

Physician Wife 2571

My Sweet Physician Wife Calls The Shots

Chapter 2571

2571 the black-bellied big brother chiyang (2)

Nangong Nuannuan understood what he meant and immediately stuffed the Red Book into his hand to prevent him from pulling on his invisible wound.

Chi Yang held the Red Book in his hand and pressed it against his chest with great care.

Nangong Nuannuan couldn't help but burst out laughing when she saw his childish behavior of being afraid that the book would be snatched away.

Brother chiyang is simply too cute!

"Chi Yang is my son, my own son! I've already been here to deliver chicken soup to him for two days. Nuannuan said that I'd bring chicken soup to him every day, so what right do you have to stop me? Nangong Nuannuan is my daughter-in-law. If you don't want me to send her, ask her to come and tell me. She agreed to this."

Zhou ruxue's voice sounded again.

Chi Yang's hearing was much better than ordinary people's, so he could clearly hear Zhou ruxue's voice.

Chi Yang looked at Nangong Nuannuan with a questioning look and frowned slightly.

seeing that he was about to speak again, nangong nuannuan immediately understood and explained, "I've checked, she was chased out by the PEI family. The PEI family gave her a task, and she can't go home until she completes it. Task one: get your forgiveness, accept her, and acknowledge her as your mother and the PEI family."

As soon as Nuan Nuan finished speaking, Chi Yang's eyes flashed with sarcasm and disdain.

"Mission two," Nangong Nuannuan continued, "it doesn't matter if you don't acknowledge her, as long as I do. I recognize that her symbol is that disheng has invested more than 7 billion in the PEI family group."

Seeing that Chi Yang's eyes were wide open, Nangong Nuannuan shrugged her shoulders. they might think that disheng is the third largest Financial Group in the world. Let alone a mere 7 billion Kamino dollars, even 7 billion cyber National dollars is a small investment. To me, it's just a drop in the ocean.

Before Chi Yang could recover from the shamelessness of Zhou ruxue and the PEI family, Nangong Nuannuan continued to slander the PEI family and Zhou ruxue.

"Her third mission was to get me to introduce my big brother to PEI Xiyu. As long as my big brother can marry PEI Xiyu, I can invest 7 billion, or you can accept her. As long as she can do anything, I'm willing."

At first, she thought brother chiyang would look like she was dreaming. But who knew that he would look at Feng shengxuan, who had just returned to his room after feeling depressed.

His eyes seemed to be saying, "this is a good idea."

"Pfft-"

The sixth brother, Nan Gongze, was the first to burst out laughing.

Nangong Nuannuan:

Feng Shengxuan:

Feng Shengxuan felt that he had been blasphemed and disgusted after the PEI family had such thoughts. Now that he was reminded of the past and Chi Yang was looking at him like that, Feng Shengxuan's firecracker-like personality was driven mad.

He felt that Chi Yang was born to counter him.

Until now, there were still many people outside who said that he was a G, and it was all because of this damn man.

Seeing that he was his cousin, he had even reluctantly given up Nuannuan to him, but this man was trying to hit him when he was down.

Feng Shengxuan immediately glared at Chi Yang.

He didn't even use his power to mess with the man even though he knew he was injured, but the Black-bellied man suddenly acted like he was weak.

Hence, Uncle Chi flew into a rage and gave him another shock.

This time, Second Uncle Chi didn't hold back. He jolted Feng Shengxuan to his feet.

Buttface, who had been staring at the door, finally understood what was going on. He was so happy that he made a sound and was even walking in circles.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2572

2572 Psychological shadow (3)

Feng Shengxuan, whose heart was now 100% traumatized:

She had just gotten over her frustration, and in less than half a minute, she was out again.

Nuan Nuan also wanted to laugh, but she thought about how Second Uncle Chi, such a gentle man, always used electricity to electrocute her son. If Brother Chiyang's injuries were better, he would also use electricity to electrocute Brother Chiyang, and her heart would definitely ache. So, she quickly changed the topic.

