

## Physician 8771

### Chapter 8771

In this field, there are all kinds of large arrays guarded by Xia Ruoxue, Ji Siqing, Wei Ying, Zhetian demon emperor and others.

Under the protection of array and earth vein, everyone was not seriously impacted.

Ye Chen urged the heavenly king to seal the monument to resist the ancient star thunder, but the number of ancient star thunder was so dense that ye Chen could not completely block it.

Boom!

Several ancient star thunders broke through the protection of the tablet of the emperor of heaven and blasted on Ye Chen's body.

All of a sudden, ye Chen felt that his whole body was about to explode, and his internal organs seemed to be crushed by thunder. With his physical strength, it was difficult to resist the bombing of Gu xinglei, which showed how powerful the thunder was.

"Dragon life star, open!"

Ye Chen roared wildly and opened the Dragon life star. The blood dragon emerged from his body, and his reincarnation blood was also extremely burning.

The majestic reincarnation energy surged around Ye Chen. Where he had just been bombed by the ancient star thunder, he suddenly recovered a lot.

The dragon's life star shines, and a reincarnation starry sky is also propped up above Ye Chen's head, facing the starry sky on the other side of the sky from afar.

The confrontation between the two starry skies, the collision between thunder and reincarnation, exploded ferocious energy fluctuations in the void, and shocked the world in all directions.

The thunder robbery Ye Chen is facing is really terrible and powerful. Even general Wuliang masters can chop and kill.

However, ye Chen has reincarnation blood, and his resistance is also very strong. There is no sign of being knocked down at all, but gradually becomes strong in the heavy thunder.

Hum!

On that day, the weather of the gate of kings was also reflected from ye Chen's knowledge of the sea, suspended in the air.

Ye Chen continued to cross the calamity. On that day, the door of the king gradually opened, and there was a vast light of law, which was transmitted.

When the door of the heavenly king is completely opened, it is when ye Chen steps into the celestial realm!

"Yes, yes, even the thunder robbery of the evolution of XingKong daoshu can be blocked. The Lord of reincarnation in this life is indeed far beyond the past."

A powerful voice, with a trace of appreciation, sounded from the sky.

Everyone looked up at the sky and saw a huge figure emerging at the top of the sky.

It was an incredible giant, I don't know how many thousands of miles tall, I can't see his complete body, only the lower half of his body.

The giant's body has broken through the sky and space, countless empty worlds in the universe, and the brilliance of the sun, moon and stars flows around him.

But the layers of the cosmic void world, pieces of the sun, moon and stars, quickly dimmed, and even turned into nothingness, replaced by a dusk light.

It is the dusk breath that represents decay and dusk. At a glance, people feel sleepy, as if they are going to fall into the eternal dusk world and will not wake up for a lifetime.

The star moon circle is the core territory of the reincarnation camp. It is guarded by great Qi, and the earth's Qi is also terrible. Even the super first-class immortal emperors such as the ancient emperor Yu Huang and the demon ancestor Wutian dare not come here.

Because, in the star moon world, ye Chen, Ren Feifan and others have taken advantage of the earth's Qi. If they dare to come, they will die, and there is no chance of winning at all.

But above the sky, the giant, ignoring everything, slowly came down, as if nothing in this world could resist his majesty.

"Twilight giant!?"

Ye Chen saw the giant's figure, but also saw the boundless smell of dusk, coming down like smoke, and his heart was greatly shocked.

He recognized at a glance that it was the legendary Twilight giant, the sixth seat of the death cult, who had killed the Holy Light Immortal Emperor and defeated the super strong man of the hidden saint. He was a first-class master in wuwuwu time and space.

The power of the giant at dusk is so powerful that it is too powerful for the world to accommodate.

If he comes, the restriction of the truth rule of the road can crush him alive.

But now, at dusk, the giant has come down. Obviously, in the Taishang world, it has enough traces and foundations to stand firm and not be backfired.

When ye Chen saw the giant coming at dusk, his heart naturally shook.

When he was distracted, stars and thunder suddenly attacked him. In a hurry, he couldn't resist, was severely chopped to the ground, and his whole body was burnt black, emitting black smoke.

"Don't be distracted, the enemy will leave it to us!"

Xuanhanyu looked at Ye Chen and said.

Ye Chen snorted stiffly, and hurriedly ran the reincarnation blood and the eight trigrams heaven elixir, slightly recovered from the injury and vitality, and immediately got up, took out the reincarnation Heaven Sword, and fought against the disaster.

"Thanks a lot."

He looked at Xuan Hanyu, Grandpa, Ren Feifan and others, as well as the disciples of the reincarnation camp around him, and his heart was very grateful.

He knew that he was not alone in fighting when he attacked Tianxuan realm today.

All the people in the reincarnation camp will fight to protect him, as long as he focuses on fighting against the scourge.

As for the incoming enemy, let others solve it.

Ye Chen took a deep breath and concentrated on fighting against the disaster, but at the same time, he also secretly separated a wisp of divine consciousness and projected it onto his Qinglian part.

The avatar he cast with the holy method of green lotus is in the reincarnation cemetery, watching the situation outside.

Such distractions did not affect Ye Chen's Noumenon because of the existence of separation.

Ye Chen saw that with the arrival of the giant at dusk, there was an endless, rolling breath of decaying dusk.

This dusk breath quickly covered the entire star moon circle.

The earth vein of the star moon realm was suppressed.

Under the cover of this dusk breath, all the earth's channels and Qi can't play any effect.

Aware of this scene, ye Chen was shocked and thought, "the giant at dusk is really powerful. As soon as it comes, it will suppress the earth vein of my star moon world. If the ancient emperor Yu and the demon ancestor Wutian came, wouldn't they have no scruples at all?"

If it's a general situation, the feather emperor and the demon ancestor Wutian absolutely dare not rush into the star moon realm, because the influence of the earth vein is too great, and they don't have a chance to fight in the core territory of reincarnation.

But now, the earth vein of the star moon boundary has been suppressed. If they come down again, they will not be affected and restricted.

Ren Feifan, ye Yishen, xuanhanyu and others were secretly on guard when they saw that the dusk giant was so strong.

As the giant came down at dusk, the darkness around him also became strong, which was the darkness from the death cult.

Dark demons, constantly breeding, fierce and ferocious, frantically rushed to the altar, trying to disturb Ye Chendu robbery.

"Compassionate heart, guard!"

Wu Yao's silver teeth clenched, her compassionate blood burned, and a golden light poured out of her body. Many of the demons that had been slaughtered were influenced on the spot, purring, turning into black gas and dispersing.

Chapter 8772

However, the number of demons is too much, and Wu Yao can't fully measure it after a continuous cull.

Xuanhanyu and ye evil god wanted to help, but were stopped by Ren extraordinary.

Xia Ruoxue, Ji Siqing, Wei Ying, ye luo'er, Zha Tianmo emperor and others, seeing this scene, hurriedly came to help, fought against the darkness and guarded Ye Chen with Wu Yao.

"Dragon God breaks the formula of heaven!"

Ye luo'er turned into a dragon and surrounded the altar. The colorful light burst, and pieces of dragon scales opened. Unexpectedly, the energy fluctuations without time and space were faintly revealed.

"Bright moon and heavenly book!"

Xia Ruoxue summoned the moon and the book of heaven. The bright moon ran through thousands of miles and tore up demons.

"Vulcan guard!"

"Jue Han Jian Qi!"

