

Physician Wife 1031

Chapter 1031: 3%

If Zhong Qianqian was truly a counterfeit and it was her mother who forcibly extracted Nangong Nuannuan's bone marrow before selling her to human traffickers, then they were really courting death!

That meant... was there still a need for the staff to be polite to Zhong Qianqian?

"Miss Zhong, if it's true is that you pretended to be Miss Nangong Nuannuan and maliciously stole RS Bank's money, I'll have to remind you that our bank has a professional debt collector. As for the lawsuit, it would us from RS Bank that would be suing you, Miss Zhong Qianqian. So, please cooperate with us and take this DNA test on your somatic cells. If the bone marrow transplant really gave you Miss Nangong Nuannuan's DNA, then the DNA extracted from your muscle cells will be different from your blood DNA."

"No, I don't want to! I don't want to draw blood! I've already taken the test just now, so why should I have my blood drawn again? I won't do it!"

"This isn't up to you, Miss Zhong."

After saying that, the Nangong family's bodyguards stepped forward and restraint Zhong Qianqian. Then, the bank staff extracted Zhong Qianqian's blood once more, along with some muscle tissue. Then, they extracted blood and muscle tissue from Nangong Nuannuan.

They compared the four blood tests to the blood sample left behind by Nangong Yu.

Three hours later, four blood tests came out at the same time.

The moment he saw the report, the staff's expression darkened.

"Miss Zhong Qianqian, please explain yourself. Since you said that you were the one who had your bone marrow extracted during the surgery, why is your blood cell DNA completely different from your somatic cell DNA?"

Zhong Qianqian, "..."

What the heck?

How could she explain a term that she had never heard of?

Back then, her mother clearly told her that her DNA would be exactly the same as Zhong Nuannuan's, and she would be able to live the life of a little princess that belonged to Zhong Nuannuan. She would be a little princess from now on, and no one could steal her position away from her!

"You... you must be mistaken! You're all mistaken!"

"No, we specialize in this. This is our professional medical team. This DNA test proves that Miss Nangong Nuannuan's blood cell DNA and somatic cell DNA are utterly compatible, and her compatibility rate with Madam Nangong Yu is 99.99%. As for you, the DNA of your somatic cells matches Madam Nangong Yu's DNA by 3%. You're completely incompatible! Miss Zhong Qianqian, we have reason to suspect that all these years, Cloud Group has been falsely collecting money from RS Bank. From now on, RS Bank

invokes the right to unilaterally freeze all funds from the Zhong and Jiang families. Moreover, we refuse to allocate them to you in the future. Other than that, we will get back the two hundred million that you've previously stolen!"

After saying that, the person in charge looked at Nangong Nuannuan and said, "Miss Nangong, I'm really sorry. Although this matter rarely happens, our bank can't be exempted from our fault. I'll immediately report this matter to the headquarters. On one hand, we'll continue to patch up the lost funds while seeking compensation from the Zhong and Jiang families. If we fail to recollect the money, our bank will be responsible for making up for this loss. As for the management fees that Madam Nangong promised us, we'll return the money to you intact, per our terms and conditions. Miss Nangong, please forgive us for committing this mistake and don't spread this news for the time being. Otherwise... it will cause great damage to RS Bank's reputation."

Nangong Nuannuan gave a magnanimous smile and responded, "Everyone makes mistakes, don't they? You've been carrying out your duties professionally all these years."

Chapter 1032: Demon

"The only reason you fell for the trap was that you were unaware that some people are willing to do anything for money. Plus, they were lucky before, so you fell for it. You don't have to return the management fees that you deserve, but you still have to get back the money that is rightfully yours. As for your reputation, that will depend on the efforts you exert to get back the money. As long as you show enough dedication to my satisfaction, not only will your bank's reputation not be damaged, but I'll ensure that your prestige reaches great heights because of this matter. This is a double-edged sword. So, now we'll see how you'll utilize it."

The bank staff was delighted and quickly thanked her. "Thank you for your understanding, Miss Nangong. We'll do our best in handling this matter. Then... as for the hundred million bucks, do you have any intentions of receiving it?"

Nangong Nuannuan glanced at Zhong Qianqian, whose eyes were brimming with desperation, and smiled. "No need, I don't lack money."

Zhong Qianqian, "..."

