Chapter 9241

"Miaofa Lianhua, break!"

Ye Chen sacrificed a seven-color lotus flower, with elegant air and Buddha light, trying to dispel all the illusions around him.

However, the power of the rules intertwined by the avenues seems to be imprisoned and imprisoned, unbreakable!

Ting Yueru was locked in the middle, and the golden breath continuously blessed her body, wrapped her around her, and resisted all invasions.

"No, you will be trapped to death if you continue like this, you must find a way."

Many thoughts flashed in Ye Chen's mind.

He thought of what he had just seen in his mind, and his heart trembled:

"By the way! These avenue rules, are they because of the scenes I saw in my dreams, so they are like this?"

"That mysterious woman is not an enemy, but wants to help me!"

Although Ye Chen didn't know exactly what was going on, he could be sure that these avenue rules must be chasing and killing them because of the scene he saw in his mind!

"Anyway! Try it first!"

"Miaofa Lianhua, suppress it!"

With a wave of Ye Chen's hand, the Buddha's light gathered and turned into a huge seven-color lotus platform, surrounded by red lotus karmic fire, and volleyed towards the space to suppress it.

"Heavenly Thunder Divine Vein, Excalibur Yu Lei Jue, break it for me!"

Ye Chen yelled violently, the Heavenly Thunder Divine Vessel was opened directly, and the thunder exploded all over his body, and then he sacrificed the Samsara Heavenly Sword, summoning the Nine Heavens Divine Thunder, brilliant Tianwei, and using the sword to induce it.

Rolling thunder and lightning, falling down like a waterfall, merged with the Samsara Heavenly Sword.

hum!

The Heavenly Sword of Reincarnation vibrated violently, its brilliance bloomed, split light into shadows, and burst out thousands of thunderous sword energy.

Rumble!

But it's a pity that after the cage poured according to the rules of the avenue was cut open by Ye Chen's sword, it healed again at a speed visible to the naked eye in an instant, and it was even more powerful.

Ye Chen swung his sword again.

There was a roar, and the void shattered, but it still couldn't be completely cut off.

"It still doesn't work, my power can't help it at all, is it really necessary to use that method?"

Ye Chen frowned slightly, there must be a way to break the situation, but he didn't notice it.

what to do?

At this time, a crisp bell sounded, and Ye Chen was startled. He looked up and saw a thin golden thread flying in the void not far from him, circling and dancing in the air.

bell?

Ye Chen fixed his eyes on the golden thread, and saw that the golden thread flew closer and closer, and finally penetrated the void directly and landed in front of him.

"Draw that mysterious jade slip!"

Ye Chen's heart trembled slightly, a golden imprint on the center of his eyebrows flickered slightly, looking at the bell pulled by a golden silk thread, every ringing made Ye Chen draw a golden seal between his eyebrows!

He couldn't help but think of that strange jade slip.

"Is it?"

Ye Chen had some doubts in his heart, but soon, his heart burst into ecstasy, because he knew that he finally found the key to solve the predicament in front of him!

hum!

That golden thread seemed a little restless, circles of ripples rippling in the air, Ye Chen could clearly see that the golden thread was trembling non-stop.

Ye Chen's childlike hole instantly magnified, this power is inexplicably familiar!

What is the situation?

Ye Chen instantly thought of the mysterious jade slip that pierced through Ting Yueru not long ago. That strange jade slip led to the gods and demons and the mysterious woman.

Now, this golden thread actually exudes the same fluctuation, and the ringtone seems to lead Ye Chen, all this is too coincidental.

"I was in a dream before, and the information on the jade slip was blocked by some kind of secret, so I couldn't fully spy on it. Now the sound of the bell is trying to tell me something!"

"Let me take a look and see if I can solve the mystery in front of me!"

Ye Chen's eyes were fixed, and the grand starry sky enveloped the spirit and released soft fluctuations, rushing to all directions, and the faint golden light seemed to have grasped the last straw, and rushed into Ye Chen's mind in an instant.

Card!

The golden thread broke, and thousands of strands merged into a dazzling galaxy rolling in.

A mysterious wave radiated out, and a picture gradually emerged in Ye Chen's mind.

It was a vast universe, with stars blooming brightly, and above one of the stars was a magnificent palace floating, which was exactly the one in Ye Chen's previous dream.

Ye Chen's mind sank into a dream, and the scene after scene was clearly reflected in his mind, even deeper than the memory in reality!

"You came!"

In that palace, Ye Chen seemed to be able to feel a figure. She was sitting on a chair, playing with a golden holy bow in her hand. Moon is no different.

The golden holy bow is dazzling, as if it is the only shining thing in the world, comparable to the sun.

"It seems that there are quite a lot of secrets in the Thousand Fantasy Forest."

"Why do you help me over and over again?"

Ye Chen asked.

The other party directly explained the purpose of coming, and it was obvious that he had already expected that he would meet in this way.

At this time, the picture in that dream disappeared, and the scene in front of me gradually became between reality and fantasy, between reality and imaginary.

Ye Chen's figure gradually became hazy.

"It really is the power of this jade slip!"

He was surprised to find that he was standing on the edge of a cliff, with endless clouds and mist beneath his feet.

At this time, a huge round altar appeared beside Ye Chen, and in the center of the altar, there was a golden sun flower in full bloom. In the golden flower core, on the throne, the mysterious woman slowly said :

"Originally, it is a land of smoke and clouds, ethereal and emptiness, where the will breeds all living beings, and the illusion builds all living beings."

These words seem to come from the ancient prehistoric era, with a sense of vicissitudes and remoteness, full of the breath of time, people can feel their hearts swaying and their souls trembling slightly when they hear them.

Moreover, from the mouth of this mysterious woman, the memory of Mohu could not help but emerge in Ye Chen's mind, and he saw an old man who made him instantly murderous.

The old man's appearance was extremely terrifying, as if he was a dead man, with a dead face on his face, his face was covered with purple corpse spots, and he also exuded a special smell of corpses, which made people shudder.

But the old man's eyes were full of brilliance, without a trace of lifelessness, full of dominance like a king.

He is the ancient god Tuodi!

The future body of the Ancient Emperor Yuhuang!

He saw a corner of the memory of the mysterious woman. Could it be that in this forest of thousands of illusions, people from no time and space have tampered with it?

Ye Chen was confused for a while, but soon he regained his composure.

This Thousand Illusion Forest, after hearing what the person in front of me said, is obviously not real, but a certain existence against the sky or derived from the will of heaven, but consciousness was born.

Chapter 9242

The phantasy in the fantasy gave birth to the spiritual root, and it is in such a myriad of forests that people are so caught between the virtual and the real, unable to penetrate.

The mysterious woman seemed to have guessed Ye Chen's thoughts, and said:

"You don't have to be curious, I did have some interactions with the former Lord of Reincarnation, but it has nothing to do with you!"

"To be precise, it has nothing to do with you now."

The mysterious woman paused for a moment, then continued: "I met you this time to ask you to do one thing for me. I believe you will not refuse."

Ye Chen said: "What's the matter?"

She said calmly: "I want to reappear in the world!"

Ye Chen was shocked when he heard that.

Reappear the world?

The mysterious woman made it very clear that these four words also meant that her current situation did not seem to be good.

"What do you need me to do?"

Ye Chen frowned and asked.

The mysterious woman said: "What I need to know is whether you agree or not!"

Ye Chen pondered: "What if I don't agree?"

The mysterious woman smiled slightly and said, "I don't need to tell you the answer, do I?"

The next moment, she added: "You might as well try to see if you can get out of this Thousand Illusions Forest!"

Ye Chen was taken aback. Although the mysterious woman spoke calmly, Ye Chen could still feel the threat.

"Or, it's fine if you don't agree. Thousand Fantasy Forest will fall into the hands of Ancient Emperor Yuhuang in the future. Don't blame me for not reminding you!"

"Sure enough, there is no time and space again!"

Ye Chen's eyes froze, it seems that before the ages, this place was obviously a sacred place with great secrets.

"I can agree! But the premise is that I need to know the secret of the Thousand Fantasy Forest, and I will consider helping you, otherwise I won't talk about it!" Ye Chen said bluntly.

"Hehe, with your current ability, what can you do if you know? You are not afraid of angering me and burying all the disciples of the Illusory Sect here?"

The mysterious woman smiled faintly.

