

Physician 9021

Chapter 9021

Under Hong Xin's serious injury, the demonization did not show signs of stopping, but became more and more violent, and many dark runes appeared on her skin. Her voice was filled with great sadness, and she finally passed out.

"Aw!"

Seeing Hong Xin fainted, the rock lizard in the center of the earth was about to step down and trample Hong Xin to death.

"Bastard, how dare you!"

Ye Chen's eyes turned cold, and he flew out immediately, the Buddha light on his body exploded, and the atmosphere of the ancient Mount Sumeru was floating.

"Big Sumeru Palm!"

Ye Chen slammed his palm hard on the body of the Geocentric Rock Dragon Lizard.

With a loud bang, the Rock Dragon Lizard was knocked back a few steps by Ye Chen's palm, showing a furious expression, and the evil spirit boiled on his body, turning into chains of laws, entangled towards Ye Chen.

Ye Chen dodged sideways, and then turned his palm into a fist. With a savage martial arts aura, the fist crushed the air, let out a huge roar, and hit the rock lizard's body again.

"Inch strength, open the sky!"

The Geocentric Rock Dragon Lizard had been injured by Hong Xin just now, and now it was bombarded by Ye Chen's open sky. It suddenly couldn't hold on, and let out a mournful cry. Its body was completely torn apart, and countless dark and filthy juices flowed out, and it fell to the ground. kill.

Those dark and filthy things continuously seeped out from the corpse of the dragon lizard, quickly polluting the surrounding land.

Looking at those dark and filthy things, Ye Chen inexplicably remembered the scene of the collapse of the reincarnation heaven.

Even the holy land of the kingdom of heaven, if exposed to such filthy substances, would probably end up turning into pus.

Hong Xin was still unconscious on the ground, all kinds of filthy and sticky juices spread towards her.

Ye Chen quickly picked up Hong Xin. At this time, Hong Xin was limp, as if he had no bones, and his skin was covered with dark runes. He had been completely demonized, and he was seriously injured. The situation was very bad.

If help is not given, she will most likely die.

Ye Chen pondered, considering whether to save Hong Xin.

Hong Xin stood on Miro Palace's side, and he was no longer his former friend.

"Forget it, she still has the secrets of the starry sky gods on her body, so let her live first."

Ye Chen made a decision in his heart, the Star Gods were related to the ultimate secret, and Hong Xin was endowed with the blood of the Stars Gods.

From her, perhaps we can know more secrets of the starry sky god race.

Ye Chen intends to save her life first, and wants to recruit her into his camp, so that he can know more secrets of the Star God Race!

At the moment, Ye Chen used the Eight Diagrams Heavenly Alchemy to stabilize Hong Xin's injury first, then carried her on his back and ran towards the cave ahead.

In that cave, there are two spiritual creatures, Hei Prison Shalan and Hei Prison Crystal.

And that black prison, Shalan, can just heal Hong Xin's injuries.

"Hey, kid, don't you want the dark magic core of this beast?"

Just when Ye Chen was about to step into the cave, Venerable Fahua's voice came from the cemetery of reincarnation.

"Hey, this earth core rock dragon lizard is polluted by darkness, and a dark magic core was born in its body. If you can refine it, you may be able to directly temper the Buddha's heart and prove the magic lotus flower in one fell swoop. "

Venerable Fahua reminded with a smile.

Ye Chen's heart moved, and when he looked back, he saw a mysterious black aura emanating from the wound on the corpse of the geocentric rock lizard.

He swung his sword to cut open the dragon lizard's body, and with a ding, a dark magic core fell out.

This magic core has been completely polluted by the dark breath, full of evil spirits and dirty things, all kinds of evil spirits are twisted like poisonous snakes, capturing people's minds.

"What a strong evil spirit!"

Ye Chen was also taken aback. Compared with the dark aura of the underground devil, the dark aura of the rock dragon lizard was at least ten times stronger!

"Don't hesitate, just refine it directly, hehe, if you can withstand the impact of the evil spirit of this magic core, you will be able to prove the Tao of the Miaofa Lianhua!"

Venerable Fahua said with a hint of encouragement in his voice.

The extreme darkness and evil spirit can temper the Buddha's heart and enhance one's Buddhist practice.

Of course, such a method is very dangerous, if you are not careful, you will suffer backlash.

"Let's talk later."

Ye Chen looked at the dark evil spirit on this magic core with a trace of solemnity in his eyes.

Naturally, it is not easy to refine such a strong evil spirit.

Ye Chen temporarily put away the magic core, then hugged Hong Xin, and stepped into the cave ahead.

As soon as he entered the cave, Ye Chen felt refreshed.

In the cave, there is no wave of evil spirit, only pure spiritual energy.

In this underground abyss world, there is such a cave with pure aura, which really surprised Ye Chen.

The aura in the cave is also of the dark attribute, but it is pure darkness without any impurities or filth.

In the cave, there is a spar vein extending like a dragon.

That spar vein is black all over, like a black dragon crawling on the ground, the ultimate pure black spar can reflect a person's face.

Looking at those pitch-black crystals, Ye Chen felt a special resonance from the Human Emperor's Sacred Sword in his body.

"Is this the Black Prison Crystal?"

Ye Chen's eyes narrowed slightly, these jet-black crystals were obviously the black prison crystals that Xiaocao God said.

Even in the infinite time and space, the black prison crystal is a very precious and rare mineral material, which can only be born in the extreme darkness and filth.

Black Prison Crystal was born from filth, but it is not contaminated with any filth, just like a lotus flower that emerges from mud and is not stained. After it is born, it can purify the filth in turn.

Chapter 9022

At the beginning, Apocalypse Supreme, casting Human Emperor's Sacred Sword and Floating Life Jue Ming, all mixed this mineral material.

The black prison crystal has a very pure aura, which can be melted into the weapon magic weapon, which can greatly improve the quality of the weapon magic weapon.

"If this black prison crystal is cast into my Samsara Heavenly Sword, it will be enough to upgrade my Samsara Heavenly Sword and become a Wuwu artifact!"

Ye Chen stared at the Hei Prison Crystal, feeling the extremely pure aura of the Hei Prison Crystal, and was overwhelmed with surprise. He never expected such a rare mineral to exist in the real world.

Next to the black prison crystal veins, there is a clump of purple-black orchids, emitting a gleaming light, vigorous vitality is spreading, and the fresh fragrance of plants and trees is refreshing.