Internally, she had already cursed Nangong Nuannuan's eighteen ancestral generations. However, when she thought about how she would have no source of income in the future—she could no longer be part of the wealthy in Jiang District, let alone a first-tier wealthy family—she felt miserable.

No matter how much resentment she had, she had no choice but to kneel before Nuannuan and tried to incite Nuannuan's pity because they were family, much like a beggar.

"Nuannuan, I know you're the most considerate lady. You're my younger sister, my biological younger sister! Even if you've become the precious daughter of the Nangong family, how can your relationship with the Nangong family compare to ours? We're real sisters! You... you're already so rich. Not only are you Duke Eton's daughter, but you're also the young miss of the Nangong family. All the glory in the world now belongs to you. You won't abandon your elder sister, right? Yeah? Nuannuan, don't abandon me, okay? Don't abandon me. Dad's in jail; Mom's in jail. If you don't care for me, no one else will! I already know that I'm wrong, so forgive me, please!"

Then, Zhong Qianqian reached for the hem of Nuannuan's pants.

However, before she could reach, she was isolated by the Nangong family's bodyguards.

"Move away, don't touch our Young Miss!"

The bodyguards were already disgusted by Zhong Qianqian in the first place, so treating her rudely was within expectations.

Zhong Qianqian did not expect the b*tch, Zhong Nuannuan, to be so heartless. Her face was filled with disbelief as she wept tragically. "Nuannuan, how can you be so selfish? You have everything, and I'm just a mere ant to you. Why must you push me to the edge? Don't you have any sympathy at all? We came from the same roots, so why are you in such a hurry to send me to my death? Can't you help me for Dad's sake? You don't lack money anyway, so why can't you let me take the leftover 1.8 billion? It's not a big deal to you anyway. Why are you so stingy?"

Nangong Nuannuan could not be bothered to argue with her, but there was one thing she felt that White Lotus Qian should know.

"I'm doing this exactly for 'Dad's' sake. Right, I forgot to tell you that I was the one who presented the evidence that sent Zhong Kuijun to jail—the evidence of his money laundering and hiding illegal firearms. That was what sent him to jail and why Cloud Group was seized."

Zhong Qianqian widened her eyes in disbelief and pointed viciously at Zhong Nuannuan. "You... you... you demon!"

"Demon? Huh, that's right. I'm a demon, to begin with. However, in the beginning, I honestly thought that even if I'm a demon, I can still treat my family well. So, I'd take the blame for you even though you're super disgusting."

Chapter 1033: Returning To The Gu Family With Their Bloodline

"Even so, while I took the blame in your stead, what were you and your mother doing to me on the other hand? Yet, you claim that I'm a demon... Zhong Qianqian, you and your mother are scum that demons wouldn't touch with a ten-foot pole. I told you not to provoke me. The consequences of provoking me weren't something you could afford to face, but you just wouldn't listen. Since you didn't believe me, have a taste of my revenge then!

"Sadly, what a pity. You're still Gu Mingzhe's lawfully wedded wife, and you're even pregnant. Otherwise..."

Nangong Nuannuan did not finish her sentence, but Zhong Qianqian grabbed onto her last straw.

"Pregnant? What did you say? I'm pregnant? I'm pregnant with Brother Mingzhe's baby?"

This news was a huge surprise to Zhong Qianqian. A piece of good news that fell from the sky!

Even if the Gu family would not accept her as their daughter-in-law, they would have to consider the child in her belly, right?

As long as the Gu family knew that she was pregnant, she would still be able to rise in her status using her child. When that happened, two billion would be nothing. Twenty years later, the entire Gu family would be under her son's control.

Although she hated Nangong Nuannuan, Zhong Qianqian's focus was no longer on her.

She knew that Nangong Nuannuan would definitely not help her. If she wanted to live a stable life in the future, she might as well go to the Gu family.

If she could really use her child as a hostage and continue to be Young Lady Gu, it would definitely be much better than this 1.7 billion bucks.

Therefore, Zhong Qianqian could not be bothered to argue with Nangong Nuannuan anymore, and neither did she have any intentions of continuing this pitiful show. She felt her strength returning to her when she heard the news of her pregnancy.

Thinking about the pain in her stomach over the past two days, Zhong Qianqian's face paled in fright. She stood up quickly and ran off without even saying goodbye.

