

Physician 9561

Chapter 9561

Ye Chen had an illusion that even if he slashed out tens of thousands of sword qi, it would be impossible to hurt Patriarch Twilight. All killing auras would be submerged by the vast dusk and eventually perish.

"Lord of reincarnation, come on."

Patriarch Twilight stared at Ye Chen, who had opened the Twilight Kingdom, and was confident of taking any impact from the real world.

Ye Chen nodded, knowing that it was impossible to hurt Patriarch Twilight with ordinary methods, so he calmed down, resonated with the heaven and the earth, communicated with the aura of the ground veins of the Yingzuo Holy Land, and mobilized the power of faith around the altar.

hum!

The power of faith accumulated at the altar was mobilized by Ye Chen and turned into fire, burning behind him.

The breath of the ground veins of Yingzuo Holy Land also resonated with him, and the ground trembled slightly.

"Emperor Arm, open!"

Ye Chen was so blessed to the heart, he shouted violently, and clenched his left hand into a fist. The violent and blazing flames exploded on his left arm in an instant, and the ancient totems of the emperor, like the sun, bloomed and shrouded the world. The twilight atmosphere around has dissipated a lot.

"This is....."

When Patriarch Twilight saw Ye Chen's arm, his heart started pounding and he couldn't believe his eyes.

From that arm, he actually captured the majesty of the Emperor of Heaven, which is simply incredible.

Ye Chen, a martial artist in the Profound Sky Realm, can actually have a Heavenly Emperor Arm.

"Whose Emperor's Arm is this, it's not yours!"

Patriarch Twilight yelled, he was still calm just now, but after seeing Ye Chen's Heavenly Emperor's arm, he completely panicked.

He quickly mobilized strands of twilight breath to form groups of mist-like restrictions, and cast the laws of the divine way, and the laws of the divine way fell down like waterfalls, closely guarding him.

He never expected that Ye Chen actually possessed the arm of the Emperor of Heaven. Fortunately, he didn't directly tear his face off with Ye Chen, otherwise, he would definitely end up dead.

Fortunately, now, as long as he catches Ye Chen's move, he will win.

"It's just one move, so it should be able to catch it?"

Patriarch Twilight thought so, took a deep breath, and the laws of the Divine Dao Realm, like waterfalls and galaxies, surrounded his body, ready for battle.

Kachacha!

Ye Chen clenched his fists tightly, feeling that the entire arm of the Emperor of Heaven resonated with the veins of the Holy Land of Yingzuo. Countless flames of faith burned, and many ancient patterned totems bloomed on his arms.

"Blood Dragon, come!"

With a call from Ye Chen, the blood dragon soared into the sky and roared in filial piety, then plummeted down and wrapped around his arm. The majestic dragon power and heavenly emperor gas mixed together and erupted into a terrifying pressure, causing the surrounding air to be evacuated , There is a vacuum zone, which is suffocating.

Patriarch Twilight's scalp was numb, and he felt a great danger.

"Wu Ji Tian Xia, Tian Shang Fist!"

The next moment, Ye Chen yelled violently, urging the Taoist scriptures of the Wuji World, pieces of Taoist script runes merged with the arm of the Emperor of Heaven, exploding a monstrous martial arts breath, red flames galloping, raging fire roaring filial piety, punching the sky with a fist The power of destroying the earth slammed towards Patriarch Twilight fiercely.

"Brother is amazing!"

Han Yan was deeply shocked when he saw Ye Chen's punch.

The power of Ye Chen's fist is simply invincible, enough to crush reality and destroy gods. The power of the fist is so fierce that layers of void are burst and shattered, and the law of the great way is wiped out.

Twilight Patriarch's eyes narrowed, and he really wanted to fight.

However, in the betting fight between him and Ye Chen, he was forced to accept Ye Chen's tricks, so he couldn't fight back.

If he fights back, he loses.

Seeing Ye Chen attacking with a punch, Patriarch Twilight gritted his teeth and didn't fight back. He pinched his hands, set up many restrictions, sacrificed many talismans, and many weapons and magic weapons, desperately trying to stop Ye Chen one strike.

However, Ye Chen's fist was too ferocious, combining the power of the blood dragon, Wuji Daoshu, and the arm of the Emperor of Heaven, it was not something a fighter at the first level of the Divine Dao Realm could resist.

boom!

The shocking fist wind exploded, and Ye Chen blasted him with one punch. The laws around the ancestor Twilight's body prohibited protection, and all of them were killed.

Department burst shattered.

The kingdom of the twilight of the gods was also crushed by Ye Chen's punch, and countless dark yellow lights burst out, and then disappeared under the pressure of Ye Chen's martial arts.

"Puff!"

Patriarch Twilight received Ye Chen's punch, and a transparent hole was punched out of his body. Many sources of the divine way flowed out, and he was seriously injured. His face was already pale and he vomited blood again and again.

He was dumbfounded, Ye Chen's martial arts power was obviously beyond his expectation.

In fact, if he wants to dodge, he can still dodge, or if he fights back, he may not be so embarrassed.

But in this gambling fight, he was hit hard by Ye Chen and couldn't bear it at all.

"cough....."

Patriarch Twilight coughed up another mouthful of dirty blood, and felt that this clone was about to collapse, and even the main body would be implicated, and the main body would suffer huge damage.

"Lord of reincarnation, I underestimated you."

Patriarch Twilight's facial features were distorted, he looked at Ye Chen, then at Han Yan, his eyes were full of unwillingness.

"Accepted."

Ye Chen first bowed his hands politely, and then stretched out his hand, just to ask for the meaning of "Twilight of the Gods".

Patriarch Twilight smiled wryly, this time he came, he originally wanted to take back the Dao Token, but who would have thought that if he didn't get the Dao Token, he would lose a divine skill instead.

The magical art of Ragnarok is the unique secret technique of Twilight Ancient City. If it is spread, the fortune of Twilight Ancient City will inevitably decline.

"Lord of Reincarnation, I lost. Can I replace the lottery with Golden Origin Jade?"

Chapter 9562

Patriarch Twilight wanted to bargain.

"Your Excellency, it is better not to break your promise, so as not to touch the secrets of heaven and suffer the punishment of heaven."

Ye Chen said calmly.

The ancestor Twilight gritted his teeth. In desperation, he had no choice but to sacrifice a scroll, throw it to Ye Chen, and said:

"Take it, Lord of Reincarnation, you won today, I won't embarrass Han Yan in the future, but if he wants to go back to my ancient city of Twilight, there is absolutely no way."

Ye Chen took the scroll and said with a smile, "You don't have to worry about my Brother Han's affairs."

On this scroll, the words "Twilight of the Gods" are printed, and the head of the scroll is carved out of skulls, which is quite mysterious. It is the magic technique of the Thirty-Three Heavens, the training method of Twilight of the Gods.

Patriarch Twilight snorted, said nothing more, and led people away immediately.

The evening glow that filled the sky slowly dissipated.

Han Yan was overjoyed, and rushed to Ye Chen, saying: "Brother, you are so powerful, you really defeated Patriarch Twilight with one move, invincible!"

Ye Chen smiled, and said: "Actually, in a normal battle, I can't defeat the enemy with one move. It's my luck that he won't dodge or evade, and accept my move. It's my luck to win this bet."

Han Yan excitedly said: "No matter what, big brother, you are an invincible existence. If you go to Wuwu time and space, you may really be able to reach the top and become emperor in one step like Ren Feifei, dominating the heavens and being unstoppable!"

Ye Chen smiled and said, "I hope, what are your future plans?"