"Now, in order to build a good relationship with you, Mrs. PEI will cook chicken soup for you every day. The two pots of chicken soup on the table were brought by her. However, I've already asked the Executive Head Chef of Disheng's seven-star hotel to make you some soup. It will be here soon. You've just woken up and you're seriously injured, so I asked him to make you a soup without oil and very clear vegetable porridge."

Chi Yang nodded his head. He would follow his wife's arrangements unconditionally.

"But Madam PEI is still waiting outside to bring you soup and acknowledge you as her son. I got her to sign a contract. Take a look."

After saying this, Nangong Nuannuan took out the contract that Zhou ruxue had signed from the drawer and showed it to Chi Yang.

"I agreed to let her send the soup until you wake up. As for whether you acknowledge her or not, that's her business."

Chi Yang's eyes drooped.

Although Nangong Nuannuan didn't know what her brother chiyang was thinking, she knew that he was a cold-faced but warm-hearted person and an extremely upright person.

No matter how much he hated Zhou ruxue and how disgusted he was with her betrayal in the past, as a son, brother chiyang was more filial than most people.

Because of work, he couldn't go home often, so when he went home, he would try to make his family happy even though he was tired.

Nangong Nuannuan knew that a man like him would never watch Zhou ruxue be driven into a corner.

Therefore, even if brother chiyang did not say it, Nangong Nuannuan knew his final choice.

He only had a few choices. One was to give Zhou ruxue some money and deposit it in insurance. Even if the PEI family didn't care about her and kicked her out, Zhou ruxue would still be able to get a large sum of money for her daily life. The second was to wait for Zhou ruxue to be driven out of the PEI family and have no way out. Then, he would take care of her, buy her a house in a remote place, hire a good servant, and give her enough living expenses.

Therefore, Nangong Nuannuan felt that she had to make her brother chiyang cut off his connection with Zhou ruxue as soon as possible.

Just as Chi Yang made his decision, Nangong Nuannuan took out another document from the drawer.

"Big brother chiyang, before you make a decision, take a look at this."

Nangong Nuannuan took out the document and showed it to Chi Yang.

Chi Yang looked at the name of the document, and his expression was obviously stunned. When he read to the end, he, who was always calm and collected, also revealed a puzzled expression.

Chi Yang looked at old master Chi, who sighed and said, "I don't know anything. Your dad's a coward!"

Old master Chi didn't know what to say anymore.

It was such a big matter, but he had not mentioned it at all for nine whole years.

But now, he was gone.

Old master Chi had been in a daze the entire night and couldn't figure this out.

“There’s no need to guess, just ask her directly. She’s here anyway.”

after saying that, nangong nuannuan instructed the guards, ” “Bring her over.”

Zhou ruxue was still quarreling with the guards when one of them suddenly came over and said that Chi Yang wanted to see her. Her eyes lit up.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2573

2573 My son wants to see me (4)

He looked at the guard and said proudly, ” “Did you hear that? My son wants to see me! I know you all look down on me, but I’m chi Yang’s mother after all. No matter how much Chi Yang hates me, he has to support me and acknowledge me. Otherwise, he’ll be disloyal and unfilial. As a member of the Eagle Special Forces, he is absolutely loyal and filial. He will not abandon me! So, in the future, you’d better treat me well.”

With that said, he carried the thermos flask in his arms and followed the other security Captain into the ward.

In the ward, Nangong Nuannuan was sitting next to Chi Yang in her wedding dress. The entire Ward had been turned into a greenhouse with all kinds of photos hanging on it.

It could be said to be very beautiful, but the plot was simply too painful to the eyes.

Nangong Nuannuan must have been too mean and unkind, so she couldn’t get married.

however, seeing how mo tiange was so eager to marry her son, zhou ruxue still felt very happy.

So what if he was the chairman of disheng? So what if he was so arrogant that he didn’t even respect her, his mother?

She had a son, so she was not afraid.

Nangong Nuannuan was the one who proposed to her son when they got married. As long as her son acknowledged her as his mother, she would have the final say in disheng.

She didn’t believe that this woman loved her son so much. If she kept complaining to her son and acted like she was bullied by this woman, their marriage would be in trouble.

