Chapter 8971

Ye Chen used the scorching sun to kill the stars, and the divine power was invincible, even he could not be suppressed, and he might even be counter-killed!

"Ancestor, quickly use the gods and demons!"

Seeing that the situation was unfavorable, Yuwenji shouted.

Mozu Wutian listened to Yuwenji's words, but his face sank.

What Yuwenji said about "God, Devil and Heavenly Flow" is one of the thirty-three days of divine arts. In terms of power, it can be ranked sixth, and it is very ferocious.

This God-Devil-Shattering Heavenly Stream is a magical technique hidden in the Heavenly Demon Star Sea, which can gather the filthy karma and infinite sins of the Heavenly Demon Star Sea, and turn it into a divine shock that is enough to annihilate the heavens, the earth, the stars, and the immortals and Buddhas.

As Demon Ancestor Wutian continued to steal the energy of the Heavenly Demon Star Sea, he also had a preliminary understanding of this magical technique.

Once the flow of gods and demons erupts, it is indeed possible to kill Ye Chen directly.

However, this god and demon must gather endless filth and sin. Once it is used, it may also suffer backlash. It is absolutely impossible to use it unless it is a last resort. It is the hole card among the hole cards.

"shut up!"

Mo zu Wutian glared at Yuwenji, he had his own decision in his heart and would not easily use this forbidden magic.

Although Ye Chen's arrogance is flaming now, the scorching sun will light up soon after all, and the breath is not stable yet.

Mo zu Wutian concluded that Ye Chen would not be able to support him for long. As long as he delayed for a while, when the scorching sun and the star of life went out, it would be time for him to fight back.

"All warriors of the Star God Race, listen to my order and come!"

Zi Chuanfei opened her arms and called out to the sky.

She didn't know how long Ye Chen could hold on, she just wanted to help Ye Chen.

Now that the dark blockade placed by the Demon Ancestor Wutian has been broken, Zichuanfei's will can be spread.

In an instant, all the Chaos Heavenly Demons in the entire fantasy world heard her cry.

Immediately afterwards, there were thousands of demon powerhouses, screaming and screaming, descending from the sky like a nightmare and appearing in front of the demon ancestor Wutian.

"Walk!"

When Demon Ancestor Wutian saw so many demon powerhouses coming, his face suddenly became very ugly, and he immediately turned and flew away.

If he fights Ye Chen alone, he will naturally have the certainty of victory.

But coupled with so many demon powerhouses, the situation is obviously unfavorable, and we can only temporarily avoid the edge.

Yuwenji also hurriedly transformed into a dragon body, endured the pain from the injury, and fled quickly.

Yuhuang Yafei also wanted to run, but was caught by a dozen demons.

After those demon powerhouses caught her, they threw her in front of Ye Chen and Zi Chuanfei.

Zi Chuanfei said, "Kill her."

A demon warrior raised his sword and was about to cut off Yuhuang Yafei's head.

Yu Huang Yafei is also stubborn, waiting for death with eyesight, without begging for mercy.

Ye Chen shouted, "Don't kill her first."

The surrounding demon warriors looked at him with strange and puzzled eyes when they heard him speak, and they were vigilant again.

Because in their eyes, the human race is the enemy!

Seeing this, Zi Chuanfei coughed, cleared her throat, and said, "This humble human race has surrendered to me and is my servant."

Ye Chen also pushed the boat, bowed his hands to Zichuanfei, pointed at Yuhuang Yafei, and said, "Miss, this woman has a golden bloodline, it may be useful to keep it."

He thought to himself that Yu Huang Yafei was endowed with a golden bloodline. If he could use it for his own use, it might be useful to fight against the Demon Ancestor Wutian in the future.

Zi Chuanfei naturally obeyed Ye Chenyan, and said to the surrounding demon warriors: "Then don't kill her, just save her life."

The demon warriors nodded and said yes, and released Yuhuang Yafei.

Yu Huang Yafei escaped from death, looking at Ye Chen with a complicated expression.

Boom!

At this time, there was an amazing change in the sky in the distance.

I saw the Wuxin Patriarch, fighting fiercely with many powerful demons, and the battle gradually intensified.

The majestic Buddha light shook the void, bursting out with a thunderous sound.

The phantom of the magnificent Dharma image of Shakyamuni Buddha descended into this world.

The dazzling Buddha's light, with the murderous aura of pacifying all demons, and the mysterious law of karma, swept the world.

The law of cause and effect is to kill demons and destroy evil spirits, the Buddhadharma will prevail, and all evil spirits will be slaughtered!

The Buddha's light was like a tide, and it exploded like a sword. Thousands of demon warriors around Ye Chen were beheaded by the Buddha's light and screamed.

After the thousands of chaotic demons were stained with the Buddha's light, their skins sizzled, as if they boiled, and white smoke was evaporated, and then their souls were destroyed and turned into ashes.

A beam of Buddha's sword energy cut off Zi Chuanfei's waist.

Her body cracked, then burned, and quickly transformed into robbery ash.

"Girl Zichuan!"

This sudden change, Ye Chen shouted, and was stunned.

"elder brother....."

Zi Chuanfei's lips trembled, and she wanted to say something, but in the next instant, her broken body was completely turned into ashes under the impact of the Buddha's light, and only half of her wings were left, falling into the dust.

She disappeared completely.

And the starry sky book, also completely lost.

Ye Chen and Yuhuang Yafei were stained with the Buddha's light, but they were not hurt in the slightest. Instead, they were full of energy and radiant, as if they had received some blessings.

This Buddha light is obviously only aimed at the Chaos Heavenly Demon.

Zi Chuanfei is dead.

Ye Chen's heart throbbed violently. He actually knew for a long time that Zi Chuanfei was mortal. This had already happened.

In the end, she was going to be crushed by the divine might of the Buddha.

Chapter 8972

What Ye Chen saw was just what happened in the past years, recorded in the leylines, and now released in this fantasy.

However, his heart still thumped violently, as if he was clenched by a big hand, unable to breathe.

"When I light up the third star of life, I will resurrect you..."

Ye Chen took a deep breath, his mood recovered a little, and looked at the distant sky again.

I saw Wuxin Patriarch, after summoning the Dharma image of Shakyamuni Buddha, his own breath also soared, and he laughed up to the sky, like the wrath of the King Kong, he rushed in and out of the group of demons, washed thousands of miles with blood, and was extremely domineering.

"Not good, Sakyamuni Buddha's divine power is coming, please ask Lord Jidao Mozun to take action!"

Those chaotic celestial demons, deeply feeling the danger, sang together, summoning their supreme master, the Demon Venerable Extreme Dao to come.

A world-shattering demon, the phantom also descended from the Nine Heavens Void, fighting with the Buddha.

The peak fighting skills of the Buddha and the devil caused the ancient Buddhist holy place to collapse everywhere, and the time and space were broken.

Under the blessing of the Buddha, the disciples of the Holy Land of the Ancient Buddha were arrogant.

On the Chaos Heavenly Demon side, after the arrival of the Demon Venerable Extreme Dao, it also became crazy.

The camps on both sides of the Buddha and Demon started a more intense fight, and the battle was dark and dark, and the sun and the moon were sinking.

Ye Chen and Yuhuang Yafei were shocked when they saw the great atmosphere of Buddhist fighting.

