

Physician 8681

Chapter 8681

He met the old man face to face, but he still couldn't see through each other's cultivation.

The old man's body is also unreal and unpredictable.

"Exactly."

The old man nodded.

He is the legendary hermit.

"Over the years, you have invited experts from all over the world to your hidden island in order to solve the mystery of Tiandou datu sword?"

Ye Chen fretted and asked.

"Yes, Lord of reincarnation, fighting datu sword on this day can be said to be the most powerful sword technique in the century Yuan Dynasty, ranking third in the thirty-three divine arts."

"The magic that is stronger than it, and the existence that ranks first and second, only exists in the concept of fantasy, and has not really come."

"Anyone who practices the Dagu sword can slash the invincible yuan of the current century and kill all gods. The slaughtering God is like slaughtering pigs and dogs."

Yin Shengdao, with a burst of yearning in his voice, couldn't hide his excitement.

After practicing the invincible sword technique, it is really invincible in the current century. No one can resist such a huge temptation.

Ye Chen saw the appearance of Yinsheng so eager, and then thought of the obsession of Wu Yao, Ji Siqing, feather emperor Aoxue and others, and his back couldn't help but feel a chill.

If he also went to study the mystery of doudatu sword that day, he might have been addicted.

"Lord of reincarnation, your talent is invincible. I invite you to come here this time to ask you to solve the mystery of swordsmanship."

"Once you crack it successfully, it's easy to kill Taishang invincible in the world. You can also deal with an enemy for me."

Yin Sheng's eyes are sharp and his way.

"How can you be so sure that I will help you?"

Ye chendao.

"Hehe, I've always heard that the Lord of reincarnation values love and righteousness. You learned Tiandou datu sword here. Such a big cause and effect must be repaid by you."

"I believe that night mother's eyes, even if I see the wrong person, she will not see the wrong person."

Yin Sheng smiled and believed ye Chen very much.

Besides, behind Ye Chen, there is the figure of Ye mu.

Ye Chen laughed and said, "master Yinsheng, I'm afraid I'm going to disappoint you."

"So many world masters have failed to crack Tiandou datu sword."

"Even you, a strong man from no time and space, are helpless. How can I crack it?"

After a pause, ye Chen's eyes burst with a cold light: "all my friends have fallen into captivity. I just ask my predecessors to be kind and let them recover."

In the end, ye Chen also showed his attitude.

He asked Yinsheng to save Ji Siqing, Wu Yao and others.

If Yin Sheng refuses, he will seize the control of Wu Tianbei at all costs, and then destroy Wu Tianbei to solve the problem from the root.

Yin Sheng felt Ye Chen's cold breath, and his face was a little stiff. He said, "they are immersed in the vast secret of Tiandou datu sword, and I can't wake them up."

"Lord of reincarnation, you can understand the mystery of this sword technique by yourself. When you succeed in understanding and answering questions for them, they will naturally wake up."

Hearing this, ye Chen raised her eyebrows and said in a deep voice, "do you want me to sink in?"

He knows himself very well. No matter how talented he is, it is impossible for him to understand the battle of the great butcher sword for at least ten thousand years.

Tiandou datu sword, just the number of words in the sword formula, is as vast as the stars in the universe. It takes thousands of years for ordinary people to simply read it through. If they want to understand it, they don't know how long it takes.

Seeing the end of the obsession of Ji Siqing, Wu Yao, feather emperor Aoxue and others, ye Chen was afraid that he would fall into it.

Ye Chen's palm is suddenly blue, and the reincarnation Heavenly Sword appears in the palm, ready to go.

It may be simpler to solve the hidden Saint directly than to understand the Tiandou datu sword.

He looked at Yinsheng coldly, thinking about the outcome of the battle.

Yin Sheng saw that ye Chen was ready to start, his expression was stiff, and he smiled, "Lord of reincarnation, don't be impulsive. I said I didn't mean any harm. In fact, I met a gifted man named Jingshen that year, and he realized a trace... Unfortunately, it was only a trace."

I seem to see the cause and effect of God silence from you. Have you been in contact?

Can you learn his martial arts? "

Ye Chen was slightly stunned. He never expected to hear the whereabouts of Ji Shen from Yin Sheng.

At the beginning, Jishen wanted to teach his unique knowledge, but he refused.

He did have cause and effect with the God of silence.

Is it really destined to be contaminated with the God of silence?

If you learn the martial arts of Jishen, will it be easier to understand the battle of datu sword this day?

Of course, all this is full of unknowns. At present, the most important thing for ye Chen is to wake up, jisiqing and others.

His eyes coagulated and looked at Yinsheng: "don't change the topic!"

Yinsheng obviously felt that ye Chen was a little angry, and hurriedly said, "there is a simple way to wake up your people."

Ye Chen said, "what can I do?"

Yin Sheng said, "feed them to drink your reincarnation blood, and they will naturally wake up. They are indeed possessed by magic, but your reincarnation blood can change all demons, but this consumption for you is very huge."

Ye Chen said, "I don't care. Thank you for telling me. Then I'll leave first."

Knowing that there was a solution, he was worried about the safety of the women, so he wanted to get up and leave.

"Hehe, did you come to see me so hard and just leave?"

Yin Sheng laughed.

Ye Chen felt a chill in his heart. He came to yindao after thousands of hardships. He really didn't want to go there in vain.

He wants to know the secret of the heavenly heart from the hidden saint!

Thinking again and again, ye Chen sat down again, stared at Yin Sheng, and asked solemnly:

"Master Yinsheng, I want you to know the purpose of my trip. If it's convenient, please tell the secret of tianxinyu."

"In return, what enemy do you want to deal with, I can do a little bit."

Ye Chen's tone was quite modest, but he didn't ask Yinsheng for help in vain, and he also offered chips.

Since Yinsheng has an enemy to deal with, he can also help, but he doesn't know who the enemy is.

The hidden Saint smiled and said, "my enemy is so powerful that it's so powerful that you want to deal with him, unless you practice fighting datu sword all day."

Ye Chen's heart sank and said:

"I don't know who the enemy of the elder is?"

Yin Sheng said, "he is the incarnation of Tianbei, the master of Tianxin domain, and the ancestor of Tianxin."

Ye Chen was shocked when he heard the word "heavenly heart and ancestor".

In fact, he had expected for a long time, but when he heard the name of the ancestor of Tianxin, he still felt the turbulence of heaven, as if all time and space were shaking and his head was buzzing.

Seeing ye Chen's expression, Yin Sheng smiled bitterly and said, "you can guess the strength of Tianxin ancestor."

"Well."

Ye Chen clenched his palm and opened it again. His muscles tightened involuntarily, as if he were facing a dangerous beast.

The ancestor of Tianxin is the embodiment of Tianbei.

Chapter 8682

The energy of Tianbei is unimaginable terror, which is stronger than the magic weapons such as the emperor's ancient clock, the emperor's holy knife, the emperor's Divine Book and so on.

Even if the energy hidden in the Tianbei can be brought into full play, even the supreme artifacts such as the Golden Wheel of the emperor of heaven, the ancient sword of sin and so on cannot be compared.

Ye Chen has been to the future era. In the future, he died under the hand of the heavenly daughter, and all the people in the reincarnation camp were also slaughtered.

There is only one way to change this future, that is to find Tianbei!

The enemy of the hidden saint is the incarnation of Tianbei, the ancestor of Tianxin, which is indeed unparalleled powerful.