Han Yan pondered for a while, and said: "Well... I have nowhere to go, alas, I will wander for a while, and I will make plans when the "Struggle on the Great Dao" starts. "

Ye Chen said: "I am in Wuwu time and space, and there is a territory called Ten Thousand Fire Realm, which is the territory of Vulcan. You take my talisman and go to Ten Thousand Fire Realm, and they will arrange a place for you to settle down in." come down."

Ye Chen gathered his spiritual energy, transformed into a reincarnation talisman, and handed it to Han Yan as a token.

Han Yanxi said: "Brother, do you want to take me in?"

Ye Chen said with a smile: "Of course, you call me big brother, so I will naturally take care of you."

"However, after you go to the Ten Thousand Fire Realm, you must keep a low profile and don't think about fighting all day long."

Han Yan took the talisman and said, "I know, brother, don't worry, I will never cause trouble. I am in the Ten Thousand Fire Realm, I only practice martial arts and swords, and I will never cause trouble."

Ye Chen nodded and said, "That's very good. When the time is right in the future, I will contact you again."

"This Qinghong Divine Star, you help me transfer it to the Myriad Fire Realm."

Ye Chen took out the Qinghong God Star again and handed it to Han Yan.

This Qinghong god star is one of the seven stars of destiny, and it can be refined by Ji Siqing, which can greatly enhance Ji Siqing's strength.

"yes."

Han Yan accepted Qinghong Divine Star, bowed respectfully and bid farewell to Ye Chen, turned around and went back to Wuwu Time and Space.

He practiced the way of the sword, and he couldn't waste a day, so it wasn't suitable for him to stay in reality.

Ye Chen calmed down a bit, if Han Yan went to the Myriad Fire Realm, at least he would be able to settle down.

As for Han Yan's true identity, Ye Chen did not disclose it to anyone, not even Ren Feifei.

Because of this matter, the relationship is too great, if the cause and effect are revealed, there may be accidents, Ye Chen chooses to keep it secret.

He looked at the twilight scroll in his hand, unfolded it, scanned it deeply, and comprehended all the secrets of Ragnarok's twilight.

This Ragnarok Twilight, the most difficult part of cultivation, is that it may be attacked by the aura of the dusk and fall into a state of decay.

However, Ye Chen's Dao heart is strong, and he is naturally fearless, so he easily mastered the essentials of Ragnarok.

"With this divine technique, even if Ancient Emperor Yu Huang breaks through, he probably won't be my opponent anymore."

Ye Chen clenched his fists, his heart boiling with fighting spirit.

woo woo woo...

There was a scream of divine dragon in the distance, and another divine dragon was beheaded by Tao Dao Tianzun, Chongyang Zhenren, Kazama Meng and others.

Of the nine dragons, only the last two remain.

The last two divine dragons seemed to know the power of Tianzun Daode, Zhenren Chongyang and others, but they disappeared without a trace.

Ye Chen scanned the Yingzuo Holy Land with his spiritual sense, and could feel that the last two dragons were still inside the Holy Land, but they didn't know where they were hiding.

"Master, a dragon has hid underground!"

Suddenly, the blood dragon spoke to Ye Chen.

"Oh? Can you sense it?"

Ye Chen asked.

Xuelong said: "Yes, the last two dragons are the key. If we can get rid of them, maybe we can get the Nine Heavens Subduing Dragon Seal!"

At the end, Xuelong couldn't help but licked his tongue, his eyes were full of scorching heat.

If you can get the Nine Heavens Fulong Seal, its strength can be improved by leaps and bounds.

"Well, you lead the way."

"OK."

At the moment, under the guidance of the blood dragon, Ye Chen went to hunt down one of the last two dragons.

At this time, Daode Tianzun saw that the twilight glow in the distant sky had dissipated, knowing that Ye Chen had already solved the matter of Twilight Ancient City, his heart sank.

"This boy, his methods are really invincible. He has dealt with the people from Wuwu time and space so quickly. No, I want to be ahead of him, kill the last two dragons, and win the Nine Heavens Subduing Dragon Seal."

Thinking in this way, Daode Tianzun quickly set off to find the traces of the last two dragons.

Under the guidance of the blood dragon, Ye Chen was also looking for the Shenlong. On the way, he met Yingzhongdie, who was in a hurry with a few followers.

After seeing Ye Chen, Yingzuka die showed a surprised look, and said, "Lord of reincarnation, I have found you."

Ye Chen said: "Miss Yingzuka, what's wrong?"

When he saw the eyes of Sakurazuka Die and the eyes of those followers, there was a look of adoration and admiration for himself. He presumably just defeated Patriarch Twilight and showed shocking strength, which shocked them.

There was a hint of worry in Yingzuka die's voice, and he lowered his voice and said, "Master of Reincarnation, I feel that the Ninth Soul Race seems to have descended."

"Ninth Soul Clan?"

Ye Chen's heart trembled. The Ninth Soul Clan is the master behind the Nine Heavens Fulong Sect and the main enemy of the Yingzuo Family.

The Ninth Soul Clan has always wanted to wipe out the Yingzuo family in order to clear up cause and effect, and let the Nine Heavens Fulong Seal reach the purest and most perfect state.

The Ninth Soul Clan is one of the descendants of Emperor Huntian, Ye Chen is naturally a little jealous.

"Are they finally here? Where?"

Ye Chen asked, although he was a little apprehensive, he didn't panic, because as long as he was still in the real world, he had absolute confidence to deal with any eventuality.

Yingzukadie said: "I don't know, our Yingzuo family has been in decline for a long time, the master of reincarnation, if the ninth soul clan comes, I only hope that you can deal with it."

Previously, Yingzukadie had doubts about Ye Chen, but now that she has seen Ye Chen's strength, she is convinced that the Lord of Reincarnation in this life will definitely rise against the sky, and even bring their Yingzuo family back to the other side of the starry sky in the future , is not impossible.

Chapter 9563

"Okay, I'll keep an eye out."

"Now let's split up to find the remaining two dragons."

Ye Chen said.

"Well, Lord of Reincarnation, that's up to you."

"Also, I'm sorry... I shouldn't have questioned your strength before."

Sakurazuka Butterfly lowered her head, bit her red lips, looking quite apologetic.

Ye Chen smiled, didn't say much, and immediately went to look for the dragon under the leadership of the blood dragon.

Yingzukadie cheered up and took people to find another dragon.

Under the leadership of the blood dragon, Ye Chen came to a cave. The moment he stepped into the cave, he felt a surging and fierce breath of life coming from the ground.

He even saw bursts of auspicious rays of light emanating from the depths of the ground, filling the entire cave, and transforming into dragon-shaped rainbows, which was quite spectacular.

"Under the ground, is there really a dragon?"

"Even, even the Nine Heavens Subduing Dragon Seal is there!"

Ye Chen took a breath, he could capture the breath of life of the dragon, and also the treasure breath of the Nine Heavens Fulong Seal.

"Master, let's go down."

"Hey, if I can get the Nine Heavens Fulong Seal, I can evolve again."

The blood dragon laughed excitedly. Now it is actually the incarnation of the dragon's life star, the core of the Tianlong source body. It has evolved and upgraded before, but it doesn't feel strong enough.

If it can integrate such artifacts as the Nine Heavens Fulong Seal, it can evolve to a sufficiently powerful point.

Ye Chen nodded, and first set up a layer of restrictions to block the entrance of the cave, so as not to expose the breath here.

Fortunately, the blood dragon has a sense, otherwise, he would not be able to find this place.

Now Daode Tianzun and others are all looking outside. There is only Ye Chen here, and no one is competing with him. The opportunity of the Nine Heavens Fulong Seal probably belongs to him.

Ye Chen took the blood dragon into the depths of the cave, along a natural passage, all the way to the ground.

As he went deeper into the ground, he felt warmer and hotter. The air smelled of scorching, and he could faintly hear the sound of magma rushing.

