Chapter 8631

The shadow of the eternal night demon, which has been hidden, also emerged from the tombstone and squinted at Ye Chen.

He also wanted to see if ye Chen could successfully break through to Tianxuan today.

In the eyes of countless people, ye Chen took a deep breath, and his reincarnation blood burned. With a bang, he was full of golden light, and the magnificent atmosphere of reincarnation directly emerged.

The majestic reincarnation heaven, hung in the starry sky, floated above Ye Chen's head. The veins of the reincarnation seven stars on the starry sky were faintly visible, one of which was a dragon star, bright and shining.

With the dragon's life star flashing, countless virtual shadows of divine dragons rushed out and roared and tore, cheering Ye Chen.

A huge door appears in the starry sky of reincarnation.

That is the legendary gate of the emperor!

As long as you break through this door, you can understand the rules of the superior, step into the realm of heaven, and officially become the emperor of heaven.

"Ye Chen, don't you call me for such a big thing when you attack Tianxuan realm?"

Just as ye Chen was about to start the impact, a light laugh rang out.

I saw snow and ice dancing in the void, a beautiful and graceful posture, riding the wind and stepping on the snow, and it was Ren tiannv who came down.

"Heavenly daughter!"

Ye Chen saw the appearance of the goddess of heaven, and his heart immediately shook.

Shentu Waner, the king of hell, the Buddha of truth and others around are also on alert for surprise.

They know that the relationship between tiannv and ye Chen is very complex, and the future is doomed to never die.

Tiannv smiled at Ye Chen, with infinite attachment in her eyes.

There is no doubt that her affection for ye Chen is true. She really likes Ye Chen.

However, in order to impact a higher realm and dominate the power of the world, she would rather cut off her love than kill Ye Chen.

"Can I be an ordinary audience?"

Tiannv asked with a smile, with some complicated and obscure emotions in her smile. After all, she likes Ye Chen.

"If I succeed in flying today, tiannv, will you fight with me immediately?"

Ye Chen asked. He called her by her first name and stopped calling her "sister".

Because he knew that the relationship between them could not go back to the past.

Especially after ye Chen saw the future era, he had a deeper understanding of the cruelty of the heavenly maiden.

If he fails in the decisive battle, it will be a very tragic fate waiting for him.

"No, if you succeed in promotion, we won't fight immediately."

"For one thing, your promotion at the beginning of the year is unstable, and I won't take advantage of you."

"Second, your reincarnation is too majestic. If I want to defeat you, I have to prepare more."

Tiannv flicked her fingers and laughed.

Ye Chen saw the future era and knew that she was going to join hands with Hongjun's ancestor, which made her feel sad.

Both heavenly maidens and Hongjun ancestors are his once solid friends. Unexpectedly, today, they are reduced to the point of meeting in life and death.

However, this sad mood only flashed for a moment, and then it became dull.

Ye Chen knows that things have happened and are inevitable. All he can do is face and solve them seriously.

"Well, then you are an audience."

Ye Chen said calmly.

"Thank you."

With a smile, tiannv found a quiet corner seat and sat down.

The eyes of Shen Tu Wan'er, Xia Ruoxue, Wei Ying and others gathered on the goddess of heaven, secretly on guard.

But looking at the appearance of tiannv, they really didn't mean to fight today, and they were a little relieved.

Ye Chen calmed down and looked again at the door of the emperor in the starry sky.

He gathered his spirit, turned his divine consciousness into a sword, and rushed fiercely towards the door of the king that day.

A clank.

Ye Chen's divine sense sword impacted on the door of the emperor of heaven and made a clanging sound.

On that day, the door of the king was still firmly closed, without any shaking.

But ye Chen's spirit was a little shocked.

"It's really not easy in Tianxuan realm."

Ye Chen had felt the firmness of the door of the king that day. It was not easy to rush away.

"Wings of freedom, open!"

Ye Chen's body was shattered by the storm, and the wings of freedom spread directly behind him. He fluttered his wings and flew to the starry sky. The smell of rock and earth in his hands gathered and turned into an ancient and wasteful war gun. Surrounded by the shadow of the dragon, it was the gun of the dragon fight.

Holding the gun of dragon fight, with the blessing of the wings of freedom, ye Chen was extremely powerful and powerful. With a hard shot, he stabbed at the door of the king that day.

The power of this shot, even in a universe, ye Chen can directly penetrate.

However, the gun blasted on the door of the emperor, and with a bang, there was a fierce collision, but it still failed to break the door.

On the contrary, ye Chen suffered a concussion in his head and a violent tearing pain.

The door of the emperor in the starry sky is actually the manifestation of the door in his mind.

This door of the emperor of heaven, in the human brain, once rushed, is equivalent to opening the door of heaven. From then on, you can accept the supreme law in the world, get rid of worldliness, and become a real superior.

However, even if ye Chen used the two magic powers of the wing of freedom and the gun of dragon fight, he could not break the door of the emperor.

The firmness of the gate of the emperor of heaven is beyond his imagination.

Tiannv, Shen Tu Wan'er, Xia Ruoxue, Wei Ying and others, as well as shanrou, Yunjin, Wu Yao and others, saw Ye Chen under such a violent impact, and on that day, the door of the king was unmoved and couldn't help but be shocked.

Their accomplishments have long stepped into the realm of heaven and mystery. When they first broke through, they also tried to attack the door of the emperor of heaven.

But their impact was easy and painless, and everything came naturally.

However, ye Chen's impact, so difficult, was beyond everyone's expectation.

It can only be said that ye Chen's martial arts background is really too strong. It is much harder for him to attack Tianxuan realm than ordinary people.

"What is the emperor of heaven?"

"What is the superior?"

Ye Chen was not discouraged, and summoned the miracles to praise the world. This volume of Tianwen book contains the will of countless strong people throughout the ages.

For hundreds of millions of years, countless people have sent questions to pry into the ultimate mystery of the avenue.

At this moment, ye Chen also made his own voice and asked the sky, what is the emperor of heaven and what is the superior.

WOW!

The sky asked the book, blooming with wisps of bright light.

In the light of this brilliance, the door of the king trembled slightly and cracked a crack that day.

Behind this gap, there is infinite law aura, too much energy, constantly rushing out.

Ye Chen felt these energy breath, and immediately felt like a spring breeze, and his whole body was refreshed.

His heavenly question was the ultimate response of the Avenue!

Tianwenshu is shining, and even ye Chen's Dragon gun can't break the door of Tianjun. At this moment, under the light of tianwenshu, there is a crack.

On the seats around the square, everyone was nervous and stared at this scene.

Chapter 8632

"Feather Taoist book, feather soaring, break it for me!"

Ye Chen saw that the miracles were effective in praising the world, and immediately summoned another volume of Taoist Scripture.

It is this Taoist book, which records the mystery of eclosion and ascension. It can help people soar to the mysterious realm of heaven, and even soar in the future. It can play a role and is of great value.

Ye Chen summoned the eclosic Taoist book, and in an instant, the avenue truth in the dark came down with good luck, countless auspicious clouds rose, and golden lights rolled.

The wing of freedom behind Ye Chen is even more brilliant and dazzling.

The force of the road rushed towards the door of the king that day.

Under the fierce impact of Ye Chen, the crack of the door of the King became bigger and bigger that day.

"The breakthrough is promising, stabilize it!"

Ye Chen gritted his teeth. He felt that the crack in the door of the king could be closed at any time that day.

He sacrificed the reincarnation Heavenly Sword, inserted it in the crack of the door, and forced the door of the heavenly king open.

Boom!

As the gap of the door of the heavenly king grew larger and larger, the sound of thunder also came from the sky.