At the Obstetrics and Gynecology Hospital

"Doctor, what did you say? Say that again!"

"You're showing signs of a miscarriage. You must stay rested in bed to protect the baby, or else you'll lose your child very easily."

"Then... how long do I need to rest?"

"It's hard to tell for now. In the best-case scenario, one month. However, worse come to worst, I suggest you rest for three months."

Zhong Qianqian felt anxious.

Three months. Gu Mingzhe would have filed for a one-sided divorce. How could she wait three months?

"Doctor, do you think you can just give me a progesterone injection and let me leave? I'm not from Jiang District. My family's in Emperor District, so I must go back."

"I can prescribe you a progesterone shot, but if something goes wrong, you're solely responsible for all consequences."

"Okay, okay, okay! If you give me the best progesterone shot, I'll definitely be able to head back safely."

In the end, the doctor failed to dissuade Zhong Qianqian, so he gave her an imported progesterone shot.

After the injection, Zhong Qianqian rested for a few hours. After making sure that her stomach did not hurt anymore, she bought a plane ticket back to Emperor District.

What she did not know was that as soon as she left Lijing Mansion, Nangong Nuannuan immediately told the staff working for RS Bank, "Aren't you going after the debt? The child in Zhong Qianqian's stomach belongs to the Gu family in Emperor District. If she can't afford to pay you back, you can just go after the Gu family straight away."

Since the bank staff was a foreigner, he could not understand the relationship between these people. Therefore, after Nangong Nuannuan relayed the information to them, the staff was extremely grateful to her. He immediately contacted the debt collectors at the headquarters to collect the debts.

When Zhong Qianqian returned to the Gu family joyously and wanted to tell them that she was already pregnant with the Gu family's flesh and blood, no one opened the door for her even though she rang the doorbell for ages.

Chapter 1034: Bah

Zhong Qianqian stood outside the door for a long time. In the dead of winter, the temperature in Emperor District decreased all the way down to a few degrees below zero. Zhong Qianqian stood at the door with her face turning purple from the cold, and her stomach started to ache.

She was worried that something would happen to her unborn child and consequently, not being able to use the baby to threaten the Gu family. Just as she was considering staying in a hotel room temporarily, the door opened.

Zhong Qianqian was about to act weak and innocent to gain sympathy when a basin of cold water fell from the sky. She was soaked all the way from her clothes into her heart.

However, that was not the end of it.

The servants of the Gu family came out one after another and continued to splash basins after basins of water on Zhong Qianqian.

"Argh—"

Zhong Qianqian screeched angrily.

This was winter! It was winter in Emperor District!

She would freeze to death if she continued getting splashed by water like this!

"How dare you splash water on me! Who the hell do you think you are? Do you know that I'm carrying the Gu family's flesh and blood? If you dare let the next generation of the Gu family's heir miscarry, the Gu family will never forgive you!"

Zhong Qianqian had been living a good life under the protection of Zhong Kuijun, Jiang Shuwan, and the Jiang family, so there was a lot of common sense that she did not know.

In the past, the malicious Jiang Shuwan helped her with everything. Now that Jiang Shuwan was caught, Zhong Qianqian remained an idiot. That was a big enough blow to her.

"The next heir? Bah!"

Hearing such shameless words from Zhong Qianqian, Mrs. Gu, who did not intend to chase Zhong Qianqian out herself, rushed out and slapped Zhong Qianqian in the face!

After the Gu family and the Huang family experienced the wedding incident, they no longer had any face left.

After the guests found out that Zhong Qianqian was not only pretending to be the little princess of the Nangong family but also was in a feud with the Nangong family, all the enterprises that signed contracts with the Gu and Huang families withdrew their investments regardless of the consequences.

The result of that was even worse than what Selina had done to the Gu family.

In just one night, even the Huang family, which was a second-tier wealthy family, had fallen from the clouds to hell. They were in a living hell right now.

Although the situation was better for them than the Gu family, the Huang family would collapse in less than a year if this continued.

Needless to say, as to what happened to the Gu family...

Previously, because of Zhong Qianqian, Selina rained so much trouble on them. The Gu family's finances were in a mess, and they could not even afford to pay for the wedding. Furthermore, they borrowed the Huang family's money for that wedding.

