

Physician 9571

Chapter 9571

He thought that Emperor Yuantian would choose to swallow his anger because he was afraid of being contaminated with too many traces of cause and effect, but now he knows that the supreme emperor of heaven must not be humiliated, otherwise he will suffer tragic revenge.

Now he can only hope that he can delay the agreed period for half a year, and when the agreement between Emperor Yuantian and the reincarnation camp is over, he will be able to pass it safely.

"Gudi Yuhuang, what do you want to talk about? Are you willing to come to No Time and Space?"

At this time Yehan heard the voice of Emperor Yuhuang, frowned slightly, and asked.

Emperor Yuhuang smiled and said: "It's not yet time, I want to invite you to come down and kill the Lord of Reincarnation."

"oh?"

Yehan's eyes narrowed slightly, and he caught the secret in an instant. He saw that Ye Chen was in charge of the Nine Heavens Fulong Seal, and the Ancient Emperor Yuhuang and Daode Tianzun worked together to invite him to come with the Heavenly Monument as a gift.

"Hehe, you want me to make a move, I don't want to capsize in the gutter."

Ye Han laughed, if he wanted to kill Ye Chen, it would not be enough to just project a clone.

Because, the avatar does not have the support of great luck, and it is absolutely impossible to defeat Ye Chen purely by relying on martial arts combat power, and can only give away the head for nothing.

If you want to truly bury reincarnation, you have to descend in person, which is too dangerous.

Under the restriction of the law of the Great Dao of Heaven and Earth, he can at most display the strength of the first and second heavens of the Divine Dao Realm. Once he is killed by Ye Chen's rebellion, it will be a heinous injustice, and the consequences will be unimaginable.

Think about Qingniu Guzun, a high god who once attacked and killed the Beiming Emperor, but died in the hands of Ye Chen.

If there is no time and space, Qingniu Ancient Venerable may be able to solve everything with one breath.

It is conceivable how great the risk is when it comes to reality.

Once an accident occurs, it will be hundreds of millions of years of cultivation, and it will be turned into fly ash in an instant.

Emperor Yuhuang smiled and said, "Young Master Yehan, are you not interested in us taking the Tianbei as a gift? As long as you can kill the Lord of Reincarnation, the Tianbei will be yours."

As he said that, Emperor Yuhuang placed the Tianbei on the altar, and a trace of energy from the Tianbei directly passed through the barrier of time and space, and passed to Ye Han's side.

Ye Han caught the majestic aura of the celestial monument, and his face changed instantly. He only felt that the terrifying energy of this celestial monument was much stronger than any of the four supreme artifacts.

Perhaps only the Puran of Reincarnation, the Forest Book, the complete Bright Heart, and the Ten-Tailed Beast, this kind of great fantasy existence that surpasses the highest, can it be comparable to the Tianbei.

If he can control the Tianbei, Yehan can be sure that he will be able to completely suppress Nine Tails, so he doesn't have to worry about his rebellion.

Seeing that Yehan was tempted, Emperor Yuhuang said with a smile, "Don't worry, Mr. Yehan, you are not fighting alone, and Tianzun Daode and I will help you with all our strength."

Ye Han's eyes turned, he weighed and considered carefully, and finally he chuckled and said, "Gudi Yuhuang, I have to say, I'm really tempted."

"However, my power is still too powerful for the real world. If you want to summon me, you need to arrange a ceremony in advance and prepare enough sacrifices. It may take a few days."

Emperor Yuhuang smiled and said: "No problem, no matter how weak my Wanxu is, it is more than enough to contend against the Lord of Reincarnation for a few days."

The war between Wanxu and Samsara, judging from the current situation, the ancient Emperor Yuhuang is almost certain to lose, but it will not be a problem if he has to last for a few days.

Ye Han nodded and said, "Very well, in the past few days, I also need to arrange some things so that the Da Zhou family will not find me. If that lunatic Zhou Wuhuang knows that I have gone to the real world, he will follow and kill me, that would be dangerous. Very much."

When Emperor Yuhuang heard the words "Da Zhou Family", his expression changed immediately, and he said, "Young Master Yehan, you have endured for hundreds of millions of lives and came out of the mountain today. Did Ancient God Tuodi follow you so soon?"