The disaster is brewing, and the thunder disaster is coming.

Ye Chen saw that the disaster was coming, but he was pleasantly surprised.

Because the coming of the disaster of heaven means that he is only a little away from the mysterious realm of heaven.

Woo

The situation was very good, but at this time, an inexplicable pressure suddenly came and crushed all the thunder clouds of the disaster.

There was also a strong impact from the door of the emperor of heaven.

Ye Chen's body, directly with a sword, was repulsed.

Bang.

On that day, the door of Jun was tightly closed again, without a crack.

The light of Ye Chen's two volumes of Taoist books was also dim, as if suppressed by some force.

It is the suppression of causality.

Ye Chen felt very depressed. His head seemed to be trampled under his feet.

"It's the law of cause and effect of the perfect messenger. The curse has indeed come true!"

Ye Chen was sad and angry. He was about to be promoted, but at this time, there was an inexplicable causal force that crushed all his hopes.

This is the curse of the perfect saint!

As long as Ren Feifan doesn't rise, ye Chen can't ascend to the mysterious realm of heaven, and even has no chance to try to cross the robbery.

This is a curse, a curse like fate.

Tiannv, xuanhanyu, Shentu Waner, the king of hell, the Buddha of truth and others were stunned to see such a scene.

They can naturally see that ye Chen failed to attack Tianxuan realm, and even had no chance to survive the robbery. Everything behind this is the law of cause and effect.

It's the curse of the perfect saint, which works in the dark and blocks Ye Chen's flight.

"That perfect saint is really hateful. I should have killed him!"

"As long as you kill him, the curse will naturally be broken."

Xuan Hanyu secretly regretted and felt guilty.

Previously, in Chiyu tower, if she was fierce, she would probably kill the perfect saint.

Although the perfect saint is the messenger of the truth society, when he comes to the real world, his cultivation is bound to be limited.

Really fight, Xuan Han Yu wins a great deal!

Although the consequences of killing the perfect saint are even more serious than killing God, Xuan Hanyu will not hesitate to bear the price for ye Chen.

Just at the beginning, she didn't expect that the curse of the perfect saint was so strong that it was really unreasonable, so she interrupted Ye Chen's flying steps.

"My fate is mine!"

Ye Chen's eyes were torn, but he was unwilling to fail. He held the reincarnation sword in his right hand, and the golden light in his left hand flashed, offering the emperor's holy knife.

With the sword in hand, ye Chen's reincarnation blood was burning, and his breath was fierce to the extreme. Reincarnation Tianjian and the emperor's holy knife cut out at the same time, and fiercely attacked the door of the emperor that day.

He wants to cut off all the shackles of cause and effect and vow to rush into the mysterious realm of heaven.

Bang!

Under the crazy slash of reincarnation Tianjian and renhuang Shengdao, the door of the King opened a crack again that day.

Ye Chen was delighted.

However, this joy did not last long.

Because the cracked door was closed again under the cover of an invisible force.

The curse of cause and effect under the great sage of perfection is so terrifying.

Ye Chen looked stunned, and a trace of despair rose in her heart.

Can this curse really be broken?

He wanted to hit the door again, but his strength could not keep up.

At the same time, he used reincarnation Tianjian and renhuang Shengdao. His Reiki consumption was extremely huge, and now he was quite exhausted.

"Brother Ye Chen, forget it."

Wu Yao saw Ye Chen's failure in the impact and was exhausted. Her heart was sad. Her eyes were red and flew to the altar.

She hugged Ye Chen and finally couldn't help crying, saying:

"Brother Ye Chen, it doesn't matter if you can't step into Tianxuan. I'll protect you in the future, OK?"

Ye Chen listened to Wu Yao's words, but couldn't help but show a wry smile.

His martial arts are brave and enterprising. How can he sit and wait for death?

Wu Yao's accomplishments, no matter how strong, are not his own.

Being protected is not a long-term solution.

Thinking like this, ye Chen can feel the mood of tiannv again.

Tiannv is also determined to forge ahead and want to dominate and respect, so even if she is deeply attached to Ye Chen, she will cut off her love, kill Ye Chen and plunder everything of reincarnation.

Thinking of breaking up with the goddess in the future, ye Chen was even more tired and fell into Wu Yao's chest, tired and sleepy.

"Is my life really not up to me?"

Ye Chen stared at the sky dully, feeling that the world was crumbling, and then fainted.

Chapter 8633

Xia Ruoxue, Wei Ying, shanrou, Yunjin, ye Luoer and others rushed to the altar in a hurry. Seeing ye Chen was unconscious, the women were in a hurry.

Tiannv is still alone, sitting in the corner, seeing ye Chen's failure to attack Tianxuan realm, she feels inexplicably happy.

"If he can't step into the mysterious world all his life, I don't have to fight with him."

"Maybe this is also a good thing."

"Alas, what am I thinking? It's my long cherished wish to destroy reincarnation and seek hegemony and respect. Can it be prevented by mere love?"

The goddess of heaven had thousands of thoughts, and finally left the demon palace silently.

.....

Ye Chen was in a coma, and he didn't know how long it took. In a daze, he seemed to see the brilliance of the red moon. His heart trembled slightly, he opened his eyes and woke up.

As soon as he woke up, ye Chen found that he was no longer in the demon palace, surrounded by a desolate blood moon world, which was unexpectedly any extraordinary territory.

Not far away, under a big tree, two people are playing chess. They are Ren Feifan and Xuan Hanyu.

"Extraordinary Immortal Emperor, you should have killed the perfect saint!"

Xuan Hanyu ate Ren Feifei's son, with a trace of coldness in his voice.

"I want to kill, but night mother won't let me."

Ren Feifan's voice was calm. In fact, he had long wanted to move the killer to solve the hidden danger.

However, ye Mu stopped it.

After all, the perfect saint is the messenger of the truth society. If you kill him, the consequences will be extremely serious and unimaginable.

Can't kill, this is the bottom line of night mother.

"Alas, maybe this is fate."

Xuan Hanyu sighed.

Ye Chen woke up under the big tree and came to them vaguely, bowing: "elder Ren, fairy Xuan."

Seeing ye Chen wake up, Ren Feifan and Xuan Hanyu stop playing chess.

"You're awake."

Ren extraordinary way.

"Well."

Ye Chen is in a complicated mood.

"You've been in a coma for several days. Fortunately, you have a deep foundation. It's nothing."

Xuanhan jade way.

A few days ago, ye Chen failed to attack Tianxuan realm in the demon palace. It was she who brought Ye Chen back.

"Boy, reach out to me."

Ren extraordinary way.

Ye Chen still stretched out his hand.

Ren Feifan frowned, put his pulse, and said nothing.

"Elder Ren, how am I? Have I never had a chance to be promoted to Tianxuan realm in my life?"

Ye Chen hurriedly asked.

"There are still opportunities, as long as I fly to no time and space."

Ren extraordinary way.

"Master Ren, if you want to go, don't you yield to the perfect saint?"

Is there really no way to solve his curse of causality? "

Ye Chen gritted her teeth, and her heart was full of reluctance.

Ren Feifan bowed his head and pondered for a moment, saying, "this causality curse is very strange. If you want to cut it off, it is almost impossible, but you can try to bury it."

Ye Chen was stunned: "burial?"

Ren Feifan gave a "hum" and said, "in this world, there is a sword technique called Da Mu divine sword. It is one of the thirty-three divine arts, and it is also the source of nine divine arts and manzhusha Hua Sutra."

"It is said that this sword technique can bury everything and bury everything between heaven and earth in the tomb, so it is called the great tomb sword."