"This should be Shalan, the black prison."

Those purple-black orchids are obviously the companion spiritual plants of the Heilongjing, and they also have abundant aura, which can increase the body's qi and blood, and can also heal wounds.

Ye Chen glanced at Hong Xin, saw that she was still in a coma, so he picked off a black prison shalan and wanted to feed her to take it.

However, Hong Xin couldn't take it when he was in a coma.

Ye Chen had no choice but to chew up the black prison Shalan first, and then put it on Hong Xin's lips to feed it.

With such skin-to-skin contact, Ye Chen didn't feel much fluctuation in his heart, and took it calmly.

Because a long time ago, when he was still in the center of the earth, he had had a lot of skin-to-skin contact with Hong Xin, so naturally he wouldn't feel embarrassed now.

After Hong Xin drank the juice of Shalan from the Black Prison, the dark runes on his skin quickly faded away, he escaped from the demonized state, and regained his clean and holy appearance, and his breathing became much smoother.

"This black prison Shalan, the effect is really remarkable!"

Seeing this, Ye Chen also felt the power of Shalan's aura in the black prison. If he completely absorbed it, it would be enough to strengthen his Qinglian avatar.

Thinking in this way, Ye Chen grabbed it with his big hand, released the aura, and immediately collected all the black prison crystal veins, including the black prison Shalan.

The cave was emptied, and all the spiritual objects here were collected by Ye Chen.

Then, Ye Chen settled Hong Xin aside, sat down cross-legged by himself, sacrificed the Qinglian avatar, melted the dozens of black prison sara that he had just collected into pure dark spiritual liquid, and poured it into the Qinglian avatar .

Click!

Qinglian's avatar absorbed a large amount of energy from the black prison Shalan, and there was a bone explosion sound from her body, and a special scene appeared behind her.

In that meteorological scene, there was a straight green lotus that propped up the chaos and opened up the sky, showing an incomparably vast and incomparably stalwart power.

That is the great scene of the creation Qinglian in the legend!

Ye Chen was secretly surprised, he didn't expect that his Qinglian avatar, after absorbing the energy of the black prison Shalan, could transform into the appearance of the creation Qinglian.

This means that Ye Chen's cultivation of Qinglian Casting Sacred Technique has greatly improved a lot.

His Qinglian avatar has also been upgraded and transformed into a stronger one.

"Very good, very good, Qinglian's avatar has been upgraded, and my hole card is getting stronger and stronger!"

Ye Chen was overwhelmed with surprise, separated a ray of consciousness, and poured it into Qinglian's avatar.

Qinglian's avatar's eyes, which had been closed all the time, suddenly opened, facing Ye Chen's eyes.

Ye Chen estimated that the fighting power of this clone is about 40% of his own body.

Forty percent level, which is already very scary.

With Ye Chen's strong fighting power, 40% of his strength can crush some weak quasi-immortal emperors.

"If this Qinglian avatar can keep upgrading, it may eventually have ninety-nine percent of my own power. By then, I will be invincible."

Ye Chen thought to himself, this Qinglian avatar is not only a hidden hole card, but can also burst out to fight directly.

If Ye Chen summoned Qinglian's avatar to fight, the enemy would have to face two of him, exactly the same!

Just imagine, if there are two Ye Chens, and the combat power is superimposed, then no matter who is the ancient emperor Yuhuang, or the demon ancestor Wutian, Ren Tiannv, they will not be his opponents.

Of course, if he wants to reach this level, Ye Chen still needs a lot of resources to continuously refine Qinglian's avatar to make it upgrade and become stronger, just like it is now.

The spiritual energy of the black prison Shalan brought powerful nourishment to Qinglian's avatar.

"It's a pity that this kind of spiritual object is very precious, and it doesn't exist anywhere."

Ye Chen muttered helplessly, the black prison Shalan had been consumed by him.

As for the black prison crystal, this material is more suitable for melting and casting into weapons.

The value of the Black Prison Crystal is much rarer than that of the Black Prison Shalan.

Because, this is a special material derived from Wuwu time and space, and it is a rare mineral to create Wuwu artifacts and improve the quality of weapons and magic weapons.

Most of the weapons and magic weapons cast by the Apocalypse Supreme are mixed with black prison crystal, this dark and pure mineral, which can be said to be one of the purest things in the world, and is extremely valuable.

Ye Chen planned to wait until he got out, and then began to melt and cast the Black Prison Crystal into his Samsara Heavenly Sword.

It's definitely not going to be easy, he'll need some time.

"Well....."

At this moment, Hong Xin groaned and woke up from his lethargy.

As soon as she woke up, she found that her injuries had healed, and she had also escaped from the demonized state.

"What... what's going on? Ye Chen, you saved me?"

Hong Xin was stunned for a while, and looked at Ye Chen.

When Ye Chen heard her calling his real name, he felt a chill in his heart, and said calmly: "Miss Hong, my name is Chen Ye, not Ye Chen, did you recognize the wrong person?"

Chapter 9023

Hong Xin was taken aback for a moment, then came to his senses, and said, "Mmm... Young Master Chen Ye, I'm sorry."

"I don't know why, but when I see you, I think of the Lord of Reincarnation..."

Ye Chen shrugged and said, "How can I compare with the Lord of Reincarnation?"

He was a little vigilant in his heart, and he was sure that his aura had not been exposed yet.

However, Hong Xin could feel something strange.

Maybe this is a woman's intuition?

"Sure enough, there is the black prison Shalan in this place, and I used it to heal your wounds."

Ye Chen changed the topic and said to Hong Xin.

Hong Xin touched his lips subconsciously, as if he felt something, his cheeks blushed first, then he gritted his silver teeth lightly, but he had no choice but to say, "Mr. Chen Ye, where is the Hei Prison Crystal? Do you want to take it for yourself?"

Ye Chen's heart trembled, he smiled dryly, and said, "What black prison crystal?"

Hong Xin glanced at him sideways, and said: "Don't pretend to be confused, I have already figured out the secret, and know that there is a black prison crystal here, which is an extremely precious mineral material, do you want to swallow it all for yourself?"

When Ye Chen heard Hong Xin's secret, his expression became cold, and he said, "Miss Hong, I saved your life, do you still want to share my things? You can't be so greedy."

Hong Xin was silent for a moment, then he seemed to have figured it out, and said, "Okay, I'll give it to you, as a thank you for saving my life, let's go back to the camp, if we haven't been out for so long, I'm afraid we will be extinct. Yun Shengzi is suspicious."

