Chapter 9441

The forest is dying, and the trees are constantly withering under the impact of the magic energy.

The Thousand-Handed Heavenly Demon roared, its voice was earth-shattering, and its towering body almost smashed the sky.

Ye Chen frowned, he didn't expect that he couldn't stop Kazama Qingling's illness after all, and even he felt troubled by such a terrifying thousand-handed demon scene.

"Master Ye, Lord Grass God, what's going on?"

Wang Pingan brought Wu Zhan, Lian Meng, and many high-level experts from the forest, and hurried to Ye Chen and Qing Yan.

Wang Ping'an was shocked by the sudden appearance of the Thousand-Handed Demon.

Wu Zhan and Lian Meng sighed sadly, they knew that this thousand-armed celestial demon was actually Qingling Fengjian.

Qingyan, the God of Grass, said: "Brother Yechen, the forest is in danger of being destroyed, I can't sit idly by."

He said to Wang Ping'an and the others: "Go and suppress that demon."

She urged the watch tree to send blessings to Wang Pingan and others.

The situation was critical, and Wang Pingan, Wu Zhan, Lianmeng and others didn't care too much. Under the blessing of the little grass god Qingyan, they led many strong men from the forest to attack the thousand-handed demon.

bang bang bang!

Countless martial arts supernatural powers, and the light of weapons and magic weapons bombarded the thousand-handed demon, but they didn't have the slightest effect.

The thousand-handed demon, with its towering body, is surrounded by countless vast laws, and ordinary attack methods can't hurt it at all.

"Oops, Brother Marven Ye, maybe you need to take action."

Qingyan, the God of Grass, looked at Ye Chen. The strength of the Thousand-Handed Demon was beyond her expectation.

Many strong men in the Watching Forest were unable to kill the Heavenly Demon. Perhaps only Ye Chen could suppress it.

Ye Chen frowned, if he made a move to kill the Heavenly Demon, it would be equivalent to killing the Qing Ling in the Wind, and he would definitely provoke the Antian Emperor.

Although Ye Chen is not afraid, but he is about to have a decisive battle with the goddess, so it is not appropriate to make troubles.

"Hey, it's actually a thousand-handed demon."

In the cemetery of reincarnation, Beiming Tiandi was also quite surprised when he saw the appearance of the thousand-handed demon, and then said:

"Fortunately, the devilish energy is still on the surface, not too deep, and there are ways to save it."

Upon hearing this, Ye Chen quickly asked, "Senior, do you have a solution?"

Beiming Tiandi nodded and said: "Well, I have a supernatural power called Beiming Swallowing Heaven, which can swallow everything. I will teach you Beiming Swallowing Heaven. If you swallow the devilish energy of this thousand-handed demon, you will be able to swallow everything." Get that girl back to normal."

"With your physique, the devoured devilish energy should not harm you."

"It's just that if you cultivate my supernatural powers, you will inherit my karma. I have a deep-rooted hatred with Ancient Venerable Qingniu. If he knows that you are my successor, he will not let you go."

Ye Chen smiled freely and said: "It's okay, isn't the ancient venerable Qingniu just the mount of Fengshen Tianzun? Why should I be afraid?"

Even Ye Chen had seen a lot of Ninth Rank Heavenly Emperors, so he was naturally not afraid of a mere Ancient Cyan Bull.

Beiming Heavenly Emperor, however, had a solemn expression, and said: "Great Venerable Qingniu is in charge of the Slaughter Immortal Pond, and he is definitely not easy to deal with, and I vaguely deduce that there is a tailed beast behind him, otherwise, it would not have been so easy back then. Conquering my Beiming time and space, killing me in three moves, that is not his power, there may be the power of the tailed beast behind it."

"You inherit my karma, and in the future you may not only face ancient Zun Qingniu, but also the tailed beast behind him."

Ye Chen's heart trembled, and he asked, "How many tails?"

Beiming Tiandi said: "I don't know, but all tailed beasts are extremely terrifying existences, and they are definitely not easy to deal with."

boom!

When the two were talking, the warriors in the forest were still fighting fiercely with the Thousand-Handed Heavenly Demon.

Wu Zhan looked like a madman, bursting out with the ultimate power of a demigod, and finally punched hard, leaving a terrifying mark on Qianshou Tianmo.

But his body was also grasped by the Thousand Arms and Hands of the Thousand Hands Heavenly Demon. After a while of kneading, his body was finally like a tattered rag doll.

, was thrown on the ground, dripping with blood, seriously injured and dying.

"Brother Wu Zhan!"

Lianmeng cried and ran over, wanting to hug Wu Zhan, but didn't dare to touch it.

Wu Zhan's body was already shattered, his lips buzzed, wanting to say something, but in the end he couldn't say anything, and he died out of breath.

Lianmeng burst into tears on the spot. Seeing Wu Zhan's death, Ye Chen's scalp became numb. Knowing that the matter was serious, he hurriedly said to Beiming Tiandi:

"Senior, quickly teach me the method of swallowing the sky of Beiming!"

Even if he had to face Gu Zun Qingniu and the Tailed Beast in the future, Ye Chen couldn't care less.

"good."

Beiming Tiandi didn't talk nonsense, flicked his fingers, and a spiritual light shot into Ye Chen's mind.

Ye Chen immediately felt that a mysterious and exquisite Heavenly Emperor Kung Fu method flashed through his mind, as if it had the terrifying power to devour everything.

In fact, Ye Chen also has mastered the method of devouring. For example, his talisman ghost nest has a powerful devouring power.

However, the devouring power of the mother's nest of talisman ghosts is naturally inferior to Beiming's swallowing sky method.

Beiming Tiandi is worthy of being the former Ninth Rank Heavenly Emperor. He participated in the creation of the Heavenly Emperor's ancestral court and held the hands of Tianqing.

Ye Chen's talent is extremely high, and he instantly comprehended the method of swallowing the sky of Beiming.

When he opened his eyes, he saw the thousand-handed demon, with a thousand arms, and a thousand magic hands, grabbing Lianmeng, wanting to let Lianmeng and Wu Zhan be buried with him.

"Beiming Tuntian Fa, suppressed by me!"

Without saying a word, Ye Chen blasted out his big hand, and a terrifying black hole appeared in the palm of his hand. As if he wanted to swallow the world, he slapped the thousand-handed demon's body with a ruthless palm.

boom!

This palm was so powerful that it almost knocked down the thousand-handed demon's tall body.

The black hole on Ye Chen's palm also spun crazily, emitting a terrifying suction force.

This suction crazily devoured the demonic energy of the Thousand-Handed Demon, causing the air between the heaven and the earth to hum.

In an instant, the devilish energy from Qianshou Tianmo's body poured into Ye Chen's palm.

Ye Chen absorbed a large amount of magic energy in an instant, his skin became pitch black, and his whole body was about to explode.

"Darkness transfer, star of the night!"

Ye Chen didn't rush, and transferred all the absorbed magic energy into his own dark night star space.

The star of life in the night absorbed a large amount of magic energy, and there was a strange touch happening faintly, as if it was about to be lit up, but it just missed the opportunity, so it couldn't light up.

Ye Chen had an uncomfortable feeling that he wanted to sneeze but couldn't, so he took a few deep breaths to suppress this uncomfortable feeling.

It can only be said that it is much more difficult than he imagined to light up the night star.

Chapter 9442

And as a large amount of magic energy was absorbed by Ye Chen, the body of the thousand-handed demon also shrank rapidly, like a discouraged ball, and the appearance of thousands of hands and arms also shrank.

Soon, Qianshou Tianmo changed back to the appearance of Qingling Fengjian.

Fengjian Qingling's breath was weak, and she lay in Ye Chen's arms, struggled to sit up, and stared blankly at everything around her.

She had just turned into a demon and destroyed half of the Watcher Forest, leaving ashes and flames everywhere, as well as broken corpses.

At least a thousand people died under her hands, and bursts of crying came from all directions.