Ji Siqing and Wei Ying also showed their magic powers and tried their best to protect Ye Chen.

Ye Chen was very grateful in his heart and continued to fight against the disaster. He had only one idea in his heart, that is, to spend the disaster and step into the mysterious realm of heaven, and never fail to live up to everyone's expectations.

On the other side, the giant came at dusk, and his body flashed across the sky, but he changed into a dignified old man, riding a fierce beast.

"Hong Chunqiu?"

Ye Chen was surprised when he saw the dignified old man.

The old man changed by the giant at dusk is actually Hong Chunqiu.

After being stunned, ye Chen quickly figured it out and said:

"By the way, this dusk giant is too powerful to come to the real world, so he came through Hong Chunqiu's body."

Hong Chunqiu is a believer of the witch, and the witch is the chief Dharma protector of the death cult, which is closely related to the dusk giant.

In terms of strength, the witch is thousands of times stronger than the dusk giant, and it is even more impossible to come.

However, she has been laying out for a long time. The hell demon death world under her command has a solid foundation in the real world.

Hong Chunqiu took charge of the death world of Yan demons, and also founded the Xiyan immortal sect, which is the most devout believer of the witch.

Because of the existence of Yan demon death world and Xiyan Xianzong, although the demon girl body cannot come, the will can come to the supreme world.

Hong Chunqiu became the body of the dusk giant and was controlled by the dusk giant, presumably by the will of the demon girl.

"Today I want to break through. Not only does the dusk giant want to stop me, but the witch also wants to kill me!"

Ye Chen thought of this, and his heart suddenly chilled.

He had experienced the horror of the witch himself.

People present were shocked to see that the giant at dusk had changed into Hong Chunqiu.

At dusk, under the crotch of the giant, the fierce beast roared up to the sky, bursting out a very fierce breath.

That's his mount, eight wild virtual beast!

This eight wasteland virtual beast is very ferocious and powerful. It was once controlled by Ye Chen with Xuan demon blood essence.

But at the moment, the eight barren virtual beast has completely got rid of control and returned to the dusk giant.

At dusk, the giant got the mount again, and one man and one beast united, which was even more earth shattering.

"Master, killing reincarnation is today!"

The eight wasteland virtual beast stared at Ye Chen's figure on the altar, and the killing machine was surging in his eyes. He immediately carried the dusk giant and rushed to Ye Chen.

The dusk giant took advantage of Hong Chunqiu's body, and was full of aura riots. The light of dusk shone, and turned into a dusk sword in his hand. If he wanted to kill the gods, his momentum was extremely fierce.

He rode on the eight wasteland virtual beast and wanted to cut off Ye Chen with a sword.

Ye evil God saw this and wanted to do it.

Ren Feifan stopped and said, "Ye Lao, it's not time for you to make a move."

Then he said, "Xuanxian, go."

Xuan Hanyu said, "yes!"

Today, guarding Ye Chen, Ren Fanfan is the absolute core. Everyone listens to his orders, and xuanhanyu is no exception.

Seeing that the giant was killed at dusk, Xuanhan yudun felt boundless pressure, and with her heart, a feeling of fear unexpectedly rose.

As a master of the Immortal Emperor, she inherited the skeleton of the ancestor cangxuan emperor, and would not have been afraid of anything.

But the strength of this dusk giant is really too terrible. Even if it is put into wuwuwuspacetime, it is also a first-class master.

Even Xuan Hanyu felt an instinctive fear of the killing smell of the giant at dusk.

"Qing Shi Dao Zang, Qing Shi Hua Jian, years into a knife, broken kill!"

Xuan Hanyu's beautiful eyes were cold and cold, and her aura worked to suppress her inner fear. There was a sense of war burning in the depths of her eyes, and she pinched her hands. Suddenly, a volume of ancient books emerged behind her.

It is a volume of history, which is the meteorological manifestation of the Taoist collection of the Qing Dynasty, and contains the profound details of the years of the Qing Dynasty.

Qingshi daoze, among the thirty-three gods, was originally the divine power of emperor cangxuan.

This secret code of door gods is currently in the hands of Lu Hechan, the granddaughter of the former ancestor god king.

However, Xuan Hanyu inherited the bones of Cang Xuan emperor, and naturally inherited the mystery of this door magic.

As soon as the secret of the ancient history was revealed, the ancient mystery of the ancient history turned into a blue flying sword, and the mysterious years of civilization turned into an ancient knife.

At the next moment, the swords came out together and turned into a rolling torrent, killing the giant at dusk.

This is the bombardment of the thirty-three divine arts, which represents the thickness of the ancient history and civilization.

Ancient civilization and endless history are all revealed in this move.

Years of pressure, so that layers of time and space burst.

"Hehe, if you can control no law, you may be able to fight me."

"But you are just a fairy emperor, and you are not qualified to compete with me!"

At dusk, the giant saw Xuan Hanyu's Qingshi sword coming, sneered and looked disdainful. With a wave of dusk war sword in his hand, the sword awn full of decay atmosphere rolled forward.

Woo woo

The light of dusk, such as tide and water, was actually an ancient sword that instantly submerged Xuanhan jade.

Chapter 8773

The years of various civilizations, the massiness of ancient times, shrouded in the decaying atmosphere of the giant at dusk, instantly turned into ashes, completely irresistible.

"Poof!"

Xuanhanyu opened his mouth and spewed blood, and was hit hard all at once.

"Xuan fairy!"

Ye Chen looked shocked.

He never thought that xuanhanyu, a strong man of this level, was defeated in the face of the dusk giant with one move.

The strength of this dusk giant is rather terrifying.

Sure enough, in the death order, the upper six Dharma guardians and the lower six Dharma guardians are not at the same level.

The dusk giant alone is much stronger than the chaos God, the empty God, the Faceless Man, the tyrant, the puppet, the Shura and others Ye Chen has seen before.

"Even the dusk giant is so powerful, how terrible should the witch in the first row be?"

Ye Chen thought in his heart that if he wanted to save Wu Zu in the future, he would not only face the ancient star gate, but also face the witch.

The witch used to like Wu Zu, but she couldn't love him. She hated him and fell into the dark.

Her biggest wish now is to kill Wu Zu to avenge her "abandonment" in the past, although Wu Zu has never abandoned her.

"Ren Feifan, haven't you done it yet?"

The dusk giant defeated Xuan Hanyu with a sword, and his cold eyes fell on Ren Feifan.

Even in Wuwu time and space, Ren extraordinary is also very famous, because he is the protector of reincarnation, and forcibly supports Ye Chen from a tiny existence like a mole ant to the point of surpassing the reincarnation of the past world today.

In wuwuwu time and space, there are countless strong people who make friends with Ren extraordinary. Even the supreme apocalypse, the leader of the God of death order, does not hesitate to praise, which makes the dusk giant very jealous.

He came down today. In addition to killing Ye Chen, he also wanted to kill Ren Feifan himself!

When Ren Feifan heard the provocation of the dusk giant, he was not moved at all, and shouted to the second demon girl and the goddess behind the altar:

"You take action and stop him!"

The second demon girl heard this, without hesitation, immediately flew towards the dusk giant.

"Ghost King tripod, fall!"

The second demon girl's hands were sealed, and her body was filled with a strong ghost spirit.

This ghost gas energy actually comes from the ghost king world.

Boom!

Then, from the ghost energy, a huge tripod emerged, which fell from the sky and violently suppressed the giant at dusk.

