

Physician Wife 2151

Chapter 2151: Most Shameless Person in the World

That incident had the potential to ruin Wu Pingting. She might have never been able to live like a carefree little princess ever again after it, and might have been made to watch enviously as Xu Yunyun married Xu Feiyang.

Who could have guessed that that incident would become a turning point in both of their lives?

Xu Yunyun looked at Wu Pingting, who was sitting high and mighty beside Nangong Nuannuan, and then down at herself, kneeling on the ground. She thought about how she might spend the rest of her life in a Luntan prison. Without her parents' visits and help, and with the prison guards' and prisoners' beatings and abuse, Xu Yunyun would soon be dead. She wanted to slap herself to death.

She did not even dare to think about Xu Feiyang right now.

She only hoped that she could return to Sea District and go to prison there instead.

!!

She did not want to stay in this terrifying Luntanese state prison.

If she stayed here, she definitely would never leave alive.

Xu Yunyun kowtowed to Wu Pingting with a bang. "Pingting, I really know the mistake I made! I don't know what happened to me to do such a thing to you. I felt very regretful after the incident. Seeing you go crazy made me really sad. I cared about you getting better, so when I heard that you had recovered, I came to see you so happily. Since we grew up together and have been good friends ever since we were young, could you please forgive me just this once? Please, Pingting!"

Seeing this, Su Fei knew that her parents were useless now. These prison guards had dared to chase her parents out and beat her without restraint. Su Fei knew that this was not something she could control.

Even though she hated Nangong Nuannuan's arrogant face, she knew that she had to bow to it if she wanted even the smallest sliver of a chance at staying alive.

If she could not leave Luntan, her parents would not be able to save her.

Therefore, despite cursing Nangong Nuannuan ten thousand times in her heart, she had no choice but to imitate Xu Yunyun and kneel in front of Nangong Nuannuan now.

"Miss Nangong, Xu Yunyun was the mastermind behind this all! She was jealous of Wu Pingting and hurt her, so the Wu family wanted to capture her. She came to me to avoid being arrested. My father and her mother are siblings, and she knew that I had connections in Luntan, so she came to me and begged me to take her to Luntan.

"Miss Nangong, even though we've had a misunderstanding before, it was a very, very small misunderstanding. After we got off the plane, there was no more bad blood. You definitely wouldn't kill me over such a small matter, right?"

“Miss Nangong, it’s all Xu Yunyun’s fault. I just accompanied her to Luntan. If you want to punish someone, punish her! I’m really innocent!”

Xu Yunyun was nearly angered to death. She roared, “Su Fei, are you shameless or what? I have no grudges against Miss Nangong. You heard that she was coming to Luntan and did not know that she was Miss Sunny from the Duke’s residence, so you wanted to attack her. You thought that once she died, you would be able to seduce Lieutenant General Chi, and even if you could not, no one else could either. You tricked me into helping you hire a murderer. Now you’re blaming this crime entirely on me. How could you be so shameless and despicable?”

“Xu Yunyun, you’re the most shameless person in the world! What do you mean that you only agreed to Wu Zongxu’s request on impulse? It’s all a lie!”

Chapter 2152: Mad Dog

“Miss Wu, did you know that your so-called best friend since diapers has been speaking ill of you behind your back ever since you were young? She’s told me that you’re a silly idiot. She’s just friends with you for the benefits. She has hated you ever since you were young. She hates that you come from a better family than her. She hates that your uncle’s position is higher than any of her family members’. She hates that she is disgusted by you, yet she has no choice but to be friends with you at the request of the Xu family. She never saw you as a friend at all.

“You have no idea how happy she was when she found out that you had become a lunatic. After she found out that her uncle had framed yours, her whole family celebrated the whole day. After hearing that you had suddenly recovered and that Miss Nangong had cured you, she cursed you and Miss Nangong. It wasn’t Brother Feiyang who put the murderous spirit in her... If it wasn’t for the fact that murder, I think she would have happily cut you into a thousand pieces.”