Ye Han gritted his teeth, a trace of ferocity flashed across his face, and said, "Yes, Ancient God Tuodi has ordered people from the Da Zhou family to search for my traces. Once my coordinates are exposed, there will be endless troubles."

Ancient Emperor Yuhuang nodded, he knew many secrets about Wuwu Time and Space, and he also knew how powerful the Great Zhou family was.

Daode Tianzun also showed a hint of surprise, and said: "Zhou Wuhuang? That Great Zhou True Dragon, Ancient God Tuodi

Chapter 9572

But no one knows the truth of the legend, only this corpse, the ancient god Tuodi with a dead face, established the Tianzong of Tuodi after ending the rule of the nine gods, and suppressed many of his former disciples. The creators, only did not suppress the ancestors of the Zhou family, but instead regarded them as the elders of the Supreme.

The Dazhou family and Tuodi Tianzong complement each other and are connected with each other. The ancient god Tuodi was once known as the supreme will, and he seemed to be the supreme ruler of no time and space. He once dominated countless eras. , low-key concealment.

After the ten tails were created, Emperor Tuo Tianzong's vitality was severely injured, and he had lost his dominance as the overlord, but he was still a super powerful force today.

As for the Great Zhou family, it is closely connected with Emperor Tuo Tianzong, so it is naturally a first-class extraordinary family. Although the ancestors of the Zhou family were low-key and did not come out, they sent their descendants, Zhou Wuhuang, to practice under the ancient god of Tuodi, and have always maintained the integrity of the Great Zhou family. Air luck kindling.

This Zhou Wuhuang is also a legendary figure. He once won the championship of the Dao Sect Contest, won the Heavenly Emperor Shenyuan, and finally became the fifth-rank Heavenly Emperor.

There are many cultivators in Wuwu time and space, and all cultivators have endless years, so the strong ones born in the end are like crucian carp crossing the river, even the strong ones at the level of the emperor and gods are not in the minority.

Of course, most of the main gods of the heavenly emperors are first-rank, second-rank, and third-rank, and the number of them is very rare.

The highest Ninth Grade Heavenly Emperor, the entire time and space, with a population of billions and trillions, no more than fifty people, is the combat power of the ceiling, and the big man at the top of the tower.

Zhou Wuhuang's ability to become a fifth-rank emperor is already very powerful. Looking at the entire Wuwu time and space, there will not be more than a thousand fifth-rank emperors.

But even so, he was still not satisfied, and chose to retreat and kill himself.

He wants to cut off all of his Heavenly Emperor cultivation bases, cut them down to the level of the Divine Dao Realm, and then re-participate in the Great Dao Competition, win the championship again, and obtain a piece of Heavenly Emperor Divine Source, break through the restrictions, and attack the ninth-rank Heavenly Emperor.

This is simply crazy, how difficult it is to cultivate to the Heavenly Emperor Lord God, and he is willing to cut it off and re-cultivate it again.

It is said that his behavior made the ancestor of the Zhou family vomit blood because it was so crazy.

Even Ye Han was very afraid of this lunatic.

He was afraid that when he came to the real world, Zhou Wuhuang would receive the news and chase him down, and he would be in trouble.

...

At this time, in the Star-Moon Realm.

Ye Chen returned to the Xingyue Realm, returned to the Aoshi Tiangong, and was reunited with all the girls, feeling very relieved.

With his current strength, if he directly fought against the Wanxu Temple, he would surely win, but the price would probably be very high.

After all, the Temple of Wanxu is not a soft persimmon. It once dominated the era and has a very deep foundation.

Ye Chen reckoned that if the war started now, although he would surely win, the reincarnation camp would definitely have to pay a lot of blood and suffer heavy casualties.

The simplest point, if Emperor Yuhuang blew himself up at the moment of death, then Ye Chen could block it, but what about the rest of the reincarnation camp?

Bloodshed and sacrifice, I am afraid it will be very tragic.

Therefore, for the sake of caution, Ye Chen plans to use the Nine Heavens Fulong Seal to tame Banwei, and then wait for Wei Ying to inherit the Ice God lineage, and finally borrow power from Wuwu Time and Space to let Ren Feifei bestow blessings, so as to ensure that everything is safe and will Bloodshed was kept to a minimum.

