Chapter 9271

Hun Xianzhi did not hide his intentions. In fact, when he reached the realm of Buddha and Ren Feifei, their thoughts were almost transparent to each other, and it was difficult to conceal all their thoughts.

Because every thought, every action of a strong man at the level of the Emperor God will touch the laws of heaven and earth, and a strong man at the same level can figure out all the thoughts and plans of the other party as long as they use some means to calculate the secrets of heaven.

Not only the Lord God, but even ordinary gods, it is difficult to hide their thoughts.

Therefore, in Wuwu Time and Space, the most precious and valuable things are not killing things, but things that can cover up the secrets and hide one's own thoughts.

The Buddha said: "Samsara Puranas and other gods have never been born, and they are not in Brother Ren's hands at all. How can you snatch them?"

Hun Xianzhi laughed and said: "I know, the book of reincarnation was not really born, it turned into ashes of calamity."

"However, that Reincarnation Book Jie Hui still has the ability to modify the past!"

"Ren Feifei, I know that you have some ashes of the Book of Reincarnation in your hands. This is your ultimate trump card. Otherwise, you would not be able to modify the past, cut all the ways, reach the sky in one step, and become the Lord God of Heaven."

"You rely on the Heavenly Emperor Golden Wheel to cover up the secrets of heaven. You can hide it from others, but you can't hide it from me!"

"Be obedient and hand over the ashes of the book of reincarnation, and I can spare your life."

Ren Feifei chuckled and said, "What if I don't give it?"

Hun Xianzhi revealed his murderous aura, and said: "Then I will kill you!"

As soon as the words fell, his palm flew out like a falcon, wisps of evil soul aura, with terrifying majesty of killing, grabbed Ren Feifei's face fiercely.

"stop!"

The Buddha was shocked, the Buddha's light surged in his palm, and he swung his palm out, trying to stop Hun Xianzhi.

However, just now when he fought with Patriarch Hongjun, the Buddha wasted too much, and he couldn't stop Hun Xianzhi now.

Hun Xianzhi was extremely fast, broke through the Buddha's block, and killed Ren Feihua with a single palm.

Ren Feifei, however, was not in a hurry, he turned sideways calmly, avoiding Hun Xianzhi's attack, and then said indifferently:

"You want the ashes of the book of reincarnation, but I can actually give it to you."

As soon as the words fell, the spiritual energy behind Ren Feifei exploded, rumbling, and countless dark and mysterious auras gushed out of it.

Those dark and mysterious weathers are even more terrifying than ordinary tailed beasts, as if some kind of natural disaster is brewing, once it emerges, it will bring the world into doomsday.

A huge planet slowly rises from the dark and mysterious atmosphere.

This huge planet is made entirely of ashes. It is a star of ashes. It is full of natural disasters, blood disasters, and tragic weather. When people look at it, they feel that the end is coming, and everything in the world is about to perish. .

"This is... the book of reincarnation!?"

Immortal Hunzhi was terrified, looked at the gray star, and immediately recognized it.

That is just a grain of ashes from the book of reincarnation.

The power of the book of reincarnation is terrifying, a small grain of ashes can turn into a huge ash planet, bursting out into a monstrous doomsday scene, capable of burying everything.

Feeling the unprecedented danger, Hun Xianzhi retreated hastily.

The Buddha also felt the danger, and backed away again and again, not daring to approach the gray star.

I saw the gray star turning slowly, as if the laws of the world, the definite numbers of heaven, earth, time and space, and the things that have happened have all been tampered with, and all the established threads of fate, under the power of the gray star, seemed to be Poor and ridiculous, subject to change at any time.

"Ah, my body!"

Hun Xianzhi suddenly screamed, he was not attacked by Hui Jintian Xing, but his body had undergone extremely strange changes.

His body gradually became transparent, and it was about to turn into nothingness, as if it had never appeared in this world before.

"Ren Feifei, you edited the past and want to kill me?"

Hun Xianzhi was furious, and looked at Ren Feifei in fear.

At this moment, Ren Feifei unexpectedly borrowed the power of Samsara Book Jiehui to modify the past and kill Hun Xianzhi from the source.

Although Hun Xianzhi is powerful now, when he was just born, he was just a baby. If Ren Feifei wanted to kill him, it would be a piece of cake.

If he had died when he was young, then there would be no more him now.

The past has been modified, and the modified timeline is projected into reality, and he will disappear.

This is the horror of the book of reincarnation, directly modifying the past and obliterating people from the root.

This is not to open up another parallel time and space, but to change the laws of the existing time and space, shake the foundation of the world, and the change of logical causality involved behind it is simply beyond words.

Ren Feifei didn't speak, but just urged the Huijintianxing to revise the thread of fate's past and the past of Hun Xianzhi, trying to kill him from the source.

"Crazy, crazy!"

Hun Xianzhi screamed loudly, looking at his increasingly transparent body, he could no longer keep calm, and while cursing Ren Feifei, he fled away in embarrassment.

If he didn't leave, he would really die in the hands of Ren Feifei.

Now he went back to seek help from the ancient god Tuodi, at least there was still a little chance of survival.

Seeing Hun Xianzhi running away, Ren Feifei smiled indifferently, and didn't chase after him, and silently put away the ashen star.

The Buddha looked startled, sighed again, and said, "Brother Ren, you are so foolish. In your current state, if you use the power of the reincarnation book, it is almost like courting death."

Chapter 9272

The power of the Book of Reincarnation is indeed earth-shattering and extremely terrifying, much more terrifying than the four supreme artifacts.

But wanting to borrow the power of the book of reincarnation, the price to pay is also very huge.

The Buddha was only worried that something would happen to Ren Feifei.

In the past, Ren Feifei revised the past, slashed all ways, ascended to heaven in one step, and became the Lord God of Heaven. This debt has not been paid off, and now he owes a new sin.

Changing the past, modifying the established context of destiny, and shaking the foundation of the world is the greatest sin!

Ren Feifei smiled casually: "It's okay, Buddha, didn't you say that you want to take me to the Zen garden? It doesn't hurt if I'm a little bit presumptuous."

He knew that Zena Garden was the highest holy place of Buddhism, and when he went to Zena Garden, he could take a good rest and no longer have to worry about the reincarnation of the book of reincarnation.

The Buddha shook his head and said, "I'm just afraid that your book of reincarnation is too powerful and will destroy my Zen garden."

Ren Feifei smiled and said, "No."

...

At this time, the sky is beyond the sky, in the dark wasteland.

Ye Chen naturally didn't know that Ren Feifei and Buddha were attacked by Hun Xianzhi after returning to Wuwu Time and Space.

He thought to himself: "The Nine Gods Record is the key to fighting against the dark catastrophe, I have to find out the whereabouts as soon as possible."

After thinking about it, Ye Chen was about to set off for Qiancao Villa.

But just as he was about to get up, he received news from the magic door!

The Illusory Dao Tower is open!

"This is good news for me, and it shouldn't take too long. After solving this matter, I will look for the Nine Gods Record."

Thinking of this, Ye Chen thought about the magic door and left!

...

An hour later, the magic door.

Above the empty green hall, the five immortal emperors all stood solemnly, gazing into the distance.

"The Illusory Dao Tower is about to open, are you ready?"

Behind the Great Elder, Ye Chen and Ting Yueru stood side by side, showing a rainbow-like momentum, warm and bright.

"Thank you, Great Elder!"

Ye Chen bowed slightly and said softly.

"Well, I see!" The Great Elder nodded.

"Everyone, follow me to hold the enchantment!"

As soon as the Great Elder's words fell, his figure turned into a golden glow, soaring into the sky.

Immediately afterwards, the brilliance of the five giant tripods flourished, and dazzling seven-color treasures rose from them to the sky, piercing through the sky, as if covering the entire magic door, and in the center of the treasures, gradually appeared It is the shadow of a towering tower.