“Su Fei!” Xu Yunyun was so angry that her face twisted up. She pointed at Su Fei’s nose and scolded her. “Stop bullsh*tting, you degenerate woman! You’ve been useless ever since you were young. I came to Luntan to escape. I wanted to reinvent myself! If you hadn’t forced me to hire a murderer, would I have done it myself? Pingting, don’t listen to her nonsense. She’s just spouting bullsh*t. She’s a degenerate. It’s clear she wanted Miss Nangong to die, so she hired a murderer. Now, she’s blaming everything on me. She even betrayed her own aunt! This had nothing to do with her aunt, but she’s dragged her into it to try to get protection from the Shipley family! She’s a lunatic!”

“You’re the lunatic! Xu Yunyun, you’re not just a lunatic, you’re a mad dog too!”

Nangong Nuannuan and Wu Pingting had said anything since entering. They just watched the two b*tches fighting.

Initially, Wu Pingting wanted to come in and show off a little so they would regret what they did.

However, it seemed they regretted their actions enough after only being caught for one day. They regretted it so much they were willing to throw each other under the bus for a shot at surviving.

Wu Pingting was bored. She looked at Nangong Nuannuan and asked, “Nuannuan, why don’t we leave?”

Nangong Nuannuan had come along to give Wu Pingting emotional support as she vented her anger. When she saw Xu Yunyun acting the way she was, Nuannuan was curious about whether Wu Pingting would be soft-hearted enough to forgive Xu Yunyun. Fortunately, she was not a martyr.

Nangong Nuannuan threw the recorder that the prison guard had just given her to the ground. Then, she stood up and said, "Big Brother Chi Yang, let's go."

Chi Yang, on the other hand, had come along to accompany his wife. Whatever his wife said, he would do.

Even though he was unwilling to let go of the people who had wanted to kill his wife, he also believed that with Queen Sophie and Duke Eton in Luntan, these two ruthless foreign women would never be able to escape justice.

Luntan's prisons seemed more suitable for them than sending them back to Sea District where they could scheme for their release.

Just looking at Su Fei's swollen face was very pleasing to the eye.

"Pingting, don't go! Please tell Miss Nangong to forgive me! I have no enmity with Miss Nangong. I really have no intention of harming her!"

"Miss Nangong, everything is Xu Yunyun's fault. Please don't drag the innocent into this! Please let me go!" Su Fei pleaded.

Chapter 2153: Listening to It

"Pingting, I can deal with you hating me, but please extradite me! I want to go to jail in Sea District. At least I'll be with my countrymen in Sea District's prison. At least I can communicate with them! Pingting, please, for the sake of our ten-year-long friendship, let me go back to Sea District to go to jail. At least let me see my parents regularly! Pingting, please!"

No matter how much the two begged Nangong Nuannuan and Wu Pingting, they did not say another word to the two mad dogs.

Wu Pingting felt like a joke and indeed like the silly idiot Xu Yunyun apparently thought she was. Even though many of Su Fei's words were meant to turn Pingting against Xu Yunyun, there was no doubt some truth in them. Xu Yunyun had never treated her as a friend. She hated Pingting for being richer and better off. She was only friends with Pingting to use her."

Xu Yunyun had been a schemer ever since she was born. Now that she was older, her schemes had only gotten more complicated. She had many times relied on Pingting's help to get the Xu family land or other benefits.

Unfortunately, Pingting had always treated Xu Yunyun as her real best friend.

If she was not a fool, then what was she?

"Pingting!"

“Miss Nangong!”

Xu Yunyun and Su Fei’s voices were still calling out desperately from behind. They did not expect this group of people to walk in then walk right back out without a word. They had stood up and left without making a decision.

Their parents, who had once been able to buy the world for them, had been chased out. Nangong Nuannuan, who could speak up for them, had left without saying a word after seeing them. They were alone in prison now. Did they really have to wait for the court’s judgment before they could see their parents again?