When her marriage was in trouble, she would go and get on Nangong Nuannuan’s good side. With how much Nangong Nuannuan cared about her son, she did not believe that Nangong Nuannuan would not be able to get an investment of tens of billions of Yuan from disheng.

At that time, he might even be able to get PEI Jitong to be a director of disheng or something.

Would that snobbish old lady PEI still despise her?

She would probably be kneeling at her feet and licking it.

Just thinking about it made Zhou ruxue feel comfortable.

However, this was her most important step, so even though she was thinking this, she didn't reveal it.

Building a good relationship with Chi Yang and letting Chi Yang acknowledge him as his mother was her last way out.

Under everyone's complicated and strange gazes, Zhou ruxue revealed a motherly smile. Her eyes were filled with concern, and her tears started to flow.

"Chi Yang, you're finally awake. How was it? Does your wound hurt?"

After Zhou ruxue entered the room, she quickly walked over to Chi Yang's bed with a concerned expression. The tears in her eyes could not be faked.

At this moment, Zhou ruxue wasn't feeling sorry for Chi Yang because he was crying. she was crying because her heart ached for the pain and suffering she had suffered during this period of time.

Only the heavens knew what kind of tribulations she had experienced during this period of time before she finally managed to endure until she met him.

It was simply not easy!

If the heavens gave her another chance, she would definitely not treat Chi Yang coldly like before.

She would treat him well and make Chi Yang be loyal to her.

Chi Yang looked at Zhou ruxue, his eyes full of curiosity.

He had never doubted this woman's Qianqian. That was because he was somewhat similar to her.

Even though they didn't look very similar, they did have some similarities.

After all, Zhou ruxue had been so beautiful back then that she could shake the world. his chin and eyes were very similar to hers, so he and his grandfather had never thought that the woman who had given birth to him but did not raise him, who had been indifferent to him since he was young, and who had thrown herself into the arms of another man at his father's funeral hall after his father's death was not his mother!

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2574

2574 Giving birth to you and raising you (1)

Zhou ruxue could feel Chi Yang's complicated and probing gaze, as well as the probing gazes of everyone in the room. However, she didn't take it seriously.

In her heart, she thought that everyone probably wanted to see how she was going to save Chi Yang. Even Chi Yang was full of curiosity.

Sensing this, Zhou ruxue's heart had calmed down.

Because Chi Yang's gaze towards her was not one of disgust, disdain, or hatred, but of searching.

Chi Yang didn't reply to Zhou ruxue's words. She immediately continued, "You really scared mom to death this time! When I heard that you were coming to the disaster area, I rushed over overnight. However, after I came over, I made soup every day to reward you for your exhaustion, but you weren't there. That day when you were dealing with things and heard that your life was on the line, you don't know how sad I was.

At that time, I was thinking, "you are a soldier of the combat Department, the commander of the Eagle Special Forces. We rarely see each other. If something were to happen to you one day, I would regret not repairing our relationship all these years."

Chi Yang, mother was wrong. Mom really knows her mistake! On the account that I'm your mother who gave birth to you and raised you, can you forgive me and stop being angry with me?"

Hearing Zhou ruxue call him "mother" and "give birth to you and take care of you," Chi Yang's eyes darkened.

Just as he was about to speak, his mouth was covered by Nangong Nuannuan.

"I told you not to talk for the next few days. I'll help you ask."

Seeing her brother chiyang nod in agreement, Nangong Nuannuan turned to look at Zhou ruxue.

"Mrs. PEI, you keep saying 'I gave birth to you and raised you' so smoothly, aren't you afraid that brother chiyang's mother would be unhappy after hearing this?"

Nangong Nuannuan's words came very suddenly. Even Zhou ruxue, who had already prepared herself mentally, couldn't help but turn pale when Nangong Nuannuan said the words "chiyang's mother.

Who wouldn't know about Zhou ruxue's expression?