The huge tripod is filled with extreme ghost spirit, and it is inlaid with a bead, which can tear people's souls.

This huge tripod is actually the magic weapon of the ghost Kingdom, called the ghost Kingdom tripod.

The bead above is the legendary wuwuwuwushen, soul devouring bead!

There are four pieces of soul devouring beads. It is said that if all of them can be collected, they can explode the power of terror, which is not inferior to the treasure of the three emperors.

Ye Chen has got two of the four pieces of soul eating beads.

The third fragment is inlaid on the ghost King tripod.

As for the fourth fragment, no one knows where it fell.

Ye Chen saw the second demon girl and offered the ghost King tripod. He was very surprised and thought, "where did she get this ghost King tripod?"

Is it true that the king of the ghost kingdom is willing to give her the treasure of this artifact? "

When the ghost King tripod came, its prestige exploded. Obviously, it was not a virtual shadow, but a magic weapon of the real noumenon.

This ghost King tripod is inlaid with soul devouring beads, and its lethality is extremely huge. Even an ordinary expert in boundless territory is in danger of falling if it is smashed.

"Hahaha, ghost King tripod?"

"Unfortunately, the soul eating bead inlaid on it is just a fragment."

"If it is a complete Soul Eater, I may be a little afraid, but how can fragments hurt me?"

At dusk, the giant saw the arrival of the ghost King tripod, and was not afraid at all. He waved the dusk sword with his backhand and cut the sky against him.

Zheng!

A dark sword spirit, with a supreme will wave, cut on the ghost King tripod.

The sword Qi tore the void and twisted a totem, which was actually the totem of the witch.

Ye Chen saw the totem of the witch, and knew that the giant came at dusk. Indeed, there was the support of the witch.

This sword is not the killing of the dusk giant itself, but the killing from the will of the witch.

A sword broke out, and the ghost King tripod of the second demon girl was cut in half on the spot, and the ghost gas scattered all over the sky.

This is the magic weapon of the ghost king world. It is a genuine artifact. Although it is incomplete, its power is also earth shattering.

But at dusk, the giant chopped with a sword, and the ghost King tripod was actually cut in half on the spot.

At dusk, the giant was stunned when he saw this scene, and his heart was thrilled again. He thought, "the will of the demon master is really powerful. I think she is not inferior to the leader."

"One mountain can't tolerate two tigers. There is no two days in the sky. If she has a dispute with the master in the future, what should I do?"

Such thoughts passed in a flash, and the giant quickly gathered his mind at dusk.

The most important thing today is to kill reincarnation and prevent Ye Chen from being promoted.

There is a deep contradiction between the Death Cult and ye Chen. If ye Chen is promoted smoothly, it will be very disadvantageous to the death cult.

The ghost King tripod was cut, and the second demon girl vomited blood. She was severely injured on the spot and fell from the sky.

"Miss!"

Chi Feixue and fan Xingyan hurriedly flew out and followed her.

But there is no possibility of confrontation between the two in the face of the dusk giant.

Ren Feifan saw that tiannv was still standing in place and shouted, "tiannv, are you still fighting?"

Chapter 8774

The fairy stared at the giant at dusk, her beautiful eyes flashing, and did not immediately start.

She thought to herself, "wouldn't it be bad if I started at this moment, exposed my cards, and fought against reincarnation in the future?"

The dusk giant laughed and said, "Ren Feifan, what's your skill if you can't shrink out when you ask others to do it?"

The words fell. At dusk, the giant rode on the eight wasteland virtual beast, rushed to the altar with his sword, and stabbed Ye Chen with his sword.

His move is to force Ren Feifan to do it.

However, before Ren Feifan started, the fairy over there shivered and showed a trace of confusion in her eyes. She immediately waved the ice Phoenix sword and stabbed the back of the dusk giant.

Seeing ye Chen in distress, she naturally wanted to protect her.

"Damn it!"

At dusk, the giant felt the fierce sound of the sword behind him, so he had to turn back and wave his sword to block it.

A clank.

He fought with tiannv's double swords, and the two retreated a distance, but they were equal.

At this confrontation, we can see that the strength of tiannv is much stronger than Xuan Hanyu, the second demon girl and others.

This is not a gap in strength on the surface, but also a gap in luck behind it.

When Ren Feifan saw that tiannv was finally willing to take action, he sighed and said, "tiannv, after all, your heart is connected with reincarnation, and your love has not been cut off."

Hearing this, tiannv's heart trembled and fell silent.

Ren Feifan was right. She really hadn't cut off her love, so when she saw Ye Chen in danger, she naturally took action.

Ye Chen saw the goddess in her eyes, with infinite attachment, and her heart was also slightly swayed.

After a long silence, the heavenly daughter's eyes became cold again and said, "yes, Xiao Fan, my love has indeed not been cut off, and I am not going to cut it off."

"Emotion is emotion, and reality is reality. No matter how much I like Ye Chen, I will kill him myself. Who calls him the Lord of reincarnation?"

The goal of tiannv is to kill reincarnation and devour all the Qi of reincarnation.

This point was determined before she implemented the "pig raising plan", and even broke away from the wanxu ruins.

Ye Chen heard the words of the heavenly daughter, and his heart was gloomy, but he made a decision immediately.

Yes, emotion is emotion, and reality is reality.

No matter how the love entangled between him and the heavenly daughter, they were doomed to meet in the end.

He must not be soft, if there is any mercy, it will only lead to destruction for the entire reincarnation camp.

Dusk giant laughed and said, "tiannv, since you want to kill reincarnation, why do you want to protect him?"

The goddess said coldly, "I just want to protect him today. What can you do to me?"

The voice fell, and the goddess waved her sword and stabbed out quickly. Behind her, there was a buzzing sound, and a seal appeared.

It turned out to be the seal of Emperor Yan, the magic weapon of Hongjun, and one of the four Supreme artifacts in the legend.

In order to protect Ye Chen, she even exposed her cards.

The burning emperor's mark floated in the void, bursting out with incomparably blazing brilliance, and the red flame surged. If the emperor of heaven came, the Rune of the avenue branded the void, and all kinds of red flame surged, and even turned into a burning dragon, wrapped around the body of the tiannv sword.

Tiannv Binghuang Tianjian stabbed, and the cold air exploded. It blended with the hot dragon, interwoven with ice and fire, killed the world of ice and fire, and blasted the giant at dusk.

"Madman, for that boy, is it worth offending my death order?"

At dusk, the giant saw the horror of tiannv's sword, so he didn't dare to fight rashly, and quickly flew up to avoid tiannv's sword.

In fact, when it comes to fighting, tiannv may not be able to beat him. He has a better chance of winning.

However, what he has to face is not tiannv alone.

The following Ren Feifan and ye Yishen, as well as Shen Tu Wan'er and ye mu, have not yet made a move.

If he wastes too much energy on the goddess of heaven, it is absolutely impossible for him to kill reincarnation again.

The goddess did not answer, waved her sword and chased the giant at dusk.

At dusk, the giant could not escape, so he had to fight with his sword.

Ding Ding!

The two instantly exchanged thousands of swords, and the ice Phoenix Yan Long Sword gas, and the dark sword gas at dusk, collided with each other, sweeping the sky. The weather was very spectacular.

At dusk, the giant never dared to do his best and was defeated by the goddess.

"Damn it!"

