

## Physician Wife 1521

### Chapter 1521: Set Themselves At Each Other

“To be with Chi Yang, you sent an assassin to kill Nangong Nuannuan. That Nangong Nuannuan is a world-class mercenary and the queen of the world of assassins. Even if you have Rank-3S bodyguards by your side, they won’t be able to protect you, let alone if you send a bunch of low-class assassins to kill her. However, I’m different. She and I are nemeses. In this life, either I live or she dies. Therefore, only I can avenge you. Otherwise, you’ll forever be bedridden, unable to take care of the necessities such as excreting. You can only rely on IVs as you hold onto your dear life. Don’t you feel aggrieved? Come on, it’s just a little pain. As long as you relax, it will pass very quickly.”

With that, the white light lunged at Shi Yalin.

Shi Yalin screamed and resisted, but she realized that the white light was too strong. Suffering from the pain that came from the external and the knowledge of how weak she was, Shi Yalin realized that she had no way of fighting this invading woman.

The woman knew how to attack her soul and consciousness, but Shi Yalin only managed to figure out how to attack her opponent at her final moments. By that time, she no longer had much consciousness left.

Even though she consumed a small portion of the invading woman’s soul, it was of no help to the battle.

After devouring the final bits of Shi Yalin’s soul, Shi Yalin was completely destroyed.

Before losing consciousness, Shi Yalin saw a shadow in the white light, and she floated toward it involuntarily.

After that, Shi Yalin completely lost her senses.

One hour later, the ‘Shi Yalin’ who lay on the car seat horizontally suddenly opened her eyes.

Her eyes, which were originally plain and uninteresting, were now bright with the schemes she housed in her mind.

When she saw the man next to her, Shi Yalin’s lips curled into a smile. She slowly moved her limbs and pushed herself up from the carseat.

“Thank you, Godfather!”

Feng Tan looked at Shi Yalin with a satisfied expression, and said, “Wen Wan, you’ve already died once, and you know how cruel Feng Shengxuan is. I hope that you won’t ruin my plans and make decisions on your own. Otherwise, even I won’t be able to save you if even this body dies.”

Wen Wan—no, more accurately—Shi Yalin laughed coldly. “Godfather, don’t worry. I won’t be so foolish anymore. Feng Shengxuan actually shot me mercilessly for that b\*tch, Bai Liyue. I’ll never love him again. I want them dead! I want them all dead!”

A look of gratification appeared in Feng Tan’s eyes.

It seemed like the soul cultivation that lasted forty-nine days was not wasted.

Wen Wan's spirit was adamant about returning to her own home. That was why she had such unrealistic fantasies and obsession toward Feng Shengxuan, leading her to make many mistakes just to obtain Feng Shengxuan.

However, her current Wen Wan, or more accurately, Shi Yalin, would not cause similar problems again.

This was because even she herself was unaware that the man tampered with her soul while she was recuperating. Toward Chi Yang or Feng Shengxuan, perhaps she would continue to lust after them when her soul slowly recovered. Yet, at least for now, he could use Wen Wan without worry.

"All of them can die, but you must understand that if you want all of them dead, you'll have to set themselves against each other."

Shi Yalin scoffed.. "I'll think of a way to ruin their relationship. Nangong Nuannuan and Chi Yang will be on one side; Bai Liyue and Feng Shengxuan will be on the other side..."

## **Chapter 1522: Miss Shi**

"At the same time, Nangong Nuannuan has a good relationship with Feng Shengxuan and Bai Liyue, so Nangong Nuannuan and Bai Liyue are the key. As long as Nangong Nuannuan dies or her life is threatened, Chi Yang will definitely destroy Feng Shengxuan at all costs. If Feng Shengxuan dies, Bai Liyue won't let Chi Yang off. Or if Bai Liyue dies and Feng Shengxuan's hypnosis is removed, Feng Shengxuan will definitely avenge Bai Liyue and find trouble with Chi Yang."

"That's true, but what do you think we should do to make escalate the situation into what you said just now?" Feng Tan asked.

"Feng Shengxuan is currently recuperating in the Chi residence. From the looks of it, he doesn't intend to make a move. Then, we'll add fuel to the fire—let Nangong Nuannuan and Chi Yang inadvertently discover that Feng Shengxuan is KE's King. This way, making an enemy of Feng Shengxuan will be certain because of Chi Yang's identity. Of course, what I yearn to witness even more is whether Chi Yang would choose to put justice before his family when he finds out that Nangong Nuannuan is KE's Queen, or pretend not to know. Godfather, you have Nangong Nuannuan's details, right?"

