Chapter 9981

This square is very open, with seats placed one by one, and layers of golden stone platforms suspended in the void. Whether it is the seats on the ground or the stone platforms in the air, they are all full of people.

The guests who watched the game from all sides and the contestants arrived one after another, and the scene was very lively.

This grand battle can be said to be the most grand and prosperous age without time and space today, so people with heads and faces from all over the world have come to the scene.

The Great Master pays attention to inclusiveness and does not reject any faction of thought. In his eyes, all opposing sects that are in conflict with each other can be tolerated.

Therefore, Ye Chen saw characters from many camps, all in the square.

First of all, Ye Chen saw the Tianxu Temple.

Many people came to Tianxu Temple, Dharma Guardian Yasha, high-level elders, Da Zhou family and Xiongba family, all kinds of big figures came.

Ye Chen saw the ancient Emperor Yuhuang whom he hadn't seen for a long time.

Ancient Emperor Yuhuang was sitting on a golden throne, with a dead face on his face, his whole body was full of Heavenly Emperor Qi, exuding a strange and sinister aura.

"This body is not his body, but the body of the ancient god Tuodi..."

Ye Chen looked at Ancient Emperor Yuhuang, and murmured inwardly.

He knew that under the arrangement of the Great Zhou family, the ancient emperor Yuhuang and the ancient god Tuodi had merged into one.

The fused body is mainly the body of the ancient god Tuodi, which still possesses the strength of a top-level heavenly emperor, but the spiritual thought has become the ancient emperor Yuhuang's own thought.

The purpose of the Great Zhou family's arrangement was to turn Ancient Emperor Yuhuang into a puppet for easy manipulation.

At this moment, Zhou Mushen, the ruler of the Great Zhou Clan, was standing behind the ancient Emperor Yuhuang, with a low-key look of lowering his hands and humility.

Compared with the ancient Emperor Yuhuang, who was surrounded by the evil spirit of the Heavenly Emperor, Zhou Mushen appeared to be much restrained, with an appearance that did not show mountains or dew.

But Ye Chen knew that this person was extremely terrifying, and even the ancient god Tuo Di was mainly created by him.

Aware of Ye Chen's gaze, a glint of gloom flashed across Yuhuang Gudi's eyes, but he turned his head to the side and did not meet Ye Chen's gaze.

When he was in the real world, he was defeated by Ye Chen. Even if he came to Wuwu time and space and merged with the body of the ancient god Tuodi, he was just a puppet of the Da Zhou family and could not be free. Where is Ye Chen? Chen so chic?

Ye Chen could see that Emperor Yuhuang must not be reconciled to being manipulated. After all, he was a strong man who once stood up to the sky, how could he be willing to be subordinated to others?

It's just that the current Emperor Yuhuang has no chance of getting rid of the control of the Great Zhou family.

Zhou Mushen, who was standing behind Ancient Emperor Yuhuang, also noticed Ye Chen's gaze.

Zhou Mushen's eyes moved slightly, he beckoned, and a young man came to him.

That young man was Zhou Wuhuang, who was ranked in the Shinto list.

Chapter 9982

"When the memory was awakened, my head was in a tearing pain. I was taken advantage of by a monster and was almost killed. Fortunately, the ancestor Hongjun came to save me in the end."

"I know, he is your enemy, so naturally I won't rely on him."

"However, I owe him my life, and this karma must be repaid."

Ye Chen said: "Then how do you plan to repay it?"

Pei Yuhan said: "He entrusted me to help him find something in the meteor world."

"He seems to have known for a long time that the venue for the Grand Dao Contest is the Meteor World."

"Also, he has known the legend of the Six Paths Ancient Gods for a long time."

Ye Chen let out an "oh", very surprised, thinking that Patriarch Hongjun is really powerful, and he even knows the legend of the meteor world and the six ancient gods.

"What does he want you to look for?" Ye Chen asked curiously.

Pei Yuhan showed a embarrassed expression, and said: "He told me to keep it secret, master, I'm sorry, I can't tell you."

"But don't worry, I won't compete with you for the championship."

Seeing Pei Yuhan's embarrassed look, Ye Chen couldn't help laughing, and said, "You haven't awakened the memory of your previous life, have you?"

Pei Yuhan pinched the corner of her clothes, still looking very nervous, and said, "I've awakened a little bit, and Patriarch Hongjun also told me that I was a witch of the Death Sect in my previous life."

"However, these memories, to me, seem to exist like misty clouds, elusive."

"The memory of the previous life, to me, seems to be someone else's story."

Ye Chen was surprised, and smiled again: "So you have awakened, so do you hate me?"

Pei Yuhan hurriedly waved her hands and said, "Don't hate, don't hate, the past is all in the past."

"Master, you are very good to me, I remember it."

"I plan to go back to the dark forest to live in seclusion after the Dao battle is over. From now on, I will stay with Liuwei forever, and I will never come out again, and I will no longer care about worldly disputes."

When Ye Chen heard her talking about Liuwei, his eyes moved immediately, and he said, "What Liuwei, is it a tailed beast?"

Pei Yuhan said: "Well, in the dark forest, I met a tailed beast, which is Liuwei. It can already transform into a shape, and it looks like a thirteen or fourteen-year-old girl."

"Her real body is a six-tailed tengu. She has helped me many times in the dark forest. We are good friends."

"She said that she will come to participate in this competition, but she is probably joking."

"When the game is over, I will go back to the forest to find her."

Ye Chen said: "Well, very good, if you don't become my enemy, that would be great."

For Martial Ancestor's sake, Ye Chen didn't want to kill Pei Yuhan either. If she could go back to the forest and live in seclusion, that would be a great thing.

Pei Yuhan nodded, and wanted to say something more, but her expression suddenly froze, her body was stiff, and her eyes were dull, as if she had seen something terrible.

Ye Chen followed her gaze, and saw a flying boat flying from far away in the sky.

That is the flying boat of the ancient star gate.

On the flying boat, there are many disciples of the ancient star gate.

Headed by three powerful masters of the Heavenly Emperor.

There is a person in the middle with loose white hair, his face is immemorially indifferent and numb, and his eyes seem to be numb like death, as if nothing in the heavens and worlds can touch his state of mind.

His bare upper body showed the perfect muscle lines like a sculpture, and there were two bone spurs on the shoulder blades on his back, which pierced the skin sharply and protruded, as sharp as a knife, facing the sun with a cold and white luster.

It is the bone emperor.

On the left side of Emperor Bone, there is a gray-haired and gray-robed Heavenly Emperor Supreme, with white hair and a childlike face, and smooth skin, but if you look closely, you can see his eyes, full of chaos and filth, very cloudy, and revealing a trace of strangeness.

When Pei Yuhan saw this gray-haired and gray-cloaked Heavenly Emperor Supreme, his body became stiff and frightened.