"Feather emperor, demon ancestor Wutian, come down!"

At dusk, the giant was helpless and shouted to the sky.

Boom!

Suddenly, a huge vibration came from the nine sky, the immortal light was surging, and the magic gas was spewing out.

Two great figures, one immortal and one demon, slowly descended from the sky.

The immortal is the ancient emperor.

The demon is the demon ancestor Wutian.

Behind the ancient emperor, there are four people, Xiao Xinghe, Xuan Tianxiao, Yu Huangye and Yu huangaoxue.

However, the glory of the feather emperor was too bright, and the figures of these four people seemed to be submerged.

The momentum of demon Zu Wutian is also extremely fierce, followed by the sword sect leader Zhang Qingyu, several sword sect elders, and even several twisted demon gods.

"Huh?"

Seeing that the ancient emperor Yu Huang and the demon ancestor Wu Tian came, the heavenly daughter's eyes were cold, and she was immediately vigilant.

Under the insight of heaven, she has glimpsed the cause and effect behind it.

It turned out that the arrival of the giant at dusk was not fighting alone, but secretly cooperating with the ancient emperor Yu, the demon ancestor Wutian and others.

Even Tianxin Laozu seems to have participated in this cooperation, but Tianxin Laozu has not appeared yet. It is obviously hidden in the dark, waiting for the opportunity to take action.

"Dusk giant, I thought you were really so invincible that you could sweep the whole scene alone."

Chapter 8775

The feather emperor looked at the giant at dusk and smiled indifferently.

"If I can instantly display the dusk of the gods, who is my enemy in the presence?"

At dusk, the giant snorted. While talking, he retreated quickly. His body flew to the horizon, and his hands were sealed. It seemed that he wanted to use some secret arts.

"Feather emperor, demon ancestor Wutian, you will protect the Dharma for me. When I display my magic at dusk, I will show you what the real Wuwu magic power is!"

The dusk giant's hands were sealed, and a series of terrible dusk breath filled out, and gradually around him, outlined a country full of decay.

That is the kingdom of the gods at dusk. In this country, even the great people of the God level are in danger of falling.

This is the ultimate card of the twilight giant. It is one of the thirty-three divine arts, called "twilight of gods".

As soon as these gods display at dusk, even the emperor of heaven and the LORD God can crush them, which is very terrible.

This door god skill, the dusk giant has been trained to the point of perfection, and it can be instant in no time and space.

Even if a witch is forced by him, she will be killed.

Of course, people at the level of witch are almost real emperors and gods. There are countless timelines on their bodies, which can be resurrected indefinitely.

The dusk giant really wants to completely wipe out the strong man of the God level of the emperor of heaven. It is absolutely impossible. If someone is killed, he will be immediately resurrected and killed.

In the absolute realm gap, no magic is useful.

However, in the Taishang world, the magic of the gods at dusk is an invincible existence against the sky. Once it erupts, it is easy to bury the whole star moon world and wash the reincarnation with blood.

However, due to the limitation of the law, the dusk giant can't make an instant, and he needs to be ready to sing.

"The judgment of dusk is the end of the gods."

"I am the Lord of doom, and the bodies of the gods will eventually decay, and the tracks of the starry sky will eventually be filled with the afterglow of dusk..."

The evening giant raised his hands and sang, and the twilight kingdom of the gods around him gradually appeared.

In this country, the universe is collapsing, the starry sky is fading, the immortal gods are decaying, and the gloomy weather of dusk is quietly spreading out, making the earth vein of the star and moon world bear more serious suppression.

"No, it's the magic of the thirty-three gods. The gods are at dusk!"

"If these gods erupt at dusk, we will all die!"

Seeing this scene, the goddess suddenly changed her face and immediately stabbed the giant at dusk with her sword.

However, in front of the giant at dusk, there is the protection of the feather emperor and the demon ancestor.

I saw the two people, an immortal and a devil, see the goddess approaching, and each gave a palm. The majestic immortal and devil momentum converged into a tide. With only one palm, the goddess was forced to retreat and could not be approached at all.

"When I kill reincarnation, I want the heart of reincarnation."

Demon Zu Wutian retreated to the dusk giant, and his voice was indifferent.

He has no heart. His heart is still in the hand of the night mother wind whispering warbler.

If he can kill Ye Chen, he wants to use Ye Chen's heart instead of his own.

"Yes."

Dusk giant nodded. Before cooperation, he actually negotiated the conditions with Mo Zu Wutian, Yu Huang GuDi and others.

After a pause, the giant's eyes narrowed slightly at dusk, and with a hint of warning, he said to the demon ancestor Wutian, "I heard you want to seize the power of death?"

I advise you that if you die, there will be no new God of death. The God of death has always been the sea king demon. Our God of death church will revive him. "

Mo Zu wudian shook his head and said, "let's talk later. I'll protect the Dharma for you."

At dusk, the giant nodded, continued to sing the seal, and cast the gods at dusk.

Looking down, Mo Zu Wutian glanced over Ye Chen, ye evil god, Ren Feifan, Wu Yao, Ji Siqing, Xuan Hanyu, tiannv, fengyuying and others, and his face was extremely dignified, thinking:

"There are so many masters in the reincarnation camp. Even if I join hands with the emperor, I may not be able to suppress it. At most, both sides will be hurt. For today's sake, I have to delay until this dusk giant completes his magic."

"If I get the heart of reincarnation, I can become a new God of death!"

At this time, ye Chen passed another wave of thunder.

The new thunder disaster, brewing in the sky, did not come down for the time being.

On this side of the altar, there was a rare moment of calm.

Ye Chen also took a breath, but saw that his body was cracked everywhere, and he was seriously injured in the disaster.

"The emperor of heaven sealed the monument to protect me!"

Ye Chen urged the emperor of heaven to seal the tablet and suspend it in front of him.

The tablet of God sealing by the emperor of heaven keeps blooming and nourishing Ye Chen's body.

This artifact, with unparalleled Reiki energy, is used to heal and restore vitality, and the effect is excellent.

Ye Chen's vitality gradually recovered. He looked up at the sky, and suddenly heard a cry from the sky: "master!"

Ye Chen saw that the cry came from yuhuangye.

I saw Yu Huangye blush, embarrassed, guilty, and gloomy regret. I don't know what I've experienced.

The feather emperor Aoxue on one side looked at the feather emperor field, but with a trace of disgust.

Ye Chen glanced, vaguely feeling something wrong.

But listening to the emperor burst out laughing, strode out and said to Ye Chen, "Ye Chen, I want to thank you very much. You cheap apprentice is the descendant of my Yu Huang aristocratic family, and he has the breath of apocalypse."

"I want to make the scabbard of the ancient sword of sin, but he helped a lot."

The words fell, and the feather emperor offered a scabbard.

This scabbard is simple and unsophisticated. It is engraved with many mysterious patterns, such as the heaven robbery totem. It is also full of ancient punishment and killing, and even a little bloody. The forging process is super first-class.

Ye Chen saw the scabbard, and his heart was cold: "has the ancient emperor Yu Huang cast a scabbard that is enough to accommodate the ancient sword of sin?"

He knew that the ancient emperor Yu Huang had always wanted to forge a scabbard to summon the ancient sword of sin.

Sin ancient sword is the most powerful of the four Supreme artifacts.

Even in the world, there is no place to accommodate the edge of the ancient sword of sin.

Therefore, if you want to summon the ancient sword of sin, you must have a suitable scabbard.