Kazama Qingling also saw that Lianmeng was holding Wu Zhan's shattered body, crying non-stop.

Qingyan, the God of Grass, is mobilizing the energy of the Watching Tree to bring the dead back to life.

But Wu Zhan is a demigod, it is very difficult to revive him, at least not the current God of Grass, and neither can Ye Chen.

In the end, the dead below the immeasurable realm were resurrected, but those above the immeasurable realm were still dead.

Fengjian Qingling knew that she had caused a catastrophe, and looked at the crying Lianmeng, at a loss, her face turned pale, and she didn't know what to do.

"Brother Ye Chen, God of Grass Tianzun, I..."

Kazama Qingling looked at Ye Chen and Xiaocao God, her eyes were full of guilt.

Qingyan, the God of Grass, said: "Miss Qingling, you can follow me to Wuwu Time and Space tomorrow."

She knew that it was useless to blame, after all, Kazama Qingling didn't want to.

Kazama Qingling felt deeply guilty, weeping and speechless.

In the early morning of the next day, under the light of the watchman tree, the destroyed trees in the forest had recovered. Everything seemed to be full of vitality, and there were no traces of blood from last night.

Only the tombstone of Wu Zhan next to the watch tree can make people sure that a terrible catastrophe did indeed occur in the forest last night.

And the Qingling in the wind is the source of all catastrophes.

She was very guilty, if it wasn't for Xiaocao God looking at her, she might have committed suicide and apologized.

Lianmeng was dressed in plain clothes, her body looked very weak, standing in front of her husband's grave.

"Brother Ye Chen, we are leaving."

The little grass god Qingyan brought Qingling Fengjian to thank Ye Chen.

"sorry."

Kazama Qingling's tears had already dried up, and she repeatedly apologized to Ye Chen and Lianmeng:

"Sister Lianmeng, I'm sorry."

Lianmeng was speechless, just looked at Ye Chen blankly, and said, "Master Ye, can my husband be resurrected in the future?"

Ye Chen said: "Okay, wait until I awaken the star of the night."

Lianmeng showed a sad smile and said, "Thank you."

Kazama Qingling Yinya bit her lips lightly, then sacrificed a crystal stone, handed it to Ye Chen and said:

"Brother Ye Chen, I'm really sorry, this piece of kendo crystal is my compensation for you."

Ye Chen said: "What is this?"

Kazama Qingling said: "This is the crystallization of the way of the sword that I have comprehended and comprehended over the years. I originally wanted to give it to my brother. I will give it to you now. Please accept it."

Ye Chen frowned, and said, "I can't take it."

Back then, Qingling Fengjian, after comprehending the sword art, also gathered the crystallization of the way of the sword, and presented it to her brother to help her brother ascend to heaven and become emperor.

Now that so many years have passed, the kendo crystallization she gathered is probably much deeper and more condensed than the original one.

If Ye Chen got it, he would be able to comprehend the mystery of the Sword God Art without any effort, just like Fujian Fuxue back then, he might ascend to heaven and become a god in one step.

Qingling Fengjian knew that he had sinned deeply, so he wanted to give this crystal of swordsmanship to Ye Chen as an atonement.

Qingyan, the God of Grass, said: "Brother Yechen, you can accept it. If you can comprehend the magic trick of the sword, then you will win the battle against the goddess."

The power of the Sword God Art is even more powerful than the Tiandou Dabutu Sword. Ye Chen himself has the foundation of Zhishui Kendo, so it is naturally much easier to understand the Sword God Art.

Kazama

Qingling wept and said, "Brother Yechen, please give me a chance to redeem my sins."

She knew that she had caused too much trouble, and she just wanted to make a little atonement.

Wang Ping'an and many strong men in the forest also hoped that Ye Chen would win the decisive battle, so they said, "Master Ye, just accept it."

Seeing that he couldn't make excuses, Ye Chen nodded, accepted the kendo crystal, and said to Fengjian Qingling, "Thank you, Miss Qingling."

Fengjian Qingling cried with joy and said, "Brother Yechen, I should be the one to thank you. Don't worry, I will make it clear to my brother that you are very good to me and did not hurt me, and I will not let him hurt you."

Ye Chen said: "That's very good, Miss Qingling, I'll thank you then."

After the discussion, Ye Chen bid farewell to Qingling Fengjian.

Qingyan, the God of Grass, took Qingling Fengjian to Wuwu Time and Space.

The matter is over here, and the only regret is that Wu Zhan died.

However, Ye Chen kept it in his heart, and when he awakened the Black Night Star and had enough strength, he would revive Wu Zhan.

At that moment, Ye Chen left the Watcher Forest and returned to the Star-Moon Realm.

He was afraid that Lianmeng would be too sad, so he took Lianmeng with him, and after returning to Xingyue Realm, he settled her in the Aoshi Tiangong.

Seeing Ye Chen's return, the entire Star-Moon Realm erupted.

There are still seven days left, which is the day when Ye Chen will fight the heavenly girl. The future life and death of the Star-Moon Realm and the entire Samsara faction will also be determined by that battle.

Ye Chen saw Tiannv's gauntlet, and could clearly feel Tiannv's strong fighting spirit.

The goddess must have been waiting for this day for a long time.

Chapter 9443

Since a long time ago, she has been carrying out the pig raising plan, and she has given Ye Chen countless favors and opportunities in the early stage.

Ye Chen can grow to this point, thanks to the heavenly girl.

Now, Ye Chen's reincarnation orthodoxy is strong enough, even strong enough to suppress the goddess herself.

If the goddess can harvest, she will ascend to heaven in one step.

Ye Chen knew that in this battle, he was only allowed to win, not to lose.

Once defeated and harvested by the goddess, the consequences will be unimaginable.

After returning to the Star-Moon Realm, Ye Chen immediately entered the state of cultivation.

In the practice room, Ye Chen sacrificed a spar, the spar was surrounded by sword intent, it was the kendo spar given to him by Qingling Fengjian, and it was said that it contained the mystery of Zhishui kendo.

The water-stopping kendo is part of the sword art.

A sword to stop water is the pinnacle of kendo.

In the past, Ye Chen had been exposed to Zhishui Kendo, but compared with the real sword art, it was still quite superficial and not deep enough.

Now the kendo spar that Qingling Fengjian gave him, the magic method of Zhishui kendo contained in it, is the real mystery, profound and infinite.

Ye Chen took a deep breath, calmed down, held the kendo crystal in his hand, penetrated with spiritual power, and began to comprehend with concentration.

boom!

When Ye Chen's spirit penetrated into the kendo crystal, his head almost exploded.

This kendo crystallization contained an extremely strong sword intent. The sword intent was so fierce that it almost exploded Ye Chen's spirit. It was extremely terrifying, as if it could cut everything in the sky.

That is the sword intent of Zhishui Kendo, tyrannical, invincible, detached from everything, and cut everything.

This Zhishui sword intent is really too strong, much more ferocious than the Zhishui swordsmanship practiced by Ye Chen.

Such a fierce sword intent is simply difficult to digest with Ye Chen's cultivation base of the seventh level of the Sky Profound Realm.

This is Qingling Fengjian, relying on taking forbidden medicine and participating in the research of hundreds of millions of century yuan, he comprehended the sword intent, the power is terrifying, it is difficult to describe in worldly words.

Back then, Fengjian Chuixue obtained a crystallization of Zhishui swordsmanship, and ascended to heaven and became emperor.

The kendo in Ye Chen's hands is now crystallized, and the fierceness of the sword is even more terrifying than what Fengjian Chuixue got back then!

If Ye Chen can digest all these sword intentions, it will not be a problem to cut against the dimensional wall and become a god.

Even in the cemetery of reincarnation, Beiming Tiandi was startled by this sword intent, and praised repeatedly:

"Is this the Sword God Art, the Way of the Water-Stopping Sword? It is indeed terrifying. Such a fierce sword intent, I am afraid that at least the cultivation of a high-ranking god can digest it."