From Pei Yuhan's expression, Ye Chen knew that the Supreme Heavenly Emperor was the Bantian Emperor among the five Heavenly Emperors of the Ancient Star Sect.

Previously, Pei Yuhan was hunted down by the disciples of Emperor Bantian, and his Taoist heart was eroded by the old formula of Demon Bantian, and he fell into a place of fear and collapse.

Therefore, seeing the figure of Emperor Bantian now, the fear deep in her heart was awakened.

"It's fine."

Ye Chen patted Pei Yuhan's shoulder lightly. This is the venue for the big competition, and private fights are not allowed.

The forces of all parties, even if there is any deep hatred, they can't make trouble here.

Therefore, even if Emperor Bantian came in person, Pei Yuhan didn't need to be afraid of anything.

Pei Yuhan turned around, nodded slightly, and her mental state was better.

Ye Chen narrowed his eyes slightly, and continued to look at the flying boat of the ancient star gate.

Apart from Emperor Gu and Emperor Bantian, there was also an old man standing on the prow of the boat, his whole body was covered with poisonous snakes, his whole body seemed to be constructed of poisonous snakes, his body showed a strange aura from head to toe.

There is no doubt that this person is the Snake Emperor among the Five Great Heavenly Emperors.

Among the five heavenly emperors of the ancient star gate, Wutiandi was killed, and most of the timeline was crushed, so it can be said that he became a useless person.

Three of the remaining four heavenly emperors actually came, which shows that the ancient star gate attaches great importance to this competition.

Emperor Gu, Emperor Snake, and Emperor Bantian, each with their own talented and strong subordinates, are ready to participate in this competition.

"Brother Ren, Lord of Reincarnation, long time no see."

"I have someone I want to show you."

Emperor Gu Tian looked down, saw Ye Chen and Ren Feifan, and greeted them with a warm smile.

Chapter 9983

Looking at Emperor Gu's kind appearance on the surface, those who didn't know would think that he and Ye Chen had some kind of friendship.

After Gu Tiandi said hello, several guards behind him escorted a person out from the cabin.

It was a prisoner, unkempt and wearing shackles, but he was tall and strong, his eyes were full of unyielding, it seemed that he would never bow his head and give in.

When Ye Chen saw the prisoner, he was startled and shouted, "Master Wuzu!"

That prisoner was Wu Zu.

As far as he knew, Martial Ancestor was trapped in a certain forbidden area of the Ancient Star Gate, similar to Sun Yi being trapped in the Heavenly Demon Star Sea. Although he was imprisoned, he was not really caught and still had a certain degree of freedom.

Now, seeing Martial Ancestor's unkempt appearance in shackles, Ye Chen was naturally surprised, thinking that he had really been caught.

Emperor Gu Tian waved his hand, and those guards took Wu Zu down again.

Ren Feifei said in a deep voice, "You want to take Wu Zu as a hostage?"

Emperor Gutian smiled and said: "No, I just know that you are worried about Martial Ancestor, so I brought him here to show you."

"He eats and lives here with me, so you don't have to worry about his safety."

These words were spoken calmly, but both Ye Chen and Ren Feifei were smart people, and they could hear the threatening meaning behind Gu Tiandi's words.

Gu Xingmen is obviously determined to win the championship of the competition.

If Ye Chen dared to fight for it, then the Gutian Emperor would definitely hurt Wuzu. It was obvious that he took Wuzu as a hostage, but he didn't say it clearly on the Taoist territory.

Ye Chen and Ren Feifei looked at each other, both feeling dignified.

"That's not Tian Ya's real body!"

Suddenly, Pei Yuhan opened his mouth and stared at Emperor Gu with burning eyes, as if he wanted to see through all his disguises.

"What?"

Ye Chen froze for a moment.

Pei Yuhan said: "That's not Tian Ya's real body, it's just a hair of Tian Ya."

"They didn't grab Tianya, they just plundered a hair."

After a pause, she exclaimed "Ouch" again, and murmured:

"How dare I call Martial God Tianzhao's real name? By the way, I fell in love with him in my previous life, and later I hated him because of love. It's really... an injustice."

Martial Ancestor, also known as Tianzhao Martial God, his real name is Wu Tianya.

At this moment, Pei Yuhan felt the memories of her previous life rushing in like a tsunami, causing a sharp pain in her head.

Ye Chen and Ren Feifei were both taken aback.

Ren Feifei said in a deep voice: "So it's just the hair incarnation of Martial Ancestor? Emperor Gu, you have concealed your secrets so well that you even managed to hide it from me."

Even Ren Feifei didn't notice the strangeness just now, the Emperor Gu Tian must have spent a lot of effort and cost to cover up the secret.

However, he could hide it from others, but he couldn't hide it from Pei Yuhan.

Because Pei Yuhan was a witch in her previous life, and her relationship with Martial Ancestor was too close.

She could distinguish the aura of Martial Ancestor, even the slightest difference in a strand of hair.

The secret was revealed, Ye Chen and Ren Feifei both knew that the Martial Ancestor just now was just an insignificant clone with hair.

Martial Ancestor's real body is still hidden, and has not been caught by the ancient star gate.

Gu Tiandi's plot was revealed, and his plan to blackmail Ye Chen fell through. He couldn't help being furious, and shouted at Pei Yuhan:

"Witch, dare to spoil my good deeds, and seek death!"

As soon as the words fell, he actually disregarded his identity and the rules of Daozong, and made a bold move. A bone spear gathered in his hand, and with a snort, he threw it from high altitude, and shot fiercely at Pei Yuhan, intending to shoot her kill.

This bone spear is fierce and fierce.

Many guests in the square were all shocked.

Because no one has ever dared to make a move on the arena where Daoist is fighting, this is simply an offense and a challenge to the majesty of Daozong.

Bone Heaven Emperor was the first.

Click!

However, before his bone spear hit Pei Yuhan, there was a divine light that pierced through the air like a sword, coming first and cutting off the bone spear.

Rumble!

In the rear, a huge flying boat sailed with the shocking weather.

That is Daozong's flying boat!

Many Daoist figures stood on the flying boat.

Flower Ancestor, Talisman Ancestor, Mojin Ancestor, Bing Ancestor, Blood Knife Evil Ancestor and so on.

There were also distinguished guests personally invited by Daozong, such as the God of Rock Tianzun Emperor Qiankun, the God of Water God Luo Qingli, the God of Thunder Yin Suzhen, etc., were all on board.

Standing at the bow was a woman in a light blue elegant dress.

She is tall and slender, with long pale white hair, fair skin, and the face and figure of a young girl, but her expression is very serious and meticulous. There seems to be a calm majesty in her golden brown eyes, which is similar to that of a young girl. The appearance is completely different.

It was she who made the move just now, and a ray of divine light cut off the bone spear of Emperor Gu Tian.

"The sky is dewy!?"

When Emperor Gutian saw the young girl, his expression suddenly changed, and his body trembled, showing great fear and horror.