Before the wedding, many companies wanted to collaborate with the Gu family after learning of their relationship with the Nangong family. The Gu family thought that they would be relatives of Camino's equivalent of royalty in the future. How could they casually interact with just any random business owners? Therefore, the Gu family turned down many opportunities that might have been able to stabilize the Gu family's finances.

Now, even if they begged these companies to collaborate with them, the companies avoided the Gu family like the plague. They were all glad that they had not signed a contract with the Gu family before the wedding. Otherwise, they would have suffered a huge loss.

The Gu family's chain of capital was completely broken, and the Huang family was also dragged into the abyss.

Now, Gu Mingyan, this shrew, brought her little shrew, Huang Yuhuan, to cause trouble at the Gu residence.

Mrs. Gu of the Gu Residence was already furious. She did not expect Zhong Qianqian, this jinx, to actually come back and show up before them.

More importantly, how dare she had the audacity to say that the child in her stomach was the Gu family's future heir!

It was no wonder that Mrs. Gu did not care about the etiquette that was expected from a wealthy lady and slapped Zhong Qianqian directly in the face.

Chapter 1035: Done For

At this moment, Huang Yuhuan also rushed out.

She had yet to have her revenge after Jiang Shuwan spat a mouthful of phlegm on her face last time. However, by the time she exited, Jiang Shuwan was already caught and Zhong Qianqian had run away.

Zhong Qianqian finally showed up today, so why should she give up on this opportunity?

“Zhong Qianqian, you b*tch. To think that I treated you so well before. You actually stole someone else’s identity and pretended to be a big shot in front of me! Not only did you not give the Huang family any benefit, but now we’re facing the danger of bankruptcy. Why can’t you just die? Go die! Go die! Go die!”

Huang Yuhan had gone mad. She snatched the basin from a servant and smashed it on Zhong Qianqian’s face.

Zhong Qianqian was already frozen stiff. After being splashed with cold water, her entire body seemed to have frozen in place. Her stomach was in intense pain. It was as if she was suffering from extreme menstrual pain that threatened to end her life.

At last, when Huang Yuhan hit her with the basin, Zhong Qianqian collapsed to the ground.

“Bro... Brother Mingzhe, save... save me! Save our child...”

After Zhong Qianqian fell, she saw Gu Mingzhe, Mr. Gu, and Mr. Huang walk out. She immediately cried and begged Gu Mingzhe to help her. She felt that she was about to lose the baby in her stomach.

She was afraid, afraid that she would lose the child.

However, most mothers were simply afraid that they would not be able to keep their baby and be sad. However, Zhong Qianqian’s mind was filled with terror.

She was afraid that if she truly lose the baby, her life of luxury would be completely ruined.

Without the Nangong family, without the Gu family, without Nangong Yu’s inheritance... Even Cloud Group had been suspended. What was going to happen to her after this?

Therefore, no matter what, Zhong Qianqian wanted to protect the child in her womb.

Huang Yuhan thought that Zhong Qianqian was pretending to be a white lotus again and sneered, “You disgusting b*tch, how dare you pretend to be a white lotus when you’ve harmed our two families to this extent! I’ll beat you to death! Go ahead and scream! See if Gu Mingzhe will protect you if I kick the baby in your stomach now!”

With that, Huang Yuhan kicked Zhong Qianqian’s stomach over and over again.

Zhong Qianqian screamed with all her might, desperately crying for help. However, they were in Peninsula Mountain Resort—the place where the rich big shots of Emperor District lived. The distance between each villa was very far. Even if she died here, no one would know.

Meanwhile, Zhong Qianqian noticed that Gu Mingzhe merely watched her coldly. His eyes were filled with disgust and disdain as if he was looking at bacteria.

No matter how much she cried for help, no matter how much she begged him to protect their baby, Gu Mingzhe never asked Huang Yuhan to stop. He allowed Huang Yuhan to vent on Zhong Qianqian by kicking her continuously in the stomach.

Zhong Qianqian felt her entire body turn cold as her heart froze. However, a warm feeling slowly flowed out of her lower body.

She knew that she was done for. Completely done for!

Zhong Nuannuan, that damned b*tch! Not only had she acknowledged the Nangong family, but she had also completely cut off her escape route.

This devil!

This must be what Zhong Nuannuan meant by revenge!