"A higher god?"

The corner of Ye Chen's mouth twitched, now he only has the cultivation base of the Profound Sky Realm, and the realm of the High God is simply a dream for him.

"The Bi'an Huasan forbidden medicine is a bit powerful. After taking the medicine, I can comprehend such a terrifying killing intent in the way of the sword. I want to take it."

Beiming Tiandi repeatedly said that he also had a strong interest in the forbidden medicine.

However, interest is interest, he is just talking.

He knew that it was better not to be contaminated with such things as forbidden drugs, otherwise the disaster would be endless.

Such a fierce sword intent to stop water has accumulated hundreds of millions of hard work of Qingling Fengjian, and the richness of the background is naturally not something that Ye Chen can digest instantly.

Fortunately, Ye Chen had the background of Zhishui swordsmanship before, and it doesn't mean that he couldn't digest such a fierce sword intent at all.

He took a deep breath again and used the Beiming Swallowing Sky Technique to swallow part of the sword intents around his eyes.

The Beiming Heaven Swallowing Method created by Beiming Tiandi is very mysterious and can swallow all things, not only real existence, but also fantasy concepts.

Ye Chen can naturally devour the sword intent contained in this crystal.

The Beiming Swallowing Sky method unfolded, and a small part of the Zhishui sword intent was swallowed by Ye Chen.

After he devoured these Zhishui sword intents, in an instant, every skin in his body seemed to be cracked, and infinitely sharp sword energy burst out from inside, and his whole body seemed to be

will be chopped into pieces.

"What a strong sword intent, I'm afraid it will crush me!"

"Dragon Origin Body, open!"

Ye Chen's face sank, and in order to resist the sword intent, he immediately opened the Tianlong source body, and the many particles that made up his body burst apart, and golden dragons were born from it, resisting the invasion of the Zhishui sword intent.

Thousands of dragons were seen hovering over Ye Chen's body, shining golden light, which was extremely spectacular, sword qi burst out from Ye Chen's body again, slashing at these dragons crazily.

The whistling sound of sword energy, the sound of dragon chant and filial piety mixed together, and the divine light was billowing, bright and blazing.

Ye Chen's body was in great pain. Fortunately, the pain didn't last long. As the dragons were cut to pieces, the sword energy that erupted from the Zhishui Sword Intent also subsided.

The Zhishui sword intent that Ye Chen had just swallowed was also a matter of course, completely digested.

After digesting these Zhishui sword intents, Ye Chen felt that his Zhishui swordsmanship was at least ten times stronger than before!

"Just devouring a small part of the sword will make me so strong. If I devour all of it, I will become a god, and it will be a piece of cake!"

Ye Chen was very excited when he saw the kendo crystal in his hand.

However, he also knew that with his current cultivation, it was still difficult to digest this crystal.

After all, Qingling Kazama took forbidden medicine every day, comprehended hundreds of millions of lives, and poured countless painstaking efforts into it. How could it be so easy to digest?

Chapter 9444

Ye Chen cherishes the most important thing, puts away this kendo crystal, and plans to wait for his own cultivation base to become stronger in the future, and it will not be too late to refine and absorb it slowly.

"Maybe the goddess didn't expect that my Shishui swordsmanship would become so powerful?"

Ye Chen's heart moved slightly, the atmosphere of Zhishui Kendo did not spread to the outside world.

That is to say, outsiders don't know that Ye Chen's Zhishui swordsmanship has become stronger.

This is undoubtedly Ye Chen's hidden trump card!

If exposed at the right time, it would be enough to catch a person off guard.

Moreover, Ye Chen felt that after Zhishui Sword Dao became stronger, the limitations of his cultivation realm would faintly be broken.

His cultivation is about to break through from the peak of the seventh heaven in the Sky Profound Realm to the eighth heaven.

"It's not the time to break through now. It's not too late to break through when she is unprepared for the decisive battle with the goddess."

Ye Chen had a plan in mind, so he forcibly suppressed the urge to break through.

After that, Ye Chen calmed down and began to adjust the aura of various attributes in his body to prepare for the upcoming decisive battle.

After a day like this, suddenly the voice of grandfather Ye Xieshen came from outside the practice room:

"Ye Chen, I have a letter for you."

Ye Chen got up, pushed open the door, strode out, frowned slightly and asked, "Who sent the letter?"

Ye Xieshen saw Ye Chen's divine light all over his body, and his cultivation base was strong and powerful. He nodded secretly, and said, "Ye Chen, your cultivation base has improved so much, very good, very good. You have a great chance of winning the duel with the goddess."

He was holding a letter in his hand, and after he finished speaking, he wanted to tear up the letter, saying: "You don't need to pay attention to this letter, so as not to be distracted by outsiders and disrupt the rhythm."

Ye Chen's eyes were fixed, and he faintly caught the secret, and said, "Is it a letter from Gusu Yu?"

He snatched the letter and opened it to see that it was indeed from Gusu Yu.

In the letter, Gusu Yu said that she wanted to see Ye Chen.

The meeting place is the Rune Holy Land!

If Gusu Yuyue was in other places, Ye Chen might not care about it.

However, the place where she made an appointment was the Rune Holy Land, where Ye Luoer was now.

Currently, Ye Luoer inherits the orthodoxy of Fengshen Tianzun, her body is wrapped in a cocoon of feathers, as long as she can break out of the cocoon, she can become the new Fengshen.

But so far, Ye Luoer has not been able to break out of the cocoon.

Gusu Yu set the meeting place at the Rune Holy Land. Although he didn't say it explicitly, the threat behind it made people shudder.

If Ye Chen didn't go, she might have to make a move, which would be bad for Ye Luoer.

"This woman... must have been sent by Daode Tianzun."

Gusu Yu is a demigod, but in terms of real combat power, she is not Ye Chen's opponent.

She dared to meet alone, and behind it was the will and help of the moral Tianzun.

If Ye Chen went to the appointment in the past, it would not be dangerous, but his own rhythm would inevitably be disrupted, which would be very unfavorable for the upcoming decisive battle.

"Ye Chen, you can adjust your breath at ease, and don't worry about Gusu Yu."

"Don't worry, I will arrange people to watch her and make sure she doesn't make trouble."...

Ye Xieshen said, never wanting Ye Chen to be distracted.

As for the Rune Holy Land, he will send more people there to guard it strictly and not give Gusu Yu any chance.

Ye Chen's eyes flickered, he thought about weighing things up, and then said with a smile: "Hehe, since Gusu Yu wants to see me, then I'll go and see her."

"In her body, there is the power of the Immortal Pond of Origin, and I might be able to capture it."

In the dark, Ye Chen smelled a hint of opportunity.

In a few days, he will have a decisive battle with the goddess.

In the past few days, he may still get new opportunities.

That is, the Immortal Pond of Origin within Gusu Yu's body!

If he can absorb the energy of Yuanyuan Xianchi, Ye Chen's strength will definitely be able to go a step further.

Ye Xieshen was taken aback when he heard that, and said, "Gusu Yu has already refined Gusuyu, how can you take it? Even if you kill her, the Origin Immortal Pond will also be transformed into the original energy. Returning to the ruins, how can it be so easy to snatch it?"

Ye Chen smiled and said, "I have my own way."

If it was in the past, Ye Chen really couldn't help it.

But now, he has practiced the Northern Sea Tuntian Method of the Northern Sea Emperor.

And this Beiming Swallowing Sky method can devour everything, even if Gusuyu has already refined the Origin Immortal Pond, Ye Chen can still use strong methods to devour and plunder it.

Thinking like this, Ye Chen didn't talk nonsense, and immediately sent out his will, wanting to tell Gusu Yu that he would come to the appointment right away.

But the strange thing is that he didn't get any response to his will.

Gusuyu seemed to be avoiding something.

"Don't you want others to know?"

Ye Chen vaguely guessed something, Gusu Yu made an appointment to meet him, it should be hidden from the goddess, and he didn't want the goddess to know.