"I have a friend named Fenghuo lingzu. If you ask him to help, maybe you can solve your problem."

Ye Chen was pleasantly surprised: "thirty three heavenly gods, great tomb divine sword?"

I thought that Ren Feifan really had a wide network, and even knew the strong man who controlled the thirty-three gods.

You know, the thirty-three divine arts are very difficult to cultivate and to control in the real world.

Xuan Hanyu, who was on the side, was slightly surprised when he heard Ren Feifan's words and said, "is the spirit ancestor of the beacon fire?"

Can his sword technique be cut off even the law of cause and effect? "

Ren Feifan said, "it can be cut continuously, but it can be buried, and the same is true."

Xuan Hanyu frowned lightly and said, "this beacon spirit ancestor is the leader of the last generation of the upright sect of Zihuang fairy palace. His identity is not trivial. I once had a servant named Xuan Xin, who also practiced under the beacon spirit ancestor."

"According to my servant, the spirit ancestor of the beacon fire has a very withdrawn temper. Although he is a decent leader, he has fierce means to eliminate evil and shovel evil. He is prone to destroy people all over the house. I'm afraid it's not easy to ask him to do it."

Fenghuo lingzu, the former righteous leader of Zihuang fairy palace, was taken over by immortal Chongyang after his retirement.

Today's Double Ninth immortal is righteous and principled. He rarely kills people. Even if he encounters evil things, he also focuses on suppression and exhortation.

But his predecessor, Fenghuo lingzu, was just the opposite.

The spirit ancestor of beacon fire believes in the law of eradicating the root. As long as he meets villains, he will kill everyone.

When he was in charge of the righteous orthodoxy, all the villains in the world trembled for fear of meeting this murderer.

Later, the spirit ancestor of beacon fire killed too many people and was haunted by evil deeds, so he had to abdicate.

Nowadays, in the Taishang world, few people have heard the legend of the spirit ancestor of beacon fire, which is too old.

However, Xuan Hanyu was born in ancient times. Naturally, he was very clear about the horror of the spirit ancestor of the beacon fire.

That beacon spirit ancestor, who is famous for his remoteness and grumpiness, kills and destroys Tengteng. If you want to ask him to fight, it is by no means easy.

Ren Feifan said, "I have a little friendship with the spirit ancestor of the beacon fire. Maybe I can try."

Ye Chen's heart tightened and said, "elder Ren, are we going to Zihuang fairy palace?"

Ren Feifan gently nodded his head and said, "now your causality curse, only the beacon spirit ancestor can be broken, so we will go to Zihuang fairy palace."

"Don't worry, there is discord between us and the moral God, but it hasn't been completely broken, and there is still room for negotiation."

Ye Chen was silent, thinking of the second demon girl in his heart, he nodded.

If you go to Zihuang fairy palace, you may also be able to inquire about the recent situation of the second demon girl.

Xuan Hanyu said, "I'm with you, too."

.....

After discussion, let the extraordinary prophet meet in Zihuang fairy palace and say that he is going to visit.

Now, although there is a gap between Zihuang fairy palace and the reincarnation camp, as Ren Feifan said, there is still room for negotiation, and it has not reached the point of breaking up.

There was also news from Zihuang fairy palace that they were willing to meet.

The two camps agreed to meet in three days.

In these three days, ye Chen also entrusted the Qinglai chamber of Commerce to investigate the information of beacon fire lingzu.

Know yourself and know your enemy, then you can go all the way.

Soon, the Qinglai chamber of Commerce sent all the investigation information to Ye Chen.

Ye Chen looked at these information, but found an amazing past.

The spirit ancestor of beacon fire once had a daughter who had received the help of the Lord of reincarnation in a certain life.

In other words, the daughter of Fenghuo lingzu is closely related to the Lord of reincarnation in a certain life!

This information surprised Ye Chen and worried secretly at the same time.

Because according to the information, the daughter of Fenghuo lingzu has died.

In those days, the spirit ancestor of beacon fire retired and resigned from the position of decent leader. In addition to being haunted by evil deeds, there was another important reason, which was that his beloved daughter fell, which made him frustrated.

Chapter 8634

The intelligence did not make it clear that the cause of the death of the daughter of Fenghuo lingzu seemed to be a secret, and even the Qinglai chamber of commerce could not investigate it for the time being.

If you want to investigate, you need more time. Obviously, it can't be solved in three days.

Three days passed, and the appointed time came.

Ren Feifan, xuanhanyu and ye Chen tore the void and went to Zihuang fairy palace.

Although Zihuang fairy palace agreed to meet, the reception ceremony was very simple. Only a few welcoming elders and some servants were sent.

Ye Chen saw a familiar figure in the crowd, which was Chi Feixue, the former deputy leader of the jimie palace and the subordinate of the second demon girl.

Ye Chen and Chi Feixue looked at each other, and their hearts trembled slightly.

"Extraordinary Immortal Emperor, please."

Those welcoming elders invited Ren Feifan into the mountain, but they didn't ask Ye Chen, which seemed to be deliberately snubbed.

Ren Feifan and xuanhanyu strode in. Ye Chen winked at Chi Feixue, and they walked behind the team.

"Miss Chi, how is she?"

Ye Chen asked softly, most worried about the situation of the second demon girl.

"Miss, she's fine, but she's still being punished, and her anger hasn't subsided."

Chi Fei's blood path.

Ye Chen was secretly relieved to hear that the second demon girl was only punished and not punished.

"When the demon girl comes out, the three of us will have a good reunion."

Ye chendao.

"Well."

Chi Feixue nodded gently, her cheeks flushed slightly, and took the initiative to gently hold Ye Chen's palm, which was to show her intention.

Like the second demon girl, she likes Ye Chen.

Ye Chen looked at her blushing and shy appearance, and her mind couldn't help shaking slightly.

The two hands clasped for a moment and then loosened.

Ye Chen followed Ren Feifan and Xuan Hanyu into the main hall of the Mountain Gate of the purple fairy palace.

In the main hall, the moral heaven is magnificent, sitting on a throne, surrounded by auspicious clouds, vaguely connected with time and space, and the breath is extremely brilliant.

He had long been qualified to fly, but he was reluctant to give up the fire, so he didn't fly.

Duobao Tianjun and Chongyang immortal, one left and one right, sat under the moral God.

Ye Chen glanced at the moral deity and caught a familiar cause and effect, which is the cause and effect of the perfect daoshu.

It seems that the perfect saint has also found the moral God, presumably to force him to soar.

However, like Ren Feifan, the moral God is also unwilling to soar.

"Brother Ren, it's all right. Your cultivation has improved again. I heard that you wielded great power in the Immortal Emperor platform, and with the power of the law of cause and effect, you severely damaged the ancient emperor Yu Huang and the demon ancestor Wutian. Such a heroic record is really admirable."

The moral God stared at Ren Feifan and said with admiration.

Regardless of his position, he and Ren Feifan actually have a good relationship. They are both top-level strong men with profound Taoist cultivation and sympathize with each other.

"It's just a fluke."

Ren extraordinary calm way.

"This is... Cangxuan female emperor?"

The moral God looked at xuanhanyu again. He had heard the origin of xuanhanyu and knew that she had inherited the orthodoxy of Cang Xuan emperor.

"I have seen the moral God."

Xuanhan jade wrapped his lapel and saluted in a gentle tone.

"Don't be too polite, empress. You have the qualification to transcend this world, and I can't afford your big gift."

The moral God waved his hand and laughed.

Then, his eyes fell on Ye Chen again and said, "are you bringing the Lord of reincarnation here today to solve his curse of causality?"