"The Lord of Judgment is here!"

"The Lord of Judgment is really young, his charm will last forever, and he will never wear out and age."

"Emperor Gutian is finished, he dared to make trouble in the competition field, isn't this challenging the majesty of the Lord of Judgment?"

Many discussions sounded, and everyone's eyes were focused on the white-haired girl.

Because that means judgment!

"She is the Lord of Judgment, the law of the sky reveals the moon..."

Ye Chen was stunned, and looked at Tianfa Luyue, but he didn't dare to look directly into her eyes.

Chapter 9984

Tianfa Luyue's eyes were so majestic and cold that even Ye Chen couldn't look directly at them, otherwise, his soul might be pierced.

"Creating trouble at the Great Dao Contest venue, engaging in private violence, bullying the weak, and ignoring the rules of the Taoist sect, how should we deal with it?"

Tianfa Luyue whispered softly, and asked a Taoist elder next to him.

The girl's voice was like an oriole in the empty valley, but the sense of oppression exuded was enough to make the Emperor of Heaven crouch and tremble.

The elder looked respectful and fearful, and said to Tianfa Luyue: "Return to the Lord of Judges, this crime should be executed according to the law."

Tianfa Luyue nodded, and said to Emperor Gu: "Emperor Gu, did you hear that?"

"I miss your first offense and give you a chance to live."

"Cut off your arm, and I can forgive your sins."

Hearing Tianfa Luyue's words, everyone in the audience fell silent, and looked at Emperor Gu again.

Emperor Gu Tian's face darkened, telling him to self-mutilate his limbs, how could it be possible.

Although he knew how powerful Tianfa Luyue was, it was impossible for him to cut off his own arm just because of the other party's words.

"I didn't intend to offend Daozong, I just made a mistake accidentally, I can use the gold source jade to compensate."

Emperor Gutian said in a deep voice.

Tianfa Luyue said: "No need, I just want you to cut off your arm. If you can't do it yourself, I can help you."

Gu Tiandi chuckled, and said: "The law of the sky reveals the moon, don't bully people too much, for a trivial matter, you want me to cut off my arm?"

Tianfa Luyue said: "The rules are the rules. Anyone who makes a mistake must accept the punishment of the law."

Emperor Gu Tian snorted, and said: "This law is not appropriate, it's fine for ordinary people to commit crimes. As the Supreme Emperor of Heaven, if I make a small mistake, should I accept the same punishment as ordinary people? "

Tianfa Luyue said: "Yes, cut off your own arm, if you refuse, there will be more severe punishment later."

Emperor Gutian sneered, "What, you want to kill me?"

Tianfa Luyue said: "You are a top Heavenly Emperor expert, even if I can hunt you down, it will cost a lot of money. Today is the day of the competition, I will not fight with you."

"Since you refuse to admit your mistakes and make amends, then I have no choice but to report to the Grand Master. After the competition is over, the Grand Master will meet you in person."

Emperor Gutian fell silent, broke his own arm, and faced the Great Master, no matter which one he was, he couldn't bear it.

Tianfa Luyue had already made the punishment, so he ignored Emperor Gu, looked around the audience with cold eyes, and then revealed a faint smile, saying:

"Everyone, welcome to come."

"Today's head-to-head competition will be hosted by me."

"As for the referee of the competition, it will be Huazu Moyuan Mantuo."

She made a gesture and looked at Hua Zu.

Hua Zu strode out, bowed his hands towards the guests, and said: "Thanks to the honor of the Lord of Judgment, today's big competition, the old man will be the chief referee, he must be fair and strict, and will not show favoritism."

"Next, I will briefly introduce the rules of the competition..."

Tianfa Luyue interrupted Huazu's speech, and said: "Huazu, the rules of the competition, after all the contestants have arrived, it's not too late to read it out."

Hua Zu said: "Yes."

It was still morning, and the official start of the competition would not be until noon.

However, because this competition is very important, most of the contestants arrived early in the morning, but there are also some factions that have not yet arrived, either because of their remote location or because of the cumbersome manpower gathering.

At least, the big troops of Ye Chen's reincarnation camp haven't arrived yet.

After waiting for a while, about a quarter of an hour later, Ye Chen finally saw a flying boat rumbling into the world of meteorites.

On the flying boat were familiar faces.

Wei Ying, Ji Siqing, Ye Luoer, Grandpa, Sakyamuni Buddha, Shentu Waner, etc. all came.

There are also Xia Ruoxue, Ji Lin, Wu Yao, and some former friends of Ye Chen, such as Long Zu's granddaughter Long Xueyan, the holy girl Qing Fuxue of Tiandan Pagoda, Xu Yourong, the descendant of the Moon God Emperor, Sanwei Kazamameng, etc. , has also arrived.

"Ruoxue, Ji Lin, and Wu Yao, why did they come here?"

When Ye Chen saw Xia Ruoxue and Ji Lin, he was very surprised.

Ren Feifei smiled and said: "While you were in Tianxun Island, I sent someone to pick them up and give you a surprise. However, many of them entered Wuwu Time and Space illegally, and they are not quite used to the rules here. Environment, you have to practice slowly."

"In addition, Xuanhanyu is also here, but she doesn't need to be smuggled, she ascended by herself, but she is still going around for adventures, so she may come to you later."

Ye Chen was full of joy, and said: "Senior Ren, thank you so much."

At the moment, Ye Chen flew to the flying boat of the reincarnation camp, reunited with Xia Ruoxue, Wu Yao, Ji Siqing and other girls, and was overjoyed.

Ji Siqing is the god of fire, Wei Ying is the god of ice, and Ye Luoer is the god of wind. After obtaining the authority of the main god, they have continuously merged and improved their cultivation, and now they have become quite powerful.

However, they did not receive the Dao Token. Perhaps because their identities were too special, Daozong did not issue them a token.

However, they didn't mind, they just came to watch the game today, to cheer Ye Chen up, and to reunite by the way.

Ye Chen was overjoyed to gather with all the girls.

Not long after the arrival of the reincarnation camp, people from the Tiandan Pagoda, the Wilderness of the Fool, the Reaper's Cult, and the Heavenly Sword Clan also arrived one after another.

All contestants are declared to have officially arrived.

Among the crowd of the Tiandao family, Ye Chen saw Han Yan at a glance.

"Brother!"

Han Yan also saw Ye Chen, and ran over excitedly to say hello, as enthusiastic as ever.

Seeing that his eyes were clear and he was no longer obsessed, Ye Chen was a little relieved.

But seeing that there was an extra scar on his face than before, the scar had a dark aura, which was quite ferocious.

"Brother Han, you have suffered."

Ye Chen must have suffered a lot after knowing that he was possessed by a demon, but fortunately, it has all passed.

Han Yan smiled casually: "Brother, I'm fine, I've been blessed by misfortune, and I've gained a lot of opportunities."

