Chapter 9871

The dream world of Dameng Chunxiao is too weird. She was still awake one moment, but the next moment, she almost got lost, forgetting that this is a world of fantasy dreams.

The spring rain became heavier and heavier, pattering and hitting Ye Chen and Sun Yi, and soon soaked their clothes.

The two gritted their teeth and endured, knowing that this was also an illusion, so they would be fine if they endured it.

When Ye Chen saw the totem of the constellation of two snakes appearing in the hazy sky in cold spring, he knew that Emperor Qin's song "Dream of Spring Dawn" not only pulled him and Sun Yi into the dreamland, but also successfully brought the infinite The cycle of time and space of the two snakes has also been transformed into a dream.

The most powerful part of "Big Dream Spring Dawn" is that it can transform the real space-time world into a dreamlike existence.

In the past thousands of years, Ye Chen has also heard Emperor Qin describe it.

In the beginning, when Emperor Qin and Huang Jiatian jointly wrote "Dameng Chunxiao", the two also discussed the ultimate question.

What order is the true ultimate and perfect order?

Huang Jiatian gave his own answer, which is to transform the whole world into hallucinations and dreams. People in dreams will not have any pain, so that they can get real bliss.

This "Dream of Spring Dawn" can be regarded as his initial attempt.

After Emperor Qin played "Dameng Chunxiao", he distorted the time and space, turning the entire time and space of the twin snakes into a dream world.

It is conceivable how terrifying this "Dameng Chunxiao" is, even the time and space of the two snakes can be distorted.

Swipe!

The dream continued. In the spring rain on the empty mountain, black-clothed killers appeared one after another, holding short knives, and their eyes burst out with sharp light, and they came to assassinate Ye Chen and Sun Yi.

Sun Yi was taken aback. She was wearing the Grass God wreath on her head at this time. Seeing many killers attacking, she immediately borrowed the power of the Grass God to transform a ball of emerald green light into her hands, and wanted to emit it.

"Don't move! This is an illusion!"

Ye Chen grabbed her hand and directly crushed the light in her hand.

The killer in black that appeared in front of him was also part of the dream.

The killer in the dream can't kill anyone. As long as you don't believe in it and your mind doesn't become turbulent, nothing will happen.

On the contrary, if you believe in the existence of the killer, or even fight back, you will plant a seed of truth in your heart, thinking that this is a real world, and it will never be possible to escape.

Sun Yi suddenly realized that Emperor Qin had warned her countless times in the past, but now that she experienced it personally, she was almost caught in the fluster.

Fortunately, with Ye Chen's warning, Sun Yi calmed down, gritted her teeth, closed her eyes, and did not resist the killer's attack.

Those killers attacked and killed the two of them with a knife, and the two were immediately bloody and scarred.

Sun Yi wanted to resist several times, but held back.

When those black-clothed killers receded, the scars and pain on their bodies miraculously disappeared.

"Don't panic, it's all a dream and hallucination, just get over it."

Ye Chen held Sun Yi's hand and said.

After this wave of dream hallucinations, the next wave of attacks was not killers, but savage behemoths, rushing out of the mountains, roaring and shaking the sky.

Sun Yi's heart tightened, she gasped, and subconsciously wanted to run away.

Ye Chen pulled her back, shook his head, and gave her a firm look.

Sun Yi felt a little relieved, knowing that this was part of the dream.

The two of them stood in place, trampled by many savage giant beasts, and felt that their bodies were about to be trampled into flesh. When the pain passed and they came to their senses, everything was safe again.

Next, hallucinatory killings followed one after another.

Killers, giant beasts, sky collapses, mudslides, earthquakes, floods, military disasters, wind disasters, etc., countless terrifying hallucinations, but Ye Chen and Sun Yi endured them all.

In the end, all the killings in the dream went away, and the heaven and the earth completely returned to calm, only the cold spring and cold rain kept fluttering.

In this world of dreams, night fell, and the sound of wind and rain came at night. Ye Chen and Sun Yi stood in the wilderness, bearing the attack of the night rain, feeling their bodies getting colder and colder.

These chills are not hallucinations, but dreams intruding into their consciousness, bringing them a biting cold feeling.

In this spring dawn and night rain, he could only rely on his own Dao heart to endure it.

If the Dao heart is not strong enough, the night rain will extinguish the fire in the heart, and the person will die.

Ye Chen circulated the Dao Mind of the Martial Ancestor, gritted his teeth to support, and only hoped that Sun Yi could also survive.

Sun Yi curled up into a ball, trembling.

Ye Chen looked at it with great distress, but he could only rely on himself to survive the invasion of Chunxiao Yeyu, and he couldn't help Sun Yi. He forced to help, but it might hurt her.

Fortunately, Ye Chen saw that on Sun Yi's head, the God of Grass garland was emitting a green light, protecting Sun Yi.

With the protection of this garland of the God of Grass, maybe Sun Yi can survive.

As long as she doesn't die, with the support of the God of Grass, she will rise sooner or later.

Time passed bit by bit, and I don't know how long it took. Ye Chen felt that the rain around him stopped, the wind stopped, and the night dawned. The world quickly became bright, even a bit dazzling.

Ye Chen narrowed his eyes slightly, and when he opened his eyes again, he found that he had come out of the dream world.

In front of him are Tiannv, Mu Tianzhou, Lin Zhenyue and others, as well as countless monsters, all staring at the surroundings.

"I came out, this is the outside world, it is no longer the endless predicament, finally escaped?"

Chapter 9872

Ye Chen's heart was shaken, he felt the chill on the top of his head, looked up, but saw a scroll with the totem of the Gemini constellation printed on it.

The scroll was made of ancient stone, humming, and gradually turned into fine light at this moment, like thousands of fireflies, merged into Ye Chen's Tianling Gai.

boom!

In an instant, Ye Chen's mind flooded with many vast mysteries of laws, the mysteries of time and space, and hit him like a torrent.

He seemed to see the traces of countless years of time and space, passing before his eyes.