Ren Feifan said, "it's the moral God. I want to ask the spirit ancestor of beacon fire to use the sword of the great tomb to bury the curse on this little guy."

"If it goes well, I can kill Hong Chunqiu for you."

These words were forceful.

In order to help Ye Chen, Ren Feifan is also willing to pay the price.

At present, he is not suitable to use force, because once the breath leaks, it is likely to attract the call of truth.

At that time, even if he doesn't want to fly, he will be taken over.

And the person he wants to kill is still under the hand of the witch, Hong Chunqiu.

Once you kill Hong Chunqiu, you will completely offend the dead witch, and the consequences are even more serious.

But in order to save Ye Chen, Ren Feifan did not hesitate to pay any price.

Hearing that Ren Feifan offered such conditions, the moral God was also moved.

However, after a pause, he was a little helpless and said, "the spirit ancestor of beacon fire has been completely closed, and I can't even invite him out of the mountain."

Ren Feifan, from the information investigated by Ye Chen, also knew that the spirit ancestor of the beacon fire was closed, and then nodded and said, "I know that the spirit ancestor of the beacon fire has opened up a realm of the beacon fire, which has been closed for many years. It must be very difficult to ask him to leave."

"It is precisely because of the difficulties that I have to ask you to come forward, moral God."

The moral God sighed, "you don't know the temper of the beacon fire lingzu. He's closed to death. How can I invite him out of the mountain so easily?"

"Don't say you want to see the spirit ancestor of beacon fire, so do I."

"You all say that I have selfishness, that my will has eroded the fire, but what selfishness do I have?"

I just want to maintain the stability of reality. "

"I also want to invite the spirit ancestor of the beacon fire to come out of the mountain, ask him to bury my will with the great tomb sword, and keep the fire pure. In this way, I see what else you have to say."

At last, there was a trace of anger in the voice of the moral God.

He asked himself that he was open-minded and had no selfishness. Everything he did was to continue the fire and preserve the real world.

However, ye Chen's misunderstanding made him very angry.

He wanted to prove by his actions that he really had no selfishness.

Chapter 8635

He wants to ask the spirit ancestor of the beacon fire to come out of the mountain and bury his will. Even if the cost is huge, he also wants to prove to Ye Chen that he is right and wrong!

"Lord of reincarnation, you took away the Shenxi Heavenly Sword at the beginning, which led to the loss of suppression of the dark atmosphere. Today, the darkness is attacking on a large scale, and the mistakes are all in you. You are an eternal sinner!"

The tone of the moral deity also became severe.

Ye Chen was unmoved, because he had seen the future and knew what he had done. It was absolutely right.

Although the darkness is rampant now and the cost is huge, it will be even more expensive if the moral God keeps dominating the fire.

Because once the fire goes out, the real world will be completely destroyed.

Now his star moon boundary has even been affected, and there is a sign of collapse in heaven and earth.

The lesser of the two evils is the right. Therefore, ye Chen has absolutely no regrets about his choice.

"Moral God, I'm afraid your will can't be buried by any means, not even the sword of the great tomb."

"Whether you have selfishness or not, your will has eroded to the fire. If this fact does not change, the fire will only end up extinguished."

Ye Chen said neither lowly nor overbearing.

"What are you talking about!"

The moral God was immediately angry, his eyes flashed murderous, and his forehead was blue with veins.

Duobao Tianjun and Chongyang immortal stood up and looked at Ye Chen with vigilance.

As long as the moral God gives an order, they will act immediately.

The anger of the moral God lasted for a while, and then he went on bleakly and said, "well, there is a deep misunderstanding between you and me, and it is useless to say more."

"You want to invite the spirit ancestor of the beacon fire out of the mountain, the key is not me, but you, the Lord of reincarnation, you know?"

Ye Chen was stunned and stretched out his hand and pointed to himself, "me?"

The moral God said, "yes, in those days, the spirit ancestor of the beacon fire had a daughter who was once taken care of by your reincarnation. If you come forward in person and invite the spirit ancestor of the beacon fire, it may be possible to invite him out of the mountain."

"I can't move anymore. Hehe, that guy has a strange temper, and I also have a headache."

In the end, the moral God is also a little helpless.

Ye Chen, Ren Feifan, and Xuan Hanyu looked at each other. Unexpectedly, the key to inviting the beacon fire lingzu out of the mountain turned out to be ye Chen.

"Although you can go to the beacon field to try, if you can successfully invite the beacon spirit ancestor out of the mountain, I can also use his great tomb sword to cut off the pollution of the fire, even at the cost of burying my will."

"I said, I have no selfishness!"

The moral God looked at Ye Chen with burning eyes and reiterated it again.

Ye Chen did not argue any more, because he had seen the future. The erosion of the will of the moral God could not be eliminated, and the fire had to be eroded until it was extinguished.

"Ye Chen, then go to the beacon field to try."

Ren Feifan said.

The moral God said, "Lord of reincarnation, if you can ask the spirit ancestor of beacon fire to leave the pass, I will also release the demon girl."

He knew that the second demon girl was very important to Ye Chen, so now on the condition of releasing people, he hoped that ye Chen would sincerely try his best to invite the spirit ancestor of beacon fire to leave the customs.

Ye Chen fretted in his heart and said, "moral God, can I go to see the demon girl now?"

The moral God was silent for a while, and finally nodded and said, "go."

.....

Siguo cliff is a forbidden area of Zihuang fairy palace.

Some important people will be punished if they make mistakes.

After ye Chen got the consent of the moral God, he came to Siguo cliff, and Chi Feixue followed him.

On Siguo cliff, ye Chen saw the figure of the second demon girl, which was much thinner than before. It seemed that she had a hard time in Siguo cliff.

"Ye Chen, Fei Xue, here you are."

The second demon girl saw them coming, smiled and stood up.

Ye Chen wanted to see her, and the servant had already been informed, so she prepared in advance and dressed up carefully.

"Fairy girl, it's hard for you."

Ye Chen sighed sadly. At the beginning, the second demon girl was punished for stealing ice cloud ancient lamp to help herself.

"It's nothing hard. I'm at ease here alone, and no one cares about me."

The second demon girl has a relaxed smile on her face, a free and easy look.

But behind this free and easy, ye Chen can feel her, her inner suffering.

"Ye Chen, I'm glad to see you now."

The second witch's eyes were full of charm. Lianbu gently moved over, directly in front of Chi Fei's blood, unscrupulously hugged Ye Chen and kissed Ye Chen's lips.

Chi Fei's blood is not an outsider, so ye Chen has no scruples. Instead, he hugs the second demon girl, and a burst of intense obsession and kissing.

"Are you going to invite the spirit ancestor of beacon fire out of the mountain?"

The second demon asked.

"Well, if it goes well, your father will let you out."

Ye chendao.

"Hee hee, that's good, but if you want to go to beacon field, don't be in a hurry. Stay with me for one night first."

The second enchantress was charming and said with a laugh.

Ye Chen was hugging her waist tightly. Looking at her so charming appearance, her mind could not help but ripple slightly.

That night, ye Chen stayed on Siguo cliff and had a very happy night with the second demon girl and Chi Feixue.

In the early morning of the next day, ye Chen was a little reluctant to say goodbye to the second demon girl, took Xuan Hanyu, and set out for the beacon field.

Ren Feifan should not be exposed for a long time, so he has gone back.

With xuanhanyu's company, ye Chen can easily solve any danger he encounters when he goes to the beacon field.

Chapter 8636

According to the information from the investigation, ye Chen knows that today's beacon field is quite closed, and the dominant force is called Beacon spirit palace.