"No."

Feng Tan's words stunned Shi Yalin.

"How can that be?"

"Feng Shengxuan made it a point to clean up Nangong Nuannuan's information personally. I'm afraid it won't be easy to find details about her. However, it isn't completely futile. I still have photos of the young Nangong Nuannuan when she was in KE. Once these photos are sent to the military base, I'm afraid they won't allow such a person to be with Chi Yang, even if they can't confirm the authenticity of the photos.

“Meanwhile, as the young miss of the Shi family, you can ask the Shi family to add fuel to the fire and destroy the entire Nangong family.”

“Okay, Godfather, I understand. Don’t worry, I won’t disappoint you.”

Feng Tan nodded.

“There’s no rush. It makes no difference to wait for a while longer after all the time we spent waiting. You’ve only just taken over Shi Yalin’s body, so you need to get used to it. Once you’ve gotten used to it, we’ll discuss it further.”

“Yes.” Shi Yalin obediently accepted the order and continued, “But Godfather, Nangong Nuannuan is still surrounded by a group of people who can get in our way, especially that Dan Qi. Not only is he skilled in combat, but his hacking skills are also unparalleled. With him around, Nangong Nuannuan will have possessed a cheat. My intention is to get rid of those troublesome people, especially Dan Qi. We have to act before they do.”

Feng Tan nodded. “You’re right. I’ll send someone over to you, and you can do it in private. After all, Feng Shengxuan has been keeping an eye on me, so I can’t do anything out of line.”

“Yes.”

When Shi Yalin returned to the Shi family, the whole family was in an uproar.

Everyone in the Shi family, including the sick Old Master and Shi Yalin’s father, Shi Maode, sat in the living room, waiting for news.

When they saw Shi Yalin return, everyone immediately stood up. Shi Zhongyu rushed to Shi Yalin’s side excitedly. He looked at her limping legs and the wounds all over her body. He hastily asked, “Yalin, what happened to you? Who injured you so badly? Doctor Zhou, come and tend to my sister’s injuries.”

Shi Zhongyu was overprotective of his younger sister too. He lifted Shi Yalin in his arms, rushed to the sofa, and put her down on the empty sofa so that she could lie down.

The Shi family’s elders and Shi Yalin’s cousins also gathered around.

“Yalin, what happened to you?” Shi Maode asked concernedly with a voice tinged with heartache.

“Did Nangong Nuannuan do this?” Her fourth uncle, 13th Officer of the executive hall, Shi Maowen, asked her.

### **Chapter 1523: Nangong Nuannuan’s Identity Exposed**

Shi Yalin was silent for a moment before replying, “Nangong Nuannuan stopped me on my way home today.”

“Her men killed those bodyguards?” Shi Zhongyu asked, dumbfounded.

Shi Yalin shook her head. “It wasn’t her men—she did it herself.”

“What?” Everyone from the Shi family cried out in disbelief.

“Yalin, did you see that wrongly? Dad found these bodyguards for you. They were all Rank-S bodyguards. Nangong Nuannuan is just a young miss from a rich family. How could she have killed so many Rank-S bodyguards?”

Shi Yalin shook her head fearfully. Then, she turned to look at Shi Maowen before replying, “Fourth Uncle, you’re right. It’s all my fault. I should’ve apologized to Nangong Nuannuan earlier. If I had gone along with you and apologized to her a few days ago, I could’ve avoided what happened today. Then, Nangong Nuannuan... she...”

“What about her?” Shi Zhongyu asked.

“Second Uncle, Fourth Uncle, have you heard of KE Organization?”

“Of course,” Shi Maocheng and Shi Maowen exclaimed in unison. Even Shi Maode and the young masters of the Shi family said the same thing.

“KE is the most powerful mercenary organization in the world, and it’s on every head of the state’s blacklist. While the people in their organization are all mercenaries above Rank-S, the people at the first of the ranks are even stronger than those special, special agents in the movies. So long as they’re willing, they can take control over a country. Are you asking about KE because... Nangong Nuannuan spent those 14 years in KE when she was thought to be missing, am I right?”