And yuhuangye is the key person to build the scabbard!

Because, in him, there is the supreme cause and effect of the apocalypse.

The apocalyptic magic sword once used by the supreme god of apocalypse is also in his hand.

The supreme apocalypse is the most powerful weapon refiner in wuwuwuspacetime, the caster of the emperor's holy knife, and the leader of the death cult.

His causal energy, if used properly, has a great chance to forge the scabbard of the ancient sword of sin.

"Master..."

When Yu Huangye saw the scabbard offered by Yu Huanggu emperor, he bowed his head and looked guilty.

"You betrayed me?"

Chapter 8776

Ye Chen's eyes were cold. The ancient emperor Yu Huang could forge a scabbard, and he absolutely needed the cooperation of Yu Huang Ye.

In this way, Yu Huangye has surrendered to Yu Huanggu emperor, which is tantamount to betraying Ye Chen.

"No..."

Yuhuangye wanted to explain, but he glanced at the Yuhuang Aoxue beside him, blushed, and bowed his head, afraid to say anything.

Yu Huanggu emperor laughed, patted Yu Huangye on the shoulder, and said, "ah ye, don't worry. After today, no matter whether the reincarnation is successful or not, I will keep my promise and betroth Ao Xue to you."

"Yes..."

Yu Huangye's face was red again. He didn't dare to look at Ye Chen's eyes, and secretly aimed at Yu Huang Aoxue beside him.

The feather emperor Aoxue's face was unprecedentedly ugly. He snorted, but he did not object to the words of the feather emperor.

Ye Chen saw this scene, and he had completely understood it.

It turned out that the ancient emperor Yu Huang actually sacrificed the emperor Ao Xue and asked her to marry Yu Huangye, so he asked Yu Huangye to help forge the scabbard.

Yuhuangye accepted, and now his mind is all on yuhuangaoxue.

Ye Chen glanced at Xiao Xinghe, but saw Xiao Xinghe nodding with a wry smile. It was straightforward to tell Ye Chen that his apprentice Yu Huangye really betrayed reincarnation for a woman.

Ye Chen was very angry in his heart. Seeing his expression, the emperor was very proud and laughed.

Hiss!

Boom!

At this time, a hell sword, a light of truth, one left and one right, suddenly blasted towards the emperor.

It was the king of hell, Yanluo Daojun, and the king of all living beings, the Buddha of truth, who made the move.

They want to sneak attack while the ancient emperor Yu Huang talks with Ye Chen.

"Come back!"

Ren Feifan, who stood by the altar, shouted loudly.

At dusk, the giant was singing and preparing to cast spells. On his side, no one immediately tried to stop him, because there was no absolute certainty.

Yu Huanggu emperor and Mo Zu Wutian are too powerful. If they insist on fighting, they will only end up losing both sides.

Ren Feifan is waiting for the opportunity. At least he has to wait for a new wave of disaster to come down and disturb the air flow of heaven and earth before he has the opportunity to take action.

However, Yan luodaojun and the Buddha of truth could not bear it anymore, and unexpectedly attacked the ancient emperor Yu Huang.

"Death!"

The feather emperor snorted. He was always on guard. Seeing Yan luodaojun and the Buddha of truth attack, he immediately urged the scabbard of sin, and two terrible sword Qi burst out of the scabbard.

Poof!

Poof!

Yan luodaojun and the Buddha of truth were cut by these two swords respectively, screamed, and fell from the air on the spot, deeply hurt.

Seeing this scene, everyone in the star and moon circles was thrilled.

Yan luodaojun and the Buddha of truth were both strong men close to the Immortal Emperor, but when they met, they were cut into serious injuries by the ancient emperor Yu Huang.

The strength of the feather emperor is a little too terrible.

No, to be prepared, it should be the scabbard of sin that day. The power is too terrible.

This scabbard has faintly communicated and resonated with the ancient sword of heavenly sin in the depth of wuwuwu time and space.

Under the resonance, there is sword Qi stored in the scabbard. Once cut out, even the ordinary Immortal Emperor is in danger of falling. You can imagine how terrible it is.

However, the ancient emperor Yu Huang should be wary of Ren Feifan. He just didn't use all his strength.

If he did his best, Yan luodaojun and the Buddha of truth would already be two bodies.

Ren Feifan's face suddenly sank when he saw this scene.

"Hahahaha, I don't need anyone else to kill reincarnation today. I can do it alone."

"When I summon the ancient sword of sin, Ren Feifan, who can stop me on your side?"

The ancient emperor Yu hit the two masters with a sword, and laughed up to the sky. His tone also became arrogant. His eyes scanned the audience. He only felt that what he saw in his eyes were mole ants, which could not stop the edge of his sin ancient sword.

The ancient sword of sin is the most powerful artifact. If it is successfully summoned, the ancient emperor Yu is confident to kill the whole audience.

"Hum, if I kill reincarnation alone, I don't have to share merits with the demon ancestor Wutian and the death cult."

The feather emperor thought, glancing sideways at the dusk giant and demon ancestor Wutian.

Mo Zu Wutian said, "don't be impulsive, Emperor Yu. You can't challenge the whole reincarnation camp alone."

The feather emperor laughed and said, "you can't, but I'm the Lord of the ancient god in the future. Who in the world can stop me?"

"Let me show you today the extreme edge of my ancient sword of sin!"

"Boundless sacrifice, nine days of punishment, Gengu Jianfeng, come!"

The feather emperor suddenly sang, grabbed the Xuantian owl beside him with his backhand, and crushed his flesh with one hand.

He actually wanted to use Xuan Tian Xiao as a sacrifice to summon the body of the ancient sword of heavenly sin to come.

"Your Majesty..."

Xuantian owl's body was pinched and exploded, and the spirit floated out, looking at the feather emperor in horror.

The feather emperor snorted, didn't speak, and offered his scabbard.

The scabbard purred, absorbed the flesh and blood essence of Xuantian owl, and swallowed his spirit in the latter's scream.

The ancestor of the Supreme Xuanjia family died at this point.

Demon Zu Wutian, dusk giant, tiannv, Ren Feifan, ye Chen and others saw that the ancient emperor Yu Huang actually sacrificed Xuantian owl in order to summon the ancient sword of heavenly sin, and their hearts were greatly shocked.

Hum!

I saw the bloodstained scabbard flying into the sky, suspended in the air, and it grew as soon as I saw the wind, and became extremely huge. It echoed and resonated with the distant depths of Wuwu space and time, buzzing.

Then, the nine sky sky burst, and a huge sword slowly came down from the space-time.

Chapter 8777

That huge sword, like a stone casting, is surrounded by the breath of killing punishment, as if it can kill everything, kill everything, and the power of the sword is so terrible that it can tear apart the heavens, which is shocking.

It is the legendary sin ancient sword!

I saw the sin ancient sword that day, slowly falling towards the scabbard.

If the sin ancient sword is really combined with the scabbard, it can break everything in the real world with the most extreme edge.

"What, the feather emperor summoned the ancient sword of sin!"

"When the ancient sword of heavenly sin comes, my reincarnation is exhausted!"

"Your Majesty the ancient feather emperor is on the top, please forgive my life, and I am willing to obey!"

In the star moon circle, many disciples of the reincarnation camp saw the ancient sword of sin slowly coming. Under the cover of the terrible killing sword, many humanitarian hearts were broken and shivering, and they actually knelt down to the emperor on the spot.