When Ye Chen was planning, there was also a strange secret from the Temple of Wanxu.

Emperor Yuhuang and Daode Tianzun's plan to invite Ye Han was caught by Ye Chen.

"Wanxu wants Ye Han to come?"

Ye Chen's face changed slightly, which was a bit beyond his expectation.

After all, Yehan is a heavenly emperor and the master of Nine Tails, so he is not afraid of the limitations of reality and descends in person.

"Do you really think I don't have the ability to kill you?"

After the accident, Ye Chen had another sneer on the corner of his mouth.

If he went to Wu Wu Time and Space, he wouldn't dare to say that he could kill Ye Han, after all, the other party was the Lord of Heaven, so he would definitely not be easy to deal with.

But in the real world, under the restriction of the law of heaven and earth, Ye Chen has the possibility to kill Ye Han!

"Master, is that Mr. Yehan coming?"

Xuelong also sensed the strangeness and asked worriedly.

Ye Chen said: "Yes, but don't be afraid, under the constraints of the laws of reality, it is impossible for him to display much strength."

"If he dares to come, he is courting death!"

Xuelong said: "Young Master Yehan, after all, controls Nine Tails, so I'm afraid it's not easy to deal with."

"Master, why don't we do it right now, before he arrives, and destroy Wanxu?"

Ye Chen waved his hand and said: "No need, just wait for him to come, hehe, it's time to settle the previous accounts."

Conquering Wanxu is not that easy, Ye Chen won't be disrupted by Ye Han, he has his plan.

Ye Chen planned

Chapter 9573

"Yes, I will suppress Half Tail first, and then I will devour it for you."

Ye Chen summoned the Heavenly Emperor's spiritual box and opened it, and in an instant, a red cloud flew out.

This red cloud is very strange, it seems to be a living thing, and the low roar of a beast can be heard from inside. There are eyeballs floating among the clouds, showing a very terrifying aura that penetrates people. Mental breakdown.

This is exactly the half tail.

Half-tail is just a convenient name. The so-called tail beast is essentially a group of energy bodies.

The red cloud that Ye Chen summoned is a pure energy body, full of ominous, weird, depressing, gloomy, indescribable and other evil spirits.

This half-tailed red cloud, with a strong consciousness, obviously felt Ye Chen's thoughts, and wanted to suppress it, the whole cloud surged up, exuding an aura of extreme resistance.

Rumble!

Even the sky, earth, and void in the Star-Moon Realm were touched. The sky thundered and rumbled, dark red clouds filled the air, and various totems of evil beasts flickered.

Before Ye Chen killed Demon Ancestor Wutian, he collected a trace of Nine-Tails energy from the other party and fused it into Half-Tail, making the current Half-Tail's energy extremely fierce.

Banwei's ferocious aura shocked the Star-Moon Realm, Shentu Wan'er, Xia Ruoxue,

Chapter 9574

"how?"

Ye Chen asked.

"It's okay, it can be digested, but it will take a few days."

The blood dragon bared its teeth and devoured half of its tail, making it feel extremely uncomfortable, as if swallowing a mass of rotten and smelly meat dripping with corpse water.

Fortunately, before that, Ye Chen refined the Nine Heavens Subduing Dragon Seal, which strengthened the blood dragon's physique a lot, and its strength was upgraded and transformed. It can barely digest the energy of the half tail, and there is no danger of falling into darkness, but it will take time.

"Alright, take a good rest, and I'll summon you again when the decisive battle with Wanxu begins."

Ye Chen said.

"Okay, master."

The blood dragon responded, then retracted into Ye Chen's body, returned to the space of Longteng Fate Star, slowly adjusted his breath, and digested the energy of Banwei.

Surrounded by Shentu Wan'er, Ye Xieshen,

Chapter 9576

The Emperor Yuhuang put the Ancient Sin Sword into the scabbard of the Sin, filled with surprises, and murmured: "Very good, very good, I got the Ancient Sin Sword, even without Yehan's help, I still have a chance to kill Ye Chen That kid."

Hearing his own voice, there was a hoarse and weird taste, he was stunned for a moment, pulled out a section of the ancient Tiansin sword, and reflected his face with the shiny sword body, but saw some corpse spots on his cheeks, skin Also as pale as a zombie.