"If you are like this, I will make you regret it too. I also want to see if Supreme Fantasy is not afraid of the nest of rune ghosts!"

Ye Chen said in a deep voice.

Facing Ye Chen's strong response, the mysterious woman remained silent, but a smile appeared in her eyes.

"Anyway, I agreed to your request, and all the disciples of the Illusory Sect are safe. Hmm... It seems that there is a little guy who took away part of the inheritance."

"This is not a good thing, I hope you will consider it carefully!"

The mysterious woman frowned frivolously, and said with a half-smile.

"You don't need to understand the relationship between me and that little girl. All in all, I won't and can't harm her!"

"And what I need you to do is also very simple, be sure to take her to the Illusion Dao Tower, and, when the time is right, let her come to me in person!"

The mysterious woman said calmly, and immediately those clear eyes turned to the round of golden sunflowers, and the eyes were full of fascination.

"What do you mean by stealing Ting Yueru's Dao fruit and fulfilling yourself?"

Ye Chen asked.

"Hehe...what do you think?"

The mysterious woman didn't answer Ye Chen's question directly, but asked back.

"You don't think that I, a warrior in the Profound Sky Realm, can take Ting Yueru, a little girl, to step into time and space, right?"

Ye Chen looked sideways and said tentatively.

The mysterious woman said indifferently: "Your cultivation base does seem to be very low, but I know how terrifying your luck is. I am afraid that you are the only one who can lead her to that step after being tainted with karma with you. !"

"Then what do you mean, I want to protect Ting Yueru until the day she steps into Wuwu Time and Space?"

Ye Chen asked.

"If you want, it's okay!"

The woman blinked her eyes and said calmly.

"Lord of reincarnation, don't cross the boundary, go, you know too much about some things, it's not good for you, remember, you are not allowed to set foot in the Thousand Illusion Forest before ascension to Wuwu Time and Space. The time and space that used to be gone!"

Ye Chen was silent. Indeed, he just wanted to find out the truth, but he never thought that the other party would see through it at a glance.

"I don't think my perception is wrong. Your soul and Ting Yueru's soul are of the same origin! This is the best proof, so if you want to move her mind, I advise you to die. !"

"Hahaha...I admit that your talent is not bad, but if you want to stop me, you are thinking too simply, right?"

"You don't need to worry. I don't intend to be your enemy. After all, you are also the one I want to use. I don't mind helping you!"

The mysterious woman said calmly, as if she had already guessed what Ye Chen would say.

"Help me, how?"

Ye Chen frowned and asked.

"At the end of the Thousand Fantasy Forest, there is a brand new world. I will help you become the king outside the endless void!"

Hearing this sentence, even Ye Chen couldn't help but laugh. Although this mysterious woman didn't show any killing intent towards him, she felt extremely unreliable to him.

He obviously disdains to involve too much in this matter, after all Ting Yueru is still waiting for him.

"If you can't pass the trial of the Thousand Fantasy Forest, you will naturally not be able to get the qualification to go to the Tower of the Illusory Dao."

"Besides, I can't make the decision about the magic door, and neither can Ting Yueru..."

There are five Huanmen elders from the Immortal Emperor Realm, and he and Ting Yueru really can't talk.

The mysterious woman seemed to have expected Ye Chen to say this, and threw her dazzling holy bow to him.

"Here... take this, the old guys who are in charge of the magic door will see it, and they will naturally understand, and they won't embarrass you!"

The mysterious woman waved her hand, and immediately said: "The words between me and you must not be leaked. Hold this bow and walk in the world. You are the spokesperson of the magic door!"

boom!

With a loud noise, Ye Chen's world exploded and dust filled the sky.

...

At the same time, Kongqingtang, Xiao Chunyu and the Great Elder are here.

"Elders, this is probably the case!"

Xiao Chunyu truthfully told the Great Elder all about Qian Huanlin's experience, and every word he said was closely watched by those vicissitudes of eyes.

The Great Elder pondered for a moment, finally sighed softly, and said: "I see, you can go now, I have recently retreated to gain insights, so don't walk around casually, I will take care of the matter in the Thousand Fantasy Forest."

"Also, no third person is allowed to know the conversation between you and me!"

The Great Elder looked directly at Xiao Chunyu, although his tone was calm, but full of indisputable taste.

"yes!"

Xiao Chunyu's figure walked out of the empty green hall until it was gone, and the Great Elder slowly withdrew his thoughtful gaze: "Oh, the inheritance of the present world, is it possible that the restriction of the seal of Wuwu time and space has also been loosened?"

"But why didn't I feel that breath on Chunyu's body..."

Xiao Chunyu walked out of the main hall of the empty hall, feeling particularly comfortable, and the first elder personally received him, which meant that he had a few more chances.

Chapter 9243

"Illusion Dao Zun Pagoda, even Grandpa has been planning for many years to see a chance, just rely on you, Ye Chen? Whether you are the Lord of Reincarnation or the Lord of Nothing..."

A trace of disgust flashed in Xiao Chunyu's eyes, and an undisguised cold breath slowly escaped.

"Jie Jie Jie, don't worry, as long as you obey, one day, he will kneel in front of your eyes and die miserably!"

A faint cold voice suddenly echoed in Xiao Chunyu's heart, and then the voice continued: "Just now that old guy already doubted you a little bit, give up the qualification of the Illusory Dao Pagoda!"

Xiao Chunyu raised his brows, his face was full of reluctance, he had paid so much for the opportunity, and now it was at his fingertips, he was really unwilling to let him give up.

"It's just a powerful ancestor weapon. With me here, I can guarantee that your future achievements will not be weaker than anyone else's. At this moment, you'd better do what that old guy said and practice in seclusion."

"People's hearts are not enough to swallow elephants, once you step into the Illusory Dao Zunta, maybe I will be exposed too, and then you will become the one who is spurned by the Supreme Being, jie jie jie!"

Xiao Chunyu's eyes flickered with the intention of struggling, and after a long while, he slowly opened his clenched fists, and said helplessly, "I understand!"

"Ye Chen, one day, I want you to die..."

...

At the same time, the magic door, under the bodhi tree.

There was a lot of noise, and the disciples of the Illusory Sect were discussing and praising Xiao Chunyu's whispers everywhere.

Under the ancient Bodhi tree, every fallen leaf reflects the countless corners of the illusion door, and there is no lack of jealousy of mixed praise and criticism, which spread to the ears of the two old people one after another.

"This is also the real reason why no one has passed the trial of the Thousand Illusion Forest for thousands of years. The reason why my eldest brother opened the trial of the Thousand Illusion Forest is probably just to verify certain existences, perhaps for that girl Yueru."

"After all, the possibility of failing this test is also a kind of polite refusal to the Lord of Reincarnation. After all, the Illusory Dao Pagoda involves the root of my Illusory Gate, so it's fine for Yue Ru, even Xiao Chunyu can't easily enter it."

"In these years, the fourth brother has worried about this grandson a lot for the qualification of the Illusory Dao Pagoda, but now, Xiao Chunyu can actually get a part of the inheritance, I am afraid it is not an easy thing!"

The third elder lightly stroked his white beard and narrowed his eyes, not knowing if he was looking at the holding hand, or the chessboard whose layout was already unclear.

"How can we guess what big brother is thinking?"

"But no matter what, I believe that he will never hurt Yueru. Yueru is a kind child, and the suzerain loves her. Since this is the case, we can feel at ease and don't have to worry too much."

The First Elder shook his head slightly, he knew the fourth elder Xiao Qiantian's thoughts, but he did not agree with Xiao Qiantian's behavior, his thoughts were too meticulous, which made the First Elder quite afraid.

"I really admire that kid, the Lord of Reincarnation. He is brave and resourceful. At this age, he has such intelligence and means, which is much better than those guys who have soared through time and space over the years."

The third elder smiled, not knowing whether he was praising Ye Chen or hurting someone.

"Well, with that kid's temperament, he definitely shouldn't be so silent in the Thousand Illusion Forest. Presumably, he encountered a lot of trouble..."

The fifth elder laughed.

"Could it be possible to pierce the sky of the Thousand Fantasy Forest?"

The third elder laughed. Although he never underestimated the Lord of Reincarnation, he is still in the Profound Sky Realm and has a very wide room for growth.

boom!

Before the words of the two chess players finished speaking, a huge fluctuation came from the empty green hall, and the two strong men couldn't help being stunned.

