because he understands the essence of carefree travel, flying freely, unrestrained, carefree.

However, to Ye Chen's surprise, there were stars and a green bird lying on the top of the secret code of "xiaoyaoyou".

The green bird looked very weak, lying on the top of the secret code, dying.

"Is it a rare divine bird without time and space, a star God qingluan?"

Ye Chen frowned, and the green bird was full of starlight and pure blood. It was not a bird in the real world, but a bird from wuwuspacetime, named Xingshen qingluan.

The star God qingluan is a divine bird chasing freedom. Even in a world without a trace of wind, he can fly freely.

This star God qingluan, looking at his size, is still very young. He should have caught the breath of the

"Xiaoyaoyou", a symbol of the truth of freedom, is undoubtedly of great attraction to this kind of God Bird chasing freedom.

If you can understand "xiaoyaoyou", you can understand the true meaning of freedom!

Darkness pervaded the secret code.

Twisted monsters lurk in the dark, spying on the secret code and the star God qingluan.

However, because of the secret code of "xiaoyaoyou", which carries the threat of truth, those dark monsters dare not approach rashly, and can only lurk far away and wait for opportunities.

"Get out of here!"

Ye Chen frowned and drank violently.

Boom!

A sky sword with divine light flickering appeared behind Ye Chen. It was the sky sword of divine light.

Wisps of bright and sacred aura of light constantly burst out from the divine sword and flowed around.

The dark smell around was impacted by the light smell, and immediately made a hissing sound, steaming like smoke.

Monsters in the dark sent out bursts of sharp screams. They only felt that ye Chen was powerful and unmatched, and ran away in confusion.

Some unrelenting monsters, who want to fight ye Chen, are directly killed by Ye Chen with a sword.

If it was at the beginning of the Taishang merit war, ye Chen might be extremely afraid of these dark monsters.

But now, he is almost invincible, sweeping everything, crushing everything, and there is no darkness that can stop his majesty.

Unless the Dharma guardians of the Death Cult come down again, it is absolutely impossible to threaten Ye Chen.

It was very easy. Ye Chen crushed all the dark breath around him, moving forward step by step, and each step fell, blooming a bright breath.

Layers of light are everywhere, creating a magnificent bright world.

Ye Chen is the light master of the world!

Ye Chen walked step by step to the secret code.

The green bird lying on the secret Scripture opened his eyes weakly and stared at Ye Chen dully. His eyes showed human emotions, which were worship, shock, admiration, looking up and trembling.

Ye Chen's momentum is really too magnificent, too sacred.

Even if this star God Qingluan is a divine bird from no time and space, he also feels shocked, worshipped and afraid.

Ye Chen grabbed the young green phoenix and whispered, "are you also a creature chasing freedom? Just save you once."

After that, Ye Chen took out a few precious pills, melted them in his hands, and operated the eight trigrams heaven elixir to pour all the energy of the pills into the body of Qingniao.

The green bird cawed, and its body burst into stars. It was still dying, but under Ye Chen's treatment, it soon recovered its spirit, flapping its wings and flying, squeaking, cheering, full of joy.

Then, the blue bird fell to the ground as a wisp of light, changed into a human form, but it was a young, cute, fair skinned girl dressed in thin blue clothes, about thirteen or fourteen years old.

"Lord of reincarnation, you are awesome!"

"My name is Xiaoqing. Can I follow you in the future? I want to follow you!"

The girl knelt down and blinked at Ye Chen, full of worship.

She recognized Ye Chen's identity, and her adoring eyes were full of admiration.

Ye Chen was stunned for a moment, and then touched the girl's head, thinking that this green bird is a rare star God qingluan. It is also a good thing to take it under his command, so he nodded and said, "yes, you will follow me in the future."

Chapter 8399

Xiaoqing was overjoyed, stood up, took Ye Chen's arm, and said, "that's great! I have seen the future, the Lord of reincarnation. You are the Lord of the future gods, the king of kings, and the great master of all time and space. It's really my luck that I can follow you!"

Ye Chen laughed and said, "your mouth is very sweet. Don't call me the Lord of reincarnation. My name is Ye Chen."

Xiaoqing said, "well, I'll call you brother Ye Chen, OK?"

Ye Chen nodded and said, "OK."

After a pause, he asked, "by the way, Xiaoqing, how did you come here?"

Xiaoqing thought for a moment and said, "well... It seems that I heard the call of freedom, so I plunged in. Who knows, it seems to have been backfired by some law, and I lost all my strength and almost died."

Ye Chen smiled, which seemed to be similar to his guess.

result, he was backfired by the rules and was seriously injured and dying.

If ye Chen hadn't saved her, she wouldn't last long.