Originally, they thought that since Hiroshi Chi brought Zhou ruxue back, it was only natural for her to stay in the Chi family. Moreover, it wasn't just these few years that she kept saying the words 'giving birth to you and raising you'. Even when Hiroshi Chi Zhui was still healthy, she often said such words.

That was why when Nangong Nuannuan told them the results of the DNA test yesterday, old men Chi and Nangong Nangong were still wondering if Zhou ruxue actually had a child. Perhaps she had always thought that Chi Yang was really her son.

However, after seeing Zhou ruxue's expression change and her guilty look, what else did she not know?

When they thought of how Zhou ruxue had carried chiyang and followed him back to chiyang, a terrible scene instantly appeared in the minds of all the people present.

Zhou ruxue must have caused the death of Chi Yang's mother, or she must have stolen Chi Yang and lied that she was the child she had with him. That was why he was responsible for her.

However, the person that Hiroshi chizawa truly loved was Hiroshi chiyang's birth mother, and this woman might have harmed his birth mother without his knowledge.

Thinking up to this point, everyone in the room didn't give Zhou ruxue a good look.

Zhou ruxue was scared out of her wits. Her eyes widened as she looked at Nangong Nuannuan.

My Sweet Physician Wife Calls The Shots

Chapter 2575

2575 Covering up (2)

In her eyes, Nangong Nuannuan was no different from a demon who had destroyed her life.

In the beginning, her only reliance was Hiroshi Chizawa. After his death, although she was very sad, her only threat was gone.

But how did Nangong Nuannuan find out?

“What are you saying? Nuan Nuan, I know that you don’t like me and have never taken me seriously, much less treated me as your mother-in-law. However, I am Chi Yang’s biological mother, how can you say that about me?”

Seeing that Zhou Ruxue still refused to admit it, Nangong Nuannuan didn’t get angry. Instead, she asked, “Biological mother? Are you sure?”

No matter how calm Zhou Ruxue pretended to be, her bloodless face had completely shattered her facade.

Zhou Ruxue felt all the blood in her body flow backward. At this moment, she only wanted to escape from this place.

“Why am I not sure? If I’m not Chi Yang’s mother, are you? Whether I’m Chi Yang’s mother or not, how could Chi Yang’s father not know?”

After saying that, Zhou Ruxue looked at Chi Yang and said, “Chi Yang, why don’t you control her and let her be so impudent towards me? Even if you’re angry with me, angry that I didn’t take good care of you when you were young, no matter what, I’m your mother. I’ve never hurt you. I knew you were injured, so I rushed over to give you some soup.

In order to give you soup, Nuannuan even made me sign an agreement that I can’t ask for investment from Disheng after I give you soup. Just like that, I signed it with her. I just want to restore our mother-and-son relationship. Even if you still don’t want to talk to me, I hope that at least our relationship won’t be so bad. Chi Yang, how could you let her say that about me?”

Zhou Ruxue sobbed as she complained about Nangong Nuannuan. At the same time, she also complained for herself.

But only she knew that she was afraid!

He was extremely afraid!

After experiencing the incident of the PEI family chasing her out of the house, she had completely understood that if she lost Chi Yang, she would lose everything.

She was originally confident that she would succeed, but at this moment, she was facing the situation of falling apart.

Chi Yang looked at her coldly. Although he had many questions in his heart, he listened to his wife and didn't say a word.

After all, he was a man with a wife now.

Wife!

Therefore, he had to listen to his wife. If he spoke, Nuannuan would definitely be unhappy.

Zhou ruxue's voice was filled with tears as she spoke. However, she saw Chi Yang only looking at her without saying anything, and she became a little anxious.

"What's wrong, Chi Yang? Why aren't you saying anything? Is there something wrong with your voice? Did she do something to you? You're not allowed to speak?" When Zhou ruxue saw that Chi Yang didn't say anything even after such a big matter had happened, she subconsciously felt that he couldn't say anything. He even thought that Chi Yang might have been controlled by Nangong Nuannuan.

"Zhou ruxue, what are you saying? Nuan Nuan is now the legitimate granddaughter-in-law of the Chi family. I won't allow you to slander her like this." Old master Chi was very protective of his children. hearing zhou ruxue mention nuan nuan again, he immediately retorted.