After speaking, Hong Xin turned and left.

Ye Chen relaxed slightly, but the moment he just relaxed, Hong Xin suddenly turned his head, his eyes became extremely cold, and there were dark runes blooming on his forehead, and he shot a poisonous arrow with his backhand, shooting towards Ye Chen's heart .

"you!"

Ye Chen's pupils shrank. He never thought that Hong Xin would be so vicious. He had just saved her, but she actually wanted to kill her instead.

"Mustard Dharma, break it for me!"

Ye Chen reacted quickly, flicked his fingers, and a mustard seed Buddha light burst out, hitting the poisonous arrow shot by Hong Xin.

The poisonous arrow instantly turned into mustard dust and disappeared.

Seeing this, Hong Xin was stunned. He never expected that Ye Chen's Mustard Seed Dharma was so accomplished, and it was comparable to the top monks in the ancient Buddhist holy land.

Mustard Seed Dharma, after practicing to the state of perfection, can turn all things into mustard seeds.

In the past, Sakyamuni Buddha once turned three thousand stars into mustard seeds and stored them in a flower.

The profound meaning of the Buddha, one thought blossoms, three thousand worlds bloom, and the scene is extremely magnificent.

Now Ye Chen's Mustard Seed Dharma also faintly has the great supernatural power to transform all things into Mustard Seeds.

The latest chapter of "Urban Ultimate Medical God" is released on the whole network: domain name

The poisonous arrow that Hong Xin sent in a surprise attack was broken by Ye Chen so easily, she was naturally shocked.

"Damn it, you still want to kill me?"

Ye Chen suddenly felt betrayed and furious. If he hadn't got some tricks, he might have been shot by Hong Xin by now.

Hong Xin was so ruthless, Ye Chen couldn't keep his composure any longer, he leapt up and grabbed Hong Xin's throat with his big hand.

As long as Ye Chen vomits vigorously, he can crush Hong Xin to death.

Hong Xin's eyes revealed a look of great panic. I don't know if it was because of fear or what. Dark runes appeared on his skin, and he said in a voice with great fear: "Brother, don't kill me, I will submit to you. In the future, I will be a slave and a handmaid, and I will obey your orders."

Hearing her tone, Ye Chen was humbled and fearful, but there was also a hint of cunning, not at all as elegant and calm as usual, he couldn't help being shocked, and thought:

"By the way, after she was demonized and fell into the demonic way, even her temperament changed drastically, becoming so vicious and cunning."

Thinking of the cruelty and bloodthirsty that many starry sky gods saw in the ancient Buddha's holy land after they turned into chaotic demons, they couldn't help but feel horrified.

This chaotic demon is indeed an extremely vicious race. Once it falls, no matter how pure the god is, it will turn into a demon.

At this time, there were many dark runes flashing on Hong Xin's skin, which was obviously a sign of demonization.

The way of the devil, extreme admiration of the strong, bullying the weak, Ye Chen showed a strength far stronger than Hong Xin, and she immediately wanted to surrender under the fear of the devil.

Ye Chen said: "If you are willing to surrender to me, I will not kill you." The hand holding Hong Xin's throat relaxed a little.

Hong Xin breathed a sigh of relief and said, "Then I will call you master from now on? Hee hee, master, hello, I will be your slave from now on, and you can call me whatever you want."

When she said this, the dark runes on her skin became darker in color, as if they were branded by tattoos, which could not be resolved at all.

When Ye Chen heard her call him master, he felt very uncomfortable.

Because he knew that when Hong Xin was demonized, his temperament had been distorted, as if he had changed into a completely different person.

"How did you get the blood of the Star God Race? Who gave you the blood?"

Ye Chen let go of her throat and asked.

He is very curious about everything about the starry sky gods and the other side of the starry sky.

"Well...Master, this part of my memory, well, has been sealed, and I have already forgotten it."

Hong Xin lowered his head in thought, then shook his head, but couldn't answer Ye Chen's question.

"Yeah?"

Ye Chen grabbed her hand, touched her wrist veins, and really felt that there was a secret seal in her body, completely sealing an important memory of her past.

That memory was related to endowing the Starry Sky Protoss with blood.

Chapter 9024

"I have a good relationship with a girl named Zi Chuanfei in the Star God Clan. I wonder if you know her?"

Ye Chen asked again.

"Zichuanfei? I seem to have heard of it, but I don't really remember it. I only remember that there are three main clans in the Starry Sky God Clan, and the Zichuan clan is one of the three major clans."

Hong Xin replied.

"oh?"

Ye Chen learned a little more about the secrets of the starry sky gods, but there are still too many mysteries.

He shook his head and said: "Forget it, let's go back first, now is not the time to talk about this, you lurk in the Miro Palace for me, and help me find out the news in the future."

Hong Xin nodded obediently and said, "Okay, master."

Seeing her obedient appearance, Ye Chen inexplicably felt a little sad, so he led her out of the cave, intending to return to the camp.

And just after walking out of the cave, Hong Xin seemed to wake up a lot, and the dark runes on his skin faded away.

Suddenly, her whole body trembled, and she looked at Ye Chen with clear eyes, showing great shock and anger, and said: "Chen Ye, you are so brave, you actually want me to be your slave!"

Her words had dignity again, and it was obvious that she had returned to normal.

Seeing that she had returned to normal, Ye Chen felt inexplicably happy, and said, "Miss Hong, you said that you wanted to be my slave."

Hong Xin recalled what happened just now, her cheeks blushed immediately, she bit her lip and said, "That's the nonsense of my insanity and unstable Taoism, you can't take it seriously."

Ye Chen smiled and said, "Don't you want to deny what you said? Are you afraid of violating cause and effect and being punished by heaven?"

Since Hong Xin has already said that he wants to surrender to Marven Ye, then it is considered as a contract.

Violation of the contract will result in karmic punishment. Even if there is no natural punishment, one's own Dao heart will leave a demonic obstacle, and the consequences will be extremely serious.

"you!"

Hong Xin was filled with embarrassment and anger, knowing that she was in danger of being demonized, and if she broke her promise, the consequences would be even more serious.

"How, are you going to be yourself, or to be my slave?"

Seeing her anxious and helpless appearance, Ye Chen couldn't help but feel a little funny.

"You! Even if I die, I will not be your slave!"