Even ye Mu and Ren Feifan failed to find the slightest clue to the entrance of the Tianxin domain opened by Tianxin ancestor.

It was a fantasy world, completely absent from reality.

"Elder, how on earth did you get enmity with Tianxin Laozu?"

Ye Chen stared at Yinsheng and asked.

"It's a long story. It was a long time ago..."

Yin Sheng sighed, his eyes with endless vicissitudes and desolation:

"I was defeated by the dusk giant, seriously injured, and fell from no time and space."

"After I recovered from my injury, I traveled everywhere to find a way to return to Wuwu."

"Father Tianxin found me. I went to Tianxin with him and saw Tianbei."

"That tablet of heaven... I can't describe it in words. In short, it's incredibly powerful. The energy contained in it should be no problem if it all erupts and destroys half a timeless space."

When it comes to the Tianbei, the tone of Yinsheng is also with shock and admiration.

It is a great existence beyond the supreme artifact, and it is the extreme of reincarnation.

It can even be said that Tianbei is the most terrifying, powerful and invincible thing in all ages, representing the will of "heaven" and the ultimate will.

Ye Chen also praised.

He has got nine of the ten reincarnation Xuan steles, but the energy of the nine steles in front is not as powerful as the Tianbei.

If he can take charge of the Tianbei, ye Chen estimates that his reincarnation blood can also be restored.

"Father Tianxin told me that he wanted to really take charge of Tianbei, and he asked me to help."

"He said that after he took charge of the Tianbei, he could take me back to wuwuwuspacetime."

"But I know that no one is qualified to take charge of the Tianbei except the legendary Lord of reincarnation, not even the ancestor of Tianxin!"

"Although the ancestor of Tianxin is the incarnation of Tianbei, in fact, he is just a tablet spirit, equivalent to the existence of the soul of an instrument. He can mobilize a small part of the energy of Tianbei, about one in ten thousand. It is far from being in full charge."

"What he wants is to really control Tianbei, unwilling to be a tablet spirit, and he wants to become the master of Tianbei!"

Hidden path.

"What is the strength of Tianxin Laozu... Exactly?"

Ye Chen couldn't help asking.

The ancestor of Tianxin didn't completely control Tianbei and could only mobilize one tenth of the energy, which was naturally good news for ye Chen.

Now he just wants to know exactly the strength of Tianxin Laozu.

"It should be similar to the ancient emperor Yu Huang, and his skills should be more powerful. After all, he was born from the stele and was born with many laws without time and space, such as fantasy creation, causality and so on."

Hidden path.

"Is it similar to the feather emperor?"

Ye Chen's heart vibrated and he immediately felt thorny.

On the other hand, he was also shocked.

The energy of Tianbei is really terrible.

Tianxin Laozu, who only controls one tenth of the energy, has the same strength as the ancient emperor Yu Huang.

It's unbelievable terror to have complete control.

As the hidden Saint said, it is also very possible to destroy half a timeless space.

"In terms of attack and killing power, the ancestor of Tianxin is equivalent to the ancient emperor Yu Huang, but his life is much stronger than the ancient emperor Yu Huang, and he is almost indestructible."

"He has the secret of fantasy and the law of cause and effect. Even if he dies, he can be raised from fantasy. It is very difficult to kill him."

"I once tried to summon the Lord of the Apocalypse to come, sneaked in and killed him, but unfortunately he came back to life."

Yin Sheng sighed deeply and his face was full of melancholy.

"Can this heavenly ancestor be raised indefinitely?"

Ye Chen's face trembled.

"Without space and time, many strong people have the means of resurrection. Their tracks are all over thousands of time lines, and even fantasy time lines. If you want to kill a strong person without stepless, you need to erase all the time traces of his existence in order to really kill him, otherwise they will be infinitely resurrected."

"However, due to the limitations of the law, these outrageous means of resurrection are difficult to perform in the real world. Only that day, with the energy of Tianbei, xinlaozu can achieve infinite resurrection even in the real world."

Hidden Saint helpless way.

"How do you kill Tianxin Laozu?"

Ye Chen feels more and more thorny.

If he wants to refine the Tianbei, the ancestor of Tianxin is a threshold that cannot be crossed and must be solved.

"Hehe, as long as you can practice Tiandou datu sword and cut it out, it's enough to break Tianxin's ancestor into pieces. Your enemies, such as the Emperor Yu, the demon ancestor Wutian, the goddess of heaven, and so on, can't stop the edge of Tiandou datu sword."

Yin Sheng laughed.

Hearing this, ye Chen's eyes suddenly sank.

Yin Sheng said so much, in fact, he wanted to practice Tiandou datu sword.

However, ye Chen knew that the sword technique was too complicated, too mysterious, too abstruse, and even he could not understand it.

Even if you want to understand, you must find the silent God.

Ji Shen is a little mysterious. Ye Chen faintly feels that this person can also create a fantasy world.

And Jishen also has his layout. Once he enters the layout of the other party, the cause and effect will be more complicated.

The game between reincarnation and Yu Huang, or even Wuwu, is very complicated.

Now Wu Yao, Ji Siqing, Yu Huang Aoxue and others are all addicted to magic. Ye Chen is afraid that after his practice, he will also be addicted to magic and cannot wake up again.

"Elder, please forgive me for my stupid qualifications. I can't practice datu sword this day."

Ye chendao.

"Hehe, Lord of reincarnation, if you can't practice, there will be no one who can practice that day."

"Well, I also know that fighting datu sword this day is indeed too abstruse.

The silent God also understood, only a trace. "

"It is said that Tiandou datu sword is a peerless strong man. It took hundreds of millions of years to create it from fantasy. Later, by chance, it fell into my hands."

"At dusk, the giant wanted to kill me, not only to seize my Dharma protector position, but also to snatch this sword."

"Unfortunately, this sword technique is too abstruse. I understood millions of eras in the cycle of time, and I couldn't understand it. I was once addicted to magic. If it weren't for the Lord of the Apocalypse to wake me up, I might not be able to get out."

Yinsheng mentioned the past, and there was another sigh.

Chapter 8683

"Master, since you know the complexity of Tiandou datu sword, do you still call me to practice?

Even harmed so many people outside. "

Ye Chen murmured.

"Father Tianxin wants to kill me. In order to protect myself, I can only summon many geniuses and great masters in the world to understand the sword together, hoping to create miracles, but it's a pity..."

"But I won't give up. Others can't create miracles. Lord of reincarnation, you can!"

Yin Sheng stared at Ye Chen with bright eyes.

Ye Chen looked at Yin Sheng's eager appearance, and he couldn't help sighing. "Elder, you look up to me too much, and I also want to help you, but I'm afraid I can't understand it that day, and I may even be addicted to it and can't extricate myself."

The enemy of the hidden saint is the ancestor of the heavenly heart.

If ye Chen wants to accept Tianbei, he also needs to solve the problem of Tianxin Laozu.

If he can, he certainly wants to help Yinsheng, but it is almost impossible.

Now, he didn't even find the entrance to the heaven heart domain.

Yin Sheng said, "Lord of reincarnation, I believe you, you can try your spiritual strength first. With your spiritual will, you can resist the magic of Tiandou datu sword and keep awake."

While talking, the hidden Saint offered a page.

This page of the book reveals the ancient and mysterious silence, as if it could destroy everything.