"Dad ..."

Zhou ruxue still wanted to say something, but Chi Yang suddenly turned to look at Nuan Nuan and said, "I'm a little thirsty."

Nuan Nuan:

Zhou ruxue:

Everyone was speechless.

In order to give Nuan Nuan face, Chi Yang didn't say a single word to Zhou ruxue. However, in order to prove that Zhou ruxue was spouting nonsense and to embarrass him, he said something to Nuan Nuan. It proved that he wasn't under her control and just didn't want to talk to her.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2576

2576 The truth speaks (3)

"Alright," he said. Nuan Nuan quickly passed the cooled water on the table to Chi Yang for him to drink.

"Chi Yang, there's chicken soup here. You've just woken up and haven't eaten for a few days. Have some chicken soup?"

After saying this much, Zhou ruxue immediately poured out the chicken soup she had spent several hours cooking. However, she realized that she didn't have a spoon, so she couldn't get the chicken out.

But on second thought, he immediately said, "You've just woken up, and your injuries are very serious. Don't eat meat, just eat something light and drink some soup. Come, mom will feed you."

After saying that, he put the lid of the thermos in front of Chi Yang.

Chi Yang had just woken up from a serious injury. His entire body was in pain and he had no appetite at all. Looking at the thick layer of oil on the lid, Chi Yang knew that she definitely didn't even filter the chicken oil.

if it was in the past, chi yang would definitely feel a little uncomfortable. however, after knowing that zhou ruxue wasn't her biological mother, this feeling disappeared.

"Come, have a sip. Mom woke up at three in the morning to make this soup. It's made from an old hen and took five hours to cook."

However, when Zhou ruxue brought the chicken soup to Chi Yang's mouth, he turned his head to the side.

Zhou ruxue instantly felt uncomfortable.

"Chi Yang, mother has already apologized to you and admitted her mistakes. Her mother was trying her best to change. what do you want me to do to forgive me? tell me, as long as i can do it, i will do it. "

"You just need to tell brother chiyang, who is his biological mother? Why did you take over the position of his biological mother and have been his mother for 26 years? Why did my eunuch bring you back to the Chi family and even said that you were brother Chi Yang's mother? did you do something bad to brother chiyang's mother, or is there something else you are hiding? Where is brother chiyang's biological mother now? As long as you can answer these questions, after we confirm that you've never hurt brother chiyang's biological mother, he will forgive you."

After Nuan Nuan finished speaking, Chi Yang turned to look at Zhou ruxue and nodded, indicating that he agreed with her.

When Zhou ruxue heard Nangong Nuannuan's first sentence, she was already in shock. Nangong Nuannuan had brought up the matter that she did not want to talk about at all, and she had even made such a solemn vow.

Zhou ruxue recalled that she hadn't had any contact with Nangong Nuannuan, so she definitely didn't have her blood. As long as she could leave, she wouldn't be able to do anything to her.

After all, she was the wife of the PEI family corporation's CEO, and these people were all highly respected. They would not force her.

thinking up to this point, zhou ruxue regained her confidence.

"Nuannuan, I know you've always felt that I'm not a mother. I also admit that I didn't do well enough before, but Yingluo "

"Pa!"

Nangong Nuannuan didn't want to waste any more time with Zhou ruxue, so she threw the report into her arms.

Zhou ruxue was still holding a bowl of chicken soup in her hand, and with this Pat, the soup was knocked away, and it was about to fall on Chi Yang's body.

however, nangong nuannuan caught the bowl that had fallen very quickly. then, with a slight movement of her wrist, she caught all the spilled chicken soup into the bowl without a single drop missing.

His movements were so smooth and accurate that not only did Zhou ruxue's eyes widen, but the three brothers of the Nangong family also widened their eyes.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2577

2577 Pretending to be mother (4)

After catching the soup, Nangong Nuannuan turned around and placed the lid on the table, not allowing Zhou ruxue to feed brother chiyang any more soup.