Ye Chen smiled and didn't speak. He had already heard what Ren Feifei said. Han Yan fell into the source of light and was rescued by the light gods. Although there was a chance during this period, behind the chance, there was also a disaster.

But fortunately, this scourge will not break out in the short term.

In this competition, Han Yan is still Ye Chen's important support.

"Everyone—"

At this time, with all the contestants here, Hua Zu cleared his throat, looked around the audience, and said:

"Next, I will announce the competition rules for this competition."

"This competition is divided into four rounds."

"The first round is a battle of survival and elimination."

Chapter 9985

"The second round is the treasure hunt."

"The third round is the adventure battle."

"The fourth round is the ultimate arena showdown."

"The one who has gone through four rounds and finally faces off in the arena will be the champion of this road battle."

"The champion will be rewarded with the source of the Heavenly Emperor's Divine Origin, empowered by the Great Master himself, as well as many precious resources of heaven, material and earth, magical skills and cheats, etc."

"In addition to the championship, the top ten players in this year's competition will all have generous rewards."

"As for the four rounds of competition, there will be corresponding referees who will explain the specific rules to you."

After a pause, Hua Zu announced the corresponding referees for the four rounds.

The referee for the first round of the survival knockout round was Ye Chen's acquaintance, and it was Yanshen Tianzun.

The referees for the second and third rounds were the senior elders of Daozong.

As for the fourth round, which determines the final ranking, the referee is Hua Zu himself.

The final awards ceremony will be presided over by the Lord of Judgment, Tianfa Luyue.

After the awards are over, the champion winners will be inspired by the Great Master to meet the Great Master in person and receive the empowerment from the Heavenly Emperor Shenyuan.

After hearing Hua Zu finish reading the rules, the atmosphere of the audience also became heated. Countless people were looking forward to it, waiting for the competition to officially start.

"All contestants, send to the competition venue according to the Dao Order."

"During the competition, if the contestants feel that they can't hold on and want to give up, they can crush the Dao Token, and they can be sent out immediately to save their lives."

"The competition is full of dangers. All contestants, please do what you can, and don't force yourself, otherwise your life will be in danger."

Hua Zu issued another warning, paused, and finally said loudly:

"Then, all the contestants are now invited to teleport to the venue of the first round of competition."

"The Meteor World is very large, with more than a million miles from north to south, divided into realms. The place you are going to is called Blade's Edge Realm. It is the realm opened up by the Blade Queen among the six ancient gods, and it is also the place where she fell. Wish ya'll good luck."

After his words fell, in the void, divine light surged, and a huge portal appeared.

At the same time, the entire square, the sky and the earth, petals fluttered one by one, the cannons sounded, and the Taoist guards beat the drums and blew the big conch, pushing the atmosphere of the audience to the peak, and all the spectators cheered and applauded stand up.

Yanshen Tianzun was the first to fly into the sky, and said to the audience: "All contestants, please follow me."

He entered the portal first, and teleported to the first round of the competition venue.

One by one, the contestants flew to the portal in the sky and sent away one by one.

There are tens of thousands of contestants in this competition, the competition is fierce and the scene is lively.

Ye Chen saw familiar figures, such as Tiannv, Zhou Wuhuang, Qing Fuchen, Dugu Jialuo, Di Ye, Lin Zhenyue, Mu Tianzhou, Yun Cangzhong, Heavenly Killing Star Ye Qiu, etc., all stepped into the teleporter one after another. The door, the blood in my heart suddenly boiled.

With so many opponents, instead of being afraid, Ye Chen aroused his fighting spirit.

Among all the contestants, the one with the most eye-catching appearance is the sixth protector of the Death God Cult, the Twilight Giant!

The Twilight Giant is a high god, but this time the Death God Cult used mysterious means to suppress him in all aspects of his state and get the chance to participate in the competition.

Even though it has been suppressed to the Divine Dao Realm, the Twilight Giant's body is still a full ten meters high, as huge and towering as a mountain, and it is very eye-catching among the contestants.

There is no doubt that he will also be the favorite to win this competition.

Of course, Ye Chen was not afraid, but became more and more excited.

Under normal circumstances, he is definitely not an opponent of the Twilight Giant.

But now, in order to participate in the competition, all aspects of the Twilight Giant's state have been suppressed to the divine state. If there is a fight, Ye Chen has no fear at all.

"Master, I'm leaving first."

At this time, Pei Yuhan bowed to Ye Chen apologetically, and then flew to the sky silently. More than 30 contestants from the Outer God Alliance came to pick her up, and followed her into the portal.

"Brother Han, Brother Qingshan, Miss Xingya, let's go too."

Ye Chen collected himself and said to Han Yan and the others.

Han Yan said excitedly: "Brother, I will follow your arrangement."

Ye Chen smiled and flew towards the portal, followed by Han Yan and others.

At this time, more than a dozen contestants flew to Ye Chen and bowed to Ye Chen: "See the Lord of Reincarnation."

He bowed to Xin Xingya again: "See Missy."

Ye Chen was stunned for a moment, seeing that the dozen or so contestants were all wearing the costumes of Jubao Chamber of Commerce, he suddenly understood something in his heart.

Xin Xingya's beautiful eyes rolled, and with a trace of reluctance, she said to Ye Chen: "Brother Ye, I'm going back to my clan, thank you for being my lighthouse."

"After the big competition starts, I won't bother you to take care of it. With you as my lighthouse, I believe that no matter what dangers I encounter during the big competition, I will not get lost."

After speaking, she returned to the dozen or so contestants.

These people are all her clan.

Many members of the Xin family were shocked when they heard that Ye Chen had become Xin Xingya's beacon.

In the headquarters of the Jubao Chamber of Commerce, the expressions of many high-level figures in the Chamber of Commerce are also uncertain.

In Ye Chen's mind, recalling last night, when Xin Xingya entered his room with a gentle and dedicated attitude, he couldn't help but feel slightly moved, and said with a smile: "Then I wish you good luck, and I wish us good luck too."

Chapter 9986

Xin Xingya's cheeks were slightly red, she gave a soft "hmm", and led her clansmen into the portal.

With a wave of Ye Chen, he also took Qing Sugihiko and Han Yan through the portal to the venue for the first round of competition.

After passing through the portal, Ye Chen came to a vast and endless world. The sky is as blue as a piece of pure and flawless jade, with patches of white clouds, and the wind is refreshing. Looking far away, you can see a large stretch of endless ancient land. forest.

The trees in the forest are actually thousands of feet high, and they can be aligned with the mountain peaks. A large number of birds fly past, and the clear and clear singing echoes between the sky, the earth, and the forest.

In the forest, there were roars of fierce beasts fighting from time to time, which was shocking.

The ancient, mysterious, and desolate atmosphere constantly impacted Ye Chen's mind.

