Chapter 9891

The poisonous aura emanating from the nine poisonous dragons soared into the sky, forming a huge column of smoke, surrounded by countless poisonous sources, as if it could corrode even the sky, it was very spectacular.

In the sky, Huang Lao was also shocked when he saw this scene, I'm afraid Ye Chen couldn't resist it.

However, an amazing scene appeared.

Ye Chen didn't have the slightest intention of resisting, so he rushed forward to meet the poisonous dragons.

Nine poisonous dragons rushed over, entangled him directly, and turned into primitive poisonous aura, which crazily penetrated into his body.

However, Ye Chen's skin was still clean and pure, with the faint radiance of reincarnation permeating it, and there was no sign of being corroded by poisonous gas.

"How is this going?"

Seeing this scene, Hua Nu, Hua Zu, Huang Lao, and the people present were all stunned.

They vaguely felt that all the innate poisonous dragon energy released by Hua Nu seemed to be absorbed by Ye Chen!

"Is it the ancient poisonous vein? This kid, has the reincarnation bloodline grown to this extent?"

Hua Zu was terrified and couldn't believe the scene in front of him.

He only thought it was the ancient poison veins and absorbed the poisonous gas.

But judging from Ye Chen's cultivation base, he only has the eighth level of the immeasurable realm. Logically speaking, his ancient poison veins are not so powerful that they can absorb the innate poisonous dragon energy.

But Huazu didn't know that the method Ye Chen relied on to absorb the innate poisonous dragon energy was not the ancient poisonous veins, but the magic formula of the Dao heart!

This time he was prepared, when he saw Hua Nu's innate poisonous dragon qi roaring towards him, he immediately secretly operated the Dao Heart Seeding Magic Art.

Wisps of formidable poison gas gathered, and soon settled in Ye Chen's dantian, condensing into a pitch-black seed, filled with a deep and highly poisonous aura.

That was the demon seed condensed by the Dao Heart Demon Art. Feeling the evil spirit of that demon seed, Ye Chen also trembled secretly.

If this thing stays in my dantian, won't it really become a disaster?

With a slight movement in his mind, he subconsciously wanted to use the Heaven Transformation Dafa to directly remove the demon species.

The Poisonous Hand Medicine God said: "Master of the tomb, your talent is really powerful.

Chapter 9892

Huang Lao was still in the sky just now, and suddenly appeared in front of Ye Chen. He used the Great Desolation Stealing Heaven Technique to steal all the space between the two, so he arrived in a flash, like a ghost.

"Huang Zizai, get the hell out of here!"

Huazu was really angry, and the starlight of the mandala constellation in the sky exploded and shone on Ye Chen.

For a moment, Ye Chen felt an illusion appear in his head, as if he saw a boundless sea of flowers, blooming like a brocade, but there was a hidden murderous intention to swallow him up and bury him.

But the next moment, Huang Lao patted Ye Chen's shoulder, and the illusion in his mind disappeared.

"Huazu, if you are not convinced, let's ask the Grand Master to judge."

The old man shouted in a deep voice.

These words made the furious Hua Zu tremble and calm down.

He said that as long as Ye Chen can defeat Hua Nu, he will let him go, how can he break his promise?

Although Ye Chen killed someone, but in a martial arts duel, life and death hang in the balance, how can he easily keep his hand? Can't blame him either.

For a moment, Hua Zu was like a deflated ball, with a deathly terrifying expression on his face.

"Boy, let's go!"

Huang Lao didn't talk nonsense anymore, he directly pulled Ye Chen and drove away through the air against the wind.

Many guards in Mantuo Villa did not dare to intercept them.

Huazu's face was ashen, and there was a deep killing intent in his eyes, he slightly bent his fingers, calculated the secret, seemed to catch something, and murmured:

"Could it be that the old guy, the God of Poisonous Hands, hasn't completely died yet? He's back already?"

...

"Hahaha....."

Ye Chen didn't know Hua Zu's mood, his ears were filled with Huang Lao's crazy laughter.

"Boy, you owe me your life, hahaha..."

Huang Lao was very happy, stretched out a finger, and shook it in front of Ye Chen.

Ye Chen smiled bitterly, shook his head, noncommittal.

After a pause, Huang Lao's smile faded again, and he said solemnly: "However, I have broken the rules of the Taoist sect by taking action this time, and the master will definitely punish me."

"A month later, the big battle will start, and I guess I won't be able to be the referee."

Ye Chen was shocked, and said, "Has the time for Daozong Grand Competition been fixed?"

Huang Lao said: "It's confirmed, just one month later, alas, the master originally asked me to be the referee, but now I have broken the rules, I can't be the referee."

"Hey, you and Ren Feifei are lucky, otherwise, I will be the referee, and you want to win

Chapter 9893

Huang Lao was very happy, so he brought Ye Chen to the capital of the Excalibur Empire, to his palace.

The Excalibur Empire is already his territory, and hundreds of millions of subjects in the empire worship him with faith. Countless and mighty power of faith gathers in the imperial palace of the capital city, and finally all of them merge into Huanglao's body.

Huang Lao squinted his eyes, enjoying the feeling of being worshiped by all.

His ability to improve so quickly, almost reaching the sky in one step, is obviously also related to the belief and worship of the Excalibur Empire.

In the palace hall, Mr. Huang was very interested in asking someone to bring tables and chairs, set up a chess board, and made an inviting gesture to Ye Chen: "Sit."

Ye Chen sat down, Huang Lao smiled, and placed a sunspot on the chessboard, saying:

"Boy, have you ever thought about the ultimate question."

Ye Chen was silent, and casually placed a white stone, and said, "I've thought about it, but I don't have an answer."

Old Man Huang laughed loudly and said, "You don't have an answer, but I do!"

With a snap, he pressed another chess piece.

Ye Chen was shocked, stared at him and said, "What did you say?"

Huang Lao smiled and said, "I've already thought about what the ultimate order, a perfect order, and a perfect world are."

Ye Chen was terrified, and said, "What is it?"

He really wanted to know what kind of order existed in this world, which could be called a perfect existence.

His order of reincarnation is not perfect, and all living beings have to suffer the pain of reincarnation, life and death ups and downs in the order of reincarnation, naturally it cannot be said to be perfect.