"Mrs. PEI, please take a look at this document."

Zhou ruxue was forced to do this again, and her hands trembled as she held the documents.

She opened the file, and when she saw the words 'paternity test report', she felt her heart start to tremble.

The report was only two pages long, and it was filled with test results that she could not understand. She could only understand the last two lines.

The DNA similarity between Ms. Zhou ruxue and the person being tested was 62%. Due to the fact that the similarity wasn't complete, it could be concluded that Ms. Zhou ruxue and the test subject weren't mother and son. However, since the similarity was more than 50%, it could be determined that Ms. Zhou ruxue and the test subject were family.

Zhou ruxue's eyes widened when she saw the last few words on the paper.

"Mrs. PEI, no matter how you quibble, the DNA test is a sure thing. That's why I hope that you can tell me the truth about what happened before. Otherwise, I'm afraid that not only the PEI family will be in trouble, but you will also be in trouble."

Zhou ruxue's face instantly paled, and she couldn't help but shake her head and retreat.

"No, no, Yingluo, you did something! I'm clearly Chi Yang's mother, but you say I'm not. Nangong Nuannuan, you've gone too far. Chi Yang, dad, don't believe him."

After saying this much, Zhou ruxue subconsciously tried to shake Chi Yang's body.

right now, even breathing would hurt chi yang, and nuan nuan wouldn't even allow him to speak, let alone shake him.

Seeing this, Nangong Nuannuan shot a look at her, and Selina immediately grabbed Zhou ruxue's shoulder.

"Ah!"

Zhou ruxue shrieked in pain and fell to the ground.

Selina finally let go of her.

Zhou ruxue sat on the ground and almost collapsed.

“You guys are such bullies! You guys are such bullies!”

“Who’s the one bullying who? You pretended to be brother Chi Yang’s mother for 26 years and took a lot of benefits from the Chi family. Now you’re saying that the Chi family is bullying you? Zhou ruxue, we’re not angry with you now because we’re giving you some face. As long as you tell us the whole story and you didn’t hurt brother chiyang’s mother, we won’t do anything to you. However, if you still deny it now and refuse to say it, then I’m sorry. I’ll definitely let you know what it means to have no way out.”

Zhou ruxue knew that Nangong Nuannuan was telling the truth. After all, she was the chairman of disheng. With just one word, she could fall from the clouds to hell in an instant.

At that time, the Chi family would not help her, and the PEI family would not dare to help her. Then she would be dead.

Thinking about how he was already dead, the things that only the three of them knew would no longer be known by anyone else, Zhou ruxue’s heart also settled down.

Things had already come to this point, and Nangong Nuannuan had already used the DNA test to block her way out, so she had no choice but to admit it.

However, as long as she could say the story that she had already made up, she should be fine.

“alright, i’ll tell you!” zhou ruxue roared.

“Go on, we’re all listening. You’d better not lie to us. No one can lie in front of me. ”

Nangong Nuannuan slowly walked over from the other side of the bed and circled around it.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2578

2578 Depends on your performance (1)

Zhou ruxue had been sitting on the ground in a fierce manner, but when she saw Nangong Nuannuan walking over in her wedding dress, she was so scared that she immediately backed off a few steps.

“What do you want to do?”

“I’m just walking closer to listen. Why are you so afraid? Could it be that you really did something to big brother chiyang’s mother that you shouldn’t have?”

Zhou ruxue stretched her neck and asked, ” “she’s my sister! Sister! What could I have done to her?”

“Oh, since you’re fine, then tell me.”

Zhou ruxue stood up from the ground and demanded, ” “I can say yes, but as you know, the PEI family will never allow me to go back empty-handed. If I tell them, you have to give me 10 billion. Otherwise, you will never know where Chi Yang’s mother went.”

Zhou ruxue had also thought things through. If the PEI family found out that Chi Yang wasn’t her son, she wouldn’t be able to go back in her life.

Even though she loved PEI Jitong very much, he listened to old Madam PEI very much. So, as long as the old Madam didn't give in, she couldn't go back.