Shi Maowen was the smartest among all the second-generation members of the Shi family. Although he was the youngest, he was very tactful. That was why he was able to become the 13th Officer of Camino’s executive hall at such a young age.

Shi Yalin put on a fearful farce as she nodded in tears. “That’s right. In the 14 years that Nangong Nuannuan was kidnapped, someone kidnapped her to KE and made her a killer.”

The Shi family, “...!!!”

“When my convoy was stopped...”

Shi Yalin explained in detail how Nangong Nuannuan had killed 11 of the Shi family’s Rank-S bodyguards. When she told them about how Nangong Nuannuan had used a poker card to decapitate the Shi family’s 11 Rank-S bodyguards, everyone’s expression changed.

“I got to know Nangong Nuannuan’s identity because of the two bodyguards who were guarding me. They were the only two left. They were afraid of Nangong Nuannuan, and their voices were shaking. After they asked Nangong Nuannuan if she was KE’s Queen, she admitted that she was, and they... committed suicide.”

“What?”

This time, the people from the Shi family started to fret.

Shi Maowen, who was usually elegant and calm, had his eyes widened to the maximum at this moment. Disbelief was written all over his face as if someone had grabbed his neck.

“What... did you say? Before the bodyguard committed suicide, they asked if she was... Queen? Are you sure you heard correctly?”

Shi Yalin's eyes were filled with fear. "No, I'm very sure. They asked her if she was Queen. She even answered them with a smile before the two bodyguards abandoned me and committed suicide."

The Shi family, "...!!!"

Being shocked was an understatement to describe the emotions that currently swept through the Shi family.

Hearing KE's name was frightening enough, what more King and Queen—the two existence that reminded people of death at every mention of their names.

"No wonder Nangong Nuannuan can own billions' worth of assets at a mere 17 years old.. She must have a powerful background. KE's Queen... the chairman of Tianheng Holdings... Hehe, does the Nangong family know that their daughter has such a powerful identity?"

### **Chapter 1524: Strange Encounter**

After recovering from his shock, Old Master Shi Gen chuckled.

His second son, Shi Maocheng, chuckled too.

"As the crown prince of the military, I can't believe Chi Yang will still want to marry that succubus. I wonder what the president would think if he were to find out that the person he trusts so much wants to marry KE's Queen!"

"Second Brother." Shi Maowen called out to Shi Maocheng. "The Chi family is the power we should strive for. Regardless of whether they're on the Nangong family's side, Old Master Chi has the most disciples under him. Therefore, no matter what, even if Old Master dislikes us in the future, we mustn't throw rocks at the Chi family when they're down. We have to be the most tolerant toward the Chi family. Otherwise, we'll turn our good cards into bad cards."

Shi Maocheng had complete trust in Shi Maowen's words.

"Alright, I'll do whatever you say. We won't target the Chi family. Yet, the Nangong family... Nangong Nuannuan will become the biggest breakthrough in killing this elephant."

Shi Maowen inhaled deeply, thought for a moment, and huffed. "For the time being, don't act rashly regarding Nangong Nuannuan's matter. If she's really Queen—judging from her ability to become a leader among international mercenaries at such a young age—it's proof of how powerful this woman is. If we act rashly, not only will we alert the enemy, but it will also put all of us in danger. After all, this woman and KE's higher-ups are people who can infiltrate the most secure areas of the country directly and kill the most important leaders. If we provoke her, our Shi family might suddenly be wiped out at her whim."

The Shi family, "..."

That sounded about right!!!

The fact that Nangong Nuannuan was Queen would become the biggest stain on the Nangong family's reputation. However, it did not occur to them that once Nangong Nuannuan found out that the Shi family already knew about her background, she would definitely silence them with death.

Even the head of the state could not prevent KE's higher-ups from assassinating them, let alone the Shi family.

Until now, the Shi family only had three Rank-S killers. They were nothing compared to Nangong Nuannuan, who was a bigshot among Rank-3S mercenaries.

"Yalin, how did you survive? Logically speaking, since you know about her, there's no reason for her to keep you alive."

Fear overwhelmed Shi Yalin's face. "That woman is terrifying. At that time, I stepped on the accelerator and was about to leave, but she pulled me out of the car window. I scratched my leg on the broken window glass. Then, she told me that she was very angry at me, but she had already turned over a new leaf, so she did not intend to kill me and wanted to keep me alive. After that, she jabbed me in the brain with a needle and said that she wanted me to become a sentient vegetable."

