

Physician 981

Chapter 981

The girl seems to have noticed something. Her eyes congealed, her fingers pinched, and a rune shot directly from her palm.

The rune fell on the stone statue, which instantly turned into a golden net and trapped him.

Shi Zun's face changed slightly, and he could feel the threat of the big net to him.

Although the young girl's realm is not high, but the magic weapon in her hand is too strange. I guess she has a good relationship with the old woman.

"Evil animal, I advise you to get rid of the killing intention in your heart. You can't move this person. She is my man."

Perhaps feeling that this sentence is a little too much, the girl added: "I'll take him to see the master, anyway!"

Then, the girl stepped out a few steps, came to Ye Chen's side, took out the thin sword, and at the same time, several runes appeared on her left hand.

These runes were handed over by the master to protect her life.

There are several forces hidden in the master. Even those who are strong in the emperor's environment may have the qualification for World War II!

No matter what cost, she must protect Ye Chen!

And ye Chen at the moment does not know everything outside.

His realm has been steadily staying in the realm of returning to emptiness!

Several small realms of the holy Kingdom directly cross!

The key body's breakthrough breath has not stopped!

Shi Linghu is so rebellious!

This is the thing against the heaven under the emperor's worship environment. Now it is taken by Ye Chen of the holy King's environment, and the effect will only be more terrible.

Ye Chen can feel his body as if it were a vast starry sky.

Countless energies are stars!

He even felt his body turned into the center of the universe, and all the forces were revolving around the Dantian!

It may take a year or ten years for Kunlun to transcend a great realm.

But ye Chen's breakthrough speed now can be described as shocking!

It only takes a few minutes for other people to spend ten years here!

Ye Chen in the cultivation Road, can be said to be lost in the starting line!

After all, his practice time is too short, only five or six years!

But he has a reincarnation graveyard, this kind of adverse existence, plus the voice of the words.

His blood is out of a state of deep sleep. Once he wakes up, he is superior to countless strong men!

This is his card.

The moment of confidence!

The blood dragon circling the whole body broke away from ye Chen's body, penetrated the cave and suspended on the sky!

Ready to absorb endless thunder!

Ye Chen's cultivation speed, spread to the outside world, is also to set off the wind and rain?

Ye Chen has broken through to the fourth level of returning to emptiness.

It's slowing down.

The power of Shiling has also absorbed most of it.

The blood seven nights in the samsara cemetery also felt Ye Chen's change. His eyes shrunk: "it seems that this boy is coming to the blood spirit secret state. It is estimated that the return to the virtual state will soon break open.

In the end, it should be stable in the realm of virtual king.

After entering the realm of virtual king, the boy's cards and abilities will not be so embarrassed in the face of Daoyuan or emperor Zun.

Today is a complete metamorphosis. "

Blood seven night looks dignified, fell on a hundred tombstones.

"The boy we put our countless hopes on is getting closer and closer to the war."

"Whether we can get out of there alive or not is uncertain."

"But I'd like to believe this boy."

"When he breaks through the realm of virtual king, I may meet him in advance. He should be qualified to learn my martial arts."

"The myth of the God King of seven nights should be continued."

Words fall, blood seven nights back to the tombstone.

As if it never existed.

Ye Chen's breath has not stopped!

After an hour, it has stabilized at the peak of returning to the virtual state!

It's only a step away from the virtual kingdom!

Ye Chen's breath is short!

Xu Wang Jing!

Far away dream!

Once he stepped into the realm of virtual king and faced Mr. Jingshui, he would never be so embarrassed!

Even in the face of the Han family, if he breaks out with all his strength, he has the capital of World War I.

Ye Chen's body waves beat the shore!

Maybe it's because the speed of the breakthrough is so fast that his body can't bear it.

There was a trace of blood on the corner of his mouth.

As if the body is on the verge of collapse!

From time to time, you can hear a burst of crisp voice in Ye Chen's body. His bones and flesh seem to be in the process of collapse and reorganization.

It's a hell of torture.

Within the pores, a little blood oozes, coagulates and peels off As time goes by, the process goes back and forth.

Compared with the original body shape, a circle of thin, if you observe carefully, you can see ye Chen's body, under the destruction of energy, faintly trembling. Maybe the next moment is hell, the real hell. Maybe the gate of heaven will be opened.

Will becomes the most crucial existence at this moment.

"Empty King's realm, break it for me!"

At this time, ye Chen finally clearly felt the existence of the barrier of the virtual king.

With a long cry, the wind blows in all directions.

The instantaneous explosion of internal energy, such as cosmic explosion, such as volcanic eruption!

A roar came from the deepest part of the body, and ye Chen's body trembled violently.

Poop

A mouthful of blood spurted out, and he looked pale. I don't know how much.

"Come again!"

One shock is clearly not going to work.

Boom

Boom

Boom

Once the impact fails, then again! Two failures? And a third time.

The blood in the mouth continuously overflows, the whole body pore overflows the blood, dyed the body red.

Every time, ye Chen's body couldn't help shaking violently.

Finally in the twenty-first time, ye Chen's body nearly collapsed!

The barrier of the virtual kingdom was broken!

This endless energy all pour into the elixir field!

Ye Chen found his Dantian completely changed!

It's like Taiji eight trigrams running!

Continue to expand, if it was a lake before, it is now a big river!

These auras are enough to use some martial arts for thousands of times!

It's a great feeling!

"One level of virtual King's realm!"

Ye Chen opened his eyes and was overjoyed!

All the power of Shiling is consumed! Cross two realms in a row! Ye Chen is so satisfied!

He looked at the stone Linghu not far away. If he swallowed it again, would he step into the realm of emperor?

Perhaps it is aware of Ye Chen's thoughts, and Xue Qiye sneers: "boy, the things in the stone Linghu can only help you to break through once, and it's impossible to make such a breakthrough next time! What's

more, it's not a good thing to break through too fast! If the foundation is not stable, it will eventually be destroyed! "

Chapter 982

Ye Chen heard the words of blood seven nights, also nodded.

He was satisfied that he could step into such a state in one breath.

If you step in again, it's really bad for you. The so-called one bite doesn't make you fat.

Next, he only needs to settle down the virtual King's realm.

Ye Chen stands up and his eyes fall on the girl who protects his Dharma. He just wants to apologize to her.

Suddenly a thunder burst in the sky!

After a thunderbolt, the whole blood spirit secret state seemed to shake a little bit, making people palpitating.

Ye Chen raised his head and found the thunder clouds rolling in ten miles.

Countless lightning.

Once it falls, the whole cave will be destroyed.

The thunder robbery on the top of the key is something he has never seen before!

"Oh, I forgot. I have stepped into two big realms. Naturally, I have to bear two thunder robberies together. This time, the double thunder robberies are too strong."

Words have not finished, under the sky, countless violent thunder and lightning directly down.

Dense thunder and lightning from top to bottom, constantly shrinking, as if into a nearly hundred feet of thunder ball!

Crash to Ye Chen!

The girl looked at the scene in front of her eyes and was shocked to the extreme.

She has been completely sure that ye Chen is the one master has been looking for!

It can trigger such a vision of thunder robbery, not to mention the whole blood spirit secret place. Even the strong outside are not necessarily qualified.

Ye Chen took a look at the girl, no longer hesitated, a step, countless true Qi burst from the feet, his body directly suspended up.

Through the cave, is to come into the air.

The girl protects the Dharma for him when he breaks through. He can't let the girl hurt himself.

In the middle of the sky, a hundred Zhang thunder ball melts into Ye Chen's whole body.

Ye Chen seems to be in the field of lightning.

The only thing he can do is to absorb the thunder and lightning crazily.

But there are too many thunder and lightning this time!

It can't be absorbed completely.

His face, even his whole body, seemed to be swept away and penetrated by lightning.

This is the overflow state!

"What should I do?"

At this time, the sky above, a Jingtian dragon chant resounding!

Then, the blood dragon swooped down, its body was several times as large as it was, opening its mouth, as if to swallow a hundred Zhang thunder ball.