Would they really have to serve their sentence in a Luntanese prison?

How could this be happening?!

Su Fei and Xu Yunyun stood up, wanting to chase them. However, they had just reached the door when they were stopped by the violent prison guard from before.

The two of them screamed in fear and stepped back.

The prison guard looked at them and gave them a gloating smile. She said, “You can listen to what Miss Sunny threw to you just now.”

Su Fei was the first to react. She immediately rushed over and picked up the thing that Nangong Nuannuan had thrown on the ground.

Xu Yunyun was afraid that Su Fei would get the valuable item, so she quickly came over to snatch it. The two of them started pushing each other again. Just as they were about to fight, the prison guard walked over and kicked the two of them’s hands, which were scrambling for the object.

Su Fei and Xu Yunyun screamed as the thing was kicked away.

“Don’t wanna listen to me? I’ll hit you again!”

The two of them looked terrified. They covered their nearly broken hands and looked pitiful.

Xu Yunyun crawled over, picked up the thing, and turned on the recording. A conversation between her and Su Fei at the edge of a banquet was heard playing.

“Cousin, why the shift in expression? Who called you just now?”

“My mother.” After her words, Xu Yunyun’s cries could be heard. “Feifei, what should we do? My Xu family might be finished!”

“What’s wrong? Is it because your uncle can’t be saved?”

“Yeah. Nangong Nuannuan, that b*tch, was just too ruthless! Our Xu family had no enmity with her, but not only did she cure Wu Pingting, that crazy idiot, and not only did she find the video of my uncle framing Wu Jingzhong, but she also got someone to hack the executive hall’s network and make every executive inside, including all the presidents and vice presidents, see how my uncle framed Wu Jingzhong. How could she do that? That b*tch! That b*tch!”

Chapter 2154: These Two Recordings Alone

"Oh? So what are you going to do? If Wu Jingzhong is released, she definitely won't let your uncle off the hook. And if your uncle can't stay in Sea District, Wu Jingzhong could crush your entire Xu family with just a flick of his finger."

"Sob, sob, sob... Feifei, what should I do? My mom made me stay in Luntan for a while, but I can't go back. I hate her so much! I hate her so much!"

"I hate her too! Nangong Nuannuan... That b*tch thinks she's pretty and has a background, so she didn't recognize me as a person. Didn't you see how smug she looked when she held Big Brother Chi's arm and declared war on me? I've never seen such a disgusting woman in my life."

"That's right. When I went to see that b*tch Wu Pingting out of kindness, if it wasn't for that b*tch Nangong Nuannuan, no one would have found out that I caused Wu Pingting's psychosis. Nangong Nuannuan didn't even have any evidence, yet she immediately blamed me. Not only did she lie to me, but she also lied to that Idiot Wu Zongxu. If it wasn't for him falling into her trap, I wouldn't have ended up in this situation."

"Do you want Nangong Nuannuan to die?"

"Yes! I want both Nangong Nuannuan and Wu Pingting to die."

"I want Nangong Nuannuan to die too. Unfortunately, she's the eldest daughter of the Nangong family, so we can't do anything to her. Sigh... It would be great if you could lure her to Luntan. If she comes to Luntan, I'll show you how to kill her."

The longer Su Fei and Xu Yunyun listened, the paler they became.

This conversation had happened after Xu Yunyun's mother, Su Tong, called to tell Xu Yunyun the bad news. Su Fei had comforted her.

Who recorded this? Who?! At the time, they had been speaking so softly, and in Caminoan, no less. Who could have understood them?

Su Fei and Xu Yunyun were still trying to answer that question when the next recording began.

The voice belonged to someone using a voice changer.

"Su Fei?"

"Who are you?"

"You don't need to know who I am. You only need to know that I know you want Nangong Nuannuan to die."

"Who are you?!"