Then, Shi Yalin proceeded to tell everyone about how Nangong Nuannuan had destroyed her nerves; how she retained all of her consciousness even though her body refused to listen to her commands.

Shi Zhongyu snorted in anger. "B\*tch! She killed so many people from our Shi family, yet she still says she turned over a new leaf? Is she joking?"

"Then, how did you get out from that state?"

At this point, Shi Yalin, who had been terrified, finally revealed an excited smile.

"That's because I met an altruist. Not only did he use silver needles to cure me and wake me up, he also said that he would teach me a unique method to make our people stronger."

After saying that, Shi Yalin looked at Shi Maocheng and asked, "Second Uncle, have you heard of the people who became test subjects?"

## **Chapter 1525: The Precious Baby of the Shi Family**

Shi Yalin believed that the Shi family was aware of the test subjects' existence. After all, Chi Yang had transferred a group of test subjects to the Medic Association Hospital after capturing her (Viper) people.

Recently, Shi Maocheng had kept the medical experts in the laboratory busy by researching those test subjects. However, after such a long time, nothing else happened save for a single death.

Shi Maocheng had always been piqued to know Viper since the last time he saw these people in Eagle Special Forces. He wanted to know how to create a test subject from her. Now that he suddenly heard Shi Yalin mention those test subjects, Shi Maocheng's eyes lit up. "Yalin, how did you find out about the test subjects?"

“That’s because the person who rescued me was the creator of those test subjects. He has a grudge against Nangong Nuannuan. So, when he saw how badly I was hurt by that b\*tch, not only did he save me, but he even said that he would teach me how to create the same test subjects in private.”

“What?!” Shi Maocheng’s excitement altered his voice.

Not only Shi Maocheng, but everyone in the Shi family started to get agitated.

Ever since they heard what Shi Maocheng said, almost everyone in the Shi family wanted to create a test subject. With extremely powerful test subjects on their side, they could do many things in secret. At the same time, they also created the necessary conditions that would enable Shi Maowen to compete for the position of being president in the future.

“Is that for real, Yalin? That’s what the person who saved you said?” The usually calm Shi Maowen’s eyes glistened with a peculiar light.

“Yes.” Shi Yalin nodded. “I’ve already acknowledged him as my master. He’ll teach me how to create test subjects. He said that once our Shi family masters this technique, we’ll have many killing machines like Nangong Nuannuan who are loyal to our Shi family. They’ll never betray us. Furthermore, he can help Fourth Uncle become the president.”

“Wonderful!” Everyone from the Shi family exclaimed in unison.

The source of their excited response originated from their desire to have those test subjects on their side ever since the day they realized the test subjects’ existence.

Now that the opportunity had fallen into their laps from the sky, what reason did the Shi family have to turn it away?

“However, Master also said that our Shi family isn’t strong enough yet. If we want to trample on the Nangong family and destroy them completely, we have to conceal our strength and bide our time. Therefore, we cannot offend the Nangong family, for now, especially Nangong Nuannuan. Master said that Nangong Nuannuan isn’t someone we can touch at the moment, because even those good friends of hers were once KE’s top mercenaries too.”

“Your master knows about KE?”

“Yes.” Shi Yalin nodded. “Because my master has a grudge against Nangong Nuannuan, he has decided to help me and the Shi family.”

“No wonder.”

The men from the Shi family nodded. The old master, Shi Gen, added, “Then, our Shi family will stay out of trouble with Nangong Nuannuan temporarily. Not only does she control Tianheng Holdings, but she also has the backing of the Nangong family. She’s also very skillful. If we provoke such a person, the Shi family will indeed suffer.”

Shi Yalin nodded. “My master said that originally, I’d never wake up after I became comatose. To Nangong Nuannuan, I should be a living dead who would keep her secrets forever. Therefore, the best way to go about this is to make a big fuss about my treatment. Waking up a while after that, I’ll say that I’ve lost my memory. This will prevent Nangong Nuannuan from trying to kill me again.”

Shi Yalin was not only the precious baby of the Shi family now.. If she could really recreate those test subjects, then she would truly be the Shi family's golden goose.