Hong Xin gritted her teeth, but she was also very stubborn, unwilling to give in to Ye Chen easily.

Ye Chen smiled, and was about to say something, when suddenly, he felt two powerful auras flying towards him like two ice arrows, which made people's hair stand on end.

The two figures, flying from afar, were Yaoye, the king of the Ten Thousand Demon Realm, and King Asura!

Yao Ye was full of evil spirits, and her evil eyeballs turned around on Ye Chen and Hong Xin, then he laughed and said, "Miss Hong, you and this kid from Qiancao Villa are flirting and cursing here, aren't you afraid that Holy Son Jueyun will blame you?"

Ye Chen and Hong Xin felt terrified when they saw these two realm kings actually coming here.

Hong Xin said lightly: "What nonsense are you talking about, not to mention who am I with, and what does it have to do with Li Jueyun?"

Yao Ye smiled and said: "Miss Hong, you and this kid have been away from the camp for so long, what do you want to do here?"

Hong Xin said, "What's none of your business?"

King Ashura took a step forward, with bulging veins on his forehead, his eyes were full of murderous intent, he pushed Yao Ye aside, and shouted: "Talk to them, just kill them directly."

He stared at Ye Chen and Hong Xin, his expression was full of majesty and sternness:

"Hey, I won't hide it from you. My uncle came here to find the Black Prison Crystal. It is an excellent forging material. If it is dedicated to Lord Yuhuang Gudi, he must be very happy."

"I know that you, the Holy Son of Jueyun, want to live and die. The weapon is indeed sharp, but there is too much cause and effect behind it. Hehe, I dare not intervene."

"However, this black prison crystal, my uncle is determined to get it, hand it over, and I will leave a whole body for you."

"Sacred Son Jueyun, you two, had an affair without telling the truth, and if you wanted to kill you, he wouldn't blame him."

It turned out that King Ashura and Yaoye, as Li Jueyun's guardians, stepped into the underground abyss, not for the reward of the five thousand source jades, but for the Black Prison Crystal!

The black prison crystal is a very precious material, which can greatly improve the quality of weapons and magic weapons.

They want to dig up the Black Prison Crystal and dedicate it to Emperor Yuhuang!

The Myriad Demon Realm and the Asura Realm where they lived were originally established following the will of the ancient god Tuodi, and they were closely related to the ancient Emperor Yuhuang.

If they can win the favor of Emperor Yuhuang and get some blessings and rewards, there is great hope for them to break through the quasi-immortal emperor, step into the realm of immortal emperor, and even hit Wuwu.

Yao Ye smiled and said: "At first we didn't know the exact location of the Hei Prison Crystal, but we were dug out by you kid unexpectedly. Fortunately, the heavenly secret touched it, and finally you didn't let you run away."

While speaking, Yao Ye and King Ashura had already released quasi-immortal emperor-level coercion, flooding the audience, forming layers of forbidden methods, completely blocking Ye Chen and Hong Xin's retreat.

Although the two of them are not immortal emperors, they are also extremely powerful among the quasi-immortal emperors, and they inherit the will of the ancient god Tuodi behind their backs. Their combat power is stronger than that of ordinary immortal emperors, so they should not be underestimated.

If Ye Chen didn't use the power of reincarnation to fight these two people, it might be quite difficult.

"I am a disciple of King Qingmu, you dare to kill me?"

Ye Chen remained calm, took a step back, and thought about the way to break the situation.

Chapter 9025

King Asura laughed loudly, and said: "The God of Grass behind your Thousand Grass Villa is just a child, how can you compare with Lord Yuhuang?"

"Sky Sin Demon Pillar, suppress it for me!"

King Asura's evil spirit exploded, and he summoned a huge magic pillar.

On this magic pillar, there are evil dragons entwined, the killing breath boils, and there is also the terrifying majesty of the punishment of the heavens. It is obviously a great fetish born from the ancient sword of the sins of heaven!

The power of the four supreme artifacts is extremely vast, and can give birth to various great gods, such as the Black Star, Winter's Wrath, Morning Wind, Evening Moon, Sleeping Forest and so on.

Every great divine object has a powerful power not weaker than Wuwu artifact.

The Heavenly Sin Demon Pillar summoned by King Ashura had a terrifying killing aura, shaking the sky and shaking the earth. As soon as it emerged, it immediately suppressed Ye Chen.

"Sumeru Dharma, Great Mount Sumeru!"

With a loud shout, Ye Chen cast the Sumeru Dharma, and the golden Buddha's light surged all over his body, turning into an immemorial Mount Sumeru, rumbling and crushing the void.

boom!

Accompanied by a loud noise, Ye Chen's Great Sumeru and King Ashura's Heavenly Sin Demon Pillar collided violently, arousing an extremely terrifying air wave, causing the surrounding space to shatter like glass.

The two took two steps back each, but they fought evenly.

"Hey, you kid, the Dharma is so powerful."

King Ashura was taken aback. He thought he could suppress Ye Chen with one blow, but he didn't expect that Ye Chen's Buddhist practice was so fierce that he could compete with him, a quasi-immortal emperor.

Ye Chen remained indifferent. In fact, his real combat power was several times stronger than it is now.

If he uses the power of reincarnation, he can even kill King Asura in seconds!

However, Ye Chen was very cautious, in order not to be exposed, he didn't use his hole cards.

"Yaohe Sword Flow!"

On the other side, Yao Ye, the king of the Wan Yao Realm, also made a bold move. Yu Jian swept away the demon energy, smashed out, and slashed towards Hong Xin.

Hong Xin's pretty face sank, and there was a clatter behind her back, she spread her brilliant and holy starry sky wings, flew into the air, dodged Yaoye's sword, and then Yuyu Huajian burst out thousands of sword qi, falling like a meteor, piercing straight Monster night.

"You Chaotic Heavenly Demons really have some skills."

Seeing Hong Xin's sword attack approaching, Yao Ye quickly flew away.

Miluo Palace believes in the God of Death, and cooperates with Chaos Heavenly Demon, Yao Ye has also heard about it.

In Wuwu Time and Space, the Chaos Demon is regarded as the most evil race, and everyone can punish it.

However, in the real world, Chaos Heavenly Demon seldom shows up, because basically no one in the real world is qualified to see the other side of the starry sky, and they can't attract the attention of Chaos Heavenly Demon.

Only the former Wuxin Patriarch was an exception.

Therefore, for the Chaos Demon, many people do not know its existence, let alone hate it.

