Chapter 8991

"If you can help my senior to tide over the difficulties, let alone borrow it, even if I give you this book of starry sky, it doesn't matter!"

Ye Chen said generously.

He cares more about Ren Feifei's safety than Starry Sky Book.

Ren Feifei is now facing many crises, and even the danger of punishment from the Great Dao. If he is alone, it is too dangerous.

Ye Chen can't go to Wu Wu Time and Space, nor can he help Ren Feihan.

But if you can ask Sakyamuni Buddha to help, then Ren Feihan will be much more secure.

"You are asking me to be involved in the world, and the cause and effect are so important!"

The Buddha's face trembled, and the cause and effect of what Ye Chen requested was too huge.

These three words, Ren Feifei, have recently been in Wuwu Time and Space, but they are a shocking bomb, and any cause and effect involved in it is an existence that can change the fate of the future.

The Buddha knew that if he agreed, it would be difficult to escape.

Even in the era of the Nine Gods, when the Nine Gods were fighting for hegemony, the Buddha never promised anyone to help anyone.

Now, he doesn't even want to agree.

"Buddha, I only have this request, and I also ask the Buddha to help."

With a wave of Ye Chen's hand, he waved the page of the starry sky book out, and then cupped his hands and pleaded with the Buddha.

Buddha's body trembled, although he didn't want to agree, but the starry sky book was in front of him, how could he be indifferent?

After struggling and weighing, the Buddha finally felt helpless, heaved a long sigh, and said, "Forget it, I will help you once. If Ren Feihan is in difficulty, I will help him once."

As he spoke, he stretched out his hand, wanting to get the Star Road Book.

Ye Chen said: "Not once, Buddha, when the senior is in danger, you have to help until I step into the Wuwu time and space, otherwise, you should not take this book of starry sky."

These words were actually not polite, but Ye Chen couldn't care so much for Ren Feifei's safety.

Ren Feifei helped him so many times, and it was time for him to repay.

The Buddha's face trembled violently, but he finally gritted his teeth and said, "Okay, I promise you that, before you step into the infinite time and space, I, Shakyamuni, will stand on your side of the Samsara camp!"

After he finished speaking, he took the Starry Sky Dao Book in his hand.

Finally got the Starry Sky Dao Book, Buddha was also relieved, as if he had obtained a treasure, his eyes showed a hint of intoxication, as if the many promises he had just made were all well rewarded.

Ye Chen saw that the starry sky book, in the hands of the Buddha, really changed into a starry sky, which was extremely magnificent, like a dream, and contained the power fluctuations of infinite natural disasters and infinite cosmic punishment. .

That is the killing atmosphere of the Star Dao Book.

Such a slaughter atmosphere, only the real peak of the Emperor God can be motivated.

That was the realm that Ye Chen could never reach at this moment.

"Thank you Buddha for your help."

Ye Chen bowed his hands to the Buddha respectfully.

The Buddha nodded, with the Starry Sky Book in his hand, his expression softened a lot, and said with a smile:

"You quickly kill the demon ancestor Wutian, then kill the goddess, slay the ancient emperor Yuhuang, and you should be able to soar to Wuwu."

"At that time, I can no longer stay in the reincarnation camp. All kinds of causal constraints cannot be imposed on me. All laws are empty. Only the eternity of the other side is my avenue."

Ye Chen smiled bitterly, but didn't say much, just nodded and said, "Yes."

As soon as the word "Yes" was uttered, he felt the void around him, twisted for a while, his head felt a whirlwind, and the surrounding air was shaking.

After the shock subsided, Ye Chen found that he had returned to the Holy Land of the Ancient Buddha and was standing in the ruins of the battlefield.

Everything that has just been experienced seems to be just a dream.

The dharma image of the Buddha in the sky has dissipated, and all the appearance of Buddha light has also disappeared.

Many eminent monks in ancient Buddhist holy places looked up at Ye Chen with piety and a trace of awe.

"Congratulations to the Lord, you have been blessed by the Buddha."

Yu Huang Yafei had woken up, stood beside Ye Chen, and said congratulations.

"Brother Ye Chen, thanks to you, my senior brother and I also received some blessings from the Buddha Yuguang, and our cultivation has improved a lot."

Ye Lan smiled and walked up with Zanghai to thank Ye Chen.

Master Chi Feng also stepped forward and said, "Lord of Reincarnation, my inner demons have been eliminated, thanks to your grace."

Ye Chen said: "What virtue and ability I am, I am the light of the Buddha."

Ye Lan smiled and said, "Brother Ye Chen, next, are you going to my Qiancao Villa?"

Come and sit down. "

Ye Chen smiled and said, "Let's talk later, I still have something to do."

He glanced at Master Chi Feng and then at Patriarch Ran Deng.

The battle of the Supreme Buddha Society was over. Next, Ye Chen wanted to know the whereabouts of the floating life.

Floating life is a weapon that restrains the golden bloodline. If he can get it, he may kill the demon ancestor Wutian!

Ye Chen faintly caught the secret, knowing that the fate of the floating life might not be in the hands of Master Chi Feng.

But no matter what, Master Chi Feng definitely knew the truth about his whereabouts.

This is not the place to talk, Ye Chen plans to go back to the world of sentient beings to talk with Master Chi Feng and Patriarch Ran Deng.

Ye Lan shrugged helplessly and said, "Okay, then my senior brother and I will wait for you at Qiancao Villa at any time."

Then he and Zanghai left the Holy Land of Ancient Buddha.

The ancestor of the lamp came out and said to Master Duxin, Master Xuanbei and others: "Masters, we should go back too."

Master Du Xin said: "Patriarch wait a minute, I have something else in the Holy Land of the Ancient Buddha, and I want to discuss it with the Lord of Reincarnation."

After he finished speaking, his eyes fell on Ye Chen, with a trace of expectation and unconcealed anxiety.

When Ye Chen saw Master Du Xin's eyes, he suddenly realized, and also remembered the matter of the wall of time and space.

Master Du Xin once said that the seal of the crack in the wall of time and space has loosened and needs Ye Chen's help to strengthen it.

When Ye Chen saw the look in his eyes, he understood, nodded, and said to Patriarch Ran Deng:
"Patriarch, please wait a moment, Master Duxin, please."

He and Du Xin Mage walked out of the battlefield ruins together.

"Lord of Reincarnation, please."

Master Du Xin took Ye Chen all the way to a hall somewhere in the Holy Land.

Ye Chen could feel the dignified expression on the brows of Master Du Xin at the moment.

This matter seemed extremely important to him.

"Presumably Buddha, has already mentioned to you about the loosening of the seal."

While walking, Master Du Xin said to Ye Chen.

"No."

Ye Chen shook his head, Buddha's thoughts were all on the Starry Sky Book, and he didn't mention anything else at all.

Master Du Xin was stunned, as if he couldn't believe this important matter, but Buddha didn't even mention it.

"Cough... Lord of Reincarnation, please come with me."

Master Du Xin hurriedly took Ye Chen to a hall and removed the Buddha statue enshrined in the hall.

After the Buddha statue was removed, a space crack was revealed.

Chapter 8992

Master Du Xin stepped in first, and Ye Chen followed.

After passing through the space crack, Ye Chen came to a hidden void.

This void seems to be the void where the Buddha was just now, and the laws are somewhat illusory, somewhere between reality and fantasy.

"Lord of Reincarnation, this is where the crack in the wall of time and space is."