When ye Chen saw this scene, his heart was also greatly shocked.

Ren Feifan shouted, "Ye Lao, stop the sword!"

Ye evil god shouted, "give it to me!"

He looked back at Ye Chen again. Even if he was carrying the rainbow free sword, he flashed with his sword and rushed to the sin ancient sword that day.

Against the huge body of the ancient sword of sin, the body of ye evil god also appears quite small.

"Rainbow free sword, break it for me!"

Ye Ye Xie's Immortal Emperor's aura erupted, and Wuhong's divine sword suddenly waved and cut out, and fiercely cleaved the ancient sword of sin that day, trying to cleave this sword directly back to wuwu spacetime.

Dang!

The edge of the rainbow free sword cleaved on the ancient sword of sin, but it could not shake the stone giant sword.

Even, from the ancient sword of heaven's sin, countless terrible heavenly punishments burst, like thunder and lightning, killing ye evil god.

"Puff!"

Ye evil god vomited blood on the spot, and his body flew out like defeated grass.

Not only did he fail to stop the coming of the ancient sword of sin, he was also hurt by backfire.

"Grandpa!"

Ye Chen saw that his grandfather was injured, and his heart was very anxious. Holding the reincarnation sword, he wanted to go to help.

"Don't worry! The disaster is coming. Get ready."

Ren Feifan stopped Ye Chen and looked up at the sky.

I saw a rumble in the sky, and a new disaster was about to be brewing.

If ye Chen leaves at this time, it is equivalent to giving up the robbery, and all previous efforts will be wasted.

"Lord of demon God, please do it."

Ren Feifan's face remained unchanged and his eyes looked at Shen Tu Wan'er.

Hearing the words, Shen Tu Wan'er subconsciously glanced at Ye Chen, hesitated for a moment, finally nodded, and flew to the sky.

Click click!

At the next moment, Shen Tu Wan'er's body twisted from a flower like beauty to a white skeleton. It was the legendary lich, and she was also the Lich King.

Boom!

Her Lich body, constantly expanding, instantly turned into a ten thousand feet high, towering terror.

Bursts of low growls came from the Lich King's throat.

The body of the white bone lich, ten thousand feet high, fills the sky and earth, and the boundless magic gas is turbulent in this world, blocking out the sky and the sun.

Even if the magic spirit of even the demon ancestor Wu Tian is a little weak compared with the magic spirit of the Lich King.

At this moment, Shen Tu Wan'er turned into a demon lord, the legendary Lich King!

Ye Chen saw that Shen Tu Wan'er had become a lich. Although she knew that this was her future body, not herself, her heart was also extremely creepy.

"I must save Wan'er! I can't let her future really fall into darkness and turn into a lich!"

Ye Chen only has this idea in his heart.

The white bone body of the Lich King, with rotten muscles hanging on it, and many strange and dark things breeding, looks very terrible.

Ye Chen naturally doesn't want to see Shen Tu Wan'er. She really looks like this in the future.

"Roar!"

Only heard the Lich King roaring up to the sky, the sound shook nine Gao, and the white bone giant hand waved, but it was his bare hands that forcibly grabbed the sword body of the ancient sword of sin.

The magnificent magic gas broke out from the palm of the Lich King and turned into chains to bind the sword body of the sin ancient sword that day.

"Shen Tu Wan'er, you have merged with your future body to this point!"

Seeing this, the emperor was shocked and angry.

He and his future body are in a hostile relationship, and both sides want each other to die.

But Shen Tu Wan'er is not. Shen Tu Wan'er has a very good relationship with her future body.

Even, her future life, willing to give everything, just for her growth.

Today's Shentu Wan'er is equal to the demon God.

She was extremely explosive, and even caught the ancient sword of sin.

Click click!

However, the sin ancient sword that day was also terrifying. The Lich King, who was transformed by Shen Tu Wan'er, was firmly held in his hand, and he was not willing to be shackled. He kept struggling to break through the shackles of the Lich King.

The ancient sword of the sin of heaven trembled constantly, and its sharp edge was exposed. The white bone palm of the Lich King was impacted by the sword gas and cracked, and pieces of bones as huge as mountains fell down.

The two ghosts in the Lich King's eyes also flashed a dignified look, which was obviously out of control.

"My future, outer God, destroy time and space, behead!"

At this time, ye evil god, who had just been injured, suddenly shot again.

I saw ye evil god all over the body, and his aura exploded, revealing a sense of detachment from reality.

At this moment, he unexpectedly borrowed the power of the future body. The rainbow free sword in his hand blew up the sharpest edge. With a cut of the sword, the sword gas was torn, and all the time and space of the ancient sword of sin in all directions were cut into nothingness.

Time and space turned into nothingness, leaving only the existence of the concept. The Lich King released his hand. That day, the sin ancient sword was so suspended in the space of nothingness, motionless.

Time and space did not exist, and the ancient sword of sin naturally fell into silence.

"What!"

Seeing this, the ancient emperor Yu Huang's eyes flashed anger. Unexpectedly, Shen Tu Wan'er and ye evil god joined hands, and Qi Qi borrowed the power of the future body to block the call of his ancient sword of heaven's sin.

At the moment, the ancient sword of sin, to be exact, has been blocked into the void of concept, and cannot return to reality.

Of course, with the sharp edge of the ancient sword of heavenly sin, sooner or later we can break through the blockade of this concept and return to no time and space.

But in this way, the summoning of the feather emperor was a complete failure.

The feather emperor tried to urge the scabbard of the sword and summon the ancient sword of heavenly sin.

The ancient sword of sin buzzed, and there was a response, but it was impossible to break through the blockade of the concept in a short time. The surrounding space and time were all gone, and the sword could not escape at all.

This is the sword power of ye evil god.

His future body is the supreme one of the outer gods without time and space. Although in terms of strength, it is not comparable to Hongjun's ancestor, it is the supreme in name after all, and the means are naturally not trivial.

Just that sword, ye evil god has used the law of no time and space to temporarily block the ancient sword of sin.

## Chapter 8778

The ancient sword of natural sin is extremely terrifying. To block this sword, he and his future body will naturally pay an extremely huge price.

However, in order to prevent the fall of the ancient sword of heavenly sin and protect Ye Chen from breakthrough and promotion, all the costs are worth it!

"Father Tianxin, when are you going to hide? Help me crush the blockade of that concept!"

The feather emperor drank up, and time and space were completely destroyed, leaving only the existence of concepts. Such a strange situation has gone beyond the scope of reality.

If you want to crack it immediately, unless there are characters who master the concept of fantasy.

This figure is the ancestor of Tianxin.

As the emperor shouted down, white clouds surged in the sky, and two figures emerged.

One of them, leaning on an iron stick, is the ancestor of Tianxin.

Next to the ancestor of Tianxin, followed by an old man, it turned out to be the ancestor of the supreme Ye family, ye Chunjun.

Ye Chen saw ye Chunjun's figure from a distance, and his heart was slightly cold.

This ye Chunjun, I don't know when, actually took refuge in Tianxin ancestor.

Does he want to take revenge for ye Linyuan by the hand of Tianxin Laozu?

"Hehe, it seems that I still need to do it, the ancient emperor Yu Huang. When the boy Ye Chen is killed, I need nine pieces of reincarnation xuanbei on him."

Tianxin Laozu laughed.

The feather emperor snorted and said yes.