The gray mist floated on the page, and the characters shining under the mist were faintly visible.

When ye Chen stared at those characters, he even seemed to hear the Buddha's Sanskrit singing, annihilating the world, and his breath was solemn.

"What is this?"

Ye Chen was surprised.

"Miracles eulogize the world. The hidden Saint urged the pages in his hand, and a terrible field full of silence suddenly appeared at Ye Chen's feet.

At the center of the field is a terrible black hole vortex, which seems to annihilate everything and engulf everything.

Standing on the black hole, ye Chen felt a strong suction, trying to devour himself and crush everything.

"Ye Chen's face sank, his reincarnation blood ran, and his body was like a rock, resisting the devouring of the silent black hole.

This black hole, the silence breath is extremely terrible, and even wants to crush Ye Chen's spirit.

Ye Chen holds yuan Shouyi, and runs the reincarnation holy soul heaven and Wu Zu Daoxin, always maintaining spiritual stability and not being hurt by the black hole.

Rao was protected by Ye Chen in every way. His spirit still felt bursts of severe pain, as if he had been thrown into a big millstone and grinded constantly.

However, ye Chen did not start with Yinsheng.

He knew that Yinsheng was testing himself, trying to test the strength of his spirit.

Ye Chen also wants to see how strong his spirit is.

Under the constant grinding of the Taoist book "silence the sky", ye Chen's spirit has been tortured, but the spirit has also been strengthened.

After holding on for an hour, ye Chen finally couldn't stand it. With a crash behind him, the wings of freedom spread out and flew out of the field of the silent sky, getting rid of the grinding of the black hole.

"Master, your Taoist book" silence the sky "is a little too scary."

Ye Chen took a deep breath and looked at the page of Yinsheng's "silence the sky", his spirit was still a little torn like pain.

If he doesn't get out again, his spirit may be crushed alive.

"Lord of reincarnation, you can bear the pressure of my annihilation book for an hour, which is enough to prove the strength of your spirit. You are qualified to practice Tiandou datu sword!"

Seeing ye Chen's persistence for so long, Yin Sheng couldn't help showing a look of excitement.

Annihilating the book of heaven is a miraculous Ode to the world. Even if it is just a page, the coercion is as fierce as heaven.

Ye Chen can resist, which is enough to prove his qualification.

“.....”

Ye Chen frowned slightly, thinking in her heart.

Dang, Dang, Dang——

Just at this time, there were bursts of bells outside.

This chime, with a melodious, ancient and thought-provoking breath, makes people listen to it, and their hearts and souls vibrate, such as enlightening, such as thunder.

It turned out to be the chime of the emperor's ancient clock.

"The feather emperor is coming!?"

Hearing the bell, ye Chen and Yinsheng looked at each other, and their hearts were shaking.

"The coordinates of my hidden island are so secret that I can't even find the ancestor of Tianxin. How did the emperor find it?"

Yin Sheng's face was rather ugly, and he immediately took Ye Chen and walked out.

When the two came to the temple, they could only hear the bell of the emperor's ancient clock echoing in the temple. Many martial artists heard the bell, and they all recovered from their obsession.

When ye Chen saw Wu Yao and Ji Siqing, he seemed to be awake, but he just woke up, still confused.

Boom!

At the dome above the temple, there was a terrifying roar of air, such as thunder explosion, and space distortion everywhere.

An old figure, majestic as a king and domineering as a God, stepped through the void and fell in the temple.

It's the feather emperor!

At the moment, there is a faint floating weather of the emperor's ancient clock behind the feather emperor, and the ancient bell beats one after another, shaking people's minds.

Then, beside the ancient emperor Yu Huang, there appeared one by one masked dharmapala Yasha.

One of the Dharma guardians, Yasha, has a particularly powerful breath, which is earth shattering and distorts reality.

He slowly took off his mask, revealing a cold face.

Chapter 8684

It's actually emperor Tuo Tianzong, one of the top ten Yaksha, futu Xuan!

Ye Chen's eyes immediately contracted, and he recognized that this futu Xuan was one of the ten strongest Yasha of the emperor Tuo Tianzong!

This futu Xuan is also the director of Wu Ji Dao Shu.

Xiao Jing, the daughter of lingzu of beacon fire, was badly hit by futu Xuan.

Ye Chen did not expect that futu Xuan actually came to the real world, and even followed the ancient emperor.

"Your Majesty, miss Aoxue is there."

Futu Xuan pointed down and saw the feather emperor Aoxue, who had recovered from his obsession.

The Jade Emperor nodded. In fact, he was quite unhappy when he heard futu Xuan call himself "ancient god".

Because he is the ancient emperor, self-confidence is a unique existence.

The so-called Tuodi ancient god is only his future body, not him.

However, the feather emperor did not point out.

After all, in the eyes of many Dharma protectors, Yuhuang ancient emperor and Tuodi ancient god are the same person, and they are the supreme gods they want to protect.

"Adoptive father..."

The feather emperor Aoxue stared at the feather emperor stupidly, and also came back to his mind. He remembered that he had just been possessed, and was actually intoxicated in the mystery of Tiandou datu sword, and his back was cold.

"This sword technique is strange!"

The feather emperor Aoxue Qiao's face changed, and he waved his sword to cut off the wall in front of him, trying to cut off the words on the wall, but it seemed to cut on the air, and the sword gas directly penetrated.

This temple, obviously, also has a fantasy law track, and it is not easy to destroy it.

"Aoxue, I told you not to come to yindao. Why do you still come?"

The feather emperor looked down at Aoxue and said coldly.

"Sorry, adoptive father..."

The feather emperor Aoxue was sweating hard. He knew that he almost caused a disaster and quickly admitted his mistake.

"Yin Sheng, it turns out that the secret of fighting datu sword this day is actually in your hand, hehe..."

"My family Aoxue came to you this time, which was also regarded as my guide to the secret of heaven, and I finally found your place."

"That day, fighting the big Tu sword will be my wanxu!"

"Fu Tu Xuan, take this Wu Tianbei!"

The ancient emperor Yu Huang carried his hands on his back, glanced at Ye Chen and Yin Sheng, sneered and shouted again.

He didn't do it himself. After all, he was injured by Ren Feifan before. Now he is recovering from his serious injury and is not suitable for activities.

"Yes, your majesty!"

Futu Xuangong took orders, and as soon as he grabbed it with his big hand, he would take away the Wu Tianbei suspended in the middle of the temple.

The secret of the legendary Tiandou datu sword is hidden in the Wu Tian stele.

"Dare you!"

Yin shengdun was furious at that time, and bent his fingers. The law of time and space turned into a long river. It was like an exercise, and he was gushing towards futu Xuan.

"Eh?"

Fu Tu Xuan felt the fierce breath of Yin Sheng, and couldn't help but be surprised. He stepped back to avoid the blow of Yin Sheng.

"I thought you were hit hard by the dusk giant and have become a waste. I didn't expect you to be able."

Futu xuandao.

Yin Sheng snorted and didn't answer.

At this time, the second envoy of Fengyun, with some guards of the hidden Island, rushed in from the outside.

Seeing the tense situation on the scene, Fengyun and his two envoys were dignified.

"Lord of the island, the guard array is temporarily invalid..."

The wind messenger whispered.

The magic tree god, the guardian of yindao, was killed by Ye Chen, resulting in many large arrays that lost their effect.

In fact, even if the Immortal Emperor master comes, he may not be able to kill the tree god.