Although the Gu family was disgusted at Zhong Qianqian, they did not want to get involved in a murder at such a critical time.

To prevent Zhong Qianqian from spouting nonsense in front of the media and making things worse for the Gu family, the Gu family sent Zhong Qianqian to the hospital before having a press conference. They publicized the contract that Zhong Qianqian signed with Gu Mingzhe after murdering someone. That contract made Gu Mingzhe link her up with the Nangong family so that they could release her from jail.

Chapter 1036: Zhong Kuijun In Prison

Then, the Gu family told everyone that Zhong Qianqian was in the hospital because the Gu family wanted to divorce her. However, she threatened the Gu family with the baby in her stomach. Eventually, she fell into the cold pool outside the house in the cold winter, resulting in her miscarriage.

Therefore, the Gu family unilaterally announced that they would officially terminate their contract and marriage with Zhong Qianqian the next day. They would no longer have anything to do with each other.

When the press conference was held, they shot the scenes in a VIP ward. However, right after the press conference ended, Zhong Qianqian was thrown into the normal ward.

When Zhong Qianqian woke up in the noisy room, she found herself lying in a room with six people.

All the women in the room had families to take care of them, but one look was enough to tell that they were commoners.

Zhong Qianqian rang the bell attached to her bed, but the doctor did not come immediately.

Therefore, she could only scream and ask the doctor if she miscarried.

However, the room was filled with patients. It was nighttime, and many of them were already resting. After her sudden yell, everyone was extremely annoyed. They all suggested for her to lower her voice.

Zhong Qianqian had never suffered like this before. She scolded these people whom she did not need to flatter.

Not only did she call everyone else a busybody, she even called them lowly commoners. She asked if they knew who she was and if they knew how important the child in her stomach was.

Everyone was furious. They never expected to share the same ward with a mad dog. Yet, they were afraid that she might be someone with some form of power, so they did not dare retort. They merely recorded Zhong Qianqian's shenanigans and posted the video online.

The originally inconspicuous video turned into instant gold to a sharp-eyed reporter. The reporter immediately reposted the video to a major verified account among the entertainment circles, allowing everyone to witness Zhong Qianqian's ugly face once again.

After that, nobody paid her any attention anymore. Zhong Qianqian descended into poverty and miscarried. She wanted to use this opportunity to gain the public's sympathy while blackmailing the Gu family, but nobody would pity her anymore.

After all, someone like her deserved every mishap that had befallen her.

For the baby to have miscarried before taking form, it was Gu Mingzhe's narrow escape.

On the other hand, Zhong Kuijun.

He had been waiting to be rescued from the isolated cell he was in.

It had been a long time since he was arrested, but no one had come to interrogate him.

Initially, Zhong Kuijun was nervous and afraid, but as time passed, he thought that Zhong Qianqian must have found her family and become the precious miss of a first-tier or second-tier family.

Therefore, even though he was guilty, the military base had no choice but to find the most appropriate solution under the pressure exerted by the force unknown to him.

In fact, Zhong Kuijun was convinced that the longer he stayed here, the better Zhong Qianqian's solution would be.

Zhong Kuijun thought that Zhong Qianqian was the better daughter after all.

Unlike Zhong Nuannuan, who had embarrassed him in front of so many people!

If he had known earlier, he would not have saved her after the bone marrow transplant. This way, without Zhong Nuannuan, she would no longer threaten Qianqian. She could be accepted by Pu Yu's family any way she wanted, and there would be no way for her to be exposed.

Consequently, Chi Yang would never discover Zhong Kuijun.

He could not help feeling that Chi Yang must have discovered the truth because Zhong Kuijun had gotten too close to Chi Yang. He had underestimated Chi Yang.

Chapter 1037: Confidence

Anyone who became that organization's target was definitely not ordinary people.

Therefore, after staying locked up for so long, the only decision he made was to come up with a foolproof way to get rid of Zhong Nuannuan after his release. Otherwise, Zhong Qianqian would be exposed one day. And when the truth had been unearthed, it would soon be his turn.

Zhong Kuijun lay in the hard bed, frowning.

After enjoying many years of luxury, he was no longer used to hard beds like the ones at the military base.

Suddenly, he heard footsteps coming from outside the door—a lot of them too.

Zhong Kuijun jolted and sat up from the bed slowly.