This is the Illusory Dao Pagoda. It is rumored that it contains a powerful formation, and it may even be visible that there is no time and space. It is the foundation of the illusion gate.

"Let's go too!"

Ye Chen smiled lightly, took Ting Yueru out of the void step by step, and galloped towards the shadow of the tower.

"Let's go too!"

The rest of the elders looked at each other, and they all stepped out, soaring into the sky, turning into a stream of light, plundering into the Illusory Dao Zun Pagoda, and disappearing.

hum! ~

The space trembled, and an incomparably violent suction force shot out from the towering pagoda in the sky, like a dark and deep passage, with no end in sight, swallowing everyone's figures down.

The next moment, Ye Chen and the others were pulled into the world of the Illusory Dao Pagoda.

The Illusory Dao Zun Pagoda is divided into nine floors, and each floor has an unknown entrance. Each entrance can only enter but not exit, and can only rely on the Illusory Dao Zun Pagoda to operate independently.

At this time, Ye Chen and the others were already at the entrance of the first floor of the Illusory Dao Tower.

"Let's go in!"

The elder's words resounded, and Ye Chen and others stepped into it one after another.

For a moment, a feeling of trance filled his heart, as if Ye Chen had returned to the world he used to be in, where there was a vast grassland.

On the other side of the prairie is the vast sea, the sea is rushing over, wave after wave hitting the beach on the shore, making roaring sounds.

On the opposite side of the grassland is a mountain range, with no peaks above the clouds, a vast and magnificent scene.

And these are real scenes, he is sure, this is the real world.

In the depths of the sky above the grassland, there is a round of scorching sun ups and downs.

This is the Pagoda of Illusion Dao, and the world in the pagoda also has two concepts of reality and fantasy.

Moreover, in the world in the tower, everyone has the law of birth, old age, sickness and death. There is no danger here, and there are no powerful life forms. All creatures grow wildly here.

"Is this the Illusory Dao Tower?"

Ye Chen looked up at the scorching sun, narrowed his eyes slightly, and murmured.

Although I have long heard that the Illusory Dao Zun Pagoda is self-contained, extremely mysterious, and can even interfere with the flow rate of the real world, but I never expected it to be so beautiful. The scorching sun seems to be emitting a scorching light, which makes people fascinated .

"The Illusion Dao Pagoda is really extraordinary. If you practice here, you will have a qualitative leap in your understanding of martial arts and supernatural powers. This is the real holy place for practice!"

There was a trace of pride and affirmation in the elder's words. Being able to live here, even if it was only for a short time, was very satisfying.

The flow speed of the space here is several times that of the outside world. This is the first floor space, so what about the top of the tower?

"Yes, if there is a chance, I will definitely come to live for a while."

Ye Chen nodded.

The Great Elder continued: "Let's go, first go to the fourth layer to have a look, maybe you have other gains!"

Hearing this, Ye Chen's eyes lightened slightly, and he nodded.

Whoosh! Whoosh! Whoosh! Whoosh!

Several people galloped all the way, and quickly rushed to the fourth floor of the Illusion Dao Zun Pagoda.

Ye Chen and the others rushed to the fourth level. At this moment, what they saw was a vast flat land.

On the flat ground, there were hundreds of thousands of warriors standing densely, all of them staring at a high platform in front of them.

Most of these people are older men, each with a calm and introverted breath, exuding a vast coercion.

And among these old men, there is a beautiful figure in a white robe.

It was a woman with black and beautiful black hair draped behind her head, her skin was as thick as fat, her skin was more snowy, her eyebrows were like a crescent moon, her nose was straight, her lips were plump and plump, her facial features were exquisite, especially her eyes, which shone like stars, revealing It exudes a smart and icy charm, adding a bit of glamorous meaning.

The Great Elder opened his mouth and said: "This Illusory Dao Tower, the old man and others can only go so far. As for what is on the fifth floor, even we don't know..."

Ting Yueru looked at the vast sea of people in front of her, her small face was full of doubts, and said, "Are these people illusions or real?"

Even she couldn't see through the existence, which made Ting Yueru feel a little uneasy.

"Phase is born from the heart, what do you hope for?"

The Great Elder gently stroked his white beard, first shook his head and asked back, and then sighed softly: "There may be a mystery on the high platform where these people are staring, but once they get close..."

Chapter 9273

Ye Chen looked at the vast flow of people below. He had already thought of what would happen. Looking at their aura, everyone was unfathomable. If they made a move, the sky would collapse.

"Thousands of years ago, in the Illusory Gate, there was a high-level intervention forcibly. The violent fluctuations almost caused the Illusory Dao Pagoda to collapse. Since then, no one has dared to mess around."

"They seem to be guarding something, and no one is allowed to approach the high platform. If they want to go to the fifth floor, the high platform may be the only entrance."

The elder explained.

Over the years, the higher-ups of the Huanmen have searched every corner of the fourth-level space, but found nothing, and only the high platform that is surrounded by stars has never been approached.

"If the Immortal Emperor makes a move, the Illusory Dao Pagoda will collapse accordingly. What about Ye Chen and me?"

Ting Yueru had a sad expression on her face, her big eyes blinked and she was in trouble.

Even if she and Ye Chen have unrivaled abilities, the opponent's strength and number of people are extremely large, which is enough to beat the two of them to pieces.

"An unsolvable situation!"

Ye Chen also frowned, and then looked at the mysterious high platform: "Are they worshipping? Fascinating? Sacrifice? Or..."

"No, neither!"

Ting Yueru shook her head, looked at the tall slender woman in the lead, and said, "They are on guard!"

As if feeling something in her heart, the woman looked back the next second, and the two pairs of eyes were staring at her, motionless.

From beginning to end, the tall slender woman kept silent and watched silently.

"I'm afraid we'll have to fight hard!"

Looking at the chill in the former boy's hole, Ting Yueru said in a deep voice.

Both she and Ye Chen clearly felt an invisible threat.

Moreover, a familiar feeling faintly rose in Ye Chen's heart.

Even though it was his first time here, this feeling haunted Ye Chen's heart.

"Break in?"

Ye Chen frowned and asked, although he knew in his heart that he and Ting Yueru couldn't force their way in at all.

"If we do anything, we will be attacked."

"So, you need to find a way to avoid conflicts with them, and the high platform of the Illusion Dao Zun Pagoda is an excellent choice!"

The great elder said, looking at the rows of plain long gowns in front of him with burning eyes.

"Ye Chen, what should we do?"

Ting Yueru turned to look at Ye Chen.

Ye Chen was slightly taken aback, if he rushed into the high platform rashly, once he was attacked, the two of them would be in big trouble at that time.

That mysterious high platform seems to be a forbidden area for these people in front of them.

"I'll try it!"

Ting Yueru thought for a while, and then said.

"no!"

Ye Chen refused without thinking, and said: "These people are too powerful, I may not be able to come back alive if I go, and that mysterious woman, she seems to not want us to get close, and, I feel the danger !"

"The sense of oppression before is deterrence!"

"She is warning us not to approach! If we approach rashly, I'm afraid it will anger her."

Ye Chen said: "Although she never made a move, those people will follow her orders at any time!"

"Then what to do?"

"Don't worry, since I have promised to accompany you to enter this Illusory Dao Tower, I will not give up, I will protect you, and I will also protect myself!"

Ye Chen reached out and rubbed Ting Yueru's head, and said seriously.

"Bah, bah, I'm not a child!"

Hearing Ye Chen's words, Ting Yueru curled her lips and said in disgust.

Even so, her heart was still warm, after all, Ye Chen was the person she trusted the most.

"Okay, don't worry, I'll go up and test the situation first!"

Ye Chen smiled and said.

"Well, be careful!"

Ting Yueru nodded.

As time went by, the people on the side of the high platform gathered more and more, and on the high platform, there also appeared several images of mock lakes, and those phantoms with huge bodies were all of good strength.

"This Illusory Dao Pagoda is really weird."