After all, tree gods are illusions, which can escape into the concept of fantasy and avoid all deforestation.

However, ye Chen's reincarnation blood can crush the illusion.

The fire of his Taoist spirit also restrained the tree god to death, which eventually led to the fall of the tree god and made many large arrays in yindao ineffective.

"It doesn't matter, my hidden island is doomed to this disaster."

Yin Sheng waved his hand and didn't mind. His eyes were a little cold, looking at the ancient emperor at the dome.

"Yin Sheng, give me this Wu Tian stele and I'll go right away. How about it?"

The feather emperor also looked at Yinsheng and said coldly.

After all, Yinsheng was once a strong man without time and space. Even now, he is declining, but his cultivation strength is still strong and cannot be underestimated.

The Jade Emperor didn't want to tear his face, as long as he could get the Wu Tian monument.

This Wu Tian tablet can be said to be the most precious thing in yindao. The legendary Tiandou datu sword is engraved on it.

"The Lord of reincarnation is here. Don't you want to kill him?"

Yin Sheng asked.

"Hehe, this boy, sooner or later, I will break him into pieces, but not now."

"Now, I just want Wu Tianbei!"

The ancient emperor Yu Huang gave Ye Chen a cruel look.

He certainly wants to kill Ye Chen, but he is not absolutely sure now.

Reincarnation is extremely prosperous. Where is it so easy to kill?

Besides, Wu Yao, Ji Siqing and others are here now, and they will also fight side by side with Ye Chen.

The ancient emperor of the feather emperor used the ancient clock of the emperor of heaven to awaken the emperor of the feather Aoxue, and indirectly awakened Wu Yao and them.

Now Wu Yao and Ji Siqing have all regained consciousness, returned to Ye Chen and watched the ancient emperor with vigilance.

In fact, even without the ancient emperor, ye Chen can wake them up with his reincarnation blood.

Yin Sheng heard that the ancient emperor of the feather emperor only wanted the Wutian monument, and his eyes flashed a cold light, saying, "if you want the Wutian monument, unless you kill me first!"

The feather emperor's face twitched slightly and said, "do you really think I dare not do it?"

The words fell, and the feather emperor burst out a terrible sword all over his body. His hair, his eyes, his hands and feet, his whole body up and down, all spewed out the sword gas.

Chapter 8685

That's the merciless and ruthless sword intention of heaven's sin!

"Your Majesty, ancient god, never!"

Futu Xuan was surprised to see that the ancient emperor Yu Huang wanted to do it himself.

Now that the ancient emperor Yu Huang is recovering from his serious injury, it is not suitable to start.

"Adoptive father!"

The feather emperor Aoxue was also surprised and wanted to go back to the feather emperor to dissuade him.

However, the ancient emperor Yu Huang was surrounded by a thin sword, and no one could get close to him at all.

I saw thousands of sword intentions, thousands of sword Qi, gathered a huge sword shadow, and cut it down from the temple dome.

This sword shadow is the shadow of the ancient sword of sin!

When the sword shadow of sin came, ye Chen's face was shocked, and he immediately felt the pressure of terror.

At the beginning, Ren tiannv was hurt by the sword of sin and almost fell.

This sin ancient sword can be described as the Tao book in the hands of the hidden saint in the world. It is only one page, and the power is also terrible and immeasurable.

Ye Chen also widened his eyes when he saw the atmosphere of the silent book of heaven.

He had been tested by annihilation, but it was only a test, not a real killing.

Now, the hidden Saint urges with all his strength to explode the killing breath of the annihilation book to the extreme.

This breath, even ye Chen felt extremely terrible, as if the whole person was going to be crushed.

I saw that the hidden Saint clapped his palm, and the thousands of Buddhas and Bodhisattvas in the Buddha Kingdom, which had vanished from the book of heaven, also clapped their palms together.

In an instant, time and space exploded, and the avenue seemed to be obliterated.

The violent silencing air waves bombarded the sky sin sword shadow of the ancient emperor Yu Huang.

Boom!

The collision between the silent air wave and the sword shadow of heaven sin immediately triggered startling waves.

The fierce sin sword cut out, and all the Buddha kingdom was cut out. The air sobbed, leaving only a piece of original pages.

However, the killing of the sword shadow of the sin of heaven was also completely consumed, and could not hurt the hidden saint.

This confrontation was a close match.

"Is a page of silent book so powerful?

Even my adoptive father's sin sword can stop it. "

The feather emperor Aoxue was shocked when he saw this scene.

The power of the silent book was far beyond her imagination.

You know, the Jade Emperor's sin sword Qi, even the Immortal Emperor can be killed. At the beginning, she was severely injured.

But I didn't expect that now I was blocked by the hidden saint.

"Feather emperor, do you still want to fight?"

Yin Sheng took charge of the silent book of heaven and said coldly.

In fact, he can block the sword of the feather emperor's sin. In addition to killing the book of heaven, it is also because this is a hidden Island, and he has the advantage of the earth's channels and Qi.

If you go outside, it's not necessarily.

After all, the ancient sword of heavenly sin is the highest artifact. Even if it is just a sword, it is enough to kill the Immortal Emperor, which is extremely terrifying.

There is only one page in the silent book of the hidden saint. It is very difficult to really fight.

The feather emperor listened to Yin Sheng's words, and his face was also very ugly.

He suffered too much in others' territory.

"OK, Yinsheng, you're lucky!"

"There's a kind of you hiding on this desert island all your life. If you dare to come out, I'll call you dead!"

The emperor clenched his teeth with resentment, "let's go!"

With that, he took futu Xuan, feather emperor Aoxue and others, turned around and tore the void away.

Hidden Saint occupies the advantage of the earth and Qi, and there is annihilation book. It is impossible for him to take away the Wu Tianbei.

People in the temple were stunned when they saw the emperor leave.

"Puff..."

Yin Sheng suddenly vomited blood and turned pale.

"Elder, how are you?"

Ye Chen hurriedly held Yinsheng and said.

"Cough... I can't die."

The hidden Saint wiped the blood from the corners of his mouth, and with a move of his hand, the Wu Tianbei fell from the temple air, reduced to the size of his palm, and fell into his palm.

"Take this Wu Tianbei and Ji Mie Tianshu, go, go now. The ancestor of Tianxin will come soon, and it will be too late if you don't go!"

Yin Sheng pasted the annihilation book on the Wu Tian stele, and then handed it to Ye Chen.

"Is Tianxin Laozu coming?"

Ye Chen was thrilled.

"Yes, he has always wanted this annihilation book, but I won't give it. Now that the breath of the book is exposed, he will definitely catch it."

Hidden saint's eyes are full of worry.

At the beginning, he was invited by the ancestor of Tianxin to enter the realm of Tianxin, in fact, it was because of the annihilation of Tianshu.

The ancestor of Tianxin wanted to rely on this annihilation book to suppress the breath of Tianbei, so as to take charge of Tianbei.

However, Yinsheng didn't promise.

Because he knew that the breath of Tianbei was too terrible, and it was impossible to suppress it just by relying on a page of silence Tianshu.

If the suppression fails, he will be backfired, and the gains outweigh the losses, so he never promised.

He refused to agree, and the ancestor of Tianxin kept him under house arrest and didn't let him leave Tianxin domain.