However, before the two entered the illusion, they had vaguely spied on the secrets of the sky, and found the scales and claws of the ancient war between Buddhas and Demons, so their mood quickly calmed down.

"Give you a chance, submit to me, I won't kill you."

Ye Chen's mood returned to the present, stared at Yuhuang Yafei, and said coldly.

Yuhuang Yafei's body trembled slightly, her eyes turned for a moment, then she nibbled her silver teeth, bowed her head and said, "Yes, from now on, I will submit to you."

Ye Chen was a little surprised and said, "Agree so quickly?"

I thought you would fight back. "

Yuhuang Yafei shook his head and said: "There is only one way to die for resistance, and there is no heaven for demon ancestors, so it is not worth my death for him."

"In the beginning, I was the saint of the Yuhuang family in the heart of the earth. It was only an expedient measure to take refuge in the Demon Ancestor Wutian."

"Good birds choose wood to perch, and if there is a better place to go, I will naturally choose."

Ye Chen said: "I remember, you seem to have a cousin, and then I killed him?

don't you hate me? "

Yuhuang Yafei shook his head and said, "That was all a long time ago, and it was my cousin who did it all he wanted. I persuaded him. It's not a pity for him to die, and I don't hate you."

Ye Chen nodded and said, "Okay, from now on, you will be the one from my reincarnation camp."

"However, I don't like others to betray me, I hope you can do it yourself."

After speaking, Ye Chen flicked his fingers, and a soul mark shot into Yu Huang Yafei's forehead.

This soul seal can ensure that Yu Huang Yafei will not betray.

As long as she has any thoughts of betrayal, her soul will be wiped out immediately.

This is Ye Chen's control method. He was betrayed by Yu Huangye once, and he no longer dares to trust others easily.

The implantation of the soul imprint made Yuhuang Yafei's delicate body tremble.

After that, her expression also became docile, she knelt down, prostrate at Ye Chen's feet, and kissed Ye Chen's toes, and said, "Please rest assured, Yafei will be yours in the future, and I will never betray in this life!"

Ye Chen nodded and said, "Very good."

rumbling...

At this time, the Buddha-magic fight ended.

The entire army of Chaos Heavenly Demons was wiped out, feathers flying all over the sky, leaving behind robbery ashes and broken wings all over the place.

The ancient Buddhist holy land was a tragic victory. Many mountains were razed to the ground, the ground was broken, the magma flowed back, and the once glorious Buddhist holy land was almost turned into ruins.

Somewhere in the Holy Land, the earth was punched through a hole, and the blood of countless Buddhas and demons gathered into the hole, and finally turned into a sea of blood, emitting a strong stench and evil spirit, and even the Buddha Sakyamuni flowing in it. The willpower that remains with the Demon Lord of the Extreme Dao.

Wuxin Patriarch was seriously injured and looked very embarrassed.

Heaven and earth twisted, and this fantasy world quickly dissipated like a dream bubble.

Ye Chen escaped from the illusion and returned to the outside world.

He saw that Yuhuang Yafei was kneeling at his feet.

Not far away, Master Chi Feng, Emperor Yu Aoxue, Zang Hai, and Ye Lan were standing at a loss.

In the battle with Apocalypse Supreme, they were injured by the explosion, and then they were trapped and locked by the Chaos Heavenly Demon for a day until the end of the illusion.

When they returned to the real world at this time, they were all in a trance, and only one thing was certain, that is, they did not pass the assessment.

The standard for this level of assessment is to kill ten chaotic demons. After they were injured, they were trapped and locked by the demons, and naturally they did not do it.

Mozu Wutian and Yuwenji stood not far from them.

At this time, Mozu Wutian changed into Guichen again. He saw Yu Huang Yafei kneeling and worshipping Ye Chen, his face was extremely cold, and he knew everything.

There are other warriors and cultivators, standing around tremblingly, staring blankly at this real world, thinking that they are in an illusion and want to fight with the Chaos Heavenly Demon.

Looking at the expressions of these warrior cultivators, there are obviously not many people who can successfully pass the assessment.

Several high-level elders in the Holy Land of the Ancient Buddha were already waiting for everyone.

Seeing everyone coming out, Master Xuanbei said aloud:

"The third pass is over, and there are eight people who passed the pass, namely, Ye Chen, Gui Chen, Yuwenji, Yuhuang Yafei..."

The assessment of this level is really too difficult, and there are only eight people who pass the final level.

Chapter 8973

In addition to Ye Chen, Gui Chen, Yuwenji, and Yuhuang Yafei, there were also four relatively powerful loose cultivators, and all the others were eliminated.

"pity....."

Ye Lan sighed, if it wasn't for the battle against Apocalypse Supreme, she and Zang Hai, as well as Master Chi Feng and Emperor Yu Aoxue, might have cleared the level.

Venerable Chi Feng also sighed and said, "Fortunately, the Lord of Reincarnation has cleared the customs, and we still have the possibility to witness the appearance of the Buddha's bone relic."

Zanghai nodded and said to Ye Chen: "Lord of Reincarnation, it's up to you, we are friends now, if you can get the Buddha's bone relic, and the luck of reincarnation will increase, my Qiancao Villa can also follow. "

Ye Chen folded his fists and said, "I hope so."

Gui Chen looked at Ye Chen coldly, and said, "Ye Chen, it seems that the final belonging of this Buddha bone relic is either you or me."

"Apocalypse Supreme has been out, and the power of death will either fall into my hands, or it will belong to your reincarnation camp."

Apocalypse Supreme released the winner and wanted to use Yu Huangye to suppress Ye Chen, but he had failed.

Even when his own phantom came, he couldn't suppress Ye Chen.

The price of double failure is bound to be very heavy and huge.

The body of Apocalypse Supreme must be severely hit, and he has lost the qualification to snatch the authority of the God of Death.

Then, the real possibility to seize the authority of the God of Death is either the Samsara camp or the Demon Ancestor Wutian.

And this Buddha bone relic is the key!

If the Demon Ancestor had no heaven and obtained the Buddha's bone relic, he would not be afraid of the filth of the Heavenly Demon Xinghai, and could devour the energy of the Heavenly Demon Xinghai frantically, and finally ascend to the god of death, and ascend to the sky in one step.

If the Buddha bone relic falls into Ye Chen's hands, his plan will be in vain.

Even, Ye Chen, relying on this Buddha bone relic, can in turn suppress Wutian and defeat the devil with Buddha.

"Amitabha."

Master Xuanbei chanted the Buddha's name and said: "The ancestor's Buddha bone relic fell in the core area of the battlefield, but I don't know where it is. If you want to find it, you have to look at your own fate."

"The core area of the battlefield will be opened tonight, and you can rest for half a day."

Ye Chen and Gui Chen looked at each other with indifference in their eyes.

They know that when the core area of the battlefield opens, it is also when the two of them will start the war.

Who will kill the deer, the future fate of the two camps depends on the battle for the Buddha's bone relics!

...

At this time, there is no time and space, in a magic palace.

This is the chief protector of the Reaper Order, the legendary witch, the dojo of the Cleansing Beauty Fairy.

Today, in this Devil Goddess Palace, many dark powerhouses are holding back, waiting for the witch's order.

The witch sat in the main hall of the shrine, sitting on a large chair made of white bones, with two curved eyebrows, frowning together.

She is considering whether to launch a rebellion immediately, completely rebel against the Supreme Apocalypse, and seize the position of the leader of the Reaper Religion.