Father Tianxin laughed again, waved his iron staff, and a force of fantasy broke through the void and fell into the space around the ancient sword of sin.

In fact, the space around the ancient sword of sin, all time and space, have been cut off by ye evil god, leaving only the concept of fantasy.

However, the fantasy power of the father Tianxin came, and the concept of fantasy turned into reality again.

Real time and space are woven in an instant.

Boom!

The ancient sword of sin erupted again with terrifying light, broke through the blockade of time and space, and slowly fell towards the scabbard.

Seeing this, the Lich King and ye evil god were shocked and wanted to stop, but the Reiki consumption was too serious, and they had no chance to fight again.

Wow.

The Lich King was scattered with evil Qi, and recovered Shen Tu Wan'er's appearance, with a pale face.

The power of ye evil god's future body also faded, and the light of the rainbow free sword in his hand dimmed.

"Hahaha, very good, very good."

"No one can stop me."

"I want to see who can stop the edge of my sin ancient sword in your reincarnation camp."

"Ren Feifan, what about you?"

Get up here and let me see what you can do. "

The feather emperor looked at the sin ancient sword that day, gradually approaching the scabbard, and his heart was also ecstatic. He looked up to the sky and laughed, looked down, and finally fell on Ren extraordinary, his eyes full of ferocity.

The sharp edge of the ancient sword of sin cut the heavens invincibly. He believed that even Ren Feifan could not resist it.

The demon ancestor Wutian and dusk giant over there, seeing the feather emperor, really summoned the ancient sword of sin, and they were also shocked.

"Is it true that today's reincarnation will be destroyed, and all merits and good fortune will be snatched away by the ancient emperor Yu Huang?"

At dusk, the giant's eyes were cold, but he was unwilling. He accelerated the speed of singing and printing, and vowed to let the kingdom of the gods at dusk cover the entire star moon world and destroy the existence of all life.

Seeing the arrogant appearance of the ancient emperor, Ren Fanfan sighed and said, "if I shoot, you can't stop my sword."

The feather emperor laughed and said, "although you do it, you can only control the law of cause and effect at most, but I don't believe it. You have the ability to reverse the cause and effect of the ancient sword of sin."

Ren extraordinary's face was silent, and he didn't speak anymore, but gently sang something.

"Reincarnation to the world book, my past, change against the sky, cut the yoke a hundred ways, break it, my heart shackles..."

Ren Feifan pulled out his long sword, and as his singing fell, a terrible scene appeared.

First of all, the shackles of his skull cracked with a click, and the magnificent aura rose from the top of his head and ran through the space-time of the heavens.

Click, click!

Then, the shackles of his eyes broke through at this moment, and his eyes emitted dazzling blood light, which soared into the sky and evolved into ten rounds of blood moon.

Click!

Finally, his heart.

At this moment, the shackles of his heart were successfully cut off.

When the shackles of the heart are broken, any extraordinary person will show a flawless, spotless, noble and glorious breath like the emperor of heaven.

"Xiao Fan..."

The goddess in the distance was completely shocked to see Ren Feifan beheading.

In the past, Ren Feifan only cut off 96 shackles, and there were four shackles, but he didn't cut off.

But at this moment, he actually broke through all the remaining four shackles, even the shackles of the heart!

In this world, ye Chen is the only one who has broken through the shackles of the heart.

But now, Ren Feifan has also made a breakthrough.

Ren Feifan, who was beheaded by a hundred flails, soared wildly, and behind him appeared the great weather of the Golden Wheel of the emperor of heaven, echoing with the ten blood moons in the sky.

"Ah ah, Ren Feifan, you, you!"

The feather emperor was completely shocked. He felt the incredible changes in the timeline of Ren extraordinary.

"You, you, you changed your past?"

How did this happen?

Did you get the reincarnation book!? "

The feather emperor roared, and the horror was extreme.

He saw at a glance that Ren Feifan suddenly cut off the remaining shackles, which was not a breakthrough on the spot, but a change in the past.

In the past, Ren Feifan just cut off 96 shackles.

But at this moment, he did not know what strength he had used to modify his past.

The result of the 96 ways of chopping flail is modified to 100 ways of chopping flail!

Chapter 8779

In the past, the modifications made it possible for any extraordinary shackles to be cut off. Now, the cultivation has also advanced by leaps and bounds, making crazy breakthroughs, and immediately surpassing the Immortal Emperor.

The highest realm in the real world is the Immortal Emperor.

But now, Ren Feifan has completely surpassed it and is so powerful that it is incredible.

His strength even made the dusk giant look like an ant.

Ye Chen was also stunned. He looked at Ren Feifan, as if he saw the legendary emperor of heaven, the supreme figure.

Ren Feifan, who cut all the flail, broke through his cultivation. It's really terrible. There's no limit at all. It's simply invincible in the heavens.

"Modify the past, project it to the reality, and make the reality of yourself become powerful 10000 times in an instant. Does this anti heaven magic really exist?"

Ye Chen only felt incredible that such an unnatural magic power could not exist.

The only explanation is that Ren Feifan controls the reincarnation book.

To be exact, it should be part of the samsara book.

Because the complete reincarnation book has never really been born.

"Can a little robbery make people so powerful?"

Ye Chen was shocked beyond measure, and felt the horror of the reincarnation book.

If you succeed in creating the reincarnation book, isn't it invincible?

"Feather emperor, I said, if I shot, you can't stop me."

Ren extraordinary's eyes were sharp. At this moment, his breath was still soaring, as if there was no end.

The changes brought to him by cutting off all the flail were earth shaking.

Hiss!

Ren Feifan wields a sword, which is invincible and a killing sword like the emperor of heaven.

A clank.

This sword, first hit on the ancient sword of sin.

The ancient sword of sin, which was about to come completely and integrated with the scabbard, was hacked by Ren extraordinary. With a whine, it was immediately hacked back to wuwuwuspacetime.

The weather of the ancient sword of heaven sin disappeared from the star and moon realm. There was only any extraordinary violent momentum in the sky and earth.

"Puff!"

The feather emperor was backfired and vomited blood on the spot. The scabbard also turned into streamer and returned to his body.

"Wail, the emperor."

Ren Feifan's sword is still invincible.

No words can describe the sharpness and sharpness of this sword.

All the people in the audience saw that the sword was cut out and the sword Qi was cut in front of the ancient emperor Yu Huang.

The ancient emperor Yu Huang was so shocked that he only felt that Ren Feifan's sword had gone beyond the scope of earthly martial arts and could even kill him.

"Emperor ancient clock, block it for me!"

The ancient emperor Yu Huang drank loudly and immediately summoned the ancient bell of the emperor to resist Ren extraordinary sword.

Dang!

Ren Feifan cut his sword on the emperor's ancient clock and made a huge sound.

The fierce sword Qi even directly hanged the emperor through the ancient bell.

Hiss!

The body of the feather emperor was instantly cut by countless sword Qi, and suddenly became bloody and injured miserably.

"Ah ah ah!"

The feather emperor sent out a scream, which was not only because of pain, but also because of Ren extraordinary strength.

Ren's extraordinary strength made the ancient emperor Yu Huang tremble.

Ren Feifan, who cut all the flail, was really too terrible.

"Unexpectedly, the ancient emperor Yu Huang was hit hard with a sword!"

Ye Chen couldn't believe his eyes when he saw this scene.

Ren Feifan was too strong. He modified the past and cut off all the shackles of his martial arts.