Ye Chen looked at these phantoms and thought to himself.

"But...even so, it doesn't matter!"

"I want to see what they are guarding."

Ye Chen's heart skipped a beat, and he walked towards the high platform.

The moment Ye Chen walked up, the tall phantoms on the high platform all turned to look at Ye Chen with murderous intent in their eyes.

The strength of these phantoms is extremely terrifying, strengthened by the rules of heaven and earth, and there is even a strong man who has stepped into the middle-level immortal emperor. Ye Chen's footsteps paused, but soon he raised his foot and walked towards the high platform .

Ye Chen is not afraid, his goal is the figure at the top of the high platform.

His gaze was fixed on the figure of Dao Mohu, and he stepped forward without haste, trying to test out the depth of this place, and a battle was inevitable.

"kill!"

In the center of those phantoms, the strong man who stepped into the Immortal Emperor waved his hand, the world was darkened, the void continued to shatter, and countless fragments agitated towards Ye Chen.

The remaining phantoms roared angrily, slashing their swords across the sky, and slashing towards Ye Chen with the supreme life-killing technique.

Ye Chen didn't flinch, "Inch strength, open the sky!"

Without the slightest hesitation, he immediately punched out, and the punch was like overwhelming mountains and seas, breaking the sky and earth.

boom!

The Dao sound reverberated above the sky, stirring up endless turbulent dances in the void, and the explosions continued continuously.

Ye Chen turned around and stretched out his hands, as powerful as a martial ancestor, those killing attacks dissipated like a dream, and countless thunderbolts also collapsed, turning into catkins flying all over the sky.

With a slight flash of Ye Chen's body, he penetrated those attacks, and looking back, he had already appeared in front of the high platform.

"Not good, the previous attacks were just a deterrent, Ye Chen stepped on the high platform, those people are going to get serious!"

The great elder said in a deep voice.

He has already made preparations. If he can't do anything, he has to rescue Ye Chen even if he is forced to do it. Before she returns in the Thousand Fantasy Forest, Ye Chen will never let anything go wrong!

On the high platform, those tall phantoms are not real existences, and their bodies are just illusions.

"The art of fantasy is indeed the art of fantasy!"

Ye Chen secretly sighed, although he can also use these illusions to confuse the enemy, but such a heaven-shattering ability of destruction is not for nothing, and it is too heaven-defying to use this palm to kill.

"You can't reach the high platform unless you are lucky!"

The mysterious figure on the high platform seemed to have sensed something, and a cold voice came over.

"The mother's nest of rune ghosts, demons are born and descend!"

Ye Chen shouted loudly, waved his big hand, and sacrificed the mother nest of the talisman ghost.

A huge dark lair suddenly appeared in the air, and countless dark and mysterious auras erupted instantly.

woo woo woo...

Between the sky and the earth, the wind howled.

A group of monsters surrounded by dark runes and flowing with foul-smelling corpse water rushed out of the nest of rune ghosts, grinning ferociously, and headed forward to kill.

Chapter 9274

The power of those talisman ghosts fell on the mysterious woman's body, and was blocked by a powerful force, unable to harm the woman at all.

However, if this is the case, Ye Chen can still see that there is a faint blood light flowing on the woman's body. Although the blood light is extremely weak, he can still see that the defense on the woman's body has already disappeared. It has reached a rather terrifying level.

Seeing the woman's state, Ye Chen frowned.

Although he believed that his mother's nest of talisman ghosts was good, and could even completely ignore the existence of the weak fairy emperor, but the power of Ye Chen, the invisible woman, could not break through her defense!

This makes people a little troublesome, if it is another warrior, it only needs one move to solve the problem, but the defense of the woman is simply abnormal, is it necessary to use that method?

"The koi talisman, kill this woman for me!"

Ye Chen didn't rush, and with a pinch of his fingers, the spiritual energy in his body was poured into the mother's nest of the talisman ghost.

hum!

In the dark and huge lair, a magic talisman rose slowly.

That magical talisman, surrounded by the law of light, the koi carps leaping, exuding a myriad of sacred brilliance, is the koi carp celestial talisman.

As soon as the koi talisman came out, the sacred light immediately penetrated everything.

"The koi celestial talisman and the talisman ghost brood are very powerful outside, but here, no!"

Seeing Ye Chen's actions, the woman standing on the high platform darkened her face, her eyes showed a little disappointment, she shook her head slightly, and then waved her palm.

It was a huge and boundless handprint, with destructive fluctuations, it slammed heavily on Ye Chen's body.

Ye Chen groaned, his body trembled, a smear of blood escaped from the corner of his mouth, and he flew backwards.

"Ye Chen!"

Seeing that Ye Chen was blown away by the mysterious woman, Ting Yueru screamed out and couldn't help sweating.

In any case, she must not ignore Ye Chen being killed. The strength of the two sides is too great, and Ye Chen in his current state is far from being his opponent!

Just when Ting Yueru was about to make a move, a golden jade slip suddenly bloomed between Ye Chen's eyebrows, and a ray of golden power quietly dissipated between the heaven and the earth, making the mysterious woman who was about to kill a meal.

The power of the golden seal in this jade slip was obtained from the Thousand Illusion Forest before.

The mysterious woman seemed to have sensed the power of the jade slip between Ye Chen's brows, and frowned slightly, staring at Ye Chen's brow, as if she felt that the jade slip was somewhat familiar.

Then, the mysterious woman withdrew her murderous intent, glanced at Ye Chen lightly, and said, "It's the key..."

"But not you!"

"Even if you are recognized, you will not be able to set foot there, the time has not yet come!"

The mysterious woman spoke.

"The time has not come yet? What do you mean?" Ye Chen frowned.

"Ye Chen!"

At this moment, an exclamation sounded, and Ting Yueru's figure rushed towards Ye Chen. The small figure instantly blocked Ye Chen, staring at the mysterious woman in front of her.

"It's you?"

The mysterious woman's originally indifferent gaze became astonished the moment she saw Ting Yueru, but soon calmed down, and she just murmured: "So that's how it is. Since it's your arrangement, let me believe it for now!"

"You come with me!"

The mysterious woman just left a word, and in a flash, she disappeared from the high platform in a flash of blood.

"This...does she know Ting Yueru?"

Ye Chen raised his eyebrows, which reminded him of something.

Ye Chen's doubts didn't last long, and the mysterious person on the high platform rang again: "You can come in, but remember not to let those guys interfere, or it will cause unnecessary trouble!"

The implication of this woman's words was that she was referring to the elders of the Huanmen.

Afterwards, the golden jade slip between Ye Chen's eyebrows flickered again, and several golden lights rushed out from the jade slip, reflecting the high platform in the distance, emitting a soft warmth faintly.

This golden light is similar to the golden beam of light on the high platform before, only this time Ye Chen didn't feel dizzy like before, and he didn't have that kind of burning pain, but seemed to have a kind of pain. comfortable feeling.

"This is the only way to get to the fifth floor of the Illusory Dao Zun Tower."

"She has no intention of killing us, let her go and have a look first!"

Ye Chen said to Ting Yueru, Ting Yueru nodded, and then took Ye Chen and followed the woman to the high platform.

In the center of this huge sky-reaching high platform is a huge and incomparable palace. The palace is extremely empty, surrounded by a piece of bright and clean stars, and bronze dragon bones are inlaid on it, which is lifelike. Like a living thing, it makes people shudder.

Right in front of the main hall, stands a towering tower, above the top of the tower, a gigantic white dragon hovers upwards, and the childish hole that shimmers like gemstones looks directly at Ye Chen and the two, as if they are real dragons. Roaming above the sea of clouds with teeth and claws.

Looking at the soaring tower, a sentence suddenly appeared in Ye Chen's mind: "The guardian of the miracle is at the top of the tower."

"What information is that silent golden jade slip revealing to me?"

"what does that mean?"

Ye Chen was puzzled, could it be that there is another universe in this Illusory Dao Pagoda?