She has long been at odds with Apocalypse Supreme. This is a well-known thing. Everyone knows that she wants to rebel and is waiting for this day to come.

"Apocalypse Supreme is really crazy. He robbed the authority of the God of Death, but he really wanted to use it to revive the Sea King Demon Venerable."

In the eyes of the witch, a shadow passed by.

The biggest difference between her and Apocalypse Supreme is the issue of reviving the previous generation of Death God.

She disapproved and revived the previous generation of death.

If you really grab the authority of the god of death, how can you return the old master?

The Reaper Sect should be occupied by itself, and then claim to be the hegemon, and conquer the entire time and space.

This is the witch's idea, but Apocalypse Supreme does not agree.

Since Apocalypse Supreme founded the Reaper Order, he has been seeking to revive the Sea King Demon Venerable.

Even, he is not even trying to snatch the power of Death God now, not to strengthen his own strength, but to revive the previous generation of Death God.

Once the previous generation of Death God revives, the Death God Religion will inexplicably have another leader, which is unacceptable to the witch.

She was thinking about mutiny, but thinking about the power of the Apocalypse Supreme's body, she hesitated.

That is the powerhouse of the God-level Emperor!

Although she is also the main god of the Emperor of Heaven, but in terms of the accumulation of the divine personality, after all, it is not as deep as Tianqi Supreme.

"Lord Witch, the leader of the Apocalypse has come to visit you."

An elder came in to report and said.

"Oh?"

The witch was a little surprised, and her heart beat violently again.

Could it be that the matter of his plot to rebel has been discovered by the Supreme Apocalypse?

I saw a man in a black robe, with scattered gray hair and a beard stained with blood, who looked extremely decadent and embarrassed, walked in from the outside.

He is the Apocalypse Supreme.

"Master Sect Master, you..."

The witch was shocked when she saw Tianqi Supreme like this, and immediately caught the secret, knowing that Tianqi Supreme failed and suffered serious backlash.

"You actually arranged a chess piece to suppress the Lord of Reincarnation and take the Buddha's bone relic?"

"Even, you disregard the restrictions of the Great Dao, lower your own phantom, and fight the Lord of Samsara in person?"

The witch was shocked, and her heart was ecstatic again.

There is no doubt that the layout of Apocalypse Supreme is very deep, and she has never discovered it before.

It was not until this moment that Tianqi Supreme was defeated and came to the door in person, and she only got insight into the details.

Apocalypse Supreme encountered setbacks, which is undoubtedly good news for her.

She never expected that Tianqi Supreme would be so impulsive and fight Ye Chen in person.

If a character like the Heavenly Emperor and the Lord God wants to take action in the real world, he must make arrangements in advance and lay enough traces to alleviate the backlash caused by the restrictions on the avenues.

Otherwise, rash action will only incur divine punishment.

Today's Apocalypse Supreme has been attacked by divine punishment, and his vitality has been greatly damaged.

"Witch, you have seen it, I did encounter some small setbacks."

Apocalypse Supreme's voice is low, his interest is waning, and his eyes are very sad.

The witch chuckled and said, "I'm afraid this is not just a small setback, you are actually defeated by Ye Chen, this is a huge blow to my Death Religion, I even doubt that you are so impulsive, and Not qualified, continue to be the leader!"

Even if it is a witch, she has a deep layout in the real world, and even she herself is a person who has risen from the real world, she does not dare to do it herself.

Because of the restrictions of the rules, it is really too big.

If she does it, she will be punished by the Great Dao, and the consequences will be disastrous.

Apocalypse Supreme made a rash move, and now he is frustrated. This is an impulsive punishment.

Apocalypse Supreme listened to the sarcastic voice of the witch, but shook his head lightly, and said: "I know this time, I was really hasty, but the situation is pressing, I can only take risks, I can't let the authority of the god of death fall into the hands of outsiders."

"I know that you must want to take the throne of thorns and take my place. In fact, I can give it to you, as long as you can help me revive the Sea King Demon Venerable."

Chapter 8974

The Throne of Thorns is the representative of the peak power of the Death God Religion. It is not only one of the thirty-three divine arts, but also a top-level no-no artifact. Currently, it is in the hands of the Supreme Heavenly Qi.

When the witch heard Apocalypse Supreme, she was willing to give up the throne of thorns, just in order to revive the Sea King Demon Venerable, she was shocked, her eyebrows were wrinkled, her face was full of incomprehension, and she said:

"why?"

"You revive the Sea King Demon Venerable, but you only make wedding dresses for others, and find yourself a master for no reason. Is it fun?"

"Isn't it bad for our Death God Religion to win the Death God's authority and be promoted to the Death God?"

Why do you need to surrender? "

Apocalypse Supreme sighed, his eyes showed infinite vicissitudes, as if there were thousands of helplessness and all kinds of cause and effect.

He shook his head again and said, "Forget it, today, I will tell you some hidden truths. After you understand, you will be on my side."

After these words, Apocalypse Supreme summoned a seat, lonely and lonely, and sat in front of the witch quite desolately.

The seat he summoned was completely woven of thorns and covered with sharp barbs. It turned out to be the legendary throne of thorns, the glory of countless heavenly emperors, the majesty of the Lord God, and the vast fluctuations of law energy, surrounding this piece. on the throne.

However, at this time, Apocalypse Supreme did not have the same aura of slaughtering the galaxy in the past. He was very lonely and lonely, and after being defeated by Ye Chen, he also seemed very lost.

The witch froze in her heart, but she didn't know what the truth of the Supreme Apocalypse was.

She backed away from left and right, and waved out the runes again, blocking the void and isolating all traces of heaven's secrets, and then asked:

"Tell me what the truth is."

The Supreme Apocalypse was sitting on the throne of thorns, and he didn't run the aura to protect his body. He let those sharp barbs pierce his skin and seep blood, and he didn't care.

His eyes, with a trace of ancient desolation, said: "Do you know the identity of the Sea King Demon Venerable?"

The witch was stunned for a moment, and said: "Isn't the identity of the Sea King Demon Venerable, he is not the previous generation of Death God, is he the artifact spirit of Tianmo Xinghai?"

He used to be the subordinate of Tianzun Yanshen, but later betrayed and was suppressed by Tianzun Yanshen. "

Apocalypse Supreme said: "The four supreme artifacts, the Heavenly Demon Xinghai, the Emperor Yan's Seal, the Ancient Sword of Heavenly Sin, and the Heavenly Emperor's Golden Wheel, only the Heavenly Demon Xinghai gave birth to an artifact spirit, and the other three artifacts do not have an artifact spirit, don't you think it's strange ?"

"The four supreme artifacts are the creations of the great fantasy of the gods and possess the purest laws."

"Because of things created by fantasy, generally speaking, no artifact spirit will be born."

"Artifact spirits are the souls of objects, but things created by fantasy will not give birth to additional souls. Fantasy itself is the collision of souls."

"But, don't you think it's strange that Tianmo Xinghai was born with an artifact spirit?"

Listening to the words of Tianqi Supreme, the witch also felt a little strange, but she shook her head and said: "There is no time and space, there are all kinds of strange things, what is strange about the birth of a tool spirit?"

Apocalypse Supreme said: "Have you ever thought that the artifact of the Demon Xinghai that day was not born independently, but someone was behind it?"

Hearing this, the witch was horrified and said, "What layout?"