Behind these years and time and space, there are two shadows of ancient snakes. They are exactly the two snakes of time and space.

Boom!

A shocking divine light rushed from the top of Ye Chen's head, and with the great power of time and space, it crushed the Twin Snake Demon Mountain at once, and the whole mountain exploded, turning into countless rocks and flying in the sea water.

The violent and powerful fluctuations of time and space, after blasting the Devil Mountain of Two Snakes, also broke through layers of sea water, pierced through the Sea of Demon Stars, and shot up to the sky. In the sky, the totem of the constellation of Twin Serpents was projected.

At this moment, Tiannv, Mu Tianzhou, Lin Zhenyue and others, as well as Han Yan, Du Gu Jialuo, Chu Bingyu and others, were completely shocked.

At this moment, Ye Chen was full of stars, the law of time and the law of space were constantly rotating, and the aura was so magnificent that it was incredible, like a god who ruled time and space, he could destroy the heavens in a single thought.

The entire space-time is also vibrating.

No matter how remote the corner is, you can see the shadow of the totem of the Gemini constellation.

Everyone knows that at this moment, Ye Chen is in charge of the Double Snake Constellation, inheriting the greatest power of time and space!

In the Heavenly Palace of the Emperor, Ren Feifei was asleep, but was awakened with a start. He felt a tearing pain in his head. He saw the constellation of Snakes in the sky, and muttered to himself:

"Ye Chen, this kid, unexpectedly got such a huge opportunity."

"However, he has been exposed. In the territory of the Death God Order, there is only one dead end."

"I must descend!"

After all, Ren Feifei didn't care about the pain in his head, and wanted to descend to the Death Cult.

"Brother Ren, calm down!"

At this time, the Buddha's light in the Shanghuang Tiangong was shining brightly, and a huge golden figure emerged, reaching out to block Ren Feifei's way, it was the Buddha.

"Buddha, do you want to come with me?"

Ren Fei said.

The Buddha said in a deep voice, "No, I'm here to stop you."

"In the territory of the Death God Cult, if you and I descend, we probably won't be able to get out."

If it is fighting in the land of no man, then the Buddha is not afraid of anyone.

But in the territory of the Reaper's Order, even he is not sure about fighting against the Apocalypse Supreme.

Ren Feifei said: "Then watch Ye Chen die?"

The Buddha said: "Don't worry, he is a man of great luck, he will not fall so easily, I believe he can get out of trouble."

"Don't forget, he has a talisman of the Emperor's Fallen Universe in his hand. He can borrow the power of the Emperor's Fallen Universe once. No one can kill him."

"Come with me, I found out some news about Emperor Luo Universe..."

Ren Feifei's heart shuddered, and he also remembered that Ye Chen had the amulet of the emperor falling into the universe, so he really didn't need to worry too much, so he nodded and followed the Buddha.

At this time, a gully-like gap appeared in the huge Omen Star Sea. It was the power of time and space erupted from Ye Chen's body, which opened up the Omen Star Sea, and a spectacular scene appeared.

The sea water is rolling, rushing down like a waterfall along the wall of time and space, which is very spectacular.

Ye Chen was suspended in the air, looking down.

He saw that countless monsters were afraid of his breath, and fled away in embarrassment.

Sun Yi was trembling, the grass god wreath on her head was continuously blooming with bright green light, she looked at Ye Chen pitifully, and said:

"Ye Chen, I'm so cold and my head hurts too."

Ye Chen's eyes lit up, and he could tell immediately that Sun Yi had just escaped from the dreamland of the night rain at the dawn of spring, and the biting cold brought by the night rain was still lingering like a gangrene.

And the garland of the God of Grass also released extremely terrifying energy, which was continuously poured into her body.

This kind of energy was unbearable for Sun Yi in such a state, so she had a terrible headache.

What's more frightening is that Ye Chen felt that in the distance, there were high-level powerhouses of the Reaper's Cult, flying towards him rapidly.

"Little Forbidden Demon, wake up for me, and take your mother away immediately! Hide in the depths of the Heavenly Demon Star Sea! Quick!"

Ye Chen woke up the little forbidden demon and shouted violently.

The little forbidden demon woke up from the cemetery of reincarnation, dazed, but when he heard Ye Chen's shout, he quickly reacted, jumped out, took Sun Yi away, and dived into the depths of the demon star sea.

Sun Yi's physical condition is not good now, and she cannot leave the Heavenly Demon Star Sea, otherwise, the power of laws from the outside world may overwhelm her.

Moreover, the high-level powerhouse of the Death God Cult will be killed immediately, and it is impossible for her to leave.

What Ye Chen can do is to let the little forbidden monster take her away and hide first.

The Heavenly Demon Star Sea is so big, as long as Sun Yi hides and conceals her breath, and when she fully inherits the power of the Grass God Crown in the future, no one will rescue her. She can fight back as a god, and no one can stop her.

"Ye Chen..."

Sun Yi didn't want to leave Marven Ye, but she had a severe headache and couldn't say anything, so she was finally taken away by the little forbidden monster.

Tiannv, Mu Tianzhou, Lin Zhenyue and others did not stop them.

Because at this moment, they were completely awed by Ye Chen's powerful aura.

Chapter 9873

Han Yan, Du Gu Jia Luo, Chu Bingyu and others stared blankly at Ye Chen with trembling intentions.

Ye Chen has already taken charge of the Gemini Constellation, and the space-time coercion erupting from his body is so violent that everyone in the audience can't breathe and feel suffocated.

Ye Chen glanced around, and saw a broken guqin, which was the piano of the Great Sage's legacy.

As for Emperor Qin, he was no longer there.

"Emperor Qin died after all..."

When Ye Chen caught the secret, he knew that Emperor Qin had exhausted all his strength after playing "Da Meng Chun Dawn", and his spirit completely dissipated.

"Senior, I will definitely resurrect you!"

Ye Chen gritted his teeth, and secretly decided in his heart that if Emperor Qin hadn't desperately helped him, he would have never been able to get out of trouble, let alone control the constellation of double snakes.