The current order of reincarnation conceived by Ye Chen is only relatively stable, good and evil are orderly, and life and death are harmonious. Compared with the general order, it is much more stable, but it cannot be said to be perfect.

But now, Huang Lao said that he had thought of a perfect order, and had conceived what the ultimate perfect world would look like.

Ye Chen was naturally shocked, because he wanted to break his head, but he couldn't think of a perfect order.

The old man laughed and said: "The master also approves of my idea, so he has given me countless benefits. He is determined to establish that perfect order with me."

"Hey, in fact, even without his kindness, after I solved the ultimate problem, I realized the Tao overnight, and I could become emperor by myself, because I have already realized the Tao, and the ultimate truth has finally been comprehended by me. "

Ye Chen hurriedly asked: "Old Huang, what have you realized, what is a perfect order?"

The ultimate problem of no time and space is how to build a perfect world.

Now this world is full of killings, darkness, chaos, and crimes, which has nothing to do with perfection.

Many heavenly emperors and gods have been thinking about this issue since ancient times, wanting to establish an ultimate and perfect order.

Some of them even fantasize about the existence of the ultimate god, and as long as the ultimate god descends, a truly great and perfect heaven can be established.

But as far as Ye Chen knows, the so-called ultimate god does not actually exist, and the current ultimate problem is still unsolvable.

Back then, the guardian of the Tianbei also thought hard about this problem, praying that Ye Chen could find a solution.

But now, Ye Chen has not conceived what a perfect heavenly world would look like.

If Huang Lao conceived it, then he would be invincible. Just by deciphering the ultimate heaven-defying merit, he could ascend to the top and become the emperor of heaven in one step!

And today's Huang Lao is already the emperor of heaven. Although his strength is not as good as that of Ren Feifan, he can break through the limit so quickly and become emperor. This proves that he has indeed solved the ultimate problem and thought of a perfect order .

Otherwise, it would be impossible for his strength to improve so quickly just by being promoted by the Great Master.

Huang Lao held a chess piece, tapped the chessboard lightly, and said with a smile:

"I want to tell you, let you see how wonderful and perfect this ultimate world is. It is much more perfect than your reincarnation heaven."

"But it's a pity that your cultivation is not enough. If I speak out the ultimate concept, it will be enough to crush your Dao Heart, and you won't be able to bear it."

Ye Chen took a deep breath and said: "It's okay, you say, if I can really know what the perfect order is, I will die without regret!"

If you hear it in the morning, you can die in the evening!

At this moment, Ye Chen's desire to seek Tao is stronger than ever before.

He just wants to know what the ultimate world, the perfect order, is.

If he could know, at this moment, he would even be willing to give his life!

Huang Lao stared at Ye Chen, seeing Ye Chen's resolute expression, couldn't help but nodded, and said:

"Your boy can do it. The heart of seeking Tao is burning, which is half of my level."

"But I can't kill you. It's not convenient for me to tell you the ultimate answer."

Ye Chen was disappointed and angry again: "Then why did you ask me to come?"

The old man laughed and said, "Don't be angry, although I know the answer, but I still need your help if I want to truly create the ultimate perfect world."

"We can work together."

Ye Chen said angrily: "I don't even know the answer, so how can I cooperate?"

Huang Lao smiled and said: "You cooperate with me first, and you will naturally know the answer in the future."

"The master is also our ally, aren't you tempted?"

When Ye Chen heard this, his heart was indeed moved.

Cooperate with Huang Lao to build a perfect world, let alone whether it will be successful or not, at least during the construction process, he has the opportunity to spy on the truth and know what the so-called perfect order is.

Chapter 9894

And with the master as his companion, it is more likely to reap countless opportunities. Even if the perfect world cannot be built in the end, he can still get great benefits.

"How to cooperate? Isn't it called the predecessor?"

Ye Chen asked.

Huang Lao waved his hand and said, "No, no, don't let others know about this."

"Before the perfect world is established, it cannot be defiled. If too many people know about it and have mixed hearts, no matter how perfect the order is, it will be difficult to establish it."

Ye Chen nodded, agreeing.

He will keep this matter a secret.

Huang Lao said: "Very good, the great battle will start in one month, time is tight, you must improve your strength as soon as possible, and it is best to be able to ascend to the gods before the start of the big competition."

Ye Chen: "Is my ascension to God related to building a perfect world?"

Huang Lao said: "Of course it is. If your strength is too weak, how can you help me and the Great Master?"

"Only if you become a god, can you be sure that nothing will go wrong in this Dao Sect Grand Competition."

"You must win the championship and win the God of Heaven, this is also a test for you."

"If you can't win the championship in the Dao Sect Grand Competition, then you have no right to intervene in the construction of this perfect world. The master and I will kick you out."

Ye Chen nodded, and knew that his strength was far inferior to Huang Lao and the Great Master, and he had to improve as soon as possible.

"There is only one month left, and it is a bit difficult to ascend to the gods."

Ye Chen raised his own concerns. At present, his cultivation is only the eighth level of the immeasurable realm, and he is still a step away from the realm of the immortal emperor.

In just one month, it is not so easy to break through.

Huang Lao said: "You have to try even if it is difficult. I know there is an opportunity that may improve your strength."

Ye Chen's heart moved, and he asked, "What opportunity?"

Huang Lao said: "It's a source vein. It's in the Nether God Demon's Nest. It's the Dao Sect's territory. Except for the Dao Sect's disciples, outsiders are forbidden to step in."

"In the Youshen Devil's Nest, there is a source vein that is very abundant in spiritual energy. Every thousand years from that source channel, a spiritual wave of source energy will emerge."

"If you can absorb that spirit wave of origin qi, it is enough to quickly increase your strength."

"You have to hurry up, otherwise the aura of origin qi is likely to be swallowed up by the goddess."

Ye Chen said: "Goddess?"

Huang Lao said: "Yes, in order to sharpen the sword, Jianzi Xianchen needs to enhance the aura of the goddess, so she is going to let her go to the Youshen Devil's Nest to absorb the aura of origin energy."

"Many disciples of the Taoist sect gave Jianzi Xianchen a face, retreated one after another, and planned to let the goddess absorb it alone."

"If the celestial girl absorbs the aura of origin qi alone, the essence of aura in her body will definitely be greatly improved."