As a last resort, the hidden Saint summoned the supreme Apocalypse to come and killed the father of the heavenly heart. Unfortunately, he failed to erase all the time lines and was resurrected by the other party. From then on, the two sides formed a dead feud.

"You can trace the whereabouts of Tianxin domain by relying on Wu Tianbei, but I tell you, don't go to Tianxin domain before you practice Tiandou datu sword, otherwise you will die!"

"In the territory of Tianxin Laozu, he can slap you to death with a slap!"

Hidden Saint gave a serious warning.

Tianxin domain is the fantasy world created by Tianxin Laozu. In that world, Tianxin Laozu is an absolute God, and even the Immortal Emperor is in danger of falling.

If you want to deal with Tianxin, you can only rely on Tiandou datu sword.

Ye Chen nodded solemnly. Now Wu Tianbei was in his hand. The stone tablet was very heavy.

Ye Chen knew that he was completely involved in the vortex between Yinsheng and Tianxin Laozu.

He took Wu Tianbei and wanted to leave.

But at this time, ye Chen's heart jumped violently. It seemed that he felt some force, such as a curse, trying to erode his life and kill him alive.

Chapter 8686

That is the power of the law of cause and effect!

Someone launched the law of cause and effect, trying to rely on the rules of cause and effect and directly erase Ye Chen!

Ye Chen was shocked. He had already suffered a loss in the hands of the perfect saint.

Now, he has an extremely acute sense of the law of cause and effect.

As soon as ye Chen realized that the curse of causality was coming, he immediately pulled out the reincarnation Heavenly Sword, and the sword light protected his body, blocking the effectiveness of this curse.

Reincarnation Heavenly Sword is closely connected with reincarnation blood.

The stronger Ye Chen is, the stronger this sword is.

Nowadays, in terms of edge, reincarnation Heavenly Sword is not better than human imperial sword, but the protection of life and blood is very powerful, which can protect reincarnation blood from damage.

"The Lord of reincarnation is really extraordinary. He can be so easy, which blocks my causal law."

An extremely old voice sounded from the void.

Then, a white haired old man wearing a robe and leaning on an iron cane slowly tore the void and appeared in front of the crowd.

This old man looks very strange, with no sense of reality, only the distortion of fantasy. It seems that he is just a phantom, not his own.

"Father Tianxin, you did come!"

When Yinsheng saw the old man, he was shocked and couldn't keep calm anymore.

This old man is the father of the heart of heaven!

Ye Chen was also on alert when he saw the appearance of Tianxin Laozu.

The curse of the law of cause and effect just now is obviously issued by the ancestor of Tianxin.

Father Tianxin wants to kill Ye Chen.

However, ye Chen reacted very quickly and did a good defense in time without being injured.

If he is really cursed by Tianxin, ye Chen will definitely be seriously injured, but of course, he will not die.

The law of cause and effect also has limits. If you want to rely on the law of cause and effect and directly erase samsara out of thin air, it's really too difficult. No one in the world can do it.

"Brother Ye Chen, the old man seems to be just a separation."

Wu Yao stood beside Ye Chen, looking at the father of Tianxin with vigilance, and whispered.

The father of the heavenly heart seems to be separated.

Tianxin Lao Zu smiled and said, "yes, little girl, I'm just separated together. I don't want to tear my face with you, as long as you are knowledgeable."

Ye Chen said, "what is wit?"

Father Tianxin said, "don't dream of stepping into my world. I don't welcome outsiders."

Ye Chen said, "then hand over the Tianbei. The Tianbei is part of the reincarnation blood. You are not qualified to possess it. Besides, let Miss Xiao Jing go!"

Father Tianxin said, "hehe, is that Xiao Jing?

She is the disciple of the God of water. I won't hurt her, but she can't get out in my world. "

"My heavenly heart is a world of fantasy. If people in the real world come in, they can't go out again."

"In addition, you say that Tianbei is a part of reincarnation blood?

It's really a big boast. This tablet belongs to me, and no one is qualified to take it! "

Speaking of the end, Tianxin Laozu's eyes were exposed, full of ferocity.

Hiss!

He raised his crutch with the palm of his hand. The tip of the crutch pierced the air and stabbed at Ye Chen's heart.

This attack is ordinary, but in fact, it has the energy of causality. As long as it takes an attack, it can hit the enemy's heart and kill people without any deviation.

Just like Ji Siqing, who killed Ye Linyuan in front, he also used the law of cause and effect to directly pierce the heart.

However, the application of the law of cause and effect by the ancestor of Tianxin is much more skilled than Ji Siqing, and has reached the point of being proficient and handy.

Ye Chen also felt his scalp numb when he saw the stick stabbing.

Before the tip of the crutch was stabbed, ye Chen seemed to have seen his end, that is, to be stabbed to death.

In the crisis, ye Chen is ready to break out the Dragon life star confrontation.

This is the only way!

But at this time, hidden Saint shot.

The hidden Saint waved a palm, and the silent Rune appeared in the palm, so he grabbed the crutch of the father of Tianxin and cut off the attack of all causes and effects.

The annihilation script has been sent to Ye Chen, but the palm of Yin Sheng can also bloom the annihilation rune, which shows that his participation in the study of the annihilation script has also reached a magical level.

Even if there is no heavenly book in hand, there is still a terrifying threat of extinction between hands and feet.

Seeing this scene, the father of Tianxin suddenly shook his face, and his voice was angry and sad, saying: "Yin, your silent Tianshu cultivation is much stronger than before, why don't you help me?

As long as you help me, it's enough to suppress Tianbei by using the power of annihilation Tianshu. "

"If I take charge of Tianbei, I can take you back to wuwuwuspacetime, and I can achieve hegemony in the future. I can't do without you."

Yin Sheng shook his head and said, "I only have one page of the silent heavenly book. How can I suppress the heavenly monument?"

The ancestor of Tianxin said, "the complete extinction book has long been lost, and I know it."

"However, as long as I have a page of heavenly books and a foundation, I can recreate loneliness from my fantasy."

Yin Sheng said, "it's impossible to recreate the silent book of heaven. No one can do it."

The ancestor of Tianxin said sadly, "Yin, you still can't trust me. I've begged you for millions of years. You've always refused to give me the heavenly book, but now it's easy to give it to an outsider!"

He looked at Ye Chen, full of hatred and jealousy.

"Well, I'm fighting hard today to kill you all."

"Annihilation Tianshu is mine, and Tianbei is mine!"

Father Tianxin's face was distorted, his aura exploded, and his momentum soared.

The original unreal body gradually became real, flesh and blood.

He actually wanted to summon his true body to come at any cost!

Once Tianxin Laozu comes, the scene will be out of control.

Chapter 8687

"Demon star sea, the source of evil, broken!"

Suddenly, at this time, a young voice sounded.

A man in a black robe came through the void, and with a little finger, a black light full of guilt and filth burst out, shooting on the body of the father of Tianxin.

The real body of Tianxin Laozu was hit by this filthy black light before it really came.

In an instant, the half real and half unreal body of the father of Tianxin was eroded by filth, hissing, and finally turned into white smoke and dissipated.

"Demon Zu Wutian, it's you..."

Before the body dissipated, Tianxin looked back at the man in black, showing an incredible look.

The black robed man who shot turned out to be mo Zu Wutian.

However, now the appearance of the devil ancestor Wutian is very young, and his eyes are also very clear. He is not so much Wutian as Guichen.

"Guichen, is that you?"

Ye Chen stared at GUI Chen and said.