And outside the high platform, the elders of the illusion door are guarding the periphery, watching the surroundings vigilantly. The great elder looks at the high platform, and he seems to be calm.

The Great Elder murmured secretly, his heart filled with confusion.

Although the Great Elder also knows some secrets of the Illusory Gate, he also understands that the Illusory Dao Tower is the biggest secret in the door. The suzerain has warned the Illusory Dao Tower not to open it easily, but not long ago, he received a secret from the suzerain Believe me, I want to open the gate of the Illusion Dao Zunta to Ye Chen.

As for the reason of this matter, he had no way to know, so naturally he didn't dare to speculate wildly, he just guarded it cautiously, but he never thought that Ye Chen and them would be invited to a region that even the immortal emperors could not forcefully break into. Ting Yueru?

"The guardian of this high platform actually invited Ye Chen and Yueru girl. Could it be related to her appearance in the Thousand Fantasy Forest?"

"What happened on the fifth floor of the Illusory Dao Tower..."

On the other hand, the third elder on the side squinted his eyes slightly, and looked at the high platform from time to time with a half-smile, showing no trace of worry.

"Brother, children and grandchildren also have their own blessings. From my perspective, the lord of reincarnation is full of heaven and good fortune. He doesn't look like a short-lived ghost. So the suzerain can rest assured that he will be with Yueru girl?"

"And not long ago, Ren Feifan and Buddha, who have no time and space, seemed to have lowered their power to help Ye Chen fight against the moral Tianzun of Zihuang Immortal Palace. It's really hard to say that this kind of person is against the sky."

Chapter 9275

The first elder raised his eyes lightly, but he didn't say anything, but the rest of them all looked at the third elder, did the suzerain have an order?

How did they never know?

"Shut up, don't talk about this matter anymore, I'll just wait and watch." The Great Elder stopped in a deep voice and asserted.

Hearing the Great Elder's words, the Fourth Elder and the others froze their eyes, and wanted to say something, but they looked at each other, and finally remained silent.

...

At the same time, on the high platform, Ye Chen and Ting Yueru were both shocked by the sight in front of them.

"You are about to enter the fifth floor of the Illusory Dao Tower. Without my permission, you can't act without permission!"

"Otherwise... die!"

At this time, the mysterious woman's indifferent voice came again.

Ye Chen walked between the thick and thick cyan pillars in front of the hall, and found that each cyan pillar was engraved with a strange pattern, which contained extremely mysterious patterns. Ye Chen carefully explored the Dao Mark, but still found nothing.

On the fourth floor of the Illusory Dao Pagoda, there is actually a map, and the pattern on the map is actually the area where the entrance to the fifth floor of the Illusory Dao Zun Pagoda is located.

And Ye Chen and Ting Yueru followed the woman, walking along a deep passage, and kept walking inside.

"The space above the fifth floor used to be a very secret existence in the Illusory Dao Zun Pagoda."

"And I am here to guard, it's just a ray of will under that spirit array, you don't have to care who I am."

The mysterious woman said calmly.

"Ever?" Ye Chen murmured in a low voice when he heard the words. It seemed that the hundreds of thousands of people guarding the high platform outside were also a move deliberately made by someone.

"It seems that something has changed. You and the one in the prophecy are somewhat different."

The mysterious woman's gaze had been lingering on Ting Yueru's body. After a while, she shook her head slightly and said, "With your current strength, if you enter the upper floor, there is no possibility of surviving!"

"As for you..."

She stared at Ye Chen for a long while, and finally a trace of doubt appeared on her calm face: "I can't see it."

Ye Chen thought for a moment, and then softly told Ting Yueru: "You stay here, and I will go to the upper space myself."

Hearing the words, the latter's little head twitched like a rattle, and clung to Ye Chen's clothes.

"I do not want!"

Ye Chen said helplessly: "Your methods are completely restrained in the Illusory Dao Zun Pagoda, and you can use illusions to control illusions. Even in this four-story space, you may not be able to do it freely, right?"

If the mysterious woman hadn't taken the initiative to disperse her killing intent, even if Ye Chen and Ting Yueru joined forces, they might not be able to get the slightest benefit.

That higher level is definitely not a good place!

"With your current cultivation base, although the flow of time in these four layers is only ten times faster than that of the outside world, it is still enough for you to comprehend every realm from scratch!"

"It won't be too late to come and find me when you make a breakthrough."

After thinking about it, Ye Chen told Ting Yueru, and immediately looked at the mysterious woman, telling himself intuitively that she is not simple.

"Before my will dissipates, I can teach you a thing or two."

The mysterious woman also spoke to Ting Yueru.

"Beyond that, there is an opportunity. If you can take it, there may be a turning point."

The next sentence after her words was naturally for Ye Chen to hear.

"In the Pagoda of the Illusory Dao, if the will of the spirit and soul is not dispersed, the body will not really die. This is all said, what is the cause and effect, you can explore it."

It seemed that such a situation had been expected a long time ago, and the words of the mysterious woman remained calm.

"Thank you!" Ye Chen said.

Ting Yueru who was on the side was just about to say something when a sudden change occurred.

boom!

A coercion descended from the top of Ting Yueru's head, and the power of the bully spirit poured in instantly stunned her.

"Don't worry, it's just some martial arts insights, I hope you will gain something before she wakes up!"

The mysterious woman hugged Ting Yueru into her arms, left a word, and just waved her arms.

Rumble.

With a wave of her sleeve robe, the entire high platform began to tremble violently, endless golden rays of light bloomed, and majestic aura filled the entire high tower in front of her, and at the same time gushed out with strong willpower, Warp space.

buzz buzz.

Streams of mysterious aura continuously permeated the space, and that inexplicable mysterious artistic conception formed strange rune patterns in the void, mysterious spell marks, and strange runes flashed in the void, constantly interweaving and combining to form one after another strange picture scrolls, these picture scrolls are full of desolate atmosphere.

For a moment, Ye Chen only felt his body trembling slightly. It felt like the world in front of him was running fast, but he couldn't move.

Soon thereafter, what unfolded was a mysterious space, an indistinct world.

In Ye Chen's eyes, everything in this world is composed of various runes, and each rune contains different realms, and there is no similar small world.

"The interior of the Illusory Dao Pagoda has reached an unattainable level. It is indeed the treasure of the Illusory Gate. It can be deduced into such a miracle."

"It seems to be... deducing the entire universe?" Ye Chen thought to himself.

"Is this really a fantasy?"

"How can there be such a magical feeling?"

"This space...is so real! I feel like I'm in an endless deep space."

Ye Chen felt this strange feeling in his heart, and even his breathing became short of breath.

"The longer you stay here, the more dangerous you will be, and at the same time you may touch that chance."

"This is the cause you planted in the past!"

The voice of the mysterious woman resounded, and disappeared without a trace. After it dissipated, it never appeared again.

Inside each rune is another universe, containing a great world!

"What is guiding me?"

Ye Chen's eyes narrowed, he pondered for a moment, and immediately immersed his mind into the world of fantasy.

His eyes kept scanning one of the mysterious worlds. In this mysterious world, there were big stars changing and evolving one after another.

It is filled with all kinds of rare and exotic beasts, some are like monsters, roaring and filial piety, and some are like legendary demons. All kinds of strange-shaped creatures shuttle between these shining stars.

After observing, Ye Chen found something strange.

On these stars, there are many spiritual grasses, and even the world-defying treasures, all of which have different strange effects, for example, they can improve people's understanding and cultivation.

Ye Chen's childish hole suddenly shrank, and there were some strange lines on those plants. The existence of such lines was also very useful to Ye Chen.

That is the passage of time and space, the dao marks washed by space, every trace of veins, confirms the eternity!

Ye Chen's boy hole is staring at those lines. He has the blood of Zhouguang and Taiyu, which is also of great benefit to him.