The entire phantom door was shaking, and everyone's eyes were looking in that direction, only to see a huge stone platform rising slowly in the distance, with a diameter of 10,000 meters!

On that stone platform, there are strange patterns one by one, exuding faint golden light.

"Empty green hall? How is it possible!"

The Third Elder and Fifth Elder immediately restrained their original expressions of chatting and laughing, with solemn expressions, and disappeared on the top of the mountain, leaving a few bodhi leaves to cover up the already hazy remnants of chess.

...

Among the Thousand Illusions Forest.

The golden holy bow in front of Ye Chen exuded a dazzling light, as if it were a dazzling sun.

A series of golden inscriptions were intertwined on the bowstring, and the flowing golden brilliance seemed to have a faint breath of life.

Although no arrows were lost, it gave people the illusion that their sharpness was showing, as if all souls would perish as soon as the bow was drawn.

"What is the origin of this weapon?"

Ye Chen's heart was a little shaken.

He stretched out his right hand and touched the edge of the holy bow, only to find that his fingers were scalded to the point of a golden flame, devouring his blood, flesh and bones in the blink of an eye. The next moment, the golden light became even more brilliant.

However, Ye Chen still didn't flinch, and still stretched out his right hand, stroking the edge of the holy bow. He didn't dare to use all his strength, but only seven or eight points, otherwise his palm would definitely be turned into ashes and burned into nothingness.

The holy bow slowly flowed with vitality in his palm, exuding a fiery temperature, and on the bow body, there was a layer of faint golden flames, which seemed to be alive.

It didn't recognize the master, but it didn't reject Ye Chen. The place where the bow pointed was Ting Yueru who was deeply in a dream.

"Shen Bing has a spirit, and wants me to make a move!"

"There is such a fiery soul, and it has self-awareness!"

Ye Chen was inexplicably surprised, he knew only a little about the grade of this item.

Ye Chen didn't dare to be careless, his current cultivation was only at the Profound Sky Realm, and the power of this holy bow was obviously higher than that of ordinary ancestor weapons, he didn't think he could control this bow!

"If there is no arrow missing, the power will naturally not be as good as when it was at its peak, but it shouldn't be difficult to break through this fantasy realm!"

Ye Chen caressed the golden holy bow. He didn't know the power of this bow. Just touching it was enough to tear the blood of a quasi-immortal emperor. If he stretched it to the full, he didn't know if he could bear it!

If you use sword intent to transform arrows and lose your own substantial sword intent, can you pull this bow?

"I have no choice but to try and see."

Ye Chen gritted his teeth secretly, and the vast spiritual power in his body poured into the golden holy bow crazily, blending into it with the supreme sword intent, so as to protect his body from collapsing!

Buzz buzz!

The pale golden bowstring kept ringing, and a coercive pressure poured into Ye Chen's body in an instant. It seemed that there was an endless mighty force about to erupt and crush him to pieces!

There were bursts of trembling sounds, and endless runes emerged on the surface of the holy bow. The lines of the runes turned out to have mysterious and mysterious power, which made the spiritual power circulating in Ye Chen's dantian a little bit. confusion.

Ye Chen didn't dare to be negligent in the slightest, he concentrated his attention on condensing, and even more surging power washed over his body, as if there were thousands of troops neighing and roaring in his body.

Chapter 9244

In just a few breaths, the blood in Ye Chen's body was pouring backwards, surging like monstrous forest waves, and Ye Chen's figure was constantly changing and swollen, looking like it was about to explode at any time.

He felt as if he had been stripped off, the flesh and blood of his skin had been eaten away, his tendons had been twisted and broken, and his blood had been drained...

Ye Chen's dantian is like a dry lake, where a drop of essence and blood cannot be stored, and even the vitality in his body is constantly passing away.

And on his body, there are endless golden inscriptions rolling and boiling, which are the lines on the holy bow, and now they are all over Ye Chen's body, exuding dazzling golden brilliance.

"This holy bow is really powerful! My blood and strength can't control it. I can only let it exert part of its power. If one day my cultivation becomes stronger...it will What will become of it?"

Ye Chen was filled with emotion.

As the golden light shone, Ye Chen also began to become extremely weak.

The blood in the body is draining rapidly, and the essence and blood contained in the meridians are evaporating at a speed visible to the naked eye. If this continues, it is impossible to persist for a long time.

Whoosh!

At this critical juncture, there was a sudden sound of piercing through the air, and in front of Ye Chen's eyes, a sword flashed across, directly hitting the door!

That unparalleled sharp sword light contained an extremely powerful sword intent, which seemed to be able to penetrate the world.

Ye Chen was stunned for a moment, and after he realized it, he quickly operated his exercises, activated the spiritual power in his body, and condensed a sword intent.

The sword intent burst out and collided fiercely with that sword light.

The two attacks collided together, shooting out a gorgeous halo, which spread like ripples, and everything in the void was strangled wherever it passed.

"cough!"

This sudden blow made Ye Chen's already nearly shattered soul even worse. His body was shot out like a cannonball in an instant, hitting the ground heavily, and a deep pit several feet deep was dented.

Simply put, the person who attacked him was not a person with advanced cultivation, and was even weaker than Ye Chen, otherwise, that sword light would be enough to injure him severely.

Suddenly, the sound of slow footsteps followed, and Ye Chen looked up. It was a man holding a bamboo sword, and his cultivation base was not high.

What was strange to Ye Chen was that after the successful attack, that guy didn't attack again, nor did Sen Han show any killing intent, but looked at him with complicated eyes.

This also made him doubtful.

"Sure enough, I can't kill you with my strength!"

Xiao Wu bit his lower lip lightly, a look of determination flashed in his eyes, and said to Ye Chen in a deep voice: "Brother Ye, it was not my intention to attack you, but there is a villain who threatens my sister's life, so I have no choice but to do it for you." Of!"

Xiao Wu, who was holding the bamboo sword, sighed, "This is the end of the matter, I will pay you back. I believe that with that person's status, I won't embarrass her."

After all, the bamboo sword in Xiao Wu's hand was wiped straight towards his neck, and even Ye Chen was taken aback by this scene.

what's the situation?

When the killer who suddenly appeared was about to succeed, didn't he kill him?

On the other hand, after talking about a lot of things, you are about to commit suicide?

What the hell is going on here?

"stop!"

However, Ye Chen's reaction was not slow, he guessed something in an instant, and with a wave of his hand, an invisible force controlled everything.

"Brother Ye..."

Xiao Wu looked at Ye Chen, his eyes were red, and he was lifeless, and said: "I don't want my sister to die, but if I don't attack you, she will definitely escape the evil hands, I'm sorry!"

His words were full of helplessness, and he had no choice.

"Xiao Chunyu asked you to do this?"

Ye Chen frowned and asked.

He first came to the Magic Gate and never had any enemies.

The only one who can have such hostility towards him is Xiao Chunyu who is desperate to please Ting Yueru and regards herself as a thorn in the side.

Seeing that Xiao Wu remained silent, Ye Chen knew that his guess was right.

"Are you a Phantom Sect disciple?"

Ye Chen asked.

"Yes." Xiao Wu said truthfully.

"Based on your cultivation, it is very difficult to obtain the qualification for the trial of Thousand Fantasy Forest. Did you sneak in here?"

"But why have you never fallen into a dream!"

This is the biggest question in Ye Chen's heart. Xiao Wu's cultivation level can be said to be at the bottom of this Thousand Fantasy Forest.

The inner sect disciples who participated in the trial were not low in cultivation, and even he himself was enlightened. If it wasn't for the help of the mysterious woman, he might not be able to escape from the illusion.

But this kid actually walked in the Thousand Fantasy Forest from the beginning to the end, Ye Chen's eyes flickered, he didn't want to kill anyone, he saw the hope of rescuing Ting Yueru!

Although Ye Chen knew that Xiao Chunyu was a human being, he didn't take Xiao Wu's attack to heart. Right now, breaking through the dream battle in Thousand Fantasy Forest and rescuing Ting Yueru is the most important thing.

"I won't make it difficult for you about Xiao Chunyu's matter. Right now, I need your help!"

Ye Chen looked at Xiao Wu and said solemnly.

"I?"

Xiao Wu, who was about to commit suicide if the attack failed, was stunned, he didn't hate himself?

Ye Chen nodded, the power of the Holy Bow, even with the blessing of his sword intent now, is only full, but it is still not enough!