The beacon spirit palace was naturally created by the beacon spirit ancestor. Although he lived in seclusion, he couldn't bear the loss of orthodoxy.

A man of practice, with one breath, lights a lamp, and even if he dies, the orthodoxy cannot be cut off.

As long as the Tao is still there, even if people die, they may be reborn in the future, as long as there is still your track between heaven and earth.

And orthodoxy is the most important track.

Since ancient times, the beacon spirit palace has been looking for good seedlings in the outside world and brought them back to the beacon field for cultivation.

Therefore, even though beacon field rarely communicates with the outside world, it is not completely closed, and even has transactions with Qinglai chamber of Commerce.

Cultivating disciples in the beacon fire spirit Palace also requires resources. Relying on a beacon fire area alone, nature cannot afford it, and it needs the support of Qinglai chamber of Commerce.

As for the specific operation of the beacon fire spirit palace, the beacon fire spirit ancestor has long ignored it and handed it over to his disciples.

He lived in seclusion and did not ask about the world.

Ye Chen and Xuan Hanyu came to the entrance of the beacon field.

Before his arrival, ye Chen sent an invitation to the beacon field, saying that he would visit.

When they came to the entrance, they saw a dozen defenders waiting in a tight formation.

Ye Chen walked up, arched his hands at the crowd, and said, "I've seen you under Ye Chen."

Many defenders looked at Ye Chen and saw that although his cultivation was only nine layers in the hundred flail realm, the calm momentum of his words and deeds was extraordinary and refined, and his heart secretly praised him.

However, thinking that ye Chen offended the truth society and was cursed by the perfect saint, people's faces changed again.

Some people regret, some despise, some gloat.

A guard stepped forward two steps and said to Ye Chen, "Lord of reincarnation, do you want to visit our Shizu?"

Ye Chen said, "exactly."

The watchman laughed and said, "my Shizu has been closed for many years and has never seen outsiders."

"Moreover, if you offend the truth society, you can be said to have caused a great disaster. We dare not let you in, otherwise if you get involved, my beacon field will be in danger."

The truth society is the most mysterious force in time and space. No one knows who the head of the truth society is. There is even a legend that the leader of the truth society is the ultimate incarnation of the road!

The perfect saint is the messenger of the truth society. Such a big man, Ren Feifan and Xuan Hanyu arrogance, may not care, but in the beacon field, everyone is awed and dare not offend.

The reincarnation camp has offended the truth society, so they are also unwilling to negotiate too much with Ye Chen to avoid being implicated.

Ye Chen frowned and said, "I've heard that the spirit ancestor of beacon fire is also an indomitable big man. He used to be a righteous leader. I think he must not be afraid of any truth meeting. Please go and spread it."

The guard said, "Shizu is closed to death. We ordinary disciples are not qualified to visit."

The defenders around also echoed, and were unwilling to pass it on to Ye Chen.

They came to see ye Chen today, in fact, to give reincarnation face. If ordinary people ask for advice, they will never pay attention.

Ye Chen frowned deeper when he saw these people refuse.

Xuanhan jade said in a harsh voice, "your daughter of the beacon fire lingzu, who has received the help of the Lord of reincarnation in a certain life, is it so kind that you want to be ungrateful?"

Can't we see the spirit ancestor of beacon fire? "

Hearing xuanhanyu mention the daughter of the spirit ancestor of the beacon fire, all the defenders showed a look of horror and taboo.

It seems that this woman's thing is taboo in the beacon field!

A guard said, "Miss Xiao Jing's death was the lifelong pain of our family's Shizu. Such a great pain, we disciples absolutely dare not premise in his old man's face and the kindness of the Lord of reincarnation that year. We can give some natural materials, earth treasures and source jade in return."

"But if you want to disturb Shizu, you can't!"

Seeing that these people were so determined, Xuan Hanyu couldn't help getting angry and said in a cold voice, "well, it seems that you can't be the master. Let's call your manager Xuanxin out."

The guard was stunned for a moment and said, "what is the manager of Xuanxin?"

Xuan Hanyu flicked his finger and said, "I had a servant named Xuan Xin, who followed under the righteous seat of the beacon fire spirit ancestor to practice. I calculated that the secret of heaven was that she was in the beacon fire domain, and she was the manager of the whole beacon fire domain. Below one person, above ten thousand people, you call her out."

Everyone was stunned when they heard xuanhanyu's words.

"Yu hanchan, the chief manager of the beacon field and the Lord of the penalty hall, seems to be called Xuanxin..."

"Is the chief steward a servant of this man?"

How possible! "

"What kind of person is the chief executive? How can he be a slave?"

"Don't be cheeky if this woman lies."

Everyone whispered, but they didn't believe that the grand manager of Xuanxin was the servant of xuanhanyu.

"Xuanhanyu, you call yourself Cang Xuan female emperor. Your cultivation is indeed strong, but our chief executive is also an indomitable person. He can never be a slave to you. Hey, if you really want to fight, you may not even be her old man's enemy."

A guard sneered, and his words were full of awe for the big manager, and disdained xuanhanyu.

Xuan Hanyu suddenly became angry and shouted, "you bunch of nobody, it seems that you don't know my strength if you don't teach you a lesson!"

After saying that, Xuan Hanyu's palm flashed a layer of cold light, and quickly, like the wind, killed the defender.

Chapter 8637

This attack was very fierce. If it was hit, the defender would be seriously injured if he didn't die.

The watchman was so shocked that he didn't expect Xuan Hanyu to start.

"Don't be impulsive!"

Ye Chen hurriedly grabbed xuanhanyu's hand and wouldn't let her do it.

He came to invite Feng Huo lingzu out of the mountain, not to fight. If he hurt someone, it would be difficult to deal with the matter.

Xuanhanyu raised his eyebrows and said to Ye Chen, "these people are arrogant and refuse to communicate to us all the time. What can you do?"

Ye Chen frowned and pondered over the way.

Ding Ling.

At this time, a sound of bells came from behind.

Ye Chen returned to have a look, but he saw a camel caravan slowly coming with many goods.

Looking at the clothes of the caravan, it is obviously from the Qinglai chamber of Commerce.

Many defenders felt the murderous spirit of xuanhanyu, and they were all cold hearted. Seeing the caravan coming, one of the defenders turned aside and said, "Lord of reincarnation, Cang Xuan female emperor, you go. My Shizu will never meet outsiders. We are still busy trading today, so please forgive us."

It turned out to be a direct expulsion order.

The camel caravan came forward, and the head of the caravan was shocked when he saw Ye Chen. He bowed down and bowed, shouting, "see Lord Ye!"

Ye Chen is a friend of Yemu and a guest of Qinglai chamber of Commerce.

In the Qinglai chamber of Commerce, everyone knows him and is in great awe of him.

Ye Chen fretted in his heart and said, "are you here to trade?"

The caravan leader said, "yes."

Ye Chen said, "well, if you go into the beacon field, please help me send a message to the spirit ancestor of beacon, saying that you will visit again."

The leader of the caravan showed embarrassment and said, "beacon fire lingzu has been closed for many years, Lord Ye, I am a tourist, but I am not qualified to attend."

Xuan Hanyu said, "then help me call Xuan Xin out."

The caravan leader was stunned and said, "what mysterious heart?"

Xuan Hanyu said, "it's the chief manager of the beacon field and the Lord of the punishment hall. Everyone else knows her. Can you see her?"

The leader of the caravan said, "my goods are traded with the chief manager."

Xuan Hanyu said happily, "it's so good. When you see her, say eight words to her, 'under the peach blossom sword, lovesickness is broken', and she will naturally understand."