After experiencing this, Zhou ruxue understood one thing: no matter how good a man was, he couldn't be relied on. Only when he had money could he speak with dignity.

She might not be able to get any more, but 10 billion was not a sum that Disheng could not afford. Instead of investing it in the PEI family group, it was better to give it to her.

She had the money, so she could make some investments. After the 10 billion Yuan became more than 10 billion Yuan, she would give some of it to the PEI family corporation.

she knew that the PEI family's enterprise was already struggling to make ends meet. As long as she had money, would she be afraid that old lady PEI would not like her?

"I hate being threatened the most." Nangong Nuannuan looked at Zhou ruxue and said, "You said that I wouldn't touch the PEI family's enterprise, but if you didn't say anything, not only would I touch it, but I'd also tell them that you're the one who caused them to go bankrupt. How do you think old lady PEI would treat you?"

Zhou ruxue glared at Nangong Nuannuan and said angrily, "Nangong Nuannuan, you evil woman! You're simply too evil!"

Nangong Nuannuan nodded happily and said, "I'm indeed very bad." If I wasn't bad enough, if I wasn't cruel enough, do you think Di Shi would have reached his current level? However, I can at least guarantee that I'll be good to my friends and family. So, Zhou ruxue, you have no other choice. If you don't tell me, you'll definitely end up much worse than you are now."

"If I tell you, can't you give me something in return? You've also done a paternity test and know that Chi Yang and I are actually relatives. I'm the only one left from the Scarlet sun mother race, do you want to see me die?"

"Whether you want to die or not will depend on your performance. If you don't perform well, no one will collect your body even if you die. But if you perform well, I'll look at the situation. Speak, don't waste everyone's time. If you don't tell me today, don't even think about leaving."

Zhou ruxue had no choice and could only say, "I swear I'm telling the truth. Don't doubt me, everything I said is true."

"You first."

Zhou ruxue took a deep breath and said, "At that time, I was in Yunzhou. My adoptive parents didn't treat me well. I've been very pretty since I was young. They wanted to marry me to the son of the village chief for money. That village head's son has a mental problem. If I marry him, I'll be abused by the father and son."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2579

2579 sister-in-law (2)

"I couldn't bear the humiliation, so I ran away before marriage, but I was caught by them. Just as I was being beaten up, a woman suddenly appeared. She easily subdued the village chief, my adoptive parents, and the large group of people that the village chief had called over.

Her martial strength was very high, so high that it was not much different from Chi Yang's. She only told me that she was my sister after she saved me. It was born from the same parents.

However, she didn't belong to this world. She said that she and I both came from another world, but I was stolen back then and ended up in this world. She came to find me and bring me back.

My sister told me that our family's conditions are very good. When I go back, I will definitely not suffer. At that time, I was very happy and looked forward to going back with her.

Who knew that we would be ambushed by a group of people on our way back. That group of people were simply flying on roofs and vaulting on walls as if they had Qinggong. My sister was seriously injured in order to protect me. When we were in danger, it was ze Hao who appeared and saved us.

Like my sister and this group of people, ze Hao has extraordinary martial strength. His appearance surprised the group of people, especially when ze Hao's men appeared. This group of people ran away.

After her sister was saved by ze Hao, the two of them got together. At that time, ze Hao seemed to have been on a mission in Yunzhou, and he had been there for a long time. They were not even married yet, and her sister was already pregnant. Ze Hao had originally asked his sister to get the marriage certificate with him, but his sister didn't even have an ID card.

Later, ze Hao got his sister an ID card and let her settle down here. I also lived a good life with my sister. However, these days didn't last long. Just as her sister was giving birth, a lot of people suddenly came to a hospital in Yunzhou. They wanted to kill her sister and Chi Yang.

Ze Hao and I tried our best to stop them, but they were too powerful. They didn't even need to use a palm. They only waved their sleeves and I was sent flying and crashing into the wall. I couldn't catch my breath for a long time.