## **Chapter 1526: Defamation**

The Shi family would definitely listen to her.

"Okay. Stay at home during this period. We'll announce to the world that you've woken up after a while, but you've lost your memory."

Shi Yalin shook her head. "Dad, I don't want to stay at home. I want to visit Second Uncle during this period of 'coma'. Second Uncle, please give me a special laboratory. I want to do some experiments."

When Shi Maocheng heard that Shi Yalin was going to start experimenting immediately, he was naturally overjoyed.

"Okay, I'll arrange it immediately and prepare a laboratory for you. If you need anything, just tell me. I'll definitely satisfy all your needs."

Shi Yalin's eyes glimmered. "Okay."

After all, when Feng Shengxuan transferred Imperial Phoenix Group overseas without a word, the industrial chain that supported her laboratory was broken. Now that she had such a powerful backer like the Shi family, she would have endless resources.

"But Yalin, you've only just become a disciple. Don't you need to go to your master's place to learn?"

A mysterious smile appeared on Shi Yalin's face. "Second Uncle, studying is useless in this case. My master has already inserted the most important knowledge in my head, so I can make the first batch of test subjects when I go to the laboratory tomorrow."

"Really?" Everyone's eyes lit up.

"Hahahaha... When Yalin was born, I said that the stars are aligned for this girl and would definitely bring fortune to our Shi family. See? I'm right, no? You brats said that I was superstitious back then, but I'm pretty sure that you agree with my statement now, right?"

Shi Gen was happy, and so was everyone in the Shi family. After all, Shi Yalin's fortuitous encounter that originated from a disaster had made the Shi family extremely powerful. All of a sudden, shaving off the 12th Officer's influences did not seem that far-fetched.

Even though Nangong Nuannuan had supernatural abilities, she never believed in the existence of supernatural beings in this world. Therefore, she would never have known that Shi Yalin, who she had turned into a living dead person, had her soul switched out.

That night, Nangong Nuannuan received an unknown call.

Picking up the phone, a familiar voice came through.

"Miss Nangong."

“Chairman Shi, are you calling me at this hour to ask me to give you the land again?”

At the mention of that piece of land, Shi Maode felt stifled. However, when he thought about how Nangong Nuannuan was KE’s Queen, he felt a little apprehensive.

However, to confuse Nangong Nuannuan, Shi Maode pretended to be angry and asked, “Miss Nangong, my daughter was harmed on the way home tonight. All 11 of the Shi family’s bodyguards are dead, and my daughter, Shi Yalin, is found covered in blood. She can’t wake up no matter what we do. Miss Nangong, do you have any leads on this matter?”

“Oh? Is your precious daughter unconscious? Chairman Shi, even though I know some acupuncture, I really don’t want to save your daughter. The Shi family is so rich, you should find someone else!”

“Nangong Nuannuan, let’s not beat around the bush. Did you do something to Yalin?”

“Chairman Shi, you’re weird. I only bid for a piece of land openly with you, and I did it fair and square. Chairman Shi, did your daughter do something bad to me? Now, that she’s in trouble, why else would you approach me? If you don’t have any evidence, that’s considered defamation. Be careful, or I’ll sue you!”

With that, Nangong Nuannuan hung up.

Just as he hung up, Aiden’s call came in.

“Aiden, what’s up?”

## **Chapter 1527: Heading to D Country**

“Boss, something happened in Naboo.”

Hearing that something happened in Naboo, the hairs on Nuannuan’s body stood up and her heart tightened.

“What happened to him?”

Aiden was startled for a moment before realizing that Chi Yang had yet to return from Naboo. “Boss, it’s not about Bro-in-law. It’s about our Phoenix Pavilion.”

Nuannuan, who straightened her back instantly, slouched back down in relief. She nestled in the folds of her soft blanket comfortably and took a sip of yogurt before asking, “What’s up?”

To her, nothing could be too concerning no matter how severe the issue was, especially when it came to work-related matters.

The only thing that mattered to her, constantly, was her Big Brother Chi Yang.

“Wei Du and Pang Long are locked in a fierce battle, and both sides are equally matched. The situation in Naboo is getting more and more chaotic. Pang Long plundered the Naboo’s treasury before he left, and the remaining funds have been decreasing in the past month ever since the fight started.”

“So, that old fart, Wei Du, has taken a fancy to our Phoenix Pavilion?”