However, Xiao Wu was able to travel freely in this forest of thousands of illusions without ever falling into a dream!

In such a situation, he had only seen it with one person: it was Zhu Yuan!

But Xiao Wu is not quite the same as the former, Ye Chen can clearly perceive the sharpness of the kid from the inside out!

Xiantian Jianxin!

This kid has the innate sword heart that countless sword cultivators long for. Although he has never comprehended the powerful sword intent, but that clear heart makes him fearless.

"With your sword heart, help me break the delusion!"

Ye Chen raised his right hand falsely, a red light shone between his brows, and the sword intent of Zhantian Nine Swords burst out and merged into the holy bow. Immediately, the bland holy bow instantly burst into brilliant brilliance, as if Turned into a substance.

"Brother Ye!"

Xiao Wu's eyes lit up, and he was quite shocked when he saw Ye Chen's sudden change of behavior.

Ye Chen ignored Xiao Wu's astonishment, and raised the holy bow. The terrifying power gathered. Under his control, strands of white holy light came out, turned into radiance and scattered, entangled on the holy bow, An obscure rune pattern was formed, and this rune pattern was almost exactly the same as the mysterious pattern on the golden jade slip that shone between Ye Chen's eyebrows before.

"break!"

Ye Chen opened his eyes, and the string of the holy bow trembled. Countless white brilliance shot out from the string, flying against the sky like thousands of arrows trying to pierce the cycle of reincarnation, and sank into the sky.

Under Ye Chen's guidance, Xiao Wu closed his eyes slightly, traces of pure power seeped out from between his brows, intertwined with Ye Chen's will, and lingered back and forth.

hum!

That vast power is evolving, and behind Xiao Wu, there is actually a long sword with the color of sky hanging in phantom, seemingly real and fake, bounded between virtual and real, unfathomable.

But the lingering sword intent almost bent the sky a few degrees, raging around Ye Chen's side.

Chapter 9245

Boom! Boom! Boom!

As the white brilliance exploded, there were bursts of thunderous explosions, and a huge black hole was torn open in the sky. Endless electric currents swept across crazily, reflecting the entire sky into pitch black, and boundless thunderclouds surged, seemingly at any time. Thunderstorms will rain down.

"this!?"

Xiao Wu's eyes widened, looking at this strange and magnificent scene, his mouth was slightly opened, and it took him a while to recover.

"What's going on here? What are these lightning tribulations in the sky?"

Xiao Wu asked suspiciously.

"The rules here are unique and cannot be seen. This is why there is a Thousand Fantasy Forest. I am afraid that there is a supreme power behind it!" Ye Chen said solemnly.

"Are we going to crush this thunderstorm?"

With a bitter face, Xiao Wu looked at the countless thunders in the sky.

"Your sword heart resonates with my sword intent, which arouses the Dao here. You are a natural sword cultivator, and you should go forward bravely and cut off the injustice in the world."

Ye Chen smiled and said.

"Really?"

"The elders of the Huanmen once said that my aptitude is mediocre, and I fear that it will be difficult to achieve anything in my life. I..."

When Xiao Wu heard this, his eyes brightened.

"Your sword heart is enlightened, so it is not suitable to comprehend this dream formation. It is not false to say that your aptitude is mediocre. Just like me, aren't you still not good at magic methods?"

"But even so, Xiao Chunyu is still no match for me, this sword can cut through all spells!"

Xiao Wu clenched his fists excitedly, listening to Ye Chen's meaning, can he also compete with the Immortal Emperor one day?

Ye Chen didn't explain, just smiled, and then soared up to the sky, shot out with an inch of strength, poured into the holy bow in his hand, the holy light in the holy bow became more and more blazing, and wisps of white brilliance flowed .

Ye Chen didn't stop, and saw that the power in the holy bow gradually merged into his body.

Buzz! ~

Xiao Wu's mind fluttered, and he felt that a certain power in his body seemed to be ready to move.

"This is?" Xiao Wu was inexplicably shocked.

Ye Chen didn't say much, but lightly raised the holy bow in his hand and pointed it at the sky.

Zheng!

Following Ye Chen's low shout, the holy bow shook suddenly, and a beam of white brilliance shot out of the sky, shooting into the countless thunders in the sky. Suddenly, the thunders in the sky exploded one after another as if struck by lightning. As endless thunder smoke, it drifted in the air and disappeared.

Ye Chen kept waving the holy bow in his hand, and the figure above the void was elegant and light, surging like a rainbow penetrating the sun. Every time he drew the bow, it was accompanied by a terrifying force of destruction.

Then an arrow pierced the sky, the sky collapsed and the earth cracked, the earth was overturned, and the void was cracked. The seemingly insignificant figure looked down on the common people like a god.

"Can I also become such a powerful warrior?"

"In this way, my sister will not be bullied by others, and we don't have to compromise and be restrained by others!"

Xiao Wu fixedly stared at the sky, a look of longing flashed in his child's hole.

"Did you make it?"

Ye Chen waved and pulled a full ninety-nine arrows, every blow was to trigger the Dao, wisps of white brilliance lit up the sky, and the scorching aura was a bit stronger than the sun!

The mighty power filled every corner of the Thousand Illusion Forest, and many disciples of the Illusory Sect who were trapped in a dream and couldn't extricate themselves, all gradually opened their eyesight under its guidance.

"This is... the real Thousand Fantasy Forest!"

"Hiss! I was almost buried in a dream!"

A disciple of the Illusory Sect who came back to his senses exclaimed, even if he is not weak, his dantian sea is rebellious and dangerous.

"Someone saved us, is it Senior Brother Xiao?"

"That figure doesn't look like Senior Brother Chunyu, it's... Ye Chen!"

The people who woke up were amazed, it turned out to be the outsider brought back by Ting Yueru again!

Huanxiantai crossed the border and defeated Xiao Chunyu, and now it has saved the entire Huanmen disciples, which made everyone look at him unusually.

Seeing that the phantoms were all cut to pieces by Ye Chen, Ting Yueru's body trembled, and the power pervading her body slowly dissipated, and she still needs to make a quick kick!

"break!"

Regardless of his injured body, Ye Chen drew his bow again, and the white arrow that shattered everything pierced the sky like a galaxy, and the strong sword intent surged with blazing and terrifying high temperature to melt everything!

"Brother Ye, stop quickly, your body can't bear it!"

Xiao Wu's throat was sweet, and he coughed up a mouthful of blood. He, who was assisted by the transparent sword heart, was being backlashed at this moment, which shows how much the former has to pay for this last arrow.

The terrifying power resounded and reverberated, shaking the entire space.

Ye Chen's move is based on the will of reincarnation, using the body to manifest the way!

If it weren't for the help of Xiao Wu Jianxin, he would have been far from reaching such a state of enlightenment alone, driving this thing to this point.

Xiao Wu also showed admiration in his eyes, the other party was able to attract the backlash of the will of heaven and earth with his own strength, it was really a monstrous evildoer.

Scoff!

That arrow blasted through the void, shuttled through the cracks in the sky, and in an instant, the sky thunder rolled down in the void.

Rumble! ~

Thunder raged, and endless purple lightning fell from the cracks in the void.

These thunders contained extremely violent power, and Ye Chen looked at them from a distance, feeling his own blood was constantly boiling and paralyzed.

"Brother Ye, step back, this thunder tribulation is too strong! You can't bear it!"

Xiao Wu hurriedly shouted, although Ye Chen's attack was terrifying, but he was challenging the law of heaven, if he was accidentally caught in the thunder, even if he was not killed, he would still have to peel off his skin!

Ye Chen turned a deaf ear to it, letting those violent thunderclaps fall, and didn't even bother to dodge, just standing quietly between the sky and the earth.

"Are you really not afraid of being hacked to death, or do you just think it's cool to do so?"

At this moment, the voice of ridicule sounded, clear and soft.

Ye Chen smiled wryly when he heard the words: "If you don't wake up, I'm afraid I will give up."

"Oh? The lord of reincarnation sometimes gives up?" Ting Yueru had a smile on her face that wanted to see a good show.

"I'm not kidding you. After all, you are going to the Illusory Dao Tower with me. It would be too embarrassing to break here."

With little hands on her hips, Ting Yueru waved away the violent thunder and said, "Thank you."

...

The magic door, above the empty green hall.

Swish Swish Swish!

The five immortal emperors descended, and the space was distorted with the hasty pace of the few people. It seemed that something serious had happened.