Looking beyond the forest, Ye Chen seemed to see a steeple in a more distant place, how tall it was, piercing the sky, mysterious and magnificent.

Tens of thousands of contestants are already suspended in the sky.

In the center of the crowd is the referee of this round, Yanshen Tenzun!

The pictures here also appear in the audience square in the form of light curtains.

After witnessing the magnificence of the mysterious forest, many spectators were amazed, not knowing how many dangers and opportunities were hidden in the forest.

"Everyone, I am the referee for this round of competition, Emperor Yankun."

"Next, I will briefly tell you about the rules of this round of competition."

Yanshen Tianzun spoke slowly, and everyone in the audience immediately listened in awe.

"The first round, which lasts ten days, is a survival knockout."

"You have to survive these ten days and go through the forest to reach the Dragon God Spire at the end of the forest."

Yanshen Tianzun pointed to the distance, layers of fog dissipated, and the steeple at the end of the forest in the distance was clearly reflected in everyone's eyes.

That minaret, I don't know how many tens of thousands of feet high, compared with it, the forest giant trees that are thousands of feet high here, are just like low saplings.

On the spire, runes are intertwined, and an ancient dragon is entrenched. The stars flow, the sun and the moon shine brightly, exuding a vast and great atmosphere.

Ye Chen looked at the minaret, and made a rough calculation, it was at least ten thousand miles away from this place to the minaret.

"As long as they can survive and successfully reach the Dragon God Spire, they can enter the second round."

"It's not easy to survive."

"This place is called the Blade's Edge Domain, and it is the world opened up by the Blade Queen."

"The Queen of Blades is one of the ancient gods of the six realms. Besides her, there are Void Ghost Face, Star-Forging Dragon God, Nine Cang Ancient Emperor, Lord of Honkai, Heaven Dou Killer, each of whom is a great god in ancient times. They were born before Wuwu Time and Space was born."

"Among them, the Queen of Blades is also called the Emperor of Beasts. She controls all beasts. In this forest of the Blade's Edge Region, there are countless fierce ancient behemoths hidden. Some of these ancient behemoths have far exceeded the power of the divine realm. , it is difficult for you to fight against."

When Yanshen Tianzun talked about the origin of this realm, the laws of the universe were turbulent, and an ancient picture was condensed in front of him.

In the picture, a woman with blue skin, brown eyes, wearing animal skin and feather decoration, holding two knives, is riding on the back of an ancient white tiger, charging and roaring in the mountains and forests, hunting wild beasts, the picture Full of the breath of the ancient prehistoric.

That woman is none other than the Queen of Blades. She has a fit body, exuding a wild beauty, and the initial vitality of life is perfectly displayed on her body.

Ye Chen was shocked when he saw this picture.

At the same time, he felt that the cemetery of reincarnation was also shaking, as if some great power was about to be revived.

"This Queen of Blades is also a mighty power in the reincarnation cemetery!"

Ye Chen caught the secret and sensed the connection between the Queen of Blades and the Cemetery of Reincarnation.

In the cemetery of reincarnation, the God of Poisonous Hands pinched his fingers to calculate, deduced the causal context behind it, and said with a frown:

"Not only the Queen of Blades, but also the ancient gods of the Six Paths, their remnant souls are all hidden in this cemetery."

"I have a hunch that this Queen of Blades will awaken soon."

Ye Chen frowned and said, "If she wakes up, won't she tear me apart?"

The Poison Hand Medicine God once said that the Tiandou Killing God among the Ancient Gods of the Six Paths is powerful enough to kill the Heavenly Emperor with a single thought. If awakened, the impact of the energy of the soul alone may cause terrible consequences.

Poison Hand Yao Shen said: "No, among the six ancient gods, not everyone is as powerful as Tiandou Shashen."

"You should be able to bear the will of the Queen of Blades."

"Moreover, as the owner of the tomb, you have absolute sovereignty. If you feel threatened, you can crush all the souls in the cemetery with a single thought. Even if you are a god, it is impossible to usurp your authority. ."

"Of course, since those of us can be taken in by the cemetery of reincarnation, we will do our best to help you, so you don't have to worry about anything."

Ye Chen nodded and said, "Senior, of course I won't hurt you."

Poison Hand Medicine God smiled slightly, and said: "Okay, let's prepare for the competition. Since this place is the world opened up by the Queen of Blades, maybe you may not be able to get any blessings."

Ye Chen returned his attention to the outside again, and saw the screen of that day's secret, which slowly dissipated.

Yanshen Tianzun sacrificed another stone tablet with the word "Tao" engraved on it.

Chapter 9987

He looked around the audience and said:

"Now, release your spiritual power and resonate with this monument."

"The Dao Monument will give you blessings, because some of the fierce beasts rampant in the Blade's Edge Region are too powerful. If you don't have any blessings to protect you, it is impossible for you to break through, let alone reach the Dragon God's Spire."

Everyone heard the words and looked at each other. After hesitating for a while, they each released their spiritual power one after another and projected them onto the Taoist monument, trying to establish a resonance with the Taoist monument.

Ye Chen, Han Yan, Qing Shanyan and others also released their spiritual power one after another, resonating with the Taoist monument.

hum!

The process of resonance was smoother than Ye Chen imagined.

Wisps of divine light burst out from the Taoist tablet, which were projected onto each contestant.

Ye Chen also received the blessing of the Taoist tablet, and felt a burning sensation on his forehead, as if something was extra.

He looked at Han Yan and Qing Sugihiko next to him, and saw a white energy imprint on their foreheads, which looked like an ancient rune.

The same marks also appeared on the foreheads of all the contestants around.

Ye Chen touched his forehead, presumably he also had the same mark.

This mark, with a touch of mysterious energy, can indeed provide some blessings and shelter.

Yanshen Tianzun said: "Okay, now all of you have the energy imprint blessed by the Taoist tablet on your foreheads."

"This energy imprint can evolve."

"It's white at the beginning. As long as you hunt and kill the beasts in the blade field, you can absorb the blood essence of the beasts, continuously evolve the energy imprint, and let them upgrade."

"After the energy imprint is upgraded, it will gradually turn green, blue, purple, and red. The darker the color, the stronger the protection ability, and the more powerful blessings it can provide you."

"The closer you are to the Dragon God's Spire, the stronger the beast will be. You can't fight against the initial white imprint alone. You must find a way to continuously upgrade, let the energy imprint evolve, and provide more powerful blessings. Really overcame many obstacles and arrived at the Dragon God Spire."

"Of course, in addition to hunting ferocious beasts, defeating other contestants can also plunder the energy of their imprints and upgrade your own imprints."

At the end, Rock God Tenzun showed a meaningful smile.

Competitors can fight each other and steal the imprint energy of each other, which means that when the competition officially starts, apart from the beasts, the contestants have to beware of other people.

Everyone is both hunter and prey!