Since the birth of the Sea King Demon Lord, he has been a god-level figure of the Heavenly Emperor and Lord. Who can regard the Heavenly Emperor and Lord God as a chess piece for the layout? "

Apocalypse Supreme nodded, shook his head again, and said: "Forget it, I'll tell you directly, that Sea King Demon Venerable is actually the fantasy body of Ji Dao Demon Venerable."

"Because of all kinds of taboos, Demon Venerable Ji Dao cannot leave his territory, so he created this phantom body. He uses himself as a chess piece. This phantom body also entrusts 90% of his power. Heaven, time and space, and then return to the other side of the starry sky."

The Heavenly Emperor Lord God is the pinnacle of the Wuwu time and space cultivation system, and there is no person who is more powerful than the Heavenly Emperor Lord God, unless it is the ultimate in the ultimate.

In this world, there is no one who is qualified to take the God of Heaven as a chess piece.

Unless it is the Emperor God himself.

"Sea King Demon Venerable, is it the fantasy body of Ji Dao Demon Venerable?"

The witch was stunned. She had naturally heard the name of Demon Venerable Jidao. Legend has it that he was the supreme ruler of the Chaos Heavenly Demon clan, a great figure at the pinnacle of the Lord God, who has been hiding behind the scenes and never showed his power in the world.

At this moment, the witch heard from the Supreme Being of Apocalypse that the Sea King Demon Venerable was actually the imaginary body of the Demon Venerable Ji Dao, so she was extremely shocked.

"Yes, Chaos Heavenly Demons, in fact, at the beginning, they were not Chaos Heavenly Demons. They were the most brilliant Star God Race, and they were the great races born on the other side of the Starry Sky."

"But later, unfortunately, they were stained with darkness and could only escape from the other side of the starry sky."

"They have been trying their best to prevent the world from stepping into the other side of the starry sky since ancient times."

"Because, the world on the other side has been polluted and filled with endless karma and filth. Compared with the Heavenly Demon Star Sea, it is as pure as a fairy pond."

"Whoever sets foot on the other side will be eroded by the darkness, and eventually fall into the eternal darkness, unable to turn over, just like them."

"They have suffered themselves, and they don't want the world to suffer again."

"The world on the other side of the starry sky is not bliss, but a nightmare."

Apocalypse Supreme's tone is desolate, narrating ancient secrets.

The witch was stunned, she only felt incredible, and said, "Sir, you...you are crazy."

Chapter 8975

"Is this the truth you say?"

"The other side of the starry sky is a nightmare world, who did you listen to?"

Apocalypse Supreme said: "It was the Sea King Demon who told me that he was the imaginary body of the Jidao Demon. He told me the truth about the other side of the starry sky."

"At the beginning, I exhausted my vitality because of casting the Emperor's Sword, so I could only immerse myself in the darkness and live out my second life. It was the Sea King Demon Venerable who gave me a new life. Therefore, I founded the Death God Religion to revive him. "

The witch's face shook violently, and said, "No, Lord Sect Master, you are confused by that Sea King Demon Venerable! What he said must be false, not the truth of the other side of the starry sky."

"If that's the truth, why don't I even have a sense of mysteries?"

Apocalypse Supreme shook his head and said: "Because that is the highest heavenly secret, it is an unspeakable taboo, it is not so easy to sense, you can sit in my position, you may be able to see the truth."

After that, Apocalypse Supreme stepped down from the throne of thorns and stared at the witch silently.

The witch looked at the throne of thorns, the throne she dreamed of, but at this moment, she hesitated and did not dare to sit on it.

"Go."

Apocalypse Supreme said.

After hesitating for a moment, the witch finally walked to the throne of thorns step by step and sat on it.

She finally sat on the coveted throne, but she had no joy.

She only felt sad, and at the moment when she sat on the throne, her eyes widened a lot, and faintly, she also spied the supreme taboo of heaven, which was an indescribable secret of eternity.

About the other side of the starry sky, about the ultimate.

She seemed to see a big blood-red eye staring at her silently.

That is the ultimate blood eye, and the oppression it brings to people is much stronger than that of any Heavenly Emperor and Lord God.

"I didn't lie to you, did I?"

"The other side of the starry sky is a nightmare. What the Sea King Demon Venerable wants to do is actually to dominate the entire time and space, unite all the powerhouses in the space and time, kill the other side of the starry sky together, clean up the filth and evil, and let the other side turn from a nightmare to a pure land of bliss. , that was his long-cherished wish."

"It's just that this wish didn't come true after all, and he fell in the battle of the Nine Gods for hegemony."

"He still retains his kindness and asks the Chaos Demons under him to prevent the world from peeping at the other side of the starry sky, lest the world suffer the backlash of nightmares."

"I have always wanted to revive him, let him fulfill his unfulfilled wishes, lead us to the other side of the starry sky, clean up all the filth, and build a truly pure and blissful world."

"That's my wish too. At that time, I should be able to retire and continue to make iron and refine things. I was just a refiner at first."

Apocalypse Supreme's tone became more and more vicissitudes, and he did not have the arrogance and arrogance of the overlord of the emperor, just an old man who longed to retreat.

The witch was silent.

As a monk without time and space, she is naturally the same as thousands of monks, eager to spy on the end of the avenue.

But now, the so-called ultimate world turned out to be just a nightmare.

This truth is enough to cause everyone who witnessed this scene to be heartbroken and mentally broken.

"No, that's not the truth."

"Or, this is only part of the truth, not the whole!"

"Sitting in this position, what I see on the other side of the starry sky, the so-called filth is just a trivial corner, and there is a larger and more boundless territory!"

The witch couldn't believe it, she looked up at the deep void, her eyes seemed to penetrate through the layers of time and space, and she saw the most mysterious starry sky.

On the other side of the starry sky, she saw the dreamy atmosphere of the pure land of heaven, which should be the bliss that the world seeks.

However, there is a corner of the pure land on the other side, which is full of darkness and filth.

Because the darkness is too intense and ferocious, and too conspicuous, it makes people ignore the broader light.

Apocalypse Supreme shook his head and said: "The remaining pure land you see is actually just an empty shell. Under that empty shell, all is filth."

The witch shouted: "Enough, don't say more! In fact, I don't care about the other side of the starry sky, I just want to kill Martial Ancestor!"

Apocalypse Supreme looked at the witch's rather hideous expression, and just shook his head slightly.

He knew that killing Martial Ancestor was the witch's long-cherished wish, but as a monk, reaching the other side of the starry sky was also the witch's wish.

"Go ahead and suppress that kid, the Lord of Reincarnation. I am defeated, and now I can only rely on you."

"He is in the Holy Land of the Ancient Buddha, where there is still my breath, and he can be a beacon for you, leading the way or something."

"Our Death God Religion, starting today, must stop internal fighting and work together to suppress Samsara."

"As long as the luck of the reincarnation camp can be suppressed, Shentu Wan'er will not be able to turn the sky, and the authority of the god of death will ultimately belong to us."

"As for Mozu Wutian, hehe, he alone can't beat our Death God Religion, as long as we can unite."

Apocalypse Supreme snapped his fingers and said.

He wants the witch to take action herself to suppress Ye Chen!

Shentu Wan'er is one of the contenders for the power of the god of death, but whether she wins or loses is actually not up to her, but up to Ye Chen!

Ye Chen's fate is inextricably linked to her.