"But it has nothing to do with you. It's Jianzi Xianchen forging swords. We don't care so much. We can't let the goddess swallow the spiritual wave that occurs once in a thousand years."

"I don't know how long it will take, maybe three days, maybe ten days or half a month, then the spirit wave of origin qi will appear."

Ye Chen's heart moved slightly, and he said, "Since there is still some time, then I will rush in front of the goddess and absorb the spiritual tide of the source energy."

Huang Lao shook his head and said: "No, you are not a Taoist disciple. As I said, outsiders are not allowed to enter. If you want to go to the Youshen Devil's Nest and absorb the spiritual tide of origin qi, you must first join the Taoist sect."

Ye Chen frowned and said, "It's not appropriate for me to join the Taoist sect, right?"

After all, he is the lord of the reincarnation camp, and he is not suitable to join the Taoist sect.

Huang Lao said: "Hehe, if you have any scruples, you can just be a registered disciple at the bottom, get the Taoist sect's token, and when the time comes, you will be named under my sect, and then you can step into the Youshen Devil's Nest and absorb the source. Spirit tide."

"This is your only chance to become a god before the Taoist Grand Competition!"

Ye Chen turned his gaze, and said with a smile: "Old Huang, I'm under your name, so I've become your disciple?"

Huang Lao smiled and said: "Hehe, why, are you not happy? Do you feel wronged by asking me to be your master?"

Ye Chen said with a smile: "I don't care, but since I've become your disciple, you must give me a gift, right?"

Huang Lao gave Ye Chen a glance, and said, "What gift do you want?"

Ye Chen lowered his voice, concealed the secrets, and said, "Do you know what happened behind Emperor Qin and Hua Zu?"

Huang Lao stroked his beard and said: "The master has already told me about Hua Zu's many evil deeds, and I know everything about it."

Ye Chen was startled, and said: "The master knows that Hua Zu is behind the scenes and has done a lot of evil, so he doesn't care about anything?"

Huang Lao said: "In fact, from ancient times to the present, the Great Ruler has been thinking about the ultimate question. He doesn't know what a truly perfect world looks like, so he needs all kinds of people, all kinds of ideas, Constant collision and friction, so Taoism was established."

"Of course he knows Huazu's crimes, but the idea of evil is also what he needs."

"Because the idea of justice alone, a world that is completely peaceful and free from any disputes, has been proven to be unfeasible."

"Such a world will lead to a pool of stagnant water, just like the other side of the starry sky that has fallen into darkness."

"Without struggle, there is no progress."

"The so-called justice also needs to be set off by evil to be precious."

"Existence and non-existence are born together, good and evil follow each other, difficulty and easy are complementary, beauty and ugliness are complementary, yin and yang are in harmony, this is the principle."

Ye Chen said: "It's so complicated."

Huang Lao said: "Of course it is complicated. After all, it involves the ultimate Dao philosophy. How can it be so easy to understand?"

"However, now you don't have to worry about it so much. Take my warrant and go to the Dao Zong Ning Temple. After passing the examination, you can become a registered disciple at the bottom."

"Then, you can go to the Nether God Demon's Nest and absorb the spirit wave of origin energy."

"The most important thing for you now is to improve your strength, ascend to the gods as soon as possible, and win the Taoist Grand Competition champion."

"In this way, the master and I can talk to you about the next step."

After finishing speaking, the golden light in Huang Lao's hand flickered, and he turned out a piece of letter paper and handed it to Ye Chen.

On the letterhead, there are lines of golden words printed, which can be regarded as a letter of recommendation, recommending Ye Chen to join the Taoist sect.

Ye Chen took the letter and asked again: "Old Huang, what is your attitude? Your attitude towards Hua Zu."

Old Man Huang sneered, and said: "That old guy Huazu, I'm naturally not happy with him, if there is a chance to kill him, I will definitely kill him!"

"However, it is inconvenient for me to make a move. It depends on you."

Ye Chen said: "Okay, I will make a move."

"However, Emperor Qin has a qin called Jiuxiaohuan Peiqin, which was buried at the bottom of the bloody quagmire by Hua Zu. I want to get that qin back."

"Old Huang, I'll leave this to you."

"After you regained the Nine Heavens Ring Peiqin, you gave it to me as a gift, hehe..."

Chapter 9895

Old Man Huang's face trembled, he pinched his fingers to calculate, and peeked at the cause and effect behind it, his expression changed slightly, and he said: "Ping Qin in the Nine Heavens Ring, a quagmire of flesh and blood... I'm afraid it won't be easy to take this violin?"

Ye Chen smiled and said, "You can do it."

Huang Lao said: "You want me to steal?"

Nine Heavens Ring Piqin was in the deepest part of the bloody quagmire, and even a strong Heavenly Emperor could hardly break through the layers of rotting flesh and dig out the Qin.

However, Mr. Huang has mastered the art of stealing the sky from the wild, as long as he has the exact coordinates, he can steal anything.

Ye Chen smiled and said, "Yes."

Old Huang said in a deep voice: "If I stole Jiuxiaohuan Peiqin, Hua Zu will definitely turn against me."

Ye Chen said: "Anyway, Huang Lao, I will leave this matter to you."

Huang Lao rolled his eyes and said, "Get lost, pass the assessment first, and then join the Dao Sect."

Seeing Huang Lao's appearance, Ye Chen knew that he actually agreed.

"Old Huang, then I will wait for your good news."

Ye Chen smiled and cupped his hands, bid farewell to Huang Lao immediately, took his letter warrant, and went to Dao Zongning Temple.

In Wuwu time and space, Daozong has many mountain gates.

These mountain gates are all side branches.

The mountain gate, the true core of Taoism, is known to very few people in the entire Wu Wu time and space.

That is the place where the Great Ruler lives and cultivates, and it is very mysterious.

The place Huanglao wants Ye Chen to go to is naturally not the core site of Taoism, but a recently established stronghold.

It's actually near the dark forest!

The dark forest can be said to be a famous forbidden place without time and space. There are many time and space vortices in it, and the law of time is completely different from the outside world.

Only one day has passed in the outside world, and it is possible to spend thousands of epochs in the dark forest.

Ye Chen still remembered that Ren Feifei fell into the dark forest before, and in a short period of time, after going through thousands of centuries, he finally got the golden wheel of the emperor of heaven.