One person and one dragon is so wrapped up in thunder and lightning, bearing endless thunder.

The body of the blood dragon is vigorous, and its claws are vigorous. It seems that it is galloping in the clouds and waves.

Endless thunder and lightning in its body winding, let it become more powerful!

His bloody body, repeated lines of lightning scale.

It seems to be closer to the essence.

"Boom

A Jingtian dragon chant rings through the sky of the blood spirit family, and tens of thousands of thunder and lightning shoot down from the sky!

Thunder and lightning burst, even the sky from a hundred days into the night.

The only light is the thunder ball!

Maybe it's because the thunder and lightning are too violent, and the boundary on the secret place of blood spirit shows signs of fragmentation.

Not only that, earthquakes of different degrees have taken place in every corner around the secret place of blood spirit.

This is the most frightening vision since the formation of the secret place of blood spirit.

At the same time, in the stone chamber of the five old people of Xueling clan.

Five people have not recovered from their anger because an old man was killed. They vowed to find the murderer at all costs.

But by all means, nothing was found.

They are very clear that this time the secret place of blood spirit is more out of control than before.

All of a sudden, the stone chamber vibrated, and the countless monitoring pictures in front of them could not bear the energy and disappeared together!

"No, the array eyes we set up above the blood spirit secret place have been destroyed!"

"It's so strong that there can't be an earthquake in the secret place of blood spirit. Is it the breakthrough of a strong one that triggers such a vision?"

The old man's face was exposed to the extreme.

He stares at the huge thunder ball and blood dragon in the air, his eyes shrink.

"There is still a dragon. The Dragon comes out and bears the thunder robbery. Who is the shadow in the thunder robbery?"

He wanted to see through the thunder and lightning, but he couldn't find it!

"Is it possible that the secret place of blood spirit will produce a powerful emperor? It seems that the intensity of the thunder robbery is even more terrible than the breakthrough of the powerful in the emperor's reverence. This is more like the anger of the blood spirit secret realm! "

The old man's face became more and more sad. He forced a drop of blood essence around his hand. His fingers moved quickly, as if he were calculating something.

I do not know how long, his fingers suddenly stopped, a mouthful of blood essence spit out!

"No, it's bad! The five of us are very likely to be killed by this man! ""First give up looking for the woman in red, let's go to the lightning center, and we can't let the people inside break through successfully!"

The remaining four figures also feel the seriousness of the old man's words and know the seriousness of the matter.

No more hesitation, all people go to the lightning center.

At the same time, countless Kunlun talents from every corner of the blood spirit secret place looked up at the sky.

Ji Siqing killed a monster, raised his head, and the beautiful eyes were staring at the hundred Zhang thunder ball vision.

Thunder in the shadow, of course, can not see clearly, but very familiar.

"Ye Chen?"

At the thought of the name, Ji Siqing immediately shook his head with self mockery.

"How can this guy come in here? And this vision makes me feel scared. I'm afraid that guy's strength is above me. That guy should not be qualified."

"Forget it, quickly improve your strength. There is less and less time left in this blood spirit secret place. If you don't improve, you will be tortured to death by those powerful people according to the speed at which ye Chen stabs the troublemaker."

With the words finished, Ji Si collected his long sword full of blood and walked towards the deep.

She knew that the deep threat was her chance.

The thunder ball in mid air lasted for an hour.

And then it disappeared.

Ye Chen barely absorbed half of the thunder and lightning, and the blood dragon also helped Ye Chen absorb most of it.

Thunder robbery is to bear it completely.

"Hoo!"

Ye Chen falls down slowly and looks at the blood dragon wrapped by lightning. He finds that the blood dragon's body is ten times as large.

The thunder and lightning seemed to be a tonic, which made the blood dragon more substantial.

He could even feel the threat of the blood dragon.

"Come back!"

Ye Chen gives an order, the blood dragon roars, is obediently drilling into Ye Chen's body.

Everything is silent.

Ye Chen slowly fell to the ground, came to the cave, staring at the girl.

"Thank you for protecting my Dharma just now."

Perhaps because the breakthrough is over, Ye Chen's upper body is still naked, and the girl's eyes fall on Ye Chen's body, and her pretty face is slightly red.

"Even if no one can break through, I can't shake it."

Ye Chen is aware of the strange, is to take out a garment from the samsara cemetery.

"By the way, you seem to know my name, but I don't know your name yet?"

The girl was stunned and shook her head: "I don't have a name, but the master calls me Luo."

Chapter 983

"Lo?"

For the first time, ye Chen heard that the name was only one word. However, it was a private matter of others. Ye Chen could not say anything, but nodded: "Miss Luo, you are familiar with this place. Can you tell me how to leave?"

At present, when the dragon is beheaded and the sky sword is found, the strength is also across the realm of virtual king. It's time to look for Mo Ning and ye Lingtian.

Luo heard that ye Chen was going to leave, but he thought of something. He quickly went to Ye Chen and said excitedly, "that Ye Chen, can you accompany me to see the master? It's very important to me! "

Perhaps for fear of Ye Chen to leave, Luo's hand tightly grasped the corner of Ye Chen's clothes.

"To see your master?"

"Yes, yes, yes! Don't worry, my master will not hurt you! Please Luo was almost begging.

All of a sudden, Luo thought of something and quickly took out a crystal clear thing from the storage space.

"Ye Chen, this is the most valuable thing on me. If I give it to you, you can go with me! How about it

Ye Chen glanced at the crystal clear existence in front of him. He felt like a fruit. He owed the girl three conditions.

It's nothing to see the master of the other party.

But he didn't need the fruit.

Ye Chengang wants to refuse, but Xiao Huang, who is sleeping in the samsara cemetery, opens his eyes and flashes a cold light.

"This is It took five thousand years to produce a single fruit

"Come on, take it! Come on! Don't refuse, you are a fool to refuse! This thing, the whole Kunlun void can not find another one! "

"Only the blood spirit secret place can be cultivated!"

Ye Chen did not expect that this unreliable Xiao Huang actually woke up at this time.

He never found that Xiao Huang had such an exciting moment.

It's like the Xuanling fruit must be obtained.

"What is xuanlingguo?"

Ye Chen has a wonderful way.

"What are you talking about? Lying trough? Do you know the function of xuanlingguo! This is more terrible than the role of Shiling! "

Xiao Huang clenched her teeth.

"Can I take it and break through?"

Ye Chen Dao.

The pupil of small yellow red sends out dazzling light, excited way: "this Xuan Ling fruit has no effect on breakthrough! But it works for me! Extremely useful! And It's mine! If I give you food, at most, it's to condense the spirit, that You don't need to... "

Seems to be afraid of Ye Chen, Xiao Huang's tone is a little afraid.

Ye Chen can feel Xiao Huang lying, joking: "I like to eat fruit, even if it is useless, I also recognize."

"Boy, you What do you want to do? I tell you This thing It's mine! Mine

Feeling Ye Chen's malicious eyes, Xiao Huang is more and more nervous.

"Then you are not telling the truth?" Ye Chen said with a smile.

Seeing that Xiao Jiujiu in her heart has been seen through, Xiao Huang can only helplessly say: "it seems that I still can't cheat you. I admit that this xuanlingguo still has a little effect on your breakthrough, but it can only improve a few small realms.

His greatest role is to enhance the spirit. If you take this mysterious spirit fruit, your spirit will be extremely cohesive, and the spirit attack of the strong outside cannot be broken.

But, this thing really can't be given to you. If you look at the Kunlun void and other places, how many treasures can you want to upgrade the spirit? Don't you know how to refine pills. Refining some can achieve the same effect. Don't you argue with me, OK!

The monster takes this thing. It's much better than your human effect!

In addition, there is another way to say this xuanlingguo. It needs thousands of years to sprout, grow, blossom, bear and mature! In other words, it takes 5000 years for a Xuanling fruit to be born!

Watering Xuanling tree must be the blood of monsters! The blood of countless monsters

"It is because of this that it has a great effect on monsters! What's more, for us, the greatest effect is not the spirit, but the ability to transform the form! "

"It's extremely difficult to demonize animals. We should not only practice the supreme way, but also bear the test of the law of heaven. If we are not careful, we will die. The process is too difficult.