Now that Emperor Qin is dead, if he has the ability in the future, he will definitely find a way to revive him.

The infinite loop of time and space of the twin snakes was successfully transformed into a dream by Emperor Qin. Now that Ye Chen woke up from the dream, he naturally got out of trouble and got the approval of the two snakes of time and space.

When Ye Chen concentrated for a while, he felt that there were countless laws of time and laws of space flowing through his heart mysteriously.

These laws of time and space are very ancient. Compared with the laws of time and space he has come into contact with before, they are much stronger. They have an original power and are the source of all time and space. They are great and vast.

Such a powerful and vast law of time and space is difficult to control with Ye Chen's cultivation base of the eighth heaven of immeasurable realm, and it is also difficult to exert its true power.

But now, he has just received the blessing of the twin snakes in space and time, which is enough to control it for a short time. Therefore, the audience is so powerful that no one dares to look up.

"Space blockade!"

With a wave of Ye Chen's hand, thin lines of law popped out one after another, finally forming a huge cube space, sealing off the sea area with a radius of thousands of miles, and isolating outsiders.

Although this space blockade can't really stop the high-level powerhouses of the Reaper's Cult, it can at least slow down their steps.

Ye Chen was enough to crush the goddess before the high-level members of the Death Cult came.

Ye Chen looked at Tiannv.

The body of the celestial girl immediately trembled, feeling extremely frightened, she turned around and ran away.

She knew that Ye Chen, who was in charge of the Snake Constellation, was already an invincible existence. She could be crushed to death with one finger, and she was absolutely impossible to resist.

"Goddess, don't run away."

With a wave of Ye Chen's hand, a force of the law of space burst out, forming a huge wall of space in front of the goddess.

boom!

Tiannv bumped into the huge space wall head-on, her nose was bruised and her face was swollen, and she backed away in embarrassment.

With another wave of Ye Chen's hand, several thin spatial lines intertwined to form a spatial cage, completely locking the goddess.

Seeing Ye Chen's method, everyone in the audience was shocked.

In terms of real combat power, the goddess is enough to kill the existence of the peak of the divine way, but at this moment under Ye Chen's hands, she is as small as an ant, and was suppressed and blocked in an instant.

"Ye Chen, are you going to kill me?"

There was great resentment in Tiannv's eyes. She couldn't imagine that Ye Chen, who was in charge of the Double Snake Constellation, was so powerful that he suppressed her all at once.

In fact, she has a few cards in her hand that are not yet used.

But Ye Chen's spatial coercion enveloped her, and she couldn't use any cards, like a lamb waiting to be slaughtered.

The corner of Ye Chen's mouth curled into a cold arc, looked at Chu Bingyu, and said to her:

"Miss Chu, how about I let the goddess be your scapegoat, and let her replace you to temper the sword for Jianzi Xianchen?"

Chu Bingyu's delicate body trembled, and he hesitated, "I...I..."

Naturally, she didn't want to be thrown into an oven and killed by a sword, but she was kind by nature, but she didn't want to hurt others, so she didn't know what to do for a while.

Han Yan said happily: "That's it! Brother, you hand over the goddess to me, and I will take it to Jian Zuoshi!"

He patted Chu Bingyu's shoulder again, and said, "Sister Bingyu, you can rest assured and go home, you don't have to die, the damned person is a goddess."

"Don't forget, Tiannv did a lot of disgusting things in your family before. She is the enemy of your Chu family."

Hearing this, Chu Bingyu's chaotic eyes became firm, and said, "Well, then I want to go home!"

The implication is that she also agreed to let the goddess die instead of her.

Previously, Tiannv destroyed a furnace of elixir refined by Ye Chen in the Chu family. As a result, Chu Bingyu's older brother, Chu Feng, was unable to cultivate the Sword of Death, nor could he fight in the Heavenly Moat Palace. In the end, it was up to Ye Chen to take action.

The heavenly girl also wanted to snatch the treasure of the Chu family, the right leg of Emperor Yantian, and Chu Bingyu had also heard of it.

At this time, if she defends Tiannv again, it would be a bit of repaying hatred with kindness, so why should she repay virtue?

When Ye Chen heard that Chu Bingyu agreed, his eyes became serious, and he looked at Tiannv and said, "Tiannv, it's a pity that I can't kill you with my own hands."

"Your pig raising plan gave me countless opportunities, and I am very grateful, even if you wanted to kill me in the end."

"We once had a relationship, I remember it, but unfortunately you probably forgot."

"Between you and me, you have fallen to the point where you are today. You can't blame me. You are too vicious. Not only do you want to kill me, but you also want to kill my entire reincarnation camp. I can't keep you."

"Many grievances and grievances in the past are over today."

After all, Ye Chen didn't talk nonsense anymore, and with a wave of his hand, the space cage that blocked the heavenly girl fell in front of Han Yan.

The body of the celestial girl trembled, the circles of her eyes turned red at this moment, and she shed a tear.

Chapter 9874

"Brother Han, take the celestial girl away immediately, before the Death Sect members arrive."

Ye Chen yelled violently, pinched his fingers, and formed a space channel, leading to the outside of the Demon Star Sea.

"yes!"

Han Yan didn't dare to be negligent, and immediately picked up the space cage, stepped on the space channel, and ran quickly.

From this moment on, Tiannv became Chu Bingyu's scapegoat, and she would replace Chu Bingyu and become the material for Jianzi Xianchen to temper his sword.

"Thank you, Lord of Reincarnation."

Chu Bingyu was both embarrassed and unable to conceal the joy of being alive. He was very grateful in his heart, and looked at Ye Chen with burning eyes, his eyes were full of admiration.

Ye Chen is so invincible, at this moment he is dominating the audience, domineering like a king, which made Chu Bingyu fall in love with him.

"Sister Bingyu..."

Seeing Chu Bingyu's appearance like this, Lin Zhenyue felt very uncomfortable, feeling sad and jealous at the same time.

Seeing this, Ye Chen turned his eyes cold, glanced at Lin Zhenyue, and said, "Why, are you upset?"