"I told you, you don't need to know who I am. You only need to answer me. Do you want Nangong Nuannuan to die? If you do, I can tell you that she's coming to Luntan tomorrow."

“What did you say? How do you know that? Who exactly are you?”

“Do you want to know the license plate number of her car and her time of landing?”

“...Tell me.”

“She’ll land at 9. Her flight number is XXXX, and her license plate number is XXXX. If you want to kill her, you’d better hire professional international mercenaries. Otherwise, you’ll be exposed if she’s not killed.”

The recording ended. Xu Yunyun and Sophie collapsed on the ground.

Forget anything else. These two recordings alone would be enough to convict them.

“We don’t just have these two recordings. We also have evidence of you purchasing a kill order, as well as evidence of the international mercenaries who were caught. This is an extremely vile case of murder for hire. Moreover, the person you tried to kill was the eldest daughter of our Duke’s residence, Empress Sophie’s favorite niece, and Duke Eton’s favorite daughter. Do you still think you walk out of Luntan’s prison?”

Su Fei, “...”

Xu Yunyun, “...”

The two of them were truly regretting their actions.

Su Fei and Xu Yunyun looked at each other in shame.

Chapter 2155: Every Step She Had Taken

If Su Fei knew that Chi Yang already had a fiancée, she would have let it go. If she knew that the plane was a charter flight that Nangong Nuannuan had booked, she would have let it go, if she had not participated when she found out that the Xu family had a grudge against Nangong Nuannuan, she would not have ended up in this situation.

Su Fei regretted her actions.

Really, really, really regretted!

All her grudges before seemed like small things compared to her loss of freedom now.

If she had not gotten used to being able to be bossy ever since she was young and always getting what she wanted, she would still be the eldest daughter of the leader of the #1 gang in Camino, War Leopard.

Xu Yunyun’s regret was no less than Su Fei’s.

In fact, when she questioned herself, she realized that Wu Pingting had been really good to her. Wu Pingting had always treated her like a close sister.

However, she had always envied Wu Pingting for being better off than her. She could not see Wu Pingting as a good friend. She always hoped that Wu Pingting would get into some trouble and be inferior to her in the future.

This twisted envy and jealousy had led her down this path. If not for it, she would not have broken the law when Wu Zongxu urged her to find someone to kidnap and rape Wu Pingting.

She would not have gone to those mercenaries to tell them to kill Wu Pingting when she saw that Pingting had received Nangong Nuannuan's help. She would not have orchestrated Nangong Nuannuan's assassination attempt.

Now, she could not return to Camino, her parents could not visit her in prison, and the matter of her being sentenced was set in stone.

When she thought about how she would have to spend every day with terrifying prisoners and with this terrifying prison guard who used violence unscrupulously, Xu Yunyun regretted what she had done.

Instead of being the young miss of the Xu family, she was now a prisoner.

Every step she had taken had been really terrible.

She wanted to apologize to Wu Pingting and ask for her forgiveness, but Wu Pingting no longer cared about her.

Her life...

Was ruined!

"Who did this? Who did this to us? Was it the Wu Family? Nangong Nuannuan did this on purpose, right?" Even though Su Fei regretted her actions, she regretted trusting Xu Yunyun even more right now.

She already knew that what she was doing was wrong. In order to make sure she was not implicated, she asked Xu Yunyun to hire the mercenaries.

At this moment, Su Fei felt that Nangong Nuannuan had dug a hole for the two cousin sisters.

The prison guard sneered. "Who do you think you are? Does the young lady of the Duke's mansion need to go through so much trouble to mess with you? Let me tell you, Miss Sunny didn't do this. The person who called you has also been arrested. She's Duke Eton's girlfriend, Emily. Because she's pregnant with the Duke's child, she was afraid that Miss Sunny would inherit the Duke's property and take it from her child. So, she wanted to use you to get rid of Miss Sunny.