However, once taken, xuanlingguo doesn't even need to suffer such pain! "

Ye Chen heard what Xiao Huang said and was completely stunned.

This Xuanling fruit has such a terrible effect?

Let monsters gather human form?

Isn't Xiaohuang the real king of monsters?

The body of a monster is like a human being. It's terrible to think about it.

He finally understood why Xiaohuang was so excited. For monsters, transformation was too important and precious.

The cultivation of countless monsters in their whole life is to hope that one day they can become human beings.

It contracts freely.

The power of the monster comes from the body. Of course, every move has some attributes, but the body of the monster is still bound.

Once called humanoid, it represents the shackles of their cultivation talent, which will be opened. All this, if it is a common practice, may take thousands of years.

But a Xuanling fruit is to shorten thousands of years to the extreme.

No wonder Xiao Huang is so excited.

"Do you really want this Xuanling fruit, is it good for your evolution?"

Before the words fell, Xiao Huang said, "although I haven't taken xuanlingguo, I'm sure that once I take it, I can evolve at least once! The key is that I can transform into shape ahead of time, and I can also practice and break through! Then my strength will be more terrible! "

"Do you know why I always fall asleep all of a sudden? It is because of the lack of energy in my body, I have the blood against the heaven, but I don't have the elixir field of your human beings. My mind and blood are powerful and useless! The body is still an ordinary monster, and the more behind, the more unable to bear my strength

"If you take xuanlingguo, it will be different! At least my body will be completely transformed! In the future, the number of sleeping will also be reduced! Unless you are extremely weak

Ye Chen's eyes are slightly narrowed. Xiao Huang is very important to him.

It is also his combat partner. He naturally wants to meet Xiao Huang's requirements.

"Do you really want it?"

"Nonsense!"

Xiao Huang rolled her eyes.

Ye Chen no longer hesitates, looking at Luo in front of him, five fingers a grasp, Xuan lingguo is appeared in Ye Chen's palm.

"Miss Luo, although this Xuanling fruit is worthy of receiving, but he is very important to me. I took it. Please lead the way ahead. I'd like to see your master."

Seeing ye Chen willing to accept xuanlingguo, the girl exhaled.

From childhood to adulthood, she dealt with this kind of herbal medicine. Xuanling fruit is of course precious, and the master has repeatedly stressed that it must be well protected.

But she is also very clear, the value of Ye Chen is far more than xuanlingguo!

Once Ye Chen's identity is determined, the game of blood spirit clan chess set by master will be completely opened!

Ye Chen is the only one qualified to shake the existence of the blood spirit clan!

No one!

Chapter 984

"Ye Mr. Ye, please follow me. "

Luoben wants to call ye Chen's name, but it's nice to think of the other party calling him Miss Luo. If he calls his name on his own initiative, he will be born.

What's more, if ye Chen is really the Dragon Master in his mouth, then from now on, everyone in the clan must be honored.

Ye Chen no nonsense, directly follow Luo toward a cliff under the depth of the jungle.

As for the stone statue in the cave, it is no longer important.

Judging from the other side's current injury, there is no threat to Ye Chen.

When Shizun recovers, I don't know how many years it will take. At that time, ye Chen may be able to kill each other.

Originally I wanted to use the body of the stone statue, but now the stone statue is like this, obviously there is no use value.

Luo took Ye Chen through the jungle and came to a clearing.

Stop.

"This is holy Grass Valley?"

Ye Chen is a little surprised and empty around.

All of a sudden, he noticed something. The arrangement of the giant trees around him was extremely strange.

It's like being in a huge array area.

And these giant trees are naturally cultivated arrays!

The key is that there is a very strong aura hidden in these giant trees.

"Natural array! It is too big to cultivate such a large array in the time of thousands of years! "

Ye Chen is a little distracted.

Luo took a look at Ye Chen, but she didn't expect that the array here could be seen by this guy. She laughed and said, "you are the first outsider I've ever seen to see through the array here. When you get inside, don't act rashly and follow my command! Holy Grass Valley is different from the outside world. It is extremely exclusive. I must show you the master as soon as possible. "

With that, Luo took out a jade pendant from his waist and pinched it with his fingers. The jade pendant glowed with gold and was suspended in the air.

At the same time, the earth in front of me vibrated.

In an instant, the fog rolled and obscured the sight.

Ye Chen found that the pattern in front of him had changed.

Luo looked at Ye Chen and outlined an arc in the corner of his mouth: "Mr. Ye, go."

The mist dissipated with a slight wave of her slender hand.

A red God gate appeared out of thin air.

Gate of array!

Ye Chen is very clear, only through this door, is to enter the array here.

This is the same principle as the secret realm, except that the array in the array can not be constructed by ordinary people. The holy Grass Valley is becoming more and more mysterious.

Luo stretched out his hand, as if afraid of Ye Chen's accident, and directly grasped Ye Chen's hand, and they all stepped into the gate of God.

After stepping into the gate of God, ye Chen was shocked by the scene in front of him!

Magnificent mountains and rivers!

High mountains and flowing water!

The aura inside is extremely rich, which is quite different from that of the outside world!

This holy Grass Valley, just in front of you, is not the top class of Kunlun.

Ye Chen has been to Ji Siqing's tianlanzong.

Tianlanzong and the holy Grass Valley in front of us are not at the same level at all!

Just like the gap between heaven and earth!

Luo see ye Chen surprised appearance, some proud: "I like you this did not see the appearance of the world, to the inside, you will even more startled jaw!"

"Go, I'll take you to the temple. The master should be here. I hope the master will not be closed."

Luo Qingsheng.

Because of her simple character, she didn't think there was anything between them holding hands.

In Saint Grass Valley, she and some friends often do.

When they entered the holy Grass Valley, they met many people.

Ye Chen left but a hundred meters, but found a very serious thing.

There is no man in the whole holy Grass Valley!

They are all women!

And the cultivation is extremely high, and the lowest is the holy kingdom!

The key is that these female disciples are staring at Ye Chen, some of them are looking at him, and some are curious.

Ye Chen has some sweat, he even felt that he has entered the country of daughters!

I don't know that there are no men in the holy Grass Valley, where there are so many beautiful young female disciples.

Luo seemed to be aware of Ye Chen's doubts and explained: "you don't have to look around. There is no boy in the whole holy Grass Valley. The master and some elders leave the blood spirit secret place every year to look for some outside women. Most of these women are fatherless and motherless, or become slaves of rich people. If there is no master and elder, they will be very miserable."

"There is another thing you need to pay attention to, because they are all female disciples. Your existence will be very sensitive. I just hope that you can see the master smoothly this time."

Luo's words had just fallen, but a group of young girls with swords in their waists came.

At the head was a young girl in royal robes.

The girl's face is beautiful, with Danfeng eyes and a smile, which always makes people feel a little cold. Naturally, the young lady in royal clothes noticed Ye Chen for the first time. Her cold eyes became more and more cold, and even her face was gloomy.

Then, the Royal young girl's eyes on Luo's body.

Ye Chen is very clear to feel Luo's hand exudes sweat, is more and more grasp, seems to be afraid of something.

"Mr. Ye, let's go."

Luo bowed his head and quickened his steps. He wanted to take ye Chen to wipe his shoulders with these women.

But soon, two people's side lengbu Ding sounded a voice: "Luo, walk so fast, is afraid that I eat you not!"

"Don't you explain the stranger you brought?"

"Or do you think you have enough say in the holy Grass Valley now?"

From the voice of the young girl.

At the same time, the cold sword drawn out from the waist of the girl in royal clothes blocked the way of Ye Chen and Luo.

Although Ye Chen doesn't know what happened between the Royal young girl and Luo, he thinks it is also the intrigue between the girls.

The world is very complicated.

The world between women is more complicated.