Yaoye saw that Hong Xin hadn't turned into a chaotic demon yet, but just maintained the appearance of a starry sky god, with such powerful sword energy, she felt jealous in her heart.

"Heavenly Sin Bead, order!"

Yao Ye pinched the formula and sacrificed a bead, which was also covered with formidable heavenly sin runes, filled with the killing power of heavenly punishment, and was obviously a great fetish born from the ancient sword of heavenly sin.

The evil spirit from the Heavenly Sin Bead sprayed out, swept across the sky, and annihilated all of Hong Xin's starry sky sword energy at once.

Hong Xin was taken aback, but also felt Yaoye's strength.

The strength of Yaoye and King Asura does not come from their own cultivation, but from the will of the ancient god Tuodi behind them!

Yao Ye activated the Heavenly Sin Demon Bead, and layers of demon light shot out like flying swords, weaving into a net and strangling Hong Xin.

Hong Xin waved the wings of the starry sky and dodged in a bit of embarrassment.

Seeing Hong Xin's distressed appearance, Ye Chen couldn't help but feel his heart sink.

If Hong Xin was killed, Yao Ye would be able to escape and join forces with King Ashura to deal with him.

"Dragon Fighting Spear, break it for me!"

Ye Chen gathered the rock and soil energy between the heaven and the earth and turned it into a simple battle gun surrounded by dragons, smashing through the void fiercely, and piercing through the void towards Yaoye.

The Dragon Fighting Spear is the pinnacle of the Taoism of the Rock God Tianzun.

Before Ye Chen was in the Yanshen tribe in the forbidden area of purgatory, he was blessed by the Yanshen Tianzun, and the lethality of the Dragon Fighting Spear was also greatly improved.

"What! Rock Shinto method? Who the hell are you kid?"

Seeing Ye Chenyan's gun coming, Yao Ye hurriedly ran away in panic.

With a bang, Ye Chen's rock gun shot fiercely at a mountain wall behind him, causing the mountain wall to shatter immediately, rocks flying across, dust billowing, and the momentum was very spectacular.

"This kid, his identity is by no means simple!"

King Ashura was also horrified. Looking at the entire real world, there are probably only a handful of people who can control the strongest supernatural power of the rock god Tianzun.

Ye Chen was able to grasp it, which made them wonder what Ye Chen's real identity was.

After repelling Yao Ye, Ye Chen and Hong Xin quickly stood side by side.

Both of them understand that if they want to break the game today, they must let go of their prejudices and work together to break it out.

"Damn boy, it seems that I can't underestimate you."

King Ashura gritted his teeth, winked at Yaoye, and shouted: "Drop the formation directly, and kill this kid!"

I saw King Asura sacrificed the Heavenly Sin Demon Pillar, which fell heavily on the ground, and infinite evil spirit spread out, quickly covering the earth, and the roar of dark dragons was shocking.

Chapter 9026

"Sky Sin Bead, go!"

With a wave of Yaoye's palm, the Heavenly Sin Bead flew out, hit the Heavenly Sin Demon Pillar with a bang, and merged into it.

The fusion of the demon bead and the magic pillar, the two great gods, the berserk sinister aura suddenly erupted, whizzing, and shattered the void, forming a huge formation like covering the universe, which instantly wiped out Ye Chen and Hong Xin shrouded in.

At the very center of the formation was the Demon Pillar of Sin, on which a crystal demon bead burst out with an incomparably bright light.

Ye Chen and Hong Xin felt suffocated when the formation enveloped them.

This formation has the evil spirit of two great gods, and even in the dark, there is a wave of the will of the ancient god Tuo Di, which is very powerful.

Under the suppression of the Heavenly Sin Formation, Ye Chen and Hong Xin's hands and feet were stiff, and their spiritual energy seemed to be blocked, making it difficult to move.

"Give me death!"

King Ashura sneered, his burly body rushed over like a mountain, and punched Ye Chen's face with a fist.

Under the blessing of the evil spirit of the Heavenly Sin Formation, the power of his fists is very ferocious, and the upper layer of the evil spirit of the Heavenly Sin, with the blessing of the ancient gods, has a huge lethality.

On the other side, Yao Ye was holding a long sword, and the evil spirit swept across the sword, stabbing towards Hong Xin.

"The starry sky has fallen, the chaotic sky demon, the extreme demon and evil ways, open!"

Hong Xin's spiritual energy was blocked, facing Yao Ye's assassination, he had no choice but to enter the demonized state.

I saw her pure white starry sky wings suddenly turned into pitch black color, strands of evil energy pervaded her delicate body, and dark ancient runes appeared one after another on her snow-white and delicate skin.

In just an instant, she activated the Chaos Heavenly Demon Stance, completely demonizing her.

Hong Xin in the demonized state is likely to lose her mind, but in the face of Yao Ye's assassination, she must become a demon in order to resist.

After transforming into the Chaos Heavenly Demon, Hong Xin gritted his teeth and tried hard to maintain a clear consciousness. The demon energy in his hand gathered and transformed into a dark star magic sword. With a ding, it blocked Yao Ye's long sword from stabbing.

Then, she slashed back with her sword, and fought back vigorously, piercing Yao Ye's chest with a sword, almost ripping him open.

"Damn it, you witch, you are so vicious!"

Yao Ye was taken aback. He didn't expect Hong Xin's strength to increase so much after being demonized. Even with the support of the Heavenly Sin Formation, he was not Hong Xin's opponent.

At this time, King Ashura also charged in front of Ye Chen, punching his fierce fist, Ye Chen dodged sideways, seeing Hong Xin's demonized posture, so ferocious and ferocious, he was also secretly surprised.

However, on Hong Xin's face, there was an expression of extreme struggle and pain, and she was obviously in a demonic posture. It was difficult for her to maintain a clear consciousness, and now she was fighting against the demonic thoughts in her heart.

"The Chaos Heavenly Demon is indeed ferocious."

Seeing Hong Xin's posture, King Asura was also very afraid in his heart. His fist exploded, and he punched Ye Chen violently. He wanted to kill Ye Chen, and then together with Yao Ye, suppressed Hong Xin.

However, Ye Chen is not a fuel-efficient lamp, and he can deal with King Ashura without relying on the power of reincarnation blood.

However, King Asura was leaning against the Heavenly Sin Formation, and it was difficult for Ye Chen to fight back for a while.