The door opened.

Zhong Kuijun looked at the door, beaming with hope. He hoped that it was Qianqian, or whoever from a first-tier wealthy family supporting Qianqian, or the people from the justice department.

That way, the chances of him getting out was 90%. Even if he could not get out, he would go to jail for a year at most. Then, he could get out of jail through compassionate release.

Zhong Kuijun looked at the door expectantly.

The person who came in was from the justice department—the person who arrested him. After coming in, he looked at Zhong Kuijun with an unreadable expression and then moved aside.

Zhong Kuijun nearly burst out laughing.

If that was not helplessness in the man's eyes, Zhong Kuijun did not know what was!

(The comrade from the justice department thought, '...which eye of yours saw that? Come, let me help you extract it and then, cleanse it!')

However, the faint curl on the corner of his lips froze the moment he saw Nangong Nuannuan.

"Nuan... Nuannuan? Why is it you?"

Zhong Kuijun was shocked. Could it be that Nuannuan was the one who had been helping him from the outside this whole time?

"Why? If it's not me, are you expecting Zhong Qianqian to be here?"

At that moment, Zhong Kuijun withdrew his guesses.

Forget it, his utmost priority was to leave this place.

"How's that possible? I've always thought that only that wicked girl would help me. It's just that... you seemed to have misunderstood me last time, so I didn't expect it would be you."

Then, Zhong Kuijun looked at the people from the justice department and asked with a smile, "Then... can I go out with you now?"

Nangong Nuannuan smiled. "As a commander, you helped KE launder money and use Cloud Group's warehouse to help store their firearms. Then, you followed Qu Mingyi and Luo Shangyi's orders to harm your comrades, consequently causing the death of many soldiers. The entire Jiang District is in such a mess because of all of you. After all that, my Big Brother Chi Yang had to wipe your butts after you. What convinced you that you can leave? Why did that confidence come from?"

Zhong Kuijun's face had already frozen in shock when Zhong Nuannuan mentioned him helping KE launder money.

The more she spoke, the paler Zhong Kuijun's face became.

It was when Nuannuan mentioned Qu Mingyi and Luo Shangyi did Zhong Kuijun's face turn completely ashen.

He had been following Luo Shangyi's orders and Luo Shangyi was all he knew about. He did not know Qu Mingyi at all.

He thought about the person who always acted so righteously in front of him but also so easygoing he reminded Zhong Kuijun of a sly fox. Was he... also one of KE's people?

If even Zhong Nuannuan knew about this, that meant Chi Yang must have told her this.

In other words, not only was he in trouble now, even Luo Shangyi and Qu Mingyi were in trouble.

No wonder... no one came to interrogate him.

That meant he would never get out of here, did it not?

The thought of spending the rest of his life in prison was unacceptable to Zhong Kuijun.

Chapter 1038: Unfilial

No, Zhong Kuijun still had a big company, along with the 1.8 billion inheritance left behind by Pu Yu. In fact...

He thought about how Zhong Qianqian was going to be associated with all the first-tier wealthy families in Camino and how he would become the nation's model father. In the future, he would be able to enjoy endless resources and his Cloud Group would be able to soar like the Gu family.

The Gu family relied on the Huang family while he relied on the first-tier wealthy families...

Thinking about how he might become the leader of a second-tier family, Zhong Kuijun's heart raced. How could he accept going to jail willingly?

Therefore, even though Zhong Kuijun knew things were about to go down with Nangong Nuannuan's accusation, he would not admit defeat until he reached the final step.

"What laundering money? What concealment of firearms? Nuannuan, what are you saying? Why can't I understand them? How can you talk about your father like that? Don't you know that your surname is Zhong too? Don't you know that if you frame me for something I didn't do and something happens to me, everyone will only laugh at you? Why do you think Chi Yang likes you? Why else if not for your family background? He knows that I, Zhong Kuijun, am not just a lieutenant, but also the true mastermind behind Cloud Group. Chi Yang is just a poor captain from a rural village. How did he end up with so much money? How did he afford to buy you a dress that cost 7.5 million? Do you think Chi Yang has a clean slate? If he's clean, he definitely can't afford to buy you such an expensive dress! So, Nuannuan, the only logical way of the world is for the strong to work together. As my daughter, don't

you think that you're being unfilial to frame your father with the comrades from the justice department?"