When Ye Chen finally entered the underground world, what appeared before his eyes was a very spectacular scene.

I saw rivers of magma criss-crossing in the underground world, the magma was rolling and roaring, and the billowing heat waves hit our faces.

A huge dragon, golden yellow, suspended in the midair of this magma world, against the backdrop of the magma, those golden dragon scales looked as red as blood.

The body of Shenlong hovered, constantly bursting out fiery energy breath, turning the originally quiet underground world into a world of magma and lava.

While the divine dragon circled around, the dragon's claws held a seal in vain. The seal soared into the sky, revealing a monstrous coercion, as if it could suppress all things, it was the Nine Heavens Fulong Seal!

When Ye Chen saw this dragon and the Nine Heavens Fulong Seal, he was overjoyed.

If this dragon is beheaded, wouldn't the Nine Heavens Fulong Seal belong to him?

Seeing Ye Chen's arrival, the Shenlong stared at Ye Chen with a vigilant look in his eyes.

Ye Chen inexplicably felt that the eyes of the dragon seemed to contain human wisdom and spiritual sense, which was profound.

I don't know if it's an illusion or something, Ye Chen shook his head, calmed down his distracting thoughts, sacrificed the reincarnation sword, and wanted to fly the sword to kill the dragon.

"Wait a minute."

But at this moment, a deep voice reached Ye Chen's ears.

That voice was actually made by the dragon.

"Lord of Reincarnation, do you want the Nine Heavens Subduing Dragon Seal?"

Shenlong spoke human words, his eyes were full of vicissitudes of wisdom, and his voice was extremely thick, as if he had gone through endless years.

When Ye Chen heard Shenlong's utterance, he was also surprised, and replied, "Of course I want to."

The dragon's eyes were as if there were stars hidden in them, the light was shining, the dragon's beard was trembling, he grinned and said, "Actually, even if I give the Nine Heavens Fulong Seal to

You, you can't take it away, if you don't believe me, try it. "

After finishing speaking, the divine dragon waved its paw, and the Nine Heavens Fulong Seal fell down and landed on a stone platform in front of Ye Chen.

"Try, if you can handle it, you can take this seal immediately."

Shenlong squinted and smiled, but with a hint of contempt.

Ye Chen frowned, and caught it carefully, but he didn't feel any conspiracy. The dragon didn't seem to have any malicious intentions.

Ye Chen stepped forward and bent down to pick up the seal, but he was surprised to find that the seal seemed to have taken root on the ground and was connected to the earth, so he couldn't lift it.

"How is this going?"

Ye Chen was taken aback, took a deep breath, circulated spiritual energy, increased his strength, and tried to take the Nine Heavens Fulong Seal, but he still couldn't take it, no matter how hard he tried, the seal would not budge.

"In this world, there are things that I can't lift, that's impossible."

Ye Chen shook his head, and after thinking about it carefully, he vaguely guessed something, and said in a deep voice:

"The Nine Heavens Subduing Dragon Seal has been set up by someone to restrict the law of cause and effect?"

Hearing Ye Chen's words, the Shenlong grinned and said, "Smart, worthy of being the Lord of Reincarnation."

"The Nine Heavens Fulong Seal has already been restricted by the law of karma by the Ninth Soul Clan. Except for the Ninth Soul Clan, it is absolutely impossible for outsiders to hold it."

As he spoke, the divine dragon snapped the paw, and took the seal again, and held it in his hand, his eyes filled with infinite memory and confusion.

Ye Chen was on guard immediately, and said, "Are you from the Ninth Soul Clan?"

Seeing Ye Chen's guarded appearance, the dragon smiled and said, "I'm not, my name is Makino Zheng, my real body is not here, I just project my will on this dragon."

Chapter 9564

Ye Chen was shocked, and said, "Then you are from the Muye family?"

The Shenlong fell silent, as if a little sad, and after a long silence, he slowly said: "Yes, the Nine Heavens Fulong Seal originally belonged to my Muye family, and the law of cause and effect of the Ninth Soul Clan can't limit it." I, I came here this time to find the future leader of the Nine Heavens Fulong Sect."

Ye Chen frowned: "The future leader?"

The Shenlong said: "That's right, my Muye family, after dedicating the Nine Heavens Fulong Seal to the Ninth Soul Clan, was persecuted by them and became their slave."

"Although due to cause and effect, they dare not kill us completely, but they also bring us endless pain."

"Fortunately, during the long years, our Muye family has also had many opportunities to rise up. Now we can barely compete with the Ninth Soul Clan, but our foundation is not enough."

"We need someone with great luck to lead us to rebel against the Ninth Soul Clan, sweep away all the evil obstacles, regain control of the Nine Heavens Subduing Dragon Seal, and return to the starry sky."

"This man of great luck will become the leader of the Nine Heavens Fulong Sect, and will also receive the allegiance of our Makino family."

"We will fully support and support this future leader to become the ultimate god."

"Hehe, to tell you the truth, we have explored some secret methods for creating gods in the long years."

Ye Chen froze for a moment, and said, "What do you think you want to do? Create gods? Ultimate gods?"

The dragon said with a smile: "Yes, it is said that in the other side of the starry sky, there is an ultimate god who dominates everything. Even Emperor Huntian believes in it, and enshrined his own magic eye of death."

"However, as far as I know, the ultimate god does not exist."

"But, it doesn't matter. Humans can create gods. Our Makino family has the secret method of creating gods. We can create the ultimate gods."

"At present, we already have a candidate, and that is Ancient Emperor Yuhuang."

Ye Chen laughed at himself, and said, "I thought it was me."

The Shenlong said with contempt in his voice: "You can't do it, the ninth reincarnation will perish, and you in this life still have no possibility of rising."

"As for Ancient Emperor Yuhuang, his future body once ended the Nine Gods Era, and also created such a terrifying thing as Ten Tails."

"Ancient Emperor Yuhuang has enough qualifications to become the ultimate god."

"I came here this time to warn you, Lord of Reincarnation, don't be an enemy of Ancient Emperor Yuhuang, he will be the ultimate god, and your law of reincarnation will also belong to him."

Ye Chen laughed loudly, and said, "Do you think Ancient Emperor Yuhuang is more qualified than me to be the ultimate god? Believe it or not, when Ancient Emperor Yuhuang leaves the customs, I will kill him right away. He is even like a heavenly maiden." In that way, there will be no chance of escaping to the infinite time and space to live!"

Ye Chen's voice was filled with murderous intent, his bones were rattling, and his eyes were blatant.

The decisive battle between him and Ancient Emperor Yuhuang is imminent, he will never leave any troubles behind, and vows to completely kill Ancient Emperor Yuhuang.

The Muye family wanted to promote the ancient emperor Yuhuang as the ultimate god, that would be the absurdity of the world, Ye Chen would not give the ancient emperor Yuhuang any chance to live.

The Shenlong still had a hint of contempt, and said:

"You can't even hold the Nine Heavens Fulong Seal, how can you talk about surpassing the ancient Emperor Yuhuang?"

These words aroused Ye Chen's blood, Ye Chen grinned and said, "Give me another try."

The dragon said: "No matter how many times you try, the result is the same. You will die in the ninth life of reincarnation. Do you really have a chance to rise in this life? I have seen the future and seen your death."

"When Emperor Yuhuang leaves the customs, he will kill you, and your fate will end here."

After finishing speaking, the Shenlong threw the seal on the stone platform again.

Ye Chen took a deep breath, borrowed the strength of the blood dragon, and wanted to pick up the seal with his palm like a dragon's claw.

However, the seal remained motionless.

The dragon sneered, "You can't even break the law of karma of the Ninth Soul Clan,

What else are you talking about surpassing the ancient emperor Yuhuang? "

Ye Chen didn't speak, and took a deep breath again. His left arm made a rattling sound, and his red light bloomed. Regardless of the load on his body, he directly opened the Emperor's Arm.

boom!