Luo rigidly raised his head, straightened his chest, and said, "Fangyuan, what do I do, I don't need to report it to you. As for this outsider, the master asked me to bring it! She's meeting today! How dare you stop it

"Get out of the way, I want to see the master!"

The lady named Fang Yuan gave a cold smile: "are you sure the master asked you to bring it? Let me ask you, how long have you not seen the master? Master has been closed for a long time

"I haven't seen you for a while, but your lying face has not changed."

"Let me guess the origin of this man? It can't be that you want to steal forbidden fruit while the master is shut down. Don't forget the family rules! Once you try to love men and women, you will be expelled from Holy Grass Valley forever

Fang Yuan's words are aggressive.

When Luo heard these words, he was very angry: "Fangyuan, you are so bloody! I repeat, don't block in front of me, or you can't bear the blame of master! Get out of the way

Fang Yuan laughed and stepped on his feet, and his breath broke out completely.

At least two levels of virtual king!

Biro didn't know how many times higher!

Almost instantaneously, the powerful energy was to shake Luo Zhen back, even the internal organs were shocked.

Chapter 985

For so many years, Luo has hardly practiced. What she has been doing is to cultivate medicinal materials.

She also has no intention to practice the struggle, which is why she has stayed in this realm for so many years.

The key lies in the secret place of blood spirit. No matter how high your cultivation is, what's the use!

No use at all!

It's better to cultivate natural materials and treasure, and promote the holy Grass Valley.

Seeing that Luo is about to be shaken back on the ground, Ye Chen can't ignore it. His true Qi covers his whole body, reaches out his hand and grabs Luo. With a gentle pull, Luo falls into Ye Chen's arms.

See this scene, even feel Ye Chen's chest, Luo Na white face is red.

"Miss law, are you all right?"

Luo looked at Ye Chen and nodded: "it's OK. We don't care about them. Let's go."

At this time, Fang Yuan pointed to the sword in his hand, pointed to Ye Chen and Luo interestingly, and said with a sneer: "what a pair of dog men and women are so affectionate in the holy Grass Valley. It seems that the master is also old and has misjudged people."

Luo is simple, but in the face of Fang Yuan's words, he offered his sword in anger and said, "Fangyuan, would you be too much?"

"I really think you can do whatever you want with an elder standing behind you. I don't seem to have offended you these years. Get out of my way!"

"I don't want to do it to you!"

Luo and those girls around him seemed to hear the funniest joke in the world, and the laughter burst out.

"Did I hear you correctly? If you want to do something to me, you think you are a waste of medicinal materials, qualified to shake me?"

"Forget it, I won't embarrass you either, but --"

as soon as Fang Yuan turns her words, she knows that they can't see each other when they look up, and it's not good if they look too far.

After all, the master loves Luo very much.

If it was not for the master to shut down, she would not be unscrupulous to this point.

Her eyes fell on Ye Chen's body, word by word: "boy, I'm not difficult for you. If you want to enter the holy Grass Valley, of course you can, but you must cut off your men's stuff, which is also for our younger martial sisters to consider."

"Do you have any opinion?"

Fang Yuan can't see through Ye Chen's accomplishments, but if he gets together with Luo, I'm afraid it's also the waste of playing medicine.

For this disdain, her heart only pity and disdain.

Ye Chen does not want to interfere with women's affairs all the time, but Fang Yuan's words are completely infuriated Ye Chen.

He didn't ask to come to holy Grass Valley. If it wasn't Luo, he would not be rare here.

But this has nothing to do with the woman, but with no doubt the tone of utterance!

He has never seen such a maniac!

Feminists?

Are men destined to have no place here?

He Ye Chen does not believe this evil!

Luo's face changed slightly, just want to say what, ye Chen is a step out, block in front of Luo's body, and then, that with endless meaning of eyes directly shoot at the square circle!

"Did anyone say a word to you?"

Ye Chen Dao.

Fangyuan a Zheng, show eyebrow a frown, subconsciously way: "what words?"

"You have a really bad mouth."

Ye Chen's voice fell faintly.

At this moment, not only Fangyuan and others can't react, but also Luo is staring.

Over the years, she has not been afraid to conflict with Fangyuan, but ye Chen is good enough to say so directly!

This is a provocation!

There was a thump in her heart! She is very clear, ye Chen changed the matter more troublesome!

According to Fangyuan's character, naturally will not give up!

Sure enough, Fang Yuan heard Ye Chen's words, his face was completely black, and his momentum was suddenly climbing!

"You mean man, do you really think holy Grass Valley is the same as outside! How dare you insult me

"You don't see the coffin, you don't cry! Come on, take this guy. Since this cheap man doesn't want to do it, I'll do it myself! "

Kill the machine instantly release!

The three female disciples beside Fang Yuan are moving, and they come to Ye Chen's side in an instant.

When the long sword turns, the sword's intention is fierce and takes Ye Chen's life gate.

Even a sword is towards Ye Chen's lower body!

No hands left!

Logan didn't want things to go in this direction. She changed her face and tried to stop it, but she found two girls standing by her side!

A shadow of invisible pressure, she wants to use the magic weapon given to her by her master, and she is not qualified!

"You let me go! Mr. Ye is very important to the master. If the master knows that you treat him like this, I'm sure you will be expelled from the holy Grass Valley! "

The two girls laughed, and naturally did not believe Luo's words.

The master hates men most. How can it be because outsiders attack them."Younger martial sister Luo, this is a family rule, and no one can shake it. What's more, this man has offended elder martial sister Fang. If elder martial sister Fang doesn't find some places, where should we put our face in holy Grass Valley?"

"Younger martial sister Luo, don't do so-called struggle, some things are destined to have nothing to do with you."

Luo struggled desperately to get rid of the two girls, but found that they were not qualified at all!

This feeling is too bad!

"Mr. Ye, be careful!"

Seeing the sword tearing the air toward Ye Chen, she subconsciously covered her mouth.

Although I don't know what ye Chen's realm is, the few people who do it to Ye Chen are all above the realm of returning to emptiness!

And at the beginning of the sacrifice to kill, how can ordinary people resist!

Even if ye Chen breaks through some realm in the cave, it is not enough!

Luo's panic did not affect Ye Chen. Looking at those swords, ye Chen didn't even plan to move weapons.

After entering the realm of virtual king, though not stable, his fighting power is at least in the realm of Daoyuan!

It's ridiculous that these rubbish realms still want to threaten him.

Seeing that the sword is about to be cut off, ye Chen is carrying his hands behind him, not moving like a mountain!

In people's eyes, it's like giving up resistance.

Fang Yuan saw this scene, the sneer in the heart is particularly prosperous!

"Waste is waste, man, this kind of garbage species should not exist!"

"You are not qualified to enter the holy Grass Valley! It's a stain

Words just fell, but found Ye Chen's body actually overflowed with red God thunder, God thunder like a pair of big hands, directly toward the sword!

"Click!" A sound, God thunder wrapped Ye Chen's endless real Qi and penetrated into the sword!

On the spot!

"Get the hell out of here!"

Ye Chen's eyes release a cold chill, but also slightly shrink.

In an instant, the breath of virtual King's realm erupted.

One after another of the air waves in an instant toward all directions to go.

Those female disciples who return to the virtual realm or the virtual King realm simply can't bear it!

A mouthful of red blood spurted out, and the body was severely hit on the ground!

Completely lost combat power!

No one thought that ye Chen would crush the female disciple of shengcaogu directly without doing it!

What a monster this is!

Chapter 986

Fang Yuan's cold eyes are shrinking to the extreme!

She's like a ghost!

However, the current situation for her is that the arrow is on the string and has to be sent. She points her cold sword and just intends to shoot Ye Chen, but she finds that ye Chen's figure has disappeared completely.

"How could it be!"

Her spiritual consciousness was released, but she found a wave of pressure.

This pressure is like a blood dragon, blocking everything!

"Are you looking for me?"

Suddenly, a voice of indifference fell from behind.

The square circle is stunned, the sword in the hand turns, a cold light shoots out, and the surrounding hundred meters are just like ice.

The temperature drops suddenly!

This is the sword realm of Fangyuan!