"Brother, the previous fluctuation was..."

Before the words on the lips of the third elder came out, the first elder made a gesture of silence, signaling him not to mention it again.

"In the Thousand Illusions Forest, someone saw... her."

The old man at the head sighed deeply, and said worriedly: "I hope it's not that girl Yueru."

"Is it too early for that person to appear? There is still a hundred years before the agreement."

"Maybe it's the appearance of the Lord of Reincarnation that interfered with the situation?"

Chapter 9246

Several people looked at each other, and they could see the gloomy face of the Great Elder, but they wanted to ask but dared not ask.

Rumble!

From the enchantment of the illusion door, several explosions were heard one after another, the void above the empty green hall suddenly collapsed, and a crack, like a spider web, densely covered the sky.

Immediately afterwards, the void shattered, and two figures, one large and one small, fell out of the void.

Immediately afterwards, the disciples of the Illusory Sect fell one after another.

"This is?"

The elders turned pale with shock. Are these Ye Chen and Ting Yueru?

"This kid..."

The Great Elder frowned, feeling the breath in Ye Chen's body, he was also shocked, sure enough!

On Ye Chen's body, the five Immortal Emperor Realm powerhouses all felt a familiar aura. Even after eternity, this feeling has not been washed away until today, and it still makes them feel excited.

"Several elders, the trial of the Thousand Fantasy Forest is over. When will we be able to enter the Illusory Dao Tower?"

Ting Yueru raised her head and chest, and asked with a smile.

The Fourth Elder snorted softly, and replied directly: "It's over, but you haven't passed the test, so how can you talk about entering the Illusory Dao Zun Pagoda?"

"In this trial, only my grandson, Chunyu, came back first and obtained the Jade Slip of Inheritance. How about you?"

"If you want to enter the Illusion Dao Zun Pagoda, only Chun Yufang is qualified to enter."

The second elder on the side also echoed softly.

Hearing this, Ye Chen's expression froze, but he quickly covered it up cleverly. He immediately patted Xiao Wu's shoulder lightly, signaling the latter not to be impulsive.

It would be unwise to question his grandson in front of this Immortal Emperor Realm powerhouse.

"you....."

Ting Yueru stomped her feet angrily, but she couldn't come up with a reason to refute. The inheritance jade slip was indeed never obtained, and even her own life was saved by Ye Chen.

"oh?"

"The fourth elder's implication is that holding the Jade Slips of Inheritance will qualify you to enter the Illusory Dao Pagoda?"

Ye Chen smiled, bowed and asked.

"That's right, if you can't produce the Jade Slip of Inheritance, let's let it go for the matter of entering the Zun Pagoda. When Chunyu refines the inheritance and leaves the customs, if he wants, he may bring the moon like a girl..."

The fourth elder, with his toes high and his face full of undisguised pride, was eloquent, and just as he was still unfinished, a golden light approached Xiao Han!

This golden light, like a scorching sun, illuminates the void.

The golden light is dazzling, and the light is dazzling.

A strong coercion followed one after another, causing everyone present to be shocked and fell to the ground one after another.

"Golden light?"

"Could it be that besides Senior Brother Chunyu, is there anyone else who has received the inheritance?"

...

Everyone was stunned, and they all looked in the direction of the golden light. Not only them, but several elders of the Immortal Emperor Realm also stared sideways, wanting to see what the golden light represented. mean.

"It's him! Ye Chen actually entered the place of inheritance and obtained the inheritance!"

"No wonder he saved us. It turns out that he has already obtained a Jade Slip of Inheritance!"

"As expected of Ye Chen, his luck is really much better than others!"

"The golden jade slip is more coercive than the one brought out by Senior Brother Chunyu!"

...

Many people talked a lot, looked at Ye Chen with some envy and hatred, the great opportunity of entering the Illusory Dao Zun Pagoda fell on the heads of outsiders, which made them a little unwilling.

"Um?"

The first elder and the other elders also noticed the golden light in the center of Ye Chen's eyebrows, and they couldn't help frowning.

"Fourth elder, I wonder if this jade slip represents the inheritance?"

Ye Chen said unhurriedly.

"you.....?"

"How can it be!"

The fourth elder was shocked, staring at Ye Chen with disbelief, momentarily at a loss for words.

The second elder on the side raised his brows, and said softly: "Naturally, you are the guardian of Yueru. Now that you have obtained the inheritance, she is naturally qualified to enter the pagoda."

"When Chunyu leaves the customs, the two of them can go to the Illusory Dao Pagoda side by side."

He kept saying yes, but only excluded Ye Chen.

They are all thousand-year-old foxes, how could the Fourth Elder not know? Immediately, he answered: "Yes, since my little friend took out the inheritance jade slips for Yueru, it is natural to count!"

"Both of them are qualified to enter the pagoda!"

Ting Yueru put her hands on her hips angrily, and was about to yell again, but was stopped by Ye Chen.

"The two elders really don't want me to go to the Illusory Dao Pagoda?" Ye Chen asked with a smile.

Seeing Ye Chen's expression, the First Elder felt bad, and was about to say something, but the Fourth Elder preempted him.

"The Illusion Dao Pagoda has been closed to outsiders since ancient times. The master of reincarnation and those who know the current affairs are heroes!"

The Fourth Elder's tone gradually became low, obviously not wanting to get too entangled with him on this matter.

"Excuse me, does this also represent the unanimous decision of the five elders?" Ye Chen looked at the first elder and asked calmly.

"Third Grandpa, Fifth Grandpa, please talk quickly!"

Ting Yueru was a little excited.

"Alas!" The third elder sighed softly, but he remained silent.

"Ye Chen, I think you've seen it too. If you want to enter the Illusory Dao Zun Pagoda, you have to be qualified."

The Great Elder stared straight at Ye Chen, his intuition told him that this little guy is not simple.

"What the great elder said is very true. Since the boy can get one inheritance mark, who can guarantee that I don't have a second one?" Ye Chen looked sideways at the fourth elder and asked back.

"you!"

This slightly provocative gaze even made the Fourth Elder and the Second Elder change their colors for a while, but Ye Chen behaved respectfully, so they couldn't immediately attack, after all, they were not such ignorant people.

"If there is, you take it out!"

The second elder's face was calm, but those eyes gradually became as deep as the sea.

"Hahaha, I'm just kidding, I'm not talented, so the imprints are only obtained by working hard to get one."

Ye Chen waved his hand and said with a smile.

The Great Elder frowned when he heard the words, and Ye Chen hurriedly said, "Although there is only one inheritance imprint, I still have one. Please look at it and find out!"

Ye Chen raised his palm, and a golden holy bow was born. On the seemingly mottled and broken bowstring, there were still drops of blood that he had spilled before, which had not dried up.

Zheng!

With a sound of strings, the avenue is simple, the aura of heaven and earth is vigorous and upside down, the white killing intent is looming, the holy bow is full of spirit, and it draws the bow by itself, pointing directly at the sky.

But it seemed to fit Ye Chen very well, as his aura flowed, it was like a flash in the pan, covering up the sharpness.

"What!"

The expressions of the five Immortal Emperor Realm powerhouses all changed. The aura they felt earlier was precisely this bow!

The terrifying coercion at that moment is absolutely unmistakable!

Even the Fourth Elder and the Second Elder, who were full of calculations before, were shocked when they saw it, with Xin Ji in their childish holes.

Obviously, they all know this thing!

"This...Ye Chen, where did you come from?"

The great elder's shriveled lips opened and closed slightly, and his words were somewhat unnatural.

Being able to create an existence that many Xeon of the Illusion Sect are afraid of exists, it seems that the mysterious woman has a big background!

Chapter 9247

Ye Chen said thoughtfully: "I just had a dream. I dreamed of a strange person..."

Just after hearing this half of the words, the breathing of the five elders became heavy.

When the topic changed, Ye Chen said awkwardly: "I forgot the details, but that guy was very cheeky, begged me crying, and then gave me this broken bow."

"this....."

The five of them looked at each other in shock, and when Ye Chen saw this, the corners of his mouth curled up.

"That guy also said that with this thing, the elders will definitely not prevent me from entering the Illusion Dao Tower. If I am still rejected, then..."

Before Ye Chen finished speaking, he was interrupted!

"enough!"