As soon as Emperor Yantian opened his arms, a violent wave of energy roared out from Ye Chen's body, causing many magmas around him to boil.

Feeling the aura of the Emperor's arm, the Shenlong narrowed his eyes slightly, and said: "You have been approved by Emperor Yan, but unfortunately, our Muye family will not recognize you."

Ye Chen still didn't speak, and stared at the Nine Heavens Fulong Seal. With the arm of the Emperor of Heaven opened, he was so powerful that he went to get the seal again.

This time, the seal, which had been motionless just now, finally became a little loose.

Kachacha.

Around the seal, a series of forbidden tracks emerged and broke.

That is the restriction track of the law of causality, which was broken by Ye Chen at this time, but the remaining restrictions of the law of causality are still strong.

"Emperor Yan's Heavenly Emperor Arm is indeed powerful, but that's all there is to it."

Seeing that the seal was loose, the Shenlong's eyes fluctuated a little, but he quickly returned to silence.

After all, Ye Chen only has the cultivation base of the ninth level of the Profound Sky Realm, even if he has the Yantian Emperor Arm, it is impossible to fully exert the power of this arm.

It is already the limit to loosen the seal a little.

Chapter 9565

In the eyes of the dragon, it is absolutely impossible to completely break the law of karma set by the Ninth Soul Clan.

These laws of cause and effect involve many profound and complex changes in supernatural powers, which cannot be broken by brute force.

"Master, no way."

The blood dragon hovered on Ye Chen's arm, seeing that he still couldn't pick up the seal, he was also a little anxious.

A small piece of seal, under the blessing of the law of cause and effect, is heavier than heaven, earth, mountains and rivers.

"It's okay, I can break this law of karma."

Ye Chen's eyes suddenly turned sharp, and Fu Zhi's heart, but he saw a way to break the situation.

"Glow at dusk, the gods will perish, all things will perish, perish!"

Ye Chen sang softly, and strands of dark golden light bloomed from his palm, which was the light of dusk. It was like a round of setting sun in his hand, continuously blooming with the brilliance of dusk, and it flowed out quickly, soon covering the entire Nine Heavens Fulong Seal, completely enveloped.

Under the twilight light, the stone platforms and magma around the seal were silently dying, decomposed into stone chips, and the magma evaporated into nothingness.

"This is... Ragnarok!"

Seeing Ye Chen's methods, the Shenlong was horrified.

I saw that under the twilight atmosphere of the gods, the karmic restrictions placed on the Nine Heavens Fulong Seal gradually declined, and all the laws of prohibition disappeared, completely unable to stop the erosion of the twilight of the gods.

"effective!"

Seeing the law of karma dissipate, Ye Chen was also excited.

It seems that Ragnarok is indeed an extremely powerful magic technique, which can restrain the gods, and also has a miraculous effect on dealing with the law of cause and effect.

After the restriction of the law of causality dissipated, Ye Chen tried to get the Nine Heavens Fulong Seal again. This time, he picked up the seal with a light touch, without any effort.

"Master, it worked!"

The blood dragon was overjoyed, finally got the Nine Heavens Fulong Seal, it could already feel the majestic energy of this magic weapon.

If Ye Chen can control it, it can upgrade and evolve again!

"It seems that the law of karma of the Ninth Soul Clan can't restrict me."

"How? Can I take the Nine Heavens Fulong Seal away?"

Ye Chen held the seal in his hand, and the quaint seal was shining in his hands. The nine golden dragons withered on the seal seemed to come alive, and the vast energy breath was spreading.

Hearing Ye Chen's words, the Shenlong's eyes were already very ugly. He never expected that Ye Chen actually broke through the restriction of the law of cause and effect and picked up the seal.

"I underestimated you, Lord of Reincarnation."

The dragon sighed.

Ye Chen said with a smile: "It's a joke that you actually think that Emperor Yuhuang is stronger than me, and even support him as the ultimate god."

"Now that I have obtained the Nine Heavens Fulong Seal, I want to kill Emperor Yu, that's a bit easier, you Muye family, wait to collect his body!"

The Nine Heavens Fulong Seal has a powerful suppressive power, and Ye Chen controls it at this time, which can be used to tame Banwei.

Once the half-tail is tamed, he has mastered the power of the tailed beast, he really doesn't know how he lost, how could the Ancient Emperor Yuhuang be his opponent.

He wanted to kill Ancient Emperor Yuhuang, and he would burn his bones and ashes, and he would never give him any chance to live!

The Shenlong sighed: "Lord of Reincarnation, if you want to take away the Nine Heavens Subduing Dragon Seal, you will definitely suffer revenge from the Ninth Soul Clan, so be careful."

"What came down this time, besides my will, is also the will of the Ninth Soul Clan. The Ninth Soul Clan has a strong man named Luan Qiye. His will is projected into the last dragon."

"In that chaotic night, he has already reached the fourth stage of cultivating the death-death demon's eyesight. In the real world, he can be said to be an invincible existence. He can make the heavens die with a single look. Before he finds out, you'd better Run away quickly, or you will die."

Ye Chen sneered in his heart, the fourth-rank Devil Eye of Desperate Death was invincible in the eyes of the dragon, but in Ye Chen's eyes, it was not worth mentioning.

as long as it's still here

In the real world, he believed, no one could match him.

"Why do you care about my life? Aren't you supporting Ancient Emperor Yuhuang?"

Ye Chen asked.

The Shenlong said: "It is precisely because I support the ancient Emperor Yuhuang that I don't want to see you die here, otherwise your reincarnation luck will be scattered, and it would be too wasteful."

Ye Chen laughed loudly, understood, and said, "So, you don't want me to die at the hands of outsiders, but you only want me to die at the hands of Emperor Yuhuang?"

The Shenlong was also very frank, and said: "That's right, if you insist on being an enemy of the Ancient Emperor Yuhuang, then I can't help it. After I go back, I will also curse you and curse you to die under the hands of the Ancient Emperor Yuhuang." ."

Ye Chen sneered, and said, "Then you still let me take the Nine Heavens Fulong Seal? Isn't this the treasure of your Muye family?"

The Shenlong said: "In fact, our Muye family has been in decline for a long time, and we don't have enough luck to control the Nine Heavens Fulong Seal. If you want to take it, I have no ability to stop it."

"But I believe that it won't be long before you die in the hands of Emperor Yuhuang, and this seal will return to the hands of my Muye family."

Ye Chen said again: "I always feel a little strange talking to you. You Muye family clearly want me to die, but your tone is so flat, without any hatred."

The Shenlong was stunned for a moment, with a vague tone, and said: "Hatred? I don't know, the years are too long, time has already wiped out all my thoughts, and everything I do is just following the arrangement of fate."

After saying these words, behind the Shenlong, the will of Makino Zheng of the Makino family retreated.

After this will subsided, the divine dragon was covered with radiance, and then dimmed, its flesh and blood withered, and soon reduced to a dead corpse, which fell from mid-air and was finally submerged by magma.

Of the nine divine dragons, eight have fallen so far, and the last one is left. I don't know where it is.

The last divine dragon is the powerhouse of the Ninth Soul Clan, where the will of Luan Qiye rests.

"Master, no matter what the Muye family or the Ninth Soul Clan, since we have obtained the Nine Heavens Fulong Seal, let's quickly refine it!"

The blood dragon said excitedly, he didn't care what enemies he would offend.

It knows that in the real world, Ye Chen is an invincible existence.

Even if the Ninth Soul Clan dared to descend, they would only end up being killed by Ye Chen.

"Okay, it's time to take this step."