Duxin Mage said.

"Where is the wall of time and space, and where are the cracks?"

Ye Chen looked around blankly, there was nothing special about this place.

Master Du Xin coughed and said, "Time and space are omnipresent, and the walls of time and space are also omnipresent, everywhere. In front of you, there is a wall of time and space. If you pass through it, you can go to Wuwu Time and Space."

"Every time the Buddha blesses, his projection will be projected on the wall of time and space. You must have seen it."

Ye Chen nodded, remembering that he had indeed communicated with Buddha in this void just now.

However, at that time, Ye Chen hadn't seen the wall of space until now.

Master Du Xin said: "The wall of time and space is also called the dimensional wall. It is a special barrier connecting two plane dimensions. It needs a little special means to see it."

While speaking, Master Du Xin recited a spell in a low voice, bit his fingertips, and blood dripped out.

tick.

When his blood dripped into the void, Ye Chen really saw that there was a crystal wall system emerging from the void, like a wall, with the sky above and the ground below, there was no gap to be found, crystal clear.

Through this layer of crystal wall system, he could faintly see a mysterious atmosphere without time and space, full of dark and turbulent meaning.

Looking carefully, on the crystal wall system, there is another crack that is not big or small.

Threads of dark aura are emitting from the cracks.

On the crack, there is a talisman paper with Buddhist runes on it.

However, the talisman paper was already stained with a hint of darkness, which was a little weird.

Master Du Xin pointed to the crystal wall system, then pointed to the crack, and said, "Lord of Reincarnation, this is the wall of time and space. The crack above was left by the impact of the Buddha-Magic War."

"My ancient Buddhist holy place has always been sealed and suppressed with Buddhist holy talismans."

"But now, the holy talisman has been polluted by a trace of darkness, and the sealing power has been greatly weakened. If this continues, the crack will lose its seal, and the monsters on the other side of the wall of time and space will invade reality. My ancient Buddhist holy place cannot say no to it. blame."

Ye Chen frowned slightly and said, "What do you need me to do?"

Repair the rift in the wall of time? "

Master Du Xin shook his head and said, "No, not all cracks in this world can be repaired."

"Once the dimensional wall is broken, there is no turning back."

"This crack is almost irreparable and can only be suppressed with a seal."

"I just want the Lord of Reincarnation, who can sacrifice some reincarnation blood, wash away the dark filth on the holy talisman, and restore the sealing power of the holy talisman."

Ye Chen said: "So it is, this is simple."

He saw that the dark pollution aura on the holy talisman was quite strong, but it did not mean that it must be washed with the blood of reincarnation.

"God Emperor Tianyin, break it for me!"

Ye Chen flicked his fingers, the aura and the void oscillated, and a magical scene appeared, one after another of musical notes emerged in the air.

Under the impact of the musical note, the dark filth on the holy talisman also receded like a tide, and it was shaken away at once, and the golden light bloomed again, restoring the sealing ability.

Seeing this, Master Du Xin was shocked and said: "The divine power of reincarnation is really extraordinary, and the poor monk admires it!"

He couldn't think of the hidden dangers that he had been thinking about, and Ye Chen solved it easily.

Excited, Master Du Xin took out a piece of jade slip, handed it to Ye Chen respectfully, and said, "Lord of Reincarnation, this is your reward."

Ye Chen asked, "What is this?"

Master Du Xin said: "It is the magic formula from the fourth to sixth layers of the Buddha's true scripture."

"Buddha's true scriptures are the supreme Buddhist sect that can make people cultivate into Buddhas. My ancient Buddhist holy place has the secrets of the first six layers."

"But for the last three floors, you can only touch it after you, Lord of Samsara, go to Wuwu Time and Space."

"Furthermore, in the real world, limited by the laws, generally speaking, the sixth level is the peak, and it is difficult to train to the seventh level."

"unless....."

Ye Chen said: "Unless what?"

Master Du Xin said: "Unless your Dharma talent can be as earth-shattering as my brother Wuxin Patriarch."

"Before in the battlefield ruins, you fought with the demon ancestors without heaven, and the atmosphere of the wonderful lotus broke out. It must be my brother's blessing, right?"

That wonderful lotus flower is the seventh layer of the Buddha's true scriptures.

Master Du Xin only thought that Ye Chen was able to explode the divine power of the Miao Fa Lianhua before, and there was the protection of the ancestor Wuxin behind him.

Ye Chen smiled and did not speak, nor did he disclose the matter of Venerable Fahua, and asked:

"In this world, apart from Patriarch Wuxin, is there no one who can practice the Wonderful Dharma Lotus?"

Master Du Xin pondered for a while, and said, "Yes, yes, but... that person is very strange."

"He, his real name, can no longer be tested. I only know that he is called Venerable Dharma Flower because he has practiced the Wonderful Dharma Lotus Flower."

"This Venerable Fahua has a very weird temper. Whatever he does, he wants to go to the sky in one step, but he succeeds every time."

Chapter 8993

"He practiced Buddhism, not one step at a time, but prayed to the sky, begging the Buddha to let him go to the sky in one step, and cultivate the wonderful lotus flower, and then he did it."

"He has never practiced the Dharma of the six levels in front of him, and yet he suddenly realized the Dharma, which is really incredible."

"Most of his cultivation did not come from his own cultivation, but he visited Xianshan caves, seeking the sacred legacy of ancient immortals and Buddhas, stealing the achievements of his predecessors, and transforming them into his own cultivation. Become an Immortal Emperor."

Speaking of the experience of Venerable Fahua, Master Du Xin was also amazed.

In the reincarnation cemetery, Venerable Fahua heard Master Du Xin's comment, and he suddenly shouted angrily, and said to Ye Chen: "Boy, don't listen to this old man's nonsense, my Buddhism and cultivation are both Very solid."

Marven Ye just smiled and was noncommittal.

Master Du Xin sighed and said, "I heard that in the end, when he wanted to prove the truth, he was cut off by the palace master of the Miluo Palace with a sword, and he died in the end. It's a pity."

"In the end, it's because of his unstable cultivation, the master of reincarnation, you have to keep your feet on the ground and don't rely too much on the strength of others."

Ye Chen froze in his heart and said, "Yes."

Venerable Fahua was very annoyed, cursed in the reincarnation cemetery, and said to Ye Chen: "Boy, it's all the old thief from Miluo Palace who attacked me, or I will fail?

You quickly kill me to the Miluo Palace and kill that old thief! "

Ye Chen said: "Senior, please rest assured, I will avenge your hatred in the past sooner or later."

Ye Chen bid farewell to Master Du Xin, returned to the outside world, and returned to the world of sentient beings with Patriarch Ran Deng and Master Chi Feng.

As for Yuhuang Yafei, Ye Chen arranged for her to go back to Xingyue Realm to find Feng Yuying.

Her golden bloodline has great research value, and Feng Yuying should be able to research something.

As for the Milo Palace Master mentioned by Venerable Fahua, Ye Chen was not too anxious to take revenge.

The most urgent task is to first find the whereabouts of the floating life.

After this Taishang Buddhist meeting ended, Ye Chen vaguely felt that the demon ancestor Wutian and the witch might continue to unite, first take away the power of the god of death, and block the hope of the birth of the god of death in the reincarnation camp.

Then the demon ancestor Wutian and the witch will fight for themselves, and will never give Ye Chen a chance to intervene.

If Ye Chen wants to stop it, the only way to get the Floating Life Destiny is to kill Mozu Wutian as soon as possible!