After all, Tiannv was arrogant and arrogant, she didn't bother to play any small tricks, and she didn't want to disturb Ye Chen's rhythm.

If Tiannu knew that Gusu Yu wanted to hurt Ye Chen, she would definitely stop her.

Ye Chen thought for a while, but also concealed his breath, so as not to let the goddess catch it, and set off directly to the rune holy land.

Because, Gusuyu was scheming against him, and he was scheming against her.

Ye Chen is very interested in the origin of Xianchi.

The void was torn apart, and Ye Chen came directly to the Rune Holy Land.

As soon as he came to the Rune Holy Land, he clearly caught the breath of Gusuyu. She was in the border area of the Rune Holy Land, maintaining restraint, and did not make any aggressive moves, just waiting for Ye Chen.

When Ye Chen came to that borderland, he saw the misty water vapor, and a woman stood quietly in the water vapor like a fairy in a picture.

Those mist-like water vapors all emanate from her body, which is the breath of the origin fairy pond.

Ye Chen walked into this place shrouded in water vapor, as if he had stepped into the Immortal Pond of Origin, into the territory of Gusuyu.

In this territory, Gusu Yu has the best feng shui advantage, while Ye Chen's external environment is at a disadvantage.

However, Ye Chen didn't care, he looked at Gusuyu calmly, and said, "Gusuyu, why do you want to meet me? You are not my opponent, so don't seek your own death."

Gusu Yu said: "Of course I am not your opponent, but the head teacher sent me here, he wants you to bleed, I can't go against his will."

Ye Chen smiled and said, "Let me bleed? I'm afraid you can't do it yet."

Gusu Yu laughed and said, "I'm also a demigod anyway, why do you look down on me like that?"

As the voice fell, her spiritual energy began to spin, and the surrounding water vapor churned and whizzed together. Wisps of water vapor turned into crystal flying swords, and then, with a shocking speed, they made noises, spreading across the sky toward Ye Ye. Chen killed the past.

"I said, you have no right to let me bleed, you can't hurt me yet."

Chapter 9445

Ye Chen's tone was cold, his body stood still, and there was a wave of spiritual energy as vast as the sea of the North Sea, surging around him. In the sea, giant kuns churned and flew into the sky and turned into golden rocs, which was spectacular.

That is the atmosphere of Beiming Tuntianfa!

Gusu Yu's flying swords of water vapor slashed over, and they were immediately swallowed and submerged by the Beiming waves around Ye Chen.

Beiming's Heaven Swallowing Technique is so powerful that it can even devour the enemy's attacking methods. After all, it is a magical skill created by Beiming Tiandi painstakingly, which is more powerful than ordinary magical skills.

"Hey, Beiming Tuntian Fa, you boy, who is Beiming Tiandi?"

Suddenly, an old and deep voice came from Gusu Yu's body.

The sound of this voice surprised Ye Chen, and Gusu Yu herself was also surprised, and subconsciously sacrificed a talisman.

It was a talisman edict given to her by Daode Tianzun, on which was painted a green bull totem, which was said to contain the killing will of Qingniu Guzun, a powerful man in no time and space.

At this moment, the green bull talisman was vibrating, buzzing, and a blue light emerged.

The old voice just now came from this talisman.

In the cemetery of reincarnation, Beiming Tiandi was also surprised and furious when he saw this talisman, and shouted: "Master of the tomb, this is the talisman of Ancient Venerable Qingniu!"

"Be careful of his killing fairy pond!"

Back then, Qingniu Guzun controlled the Slaughter Immortal Pond, opened up the Slaughter Time and Space, and killed Beiming Heavenly Emperor with the supreme way of killing.

When Beiming Heavenly Emperor was at his peak, he was the Ninth Rank Heavenly Emperor. Unfortunately, after the end of the Dharma-ending Era, his strength was consumed too much, his cultivation base dropped, and he was finally killed by Qingniu Guzun, which was a great shame in his life.

That Ancient Venerable Qingniu was also his sworn enemy, now that he sensed Guzun Qingniu's talisman, he couldn't keep calm.

Ye Chen had a deep insight into the sky, and immediately saw that the talisman in Gusu Yu's hand was given by the Daode Tianzun, and it contained the killing will of the Qingniu Guzun.

And Ancient Venerable Qingniu is actually a friend of Daode Tianzun!

Qingniu Guzun's will, feeling Ye Chen's Beiming Swallowing Sky Technique, instantly became unsteady, revealing an aura of fear and fear.

"Miss Gusu Yu, kill this kid quickly, and solve the trouble for your Tiannu Junior Sister."

Qingniu Guzun shouted in a deep voice, in fact, he was afraid that Ye Chen would become a god in the future, which would be bad for him.

He didn't know what the relationship between Ye Chen and Beiming Tiandi was.

However, Ye Chen's mastery of the Beiming Swallowing Technique already made him feel very uneasy.

He just wanted to kill Ye Chen before he became a god.

Even if it can't be obliterated, severely injure Ye Chen, and destroy his samsara foundation, that's okay.

After all, a waste is no different from a dead person.

"good!"

Gusu Yu's eyes turned cold, and she also wanted to kill Ye Chen in her heart to solve the hidden danger for the goddess.

At that moment, Gusu Yu threw the green bull talisman into the air, wisps of blue light bloomed from the talisman, and the divine light rolled.

There was a strong killing intent in that shocking divine light.

That was the fierce aura of Slaughter Immortal Pond.

Even, Ye Chen felt that there was a ray of familiar cause and effect behind the Immortal Slaughter Pond.

That was the cause and effect of the master of the Dark Pavilion who killed the Heavenly Emperor Gu Yongxiao!

Ye Chen could see that the person who was in charge of the Slaughter Immortal Pond was Gu Yongxiao.

....

Back then, Gu Yongxiao relied on the Slaughter Immortal Pond to travel all over the world, killing invincibles and becoming the Emperor of Killing Heaven.

After his fall, the Immortal Slaughter Pond finally fell into the hands of Gu Zun Qingniu.

At this moment, Gusu Yu mobilized the ultimate law of killing with the talisman of Qingniu Guzun, and formed a sword of killing in his hand, beheading Ye Chen like an invincible roll.

She is a demigod, and if she borrows the power of Qingniu Ancient Venerable, it is simply terrifying against the sky, the sword is like the sky, it is unstoppable.

If it was in the past, Ye Chen would probably feel very difficult facing this sword.

But now, Ye Chen has obtained many opportunities, and his strength has been greatly improved.

Even in the face of Gusu Yu's fierce swordsmanship, he was fearless.

"Your swordsmanship is good, but unfortunately you still can't hurt me."

"Sword of Destruction, break it for me!"

Ye Chen unhurriedly swung his sword out, and the violent storm of destructive sword energy exploded on the spot in an instant, billowing towards Gusu Yu.

After he had comprehended part of the Heaven Dou Massacre Sword and the Zhishui Sword, his own sword skills had also been greatly improved, and the lethality of this sword of destruction was far greater than before.

Even an immortal emperor, under Ye Chen's sword of destruction, can only end up being instantly killed.

Even though Gu Suyu was a strong demigod, facing Ye Chen's sword of destruction, she immediately fell into a crisis situation.

"What a terrifying sword!"

Gusu Yu's face changed, and she felt that she would be destroyed by Ye Chen's sword from body to soul.

Ye Chen's swordsmanship is so terrifying.

clang!

The two swords clashed.

As soon as Gusuyu's sword came into contact with it, Ye Chen tyrannically destroyed the sword energy and crushed it directly.

Even if she is a demigod, even if she has the help of Qingniu Guzun's talisman, she can't stop Ye Chen at all.

Ye Chen at this moment is really too invincible, too fierce, even a demigod is no match for him.

Thumb up!

Queen Gusu Yucang retreated. Under the pressure of Ye Chen's sword pressure, she almost vomited blood. The light of the green bull talisman floating above her head was much dimmer, and the killing breath was completely suppressed.