Ye Chen didn't hesitate, and immediately dripped blood, dripping on the Nine Heavens Fulong Seal.

hum!

With one drop of his blood essence, the nine dragon-shaped engravings on the seal immediately came to life, roaring and flying, swallowing clouds and mist, and emitting thousands of rays of light.

In an instant, Ye Chen felt that his spirit had successfully established communication with the Nine Heavens Fulong Seal and completely controlled the seal.

Chapter 9566

On this seal, there are traces of a very complicated causal context, the veins of the starry sky, the traces of the Makino family, the traces of the Sword Demon, the traces of the Yingzuo Holy Land, the traces of the Ninth Soul Clan and the Nine Heavens Fulong Sect, and so on.

Behind these causal traces, there seems to be a huge secret hidden, involving the ultimate mystery.

This is also the secret that the Ninth Soul Clan wants to crack.

But Ye Chen has a pure heart, so naturally he will not have any obsessions. This secret can be solved as soon as it can be solved, and there is no need to rush if it cannot be solved.

Now, he felt that he was integrated with the Nine Heavens Fulong Seal, and this magic weapon became a part of his body.

The blood dragon and Ye Chen are one, so this seal is quite integrated into the blood dragon's body.

"Hahaha, master, I have upgraded and evolved again! The aura of the Nine Heavens Fulong Seal is too majestic!"

The blood dragon laughed ecstatically. After merging the Nine Heavens Subduing Dragon Seal, a ray of light from the starry sky flickered on its dragon scales.

This is not the starry sky in the world, nor the starry sky in the sky, it is the starry sky beyond the heavens, it is the starry sky on the other side, with a breath of energy that transcends everything and is boundless.

After merging the Nine Heavens Subduing Dragon Seal, the blood dragon's combat power is comparable to that of a strong person who has just entered the divine way.

Rumble!

And as Ye Chen refined the Nine Heavens Fulong Seal, shocking phenomena erupted from the outside world.

I saw beams of sunlight rushing from the underground world to the sky, the nine dragons soaring into the sky, roaring and dancing, as if to suppress everything, it was very spectacular.

Another ray of supreme starry sky light, with a cool breath, bloomed all over the sky, and finally turned into a meteor shower and fell. The clear sky had already turned into the color of the night starry sky.

The Nine Heavens Fulong Seal is an artifact from the other side of the starry sky. At this time, Ye Chen successfully refined it, which also touched the atmosphere of the starry sky, which is very magnificent.

Daode Tianzun, Chongyang Daoist, Kazama Meng, Sakurazuka Butterfly, and many warriors in the Holy Land were stunned when they saw the majestic scene in the sky.

"The Nine Heavens Fulong Seal has been refined!"

Daode Tianzun's body trembled, and he had a glimpse of the secret, knowing that it was Ye Chen who refined the Nine Heavens Fulong Seal.

"Could it be that my fate has come to an end?"

After looking at the starry sky full of brilliance and the aura of Nine Dragons, Daode Tianzun looked pale and felt unprecedentedly weak.

The opportunity of the nine-day crouching dragon seal was controlled by Ye Chen. The gap in strength between him and Ye Chen was getting bigger and bigger. I really don't know how to match.

He has lived for countless epochs and has a wide network of contacts. Of course, he can smuggle to take refuge in Wuwu time and space, but it is meaningless.

The real world is his lighthouse and his root. He had a chance to ascend long ago, but he never went there.

It is his destiny to protect reality.

But now, Daode Tianzun feels that the world is abandoning him, and he will not need to guard the real world in the future.

The new guardian is Ye Chen!

"Dao De Tianzun, it's all about replacing the old with a new generation. You bow your head to the Lord of Reincarnation and admit your mistake. In fact, there is still room for redemption."

Master Chongyang walked slowly to Daode Tianzun, and said with a smile.

Daode Tianzun just sneered, and it was absolutely impossible for him to bow his head and admit his mistake.

Master Chongyang laughed again and asked: "Actually, I'm very surprised, Sir Headmaster, why don't you go to Wuwu Time and Space? What good is there in staying in the real world?"

Daode Tianzun heard Chongyang Daoist, suddenly changed his words and called him back to be the head teacher, his body trembled slightly, knowing that he was really asking sincerely.

This is also the doubt of Chongyang Daoist. If it were him, he would definitely go to No Time and Space, and there is no need to stick to reality.

Daode Tianzun's eyes were blurred, he looked up to the sky and sighed, and said, "It's actually very simple. Only in the real world can I have real happiness."

"Whenever I see the starry sky of the universe destroyed, and then a new cosmic epoch is reborn in the last fire, I feel very happy, because of my existence, the world can continue, and I am the real savior."

"But if I go to Wuwu time and space, it's just a trivial ant."

"I've actually been there by smuggling, but I'm not even eligible to get the Taoist Order. The Taoist sect looks down on me and doesn't think I'm qualified to participate in the competition. Then why should I suffer in Wuwu Time and Space?"

Daoist Chongyang was stunned for a while, and said with a smile: "Is it better to be a chicken head than a phoenix tail? Then what are your plans now, Sir Headmaster."

"I cooperated with the Lord of Reincarnation and wanted to fight against you, but now it seems unnecessary."

"Ye Chen is too invincible, I don't need to intervene. If he wants to kill you, it's easier than crushing an ant. Now, if you don't want to bow your head and surrender, and you don't want to go to Wuwu Time and Space, then you have to die."

"You took me into the Zihuang Immortal Palace back then, and you were very kind to me. Do you need me to collect the corpse for you?"

Daode Tianzun laughed miserably, and said: "No need, I am not the opponent of the Lord of Reincarnation, but there is still hope for Emperor Yuhuang."

"I will fully support Ancient Emperor Yuhuang, and I will also give him the Tianbei."

After speaking, Daode Tianzun rose against the wind, and wanted to leave the Holy Land of Yingzuoka, go to the Temple of Wanxu, and make the last struggle.

"Dao De Tianzun, my Tianbei, do you still want to give it to someone else?"

Suddenly, a violent shout, with a sharp majesty, exploded from behind Daode Tianzun.

Ye Chen rode a blood dragon and came out from the ground.

The Nine Heavens Subduing Dragon Seal revolves around Ye Chen, dripping and spinning, and the vast divine light blooms, which is very spectacular.

With the help of the Nine Heavens Subduing Dragon Seal, Ye Chen threw out his palm, turned into dragon claws, and grabbed Daode Tianzun's back from the air.

Chapter 9567

If this blow hits, he is enough to instantly kill Daode Tianzun, like crushing an ant.

Now Ye Chen's strength is invincible to this point.

In charge of the nine-day crouching dragon seal, the blood dragon becomes stronger.

Ye Chen rode the blood dragon, his momentum soaring.

Daode Tianzun's face was shocked. Now that Ye Chen has obtained the Nine Heavens Fulong Seal, his strength has skyrocketed, and he is destined to be unable to fight.

"Sky Monument, Heaven's Rebellion Restriction!"

In the midst of a crisis, the Daode Tianzun urged the heavenly tablet, and layers of rune restrictions erupted. These rune restrictions have an extremely tyrannical aura, and a "reverse" Dao Yun, as if they can reverse everything. gesture of the sky.

Ye Chen bombarded the past with one blow, and the layers of rune restrictions were shaken, but the restrictions did not burst, and he could not hurt Daode Tianzun.

Instead, Ye Chen was shocked by the prohibition, and his palms ached.

Daode Tianzun snorted, blood flowed from the corner of his mouth, and his face was pale.

Although he was not injured by Ye Chen, the use of the prohibition of the sky tablet obviously consumed him a lot, leaving him in a state of emptiness in an instant.

"This Tianbei is really powerful, it can actually block my attack."

Ye Chen stared at the Tianbei and admired it.