Just staring at them, Ye Chen fell into a strange situation, his whole body was full of golden light.

Chapter 9276

These lines contain extremely mysterious spatial artistic conception, which strengthens Ye Chen's mental consciousness, and in his feeling, these lines contain void dao lines, which can make his space law become more rounded.

"Void pattern?"

"So that's how it is, that's how it is... Zhouguang's bloodline and Taiyu's bloodline can also transform!"

Ye Chen felt that his Zhouguang bloodline and Taiyu bloodline had undergone a slight transformation, and his comprehension of space Taoism had unexpectedly increased to a certain extent.

The void dao pattern is the law between heaven and earth, and its existence is the embodiment of the perception of the law and the great way. Once you understand these void dao patterns, you will have a stronger grasp of the universe.

"Even if the world collapses, the way of heaven collapses, and the void shatters, it should be completely annihilated and buried with the great world."

"Why do void dao patterns exist here? What happened in this phantom pagoda? Could it be that countless small worlds collapsed?"

But looking around, he didn't feel any killing intent.

This void dao pattern can only be born after the dilapidated and buried space is continuously extinct. After endless years, it is possible to produce a thread. Could it be that this place... between birth and death, has been reincarnated through the ages?

"But those creatures, I can't touch half of them!"

Ye Chen clearly felt that this world was constantly changing in the cycle of life and death.

Katsa!

Just when Ye Chen was in doubt, a ray of chaotic breath from outside the sky turned into a raging violent will to whip the void, accompanied by a sarcasm:

"Ants who are overconfident, dare to spy on the place where our clan lives?"

Space cracks emerged from the chaotic atmosphere. The space cracks were filled with the atmosphere of destruction and dilapidation. These space cracks continued to spread, as if they were going to tear the world into pieces.

In an instant, Ye Chen's divine consciousness was completely shattered!

"Um!?"

Seeing the destructive aura erupting from the space crack not far in front of him, Ye Chen's face changed suddenly.

"what happened?"

"The aura erupting from the space crack is so familiar?"

"This breath is boundless in time and space!"

On Ye Chen's skin, all the hairs stood on end, not out of surprise, but from the anger and doubt in his heart.

Could it be that this Illusory Dao Pagoda was also eroded by Wuwu Time and Space?

Then the magic door...

Not allowing Ye Chen to think about it, he raised a low cry, and the Hong sound shook the four directions.

The countless living beings around were disturbed by the sound waves, and they exploded in an instant, and the sky was stained red with blood rain.

They could clearly feel the terrifying power contained in the crack in the space. The terrifying aura was almost comparable to the attacks of ordinary immortal emperors. Ordinary creatures would surely die.

"That is?"

Ye Chen's heart moved, and he looked towards a certain direction in the void.

I saw a stone pillar with a diameter of about a thousand feet standing on a continent. This stone pillar was crimson red and scorching like a flame. There were countless mysterious lines on it, exuding terrifying fluctuations. These lines intertwined Vertical and horizontal, like a huge talisman.

"Formation? But... who set this up!"

Ye Chen could tell at a glance that this formation was extraordinary, even he didn't feel the slightest flow of inexplicable breath, it seemed to be completely carved into the avenue of heaven and earth, and melted away with it.

There are no eyes!

"hiss!"

Can't help but take a breath, at this moment, when Ye Chen raised his eyes, it was a giant eagle flying out of the void, it was burning with raging flames, its wings fluttered, and a violent storm swept across, a pair of blood red Eye Tong is cold and heartless.

The flame was actually composed of blazing, inextinguishable real fire, and the terrifying high temperature carried by the giant eagle made the aftermath of the destruction here stagnant, and its strength was extremely terrifying.

"Dare to spy on the ancestral land of the Nine Flame Demon Falcon, you will die!"

The blood-colored falcon turned into a human form, overlooking Ye Chen from a high position, extremely proud.

...

The Nine Flame Demon Falcon is a powerful monster that knows no time and space. It has a bloodline that is not inferior to that of the Immortal Phoenix. It is a powerful existence among the ancient beasts.

!

The real world barely exists.

I was able to see a Nine Flame Demon Falcon here today, it seems that there is really something wrong with this Illusory Dao Pagoda!

The bloodline of the Nine Flame Demon Falcon is noble. It is rumored that this family, regardless of the timeline, still has nine lives.

And their strength is also extremely powerful, and at a certain stage in Wuwu time and space, they also have a great reputation.

However, the group of the Nine Flame Demon Falcon has disappeared in the endless years, and no one has heard of them.

Now, in this Illusory Dao Pagoda, Ye Chen actually met him.

"Is it the inheritance of the Nine Flame Demon Falcon? No wonder they are so arrogant and domineering!"

Ye Chen's eyes gradually became a little colder, and he looked directly at the man in front of him.

Although in his opinion, this race is not a real human race, it has the characteristics that only humans can have.

Greed, bloodlust, and ruthlessness are all due to their talents.

"Regardless of whether the Illusory Dao Tower is really different or not, the Nine Flame Demon Falcon family is doomed to perish!"

Ye Chen's eyes burst out with a sharp brilliance, and as he waved the Samsara Heavenly Sword in his hand, it turned into thousands of sword lights, and slashed towards the falcon overwhelmingly.

"Hahahaha, the blood of the human race in the real world is the most delicious. I haven't eaten meat for a long time, so I use you to sacrifice the flag!"

Seeing Ye Chen's attack, the Nine Flame Demon Falcon sneered, swallowing blood into the sky, making the world pale and shrouded in blood.

Boom~!

Two powerful forces collided, and the void shattered.

"This guy's strength is much stronger than I imagined!"

After only one confrontation, Ye Chen had a calculation in his heart. If it was a battle in the same realm, he would not be afraid.

But the current Nine Flame Demon Falcon's cultivation base is much higher than his, so he must do his best and fight to the death!

Ye Chen made up his mind, whatever he said, he had to leave it here!

"The law of time and space, the wall of time and space!"

Ye Chen was not in a hurry, the two blood vessels of Zhouguang and Taiyu in his body were driven by energy, the laws of time and space bloomed, and runes all over his body exploded, and the laws of time and space formed a huge wall.

This huge wall is the wall of time and space, possessing the great power of freezing time and space.

At the moment when the wall of time and space appeared, the time and space around Ye Chen seemed to be frozen and stagnant.

"Zhouguang, Taiyu? It's a bit interesting, but your cultivation level is far behind!" The Nine Flame Demon Falcon sneered, soared up, turned into a thousand-foot-high giant falcon and stretched out its claws, shaking Ye Chen hard!

A layer of faint fire light diffused on its claws, as if it incinerated the void.

Peng Peng Peng~!

The wall of time and space shattered and turned into a sky full of brilliance.

However, Ye Chen's figure was also shaken back by the strength of the claw, and he shot a hundred feet away all the way.

"Huh? You are actually able to block this king's blow, and you still have some skills, but since you are not from our domain, then you can take this life!"

The eyes of the Nine Flame Demon Falcon flickered with coldness, and with a sudden flap of its wings, its whole body turned into a torrent of blood, rushing towards Ye Chen like a river flowing backwards, like a flash of lightning!

Chapter 9277

"Heavenly Thunder Divine Vein, Excalibur Yu Lei Jue, break it for me!"

Ye Chen yelled violently, the Heavenly Thunder Divine Vessel was opened directly, and the thunder exploded all over his body, and then he sacrificed the Samsara Heavenly Sword, summoning the Nine Heavens Divine Thunder, brilliant Tianwei, and using the sword to induce it.

Rolling thunder and lightning, falling down like a waterfall, merged with the Samsara Heavenly Sword.

hum!

The Heavenly Sword of Reincarnation vibrated violently, its brilliance bloomed, split light into shadows, and burst out thousands of thunderous sword energy.

When a sword fell, the void shattered, and the terrifying sword-like light made the entire Illusory Dao Tower tremble endlessly.