"Hey, little guy, do you need my help? I can lend you my strength."

In the cemetery of reincarnation, Venerable Fahua saw Ye Chen and King Asura in a stalemate, so he said with a smile.

"Need not."

Ye Chen shook his head. Although the cemetery of reincarnation was his trump card, he didn't plan to rely too much on it.

Relying too much on the power in the cemetery of reincarnation may delay him, and Ye Chen will never use it unless it is absolutely necessary.

"Master, I will help you!"

At this time, Hong Xin suddenly looked at Ye Chen, then swung the magic sword and slashed at King Ashura.

Ye Chen was taken aback, and saw that the expression of struggle and pain on her face had disappeared, replaced by a fierce and cruel expression, with a natural cunning and killing intent in her eyes.

Ye Chen immediately understood that Hong Xin had been completely demonized and lost his previous consciousness, so he called him master directly.

Because she had already surrendered to Ye Chen when she became a demon before, and now she also recognizes the master.

Asura King watched Hong Xin swinging his sword to kill him, and suddenly felt a burst of tyrannical sword energy roaring towards him, and his expression changed.

"Yaoye, let's kill this demon girl first!"

King Ashura dodged in a bit of embarrassment, and then shouted at Yao Ye.

Yao Ye came to fight with a sword, and joined hands with King Ashura to fight Hong Xin.

Even though Hong Xin turned into a chaotic demon, he quickly fell into a disadvantage with one against two, and was suppressed by Yao Ye and King Asura in turn.

"Master, you go first, don't worry about me, I will hold these two guys back."

Although Hong Xin lost the wind, the fierceness in his eyes didn't seem to weaken.

She bit the tip of her tongue, spat out a mouthful of blood, and landed on the magic sword.

In an instant, the evil spirit of the demon sword rushed towards Yao Ye and King Ashura.

Regardless of the cost, Hong Xin burned his own energy and blood to hold the two of them back for Ye Chen and let Ye Chen leave.

After she was demonized, her combat tactics were extremely fierce, and her moves went straight to the vitals, and she didn't care about her own consumption, even regardless of Yao Ye and King Asura's counterattack, as if she was going to die together.

King Ashura and Yao Ye were secretly startled, but they also knew that such a fierce posture of Hong Xin could not last for too long.

Chapter 9027

They calmed down and only defended, waiting for Hong Xin to fail.

At the same time, they mobilized the Heavenly Sin Demon Pillar and the Demon Orb, and pressed all the pressure of the Heavenly Sin Formation, as well as the will of the Ancient God Tuodi, on Ye Chen to prevent him from escaping. with help.

Under the coercion of the sinful array that day, Ye Chen's breath was also suffocated for a while.

"Little guy, let's use your own power of reincarnation, hehe."

"Your power of reincarnation explodes, what kind of King of the Ten Thousand Demon Realm and King Asura are nothing but chickens and dogs, you can be slaughtered in an instant."

Venerable Fahua saw that Ye Chen was not in a good condition, so he suggested.

"No, it's better not to reveal it."

Ye Chen was afraid of Li Jueyun, and didn't want to be exposed so soon.

His eyes flashed with inspiration, and he calculated the way to break the situation, but in the dark, it was blessing to his heart, and he saw the way to break the situation.

hum!

Ye Chen sacrificed a magic core, which was the dark magic core of the rock dragon lizard, full of filth and evil energy.

Ye Chen narrowed his eyes slightly, staring at the magic core.

If he refines this magic core, with the help of the evil energy inside, he can refine the Buddha's heart, and even have a chance to prove the Tao of the Lotus Flower in one fell swoop.

If he can prove the Miaofa Lianhua, even if he doesn't use the power of reincarnation, he can easily kill Yao Ye and King Ashura.

Because, the lotus flower of the Miao Dharma is the scriptures of the Buddha. Even Ye Chen saw the phantoms of several rounds of blood moons in the Buddha's dharma image!

The blood moon weather came from Ren Feifei!

Ren Feifei's idea of a blood moon actually appeared in the Buddha's aura. Obviously, he had believed in his promise, and after borrowing Ye Chen's book on the Starry Sky Taoism, he cooperated with Ren Feifei and became an ally.

At this time, Ye Chen's Buddhist heart was tempered, and he broke through the time and space constraints, and once again saw the figure of the Buddha.

boom!

In the dark, Ye Chen seemed to have been blessed by the Buddha, and all kinds of Buddhist mysteries poured into his mind like a divine enlightenment.

Li Jueyun was taken aback when he read the scriptures of the Buddha before, and quickly calculated with his fingers that he wanted to capture the secret behind him, release his consciousness, break through the evil spirit and void, and explore the source of the Buddha spirit.

Chapter 9028

"The talent of the lord of reincarnation is really powerful, and he can prove the magic lotus flower..."

"As expected of the person favored by Lord Xiaocao!"

King Qingmu murmured in his heart, extremely shocked.

He could naturally feel that the breath of the wonderful lotus flower came from Ye Chen.

At this time, Ye Chen felt that his condition had never been so good. His whole body was spotless, with infinite Buddha light added to his body, bursts of surging golden light energy came out of his dantian, as if it could shatter all the evil ways in the world.

"Master is too powerful!"

Hong Xin over there, seeing Ye Chen's mighty appearance, had a look of great surprise in his eyes, and his spirit was extremely uplifting.

In the cemetery of reincarnation, Venerable Fahua saw Ye Chen's breakthrough in Buddhism, his bones trembled, and he repeatedly praised and said:

"Very good, very good, boy, you are really talented, and you have actually been trained to become a lotus flower of the Miao Dharma, then your Dharma is invincible. Once the lotus flower of the Miao Dharma comes out, your strength may become a little stronger. Are you really good?" You should become a Buddha!"

Venerable Fahua was very excited, because he had also witnessed the Lotus Flower of the Wonderful Dharma, and he knew the power of this level of Dharma.

Ye Chen's eyes were silent, with the indifference and calmness of an ancient Buddha, and he looked at King Ashura and Yao Ye in front of him.

In addition to proving the Tao of the Lotus Flower, Ye Chen felt that his vision had also broadened.

If it was just now, if he faced these two people and wanted to kill them in seconds, he might have to use the reincarnation hole card.

But at this moment, he has practiced the Miaofa Lianhua, and then went to see King Asura and Yao Ye, it was like looking down on ants, not worth mentioning.

"Miaofa Lianhua, suppress it!"