"This piece of" xiaoyaoyou "has the breath of great xiaoyaoyou and great freedom. Brother Ye Chen, let's watch it together!"

Xiaoqing looked at the mysterious Scripture floating in the void, and her eyes lit up, eager to try.

There is also the brand of freedom in the blood of the star God qingluan. If you can understand the mystery of xiaoyaoyou, her blood will surely grow.

"OK."

Ye Chen nodded and took the secret code of "xiaoyaoyou" in his hand. Suddenly, he felt light all over, as if there were bursts of breeze around.

"This volume of free travel contains the true meaning of freedom and supreme truth. You are still very young and may not be able to withstand the impact of truth. Be careful."

Ye Chen solemnly reminded me.

"Well, brother Ye Chen, don't worry. I'm very powerful. I'm the descendant of the star God qingluan!"

Xiaoqing also nodded, and a little proud of her chest.

Ye Chen "Hmm", then slowly unfolded the secret code of "xiaoyaoyou".

Boom!

As soon as the secret code was launched, a violent hurricane surged out, roaring heaven and earth.

Ye Chen was already prepared. His body was as firm as Mount Tai, and his eyes were calm and sharp.

Hurricanes roar, countless free weather, Kunpeng weather, Ancient Runes, layers of explosions, dragons and tigers suddenly rise, mountains and rivers swallow, which is very spectacular.

"Ouch!"

Xiaoqing was surprised and retreated in some panic.

The violent weather in front of her obviously scared her a little.

Carefree travel contains the true meaning of freedom.

Freedom is not given by God, but by oneself.

Only by forging ahead bravely and decisively can we break through all shackles and obstacles and gain real freedom.

Ye Chen cut off all the flail, so he had realized the truth of freedom long ago.

travel" opened, he saw countless figures chasing freedom, including the figure of the former God of wind.

Ye Chen silently understood, understood the true meaning of freedom, and deepened his understanding of truth.

Seeing ye Chen's calm posture, Xiaoqing also seemed to be infected. She calmed down in her heart and silently realized it.

Finally, both of them realized the wonderful principle of freedom.

Although Xiaoqing's perception is not as deep as ye Chen's, it must benefit a lot.

Because ye Chen saw that Xiaoqing's blood had grown.

The original Xiaoqing is very young with a green chest.

But now, after she realized the truth of freedom, her blood changed slightly, and her body developed a lot. She was 13 or 14 years old, but now she is 16 or 17 years old, and her skin is delicate and white.

"Brother Ye Chen, I seem to understand something!"

Xiaoqing said happily.

Ye Chen smiled, put away the secret code of "xiaoyaoyou" and said, "well, it's good to understand. Your blood is very rare. If you can grow completely, it's great."

Xiaoqing nodded, then bit her finger, rolled her eyes and said, "brother Ye Chen, this" xiaoyaoyou "is a "feathering and rising", which seems to be in a place called Hao Tianyu. Why don't we set out to find it right away? "

Ye Chen was surprised and said, "how do you know?"

Xiaoqing said, "well... This is the memory imprinted in my blood. As soon as my blood made a breakthrough, this memory emerged."

Ye Chen frowned and said, "he secretly pinched his fingers and tried to spy on the truth behind it, but there were too few clues, and the mystery was slim, but he couldn't see anything.

"Don't worry. Stay with me first. I have something to deal with."

Ye chendao.

"Well, brother Ye Chen, I'll listen to you."

Xiaoqing is also clever. She changes into a green bird and stops on Ye Chen's shoulder.

Ye Chen calmed down and immediately returned to the reincarnation camp. He told Xia Ruoxue, Wei Ying, Ji Siqing and others about the origin and cause of Xiaoqing.

Xiaoqing turned into a human, and shouted "sister Ruoxue" and "sister Siqing" one by one. She was very polite, but she also won the favor of all women, a lot of laughter.

In the next few days, ye Chen and his party were

Chapter 8400

Ye chenxuan saw the secret of heaven and knew that it was the demon ancestor Wutian and the feather emperor. He used special means to consume the purple flame, baptize and top them, and treat their injuries.

But it's a pity that Gui Chen and feather emperor Aoxue were injured too seriously and were on the verge of death. Even if they were filled with divine fire, they could not be saved.

Jinbang locked, ye Chen and others came out, and the Shenhua value was not projected, and the ranking did not change.

"It's almost settled. You go back first. I have something to deal with."

Ye Chen looked at Xia Ruoxue, Ji Siqing and others, and commanded.

He has one last thing to deal with.

That is, save Chen Nan!

Xia Ruoxue, Ji Siqing and others nodded and left the battlefield first, returning to the holy city square to participate in the settlement.

"Brother Ye Chen..."

Xiaoqing followed Ye Chen and winked, as if she wanted to say something.