"Ah, boy, your swordsmanship is so fierce. It seems that you have indeed comprehended some Heaven Dou Dabutu swords."

"Throughout the ages, how many people have been able to achieve this goal? It seems that you are indeed a certain threat."

The best doctor in the city.

Chapter 9446

The voice of Qingniu Ancient Venerable, filled with fear and anger, came from the void:

"If I don't suppress you today, if you ascend to heaven and become a god in the future, wouldn't I be dead?"

"Miss Gusuyu, I will lend you some of my strength, you should quickly suppress this kid, and don't let him have the chance to become a god!"

That green bull talisman buzzed and burst into blood.

Ancient Venerable Qingniu, who was far away in the infinite time and space, actually burned his own blood and wanted to suppress Ye Chen at any cost.

His qi and blood burned, descending majestic energy, all poured into Gusu Yu's body.

boom!

Gusu Yu's cultivation base soared wildly in a short moment, from a demigod to a true god.

With the help of Qingniu Guzun, she actually stepped into the first-level realm of the Divine Dao Realm for a short time.

One level of the Divine Dao Realm is a true god.

True gods and demigods are qualitatively different.

As soon as she stepped into the realm of true gods, Gusu Yu's body burst out with a series of vast divine laws, the golden light shone, the auspicious clouds were blazing, and the aura was so overbearing that it was enough to refine the galaxy.

"The Origin of Slaughter, Shinto Flying Sword, Slash!"

With a wave of Gusu Yuxian's hand, the energy of the Killing Immortal Pond and the energy of the Origin Immortal Pond, mixed together, and the law energy of the Divine Dao Realm, turned into a golden flying sword, and slashed towards Ye Chen in the air.

This sword does not have any profound changes in the way of the sword, only pure power, the power of origin, the power of killing, and the mighty power of a true god.

She wants to suppress Ye Chen with the ultimate god power.

With Ye Chen's current strength, if he breaks out initially, he can fight against demigods.

But if you want to fight against the power of the true god, unless you use the trump cards such as Tiandou Massacre Sword and Zhishui Kendo.

But these hole cards are used to deal with the goddess, once they burst out, they will also fall into huge consumption, so naturally they cannot be used easily.

But he still didn't panic, because Gusu Yu's divine power was not pure, she just borrowed the power of Qingniu Ancient Venerable to improve for a short time.

Ye Chen has a way to fight against it.

"Demon Eye of Destiny, all dharma will perish, let it perish!"

Ye Chen shouted violently, and the dark devilish energy in his body exploded, gathering towards one eye.

Katsa!

His left eye seemed to make the sound of death gears turning, and the whole eye instantly became pitch black, darker than the night, like an eternal night, filled with the overbearing aura of death and a king.

That's the Devil's Eye of the Emperor Huntian!

At this moment, Ye Chen opened the Devil's Eye of Death.

A storm of death exploded from Ye Chen in an instant, making the sky of the entire Rune Holy Land dark.

In the rune holy land, countless warriors were terrified after feeling the breath of death. They knelt down one after another, prostrated themselves on the ground, and trembled.

At this moment, Ye Chen seems to be a great existence beyond the god of death, like the incarnation of the supreme soul emperor, dark, powerful, invincible, and domineering.

His dark left eye is like the life and death that can kill all things.

After the golden flying sword killed by Gusu Yupi came into contact with Ye Chen's sight, the golden light of the flying sword collapsed instantly, and there was a whining sound of airflow. The killing power, the power of origin, the true god The power disappeared in an instant, completely annihilated, completely...dead.

....

That is the power of Ye Chen's magic eye.

The Devil's Eye of Daredevil can slaughter the life and death of all things in the sky. Even martial arts supernatural powers will go to perish under the sight of the Devil's Eye of Daring Death.

Of course, the requirements for the strength of the user are extremely high.

Ye Chen is not a god now, so naturally he wouldn't be so exaggerated, but in the real world, he is domineering enough.

That is to say, in the real world, as long as Ye Chen opens the magic eye of death, no matter what martial arts and supernatural powers are displayed by most of the enemies, he only needs to look at them, and those martial arts and supernatural powers will die, perish, or disappear on the spot.

The power of the Devil's Eye,

It's so powerful.

Of course, there are still some methods or extremely high-level existences, and the Devil's Eye may not be enough.

Back then, when Emperor Huntian was criss-crossing the heavens, no matter what magical powers the enemy used, he only needed to look at them, and those magical powers would disappear out of thin air, like the death of life.

With such a powerful Demon Eye of Death, Emperor Huntian was willing to enshrine the starry sky in order to get the guidance from the other side of the starry sky. It can be seen that the other side of the starry sky is indeed the ultimate world pursued by countless powerful people since ancient times.

"This...how is this possible..."

Gu Suyu was stunned on the spot. The scene in front of her was obviously beyond her brain's comprehension.

Ye Chen didn't do anything at all, just a look, made her shocking divine killing invisible.

Such heaven-defying eyes and such heaven-defying means shocked her speechless on the spot, and she was stunned.

"The Devil's Eye! Ah, the Devil's Eye! You boy, how can you control the power of the Devil's Eye? It's impossible!"

"Without the permission of Emperor Huntian, no one can inherit his power!"

"Could it be that you have already obtained permission from Emperor Hun?"

"Or, you are the Soul Emperor!? Has the Soul Emperor been reborn?"

In the void, the horrifying screams of Qingniu Ancient Venerable came, full of horror.

Apparently, the heaven-defying power of Ye Chen's Death-death Demon Eye completely shocked Gu Zun Qingniu.

Previously, Ye Chen refined the Devil's Eye of Death, and Gu Zun Qingniu had also seen and heard about the sky-shattering atmosphere.

But he doesn't think that Ye Chen can successfully inherit the power of the Demon Eye of Death, because that eye is not an ordinary magic weapon, but actually the organ of Emperor Huntian.

Without the approval of Emperor Huntian, that organ will not take effect.

But now, Ye Chen can display the power of the Devil's Eye.

In the eyes of Qingniu Guzun, Ye Chen has already been approved by Emperor Huntian.

He even thought that Ye Chen was the reincarnation of Emperor Huntian, the Emperor Huntian himself.

"The Devil's Eye of Destiny is really powerful..."

Ye Chen saw Gusu Yu's Divine Dao flying sword was disintegrated by his own eyes, and he also deeply felt the power of the Devil's Eye of Death.

However, the words of Qingniu Guzun made Ye Chen a little vigilant.

He has refined the Demon Eye of Death, and it is really possible that Emperor Huntian will be eyeing him. Whether it is approval or resistance, it is not easy to get involved with Emperor Huntian.

Of course, Ye Chen wasn't too worried.

After all, behind him was the figure of Emperor Yuantian.

The future of Emperor Huntian will be left to Emperor Yuantian to deal with.

Anyway, Ye Chen would not give up such a great opportunity as the Devil's Eye.

After using the Devil's Eye, Ye Chen felt a deep stabbing pain in his left eye, as if he was about to go blind.

There is no doubt that Ye Chen's eyes will also be under tremendous pressure to open the Devil's Eye of Death.

Chapter 9447

He quickly retracted the Demon Eye of Death, and the darkness in the sky dissipated.

At this time, Gusu Yu was already full of panic, backed away again and again, and didn't even dare to look directly into Ye Chen's eyes.

"Gusuyu, I'm sorry, your origin fairy pond is mine now."

Ye Chen strode forward, grabbed Gusu Yu's shoulder, and then pressed the other hand on her soft belly.

"Northern Sea Swallowing Heaven!"

A black hole vortex appeared in the palm of Ye Chen, Beiming swallowed the sky, and began to crazily devour the breath in Gusu Yu's body.

In an instant, a large amount of Qi and blood in Gusu Yu's body, as well as the energy of Origin Immortal Pond, rolled along Ye Chen's palm and poured into his body, all of which were swallowed and absorbed by him.