Feeling Ye Chen's eyes, Lin Zhenyue's heart almost collapsed, and the whole person fell into a huge panic, and waved his hands again and again: "No, no! No, no!"

Ye Chen, who is in charge of the constellation of Snakes, erupted with a coercion of time and space that was too fierce and invincible. Within the realm of the divine way, it seemed that no one could stop it.

Even Lin Zhenyue, who was born in the Dao sect and had an extremely tough and steady mind, almost collapsed after seeing Ye Chen's eyes at this moment, unable to resist at all, only fear, shock, and tremor in his heart.

boom! boom! boom!

A huge explosion came from thousands of miles away.

Ye Chen's body shook slightly, and he knew that it was a high-level powerhouse of the Death Cult who was attacking the space blockade he had set up.

He couldn't hold on much longer.

"Mu Tianzhou."

Ye Chen looked around and saw that Dugu Jialuo was still locked up, so he looked at Mu Tianzhou.

thump!

Mu Tianzhou knelt down on the spot, kowtowed to Ye Chen, and said with fear on his face: "Lord of reincarnation, don't kill me, don't kill me."

Ye Chen said with a smile: "So you will also be afraid? I thought you were a wooden puppet, so you wouldn't be afraid."

Mu Tianzhou just smiled wryly, not daring to answer.

At this moment, Ye Chen's power was too terrifying, and he didn't dare to contend, and he didn't dare to look Ye Chen directly in the eyes.

In front of Du Gu Jia Luo, Ye Chen naturally wouldn't mess with the killer, saying:

"Quickly release Miss Jia Luo."

Mu Tianzhou said: "Yes yes yes!"

He immediately took back the phantom of the magic weapon of the innate dragon escape pile, and released Poison Gu Jialuo.

"Thank you."

Du Gu Jia Luo glanced at Ye Chen gratefully, took back the black umbrella from Chu Bingyu's hand, and held it up by himself.

She was the only person in the audience who dared to look directly at Ye Chen.

"Miss Jia Luo, please protect Han Yan so that he can leave this place smoothly."

Ye Chen pleaded.

Although Han Yan took away the goddess, this is the territory of the Death Cult after all, and whether he can get out smoothly is still a problem.

If he fails and Tiannv is rescued by the Death Cult, all previous efforts will be in vain.

Du Gu Jia Luo also knew this very well, looked at Chu Bingyu, and stroked her hair.

She knew that Chu Bingyu would definitely die without Tiannv as a scapegoat.

She was grateful for Chu Bingyu's friendship just now, and naturally she would not let this happen, so she nodded and said:

"Lord of reincarnation, don't worry, I will guarantee to send the goddess to Jianzi Xianchen."

After that, she held an umbrella and stepped onto the space passage that Han Yan had just stepped on. She seemed to be in a gentle posture, but in a blink of an eye, she had disappeared.

Ye Chen was a little relieved, knowing that Poison Gu Jialuo was powerful enough to escort Han Yan away.

After all, the attention of the Reaper's Cult is on him now, and they haven't noticed the change of the goddess yet.

"Miss Chu, come here, I will take you home."

Ye Chen landed and waved to Chu Bingyu.

When Chu Bingyu heard the word "go home", her delicate body trembled, and for some reason, she shed tears, said "um", and quickly ran to Ye Chen's side.

Ye Chen held her hand and wanted to leave.

"Sister Bingyu..."

Lin Zhenyue was full of reluctance and called out.

Chu Bingyu said: "Brother Lin, I'm going home."

This sentence was very polite, so polite that it was a little alienated, and Lin Zhenyue had mixed feelings in his heart.

"let's go."

Ye Chen took Chu Bingyu and flew over to the surface of the Sky Demon Star Sea.

boom!

At this time, thousands of miles away, a huge explosion came.

The space blockade laid down by Ye Chen was finally broken.

Seeing this, Ye Chen twitched his mouth and said to Chu Bingyu: "It seems that I still need to solve the troubles before me before I can take you home."

Chu Bingyu said: "Lord of Reincarnation, can we really leave alive?"

After all, this is the territory of the Death God Cult. Even if the outside world is a strong man from the God of Heaven, it is impossible to fight against the entire Death God Cult.

No matter how powerful Ye Chen was, how could he possibly compete with the Death Cult by himself?

Moreover, Chu Bingyu felt that Ye Chen's majesty of time and space was slowly weakening.

Obviously, with Ye Chen's current cultivation base, he still can't really control the power of the Snake constellation. The shocking power of time and space that just erupted is destined to only pass by like a meteor for a short time.

It would be impossible for Mu Tianzhou to kneel down again.

In the future, if Ye Chen wants to stably display such a powerful power, he still needs to practice slowly.

Ye Chen listened to Chu Bingyu's question and said with a smile, "It's fine, it's fine."

Although he was in the territory of the Reaper's Cult, Ye Chen could clearly see that he was very lucky, and there was a golden dragon hovering above his head.

No matter what threats he faces today, Ye Chen has the confidence to kill them.

Of course, the biggest information of all this comes from Emperor Fallen Universe.

This hole card can completely counter the strength of many strong men whom Ye Chen looks up to.

Whoosh!

Shocking howls of air flow came from all directions.

Ye Chen saw that there were countless dark believers, powerful demon gods, roaring from all directions, covering the sky and covering the earth, densely packed, probably tens of millions.

After feeling the aura of Ye Chen, the Death Religion immediately mobilized tens of thousands of believers, bursting out, overwhelming the sky and covering the sky, billowing demonic energy everywhere in the sky, and singing voices full of death and darkness, Flooded in all directions.

Mu Tianzhou and Lin Zhenyue also came out from the bottom of the sea, and they were also completely shocked when they saw the thousands of dark powerhouses in front of them.

Surrounded by so many dark powerhouses, even the Lord God might find it difficult to escape.

Rumble!

Accompanied by a huge energy explosion, many dark believers separated, and three terrifying phenomena appeared from behind.

Chapter 9876

Feng Yuanlan would not have dared to make a move if there was a Heavenly Sword Oath restriction.