"Who's Miss Sunny? She's Duke Eton's daughter. Emily was a Cinderella worried about her baby prince's legacy before she could walk even down the aisle with the Duke. She's no better than you. Think about it. Emily was pregnant with the Duke's child, and now, the Duke wasn't going to have her or the child. What more for you two?"

"You're not pregnant with the Duke's child, and you tried to kill Miss Sunny. What do you think the Duke and the Queen will do to you?"

Chapter 2156: The Beginning of a Miserable Life

Su Fei and Xu Yunyun were so regretful that their souls seemed to have been sucked out of their bodies.

Seeing their spirits crushed, the prison guard brought them back to their cells.

The two of them were locked in different rooms. Even though they fought earlier, they were looking forward to being together again. At least if they were locked together, they could still take care of each other.

After Su Fei and Xu Yunyun were locked in their cells, their fellow prisoners looked at them and smiled as they walked over.

One of the tall female prisoners put her arm around Xu Yunyun's shoulder and said, "Heya, newbie. We have to wash our own clothes here, but I don't like doing chores. So what should I do?"

Xu Yunyun was so scared that her face turned pale. She completely lost her usual elegance and arrogance befitting of the eldest daughter of the Xu family. She said submissively, "I'll help you wash them."

The prisoner happily patted Xu Yunyun's shoulder and left.

Then, a second prisoner walked over and said the same thing. Xu Yunyun also agreed to it.

Then, the third, the fourth, the fifth...

Xu Yunyun had been pampered ever since she was young. Forget washing other people's clothes, she had never even washed her own clothes before. When the sixth prisoner, who was slightly short and thin, came over, she stuttered, "B-but I already have to wash five people's clothes. I-I've never washed clothes at home before. I may not be able to wash that much my first time."

The short man smiled and slapped Xu Yunyun's face without another word. She let out a scream and fell to the ground.

The short man pounced on her and started to punch and kick her. The people at the side cheered him on.

In the end, the short man beat Xu Yunyun half to death. The prison guard standing outside saw everything. Only after the fight was over did he knock on the prison door with his baton.

The short man stopped and asked, "Do you want to wash my clothes or not now?"

"Sob sob sob sob sob sob... I'll wash them! I'll wash them! Sob sob sob sob..."

Xu Yunyun cried sadly. She really regretted rejecting him.

Why did she want to harm Wu Pingting when she was already living such a good life herself? Why did she have to provoke Nangong Nuannuan?

If she had not provoked Wu Pingting, she would still be the eldest daughter of the Xu family. Even if her uncle was caught and the Xu family was no longer the second most powerful family in Sea District, the

Xu family had a reputation that went way back and many years of savings. She could have not had to worry about food or clothing for the rest of her life. Why did she have to kidnap Wu Pingting?

Even if she could not turn back time that far, she had already escaped to Luntan before. She was already a fugitive on the run. Why did she have to try to kill Nangong Nuannuan after stepping foot in a new country?

This step-by-step downfall had led her to be imprisoned here forever, or at least for decades. How stupid was she to have done all this?

Su Fei was even more miserable than Xu Yunyun because Xu Yunyun's cellmates had only asked her for favors. When Su Fei returned to her cell, a group of people immediately surrounded her.

There were eight people in each cell, each cell had a boss.

Because Su Fei had been bullied before this, when she learned that her parents were coming to pick her up, she told the woman who bullied her and hated her beauty that she was a member of the Shipley family. The woman who had bullied her tried to run away upon seeing Su Fei come back to her cell.

Chapter 2157: All Kinds of Torture

Su Fei's previous words had frightened the woman. Therefore, when the prison guard sent Sophie back to her cell, the first thing the woman did was apply for a change of cell.

"Why do you want to change your cell?"

"Because she wants to kill me! She said that she's a member of the Shipley family. She'll kill me now that she's back!"

The prison guard there was the female police officer who had beaten Su Fei up. She smiled and said to the woman, "Don't be ridiculous. She hired a murderer to try to kill Duke Eton's daughter. Do you think the Shipley family will avenge her?"