Ye Chen easily crush those strong men of holy Grass Valley, which makes Fangyuan feel the crisis!

I have to!

But soon, she found a boy's hand in front of her, so she grasped her sword out of thin air.

Even in the moment of touching Ye Chen, Han mang didn't react at all!

"I respect women and I don't beat women, but you're not a woman in my eyes."

Ye Chen's words fall, and then the five finger power erupts!

The fire that can't be extinguished directly comes out, and the meaning of cold disappears on the spot!

Even the immortal fire formed a ten meter circle.

The fire is more and more prosperous, like a sea of fire, devouring everything!

The burning feeling makes Fang Yuan's face appear a trace of panic, she finally understand the danger degree of Ye Chen!

From the beginning, she was careless. She took off the jade pendant from her waist and wanted to ask for help with it.

But found that a hand around her slender neck, is to lift her up.

Even the jade pendant in the palm is extremely hot!

Helpless, she can only release her hand, the jade pendant fell on the ground.

The feeling of suffocation makes Fang Yuan crazy!

She struggled desperately!

"You can't kill me. This is holy Grass Valley. Once you start, you Today Don't step out of the holy Grass Valley

"No matter how strong you are, you are nothing but waste when facing the holy Grass Valley! Mean... "

"Pa!"

Words have not finished, ye Chen that the other hand that vacates is pulled out.

A red palm print directly left on the square white cheek!

Even Fangyuan spits out a mouthful of blood!

This slap carries Ye Chen's anger!

"How dare you hit me

How could Fang Yuan have been so insulted! In her heart, she became angry and wanted to become a hunter and tear Ye Chen's body.

"Pa!"

Another clear applause resounded!

Even if the square circle practice, the cheek also has no control of swelling up.

Even a few teeth were missing from the corner of the mouth.

"I don't like bullshit. If you let me hear you say one more word, the next slap, I won't stop. I'll just screw off your head."

"You can bet with your life that I dare not kill you!"

Ye Chen's voice of threat fell.

At this moment, Fangyuan words to the mouth and hard swallow down.

She can even see the killing and coldness in Ye Chen's eyes.

Madman!

A complete madman!

This guy had no less than a thousand blood on his hands.

Ye Chen's strength completely suppressed the whole court.

He has no interest in the square in front of him, and he disdains to kill people.

His five fingers release, the square circle is a straight line landing, and then ye Chen arm a shock, an invisible force directly shake fly.

The square and round body hit the ground hard, and the bones on the body almost broke.

Ye Chen did not have the slightest intention to show mercy and cherish jade!

Some people, not worthy!

From Luo's initial nervousness, I'm afraid this woman is a shadow to Luo Lai.

He owes Luo the favor, can help nature to help!

As for the consequences, he is willing to bear it!

Luo is totally in a state of muddle. What she wants to say is that she does not have the slightest strength.

Mr. Ye is too fierce.

How many realms did he break through in the cave!

If she guessed correctly, ye Chen should be in the holy kingdom before he broke through!

But now it's the circle of the virtual king!

Can this guy cross three realms! Come directly to the source of Tao!

It's just incredible.

The whole process, only a few hours!

Even if it is the strength of the stone spirit, there is no such exaggerated effect!

Just before she reacted, ye Chen had come to Luo.

Ye Chen's Mou son swept Luo side two female disciples, light way: "you also want to block?"The two female disciples were completely shocked to hear this, shaking their heads like rattles, and their bodies kept retreating.

Even elder martial sister Fang was crushed. Who can shake this outsider.

Ye Chen naturally can't start to these small minions. He grabbed Luo's hand and said, "I'm still in a hurry. Go to see your master."

Lo finally responded and nodded.

She knows better than anyone that she must go to the master quickly!

It is estimated that before long, the elders in the holy Grass Valley will find out such a big move here!

Those elders are at least above the source of Tao!

Plus Ye Chen pokes out such a big basket!

It's almost a big deal!

"Good, Mr. Ye..."

Ye Chen and Luo have not yet taken a few steps, is to feel an invisible pressure shrouded.

Then, he saw a red gate like a palace and opened it directly.

Thousands of people poured out.

The female disciples with terrible breath surrounded Ye Chen and Luo directly.

At the same time, four old women with terrible breath came out of the crowd.

The four men glanced at the injured area and their faces sank completely.

One of the old man with curled up hair came to the seriously injured area one step at a time!

She looked at the round injury, worried eyes were instantly covered with anger!

Regardless of everything, the old woman took out a pill and took it directly to Fangyuan. Then she ran the genuine Qi and delivered it directly to Fangyuan's delicate body.

Fang Yuan opened her eyes vaguely. When she saw the old woman, she was very happy. Then she glanced around, held out her finger at Ye Chen and gnashed her teeth and said, "master, I want this man to die! How dare she insult me! The disciple Dao Xin has been damaged. If he doesn't die, I will never break through the source of Tao all my life! "

When the old woman heard this, she nodded and stood up, her body bent.

She stares at Ye Chen, and her old voice says: "little beast, you are not from the holy Grass Valley. You even dare to move our people in the holy Grass Valley! Whatever the reason, you must die

Luo's face was pale. She quickly blocked Ye Chen's body and explained, "Qiu Changlao, things are not what you think. There are misunderstandings in it."

"It's not your turn to speak here yet!"

Elder Qiu was obviously on the verge of explosion. With a wave of her arm, an invisible air wave was going to Luo.

Luo didn't use magic weapon, so it couldn't be stopped!

Once hit by the air wave, you will be seriously injured!

Ye Chen naturally can not hide behind a girl, he dare not underestimate the enemy, nine you kill the sky gun directly sacrifice!

One shot!

Stop the storm!

Chapter 987

Of course, the storm was stopped!

But a strong anti shock force, almost let Ye Chen arm paralysis!

The key forces have not yet stopped.

Ye Chen no longer hesitates, nine you kill the sky gun on the evil gas overflow!

Rolling evil Qi seems to turn into countless sharp blades, tearing the air waves in front of you directly!

When elder Qiu and other elders saw this scene, their eyes locked together: "it's the remaining evil of the demon clan! After so many years, people who thought the demon clan had disappeared completely! But I didn't expect that the devil came out again! And still in holy Grass Valley! I'm afraid the little beast has a good status in the devil

"The two kinds of people that should not exist in this world are the blood spirit clan and the demon clan!"

"Lo, you take the remaining evils of the demons to the holy Grass Valley, and know the price! Know the consequences! When I kill the remaining evils, I will settle with you again

"This time, even if the Lord comes, I can't save you!"

Words fall, the figure of elder Qiu is disappeared!

"Little beast, no matter what realm you are, I will let you understand what the majesty of holy Grass Valley is! What is the power of holy Grass Valley

"Demon people, should not exist, die!"

Thunder roll!

Master Qiu pinches the formula with his fingers, and his sword is condensed!

A sword is formed on the sky in an instant!

The meaning of sword comes from the sky!

The aura of heaven and earth, gathered together, the aurora burst out, like the hot sun rolling down!

The roar of fire, the whole world, at this moment, is called the hell on earth.

"Boom

The sky sword fell directly from the sky, and the sky and the earth had no light in an instant!

Once you touch Ye Chen, you will die!

Only such a move, ye Chen is feeling the threat of cold!

Hit the soul!

Strike the strong!

Ye Chen doesn't dare to be careless. The thunder and lightning are released all over the body. The evil spirit of Jiuyou sky killing gun is condensed to the extreme.

"After stepping into the realm of virtual king, the three unique spears taught me by master Lin Qingxuan should be able to use the last two moves reluctantly! I'd like to see if you are qualified to face the three unique guns in the sky! "

Ye Chen step out!

The body soars, the evil spirit in the eyebrow heart releases unceasingly! Jiuyou sky killing gun is shining with incomparable dazzling light!

Like a shot from the deepest hell!

Go straight to Jiuyou!

At the same time, ye Chen is covered with evil Qi, which seems to form a armor.

His momentum exploded!

Cultivation is a crazy climb!