Ye Chen has never been to this dark forest.

He never expected that Daozong would actually establish a stronghold near the dark forest.

When Ye Chen tore through the void and came to this Taoist stronghold, he saw an incomparably brilliant scene.

On a huge artificially opened plain, towering palaces stand tall and ancient, with an air of immortality, golden light rolling on the ground, red and colorful clouds, and a plaque floating in the sky with the word "Taozong" printed on it .

This is exactly the stronghold opened up by Daozong, and it is clearly a vast holy land of the mountain gate.

And opposite to this holy land, less than a hundred miles away, there is a huge dark forest with lush trees.

That forest was surrounded by thick gray mist and black miasma, covering the sky and the sun, as if hiding endless dangers.

It is the legendary dark forest!

The Daozong mountain gate and the dark forest are facing each other far away, one side is sacred and brilliant, and the other side is dark and weird. Ye Chen watched from the sky, and the visual impact was very strong.

"Daozong actually built the mountain gate here."

Ye Chen was secretly surprised, slowly descended from the air, and walked towards the Daozong Mountain Gate.

However, he saw that there were many monks and warriors coming from all directions, obviously they all wanted to worship Daozong.

Daozong is the most mysterious sect in Wuwu time and space, and the master behind it is a big figure in the world.

In Wu Wu time and space, there are countless people who want to join the Dao Sect every day.

"How did Daozong's new mountain gate be built near the dark forest?"

"The breath of this dark forest is really creepy. This place doesn't look like a treasured land of geomantic omen. What is Daozong thinking?"

"I heard that Dao Zong is investigating the whereabouts of Emperor Luo Universe, and they have found some clues related to the dark forest."

"Emperor Fallen Universe?"

"Yes, I heard that among the top ten ancient artifacts, the most terrifying Emperor Luo Universe may be in the dark forest, so Daozong built the mountain gate here to investigate and seize the treasure."

"Is the news authentic?"

"Where can I dare to be honest, I have heard it all."

...

Ye Chen concealed his breath and mixed in the crowd, but heard the people around him talking.

Many monks and warriors were also very curious, wondering why Zong built the mountain gate near the dark forest.

Some people even said that behind this, it may have something to do with the legendary ancient artifact, Emperor Fallen Universe!

Ye Chen's heart moved slightly, his palms were tucked into his sleeves, and he secretly calculated the secrets. He wanted to spy on the cause and effect of Di Luo's universe and the dark forest, but he found that there was so much fog that he couldn't see through it at all.

He couldn't be sure whether this Emperor Falling Universe was really in the dark forest.

If Emperor Luo Universe is really in the dark forest, it will be troublesome.

After all, the dark forest is the famous forbidden place of death in no time and space. The emperor of heaven is in danger of falling if he enters it. It is too difficult to win treasures in it.

Ye Chen shook his head, calmed down, and followed everyone into the Daozong Mountain Gate.

There are elders guarding the mountain gate, and everyone needs to show invitation letters, letters of recommendation, or special tokens before they can enter.

If there is no token or recommendation, Daozong will not accept it.

Ye Chen saw some warrior monks without tokens, so he was politely invited out.

The entry threshold for Taoism is much higher than that of ordinary sects.

Ye Chen took out the letter warrant that Elder Huang had given him, and handed it to the guardian elder.

On the letter paper, Ye Chen's identity was written, and he was the Lord of Reincarnation.

The guarding elder had a calm face, obviously he had seen the big scene, and he was not flustered, so he nodded and let Ye Chen in.

Chapter 9896

After Ye Chen entered the mountain gate, he was placed in a nearby square, ready to wait for the entrance examination to begin.

"Let me in! Why can't I go in!"

After waiting for a while, Ye Chen heard a noise coming from the entrance of the mountain gate.

He looked over, but saw a fair-skinned woman in black who was about to rush into the Daozong mountain gate, but was stopped by the guarding elders.

The guardian elder said: "Girl, you have no recommendation from anyone, and you are not a genius specially invited by my Taoist sect. You are not allowed to enter the mountain, please go back."

The woman in black said: "I spent the tenth century in the dark forest, am I not qualified to join the Taoist sect?"

"I need the protection of your Taoist sect, the ancient star gate is chasing me! I beg you, help me, let me in!"

"As long as you are willing to take me in, I can tell you a secret."

The woman in black looked anxious and panicked.

She looked a bit embarrassed, her hair was messy, there were many blood stains and tears on her clothes, and she could see the bloodstains and wounds of swords and swords on her skin.

Judging by her appearance, she indeed seemed to be hunted down.

"Pei Yuhan?"

Ye Chen was shocked when he saw the woman in black.

He recognized the woman in black. It was Pei Yuhan, who was suspected to be the reincarnation of a witch.

Once in the time and space of Xuanhai, Ye Chen met Pei Yuhan, and the day when the other party was born was the day when the witch fell.

Therefore, Ye Chen has always suspected that this Pei Yuhan is the reincarnation of a witch.

As soon as Pei Yuhan was born, a vision came down from the sky, a black bird flew through the sky, took her away, and flew into the dark forest.

She once spent an era in the dark forest.

But now, she herself said that she had already spent the tenth century in the dark forest.

The dark forest is full of weirdness, and being able to spend the tenth century in it is already a genius.

Many warrior monks present, as well as the guarding elder, were all surprised.

After all, there are not many people who can come out of the dark forest alive.

What surprised Ye Chen even more was that Pei Yuhan said that the ancient star gate was chasing her.

Why did Gu Xingmen chase her down?

Could it be that there is really some secret about her?

"Let me in, the people from the ancient star gate are coming, I don't want to die!"

Pei Yuhan looked at the guardian elder, pleading in her voice.

She was able to survive the tenth century in the dark forest, her talent and strength are beyond doubt.

As long as she can enter Dao Sect, she will definitely be able to pass any assessment and become a disciple of Dao Sect.

The guardian elder pondered for a while, then shook his head and said, "Sorry, girl, you don't have any tokens, so you can't join the Taoist sect. Our Taoist sect doesn't accept casual cultivators."

"If you are hunted down, you can go to Shacheng to hide."

Pei Yuhan said: "My qi mechanism has been locked, and I can't go to Shacheng. I can only ask your Daozong to take me in. I can tell you a big secret."