After saying that, she pushed Su Fei into the cell and closed the door on her loud cries and screams for help.

Su Fei had left after saying those harsh words, but now she was back with her spirit broken.

Not only had no one from the Shipley family come to avenge her, but she was also crying like a stray dog.

"What did you say to me before you left just now?"

A sinister voice came from not far behind her, scaring Su Fei so much that she immediately turned around and looked at the seven people surrounding her in horror.

Even though they were all women, they were all from Luntan. These western women were all stronger than her. The only one who was even slightly beautiful was the woman she had threatened earlier.

Even though that woman was the smallest among them, the six other cellies seemed to follow her lead.

Su Fei said in a trembling voice, “Y-you could let me go a-and follow me. My family has a lot of money. My father is the boss of the largest underworld gang in Camino, and my aunt is a member of the Shipley family. I can give you any amount of money you want. Just please don’t hit me!”

She was really afraid of being hit again.

The prison guard’s punches and kicks left her with unbearable pain all over her body. If she was hit again, she might die!

The woman just laughed.

“So what if he’s the boss of the underworld in Camino? Even the boss of the underworld in Sab can’t control what goes on in Luntan’s prisons. These six people here are my girls. They’re my prison gang. I’m the one in charge here!”

Sophie, “...”

What was happening to her?

Why had they arranged such a cell for her?

Those prison guards had done this on purpose!

Nangong Nuannuan!!! She was so ruthless!!!

Su Fei’s miserable scream started up again from inside the cell.

These people punched and kicked her, stabbed her with needles, tore her hair and flesh out, and pressed her face down into the water tank.

All kinds of torture was going on inside this cell.

Thinking about how she might be bullied like this for the next few decades, Su Fei really regretted everything. She really wanted to kill her past self now.

What was wrong with her? Why did she want to compete with Nangong Nuannuan? Why did she want to kill her?

She knew that even if she had killed Nangong Nuannuan, Chi Yang still might not have even looked at her. Why had she gone to such lengths?

There were many women in the world with a status higher than her. Nangong Nuannuan was not the only one. Why had she found Nangong Nuannuan holding Chi Yang’s arm to an eyesore? If Nangong Nuannuan had chased them off the plane, she would have died in Naboo.

Nangong Nuannuan was safe and alive now, not even injured. What about her? She was locked up in this dark place and dying now.

Nangong Nuannuan and her group had left the prison, but the Xu and Su families had not.

Chapter 2158: Since Mr. Kerlow Is So Sensible

The two families got into a scuffle and blamed each other over Xu Yunyun and Su Fei's matter.

Even though Su Fei had encouraged Xu Yunyun with bad intentions, if Xu Yunyun really wanted to repent, she would not have agreed to hiring a murderer in the first place.

The Xu family said that Xu Yunyun really hated herself for meddling in the Xu family's affairs and giving the Xu family bad luck, so she could not have been angry enough to hire a murderer.

Nangong Nuannuan actually had a recording that she wanted to pass to the group of people outside so that they would be able to get an unbiased view of the situation. However, seeing them fight so fiercely, she decided to not bother.

It was pretty fun watching them fight like dogs.

Kerlow was still standing there with his three children. He looked coldly at the two sides fighting, not helping either side out.

When he saw Nangong Nuannuan and her group coming out, he immediately walked up to her with his three children.

When the bodyguards of the Duke's mansion saw this, they immediately stopped them.

When Nangong Nuannuan saw that they did not have any bad intentions, she let them come up to her.

"Miss Sunny."

Kerlow bowed to her. His two sons and one daughter also bowed.

"Mr. Kerlow, what do you have to say for yourself?" Nangong Nuannuan asked.

"My wife, Fang Lanxin, is also locked up inside. We're here to visit her today."

"Okay." Nangong Nuannuan nodded and asked, "Anything else?"