As long as Ye Chen's luck is suppressed, Shentu Wan'er will also be implicated and eventually fail.

"You have said so much, but you still want me to take action. When I get the authority of the god of death, why don't I take charge of it myself?

But to make wedding dresses for others. "

Chapter 8976

The witch snorted, her tone very displeased.

If she makes a move, the risk is also great, and it is likely to end up like Apocalypse Supreme.

"Only by reviving the Sea King Demon Venerable can you have a chance to reach the other side of the starry sky, so think about it yourself."

"As for killing Martial Ancestor to take revenge, this is simple. When Sea King Demon Venerable recovers, he will break through and stand up, and his strength will definitely improve, enough to crush Martial Ancestor and avenge you. He will not forget your credit."

"As for yourself, with the accumulation of your cultivation base, I am afraid that even my throne of thorns can't sit firmly. You still want to sit in the position of the god of death, how can it be so easy?"

Apocalypse Supreme said indifferently.

"Mozu Wutian can be a god of death, but I can't?"

The witch's eyelids twitched, a little annoyed.

Apocalypse Supreme said: "Behind the demon ancestor Wutian, the golden family has prayed for him for hundreds of millions of centuries, what do you have?"

Who is comparable to the Golden Family in your power? "

Hearing this, the witch was silent again.

"If you can suppress Ye Chen, or even kill him, this throne of thorns, from now on, it will be your turn to sit."

"If you sit on this throne, you will be able to step onto the peak of the Heavenly Emperor and Lord God."

Apocalypse Supreme left these words, and then turned and left.

The main gods of the Heavenly Emperor are also graded. The main gods who can stand at the top are extremely rare. Looking at the entire time and space, the number will not exceed ten. It can be said that they are big figures at the top of the pyramid. people.

The witch is a high-level main god, and her weight is extremely heavy, but there is always a gap between the realm of the highest peak.

If she can sit on the throne of thorns, she can make up for this moat.

"Ye Chen, it seems that I still have to do it myself."

"Ren Feifan's vitality is seriously injured, no one should be able to protect you, right?"

"However, you are a lucky person after all, and even the Supreme Apocalypse can't kill you."

"Perhaps, I should consider joining forces with Mozu Wutian?"

The witch sat on the throne of thorns, her eyes flashing constantly, revealing murderous intent.

Her palm had been pierced by thorns, seeping blood.

The blood slowly flowed out again, penetrating through time and space, and infiltrating somewhere.

...

Ancient Buddha Holy Land, outside the battlefield ruins.

Since the illusion was shattered, half a day of rest has passed, and night has come.

Several elders of the Holy Land of Ancient Buddha have already opened the ban on the core area of the battlefield.

With the opening of the ban, the breath of the core of the battlefield also vaguely diffused, and everyone smelled a dangerous breath.

Inexplicably, Ye Chen seemed to smell a bloody smell, not from the battlefield, but from somewhere far away.

"Who else wants to kill me?"

"Well, maybe I'm too paranoid."

Ye Chen shook his head, but felt a faint tingling in his meridians.

He had previously fought against Demon Ancestor Wutian in the fantasy world and released the scorching sun to fight, which was a huge burden.

Now, the side effects have manifested, he rested for a long time, and the meridians still have dull pain.

"Are you all right?"

Yuhuang Aoxue came to Ye Chen and asked.

"fine."

Ye Chen smiled bitterly, and asked her back, "Why, how are you thinking, are you coming to my reincarnation camp?"

Ye Chen really wanted to invite him. His relationship with Yuhuang Aoxue was really special. It would be best if he could turn an enemy into a friend.

If Yuhuang Aoxue could return to the Samsara camp, it would definitely be a huge blow to the Qi pulse of Wanxu Temple.

"I...I don't know."

Yu Huang Aoxue listened to Ye Chen's invitation, and his eyes fell into confusion.

She was born in Wanxu, but she has such a complicated relationship with Ye Chen, and now she doesn't know what to do.

Originally, she decided to be loyal to Wanxu and never betray.

But this time, with Ye Chen's spiritual cultivation, killing Yu Huangye, and fighting against Tianqi Supreme, she no longer wanted to be an enemy of Ye Chen.

"Well, I want to go out and walk around."

Yuhuang Aoxue said.

"what?"

Ye Chen frowned slightly.

"Hey, I don't want to betray Wanxu, but I don't want to be your enemy either. I plan to not help each other. From now on, I will wander the world and be a loose cultivator."

Yuhuang Aoxue expressed his heart, after all, he still didn't want to betray Wanxu, but he would never fight against Ye Chen again.

When Ye Chen heard that she was going to wander the world and become a loose cultivator, he was stunned for a moment, then heaved a sigh of relief and said, "Alright, then you are free."

Yu Huang Aoxue smiled bitterly, but shook his head gently and turned to leave.

Yu Huang Yafei, who was standing beside Ye Chen, shouted loudly, "Miss Aoxue, if you encounter any difficulties in the future, you can call the name of Samsara, and the Lord will not forget you."

Yuhuang Aoxue paused in footsteps, her delicate body stiffened, and in the end she did not look back, and left on her own.

Master Chi Feng recited, "Amitabha."

Ye Lan glanced at Ye Chen, then at Yuhuang Aoxue's back, and said to Zanghai, "Senior brother, I don't understand."

Zanghai twirled the Buddha beads, shook his head and said, "Look at the book of wisdom of Lord Grass God, it contains the answers to all the questions in the world."

Ye Lan stuck out her tongue and stopped speaking.

At this time, Master Xuanbei came out and said to everyone:

"The core area of the battlefield has been opened, and you can enter. Whoever can find the Buddha's bone relic of the ancestor is a person who is destined. Our ancient Buddhist holy land will pray for him, and let the Buddha descend to bless and create, and wish you good luck."

Chapter 8977

Hearing Master Xuanbei's words, Ye Chen and Gui Chen looked at each other subconsciously, both with cold murderous intent in their eyes.

Both of them knew very well that the only contenders for the Buddha's bone relic were the two of them, and the others were just foils.

Whoever grabs the Buddha's bone relic will be the ultimate victor, and will gain a decisive position in the future battle.

Ye Chen faintly sees the secret, if he gets the Buddha's bone relic, the Heavenless camp will be destroyed within half a year!

"Brother Ye Chen, come on!"

Ye Lan smiled and cheered Ye Chen, even the address was more cordial.

"Lord of Reincarnation, I wish you a smooth acquisition of the Buddha's bone relic, and the grass god blesses you."

Zanghai also blessed Ye Chen.

Master Chi Feng twisted the beads and prayed silently for Ye Chen.

Ye Chen nodded and said, "I'm going."

After he finished speaking, he took Yu Huang Yafei and stepped into the ruins of the battlefield together, and ran towards the deep core area.

Guichen and Yuwenji also stepped in quickly.

In addition, there are four other martial artists from other forces who have also obtained the qualifications to enter the core area.

Master Xuanbei and several senior monks and elders looked at each other, and they all knew that Ye Chen and Gui Chen were the only ones who could snatch the Buddha's bone relic.

After stepping into the battlefield, Gui Chen did not hide it, and directly transformed into the true body of Mozu Wutian.

"Ye Chen, I'm the one who is destined by the ancestor Wuxin, why do you have to fight with me and waste your efforts."