The caravan leader pondered and did not answer, looking at the defenders around him. When he saw those defenders, he did not open his mouth to refute. They were all silent recognition, and seemed to be afraid of xuanhanyu's means, so he nodded and said, "yes!"

All the defenders were surprised to see the chiseled appearance of Xuan Han's jade words.

Can it be said that Aunt Yu Han is really her servant?

This is absolutely impossible!

The leader of the caravan immediately got up, took his servants with his hands, and entered the beacon field, ready to inform Xuan Hanyu.

Xuanhanyu and ye Chen stood outside waiting.

"Under the peach blossom sword, lovesickness is broken. What does this mean?"

Ye Chen asked curiously.

Xuan Hanyu's eyes were quite blurred. He sighed and said, "speaking of it, it's also a period of injustice."

"In those days, my servant Xuan Xin, unexpectedly, she had an unreasonable desire for me."

Ye Chen was immediately stunned: "what unreasonable thoughts?"

Xuan Hanyu blushed slightly and said, "she likes me. It's really a sin. I'm a woman, and she's also a woman. How can she like me?"

"In order to cut off this senseless love for her, I entrusted the supreme Apocalypse to create a peach blossom sword. This sword is a heart sword. When the sword moves, it can cut the love with a smart sword."

Ye Chen looked at xuanhanyu in astonishment. He didn't expect that there was such a period of injustice between xuanhanyu and that Xuanxin.

"Do you still know the supreme apocalypse?"

Ye Chen asked again.

"Know, the supreme apocalypse is the most powerful weapon refiner in wuwuwuspacetime. Who doesn't know?"

My memory is so worn out that I can't remember many things, but I always remember that I was born without time and space, and the supreme Apocalypse was my former friend. "

"However, it is a pity that he had to fall into the darkness in order to build the emperor's holy knife and exhaust his efforts and lives."

Xuanhanyu sighed deeply.

Once the supreme Apocalypse was a good man. He just made the emperor's holy knife, and his life and efforts were exhausted. In order to continue his life, he had to fall into the darkness and became the leader of the God of death sect.

The sharp edge of the emperor's holy knife is so sharp, because all the efforts of the supreme Apocalypse have been poured into this knife, which is a well deserved painstaking work.

Ye Chen and Xuan Hanyu waited while talking.

About half an hour later, the leader of the caravan came out, followed by a woman.

That woman, with fair skin, white temples, and a layer of vicissitudes between her eyebrows, was obviously an expert in the later stage of immeasurable realm. There was a dignity of the superior in her every move. At first glance, she knew that she was used to being in a high position.

Seeing the woman, many defenders knelt down in awe and shouted in unison:

"See the general manager!"

That woman is obviously Yu hanchan's aunt. She is xuanhanyu's former servant. Her real name is Xuanxin.

Xuanxin saw xuanhanyu, his body trembled, his lips hummed, and his eyes were full of unbelievable looks.

Xuan Hanyu smiled and said nothing.

Xuanxin suddenly knelt down to her and cried, "servant Xuanxin, see the fairy!"

The watchmen present, seeing that the senior general manager in their hearts actually knelt down to xuanhanyu, were immediately stunned, and their faces were stunned and shocked.

"Get up."

Xuan Hanyu said to Xuan Xin with a smile.

Xuan Xin trembled and got up, walked to Xuan Hanyu's side, looked excited, and his eyes were full of tears, almost crying.

"Xuanxin, you have gone through many vicissitudes."

Xuanhanyu stroked the white hair on Xuanxin's sideburns and said with emotion.

"With the vicissitudes of life and the wear and tear of the years, the slaves are indeed aging. Fortunately, the fairy's style remains the same, which is gratifying!"

Mysterious mind.

All the defenders were stunned to see Xuan Xin calling himself a servant in front of Xuan Hanyu with such a modest attitude.

It turned out that what xuanhanyu said was true.

The chief steward of the beacon field, the Lord of the punishment hall, such a noble person, is actually her former servant.

Xuan Xin calmed down, glanced at the defenders, but his eyebrows showed anger, revealing a sense of coercion, and shouted, "you waste people, see Xuan fairy coming, don't you welcome it soon?"

The crowd panicked, hurriedly knelt down and shouted, "see the fairy!"

Xuanhanyu smiled and said, "forget it, it's just a group of nobody. Don't worry about them, Xuanxin, you don't have to blame them."

Xuanxin said, "yes."

He said to the crowd, "Xuan fairy pleaded for you. Haven't you thanked Xuan fairy?"

The crowd hurriedly bowed and said, "thank you, fairy Xuan!"

Xuan Hanyu covered his mouth and smiled. He was in a great mood. He took Xuan Xin's hand and said, "OK, Xuan Xin, let's go in."

He turned back and winked at Ye Chen.

Chapter 8638

Xuanxin said, "yes."

At present, Xuan Xin led Xuan Hanyu to step into the beacon field together, and ye Chen naturally followed behind and entered smoothly.

Entering the beacon field, ye Chen looked at the world, and saw that the sky was clear and the earth was cool, the flowing clouds were repairing bamboos, and the cranes were flying, which was also a holy land of fairy home with abundant vitality.

Ye Chen's eyes narrowed slightly, capturing the cause and effect in the dark, as if he had seen a weak woman in the long river of years.

That woman is Xiao Jing, the daughter of Fenghuo lingzu.

Xiao Jing is dead, and the truth of the fall is unknown.

Ye Chen tried to capture the divine calculus, but the years were too long, and the traces of cause and effect were not clear. He only glimpsed Xiao Jing's face, and his clear eyes, which seemed to have a trace of affection.

Xuanhanyu and Xuanxin were holding hands and chatting as they walked.

"Xuanxin, where is the peach blossom sword I gave you?"

Seeing that the peach blossom sword was not on Xuan Xin, Xuan Hanyu frowned and asked.

The peach blossom sword is a sharp sword that cuts off love. If she is lost, she is very worried about the recurrence of Xuan Xin's love and the immortality.

Hearing xuanhanyu's words, Xuanxin raised her eyebrows and said angrily, "fairy, the peach blossom sword has been cheated by the array spirit hall. You and the Lord of reincarnation come at the right time. I may not be able to fight the array spirit hall alone. You have to help me!"

Xuan Hanyu said, "array spirit hall?"

Xuanxin said, "yes, under the command of the beacon fire spirit palace, I divide many sub halls. I am in charge of the punishment hall, and the array spirit hall is the organization in charge of the array. About a hundred years ago, they asked me to borrow the peach blossom sword, saying that they wanted to arrange the array, and then return it to me after the array is arranged."

"But after a hundred years, they refused to return the sword. How unreasonable!"

"Fairy, the peach blossom sword, since you fell, I have worked hard day and night to refine it. Now the ages have passed, and that sword has accumulated my hard work. There are countless resources in the beacon field. It has already degenerated and upgraded. The sword is more fierce than ever."

"I originally wanted to keep this sword and use it as a weapon when you recover. Unexpectedly, after borrowing it from the array spirit hall, I refused to return it!"

Speaking of this, Xuan Xin was still very angry.

Ye Chen and xuanhanyu heard it, looked at each other, and their faces were all heavy.

Xuan Hanyu asked, "what is the strength of the spirit hall?"

Xuan Xin said, "their strength is not strong, but their array cultivation is very strong. They deliberately didn't return the sword, just trying to force me to go to the headquarters of the array spirit hall and take it back."

"Once I step into their territory, it is impossible to resist their array."

"They are trying to entrap me and seize the position of my chief manager!"

Ye Chen understood when he heard this.

Although the penalty hall and the array spirit hall belong to the beacon spirit palace, where there are people, there are fights.