After returning to the world of sentient beings.

Ye Chen and Master Chi Feng met alone, and the two discussed secretly in the room.

Ye Chen laid down a lot of forbidden laws to block the heavenly secrets, and coupled with the restrictions on the earth's veins in the world of sentient beings, it was almost impossible for outsiders to spy on his and Master Chi Feng's words.

"Lord of Reincarnation, the weapon you want, I buried in the abyss of the Underworld."

Without Ye Chen speaking, Master Chi Feng knew what Ye Chen wanted to ask, so he said directly without any concealment.

"Floating life is desperate, in... a place called the Abyss of the Underworld?"

Ye Chen murmured.

He knew that Master Chi Feng had eliminated his inner demons, so in front of him, it would be no problem to directly mention the four characters of life and death.

"Yes, I was almost killed by the Supreme Apocalypse because of this floating life."

"That weapon has also become my inner demon."

"I don't dare to hold it in my hand anymore, so I just bury it in the abyss of the Underworld."

Master Chi Feng said all the secrets in the past, said.

"The Abyss of the Underworld... Where exactly is it?"

"Is it out of the sky?"

Ye Chen frowned and asked. He faintly glimpsed the secret, and saw a mysterious ancient capital city, which seemed to be in a corner of the world outside the sky.

"Yes....."

"That piece of Underworld, a long, long time ago, worshipped the God of the Rock, and believed in the deepest darkness, but later, they were bloodbathed by a big force."

"Mingdu has been turned into ruins, but there is still a trace of the will of the Rock God."

"Flying Life is a weapon that is extremely sharp and fierce. If I bury it elsewhere, it may be discovered by others."

"But buried under the abyss of the ruins of Mingdu, no one can find it."

Chi Feng said.

When mentioning Mingdu, Master Chi Feng's tone also carried a trace of respect and regret.

What he respects is because the god that Mingdu believes in is the Rock God Tianzun, the most powerful existence of the nine gods in the past.

What he regrets is because that piece of Underworld has finally been destroyed.

"It turns out that the Underworld is a force that believes in the Heavenly Venerate of the Rock God?"

Ye Chen murmured.

"Yes, Lord of Reincarnation, have you seen Heavenly Venerate Rock God?"

Master Chi Feng asked.

"There was a relationship."

When Ye Chen was in the Immortal Kingdom of God, he had also met with Tianzun, the god of rock.

Venerable Chi Feng was surprised for a while, and said, "Master of Reincarnation, you really have a wide range of friends, and you have even seen the Rock God Tianzun, then you must make good friends, and it is best to draw him into the Samsara camp."

"Rock God Tianzun is the most powerful existence among the nine gods in the past."

"Even, even the so-called Death God is only a part of the Rock God Heavenly Venerate."

"Actually, the authority of the rock god already includes the god of death."

Ye Chen was stunned for a moment, and said, "Is Death a part of the Rock God?"

Chi Feng said: "Yes, the rock god is actually the darkest representative in the world."

Hearing this sentence, Ye Chen was slightly startled.

He knows a little about Rock God, but it doesn't have much connection with the word darkness.

Did he understand just the tip of the iceberg?

I saw Master Chi Feng continue:

"Some people say that the darkest thing in this world is the night sky."

"Actually not, at least there are stars in the night sky."

"The darkest thing in this world is actually the earth!"

Chapter 8994

"The deepest part of the earth, the darkest, and full of filth and buried bones."

"The eighteen layers of hell in the legend, the Shura Underworld, are all under the earth."

"And the Heavenly Venerate Rock God is the master of the earth, and he naturally controls the most extreme darkness."

"That's why I said that the so-called Death God is only a part of the Rock God, and the authority of the Death God is divided from the Rock God's authority."

"It's a pity if you have seen the Rock God Tianzun before, but you couldn't win over him."

"He's down now, it's the best time to win over!"

Ye Chen shook his head and said, "Heavenly Lord of the Rock God is the strongest of the Nine Gods. He has his arrogance, and it is not easy to win him over."

"Okay, let's not talk about this, senior, please tell me the coordinates of Mingdu."

Ye Chen naturally knows the strength of the God of Rock, and if he can form an alliance with him, he can definitely strengthen the Samsara camp.

But he also knew that Heavenly Venerate Rock God was arrogant and awe-inspiring, and it was not so easy to win over.

Now, he just wants to get the Floating Life as soon as possible.

This is an excellent weapon to deal with Demon Ancestor Wutian!

Master Chi Feng pondered for a while, then told Ye Chen the coordinates of Mingdu, and said, "Lord of Reincarnation, you have to be careful, I vaguely feel that the ruins of Mingdu today are not peaceful."

Ye Chen said: "I see, senior, please rest assured, I will be careful."

After getting the coordinates of Mingdu, Ye Chen didn't set off immediately, but stayed in the world of sentient beings to rest for some time.

Before the Taishang Buddhist Association, Ye Chen experienced many twists and turns and gained a lot.

The biggest gain is naturally the Buddha bone relic and the Star Taoist book.

The Starry Sky Book has been lent to Shakyamuni Buddha.

Ye Chen also successfully refined the Buddha bone relic.

In addition to these two fetishes, Ye Chen also obtained the secrets of the fourth to sixth layers of the Buddhist scriptures.

The Buddhist scriptures, the fourth layer of relics, the fifth layer of Xumi, and the sixth layer of mustard seeds are all very profound and profound Buddhist secrets.

At the very beginning, Buddha Shakyamuni made public these Buddhist teachings, hoping that people in the world would be able to make breakthroughs in Buddhism and comprehend the profound Buddhist teachings.

However, the Dharma of the fourth to sixth layers is still too esoteric for ordinary people. If you rashly comprehend it, not only will you not gain anything, but it will affect your own Taoism.

Ye Chen's talent is extraordinary, and these three layers of Buddhism will naturally not be difficult for him.

Taking advantage of a few days of rest, he concentrated on the three layers of Buddhism and practiced it.

The first is the fourth layer of Dharma, relics.

This layer of Buddhism, after cultivation, can gather the essence of qi and blood in the whole body and turn it into a relic.

After Ye Chen realized his enlightenment, he also successfully condensed a reincarnation relic, and his cultivation was quite advanced.

Then there is the fifth level of Dharma, Xumi.

Sumeru is a Buddhist image, meaning great, extreme, majestic, and immeasurable.

There is a legend of Mount Sumeru in Buddhism. It is said that Mount Sumeru is the highest sacred mountain in Buddhism.

After comprehending this level of Buddhism, one can perceive the immeasurable vastness and boundless rhythm of Buddhism. With every gesture, the atmosphere of Mount Sumeru can erupt, suppressing demons and destroying enemies, with unparalleled ferocity.

Ye Chen has a very high level of understanding, and naturally he also successfully understood the profound meaning of Xumi's Buddhism.

Finally, there is the sixth layer of Dharma, mustard seeds.

Mustard seeds are also a Buddhist image, which is the opposite of Xumi, representing smallness and subtlety.

After comprehending this level of Dharma, it is mutually confirmed with the Dharma of Sumeru, and one can transform the Dharma of Sumeru mustard seeds at will.

When Ye Chen realized the sixth layer of mustard seed Dharma, he felt his head.

He felt that under the constraints of the laws of the real world, his understanding of the Buddhadharma had come to an end, and it was difficult to make further progress.