Ye Chen didn't talk nonsense, he twirled the flower with his fingers, and the Buddha's light shot up into the sky. The seven-color lotus platform above his head, with golden light blooming, gradually changed from an illusory scene to a real existence, like the supreme Buddhist magic weapon, blooming thousands of feet Auspicious mist, thousands of precious lights, thousands of rainbows, extremely magnificent and magnificent.

call!

Then, with a wave of Ye Chen's palm, the colorful lotus platform slammed towards King Ashura and Yaoye with a majestic Buddhist pressure.

Asura King and Yao Ye watched the colorful lotus seat come crashing down, their pupils constricted violently.

They are all top quasi-immortal emperors, but facing this colorful lotus platform, they are as insignificant as ants.

boom!

The colorful lotus seat fell and exploded on the two of them in an instant. Wisps of pure red Buddhist flames roared out with the explosion, directly leveling the surrounding area, and the temperature in the air soared.

Those red flames are the red lotus karmic fire in Buddhist legends. Only after proving the lotus flower of the wonderful law and cultivating this level of Dharma to the state of perfection, can the power of the red lotus karmic fire burst out.

"Oh my god, you kid, you are such a monster, you can still burst out the red lotus karma!"

Venerable Fahua was shocked again, even he failed to cultivate the Red Lotus Karma Fire.

However, Ye Chen was able to control the fire of the red lotus, which means that his cultivation of Buddhism has surpassed that of Venerable Fahua, which is really terrifying.

Under the impact of the explosion and incineration of the red lotus karma, the bodies of King Asura and Yaoye, together with their souls, were burned to ashes in an instant.

They wanted to escape, but the air mechanism was locked by Ye Chen, where could they escape?

As for resistance, that is even more impossible.

Under the suppression of Ye Chen's Buddhism, even if they are quasi-immortal emperors, they are like ants and bugs, completely vulnerable.

The two realm kings were instantly killed by Ye Chen in the blink of an eye and turned into ashes.

"Owner....."

Hong Xin was completely shocked, with deep admiration in his eyes.

Just at the moment of the explosion, she escaped quickly and was not harmed. At this time, she witnessed the burning wrath of Honglian Karma, and the tragic end of King Asura and Yao Ye. She was only shocked in her heart.

Ye Chen's fighting power is really too fierce, even the Immortal Emperor Zhun can instantly kill him.

You know, King Ashura and Yao Ye are not ordinary quasi-immortal emperors, they are realm kings in the six realms of reincarnation, they have special luck, and their overall strength is actually stronger than ordinary immortal emperors.

But, even so, they were instantly killed by Ye Chen.

The two of them died physically and soul, and the Heavenly Sin Formation they set up was also completely destroyed. The Heavenly Sin Demon Pillar and the Heavenly Sin Beast were scattered on the ground.

"The Heavenly Sin Demon Pillar, the Heavenly Sin Demon Bead, sacrificed to me! His Majesty the Ancient God Tuodi, please lower your majesty!"

Suddenly, in the void, there was a loud roar.

That was the voice of King Asura!

His body and soul were all destroyed, but there was still the last trace of will remaining. He actually directly communicated with Wuwu time and space, and sacrificed all the Heavenly Sin Demon Pillar and Heavenly Sin Demon Orb.

After making this roar, King Asura's will completely died away.

The Heavenly Sin Demon Pillar and the Heavenly Sin Demon Orb were sacrificed by him, and the terrifying evil spirit energy gathered together, resonating with Wuwu time and space.

Rumble!

Immediately afterwards, the surrounding void shook violently, and countless dark, mysterious, and indescribable things emerged.

Surrounded by countless mysteries and evils, a terrifying dead face appeared in front of Ye Chen and Hong Xin.

That dead face was extremely pale and ferocious, it was the shadow of the ancient god Tuo Di!

King Asura's summoning was successful, and the ancient god Tuodi actually lowered a bit of majesty.

This trace of divine power of will is the majesty of the Heavenly Emperor and Lord God. Although there is only a trace, it is extremely terrifying to Ye Chen, and may even endanger his life.

Chapter 9029

hum!

The ancient god Tuodi raised his hand, the palm was surrounded by mystery, evil gathered, deformed and distorted, pale and bloodless, and there were all kinds of strange demonic auras entwined on it, but

it also had the sacred majesty of ancient gods, oppressing people's minds, if you can Bury the Immortal Emperor.

This palm, shattering the void, grabbed Ye Chen directly, trying to crush him.

Ye Chen's pupils contracted, and the ancient god Tuodi was known as the supreme will. In terms of cultivation strength, in the infinite time and space, he could be called the palm of the ancient god Tuodi. The palm, along with his dead face, had completely disappeared.

After all, the ancient god Tuodi is the main god standing at the pinnacle of heaven. Even if he is summoned, the time for his will to stay in the real world is very limited.

"cough....."

Seeing that the ancient spirit of Tuodi dissipated, Ye Chen relaxed a little, coughed violently, and spit out another mouthful of blood.

"Master, are you okay?"

Hong Xin hurried over and helped Ye Chen.

"It's okay, I can't die yet."

Ye Chen only felt pain in his internal organs.

The killing by the will of the ancient god Tuodi was too terrifying, directly causing Ye Chen to be seriously injured.

However, fortunately, his cultivation base and physique are strong. If he were an ordinary person, he would probably be dead.

It's just that Ye Chen exposed the breath of reincarnation, which would definitely alarm Li Jueyun.

"I have to go first, otherwise Li Jueyun will come chasing after me, and I will cause a lot of trouble."

"I want to get ahead of him and win the Floating Life!"

Ye Chen had made up his mind that he couldn't go back to the camp. He was going to find a place to heal his injuries and rest, and then immediately went to snatch Floating Life and Destiny.

"Master, I will follow you and take care of you."

Hong Xin's eyes fluttered. The nature of the Chaos Demon is to worship the strong. The fighting power that Ye Chen just showed was too fierce, and Hong Xin was deeply impressed.

Now she wants to follow Ye Chen and follow to the death.

Ye Chen nodded, he was hurt by the ancient god Tuodi now, so it would be a good thing if he had someone to take care of him.

Hong Xin took Ye Chen's hand and wanted to leave with him, but suddenly, she let out a muffled snort, showing a struggling look, the devilish energy all over her body was evaporating, and the dark runes on her skin faded faintly.

"What's wrong?"

Ye Chen asked.