The guardian elder didn't speak any more, just shook his head.

"This girl."

At this moment, a gentle and warm voice sounded.

I saw a man wearing a sky-blue porcelain printed robe with a sword on his waist, with an elegant demeanor, slowly descending from the sky, and said to Pei Yuhan:

"Do you want to join Dao Sect?"

Seeing this man coming, the guardian elder immediately bowed in awe and said:

"I have seen Master Qingshan."

And many martial artist monks around, after seeing this man, also became agitated one after another.

"Isn't this the true disciple of Daoist Qunxing, Qing Shanyan?"

"I heard that he has obtained the true biography of the Taoist ancestor of the stars, and he is the leader of the Shinto ranking list.

Chapter 9897

Pei Yuhan stared blankly at Qing Shanyan, looked at the attitudes of the people around him, and knew that he was an extraordinary person, and said, "You...can you let me join the Dao Sect?"

Qing Sugiyuan smiled gently: "What's your name? What school did you learn from before?"

Pei Yuhan said: "My name is Pei Yuhan. I used to...be in the time and space of Xuanhai, and I was considered a citizen of Emperor Taihai and Emperor Xuanchen."

Qing Sugihiko said with a smile: "Oh, that's how it is."

"I am short of a maid, I wonder if you are interested?"

"As long as you are willing to surrender to me, I can protect you comprehensively, and you don't have to be afraid of being hunted down by the ancient star gate."

Pei Yuhan's body trembled, and said, "A maidservant?"

Qing Sugihiko said: "Yes, in the next thousand years, you will completely obey me, and you will do whatever I tell you to do, and you must not resist."

"It's the only way for you to survive."

"If not, I see that Emperor Bantian's disciples seem to be chasing after him, and you probably can't stop them."

"Being my maidservant, at least you don't have to die."

"After a thousand years, I can allow you to be free, how about it?"

Qing Sugihiko's voice, as if possessing magical power, is captivating and shocking.

Pei Yuhan's tender body trembled violently. She had obviously fought against Emperor Bantian's disciple before, and the opponent brought her great fear and death threats.

Under the threat of death, her Dao heart could hardly bear it anymore.

She bit her red lips tightly with silver teeth, thought over and over again, and finally knelt down in front of Qing Shanyan with a plop, and said: "Slave... Slave Pei Yuhan, I have seen you."

She said the word "servant" in a very humiliating manner. If it wasn't for the threat of death, she would never be willing to be a slave.

There were many warrior monks in the audience, but there was a sound of envy.

Because for ordinary people, being able to become Qing Sugihiko's servant is already a blessing in eight lifetimes.

"very good."

Seeing that Pei Yuhan was willing to surrender, Qing Shanyan nodded with a smile, but suddenly looked at Ye Chen, and politely cupped his hands and said:

"Under Qing Sugihiko, I have seen the Lord of Reincarnation."

"I have heard the name of the Lord of Reincarnation for a long time, and it is a great honor to meet Zun Fan today."

Pointing to Pei Yuhan: "My newly recruited maidservant has a good physical and aura background. If the Lord of Reincarnation doesn't dislike her, I will give her to you as a cauldron. Let's make friends."

Hearing Qing Sugiyuan's words, all the warrior monks in the audience were shocked, and all looked at Ye Chen.

"So he is the Lord of Reincarnation?"

"Why is the lord of reincarnation here?"

"Is he going to join Dao Sect too?"

There were bursts of discussion.

Ye Chen was also taken aback for a moment, he didn't expect Qing Sugiyuan to have found him.

Qing Shanyan even said that he wanted to give Pei Yuhan to himself as a cauldron.

Pei Yuhan recognized Ye Chen, was also taken aback, and then blushed.

She was chased and killed by the ancient star gate, suffering unspeakably. In order to survive, she had just promised to be a slave for a thousand years, and she had already made enough preparations in her heart.

It's just that she didn't expect that Qing Sugiyuan would give her to Ye Chen as a cauldron.

"Brother Qingshan, no need, I don't need any cauldron."

Ye Chen bowed his hand in return, shook his head, and had no intention of accepting Pei Yuhan.

This Pei Yuhan was probably the reincarnation of a witch, which was equivalent to a lurking poisonous snake.

It's not a good thing to keep her by your side.

Qing Sugihiko said with a smile: "Lord of Reincarnation, don't you think about it? I am a maidservant, you can see that her body is full of aura, and she is really a rare cauldron."

Ye Chen shook his head and said: "It's really unnecessary, Brother Qingshan, let's keep it for yourself."

Qing Sugihiko smiled helplessly, and said: "My cultivation of the Stars Formless Kung Fu has not yet reached perfection, but I can't be contaminated by women."

"I'll put away this cauldron for the Lord of Reincarnation first. When you need it, just let me know."

Ye Chen shook his head, noncommittal.

He has no interest in Pei Yuhan's cauldron.

Everyone in the audience talked a lot, and their eyes turned on Ye Chen, Pei Yuhan, and Qing Shanyan, and they were all amazed.

Next, Qing Sugiyuan took Pei Yuhan away.

And Ye Chen and many warrior monks, under the guidance of several Taoist elders, went to the Ningshen Temple on the mountain to participate in the entrance examination.

This entry test examines a person's Dao heart, will, martial arts supernatural powers, cultivation realm and so on.

To Ye Chen, these assessments were naturally not worth mentioning, and he passed them very smoothly.

At about noon, the assessment was over, and Ye Chen got a token, which was the sect token of a disciple of Dao Sect.

This token, made of black iron, represents Ye Chen's identity as the lowest registered disciple.

The registered disciples at the bottom of Daozong have no power.

In fact, with Ye Chen's assessment results and status, he is qualified to be a true disciple of Dao Sect.

However, he himself is the lord of the reincarnation camp, so it is naturally inconvenient to be contaminated with too complicated cause and effect.

It is enough to hang a name in Daozong, get the Zongmen token, and be able to enter and exit some places conveniently.

After getting the Zongmen token, Ye Chen went down the mountain, but saw two figures waiting at the foot of the mountain.

It was Qing Sugihiko and Pei Yuhan.

At this time, Pei Yuhan had already changed into a set of green maid dress.