But now, it was Ye Chen who offended him first, and he didn't have any scruples. The ferocious power of the Lord God erupted from this finger, which was very terrifying.

Lin Zhenyue, Mu Tianzhou, and Chu Bingyu were all extremely terrified.

The majesty of the Lord God is really terrifying.

Before the power of Feng Yuanlan's finger could be reached, the Heavenly Demon Star Sea below boiled violently, bursting into waves of turbulent waves.

"Mighty! Mighty! Mighty!"

The tens of thousands of dark believers of the Reaper's Order cheered loudly, praising the greatness and vastness of the Emperor of Heaven.

However, Ye Chen didn't panic in the slightest. He was already prepared, burned a talisman, and sang:

"Di Luo Universe, come!"

His strength is like an ant in front of a strong man of this level.

The only thing that can contend is Emperor Fallen Universe.

This talisman is exactly what Qingyan, the God of Grass, gave him. Qingyan said it was bestowed by the Heavenly Mother, and he can borrow the power of the emperor's universe once.

According to the legend, Emperor Luo Universe is one of the top ten ancient artifacts. It is a magic weapon created by the Heavenly Mother.

In that universe, the bones of many heavenly emperors were buried.

In fact, when he was trapped in the cycle of time and space before, Ye Chen wanted to summon the emperor's universe and try to use the power of the emperor's universe to break the cycle.

However, he can't use this talisman even if he circulates time and space and is isolated from the outside world.

Fortunately, the Fu Zhao was still there, so Ye Chen had the confidence to face Feng Yuanlan head-on.

Rumble!

As soon as Ye Chen's talisman was burned, violent energy exploded between the heaven and the earth, and the divine light rolled, and a vast starry universe emerged on the sky.

That is exactly the legendary Emperor's Fall universe, the universe that is enough to cause the Heavenly Emperor to fall. It is crystal clear, clear, bright, and the stars are shining brightly. Many stars are linked together to form a picture.

The picture is the appearance of a sixteen-winged god, which Ye Chen has seen before, the appearance of the so-called ultimate god, the so-called master.

However, the face of this ultimate god is no longer blank, but has human features. It is a very kind, very holy, dignified treasure appearance, fengyitianxia, graceful and luxurious woman.

It is the ultimate god that the little grass god Qingyan said, the supreme incarnation, the ruler of the gods, the heavenly mother!

This Heavenly Mother Empress is the great totem behind the Diluo universe and the starry sky, and is the source of power.

"This is... Emperor Luo Universe! How is it possible! How could you have such a thing!"

Feng Yuanlan screamed and couldn't believe her eyes.

Diluo Universe is a legendary artifact that has long been lost. He never expected that Ye Chen could borrow the power of Diluo Universe.

Logically speaking, this is impossible.

Because Ye Chen's cultivation is only the eighth level of the immeasurable realm, it is absolutely impossible to borrow such a majestic power.

Even if there is a special summoning talisman, it is impossible.

Because the Di Luo Cosmic Talisman Edict itself is an extremely terrifying existence, and the non-celestial emperor cannot bear it.

But at this moment, Ye Chen bears it, and is slowly summoning the vast Emperor Luo universe.

In the universe of Emperor Luo, the totem of Tianmu Empress is filled with golden light, vaguely providing shelter for Ye Chen.

It was this shelter that allowed Ye Chen to withstand the power of Diluo Universe.

That piece of Emperor Falling Universe hangs down, covering the entire Heavenly Demon Star Sea. Against the backdrop of the vast universe, everyone feels that they are extremely small.

"Damn it!"

Feng Yuanlan's body shook, even he, the Heavenly Emperor, almost felt suffocated under the cover of Diluo Universe.

His God pointed out that all the weather, under the coercion of the vast universe, had already collapsed and dissipated.

He felt extremely regretful in his heart. If he killed Ye Chen at all costs the moment he saw Ye Chen, it would be difficult for Ye Chen to stop him.

However, he was careless.

He also thought that Ye Chen was a turtle in a urn, and he could only end up being caught without a fight.

He even wanted to use Ye Chen as a bait to lure Ren Feifan and others to come.

Just now he pointed at the emperor that day, but he didn't use all his strength. If he had shot with all his strength, Ye Chen might not even have the chance to release the talisman.

With the arrival of Diluo Universe, Feng Yuanlan's whole body was suppressed, and it would be extremely difficult to kill Ye Chen.

The Heavenly Demon Star Sea is no longer visible. The endless starlight and infinite laws of the Diluo universe spread out, covering up the Heavenly Demon Star Sea. The black ocean turned into a deep cosmic starry sky, dotted with countless tiny stars, which is very spectacular .

"Ahhh!"

There are tens of millions of believers in the Death Cult, and countless monsters screamed.

Countless beams of starlight shot out from the Diluo universe, and each beam of starlight was like a flying sword with extremely strong penetrating power, killing all the dark believers one after another.

Their bones were swallowed by the deep cosmic starry sky and turned into nutrients, nourishing the universe of Emperor Luo, making this magical weapon grow stronger and stronger.

Ye Chen also felt horrified. This Emperor Fallen Universe has grown through countless epochs. In terms of power, it may not be weaker than the four supreme artifacts.

Under the blessing of the will of the Heavenly Mother, the power emanating from this universe is so terrifying that it is unimaginable.

Scary starlights shone on Feng Yuanlan's body, those starlights were like substance, piercing his body to the point of being riddled with holes.

Chapter 9878

From the moment Ye Chen ascended to the sky, Shexue Yaoji wanted to hunt and kill Ye Chen, but with Ren Feifei guarding her, she had nowhere to do it. Instead, she was retaliated by Ren Feifan. The loss was huge, and even the territory was cut off. piece.

However, if Ye Chen dared to touch her daughter, she would kill her directly at all costs, no matter who was behind Ye Chen.

In this world, the only thing Shexue Yaoji cares about is her daughter Jia Luo.

"Death Palm!"