Actually, Nangong Nuannuan had no intention of arresting Fang Lanxin. She had heard from police headquarters that when Su Fei was captured, she was still clinging onto Fang Lanxin, saying that Fang Lanxin was the one who told her about the official mercenary website.

Looking at Kerlow and his three children, Nangong Nuannuan thought that they were here to beg her.

"Nothing else, no. I just hope you don't misunderstand, Miss Sunny. Even though Fang Lanxin is my wife, she should be punished for her mistakes. But she's still my wife, so I've brought our children here today to visit her. I hope she'll learn from her mistakes in prison."

Nuannuan had not thought much about Marquis Shipley's future fortune before. Now, she understood.

Even though Kerlow was widely known as a useless layabout, he had a rare empathy within him.

He had no great achievements, but he had a sincerity that would never disappoint her family. In fact, his personality was something that might even be of help to the Shipley family.

If Kerlow had come to her with a bitter face and begged her to let Fang Lanxin go, even if she was not really guilty, she would not let Fang Lanxin off so easily because she hated Su Fei.

Kerlow's words made Nangong Nuannuan feel that the Shipley family did not hate her at all.

Adrian was a marquis, after all, so Nangong Nuannuan decided to give them some face.

She said to Kerlow in front of the Xu family and Su family, "Actually, this case doesn't have much to do with Fang Lanxin. Since Mr. Kerlow is so sensible, I won't keep her in here. Go find someone to get her out."

Kerlow, "...!!!"

He stared at Nangong Nuannuan blankly for a while. His eldest son, Adam, was the first to react.

"Dad, Miss Sunny has agreed to let Mom out."

Chapter 2159: the former Sunny4

Kerlow's second son, Adel, also happily said, "Dad, let's hurry back and talk to Grandpa. Let's get our lawyer release Mom!"

His third child, daughter Carol, had a higher EQ than her brothers. She bowed to Nangong Nuannuan and said, "Thank you, Miss Sunny! From now on, we'll definitely keep an eye on Mom and never let her interact with the Su family ever again."

Kerlow finally came back to his senses. He bowed to Nangong Nuannuan and said, "Miss Sunny, thank you so much! On behalf of our family, I thank you for your understanding!"

Nangong Nuannuan nodded and turned to leave.

"Stop!"

When Su Tong heard Nangong Nuannuan say that Fang Lanxin could be released, she also wanted her to let Xu Yunyun out.

She only had one daughter. She absolutely could not watch her daughter suffer in prison.

However, to Nangong Nuannuan, Su Tong was nobody.

Her orders had no effect on Nuannuan. Nuannuan and the rest were escorted into their car by their bodyguards.

As for Su Tong, she was once again rudely stopped by the bodyguards.

After the Shipley family received Nangong Nuannuan's forgiveness, they happily went home. They actually had previously thought up a hundred ways to save Fang Lanxin. After all, Fang Lanxin was not really involved in this incident. However, they had not dared to put any of those plans into action.

Because they knew Miss Sunny's temper very well. They would rather let Fang Lanxin be sentenced than try to save her and face Miss Sunny's wrath. If they tried to save her, the entire Shipley family would be getting involved in this incident too.

Now, Nangong Nuannuan had relented. Since she had forgiven this matter, the Shipley family's lawyer could immediately get Fang Lanxin out.

She would not even have to wait until tomorrow.

"Brother-in-law, brother-in-law, since Nangong Nuannuan has forgiven your Shipley family, tell her to let our Su Fei out too! What do you think Su Fei has to do with this? She can't hold a grudge against our Su Fei just because she liked Chi Yang before, right? How many women in this world have had crushes on Chi Yang? So she'll hate and deal with them all one by one? Seriously?"

"Yes, brother-in-law, you know that our family only has one daughter, Su Fei! She's our precious daughter! She'll have to suffer a lot locked up in this godforsaken place! Su Fei is your niece, after all. If Big Sis can be released, let's release our Su Fei as well!"