Mozu Wutian laughed. In the dark, he had already captured the secret, and he knew that the person who was destined to find before Wuxin ancestor passed away was actually him.

After he got the Buddha bone relic, he had the opportunity to be promoted to the god of death, and then led the golden family to the other side of the starry sky, fulfilling the unfulfilled wish of the unintentional ancestor.

"If you want to snatch the relic, kill me first."

Ye Chen shook his head, without talking nonsense, he strode forward.

This battlefield relic, the closer it is to the core area, the stronger the suffocation, the stronger the law, let alone tearing the void, even the ordinary flying in the wind is difficult to do.

Yu Huang Yafei struggled to follow behind Ye Chen, exhausted her whole body of spiritual energy, and could only barely catch up with Ye Chen's pace.

Mozu Wutian took Yuwenji and almost ran side by side with Ye Chen.

As for the warriors of the other four forces, they were left far behind.

Ye Chen thought to himself, "Whoever reaches the core area first will be able to seize the opportunity."

Thinking like this, Ye Chen grabbed Yu Huang Yafei's arm, and directly performed the Great Wilderness Stealing Technique, stealing the space in front of him at once, shrinking the ground into an inch, shortening the distance, and instantly flashing dozens of miles away outside.

Mozu Wutian and Yuwenji were left far behind, but in the depths of the battlefield, the laws were firm, and it was difficult for them to catch up.

"Ancestor!"

Yu Wenji was taken aback, but he didn't expect Ye Chen to have such a means.

If Ye Chen went to the core area first, wouldn't he be robbed of the opportunity?

Demon Ancestor Wutian looked calm and said: "It's okay, let him take a step first, hehe, I am the real fate, and the Buddha bone relic that belongs to me, no one can take away!"

...

Ye Chen used the Great Wilderness Stealing Technique and quickly arrived at the core area.

This core area is simply a purgatory-like scene, desolate and dilapidated everywhere, filled with yellow sand, and the air has a strong smell of blood, which is the killing atmosphere left by the ancient Buddha and demon war.

What Ye Chen saw in Ye Chen's eyes was the wicked souls, jumping in the void, roaring, howling, entangled with each other, and madly raging.

That is the ghost left by the Chaos Heavenly Demon.

During the war between ancient Buddhas and Demons, Sakyamuni Buddha showed his power, and in fact, he has cut off many chaotic demons, body and soul, and turned them into robbery ashes.

However, the chaotic demons have tenacious vitality, and even if their body and soul are destroyed, a little trace of will still remains.

This little bit of will energy, after thousands of years, has continuously absorbed the devilish energy in the dark, and finally turned into a ghost again.

These unjust souls, restricted by the leylines of the ancient Buddha Holy Land, could not leave, let alone escape.

As soon as Ye Chen and Yuhuang Yafei stepped into the core area of the battlefield, there were countless undead souls around them, whistling and slaughtering them.

Among those wronged souls, there are even some wronged souls who are from Buddhist disciples.

During the war between Buddha and Demon, many people died in the Holy Land of Ancient Buddha. The souls of these Buddhist disciples have long since fallen into darkness and turned into grievances.

"Golden bloodline, Yu!"

Yu Huang Yafei exerted his bloodline energy, releasing a golden glow, forming a layer of barrier, which actually blocked all the surrounding ghosts.

Ye Chen originally wanted to take action, but when he saw Yu Huang Yafei's means, he nodded secretly and said, "Yes, the blood of your golden family is indeed pure and can resist demons."

The Golden Family is actually a demon race, but their bloodlines are particularly pure, but they are very different from ordinary demons, and can even resist the filth of the Heavenly Demon Star Sea.

Yu Huang Yafei was previously promoted by Demon Ancestor Wutian, and he was also endowed with the blood of the Golden Family, but at this moment, Ye Chen was cheaper.

"Thank you for your praise, the blood of a slave can't be compared with your lord."

Yuhuang Yafei bowed her head respectfully.

At this time, she returned to the Samsara camp and was loyal to Ye Chen, but she was very submissive and respected Ye Chen very much.

Ye Chen nodded and said, "Look at where the Buddha bone relic is."

Chapter 8978

He pinched his fingers and calculated, hoping to capture the trace of the Buddha's bone relic.

Yuhuang Yafei also concentrated on the calculation, but under the calculation of the two, they did not find any results.

Somewhere, they could catch a certain breath.

That is, the Buddha bone relic must be in the core area of the battlefield ruins, but I don't know where it fell.

"Where is it?"

Ye Chen frowned, and after repeated calculations, even opening the eyes of reincarnation, he couldn't see the slightest result.

Yuhuang Yafei said: "Don't worry, Lord, it's dark night now, and the devilish energy is raging. It's better to wait for the dawn tomorrow, and then calculate it."

Ye Chen nodded, that was all he could do.

He thought to himself that in addition to the Buddha's bone relic, there may well be another treasure in this area.

That is, the Star Road Book!

At that time, Zi Chuanfei was killed, and a page of the starry sky book she held was likely to fall into this area.

In the fantasy world, Ye Chen had come into contact with the Dao Book of the Starry Sky, and even entered the world inside the starry sky. He has already mastered the clues to the mystery of the Dao Book of the Starry Sky.

"If you can find a page of the starry sky book, this trip will not be in vain!"

Thinking like this, Ye Chen immediately followed the clues and pushed back the traces of the secret.

Sure enough, in the dark, he spied the location of the starry sky book, which seemed to be in a sea of blood.

"Ya Fei, go and find something with me."

With a wave of Ye Chen's hand, he immediately took Yu Huang Yafei and rushed in the direction of the aura of the starry sky.

Yuhuang Yafei was suspicious for a while. Could it be that there is no treasure in this place?

The two ran all the way, and the undead souls they encountered on the way were really ferocious, and even Ye Chen felt the pressure.

Fortunately, Ye Chen Xiuwei is very strong, even if those undead souls are ferocious, they can't hurt him in the slightest.

It was his meridians that always felt a pain, and the side effects were too great when he released the scorching sun to fight!

"Your Highness, your condition doesn't seem to be very good."

"How about I enshrine my golden blood to nourish you?"

Seeing Ye Chen like this, Yu Huang Yafei became a little worried and said.

She actually wanted to offer her own blood to make up for Ye Chen.

"No, it's just a small side effect."

Ye Chen waved his hand and didn't care too much, silently mobilizing the power of Tianjun Fengshen Monument to guard the meridians.

When using the Tianjun Fengshen tablet, Ye Chen seemed to be in contact with Ren Feifei, his mind banged, and there was a shock.

"Senior Ren's current state is probably much more difficult than mine, right?"

He used to fight with the ancestors of Hongjun for my sake. The cost was too serious, and now it must be a crisis. "

Ye Chen faintly glimpsed the secret, caught Ren Feifei's breath, and was full of extreme danger.

But he couldn't go to Wuwu Time and Space, and he could only be anxious in his heart.

"Forget it, I'll get the Starry Sky Book first, and the Buddha's bone relic."

Ye Chen took a deep breath and calmed down a little, knowing that it was useless to think too much now, and doing the things in front of him was the most important thing.

He took Yu Huang Yafei, and soon came to the source of the heavenly aura of the starry sky.

This is a huge sea of blood. On the scarlet sea of blood, there are corpses and bones floating on the surface. There is also a layer of robbery ash floating on the surface. .

"This place is so scary!"