The blessing of magic Qi, as well as the second shot of breaking the sky three Jue gun, directly let Ye Chen's breath be strong to the extreme!

Elder Qiu!

Ye Chen's fighting spirit breaks out in his heart, and his blood boils!

He can feel the cultivation of elder Qiu! The peak of Daoyuan realm!

It can even be said that it was the early days of emperor Zun!

He wants to see how much difference he has with this state!

Elder Qiu naturally found the strange momentum of Ye Chen. She set off a storm in her heart, but soon recovered.

"This is the way you hurt my disciples! Ridiculous! The secret method of the demon clan can bring you strength, but it can also destroy all of you

Push the pedal

After a few steps, elder Qiu, like a mountain, rolled directly towards Ye Chen, carrying the power of Wan Jun. It's suffocating!

He shows the power of holy Grass Valley incisively and vividly!

"Good come!"

Seeing elder Qiu rolling down like a mountain, ye Chen's eyes twinkle.

"Break the sky three Jue gun, open it for me directly!"

On the sky, there is no cloud, and is covered by evil Qi.

The majestic true Qi, magic Qi and even the power of thunder and lightning are all gathered on the Jiuyou sky killing gun.

In an instant, Jiuyou sky killing gun is a light chanting sound. In an instant, it is full of evil Qi, and thousands of animals are galloping with great momentum.

Jiuyou sky killing spear carries the power of ancient times, facing the mountains.

With the strength of the body?

Under the difference of strength, ye Chen certainly will not choose.

Although Ye Chen's body is also very strong! But he won't get much advantage!

Roar, roar

With the shooting of Jiuyou sky killing gun, ten thousand beasts roar, and the force of Jiuyou spreads.

"How dare you be presumptuous

In the face of the face-to-face repression of the Jiuyou sky killing gun, Qiu Chang old mouth appeared a trace of sneer.

There was no pause in his figure, even a sudden acceleration.

Boom

Body if streamer, Qiu Changlao directly facing Jiuyou kill the sky gun and go!

The next moment, a roar exploded.

Boom

If thunder explodes, heaven and earth collapse.

The dark blue light, in the roar, was torn open.Wow

In the dreary tearing life, thousands of monsters, under the impact of elder Qiu, turned into dust and broke away.

Boom

The momentum of Qiu Changlao turned into the sea and could not be resisted.

Tearing up thousands of monsters, he severely bumped into the Jiuyou sky killing gun.

For elder Qiu, is this Jiuyou sky killing gun? No challenge at all! If ye Chen has only such means? Today, he is dead!

"This gun, I will be destroyed! Such evil things are harmful to others if they are left in the world! "

Elder Qiu clasped the Jiuyou sky killing gun, and his thin arm just wanted to burst out a terrible force and just wanted to tear it.

The next second, weird mutation.

Jiuyou sky killing gun instantly twisted, even more like a black snake, wrapped around elder Qiu's arm.

Keep tightening!

Elder Qiu's face changed greatly!

She's seen a lot of things, but she's never seen such a weapon!

If she doesn't break free, her arm will definitely crush!

But no matter what kind of skills she uses, Jiuyou sky killing gun has no meaning to break free!

"Boy, get your weapons out of the way!"

Qiu growled.

But ye Chen always looks at everything coldly.

Elder Qiu's arm was bleeding with blood, and she could not care any more. She directly called out to the other three elders: "what are you doing? Kill this boy! Once the boy dies, the demon thing will lose its power! Come on

When the three elders heard this, their figures disappeared and came to Ye Chen's side in an instant.

The strength of the three elders are all above the emperor's realm!

Ye Chen tried to stop, but was still surrounded by three people, spit out a mouthful of blood.

He kept retreating, and before he could stabilize his body, elder Qiu killed him directly with Jiuyou sky killing gun!

"Little beast, today, I will let your soul die!"

Elder Qiu has given up that arm, the other hand, holding a golden Rune!

The ancient words twined in the palm of the hand, instantly turned into a sharp sword, stabbing toward Ye Chen's chest!

Ye Chen one Zheng, Mou son congeals, the endless strength inside body erupts suddenly!

The sound of the Dragon chant resounds through!

Then, a blood dragon full of thunder and lightning lines directly rushed out of Ye Chen's body, and the furious energy overflowed from the blood dragon's body!

The emergence of blood dragon, let all people have no reaction!

Elder Qiu's eyes are wide!

Dragon Master!

He did not think that the boy in front of him was the Dragon King!

At the same time, deep in the building, a closed place.

An old man with gray hair is in the critical period of breakthrough!

Suddenly, her eyes open!

Extremely shocked!

Even some joy!

"The boy, at last

Chapter 988

Outside the hall of sacred grass.

The sword is at war.

When the blood dragon in Ye Chen's body gushes out, the faces of several elders of the holy Grass Valley are all changed dramatically.

The blood dragon, full of thunder and lightning, was staring at them.

It is to guard around Ye Chen.

Only elder Qiu dares to do it, and Xuelong takes elder Qiu at all costs.

Jiuyou sky killing gun also feels the threat of elder Qiu, and the evil spirit gradually covers elder Qiu's whole arm.

The next second, it's a rapid contraction.

"Tear

Jiuyou sky killing gun actually directly tore elder Qiu's arm.

Blood burst!

The strong pain almost made elder Qiu awake and his face was even more ferocious!

"Little beast, how dare you destroy my arm

"No matter who you are, today I want you to pay the pain of broken arm!"

Elder Qiu is almost crazy.

The golden Rune in that hand broke out a powerful force, and the original sword turned into a raging beast and went towards Ye Chen.

Ye Chen did not dodge. He knew how terrible the power of the rune was.

But he would like to know what kind of power the blood dragon is!

The blood dragon felt as if his authority had been questioned. His angry chant resounded and his whole body overflowed with thunder and fire, and he bit on the wild beast with golden talisman culture.

One dragon and one beast broke out one after another!

Devour the world!

The air wave was a sensation in all directions. Ye Chen had to step back for ten steps, and a bloodstain appeared on his cheek.

Elder Qiu and the other elders also had to step back.

The central place seems to be the center of a storm.

But soon, the blood dragon was tearing the giant beast of the rune.

We can see how terrible the blood dragon is now.

Elder Qiu's expression was ferocious to the extreme. She hesitated for a few seconds and said to the three elders beside her, "please give me some strength. This boy must be killed! Otherwise, my holy Grass Valley will become a big joke in the secret place of blood spirit! "

The remaining three elders hesitated: "elder Qiu, can you detect that there is a blood dragon hidden in the boy's body. Can this person be the Dragon keeper the Lord is looking for? Luo is not a man without sense of propriety. I'm afraid this boy is really the guy the Lord has been looking for."

"What's more, the boy's strength is very strange. Facing us, I can't feel any fear and retreat in his eyes. If we go on, it's not good for us!"

"Yes, Lao Qiu, stop it. Your broken arm should still be able to recover. It is normal for us to regenerate the broken arm, so don't attack a younger generation."

When elder Qiu heard the persuasion of several elders around her, her face was suddenly bright and dark. It seemed to her that she had been humiliated by others.

How can she stand in the holy Grass Valley if she doesn't get revenge.

She snorted coldly: "since you don't want to do it, I don't need it! You really think I can't kill this little beast

"There is no one in this world that I can't kill!"

As the words fell, Qiu Chang's eyes closed, and the momentum of his whole body was released.

Then she took out the jade pendant from her waist.

The rest of the elders turned pale when they saw the scene.

"Old Qiu wants to use secret arts on this boy!"

"Once the secret arts are put into use, the strength will be improved. The key is that it will cause great damage to old Qiu's body! She's crazy

"Kill this boy at all costs!"

Some elders want to persuade, but it's too late!

When elder Qiu's arm turned over, a drop of blood essence spilled directly into the palm of his hand, which was wrapped in a jade pendant.

The jade pendant was broken on the spot and turned into the light of countless stars.

At the same time, there are bursts of ice in all directions, and there is a long river above the sky.

The long river is like a water dragon, extremely ferocious.