However, the sharpness and unyieldingness between her brows cannot be concealed by any clothes.

Looking at her appearance, she has obviously escaped from the danger of being hunted down. She can look at Ye Chen calmly, bow her head and salute: "I have seen the Lord of Reincarnation."

Chapter 9898

Qing Sugihiko said with a smile: "Lord of Reincarnation, congratulations on joining my Dao Sect. Next, do you want to go to the Youshen Devil's Nest to absorb the aura of Origin Qi?"

Ye Chen's heart trembled, and he said, "How do you know?"

Qing Shanyan said with a smile: "To be honest, I am guarding the place of Youshen Devil's Nest. Huangzu has already told me that you are coming, and I will take care of it."

The ancestor of Huang he mentioned was exactly Huang Lao Huang at ease.

Ye Chen was stunned for a moment, but he didn't expect that this Qing Shanyan was actually the guardian of Youshen Demon's Lair, and his identity and strength were indeed powerful.

"If that's the case, I'll ask Brother Qingshan to take care of it."

Ye Chen cupped his hands politely.

Qing Sugihiko's face became serious, and he said: "Lord of Reincarnation, I actually want to advise you not to go to Youshen Demon's Nest for now."

Ye Chen said: "Why?"

Qing Shanyan said: "In today's Youshen Devil's Nest, the source veins have become extremely violent. I suspect that this time the source energy wave will be a source spirit explosion."

Ye Chen was suspicious, and said, "What is Yuanling Explosion?"

Qing Sugihiko said: "It is the energy of the origin qi spirit tide, which is extremely vigorous and abundant, and the origin qi is so rich that it can cause an explosion."

"The energy of one Origin Spirit Burst is equivalent to ten ordinary Origin Qi Spirit Waves. If it can be absorbed, it will be a good thing."

"But the problem is that if the source gas is too strong, it will become violent and even cause an explosion. Too much is too much."

"I observed the source veins and deduced that this current source qi spiritual tide is likely to form a source spiritual explosion, which is very dangerous."

"Once upon a time, there was a source spirit explosion in the Youshen Devil's Nest, killing all the Taoist disciples who were about to absorb the source energy, as well as the dark souls who were attracted."

"So, I advise you not to go. I have personally seen the power of the source spirit explosion. Generally, monks in the divine way are as fragile as a piece of paper under the source spirit explosion."

As he got to the end, Qing Sugihiko's tone became more solemn, obviously he had seen the power of Yuan Ling Explosion with his own eyes.

Ye Chen was not frightened, but became interested, and said: "Brother Qingshan, you said that the energy of the source energy contained in the source spirit explosion is ten times that of the ordinary source energy spirit wave?"

Ten times the source energy energy, for Ye Chen today, it is undoubtedly rich nectar and jade dew, delicious food, if he can absorb it, his cultivation base can definitely break through.

Qing Sugihiko smiled bitterly: "Lord of Reincarnation, look at your appearance, are you not afraid of death? You'd better take a look at the power of Yuanling Explosion."

As he spoke, Qing Sugihiko pinched the formula with his fingers, and the cyan misty rain floated, slowly condensing into a picture of heavenly secrets.

This is quite an ancient picture, and the background of the picture is a dark and huge cave.

There are hundreds of Taoist disciples sitting cross-legged on the ground, holding formulas with both hands, and posing a posture of cultivation.

Around them, there are wisps of crystal-like origin qi surrounding them.

They are absorbing origin qi and improving their cultivation.

Rumble!

But suddenly, with a loud noise from the depths of the earth, the source qi around them also instantly became violent, boiling crazily, changing from a crystal-like transparent color to purple, the energy of the source qi suddenly Subs soared tenfold.

....

The berserk purple Genesis Qi, as if turning into a stormy sea, roared in the field, and finally sent out bursts of shocking explosions.

In the explosion of Genesis Qi, hundreds of Dao Sect disciples were blown to pieces on the spot, with blood and flesh flying everywhere. The scene was very tragic.

Among them, there are many monks in the late stage of the Divine Dao Realm, and each of them has magic weapons or means to protect themselves, but under the explosion of the source spirit, all means are useless, and everyone has turned into broken flesh and blood.

Ye Chen frowned after watching this previous scene, and said, "This source of spirit explosion, its power is indeed terrifying."

After a pause, he said again: "However, I have some protective means, which are enough to survive the Yuanling explosion, Qing Shan

Don't worry too much bro. "

Behind the great danger of Yuan Ling Burst lies an equally great opportunity.

If he can absorb the source energy of the body, Ye Chen estimates his own cultivation base, and he dare not say it, but at least he can break through to the immeasurable ninth level.

This immeasurable realm nine-layer heaven, but the key link is the immortal emperor, once it breaks through, it will undergo a qualitative transformation.

Seeing Ye Chen's appearance, Qing Shanyan immediately showed helplessness, and knew that Ye Chen could not be dissuaded, so he said:

"Lord of Reincarnation, it seems that you are determined to go to the Nether God Demon's Nest, that's all, I will accompany you, at least I have a support."

"Desolate Ancestor asked me to take care of you. If you die in the Nether God Demon's Nest, I won't be able to explain it."

Ye Chen smiled and said, "Then thank you Brother Qing Shan for taking care of me."

After the discussion was settled, Qing Shanyan took Ye Chen and Pei Yuhan and set off for the Youshen Devil's Nest.

It is quite a long way from the Daozong Mountain Gate to the Youshen Devil's Cave.

Qing Sugihiko sacrificed a small star as a vehicle.

This little star flew through the air all the way, and its speed was also very fast.

Ye Chen, Qing Shanyan, and Pei Yuhan stood on the little star, waiting for their destination to arrive.

Halfway through the walk, Ye Chen's hair suddenly stood on end, and the back of his neck was cold, as if someone had poured a basin of ice water over his head.

This is the intuition of murderousness and danger!

The moment he caught the murderous intent, Ye Chen became vigilant.

The next moment, Qing Sugihiko seemed to have noticed it too, his brows frowned, and his face became serious.

Pei Yuhan didn't realize it yet, and didn't know that the danger had come.

Scoff!

A sharp piercing sound suddenly came from behind the three of them.

Chapter 9899

Ye Chen didn't need to turn his head, his spiritual sense sensed, and he saw a young man approaching with a sword, launching a sneak attack.