The Nine Flame Demon Falcon also had a dark face. He didn't expect Ye Chen to have such a means. However, their bloodline was against the sky. Although the bloodline was meager after years of washing, he still occupied the luck and terrain of this place.

Ye Chen's sword is powerful, but it can't kill it.

Choo Choo Choo!

The Nine Flame Demon Falcon opened its mouth and roared, with nine heads growing across its neck, and strange wings growing on it, hanging high like nine heavenly sword blades, fanning the violent wind, blowing the surrounding space into ashes.

Ye Chen snorted coldly, stepped on the void with both feet, and lightly stepped on the toes to make a circle of ripples.

Whoosh!

Ye Chen's figure suddenly disappeared in place at this moment, and appeared in another direction outside the void.

"The void dao pattern really made my Zhouguang and Taiyu bloodlines evolve again... Even the Great Desolation Stealing Heaven Art is a bit stronger."

Even in the face of such a turbulent offensive, Ye Chen is not afraid now.

"Small tricks!"

The Nine Flame Demon Falcon was furious, turned around and flew into the air, that huge body bombarded the ground heavily, blasting the ground out of a big hole.

Ye Chen's speed was so fast that he almost turned into an afterimage, swaying in front of the Nine Flame Demon Falcon, and made an indifferent voice from time to time:

"How can you say that you are also from the existence of Wuwu time and space, why do you like to attack others so much? I heard that your family hates doing this kind of thing the most!"

"Despicable boy! You shouldn't offend my Nine Flame Demon Falcon clan!"

"Human race in the real world, inferior food!" Nine Flame Demon Falcon shouted coldly, his eyes filled with ferociousness. This is a real ancient monster. Such a state shows the horror of its strength, which cannot be underestimated

.

The two are destined to live forever!

"Really? Then I'll see if it's you or me!"

Ye Chen's eyes narrowed, and he used the Great Desolation Stealing Heaven technique to blast his figure, turning into a sword light and galloping out, with sword energy like a rainbow, slashing towards him.

The Nine Flame Demon Falcon snorted coldly, stretched out its giant claws, and grabbed the bright colored Changhong that rushed.

Rumble! ~

There was a loud noise, and two terrifying energies collided and clashed again, and the entire Illusory Dao Tower.

"You lowly creature, this king will crush you to death!"

The Nine Flame Demon Falcon tore Ye Chen's Changhong into pieces with one claw, let out a roar, opened his mouth and sucked it, and immediately a large amount of space fragments poured into its mouth.

The Nine Flame Demon Falcon family already had the talent to devour space elements. These space elements entered its body and turned into its purest power, which improved its cultivation and made its momentum skyrocket.

"interesting."

Ye Chen was secretly startled, this guy actually has such a talent against heaven.

"It seems that this beast must be removed as soon as possible!"

Ye Chen gritted his teeth and said secretly: "Only by beheading him can this place be completely safe!"

Thinking about it, Ye Chen's body moved, turned into a sword light, and flew to the vicinity of the Nine Flame Demon Falcon in an instant, and the sword energy burst out, splashing into billions of sword blades.

These blades, in the eyes of the Nine Flame Demon Falcon, are sharp swords, and each blade contains the extremely sharp sword intent of the Heaven Severing Nine Swords, showing its sharpness.

"The donkey is so poor!"

The Nine Flame Demon Falcon opened its mouth dismissively, its huge beak faltered, and a ball of flame gushed out.

Rumble!

The turbulent energy poured down the sky, shattering the original world of the Illusory Dao Pagoda, and the engraved mysterious runes emitted a strange brilliance.

Every rune intertwined in the Illusory Dao Zun Pagoda imprisoned one world, and the Nine Flame Demon Falcon that was encountered by just one of them had already made Ye Chen burnt out.

Click!

Click!

It seemed to be the sound of some kind of seal being broken. On the sky, cracks were ripped open, and a vast force poured in. Ye Chen was stunned for a moment.

"This is... the boundary force that has no time and space!"

Every pore in his whole body was expanding, that darkest feeling, even Ye Chen's dantian hummed faintly.

Domineering auras continuously appeared in the sky. Apart from the Nine Flame Demon Falcon family, are there other races from Wuwu time and space?

There are dozens of auras, which are stronger but not weaker than the Nine Flame Demon Falcon!

A bright white crane came through the void, its whole body shone brightly, but it gave people a chilly feeling.

Followed by it was also a giant ape that was covered in snow, but had a cluster of furry feathers on its head. Its body was as majestic as a mountain, and its hair was as sharp as knives and guns.

"Cangyu Crane, Sky-Tearing Demon Ape!"

Under Ye Chen's watchful eyes, there are still a few peerless ferocious beasts striding forward, exuding a vast aura like a prehistoric one!

"Jie jie jie!"

The Nine Flame Demon Falcon's eyes gradually became cold and ferocious, and said: "Boy, it seems that you are really unlucky!"

"The breath of the real world is still so annoying!" Cangyu Crane's solid killing intent covered its feathers, and its sharp beak pointed directly at Ye Chen's chest.

"Oops!"

Ye Chen cursed secretly, there are thirteen heads without time and space, and the aura emanating from each guy is not weaker than the Nine Flame Demon Falcon.

The crane and the giant ape are even worse!

They want to surround and kill themselves!

These are all overlords that have existed since ancient times. If one is not careful, they will be instantly killed and turned into scum!

However, in the face of these thirteen terrifying kings attacking together, Ye Chen had no way out.

Fortunately, there is no time and space here, and their strength can only play a part!

"Body and sword unite, break!"

No more hesitation, Ye Chen sacrificed the Heavenly Sword of Reincarnation, his own blood merged with the Heavenly Sword, and his body and sword became one. People are like swords, and swords are like dragons. He does not flinch, but slashes forward fiercely with his sword.

Sparks overflowed, and Ye Chen's sword intent was resisted by the extremely powerful feathers, unable to break through. The defensive power of this blue-feathered crane was terrifying.

Ye Chen's eyes shrank, these feathers, like cast fairy gold, could not be destroyed at all.

"The mayfly is also trying to shake the tree!"

The Cangyu Crane taunted, and as its wings vibrated, endless and violent power rushed towards Ye Chen like a tide.

Ye Chen retreated quickly, but he was still swept by the violent wind, his clothes were covered with dust, and he was extremely embarrassed. Martial arts without time and space are much better than reality.

Chapter 9278

"Ha ha ha ha!"

"Hahaha!"

Nine Flame Demon Falcon and Tiantian Demon Ape let out a mocking laugh, feeling very happy about Ye Chen's embarrassed appearance.

This is their territory, so they are not worried, their home field, they can abuse Ye Chen to their heart's content.

The feathers of the Cangyu Crane turned into streamers of light, and shot towards Ye Chen densely.

At the same time, the giant ape's palm slammed like a mountain, and a palm print slammed down, blasting the void, with terrifying power.

These two extremely terrifying existences worked together to encircle and suppress Ye Chen. If it wasn't for his tyrannical strength, he might have fallen here.

Facing such a terrifying attack, even Ye Chen felt troubled.

"Boy, the ants in the Profound Sky Realm in the real world still want to resist us! They are courting death!" Nine Flame Demon Falcon said indifferently.

boom!

The palm of the tearing demon ape shattered the void around Ye Chen, and Ye Chen's tiny figure fell like dust in the collapsed place.

"Ha ha ha ha!"

Looking at the overthrown figure, the Nine Flame Demon Falcon laughed loudly: "Our royal family, how can you allow your humble stuttering to be reckless here, this king..."

Before the words fell, the eyes of the Nine Flame Demon Falcon faltered. Where was the figure of Ye Chen in the place where the dust had settled?

"It's careless, this guy's space law is very good!"

The Sky Tearing Demon Ape was also taken aback, and was quietly run away by that kid?

Cangyuhe said indifferently: "It's okay, let's chase separately, he can't run away!"