"Even if you control a blood dragon! The water dragon shadow of my burning blood essence and cultivation is enough to destroy all of you. "

With a long cry, the world changes color!

The sky of the long river directly down, like the Yangtze River Pentium!

Great momentum!

Boom!

The water dragon hit the blood dragon hard.

Zizizi

Two streams of energy collide, and in an instant they emit low sounds.

"How could..."

Ye Chen widened his eyes.

What did he see?

He found that the water dragon transformed from the long river had penetrated the body of the blood dragon directly.

Even if you don't want blood, you can't do it!

"What the hell is this?"

Ye Chen knows that the blood dragon is so powerful that it is impossible for external forces to penetrate into it. But what is the situation now.

At this time, the sound of seven nights of blood came from the samsara cemetery.

"If I guess correctly, this should be the long river of the nether world, the most Yin thing in the world, and the blood dragon is the most Yang attribute. If they touch each other, the blood dragon will surely suffer."

"There is a connection between the blood dragon and you, and it is bred from your body. If the blood dragon is swallowed up by the long river of the nether world, your cultivation will also have a great impact!"

When ye Chen heard this, he found that the blood dragon rushed up to the sky, rolled up the dark clouds, and then fell down fiercely.

It seems to be trying to get rid of the dark river in the body.

"Master, do you have a way to break the long river of the nether world?"

Blood seven night shook his head: "people will not hesitate to burn blood essence and cultivation to kill you. It's not easy for you to break through the long river of the nether world! However, you also have the existence of the world's most Yin, that is the magic bead in your eyebrows. "

"The magic bead's power can communicate with Jiuyou, which is also an important reason why Jiuyou chooses you!"

"Maybe the power of your brow can absorb the long river of the nether world!"

"It's now. Go!"

Ye Chen heard the urge of blood seven nights, no longer hesitated. He communicated with the blood dragon and came to the blood dragon's side. His five fingers directly photographed the blood dragon's body.

He found the body of the blood dragon extremely cold!

The river of the nether world is like the ice of ten thousand years!

Ye Chen does not extinguish the fire condenses the palm of his hand, but finds that the fire is extinguished on the spot!

Visible power!

"Blood dragon, let my strength enter your body."

When ye Chen's words fall, a faint blue light appears in the center of his eyebrows.

This light is extremely cold, is in Ye Chen eyebrow heart above formed an eye.

Ice cold, bone eroding, bloody, nine you.

Like the eye of hell!

The rolling evil Qi instantly wrapped the body of the blood dragon and entangled with the long river of the nether world.

At the moment, ye Chen feels very delicate. He can feel the power of his eyebrows touching the dark river. It seems that he is extremely excited!

Between negligence, the eye of hell in the brow suddenly shrinks, and the river of the nether world seems to be out of control, and is directly pulled out by an invisible force!

Rolling dark river is more into Ye Chen's eyebrows.

Endless evil Qi devours everything!

Elder Qiu's face changed greatly when he saw this scene!

"Damn it, my dark river! Little beast! What are you doing

She can clearly feel the river of the nether world being absorbed crazily!

Her cultivation is based on the long river of the nether world. If all of them are absorbed, how can she break through in the future!

This is the chance she got at the risk of her life!

Chapter 989

"Stop it

Elder Qiu is crazy to the extreme! Her face is even more pale!

Regardless of everything, she looked at the three elders around her and said excitedly, "you should know the importance of the dark river to me. Are you really going to sit back and ignore it?"

"I will bear all the costs of today! Please look at the past friendship and help me

The three elders also noticed that Ye Chen was plundering the river of the nether world. They hesitated for a few seconds and finally forced out a drop of blood essence.

The collision of essence and blood turns into a blood mist, wrapping elder Qiu's whole body!

Elder Qiu's mouth outlined a smile! Now her strength is almost in the middle of emperor Zun realm!

Ordinary people do not have the qualification to shake!

Her eyes are crazy, and her body is full of red light!

As if tearing the void, came to Ye Chen's side!

"Little beast, you want to plunder my nether River, looking for death!"

In an instant, the sky and the earth changed.

As if this side of heaven and earth, completely cut off the contact!

This sudden change makes Ye Chen's heart shake hard.

He wanted to stop absorbing the dark river, but found that the strength of the eyebrows was not allowed at all!

He couldn't move, he couldn't even fight against elder Qiu.

The fierce sword spirit sweeps across the sky, as if to swallow Ye Chen alive.

"Damn it!"

Ye Chen's pupil shrinks rapidly and roars loudly.

He could feel the horror of the sword.

If you are stabbed into the body, you will die!

Although he is good at physical training, he is far from qualified to resist the most powerful blow of emperor Zun!

He felt the smell of death.

As if accompanied by this sword fall, is the deep sea hell.

The sword, like the sickle of death, opened the door to hell.

Ye Chen only felt the blood coagulation in his body, and he couldn't help shaking!

This may be the first time ye Chen felt such fear in his life.

Death? At this point in front of Ye Chen.

"Stop

Ye Chen roars, but finds that the magic bead in the eyebrow has no reaction at all, and is still absorbing the long river of the nether world!

Sleeping trough!

CHEN Ye is very angry in her heart!

Elder Qiu didn't stop when he saw Ye Chen's death. He said with a cold smile, "you're a little animal who doesn't know how to live or die. I think you have a good chance. I'll die today!"

The sword will break out! Pierce the void!

Just at the moment when the sword edge is about to fall on Ye Chen's heart, it suddenly rises!

Ten miles around, the clouds are surging!

A strong wind swept from the depths!

"Stop it!"

An old voice suddenly rang out!

Hearing this, not only elder Qiu, but all the people present changed their faces!

The Lord is out of the pass!

The gale comes quickly, an old woman in a robe of eight trigrams appears in front of Ye Chen.

Two fingers stretched out and directly caught elder Qiu's sword!

All the power, it's gone! As if absorbed by a sponge!

Elder Qiu's eyes widened and his voice trembled: "Lord, how did you come out? Aren't you in seclusion?"

The old man snorted coldly: "if I don't come out again, the overall situation that I arrange for thousands of years will be destroyed by you, this rubbish!"

The power of the old man's two fingers broke out completely!

The power of destroying the withered and decaying spreads from two fingers!

"Click!"

The sword turns into powder directly! The fury of the air wave is severely hit on the body of elder Qiu!

Without any sign, elder Qiu spat out a mouthful of blood and flew out, hitting the ground fiercely!

Almost seriously injured!

Seeing this scene, the remaining three elders and all the female disciples around bowed their heads and knelt down one after another!

"See the Lord!"

The old man didn't pay any attention. She took a look at Ye Chen, who was absorbing the long river of the nether world, and the blood dragon around her body.

Then, the fierce turn, hands behind the back, the voice of the old fall!

"From today on, elder Qiu Yun is directly expelled from the holy Grass Valley, and the other three elders are demoted and deprived of their rights!"

As soon as this word comes out, people take a breath!

No one thought that the patriarch would expel elder Qiu Yun directly for the sake of an outsider!

It is to demote the identity of the remaining three people!

After all this, the old man's eyes fell on Luo's body: "luo'er, is this person you brought?"

"Yes, master, I just Luo's eyes were a little flustered for fear of blame.

The old man nodded and his eyes were pleased: "luo'er, I didn't mistake you! From today on, anyone who dares to bully you again will be expelled from the holy Grass Valley! Before that, I didn't dare to protect you too much. I was afraid of the butterfly effect. Today, the people who are waiting for my teacher finally appear. I don't need to take any more into consideration! "Luo heard this sentence, eyes moist, excited: "master, Mr. Ye is really the person you are looking for?"

The old man's eyes fall on Ye Chen's body, and the eye of hell in Ye Chen's eyebrows has been closed.

The dark river is completely absorbed.

Although Ye Chen doesn't know how to use it, the power of the dark river combined with the eyebrow is absolutely terrible!

Enough to be his card!

The old man laughed and said to Ye Chen, "if I guess correctly, you should call ye Chen. You not only control a blood dragon, but also control reincarnation."