"Tsk tsk, boy, that's right, in three days, I was able to cultivate the Buddhist scriptures to the sixth level."

In the reincarnation cemetery, Venerable Fahua felt Ye Chen's comprehension speed, and he was also amazed and admired.

If he hadn't seen it with his own eyes, he wouldn't have believed that Ye Chen could comprehend the incomparably profound Buddhist scriptures so quickly.

"Would you like to try to comprehend the Wonderful Dharma Lotus?"

Venerable Fahua hehe smiled and said.

The Wonderful Dharma Lotus is the seventh layer of the Buddha's scriptures, and it is also the very profound truth of the Buddhadharma.

From time immemorial, in the real world, the only people who are qualified to comprehend the Lotus Flower of the Wonderful Dharma, apart from Venerable Fa Hua, are the Patriarch Wuxin, who are all geniuses of Dharma.

"Senior, do you have the secret of the wonderful lotus flower?"

So let me try it. "

Ye Chen said.

"Hey, then you try it, I'm afraid you won't be able to comprehend it and suffer backlash."

Venerable Fahua smiled, waved his hand and cast a light of inspiration, which poured into Ye Chen's mind like a daigo.

boom!

In an instant, all the true meanings and meanings of the wonderful lotus flower passed one by one in front of Ye Chen's eyes.

Ye Chen realized the true meaning of the wonderful lotus flower, but only felt that it was very profound and complicated. With his talent, it was difficult for him to comprehend it for a while.

"The Miao Dharma Lianhua is indeed an incomparably profound Buddha Dharma, and I can't comprehend it for the time being."

Ye Chen shook his head, his consciousness was pulled out, and he didn't waste any more time to comprehend.

He vaguely felt that if he wanted to comprehend the words of this wonderful Dharma Lianhua, the right time and place were indispensable. It was not just by thinking behind closed doors and thinking hard.

But now that his realm has broken through a few points, maybe he can try to slowly explore the Heaven Dou Da Tu sword from the six styles of Jishen.

The Tiandou Datu sword is too important. If it can be mastered, it may be easier to fight Wutian, Tiannv, or Ancient Emperor Yuhuang.

Chapter 8995

But the Tiandou Datu sword is destined to be difficult for ordinary people to control.

Venerable Fahua seemed to see the solemnness in Ye Chen's eyebrows, thinking that there was a problem with Ye Chen's understanding of the Buddhist scriptures.

"Can't you comprehend either?"

"Hey, it seems that there is something in the Buddhist scriptures written by Sakyamuni, and even you are stumped."

"However, you are not attacked, it is considered powerful."

"Want me to teach you the essentials of understanding?"

Venerable Fahua said.

"No need, Buddhism is different from other Taoisms. Everyone has their own fortunes. The essentials of your cultivation, senior, may not be suitable for me."

Ye Chen shook his head and declined Venerable Fahua's kindness.

Venerable Fahua did not force it, yawned and said, "Whatever you want, where do you want to go next?"

When will you help me go to the Miluo Palace and kill the old thief of the palace owner? "

When referring to the Milo Palace, Venerable Fahua still carried a deep hatred in his tone.

It was the Palace Master of Miluo Palace that interrupted his ascension to Wuwu, causing him to fall.

If it hadn't been blocked by the Miluo Palace, he would have stepped into the Wuwu time and space long ago, marching towards the God of Heaven.

Now, he just wants Ye Chen to avenge him.

Ye Chen said: "There is no need to rush this matter, senior, I will go to Mingdu first, and it will not be too late to help you get revenge after I get the death of the floating life."

Ye Chen faintly felt that the cultivation base of the Milo Palace Master must be very powerful.

If he attacks rashly, there will be no good results.

Now, he just wants to get the weapon of Floating Life Destiny first.

This weapon can restrain the golden bloodline and deal with the demon ancestor.

In addition, the sharp edge of this weapon is also a great help.

If he is in charge of Fusheng's death, Ye Chen will have a better chance of winning if he goes to deal with the Milo Palace Master.

Thinking like this, Ye Chen practiced the Six Forms of Silent God again.

I wanted to touch the rhythm of the Heaven Dou Da Tu sword through the six-stance of Jingshen.

But I still thought it was too easy.

The Tiandou Datu sword is too mysterious.

However, since the breakthrough in his cultivation, his understanding of the six styles of Jishen has really deepened.

It seems that Jishen's martial arts talent is terrifying.

It's a pity he still left.

Jishen is also his master, whether it is because of this relationship or not, when his life star awakens, he will find a way to resurrect Jishen! !

Afterwards, Ye Chen practiced the Six Pose of Silent God again, then left the realm of all living beings, locked the coordinates of Mingdu directly, and tore the void away.

Mingdu is in the outer sky, Ye Chen shattered the void, descended to the outer world again, and fell into a ruin.

As soon as he arrived in Tianwaitian, Ye Chen suddenly felt a familiar breath.

It was actually Zhu Yuan and Taishen!

Zhu Yuan and Taishen haven't seen each other for a long time, why are they here?

What are they doing in this area during this time?

Just when Ye Chen was about to feel it again, the breath completely disappeared.

Only then did Ye Chen fall into the vast ruins.

This is a huge and boundless ruins of the capital city, with broken walls and ruins everywhere, and the collapsed statues of rock gods can be seen everywhere.

The breath of darkness reverberates in the sky of the Underworld, where daytime is never seen, the sky is always dark, with only a little faint starlight.

The filthy turbid air flows between the earth, giving birth to all kinds of strange and twisted monsters, running rampant on the ruined land, making low-pitched roars from time to time, which is creepy.

"Is this the Underworld?

It is so vast, and the boundary is not weaker than the domain of the Taishang World. "

Ye Chen looked around and found that he was in the center, his breath was restrained, and he did not disturb any filth and monsters.

Under the insight of his heavenly secret, he soon caught the sharp breath of floating life, which was hidden under the ruins in the center of the Underworld.

This Underworld was a huge and prosperous capital in the past. It believed in the Heavenly Venerate of the Rock God. Even if it was turned into ruins, there was still a trace of the will of the Rock God.

The Master Chi Feng will be buried here, and no one will be able to find it.

Just go to the center of the ruins, dig out the weapons buried in the ground, and you're done.

However, to Ye Chen's surprise, in the center of the far-off ruins, there was a huge and majestic palace standing right up, filled with a vast dark power, which was shocking.

If Ye Chen wants to excavate the Floating Life, unless the palace is crushed.

He released his consciousness, peeped into the past, and saw a stone tablet suspended above the palace.

The stone tablet is simple and simple, printed with three big characters: Miluo Palace!

Around these three big characters, there are many complicated patterns, which vaguely converge into the totem of the previous generation of death.

"Miluo Palace, is it actually here?"

What the hell is going on here? "

Ye Chen was stunned for a while, never expecting that in the ruins of Mingdu, the palace of Miluo Palace actually stood.

In the reincarnation cemetery, Venerable Fahua also saw the palace in the distance, and suddenly shouted: "The gate of the Miluo Palace is in the Miluo Yin realm, this is one of their points! They are actually in this ruins of the Underworld. , established a stronghold!"

It turned out that the palace above the ruins of Mingdu was not the headquarters of the Miluo Palace, but a subpoint.

"This Miluo Palace, the deity it believes in, is the previous generation of death?"

Ye Chen frowned slightly, and faintly heard the punctuation of the Miluo Palace, and there were bursts of prayers and chants.