The Nine Flame Demon Falcon and the Sky-Tearing Demon Ape lowered their eyebrows respectfully, and the other ten monsters of Wuwu Time and Space all took orders, turning into streaks of streamer and scattered in all directions.

...

Rumble!

Thirteen rainbow-like auras penetrated the heavens and the earth, setting off endless waves of killing wherever they plundered, and the sea of blood spread across the sky.

The stars are exploding one after another, and endless creatures are buried in them.

"cough!"

Feeling the terrifying aura of destruction, Ye Chen, who had turned into a mustard seed, frowned.

"Why is this Illusory Dao Pagoda trapping these monster races without time and space?"

"Is there someone planning?"

"The only good news is that their strength is also suppressed by rules."

"Otherwise, any one of them will kill me."

"However, the bad thing is that even if my reincarnation body is against the sky, the current Wuwu time-space injury is difficult to heal quickly..."

The boundless power of time and space contains dao injuries.

The blood hole in his chest was healing slowly, and now he had to break the situation and find the entrance to the sixth floor of the Illusory Dao Zun Tower in order to escape.

"This is?"

When Ye Chen inspected the injury, he was also surprised to find that the aura in his dantian gradually became moist and solid.

Actually, the realm has improved a little bit!

"Is it the previous battle?"

Ye Chen suddenly realized that the speed of time and space here is more than dozens of times that of the outside world. Such fierce fighting is equivalent to his martial arts comprehension, and he will also advance by leaps and bounds.

Thinking of this, Ye Chen's eyes lit up, but then he shook his head again.

"No, right now we still have to find the entrance to the sixth floor as soon as possible!"

"Find the entrance to the sixth floor of the Illusion Dao Zun Tower first!"

With a thought in Ye Chen's mind, a tyrannical aura erupted from his body. Even though his body was injured, this aura was still as mighty as a torrent, eclipsing the stars around him.

In a few breaths, the breath that was incompatible with this world was locked.

"That's right there, the entrance to the sixth floor!"

For a moment, the eyes of the thirteen monster clan powerhouses also looked at a dim star, all showing a smirk.

"Go ahead and tear him apart!"

Cang Yuhe ordered softly.

The roar shook the sky, and the thirteen terrifying monster powerhouses without time and space, like thirteen giant peaks of the sky, crushed mightily towards the dim star.

"What a terrifying aura, it came so fast!"

Ye Chen gritted his teeth tightly.

boom! boom! boom.....

There was a dull loud noise, and the attacks of the thirteen Wu Wu Wuwu royal families all bombarded on the dim star, causing terrifying shock ripples, which shook and distorted the surrounding void inch by inch.

The ground under Ye Chen's feet was instantly crushed into countless powders and dissipated.

The dazzling light did not dissipate, but was still raging, trying to kill Ye Chen.

Ye Chen frowned, and released his soul perception, but he didn't find anything unusual at the entrance of the sixth floor.

Is it because I worry too much?

Ye Chen's face was quite puzzled, and the group of guys who came after him never chased him down.

But he didn't stop, the power of the soul was released, covering a radius of ten thousand zhang, and rushed towards the entrance.

"wrong!"

Suddenly, Ye Chen frowned.

In that distant void, Ye Chen noticed a special kind of fluctuation, like a crack in space. Ye Chen's spirit spread out, and he saw faint space cracks flickering in the distant void, and there were more and more of those space cracks, as if they were devouring the surrounding space, absorbing the surrounding space

power.

"Not the entrance!"

"It turned out to be a space crack!"

Ye Chen's expression changed, and he exclaimed.

Where is the entrance to the sixth floor? The only thing in front of him is the one that has been torn apart and leads to the unknown chaotic space.

It is a terrifying existence in the chaotic universe. Their existence is like a sharp knife, constantly cutting through the space barriers of the chaotic universe, causing endless space turbulence to appear in the universe.

In the universe, this kind of chaotic matter can even cause space to collapse, and all time and space will be annihilated with the collapse of space.

"How is it possible, the fifth floor space, there is no way to the sixth floor, it is broken!"

Ye Chen clenched his fists, the fluctuation was indeed true, but the reality in front of him made him despair.

"oh?"

"Hahahaha, do you want to go to the former boundary wall?"

Seeing Ye Chen stop, the Nine Flame Demon Falcon couldn't help but sneer: "A wishful thinking ant."

"You probably don't know yet, the so-called boundary wall has already been pierced by our clan, the upper level?"

"Everyone in front of you is from there, so you can understand, right?"

The Nine Flame Demon Falcon looked at Ye Chen with a playful look and said.

"What, the entire space on the upper floor has been pierced?"

"In other words, these guys who should be on the sixth, seventh, or even eighth or ninth floors are the thirteen people in front of us!"

Ye Chen's expression was extremely serious.

But this doesn't make sense, what is the mysterious rune engraved on the void? It was the fierce fight between myself and the Nine Flame Demon Falcon that broke the original seal, but how could the space boundary here, the passage leading to the fifth floor of the Illusory Dao Zun Tower, disappear out of thin air?

Chapter 9279

The blue-feathered crane stared at Ye Chen from beginning to end, without moving for a moment. Just when Ye Chen thought he was going to make a move, the white crane turned into a young man.

His long hair was hanging down, his eyes were snow-white, and he looked very attractive. He stood with his arms folded and smiled lightly.

"You guys, you can do it!"

Roar!

In an instant, the twelve Monster Race Xeon behind him roared in unison, and a fierce offensive swept in.

The twelve beings without time and space join forces, and their power is more than doubled.

That violent attack made the whole world tremble.

"not good!"

Ye Chen's heart trembled, and he felt the terrifying power coming towards him, and he hurriedly used his supernatural power to resist it.

boom! boom! boom! ~

A series of dull crashes sounded, exploding in Ye Chen's sea of consciousness, causing shocking waves.

"What a powerful attack!"

In just one round of attack, Ye Chen's sea of consciousness and dantian seemed to be about to be shattered!

"interesting!"

The Cangyu Crane murmured thoughtfully, and the corners of its mouth curled up.

Even though Ye Chen has made some progress, his cultivation is still not enough compared to others. Under the siege of the twelve existences without time and space, he, a human race in the Profound Sky Realm, has already become a superhuman being. A lot of wounds.

"This is....."

In the terrifying killing methods, Ye Chen felt that there was an ethereal aura in the offensive of the twelve kings of Wuwu Time and Space.

Their attacks contained some kind of wonderful regular power, which made Ye Chen's body a little bit overwhelmed by this fierce offensive, as if his physical body didn't belong to him.

boom! boom! boom!

Round after round of attacks, they kept hitting Ye Chen's defense, spraying blood mist one after another, the pain was worse than blood dripping from a severed limb, and the physical body was about to be smashed to pieces, it was unbearably painful.

"cough!"

Presenting a one-sided situation, Ye Chen became a blood man in the blink of an eye, sitting slumped on the ground.

The muscles and bones all over his body were shattered, leaving only a lump of fleshy paste, and if there was not a faint sound of breathing, it would be no different from paste.

"It seems that the wish just now has come true."

Ye Chen said weakly.

The Nine Flame Demon Falcon sarcastically said, "Wish? A wish to be eaten by this king?"

Ye Chen stood up: "You think too much."

"Since you want to fight, I will fight with you."

"The mother's nest of rune ghosts, demons are born and descend!"

Ye Chen shouted loudly, waved his big hand, and sacrificed the mother nest of the talisman ghost.

A huge dark lair suddenly appeared in the air, and countless dark and mysterious auras erupted instantly.

woo woo woo...

Between the sky and the earth, the wind howled.

A group of monsters surrounded by dark runes and flowing with foul-smelling corpse water rushed out of the mother's nest of rune ghosts, grinning ferociously, and killed the surrounding monster races without time and space.

As soon as the talisman ghost nest came out, all the monster races present were shocked!