Everyone listened to Yanshen Tianzun's words, and their faces became solemn. It seems that this competition is not easy. The first round of competition is so dangerous. They want to pass the level and reach the final showdown in the fourth round. , easier said than done?

Rock God Tianzun continued:

"In addition, I have to tell you that you must be extra careful at night when you are active in the Blade's Edge Domain."

"Because, at night, there will be many strange monsters coming."

"Those monsters are mostly created by one of the six ancient gods, Void Ghost Face."

"This blade field is not only the territory of the Queen of Blades, but also the place where the Void Ghost Face fell. His bones are full of evil spirits, and countless monsters have been bred."

"Those monsters only have negative effects and will not bring you any benefits. Even if you kill them, your energy imprints will not evolve."

Hearing the words of Yanshen Tianzun, the audience suddenly became commotion.

If it is just a pure beast, there will be rewards after killing it. It can devour the blood of the beast and upgrade the energy mark, but killing the monster will not get any rewards.

It is conceivable how much danger and hindrance the monsters rampant at night will bring to the contestants present.

When Ye Chen heard the words "Void Ghost Face", he felt vaguely turbulent in the cemetery of reincarnation.

It seemed right, the ancient gods of the six realms, their remnant souls were all sleeping in the cemetery of reincarnation, waiting for the right opportunity to awaken.

Rock God Tianzun finally said:

"Finally, let me tell you that while receiving the blessing of the Dao Monument, some of your trump cards may also be restricted."

"You are all geniuses without time and space. Each of you must have hidden some tricks and secrets, such as magical weapons, pet treasures, and even ancient powers behind you."

"But let me tell you, general weapons, magic weapons, magic tricks and other hole cards can be used, but things like pets, their strength will be limited to the divine realm, this is for the sake of fairness."

"Any contestant is not allowed to break those restrictions privately, otherwise it will be regarded as a violation and immediately expelled from the arena."

After listening to Yanshen Tianzun's words, Ye Chen's face sank, and he communicated with the cemetery of reincarnation mentally, and asked the Poison Hand Medicine God:

"Senior, is your strength limited?"

Poisonous Hand Medicine God turned his eyes, circulated his aura, and said, "It seems not. It seems that the laws of the cemetery of reincarnation are supreme. Even the rules of Taoism cannot be restricted."

But the little forbidden demon emerged from the Fengyu Immortal Pond and said, "Father, I...my aura seems to be restricted."

Ye Chen came to a sudden, it seems that the restriction of Dao Sect is indeed a bit tricky, it should be something like the law of cause and effect, silently, the strength of the little forbidden monster is actually restricted.

However, the Poisonous Hand and the God of Medicine will not be affected, because the law of the reincarnation cemetery cannot be restricted by any means.

Chapter 9988

The God of Poisonous Medicine pondered for a moment, and said, "Although I am not restricted, you should not borrow my power for this competition, otherwise it may be considered a violation."

Ye Chen nodded and said, "Okay."

He hadn't planned to borrow the power of the Poisonous Hand Medicine God, this time, he had to rely on his own strength to win the championship in an upright manner.

After announcing all the rules, Yanshen Tianzun said:

"Okay, contestants, I wish you good luck."

"As long as you pass through the forest and reach the Dragon God Spire within ten days, you will pass the first round of competition."

"If you can't hold on, crush the Dao Order, and you can send it out immediately. Don't force it. It's important to save your life."

Everyone said in unison: "Yes!"

Yanshen Tianzun smiled and said: "Besides, let me remind you again, the sky is a forbidden place, don't even think about flying from the sky, just go through the forest obediently, hehe..."

"As for why the sky is a forbidden area, you will naturally know when you reach the third round of the competition."

"Or touch the sky, or you may die on the spot."

"Of course, if you think you are strong enough, you can also try to cross the sky, but if you die, don't blame me for not reminding you."

"With me protecting you now, even if you are in the sky, nothing will happen to you, but without my protection, the power of the collapse of the sky will kill you immediately!"

Hearing the words of Yanshen Tianzun, many people's faces twitched.

Many contestants actually thought about flying from the sky to the Dragon God's Spire, but after hearing the warning from the Rock God Tianzun, these people became afraid again.

"Let's all go down, start counting from now, ten days is the limit."

The rock god Tianzun said.

After hesitating for a moment, everyone descended towards the forest below.

Many people had a look of fear on their faces, as if they were afraid that some monsters and ghosts would appear in the sky and swallow them up.

But fortunately, there were no accidents, and the contestants landed in the forest smoothly.

Ye Chen, Han Yan, and Qing Shanyan also landed together.

Shortly after the three of them landed, they heard a scream from the sky.

I saw a contestant who seemed to believe in his own strength and chose to fly over the forest from the sky.

But his end was extremely miserable. Without the protection of the Rock God Tianzun, as soon as he touched the sky, his body collapsed on the spot, split like pieces, and was impacted by the strange breath, the blood flowing out, They all turned into a deep dark red and died suddenly on the spot.

Seeing the miserable state of the contestant, everyone in the forest felt their scalps go numb for a while.

It seems that Yanshen Tianzun is indeed right, the sky is a forbidden place!

...

In the ancient forest, towering trees stand tall, with luxuriant branches and leaves covering the sky and the sun. Under the branches and leaves are hidden endless dangers, and the roars of beasts come and go.

Ye Chen, Han Yan, and Qing Shanyan were walking in the forest, and soon encountered a fierce beast.

It was a golden crocodile, the whole body was filled with golden light, and its body was covered with golden barbs. When the crocodile's tail swung, it tore through the airflow, whistling, and its aura was quite fierce.

And not far from the golden crocodile, there is another fierce beast, a colorful giant tiger with colorful fur, which is very magnificent.

After noticing the approach of Ye Chen and the others, the golden crocodile and the colorful giant tiger all showed vigilant expressions.

"Leave this crocodile to me, and you go to deal with the other beast."

Ye Chen quickly decided that these two ferocious beasts had a rather ferocious aura, and they were definitely not good. If ordinary warriors and cultivators in the divine way encountered them, it would be difficult to fight against them.

However, Ye Chen believes that his own strength is more than enough to deal with these two fierce beasts.

Clang!

Ye Chen sacrificed the Samsara Heavenly Sword, and a stunning sword aura shot up into the sky.

He swung his sword and slashed out, without using any magical powers of swordsmanship, just an ordinary straight slash.

The golden crocodile saw Ye Chen's sword slashing towards him, and his pupils shrank immediately.

The fierce beasts in the Blade's Edge Realm have very high spiritual intelligence.

This big crocodile obviously felt that Ye Chen's Sword of Reincarnation was too sharp, and it was by no means able to resist it.

The golden crocodile let out a low growl, and wanted to dodge sideways.

But Ye Chen was extremely fast, the long sword pierced through the air, and slashed on the body of the golden crocodile in an instant.