Those voices seem to be praising the greatness of the Sea King Demon!

"Hey, yes, that Miluo Palace is the power that believes in the god of death."

Chapter 8996

"The previous generation of Death God Sea King Demon Venerable was suppressed by Rock God Tian Zun. This incident has become a nightmare for all Death God believers."

"They actually dared to establish a stronghold in the former territory of the Rock God Tianzun. It seems that they have overcome this demon."

"Boy, you have to be careful. Today's Miluo Palace is probably more powerful than when I was at the peak of the past. They have already overcome their inner demons. If you want to avenge me, I am afraid it will not be easy."

Venerable Fahua laughed twice, but his face was extremely gloomy. Obviously, he also felt that the current Miro Palace is far more flamboyant than before, and his revenge has become difficult.

"I'll go take a look first."

Ye Chen's face also sank. The place where the Miluo Palace stronghold was established just happened to be on the top of the floating life, pressing this weapon.

Even if he doesn't take revenge for Venerable Fahua, if Ye Chen wants to get the Floating Life, he must first crush this stronghold.

He ran the mustard seed Dharma, transformed into a mustard seed dust, and flew towards the Milo Palace quickly.

This mustard seed Dharma is very delicate. Once it is displayed, Ye Chen becomes a speck of dust, and his breath is completely restrained. As long as he does not actively expose it, no one will be able to find him.

Soon, Ye Chen came to the outside of the Miluo Palace stronghold.

In close contact, Ye Chen could clearly hear that all the voices chanting and praying were praising Death.

His divine sense quietly glanced at the Miluo Palace, and he also captured a lot of powerful auras, among which there were even a few immeasurable realms.

"Boy, let's do it."

Venerable Fahua said fiercely.

This palace is not the headquarters of the Milo Palace, but a stronghold.

Although there are many strong people, Ye Chen's current cultivation strength is even more powerful.

If he burst out with all his strength, at any cost, it would be enough to completely smash this Miluo Palace stronghold!

Of course, if you do this, you will also have to pay a small price, and it is not a wise move to completely tear up your face with the Milo Palace without any preparation.

Ye Chen's eyes flashed, considering whether to do it.

At this time, more than a dozen people came out of the Milo Palace.

The first person turned out to be Yuwenji.

Beside Yuwenji, there were several strong men of the Abyss Temple, and seeing their faces, they were very unhappy.

Behind them, there are several elders of Miluo Palace, their faces are also not very good-looking.

"Elders, don't send it, it seems that you have no sincerity to cooperate."

Yuwenji said coldly.

An elder of the Miluo Palace said: "Young Master Yuwen, you abyss temple, you want to find the weapon of floating life and death, we can understand the mood."

"However, our Miluo Palace really doesn't know where that Floating Life is."

Yuwenji said angrily: "Ancestor Wutian deduced the secret of heaven and spied on the fate of the floating life, just in the ruins of the Underworld. You must have taken it from the Miluo Palace, but you refused to admit it!"

"You clearly want to occupy this weapon. After my Abyss Temple and your Death God Religion jointly seize the power of the Death God, you will cross the river and demolish the bridge, and use the floating life to deal with my ancestors!"

When Ye Chen heard Yuwenji's anger, he suddenly felt in his heart and thought: "Although the Miluo Palace is in the ruins of the Mingdu and has established a stronghold, it seems that they don't know that the floating life is buried under the ground!"

The elder of the Miluo Palace said: "Young Master Yuwen, calm down, we can swear to God that we really don't know the whereabouts of the floating life, let alone occupy it. If you want to find it, we can jointly find it."

Yuwenji said angrily, "No need, let's go!"

He waved his hand and left with his subordinates.

The Milo Palace believed in the god of death in the previous generation, and was closely related to the god of death order, and could even be regarded as a branch of the god of death order.

Mozu Wutian failed in the Taishang Buddhist Association, but his cooperation with the witch did not end.

He and the witch still wanted to join forces to seize the power of the God of Death and expel Samsara.

This time, Yuwenji came to the Miluo Palace, on the one hand to talk about cooperation, and on the other hand to ask for a life-threatening death.

It's just that this floating life is not in the hands of the Miluo Palace at all, so he naturally can't ask for it.

The two sides do not trust each other, and at the moment they part ways.

At this moment, Ye Chen turned into a mustard seed and was hiding outside the gate of the Miluo Palace, and no one found him.

Yu Wenji left angrily and walked past Ye Chen without feeling Ye Chen's breath.

Ye Chen looked at Yuwenji's figure, his heart skipped a beat, and he thought, "I can attack and kill him!"

Yu Wenji, who practiced the ancient dragon way of Taixu, was an important assistant of Mozu Wutian's subordinates and Ye Chen's former enemy.

If he can kill it, Ye Chen can also solve a hidden danger.

Thinking of this, Ye Chen's eyes flashed a frigid cold light, and suddenly he slapped it with the palm of his hand.

This is the best chance to weaken Wutian! He can't let it go!

"Da Xumi Palm!"

Ye Chen ran the Sumeru Dharma, the palm wind was turbulent, the void was twisted, and the phantom of the ancient Sumeru Mountain erupted. With a palm that shook the world, he slapped Yuwen's body violently.

Yuwenji was completely unprepared, and he didn't expect that Ye Chen's figure would suddenly explode in the void next to him.

bang.

Ye Chen's Daxumi palm, with just one palm, shattered his meridian bones and even his dantian.

Puff!

Yuwenji spat out a mouthful of blood, with some internal organs fragments, looked at Ye Chen incredulously, widened his eyes.

"Marven Ye, you...why are you here?"

Chapter 8997

He was short of breath, and after gasping for a few breaths, even his soul was hit by the force of Xumi's palm, collapsed and shattered, his eyes darkened, and he fell to the ground and died.

When he was in Tianrenyu before, Yuwenji faced Ye Chen and could be said to be aloof.

But now, Ye Chen just slapped him and killed him easily.

Although Ye Chen's palm was a sneak attack, Yuwenji couldn't stop it even if it was a face-to-face killing.

Ye Chen ran the Xumi Dharma, and the palms that erupted were enough to kill the masters in the late stage of the immeasurable realm, which was definitely not something Yuwenji could resist.

He shot and killed, just to save some time and avoid trouble.

"Young Master Yuwen!"

The powerful men in the surrounding abyss temples were shocked when they saw that Yuwenji was killed by a palm, and they all attacked Ye Chen.

Ye Chen didn't dodge or evade, Da Xumi's palms were shot in succession, each palm was like the explosion of an ancient sacred mountain, gods blocked and killed gods, and Buddha blocked and killed Buddha. .

"The Lord of Reincarnation, it's you!"

The elders of the Miluo Palace were shocked when they saw Ye Chen's fierce appearance, and they were only incredulous.

They didn't expect that Ye Chen actually came to the Miluo Palace, and even with a gesture, he killed Yuwenji and others.

You must know that Yuwenji has already practiced the ancient dragon way of Taixu, and has golden blood, and his physique is extremely powerful.

But facing Ye Chen, he was still slapped to death.

It is conceivable how outrageous Ye Chen's real combat power is at this moment.

Looking at the real world, the only people who can suppress him are those top immortal emperors standing at the peak.

"You Milo Palace, are you believers of the god of death?"

"Give me death!"

Ye Chen doesn't talk nonsense, since he decided to expose it, he was determined to destroy the entire Milo Palace and kill everyone.

boom!