That final sentence from Su Zhi and Fang Lanzhi made Kerlow and his three children laugh in anger.

"Do you know who Nangong Nuannuan is?" he asked them.

"Of course! Isn't she the eldest daughter of the Nangong Family? And now we know that she also has another identity, as the daughter of the Duke's mansion in Luntan. But so what? Even if she's the daughter of a top noble family in two countries, this is a democratic society. She can't simply detain our Su Fei!"

Kerlow said, "Empress Sophie is ranked second, and Duke Eton is fifth. Do you know why only Empress Sophie and Duke Eton remain in the royal family Now?"

Su Zhi, "..."

"Because the eldest, Gilbert; the third, Millie; and the fourth, Gustav, all want to succeed the throne. They all made a move against the empress, but Miss Sunny found out. They immediately turned around and targeted Miss Sunny, trying to kill Miss Sunny and Duke Eton, who had always supported Empress Sophie, before they came to seize the throne."

Chapter 2160: No One Dared

Gilbert and his son were slightly better off. At present, they were imprisoned in Duke Gilbert's mansion. All the servants and guards in the mansion had been hired by the royal family, so without the Empress' consent, they could not even take a step out of the Duke's mansion. The remaining Duke Millie went crazy. Duke Gustav died and was secretly buried.

No one dared to go against Miss Sunny in Luntan, because you would be guaranteed a bad ending to your life. "You know your Su Fei. I believe that you've been in contact with her every day, so you should know very well whether she's innocent or not. There's no need to pretend."

“Our Lanxin was wronged. That’s why Miss Sunny didn’t want to keep her in jail and took the initiative to forgive us, the Shipley family. If I go plead for your case, Miss Sunny might not be happy. She might not even release our Lanxin if I do that.”

Carol sneered and said, “Even if we could help you, why do you think we should? My mother was so good to Su Fei that she took advantage and asked my mother to give her the mercenary union’s contact information. In the end, she was caught and tried to blame my mother. Isn’t there a story in Camina called “The Farmer and the Snake”? Our Shipley family was so good to you, but you did such a thing to us. Now that my mother’s being saved, you want us to save your snakey daughter too? You might think we’re fools, but we’re not.”

Big Brother Adam nodded. “Right! From now on, the Shipley family isn’t related to the Su family anymore. Your daughter is so amazing, isn’t she? If there’s a way she’ll figure it out!”

!!

Kerlow also nodded. “Lanxin has promised me that she’ll sever your sisterly relationship from now on. She’ll no longer be your sister anymore. Don’t do anything under the name of our Shipley family ever again.”

After saying that, he said to his three children, “Let’s go.”

The Shipley family’s bodyguards and car were not far ahead. When Su Zhi and Fang Lanzhi saw that Kerlow was about to leave, they immediately tried to stop him. They wanted Kerlow to save them.

“Brother-in-law, Su Fei is my sister’s only niece. Are you sure you want to see our Su Fei captured like this? Even if you’re afraid that Nangong Nuannuan will harm the Shipley family, you should at the very least try to use the Shipley family’s resources to help us hire a lawyer from Luntan. You should think of a way to help us get Su Fei out. She’s our Su family’s only child. She can’t stay in prison forever!”

Carol turned to look at their aunt, Fang Lanzhi, and sneered sarcastically. “You’re funny. She’s caused my mother so much trouble, yet you still have the cheek to ask us to save that b*tch. We’re not kicking her while she’s down. She screwed herself over. And even if we didn’t put an end to this family relationship, my father wouldn’t be retarded enough to help you save Su Fei anyway!

“Besides, Sophie is your family’s daughter, not ours. Now that our families are no longer related, why should we use our resources to save her?”

“Carol, I’m your aunt! How can you talk to me like that?” Fang Lanzhi questioned angrily.

Adam, Carol’s eldest brother, shielded his sister behind him and sneered.