Hearing this sentence, ye Chen's expression suddenly changed frightening!

It was not strange for the old man to know his name.

Strange is the word reincarnation!

Does this old man know the reincarnation cemetery!

At this moment, ye Chen has the intention of killing.

Reincarnation graveyard is his biggest secret. If such a thing against heaven is known by such powerful people, it will be greedy.

Whether it's good or bad, he has to kill it!

The old man naturally realized Ye Chen's killing intention and laughed: "little brother, don't think about it. This is not a place to talk. Would you like to go with me to the inside, and I will naturally solve some doubts for you."

Ye Chen will kill the machine convergence, nodded: "good."

He is very clear, with his present strength, want to shake this kind of existence, simply impossible!

This master's cultivation of Miss Luo is not only as simple as the middle period of emperor's reign!

Extremely dangerous.

Ten minutes later, they came to a hall. The old man waved his arm, the door was closed, and the room was filled with arrays.

Natural shielding array!

Not only the strong can't check the situation inside, even the way of heaven is not qualified to peep!

It's a big pen.

The old man squinted and made a cup of tea for Ye Chen. With a wave of his arm, the tea was suspended in front of Ye Chen.

Ye Chen stretched out his hand, directly grasped the tea cup, sipped, opened the door and said, "who are you? Why did I hear from Lowe that you've been waiting for me? "

This is the biggest doubt in Ye Chen's heart.

The old man laughs and grabs at random with his palm on the ground. The ground in the center of the hall even vibrates!

The next second, a stone tablet suddenly appears!

Rise from the ground!

The stone tablet is engraved with ancient characters and patterns. Ye Chen doesn't know it at all!

But it doesn't matter!

because the stone as like as two peas in the graveyard of the reincarnation cemetery!

Chapter 990

Ye Chen stares at the rising stone tablet.

The stone tablet seems to have a magic power, which makes Ye Chen's eyes unable to move.

Even if you don't know the words and the patterns on them.

He could feel the little stone in his pocket as if to break free and fly out.

The tombstones in the samsara cemetery also vibrated.

He was almost certain that there was a great connection between the stone tablet and the samsara cemetery.

The old man naturally noticed Ye Chen's puzzled expression, stood up and said with great interest: "it seems that you know this stone tablet."

"By the way, after talking for so long, I haven't introduced myself. You're not from the holy Grass Valley, and you don't need to call me the Lord. Just call me master."

Ye Chen's face did not fluctuate at all.

In the absence of the identity of the other party, he naturally will not approach.

"Where did you get this stone tablet? And why are you waiting for me

"Listen, you've been waiting for me for thousands of years. Thousands of years ago, I was not born, what a joke! Don't tell me about the anti heaven technique! If you have this anti heaven skill, how can you be trapped in this blood spirit secret place

If the elder hears Ye Chen's question, heartily smiles, regarding Ye Chen's attitude, does not have the slightest displeasure.

"Your question is very good, I will answer you naturally."

"In fact, your two questions can be said to be one problem!"

"This stone tablet is the biggest reason why I am sure you are. You should not be able to see through the words in your present state and experience."

Ye Chen did not speak, waiting for the other party's answer.

If the elder came to the stone tablet, he forced a drop of blood essence from his fingertips: "there are some differences between the words on this tablet and those in China. Naturally, you don't know them. However, I can make you understand the meaning of the words in an instant by some means."

Finish saying, if the blood essence of the forerunner fingertip is in Ye Chen's eyes gently wipe.

Blood light covers the pupil.

Ye Chen was shocked to find that the words on it began to change!

The original simple characters have finally formed the Chinese characters.

On top of the key characters, ye Chen, Yu Long, samsara and Xueling clan appear.

Perhaps because of the passage of time, most of the text has become incomplete.

Ye Chen can't connect this passage.

If the elder picked up the teapot and poured a cup of tea to Ye Chen, he continued, "you should believe what I said now."

"I didn't choose you, but this tombstone chose you."

"In ancient times, extraterritorial meteorites fell to the earth, a total of five stone tablets fell."

"One is the existence you see now. As for the other four, I have only grasped the whereabouts of the other for so many years. As for the remaining three pieces, I don't know whether it is because of hidden forces or for any reason, and they have been silent."

"Maybe in the deep sea somewhere."

Ye Chen hears this sentence, Mou son shrinks, subconsciously way: "you master another piece, should and Kunlun Xu Ye family is concerned."

If the elder heard of the Ye family, her expression was extremely ferocious, and even a little surprised. But soon, the surprise disappeared, and she suddenly realized: "yes, you're surnamed Ye. It's estimated that you're from the xuye family in Kunlun. It's not surprising to know about it. "

"The stone tablet of the Ye family seems to be more powerful. Unfortunately, when I arrived at the Ye family, the stone tablet disappeared. I heard that it was transformed into energy. I don't know if this is the reason."

Ye Chen feels the energy of the small stone in his pocket and smiles.

It is estimated that the five stone tablets have different attributes, but the most important one is undoubtedly the reincarnation cemetery.

If we did not open the reincarnation cemetery, we would not have his yechen today.

"You asked me to come here, that's what you mean. I'm in a hurry. If you have something to say, I'll fart."

If the elder heard Ye Chen's urging, he laughed and said, "young man, anger is very big."

" I've been in this blood spirit secret place for so long, and I don't hesitate to establish the holy Grass Valley, just to fight against the six strong blood spirit clan

"These strong members of the blood spirit clan can be said to be prisoners of war. As for why they are not killed, it is because the strength in the blood spirit clan is different from that of our Kunlun Xu practitioners."

"Their blood and strength are like our upgraded version, which is crushed from the source."

" In addition, the blood spirit clan will send people to Kunlun Xu every once in a while, and take away a hundred emperors who are strong in their territory. "

"Every time, it is a serious injury to Kunlun Xu and the earth!"

"From ancient times to the present, countless serious injuries have been made, and only a few of our top strong people have been left in the end! The whole Kunlun cultivation environment is also in a state of fatigue. "

"We know better than anyone that Kunlun Xu will be swallowed up by the blood spirit clan one day. Only by finding out the weakness of the blood spirit family and fighting against the existence of the blood spirit family can Kunlun Xu have a chance of survival."

"I stayed here and contacted the six people of the blood spirit clan countless times before I understood the words of the stone tablet.""And the words on the stone tablet reveal the only possibility of breaking the blood spirit clan! His name is Ye Chen! Control a nine day blood dragon

"I always thought that ye Chen was an extraterritorial power, until one day, I suddenly wondered whether ye Chen itself was born in the void of Kunlun."

"As for the rest, you should know that you are the one I have been searching for!"

Ye Chen listened to the fantastic.

For him, the strength of the spirit kingdom is too weak for him to cross the blood kingdom.

He couldn't understand why everyone was optimistic about himself.

Why put such a powerful existence against the blood spirit clan on one person.

Is it because of the samsara cemetery?

None of the 100 great powers in the samsara cemetery can shake the blood spirit clan. But he is only a young man in his twenties, so he is qualified?

Ye Chen shakes his head and spreads the thoughts in his mind.

"Now that you wait for me, what do you want me to do next?"

"Let me make it clear that I will not listen to your opinion. I have my own way to fight against the blood spirit clan."

If the elder's eyes slightly squint, staring at Ye Chen.

She hesitated for a long time, and finally said, "I want to know if you have the news of the power that disappeared in the ancient wars."

"No Ye Chen said directly.

If the elder was thoughtful, he continued: "well, I don't care about this problem. I'm more concerned about another problem. A year and a half later, the blood spirit clan landed in Kunlun Xu again. Are you going to go there?"

"It's useless to kill several elders of the blood spirit clan. Only by finding the people behind the blood spirit clan can we change the current pattern."

"There is one thing I might as well disclose to you that the strength of the blood spirit clan is far from being shaken by the emperor's dignity. Since the stone tablet has chosen you, there must be a reason. I hope you can take this stone tablet to completely destroy the blood spirit clan. You are the only hope I can see."