Shexue Yaoji waved a palm, with violent and ferocious palm force, roaring towards Ye Chen, she really wanted to kill someone.

This Heavenly Palm of Extinguishing Life is an accompanying martial skill of the Fool's divine art. It is so powerful that it can exterminate all living beings in the heavens, and it is extremely tyrannical.

Ye Chen felt Shexue Yaoji slap her palm, and she was suffocated, unable to move.

But at this juncture of life and death, Ye Chen felt an extremely powerful force emerge from the cemetery of reincarnation.

He subconsciously accepted this force, and suddenly raised his arm, wisps of highly poisonous black awns burst out from his palm, like sticky ink, colliding with Shenxue Yaoji's palm.

boom!

The two palms clashed, and Ye Chen made a "poof", blood spurted wildly, and he backed up again and again, the viscera and meridians all over his body were almost smashed to pieces.

But he was only seriously injured, not dead.

It is impossible to fight against the master of the Emperor of Heaven without dying.

But this impossible thing happened to Ye Chen.

Ye Chen was a little astonished, and clearly felt that in the cemetery of reincarnation, a huge black figure was slowly rising.

It was an old man with beard and hair as black as ink, his aura was magnificent and majestic, his facial features revealed a murderous aura, and his eyes were filled with great desolation, as if he had gone through vicissitudes.

"The God of Poisonous Hands and Medicine, is that you!?"

When Ye Chen saw the old man, he caught a glimpse of the old man's identity, and his heart was shocked.

If he guessed correctly, this old man is the legendary God of Poisonous Hands and Medicine!

He is the father of Dugu Jialuo and the husband of Shenxue Yaoji!

Just now, it was the God of Poisonous Hands and Medicine, who lent strength to Ye Chen to block Shenxue Yaoji's palm.

However, the power of the Poison Hand Medicine God contains a terrifying source of highly poisonous substances, and it even contains the coercion of the Emperor of Heaven. Even if Ye Chen has the ancient poison veins, it is difficult to bear, after all, his cultivation base is not enough.

At this moment, Ye Chen felt that the meridians all over his body had become pitch black under the infection of the poison, and they were rotting like mud. His whole body was struggling to breathe, as if he would be rotted into a pile of dead bones by the poison at any time.

As for Shenxue Yaoji, who was hit by Ye Chen's poisonous palm, although she was not eroded by the poison, she still took a few steps back under Ye Chen's huge palm force.

"you....."

"This breath is..."

Shenxue Yaoji stared blankly at Ye Chen, her tender body trembling violently, her eyes revealed shock, astonishment, resentment, grievance, obsession and other complex emotions.

The Poison Hand Medicine God saw Shenxue Yaoji through Ye Chen's eyes, and the expression in his eyes was also very complicated, full of the sigh of time.

He wanted to speak to recognize each other, but seemed to be scruples about something, after all, he didn't speak, his old body trembled, and finally turned around, and said in a waned mood:

"Tomb owner, if you don't want to die at my wife's hands, then hurry up and leave."

These words woke Ye Chen up.

"Titan godship, go!"

Ye Chen made a decisive decision, immediately sacrificed the Titan Godship, took Chu Bingyu's hand, jumped onto the ship, drove the ship through the sky and pierced the clouds, and left quickly.

"Shenxue Yaoji, stop him quickly!"

Feng Yuanlan shouted loudly, his pupils almost burst into flames.

He was seriously injured and unable to stop Ye Chen.

And many dark believers of the Reaper's Cult have already fled away.

In the audience, the only one capable of intercepting Ye Chen was Shenxue Yaoji.

However, Shenxue Yaoji stood there dumbfounded, her whole body was lost, she didn't know what she was thinking, she just watched helplessly, let Ye Chen leave, and murmured:

"He's not dead yet, he's back..."

The voice was like talking in sleep.

"Sister Bingyu!"

At this time, Lin Zhenyue, a disciple of the Dao Zong Fu Zu, saw Ye Chen take Chu Bingyu away, his heart was shaken, and he flew up, bursting out a series of talismans in his hand, and blasted towards Ye Chen roaringly.

At this time, Ye Chen was in a bad state.

Earlier, Shenxue Yaoji shook Diluo Universe with one palm, causing Ye Chen to be severely injured.

And borrowing the power of the God of Poisonous Hands and Medicine, also made Ye Chen deeply poisoned.

But in Ye Chen's body, there is still a bit of the blessing power of the space-time twin snakes.

This power is enough for him to deal with Lin Zhenyue.

hum!

With a wave of his hand, Ye Chen first laid down a space barrier to prevent Lin Zhenyue's magic talisman from exploding.

"The years have passed through the ages, let's get old."

Then, Ye Chen uttered a chant, and a majestic coercion of the law of time rushed down like a torrent, ruthlessly washing over Lin Zhenyue.

"Ahhh!"

Lin Zhenyue screamed violently. Under the impact of the law of time, his body quickly aged. In the blink of an eye, he changed from a burly and strong young man to a crooked old man with gray hair.

This is not over yet, his body is still aging, and quickly turned from an old man into a withered skeleton, fell into the Sea of Demon Stars, and died on the spot.

Of course, he is a disciple of the Dao Zongfu ancestor, and the origin of the divine way is strong, so he will not die so easily, more or less he will retain some timeline, and there is a possibility of resurrection.

Chapter 9879

But Ye Chen's hand, in the blink of an eye, made an existence at the peak of the Divine Dao Realm wither and die. The supernatural power was still too terrifying, and it made Mu Tianzhou beside him tremble.

"Ouch!"

Seeing Lin Zhenyue's death, Chu Bingyu exclaimed, and took two steps forward, wanting to rescue him, but stopped in the end.

Because Ye Chen was in a very bad state at this time. After using the power of time to kill Lin Zhenyue, the last remaining aura of blessing from the two snakes on his body also completely dissipated.

It is impossible for him to resort to such means again.

"cough....."

Ye Chen fell on the deck, coughing up a mouthful of poisonous black blood, but his face was pale.

"Lord of Reincarnation, are you alright?"