This young man's aura was terrifying, sharp and fierce, and the sword in his hand was also very strange, covered with layers of traces like corpse spots, which made people feel as if they were also contaminated by corpse spots and were about to die.

"It's him, Emperor Bantian's disciple!"

When Ye Chen saw this young man, he immediately recognized him as the disciple of Emperor Bantian.

Once, Ye Chen searched for the treasure of the Moon God Emperor and succeeded. When he was about to leave, he was attacked and killed by the disciples of Bantian Emperor.

Ye Chen also had a deep memory of that disciple of Emperor Bantian, whose methods were sharp and sharp.

Now, seeing Emperor Bantian's disciple again, he only felt that the other party's strength had been greatly improved compared to last time.

Only this time, the disciple of Emperor Bantian didn't intend to kill Ye Chen, but swung his sword to assassinate Pei Yuhan.

It turned out that he was here for Pei Yuhan!

The disciple of Emperor Bantian, the long sword was already halfway through the assassination, Pei Yuhan didn't react, looked back at the other party's cold gaze, and immediately screamed "Ah", full of fear and horror.

Pei Yuhan is not a weak person. On the contrary, she was able to spend the tenth century in the dark forest. Her Dao Xin cultivation has surpassed most true gods.

However, facing the Bantiandi disciple, she still felt fear.

Because, the sword energy of Emperor Ban Tiandi's disciple is full of strong mottled, eroding and murderous aura, which can erode people's Dao heart, and even Pei Yuhan can't stop it.

Before the sword energy arrived, layers of dark spots had already appeared on her skin, which was very terrifying.

That was her Dao Heart, a sign that it had been eroded.

Ye Chen's Dao heart is strong, but it is not affected.

Just as he was about to make a move to intercept him, Qing Sugihiko on the side snorted, flicked his fingers repeatedly, and the aura in his body turned into wisps of starlight, rushing out roaringly, hitting the sword of the disciple of the Bantian Emperor like a substance, sending out A series of tinkling sounds.

"Ji Yi, in front of me, you also want to kill people, it's too contemptuous of me."

"Would you be invincible if you have practiced the old trick of Mobantian?"

Qing Sugihiko's expression was cold, his eyes were sharp, obviously he knew the other party.

The disciple of Emperor Bantian named Ji Yi's face darkened, obviously he did not expect his sneak attack to be blocked so easily.

When he missed a hit, Ji Yi reacted very quickly, and immediately pulled back, trying to hide his body in the void and run away.

"Stay here!"

"The stars have no phase skill, block it for me!"

Qing Sugihiko yelled violently, and the energy of the law at the peak of the Divine Dao Realm exploded, and the sky appeared in the sky, and each star followed a perfect trajectory, forming a layer of starry sky. Suppress Ji Yi.

"Hmph, Qing Sugihiko, I'm leaving, I'm afraid you won't be able to stop me."

Ji Yi didn't panic. The sword in his hand cut against the starry sky, and a terrifying killing breath erupted. This terrifying sword energy roared out like a tide, making the stars in the sky, one by one, all mottled Dim, this starry sky enchantment was also cut open by his sword energy.

Qing Sugihiko's face changed, and he snorted, obviously underestimating Ji Yi's strength.

Whoosh!

Ji Yi's body flew up, and he was about to escape along the crack.

Ye Chen's eyes were fixed, and he could vaguely catch a trace of the cause and effect of the Martial Ancestor in Ji Yi's body.

Ji Yi's assassination of Pei Yuhan seems to have something to do with Martial Ancestor!

Aware of this scene, Ye Chen didn't want Ji Yi to escape even more, he wanted to keep him, and find out the secret behind it, after all, it was related to Martial Ancestor.

"The double snake constellation, the space cage, suppressed by me!"

Ye Chen waved his hand, and the violent power of the law of space rushed out.

Behind him, the great atmosphere of the constellation of two snakes appeared. The two snakes in time and space were rotating, and the ancient space snake in it shone brightly to the extreme.

At this moment, Ye Chen used all his strength to use the double snake constellation.

With his current cultivation base, if he fully uses the Double Snake Constellation, the consumption and cost will be huge.

However, in order to suppress Ji Yi, Ye Chen didn't hesitate, and directly burst out the tyrannical power of space.

Whoosh!

Thin lines of space flew out through the air, quickly forming a space cage around Ji Yi's body.

This spatial cage, like a cube, locked Ji Yi inside.

Ji Yi was blocked by the space, and his face suddenly changed. Like an insect trapped in amber, he struggled in vain.

However, no matter whether he slashed with a sword, punched or kicked, no matter what magical means he used, he couldn't get rid of Ye Chen's space blockade.

The power of the double snake constellation is so terrifying that even Ji Yi can't resist it.

Seeing Ji Yi being locked up by Ye Chen, Qing Shanyan and Pei Yuhan were all taken aback.

"Lord of reincarnation, your supernatural powers are really powerful, I admire you."

Qing Shanyan praised again and again, looked at Ji Yi again, and said: "The Gu Xingmen wants to hunt down and kill me, a maidservant, but they have to investigate the cause and effect behind it. I think there must be something else behind this matter."

Ye Chen's eyes turned cold, and he said to Ji Yi: "Tell me, what are you trying to do by chasing and killing this Miss Pei?"

While speaking, Ye Chen used the power of space to completely lock Ji Yi's movements, preventing him from committing suicide.

Hearing Ye Chen's question, Ji Yi sneered, and said, "If you want to kill them, kill them, don't talk nonsense."

"Lord of Reincarnation, I underestimated you. I never thought that your strength would break through to such a level after not seeing you in such a short time."

"Today I died at your hands, I have nothing to say, but my master will avenge me."

"When my master Ban Tiandi leaves the customs, it will be your death date!"

Ye Chen said calmly: "Forget it, if you don't tell me, then I'll take a look at your memory myself."

"Daozong alchemy technique, suppress it for me!"

Squeeze the Fa Jue, and in the space cage, a blue light burst out, filled with mysterious Dao Yun, and the Taoist alchemy technique exploded rapidly.

Under the pressure of Ye Chen's Taoist alchemy casting technique, Ji Yi's body quickly twisted, dehydrated, shrunk and squeezed, and gradually turned into a pill.