While Aiden was still relishing in telling the tale, Nuannuan blurted out what would happen next.

“...yes.”

“So, he plans to lay a hand on my Phoenix Pavilion?”

“He didn’t say it explicitly, nor did he try to steal it openly, but he got the person-in-charge to give you a call, saying that he wanted to invite you to a banquet. That’s the reason I called—if you don’t want to go, I’ll turn down his offer. After all, the advanced weapons in their arsenal are all provided by Imperial Phoenix Armament Group.”

Imperial Phoenix Armament Group was the largest firearms merchant in Sab. When some small countries could not obtain advanced weapons from another country, most of them would approach Imperial Phoenix Armament Group because this company that parked under Imperial Phoenix group was the largest firearms dealer in the world.

Therefore, it did not matter if Nangong Nuannuan chose not to attend the banquet. If Wei Du wanted to target Phoenix Pavilion, then Sab would simply stop providing him with weapons.

“Sure, I’ll go.”

It turned out that Aiden was ready to be turned down. He was shocked when his boss actually agreed to the invitation.

“Boss, you just want to see Bro-in-law, don’t you?”

Nuannuan instantly broke into a smile.

“Yeah, how did you guess?”

Aiden, “...” It was not that hard to guess, was it?

“Then... I’ll inform Wei Du about that?”

“Sure.”

“Then, when are you free to see Wei Du?”

“Anytime.”

Aiden, “...”

Realizing that he would not be able to get answers from Nuannuan today, Aiden continued, “Let’s plan the meetup when we’re actually there.”

“Sure.”

“Then... when are we leaving? Who are we bringing?”

“You and Big Sis Yue have plenty to keep yourselves busy here. You two should stay here. I’ll bring Dan Qi and Selina with me.”

Aiden brooded on that decision and asked worriedly, “Just the three of you?”

“Yeah.”

“But all three of you don’t know anything about the company, and you often make decisions on a whim. Are you sure you can talk business with Wei Du?”

Stunned, Nuannuan replied, “Who said I wanted to talk business with him? Didn’t you say that Wei Du wanted to treat me to a meal? Then, I’ll go have a meal and come back.”

“...Boss, bringing them along for a meal isn’t your goal, isn’t it? You just want to see Bro-in-law, right? I should go with you guys!” How did this plan end up sounding so unreliable?

“Alright, alright, don’t be so long-winded. I’m the chairman of Imperial Phoenix after all.. How can I sell my business for a meal? Stop being a worrywart! Consider this done.”

### **Chapter 1528: Feng Shengxuan’s Love Rival**

The thought that she would be able to see Big Brother Chi Yang soon sent Nuannuan on cloud nine.

In the past ten days, Big Brother Chi Yang called her once. However, in less than two minutes, duty called and he had to hang up.

It had been 52 days since she last saw Big Brother Chi Yang. Nuannuan felt like the vines of longingness in her heart had already transformed into a tree that cast a shade onto the world.

Other than Big Brother Chi Yang, almost nothing else interested her now.

In addition, she was worried that he would not be able to sleep well. In fact, even if Wei Du was not in the equation, Nuannuan had planned to go to Naboo herself.

The next day, after performing acupuncture on Feng Shengxuan, Nuannuan told him her decision.

Feng Shengxuan was putting on his clothes when he heard Nuannuan’s words. He froze midair and the creeping fog in his eyes seemed to solidify with every passing second.

“You said you’re heading to Naboo, but you’re actually going to see him, right? He’s just there to keep the peace. With his skills, he won’t be in any danger. Aren’t you afraid that his men will have something against you if you rush over?”

Nuannuan had a smug look on her face. “I’m a military wife. Why would they have something against me seeing my man? They’d welcome me even more!”

Feng Shengxuan was completely upset.

However, Nuannuan had rejected him from the start. Every time he expressed his jealousy, Nuannuan would ‘remind’ him and upset him.

He heard them so much he could memorize the blows Nuannuan dealt him already. Even then, he would still felt uncomfortable every time she upset him. Therefore, seeing how adamant Nuannuan was, Feng Shengxuan stopped trying to stop her.

However, when he thought about how Nuannuan would rather abandon him, her Big Bro who was severely ill, to see Chi Yang, Feng Shengxuan felt like his heart got hollowed out. He finally blurted out, "You're willing to abandon me, who is seriously ill, just to see Chi Yang?"