Chu Bingyu came over and hurriedly supported him.

"It's okay, I'll take you home."

Ye Chen waved his hand, signaling her not to worry, mobilized the last strength in his body, urged the Titan God Ship, left the territory of the Reaper Order, sailed into the vast dark void without time and space, and drove in the direction of Chu Bingyu's family go.

After Ye Chen was seriously injured and poisoned, the speed of the Titan Godship also became quite slow, slowly advancing in the void.

"Senior Poison Hand Medicine God, I have been poisoned."

Ye Chen mentally communicated with the cemetery of reincarnation, trying to contact the God of Poisonous Hands and Medicine, and asked him to help detoxify.

However, the Poison Hand Medicine God stood with his back to Ye Chen, his figure was desolate and desolate, as if he had infinite thoughts, as if he didn't hear Ye Chen's call, so he didn't even pay attention to it.

Ye Chen had no choice but to transfer the Fengyu Immortal Pond from the cemetery of reincarnation, and put it on the deck of the Titan God Ship. He crawled with difficulty and rolled into the Fengyu Immortal Pond, and slowly healed his injuries with the help of the aura of the Immortal Pond.

The spiritual energy of Xianchi poured into the acupuncture points all over his body, Ye Chen was so itchy all over, he let out a muffled grunt, and fell asleep.

I don't know how much time has passed, Ye Chen seemed to hear Chu Bingyu's voice in his coma.

"Master, the Lord of Reincarnation is seriously injured, please save him."

Chu Bingyu seemed to be praying and begging.

"Ah? Want me to save? My physical strength to revive him?"

"What does physical strength recovery mean?"

...

"Ah, so..."

"This... how can this work..."

...

In a daze, Ye Chen felt a cool and warm delicate body close to him, soft.

At the same time, a soft aura gathered in his body.

He seemed to have had a dream, in which he obtained supreme joy and bliss, every pore in his body opened, as if they were all cheering, and wisps of warm and abundant spiritual energy kept pouring into his body, nourishing his injured and poisoned body.

Then, Ye Chen woke up from a comfortable and beautiful sleep, opened his eyes, and found that he was still soaking in the Fengyu Immortal Pond.

However, he was not alone, beside him, there was a young girl who was soaking in the pool water with him.

He was naked, and the girl was also naked, and the two faced each other naked.

On the girl's shoulders stood a little demon that looked like a ginseng fruit, it was the little forbidden demon.

"Father, you're awake, you...you've been in a coma for seven days."

The little forbidden demon waved at Ye Chen, looked at Ye Chen, then at the girl, seeing that both of them had no clothes, he looked a little embarrassed.

He didn't know much about things between men and women, but he always felt that the atmosphere was a bit strange.

After saying hello to Ye Chen, he grunted and dived into the bottom of Feng Yu Xianchi.

"Miss Chu..."

Ye Chen didn't have time to care about the little forbidden demon anymore, he looked at the girl.

The girl is exactly Chu Bingyu.

Chu Bingyu blushed, as if something happened between her and Ye Chen.

Ye Chen was injured and poisoned before, and his condition was very bad, but now he has almost fully recovered, full of energy, refreshed, and his whole life is alive and well.

"You saved me?"

Ye Chen frowned.

Chu Bingyu's cheeks were still blushing, and she soaked her body in the water to cover her vitals, and said in a whisper:

"Hmm... Lord of Reincarnation, are you alright?"

Ye Chen took a closer look at his body, and found that he had almost recovered, and said, "I'm fine, cough...Thank you for helping me."

He probably also guessed that Chu Bingyu used some special methods to save him.

Chu Bingyu blushed and said, "After you were injured, I prayed to Master and asked him to bless you and save you."

"But... Master said, my body contains infinite essence, and I can save you by myself."

"So, I will use my strength to save you..."

Ye Chen coughed again, and said, "Okay, stop talking, I already know."

Chu Bingyu's master is none other than Jianzi Xianchen, the left envoy of Daozong.

In order to temper the sword, Jianzi Xianchen spent countless treasures of heaven and earth, precious resources, and used them to feed Chu Bingyu, hoping that the tempering of the sword would be successful.

Therefore, in Chu Bingyu's physical body, there is an incomparably abundant spirit essence.

She transmitted the aura essence of her body to Ye Chen through certain rituals and contact, which made Ye Chen recover.

Ye Chen wanted to understand the joints, but also felt a little embarrassed.

He and Chu Bingyu had just met for a short time, and such a relationship actually happened.

"The sword left envoy is willing to ask you to sacrifice the essence of the body, so the goddess must have fallen into his hands. He has a substitute, so he no longer needs you to temper the sword."

Ye Chen said.

Chu Bingyu said: "Yes, the masters of reincarnation, Brother Han Yan and Sister Jia Luo, have sent the goddess to the ancient sword barren tomb, which is my master's territory."

"Master is very satisfied, saying that Tiannv is more suitable than me. I don't have to die when he is used as the material for tempering the sword."

When it came to the end, Chu Bingyu felt the joy of surviving, but also felt guilty.

Even though Tiannv once hurt the Chu family, she was kind by nature, and she felt a little bit sorry to think that Tiannv had become her scapegoat.

"Okay, I'll take you home, don't worry about the goddess anymore."

Ye Chen said with a smile.

But Chu Bingyu's cheeks were flushed, and he said, "No need, Lord of Samsara, since you've woken up, I should go too, I'll just go back by myself."

As she said that, she hurriedly crawled out of the Fengyu Immortal Pond, put on her clothes with her back to Ye Chen, and was about to leave with big strides.

"Are you in such a hurry to leave?"

Ye Chen called.

Chu Bingyu paused, turned around, and said with a shy and grateful expression:

"Lord of Reincarnation, thank you for saving me."

"I want to go back to my brother's side. In the future, when you fully inherit Lord Yantian's orthodoxy, maybe we still have a chance to meet."

"I will be your people."

"As for now, let me take my leave first. I wish you prosperous martial arts."