The Great Elder let out a deep voice, and said, "It takes a certain amount of time to prepare the Illusion Dao Tower. After preparation, it can be opened. Ye Chen and Yueru will go there. As for Chunyu, he has obtained the inheritance and is still in retreat. Wait until he leaves the gate." Reconsideration."

The Fourth Elder's face was gloomy, but he didn't say anything to refute.

"Ye Chen, you come with me, the rest of you, leave."

The Great Elder just left a word and walked towards the empty green hall.

...

After a stick of incense.

In the silent palace hall, only one old and one young looked at each other.

The Great Elder said, "Have you seen her?"

Ye Chen said, "I've seen it."

"What did you talk about?"

"Forgive me for being rude, I have no comment."

"Why didn't you keep the agreement?"

Facing the third question from the Great Elder, Ye Chen was obviously taken aback, agreed?

The mysterious woman hadn't explained the clues to Ye Chen in detail before, which was why he had no comment when faced with the elder's question.

After thinking for a moment, Ye Chen still said: "Something has changed, and the boundary force without time and space has gradually affected the forest between fantasy and reality."

"What!"

The Great Elder couldn't believe it, the five of them had been in charge for such a long time, but they had never felt anything strange!

"She said... that I must take Ting Yueru to the Huan Dao Zun Pagoda, and the Thousand Huan Lin must not be opened again!"

The Great Elder took a deep breath and said, "What else did she say?"

"She said she would come back."

"She also said...the inheritance there, because of the influence of Wuwu time and space, will not appear in this world."

Ye Chen had something to say, seeing that the Great Elder was unmoved, he simply said clearly: "Xiao Chunyu, there is a problem!"

"Sigh... Ever since that child came back from the Thousand Illusions Forest, I have been suspicious, but I have checked, and there is no aura of time-space boundary force in his body."

The great elder closed his eyes slightly, and frowned.

"That's why you prevented him from entering the Illusory Dao Tower?" Ye Chen paused, it seemed that the Great Elder had already noticed it.

"I have my own arrangements. You and Yueru go to prepare for the Illusion Dao Tower. It will take some time to activate the Illusion Dao Zunta. door practice."

"Also, the Illusory Dao Pagoda is very easy to get lost. If you sink into that time and space, not only will your cultivation base not make any progress, but you may fall into reincarnation forever..." The elder waved his hand lightly, and after a few words of advice, he signaled Ye Chen stepped back.

Ye Chen nodded, he just planned to go back to the Star-Moon Realm.

I don't know what's going on with Chongyang real person splitting one tail and the koi talisman.

But before leaving the magic door, he thought of a person. If there is a chance, it would be good to help this person.

Thinking of this, Ye Chen said directly: "Elder, how about I give the magic door a chance?"

The elder was startled: "What do you mean?"

"Please first elder tell the third elder to meet me," Ye Chen said.

"Third Elder?" Although the First Elder didn't know what kind of medicine was sold in the gourd of the Lord of Reincarnation, he still agreed.

...

An hour later, outside the phantom door.

Ye Chen stood side by side with the three elders who came for the appointment, narrowed his eyes slightly, and stared at the man in the forest not far away who was holding a bamboo sword and kept waving.

"Lord of Reincarnation, you want me to take him in as a disciple? Is this what you call a chance?"

"How do you know that I was once a sword cultivator?"

The old man looked at Ye Chen with a smile.

Ye Chen smiled: "Intuition."

"I can feel that you can also activate the holy bow. Even if I made a mistake at that time, I might be severely injured by you."

"Even the Great Elder, there is absolutely no such a piercing sense of oppression, only the sharp but never unsheathed... sword body!"

"That golden bow was stained with a lot of blood in the past, the old man lost his composure the first time he saw it, and you saw through it!"

The old man smiled, squinted his eyes and looked Ye Chen up and down: "The sword intent of the Lord of Reincarnation is too much beyond reality, Xiao Chunyu lost in your hands, it is not wrong."

Ye Chen was noncommittal, and said: "I have never regarded him as an opponent, and he is not worthy, even if he is given time to catch up, he will not be able to look away!"

"Speaking of which, if you can hold this sacred artifact, you must have seen her before."

"I didn't expect the fate of the Lord of Reincarnation to be so against the sky. It seems that this great world is really coming sooner than expected!"

"Old man, I should have a closed disciple!"

"Xiantian Jianxin actually works as a handyman disciple in the outer sect. Xiao Chunyu has done a lot of things without telling us all these years!"

The old man's eyes were fixed, and an undisguised killing intent flashed quietly.

Over the years, relying on Xiao Qiantian's identity, no one would dare to provoke Xiao Chunyu who was domineering.

If it wasn't for the sake of the old friend's face, the old man in front of him would have already made a move.

"Little Five!"

Ye Chen greeted, and the sword blade in Xiao Wu's hand in the distance stopped immediately. With this stagnation, the long bamboo sword turned into a puff of powder and dispersed.

Even the humming and trembling void suddenly fell silent.

"At first I wanted to hand over Xiao Chunyu to you, but I am an outsider after all, so it's not easy to meddle in the internal affairs of the Illusory Sect..."

Ye Chen explained to Xiao Wu that Xiao Chunyu was now locked up and never showed up. Fortunately, he rescued his sister in time.

"However, Xiao Chunyu is afraid that he has something to do with the most evil. If you can kill it with your own hands, it will not make things difficult for you if you come to the magic door. To untie the bell, you have to tie the bell. It is best for you to do it."

Ye Chen smiled.

"I?"

A gleam of passion flashed in Xiao Wu's eyes, but then it turned dark again, and said: "The gap between my cultivation base and his is too big, no matter how hard I try, I can't catch up..."

"What if I find an immortal emperor as your teacher?" Ye Chen whispered to the void, "Senior, are you satisfied with finding this disciple for you?"

Xiao Wu followed Ye Chen's gaze, and in the void where nothing could be seen, the strength of character seemed to collapse the sky, but the thin and gnarled figure gave people a feeling of showing their sharpness.

There is only one person, hanging like a cold sword, supporting half of the sky and the earth.

This is the feeling that only immortal emperors, those at the top of the real world can give people.

Chapter 9248

"Three elders?"

When Xiao Wu saw the person coming, he immediately exclaimed, this old man, as far as outer sect disciples are concerned, is only qualified to have a glimpse of the Supreme Being of the Illusory Sect during the sect's great sacrifice.

Ye Chen didn't intend to disturb the master-apprentice ceremony between the two, so he said: "Now I have something to do, so I'll go back to the Star-Moon Realm first. When the time comes, the Illusion Dao Zun Pagoda is ready, remember to notify me."

After finishing speaking, without waiting for everyone's reaction, he directly cast the Great Desolation Stealing Heaven Technique and headed towards the Star-Moon Realm.

...

When Ye Chen just arrived in the Star-Moon Realm, he caught the cause and effect about Yiwei!

At the same time, news came from Tianyang Domain that one tail had been cut.

Rumble!

On this day, Daoist Chongyang came to the Star-Moon Realm in person.

As soon as the Daoist Chongyang descended, the air currents in the star-moon realm immediately oscillated violently, and the sky became dark.

When Ye Chen went out to greet him, he saw Chongyang Daoist, stepping on dark clouds, descending slowly from the sky.

"That is....."

Ye Chen looked at the dark clouds under Chongyang's feet, his eyes narrowed, and he caught the extremely mysterious aura.

That dark cloud, implying strange energy and blood, was full of evil aura. The dark cloud billowed like mist, and a few eyeball-shaped objects flashed from time to time, filled with unspeakable special energy fluctuations, and there was a low-pitched beast roar, faintly Out of the dark clouds.

This dark cloud is actually alive!

It is a group of fresh energy body!

"It's a split tail!?"

Ye Chen's heart was shocked, and he immediately knew that the dark cloud was just the tail after being cut, it was a mass of fresh energy, very strange, and it hadn't manifested yet in the shape of a beast.

Daoist Chongyang stepped on the dark cloud, his body was calm and steady, the dark cloud had obviously surrendered to him.

The split tail was indeed tamed.

"Lord of reincarnation, stay safe."

When Master Chongyang saw Ye Chen coming out, he smiled and greeted him.

"Reverend Chongyang, have you cut the tail?"

Ye Chen asked.

"Fortunately, one tail has been cut. This is your part, but it has not been tamed yet."

Immortal Chongyang sacrificed a piece of jade slip and threw it to Ye Chen.