"By the way, I stole the power of the ancient god Tuodi, and I was tainted with death. This is very bad."

"You must kill that kid Ye Chen, use his blood to dissolve this deadly energy, otherwise you will become a demon."

Ancient Emperor Yuhuang took a deep breath and felt his own strength. He had barely reached the first stage of the second level of the Divine Dao Realm, and he had made great progress.

In today's real world, the second heaven of the Divine Dao Realm is already the limit.

After he stole the power of the ancient god Tuodi, he reached this limit, and his luck was greatly improved.

If Ye Chen was only on the ninth floor of the Profound Sky Realm, Emperor Yuhuang was confident that he could kill Ye Chen.

However, he felt that there was an aura of immeasurable thunder calamity brewing between heaven and earth, and Ye Chen was about to hit the immeasurable realm.

"This kid, if he really stepped into the Boundless Realm, even if I have the Ancient Sin Sword, I may not be able to kill him."

"Dao De Tianzun, it's up to you, we must stop that kid from crossing the catastrophe!"

The Emperor Yuhuang sent out his will, no matter what, he must prevent Ye Chen from crossing the catastrophe, otherwise, he will die.

Now that he has stolen the power of the ancient god Tuodi, and also got the ancient sword of heavenly sin, it will take a few days to digest and stabilize it, so he can't withdraw, so he can only ask the Taoist Tianzun to do it.

...

A day has passed, and in the Star-Moon Realm, the ceremony of crossing the tribulation has been prepared.

In the center of the Star-Moon Realm, a huge altar was built. In the entire real world, all people who believe in reincarnation, their breath of faith will gather on this altar to provide assistance for Ye Chen.

Around the altar, many large formations are depicted and arranged. These large formations have a blessing effect and can also help Ye Chen.

Ye Xieshen, Shentu Waner,

Chapter 9577

A series of thunderstorms fell fiercely, constantly impacting Ye Chen's body.

Ye Chen suddenly felt numbness and burning pain in his body. The flames hidden in the thunder calamity were very hot, as if they were going to melt his whole body.

This is the power of tinder!

"Dao De Tianzun, is that you?"

Ye Chen's face trembled, and he shouted in a deep voice.

On the extremely high sky, above the dark clouds of thunder and calamity, there is an old figure faintly manifesting.

That figure is none other than Daode Tianzun!

Daode Tianzun did not carry the stele, he had already handed it to Emperor Yuhuang, but in his hand, there was a ray of flame burning.

That's the source of the fire.

That wisp of burning fire distorted the space, allowing people to see many, many ancient images, seeing the images of universes, starry skies, and rebirth.

The real world has lasted for many epochs.

All the eras of the universe, the scenes of rebirth and destruction, are finally projected on the fire.

That fire has been integrated with the heaven and earth avenue, and it is itself a part of the heaven and earth, and even the core of the continuation of the heaven and earth in the real world.

Daode Tianzun is very smart. He didn't enter the Star-Moon Realm, but just floated in the sky outside the realm. Using the power of the fire seed, he mobilized the general trend of the world, integrated the breath of the fire seed into the catastrophe, and brought Ye Chen a hell-like suffering. .

After the breath of fire seed fused with Heavenly Tribulation, the originally pure Thunder Calamity turned into Thunder Fire Heavenly Tribulation, and now it was really Heavenly Thunder hooking Earth Fire, and the lethality of Heavenly Tribulation was greatly enhanced.

"Lord of reincarnation, you are invincible, I can't beat you."

"However, if you want to cross the tribulation, it's not that easy."

The Taoist Heavenly Venerable is suspended above the sky outside the boundary, constantly urging the power of the fire, and pouring it into the catastrophe.

The energy of the fire seed merged with the Heavenly Tribulation, and it grew wildly. The thunder and fire, the Heavenly Tribulation, exploded down, causing scorched black marks to appear on Ye Chen's skin and flesh, and the bones all over his body exploded, as if they were about to explode.

"Father, stop!"

above the ground,

Chapter 9578

Seeing this scene, everyone was shocked.

No one expected that Ye Chen would swallow Tianjie abruptly.

This is simply crazy, unprecedented!