Such a terrible devouring was enough to kill Gusuyu.

Gusu Yu's face turned pale in an instant, and her whole body was almost sucked dry by Ye Chen, turning into a corpse.

But at this moment, a ray of light from the Emperor of Heaven descended from the sky, covering Gusu Yu's body, protecting her life.

In the light of the heavenly emperor, a calm man's figure appeared, it was actually the rock god Tianzun, Emperor Qiankun!

"Rock God Tenzun, it's you."

Ye Chen was a little surprised to see the appearance of Yanshen Tianzun.

"Ye Chen, give me some face."

Yanshen Tianzun spoke with a tinge of desolation in his voice, looked at Gusu Yu with a trace of compassion, and said:

"Spare her life, don't kill her."

When Ye Chen heard the words of Yanshen Tianzun, his heart moved, and he also remembered what Yanshen Tianzun said once.

A long, long time ago, in order to overcome the sea of suffering, Gusuyu knelt down in front of the rock god Tianzun for thousands of years and offered countless sacrifices, hoping to be redeemed.

Yanshen Tianzun accepted Gusuyu's offering, and his strength was greatly restored, but in the end he didn't give him protection, and he felt guilty all the time.

He once told Ye Chen that if there is a conflict with Gusu Yu in the future, don't kill anyone.

Seeing that Gusu Yu was about to be reduced to a dead corpse, Yanshen Tianzun finally came in person to intercede with Ye Chen.

Ye Chen had been favored by Yanshen Tianzun before, but now that he heard him pleading for mercy, he still had to give this face.

At that moment, Ye Chen let go of his hand and let Gusu Yu go.

Ye Chen had completely sucked up all the energy of the Immortal Pond of Origin in Gusu Yu's body, and her blood was about to be drained, and she was dying.

Ye Chen knew that if there was no Yuanyuan Immortal Pond, even if she could survive, it would not be a problem.

The sea of bitterness will come back, and she will spend the rest of her life in torment.

"Thank you."

Yanshen Tianzun thanked Ye Chen, flicked his fingers, and a golden light shot into Gusu Yu's body, keeping her alive.

Gusu Yu's face returned to ruddy slightly, but the expression in her eyes was already completely ashamed.

Ye Chen's strength was beyond her expectation.

She originally wanted to hurt Ye Chen, but who would have thought that Ye Chen would get so many heaven-defying opportunities and hole cards, one look would resolve everything, and even almost killed her.

If it hadn't been for the coming of the Rock God Tianzun, she would have been a dead corpse.

Ye Chen has clear grievances and grudges, since Gu Suyu has murderous intentions towards him, he will not be sympathetic to her.

Yanshen Tianzun rescued Gusu Yu, and said to Ye Chen:

"You have a decisive battle with the goddess, let me be a notary, I will not let anyone mess up."...

"The second guardian of the Reaper's Order, Feng Yuanlan, code-named Lighthouse, is likely to be unfavorable to you, but with me in charge, you can rest assured that you will have a decisive battle with the goddess, and no one will disturb you."

Ye Chen was overjoyed, this condition is very good, he said: "Yan Shen Tianzun, if you are willing to come forward to notarize, it will be the best."

Yanshen Tianzun, after all, is the most powerful person in the era of the Nine Gods. With him, Ye Chen and Tiannv's decisive battle will not need to worry about being disturbed.

After the discussion, Yanshen Tianzun took Gusuyu away, and Ye Chen went to Yongfu Tiangong first to check Ye Luoer's situation, and he still didn't look broken, and then returned to the Star-Moon Realm.

After Yanshen Tianzun took Gusu Yu away, he sent her back to Zihuang Immortal Palace.

Daode Tianzun sensed everything, knowing that Gusuyu failed, and Ye Chen's strength was beyond imagination, he was completely shocked.

The Immortal Pond, the origin of Gusu Yu, has been taken away, and the light in her eyes has died, leaving her with a gloomy and numb look.

The sea of bitterness is coming back.

...

After Ye Chen returned to the Star-Moon Realm, he immediately stepped into the training room.

He sat down cross-legged, looked inside his dantian, and saw that there was a majestic source of energy rolling in the dantian, which was the breath of Origin Immortal Pond.

At the Battle of Zhushen, the Immortal Pond of Origin that Ye Chen failed to get, now finally fell into his hands.

This fairy pond of origin has abundant and pure energy. If Ye Chen refines it thoroughly, his cultivation base can be improved by leaps and bounds, and it is possible to jump levels repeatedly and hit the immeasurable realm.

Of course, it would take an extremely long time to refine it.

Even if his background and talent are against the sky, it is impossible to refine it in a few days.

If it is used to refine the Throne of Thorns, Ye Chen can directly control the throne, which is equivalent to holding the highest authority of the Death God Order!

If it is used to temper the Nine Gods Record, it can strengthen the power of the Nine Gods Record.

It can be said that this origin fairy pond has many uses, depending on how Ye Chen uses it.

Ye Chen thought for a while, and decided to soak in the rain and dew.

In the cemetery of reincarnation, Emperor Beiming seemed to perceive Ye Chen's thoughts, thought for a moment, and said seriously: "It's useless to soak in the rain and dew, if the spiritual energy from the fairy pond is scattered, the effect will be greatly weakened, and it must be concentrated in one place. "

Chapter 9448

"I suggest you use it to temper the Throne of Thorns, because the Supreme Apocalypse has unified the entire Death God Order, and his next focus is to deal with you."

"If you don't take control of this Throne of Thorns quickly, it may be taken away."

Hearing this, Ye Chen's heart trembled, and he also felt that the words of Emperor Beiming made sense, so he said:

"Okay, senior, I'll take control of the Throne of Thorns first."

At that moment, Ye Chen sacrificed the Throne of Thorns. The dark green throne is made of thorns, surrounded by dark magic rays, and intertwined with all kinds of fantasy and belief. Since the beginning of the world, countless believers have chanted and prayed.

Ye Chen has not been able to fully control the Throne of Thorns since he conquered it, because the dark aura on the throne is really too strong, and the domineering aura behind the throne also needs a strong enough force to suppress it.

Ye Chen took a deep breath, and released the aura of the Immortal Pond of Origin in his dantian, pouring it on the Throne of Thorns like a waterfall.

Wisps of water vapor originated from the mist, clattering, impacting on the Throne of Thorns, and quickly penetrated.

The dark evil spirit contained in the Throne of Thorns has also become a lot more docile under the harmony of the fairy water of origin, and all the laws are as clear as if washed with water.

Ye Chen faintly felt that his spirit had established a connection with the Throne of Thorns.

The Throne of Thorns seemed to gradually become a part of his body.

"Very good. I can finally control the Throne of Thorns. This is the highest artifact of the Reaper's Cult. Taking charge of this throne will bring my strength to another level."

Ye Chen was overjoyed, so he continuously released the fairy water of origin to refine the Throne of Thorns.

While tempering, Beiming Tiandi's face suddenly changed, and said: "Slow down!"

Ye Chen was taken aback, and said, "Senior, what's wrong?"

Beiming Tiandi's face was ashen, staring at the origin fairy water that kept flowing out, and said: "Do you feel that there is something unclean in the water?"

Ye Chen said, "An unclean thing?"

He scanned the sensor carefully, but did not find anything unusual, and the origin fairy water was very clear.

Beiming Heavenly Emperor said in a deep voice, "Look with your magic eyes of death."

Ye Chen was very puzzled, so he opened the Devil's Eye of Death, but it didn't burst out the majesty of death, it was just used to scan the immortal water of origin.

The Devil's Eye of Desperation is the eye of Emperor Hun. In addition to the terrifying majesty of death, it can also penetrate into the mysteries of all things, peep into the origin, see through falsehood, and all kinds of changes are extremely powerful.

After opening the Devil's Eye, Ye Chen saw that there was indeed something in the Origin Immortal Water.