Carrying a bowl of congee that Second Uncle Chi made for Feng Shengxuan, Bai Liyue paused at the door when she heard Feng Shengxuan's words. She suppressed the occasional gloominess that would appear in her eyes every now and then. She swiftly passed the congee in her hand to a servant who was passing by and returned to her room.

When she reached the third floor, her phone rang. Bai Liyue glanced at the caller ID before picking up the call.

"Hello, Young Master Xiao, is something the matter for you to call me so early in the morning?"

A pleasant male voice came from the other end of the phone. "It's nothing important. When I woke up in the morning and saw the bright sun, I couldn't help but think of Miss Bai. Before I knew it, my fingers had dialed your number. I wonder if Miss Bai would grant me the honor of having morning tea and lunch with me? At the same time, we can discuss the collaboration between Imperial Phoenix and Xiao Group?"

Bai Liyue smiled. "Are you sure you're talking about Xiao Group and not Eagle Eye Group?"

The man at the other side of the line chuckled in a low voice. He was not embarrassed at all that Bai Liyue exposed his identity. Pleasantly entertained by this conversation, he smiled and said, "Anyway, collaboration is collaboration. If Miss Bai thinks highly of me, we're all very willing to have this collaboration with Miss Bai no matter Xiao Group or Eagle Eye Group."

It was Xiao Shenbin who called Bai Liyue.

Ning Wenhao and Xiao Shenbin were Chi Yang's right-hand men, and they were also behind-the-scene bigshots who established Eagle Eye Group alongside Chi Yang.

All thanks to Chi Yang, Bai Liyue had a good impression of Xiao Shenbin after meeting him in the business world.. Recalling the decision she made for herself, she accepted the invitation after some hesitation.

## **Chapter 1529: Threat**

"Sure."

Xiao Shenbin did not actually expect Bai Liyue to agree so easily. His mood brightened significantly. "Are you staying at Grandpa Chi's house now?"

"Mm."

"Coincidentally, my grandfather also lives in this residential compound. I'll pick you up in an hour."

"Sure."

Bai Liyue went upstairs after hanging up.

In the room, Nuannuan handed a jacket to Feng Shengxuan before replying.

"If I had really abandoned you, you would have no choice but to accept going through chemotherapy. After treating you for so long, has your stomach ever hurt anymore?"

Feng Shengxuan stood up calmly, but he was only half-dressed. The bottom half of his shirt was buttoned, but the top half was not.

His porcelain-smooth skin complemented the lines where his muscles curved perfectly. He was like a piece of art that God had painstakingly carved. He emanated a strong magnetic field just by standing in the room.

However, this magnetic field... could not affect Nuannuan who was long used to Chi Yang's presence.

Feng Shengxuan slowly walked to Nuannuan's side and looked down at her. He exuded a dangerous aura full of male pheromones.

However, Nuannuan merely sensed a warm presence that engulfed her. She raised her head to look at him without feeling threatened at all.

Feng Shengxuan was dismayed.

He did not understand why everyone could sense the danger that he exuded, except Nuannuan.

It was just like when Nuannuan was freshly captured by KE and was about to undergo a harsh test. He stood jarringly conspicuous amidst those people, but the little Nuannuan was like a squishy little ball as she slowly wobbled her short legs toward him and tugged at his pants.

Other than Nuannuan, the other children looked at him with fear in their eyes. Only Nuannuan continued to lean toward him even when he was exuding a chilling presence.

Just like this moment.

Was she aware that if he wanted to, he could easily pin her down under him right now?

Feng Shengxuan slowly retracted his dangerous aura and started moving his hands. He was buttoning up the rest of his shirt.

"Just because I'm not in pain anymore, you can ignore me?"

Nuannuan was a little speechless. "Since you're not in pain anymore, it means that my treatment during this period has been effective. Even if you choose chemotherapy, I can't let you keep going through chemotherapy, right? I can very responsibly tell you that the first stage of your treatment has ended. The next stage of treatment will be a month later. If everything looks good, then it will take another two months before I can treat you again."

"You want to ignore me for a month?"

Feng Shengxuan looked at Nuannuan bleakly, reminding her of a huge puppy that was groaning pitifully on the verge of being abandoned.