Yuhuang Yafei stared at this sea of blood, her beautiful eyes shrank for a while.

Under the impact of that extreme suffocating energy, her Taoist heart swayed, the vision of all kinds of corpses and seas of blood appeared in front of her eyes, and her head was aching.

"That page of the Starry Sky Dao Book is in this sea of blood..."

Ye Chen's eyes narrowed slightly, and he also felt the horror of this sea of blood.

This sea of blood gathers the blood remnants of countless ancient Buddhas and Demons, and even a trace of Sakyamuni Buddha, the remaining power of the Demon Venerable, and the suffocating suffocation, I am afraid it is enough to bury the Immortal Emperor!

"Respected lord, is the Buddha's bone relic in this sea of blood?"

Yuhuang Yafei showed a shocked expression, if the Buddha bone relic was in the sea of blood, it would be troublesome.

In this sea of Buddha and demon blood, the evil spirit is so terrifying, how can I go on a treasure hunt?

"I don't know, it shouldn't be there, I want to go down and find something else."

Ye Chen said.

So far, he has not been able to lock the location of the Buddha's bone relic.

He only vaguely glimpsed that in the past ten thousand years, the ancient Buddhist holy place has organized many people to enter this battlefield ruins and search for Buddha bone relics everywhere.

Even in this sea of blood and blood, the ancient Buddhist holy land has taken the risk and sent people to explore it.

There are even many masters who are directly buried in the sea of Buddha and Demon blood.

No one knows where the Buddha bone relic is.

It can only be certain that in the core area of this battlefield, no one can accurately lock the heavenly secret without knowing the specific location.

"Honored lord, are you going to enter this sea of Buddha and devil blood?"

Yu Huang Yafei was even more astonished, the sea of blood was so terrifying, Ye Chen went down, didn't he die?

"Well, you are waiting for me here, if Wutian comes, call me."

Ye Chen nodded and commanded again, and then in Yuhuang Yafei's stunned eyes, he threw a plop, jumped into the sea of blood of Buddha and Demon, and dived down.

At the moment of entering the sea of blood of the Buddha and Demons, Ye Chen sacrificed the Tianjun Fengshen Stele, and used the energy of the Tianjun Fengshen Stele to protect himself.

This is his confidence.

Chapter 8979

He estimated that, relying on the protection of Tianjun Fengshen Stele, he could persist for half an hour in the sea of blood of Buddha and devil.

"Once you find the Star Road Book, go out immediately!"

Ye Chen thought to himself, and also knew the danger of the sea of blood of the Buddha and the devil. If he stayed for a long time, it was likely to be eroded by evil spirits, which would eventually lead to terrible consequences.

He locked the aura of the Star Taoist book and kept diving.

In the sea of blood, there are Yin spirits formed by evil spirits everywhere.

Ye Chen sacrificed the Heavenly Sword of Samsara and killed the sword, which was quite difficult. He defeated those Yin spirits, and then kept approaching the Starry Sky Daoshu.

In the Starry Sky Dao Book, half of the books are controlled by the Starry Sky God Race, and the ones that are circulated in the outside world are actually only the lower half.

Zi Chuanfei, whom Ye Chen knew, had a high status in the Star God Clan and owned a star page.

What Ye Chen wanted was that page!

The Starry Sky Book is a mysterious and mysterious existence, between reality and fantasy. Under normal circumstances, it cannot be seen by the naked eye, so use "heart eyes".

Ye Chen felt attentively, opened his eyes, and finally saw a book page floating in the sea of blood in front of him.

The page of the book, filled with starlight, looked extremely magnificent in the sea of blood.

On the pages of the book, runes are intertwined, as if weaving the oldest dream.

With Ye Chen's current cultivation, it is absolutely impossible to exert the true power of the Starry Sky Book.

This level of Taoism, only the most pinnacle of the gods and gods can explode lethality.

Even in Wuwu Time and Space, there will be no more than ten people who are qualified to mobilize the divine power of the starry sky.

Although it is difficult to use it to kill people, if you really get the Starry Sky Dao Book, Ye Chen's luck, martial arts background, and magical powers can all improve by leaps and bounds.

Such a fetish, of course, cannot be lost.

With joy in Ye Chen's eyes, he wanted to swim over and collect the starry sky book page.

But at this moment, the sea of blood of the Buddha and Demons boiled, and the evil spirit was violent.

An extremely huge, extremely dark suffocating battle spirit, with soaring demonic energy, such as the ferocious ghost Shura from hell, ripped apart the blood and killed him in front of Ye Chen.

This battle spirit wielded five ghostly claws and grabbed Ye Chen's throat extremely fiercely.

Zhan Ling's action was quick and violent, and the majestic resentment and suffocation burst, enough to annihilate people's Taoism.

Fortunately, Ye Chen's heart was strong, but he was not affected.

The moment Zhan Ling made his move, he reacted, and immediately waved the Heavenly Sword of Samsara, unleashing the Nine Swords of Slaying the Heavens, and the ultimate sword light burst out.

Zhan Ling seemed to have been prepared for a long time, he smiled, dodged Ye Chen's sword glow, and burst a dark and filthy fog arrow with his backhand, shooting at Ye Chen's Tianjun Fengshen Monument.

It turned out that his attack just now was just a false move. The real killing method was to attack the Tianjun Fengshen Monument!

"not good!"

Ye Chen's face changed, and caught off guard, the Tianjun Fengshen Monument was attacked by a dark fog arrow, covered with a layer of gray fog, and was instantly shrouded in darkness and polluted.

The Tianjun Fengshen Monument was polluted, the guardian power was greatly weakened, and the evil spirits from all directions were madly whistling towards Ye Chen.

Ye Chen's pressure doubled, and his breath was suffocated. He hurriedly urged the power of Samsara's blood to resist the evil spirits, and at the same time dispel the filth of Tianjun Fengshen Tablet.

"Lord of Reincarnation, I didn't expect to meet you here, hehe, it seems that the sky really wants me to destroy you!"

The Zhan Ling laughed ferociously and looked fierce.

"You are... the leader of the Chaos Demon?"

Ye Chen's eyes sank, and he recognized it immediately.

This battle spirit seemed to be the leader who led the Chaos Heavenly Demon to attack the Holy Land of the Ancient Buddha, and was able to confront the Wuxin Patriarch head-on.

"You recognize me?"

Hey, no, you probably haven't recognized me yet. "

"My name is Xiao Shuihan, do you remember this name?"

The Zhan Ling laughed wickedly, and there was an inexplicable grief and anger in his voice.

"Xiao Shuihan?"

Ye Chen was shocked when he heard the name.

Xiao Shuihan, he naturally recognized, that was his favorite apprentice ever!

Ye Chen never expected that this battle spirit, one of the high-level leaders of the former Star God Clan, and a top-level powerhouse capable of confronting Wuxin Patriarch, actually claimed to be Xiao Shuihan.

When he said the three words Xiao Shuihan, Ye Chen faintly caught a trace of cause and effect.

This battle spirit is indeed linked by cause and effect with Xiao Shuihan, as if they are the same person.

"This is impossible!"

Ye Chen just felt incredible.

"Hey, to be precise, I'm a fantasy body."

"Speaking of which, are you still my master?"

"Hey, today I will kill Shiwei Dao to eradicate your big cancer!"