The golden armor-like skin of the golden crocodile was cut open immediately, the flesh and bones were broken, blood flowed out, and an extremely hideous wound appeared, deep enough to see its internal organs.

Ye Chen's Samsara Heavenly Sword became extremely sharp after it was strengthened. Even this golden alligator with thick skin and thick flesh was cut open by his sword.

"Roar!"

The golden crocodile roared angrily after suffering the pain, its eyes were blood red, it opened its bloody mouth, and devoured towards Ye Chen.

"Slaying Heaven Nine Swords, break it for me!"

Ye Chen made another sword strike, this time using the supernatural power of swordsmanship, a powerful sword energy as sharp as cutting the sky, slashed out, and with a puff, split the golden alligator from the middle, and the blood and internal organs spurted out. The big crocodile whimpered and died suddenly on the spot.

The energy imprint on Ye Chen's forehead hummed, and it automatically swallowed and absorbed the blood of the golden crocodile, transforming it into upgraded energy.

The mark that was originally light white suddenly darkened a little.

As for the golden crocodile, after its blood was absorbed, it became a dry corpse.

"Brother is amazing!"

Chapter 9989

Han Yan saw that Ye Chen had dealt with the golden crocodile in a blink of an eye, and couldn't help but admire in surprise and admiration.

Ye Chen smiled faintly, and wiped off the blood on the sword with his fingers.

The enhanced Heavenly Sword of Reincarnation is much sharper than before, and it is easy to use, smooth and smooth, and killing beasts is like chopping melons and vegetables.

"Woo..."

Another ferocious beast, the colorful giant tiger, whined when it saw the golden crocodile being killed, and ran away with its tail between its legs in horror.

"Don't let it get away."

Ye Chen said.

"yes, Sir!"

Han Yan drew out his long sword, and chased after the colorful giant tiger, and Qing Sugihiko also drew his sword to keep up.

Ye Chen didn't participate in the battle, he could get upgraded energy by killing ferocious beasts, he had just absorbed the blood energy of the golden crocodile, so he couldn't swallow it all by himself, he had to save some for Han Yan and Qing Shanyan.

After a battle, Han Yan and Qing Shanyan also successfully killed the colorful giant tiger.

However, when they wanted to absorb the energy of the colorful giant tiger, suddenly there were figures rushing out from the nearby forest.

Talismans one after another were shot from their hands and exploded in the air.

The blast blast knocked Han Yan and Qing Shanyan back.

Those people rushed out, taking the opportunity to absorb the Qi and blood energy of the colorful giant tiger.

Seeing their prey being robbed, Han Yan and Qing Shanyan's expressions suddenly sank.

"Lin Zhenyue, it's you."

Ye Chen frowned, looking at the figures rushing out, there were about ten people.

The leader is Lin Zhenyue, a disciple of Fu Zu.

Before that, Ye Chen and Lin Zhenyue fought in the Omen Star Sea, and killed a large number of timelines of each other.

Later, Lin Zhenyue asked Fu Zu to come forward to take revenge on Ye Chen, captured Ye Chen and handed it to Hua Zu for disposal.

Ye Chen will naturally not forget this grievance.

He just didn't expect that Lin Zhenyue would dare to show up and offend him.

You know, Lin Zhenyue is his defeated opponent. In terms of strength, the former is far from his opponent.

"Hey, Ye Chen, long time no see."

Lin Zhenyue sneered, staring at Ye Chen with a stern look in his eyes.

He was killed by Ye Chen once, and the woman he liked, Chu Bingyu, had an inexplicable relationship with Ye Chen. His hatred and resentment towards Ye Chen were extremely strong.

"How dare you appear in front of me."

Ye Chen also laughed. With his current strength, if he wanted to kill Lin Zhenyue, he might not need three moves.

Lin Zhenyue laughed and said, "I can't beat you, but don't be complacent, I won't make it easy for you."

After a pause, he looked at the fellow disciples around him, and said, "Come on, set up a thunderstorm immediately!"

Hearing Lin Zhenyue's words, the surrounding disciples were shocked.

"Senior brother, it will take a lot of magic talismans to set up the Heavenly Explosion Wind and Thunder Array."

"This is our hole card. If all the magic charms are used up, how can we go on the next road?"

All the disciples looked embarrassed. Of course they knew the grievances between Lin Zhenyue and Ye Chen, but it was very difficult for them to spend a lot of life-saving talismans to attack Ye Chen.

They are all disciples of the Talisman Ancestor, and their cultivation is all based on the spirit talisman. If the talisman is exhausted, it will become extremely difficult to survive in the forest later.

Lin Zhenyue snorted coldly, and said, "What nonsense are you talking about, set up the formation!"

"Even if the spirit talisman is exhausted, as long as it can hurt this kid, it's worth it."

"Hey, we are going to sacrifice our chances to compete to create conditions for Zhou Wuhuang and Ren Tiannv."

Lin Zhenyue knew that it was impossible for him to fight against Ye Chen, so he planned to use up all the talismans, sacrifice all his hole cards, and severely injure Ye Chen, so as to provide Zhou Wuhuang, Ren Tiannv and other top geniuses with opportunities.

If he could see Ye Chen die in the end, even if he gave up the game, it would be worth it.

The expressions of all the disciples changed when they heard the words. They didn't expect Lin Zhenyue to be so vicious, and he didn't care about the price to hurt Ye Chen.

"Want to hurt my elder brother? There is no way!"

Han Yan grinned, and charged wildly with his sword in his hands, bursting out the way of lifeless swordsmanship. The ancient and glorious sword energy, like cutting the sun and the moon, crushed all life, and the billowing sword energy roared towards Lin Zhenyue and others like a tidal wave.

Feeling Han Yan's tyrannical sword, the audience was shocked.

Lin Zhenyue shouted: "Set up the formation!"

He took the lead in throwing out one after another sky explosion talisman, scattered in the void, and retreated back.

Numerous talisman disciples, at this juncture, had no choice but to be afraid of being killed by Han Yan's sword energy, and hastily swayed all the talismans they held.

I saw the dense sky explosion talisman, wind and thunder talisman, sword talisman, knife talisman, dragon, tiger, dragon and elephant, and other spiritual talismans spread out in the air, rattling, and constantly turning, forming a huge and terrifying array of talismans, countless bright and magnificent. The brilliance burst out from the talisman array.

"Um?"

Han Yan rushed into the talisman array with his sword, and suddenly felt bad.

The surrounding spirit talismans are densely packed, and after gathering into a formation, the energy is violent and surging. If it wants to wipe out the universe, it will make Han Yan's scalp go numb.

He slashed wildly with his sword and wiped out a large number of talismans, but the number of talismans was too many, tens of thousands, and he couldn't break them at all.

"Oops!"

Han Yan's expression changed drastically, and he immediately pulled away and wanted to fly out, but the way out was blocked by a series of talismans.

"Brother Han, come out!"