"Brother ye, it's me."

Guichen's voice is also very complex.

"I've seen my grandfather!"

The leader of the sword sect, Zhang Qingyu, came forward and hurriedly bowed down to say hello.

"I'm not Lao Zu. My body and Lao Zu's have fused. Now we share one body, but one body and two souls, and the soul has not yet run in."

"In ordinary times, it is the autonomy of Lao Zu to control the body, but now he is preparing to ascend to the throne of death and is in seclusion. I temporarily control the body."

GUI Chen explained to Zhang Qingyu.

"I see. Then... I've seen master Guichen."

Zhang Qingyu immediately changed her mind.

"Master Yinsheng, my father asked me to say hello to you."

Guichen bows to Yinsheng.

When Mo Zu Wutian was young, he was taught the magic skills by the hidden saint, and the relationship between them was not shallow.

"Alas, this is really..."

Yin Sheng looked at Guichen and ye Chen. He had nothing to say.

When he met devil Zu Wutian in those days, the latter was still a young man. At that time, it was still the old era. Unexpectedly, there would be such a situation today.

"Guichen, why are you here?"

Ye Chen asked.

At the beginning, he and Guichen fought bitterly in the battle of supreme merit.

But at the moment, GUI Chen's eyes were calm and clear. It seemed that the past disputes had been put down, showing the charm of a holy ancient Buddha, and behind him seemed to have an aperture.

Hearing Ye Chen's question, GUI Chen was still polite and said, "brother ye, it's my grandfather who asked me to help you."

Ye Chen was stunned and said, "demon Zu Wutian wants to help me?

It's impossible. He can't wait for me to die. "

GUI Chen smiled and said, "brother ye, in fact, this is a deal, a deal between my grandfather and Yemu."

Ye Chen's mind moved slightly and said, "the one who wanted to help me was not the demon ancestor Wutian, but the night mother?

What do you want to trade? If you just want to redeem your heart for once, it's too cheap for you. "

Although Tianxin Laozu is powerful, ye Chen is not easy. If he really wants to fight a decisive battle, he may not lose.

After all, this is the hidden Island, the territory of the hidden saint, not the territory of the father of Tianxin. Ye Chen also has advantages here, occupying all the earth's energy.

GUI Chen said, "in order to save me, my grandfather mortgaged his heart to the Qinglai chamber of Commerce for at least one year, but he couldn't wait and wanted to redeem it immediately."

"This time he helped you. It can be regarded as getting chips. You can redeem your heart in advance, but you still need to prepare a large amount of ransom money."

Ye Chen said, "I see."

He understood that the original magic ancestor Wutian helped him to trade with Yemu and redeem his heart again.

If Mo Zu wudian takes back his heart, his physical body can be restored to perfection, and at that time, his strength can be further improved.

Ye Chen's heart was slightly dignified. Looking at Guichen, he felt that Guichen's breath was powerful and unparalleled, and there was the supreme spirit of the devil's way. If his body was perfect, he might even be detached from reality and prove death.

"Brother ye, this may be the last time we meet."

GUI Chen smiled: "see you next time. I think my grandfather has taken back his heart. After his body recovers, my soul will also be swallowed by him."

"At that time, there will be no return to the world, only Wu Tian Lao Zu."

Ye Chen saw his broad-minded smile, but there was a hint of sadness behind him, and asked, "do you regret it?"

GUI Chen laughed and said, "don't regret it. I was originally the incarnation of the good thoughts of the old ancestor and a part of his soul. He devoured me, and I just returned to the source."

Ye Chen heard him say he didn't regret it, but he saw in his eyes that the hidden worry and fear of death could not be covered up anyway, thinking, "maybe I can win back to dust."

But this idea is just a thought. It's too difficult to realize it.

"Brother ye, I'm leaving first. I hope you can turn fighting into friendship with your ancestors in the future."

GUI Chen saluted with ten lines, and then took Zhang Qingyu to leave.

Ye Chen smiled bitterly. It was absolutely impossible for him and Mozu Wutian to reconcile.

Mo Zu Wutian wants to capture the demon Xinghai and Jin is the God of death. For this alone, ye Chen is doomed to never die with him.

In the temple, many cultivators looked at each other silently.

People who used to be addicted to the devil because of the understanding of Tiandou datu sword have now regained consciousness.

The feather emperor came, the heavenly heart ancestor appeared, and the return of dust came. All kinds of changes dazzled them.

Yin Sheng sighed and said to Ye Chen, "Lord of reincarnation, take Wu Tianbei and leave here. You have been involved in this vortex. It's up to you to kill Tianxin Laozu in the future."

The ancestor of Tianxin is the spirit of Tianbei. His cultivation is extremely profound. His control over the law of cause and effect and the law of fantasy is unparalleled in the real world.

He can even be raised indefinitely!

If you want to really kill Tianxin, you can only rely on the Tiandou datu sword engraved on the Wu Tian monument.

"Yes!"

Ye Chen nodded solemnly. Although he knew that Tiandou datu sword was profound and complex, he would not give up anyway.

Many cultivators in the temple heard that ye Chen was going to take away the Wu Tianbei, and immediately there was a commotion.

Yin Shenglang said, "if you want to continue to understand Tiandou datu sword, you can follow the Lord of reincarnation in the future. The sword formula of Tiandou datu sword is in his hand!"

The whole audience was in an uproar when these words fell.

That day's fight against datu sword was broad and profound, subtle and mysterious. Now everyone has regained consciousness, but they still don't forget the formula of that day's fight against sword.

"I am willing to follow reincarnation, as long as I can continue to cultivate Tiandou datu sword!"

"I am also willing to follow reincarnation. I heard that the Lord of reincarnation has unparalleled talent. If you understand Tiandou datu sword with him, you will gain a lot."

At present, there are many cultivators in the field who want to follow Ye Chen.

"Miss Wu Yao is the Taoist companion of the Lord of reincarnation. We should also be devastated by reincarnation."

In the past few days, the top elders of Wuxian sect also sincerely followed Ye Chen.

Chapter 8688

Soon, all the cultivators bowed to Ye Chen and praised the greatness of reincarnation.

Ye Chen was stunned at first and then overjoyed.

Many of these cultivators are the strong ones who disappeared from the world in the past, and even many of the top combat power of tianwuxianmen. They all submit. The power of Ye Chen's reincarnation camp is definitely going to soar. This is a great opportunity!

"Thank you."

Ye Chen arched his hand, and his heart was full of joy.

Yin Sheng said, "Lord of reincarnation, although these people were once too strong in the world, they haven't fought for too long after all, and their strength has declined seriously. It still takes time to cultivate them if they want to truly transform into your reincarnation."

Ye Chen said, "I know. Thank you for reminding me."

Although the strength of those cultivators is indeed declining, after all, the foundation is still there. In the future, they will be trained and recovered. They are definitely a backbone of combat power.

"Elder, where do you want to go next?"

Ye Chen asked again.

"The hidden island has been exposed. I can't stay here anymore. I'm going to look for the shelter of the God of grass."

Yin Sheng sighed.

"God of grass?"

Ye Chen's heart jumped.

"Yes, I have a little friendship with the God of grass. If she is willing to protect me, I can temporarily avoid the pursuit of Tianxin Laozu."

Hidden path.

"Elder, I also want to visit the God of grass. If you see her, please introduce her for me."