"What?"

Ye Chen smiled.

"Brother Ye Chen, I want to go to haotianyu first to find the secret code of" eclosion and rise ", can I?"

Xiaoqing asked timidly. Although she had been with Ye Chen for a few days, she was still a little afraid of Ye Chen.

Because ye Chen's strength and momentum are really too strong.

If ye Chen wants to fight, one finger can crush her to death.

Even if she knew that ye Chen would not hurt her, her fear of the strong was engraved in the bones of every living creature.

Ye Chen smiled, touched her small head and said, "of course, you can go if you want. You are free, and you don't have to stay with me all the time."

Freedom is defined as freedom from restraint.

Ye Chen also didn't mean to restrict Xiaoqing, because he knew that Xiaoqing's blood was engraved with the desire for freedom.

If you suppress her will, it will be detrimental to her growth. It's better to let her move freely.

Xiaoqing was overjoyed. In surprise, he jumped up and kissed Ye Chen's face, pecking rice at the chicken. His cheek was red again, and said, "thank you, brother Ye Chen."

Ye Chen said with a smile, "go ahead. If you encounter any danger, tear up this golden seal, and I will come to help you."

Ye Chenyan's breath gathered, turned into a golden seal and handed it to Xiaoqing.

Although he gave Xiaoqing freedom, he didn't care about anything.

If Xiaoqing is in danger, he will help immediately.

"Yes!"

Xiaoqing was delighted and grateful, accepted the imperial edict, and then changed into a green bird, riding the wind to fly to the sky.

Ye Chen watched Xiaoqing leave, and then went to Wuyou district alone.

In the non secluded area, there is still some obscure dark breath, which is connected with the earth vein.

These dark smells are already very shallow, not enough to produce any monsters. They are only part of the earth's aura and part of the circulation of yin and Yang.

When ye Chen stepped into the dark mist, he saw a man, all imprisoned by chains.

But the man's face did not have the slightest decadent color, and his eyes were full of spirit. It was Chen Nan.

"Brother Chen Nan, I'm back."

Ye Chen smiled.

"I knew you would come."

Chen Nan is also smiling. He has sensed the changes of the outside world and knows that the emperor of heaven and soul died in Ye Chen's hands.

Ye Chen didn't talk nonsense, but directly sacrificed a feather, which was the feather of the wing of freedom, which was stained with the blood of the Heavenly Emperor.

Bend your fingers and snap.

The feather shot out, and the blood awn was cut off.

The iron chains that imprisoned Chen Nan's body were all cut off at once.

Chen Nan got out of trouble, recovered his freedom and almost fell to the ground.

Ye Chen held him, and they looked at each other and laughed.

"Brother Chen Nan, what are your plans in the future?"

Ye Chen asked.

"I don't know. I'm going to go back to Chongyang immortal and see his arrangement."

Chen Nan sighed.

"Don't you report to the moral God first?"

Ye Chen frowned.

Chen Nan got out of trouble. Instead of meeting the moral God, he directly met the double ninth immortal, which was obviously against the rules.

Chen Nan shook his head and said, "no, I have guarded the fire for many years. I found... The will of the leader seems to have affected the purity of the fire..."

After pausing for a while, he sighed with a deep and secretive sigh: "Oh, forget it, this kind of thing involves too much cause and effect. I don't dare to talk nonsense. I'd better talk to immortal Chongyang first."

Ye Chen felt a chill in his heart. It seemed that the will of the moral God was indeed in danger of eroding the fire. Even Chen Nan found the clue.

"Lord of reincarnation, be careful, not only be careful of the Revenge of the death cult, but also be careful of the leader..."

"After all, the legendary fire is also a part of reincarnation."

"The leader may have other thoughts about you..."

"Alas, I'm talkative again."

Chen Nan seems to have a thousand words to say, but he dare not reveal too much.

Ye Chen smiled and said, "it doesn't matter, brother Chen Nan, I'll be careful."

Chen Nan nodded and said, "well, I'll go first. Don't forget to report to the leader that the ghost is Hong Chunqiu."

Ye Chen said, "I remember."

Chen Nan turned and left.

Ye Chen stood silently in place, thinking a thousand things.

.....

At this time, Vulcan holy city square.

The time of settlement arrived. The atmosphere was warm and the audience whispered. The VIPs on the high-altitude platform, such as the ancient emperor Yu Huang, Mo Zu Wutian, ye Linyuan, willing to leave, Yan Xingtian and others, barely kept calm.

But everyone can see the anxiety behind their eyes.

All the contestants gathered on the square to prepare for the settlement.

The most striking ones are Ji Siqing, Xia Ruoxue, Wei Ying, fan Xingyan and others.

They took Ye Chen first and returned to the square.