The position of Xuanxin, the chief manager, caused the salivation of the array spirit hall.

If you don't return the sword like this, it's clear that you want to force Xuanxin to fight.

"Speaking of array cultivation, I think in the real world, there should be few people who can surpass the Lord of reincarnation."

Xuanhanyu smiled and looked at Ye Chen.

Seeing ye Chen's magnificent appearance, Xuanxin was stunned, quite ashamed of himself, and said, "if the Lord of reincarnation is willing to take action, then... That's really great."

After a pause, she asked xuanhanyu nervously, "fairy, what is the relationship between you and the Lord of reincarnation?"

Is it a Taoist?

Master and apprentice? "

Xuan Hanyu flicked Xuan Xin's forehead and said, "what are you thinking about? The Lord of reincarnation and I are just ordinary friends. Haven't you cut off your love?"?

You have to put away those indecent thoughts. How can a woman like a woman? "

Xuanxin blushed, embarrassed, and whispered, "yes, fairy, you are a God in the sky. How dare slaves desecrate?"

Xuan Hanyu took her hand and said, "although you are my servant, I have never regarded you as an outsider. You are my best friend."

Xuan Xin trembled all over, flattered, and said in a trembling voice, "yes, thank you for your favor, maidservant... Maidservant... I'm very grateful."

Xuan Hanyu smiled and said to Ye Chen, "Ye Chen, why don't we go to the array spirit Hall tomorrow to see?"

Ye Chen frowned and said, "it doesn't hurt to have a look, but the beacon fire lingzu..."

Xuanhanyu said to Xuanxin, "yes, Xuanxin, we want to see the spirit ancestor of the beacon fire. Can you help pass it on?"

Xuan Xin showed his embarrassment and said, "Shizu is closed all year round, and he can't see outsiders. Even the disciples of my beacon spirit palace can't disturb Shizu."

"There is only one large array in the whole beacon spirit palace, which can communicate with Shizu."

"Shizu said that no one could disturb him unless he had to."

Xuan Hanyu said, "now is the last resort."

Xuan Xin was still in a dilemma and said, "the communication array, in the hall of array spirit, I punished the hall, but I didn't agree with them. They definitely couldn't help us."

Xuan Hanyu's eyes were cold and said, "if they don't want to help, then use swords and fists to order them."

Ye Chen looked slightly moved. It seemed that the spirit hall would go anyway.

He and Xuan Hanyu first came to Xuan Xin's residence and settled down.

In the early morning of the next day, the three people took a team of strong people from the penalty hall and went directly to the array spirit hall.

The entire population of the beacon region, with hundreds of millions, has a vast territory and is very prosperous.

So many people, such a prosperous world, are in charge of the beacon spirit palace.

Chapter 8639

Under the command of the beacon spirit palace, there are institutions such as the penalty hall, the meritorious hall, the array spirit hall, the Sutra hall, and so on. Each institution is highly hierarchical and powerful.

As the chief manager, Xuanxin is the Supreme Master of the beacon fire spirit palace, and her status is extremely respected. Many subordinate institutions are staring at her position.

Among them, the array spirit hall has the ambition to replace it.

Ye Chen walked side by side with Xuan Hanyu and Xuan Xin, followed by a group of strong men, and walked towards the array spirit hall.

Along the way, the people we met all showed great respect for Xuanxin. Everyone bowed down and said hello, saying "chief manager", which shows the high status of Xuanxin.

Xuanxin wants to come to the array spirit hall to plead guilty, and the array spirit hall has long been prepared.

Ye Chen and his party came to the array spirit hall, and saw the patron of the hall, Changsheng, waiting with a smile.

Ye Chen looked at the hall of the array spirit, and saw that the hall of the array spirit was like an independent Mountain Gate world, with halls built grandly.

Between the main halls, according to the layout of the nine palaces, eight trigrams and seven stars Feng Shui, it is magnificent. It can be seen that the array cultivation of the spirit hall is indeed a little level.

Ye Chen is an expert in array Taoism. Naturally, he can see the depth at a glance.

He estimated that the array spirit hall had at least 60% of its own cultivation level, which was very powerful in the world.

Chang Sheng, the patron of the array spirit hall, was an old man with white hair and beard. Seeing Xuanxin, xuanhanyu and ye Chen coming, he knew that there would be a big accident, but he was not surprised, smiled and arched his hands, saying:

"Chief steward, here you are."

Xuan Xin said coldly, "Gu Changsheng, you borrow my sword and don't return it for a hundred years. Today I'll give you another chance to return the peach blossom sword to me immediately, otherwise don't blame me for being rude!"

After these words, many strong men in the penalty hall behind her all drew out their weapons and looked murderous.

On the side of the hall of array spirits, many strong men also offered weapons and magic weapons, showing no weakness. The two sides were at war, and the battle was imminent.

Gu Changsheng gently pressed his palm, motioned his men not to be impulsive, smiled at Xuan Xin and said:

"Chief steward, your sword, after I finish the array, the sword is inserted in the eye of the array and connected with the earth vein, which is inseparable."

"My cultivation is low, but I can't pull out the sword. I'm really sorry."

"You have boundless powers. You can try it yourself."

While talking, Gu Changsheng pinched the formula in his right hand. The central square of the array spirit hall boomed, and a huge array rose from the ground.

This array is a magnificent sword array, with sharp sword Qi flowing on it. In the center of the sword array, there is an inverted sword.

That sword, shiny and glittering, is like crystal, which can reflect people's faces.

On the body of the sword, there are several peach blossoms dotted. The sharp edge enhances a trace of elegant charm.

That is Xuanxin's peach blossom sword.

Ye Chen stared at the peach blossom sword, and felt that the sword was powerful. It seemed that Xuanxin was right. Over the ages, she really spent endless efforts and resources to continuously refine the peach blossom sword.

Now this peach blossom sword can be said to be a powerful weapon. If it is used by Xuan Hanyu, it will greatly enhance the strength of Xuan Hanyu.

Xuanxin looked at the sword array, and a trace of fear crossed his eyes.

The sword array takes the peach blossom sword as the core. The sword is fierce and unparalleled. If you step in rashly, you may be divided by ten thousand swords.

"Lord of reincarnation..."

Xuanxin asked himself that he couldn't win the sword, so he looked at Ye Chen.

Ye Chen nodded gently and said, "this is just a simple sword array. I'll go in and help you pull out the sword."

Gu Changsheng saw Ye Chen's confident and relaxed appearance, and was immediately surprised. He laughed dryly and said, "I've heard the name of the Lord of reincarnation for a long time, and it's a great honor to see it today. It's said that the array attainments of the Lord of reincarnation are sky penetrating, unparalleled in ancient and modern times, and I've heard it for a long time."

"However, I spent a lot of effort to arrange this sword array, and its lethality is extremely terrible. You are only a hundred flail realm after all, Lord of reincarnation. If something happens, the strong of your reincarnation camp will be investigated, and I can't afford it."

Ye Chen said, "don't worry, you sword array can't hurt me."

This confident words fell, and in the hall of the array spirit, many strong people were in an uproar, and felt that ye Chen was too arrogant.

They knew very well that the power of the peach blossom sword array was secretly arranged by the array spirit hall for Xuanxin, with the purpose of killing Xuanxin and seizing the position of the chief manager.

What kind of person Xuanxin is, she is an expert in the later stage of immeasurable realm. She may be killed by this sword array, let alone Ye Chen.

Gu Changsheng is worried that killing Ye Chen carelessly will cause serious consequences.

Even if reincarnation is majestic and lucky enough to survive, if he is hit hard, the price is not what he can bear.