Now he is so invincible, even a demigod can kill him, but the restriction of the Tianbei blocked his blow.

It can be seen that the energy background of the Tianbei is indeed extremely profound, and it is the most powerful existence among the ten reincarnation mysterious monuments.

Ye Chen's heart was burning hot, he just wanted to take back the Tianbei as soon as possible, so that his blood of reincarnation could be completely restored.

He made a move again, urging the Nine Heavens Subduing Dragon Seal, the seal broke through the air, the Nine Dragons Roaring Xiao exploded, and a myriad of divine lights erupted, auspicious energy descended like a waterfall of smallpox, and he smashed his head towards Daode Tianzun.

The prohibition of the Tianbei is so powerful that it can be called against the sky. The Daode Tianzun can only use it once at most, and if he has no spare power, he can use it a second time.

Seeing that the Nine Heavens Fulong Seal was smashed down, Daode Tianzun's eyes were completely ashamed, and he thought to himself:

"My fate really ended today."

But at this time, in the void, the dragon's power suddenly shook, and a tyrannical dragon's aura, with the aura of sweeping the sky, swept across the audience, causing the sky to disperse all the clouds, a storm broke out, and there were rumbling sounds.

"The lord of reincarnation, the magic weapon of my soul clan, you can get your hands on it?"

I saw a dragon, which was thousands of feet long, suddenly emerged from the sky. The dragon eyes were full of shocking anger, and every dragon scale had a strange cold light that shocked people's souls, like ice and steel cast.

Scoff!

A huge dragon claw pierced through the void of heaven and earth, smashed down from high altitude, and crushed Ye Chen fiercely, as if it wanted to crush Ye Chen's whole body.

Ye Chen narrowed his eyes, looked at the dragon in the sky, and immediately knew that this was the last dragon, and it was also the strongman of the Ninth Soul Clan, where the will of Luan Qiye rested.

"Huh?"

Daode Tianzun was very surprised to see the dragon coming.

He also knew that this was the last dragon, but he did not expect that the aura of this dragon was so powerful that it even seemed to have the will of the supreme power.

He tried to peek into the sky, but found that he couldn't see through anything, and he didn't know what the soul race was.

But, he knew that this was his perfect chance to escape!

Whoosh!

Daode Tianzun made a decisive decision and immediately flew away.

"Leave the monument!"

Ye Chen's face turned cold, and he sacrificed the Samsara Heavenly Sword, and the Yujian flew out, and the thunder burst, and slashed straight at the body of Daode Tianzun.

"Lord of reincarnation, your opponent is me."

In the sky, the divine dragon's eyes were cold, and with a wave of its claws, it blocked Ye Chen's Thunder Flying Sword.

It is very clear that the Tianbei is powerful.

If Ye Chen killed Daode Tianzun and got the Tianbei, it would definitely die.

Taking advantage of this opportunity, Daode Tianzun has already fled far away.

Ye Chen was furious, he knew

Dao, Daode Tianzun must be going to Wanxu Temple to hand over the Tianbei to Ancient Emperor Yuhuang.

Once Emperor Yuhuang got the Tianbei, things would get out of hand.

"Bastard, dare to ruin my business?"

Ye Chen looked at the dragon in the sky, and his eyes burst out with strong anger and murderous aura.

"Hehe, how are you, aren't you convinced?"

"Soul Devouring Barrier, suppress it for me!"

The divine dragon laughed disdainfully, waved its claws, laid down many seals, turned into a huge barrier, and shrouded it from the sky.

This enchantment has a terrifying soul-devouring power, as if it can devour people's souls.

Immortal Chongyang under the barrier felt the strength of the barrier, and hurriedly retreated to avoid being hurt.

And Ye Chen's aura was completely locked by the barrier, and the barrier fell down, firmly imprisoning him in the center.

Whooooo!

In the Soul Devouring Barrier, clusters of dark clouds and mist exploded, all of which contained terrifying erosive power, and dark energy surged.

In an instant, Ye Chen felt a boundless aura of darkness that was about to erode his soul.

However, he didn't feel any danger at all.

Because his dao heart and soul are very strong and tough, even the means of the soul clan cannot be corroded.

Especially after getting the heart of light, Ye Chen's Taoist soul is illuminated by the supreme and majestic light, which is enough to dispel all darkness.

When the evil spirit of the soul-devouring barrier eroded in, Ye Chen's bright heart was activated, and a fiery light breath emerged from his body, dispelling all the evil spirits of the soul-devouring barrier.

"Hey, this is..."

Chapter 9568

The dragon was taken aback, and saw Ye Chen's body, as if it had become a lighthouse, constantly emitting blazing white light.

Under the illumination of this strong white light, the Soul Devouring Barrier it set up was crushed in an instant.

Even its soul seemed to have received a huge shock, causing it to ache.

"This is the power of the Heart of Light! It is enough to restrain my soul clan!"

"Boy, spit out the heart of light for me!"

The dragon was furious and terrified. It volleyed its claws and grabbed Ye Chen's dantian, as if it wanted to crush Ye Chen's body and dig out the heart of light.

"So you soul race, are you afraid of the heart of light?"

Ye Chen smiled. When he saw the claws of the dragon coming, he was not afraid at all. He used the magic lotus flower, which is a supernatural power in the Buddha's scriptures.

"Demon Eye of Destiny, kill me!"

The dragon saw the seven-color lotus flower blooming in the void, knowing that Ye Chen's Buddhism is powerful, and immediately opened the magic eye of death.

This magic eye of death is a powerful supernatural power. Most of the descendants of Emperor Huntian have practiced it. According to its power, it can be divided into nine grades. Although it is not as powerful as Ye Chen's super magic eye, it is still quite powerful.

I saw that Shenlong, when the Demon Eye of Death was opened, layers of death lines appeared in the eyes, and the majestic death aura roared out. As the people of the Muye family said, it really has the power of the fourth rank.

The fourth-rank Demon Eye of Desperate Death surpasses Yan Guichao of the Dead Soul Realm, and is very powerful.

Ye Chen's magical lotus flower, the seven-color lotus flower, instantly collapsed into ashes under the pressure of the Devil's Eye of Desperate Death.

The dragon shot like lightning, and its claws had already reached Ye Chen's lower abdomen, intending to cut open his lower abdomen and dig out the heart of light.

This scene was very dangerous. Fortunately, Ye Chen was not fighting alone.

The blood dragon roared, and the dragon's claws came out to fight against the dragon's claws.

The collision of the two dragons caused a huge storm, and the two dragons retreated separately, but Ye Chen's body remained motionless without any impact.

Now Ye Chen's physique is already very strong. After refining the Nine Heavens Subduing Dragon Seal, his Tianlong source body can be said to have been cultivated to the peak. Every drop of blood, every particle, and every pore in his body can Hualong.

His body seems to be composed of hundreds of millions of real dragons, extremely tyrannical.

In fact, even if the blood dragon didn't make a move, Ye Chen could bear the blow of the dragon.

Looking at the real world, the only one who can really hurt him now may be the ancient Emperor Yuhuang who has ascended to the gods.

"Damn boy."

The Shenlong's attack was frustrated, and he knew that Ye Chen was not easy to deal with. It was impossible for ordinary martial arts supernatural powers, even the soul devouring supernatural powers, to hurt Ye Chen.

"Use my magic eye of death, let you die!"

"The death coercion of Lord Hun Tiandi is definitely not something you can bear."

The dragon's voice was sultry, and it exploded the power of the Devil's Eye of Death to the extreme.

Rumble!

The violent breath of death spread between the sky and the earth, and the sky of the entire Yingzuo Holy Land became dark, as if even the sky had died.

Many flowers, plants and trees in the Holy Land withered and withered in an instant, turning into fly ash, completely unable to withstand the power of the Devil's Eye of Destiny.