The war spirit held both hands, and the violent demonic energy burst. In this sea of Buddha and demon blood, all kinds of blood and evil spirits also gathered and condensed into a sword in front of him.

"Master the magic sword!"

The battle spirit hissed and roared, and shot out with a sword, like the master of the magic way.

This sword is actually the master swordsmanship that Ye Chen taught Xiao Shuihan.

"Xiao, why did you want to kill me?"

What exactly is going on? "

Ye Chen's face was shaking, and he hurriedly urged the reincarnation sword to block the frame, which was quite unbearable.

Now he can be sure that this battle spirit is indeed Xiao Shuihan, but it is an imaginary body, and his true identity is one of the high-level leaders of the Starry Sky God Race.

He didn't understand why Xiao Shuihan hated him so much, and even thought he was a big tumor and wanted to eradicate him.

Xiao Shuihan's imaginary body, at its peak, can even compete with Wuxin's ancestors. Even if he falls behind and turns into a battle spirit, he still possesses powerful power.

Moreover, since time immemorial, he has continuously absorbed the essence of evil spirits in the sea of Buddha and Demon blood, and has tempered the incomparably fierce spirit body of the resentful soul, and Ye Chen can't stand it.

"Hehe, why are you still asking me?"

"You have created a wrong world."

"The world died because of you, all living beings turned into ashes because of you, your sins are extremely heinous, you deserve to die!"

Xiao Shuihan's eyes were cold, and he swung his sword to madly kill. The sword energy fell like a magic star. It was extremely dazzling and majestic.

Yuhuang Yafei, who was standing on the sea of blood, felt the riot in the sea of blood, and his face turned pale in shock, thinking: "I wonder what happened to the lord?"

In the face of Xiao Shuihan's sword qi killing, Ye Chen kept retreating, still full of confusion, and asked loudly, "What wrong world, please clarify!"

Xiao Shuihan listened to Ye Chen's words, a trace of grief and anger flashed in his eyes, while slashing wildly with his sword, he said angrily:

"You created the kingdom of reincarnation, saying that you want everyone to be equal."

"However, tigers are fierce tigers, lambs are lambs, tigers eat sheep, sheep eat grass, the strong reigns supreme, the winner takes all, and the loser eats dust. This is the natural law of heaven and earth, how can everything be equal?"

"The so-called equality and order is nothing but an act against the sky. Forcibly changing the number of days will only suffer backlash in the end."

Chapter 8980

"When everyone is equal, the world becomes a stagnant pool. Tigers don't eat sheep. Do you tell them to eat grass?"

"Without the struggle of human hearts, the world will fall into a dead silence, and in the end, everything will turn into ashes."

"This is what you created. The so-called heaven on earth is just a wrong world!"

"I want to kill you, never let the kingdom of reincarnation be established, never let that so-called dream future really come!"

"You are a cancer!"

"You must die!"

Xiao Shuihan was crying blood. Obviously, in that fantasy kingdom of reincarnation, he was not happy, even extremely painful.

He saw the destruction of all beings, and saw the kingdom of heaven reduced to ashes, and his worship of reincarnation finally turned into hatred.

The sword energy he burst out became more and more violent, and even gathered the energy of the entire sea of Buddha and Demon blood, as if to bury the Immortal Emperor.

Ye Chen was retreating, in jeopardy, his life was on the verge of death, and shouted:

"Then what kind of world do you want?"

When these words were questioned, Xiao Shuihan was stunned.

Yeah, what kind of world does he want?

If there is no order, will it continue to be full of chaos and killing as it is now?

Seeing Xiao Shuihan's sluggish appearance, Ye Chen was stunned for a moment.

He hadn't seriously considered this issue before.

He wants to build the kingdom of reincarnation and end chaos with order.

But the order of the kingdom of reincarnation, exactly what it is, he has not thought about it too deeply, because it is too far away.

Judging from Xiao Shuihan's reaction, the world of absolute equality seems to have fatal flaws.

Because the beasts want to eat meat, then the prey is destined to die. How can the beast and the prey be equal?

What kind of order is the real perfect order?

This question is enough to make people study for a lifetime.

Ye Chen keenly sensed that if he indulged in this problem, his heart would be shaken immediately, and his spirit might even collapse.

Therefore, Ye Chen woke up instantly, and his eyes became cold.

No matter what order is to be established in the end, it must be cleared up first.

Only by beheading all the enemies such as Yuhuang Ancient Emperor, Demon Ancestor Wutian, Death God Religion, Tuodi Ancient God, Ancient Star Gate and so on, and become the only overlord of the heavens and space, can they be qualified to establish a true order.

Ye Chen thought to himself, when he became the supreme overlord, then what kind of order he wanted to establish, he naturally had the final say.

If there is a problem with absolute equality and this order, then change it.

It is meaningless to investigate deeply now, only the most important thing is to continue to be brave and diligent and improve your strength!

Ye Chen faintly felt that what kind of order the world needs, this question may be the ultimate question.

However, Xiao Shuihan did not have the heart of Ye Chen.

After he heard Ye Chen's questioning, he completely indulged, and then became extremely painful, holding his head in his hands, his face full of torment.

"I...I don't know."

"I don't know what kind of world I want."

"I don't know, the ultimate truth of this world."

"I only know that your reincarnation heaven is wrong!"

Xiao Shuihan gritted his teeth, still glaring at Ye Chen full of resentment.

However, he was tortured by this problem, and his spirit was on the verge of collapse, and he no longer had the strength to take action.

Ye Chen sighed and said, "Xiao, what is the truth and what is the true ultimate order, we can slowly explore."

"The kingdom of reincarnation you said should only exist in fantasy, right?"

"In the fantasy, that is, it has not been established, why do you have to suffer so much?"

"Come back to me, I need you, you will always be my best apprentice."

While Ye Chen comforted Xiao Shuihan, he quietly urged the blood of Samsara, and a smear of Samsara blood flowed out from Ye Chen's fingertips, and quietly floated onto Xiao Shuihan under the shadow of the surrounding Buddha and demon blood.

The blood of reincarnation has a strong purification effect on the evil spirits.

The power of reincarnation can save all wronged souls.

When Ye Chen's reincarnation blood and blood touched Xiao Shuihan's body of the battle spirit, the latter's body of the battle spirit evaporated, and all the evil spirits quickly dissipated.

The suffocation continued to dissipate, and Xiao Shuihan seemed to be relieved.

"Thank you, Master, maybe I'm too extreme, it's not your fault."

"It's all the ancient gods of the old era. They are too delusional to create this place on the other side of the starry sky. All mistakes are theirs!"

Xiao Shuihan said, looking at Ye Chen, there was no longer hatred, but relief.

Marven Ye quickly asked, "Xiao, what is going on here?"

On the other side of the starry sky, what kind of world is it? "

Xiao Shuihan was silent for a while, then shook his head and said, "Sorry, Master, this is the most ancient and ultimate taboo, and I can't say it."

"I'll take a step first, thank you for your extravagance."

"My fantasy body will return to the real body, and then merge."

"After half a year, you will fight with the goddess, and I will definitely join the battle!"

"Wait for me, Master, I'll be back with you soon."

After speaking, Xiao Shuihan's body of the battle spirit turned into a fantasy and dispersed.

The evil spirit in the sea of Buddha and Demon blood has also faded a lot.

Ye Chen's pressure was greatly reduced, and he could move freely even without relying on the Heavenly Sovereign Monument.