The power to modify the past like this is the power of reincarnation and the power of reincarnation to the past!

"Ren Feifan, you're crazy!"

In the audience, the perfect Saint suddenly stood up with great panic in his eyes.

Now Ren's extraordinary strength has reached an incredible level, and he even has the possibility of killing the ancient emperor.

The ancient emperor Yu Huang was badly hurt, and Xiao Xinghe, Yu Huang Aoxue, Yu Huang Ye and others guarded him, all in panic.

If it wasn't for what they saw with their own eyes, they couldn't believe that the supreme ancient emperor Yu Huang was defeated by Ren extraordinary sword.

"Reincarnation to the world book is reincarnation to the world book! Go, go!"

Tianxin Laozu shouted in horror, hurriedly took ye Chunjun and ran away.

He felt that Ren Feifan must be in charge of the secret of reincarnation Book robbery. Otherwise, it was impossible to change the past and make himself so powerful.

He was completely invincible against Ren Feifan.

"Where can you run under my nose?"

Ren Feifan's eyes were sharp, and he cut out with a sword. There were no moves to win, and the sword Qi cleaved to the father of Tianxin.

"Ah ah!"

The father of Tianxin screamed miserably, and he couldn't stop Ren extraordinary's sword at all.

Thousands of time lines on his body were cut and destroyed in an instant.

Ren Feifan's powerful sword force is actually to kill all the time lines of Tianxin ancestor and kill him completely.

"Ancestor!"

Ye Chunjun, who was on the side, cried out in panic and hurriedly hugged the body of Tianxin Laozu, but there was a golden light in his hand.

That is the golden light of reincarnation.

Ye Chunjun is the ancestor of Ye family, which is closely related to reincarnation.

He can borrow a little strength of reincarnation.

Under the protection of this golden light of reincarnation, Tianxin ancestor finally retained the last timeline. He narrowly escaped death, and his eyes were full of fear.

"Go!"

Father Tianxin took ye Chunjun and ran away immediately.

He felt infinite sorrow and fear in his heart. He could have been raised infinitely, but now all the time lines have been cut off by Ren extraordinary, leaving only one of his own survival.

Chapter 8780

If he is killed again, there will be no chance of resurrection.

"Xiao Fan, you are crazy."

The heavenly daughter felt Ren extraordinary murderous, and her heart was shocked. She paused, turned and flew away, and dared not stay any longer.

Ren Feifan snorted and came up with a sword to kill tiannv, but at this time, Ji Siqing flew over, stopped him, and shouted in horror:

"Elder Ren, enough! I see your future destiny. It's too... Too terrible. You have paid too much for ye Chen. Don't torture yourself any more."

Ren Feifan is really invincible to kill Sifang at the moment, but Ji Siqing can see that the price of Ren Feifan doing so is extremely huge.

"No, not enough."

Ren Feifang's eyes were sharp, and as soon as his aura shook, he shook away Ji Siqing and wanted to pursue and kill the goddess, but the goddess ran away very fast, and had left the star moon world.

His eyes flashed a trace of cruelty and helplessness, and immediately his eyes shifted to the dusk giant.

At dusk, the giant felt Ren extraordinary's eyes and shivered all over, thinking, "this person's cultivation now, I'm afraid, compared with the demon girl's predecessor, it's no less than giving way, and I may die in his hands today."

Ren extraordinary's eyes are like electricity, and he is about to kill with a sword.

"Brother Ren, why bother?"

However, at this time, a very old voice came down from the nine days.

I saw the sky cracking, countless ancient source gases converging, emerging an old figure, fairy like, surrounded by golden light.

Surrounded by layers of golden light, no one could see the face of the old figure clearly.

But no matter who it is, you can clearly feel that the figure has a very strong breath, and it has an ancient source gas, like the source of everything in the world.

Ye Chen's eyes narrowed under the golden light, looking at the old figure, and then he was shocked.

Because that old figure is the legendary Yuantian emperor!

The extremely mysterious yuan Tiandi came down at this moment.

"Your Excellency President!?"

The perfect Saint also exclaimed when he saw yuan Tiandi.

Everyone in the audience was surprised and suddenly surprised when they heard the name of the perfect saint.

The perfect Saint comes from the truth society. It is said that this truth society holds the ultimate truth of the road.

Many people who fly into space and time are also received by the truth society at the beginning.

The president of the truth society is very mysterious. No one knows his identity.

There is a rumor that the president of the truth society is the mysterious Yuantian emperor.

At this moment, hearing the words of the perfect sage, everyone also understood that the rumors were true. The president of the truth society was indeed the source emperor.

"Yuan Tiandi..."

Ren Feifan's eyes coagulated slightly when he saw the arrival of the emperor of heaven.

"Brother Ren, you and I never knew each other before, but you have changed the past. Now we are close friends."

Yuan Tiandi smiled.

Hearing this, Ye Chen thought, "it turns out that elder Ren changed the past, not only by modifying the number of flails, but also by changing other things. He even became a close friend of the Yuan emperor. He wanted to get a lot of opportunities, otherwise, he could not hit the Yu emperor with a sword."

Seeing Yuantian emperor hanging high in the sky, his whole body was in golden bloom, showing the boundless flavor of the road. He looked at Ren Feifan and said, "brother Ren, your cultivation is very strong now, and the Immortal Emperor is just a mole ant in front of you."

"This world can't accommodate you. Come with me."

One of the major purposes of the truth society is to introduce people who are too strong in the real world into the world without time and space.

At the beginning, the great sage of perfection came to take over Feifan's ascension, but Ren Feifan refused.

Now, Ren Feifan modified the past, cut all the flail, and his cultivation improved by leaps and bounds. He was so strong that he could not be accommodated in the real world.

His terrible spiritual pressure of cultivation pervades the world, and even threatens to crush the entire star moon realm.

Such terrible cultivation directly triggered the arrival of Yuantian emperor.

Yuan Tiandi wants to personally take Ren Feifan to wuwuwuspacetime.

Ren Feifan also felt that his strength was too strong to stay in the real world, and he couldn't help sighing.

Yuan Tiandi said, "I know you have many things that you can't put down, but you have to go if you can't put them down. I'll take you to wuwuwuspacetime, and then we'll find a way to go to the other side of the starry sky together."

While talking, Yuan Tiandi's eyes looked at the Tao book on the other side of the starry sky suspended in the void. The Tao book on the other side of the starry sky was so bright. Under the infection of starlight, the lethality of Ye Chen Tianjie was also fiercely soaring.

Even Yuantian emperor is not qualified to be in charge of the XingKong daoshu. It is said that it represents the ultimate of the world. If you can reach the other side of the starry sky, it is equivalent to reaching the end of the world, and you can see the mystery of the ultimate truth.

He wants to go to the world on the other side of the starry sky, but he can't go alone. He wants to unite with Ren Feifan.

"The other side of the starry sky?

Wait a moment for me, I still have some cause and effect to cut off. "

Ren extraordinary's eyes, with a cold meaning, looked at the demon ancestor Wutian and the dusk giant.

I saw the evening giant around, a magnificent Twilight country, has been born.

That is the kingdom of the gods at dusk. Even the strong man of the God level of the emperor of heaven is in danger of falling into this kingdom.

This is one of the legendary thirty-three gods, the gods at dusk!

At this moment, the twilight giant has finished singing and casting spells, and his twilight magic of gods has been completely completed.