"How does this count as ignoring? Cancer cells need a suitable environment and a comfy bed to thrive too. I've been giving you acupuncture every day by jabbing the cancer cells to death. Plus, you've always had a good constitution, so they can't grow anymore. I can't even find any cancer cells that can be killed. So, don't worry. Cancer cells won't recover their numbers within one or two months. During this time, just stay at home and recuperate. Eat, play, and rest well."

"Home?" Feng Shengxuan was displeased. "This is Chi Yang's home, not mine. I'm only here because you're here. If you leave, I'll leave immediately!"

Then, he even added, "And I won't come back ever again!"

Knowing that Old Master Chi and Second Uncle Chi really liked Feng Shengxuan...

### **Chapter 1530: Vacation**

Although Feng Shengxuan had such a weird temper, the two elders still cherished him very much, so Nuannuan made herself swallow the words that nearly escaped her lips. She stopped herself from saying, "Whatever you want."

"Then, what do you want to do?"

Feng Shengxuan regretted saying that too. After all, although Chi Zeyao was annoying, the food he made was delicious. Having enjoyed Chi Zeyao's cooking for so long, Feng Shengxuan no longer wanted to eat the food that everyone else cooked.

Luckily, Nuannuan did not make things difficult for him, so Feng Shengxuan quickly digressed.

"I want to follow you to Naboo."

"No." Nuannuan rejected without thinking.

"Little Girl, you're too much! You'd bring Selina and Dan Qi with you. I'm the CEO of Imperial Phoenix Group, after all. Why can't I go?"

"That's because you're a patient who has just recovered from a serious illness, and you still need to recuperate! Look at all those cancer patients! Has there been anyone who's running around a month after their surgery? It would be fine if they went overseas for a vacation, but Naboo is in tatters! Nothing there is good for a patient. How can I let you go?"

Feng Shengxuan's gaze softened. "Are you concerned about me?"

Was that not obvious enough?

Nuannuan could not be bothered to continue talking to him and rolled her eyes at him.

"However, you also know that I'm not such a weak person. I know more about Phoenix Pavilion than you do. All these years, I've been sending people to protect the mines and riverbeds everywhere. If I go with you, I'll get twice the result with half the effort. Furthermore, with you around, nothing will happen to my body. So, this matter has been decided."

Without waiting for Nuannuan to respond, he was already resolved to stick to Nuannuan.

She shrugged.

Nuannuan knew that Feng Shengxuan could not stand her going to see Big Brother Chi Yang. However, by the time she really met Chi Yang, she would just shake Feng Shengxuan off easily, no? Therefore, it did not matter whether he went or not.

Feng Shengxuan, who had already decided to leave with Nuannuan, went downstairs in a good mood. He even had breakfast with the Chi family.

A bowl of porridge was definitely not enough for him. He craved everything Chi Zeyao made—breakfast, lunch, and dinner.

Looking at the breakfast that belonged to him on the table, although it was not enough, Feng Shengxuan still ate it happily.

“You seem to be in a good mood today.”

At the dining table, the old master was reading the newspaper while Chi Zeyao sat beside Feng Shengxuan. Noticing how Feng Shengxuan was not complaining about the quantity of food he received, the hint of a smile playing at Feng Shengxuan’s lips added warmth and friendliness to his elegant and sophisticated image.

Feng Shengxuan looked at Chi Zeyao and blurted out, “Do you want to have a vacation in Naboo? I’ll take you there!”

Chi Zeyao, “...”

Old Master Chi, “...”

“Lil Xuan, Naboo... Isn’t that where Lil Yang is stationed for his mission? I heard that the war there has escalated.”

The old master, who had been reading the newspaper calmly and enjoying the early spring morning, lost his cool after hearing Feng Shengxuan’s suggestion.

After all, Chi Zeyao was not in good health. If he were to go to that kind of war-torn place for a “vacation”, he would be half-dead by the time he returned without the help of guns and bullets.

Feng Shengxuan had only blurted out those words because he could not bear to part with Chi Zeyao’s excellent cooking. He regretted it the moment he finished speaking.

Therefore, she could only smile and say, “I’m just joking. The decision is still up to Second Uncle. I just thought that Second Uncle might be bored after getting stuck at home for so long.. After all, with me, Nuannuan, Selina, and Dan Qi around, we’ll definitely ensure Second Uncle’s safety.”