The Dragon Life Star opened, and the majestic starlight and dragon energy rose into the sky.

Ye Chen sacrificed the Heavenly Sword of Samsara, the blood dragon hovered on the sword, and Yujian headed towards the elders of the Milo Palace, beheading them.

Those elders reacted very quickly, and immediately flew away.

All over the Milo Palace, warning horns and drums sounded, and black shadows flew up, and the powerhouses of the entire Milo Palace were alarmed.

Soon, the densely packed Miluo Palace powerhouses covered the sky and surrounded Ye Chen.

They are all believers of the god of death, and their bodies are filled with a dark and terrifying aura. Many strong people are like Shura who came out of hell, and their evil spirits are fierce.

If it was in the past, Ye Chen might have been afraid of being surrounded by so many dark powers.

But now, he has refined the Buddha's bone relic, and received the blessing of Sakyamuni Buddha. His cultivation has broken through to the fifth level of the Sky Profound Realm, and he has even cultivated the Buddhist scriptures to the sixth level. Fierce than ever.

Even in the face of the siege of so many dark powers, Ye Chen was not afraid at all.

"Xumi Dharma, cut the sky with nine swords, kill kill kill kill kill!"

As soon as Ye Chen's body swayed, Xumi's Dharma turned to the extreme, and his body turned into a height of tens of thousands of feet, standing on the ground, showing an incomparably huge dharma appearance.

Compared with this dharma image of Sumeru, what is even more terrifying is Ye Chen's sword!

The nine swords of Zhantian broke out, and the sword rain fell like a meteor, with the atmosphere of reincarnation and the supreme Buddha Dharma, beheading the powerhouses of the Miluo Palace present.

It's a grass-cut slaughter.

Regardless of the consumption of spiritual energy, Ye Chen was really too ferocious when his combat power exploded.

His Heaven Slaying Sword Intent fell like a meteor, and the Milo Palace powerhouses who came into contact with these Sword Intent and Sword Qi were pierced on the spot, blood splattered, and died in a scream.

"The power of reincarnation is actually so powerful!"

Many masters of the Miluo Palace are trembling in their hearts.

However, they didn't flinch, they burned their blood and blood, as if they were incarnated as blood demons, and swooped towards Ye Chen wildly.

The swooping of Mi Luo Palace surprised Ye Chen.

He originally thought that under his shocking slaughter, these Milo Palace warriors would be frightened and flee.

But I didn't expect that no one in the audience escaped, and all of them were like bloodthirsty warriors, slaughtered without fear of death.

"The Taoism of these people is strong."

Ye Chen thought to himself, his subordinates showed no mercy, waved the Heavenly Sword of Samsara, and killed all the powerhouses in the Miluo Palace who came over.

After a while, in the depths of the Milo Palace, there were many dark and filthy monsters, with wings, flying out.

Taking a closer look, it is not an ordinary monster, but a Chaos Demon!

The Chaos Heavenly Demon was transformed by the corruption of the Starry Sky God Race.

But Ye Chen didn't expect that in the Miluo Palace, there is also the existence of Chaos Demons.

There may be some kind of cooperation between the Chaos Heavenly Demons and the Miluo Palace.

After all, the previous god of death believed in by the Miluo Palace was actually the phantom body of the Demon Lord of the Extreme Dao, and was closely related to the Chaos Heavenly Demon.

At this time, the Miluo Palace was about to be slaughtered by Ye Chen, and those chaotic demons also came out to help.

The Chaos Heavenly Demon, under the fall, is full of darkness and filth, cruel and murderous, and has no good intentions.

Ye Chen will naturally not be soft-handed in the face of these chaotic demons. Whoever dares to approach, he will kill them directly.

The violent killing was earth-shattering, and blood stained the night sky.

In this darkness and slaughter, suddenly there was a holy light, like the wrath of the gods, breaking through the darkness and shooting at Ye Chen's eyebrows.

"Um?"

Ye Chen's eyes moved, and he immediately waved the sword of reincarnation, completely crushing the shot of the divine light.

I saw a woman with skin like snow and a face as bright as the morning sun, waving a pair of white and sacred wings behind her, flying out from the depths of the Milo Palace.

This woman is filled with the atmosphere of the Star God Race, the stars are shining, the gods are bright, and the elegance is like a holy goddess. In this dark and slaughtering world, she looks very noble and cold.

"Miss Hong Xin!"

Many Chaos Heavenly Demons around, as well as the powerhouses of Miluo Palace, saw this woman appear, and they all called out respectfully.

That woman, Ye Chen also knew, turned out to be Hong Xin, the saintess of the Hong family in the old heartland!

Ye Chen remembered that Hong Xin finally took refuge in Mozu Wutian, and he should have been active in the dark forbidden sea area.

He never expected that Hong Xin would appear here.

Moreover, looking at Hong Xin's appearance, it was obvious that he was endowed with the blood of the Star God Race.

"Ye Chen, long time no see."

Hong Xin stared at Ye Chen, the look in his eyes was quite complicated.

She obviously didn't expect to meet Ye Chen here.

"Miss Hong, stay safe."

Ye Chen converged on his dharma, returned to his normal shape, stopped the killing, and also stared at Hong Xin.

The powerhouses of the surrounding Miluo Palace and the Chaos Demons were surprised when they saw that Ye Chen and Hong Xin actually knew each other.

Chapter 8998

"You killed Hong Chunqiu?"

Hong Xin's eyes narrowed slightly and asked.

"Yes, do you want to avenge him?"

Ye Chen asked.

Speaking of which, Hong Chunqiu is also Hong Xin's ancestor.

"No, I have been given the bloodline of the Star God Race and have nothing to do with the Hong family."

Hong Xin shook her head. Today, she is as bright and holy as a god, with a pair of holy wings behind her, as if eternal and immortal, which is unique to the Starry Sky God Race.

Ye Chen didn't know what Hong Xin went through, but he was actually endowed with the blood of the Star God Race.

"You and Miluo Palace are allies?"

Ye Chen asked.

Hong Xin was silent for a while, then nodded and said, "Well, we are allies, and you are our enemy."

"You may not know that the reincarnation heaven you imagined is actually a wrong world, and I will terminate you."

Ye Chen laughed and said, "That's not my fantasy, it's just the fantasy of the old god, and it has nothing to do with me."

"If I really want to build a kingdom of reincarnation, it is definitely not a world that blindly pursues absolute equality, but a world in which good and evil are orderly, and even if there are high and low levels, there are orderly constraints."

"However, with my current cultivation, it's too far to talk about this."

Hong Xin said: "No matter what, your existence is too terrifying for the future. I will end your fate."

"Starry Sky Divine Dao, Wing Slash!"

With a coquettish shout, Hong Xin's whole body bloomed with holy light, his wings spread out behind him, and pieces of feathers flew out like flying swords, and then converged into a dazzling torrent of sword energy, mixed with the brilliance of starlight, ruthlessly towards him. Ye Chen came with a blast.

Ye Chen felt Hong Xin's offensive, and his face changed suddenly.

After Hong Xin was endowed with the bloodline of the Star God Race, his combat power was much stronger than before.

What is even more powerful is that when she is fighting, she can still maintain the brilliance of the Star God Race, and she has not fallen into darkness.

The brilliance of the starry sky, the beheading of the starry sky's wings, is much more severe than that of the dark demon.

The torrent of brilliant winged sword energy was almost drowning Ye Chen.

"Tomb Divine Sword, break it for me!"