Ye Chen took it with his hands and glanced at it mentally. He felt that there was a strange energy body sealed in the jade slip. It looked like a red cloud, and the energy burst violently. In the red cloud, there were eyeballs and tentacles. There are also broken limbs and brains boiling, which is very terrifying.

This is exactly the half of the energy that was split out after one tail was cut, and it still carried the original strange atmosphere, with all kinds of indescribable strange appearances, and there was no sign of taming at all.

If you want to tame it, you can only rely on Ye Chen's own strength.

"Master Wentian is dead?"

Ye Chen vaguely caught something, looking at the real person Chongyang, and that "dark cloud".

"Yes, Master Wen Tian exhausted all his energy to help me tame Half-tail, unfortunately he died."

The real person in Chongyang couldn't hear the emotion in his voice, and the so-called "half tail" was actually just a convenient name.

After one tail was split, it became two pure energy bodies. One was surrendered at the feet of Chongyang Daoist, and looked like a dark cloud, and the other was sealed in the jade slip in Ye Chen's hand, which was still very manic.

"Where's his Nine Heavens Fulong Seal?"

Ye Chen asked, a little suspicious that the Chongyang real man moved the killer, killed Master Wentian, and privately swallowed the Nine Heavens Fulong Seal.

Master Chongyang seemed to hear Ye Chen's doubts, frowned, and said, "Lord of Reincarnation, I know what you are thinking, but I, Master Chongyang, am not that sinister and dirty villain."

"I never thought of killing Master Wentian. He died because of exhaustion of energy. His magic weapon has been transformed into the original aura and returned to heaven and earth. I don't know where it was lost."

The Nine Heavens Fulong Seal is one of the top ten ancient artifacts.

According to the legend, the top ten ancient artifacts are actually energy bodies, constructed of pure energy.

These magic weapons, after the master falls, will turn into the original spiritual energy again, and return to the world, waiting for the birth of a new destined person.

This step is called "return to the market".

Now, Master Wentian is dead, and his magic weapon has returned to the ruins, and even Daoist Chongyang does not know where it is.

"Sorry, I took the offense."

Ye Chen cupped his hands and apologized to Chongyang Master.

He also knew that Chongyang Daoist had no conspiracy to do anything.

Because, if Master Chongyang really killed Master Wentian, it would be a secret, and it would be impossible to hide it.

That is to say, Master Wentian died of exhaustion because of taming Banwei, and the Nine Heavens Fulong Seal also returned to the ruins.

In order to tame Banwei, Master Wentian actually died.

One can imagine how difficult it is to tame the half tail.

Ye Chen looked at the restless and violent red cloud in the jade slip, feeling uneasy in his heart.

Taming Banwei is so difficult, if Ye Chen wants to tame it, it may be as difficult as reaching the sky.

"Lord of reincarnation, your head and tail have not been tamed yet, you have to find a way by yourself."

"The jade slip that seals the half-tail contains a sword technique, which is a gift from me to you. Your talent in swordsmanship is extraordinary, so maybe you may be able to comprehend that sword technique."

The true Tao of Chongyang.

"oh?"

Ye Chen sensed it intently, and sure enough, he found that in the space inside the jade slip, apart from the half-tail sealed, there was also an obscure and mysterious sword technique hidden in the depths.

Master Chongyang said: "That sword technique was passed down from the other side of the starry sky, and it's called the Heavenly Emperor's Five Decay Sword."

"The five declines of the Emperor of Heaven are destruction, destruction, decay, decay, and death."

Chapter 9249

"What I give you is the Sword of Destruction in the Heavenly Emperor's Five Fading Swords."

"This is the Heavenly Emperor's Five Decay Sword. It is said that after the five swords are practiced, their power is comparable to that of the Heaven Dou Sword. You should understand it well."

Ye Chen's eyes lit up, and he said, "Is it enough to compare with the Heaven Dou Sword?"

Ye Chen naturally knew the power of the Tiandou Massacre Sword. It was the third-ranked existence of the Thirty-three Heavenly Sword, and its lethality was extremely terrifying.

Although Ye Chen got the practice method of Tiandou Dabutu Sword, but after so long, he still didn't comprehend it successfully, and even comprehending the six movements of Jishen's Jishen was very difficult.

Even, when he was looking for Gu Yongxiao, Gu Yongxiao also said that Ye Chen needs to kill Ren Feifan in the future to understand the essence of the word "slaughter" before he can truly learn the Heaven Dou Dashou sword.

But now, Master Chongyang said that the power of the Heavenly Emperor's Five Fading Sword was comparable to that of the Tiandou Massacre Sword, which really shocked Ye Chen.

Chongyang Daoist said: "Yes, the Heavenly Emperor's Five Fading Swords, once practiced, are enough to kill many strong men without time and space, and make the timelines on those strong men without time and space decay and disappear completely."

"I heard that in this world, Emperor Yuantian is the only one who has practiced all the five swordsmanship of the Emperor's Five Fading Swords."

"The sword of destruction I gave you is one of the five swords of the emperor of heaven, representing the supreme law of destruction."

"This sword technique is very profound and powerful. I can't even practice it. Only I can practice it in the future."

"My future body, in order to practice the sword of destruction, I don't know how much effort and price I paid."

"Your kendo talent is far superior to mine. I can't practice the sword of destruction, but you might be able to."

Master Chongyang knows that Ye Chen's talent is extremely high, and after taking charge of the Ten Thousand Swords God Star, Ye Chen's swordsmanship comprehension is even more unprecedented.

If the Sword of Destruction is given to Ye Chen to practice, Ye Chen may really be able to practice it.

"Why did you give me such a precious sword technique?"

Ye Chen frowned, looked at the jade slip in his hand, and under the mental power of a glance, he could also feel the sword technique of the sword of destruction hidden in it, and the killing was very terrifying.

"Hehe, I'm just trying to deal with the moral Tianzun."

"Tian Zun Da Dao occupies the Zihuang Immortal Palace, and is backed by Patriarch Hongjun. It is extremely difficult to defeat him. If you can practice the Sword of Destruction, it will be much easier for us to fight against Tian Zun Da Dao in the future."

"Also, even if I don't give you the method of the Sword of Destruction, someone will give it to you in the future. Why don't I make a good relationship first, haha."

Master Chongyang stroked his beard and smiled.

"Thank you very much."

Ye Chen thanked, no matter what, this sword of destruction is indeed an incomparably wonderful and powerful swordsmanship, it is considered generous of Chongyang Master to send it out directly.

"By the way, your cultivation is only at the sixth level of the Profound Sky Realm. Don't practice this sword of destruction yet, otherwise I'm afraid you will be bitten back."

"If you want to practice, at least you have to wait until you reach the seventh heaven, preferably after breaking through the big realm."

Daoist Chongyang exhorted.

The sixth heaven of the Profound Sky Realm and the seventh heaven of the Profound Sky Realm may seem to be only one level apart, but in reality they are worlds apart.

The sixth level of heaven can be regarded as the middle stage of the Sky Profound Realm, while the seventh level of heaven is already in the late stage.

A mid-term and a late stage, the gap is of course huge.

The Sword of Destruction is one of the Heavenly Emperor's Five Decaying Swords. It is extremely terrifying to kill. Ye Chen still needs to be promoted to the seventh heaven of the Profound Sky Realm first, and then practice in the later stages to be safer.

"I see, thank you for reminding the real person."

Ye Chen cupped his hands.

"Well, very good, Lord of Reincarnation, then I will bid farewell first, I wish you all the best of luck, defeating Daode Tianzun as soon as possible, and let us all ascend together."

Daoist Chongyang chuckled, in fact, he had long wanted to go to Wuwu Time and Space and become one with the future body.

However, the cause and effect in the real world has not been resolved yet.

He must eradicate the moral Tianzun and stabilize the fire.

Ye Chen also wants to seize the fire and light up the fourth star of fire.

He personally sent Chongyang Daoist to leave, and then returned to the Aoshi Heavenly Palace, retreated alone, and comprehended the secrets of the Heavenly Emperor's Five Fading Swords and the Sword of Destruction.

Ye Chen's spiritual power penetrated deeply into the jade slip, and he could clearly feel the profundity and horror of the sword of destruction.

This sword of destruction contains the supreme law of destruction, and its lethality is extremely terrifying. Once practiced, it will destroy the world.

Ye Chen had practiced a supernatural power before, called the Dao Seal of Destruction, which also contained a powerful law of destruction.