"No, master, I'm about to wake up."

Hong Xin gritted her teeth, it turned out that she was about to end the demonization state and return to normal.

Ye Chen was stunned for a moment. At this time, he would rather Hong Xin remained in a demonized state, because he would give up on him.

"You are injured now, when I wake up, I may hurt you, you go!"

Hong Xin pushed Ye Chen away, covered his head with one hand, and said in pain.

Ye Chen's heart sank, and he also knew that if Hong Xin woke up, it would probably cause unnecessary trouble.

With his current state, there is no way to suppress Hong Xin.

"Then I'll go first, take care of yourself."

Ye Chen turned around and left immediately, because he felt that his samsara breath was exposed, which had touched the secret of heaven, and was discovered by Li Jueyun.

Li Jueyun is about to kill him, he must leave as soon as possible.

Chapter 9030

"Well, master, I will never forget you, you are my master, I only recognize you!"

Hong Xin spoke resolutely, bit her fingertips, and wrote Ye Chen's name on her palm, which was a "Chen".

Ye Chen left quickly, and after Ye Chen left, Hong Xin also regained consciousness, the devilish energy all over his body dissipated, and he returned to a holy and glorious appearance, with a pair of pure white wings trembling like a god behind him.

"I woke up....."

Hong Xin stared blankly at the surrounding area, the fierce battle just now had already leveled the surrounding area, making it a mess.

In the void, there seemed to be a trace of samsara and the breath of the ancient gods fluctuating, making one's heart palpitate.

She looked down and saw the word "Chen" written on her palm, she suddenly realized the secret and knew everything.

"Damn it! This dusty night, it turns out to be Ye Chen!"

"He, he... actually took advantage of me to be enchanted, and really treated me as a slave."

"I...I still call him Master."

Hong Xin blushed and was angry again, wishing she could go out and hunt down Ye Chen.

But after Ye Chen left, the breath was completely hidden, and she couldn't catch it.

In fact, she had expected that Chen Ye's identity was not simple.

Until this time, she was sure that Chen Ye was Ye Chen, and even became her own master, her heart beat wildly, and she didn't know what to do.

Because of the relationship with the goddess, Li Jueyun hated Ye Chen extremely. She and Ye Chen had such a deep karmic entanglement, Li Jueyun would definitely not let her go.

"I have to leave now..."

Hong Xin bit her red lips tightly. Now that she had become Ye Chen's servant, she didn't dare to go back to the camp, turned and left.

...

On the other side, in the camp.

Ye Chen had just fought against the ancient God Tuodi's will, and the terrifying collision aura also came here.

Li Jueyun's expression changed wildly, he counted on his fingers, he saw everything at once, and was furious immediately.

"King Qingmu, it turns out that your disciple is the Lord of Reincarnation! You Qiancao Villa, you are so brave, you dare to plot against me!"

Li Jueyun was very angry, he thought he had the blood of Zhouguang, he could capture all the secrets and karma in the world, no one could calculate him.

But this time, he was swayed by Ye Chen.

To be precise, the planner behind this calculation is actually not Ye Chen, but the God of Grass Tianzun!

The God of Grass Tianzun created King Qingmu with supreme supernatural powers, and covered up Ye Chen's reincarnation breath.

Li Jueyun didn't realize the power of the gods at all.

He didn't realize it until Ye Chen was exposed.

Among the three protectors he recruited, King Ashura and Yao Ye were killed by Ye Chen instantly. It is conceivable how powerful Ye Chen is now.

King Qingmu looked at Li Jueyun's panic-stricken appearance, and smiled slightly, but thinking that Ye Chen would be exposed so soon, it might not be a good thing, so his face became congealed again.

Because Ye Chen hasn't got the Floating Life Jue Ming yet, if he is exposed so soon, Li Jueyun will definitely not let him go.

"Li Jueyun, my Thousand Grass Villa wants to be an enemy of your Miluo Palace, what can you do?"

"Our Thousand Grass Villa used to keep a low profile, we just didn't want to fight with the outside world."

"But now, Lord Little Grass and the Lord of Reincarnation have become good friends, and we at Qiancao Villa will swear to the death to help Reincarnation!"

"From now on, the owner of my Thousand Grass Villa will no longer be me, but the Lord of Reincarnation!"

King Qingmu looked at Li Jueyun sternly, although he was exposed, he was not panicked.

With a hint of determination in his eyes, he pinched a formula, which actually burned his body, and then chanted in a low voice:

"Master Little Grass God, may you protect reincarnation..."

He burned his body to pray for Ye Chen.

He knew that Li Jueyun would definitely not let him go, so he simply burned his body to give Ye Chen his last help.

In the blink of an eye, King Cyanwood was burned into a pile of ashes.

Ye Chen, who was in the distance, was blessed by a glimmer of the divine light of plants and trees in the dark, and his viscera and internal injuries improved a lot, and his spirit was greatly lifted.

"It was King Qingmu who prayed and blessed me, and even wanted to pass on the authority of Qiancao Villa to me?"

Ye Chen smiled wryly and shook his head.

King Aoki did this, most likely because of the intention of the God of Grass Tianzun.

The God of Grass Tianzun has already regarded Ye Chen as an ally, so naturally he defends it everywhere.

However, if you want to take over the authority of Qiancao Villa, you must at least get out alive.

Today's Ye Chen is in a bad state, but he is no match for Li Jueyun.

Ye Chen locked on the direction of Floating Life and Jue Ming, concealed his breath, and flew away quickly.

This underground abyss is full of dark murderous intentions. Ye Chen mobilized the power of the blood of reincarnation to activate the Tianjun Conferred God Monument.

With the help of the protection of the Tianjun Fengshen Monument, although Ye Chen encountered many monsters on the road, but luckily there were no accidents, and he arrived at the location of Floating Life and Jue Ming without any danger.

An old and mysterious palace appeared in front of Ye Chen.

That palace was entirely made of huge stones and solid rocks. It was extremely thick and solemn. On the walls and beams of the palace, runes of rocks could be seen everywhere.

However, those rock-type runes are full of mottled and filthy traces, without the slightest auspicious atmosphere, only darkness and demonic energy.

"There is actually a palace here?"

Ye Chen was taken aback. He didn't expect that there was an underground palace in this underground world.

Moreover, the palace gave him an extremely dignified and complicated feeling.

What surprised Ye Chen even more was that there was a person sitting alone on the roof of the underground palace.