That thing can't be described in real language, it seems to be a ray of will, a concept, or a demonic energy, a kind of dirty thing, in short, it exists without time and space, and it is indescribable.

That thing is like a tarsus maggot, not only lurking in the origin fairy water, but also wandering in every corner of Ye Chen's body, everywhere, turning in his blood vessels, muscles, bones, and flesh, but Ye Chen can't feel it, Can't see it either.

Only when he opened the Devil's Eye, did Ye Chen realize the existence of that thing.

Emperor Beiming's face trembled, and he said, "It's the 'corpse bug of Ancient Venerable Qingniu'!"...

"It seems that when you devoured the Yuanyuan Immortal Pond using the Beiming Heaven Swallowing Technique, the corpse insects of Ancient Venerable Cyan Ox also quietly invaded your body."

When Ye Chen heard this, his eyes narrowed immediately, and he said, "Ancient Qingniu did something wrong? What is this corpse?"

Beiming Tiandi said: "The so-called corpses are the evil thoughts in people's hearts."

"Every human heart must have a dark place. When dark thoughts accumulate and gather, they will turn into corpses."

"The weak god, tortured by corpse insects, perishes in the darkness every day, desperate to live."

"And a powerful god can face up to his own heart, easily control corpse insects, and even implant his own corpse insects into other people's bodies, thereby slowly eroding people's hearts and controlling everything about others."

"Unexpectedly, Ancient Venerable Cyan Ox planted his own dead insects

Into your body, it seems that he is looking for an opportunity to erode you and turn you into his puppet!
"

This corpse worm was lurking in Ye Chen's body, and Ancient Zun Qingniu hadn't erupted yet.

Because if it erupts now, it won't have the slightest effect. With Ye Chen's strong Taoism, even the god's corpse insects cannot harm him.

However, if Ye Chen fell into weakness, the corpse insect might kill him at any time!

Ye Chen was terrified, feeling the horror of Qingniu Guzun's methods.

If he had a decisive battle with the celestial girl, and the corpse worm suddenly broke out at a critical moment, then he would be in danger.

Beiming Tiandi also saw this, and said in a deep voice:

"The decisive battle between you and the goddess must be postponed!"

"That Ancient Cyan Ox, the method is too insidious, actually planted a corpse worm in your body."

"This corpse insect must be dealt with, otherwise it will be very dangerous!"

Ye Chen frowned, and also felt that the corpse worm was troublesome, but the decisive battle between him and the goddess was coming soon, and it was impossible to postpone it.

"Senior, the decisive battle between me and the goddess cannot be postponed."

"Hmm... the corpse worm of Ancient Venerable Cyan Ox is indeed a hidden danger."

"But don't worry, I have a solution."

Ye Chen thought for a while, then turned on the scorching sun life star in his body, allowing the brilliance of the scorching sun life star to shine on every part of his body's meridians.

All parts of his body were protected by the scorching sun, as long as Qingniu Guzun's corpse dared to show his head, he would be killed by the scorching sun immediately.

"Do you rely on the scorching sun star?"

Beiming Tiandi frowned and said: "You use the scorching sun and life star to defend against corpse insects. Let alone failure and success. In a few days, then you will have a decisive battle with the goddess. Wouldn't it be that you have lost a trump card?"

Ye Chen grinned and said: "There's no other way, I'll settle the score with that Ancient Cyan Ox in the future."

Without Lie Sun Ming Xing's trump card, Ye Chen would naturally suffer a huge loss.

But fortunately, these days, he has many great opportunities and many cards. Even if he doesn't use the scorching sun star, he still has the confidence to fight against the goddess.

Seeing that Ye Chen had made up his mind, Beiming Heavenly Emperor didn't say any more, only hating Qingniu Guzun in his heart.

Ye Chen took a deep breath and calmed down. After solving the hidden danger of corpse insects, he continued to use the fairy water of origin to water the Throne of Thorns.

When the energy of the Origin Immortal Water was poured into the Throne of Thorns, the dark evil spirit of the Throne of Thorns was also suppressed, and even revealed a lot of fairy light, surrounded by clouds.

At this moment, the Throne of Thorns does not seem to belong to the darkness, but the seat of light, the seat of origin, radiant with golden light and extremely resplendent.

Ye Chen strode forward, and then sat on the throne of thorns. The barbs of thorns seemed to be spiritual, and they were all restrained, without piercing his skin. .

Chapter 9449

The Throne of Thorns seemed to be a part of his body, an external organ of his.

Above the throne, the origin of the fairy air is flowing, with infinite mysteries, and the ancient laws converge into stars, ups and downs, ups and downs, and it is spectacular.

boom!

Ye Chen sat on the Throne of Thorns and completely controlled it. Immediately, he felt that his aura began to soar rapidly, and he wanted to break through the restriction of the seventh heaven of the Profound Sky Realm and rush to the eighth heaven.

Even, this is not an ordinary breakthrough. The power of Origin Immortal Pond and Throne of Thorns is so majestic that it is not enough to break into the eighth heaven, which is enough for Ye Chen to reach the peak of the ninth heaven.

"Suppress me!"

Ye Chen took a deep breath, and forcibly suppressed the urge to break through in his body.

If it breaks through now, it will definitely cause a big scene and attract the attention of the goddess.

Ye Chen wants to keep a hole card, and wait until the decisive battle with the goddess, and then make a breakthrough. By surprise, it may have an astonishing effect.

Ye Chen used the talisman ghost's nest to lock the entire dantian trap to avoid breaking through.

Ye Chen also suppressed the possibility of an explosion in the throne of thorns.

Then, he began to adjust his aura, adjusting the aura of many different attributes such as Devil's Eye of Death, Immortal Pond of Origin, Throne of Thorns, Heaven Dou Massacre Sword, Zhishui Kendo, etc.

Time passed bit by bit, the place where Ye Chen and the goddess fought, at the ruins of the sword god, there were more and more spectators, and there was a lot of momentum.

On both sides of the reincarnation camp and the Tiannv camp, they sent out their own people to maintain order.

The legendary rock god Tianzun Emperor Qiankun descended in person to serve as the referee, notary and guardian of this decisive battle.

Because of the guardianship of Yanshen Tianzun, both the Samsara camp and the Tiannv camp have relaxed the requirements for watching the battle, allowing the Wanxu camp, the Zihuang Immortal Palace camp and others to watch the battle.

Whether it's the reincarnation camp or the heavenly girl camp, they all feel that they have a good chance of winning, and they want to let the world see how powerful their lord is.

Time flies, and in a blink of an eye, the day of the decisive battle has arrived.

In the early morning of this day, the world of Sword God Ruins was filled with sunshine and refreshing wind.

This ruined world was originally full of haze and dust, but the Rock God Tianzun took action to dispel all the darkness and make the weather unprecedentedly clear.

Ye Chen set off from the Star-Moon Realm, and because today is a big day for the decisive battle, Xuan Hanyu, Feng Yuying and others all went out to accompany them.

Surrounded by Xuan Hanyu, Feng Yuying, Wu Yao, Shentu Wan'er, Xia Ruoxue, Wei Ying and other women, Ye Chen shattered the void and arrived at the ruins of the Sword God.

In the middle of the ruins of the Sword God, a huge arena has been built. The arena is made of stone, calm and simple, and surrounded by ancient laws. It is obviously built by the Rock God Tianzun himself.

On the arena, Yanshen Tianzun was sitting cross-legged, with his eyes slightly closed.

Around the arena, there was an incomparably turbulent scene. Stands had been set up one after another, and all the famous and powerful players in the real world had come to watch the battle.

Ye Chen saw many familiar figures in the VIP seats in the front row.

Emperor Yuhuang sat in the front row with some guardian yakshas, his face was serious, and he couldn't see what kind of mood he was in.

Daode Tianzun also came, and brought a few high-level elders of Zihuang Immortal Palace, sitting intently, waiting for the decisive battle to start.

....