Ye Chen took a deep breath, gathered the spiritual energy all over his body, and the terrifying divine magic aura erupted from his body, a sword was cut out, the sword was buried like a tomb in the sky, the torrent of gray sword energy was buried in the tomb, fierce and Hong Xin's wings Sword qi torrent, collided together.

boom!

The two torrents of sword qi collided violently, and suddenly the sky-shattering turbulent turbulent air was blown up, tearing the sky and space to pieces. There were blazing sword lights and wings everywhere, and the scene was extremely spectacular.

The violent collision made Ye Chen take two steps back.

Hong Xin snorted and spit out blood, her pretty face pale for a while.

It has to be said that after she was given the bloodline of the Starry Sky God Race, her combat power soared rapidly and was extremely powerful.

However, compared with Ye Chen, there is a certain gap after all.

Under the peak matchup between the two, Ye Chen still prevailed.

Looking at the entire real world, there are only a handful of people who can suppress Ye Chen.

And Hong Xin is obviously not among these people.

"What, the Lord of Reincarnation is so powerful."

"Even Miss Hong Xin can't beat him."

"Could it be that my Milo Palace is destined to be destroyed today?"

The surrounding powerhouses of the Miluo Palace immediately panicked.

Their firm and ferocious Dao Heart finally appeared a little shaken at this moment, fearing Ye Chen's majesty.

Hong Xin was injured and vomited blood, but in her beautiful eyes, there was no sign of discouragement, her expression was still firm, and there was even a faint murderous intent.

When he noticed her murderous intention, Ye Chen felt a shudder in his heart, and secretly felt bad.

scoff!

In the void beside Ye Chen, suddenly there was a petite figure, carrying a poisoned dagger, burst out of the sky, and stabbed Ye Chen's heart.

It was a slightly immature girl with cat ears and a cat tail, and she was actually a catwoman.

Ye Chen recognized this Catwoman as Hong Xin's favored servant, Hong Xuan!

This Hong Xuan is now in the form of a chaotic demon, with dark skin and cold eyes, full of demonic murderous intent.

Obviously, like Hong Xin, she was endowed with the bloodline of the Star God Race. At this moment, she turned into a chaotic demon, attacking and assassinating Ye Chen.

Ye Chen just faced off against Hong Xin at the peak, and his spiritual energy has not recovered.

The timing of Hong Xuan's assassination was very good, and it was going to be fatal.

"Cun Jin, open the sky!"

Ye Chen was assassinated, but he didn't panic, and punched out with a backhand punch.

His spiritual energy has not recovered yet, but his punch does not require any spiritual energy, even if it is pure martial arts, pure brute force, it is the most primitive and barbaric power, which can be called the pinnacle of martial arts.

Inch strength, open the sky!

Ye Chen's punch slammed into Hong Xuan's shoulder, although it was not a vital part, but with the ferocity of Ye Chen's punch, if it hit, it would be enough to knock Hong Xuan out.

Hong Xuan faced Ye Chen's punch, the expression in her eyes was still cold and decisive, and she was not afraid at all, and the dagger continued to pierce Ye Chen's heart.

This is a lose-lose play.

Ye Chen didn't know what happened to Hong Xuan to become so cruel.

boom!

Ye Chen's fist came first and hit Hong Xuan's shoulder.

The violent inch strength exploded, and Hong Xuan's body was blown up on the spot, but there was a dark remnant left, and the embarrassment was shaken away.

With the ferocity of Ye Chen's inch strength, if it is an ordinary person, if he bears a punch, only his body and soul will be destroyed.

But Hong Xuan can still keep her soul immortal. Obviously, the vitality of the Star God Clan's bloodline is tenacious, which saved her life.

Chapter 8999

Affected by Ye Chen's strong shock, Hong Xuan's dagger also lost its aim. It missed Ye Chen's heart and stabbed to the side of his chest.

Ye Chen groaned, suddenly felt a sharp pain, and a terrifying toxin that exploded in his body instantly.

This toxin, filled with terrifying dark filth, is enough to wipe out a person's Dao heart in an instant.

Fortunately, Ye Chen's Taoism is strong, and in his reincarnation divine veins, there is an ancient poison divine vein, which can also absorb toxins without being fatally impacted.

But this was the case, Ye Chen also felt that his breathing was stagnant, and the blood vessels in his body were eroded by toxins, and he seemed to be instantly paralyzed, unable to lift his strength.

"What kind of poison is this, it can actually harm me."

Ye Chen's eyes narrowed, and under poisoning, he hurriedly flew away from the Milo Palace and escaped.

"Come on!"

"He has been hit by the Eternal Evil Poison of my Star God Race. Even if he is protected by the blood of Samsara, he will be suffocated for at least a period of time, hurry up! Kill him!"

Hong Xin was sharp and decisive and ordered immediately.

Many chaotic demons and the powerhouses of the Miluo Palace, like waking up from a dream, hurriedly chased and killed Ye Chen.

Hong Xin also imposed a ban on the starry sky, blocking the entire ruins of the Underworld.

If Ye Chen forcibly broke through, in his poisoned state, he would obviously be seeking his own death.

"Miss."

Hong Xuan's remnant soul floated back to Hong Xin's side, calling out with a hint of sadness in her voice.

At this time, Hong Xuan no longer had the killer attitude just now, only the pitiful appearance of a kitten girl.

"Xiao Xuan, I have pity on you."

Hong Xin was also very sad when she saw that Hong Xuan's body exploded, leaving only the remnant of her soul.

"Miss, is it worth it?"

Hong Xuan asked in tears.

"In order to kill Samsara, everything is worth it."

Hong Xin gritted his teeth.

"What's the use of killing the Lord of Reincarnation?"

Hong Xuan asked.

"Killing him can remove the biggest tumor for the heavens and the time and space, and prevent him from building a wrong world."

Hong Xin said.

"But what do these things have to do with us?"

"Miss, what kind of world do you want to build?"

Hong Xuan asked timidly.

Hong Xin's body trembled, but this sentence stopped her.

Hong Xuan burst into tears and said, "We used to be with Brother Ye Chen, but we were good friends, but now we have to meet each other in life and death, and I have to assassinate him myself, why did it become like this?"

Hong Xin's tender body trembled even more, recalling the scenes with Ye Chen in the past, her eyes were also faintly red, and said, "I... I don't know, some things, once they start, can't be stopped."

"We are destined to be the enemy of Samsara and must kill him."

Hong Xuan fell silent and stopped talking. Seeing that she had lost her body and was left alone, she felt desolate and pitiful.

Many chaotic demons and powerhouses from the Miluo Palace went out to hunt down Ye Chen.

At this time, Ye Chen flew to a secluded place and wanted to leave the ruins of Mingdu directly, but seeing that this space had been blocked by Hong Xin, he knew that it would not be easy if he wanted to leave in a short time.

At least, until the injury is fully healed.

There was also the poisonous dagger stuck in his chest.

The poison on the dagger had been completely poured into his heart and lungs.

If it was an ordinary person, it must have died from poison.

Fortunately, Ye Chen's reincarnation bloodline is strong and can withstand this poison.

Moreover, he estimated that relying on the ancient poisonous veins, after a while, he would be able to digest all the poison in his body, and even absorb it for his own use.

It's just that Ye Chen couldn't be sure how long this period of time was.

But he has enough time to spend with this group of people.

"I didn't think I would be so embarrassed."