Ye Chen yelled violently, held the sword in his right hand, and sacrificed the soul-slaying knife with his left hand. The swords crossed and cut out. A sword light and a sword light crossed to form a cross. The big formation opened a gap.

Han Yan hurriedly escaped from the gap.

But at this time, Lin Zhenyue also launched a talisman explosion:

"Heavenly Explosion Wind and Thunder Array, destroy it for me!"

As soon as he made a move, thousands of magic symbols exploded violently, and the violent explosion wave overturned Han Yan who had just escaped.

bang bang bang!

All the talismans exploded violently at this moment.

The air wave of the explosion spread out, engulfing Ye Chen, Han Yan, and Qing Shanyan.

"Hey, this kid, even if it can't kill you, it can still seriously injure you. This time I have achieved my goal."

Lin Zhenyue's mouth showed a sinister smile.

The explosion of the Heavenly Explosion Wind and Thunder Array was very terrifying. When the explosion happened, a huge mushroom cloud also shot up into the sky, almost shattering the sky.

Huge trees collapsed in the explosion, stirring up smoke and dust in the sky, and the scene was spectacular.

However, after the smoke and dust from the explosion slowly dissipated, the smile on Lin Zhenyue's face froze, and his expression became extremely stiff.

Because, he saw that in the center of the explosion, where Ye Chen, Han Yan, and Qing Sugihiko were just now, a castle appeared unexpectedly at some point.

Chapter 9990

The castle is haunted by evil spirits, and if there are ghosts hovering, it exudes a terrifying and gloomy atmosphere. It is the building of the former Emperor Huntian, the Castle of Heavenly Demons!

"You actually blew up my demon castle, Lin Zhenyue, you guys do have some tricks."

Ye Chen stood on top of the castle, looking down at Lin Zhenyue with cold eyes.

When the huge explosion happened just now, Ye Chen reacted extremely quickly and summoned the Omen Castle to defend.

At this moment, the explosion stopped, and the Heavenly Demon Castle was damaged everywhere, and suffered serious injuries, which shows the severity of the blast that day.

If it weren't for the defense of the Demon Castle, Ye Chen and the others might be seriously injured.

Under the protection of the Demon Castle, except for Han Yan who suffered a little injury, Ye Chen and Qing Shanyan were both unscathed.

Seeing this scene, Lin Zhenyue trembled violently and couldn't believe it.

The disciples around were also terrified. They didn't expect Ye Chen's defensive methods to be so powerful, and even blocked the explosion that they exhausted their hole cards.

"Go!"

Lin Zhenyue felt that something was wrong, and immediately offered the Dao Order, wanting to crush it.

As long as he smashes the Dao Order, he can be teleported out and get safety.

"Want to run?"

Ye Chen smiled sharply, he would not let Lin Zhenyue leave so easily after the Heavenly Demon Castle suffered so much damage.

The power of the Throne of Thorns was activated, and green thorns climbed onto Lin Zhenyue's body like a poisonous snake, completely bound him and cut off his hope of escape, and his Dao Token fell to the ground.

"ah!"

The thorns and thorns pierced into the flesh, which contained the poison Ye Chen cultivated, which made Lin Zhenyue scream on the spot.

Ye Chen didn't hesitate, the thorns shrunk, squeezed, and tightened inwards. The thorns quickly invaded Lin Zhenyue's body and parasitized on his bones and viscera.

In just a few blinks, Lin Zhenyue could no longer see the human form, as if he was just a puppet pierced by countless thorns, he was completely dead.

Even the last timeline was completely wiped out under the poison of Ye Chen's thorns, losing the possibility of resurrection.

As for his energy imprint, all the energy essence naturally flowed out and was absorbed by Ye Chen.

The disciples around, seeing Lin Zhenyue's tragic death, were all horrified, fearing Ye Chen's methods, and looked at him tremblingly.

Ye Chen is not a person who kills indiscriminately. Except for Lin Zhenyue, he did not kill all other ordinary disciples. He said lightly:

"Leave your imprint energy, get out of here!"

He didn't kill them all, it was a face to Fu Zu.

Everyone listened to Ye Chen's words, but as if they had been amnesty, they hurriedly released all the imprinted energy in their foreheads and gave it to Ye Chen.

Wisps of white energy essence penetrated into the imprint between Ye Chen's eyebrows.

After absorbing the imprint energy of Lin Zhenyue and many disciples, Ye Chen's imprint finally upgraded, from white to green, revealing a trace of crystal brilliance.

This green mark has a powerful blessing, much stronger than the white mark.

With the blessing of the imprint, the aura that was consumed by Ye Chen's shot just now recovered in an instant, and he was full of energy.

"The method of Daozong is really wonderful."

Ye Chen touched the mark on his forehead, secretly admiring Daozong's method in his heart.

"Brother, you have upgraded!"

Seeing Ye Chen's energy imprint turned green, Han Yan immediately congratulated with joy.

Ye Chen smiled and said, "You guys should also upgrade quickly."

Something happened here, Ye Chen took Han Yan and Qing Shanyan and continued to move forward.

They fought with Lin Zhenyue, and finally Lin Zhenyue was killed. All these scenes appeared in the audience square.

Many viewers saw these pictures, and they were all means to shock Ye Chen.

But in the Taoist camp, Fu Zu saw Lin Zhenyue dead and many of his disciples fled back in embarrassment, his face suddenly became extremely ashen, very ugly.

Huang Lao was also on the seat of the Taoist camp, seeing the appearance of Fu Zu, he laughed and said:

"Fuzu, that guy Ye Chen is keeping his hand, otherwise all your disciples will die."

Fu Zu snorted and didn't speak, but his face was very gloomy, and his eyes moved slightly, signaling to Hua Zu next to him.

Huazu nodded silently, knowing what Fuzu meant.

With him around, it is absolutely impossible for him to let Ye Chen easily win the championship.

...

In the blade forest, Ye Chen led Han Yan and Qing Shanyan to continue hunting in the forest, and upgraded the energy imprint by hunting fierce beasts.

However, this energy imprint is not so easy to upgrade. After running around all day, at night, Han Yan and Qing Sugihiko have not yet upgraded.

Ye Chen's energy imprint is still the second level of green. He can upgrade because he has captured the aura of Lin Zhenyue and others.

The benefits obtained from hunting other contestants are much richer than those from hunting ferocious beasts.

It's a pity that Ye Chen, Han Yan, and Qing Sugihiko are all famous people. After the ordinary contestants sensed their aura, they immediately hid far away and didn't give them any chance to hunt. .

As a result, Ye Chen didn't hunt anyone except Lin Zhenyue and other people who couldn't open his eyes all day long.

As for Tiannv, Zhou Wuhuang, Twilight Giant and others, they seemed to have some scruples and did not come directly to besiege Ye Chen.

In a blink of an eye, night fell.

Night is the most dangerous time, there will be a large number of monsters haunting.