Ye chendao, Sun Yi was selected by the God of grass and is the successor of the future God of grass. He also wants to meet the God of grass for Sun Yi.

The hidden Saint showed a look of embarrassment, but still nodded and said, "sure, Lord of reincarnation, I will find a way to introduce you."

Ye Chen bowed his hand and said, "thank you, master."

.....

This is the end of the hidden island.

Yin Sheng left with the two envoys of Fengyun and the guards and servants of Yin island.

The mysterious hidden island in the past also collapsed rapidly.

All traces are gone.

Ye Chen, Wu Yao, Ji Siqing and others, together with the previously missing cultivators, also left yindao and returned to the star moon realm.

As soon as ye Chen brought people back, the whole star moon circle was full of brilliance, immortality and rosy clouds, presenting a magnificent atmosphere.

This means that the fortunes and forces of the reincarnation camp have soared.

Everywhere in the world, there are also waves of vibration.

Everyone feels that the rise of reincarnation is unstoppable!

.....

Ye Chen consumed part of reincarnation blood, built a reincarnation blood palace in the star and moon world, and reflected the secret of Tiandou datu sword in the blood palace.

The strong men who came back from yindao practiced Tiandou datu sword in this blood palace.

Under the protection of reincarnation blood, they were no longer lost. Although they were still infatuated with the fight of datu sword that day, they were not possessed and still kept the last soberness.

Ye Chen was also very happy to see that reincarnation blood was effective.

It seems that Yinsheng is right. With reincarnation blood, he can indeed resist the magic of Tiandou datu sword and soberly understand this sword technique.

When ye Chen calmed down and watched the sword formula of motiandou datu sword, he felt that the words of the sword formula were connected and turned into figures in his mind, which were figures of sword dancing.

The dance of countless sword moves made Ye Chen feel a little dazzled, and he couldn't touch the truth or the truth.

This Tiandou sword formula is really too abstruse and profound. It is known as the strongest sword technique in the world. It is also difficult to understand with Ye Chen's innate understanding.

However, when he watched the Motian duel formula, he gained a lot from his own Kendo, especially the waterstop Kendo in the past, and the nine swords in the sky, which improved significantly.

It's just that it's not enough to kill the ancestors of Tianxin with this promotion.

If you want to really kill Tianxin Laozu, you can only rely on the real Tiandou datu sword!

Ye Chen shook his head and knew that in a short time, it was impossible to fully understand the formula of heaven fighting sword, so he took this Wu Tianbei to the blood moon world to see Ren Feifan.

Ren Feifan sat in the center of the blood moon world, his breath was washed away, showing a very elegant posture, and there were countless law chains flashing around him.

The laws behind those law God chains have been detached from reality and have the power of nothing.

"Master Ren, your accomplishments have improved again."

Ye Chen was glad to see this scene and arched his hands.

Today's Ren Feifan's control over no laws is obviously far beyond the past.

"Why did you come to me?"

Do you want me to help you kill Tianxin Laozu? "

Ren Feifan saw Ye Chen coming, his eyes slightly coagulated, and asked.

He has seen all the secrets of heaven and knows what happened on the hidden island.

Ye Chen said with a smile, "if master Ren is willing to do it, it's natural and wonderful. This is the stele of Wu Tian. According to this stele, it can be traced back to the location of the heart of heaven."

While talking, ye Chen offered a monument to Wu Tian.

A vast, ancient, majestic and majestic atmosphere suddenly filled the blood moon world.

Wu Tianbei is an imitation made by Yinsheng from his fantasy, imitating Tianbei.

Although it is an imitation, the breath contained in this stone tablet is also extremely strong.

In particular, Yin Sheng engraved the secret of Tiandou datu sword on the Wu Tian stele.

The breath of this Wu Tianbei is even more terrifying.

On the stele of Wu Tian, there are many runes full of the breath of extinction. It is the complete Taoist book of "extinction of heaven" in the code of miracles praising the world. The world has long been lost, leaving only the last page in the hands of the hidden saint.

Now, this last page of annihilation script is pasted on the Wu Tian monument, which has been integrated with the Wu Tian monument.

Chapter 8689

Ren Feifan stared at the Wu Tianbei and the annihilation book on it, and murmured, "Wu Tianbei, annihilation book... With these two things, even an ordinary Immortal Emperor can't kill you."

After a pause, Ren Feifan mused again, "however, if you want to go to the heart of heaven, these two things can't save your life."

"Also, since you have got the Wu Tianbei, you should go to Ji Shen."

Ye Chen heard Ji Shen again, slightly stunned, and immediately said curiously, "elder Ren, do you also think I should go to Ji Shen?"

Ren Feifan thought for a moment and said, "the origin of the God of silence is somewhat mysterious, which should be contaminated with nothing. I can see a trace of the cause and effect between the God of silence and you from the Wu Tianbei, but everything is too vague, and I don't know."

"But it's sooner or later to find the God of silence. Wait until you've been to tianxinyu, but tianxinyu is in great danger."

Ye Chen said, "elder Ren, I just know that the heart of heaven is dangerous, so I want to discuss with you."

Tianxin domain is the territory of Tianxin ancestor. If you step into it rashly, it will be very dangerous.

Ye Chen would not be so rash.

Ren Feifan was silent. With a little finger, a light shot out and fell on the Wu Tian monument.

Wow.

Wu Tianbei glowed and shined, emitting wisps of smoke, and slowly built into a mysterious picture.

It was a mysterious world, with only fog, chaos, darkness and abyss. There was a mysterious atmosphere everywhere, without any trace of reality, as if it only existed in fantasy.

"Is this the heart of heaven?"

Ye Chen just looked at the world and felt a strong sense of depression and inexplicable palpitations.

"Yes, this is tianxinyu, a fantasy world."

Ren Feifan also stared at this mysterious world. Driven by his aura, Wu Tianbei kept emerging in the past, and the scene of the world of the heavenly heart kept emerging.

"The heart field of this day seems to be a little similar to the lost time and space."

Ye Chen observed carefully and found that this heavenly heart region was somewhat similar to the lost space-time, but much more mysterious.

Ren Feifan said, "any fantasy world is not born out of thin air. It must have something to do with reality."

"This celestial center is indeed similar to the lost time and space. If you want to move in it, you must have a lighthouse to ensure that you won't get lost."

Ye Chen frowned and said, "is it a lighthouse?"

Who can be my lighthouse? "

Ji Siqing, Wu Yao and others passed in my heart.

Ren Feifan laughed and said, "who else can your lighthouse be? It's naturally me."

Ye Chen was surprised and said, "elder Ren, do you want to accompany me to tianxinyu personally?"

He knew that Ren Feifan was strong and qualified to testify to Taoism. It was difficult for him to exist in the real world. If he went outside and made a move casually, he might be inspired by the ultimate of Taoism and fly directly to wuwuwuspacetime.

Even now, hiding in the blood moon world, Ren Feifan also needs to use the era daoshu to avoid the introduction of Wuwu.

Ren Feifan said, "I'm your protector. My heart was so secret and dangerous that day. I don't trust you to go. I'll be your lighthouse, and you'll be my lighthouse, which is safe."

"As for the connection of wuwuwu time and space, you don't have to worry. That day, the heart is a fantasy world. Even if I burst out with all my strength, it won't affect the reality, let alone be connected by Wuwu."

Hearing this, ye Chen was immediately overjoyed and said, "elder Ren, if you can do your best, can't you directly kill Tianxin Laozu?"