Although this is only the fourth-grade Demon Eye of Desperation, the power it erupts is enough to crush the world.

Daoist Chongyang, Yume Kazama, and many people from Yingzuo Holy Land felt the breath of death, and they were all terrified, and a wave of fear emerged from the bottom of their hearts.

That's right, even powerful people like Chongyang Daoist and Kazama Meng felt deeply terrified when facing the Devil's Eye of Destiny.

Originally, strong people like them had a strong resistance to death, the biggest demon in their hearts, but Emperor Huntian's magic eye of death reawakened the biggest demon in their hearts, the fear of death. out.

Even the blood dragon was terrified and curled up behind Ye Chen's body.

"Die to me!"

The dragon's eyes were ferocious, and the murderous aura of the devil's eye,

It turned into a black ray and shot at Ye Chen viciously.

There was a smile on the corner of Ye Chen's mouth, he was not afraid at all, nor was he panicked like Chongyang Daoist and Kazamameng.

Because the real Devil's Eye of Death is in his hands, although he was worried that the burden on his body would be too heavy, so he didn't use it easily at this time.

However, it is impossible for the mere fourth-grade magic eye of the Shenlong to hurt him.

Ye Chen just stood still, forcibly being hit by the dragon.

I saw that black ray shot at Ye Chen's body, but it seemed like a mud cow had entered the sea, and nothing happened.

The monstrous and terrifying breath of death could not harm Ye Chen at all.

"This...how is this possible!"

The Shenlong was completely shocked and couldn't believe his eyes.

In the real world, the magic eye of the fourth grade can already be said to be the existence of crushing the world, but it can't hurt Ye Chen in the slightest.

Daoist Chongyang and Kazama's dream were also extremely shocked.

"You want to hurt me with your magic eyes?"

"Do you know what realm my magic eye is?"

Ye Chen laughed, and wanted to open the Devil's Eye of Death, and let the dragon open his eyes, but after thinking about it, forget it, there is no need to put unnecessary burden on the body.

"Forget it, if I open my eyes, I'm afraid I'll scare you to death."

"Besides, why use magic eyes to deal with you bastard?"

"Throne of Thorns, Cage of Thorns, seal it up for me!"

With a wave of Ye Chen's hand, he mobilized the energy of the Throne of Thorns, and a dark green light burst out from his hand, rushed to the sky, wrapped around the dragon, and turned into thorns.

Thousands of thorns formed a thorn cage, which firmly imprisoned the dragon in midair.

The dragon roared, feeling the danger deeply, even its will was blocked, unable to escape.

It struggled to fly out, but when its body touched those thorns, it was pricked by the barbs and bled, and it was so painful that it couldn't get out at all.

"Boy, do you know who I am?"

"If you dare to hurt me, you are making an enemy of my soul clan!"

The Shenlong screamed sharply, already feeling the threat of death.

"Who you are is not important to me."

"Give me death."

Ye Chen's expression was indifferent, he clenched his fist, exuding the terrifying murderous aura of Tianshang Dimie, and blasted towards the dragon with a Tianshang fist from the air.

The dragon was terrified and wanted to struggle, but Ye Chen had already tightened the cage of thorns, binding the dragon one by one, making it unable to move.

boom!

In the end, Ye Chen punched hard, blasted the dragon, and blasted the dragon in the air.

With a mournful cry, Shenlong turned into a rain of blood, and even the will behind it was wiped out.

In Wuwu time and space, there is a hidden boundary, which is the territory of the Nine Heavens Fulong Sect.

At this time, inside the Nine Heavens Fulong Sect, there was a black-clothed warrior, whose body was rattling, with thorns and barbs growing on his skin, piercing his whole body, and then seemed to be bombarded by an invisible force. Burst shattered, died on the spot.

Chapter 9569

This warrior in black is exactly Luan Qiye who had just placed his will on the dragon.

The power of Ye Chen's Throne of Thorns, as well as the power of Tianshang Fist, all returned to his body, causing him to die suddenly on the spot.

Although he is a strong man without time and space, and has the means of resurrection, even if he is resurrected, his Taoist heart will probably be dusted, and he will have to endure the torture that life is worse than death.

The sudden death of Luan Qiye caused the entire Nine Heavens Fulong Sect to shake and become chaotic.

In the Sakurazuka Holy Land.

Ye Chen vaguely glimpsed the secrets of the sky, and also felt the chaos of the Nine Heavens Fulong Sect, as well as the anger of the Ninth Soul Clan behind him.

He killed Luan Qiye this time, and he must have offended the Ninth Soul Clan.

However, Ye Chen didn't care.

After all, he and the descendants of Emperor Huntian were destined to become enemies.

Seeing that Ye Chen killed the dragon so easily, Daoist Chongyang, Meng Kazama, and the warriors in the entire Yingzuo Holy Land were all amazed.

Master Chongyang squinted his eyes and smiled, and said: "Lord of Reincarnation, you are indeed invincible, and the Nine Heavens Subduing Dragon Seal belongs to you, that's what you should."

"I see that you are so powerful. It won't be long before you can step into the infinite time and space, hehe."

"When you go to Wuwu, and the laws of heaven and earth are further loosened, maybe I can also enjoy the glory, and I will go to Wuwu as soon as possible, and become one with the future body."

After expressing his emotions, Chongyang Daoist turned around and left.

He knew that when Ye Chen solved the cause and effect of the real world, it was time for Ye Chen to step into the Wuwu world.

Looking at the real world now, the cause and effect that Ye Chen has not cut off is mainly Tianzun Daode and Ancient Emperor Yuhuang.

And no matter whether it is Daode Tianzun or Yuhuang Gudi, it is impossible to be Ye Chen's opponent.

"Hey, Lord of Reincarnation, um...forget it, I'll still call you by your name, Ye Chen."

Kazama Meng walked in front of Ye Chen, and the shocking combat power that Ye Chen showed just now also shocked her. With a hint of appreciation and anticipation in her eyes, she said with a smile:

"Are you interested in being my lighthouse? I need a lighthouse."

When Ye Chen heard Kazama Meng's words, he was taken aback for a moment, then smiled and said, "Didn't you say you don't like men?"

Kazama Meng said: "Yes, but at least your smell won't make me feel disgusted, and you are my lighthouse, our cultivation can confirm each other and make progress together."

Ye Chen said: "I'm really flattered, do you want me to solve this love word for you?"

Kazama Meng fell silent, seeming to hesitate a bit.

Ye Chen looked at her clothes, then at her skirt, and said with a smile: "If you really want me to be your lighthouse, what I want to untie is not just the word love."

When Kazama Meng heard this and felt Ye Chen's gaze, she was immediately annoyed, her face turned red, and she scolded: "Rogue, I won't tell you anymore!" and turned to leave.

Ye Chen laughed out loud. In fact, Meng Kazama is a tailed beast, and there is too much karma involved behind it.

Even if Kazama dreamed of making him a lighthouse, he couldn't agree easily and needed careful consideration.

At least, not now.

Now Ye Chen has to deal with Emperor Yuhuang and Daode Tianzun, so it is naturally inconvenient to be contaminated with other causes and effects.

Now that the matter is over, Ye Chen bid farewell to Yingzhongdie immediately, and left the Yingzhong Holy Land, returning to the Star-Moon Realm, preparing for the final battle with Wanxu.

At this time, a guest was welcomed in the Heavenly Realm of the Yuhuang, the Temple of the Ten Thousand Ruins.

This guest is none other than Daode Tianzun!

The Taoist Heavenly Venerable descended, and the Ancient Emperor Yuhuang, who was in retreat, also came out to greet him.

When he saw Daodetian's gloomy and apprehensive expression, the ancient Emperor Yuhuang had seen all the secrets and knew everything.