Ze Hao had been protecting his sister and the child the entire time. However, his sister was about to give birth at that time and had no strength to fight against them. Ze Hao's subordinates had not arrived yet, so only his two good friends were with him. The result was that his two good friends died in battle and ze Hao was seriously injured. The moment my sister and Chi Yang were killed by them, another wave of people suddenly appeared. It was those people who protected big sister and gave birth to chiyang. They, Yingluo, are big sister's family."

When she said this, Nangong Nuannuan could clearly see the hatred in Zhou ruxue's eyes.

"They're quite nice to big sister, but they're determined to take Chi Yang away. His sister was not willing and said that she wanted Chi Yang to stay. The leader was not willing either. In the end, it was big sister who threatened to kill herself, and they finally let Chi Yang stay."

After saying that, Zhou ruxue looked at Chi Yang and said, "Chi Yang, please believe me, everything I'm saying is true. There really was an entrance to another world in this world. I know you might not believe me, but Yingluo, but Yingluo, I have no reason to lie to you, right? If your mother hadn't been taken away, how could your father have brought me back to the Chi family?"

Little aunt had no other choice. Your mother was taken away, and that place was not on this planet at all. Instead, it was on another planet that was connected to this planet through a special time and space link.”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2580

2580 Uncle Chi (3)

“we don’t have the key to open that door. even your father can’t find your mother.

Before your mother left, she entrusted you to me and asked me to take good care of you. Your father asked me to take care of you because your mother asked him to. He even brought me into the Chi family and lied that we were husband and wife. But in fact, your father and I never had anything between a man and a woman. So, Yingluo, back then, I was in a relationship with the PEI family’s young master PEI Jitong. Your father also knows that I’m in love.

Chi Yang, dad, it’s not Yingluo. I should call you uncle Chi. I’m sorry, I lied to you in the past. But I didn’t do it on purpose! In order to protect Chi Yang’s safety, ze Hao didn’t allow me to disclose anything about Chi Yang and my sister. So all these years, no matter how much I’ve been wronged, even if uncle Chi wanted to kick me out, I’ve never revealed anything.

The fake couple contract that zehao signed with me, one of it is with him, and the other is with me. If you don’t believe me, I can show you the contract from Rs bank. That’s because the contract was notarized.”

Everyone looked at Zhou ruxue in shock.

everyone had many conjectures, but no one could have guessed that the relationship between chi yang’s mother, zhou ruxue, and hiroshi chizawa was like this.

“Uncle Chi, Chi Yang, I’m really at my wit’s end now. The PEI family’s economy is on the decline, and they can’t make ends meet. They demand that I get the investment or the Chi family’s recognition. Can you give me a chance to live on the account that I’ve kept this matter a secret for so many years?

i’m getting on in years. if i don’t have the pei family, how am i going to live if i get kicked out?
Wuwuwuwu!”

Although Zhou ruxue was crying, she was giving herself a thumbs up in her heart.

She had never mentioned this matter, not because she had promised Hiroshi chizawa, but because it was such an outrageous thing that no one would believe her even if she had told them.

Most importantly, she was still thinking that after old master Chi died, she could use her status as Chi Yang’s mother to rise to power through her son. That was why she would be stupid to spread this matter everywhere.

As for her sister Yingying,

Hehe.

After so many years, if she could come back, she would have come back a long time ago. This was because her sister had told her before that there were rules over there and that no one was allowed to enter this world. If they were discovered, they would be severely punished. Back then, they had all waited for a long time before coming to this world with the help of their clansmen.

Therefore, she was afraid that her White Lotus sister would not be able to come over.

Now, no one knew the truth of what had happened back then. These people could only believe whatever she said.

Right now, she couldn't continue down the path of Chi Yang's mother anymore, so she took this opportunity to break away from her relationship with Chi Yang. With old man Chi and Chi Yang's character, Zhou ruxue believed that she would definitely receive a large sum of remuneration.

After all, she had kept the Chi family's Secret for so many years.

of course, no one present was a fool. on the contrary, everyone had seen all kinds of storms and waves. what kind of people had they not seen?

Zhou ruxue's words had indeed shocked them, especially since elder Chi and elder Nangong actually believed in that World 100%.