Regarding the law of destruction, Ye Chen has a strong background.

At this moment, Ye Chen comprehended the Sword of Destruction again, figured out the changes in the sword technique and the law of destruction, and immediately felt much easier.

Ye Chen wanted to practice immediately, but remembered Chongyang Daoist's advice. Now his cultivation has not yet reached the seventh level of the Sky Profound Realm, and he has not yet reached the time for formal cultivation.

Ye Chen had no choice but to suppress the impulse in his heart, just comprehend and deduce, and practice in his mind's fantasy.

"I don't know when I will break through again with my cultivation."

Ye Chen muttered, his current cultivation is at the sixth level of the Sky Profound Realm, which is not too far away from the seventh level.

As long as he is given a chance, a breakthrough will come naturally.

Right now, Ye Chen has an opportunity, that is:

Koi talisman!

Ye Chen communicated with Yongfu Tiangong and asked Zuoqiu Yun: "Senior Zuoqiu, is the seal of the Koi Tianfu open?"

Chapter 9250

Zuo Qiuyun received Ye Chen's message, and hurriedly responded: "It is estimated that it will be opened in two days, Lord of Reincarnation, please be safe and don't be impatient."

Ye Chen nodded and said: "Okay, then I will wait for another two days."

At the moment, Ye Chen stayed in the Xingyue Realm, and continued to comprehend the magic of the Sword of Destruction in the Aoshi Tiangong.

As for the sealed half-tailed red cloud in the jade slip, within a short time, Ye Chen couldn't think of a way to tame it, so he continued to seal it.

The jade slips given by Chongyang Immortal had powerful sealing power, but Ye Chen was not at ease, so he transferred the half-tailed red cloud and sealed it into his Heavenly Emperor's Spirit Box, so that he was completely at ease.

If it's a complete tail, Ye Chen can't seal it, but if it's only a half tail, relying on the power of the Heavenly Emperor's coffin, it's enough to seal it.

...

While Ye Chen was waiting quietly and the koi talisman seal was released, in the Zihuang Immortal Palace, the undercurrent was raging, and the mountain rain was about to come.

The cooperation between Ye Chen and Chongyang real person touched the secret of heaven, and everyone in Zihuang Immortal Palace knew about it.

Everyone in Zihuang Immortal Palace was panicked.

Ye Chen's combat power is getting stronger and stronger, and no one in the real world dares to say that he can suppress Ye Chen.

In many people's minds, Ye Chen is a symbol of invincibility, mighty, domineering, strong luck, invincible, and will reach the top sooner or later.

How easy is it for Zihuang Immortal Palace to preserve the fire and fight against Ye Chen?

At this moment when the mountain rain is about to come, in the depths of Zihuang Immortal Palace, in a dark hall.

This hall was originally filled with immortal energy and surrounded by light.

However, following Ye Chen's coercion, touching the secrets of the heavens, the many auspicious auras of the Zihuang Immortal Palace were suppressed and shrouded in dark clouds, presenting a vision of dark disaster aura.

In the hall, Daode Tianzun sat on a similarly dim seat. In front of him was the former leader of the evil sect, Yuan Liren. On both sides of the hall were high-level elders and guardians of Zihuang Immortal Palace.

"Liren, Chongyang Daoist betrayed me, and he wants to join forces with the Lord of Reincarnation to plot to destroy my Zihuang Immortal Palace and seize the fire. What's your opinion?"

Daode Tianzun asked in a low and deep voice, his tone full of tiredness.

May Liren's forehead was covered with cold sweat, and many elders on both sides of the hall did not dare to make a sound, they all bowed their heads in silence.

Ye Chen's current strength and hole cards are really too strong. If it is outside, without the support of the Zihuang Immortal Palace's earth veins, even the moral Tianzun will not be able to suppress Ye Chen in a short time.

Although May Liren is the master of Tiannv and the leader of the evil sect in the past, her time has passed, and Ye Chen has made progress too fast, and she doesn't know how to fight against it.

Seeing that Yuan Dao didn't speak, he asked in a deep voice, "I heard that you have an apprentice named Gusu Yu?"

Yuan Liren hurriedly said: "Yes, she is my great apprentice, but she left the school a long time ago and went out to travel around."

Daode Tianzun nodded and said: "I know, her physique is quite special. If I remember correctly, it seems to be called Kuhaiyuan Physique."

In this world, there are various special physiques, the most special of which is the "source body."

The source body, that is, the extraordinary source body, is born extraordinary, contains the power of the origin of the world, and is very powerful.

May Liren have four apprentices, the eldest apprentice, Gusu Yu, is the most special one.

Because, Gusu Yu possesses a legendary source body named "Sea of Bitterness".

Yuan Liren said: "Yes, her physique is indeed the body of the sea of bitterness."

"A long time ago, she traveled all over the world to find the way to cross the sea of suffering. I haven't heard from her for a long time."

Among the many extraordinary source bodies, the bitter sea source body is quite a special existence.

There is a sea of suffering in this source body of the sea of suffering. If one cannot overcome the sea of suffering, one's physique is worse than that of ordinary people, and one has to endure the torment of the sea of suffering day and night, like thousands of ants eating one's heart and thousands of insects biting one's bone. It is extremely painful and uncomfortable.

But if one can successfully pass through the sea of suffering, this source body can burst out with extremely powerful energy, and even allow people to ascend to the sky in one step and become the Lord God of Heaven!

Generally speaking, it is only in Wu Wu time and space that it is possible to give birth to an extraordinary source body, because this involves the origin of the Dao, the original physique of heaven and earth, and it is difficult to be born in the real world.

However, the source body of the sea of bitterness is an exception.

This is the most useless source body, even in the real world, it is possible to be born.

Since ancient times, people who have the source body of the sea of suffering have all suffered and died in misery. No one has ever been able to overcome the sea of suffering and become a god.

May Liren was the leader of the evil sect at the beginning, and once slaughtered all directions, when she casually slaughtered a village, she saw an orphan girl.

The indifference and numbness in the eyes of that orphan girl shocked even Yuan Liren.

Later she knew that the orphan girl possessed the source body of the sea of bitterness, was tortured day and night, and her mind was already numb.

She brought back the orphan girl and accepted her as an apprentice.

That orphan girl is Gusu Yu. After she achieved success in her cultivation, she left her teacher's sect and traveled abroad in search of a way to cross the sea of suffering.

Before she left the division, she wanted to assassinate Yuan Ren.

Fortunately, May Liren was blessed by the earth veins of Zihuang Immortal Palace, and finally escaped.

For this great disciple, wishing to leave people has very complicated emotions, including love, hatred, and fear.

At this time, when he heard the Daode Tianzun mentioned Gusu Yu, Yuan Liren was very surprised.

Although Gusuyu possessed the source body, it was the source body of Kuhai, known as the most useless physique. Even if Gusuyu came back, he might not be able to match Ye Chen.

Daode Tianzun counted, and said: "I vaguely caught the secret. Your apprentice is probably the key to our fight against reincarnation and break the game. You call her back, and I will talk to her."

Yuan Liren was taken aback, and said, "How can my wretch fight against the Lord of Reincarnation?"

Daode Tianzun nodded lightly and said: "She is very likely to be the key to breaking the game. You can call her back."

Yuan Liren's heart shivered, and he said: "Yes, Master Headmaster."

She and Gusu Yu have lost contact with each other for many years, but they are master and apprentice after all, if they call sincerely, they can still re-establish contact.

After the discussion has been made, Daode Tianzun sighed, his eyes were full of melancholy, as if he also felt the difficulty of fighting reincarnation.

Ye Chen was so powerful that even he felt suffocated.

Ye Chen is only the sixth level of the Profound Sky Realm, so powerful, if Ye Chen breaks through to the Immeasurable Realm, I'm afraid he will truly crush reality and be invincible.

"You all step back, and help me call the enchantress over."

Daode Tianzun waved his hand in a dispirited manner, and said.

"yes."

May Liren and many elders who protect the Dharma bow and retreat, and someone will summon the second enchantress.

The second enchantress had just returned from the Star-Moon Realm, feeling conflicted and apprehensive, and came to the main hall.

Daode Tianzun stood in the main hall with his hands behind his back, the lights cast a shadow on his face, he stared at the second enchantress, and said slowly:

"Yao Ji, how do you get along with the Lord of Reincarnation?"