As far as he was concerned, he had already destroyed all evidence. Since the military base could not get any evidence, they could not arrest him simply. Although he and Luo Shangyi had a superior-subordinate relationship in the military base, the same did not apply to them in KE Organization. In KE, they were peers. They were only responsible for working for the people above them.

Therefore, even if Luo Shangyi knew about him and knew what he did, Luo Shangyi did not possess the evidence that could point Zhong Kuijun to his crime.

Regarding this, he placed complete faith in that crazy KE Organization.

"Unfilial?" Nangong Nuannuan could not help but sneer.

"You raped my mother and tricked her into marrying you. After that, you colluded with Jiang Shuwan to cause my mother's death. Then, you shamelessly took my mother's inheritance from me. However, after Zhong Qianqian got leukemia, you took my bone marrow and allowed the transplant without regard for my life. After I became useless to you, you abandoned me and sold me for a hundred thousand bucks. How dare you use the word 'unfilial' in front of me?"

This time, Zhong Kuijun's expression transformed completely.

His entire face turned sinister and terrifying. After Nangong Nuannuan finished speaking, he only had three words—

"Where is Qianqian?"

Nangong Nuannuan sneered. "Are you still counting on that good daughter of yours? Do you think that after I find out the truth—after I hand over the evidence of you laundering money and hiding firearms to the military base without any psychological pressure—I'll let you carry out your schemes successfully and let Zhong Qianqian impersonate me?"

Zhong Kuijun's eyes widened.

"You... you..."

"Show him."

At Nangong Nuannuan's command, one of the Nangong family's bodyguards walked in. Nangong Nuannuan did not even bother to lift a finger and had the bodyguard pass the item to Zhong Kuijun.

Zhong Kuijun took the paper confusedly. However, when he read what was on it, his face tinged with green turned ghastly white.

Chapter 1039: Nangong Family

Evidence!

It was all evidence of Zhong Kuijun laundering money for KE and helping them hide firearms.

He kept this evidence in his safe back them. The reason he did not destroy them was so that he could use them to claim money from the higher-ups.

After all, he should still get paid for the tasks he could not refuse.

However, he never expected that one day, Zhong Nuannuan would steal something from his safe, and Zhong Nuannuan, his daughter, would be so cruel as to betray him without any regard for the fact that they were father and daughter.

Nangong Nuannuan was very pleased to see Zhong Kuijun's face transform from one that was ready to argue to one where life left him. "Do you think that the military base can't do anything to you just because you didn't tell the truth? They're not interrogating you because there's no need for that anymore."

Zhong Kuijun staggered a few times. His legs were so weak that he could not stand straight, so he slumped onto his bed.

"That time, when I returned home, I saw the lights in the study were on. Were you inside my room then?"

"Yes."

Nangong Nuannuan's reply was casual but infuriating.

"At that time, I should have searched a little bit harder and strangled you to death!"

Zhong Kuijun's words were seeping with hatred, but Nangong Nuannuan merely responded with an indifferent smile and said something even more ruthless than Zhong Kuijun.

"You should be glad that I left when you entered the room. Otherwise, I wouldn't have shown you any mercy if I saw you really trying to kill me. Don't forget, you wouldn't be able to withstand a single move from me. To me, you're worth nothing!"

Zhong Kuijun flew into a rage out of humiliation and punched the bed. "How dare you! Is this how you talk to your father? How dare you call yourself the daughter of a duke? Doesn't Luntan teach you basic etiquette? Hmph, can't blame you either. How can the Luntanese royal family take a traitor like you seriously? To them, you're just a bastard! Zhong Nuannuan, don't forget that no matter how high you fly in the future or how badly I fall, your surname is still Zhong!"

"Who said her surname is Zhong?"

An aged but loud voice boomed from outside the door, startling Zhong Kuijun. He did not expect there to be someone outside.

Their comrade from the justice department who captured Zhong Kuijun saluted at someone the door and shouted excitedly.

"Old General!"

Zhong Kuijun was surprised. Old General? Since when Jiang District had an Old General?

The comrade's greeting had yet to end. After that, he called out again.

“Grand General!”

Zhong Kuijun almost jumped out of his skin.

Grand General?

Grand General!

In the entire Camino, there was only one person who deserved and dared to use the name ‘Grand General’.