Ren Feifan pondered for a moment, but shook his head and said, "that day, it's not so easy to kill my father. Unless all the time lines of his existence and the traces of all his fantasies are erased, he can be infinitely resurrected."

Ye Chen's eyes flashed a cold light and said, "no matter what, if you have any elder, I'm not afraid of the heavenly heart ancestor."

Ren Feifan pinched his fingers, suddenly frowned and said, "I'm afraid there are other masters in the heart domain that day, in addition to Tianxin Laozu."

Ye Chen was stunned: "other masters?"

Ren Feifang looked at the world picture reflected by Wu Tianbei. The picture was chaotic and dark, and he couldn't see any details at all, but his expression was extremely dignified, and he seemed to have peeped into the secret behind it, saying:

"It's an expert who comes from nothing. It gives me a very dangerous smell. My strength should be similar to that of the witch."

Ye Chen's eyes narrowed: "demon girl level master?"

Master Ren, are you right? "

The cultivation of the witch is extremely powerful, so powerful that it can't come to the real world at all. If there is a witch level master hidden in the heart of heaven, it's really incredible terror.

Ren Feifan said, "let's go and have a look first. You can adjust it for two days, and we'll start in two days."

Ye Chen said "Hmm", and his heart was quite dignified.

For the next two days, ye Chen is meditating, resting and adjusting.

His spiritual strength, martial arts cultivation, divine power and Taoism are at their peak in all aspects, and he is a little short of Tianxuan realm.

The only helpless thing is that the foundation of martial arts is damaged, and Dantian has small cracks.

This is the backfire damage left by the causal curse that buried the perfect Saint at the beginning.

Even with Ye Chen's medical skills, it will take three to five years to recover completely.

He can't wait. Now he wants to recover quickly, unless he finds Xiao Jing, who is the successor of the God of water and is proficient in the formula of the God of water.

Relying on the water god formula, ye Chen's trauma can be immediately cured.

Chapter 8690

Moreover, Xiao Jing is the daughter of the spirit ancestor of beacon fire.

This time, ye Chen went to Tianxin domain. In addition to looking for the clues of Tianbei, the most important thing is to rescue Xiao Jing and repay the kindness of beacon fire lingzu.

Two days passed in a hurry.

On the day of the agreed departure, ye Chen was ready, and her eyes were as cold as water.

No matter how dangerous tianxinyu is, he will go and break into it.

Ren Feifan is also ready. His body crackles, and the weather of thunder and purple electricity blooms. It is fierce and fierce, and people dare not approach.

"Elder Ren, have you improved again?"

Ye Chen asked.

"Hehe, it's not Xi Huang Lei Yin, it's Kuang Lei Tian Jue beheading."

Ren extraordinary's eyes flashed a purple light and said calmly.

"Thunderous sky cut off?"

Master Ren, have you... Practiced this magic? "

Ye Chen took a breath slightly.

That fierce thunder sky cutting is a unique skill handed down by the God of thunder. It is one of the thirty-three divine arts. It is the source of Xi emperor's thunder seal, and has the power of thunder to startle electricity.

In the supreme world, it is extremely difficult to practice the thirty-three divine arts.

At this moment, looking at Ren extraordinary, he seems to have touched the threshold.

Ren Feifan smiled, didn't say much, and directly tore the void: "let's go, it's time to start."

Ye Chen nodded solemnly. Even if he followed Ren Feifan, he shuttled through the void and went directly to the heart of heaven.

Sobbing

A gust of wind and air turned, and ye Chen came to a strange world.

The Wu Tianbei in his body, humming and shaking, is obviously closely related to the world.

This is a dark world, such as the abyss, not the sky, not the earth, only chaos and fog, and occasionally strange sounds come from the darkness, like the whispers of gods and demons, which makes people feel creepy after hearing.

"This is the heart of heaven?"

Ye Chen looked around the world and felt unprecedented palpitations.

This is not the real world at all. There is no law of reality, only the smell of darkness.

"Yes, you and I are lighthouses for each other. Move forward carefully."

Ren extraordinary looked quite dignified. As he moved forward, the Immortal Emperor's aura bloomed and built a small blood moon world in the void.

"This day's mind is a fantasy world. If people want to survive in fantasy, they must establish their own order and field, otherwise they will be lost in fantasy at any time, and you will also expand your own field."

Ren extraordinary way.

"Yes!"

Ye Chen nodded and immediately summoned a small reincarnation kingdom of heaven. The field expanded, followed Ren Feifan and walked carefully.

"Will we be discovered by Tianxin Laozu?"

Ye Chen asked.

"After all, this is the territory of Tianxin Laozu. Our breath can't be hidden. Before being found, we should first find the daughter of Fenghuo lingzu."

"Can you capture the coordinates of that girl?"

Ren Feifan asked.

"I'll try."

Ye Chen closed her eyes, carefully sensed Xiao Jing's breath, and also tried to convey her will:

"Miss Xiao Jing, I'm here. Where are you?"

However, ye Chen's will did not get a response.

Even, he didn't catch a trace of Xiao Jing's breath.

Suddenly, ye Chen felt that there were four very familiar smells hidden in this world.

The four breath, monstrous, powerful and unparalleled, with eternal majesty.

It seems to be the breath of sky demon and Xuan demon!

"Heaven demon, Xuan demon, two demon ancestors, how can they be here?"

"The other two smells are the earth demon and the Yellow demon?"

Ye Chen was surprised. While capturing the four breath, the mysterious demon blood in his body also shook up.

He had a deep cause and effect with the sky demon and the Xuan demon.

And the layout of TIANYAO Xuanyao seems to be approaching slowly.

Maybe it won't take long to see their noumenon.

"What's the matter?"

Ren Feifan asked when he saw that ye Chen looked different.

"Elder Ren, I seem to feel the breath of the four demon ancestors of heaven and earth!"

Ye chendao.

"This is impossible."

Ren Feifan shook his head and frowned: "how could those four demon ancestors be in the heart of heaven?"

He pondered for a moment, pinched his fingers and calculated, trying to pry into the mystery behind him, but the fog was very thick, and there were mysteries everywhere.

"It's a little strange. Maybe it's a trap. Let's go in the opposite direction."

"Yes!"

Ye Chen nodded and walked forward in the opposite direction of the four demons of heaven and earth.

Ren Feifan followed Ye Chen, and the two continued to move forward, gradually stepping into the depths of the heart of heaven.

The surrounding environment gradually became restless, and a stream of void turbulence appeared, like a wind blade sword, toward Ye Chen and Ren Feifan's respective world, ferociously cutting away.

Ren Feifan sacrificed a sword, and the body of the sword burst with thunder, killing the void turbulence.

Ye Chen also waved the reincarnation Heavenly Sword to cut off the rushing void turbulence one by one.

However, after the chaos in the void, many unspeakable terrible beings emerged in the darkness.

It was indescribable strangeness and filth, broken viscera, frozen blood, twining tentacles, eyes without a little divine light, shriveled limbs, broken brains, scarlet teeth, rolling and nauseating.

Another twisted demon crawled out of those unspeakable and mysterious scenes and frantically rushed to the field where ye Chen and Ren Feifan were.

"How disgusting."

Ye Chen frowned. Although he had seen many strange things without time and space before, in the heart of heaven, this strange weather, especially terrible and disgusting, can even erode people's spirit.