"Ahhh!"

Ji Yi couldn't bear the severe pain, and let out a series of shrill screams:

"Lord of reincarnation, you must die!"

"Master will avenge me, you are dead, you are dead!"

He roared and struggled a few times, and after a few breaths, his whole body completely turned into a pill.

Ye Chen grabbed the elixir with his palm and swallowed it directly.

boom!

In an instant, the elixir melted, and many memories of Ji Yi's life flooded into Ye Chen's mind one by one.

Chapter 9900

These memories are not complete, with a little wear and tear. After all, in the process of casting people into pills, there will be more or less wear and tear.

However, even with wear and tear, Ye Chen clearly grasped the purpose behind Ji Yi.

"Ji Yi, go and hunt down this woman, her name is Pei Yuhan."

"Master, is there anything special about this woman?"

"Hehe, she is the reincarnation of a witch. As long as you kill her and bring her head back, Martial Ancestor will definitely have his Dao heart collapsed. As long as his Dao heart collapses, it will be much easier for us to kill him again."

"Ah, the reincarnation of the witch! Isn't the witch dead yet?"

"Yes, go ahead and hunt her down and bring her head back."

...

From Ji Yi's memory, Ye Chen saw the scene of him talking with Emperor Bantian, and learned a shocking news.

"This Pei Yuhan is indeed the reincarnation of a witch!"

Ye Chen's heart was shocked. Before, he was just skeptical, but he was not sure.

Now from the mouth of Emperor Bantian, he knew the exact news, and suddenly there was a storm in his heart, and a killing intent emerged.

Looking at Pei Yuhan's appearance, she obviously hasn't awakened the witch's memory yet.

Once she awakens and even recovers the witch's power, she will be a poisonous snake to Ye Chen!

Therefore, Ye Chen had a killing intent in his heart, wanting to kill Pei Yuhan to cut off future troubles.

However, Martial Ancestor seems to have a special feeling for the witch, and he has something in his mind.

The current him obviously cannot use the killer casually, otherwise the Martial Ancestor's Dao Heart may be shaken after the Witch dies.

Qing Sugiyen saw Ye Chen's face fluctuating, suspicious in his heart, and asked: "Lord of Reincarnation, what's wrong? This Ji Yi, what's special about memory?"

Ye Chen came back to his senses, changed the topic directly, and said with a smile: "It's nothing, his memory has a lot of wear and tear, I still need time to study."

"Brother Qingshan, let's go to Youshen Demon's Nest first."

Ye Chen planned to deal with the karma of the witch later.

Anyway, he already knew Pei Yuhan's true identity, and he was prepared in advance, so he wasn't afraid of her turning the world upside down.

Qing Sugihiko saw that Ye Chen seemed to be hiding something, but he didn't ask any further, and said with a smile: "Okay, then let's go."

He urged Little Xingchen to continue to the Youshen Devil's Lair.

Ye Chen continued to comprehend Ji Yi's memory, and found that in Ji Yi's memory, there was hidden a shocking magic technique called Mo Ban Tian Lao Jue.

This magic bantian old formula is a supernatural power created by Emperor Bantian himself, and it is also one of the thirty-three magic arts. It has the huge power to erode the world, wear down the universe, and pollute the starry sky. It is extremely powerful.

Pei Yuhan was attacked and killed by Mobantian's old trick, so a shadow appeared in his heart, and he would rather be a slave for a thousand years than face Ji Yi again.

And Ji Yimo Bantian's old practice's cultivation attainment is just a beginner's level, far inferior to Bantian Emperor's level.

Emperor Bantian's magic bantian old trick is terrifying in power, enough to corrode the supreme artifact, and successfully defaced the innate dragon escape pile back then.

Ye Chen became very interested in this magical technique.

But it's a pity that this magical technique is too complicated and profound. After he cast Ji Yi into a elixir, the relevant memory was worn away, and he couldn't penetrate it deeply.

Faced with such a situation, Ye Chen was also a little helpless, trying to use the law of time to repair this part of the memory wear.

As for the effect, it will have to wait for time to verify.

After a while, Qing Shanyan took Ye Chen and Pei Yuhan and finally arrived at the destination.

Youshen Devil's Nest!

What appeared in front of Ye Chen was a huge dark red mountain. The shape of the mountain was very strange and extremely hideous, like the face of a devil.

The entrance of a huge cave looks like the bloody mouth of a savage monster, and the protruding sharp stones look like the teeth of a beast, which makes people's scalp tingle when they look at it.

That entrance was obviously the entrance to the Youshen Devil's Nest.

Ye Chen, Qing Shanyan, and Pei Yuhan landed in front of the entrance of Youshen Devil's Cave.

Standing at the entrance, Ye Chen could clearly feel the strong fluctuations of Origin Qi coming from the Youshen Devil's Nest.

This wave of Genesis Qi is so pure, strong, abundant, and contains powerful power.

Against the background of the harsh environment of Youshen Devil's Nest, the fluctuation of the source energy energy is even more precious.

On both sides of the entrance, there are two Taoist elders guarding them. They had received the news a long time ago, and when they saw Ye Chen and Qing Shanyan coming, they bowed and saluted:

"I have seen the Lord of Reincarnation, I have seen Master Qingshan."

Qing Sugihiko nodded, and asked, "How long will the Genesis Qi wave appear?"

An elder replied: "I guess it will be a few days, I can't be sure, but it will definitely not exceed five days!"

Qing Sugihiko chuckled, and said: "Origin Qi surged immediately, but none of the Taoist disciples came over. It seems that they all gave the goddess face and didn't want to compete with her."

Ye Chen's eyes turned cold, and he said, "This spiritual wave of source energy must not be swallowed by the goddess alone!"

Qing Sugihiko said: "This is nature, the Lord of Reincarnation, we are waiting here, and it will not be too late to go in when the Genesis Qi surge emerges."

"Otherwise, the dark evil spirit lingering inside the Youshen Devil's Nest all year round will have a considerable impact on the human body."

"After all, it is said that this place was transformed by a tooth of Emperor Huntian, and the dark evil spirit is very fierce."

Ye Chen was taken aback, and said, "The teeth of Emperor Hun?"

Qing Sugihiko said: "Yes, but this is a legend, no one knows the exact truth."