People in the beacon field have no intention of fighting with the outside world, and naturally do not want to conflict with Ye Chen.

All that the front spirit hall did was to seek to seize the power of the beacon spirit palace!

After all, a beacon field is big enough to make them happy and control the life and death of hundreds of millions of people as long as they hold the supreme power.

Gu Changsheng was still worried: "I said in case..."

Ye Chen said with a smile, "don't be in case, if I really accidentally fall, it's my fault, and it has nothing to do with you."

After that, ye Chen didn't wait for Gu Changsheng to react, and directly strode into the peach blossom sword array.

Gu Changsheng was surprised, and many strong people in the spirit hall were also surprised.

Hiss hiss!

As soon as ye Chen stepped into the sword array, the whole sword array suddenly exploded, and countless sword Qi burst out, turning into a torrent, killing Ye Chen fiercely.

The ferocity of the sword was earth shattering.

When Xuanxin and xuanhanyu saw each other, they were all afraid.

Even in the face of such a terrible sword, they did not have the confidence to retreat.

"This array spirit hall, in order to kill me, it's really cost money!"

Xuanxin gnashed his teeth in his heart, and a burst of resentment.

It seems that in order to seize the position of her chief manager, the array spirit hall has spent so many resources to lay such a fierce array.

In the array, when countless sword Qi burst out, Gu Changsheng and many strong men in the array spirit hall all looked slightly pale.

Their faces were pale. They were not frightened by the sword Qi, but this sword array, which was connected with their blood. Once the sword array was opened, their blood would be consumed to provide strength for the sword array.

Ye Chen felt the fierce and terrifying sword spirit around him, and his face was still calm without any waves.

His footsteps, stepping in the sword array, followed a perfect track.

The terrible sword Qi around passed by him, close at hand, but it didn't hurt him.

All top-level arrays must have birth gate and death gate. Death Gate master kills, and life gate is the opportunity to break the array.

Ye Chen knew the structure of the peach blossom sword array at a glance.

With every step he fell, he stepped on the door of the array, step by step.

Chapter 8640

Those fierce sword Qi passed close by him, and did not hurt him at all.

Ye Chen walked casually towards the peach blossom sword at the center of the array.

Gu Changsheng and many of the strong men in the spirit hall were shocked. Unexpectedly, ye Chen was so relaxed that he broke the mystery of the sword array.

"Is this boy's array cultivation so terrible that he can see through the life and death track of my sword array at a glance?"

Gu Changsheng's heart contracted and he couldn't believe it.

Even if he saw it with his own eyes, he couldn't believe that there would be someone in the world. The array talent was so strong that he could see through the track structure of his supreme sword array at a glance.

Many strong people in the array spirit hall also heard the sound of backward breath.

Xuanxin was also excited and said to xuanhanyu, "fairy, the Lord of reincarnation, is the array cultivation so powerful?"

Xuanhanyu smiled and said, "as I said, there are few people in the whole world who can surpass him in terms of array cultivation. Today, you are lucky to have the Lord of reincarnation here, and your sword can be brought back smoothly."

Ye Chen came to the peach blossom sword step by step.

He took a deep breath, condensed his aura on his palm, and stretched out his hand to grasp the handle of the peach blossom sword.

Hiss!

As soon as ye Chen caught the peach blossom sword, he immediately felt a strong wave of forbidden killing, which burst out of the sword and came straight to his face.

"Hehe, it's really weird."

Ye Chen smiled. It seemed that the spirit hall did everything to murder Xuanxin.

In addition to the sword array, this peach blossom sword itself is also blessed with a special prohibition by the array spirit hall, and the killing breath is very fierce.

Fortunately, ye Chen was ready for it. He was aware of the divine light of the forbidden law and came to kill him. He held the sword in his right hand and urged the energy of the iron throne in his left hand. Unexpectedly, when he breathed, he turned the visible and intangible forbidden light into an iron arrow, and shook his hand and reflected it to Gu Changsheng.

The iron arrow pierced the air, sent out a sharp sonic boom, and shot at Gu Changsheng's face door.

Gu Changsheng was shocked, but he didn't expect Ye Chen to touch the forbidden law, which was not affected at all, and even wanted to kill him.

The iron arrow, with a fierce momentum and the energy breath of the Iron Throne behind it, was completely beyond Gu Changsheng's ability to resist.

"No, my life is over!"

Gu Changsheng's scalp is numb. Ye Chen is not only strong in array cultivation, but also earth shaking in martial arts.

This shot was enough to kill him, and he couldn't resist it at all.

Seeing Gu Changsheng's head, it was about to be pierced by an iron arrow, but at this time, the trajectory of the iron arrow suddenly shifted, passed over the edge of his head, and only cut off a strand of his hair.

Ye Chen left his hand.

He just wanted to scare Gu Changsheng, but he didn't really want to kill him.

After all, he had no grievances with Gu Changsheng.

The fight between the other party and Xuanxin, even if it was a meeting of life and death, was also a matter within the beacon spirit palace, and he would not interfere casually.

"Lord Gu, are you all right?"

Ye Chen smiled, pulled out the peach blossom sword and stepped out of the sword array.

After he walked out of the sword array, the sword array was not damaged at all. From the beginning to the end, ye Chen did not break the array, but followed the life and death trajectory of the array, guided by the situation, and took out the peach blossom sword.

As the peach blossom sword was taken out, the light of the sword array was also dimmed a lot, but the overall trajectory remained unchanged and still maintained a complete structure.

Seeing ye Chen's such means, everyone was shocked and admired.

Gu Changsheng's face was pale. He knew that ye Chen spared his life. His heart was shocked and admired. He knelt down on the spot and said, "Lord of reincarnation, your array and martial arts are indeed perfect. I admire you. I want to worship you as a teacher. Please teach me the supreme skill of array!"

He is the Lord of the array spirit hall. He has been studying the array all his life. At this moment, seeing ye Chen's array cultivation, so powerful and invincible, he sincerely admired it and directly knelt down to worship the master.

Ye Chen was stunned for a moment, and then burst out laughing. Unexpectedly, Gu Changsheng still wanted to worship his master.

"It's not necessary to worship the master. I'll pass you a volume of formation formula, and you can slowly understand it yourself."

Ye Chen's palm moved, and the Lingguang gathered, turning into a volume of secret script, which is the secret script of Brahma's divine skill, array formula.

This array of word formula originated from wanxu, which is very complex and profound. How much you can understand depends on the understanding of Gu Changsheng and others.

Gu Changsheng took over the secret script of the formation formula, was ecstatic, kowtowed and said, "thank you for the gift of the Lord of reincarnation!"

Many strong people in the array spirit hall also bow down to Ye Chen to thank him and praise him in unison.

Seeing that ye Chen raised his hand, Xuan Hanyu accepted the people in the array spirit hall and couldn't help nodding.

Ye Chen didn't think too much. He passed down the formula of array words, but he was interested.

"Lord Gu, I want to see the spirit ancestor of beacon fire. I heard that there is an array in your array spirit hall that can communicate with the spirit ancestor of beacon fire."

Ye Chen asked.

"Lord of reincarnation, it's not easy for you to see Shizu. Shizu never sees outsiders. It's against the rules to start the array to disturb him rashly."

"Moreover, the communication array is not up to me alone. I need the consent of several supreme elders."

"And those super elders, the Dragon sees the head but not the tail, don't appear several times a year, and I don't know where they have gone."

Gu Changsheng stood up and said in some embarrassment. He also wanted to help Ye Chen, but disturbing the beacon fire lingzu was very important. He didn't dare to make up his mind casually.