"That boy, Lord of Reincarnation, has become stronger again?"

In the Great Hall of Wanxu, Ancient Emperor Yuhuang and Tianzun Daode sat opposite each other, and asked in dry voices.

Daode Tianzun said: "Yes, he got the Nine Heavens Subduing Dragon Seal, the next step is to tame the half tail, and it may even hit the limitless realm, we are dead!"

Ancient Emperor Yuhuang trembled all over, and the fear of death welled up in his heart.

Originally, he was still a little bit sure, and when his godhead stabilized, he would kill Ye Chen instead.

But now, Ye Chen has got the Nine Heavens Fulong Seal, and he is going to tame Banwei, and even hit the Boundless Realm, what will he use to fight back?

In the dark, the Ancient Emperor Yuhuang had already glimpsed that his future destiny was to be trampled to death by Ye Chen, without even the slightest possibility of resistance.

Ye Chen is too invincible, and the chances never stop, his cultivation has improved by leaps and bounds, even though he is struggling to catch up, the gap is getting wider and wider.

"Dao De Tianzun, do you want to wait to die?"

Emperor Yuhuang smiled wryly and said, his current cultivation base is the first level of the Divine Dao Realm. After his aura stabilizes, he may reach the peak of the first level. With the great luck of the Wanxu, his strength can be said to be very powerful.

But the problem is that Ye Chen's hole cards and means are stronger and more invincible.

Even if he becomes a god, he is definitely not Ye Chen's opponent.

Daode Tianzun said: "There is only one way now, that is, I will give you the Tianbei, and you find a way to kill that kid."

Saying that, he sacrificed the stele of heaven.

Emperor Yuhuang looked at this ancient stone tablet, and his eyes also revealed a strong sense of fiery intent, but his face darkened again immediately, and said:

"Even if there is a sky monument, I may not be able to fight back."

"Because, this Tianbei is something that belongs to reincarnation, and it is impossible for outsiders to truly control it."

Daode Tianzun said: "Then you have to give it a go. Are you scared and afraid to fight?"

Chapter 9570

Emperor Yuhuang's eyes narrowed, as if he had thought of a certain possibility, his body trembled slightly, and said: "You are right, I am indeed afraid, I have never felt so afraid before, I never imagined that one day, I would be so afraid of that kid , What I was most worried about back then has finally become a reality."

At the very beginning, when Wanxu was first established, Emperor Yuhuang felt the threat of the future master of reincarnation.

In Ye Chen's previous life, he was planning to kill him.

But it's a pity that man's calculation is not as good as heaven's calculation. Ye Chen, under tremendous pressure, finally grew to the point where he is today, grown enough to crush him to death like an ant.

After pondering for a while, Emperor Yuhuang said: "I have seen the future, if I insist on going to war, then I will only die, and I will not even have a chance to survive."

"Instead of doing this, it's better to avoid the war. I'll just smuggle to Wu Wu Time and Space."

"No, I'm not a smuggler. I have become a god, and I have the qualifications to ascend to heaven."

"Dao De Tianzun, do you want to go with me? If you want to fight reincarnation, we'd better cooperate."

Daode Tianzun laughed loudly, and said: "Gudi Yuhuang, are you so timid as a mouse? You want to avoid the war before it starts?"

He didn't expect that Emperor Yuhuang was so afraid of Ye Chen, he was so afraid that he didn't even have the courage to go to war, and he just wanted to escape in no time and space.

Emperor Yuhuang shook his head and said: "You have lived enough, I haven't lived enough, I don't want to die."

Daode Tianzun snorted and said: "If you go to Wuwu Time and Space, that is also death. In the future, the Lord of Reincarnation will also go to Wuwu Time and Space. Can you escape?"

"It's better to take advantage of the present, you are a god, he is in the Profound Sky Realm, you have the advantage of the difference in realm, and then borrow my Heavenly Monument, give it a go, and still have a chance!"

Hearing Daode Tianzun's words, Yuhuang Gudi's expression became gloomy, he carefully considered his calculations, and finally heaved a long sigh, saying:

"With me, Wanxu, I am definitely no match for the Lord of Reincarnation. That kid is really invincible!"

"However, in fact, Mr. Yehan contacted me and said that he wanted to take me to Wuwu Time and Space and form an alliance with me."

Daode Tianzun said: "Master Yehan?"

Emperor Yuhuang said: "Yes, he is the great apprentice of the ancient god Tuodi. The two masters and apprentices have already turned against each other because of the Shiwei incident. He has taken a fancy to me and wants to form an alliance with me to fight against Tuodi. Old God."

"Master Ye Han is a top-level powerhouse. If he can be summoned down, he may be able to kill the Lord of Reincarnation."

"Take your celestial monument as a gift, Mr. Yehan has no reason to refuse."

Daode Tianzun's eyes lit up, and he also knew Yehan's strength.

If Ye Han is willing to come, there is indeed a chance to kill Ye Chen directly.

Although summoning Yehan requires him to donate the Tianbei, it is not as simple as borrowing it, but donating it directly, giving it to Yehan completely, and the price is huge.

However, as long as reincarnation can be buried, no matter how high the price is, it is worth it.

"Yes, if Yehan is willing to come, I can give him the Tianbei, but I'm afraid he won't come. After all, it's too risky to come to the real world."

Daode Tianzun nodded in agreement, but he was afraid of Yehan and dared not come.

Because no matter how powerful a master comes to the real world, his cultivation will be restricted. This is the limitation of the Dao of Heaven and Earth. Unless it is a super-grade emperor, no one can reverse it.

That is to say, once a Heavenly Emperor-level master like Ye Han arrives, his strength will be limited to the Divine Dao realm, which is very dangerous and may be killed by the counterattack.

"I'll ask Mr. Ye Han for his opinion. Hehe, he should be willing to take risks. After all, such a precious thing as the Tianbei exists against the sky, so it's impossible for him not to be tempted."

Emperor Yuhuang squinted his eyes and smiled, then waved to Daode Tianzun, led him out of the hall, and then went to the depths of Wanxu Temple, a dark forbidden place.

In this dark forbidden area, stands an altar, on which a nine-tailed totem is engraved, quite mysterious and eerie, filled with a gloomy atmosphere.

Emperor Yuhuang walked up to the altar, and the spiritual energy of the divine way burst out and poured into the altar, a beam of light shot up into the sky, and then he said in a deep voice:

"Master Ye Han, are you interested in chatting?"

It turned out that this altar was a "lighthouse" for the ancient Emperor Yuhuang to communicate with Yehan.

The voice of Ancient Emperor Yuhuang, through this altar, was transmitted to the place where there is no time and space, and that is the place where Yehan lives in seclusion.

In the extremely cold place, Ye Han was practicing kung fu with his legs crossed, and beside him was a nine-tailed beast crouching.

He has been under a lot of pressure recently. He offended Emperor Yuantian before, and Emperor Yuantian has launched revenge. People from the tomb palace and the Truth Society are killing wantonly. Blood flowed like a river.

Even inside the ancient star gate, the five heavenly emperors all quarreled fiercely, resulting in serious disagreements. Some other heavenly emperors accused the Gu Tiandi of being too reckless and offending the Yuantian Emperor. This is courting death.

Some people even suggested that the Martial Ancestor should be released in exchange for Emperor Yuantian's understanding.

This is the fate of offending Yuan Tiandi.

Fortunately, Yehan is secretive enough. His disciples worship tailed beasts. He absorbs the power of faith through tailed beasts. He hides his secrets very deeply. He has not revealed his coordinates yet, but after all, he offended Emperor Yuantian, and the pressure is still too great.

Emperor Yuantian reacted so violently and killed them wantonly, completely beyond Ye Han's expectations.