This person was...

Nangong Shu!

Zhong Kuijun’s eyes widened as he looked at the people who walked in.

The first was a dignified-looking old man. Zhong Kuijun did not know him. After all, an officer of his rank did not qualify to know anyone who was at the same level as a head of state.

However, he had seen the Grand General before. When Leng Jinpeng was transferred to Jiang District’s military base, the Grand General had come to Jiang District for an inspection.

Even though Zhong Kuijun stood far away, the Grand General’s appearance was deeply etched in his heart.

The next person who came in was the chairman of the Imperial Palace Group, Nangong Qin, who would usually show up only in the magazine, World Financial Times. The person who came in after Nangong Qin was the person who frequently appeared on national TV, the Foreign Affairs Office Director, Nangong Zhao.

Chapter 1040: Miniscule Profit

Then, six young and handsome faces filed into the place. However, they were glaring at Zhong Kuijun with hatred!

Hatred! Hatred!

Why were they here?

Nangong Shu, Nangong Qin, and Nangong Zhao had all appeared here. Obviously, the old man standing in front of him must be the father of these three similar-looking brothers.

The head of the Nangong family, one of the most important figures in the military base in the past—Nangong Renyi!

Looking at the group of men from the Nangong family, Zhong Kuijun already knew what was going on even though they had not spoken.

Pu Yu, his first wife, was actually related to the Nangong family? Who was she to the Nangong family?

At that moment, Zhong Kuijun refused to continue down that train of thought.

He was afraid that if he thought too much, his intestines would turn green with regret.

Seeing that Zhong Kuijun did not speak, Old Master Nangong spoke. His voice was so cold that it felt like shards of ice fell alongside his words.

“Nuannuan has changed her name. Her name is no longer Zhong Nuannuan, but Nangong Nuannuan!”

Zhong Kuijun, “...!!!”

Zhong Kuijun felt like he was as insignificant as an ant before the group of giants from Camino.

Nangong... Nuannuan?

Nangong Renyi could not be bothered to waste his breath on him. He got someone to send a video of Zhong Qianqian getting married and the Nangong family acknowledging Nuannuan back to the family.

“Before I talk to you, you should take a look at this video so that we can avoid wasting each other’s time.”

Zhong Kuijun received the phone with the video playing with trembling hands.

Every time the Nangong family took out a photo and presented a piece of evidence, Zhong Kuijun’s expression turned a shade darker and listless.

When he finished watching the video, Zhong Kuijun felt like his soul had been sucked out of his body.

He was done for!

Everything was over!

The Nangong family found out about everything.

Pu Yu was actually the Nangong family’s daughter!

He had somehow married the top socialite of Camino without knowing anything!

Not only did he not know, he even caused the death of the woman he loved for such a miniscule profit...

At that moment, Zhong Kuijun felt like his intestines were turning green with regret.

If he could start all over again, he would not have allowed himself to be threatened by Jiang Shuwan and her daughter. After all, Pu Yu, no, Nangong Yu was already pregnant with Nuannuan at that time. With her demure temperament, how could she divorce him? She cared so much about Nuannuan at that time, and she was even willing to marry him for Nuannuan’s sake. Since she had already accepted how trashy he was, it would not be difficult for her to accept him again...

Zhong Kuijun regretted this dearly!

“Zhong Kuijun, let me ask you. Back then, even if you didn’t know that Yu’er was the daughter of the Nangong family, you should’ve noticed that the cards she used were never canceled because her three elder brothers had doted on her since young. The total amount of money she had was at least one or two billion bucks. Why did you abandon my daughter, who was so beautiful and rich, and choose Jiang Shuwan, who was inferior in every way to my daughter? Zhong Qianqian is older than our Nuannuan, so that meant that you remarried, right?”

Under the resentful gazes of the Nangong family men, all of Zhong Kuijun's crimes were exposed. The only thing he could do was to admit everything.

"Old General, I'll be honest here—I'm also a victim!"

After that, Zhong Kuijun told them everything about how his parents passed away, and how the Jiang family took over his family's farmland since he was a child. To get his farmland back, he had no choice but to have a wedding banquet with Jiang Shuwan. After that, he joined the army and accidentally rescued Nangong Yu, who had lost her memory. After that, he started getting closer to Nangong Yu.