After finishing speaking, Chu Bingyu tapped her toes lightly on the Titan Godship, and her delicate body flew out, drifting away, and her figure quickly disappeared in the dark void outside the ship.

Chapter 9880

She went home.

Ye Chen looked at her receding back, feeling lost in his heart.

"Father."

At this time, the little forbidden demon emerged from the Fengyu Immortal Pond, and looked at Ye Chen with some trepidation.

"Where's your mother?"

Ye Chen asked in a deep voice.

The little forbidden demon muttered: "Mother is still in the Heavenly Demon Star Sea."

Ye Chen said: "Didn't I tell you to take care of her?"

The little forbidden demon said: "I...I see that my mother has gradually inherited the power of the grass god, her body has recovered a lot, and her breath is getting stronger and stronger. It seems that she doesn't need my care, so I ran back quietly."

He still missed Ye Chen, and would rather run back to Ye Chen's side than follow Sun Yi.

Ye Chen sighed, knowing that it was useless to blame the little forbidden demon.

He pinched his fingers and calculated a little, and found that the Death God Cult was in a mess.

The celestial girl fell into the hands of Jianzi Xianchen and was about to be taken to temper the sword. This is something that the Death Religion would never want to see.

The Reaper's Cult has paid too much in order to train the Celestial Girl. The Celestial Girl has excellent aptitude and talent. She is likely to replace the witch in the future and become the core existence of the Reaper's Cult.

If the goddess was thrown into the furnace by Jianzi Xianchen to quench her sword, then the loss of the Death God Cult would be too great.

Right now, the Reaper's Cult has lodged a negotiation with Jianzi Xianchen, requesting his release.

However, Jianzi Xianchen is one of the guardian emissaries of the Taoist sect, and has a high status. It is absolutely impossible to ask him to release people.

After all, Chu Bingyu, the original candidate for tempering the sword, had already absorbed all the essence of her body by Ye Chen. Even if she was captured again, she would not be able to temper the sword again, and it was impossible for Jianzi Xianchen to let her go.

As for Sun Yi, she is currently hiding in the depths of the Heavenly Demon Star Sea, and no one knows where she is hiding.

The Reaper Cult was busy rescuing Tiannv, but couldn't spare much energy to search for Sun Yi.

Compared to before, Sun Yi was much safer.

When she fully inherits the lineage of the God of Grass and masters all the power of the God of Grass, she will rise against the sky and break out.

Ye Chen knew that Sun Yi was safe, so he was relieved a lot. He glanced at the little forbidden monster and said:

"Don't mess around next time."

After all, Ye Chen threw the little forbidden demon back into the Fengyu Immortal Pond, and then brought the Fengyu Immortal Pond into the reincarnation cemetery.

Crash.

In the cemetery of reincarnation, the little forbidden demon poked his head out, but saw a huge desolate figure not far away, filled with a highly poisonous aura, couldn't help but feel hairy, and shouted:

"Father, who is this man, what a terrible breath!"

"I... I'm going to be poisoned."

"He... he must be the god of poisonous hands and medicine that Grandpa Qindi mentioned!"

The little forbidden demon was very clever, vaguely guessed the identity of the old man, his face turned green with fright, and hurriedly dived into the bottom of Fengyu Fairy Pond again.

Only with the help of Fengyu Immortal Pond, can he slightly resist the terrifying aura emanating from Poison Hand Medicine God.

It was an extremely poisonous breath, as if it could corrode the world.

"Senior Medicine God..."

Ye Chen mentally communicated with the reincarnation cemetery and tried to call out.

The Poisonous Hand Medicine God trembled, and slowly turned around. Every wrinkle on his face bore traces of vicissitudes and desolation, and sighed:

"Sorry, tomb owner, the memory of the past hurts too much, I'm a little lost, please forgive me."

Ye Chen saw that the God of Poison Hand Medicine was polite and spoke very gently, so he secretly relieved and said, "It's okay, senior, I've heard about your past, it's true... oh..."

The Poisonous Hand Medicine God sighed: "It's good that you have heard about it, but there are some things that you probably don't know yet."

Ye Chen said: "Oh?"

There was a trace of vicissitudes in the eyes of the poisonous hand medicine god, as if he was caught in the memory again, and said:

"Actually, my wife Shenxue Yaoji and I were disciples of Taoist Qinglian at first."

Ye Chen was startled, and said, "Qinglian Daozu? Then, aren't you from the same sect as Huazu?"

Daozu Qinglian is a very mysterious figure, the incarnation of Qinglian who created the world, and the great existence who opened up the original world.

Poisonous Hand Medicine God nodded and said: "Yes, my name is Teng Qingniu, my wife was originally my junior sister, she was born with a jade snow source body, a person with this body is invulnerable to all evil, and can resist all darkness and filth. "

"At that time, my junior sister said that she would marry anyone who could break her Yuxueyuan body and make her even a little bit filthy."

"At that time, many of the master's disciples, including Huazu and Badao Canglei, wanted to try, but without exception, they all failed."

Ye Chen was startled when he heard this, and interrupted: "Wait, senior, what did you say, Ba Dao Cang Lei?"

He never expected that he would hear this familiar name at this moment.

"Could it be that Badao Canglei, the envoy of the Taoist sect, was also a disciple of Qinglian Daozu back then?"

Poisonous Hand Medicine God said: "Yes, he is very powerful. It is said in the world that Wuxiang's single sword is the peak, but he dismisses it, thinking that there should be a more powerful sword technique. Since he was a child, he has been pursuing Wuxiang's sword since he was a child. The existence of a knife, practice the knife diligently every day."

"With so many disciples under the master's seat, he is the one with the purest Dao heart, and he only has sword skills in his eyes."

"His sword skills are very overbearing, so we gave him the name Ba Dao Cang Lei."

"I don't know his saber technique, what level he has cultivated in the end, and I don't know if he has a sword that surpasses Wuxiang."

"I only know that Master was finally killed by him with a knife."

Ye Chen's heart was shaken, and he said, "Qinglian Daozu was killed by the Tyrant Canglei?"