There was also Daoist Chongyang sitting in the front row calmly.

Warriors from various families and sects are crowded like a tide, three floors inside and three floors outside, all waiting for the decisive battle to start, it can be described as extremely lively.

Ye Chen also saw that Yin Suzhen, the god of thunder, Qingyan, the grass god, Wu Linghua, the god of ice, and Luo Qingli, the god of water, had also arrived.

His grandfather Ye Xieshen was greeting them.

Many strong men from the reincarnation camp and warriors from the Tiannv camp are maintaining order. Everything looks orderly, and no one dares to make trouble.

Ye Chen arrived first, and the golden light of reincarnation bloomed in the sky, immediately causing everyone in the audience to look up, and then everyone let out a burst of applause like a mountain roar and a tsunami

.

Among all the spectators, there were quite a few people who yearned for reincarnation. When they saw Ye Chen coming, they cheered and cheered.

At this moment, Ye Chen, on the surface, looks like he only has the cultivation base of the seventh level of the Profound Sky Realm, but the aura he erupts in reality is not weaker than any immortal emperor in the world.

"This boy, the aura is too terrifying. If I fight him decisively, I will be killed by him within a hundred moves. I must become a god, I must become a god!"

In the VIP seat, Emperor Yuhuang saw Ye Chen's figure, his body trembled, and there was deep fear and fear in his eyes.

Ye Chen's progress is too fast, especially in the recent period of time, great opportunities come and go, Devil's Eye of Death, Heavenly Dou Massacre Sword, etc., are progressing against the sky.

Today's Emperor Yuhuang is no longer Ye Chen's opponent. In a true peak duel, he will be killed within a hundred moves.

If he wants to defeat Ye Chen, unless he becomes a god and steps into the realm of the gods.

Even if you can't become a god, you must at least have the realm of a demigod first, otherwise you can't fight Ye Chen at all.

Seeing Ye Chen's blazing appearance, Tianzun Daode also felt deeply jealous, thinking: "This person is already invincible in this world, even if I burn out all the fire, at most I can only fight him to a tie. It

seems that I have to refine the nine as soon as possible God Record, otherwise my Zihuang Immortal Palace will be in danger."

Subconsciously, Tianzun Daode and Ancient Emperor Yuhuang looked at each other, and both of them could read the fear in each other's eyes.

That was the fear of Ye Chen.

The best doctor in the city.

Chapter 9450

Ye Chen has progressed too fast, advancing by leaps and bounds. Today, he can be said to be close to invincible in this reality starry sky, and can fight against most of the top immortal emperors. In some cases, the ancient emperor Yu Huang may completely lose to Ye Chen. God, can rely on the highest artifact, Yan Emperor Seal, to compete with him.

Of course, the factors affecting the battle are too great.

If it was the Ancient Emperor Yuhuang, the Daode Tianzun relied on other powers, coupled with Fengshui luck, the result is unknown.

Now, Emperor Yuhuang and Daode Tianzun only hope that Tiannv can win today's decisive battle, otherwise, Ye Chen wins, and the next step is to deal with them.

Ye Chen came down, looked around, and first came to Yin Suzhen, Wu Linghua, Luo Qingli and others. The old friends were very happy to meet each other.

At this time, Ye Chen's cultivation was already very strong, and he was not afraid of karma. If he wanted to take Yin Suzhen and others as his own women, it would be easy without any scruples.

Of course, today's decisive battle must be won first.

If you lose the battle, you will die, and everything will be empty talk.

After a brief reunion, Ye Chen turned his gaze to the Tiannv camp.

The goddess has not come yet, and the warriors under her command are maintaining order around.

Suddenly, Ye Chen's gaze was attracted by a woman.

The woman was dressed in black, with a slender figure and elegant demeanor, she seemed to be the leader of the warriors around, standing with her arms folded.

Ye Chen looked into the woman's eyes, which were clear with a hint of ecstasy.

He felt those eyes were very familiar, as if he had seen them somewhere before.

At this time, in the cemetery of reincarnation, Beiming Tiandi also made a suspicious voice: "Hmm... it smells like a tailed beast, it's strange."

When Ye Chen heard the words of the Emperor Beiming, and then went to look at the woman in black, his spirit was shocked, and he caught something faintly.

"She's Mitsuo!?"

The eyes of the woman in black made Ye Chen feel very familiar. They were the eyes of Sanwei, which he had seen on the Battle of Gods.

Could it be that this woman in black is Sanwei?

Sanwei took refuge in the goddess?

"Ye Chen, what's wrong?"

Grandpa Ye Xieshen seemed to have noticed Ye Chen's strangeness, and came over and asked in a low voice.

"Grandpa, who is that woman?"

Ye Chen quietly pointed to the woman in black and asked.

"The woman?"

Ye Xieshen frowned slightly, and then said in a deep voice: "Yemu and I investigated, it seems to be a strong man from no time and space, who just joined the heavenly girl in the past few days, named Fengjianmeng, who is in charge of Qunyu Immortal Pond By."

Ye Chen was taken aback, and said, "Meng Kazama? Her surname is Kazama?"

The Kazama clan is one of the three major clans of the Starry Sky God Clan, and Ye Chen is inexplicably a little horrified. Does this Sanwei actually have a relationship with the Starry Sky God Clan?

Ye Xie said: "Yes, this person may be related to the starry sky gods. You have to be careful. The Qunyu Immortal Pond she controls is one of the top ten immortal pools without time and space. The energy is extremely majestic and cannot be underestimated."

Ye Chen nodded and said, "Well, I see, Grandpa."

Ye Chen did not reveal that this Kazama Dream might be the legendary Sanwei, because now he is not completely sure.

Ye Chen only knows that today's decisive battle is very crucial, he must win, if he loses, all that awaits him is an inevitable end.

Hey!

At this time, a clear cry came from the distant sky, piercing the clouds and cracking the sky, it was extremely pleasant.

I saw an Ice Phoenix coming through the air.

On top of the ice phoenix, stood a graceful woman, wearing a white dress, with a graceful and cool demeanor, she was none other than Ren Tiannv.

The celestial girl Yuhuang came, carrying a billowing wind and snow, her posture was unrestrained and unrestrained, really like a goddess in the sky, her glory burst out, making people dare not look up.

"The goddess is here!"

Seeing the arrival of the goddess, many warriors in the audience became commotions, and the atmosphere was completely ignited, and it was intense.

Everyone is looking forward to the decisive battle between Ye Chen and the goddess.

Yanshen Tianzun, who was sitting cross-legged on the ring, also opened his eyes and stood up silently.

Ye Chen and Tiannv looked at each other, the two had a tacit understanding, and flew onto the ring.

"Both of you, are you ready?"

Yanshen Tianzun spoke with a calm voice.

Ye Chen and Tiannv nodded slightly.

Yanshen Tianzun took a few steps back and said: "Then, your decisive battle can begin. I will guard this place and will not let anyone disturb you."

Ye Chen nodded and said, "Thank you."

The heavenly girl stared at Ye Chen with complicated expressions in her eyes, and said with a smile, "Ye Chen, this day has finally come."

"When I carried out the pig raising plan, Wanxu actually warned me, telling me to be careful not to raise a dragon."

"Looking at it now, they are right. You are indeed a heaven-defying divine dragon. With just the seventh level of the Sky Profound Realm, you have the qualifications to crush any immortal emperor in the world. You are simply invincible."

"I'm afraid Patriarch Hongjun and Martial Ancestor were not as powerful as you back then."

Ye Chen said with a smile: "Then do you want to surrender?"

The celestial girl shook her head and said with a smile, "It's a pity that I'm not an immortal emperor, but a demigod. You don't have the right to crush me."

"This battle, if I win, I will tear down your muscles and bones."

"Your human skin will become my drum of war."

"Your skull will be my wine glass."

"Your corpse will be cast by me into a path to heaven and godhood."

"I still like you, but I must kill you today, this is my long-cherished wish."