"It's interesting, but it's a pity that your cultivation base can't support a real mother's nest of rune ghosts!" The Sky-Tearing Demon Ape waved his palm, and the demonic flames surged to the sky. , roaring and shaking the sky, grabbed it with one claw, broke the void, tore it in two, and smashed the countless talismans

Ghosts and even Ye Chen devoured them.

"it's over!"

Nine Flame Demon Falcon laughed, that crazy kid died in the end.

The Sky-Tearing Demon Ape also stopped, and when the twelve kings were about to leave, a teasing whisper made them stop: "Interesting, interesting!"

The blue-feathered crane's eyes showed eagerness.

"He's not dead yet, his aura is still lingering between heaven and earth."

Seeing this, the Nine Flame Demon Falcon patted his chest and said, "Boss, this time, I'm here to take his life, and my spirit and soul are gone!"

"Hahaha, okay, I will leave this matter to you."

Cang Yuhe smiled and nodded slightly. As Cang Yuhe's words fell, the aura of the existence of the twelve statues without time and space immediately dissipated, looking for Ye Chen's whereabouts.

...

"call....."

Ye Chen, who woke up again, was in an unknown area, and his mind was unstable.

Such a serious injury, if he comes again, he will definitely die!

Even the soul will be completely annihilated.

"It's still not possible without the help of the talisman ghost nest of the koi celestial talisman."

"However, this battle has increased my strength a lot."

"Fortunately, the time here is different from the time outside. I have enough time to spend with them."

Ye Chen struggled to get up.

"The thirteen monsters must still be looking for me everywhere, but in the current state, they can barely fight one-on-one!"

"I have to think of a way to break them one by one."

Ye Chen raised his eyes to look out of the sky, and there were mysterious runes looming at the end of the sky.

"A formation..."

"Could it be, a killing formation without time and space!"

A bold idea came to his mind, Ye Chen sat up in shock, thinking of something.

"This is the rumored banning formation, few people have seen it!"

There is no doubt that anyone who has seen its power has died.

With a thought in Ye Chen's mind, the samsara blood in his body boiled, his body flashed, and he flew towards the strange and mysterious runes.

The void pierced through, and Ye Chen's speed was extremely fast, and soon he caught up with the tracks of those weird runes. With the help of the Great Wilderness Stealing Heaven Technique to steal the space, Ye Chen had already come to the gap between the runes.

"This...is the pattern?" When Ye Chen entered the range of the pattern, he suddenly felt a strong coercion from the heavens, but he still gritted his teeth and held on, his mind closed, and he All attention is placed on the pattern.

Chapter 9280

Sure enough, at the core of this formation pattern, there is a huge formation platform.

The formation was golden yellow, as if it was poured with fairy gold, but the formation was not covered by formation patterns, and it could not be activated, and it dissipated and disappeared after a short while.

"This formation is a bit weird!"

Ye Chen secretly said.

This formation does not seem to be fixed here, but is suspended above the sky in this area, and circles of strange runes are wandering in the sky, constantly twisting and changing.

Right above the formation platform, there is a star, shining with a faint light.

"The array will disappear..."

Looking at the formation that flickered several times before disappearing into the invisible formation, Ye Chen's eyes were stunned, but he guessed the clue in an instant.

After all, his formation skills are not much weaker than his own martial arts talent.

"If it's really the legendary formation, it might be an opportunity for me!"

Ye Chen's eyes were fiery, and he didn't care about his situation at the moment, facing the joint pursuit of thirteen powerful men from no time and space!

"call....."

After a stick of incense, Ye Chen let out a sigh of relief, sure enough!

If it is not bad, I can feel a little bit here, even in the face of the attack and killing of those thirteen strong men, maybe there is a way to break the situation.

Destroy each one!

Ye Chen narrowed his eyes slightly, raised the corners of his mouth, and said, "Since this is the case, I have to feel the power of this formation."

After all, Ye Chen's figure suddenly plundered, disappeared in an instant, and melted into the endless thousands of stars.

The moment his soul came out, he seemed to be pulled and pulled by some vast force, and he couldn't control himself for a while!

Not only that, there is a space crack in the area where the power of the soul passes, as if it was cut by something, which makes people tremble with fear.

Fortunately, Ye Chen's own soul and martial ancestor's heart are stable and tough enough.

"cut!"

Ye Chen shouted loudly in his heart, raised his palms lightly, opened and closed his mind, and his divine sense turned into a pitch-black sword edge, cutting the space in front of him into two, and the strange pulling force was weakened.

"really!"

Ye Chen's eyes lit up, but after a while, his face became serious.

The mystery of this formation is really beyond his imagination, even Ye Chen didn't expect that this formation has such a mysterious power, a wave of formation ripples is going to crush the void.

How to comprehend this?

Not to mention comprehension, even approaching, I'm afraid it will be difficult.

This is really palpitating, with such power, I am afraid that even the emperor body of a high-ranking immortal emperor would not dare to resist so hard for a few rounds, right?

Ye Chen's goal is to find a trace of the trajectory of this Wuwushen formation, so as to use its foundation to prepare the formation to deal with the next killing. However, the pattern of this formation is very strange, not to mention secretive and obscure, and sometimes dissipates into the invisible pattern that cannot even be touched. There is no way to decipher it at all. Ye Chen can only rely on his familiarity and understanding of the formation ,

Go slowly and try to crack it bit by bit.

"Huh?"

Suddenly, Ye Chen's pupils shrank slightly, and a hint of surprise flashed in them.

Because Ye Chen's soul actually sensed an extremely strong wave of breath passing over.

And this aura fluctuates extremely powerfully, it seems to come from a distance, this is... above the Immortal Emperor! ?

Another super strong man!

"Impossible! Is there such an existence in the upper space of the Illusory Dao Tower?"

Ye Chen's face was filled with astonishment, could it be the ancestors of those self-proclaimed royal families who have no time and space?

His strength is far from that of a strong man at this level, but he has sensed that sky-swallowing fluctuation. What kind of unreachable realm is that?

And that terrifying martial arts aura, although hidden, Ye Chen can be sure that it will never be wrong.

"What should I do? Should I continue to move forward, or leave?"

Ye Chen couldn't help but secretly sighed, and felt a sense of retreat in his heart.

Although Ye Chen was shocked by the pattern of Wuwushen Formation, he was not sure that he could comprehend it in such a short period of time, let alone under the supervision of a super powerful statue.

That is the existence close to the God of the Emperor of Heaven, every move of his hand will make the universe turbulent, Ye Chen doesn't think that his current state can withstand even one blow.

"No! This is a great opportunity, if you miss it, it would be a pity!"

Ye Chen thought for a few times, his eyes turned sideways, and said: "The ordinary formation will definitely be cracked by those guys. If you can't comprehend the true meaning here, even if you face those thirteen guys, you will definitely die!"

Ye Chen could not help but frown when he thought of the strength of the Nine Flame Demon Falcon, the Sky Tear Demon Ape and other powerhouses in time and space.

"And that guy... never shot!"

Intuition told Ye Chen that the Cangyu Crane was the scariest!

"To die at the hands of a strong man of this level, at least he will have a good time. It will end in the same way anyway, fight!"

Ye Chen chose to take the risk.

Since you want to take a risk, then take a big risk!

A savage look flashed in Ye Chen's eyes, and the blood in his body began to boil.

A pair of eyes turned red, and a burning sensation filled his body.

Ye Chen stood upright with both feet, and the flesh, muscles and bones in his body were all undergoing transformation.

Roar!

With the explosion of Ye Chen's breath, a roar roared, and a monstrous evil spirit surged from his body, showing his magic power.

"Um?"

"over there!"

For a moment, the strange laughter of the Nine Flame Demon Falcon resounded, and it felt that wave of fluctuation.

All the kings except Cang Yuhe set off together.

Roar!

There was another loud noise, and Ye Chen's whole body turned into a stream of light, moving recklessly towards the stars all over the sky. Rumble!