Ye Chen twitched the corners of his mouth, and while running the ancient poisonous veins, he carefully pulled out the dagger stuck in his chest.

At the moment when the dagger was pulled out, a black arrow of blood also spurted out, suffocating Ye Chen a little.

Under the torment of the poison, his breathing was also very difficult.

"This is the eternal evil poison specially refined by the Star God Race, extracted from the sin soil on the other side of the starry sky..."

Ye Chen sat cross-legged, the blood of reincarnation was running, slowly absorbing toxins, and faintly glimpsed the secrets of the sky, knowing that the origin of this poison was actually related to the other side of the starry sky.

On the other side of the starry sky, there are many pure lands, which have been polluted by dark sins and become extremely filthy sin soils.

The Star God Race has gone through eternity, extracting highly toxic filth from the sinful soil and refining it into eternity evil poison.

This ancient evil poison can be poisoned even by the Immortal Emperor. In this world, only Ye Chen can rely on the blood of reincarnation.

"Hong Xin and I were friends in the past, but today, we meet in life and death."

Ye Chen was rather sighed, then shook his head, calmed down, and began to concentrate on expelling poison.

The Chaos Demon and the powerhouses of the Miluo Palace were all searching for Ye Chen.

With the help of the mustard seed Dharma, Ye Chen turned his form into a mustard seed dust, but no one could find him.

Knowing how powerful Ye Chen was, Hong Xin sent someone to report to the Miluo Palace headquarters for support.

Ye Chen had insight into the secret, and knew that there would be a large number of strong men coming at the Miluo Palace headquarters in a short time.

His situation would probably be even more dangerous. It would be a fool's dream to want to crush the Miluo Palace and dig out the dead.

In a hurry for half a day, Ye Chen had already expelled a small part of the toxin.

But there are also a large number of strong people coming down from the Miluo Palace headquarters.

Chapter 9000

They searched for Ye Chen everywhere, and they set up a net, just waiting for Ye Chen to show up, they would surround and kill him.

Ye Chen felt the danger, not to mention that he was still carrying poison, even in his heyday, it would be very difficult to fight against so many strong people by himself.

"It seems that if you want to break the game, you need to think of another way."

Ye Chen thought to himself that the alliance between Miluo Palace and the Chaos Demons led by Hong Xin is no small matter. If Ye Chen wants to fight, it will not be easy.

At this moment, Ye Chen captured the breath of Zhu Yuan and Taishen again!

"Tai Shen and Zhu Yuan should have been here for a long time, and the distance is not too far, just to find them."

"Maybe they have a way."

.....

At the same time, the sky is outside the sky, the capital of the underworld, and the edge of the world.

It is not as terrifying as the central place that Ye Chen stepped into. The weather outside is relatively normal, similar to many places in the Taishang World, and even the spiritual energy is a little richer.

"I don't know what happened to the son. It seems that I haven't seen it for a long time. I am afraid that the son's strength is stronger."

"Master said that if the predecessors have soared, the situation in the Taishang world is not good for the son."

"Wu Tian, Yuhuang Ancient Emperor, and Tian Nu are all obstacles that stop the young master from going to Wu Wu Time and Space."

"Master said that their strength in the Samsara camp is too weak, they must be strong, and they must continue to break through."

Zhu Yuan lay on his back, looking up at the sky with Erlang's legs crossed. Even the clouds in the sky looked like Ye Chen.

"Um?"

Master is out! "

Suddenly, above the sky, visions were repeated, and Zhu Yuan suddenly stood up and pricked up his ears.

Quiet, all sounds are silent.

Even the waterfall around him was frozen, like a piece of blue white paper, cut in half.

"Master?"

Zhu Yuan asked tentatively, the figure sitting cross-legged under the water, motionless, solidified like the rushing waterfall.

hum!

hum!

The grass and trees around him hummed softly, and even the tip of the grass root in Zhu Yuan's mouth had a faint purple glow.

Swish!

At the same time, countless purple breaths rose up like clouds, covering the sky and the sun, returning to the dantian of the great god.

"Master has finally taken this step!"

Zhu Yuan's face was full of joy, his clenched fists could not stop shaking, and he felt that the breath of the gods was constantly rising!

The ultimate climb!

boom!

A strong wind blew him away, and his figure flew upside down. Thousands of miles around were swept away by a purple storm. The cut-off waterfall hung upside down in the sky, and a purple sky rose up and poured into the sky. .

"Can even a waterfall flow backwards?"

The vision of heaven and earth, the purple breath shines in the world, and the universe is reversed.

boom!

Zhu Yuan slammed down heavily, but when he fell to the ground, his back was held up steadily, avoiding the point where he fell all over the place.

A sense of familiarity came!

Who else would it be if it wasn't Marven Ye!

"Son?

! "

Zhu Yuan turned back subconsciously, a little unbelievable.

He never expected that the son would appear in this ghost place.

He tried to wipe his clear eyes again, confirming that it was himself, and said excitedly: "My God, what day is today, the double happiness is coming?"

Taishen set foot on the Immortal Emperor, Ye Chen appeared, was he dreaming?

"I didn't expect you and Senior Taishen to be here."

Marven Ye patted Zhu Yuan's shoulder fiercely and laughed.

However, Zhu Yuan's brows froze with joy: "No, Master has made a breakthrough. Such a scene will definitely attract the investigation of the Miluo Palace. Young Master, you should withdraw first."

"Don't worry, those people don't have time to chase and kill you now. What they want to kill is the Lord of Reincarnation."

Zhu Yuan was startled, but when he thought of the son's character, he also understood that the son must have provoked the Miluo Palace. I am afraid that those guys who are looking for son all over the world will not notice this.

"I'm going to see Taishen first."

.....

Under the waterfall cliff, the middle-aged man in purple shirt has been waiting for a long time.

"Congratulations, senior for breaking through!"

Tai Shen turned to look at Ye Chen in front of him, and couldn't help laughing and joking: "Long time no see, your strength is probably stronger than mine now, and you can reach this level in the middle of the Sky Profound Realm. I'm not as good as you can toss."

"But why are you so severely poisoned?"

At this time, the super god broke through, and the powerful spiritual sense came out, and there was no aura of any powerful cultivator within a radius of 10,000 zhang.

"It's been through something..."

Ye Chen recounted the events of this period, and even Taishen's face was instantly ashen.

"Zihuang Immortal Palace, Wutian, Witch, Yuhuang Ancient Emperor, your current situation is indeed very difficult."

"However, your current poison is more important. This poison is very detrimental to your injury, and even limits your strength."

"Now we must break the poison first."

Taishen got up and said solemnly: "I merged with the emperor's seal and learned some great secrets. The reason why I chose to come here to break through is because the Rock God Tianzun..."

"And of course for an important reason,"

"That is the ancient mysterious secret realm of Tianwaitian is about to appear in the world..."

"Ancient Mysterious Secret Realm?"

Ye Chen was a little stunned.

Intuition tells Ye Chen that this is not easy.

Taishen looked solemn and nodded lightly, "Yes, do you know who this Venerable Master Ancient Xuan is?"

"Master Gu Xuan..."

He had never heard of this name, but he felt a strange cause and effect from it, and only heard Taishen continue:

"I also awakened some of the old memories of the emperor's seal. It is said that the ancient Xuanzun is the most trusted person of the Rock God Tianzun.

If you want to solve your poison as soon as possible, I am afraid you have to work hard on this Lord Gu Xuan. "

Ye Chen heard the words.