"What!"

Daode Tianzun was even more horrified, he never expected Ye Chen to be so vicious, even daring to swallow the catastrophe.

Crackling!

Streaks of thunder and strands of flame continuously emanated from Ye Chen's dantian, making his whole body entwined with the murderous aura of thunder and fire. The purple lightning danced on the Wings of Freedom, which was very spectacular.

In an instant, he was in front of Daode Tianzun and grabbed it with his palm.

Daode Tianzun was horrified, and hurriedly activated the fire, turning into a wall of flames, trying to resist Ye Chen.

But this resistance was in vain.

Ye Chen was as powerful as a bamboo, broke through the wall of flames with one hand, and firmly grasped the neck of Daode Tianzun.

Then, Ye Chen grabbed Daode Tianzun from the sky and threw it to the ground.

Click!

Daode Tianzun's bones were broken one by one, and he let out a muffled grunt, looking extremely embarrassed.

This former high above, extremely mysterious, head teacher of Zihuang Immortal Palace, savior of countless epochs in the real world, master of fire, is now completely invincible to Ye Chen.

Ye Chen originally wanted to step on him, but Gu Nian

Chapter 9579

But now, in his dantian, the Thunder Fire Heaven Tribulation that had just been devoured was raging and exploding, and the sudden intrusion of the fire made the explosion even more violent.

"Well....."

Ye Chen snorted, blood oozed out of the corner of his mouth, and electric lights exploded on his skin, all of which were on fire, his whole body was about to explode, it was very terrifying.

"The Heaven Transformation Dafa, refine it for me!"

Ye Chen gritted his teeth, operated the Heaven Transformation Dafa, and quickly refined the Heavenly Tribulation in his body.

This Heaven Transformation Dafa can refine all things, and naturally it can refine Heavenly Tribulation.

However, Ye Chen's visceral meridians have been severely damaged by the catastrophe, and it may take some time to recuperate.

But the decisive battle between him and Wanxu is imminent, where is the time to rest?

At that time, if you want to drag your injured and weak body to a decisive battle with Wanxu, it will be obviously disadvantageous.

This is also something that can't be helped. If he didn't swallow the Heavenly Tribulation just now, Ye Chen couldn't stop the Daode Tianzun.

Under the refinement and absorption of Huatian Dafa, the raging catastrophe in Ye Chen's body slowed down a little, he let out a breath of foul air, and went to see Daode Tianzun again.

At this time, the Daode Tianzun no longer exists, or in other words, has been turned into a pile of ashes and completely perished.

He spontaneously ignited just now, and wanted to donate the kindling to Ancestor Hongjun, but was stopped by Wei Ying.

In the end, he turned into ashes amidst endless resentment and despair.

He used to be the guardian of the real world, he could even be called the savior, but now, he is completely wiped out.

Chapter 9580

Of course, Ye Chen would not abuse it.

Because of one's own karma, it is best to bear it by oneself. If everything is passed on, the Taoist heart will definitely become empty and weak.

Moreover, the cause and effect of reincarnation is so violent and vast that even the Tai Yin Yang disk cannot withstand many times, and it is likely to burst and be damaged.

However, the situation is severe now, and Ye Chen can only use the Taiyi Yinyang Disk, and it just so happens that Wei Ying's inheritance is over, so he can use it.

Ye Chen was thinking about who in the entire reincarnation camp could bear his karma.

The remaining pain in his body is painful even to himself, and if it is passed on, ordinary people cannot bear it.

"Lord of reincarnation, do you need me to bear the negative pain in your body?"

At this moment, a tall and straight figure descended from the sky with golden light and the heavy breath of the earth, it was the rock god Tianzun.

Yanshen Tianzun seemed to see Ye Chen's thoughts, so he asked immediately.

Ye Chen said happily: "Yan Shen Tianzun, are you willing to bear the pain for me?"

Yanshen Tianzun is the strongest of the Nine Gods, he must have enough background to bear Ye Chen's negative state.

Yanshen Tianzun nodded and said: "I can help you, but..."

Ye Chen said: "But what?"

Yanshen Tianzun sighed: "I want to leave, Lord of Reincarnation, sorry..."

"Before I formed an alliance with you, in fact, all my life,
